

JOHN F. COOGAN MADE ACTING TAX ASSESSOR

LAWLOR SUING FOR EYE INJURY

Town Will Fight Action Of
Former Public Works Depart-
ment Employee

HEARING IS NEXT TUESDAY

Civil action is being brought against Belleville by a former employe, George Lawlor, who lost the sight of his left eye while working for the town in April, 1929, Town Counsel John B. Brown announced at the conference of the Board of Commissioners Tuesday afternoon. The Board agreed to give Brown authority to proceed in behalf of the town to defend the suit.

Lawlor lost the sight of his eye when he was working in Washington avenue and a piece of concrete struck him in the eye. He was taken to the hospital and received treatment at the expense of the town and was also paid a salary while he was ill. Recently, when it was necessary to cut down the working force in the Department of Public Works, Lawlor was retired.

Hearing Tuesday

His case will be heard informally before Deputy Commissioner Corbin next Tuesday. Town Counsel Brown expects to win for the town on the strength of a technical point of the law which states that a town employe receiving \$1,200 or more per year in salary is not entitled to workman's compensation in case of accident.

Commissioner Patrick Waters, who employed the man, said that he had continued to keep Lawlor on the payroll even though he was not doing any work, because of the injury. When, however, it was necessary to cut the force, and Lawlor was walking around, apparently in good health, he released him.

Lawlor was paid at the rate of \$5 a day for more than a year following the accident, his last pay check being paid May 10. Commissioner Waters, in keeping him employed, believed that he was discharging a debt for the injury received.

'BORROWED MONEY,' SAYS MAN AT COURT HEARING

Peter Buffo, twenty-eight, of 175 Brighton avenue, a driver employed by the American Laundry Company of 145 Heckel street, was released in \$100 bail by Recorder George A. Fitzsimmons Monday night, when he appeared in answer to a charge of embezzlement preferred by John Filliponi of 150 Heckel street, acting in behalf of the laundry concern.

According to the charges, Buffo appropriated receipts which should have been turned over to his employers, but he is said to claim in turn that it was borrowed money, and taken with the knowledge of his employers. The arrest was made by Patrolmen Slater and Hill. The case was continued last night, too late for this issue of THE TIMES.

WORK TO BEGIN IMMEDIATELY; WORLD WAR VETERAN TO TAKE PLACE OF JAMES L. DAVIDSON

Appointment Made By Commis-
sioner Of Revenue and Fin-
ance W. H. Williams

SALARY REMAINS AT \$3,000

John F. Coogan Jr., real estate operator of Belleville, World War veteran of the Marine corps, and more recently, owner of a new miniature golf course being constructed at Union avenue at William street, was appointed Tuesday as acting assessor to take the place of James L. Davidson whose term expired July 1.

He will serve full time but will not give up his other business activities. His salary will be the same as that received by Mr. Davidson, \$3,000 a year.

In making the appointment Tuesday night at the Town Hall, Commissioner William H. Williams who is director of revenue and finance, explained his stand on the salary question in connection with the assessor's office.

AS AN INCENTIVE

"If a business house was employing a man to do work for them they would hold out as an incentive for efficiency, a higher salary as soon as the worth of the man was established. I believe the town should follow the same policy.

"When our town attorney informed me that the salary of the

GET ASSISTANCE ON PENSION BILL

Younger Post Officials Urge
Veterans To Take Advantage
Of Allowance

APPLY TO HARRY J. SCOTT

The attention of all ex-service men who served during the World War, should be called to the latest legislation passed for their benefit, Younger Post officials say.

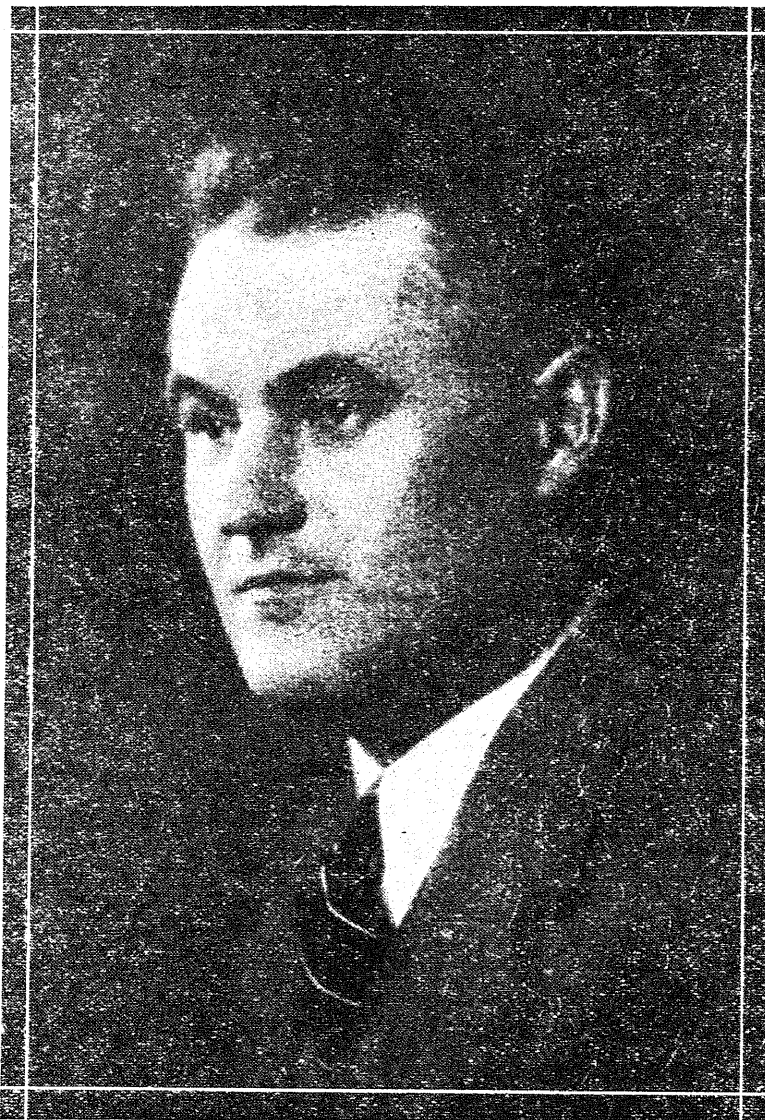

The law is known as Section 200 of the World War Veterans Act, 1924 as amended July 3, 1930, and is known in veteran circles as the World War Pension Bill.

World War Veterans entitled to benefits of the new pension bill, which went into effect a week or so ago must file application if they want the disability allowance.

The local post, Veterans of Foreign Wars, has prepared a form for these applications which, when filled out may be sent directly to the Veterans Bureau or forwarded through local channels.

Any ex-service man in Belleville wanting information on this bill, should apply at the Veterans of Foreign Wars, Stephens street and Belleville avenue on Thursday nights or to H. J. Scott, 57 Gar-

EX-MARINE, ASSESSOR

ACTING ASSESSOR JOHN F. COOGAN, JR.

New Appointee Has Long Record of Real Estate Work

John F. Coogan Jr. of 194 Greylock parkway is particularly qualified for the job of making assessments, says Commissioner William H. Williams, who points to his progressive experience in the real estate field, his long residence in town and his record of successful ventures resulting in profits on real estate purchases.

Mr. Coogan is thirty-two years old and has lived in Belleville for the past twenty-six years. He attended the public and high schools to the sophomore year when he entered business.

Starting with a Wall street brokerage house he remained there until the outbreak of the World War, when he enlisted with the Signal Battalion of the Marine

Corps, 147th Company. He saw active service on the front and was in service eleven months.

ON HIS RETURN

On his return to Belleville in 1918 he made a connection with a New York concern as a salesman of advertising to real estate operators. This work prompted him to start his own business, which was known as the John F. Coogan Co. Later he became secretary to the Belleville Board of Realtors. He has been employed by the Public Service as a real estate expert and also by the Passaic Valley Water Commission.

For the past four years he has been associated with John Travers of 487 Washington avenue in the real estate, building and insurance business.

Mr. Coogan's fraternal activities are limited to membership in Belleville Lodge No. 1123, B. P. O. E. He is married and the father of two children, Jack Jr., three and Regina, seven weeks old.

'MEN WOULD DIE,' SPEAKER SAYS AT ROTARY CLUB

Speed Of Fifteen Miles An Hour
Would Shock Hardest,
Says Regis

PATENT LAWYER DESCRIBES MOST NOTEWORTHY EXAMPLES

The Rotary Club, meeting for the weekly dinner in the Nereid Boat Club yesterday noon, heard M. F. Regis, patent attorney of the Westinghouse Lamp Works, East Orange, deliver a talk on the procedure and operation of patents.

The speaker explained that the right to patent a new idea and to sell it to customers is vested in anyone by the Constitution of the United States. He gave definite and true stories of how the layman viewed a pioneer patent which was decidedly ahead of the times and gave for an example, the fact that two of America's foremost financiers refused to invest \$5,000 with Bell when he invented the telephone.

Experts also predicted that the steam engine, applied to railroads, which were figured to carry human beings through space at the tremendous rate of fifteen miles an hour would cause people to die.

Not One On Shelf

Mr. Regis says that in all his years of patent experience he does not know of any case where a patent which could be used to make a profit and to benefit mankind, has ever been put on the shelf. This is contrary to the belief of the average individual.

Some of the outstanding basic patents were given as the cotton gin, the reaper, air brakes, telegraph, telephone, electric chemical action, radio tube, carborundum, electric arc, carbon filament lamp, tungsten filament lamp and gas filled lamp. These inventions were described as the principal causes for America's industrial pre-eminence in the world today.

At the present time, the U. S. Patent Office grants from 600 to 3,200 patents every week of the year, Mr. Regis concluded.

QUICK THINKING TRUCKMAN SAVES EIGHT-YEAR-OLD'S LIFE

Presence of mind and quick action, combined with precision of movement, made William Tucker of 154 Fairview avenue, Bogota, helper on an oil truck, a minor hero last Saturday, when he shoved an eight-year-old girl out of harm's way as his truck was bearing down upon her at William street and Washington avenue.

The near-accident, reported by Officer Fleischauer, took place when Shirley Bitz, whose address the police failed to obtain, darted in front of a Shell Co. oil truck driven by Frank Jandre of Ridgefield Park, and Tucker, balanced on the running board, pushed the child from disaster. She was found by the police to be frightened and unnerved, and Dr. D. E. Kavanau was called. He examined her and found her unhurt.

Work To Begin Immediately

(Continued from Page One.)

assessor could not be raised while he was holding office under a term appointment, I thought it advisable to appoint Mr. Coogan as 'acting assessor' so that he could be recompensed for his services as soon as a majority of the Board believed a commensurate increase was in order.

WITH THE INTENTION

"When I introduced at the conference of the Commissioners two weeks ago, an ordinance which would raise the salary of the assessor from the present salary to \$4,500, I did so with the intention that it would not be paid to my appointee until the Board was satisfied that he was worth the increase. It was not my purpose to give him this bigger salary from the time he took office as many wanted to believe."

Mr. Coogan's appointment is made for an indefinite period. After he demonstrates his ability, it is believed that he will be appointed for a definite term at an increased salary.

DISCUSSED \$5,000 SALARY

Commissioner Williams believes the job should pay \$4,500 a year to thwart the temptation of graft and to allow a man with a family a fair income. Commissioner Frank Carragher said, at the meeting, that the previous Board had discussed a salary of \$5,000 for Mr. Davidson before election. Mr. Williams said that he had heard the story.

When Coogan's name was mentioned for the job two weeks ago and the salary increase was suggested, Commissioner Williams asked Mayor Samuel S. Kenworthy if it were not true that the \$5,000 salary had been discussed but the Mayor said he did not know of any such plan. It was his idea that the town should not pay a salary higher than the man in office would be willing to accept. He said that Davidson would continue in office at \$3,000.

The Mayor is, at present, visiting at the home of his mother in Denver, Colo.

HAS MIRACULOUS ESCAPE AS AUTO TURNS TURTLE

Losing control of his automobile as he passed another car opposite Belleville Park in Belleville avenue Monday, Anton V. Klica of 11 Grand terrace, Montclair, ran into the fence of the park and turned over. He was unhurt and the car, after being righted, was able to proceed under its own power.

Would Stir Things Up

If the timber supply ever gets so low that it endangers the supply of golf and baseball bats, it will then be possible to arouse interest in forestry.—Richmond Register.

Flies Good and Bad

There are more than 30,000 kinds of flies. Their conduct toward man is both good and bad. Some flies destroy injurious plants and some destroy harmful insects. Indians, at one time, lived on the young of a certain fly.

COMMISSIONER W.H. WILLIAMS ENTERTAINS THE TAX BOARD

Commissioner William H. Williams, director of the Department of Revenue and Finance, was host yesterday noon at the Forest Hill Field Club to members of the Essex County Tax Board and the Belleville Tax Board.

Essex county officials present were: Harry Kalisch, president; Col. Isaac Schoenthal, John Keating and James Mungle, secretary. Among the Belleville officials present were: former Assessor James L. Davidson and acting Assessor John F. Coogan, Jr.

At 10 o'clock in the morning the Essex County Board made inspections of seven Belleville properties, the assessments on which had been appealed by the owners. In one case only, was an appeal allowed.

That was on the building at 502 Washington avenue, owned by Joseph Paul, who asked a reduction of \$2,500 on the building and a reduction on the land. The Board allowed the full reduction on the building which was assessed at \$15,000, but other appeals were not allowed. Only a few more appeals have to be heard by the County Board before the 1929-30 Belleville assessments are completed.

SERGEANT AND THREE COPS ARE AWAY ON VACATIONS

Four members of the police department are away on their annual two-week vacations. They are Sergeant George Wirtz, Patrolmen Raymond Demgard, Kenneth Smith and Patrick Finn.

Sergeant Wirtz went to Camden, Smith and Finn to Belmar, and Demgard to Hyde Point Park, Sussex county.

In the absence of Sergeant Wirtz who has been on desk duty at headquarters, Sergeant Leighton is serving at the desk.

