VOL. XXI, No. 37

BELLEVILLE, NEW JERSEY, THURSDAY, JULY 31, 1930

FIVE CENTS

Town Would Revoke Permit Granted By Inspector and Approved By Zone Board

Seven Streets Ordered Improved,
One Over The Residents'
Objections

ROAD STAND OWNER KICKS

Work on the DeJonge ice house at Clinton and William streets was stopped yesterday morning by the police on order of the Board of Commissioners following a protest by forty-four residents at the meeting of the Board of Commissioners Tuesday evening. In the meantime Town Counsel John B. Brown is reviewing a permit for the building which was issued by the building department and approved by the Board of Zone Adjustment. Mr. Brown gave as his opinion at Tuesday night's meeting that the permit could be revoked. Permission to erect the ice house was first sought for another part of town.

When the matter came up Tuesday evening Commissioner Carragher, seconded by Commissioner Waters, moved that the building department and the zone board be asked if the permit had been granted and approved. Later in the meeting a report was made by Mr. Brown that this was the case. A recess was then taken while the Board discussed the matter, after which Commissioner Carragher moved that the police be directed to stop work yesterday morning while the town counsel reviewed the case with a view to preventing it entirely.

Improvements Voted

Six improvement ordinances were read by Town Clerk Daly, one providing for pavement and curbs on Springer street at an estimated cost of \$5,000; one for a similar improvement on South Wilbur street, \$6,000; for paving, curb and sidewalk on Lukowiak place, \$12,000; paving, curb and sidewalk on Minker place, \$4,000, and sidewalk and pavement on Dawson street, \$4,000. It was also resolved to pave and curb Academy street over objections of property owners because the Board considers it a public necessity.

At the Board's conference in the

LAUNDRY MAN SETTLES THEFT CASE OUT OF COURT

An embezzlement complaint upon which Peter Buffo, twenty-eight, of 175 Brighton avenue, appeared last Friday night before Recorder George A. Fitzsimmons, was withdrawn and Buffo released upon the payment of a \$5 fine, when it was shown in court that restitution had been agreed to by Buffo.

The defendant, who has been employed by the American Laundry Company of 145 Heckel street as a driver, was accused of having appropriated receipts of the company, which he claimed, however, constituted borrowed money, taken with his employers' knowledge.

John Filliponi of 150 Heckel street, acting in behalf of the laundry, agreed to the dismissal of the complaint.

CAN'T FIND ANY SLOT MACHINES

They Are Ready To Confiscate
Them Despite Threatened
Court Action

FOUR REMOVED BY OWNERS

While the Newark police continued sporadic raids upon slot machines late last week and early in the present week, the situation in Belleville remains unchanged, with Police Chief Michael A. Flynn apparently the undisputed victor of his brush with the so-called racket last week, when he barred their entry here and defied the distributors to enjoin him.

The attempt to establish slot machines in Washington avenue lunch rooms was halted, after four had been installed, and the operators decided not to risk their confiscation, but took them away of their own volition, after Chief Flynn told them that the injunction against Safety Director Egan and Prosecutor Smith of Newark meant nothing to him.

(Continued on Page Eight.)

SUSPECT NUTLEY MEN OF HOLD-UP

Caught Running From Scene Of
Hold-Up Which Netted
Two Tokens

QUICK WORK BY FLYNN

A highway robbery at Little and Ralph streets shortly after midnight Tuesday morning netted the two bandits trivial loot and was followed by the almost immediate apprehension of two suspects, when Patrolman John F. Flynn saw two men running a few blocks away, and arrested them at Belleville avenue and Main street. Police said they signed a statement which amounted to a confession.

The victim, Domien Tofio, a stationary fireman of 282 Ralph street, was struck on the head with the butt of a gun by one of the robbers, while the other went through his pockets and obtained, police said, only two trolley tokens.

A witness telephoned to the police and Patrolmen Gross and Anderson went to the scene, where they found the victim, but no sign of the bandits. Tofio was taken to headquarters and given first aid. Meanwhile, word had been flashed to other patrolmen on beat and Officer Flynn promptly seized the two suspects when he came upon them in flight.

The pair gave their names as James Stigari, twenty-five, of 18 Hancock avenue, Nutley, and Nick Lardiere, twenty, of 14 Hancock avenue, Nutley. They were booked for hearing on a charge of highway robbery.

GUARDS INCREASED AT NUTLEY STRIKE

Two Fights Occur As Workers
Drive Home At
Night

PICKETS ARE KEPT MOVING

The police guard at the Hudson hat factory, Washington and Park avenues, Nutley, was increased from three to five yesterday afternoon. The strikers, who are attempting to unionize the plant, are maintaining a picket, but Irving Wosnitzer, treasurer of the company, says the plant is operating at full capacity and has no intention of becoming a closed shop. He says that no other demands have been made on the company.

Decision on the part of the Nutley police to increase the number of guards came after two bits of violence which occurred during the week. In one instance a car, supposedly containing strikers, followed another car containing employees of the mill to Clifton where a fight occurred in which the windshield of the employees' car was broken and several of them were struck. Tuesday night a triple collision occurred in Newark when a car, also supposedly containing strikers, attempted to cut off one containing employees. In both cases complaints were made to the police of the respective towns.

PAPERHANGING and Painting done to your satisfaction at the most reasonable prices. Belleville Paint & Wallpaper Supply Co., 63 Washington Ave., Belleville 2-3545. —Adv.

Closed Bridge Is Costing Bus Companies Plenty Money

ROTARIANS HEAR REPORT FROM THEIR DELEGATE

Edward H. Yerg, who was the delegate of the Belleville Rotary Club to the international convention at Chicago gave his report yesterday at the local club's weekly luncheon.

Stressing the seriousness with which most of the delegates seemed to take their job he said that the 634 from foreign countries seemed even more in earnest than the Americans. The foreign delegations constantly expressed the belief, he said, that Rotary was doing a remarkable thing in building international good-will and understanding which would prevent future wars.

Raymond Mertz presided at the luncheon in the absence of the president, John DeGraw.

FIRE 'CALL MEN' PICKED BY BOARD

List Put Back To Its Old
Strength Of Thirty-
Five

ELEVEN ARE OLD MEMBERS

Thirty-five "call-men" in the fire department were appointed by the Board of Commissioners Tuesday evening on recommendation of Commissioner Clark. They will receive \$120 a year, payable semi-annually, if they attend seventy-five per cent or more of the year's calls. If they respond to less than this percentage their salary will be pro rated. Eleven of the thirty-five were reappointed. They are:

C. Fornoratti, P. Ungaro, P. Biase, J. Delia, H. Bradford, W. Cassidy, H. Ziegler, C. Lehman, F. Hunkle, J. Oldham and M. Higgins.

The new names added to the list are: J. A. Murray, Douglas Chapman, August Bechtold, George

(Continued on Page Nine.)

Passengers Are Dropping Off
Also Because Of Longer
Ride

ARRESTS AN ADDED BURDEN

Serious losses are being caused the two bus companies which serve Belleville by the closing of the Belleville Bridge, according to statements issued by their officials this week. They are the Nutley Journal-Square Bus Company and the DeCamp bus line. The latter claims that the extra mileage caused by the detour is costing about \$150 a day while the Journal Square company places the figure even higher. The latter company claims that they are operating 800 additional miles daily—eight miles on each of their 100 trips—and that in addition to the extra cost passengers are falling off wholesale because of the greater length of time it takes to reach the city.

Another cause for complaint by the companies is the drive that has been started on the buses for speeding. Their side of the controversy is that they fix schedules as short as possible because of the demand of the public for fast service and that the schedules are upset by traffic and open bridges. The drivers then feel that they are compelled to speed on open stretches to make up for lost time. Many municipalities along the route of both buses have started to summon the drivers to court, which is further disrupting the schedules because the policy of the companies is not to pay fines for the drivers.

MINIATURE GOLF COURSE FOR SILVER LAKE SECTION

A miniature golf course constructed in the Silver Lake section. It will be situated on a street on the property of A. Edison. Three partners the land for a term of three years. The course measures 150 feet, having eighteen holes.

Daniel Serritella and James Costingano, two of the partners, say that the course will be ready during the week of August 11. The carpentry is being done by Alfonso Alberti while the rigging and masonry is by Charles Cuzzo.

Take Movies of Celebrities on New England Auto Trip

Neil Horne of Joralemon street returned Saturday from what he describes as a very interesting one week's vacation trip. Accompanying him were Allan Crisp and Lawson Shriver of Hornblower avenue.

Among the celebrities visited were Calvin Coolidge, Thornton W. Burgess, Sinclair Lewis and Mrs. Lewis, the former Dorothy Thompson, Booth Tarkington and Harrison Gady. All of the above with the exception of Mr. Coolidge consented to pose for motion pictures. Those of Mr. Burgess were taken

at his newly acquired summer home at Hampden, fifteen miles out of Springfield, Mass. The young men were shown through the house and grounds, whose interesting history dates back to 1742. A mutual friend, Ralph R. Eno of Rutland, Vt., helped in the arrangements for the pictures of Mr. and Mrs. Lewis at Woodstock, twelve miles west of Windsor, Vt.

Odd Residence

The next movies to be secured were of Booth Tarkington at his summer home in Kennebunkport, Me. At Rockport, Mass., they visited Mr. Cady and the pictures of him were taken at his unique home called "The Headland House." This house is a round tower two

(Continued on Page Thirteen.)

Still Blast Wrecks Cellar; Owner Can't Be Located

The explosion of a still in the cellar of a two-family house at 427 Greylock parkway, near Norton street, at 11:25 o'clock Tuesday night made a partial wreck of the interior of the house and aroused the neighborhood, bringing the police, who investigated, but found no one against whom to prefer a formal charge.