SILVER LAKE MAN HIT BY BUS

For injuries received when struck by an East Orange cross-town line bus at Montgomery and Willet streets, Wednesday of last week, Lawrence McDonald of 56 Wallace street, was taken to St. Mary's Hospital, Passaic, for treatment. The driver, Orrin C. Harrison of Newark, was ordered to appear July 30 before Recorder George A. Fitzsimmons.

McDonald suffered injuries to his right leg.

AGE LIMITS ADMITTING NEW FIREMEN CHANGED

Applicants for jobs in the Fire Department must be at least twenty-three years old and not more than thirty-five, according to the terms of an ordinance passed Tuesday night by the Board of Commissioners. The ordinance was introduced by Commissioner Clark, director of the department of public safety, who said it was his idea to make the age limit for firemen conform to the age limits for members of the police department.

LAST WEEK'S WINNERS

First, Elizabeth Brown, 70 Division avenue; second, James Donachie, 30 Van Rensselaer street and third prize, Edward Howell, 703 Belleville avenue.

LAST WEEK'S CORRECT ANSWERS

- 1.—There are pine cones and needles on a leaf tree.
- 2.—Fruit does not grow on forest trees.
- 3.—Man is cutting wood with a hammer.
- 4.—Stick holding kettle over fire does not rest on forked sticks.
- 5.—Double-bitted axe should have straight handle.
- 6.—Coffee pot has one slanting side.
- 7.—Tent pole is broken near top.
- 8.—Loop of guy rope does not fit close to peg.
- 9.—A camper would not carry a 50-lb. sack of tea.

Last week, as in the preceding

week's contest, the first prize winner submitted more correct answers than anyone else and the next highest contestants were even. We would like to ask persons submitting answers to be careful about legibility. One answer was received this week that could not be read. This, of course, means that the contestant could not win a prize even though every answer might have been correct.

The contest is open to adults as well as boys and girls. Names of the winners will be announced at the Capitol Wednesday evenings. Winners may secure tickets at THE TIMES office. Write answers on blank provided and sign name and address. All answers must be in THE TIMES office by 9 a. m. Monday.

Rare Chinese Animal

The giant panda of western China is the rarest of all land-going animals. It is classed as a distant blood relation of the raccoon.

SEVEN KIDDIES GO TO CAMP THROUGH SOCIAL SERVICE

Seven Belleville kiddies, underweight and in need of the out-of-door life, have been sent to camp by the Community Service Bureau. Miss Kline says that close association with the children and their surroundings is necessary to understand how much this outing means to them.

The Bureau is in touch with many more children who need the same privileges and would appreciate hearing from anyone who knows of a camp where accommodations may be had.

Better Than Natural Light

Tests have shown that the traditional north skylight favored by artists for color matching is not always dependable, for daylight from the northern sky varies each hour of the day. The bluish-white light of artificial daylight electrically produced is claimed by illuminating engineers to be superior to the natural light, for it never varies and is available at all hours.

CHAMPS OF DOLL ATTIRE

The fanciest dressed, the best baby doll, and the best dressed doll are shown, in the picture above, being held in the arms of three successful contestants for prizes in the Friendly playground Silver Lake, doll show, held last Thursday. Judges held these three dolls to be the best in their respective

classes and conferred the prizes to Junior Bonavita, on the left; Anna Serritella, in the middle; and Nancy Abbott, on the right. The show was held under the auspices of the playground directors, Jerry Bonavita and Miss Catherine Watters. Judges were C. H. Ross, supervisor of playgrounds, Miss Dickinson and Miss Wellington.

Just a Little \$10 Bill—But Trouble Is Brewing Ahead

Disputing the payment of collection charges on a bill for merchandise purchased at the Karlin Cut Rate Drug Store at 120 Washington avenue, Harold Crowning of 11 Ralph street, the debtor, announced Monday that he would appeal the \$10.04 judgment rendered against him by Justice of the Peace Vincent R. Del Guercio, asking the prosecutor to review the case.

The original purchase was of goods valued at \$5.74, to which was

added court costs including cost of suit, \$2.70; mileage, ten cents, and listing fee, \$1.50. According to Crowning, the account was of two months standing, but Abbott A. Karlin, proprietor of the drug store, said the original debt goes back to March 12, and that he had repeatedly written or otherwise appealed to Crowning for payment.

Crowning said the debt was incurred during the illness of his baby, but Karlin says one of the principal items is a clock, and had

nothing to do with medical needs. Crowning offered to pay the original amount of the bill, but this was refused by Karlin, without the court costs. Crowning also offered such payment to Justice Del Guercio, who refused it. Crowning then said he would appeal.

Karlin sought to garnishee Crowning's earnings at the Wallace and Tiernan plant where Crowning has been employed, but was told, according to Karlin, that the account must be settled between the disputants themselves, or Crowning's employment there would cease. The dispute is over collection fees, not the original bill.

NUTLEY GIRL INJURED IN BELLEVILLE CRASH

The six victims of a head-on automobile collision early Saturday morning in Franklin avenue, near the Essex County Isolation Hospital, were recovering from their injuries this week, while the drivers involved were to have had a hearing in traffic court before Recorder George A. Fitzsimmons last night.

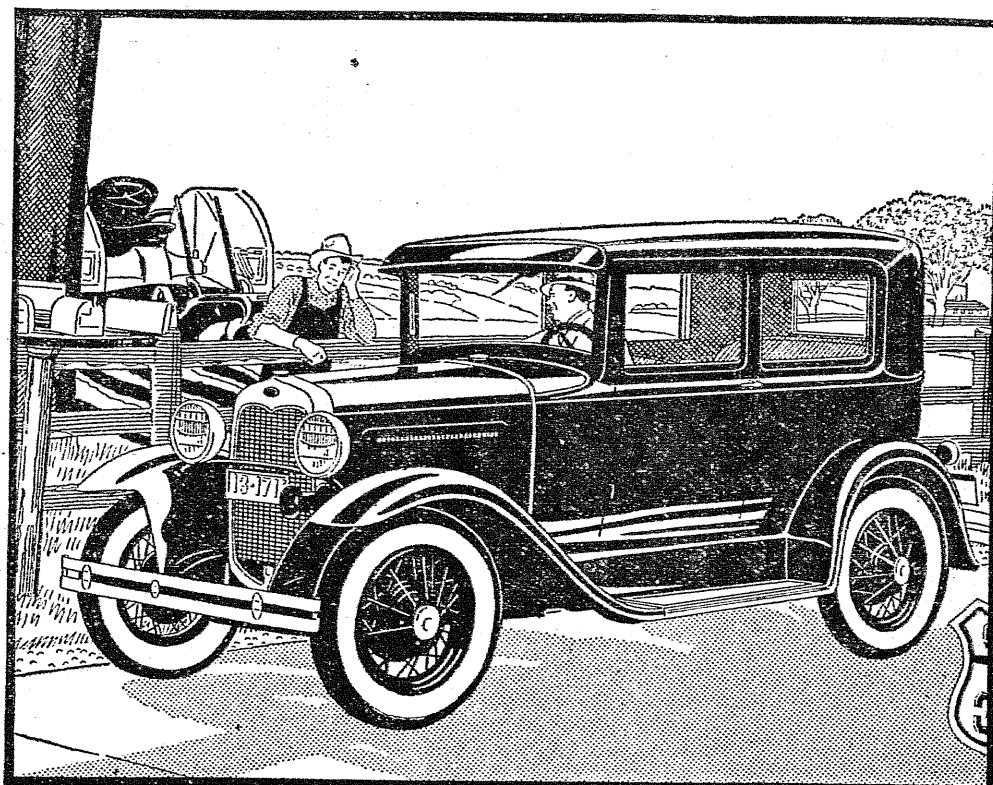

The accident happened at a curve in the road. The cars were driven by Walter Baumgartner of 27 Adams street, Irvington, and

Grandin Stilwell of 386 Springfield avenue, Newark. A third driver, Joseph Caruso of 613 North Fourth street, Newark, was also involved in the crash, which damaged the first two machines.

Caruso took five of the injured in his car to Mountinside Hospital, Montclair. Three were passengers in Baumgartner's car and two were passengers in the Stilwell car, one of them being Miss Ruth Jansen of 14 William street, Nutley.

Eleven stitches were taken in a cut on Miss Jansen's head. First aid was administered by Dr. Daniel Kavanaugh of Belleville.

RELIABILITY ECONOMY GOOD PERFORMANCE

THE NEW FORD TUDOR SEDAN

YOU are buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of the sound design of the car, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments, and by large industrial companies which keep careful day-by-day cost records. In most cases, the new Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas

consumption, low yearly depreciation, and low cost of up-keep.

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.

Words Often Misused

Do not say, "What do you gentlemen think about this plan?" Say, "What do you *men*."

Do not confuse "adapt," meaning to make suitable, with "adopt," meaning to take or receive as one's own.

Do not say, "He pretends to skill in his work." Say, "He professes skill."

Do not say, "The dog's intuition guided it." Say, "The dog's instinct."

Avoid the colloquial expression "ain't" as a contraction for "are not" or "am not."

Do not say, "She took three spoonful of medicine." Say, "three spoonfuls."

Words Often Mispronounced

Lithographer. Pronounce lithog-ra-fer, i as in "it," o as in "of," a as in "ask," and accent second syllable, not the first.

Chaff; a as in "ask" (not as in "at"). Chafe; a as in "ate."

Escort. Accent noun on first syllable, verb on last syllable.

Avowdupois. Pronounce av-du-poiz, a as in "at," u unstressed, accent last syllable.

UNITY CLUB AT BEACH

The Unity Club spent Tuesday at Union Beach at the summer home of Mrs. Mark Cochran. Among the guests were Mrs. John Geotschius, Mrs. Edward Clegg, Mrs. Harry Edwards of this town, and Mrs. Harry Kelly of Caldwell. Mrs. Max Berlowitz could not be present as she is spending the month of July in Seaside. Mrs. J. F. DeGroat of Greylock parkway was at Union Beach from Monday to Wednesday and will spend next week camping at Paulinskill Lake.

SILVER TEA JULY 30

The Ladies Auxiliary of the George A. Younginger Post, Veterans of Foreign Wars will meet Monday night at the Valley Hose House, when final arrangements will be made for a silver tea to be given for the benefit of the chapter Wednesday, July 30, at the home of Mrs. Elizabeth Morgan, 64 Academy street.

Livelong; i as in "it," not as in "lie."

Exact. Pronounce eg-zakt, not eks-akt.

Words Often Misspelled

Always (at all times); all ways (in every manner). Dilute; di, not de. Tries; not trys. Hazard; only one z. Aloud; distinguish from allowed. Hearth; not harth.

Synonyms

Bliss, joy, enjoyment, gladness, felicity, blessedness.

Curt, bluff, brusque, rude, surly, impolite.

Quarrel (noun), dispute, contest, feud, altercation, affray.

Fiendish, devilish, diabolical, demonical.

Boast, brag, flourish, vaunt. Filthy, foul, impure, squalid, unclean.

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

SILHOUETTE; an outline figure or profile of an object filled in, usually with black. "The horseman formed a silhouette against the sunset."

DOMINATE; to have the ascendancy; rule; govern. "He advertises extensively and his goods dominate the market."

APPRAISAL; act of estimating the worth of. "His appraisal of the boy was one of approval."

MISS CONSTANCE SMITH ENGAGED TO DAVID HAYTER

The engagement has been announced of Miss Constance Holmes Smith, daughter of Mr. and Mrs. Charles S. Smith of Malone avenue, to David Clyde Hayter of New York. Mr. Hayter is the son of the late Mr. and Mrs. Elias Hayter of Clinton, Mass. Miss Smith is a teacher in the Clifton schools. She is a graduate of Belleville High School and Newark Normal School, and has lived in Belleville all her life.

Make Our Own Dark Days

The dark days of life are of the world's making. Disasters are not all born of our ciates, or our environment, or outside influences. Too many life's shadows are caused standing in our own light.

Waits Too Long

An ordinary gentleman, who wed nothing short of perfection keeps his heart and hand get so old and withered that no tolerable woman will accept them. —Nathaniel Hawthorne.

First Investment Trust

The first American investment trust of important size was organized in 1921.

Slave Traffic

It has been estimated that between 1680 and 1786, the English alone carried over 2,000,000 negroes across the Atlantic.

New Factory Locating Here Because of Efficient Labor and Transportation Facilities

Remodeling and painting are under way this week in the plant of the Eck Dynamo and Motor Co. at the foot of Mill street, on the Passaic river, preparatory to the fulfillment of its sale to the Viking Pool and Machine Co. of 745 Sixty-fifth street, Brooklyn, whose purchase of the property was announced Saturday by the David Houston Corporation of Newark.

Mr. Houston said to a TIMES representative Monday that the new company would occupy the plant within about two months, and that the attractiveness of the site, with its tidewater advantages, was instrumental in bringing the new company here, where it will have full riparian rights in its river location. The ground comprises three acres at the junction of Section and Passaic rivers.

Combined Space

The Viking company, which man-

ufactures special machinery and precision instruments used in numerous industrial establishments, will have 44,000 square feet of working space in the larger of its two buildings, and a combined space of 53,000 square feet.

The Eck Dynamo and Motor Co., which concern operated in the plant for a time, has not been active of late, the plant having been under lease to the Garod Radio Company, for use in the manufacture of its sets, but the latter suspended this manufacturing, leaving the plant without a tenant for the past several months.

Portion Leased

The two buildings on the premises are of three and two stories respectively, the first of which will be occupied on the first and second floors by the Viking concern, and also the second floor of the two-story building. The first floor of the latter has been leased to the American Cable Company for storage of steel cable stock.

Availability of the proper type of labor, as well as a slightly lower wage scale, in addition to the shipping advantages, were taken into consideration by Leonard Franzen, president of the company, in the decision to enter the field here.

SWIM STARS TO PERFORM AT LYNDHURST POOL

"Stubby" Krueger, water clown and national back-stroke champion will give an exhibition of the stroke and illustrate the speed that gained him his title as part of a water carnival slated for the Lyndhurst pool on the afternoon of Saturday, July 26.