A telephone call from a neighbor reported the explosion as having occurred near Greylock parkway and Belmoor street, and with this vague address, Officers Flynn, Lukowiak and Gross responded. They were directed to the scene of the explosion, when they arrived and found no one living on the first floor, although the second floor was occupied by Mrs. Mary Soosa, the mother of several small children, none of whom was injured by the blast.

The boiler showed the still to be one of fairly good size, although on account of its wrecked condition and the debris in the cellar, the police were unable to estimate its capacity. While they were on the premises a man walked into the yard, not knowing they were there, and apparently took fright and started to leave. They hailed him and he was afterward questioned, but there was no ground to hold him on suspicion, and it was decided to report the case to the Prohibition Enforcement Bureau in Newark, with such evidence as the police were able to give from observation.

Mrs. Soosa was questioned but not arrested. The furniture on the first floor was virtually ruined, as well as the decorations and wood-work.

DOUBLE FUNERAL OF DROWNED BOYS

Pair Whose Cries For Help Were Ignored Are Interred At Holy Cross

MESSENGER BOY WAS WITNESS

A double funeral service for Fred Triano, of 163 Brighton avenue, Belleville, and his cousin Fred Bifnoge of Walnut street, Newark, both aged nine years, who were drowned in Davey's pond, Bloomfield, on Saturday morning, was held at 9 o'clock Tuesday morning in Sacred Heart Church, Bloomfield, followed by burial in Holy Cross Cemetery, Arlington. Father Donovan conducted the double mass of requiem.

The Triano boy, who is the son of Mr. and Mrs. Jerry Triano of the Brighton avenue address, and his cousin had gone swimming in the pond, and the first knowledge to others of their plight came when John Bulcate of 62 Winthrop street, Newark, a Western Union messenger, saw one of the boys struggling in the water about fifty feet from shore. The other had already disappeared.

Cries Are Ignored

Bulcate called for help, trying to attract the attention of several older boys on a bridge about 100 yards away, but they ignored him, evidently in the belief that he was fooling. After wading into the water up to his neck, he gave up his lone rescue attempt, being unable to swim. By this time the second boy had gone under.

Police were called by neighbors who heard Bulcate's cries and Patrolman Edgar Wilhelm located the bodies. Firemen threw him a rope which he tied to one of the bodies, bringing in the other in his arms. Inhalators applied by police and firemen, working under Police Captain Jensen and Fire Chief Koeber of Bloomfield, were used to no avail and an ambulance surgeon from Mountside Hospital, Montclair, pronounced the boys dead.

Last winter a boy fell through the ice and was drowned in the pond, which has claimed victims frequently in the past and has been a source of danger to children living nearby. Police think the two boys may have slipped into a mud-hole and became embedded in the mire.

BOY HURT BY AUTO

Lester Shrive, of 738 Main street, Newark, was driven to the hospital on Wednesday of last week, when he was riding a wagon at the time, was injured when the wagon struck a rear wheel of Shrive's car. The boy was taken to the office of Dr. G. Rae Lewis for treatment of an injury to his forehead, being then taken home by Shrive.

Asking Favors

When recently a woman was falteringly asked to grant a simple favor, she gently replied, "Here's a formula I apply when I need help: I ask myself whether or not I should be happy to do this for some one else. If I should, I don't hesitate to ask. So, thank you for giving me this pleasure."

HEAR FRIENDS IN QUAKE DISTRICT ARE UNINJURED

Two of the members of First Italian Baptist Church, this town, Mrs. Angelina Malcone and Frank De Angelis, have relatives living in the district stricken by the recent earthquakes in Italy. Replies to cablegrams dispatched by them in New York on Sunday stated that their friends were safe.

The damage in Abellina was slight as compared with other towns, there being no known dead. There were six fatalities reported in Pisaccia and considerable property loss. King Victor Emanuel has visited the latter place since the disaster. Rev. Benedetto Pascale states it is about a mile and a half distant from the town of Lacedonia where there were between six and seven hundred deaths. The three towns mentioned are in the province of Abellina.

At the Sunday evening services of the church prayers were offered for the victims and funds were solicited for the benefit of the sufferers.

GOOD RESPONSE TO WORK APPEAL

Service Bureau Still Has Plenty Of Drivers, Carpenters, Laborers

ASK FOR CALLS DAY AHEAD

Miss Bertha Kline, executive secretary of the Community Service Bureau, has expressed her appreciation of the co-operation shown by citizens of Belleville in giving day's employment to the town's idle workers. They still have men on their list in need of work, truck drivers, carpenters and unskilled laborers.

Miss Kline asks that anyone having employment for these men notify the Bureau a day in advance. Generally they cannot be reached until evening as they are making the rounds of the employment bureaus and industries during the day. The number is Belleville 2-2686.

WALLACE & TIERNAN ADD FOUR-STORY FACTORY WING

The erection of a four-story addition to its plant at Mill street and Route 21, the new highway under construction near the Passaic river, is to be undertaken by the Wallace & Tiernan Company, manufacturers of water sterilization apparatus, it was announced this week. Officials said the building had been decided upon to take care of increased business.

The new structure will be of brick and steel and will include 51,000 feet of floor space. The company at the present time employs about 400 men, and while the new plant is not expected to add materially to the force, it will allow the company to "spread out" in line with plans which have been under contemplation for several months.

The contractors, Mahoney & Croast of Passaic, were on the scene Monday with a force of men to start work on the new building, which will require about three months to complete. The architects are Fletcher-Thompson, Inc., of Newark.

LAST WEEK'S WINNERS

First, Henry Potter, 37 Fairway avenue; second, Edith Pole, 345 Union avenue; third, Elizabeth Brown, 70 Division avenue.

Each of the three winners found nine of the eleven mistakes and awards were made on the order of their receipt at THE TIMES office.

LAST WEEK'S ANSWERS

- 1—Draw knife would not hang on nail in that position.
- 2—Light bulb is not in center.
- 3—Hatchet could not be driven into bench as shown.
- 4—One shank of brace too long.
- 5—Window has hinges both top and bottom.

Simple Blackboard

Blackboards of any size are usually quite expensive, but one woman found a way to make one that costs less than 75 cents. She bought an inexpensive dark-green window shade and a can of flat black paint. Two coats of the paint were applied to the shade, which when dry became a blackboard that could be rolled up out of the way when not in use.

Sparrow Has Many Songs

One song sparrow may have as many as 20 different songs, says Nature Magazine, each as much his own exclusive property as though copyright. But all of these, as well as the songs of all other song sparrows, have certain qualities that proclaim that the singers belong to that species and no other.

"Pure" and "Sterling" Silver

Pure silver is 1,000/1,000 parts fine; coin silver is 900/1,000 parts fine; and sterling silver is 825/1,000 parts fine.

Ambassador's Credentials

An ambassador is sent by the head of a sovereign state as his personal representative to negotiate with a foreign government and to care for the interest of his own country. The credentials consist of a sealed letter addressed from his sovereign or ruler to the one to whom he is accredited and embody a general assurance that his ruler will confirm whatever is done by the ambassador in his name.

Bridegroom's Friend

The "best man" is a relic of the faraway days when marriage was effected by capture. The man could not always do it himself, and often he would take a strong-armed friend to help him. And it is this friend of the olden days who has now become the "best man" in the modern wedding ceremony.

In a Nutshell

No wind serves him who has no destined port.

VOLUNTEER LABO SPEEDS NEW GYM IN SILVER LAKE

Concrete Foundation Done and Corner Stone Is To Be Laid

BOYS HAVE DONE GOOD WORK

The laying of the cornerstone of the new gymnasium adjoining the Friendly Playground at Silver Lake at 2:30 Saturday afternoon followed the completion of the concrete foundation by volunteer workers. Rev. Benedetto Pascale of the First Italian Baptist Church states that an equivalent of forty days of labor has been contributed by different persons, 146 hours or six days of it having been given by boys between the ages of thirteen and sixteen.

A record is being kept of the names of these volunteer workers, about thirty-five in number, together with the character of their work and the number of hours contributed by each. It is planned when the building is completed that special privileges of sorts will be given them in appreciation of their services.

Worked At Night

Sometimes they have worked as late as 10:30 at night when they have been rewarded with a macaroni supper cooked by the women of the church and served in the playground. The ladies have also served noon and evening meals for them, as well as preparing refreshments during the day, such as lemonade, ice cream and coffee. Rev. Pascale says that the prevailing spirit of enthusiasm, co-operation and sacrifice among these people of Silver Lake has made possible the splendid advancement of the work thus far. Sometimes as many as 100 people have watched the men at their work. He estimates that the saving effected by these volunteer workers, if figured at the very lowest workman's wage of forty cents an hour, would more than offset the expenditures.

About thirty people attended the simple ceremony and listened to Rev. Pascale's address when the cornerstone was laid. The building will be known as Friendly House.

The Friendly playground is attended by an average of from seventy-five to 100 children daily. Volunteer workers take charge of the playground after the directors leave so that it is open until 9 o'clock in the evening, when the older folks are invited to come for rest and recreation. The children are allowed at this time to play quiet games under the supervision of the volunteers.

A. & P. BAKERY LEAVES, BUT LAUNDRY ARRIVES

Belleville gained a new industrial plant this week to make up for one which moved away, when the Atlantic & Pacific Tea Co. began moving its employees' laundry from Brooklyn, to occupy the plant at 253 Cortlandt street, vacated recently by the company's bakery. The bakery moved to a new warehouse which had been built for it in Newark.

The laundry is already in operation, with partial equipment brought from Brooklyn, and will confine its work, as in the past, to exclusively company work, which consists of laundering the white coats and aprons of its store clerks and other employees, as well as the similar apparel of employees in its factories and warehouses.

The plant will serve the entire metropolitan area, receiving laundry work in some cases from 150 miles away, and it will have about 17,000 square feet of floor space, according to S. J. Ehrlicher, the manager.

While there were only about twenty-two employees on duty this week, they are arriving one or two at a time to augment this force, and this will continue until the time comes when the plant is fully staffed.