In addition to Krueger there will be present a galaxy of aquatic stars now touring the pools of the eastern section. Helen Wainwright, former Olympic champion, and little Molly Hobin, the champion junior diver, are scheduled to appear. Molly's visit is her second to this vicinity. She made her initial trip last year when she amazed the spectators at the previous Lyndhurst carnival.

A program of events has been arranged as follows—open to all: 25 yards for junior girls (under

14); 25 yards for junior boys; 50 yards for senior girls; 50 yards for senior men; 100 yards for senior men; 10-foot fancy diving, open to senior girls and men.

In addition to the races and the entertainment provided by the visiting talent there will be several comedy touches to the afternoon such as the greased pole contest, the obstacle race, the hunt for coins on the bottom of the pool, and a human fishing contest with some of the leading citizens in the vicinity being fished and fishing. Canoe tilting and a novelty swim by H. E. Broadick are also on the program arranged by John Holden, the owner of the pool.

A free bus service is being inaugurated to further increase the popularity of the pool. Buses will be run on both sides of the river and may be used by patrons coming and going.

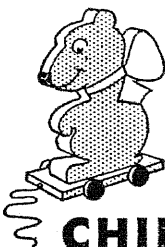

MRS. FLORA OLIVER

Funeral services for Mrs. Flora Oliver of 79 DeWitt avenue, who died a week ago yesterday, were conducted at her late home at 2 o'clock Saturday afternoon, Rev. O. Bell Close of Fewsmith Presbyterian Church, of which she was a member, officiating. Burial was made in Glendale Cemetery, Bloomfield.

Mrs. Oliver, who was the wife of Robert Oliver, was sixty-eight years old and had lived here eighteen years, coming from Newark. She was born in England. In addition to Mr. Oliver, she is survived by two daughters, Mrs. J. H. Boice of 433 Joralemon street, and Mrs. J. F. Kirms of the DeWitt avenue address.

Land Yielded by Mexico

By the treaty of Guadeloupe Hidalgo, which ended the Mexican war, the United States acquired possession of the territories of New Mexico, Arizona and California—some 800,000 square miles.

CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

JOHN H. MANNING

A high mass of requiem for John H. Manning, forty-nine, of 119 Cortlandt street, who died Wednesday of last week, was offered at St. Peter's Church at 9 o'clock Saturday morning, followed by burial in the church cemetery. Rev. E. J. Field conducted the services.

Mr. Manning, who was a Belleville water department employe, had been ill for a year. He was living at the time of his death at the home of his sister Mrs. Philip J. Hargrave, of the Cortlandt street address.

He was born in East Newark, but had moved to Belleville in his youth and lived here most of his life, having been in the coal and ice business before going with the water department.

TO GO ON CANADIAN TOUR

Miss Helen C. Barrett of 19 Van Rensselaer street is one of those registered for the Canadian tour being conducted by Newark Council No. 150, Knights of Columbus, beginning August 16 and ending August 23. Visits will be made to the principal cities of Canada, scenic and historical points of interest.

Closing out our Summer Dresses to make room for our Fall Styles.

The Cherin Dress Co.

468 WASHINGTON AVE., BELLEVILLE, N. J.
Will Hold Any Dress No Charge for Alterations

FRATERNAL ORGANIZATIONS

Women of Mooseheart Legion

Tickets for the annual bus ride to Palisade Park on August 9 by the Women of Mooseheart Legion may be secured from Mrs. Zita Oldham, it was announced this week. Members are urged to come out in full strength for this event.

They are also requested to turn out in large numbers for the outing to be given by the Loyal Order of Moose this Sunday. Buses will leave the Moose Club at 9 a. m.

Because of warm weather there will be no further meetings of the Legion until August 14.

The attention of members is called to the sickness of Miss Rhodes, who is at the Presbyterian Hospital in Newark, and to Mrs. Black who is very ill at St. Barnabas Hospital. Miss Rhodes may be visited any night from 7 to 8 o'clock, but Mrs. Black cannot be seen. Post cards or letters would cheer her up, however, says the committee.

Martha Washington Circle

Martha Washington Circle, Ladies of the G. A. R. will meet Wednesday, August 27, when its winter activities will be resumed.

Belnew Sisterhood

Belnew Sisterhood, No. 329, Dames of Malta, will hold its next meeting at 711 Broadway, Newark August 7.

Pretension

There need never be any doubt concerning the respective ability of human beings. Pretension may sit still, but cannot act. Pretension never feigned an act of real greatness. Pretension never wrote an Iliad, nor drove back Xerxes, nor Christianized the world, nor abolished slavery. —Ralph Waldo Emerson.

Here's Instant Relief From Bunion Pains and Soft Corns

Actually Reduces the Swelling—Soft Corns Dry Right Up and Can Be Picked Off

Get a two-ounce bottle of Moone's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used.

Your bunions may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off.

Druggists guarantee Moone's Emerald Oil to end your foot troubles or money back.

The Republican Club of Belleville meets every second and fourth Thursday of the month at the Masonic Temple, Joralemon street.

Coney Island Bus Tickets Must Be Secured Tonight

Knights Of Columbus Committee Chairman Issues Final Warning

SPECIAL BUS ARRANGEMENTS

Joseph Caputo, chairman of the committee in charge of the Knights of Columbus bus ride to Coney Island Saturday night makes a special plea this week for every member and his family to be in the party.

Tonight is the last official time for making reservations. Those desiring tickets should communicate with any one of the committee who will be at home tonight. They are: C. A. Stickney, Gilbert Howley, Bun Derbyshire, J. J. Dean and Nick Amarato.

Buses leave St. Peter's School at 6:30 p. m. Saturday and return at 1 o'clock the next morning. The number of buses leaving will be determined by the number of applicants but the committee wants it to be known that special buses will be available to parties of friends numbering forty. Notification must be given to the committee if a party wants to be certain of being together in one bus.

NO RELIEF FOR CHILDREN WHO SEEK HYDRANT SHOWERS

Any unauthorized opening of fire hydrants during the hot weather season to allow the flow of water for its cooling benefit to the children of the neighborhood will be met with quick resistance by the police, it was made clear at headquarters this week, where numerous telephone calls had come in, chiefly from Silver Lake, from persons who sought this permission.

One man who called in, said he had a wrench ready, and a waiting band of small boys, and only wanted permission to go ahead. He was told to drop the plan, and that a watch would be set to see to it that he did not violate this police dictum.

The water in Silver Lake is supplied from the Newark water system, hence the police in Belleville could not grant permission, even if they so desired.

Patriotic Order, S. of A.

Camp 196, Patriotic Order, Sons of America, will meet in the Masonic Temple tomorrow night for their second meeting of the month. Business to be taken up will be the fall program. President Edwards urges everybody to be present.

At the last meeting the following officers were installed by Past District President Andrew Lightbody; Robert E. Edwards Sr., president; Fred Van Riper, vice-president; Harold Engle, master of forms; Martin Brauer, conductor; Norman Engle, inspector; William Gould, guard; Wilbur E. Packer, trustee; Walter A. Horn, chaplain.

MAN PAYS \$50 TO FLIRT WITH DE WITT AVENUE GIRL

Gust Thours, forty-five, of 10 West End terrace, Newark, was fined \$50 when he appeared before Recorder George A. Fitzsimmons Monday night on a charge of being a disorderly person, preferred against him when he was allegedly annoying a sixteen-year-old girl in the neighborhood of her home on DeWitt avenue.

Thours was arrested by Sergeant Sullivan, who charged that 1 hours followed the girl from Belleville and Union avenues, got ahead of her and hid behind a telephone pole, then jumped out and seized her arm.

Swimming Under Water

The distance which a person may swim under water varies as to conditions. Probably an average swimmer in a pool can swim 30 feet under water. M. Pauliquen, in Paris, France, on November 3, 1912, remained under water 6 minutes 29 45 seconds. Jack Trivilla of Avalon, Calif., swam under water 126.41 yards in 2 minutes 13 35 seconds at the Salt Water natatorium in Seattle, Wash., July 25, 1912.

Sapsucker's "Spree"

The sapsucker, or yellow-bellied woodpecker, drills a row of downward sloping holes through the bark of a tree, forming cups in which the sap gathers. He will then stay at these cups all day long drinking until he becomes quite stupefied.

Profusion of Divinities

The ancient Greeks worshiped more than 3,000 gods. Indian divinities number more than 33,000.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening July 22nd, 1930, having been read in its final form at least one week prior thereto, and is therefore now a law and is hereby published according to law.

JOHN J. DALY, Town Clerk.
AN ORDINANCE INCREASING THE APPROPRIATION FOR THE CONSTRUCTION OF A STORM SEWER IN MILL STREET, IN THE TOWN OF BELLEVILLE, FROM SECOND RIVER BRIDGE NEAR MONTGOMERY STREET SOUTH AND EAST TO HARRISON STREET, AND IN HARRISON STREET FROM MILL STREET TO SANFORD AVENUE.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That an additional sum of \$1,000 be appropriated for the construction of a storm sewer in Mill Street, in the Town of Belleville, from Second River Bridge near Montgomery Street South and East to Harrison Street, and in Harrison Street from Mill Street to Sanford Avenue, authorized by an ordinance adopted May 12th, 1930.

2. That for the purpose of meeting such appropriation temporary improvement bonds or temporary improvement notes of the Town of Belleville, are hereby authorized to be issued in an amount not to exceed the amount of said appropriation pursuant to provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes shall be determined by resolution of the Board of Commissioners of the Town of Belleville, or by the Director of the Department of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a general improvement and the cost thereof shall be borne by the Town at large.

4. This ordinance shall take effect immediately.

Passed first reading July 8, 1930.
Passed second reading July 22, 1930.
Passed third reading July 22, 1930.

ADOPTED: July 22, 1930.

WILLIAM D. CLARK,
PATRICK A. WATERS,
FRANK J. CARRAGHER,
WILLIAM H. WILLIAMS,

Commissioners.

ATTEST—JOHN J. DALY, Town Clerk.

AREME CHAPTER MEMBERS ASSIST IN KIDDIES' OUTING; CARD PARTY SATURDAY

Four members of Areme chapter O. E. S. worked at the Mosque Theatre in Newark Monday, wrapping packages for the picnic that was given at Olympic Park Wednesday by the Shriners of Salaam Temple for the crippled kiddies. These same ladies assisted at the park. They are Mrs. Annie R. Nelson, past matron and chairman of the committee, Mrs. Mary R. Price, worthy district deputy, Mrs. Ellen Davis, worthy matron and Mrs. Georgina Edwards of publicity committee.

The chapter will give a picnic card party Saturday night at home of Mrs. Lillian Pratt, Preston street. Mrs. Pratt will be assisted by the entire staff of ways and means committee.

Keeping Flowers Fresh

The bureau of plant industry says that in so far as they retard fermentation aspirin tablets in water will revive cut flowers which have begun to fade. Salt or sugar acts in the same way, but treatment recommended is the changing of water and cutting the stems, as this is the best method known for keeping flowers fresh. Low temperature is also helpful.

Hindu Spring Festival

Sarojini Maidu, in a footnote in her volume of poetry, "The Sceptered Flute," says that the Vasara Panchami is the spring festival when Hindu girls and married women carry gifts of lighted lamps and new-grown corn as offering to the goddess of spring and set them afloat on the face of the waters.

NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that the following proposed ordinance introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening July 22nd, 1930, and further notice is hereby given that second and third reading of said ordinance will be held at the Town Hall, Washington avenue and Belleville avenue, Tuesday evening, August 5th, 1930, at 8 o'clock p. m. Daylight Saving Time, when all objections to the passing of the same will be heard and considered.

JOHN J. DALY, Town Clerk.
AN ORDINANCE AMENDING "ORDINANCE TO ESTABLISH REGULATE AND CONTROL A PAID FIRE DEPARTMENT IN THE TOWN OF BELLEVILLE, IN THE COUNTY OF ESSEX, TO FIX THE SALARIES, REGULATE AND CONTROL THE APPOINTMENT, REMOVAL AND DEMOTION OF OFFICERS AND MEMBERS THEREOF AND TO REPEAL CERTAIN ORDINANCES," adopted January 23, 1923.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That section 3 of an "Ordinance to Establish, Regulate and Control a Paid Fire Department in the Town of Belleville, in the County of Essex, to fix Salaries, regulate and Control the Appointment, Removal and Demotion of Officers and Members thereof and to repeal certain ordinances," adopted January 23, 1923, be amended to read as follows:

Section 3. No person shall become a member of such Department unless he shall have a good moral character, sound in mind and body, shall submit to a physical examination by the Department and shall be not less than twenty-three, nor over thirty-five years of age and a citizen of the United States, resident of the Town of Belleville, for at least two years next prior to his appointment and be able to read and write English language, but the

Belleville-Nutley Building Permits Continue to Drop

Prospective building throughout the United States during the first half of 1930, as revealed in official reports of building permits issued in 578 principal cities and towns, fell perceptibly behind the volume for the first six months of 1929, according to S. W. Straus & Co. For the first half of 1930, the volume of permits was \$1,039,037,914, a decrease of forty-nine per cent from the same period last year, when the figure was \$2,036,334,562. June this year showed a loss of thirty-three per cent from June, 1929. Permits for the month to-

taled \$180,066,975 against \$202,231,771 in May—a loss of eleven per cent. The Straus index of building permits for the month of June was 60.7, compared with an index of 59.6 for May. Although this would seem to indicate a slight increase over the preceding month, the increase is not as great as that called for by the seasonal factors adjusted for trend. Taking account of these factors, the index reveals that building permits for June were 21.8 per cent below normal. Below is the New Jersey index:

	June 1930	June 1929	First Six Months 1930	First Six Months 1929
Atlantic City	87,355	563,885	905,573	5,323,948

ST. PETER'S DRUM CORPS WINS FIRST PLACE IN NEW YORK CHAMPIONSHIP

Saturday St. Peter's Drum Corps played in the New York State championship and won first place in fife and drum senior class. Caldwell Kiwanis of Caldwell won second place in the junior fife, drum and bugle. First place in this latter class was won by St. Francis' Parochial School of Hartford, Conn., the corps being made up of twenty-four girls and twenty-four boys all under thirteen years of age.