All Sorts of Games Keep Playground Children Active

The Silver Lake playground defeated Friendly playground 4 to 3 in a hard fought eleven-inning game of playground ball last week. No. 1 school playground found little difficulty in defeating the Recreation House team 7 to 1. However, the Recreation House team was able to reverse the result in volley ball, in which they made scores of 15-10, 1-15 and 15-12. Silver Lake discovered that Friendly boys had a better volley ball than playground ball team when the former were the losers with scores of 15-14 and 15-9. The girls' volley ball at Silver Lake won over Friendly by scores of 15-11 and 15-8 and the No. 1 school girls defeated the Recreation House team 15-13 and 15-5. Al Caruso won the horseshoe tournament at No. 1 school, with Ray Marshall coming in second.

GIRL WINS AT HORSESHOES

The girls' horseshoe tournament at Friendly was won by Miss L. Wright, Miss V. Arena being second best. J. Torro was the winner of that playground of the boys' tournament, with J. Bruno second. Miss N. Corobo proved the checker champion among the girls and Miss Gatto was the next best. Three prizes were given for the best babies at Silver Lake. The first went to Jean Constantino as the best infant, the other two were won by Margaret Calamai and Peter Christiano as the best girl and best boy. Honors at No. 1 school playground pet show were carried off by Frances Palmore showing the best dog, Irene Permison the best kitten, Olive Delaporte the best fish, Rose Bergemen the best rooster, James Wood the best white mouse, Mabel Baun the best rabbit, George Stout the best turtle, and Julia Bosiak the queerest fish.

Judges for the baby show were Miss Helen Dickinson, Miss Ethel M. Wellington and C. H. Ross; for the pet show they were Mildred Joiner, Emma Hogg, Dorothy Bloemeke and Genaro Del Grosso. Mrs. M. Zita Lonergan reports progress in the artcraft classes conducted at the playgrounds under her supervision.

It is planned to present a pageant, "The Oregon Trail," at Clearman Field during the last week in August. The exact date will be announced later. This will be a dramatized version of the story, "The Covered Wagon." Mr. Ross, who is in charge of recreation activities, expresses the hope that relatives and friends of the children taking part will show their support and appreciation by attending. There is no admission charge and everyone is welcome.

Miss Catherine Watters and Jerry Bonavita, instructors at Silver Lake playground, are planning a pie eating contest for Friday afternoon, August 1.

July 23 the Recreation Commission opened a new playground in the Soho section. There has been great need of a playground to meet the requirements of children in that section of the town. The Commission has expressed its indebtedness to Fred Alessi for the use of his property on Wallace court and his splendid spirit of co-operation.

Attendance at the playgrounds for the week beginning July 21 numbered 3,389.

Historic Vessels

The names of the vessels which brought the first colonists to Jamestown, Va., were the Sarah Constant, the Godspeed and the Discovery. They came to anchor off the island where Jamestown was established on May 13, 1607.

LIONS DISCUSS HOLDING MEETING IN THE EVENING

The Lions Club will discuss the question of holding their weekly meetings at dinner instead of the luncheon hour when they meet at the Elks Club today. The matter has been discussed before, but decision probably will be put over until the return of Mayor Kenworthy, who is now head of the club.

City Need Overlooked

An obvious truth was strangely overlooked until a bystander at a swimming pool remarked that what city traffic needs is springboards for pedestrians.—San Bernardino Sun.

Of Mixed Blood

Portuguese are a mixed race, originally Iberian, with later Celtic admixture. Galician blood predominates in the north. Jewish and Arabic in the center, and African in the south. The presence of negro blood in part of the population is due largely to the settlement of African and Brazilian slaves in the country.

Sure Worries

So long as we have a younger generation there will be worries for the older folks.—Des Moines Register.

Thumb Rings

Rings are seldom worn on the thumb today, but during the Fifteenth and Sixteenth centuries the thumb was the popular ring finger.

Police Pacify Bus Drivers Who Staged Fight In Street

Fists swung and epithets flew in an encounter near William street and Washington avenue Tuesday morning, when a DeCamp bus driver and a Public Service truckmen, whose companies are rivals in the transportation field, indulged in personalities over a complaint that one was "crowding the other off the road."

According to a version which reached the police, Charles Shereck, twenty-nine, of 35 Beacon avenue, Jersey City, the DeCamp driver, stopped for a flat tire in front of the Public Service vehicle, which was driven by John A. Pures of 183 Highland avenue, Kearny, and failed to allow him room to pass. Pures challenged the other, and when it finally led to calling names, it was not long before blows resulted.

A crowd collected and finally the police intervened, Patrolman Scott and Chanceman Fleischauer arresting Shereck on a disorderly conduct charge preferred by Pures. At police headquarters a hearing was ordered for Shereck before Recorder George A. Fitzsimmons for tomorrow night. But when the two disputants concluded with telling their stories informally to the police, they shook hands as a farewell until the case is called.