This is the second time in three years that St. Peter's has won the New York State championship.

VISITING EUROPE

Miss Eleanor Weber, daughter of Mr. and Mrs. Rudolf Weber of Union avenue, sailed on the North German Lloyd S. S. Columbus last Tuesday to visit Berlin, Saxony, Vienna, Switzerland and Budapest. Two weeks will be spent visiting relatives in Munich. She will also witness the Passion Play at Oberammergau and will return on the S. S. Karlsruhe in October. Miss Ruth Weber is spending the summer at Greenwood Lake.

Civil War Necessity

Shinplasters, or fractional currency, were issued during and after the Civil war because of the disappearance of coin from circulation and the shortage of small coins. The first issue of fractional money was made on August 1, 1862. The last and fifth issue was made from February 26, 1874, to February 15, 1876.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 15th, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 29th day of July, 1930, at the hour of 8 P. M., Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF A 7" R. C. PAVEMENT, CONCRETE SIDEWALK, GRANITE CURBING AND SUBCONSTRUCTION ON MELWEX STREET, IN THE TOWN OF BELLEVILLE, FROM JORALEMON STREET TO APPROXIMATELY 515 FEET NORTH OF LIBERTY AVENUE, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$19,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville in the County of Essex, do ordain:

1. That Melwex Street, in the Town of Belleville, from Joralemon Street to approximately 515 feet north of Liberty Avenue, be improved by the construction of a 7" R. C. pavement, concrete sidewalk, granite curbing and subconstructions thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$19,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening July 15th, 1930, and further notice is hereby given that second and third reading of said ordinance will be considered by said Board at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday evening July 29th, 1930, at 8 o'clock P. M., when all objections to the passing of the same will be heard and considered.

JOHN J. DALY, Town Clerk.

AN ORDINANCE CHANGING THE NAME OF THAT PORTION OF WILBER STREET RUNNING FROM JORALEMON STREET SOUTH TO ESSEX COUNTY PARK PROPERTY TO SOUTH WILBER STREET, IN THE TOWN OF BELLEVILLE.

The Board of Commissioners of the Town of Belleville, in the County of Essex and State of New Jersey, do ordain:

1. That the name of Wilber Street, running from Joralemon Street south to Essex County Park Property, be and the same is hereby changed to South Wilber Street.

2. This ordinance shall take effect immediately.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin—Lost Her Prominent Hips—Lost Her Sluggishness

Gained Physical Vigor—Vivaciousness—a Shapely Figure

If you're fat—remove the cause! KRUSCHEN SALTS contain the six mineral salts your body organs, glands and nerves must have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Try half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in three weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS (lasts four weeks). If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

Sermon
Topics

NEWS OF THE CHURCHES AND CHURCH SOCIETIES

Time of
Meetings

Christ Episcopal Church

Peter R. Deckenbach, rector, will celebrate the Sixth Sunday after Trinity, with Communion at 7:45 a. m. Morning prayer and sermon at 11 a. m. Rev. Deckenbach's topic will be "The Churches Are Not Alone." During August, when the rector will be away on his vacation, morning services will be conducted by Hal W. Earl, lay reader. The rector has expressed the hope that as large a congregation as turned out last year will be on hand this year. There will be no early celebrations of Holy Communion during the month of August. The union community service on Sunday evening will be held in the guild room, with Rev. B. F. Dickisson of New York preaching.

On August Mr. Dickisson will be in Belleville in previous years, he is now of the union services which will be held in the various Protestant churches of town.

St. Peter's Church

Services: Sundays, 6, 7:30, 9:30, 11; High Mass, 11 o'clock, October to June. Holy days, 5:30, 7, 8:30. Weekdays, 6:30 and 8, except Tuesday the second Mass is at 8:30 instead of 8.

Sunday School, 2:30, Benediction, 3:15; Baptisms, 4.

Confessions: Saturday afternoon and evening, eve of first Friday and eves of holy days, 4 to 6 and 7:30 to 9.

Meetings: Rosary Society, first Sunday, 3:30; Catholic Daughters, first and third Tuesdays; Social Society, every Thursday; Ladies' Auxiliary, A. O. H., second and fourth Mondays; L. C. B. A., first and third Mondays; N. C. C. W., second Tuesday; Knights of Columbus, first and third Mondays; Holy Name, Thursday following second Sunday; Dramatic Club, every Tuesday. Girl Scouts, every Tuesday; Boy Scouts, every Thursday; Fire and Drum Corps, every Wednesday.

First Spiritual Church of Psychic Power, Inc.

Services of the First Spiritual Church of Psychic Power will be held Tuesday evenings at 8 o'clock and Thursday afternoons at 2 o'clock, at 341 Washington avenue, Nutley. May W. Schoenburg will be the speaker assisted by Ella Brown. Messages to all.

Restoring the Old

Some people never exhibit any ingenuity when they try to make over old clothes, but give them an old rocking chair, a few tools and a pot of paint and they can fashion a garden chair that would grace the White House.—Country Home.

Gospel Tabernacle

36 Union avenue, Nutley. The Old Book. The Old Faith. The Old Gospel. Sunday School, 2:30 p. m. Preaching 3:30 p. m. and 8 p. m. Wednesday, 8 p. m., prayer and Bible study.

Belleville Reformed Church

Sunday, 11 a. m., morning sermon by Rev. Dr. William I. Chamberlain of New York City. All members, friends and strangers are cordially invited. 8 p. m., Union service at the Christ Episcopal Church, with Rev. B. F. Dickisson preaching.

"Ballad's" Meaning

A reference book on music says: "Ballad—originally used to signify a song with simple melody and accompaniment—now applied to songs of story-telling content as well as instrumental composition in which the narrative idea is present."

World's Many Languages

Dr. Frank H. Vizetelly, managing editor of the Standard dictionary gave the number of spoken languages and dialects in the world as 3,424. These are distributed as follows: America, 1,624; Asia, 937; Europe, 587; Africa, 270. Officers of the French academy recently computed the actual number of languages, and placed the figures at 2,796.

Two Kinds of Vision

The two eyes of a bird do not focus, but are capable of two kinds of vision, one molecular and the other binocular. While one eye is intent on searching for seeds and tiny insects, the other can keep a lookout for possible enemies.

Remarkable Opal

A magnificent black opal, discovered in the Walgett fields of New South Wales, has been valued at between \$15,000 and \$25,000, and christened "Light of the World." The distinct outline of a woman's figure may be seen in the middle of the gem.

Lovers Separated

A peculiar custom in the Canary islands is that a young man may not enter the house of the girl he is courting. The girl may sit at the window to receive his attentions, but he must stand outside.

Anglo-Saxon Place Names

The Anglo-Saxons gave names to many localities from their supposed resemblance to parts of the human body, as headland, a neck of land, the mouth of a river, the brow of a hill, the foot of a hill, an arm of the sea, and so on.

REPAIR OF FIRE DAMAGE
IN SCHOOL NO. 7 TO BE
COMPLETED IN SEPTEMBER

Fire of undetermined origin caused a loss of \$2,500 at School No. 7 at Passaic avenue and Jorammon street at 6:45 o'clock Friday afternoon, after painters and decorators had left, following renovation work which has been in progress in the building during the summer vacation period.

The blaze damaged all the trim and furniture and the floors and beams were badly charred. The loss was fully covered by insurance, according to Business Manager J. J. Turner of the public schools, who said the work of making repairs would be undertaken at once, and that the building would be made ready for occupancy at the beginning of the new term.

Mr. Turner thought spontaneous combustion, from some of the painting materials left in the sun's rays, may have been the cause.

OLD TIME BIBLE EXHIBIT

An interesting exhibit of Bibles and Testaments ranging chronologically from the Wycliffe Bible to the American revised version has been prepared by the American Bible Society, Bible House, Astor place, New York City for the benefit of Sunday School children and other visitors.

Among the books shown are a facsimile of William Tyndale's New Testament and copies of Coverdale's Bible, the Great Bible, the Geneva Bible, the Rheims New Testament and a first edition of the King James version.

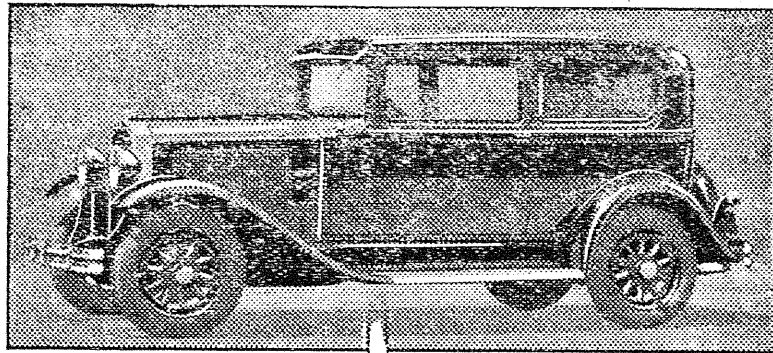

Power of Ridicule

Ridicule has ever been the most powerful enemy of enthusiasm, and, properly, the only antagonist that can be opposed to it with success.—Oliver Goldsmith.

Great Violin Maker

Vincenzo Trusiano Panormo of Paris and London was born in Monreale bei Palermo, 1734, and died in London, 1813. Like Lupot and Aldric, Panormo was one of the cleverest imitators of Stradivarius violins. Of a wandering disposition, he often changed his residence and worked in London, Paris, and also in Ireland. Some of his instruments have a wonderful finish and his red varnish is of exceptional quality. His instruments are scarce and sometimes branded.

Buick Presents Straight Eights

A synco-mesh transmission and valve-in-head straight eight engine are the outstanding features of the 1931 Buick line. The Two-Door Sedan, one of twenty new models, is shown above.

The new 1931 Buick line powered with straight eight valve-in-head motors will be presented Saturday by the Belleville-Nutley Buick Company, 66 - 68 Washington avenue, Nutley. Offered in four new series, the 1931 Buick eight holds many surprises for showroom visitors.

In addition to its advanced straight eight valve-in-head power plant, the new car also has a synco-mesh transmission, new insulated body by Fisher, and many other important advances which, according to E. T. Strong, president of the Buick Motor Company, make the new eight the outstanding car of the company's history.

Many refinements have been incorporated in the beautiful new Fisher body, and changes in construction have been employed to strengthen it structurally and eliminate any possibility of noise or fumes from the engine. The driving compartment in all models has been completely insulated. No radical changes have been made in the general appearance of the new bodies, but a wealth of fine details and new appointments have been embodied to increase the luxurious riding comfort of the new Buick Eight.

Among the engineering advancements on the new Buick Eight, in addition to the synco-mesh transmission, are an engine oil temperature regulator, dual carburetion, combined intake silencer and air cleaner, new crankcase ventilating system, im-

proved steering gears, one-piece rear axle housing, new clutches and four-point rubber insulated engine mountings.

The new line is offered in twenty models, divided into four different wheelbase lengths. The six models in the 8-50 series are carried on a 114-inch wheelbase and powered with an eight-in-line overhead-valve motor, which has a bore and stroke of 2 3/4 x 4 1/4 inches. This motor is rated at 70 1/2 horsepower and provides a speed of 75 miles per hour.

In the 8-60 series five models are offered on a 118-inch wheel base. The motor used in this series has a bore and stroke of 3 1/4 x 4 1/4 inches, developing 90 horsepower and a speed of 80 miles per hour.

In the 8-80 and 8-90 series a motor having a bore and stroke of 3 1/2 x 5 inches drives the car at a speed of 80 miles per hour with a 104 rated horsepower. Two models are presented in the 8-80 series on a 124-inch wheelbase, and the 8-90 series on a 132-inch wheelbase is composed of seven models.

The new Buick Eight produces a new sensation in driving; there is no apparent change in smoothness, noise or vibration from low to high speeds, and the car can be driven with great ease, comfort and safety.

Silent operation, due to improvements made in the overhead valve mechanism, the use of the synco-mesh transmission, and the insulation of the body, is one of the outstanding features of the new Buick Eight.

Chime Combinations

With chimes of 12 bells it is estimated that it would require 91 years to ring all the possible changes or sequences, at the rate of two strokes a second.

Introduced by Queen

The Hawaiian guitar was introduced into this country and first became popular at the time of the first visit of Queen Lilioukalani, ex-queen of Hawaii, in 1896-98.

Nereid Boat Club Oarsmen Come Back With Two Prizes

in Two Of Four Races At Long Beach; Junior Single Gig and Double Gig

LOSE FINISHES MARK DAY

The Nereid Boat Club won two of the four racing events in the open regatta of the New York Rowing Association held last Sunday at Long Beach, L. I. under the auspices of the Brooklyn Rowing Club.

The junior single gig race was won by Stanley Goodrich, and the junior double gig race was won by George (Bud) Worthington and Ken Hardman. Frank Menne placed second in the senior single shell event and the Quad rowed third place.

Saturday the shells were towed out to Long Island on the fifty-foot trailer, to the Reynolds channel course of the Brooklyn Rowing Club, one of the finest rowing courses of the East; having comparatively quiet water and a two mile straightway. There are no currents and the tide drop is only one foot.

IN PERFECT SHAPE

Under the direction of Frank Menne, coach of the Nereid crews, the shells were rigged for a final workout before the races on Sunday. The work consisted of a few starts and becoming accustomed to the course, as the sun was broiling hot and the last week of training at home had been heavy with work. All the local oarsmen were in top shape and rowed in perfect condition.

Goodrich, Nereid single entry, went to the line against five opponents, of whom Query, of New Rochelle, gave the most trouble. The start was fast, and at the first quarter-mile Goodrich wisely decided to settle to a slow, long beat.

THE PACE TOLD

The pace told on the leaders at the three-quarter mile point, where Stanley applied himself with powerful, lifting strokes that overtook his New Rochelle man and left him a length behind at the finish. For a junior, this lad used the best of judgment, relying on his condition for a superior spurt.

The Nereid double gig race, with Worthington and Hardman representing Belleville, was also won after taking the stern wash of a fast Active crew for a half mile, rowing abreast of the New Rochelle double and spelling the mile out to match their endurance.

FORCED OFF COURSE

At the three-quarter mark the Nereid double which was rowing in lane five—farthest from the mill, was forced well off their course by a sprinting shell; and when Worthington changed direction of the boat by pulling under the leader's stern for the stand on the finish line diagonally across the river.

The New Rochelle crew here serious designs on the plaque medals which would go to the winners and tore down the stretch. The Nereid double had a great re-

length in the lead. The Nautilus double came in last.

CLOSEST OF DAY

The senior single shell race was the closest of the day. Rowing against such men as Wirth, winner of the singles race in Philadelphia on July fourth, and Janacek, winner of the senior open in Belleville on June 28, and Dawson and Cunningham of New Rochelle, Frank Menne rowed a wonderful race. From the start, Menne and Wirth left the field; fighting all the way down for a lead.

Not until the last dozen strokes could Wirth coax his shell ahead for the four feet which he won by, having completely exhausted himself. Menne rowed well over thirty all down the course, giving an exhibition of real gameness and remarkable oarsmanship although the shell he rowed was a borrowed boat.

New Rochelle took the Quad event, with the Ravenswood crew second, Nereid third and Nautilus fourth.

The winning quad, New Rochelle placed second on Decoration Day in New York and second in Philadelphia on July 4. They set a fast pace right to the finish line. The Nereid crew was Dalphond, Dingle, Hicks (capt.) and Rhoades. For a light crew they showed up well against the long trained victors, pressing them right to the final stroke.

The Nereids have added two more plaques to their growing collection, and put themselves in a better position for developing further winning crews. Their next race will be against the Nautilus Boat Club of Gravesend Bay, Brooklyn; plans for which are being arranged.

CHARLES M. LYONS

Funeral services for Simpson B. Lyons, seventy-four, who died at the home of a son, Charles M. Lyons at 517 Union avenue, Monday afternoon, were held at his late home at 8 o'clock last night, in charge of Rev. O. Bell Close, pastor of Fewsmith Memorial Presbyterian Church. Burial will be made in Frenchtown this morning.

Mr. Lyons had lived in Belleville for the past six years, coming from East Orange where he lived for fifteen years, and prior to that he was in Trenton for ten years, then at Frenchtown for a period of years, coming from New Hope, Pa., where he was born.

Most of his life he was engaged in the music business, but had been retired soon after coming to Belleville. He also dabbled in real estate and was Newark branch manager of the Pease Piano Company of New York.

Surviving him in addition to his widow and the son with whom he resided, is another son Burton C. Lyons of 511 Union avenue; also two brothers, George W. of Easton, Pa., and Jonas B. Lyons of Frenchtown; and three grandchildren.

Old Cowboy Showoff

The Prescott (Ariz.) rodeo is the oldest cowboy contest in the world, having been held annually since

Silence Is Golden
A good word is an easy obligation; but not to speak ill requires only our silence, which costs us nothing.—Tillotson.

Gave Name to Glass
Henry William Stiegel was born in Germany in 1729, and emigrated to the New world in 1750. At his glass factory at Mannheim, Lancaster county, Pennsylvania, it is said that the most beautiful glass ever blown in America was produced. The name Stiegel as applied to American glass has become almost generic. Quantities of glass, old and new, native and foreign, good and bad, are thoughtlessly so called.

Frenchman First Aeronaut
The world's first aeronaut was a Frenchman, Francois Pilatre de Rozier, who ascended 84 feet in a balloon on October 15, 1783.

LOWEST PRICED EIGHT IN THE WORLD

THE NEW

MARMON Roosevelt

NOW

\$950

YOU SAVE AS MUCH AS \$180

PAYMENTS AS LOW AS \$50 PER MONTH

Under Liberal Marmon Time-Payment Plan

No down payment required if your present car equals down payment

Now is your chance. You can't get a greater value in any car, anywhere, any time this year than Marmon now offers in its new straight-eight—the Marmon-Roosevelt. All the pride and luxury that go with this famous name. Of course you want an Eight. Here is the only time-tested low-priced Eight in the world. Guaranteed for a full year instead of the usual 90 days. Not a clean-up to make way for new models, but an attractive new price on a strictly fresh, up-to-date, 1930 automobile introduced this spring. Now yours at a price that only Marmon can afford to offer, due to Marmon policy of "straight-eights exclusively."

River In Bad Condition Now, But Relief Is In Sight

Chief Engineer Ralph VanDuyne reporting to the Passaic Valley Sewerage Commission is authority for the assertion that there "is every assurance that this is the last summer" that the Passaic River will be badly polluted. He said that the main cause for the condition was sewage coming down the Saddle River.

The engineer reported that most of the contracts for the elimination of the Saddle River pollution had been awarded and that the nuisance would be eliminated before next spring.

The river above the outlet of the Saddle River in Garfield is fairly good, the oxygen content at its lowest being 61.5 per cent. The ideal figure is 100 per cent.

The engineer reported that recent tests showed that the oxygen content just below the Dundee Dam was 85.2 but that when the river met the flow from Saddle River, it quickly dropped to 63.6 in mid-stream and 48.6 on the east bank, where the Saddle River flow tends to cling. The content drops still further as the river flows further toward Newark, it being 42.4 at Rutherford avenue, Rutherford,

and 31.7 at Rutgers street, Belleville.

At Clay street, Newark it is 14.6 and at Jackson street, the same city, it is 9.4, while at the mouth of the bay, it increases again to 38.7.

The condition in Newark, Rutherford and other spots was the worst in five years, Mr. VanDuyne reported. He explained that in warm months the water available for dilution of the pollution usually is less and that it makes the relative volume of pollution larger.

The Saddle River has a dissolved oxygen content of only 8.1 per cent. It contains dye wastes from firms along the banks mostly from the United Piece Dye Works, Lodi, and raw sewage from Lodi. Everyone attributes the present condition of the main river to this condition.

The commission discussed recent reports of bathing in the river

which called forth public warnings, both from Dr. William Rudolfs, head of the department of water supplies and sewage disposal of the New Jersey Experiment Station at New Brunswick and Dr. Charles V. Craster Newark health officer.

Mr. VanDuyne explained that the Saddle River pollution had made the sanitary condition of the river particularly unsafe. He confirmed the statements of both doctors that the river was dangerous for bathers.

Frederick M. P. Pearsee counsel for the commission, pointed out that it was not in the province of the commission to police the river.

The figures of oxygen content for the Eighth street section, Newark, where engineers took tests, were as follows: for January, 95.4; for February, 91.7; for March, 93.0; for April, 97.5; for May, 83.5; and for June, 63.6. At

Rutherford avenue, Rutherford, the figures were 88.7, 84.2, 86.1, 82.4, 68.2 and 42.4.

TROOP 75 WILL LEAVE FOR CAMP IN BUSHKILL

The scouts of Troop 75, thirty-five in number, will leave Sunday for Bushkill, Pa., where they will camp for two weeks. They expect that this will be the best year they ever spent in camp. Six older boys will accompany the scouts. All are members of the troop and have so planned their vacations in order to be with the younger boys. No weekend campers, except those who are members of the troop, will be allowed to camp on the grounds at any time. The boys who are going to camp will report today for further instructions.

A WORD TO THE WISE

People still continue to live. They still have to eat—still wear clothes—some of them marry and furniture is being bought all the time. Automobiles wear out and have to be replaced. Electrical appliances burn fuses or lie down and die.

"PATRONIZE THESE MEN."

There is still plenty of business for the alert merchant. Now, when summer has come and business is at an ebb, it takes a little more effort, but the business is to be had. Stay on your toes and gobble up the profits which the indifferent are allowing to glide past their noses.

BELLEVILLE FACTS

Population (1930), 26,540.
Real Estate, \$30,969,354.
Tax Rate, 1930, \$4.06.
Bank Resources, \$7,495,743.31.

Suburban residential and manufacturing town, governed by Commission; on Newark branch and Greenwood Lake division, Erie Railroad; 10 miles from New York, 3 miles from Newark, 4 miles from Montclair and 7 miles from Passaic.

Trolleys to Newark, Passaic and Paterson; buses to New York, Jersey City, Newark, Passaic, Bloomfield, Montclair and Caldwell.

Tidewater sewerage; good water; well organized police and fire departments. Two banks, six building and loan associations, ten public schools and one parochial school, twelve churches, library, woman's club, motion picture theatre, municipal golf course and four municipal playgrounds.

JUDGE FAVORS PENALIZING BANKRUPTS.

America's annual losses of nearly \$800,000,000 through bankruptcies are threatening the entire fabric of the country's business and a thorough revision of the bankruptcy code can end the menace, according to Judge William Clark, of the United States District Court in Newark, in an interview in the *American Magazine*. The United States, Judge Clark declares, is the only country in the world that is so lenient with its bankrupts that it pays for their incompetent or unethical experiments.

"The purpose of the American bankruptcy law," says Judge Clark, "is to aid the unfortunate. We provide that men who fail for reasons not their own fault may be discharged of their debts. It is just that the community should help bear the expense when genuine misfortune comes to the individual. But is it just that society should also pay for failures due to inefficiency or worse?"

"In 1921 there were 22,812 failures. In 1929 there were 57,280 failures. Three-fourths of these could have been avoided. The number of men who fail because of misfortune is comparatively negligible. Yet the bankruptcy law is constantly invoked to aid men who could have avoided failure had they conducted their affairs properly.

"In the past all our efforts in the bankruptcy situation have been directed to salvaging the wreck. This is the wrong way to meet the situation. We need prevention, rather than cure." As an example of the salvaging process, Judge Clark declares that of the \$800,000,000 losses in 1929, the whole amount was virtually a dead loss.

"We must prevent inefficient and unethical men from getting back into business, making it possible for them to try their luck again and again as many do now," added the expert. "In England the business man who does not keep proper books of account is regarded as a criminal. If he goes bankrupt he cannot be discharged of his debts. He is not allowed to set up in business again. He can be punished. Also the British statute provides that if a man fails as the result of rash and hazardous speculation, he shall be penalized. He cannot get his old debts crossed off and start with a clean slate. He is segregated or 'quarantined'—prevented from getting credit with which to start anew."

And Judge Clark might have added a few words about the growing class of men who start enterprises expecting to go into bankruptcy and profit thereby. It's time honest business was protected from such parasites.

A REAL DANGER

Why is it that a motorist always develops a hostile feeling toward another driver, especially when the latter is trying to pass him on the road? asks the *Caldwell Progress*. Why is it that he always, or nearly always, harbors a suspicion that the other fellow isn't driving correctly, doesn't know how to drive and shouldn't be allowed to drive?

Even a pretty girl, charming in every other respect but that of a driver, arouses suspicion when she gets behind a steering wheel. When persons meet face to face while walking or in a crowd they normally are cordial, polite and friendly. But let them get in their cars on a Sunday afternoon and they start cutting in and out of the line of traffic, squeezing another's car and honking horns. Every motorist will have to admit that it is true, but few can explain it. Can it be that the feeling of power that comes from sitting at a steering wheel makes the average man a sort of a despot, and brings back the old prehistoric desire to "rule or ruin?"

ROADS AND UNEMPLOYMENT

Iowa is showing the nation how to relieve unemployment and, at the same time, benefit the public. The State has accelerated its highway program. Thirty thousand workmen on Iowa roads will earn \$18,000,000 this year. And a multitude of cities, towns and rural communities will enjoy the prosperity that always accompanies intensive road building.

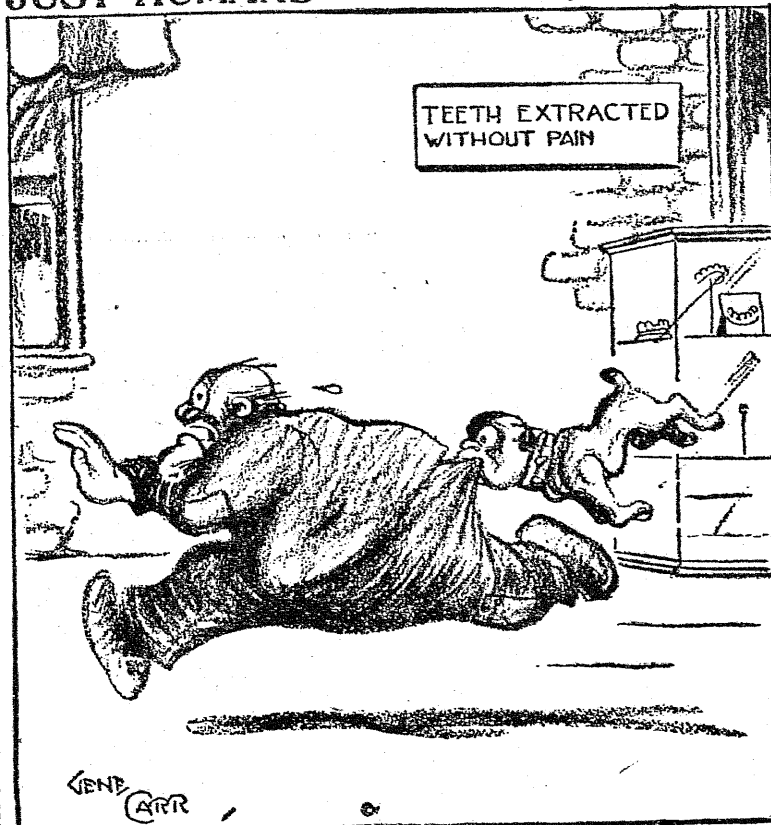

At the end of 1920 nine-tenths of its roads were mud. At the end of 1930, eight-tenths of them will be surfaced.

The greatest present road need is the construction of practical and comparatively inexpensive secondary, farm-to-market highways that will give agricultural communities all-year contact with their markets. The American Farm Bureau Federation has repeatedly pointed out that so long as 5,000,000 of the 6,250,000 American farmers are barred from these markets during several months of the year, we will have a farm problem of increasing seriousness.