The DeCamp bus is one on the

route between Montclair and New York, and was making a detour through Washington avenue, occasioned by the closing of the Rutgers street bridge.

Pessimistic Idea

No man is happy. Man strives all his life through for imaginary happiness, which he seldom attains, and if he does, it is only to be disillusioned.—Exchange.

Cider Helped Out

During the month of November, 1929, the public fountains of the town of Sama de Langreo, Spain, were contaminated with typhoid germs, and instead of water the 6,000 citizens drank apple cider. The total consumption of cider for that period was 200,000 liters.

From the Greek

The prefix "pneu" used in such words as pneumatic and pneumonia comes from a Greek word meaning air.

Think It Over

There is nothing in the world so irresistibly contagious as laughter and good humor.

And Old if You Have It

There is one infinitely true line in the New Theater show: "You are old when money can buy you what you want."—London Opinion.

Mrs. H. J. Wiese and daughter Viola of DeWitt avenue spent last week in Bradley Beach at the summer cottage of Mrs. Frank Bangert of 143 Cedar Hill avenue.

Mrs. Richard Owen and daughter Florence of DeWitt avenue left Wednesday for Atlantic City where they are stopping at the Hotel Traymore. They will return Saturday to spend the weekend at their cottage in Keansburg.

The Misses Irva Briggs, Lillian Pesvey and Marjorie Owen have returned from a week's stay at the Budd House, Budd Lake.

Miss Teresa Colannino of Cedar Hill avenue is spending her vacation at the Clement Hotel in Coney Island.

H. R. Roberts of Hornblower avenue will spend his vacation at Niagara Falls and Canada.

Mr. and Mrs. Victor F. Meyer and daughter Grace of Smallwood avenue have returned after spending a week in Point Pleasant.

Miss Isabel Abbott of Walnut street and Miss Edith Hardman of Union avenue will leave tomorrow on a two weeks' motor trip. They will go to Niagara Falls where they will cross Lake Erie by boat to Detroit. From there they will drive to Chicago to visit Mrs. Charles Kose, a former schoolmate of Miss Abbott's. They will return by a southern route.

Mr. and Mrs. A. F. Dunn and daughter of Rossmore place returned Saturday from Asbury Park where they spent three weeks.

Mr. and Mrs. J. Gordon Eska of Belmont street spent several days last week in Atlantic City.

Howard Buckley of Tiona avenue spent the weekend in Northport, L. I.

Tom Patterson of Adelaide street left Saturday to spend the rest of the summer at Camp Mohican, Blairstown.

Mrs. Chauncey Black and Miss Mae MacArthur of Preston street spent the weekend with relatives in Ocean Grove.

Andrew Lightbody and Miss Louise Lightbody of Hornblower avenue are leaving tomorrow night for a two weeks' stay in Chicago where they will be the guests of James C. Lightbody.

Mr. and Mrs. Arthur Lockward of Little street spent the weekend in Beechwood at the summer home of Mrs. Lockward's sister Mrs. Edward Evers of Adelaide street.

Mr. and Mrs. Edgar L. Tallman of Adelaide street spent the weekend in Ridgefield Park visiting Mr. and Mrs. Harrison Tallman. The party motored to Winstead, Conn., Sunday. Miss Jean Tallman, who is spending the summer at Camp Wild, Pelham Manor, N. Y., spent Tuesday and Wednesday at home.

Gordon Crisp of Hornblower avenue was home last week and has now returned to the Newark Y. M. C. A. camp Kiamashia, where he is associate director. He is coaching boys at the camp for a musical comedy, "The Isle of Sunshine," which will be given August 9.

Mr. and Mrs. E. A. Blossom of Floyd street left Friday for a few weeks' vacation at their summer home in Ludlow, Vt. They took with them as their guests Mr. and Mrs. L. S. Graham and daughter Patricia, also of Floyd street.

Norman and Paul Thompson, sons of Mr. and Mrs. Harvey B. Thompson of Hornblower avenue, recently returned from Camp Kitchy, the Orange Y. M. C. A. at Lake Fairview.

Mr. and Mrs. L. Robin motored to

Camp Salbedale, Califon, Saturday to visit their daughter Jean, who is spending two weeks there.

Mr. and Mrs. Gordon R. Kyle of Joralemon street spent the weekend in Ridgefield, Conn.

Mr. and Mrs. Herbert V. Hardman and daughters Amy and Doris of Union avenue are on a week's tour of Maine and New Hampshire.

Miss Millicent Chapman of Peapack was the guest of Miss Peggy Hardman of DeWitt avenue this week. Thursday Miss Hardman returned with Miss Chapman to her home in Peapack to spend a few days there. Sunday Mr. and Mrs. J. Harry Hardman will motor to Peapack and will be the guests of Mr. and Mrs. W. O. Chapman. Miss Hardman will return with them.

Mr. and Mrs. Henry G. Hahn of Willet street, Bloomfield, are spending two weeks in Atlantic City and Philadelphia. They will motor to Mauch Chunk and Hazleton, Pa., before they return. Mr. and Mrs. Hahn are former Belleville residents.