The modern application of asphalts and road oils to dirt, macadam and gravel surfaces is making possible the building of tens of thousands of miles of well-surfaced, secondary roads which

Miss Elizabeth Hanschka was spending a month with Miss Hazel Hoye in Hartford, Conn.

Mr. and Mrs. James V. Thetford entertained in honor of their guest Albert Drummond of Santiago, Chile.

Miss Marion Struble of Beech street left for a three weeks' stay in Warwick, N. Y.

Miss Louise Joralemon was spending a month with Miss Frances Fletcher in Bridgeport, Vt.

The Misses Florence and Grace Failey returned from two weeks' stay in Atlantic City.

Substitute for Wool

Wood wool is the designation given to the finer grades of excelsior and is sometimes used as a substitute for absorbent lint in surgery, for filtration purposes, and for other uses where fine stock is desirable.

Early Advertising

All advertising in early newspapers was in the form of "readers," like the present-day classified ad. These appeared in the early English newspapers, and the first copy of the Boston News Letter, printed in 1704, regarded by many as the first newspaper in the present meaning of the term, included ads under classified heads.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

NEIGHBORS in the suburbs still fight about their chickens and dogs and kids once in a while. One fellow came rushing out on his porch and yelled at his neighbor:

"Say, I'd like to know what you were burying in that hole in your back yard last night! You didn't think you'd get caught, did you? But a friend of mine saw you. Now, tell me, if you dare, what were you burying in that hole in your yard?"

The other fellow wasn't so much excited.

"Why," he says, "I was burying one of my chickens, and a half of a ham and some of my buttermilk, and such things."

"So! I reckon you're crazy, ain't you? You sound foolish. And I reckon it was my dog that you were planting. Something has happened to Gyp, and I'll dig up that yard of yours till I find out if he's there."

"Well, he's there, all right. All my stuff that I told you about was inside of the dog."

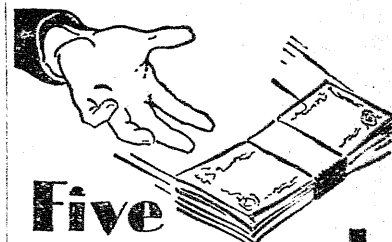

American News Features, Inc.

Perfect Excuse

There is a club devoted to the laziest men in the world. Any attempt by a member to hurry is punishable by a fine. One day a member was summoned for driving a car at a high rate of speed. Excuse—He was too lazy to take his foot off the accelerator!

Invested Money

The money invested in machinery is called fixed or permanent capital, while that called working capital is the money required to meet current expenses of industry—salaries, wages, marketing costs, light, heat and raw materials.

Five Thousand Minus

ON the 11th, Mr. H. H. B. of Minneapolis declined a renewal of his \$5,000 Accident Policy. On the 17th, stepping in front of a railroad train, he was killed. His widow did not receive an Auna check for \$5,000.

Contests and Tournaments Keep Youngsters Pepped Up On All Town's Playgrounds

A pet show was held Friday morning at the Friendly Playground, Silver Lake, under the direction of the instructors, Martin L. Ruglio and Miss Rita M. Kennedy. A large number of youngsters brought their pets, many of which were gayly dressed for the occasion.

The prize winners were as follows: best dog, owned by Mary Montalbano; best cat, by Lillian Wright; best fish, by Lucy Petrucci; best rabbit, by Mary Francis; best bird, Almo Pascale; queerest dog, by Joseph Bruno; queerest cat, Theresa Venezia; queerest rabbit, by Nick Christiano. The judges were Mrs. Pascale, Mrs. Petrucci and Miss Wellington.

A boys' checker tournament is being held at the Recreation House playground. The first round winners were as follows: Anthony Zinna, Francis Sohlgren, Richard Boutillette, C. Kramer and Richard Osborne. The second round was won by Zinna and Boutillette. Checker tournaments at the other playgrounds are gradually being completed. The winners will be announced later.

Interplayground baseball, volleyball, horseshoe and quoit tournaments are being held this week.

A pet show will be held at No. 1 School playground tomorrow under the direction of the instructors, Edgar Bootay and Miss Mildred Joiner. There will also be a baby parade at the Silver Lake playground tomorrow. All babies three years of age or less will be eligible to enter.

At the Friendly playground a pie eating contest will be held Tuesday. This will be a good opportunity for the boys and girls at Friendly playground to demonstrate their pie eating ability.

Costumes for the pageant are being started and there are daily rehearsals at the playgrounds under Miss Wellington's direction. The historic background of this pageant should make it interesting to everyone. The present greatness of our country is largely due to the pioneers who braved everything, even death, to open up the great West, Superintendent Ross says.

Mrs. Lonergan's handcraft classes are continuing large and children find enjoyment making useful and ornamental things. The total attendance for five playgrounds during the week of July 14 was 3,265.

SEVEN COLORED MEN PAY \$70 ON GAMBLING CHARGE

Seven colored men who were rounded up by Captain Flynn and Officers McArt and Gross in a gambling raid at 8 William Street Sunday night, appeared before Recorder George A. Fitzsimmons Monday night and paid \$10 fines each. An eighth was dismissed with a reprimand.

The police said they found a crap game in full progress on a table when they raided the pool room at the William street address.

The defendants were Roy Allen, 280 Washington avenue; James Jackson, 8 William street; Gus Martin, 53 Ralph street; Newman Ellington, 156 Stephen street, and Capron Monroe, Ernest Adams, Israel Hopkins and Neal Guer-shiger, all of Plainfield. Martin was the one who escaped a fine.

Shark By-Products

After a shark has been skinned, something like twenty by-products are obtained from the carcass, including glue, pigment, polishing materials, animal fodder and fertilizers.

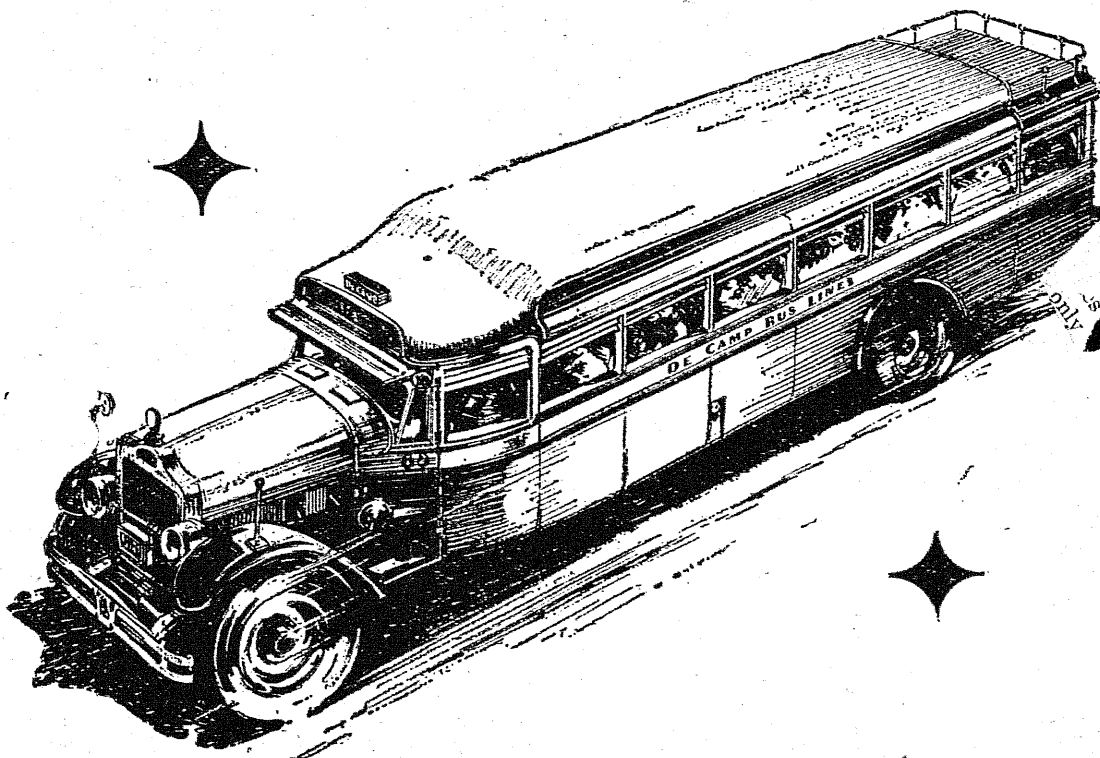

First Thermos Flask

Sir James Dewar, an eminent British chemist and physicist, who designed vacuum-jacketed vessels for the storage of gases after he had liquefied them, discovered the principle of the thermos flask about 1829, says Pathfinder Magazine. These flasks, known at first as Dewar bulbs, proved very effective in preventing the influx of external heat.

Uncle Eben

"Education," said Uncle Eben, makes life easier for dem dat knows how to use it. A trick mule don't have to do no regular work whatever."—Washington Star.

Mammoth U. S. Rubber Plant to be Erected In Passaic

Huge Factory To Turn Out Mechanical Rubber Goods; Work Starts August 1

OFFICES ALSO IN PASSAIC

F. B. Davis, Jr., chairman of the board and president of the United States Rubber Co., has announced that, as an additional step in its move to concentrate its production in a few factories, the company is well along on the consolidation of its important division for the manufacture of mechanical goods at its plant at Passaic. Manufacturing heretofore carried on in plants at Chicago, Cleveland and Chelsea, Mass., is now in progress of transfer to Passaic. The offices of the mechanical goods department, which have been located for many years at 1790 Broadway, New York City, will be moved to Passaic August 1.

FACTORY BUILDING MODERN

A modern steel and concrete factory building has been erected at Passaic to provide additional manufacturing space. The Passaic plant will be the largest in the world devoted to the manufacture of mechanical rubber goods, and the new building is one of the finest structures ever erected in the rubber industry.

Two whole floors of the new building have been made into a single great room for the making of belts, a part of the company's business which has rapidly developed increased importance. The use of rubber-surfaced conveyor belts weighing up to twenty-five tons for conveying ore, crushed stone, coal, sand and gravel, grain and similar materials, is now becoming a common practice throughout the world. Set up in series, such belts convey materials over long distances at a great saving of man-power.

TO EXPAND BUSINESS

The increased facilities which the new building provides will give the company exceptional equipment for expanding its business in this field. Electric cranes have

been installed to transport the huge belts as they pass through the various processes.

The remainder of the new building has been assigned to the manufacture of hose, jar rubbers, moulded goods, friction tape, etc. Extensive use has been made of conveyor systems to cut down the handling of products.

TO HOUSE OFFICES

A three-story and basement factory building is also being erected, two floors of which will be used to house the main offices of the department, and existing manufacturing buildings are going through a process of general re-arrangement to take care of other products of the department including matting, in a wide variety of forms and many specialties of the type used in industry.

Other steps in the company's concentration program thus far have been the consolidation of the manufacturing and sales activities of the tire department at Detroit, of the miscellaneous products department at Providence, R. I., and of the clothing department at Cambridge, Mass.

TO SEND OUT QUESTIONNAIRE

The Publicity Committee of the New Jersey Bankers Association met Tuesday, July 15, at the Essex Club, Newark, at 12 o'clock.

Leopold A. Chambliss, Assistant vice-president, Fidelity Union Trust Company, Newark, chairman, stated following the meeting that plans were made for a business survey to be conducted in the fall under the auspices of this committee on conditions in New Jersey. "There is great popular interest," said Mr. Chambliss, "in whether business in September and October will respond to the usual seasonal increase, and the Committee this year proposes to send out a questionnaire to all banks and trust companies who are members of the association and to compile a survey based on conditions as they exist in New Jersey. This has never been done before and we hope it will be a valuable contribution to the business of the State which the bankers serve."

Calamity

If tomorrow I should be informed of the bankruptcy of my principal debtors, the loss of my property would be a great inconvenience to me, perhaps for many years; but it would leave me as it found me—neither better nor worse. So it is with calamity; it does not touch me.—Ralph Waldo Emerson.

Once Great Metropolis

"The Glorious City," as Bagdad was called, had a population of 2,000,000 during the height of its prosperity in the Eighth century.

When Snake Sheds Skin

Every time a snake sheds its skin its vision is slightly dimmed, due to separation of the outer layer of the epidermis from the inner part of the outer coat of the eyeballs. This happens any time a snake sheds its skin. This may be several times a year.

Lions' Head

EARLE W. HODGES

Denver, July 18—Earle W. Hodges of New York, head of the Department of Public Relations for Henry L. Doherty and the Cities Service Company interests, was this afternoon elected president of the International Association of Lions Clubs, a service organization of more than 2,200 clubs and 80,000 members all over the United States and Canada. Mr. Hodges was first vice-president of the Lions in 1929-30, and now succeeds Ray L. Riley, who is controller of the State of California.

Farm boy, printer's devil, printing office foreman, newspaper owner and publisher, state printing clerk, deputy state auditor, Secretary of State of Arkansas, director of public utilities for his state, and finally director of public relations for the great Henry L. Doherty interests—that is Earle W. Hodges, the new president of Lions International. He is one of the best known public speakers in the country, and has visited and delivered addresses many times in every state of the Union.

Mayor Samuel S. Kenworthy, president of the Belleville Club, attended the Denver convention of Lions.

Earth's Weight

There is nothing to indicate that there has been an actual change in weight in the earth. The experiment of Dr. Paul Heyl in reweighing the earth merely gave a more exact result.

NO QUARTER TO DRUNKEN DRIVERS,' SAYS HOFFMAN

During his first three months in office, Commissioner of Motor Vehicles, Harold G. Hoffman, has revoked 542 licenses of drunken drivers in New Jersey.

The Commissioner has not only turned a "deaf ear" to all pleas for restoration of licenses for persons convicted of driving while under the influence of liquor and from their friends, but he is conducting investigations leading to the apprehension and conviction of persons who have had their licenses revoked for drunken driving and who by fraud or collusion, have again

obtained licenses while still on the prohibitory list.

A number of such persons have already been convicted, and in a number of cases, "drunken drivers" operating cars without a license, have been arrested.

Most Powerful Force

There is something on earth greater than arbitrary power. The thunder, the lightning and the earthquake are terrific, but the judgment of the people is more.—Daniel Webster.