Mrs. John Struyk of Main street left Friday with Miss Fannie Van Mourik of Albany, to spend ten days at Ocean Hotel, Asbury Park.

Mr. and Mrs. H. N. Cummings of Lloyd place and Mr. and Mrs. Gordon Sinclair of Van Houten place spent the weekend in Princeton.

Mrs. George Lennox, Mrs. Theodore Sippel, Miss Marie Ericson, Mrs. Frank Matson, Mrs. Frank Dilk, Mrs. Earl Jensen, Mrs. Charles Painter and Mrs. Anna Chown of this town, and Mrs. Stephen Mills of East Orange will be the guests this evening of Mrs. Hurl Vreeland of Carpenter street at her summer home at Longwood Lake.

Mr. and Mrs. George Turner left Sunday to spend the week at the Trexler Hotel, Atlantic City.

Mrs. Anna Chown and daughter Arlene of Smallwood avenue have returned after spending a week in Stamford, Conn., where they visited Mrs. Chown's sister Mrs. Raymond Ericson.

Mr. and Mrs. Frank H. Crocker and Miss Florence Crocker of Smallwood avenue have returned from a month's vacation. One week was spent visiting Mr. Crocker's father T. W. Crocker of New Castle, New Brunswick, and three weeks at a cottage at Bay Duvin. The trip was made by automobile.

Twenty-five members of the Rainbow Club spent Tuesday evening at Steeplechase, Coney Island, leaving Belleville by bus at 6:30.

H. A. Schwieker of Tappan avenue left Friday to spend a month with his family at their summer home, Swartswood Lake, near Newton.

Mrs. Stephen Dingle of Rutgers street left Friday for Los Angeles where she will visit her sister Mrs. William Lowry.

Miss Mildred Ennis and Miss Betty Stumpe of Tappan avenue have returned from a week's stay in Ocean Grove and Asbury Park.

Miss Priscilla Rubin and Dr. Abraham Alba Rubin of Washington avenue spent the weekend in Atlantic City. Miss Rubin is remaining for the rest of the week. Mr. and Mrs. Morris Ostrum and Albert Brosdal of Philadelphia spent the weekend at the Rubin home.

Mr. and Mrs. Fred Fischer of Oak street left Monday for a week's motor trip through Vermont and the White Mountains.

Mr. and Mrs. E. C. Osborne and children Stanley and Shirley of Tiona avenue have returned from a two weeks' vacation spent in Washington, D. C., and Philadelphia,

Have The Times Follow You

Before you leave for your vacation or your summer home call THE TIMES office—Belleville 2-1721—and have your address changed. You will find THE TIMES even more interesting while you are away than when you are at home. There is no charge for this service, but we request that you notify us promptly when you return.

PRAVATA — ORIO

Miss Rose Orio, daughter of Mr. and Mrs. Pasquale Orio of 271 North Belmont avenue, Silver Lake section, and Anthony P. Pravata, son of Mr. and Mrs. John Pravata of 276 North Belmont avenue, were married Sunday afternoon at St. Anthony's Church with Rev. Joseph Guintia officiating.

The bride was given in marriage by her father and Miss Stella Burpe played the wedding march. Miss Orio wore a white gown and carried red roses. A reception followed the ceremony at Steffanelli's auditorium. The couple will return from a two week's trip to Bermuda and will make their home at 276 North Belmont avenue.

where they visited Mrs. Osborne's brother Joseph H. Thompson.

Mr. and Mrs. Charles F. Wheatley and children Joan, Charles and Janice of Washington, D. C., returned home Sunday after a short visit with Mrs. Wheatley's sister, Mrs. M. C. Albey of Malone avenue.

Mr. and Mrs. Joseph Armour and daughter Elinor of Little street have returned from their vacation which they spent motoring through Maine and Canada. Eleanor Brady of Linden avenue was their guest on the trip. William Spencer of North Adams, Mass., spent the weekend at the Armour home.

Mrs. Simeon O. Bellis of Holmes street has had as her guest for the past few weeks her niece Miss Estelle Gerlich of Sea Cliff, L. I.

Mrs. Eugene T. Berry and daughter Eleanor of Overlook avenue are at home after a month spent at the summer cottage of Mrs. Berry's father at Glen Wild Lake, Bloomingdale. Mrs. Berry has been recuperating from an illness.

Mr. and Mrs. Arthur Adams and children Marion and Dorothy of DeWitt avenue spent the weekend at Lake Hopatcong.

Miss Christine Zetterstrom of Walnut street has returned from Ocean Grove where she spent a week at the Ormond Hotel.

Miss Bernice Lecompte of Walnut street is spending her vacation in Lakewood.

Mr. and Mrs. M. Hagen and daughter Miss Jessie Bevan, accompanied by her fiancée John G. Young, all of New street, will leave Saturday for a two week tour of the New England States.

Mrs. Florence Morey, of the town clerk's office, is on vacation at Stormville, N. Y.