SATURDAY TEAM STILL UNCONQUERED

Legion Nine Pushes Ahead In Final Inning To Defeat Bloomfield; Score Is 8 to 7

Game Looked Easy For Belleville In Opening Frame But Surprise Came

LAWLOR STARTS NINTH FRAME RALLY; ERRORS AID LOCALS

The American Legion nine posted their seventh consecutive win Saturday afternoon at Clearman Field when they defeated the Bloomfield Pros 8 to 7. The locals were trailing 7 to 6 going into the ninth inning but a stirring two run rally brought them victory.

Butch Kastner twirled for the locals and although he won the game was not up to his usual form. Although he was touched for thirteen hits, he stuck the limit and was rewarded by seeing his mates win out in the ninth.

Belleville started as if they were going to have an easy victory by pounding out three runs in the opening frame. But they did not make a hit to turn the trick. Two errors, a base on balls, a sacrifice and two fielders' choices allowed the runs.

BLOOMFIELD COMES BACK

Bloomfield came back with a run in the second when Courter, Bloomfield twirler, drove a double to left field with a mate on second. Belleville also scored in the second when Joe Flynn singled with Liori on third.

Bloomfield scored twice in the third on two hits, one of them a double, two bases on balls, a wild pitch and a fielder's choice. The Bloomfielders went on a hitting spree in the fifth when they hammered out four successive hits for three runs.

The teams then kept see-sawing with Bloomfield taking the lead in the eighth frame when Fred Dunn poled one over the left field with Woods on second. Then came the eventful ninth. Belleville needed one run to tie and two to win.

LAWLOR STARTS IT

Johnny Lawlor started with a single. Carragher advanced Lawlor to second on an infield out. Tommy Dunn reached first safely when Jennings erred on his ground ball, Lawlor taking third on the play.

Dunn promptly stole second. Johnny Mallack then fooled the Bloomfield infield completely by sending down a bunt. Courter let the bunt slip through his legs and when the latter threw to third in an attempt to catch Tommy Dunn, Jennings was guilty of another error and Dunn scored the winning run.

Fred Dunn, Bloomfield first baseman, led both teams with the stick by hitting out two doubles and a single. Courter and Solomon each had two hits apiece for the losers. John Mallack and Jack Lawlor led the locals at bat.

Mac Lamb entered the game in the sixth inning and doubled in his first time at bat. Tommy Dunn was the fielding star of the game. The first inning Tommy snared a foul fly right off the fence. The scores:

BLOOMFIELD	R.	H.	E.
Lynch, ss.	0	0	0

AURORAS CAPTURE THREE OF FOUR GAMES IN WEEK

Over the weekend the Aurora E. B. C. of Newark won three games and lost one. Saturday afternoon, playing at Branch Brook Park, the Auroras won a hard fought game, 10 to 9, from the Bell Juniors of the New Jersey Telephone Co.

Sunday morning at Arlington the Auroras lost a hard game to the Melrose A. A. 3 to 2, and in the afternoon at Irvington Park, they took the Roma A. A. into camp 4 to 3 with a rally in the last inning. The Auroras also won a forfeit game from the Border A. C. of Nutley who failed to put in an appearance. The score of Saturday's game:

AURORA	R.	H.	E.
Teddy, cf.	1	0	0
Irish, 2b.	2	2	1

Two-base hits: Burnie, Thomas, Williams. Three-base hit: Riche. Home runs: Irish, Cullins, Thrum. 2. Winning pitcher: Harry. Umpire: Heldly.

Double Standards

The term single standard and double standard are used both in ethics and in money. In the first case, they refer to what is known as the double standard of morals, whereby certain privileges are allowed to men that are not permitted to women. In money the double standard is a monetary standard based on both gold and silver as the material of the circulating medium, distinct from the single standard based upon either gold or silver.

Opportunity for "Seers"

If a man had the art of the second sight for seeing lies, as they have in Scotland for seeing spirits, how admirably he might entertain himself in this town by observing the different shapes, sizes and colors of those swarms of lies which buzz about the heads of some people.—Dean Swift (1667-1745). "The Examiner."

Silence Is Golden

"Fear not to keep silence," said Hi Ho, the sage of Chinatown. "Even when you have found truth, how many men do you know who are worthy to hear it?"—Washington Star.

Right Principle

I wholly disapprove of what you say and will defend to the death your right to say it.—Voltaire.

ASHWORTH GETS SIXTH STRAIGHT

And Cardinals Move Into Tie For the Junior League Leadership

ST. ANTHONYS FIGHT HARD

George Ashworth, of the Cardinals, and Gallagher, St. Anthony twirler, hooked up in a neat pitching duel Thursday night with the Cardinal ace coming out on top by a 2 to 1 count. The victory was a sweet one for the Cardinals and a costly one for St. Anthony Jrs. It meant, then, that the Cardinals tied the Clintons for the junior league leadership, whereas St. Anthony's went tumbling to third place.

Before the game, Gallagher and Ashworth were both undefeated in league competition and these boys lived up to expectations by hooking up in a great match. It was Ashworth's sixth straight victory.

TWO WALKS AND SINGLE

The Cardinals were the first to bat. Charley Christell drew a walk with one out. Mac Lamb also walked and Pat Dunn singled, scoring Christell.

St. Anthony's scored a run in the first without the aid of a hit. Two bases on balls, an error and a sacrifice did the trick. Ashworth was wild in this first inning, but after that, was invincible.

Sal Pico's single in the fifth was the only hit scored against him although brilliant fielding by Lamb, Leonard and Christell saved several clouts from becoming hits.

CHRISTELL STARTS AGAIN

The Cardinals put across the winning run in the third frame and once more Charlie Christell started with a single. Lamb also singled, sending Christell to third. Pat Dunn and Christell then worked a squeeze play with the latter scoring. Gallagher settled down after that and the Cardinals failed to score the rest of the game.

Charley Christell and Pat Dunn were important cogs in the Cardinal machine. The latter scored both the runs and Dunn drove him in both times. Will Byrnes played "a la Art Shires" at his first base post and uncorked several one hand stops. The scores:

CARDINALS	R.	H.	E.

Standard Time Varies

Sixty-three kinds of standard time are being used in the world. The majority of the world's population uses one of the 24 scientific systems. India, New Zealand and several South American countries use a half-hour separation, while some small countries use strictly local time.

Each to His Taste

What is one man's noise is another man's music. People are seldom annoyed by the noises they make themselves.—Woman's Home Companion.

Battle of the Top Notchers Ends In Defeat of Clintons

BELL-NUTS WIN SHORT BALL GAME

Five Inning Giant Match Winds Up With Colored Men On Low End

ALSO WIN THEIR FRIDAY GAME

The fast-stepping Bell-Nuts registered their third straight victory Monday night at Clearman Field by taking the Colored Giants into camp 4 to 3. The Giants gave the Bell-Nuts a scare and were leading until the last inning.

George Moniot started for the Bell-Nuts, but only pitched to two batters before having to retire because of a sore arm. Mel Brown, who had pitched two games in three days, gamely took the assignment.

Crawford was the first batter to face Brown and with men on first and second he drove a triple to right field, scoring both. Hardaway's infield out scored Crawford with the third and final Giant tally.

AFTER BEING QUIET

After the first inning Brown was invincible. He allowed but one hit during the rest of the game.

The Bell-Nuts were strangely silent for the first two innings, but they rang out in the third frame to score two runs. Pint Sentner led off in the third with a single. He stole second and advanced to third on Baney's infield out.

Kearney drew a walk and stole second. Bill Buttons then proved to be the man in the pinch by driving out a long single, scoring Sentner and Kearney.

THE TYING RUN

Still a run behind, the Bell-Nuts were fighting hard. They tied up matters in the next inning when Pint Sentner laid down a perfect bunt to score Brown with the tying run.

Kearney led off the fifth inning with a single and took third on a wild heave. Bill Buttons fanned, but Hugh Clark and Kearney worked another squeeze play for the winning run.

The game started late so it was called after the fifth inning. Brown might have set a new strikeout record for the league had the game gone seven innings. He had ten strikeouts in the five innings.

Bill Kearney led the Bell-Nut attack with two hits in two official tries. Crawford, however, was the real slugger of the night with a triple and a double in two trips to the plate. Bill Buttons caught a splendid game for the Bell-Nuts. More than once the Giants found it useless to try to steal second.

Donnelly, Sent In For Tommy Byrnes, Keeps Opponents Under Control

TO HAVE ANOTHER CHANCE

The long awaited clash between the Clintons and the Cardinals took place Saturday afternoon at Clearman Field with the Cardinals coming out on top by a 4 to 3 score. The victory gives the Cardinals first place in the junior league, but both the Clintons and St. Anthony Jrs. are only a game behind.

Manager Danny Dunn of the Cardinals, sprang a surprise by sending Mick Donnelly in to pitch. It proved to be a good move as Donnelly pitched an excellent game. However, it must be said that he did not outpitch the former boxman, Tommy Byrnes.

FIRST AT BAT

The Cardinals were the first to bat. Tommy Byrnes forced the first two men to retire on strikes. Mac Lamb, next man up, was hit by a pitched ball. He stole second and came right on home when Al Schwartz let Connelly's heave to center field go through his legs.

The Cardinals came back with two more runs in the second when Mick Donnelly doubled to left center to score Sullivan and O'Neil. Not discouraged by this, the Clintons kept their heads up and scored two runs in their half of the second. A base on balls to Manning, a single by Al Schwartz, and another single by Johnny McGuire gave them their markers.

THE WINNING RUN

But the Cardinals scored another run in the fourth. Sullivan walked. Leonard sacrificed him to second and Will Byrnes came through with a single to right field, scoring Sullivan with what proved to be the winning run.

Meanwhile the Clintons could do nothing with Donnelly's delivery until the seventh inning, when they tried hard to tie matters up, but the best they could do was to score one run. Manning's triple and Schwartz's single gave the Clintons their run in the seventh.

Al Schwartz, with three singles, led both teams at bat. The Cardinal infield of Leonard, Lamb, Christell and Pat Dunn played a great brand of ball on the defense and twice pulled Donnelly out of tight holes by uncorking two fast double plays.

The Clintons will have another chance to avenge their defeat and they are confident of turning the tables at the next meeting. The scores:

ELKS LOSE SECOND STRAIGHT GAME

St. Peter's Walk Over Former League Champions By Score of 8 to 3 In Week's Thriller

Lefty Kintzing's String Of Wins Broken By Weak Pitching and Fielding

OPPOSING MOUNDSMAN HAD CONTROL EXCEPT IN SEVENTH

Believe it or not, the Elks were defeated twice in a row. St. Peter's trounced them 8 to 3 at Clearman Field Thursday night. The Elks played ragged ball, the worst they have played since the league started two years ago. One fan was so bold as to say that it was the Parks team masquerading in Elks uniforms.

Lefty Kintzing, who had a clear record of victory for the Elks until this game started was not up to his usual standard, while his team mates made matters worse with poor field work. They were guilty of five errors.

ALMOST A SHUT-OUT

Ral Flynn, on the other hand, pitched a wonderful game for the William Streeters. Ral had a shutout in his grasp, but he slipped in the seventh inning and the Elks scored their runs in this inning.

St. Peter's started out strong in the first inning. Before they were through they piled up three runs. But it was no fault of Kintzing's that the Saints scored three runs in this frame. Three errors gave the Saints their markers in this inning.

Not content with a three run lead the Saints came back in the second to score two more counters. Marty Mallack started off this inning with a homer and singles by Joe Curran and Ral Flynn accounted for the other run.

Again in the third the William Streeters went wild and scored three more runs. Two hits, an error, a base on balls and a fielder's choice gave them their runs.

After the third inning Kintzing pitched great ball and allowed but one hit the rest of the game. A double by Kastner, Dunleavy's triple, a base on balls and an error were responsible for the Elks' runs in the seventh.

Marty Mallack, with a home run and a double and Joe Curran with two singles led the St. Peter's assault. Jim Dunleavy hammered out two of his team's four hits; one of his blows going for a triple.

The Elks will attempt to snap out of their losing streak tonight when they meet the Belleville A. A. The last time the A. A. and the Elks met they engaged in a 3 to 3 tie so fans should be in for a great battle. Jim Mallack will toss them up for the Elks with Ted Coeyman, the league's leading pitcher, twirling for the A. A.

HARMON POINTED TOWARD BIG TIME

Len Harmon, world's lightweight crown contender, who recently toppled Jack O'Brien of Port Reading in a decisive way, is once more in training for another bout in the near future. His opponent will be named tomorrow night. Harmon lives on Mt. Prospect avenue.

He is a clever boxer and a hard puncher. Fight promoters predict that he will make a strong bid for the lightweight crown if he takes care of himself. They are looking forward to an eventual bout with Al Singer, who recently put Sammy Mandel out of the running.

Bearded Indians

Most Indians would have a slight to moderate growth of beard and mustache if they allowed the hair to grow. Beards are not wholly unknown among them. Some of the Mexican Indians have full beards. The Guarayas of Bolivia wear long, straight beards, and Cashibas of the upper Ucayli are bearded.

HARBELT STARS AS UNIONS LOSE

Clinton Pitcher In First Appearance Keeps Three Enemy Hits Scattered

THEN POKES A HOME RUN

The Clintons were in rare form last Wednesday night when they defeated the Unions 5 to 0 at Belleville Park in a junior league game. Harbelt twirled his first game for the Clintons and his debut was auspicious. He limited the Unions to three scattered hits. At the same time he was given excellent support by his mates.

Although the Unions got three hits, Harbelt had the distinction of facing twenty-two men in seven innings. Two double plays on the part of the Clinton infield gave him this excellent record.

Although they won 5 to 0 the Clintons did not do much hitting. They made only five hits. Runs were scored on errors. The winners started with a drive by pushing two runs across in the first inning. A single by Dborskey, a double by Harbelt and a sacrifice fly by Travers gave the Clintons their two tallies.

They scored another run in the third when Harbelt clouted a homer to left field, while another run was presented in the fourth when Bakavan made a costly error. A single, two stolen bases and an infield out gave the winners their final run in the fifth.

Harvey pitched a better than ordinary game for the losers, but had the misfortune to stack up against the Clintons when they were in unbeatable form. Besides twirling his team to victory, Harbelt also took slugging honors with a homer and a single. The scores:

Revenge Is Sweet, Bachelor Men Say, Defeating Saints

Red McDonald Guides His Team To Happy Victory—No Errors Made

SOLOMON'S BAT WORK FUTILE

The Bachelors avenged a recent defeat at the hands of St. Anthony's by taking that team into camp by a 6 to 3 score a week ago Wednesday night at Clearman Field. St. Anthony's outthit the Bachelors 10 to 8, but the winners came through with hits just at the right time.

St. Anthony's were the first to bat and Jerry Bonavita, Saints lead-off man, greeted Red McDonald, Bachelor twirler, with a single. Raddy fanned, but Solomon sent a long triple to right center, scoring Bonavita.

Derrico singled, scoring Solomon. Derrico then stole second and attempted to take third on Connelly's wild heave, but McCabe threw him out at third. Julianio and Carchio singled, but the latter was out attempting to steal second.

ALMOST EVEN

The Bachelors came back with a run in their half of the second. Fitzpatrick singled for a starter. Jim Kinneally laid down a neat bunt for a sacrifice. Pat Dunn shot a double to right field, scoring Fitzpatrick. Johnston flied to center field and Wengel popped up to Derrico to end the inning.

After this first inning St. Anthony's were unable to score until the seventh inning. Two singles and two fielders' choices gave the Saints a run in this frame. But the Bachelors had sewed up the game by scoring three runs in the third inning. Three hits, two errors and a wild pitch gave them their counters.

JUST TO BE SURE

Just to make sure of the game the Bachelors treated themselves to two more runs in the fourth frame. Connelly walked. McDonald's triple scored him and then McDonald scampered home on an error made a moment later.

Low Solomon, Saint center fielder, had a big night with the willow. He clouted a triple, a double and two singles in four trips to the plate. Jerry Bonavita came through with a brace of hits for the winners. Pat Dunn led the loser's attack with a double and a single.

Although touched for ten hits, Red McDonald pitched a great game for the Bachelors. Red was right there in the pinches and except for the first inning, was never in serious trouble. His teammates gave him great support. Not a single error was committed. On the other hand St. Anthony players were guilty of three. The scores:

Distinctive China

Th name willow ware is given to several reproductions of the Canton china of the Eighteenth century, decorated with a landscape and willow trees. It was first reproduced by Thomas Turner of Caughley, England, in 1780, and later by several English potters. One distinguishing mark which is found on much of the early willow ware is three small dots in the clay itself in pyramidal form.

Proposition in Euclid

"Pons asinorum" is Latin, and means "asses' bridge." It is the name given to the fifth proposition of the Book of Euclid, in which it is required to prove that angles at the base of an isosceles triangle are equal to one another.

Britishers Well Fed

Specifications as to supplies brought to this country for the British army in the Revolution required "beef, pork, bread, flour, salt, peas, oatmeal." To these were added bacon, suet, fish, raisins and molasses. Don Seitz, in writing on the subject, adds: "Potatoes, parsnips, carrots, turnips and cabbages were provided when possible. Nor was there lack of liquid refreshment. Port, claret and spruce were forwarded in quantities."

From the Spanish

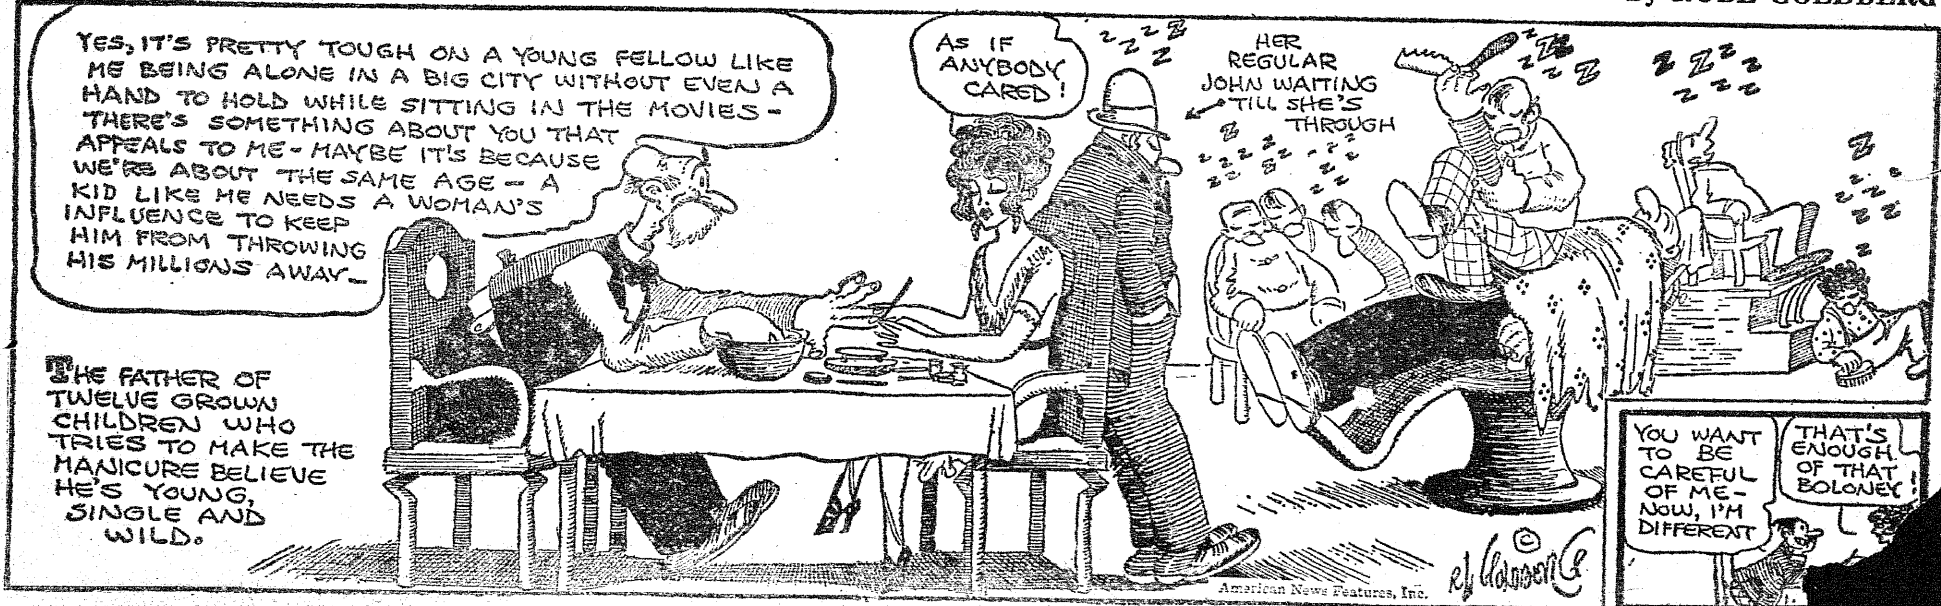

The word "flibuster" is an English adaptation of the Spanish filibustero, meaning a freebooter, buccaneer. The term was applied to a buccaneer, especially one of those infesting the West Indian Spanish-American coasts in the Seventeenth century.

Not in the Bible

The phrase "The Lord tempt the wind to the shorn lamb" does not appear in the Bible, despite general belief. It is taken from an old book, entitled, "A Sentimental Journey," written by Laurence Sterne, an English writer in the Seventeenth century.

Bell-Nuts Win

(Continued from Page Fourteen.)

BEAT PARKS 6 - 0 IN FRIDAY TILT

The Bell-Nuts continued their good playing in the Legion League by administering a 6 to 0 defeat to the Parks Friday night at Clearman Field. Mel Brown twirled for the winners and pitched one of the best exhibitions of the year, limiting his opponents to three hits.

For the first three innings the game was a pitching duel between pitchers. Neither team scored in the first three frames, but a wild heave in the fourth allowed Bill Buttons of the Bell-Nuts to score the first run of the game.

The Bell-Nuts picked up another run in the fifth frame when Moniot singled and took second on an error and scored on Pint Sentner's single.

In the sixth inning the Bell-Nuts made sure by countering three times through three errors on the part of the Parks. Moniot's single was the only hit in this inning.

POOR FIELDING

The Parks continued to give their pitcher ragged support in the seventh and this inning found the Bell-Nuts scoring a run without making a hit. The only chance the Parks had to score was in the first inning. They came mighty close to making a run and it was only Alex Baykowski's perfect heave from right field that saved the day.

The Bell-Nuts made four errors but they were not costly. George Moniot had a perfect night at bat with three singles in three trips to the plate.

Andy Colannino, twirling his first game in the senior league, gave a fine exhibition, but his teammates were guilty of some glaring errors. He yielded only six hits.

The scores:

BELL-NUTS	R.	H.	E.
Sentner, ss.	0	1	1
Baykowski, rf.	0	1	0
Kearney, 3b.	1	0	2
Buttons, c.	2	1	0
Baney, 2b.	1	0	0
H. Clark, cf.	1	0	0
O'Neil, 1b.	0	0	1
Moniot, lf.	1	3	0
Brown, p.	0	0	0
	6	6	4

PARKS	R.	H.	E.
Vogel, 2b.	0	0	0
Cavello, ss.	0	0	1
Murphy, cf.	0	1	0
DeWork, 3b.	0	1	1
Machonis, c.	0	1	2
Shannon, lf.	0	0	0
Iannicelli, 1b.	0	0	1
A. Colannino, p.	0	0	0
Bergman, rf.	0	0	1
	0	3	6

Score by innings:

Bell-Nuts	0	0	0	1	1	3	1	—6
Parks	0	0	0	0	0	0	0	—0

Boarding

BOARD WANTED — YOUNG FELLOW wishes board and laundry. Willing to share room with son of family. \$85 monthly. Please give particulars. Write Box A-10, Belleville Times. 7-24

Here and There

By Harry Metz

Behold the latest fad in sports!

Perhaps many are wondering what it is. Some night this week when you have nothing else to do, take a stroll or hop into your car and meander up by Division avenue above Union, or go up Joramemon street at Mertz avenue.

There you will find a youngster riding a bicycle. About his features are expressions of determination, grimness, courage, stick-to-it-tive-ness, or what have you. If you come back two or three hours later you will find another youngster with that same expression. Then two hours later you will find still another youngster riding.

You have probably guessed by this time that it is an endurance bicycle contest. Up Hackensack way, recently, three youths conceived the idea of seeing how long they could ride by relieving each other for an endurance grind. Three Belleville youngsters heard of the idea and decided to try it themselves.

The Hackensack boys rode fourteen days continuously. A big stretch to pass but the three Belleville boys are out to better the record! They have been going five days already and still seem strong.

One boy rides for two or three hours and then is relieved by the second member of the trio. The second member rides for a couple of hours and is then relieved by the third member.

Howard Gorman, Joseph Morano and Harry Knab are the endurance record seekers. They live in a tent and eat meals that are brought to them by faithful brothers. Of course, "Ma" prepares the eats.

Youngsters of fourteen or fifteen years are not rugged enough to do this without injuring their health, we believe.

Physiologists have always told us that every human being has a "physiological limit." It is our opinion that no matter how husky a youngster may be, he will injure his health in a feat of this kind. The boys will receive no remuneration for their efforts.

Well, well. Can you imagine it?

SCARS MADE BY PRUNING

BY R. E. HARMAN

Shade trees often suffer permanent injury as a result of improper care or complete neglect of the wounds caused by pruning. Scars made in pruning should be painted immediately with shellac to prevent drying out and consequent dying back of the cambium layer, the area just beneath the bark.

Shellac should be prepared by dissolving gum lac in alcohol. No other solvent should be used, as some solvents actually kill back the cambium layer instead of protecting it. In the case of small wounds a half inch or less in diameter, shellac will give complete protection under ordinary conditions, but on larger wounds the shellac should be covered with some more permanent preparation, such as asphalt, tar, or good lead paint of any desired color.

In the case of large wounds, good results will be obtained if the shellac is applied only over the cambium, cut edges of the bark, and the sapwood, but the permanent dressing should cover the entire scar.

A shellac brush can be cleaned easily by working it around for a few minutes in a cup of water with half a teaspoonful of ordinary borax. Shellac can be readily removed from the hands with the same preparation.

Expressions Explained

"That's the cheese" is a pungent expression which originated in the Anglo-Indian expression, "that's the chiz." Chiz in Hindustani means "thing." Therefore, "that's the thing." "High-falutin'" is a fantastic American variation of high-tail or high-floating.

The Elks have lost two games in a row. We certainly never thought this could happen. Your humble correspondent is not elated over this, the reason being that before the season started, we picked the Elks to cop the pennant.

But just to prove we haven't lost faith in Tommy Dunn and his gang we still predict they will come through even though they must win every game from now on to do this.

While on the subject of predictions, here's another! Jim Mallack will toss the Elks to victory tonight when they meet the league leading A. A. Jim has had a good rest and should be raring to go. Here's another reason.

Ted Coeyman is due to be "bumped off." That's no reflection on Ted's pitching ability because we rate him one of the best, if not the best in the league. But remember, no matter how good a man may be, he cannot keep going forever.

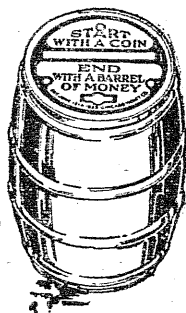

Hats off to the Cardinals. They deserve lots of credit for what they accomplished last week Thursday night they played St. Anthony's and defeated them 2 to 0. Saturday they played the Clintons and won 4 to 3. Previous to this these three teams were tied. The Cardinals are making a great play for the pennant.

The Flow-Back

When earnings are turned back into a business it is in order to increase the rate of profits according to the same method by which interest is compounded on savings. The plowing-back idea has been especially prevalent the last few years.

No Trouble at All

In this ungallant age it's still possible for a lady to get a seat almost anywhere if she has \$257,000.