REGISTERED BIRTHS

Following are the returns of birth certificates filed this week by the Bureau of Vital Statistics:

To Mr. and Mrs. Alfonso Salerno of 63 Heckel street, a daughter Pompea Cristina, born July 24.

To Mr. and Mrs. Joseph Brown of 65 Carmer avenue, a son, Georges, born July 23.

To Mr. and Mrs. David B. Martin of 14 Dawson street, a daughter, Joan, born July 22.

K. OF C. BUS RIDE

The K. of C. bus ride last Saturday night to Coney Island was an all around success. Leaving St. Peter's School at 7 o'clock the party reached the Island about 9, after various experiences. The committee in charge regrets that grand knight Gilbert Howley could not attend due to the serious illness of his father.

The next meeting will be held in their new home at 43 Rossmore place.

TIMES EDITOR IN VERMONT

Milton T. Brasher, editor of THE TIMES, is spending a couple of weeks at Arlington, Vt.

SCOUT TROOP MEETS

Girl Scout Troop No. 11 hiked to Clark's Lake, Bloomfield, last Saturday and held a meeting on the lawn of Mrs. Parker of Besida street, near the lake.

TELL OF TOOL THEFT

Two Belleville carpenters, Harold Van Esslstein of 379 DeWitt avenue and Arthur Emerson of 255 Hornblower avenue, complained to the Livingston police Thursday of last week that they had suffered a loss of \$150 in tools, in the robbery of a tool house at Flener Park, Livingston, where they were engaged in construction work.

Classifying Diplomacy

Diplomacy is of two kinds. One seeks to clarify; the other to complicate. The latter kind confers a professional benefit in making an unlimited amount of future work for diplomatists. — Washington Star.

MISS COGAN ENGAGED TO DANIEL T. McCORMICK

The engagement of Miss Cecilia Patricia Cogan, daughter of Mr. Edward M. Cogan of Union avenue, to Eugene McCormick, son of Mr. and Mrs. Daniel F. McCormick of New Brunswick, was announced at a bridge given at Miss Cogan's home Saturday afternoon.

Those present were Mrs. Daniel McCormick, Miss Carol McCormick, Mrs. James Gorley and Miss Margaret McCormick of New Brunswick; Mrs. Ann Posellius of Detroit, Mich.; Mrs. Clemens O'Brad of Highland Park; Mrs. Martha Quilliam, Mrs. Thomas Jordan, Mrs. Oscar Yeager, Mrs. George Jordan, Mrs. Richard Powell, Mrs. John McEnroe, Miss Martha Black and Miss Helen Matthews of New York; Mrs. James T. Boylan, Mrs. William Hood, Miss Grace Hood, Miss Ann Boylan, Miss Marjorie Hannan, Miss Zita Crowley, Miss Gertrude Kineally, the Misses Helen and Regina Cogan of this town, and Mrs. William T. McManus of Astoria, L. I.

The favors which matched the centerpiece, were baskets in the form of engagement rings set with pink and silver. The announcement was made on cards bearing the names of the couple, one of which was concealed in each pack of playing cards.

ON WESTERN TRIP

Commissioner and Mrs. William H. Williams of Rossmore place left yesterday morning for a trip to Chicago and Detroit.

Safety in Suburbs

If you live in the average city or suburban home with houses of at least equal height around you, lightning is apt to make you a victim only once in every thousand years or so.—Country Home.

A SUMMER SUPPER

IN this hot weather, it is doubly important to watch the meals we serve our families. Appetites are apt to be a bit jaded, hard to satisfy. Carefully balance the hot and cold element in your meals, lest, as a result of too much chilled food, digestive disorders result.

The following menu is well planned, with a hot main course and cold accompaniments in salad and dessert.

Another characteristic of this menu, which makes it a fine guide to hot weather meal planning is its variety of colors. To tempt jaded appetites, watch your color combinations and see the results.

Following is a most attractive and seasonable summer supper.

Fried Lobster Tomato Salad

Prune Tapioca

2 cups lobster meat, cut in one inch pieces

Fried Lobster

Batter Deep Fat

Salt and pepper
Sprinkle the lobster meat with salt and pepper; dip each piece of lobster meat in the batter and fry in deep fat until a golden brown. Serve with tartar sauce. (Fresh shrimps can be substituted).

Batter

1½ cups flour ½ tsp. salt
2 tsp. baking powder 1 egg
¾ cup milk
Mix and sift the dry ingredients. Beat the egg well, combine with the

milk and add slowly to the dry ingredients, mixing thoroughly. Batter should be thick enough to cover pieces of fish, meat or fruit that will be used.

Tartar Sauce

1 cup mayonnaise dressing 1 tbsp. chopped cucumber
1 tsp. onion juice pickle
1 tsp. capers

Make the mayonnaise rather more sour and with a little more mustard than for salad, and mix into it the capers, pickle and onion juice. Set on the ice until needed. This sauce should be quite thick when served.

Tomato Salad

Arrange three slices of tomatoes on lettuce leaves. Garnish with mayonnaise. Serve on the plate with fried lobster.

Prune Tapioca

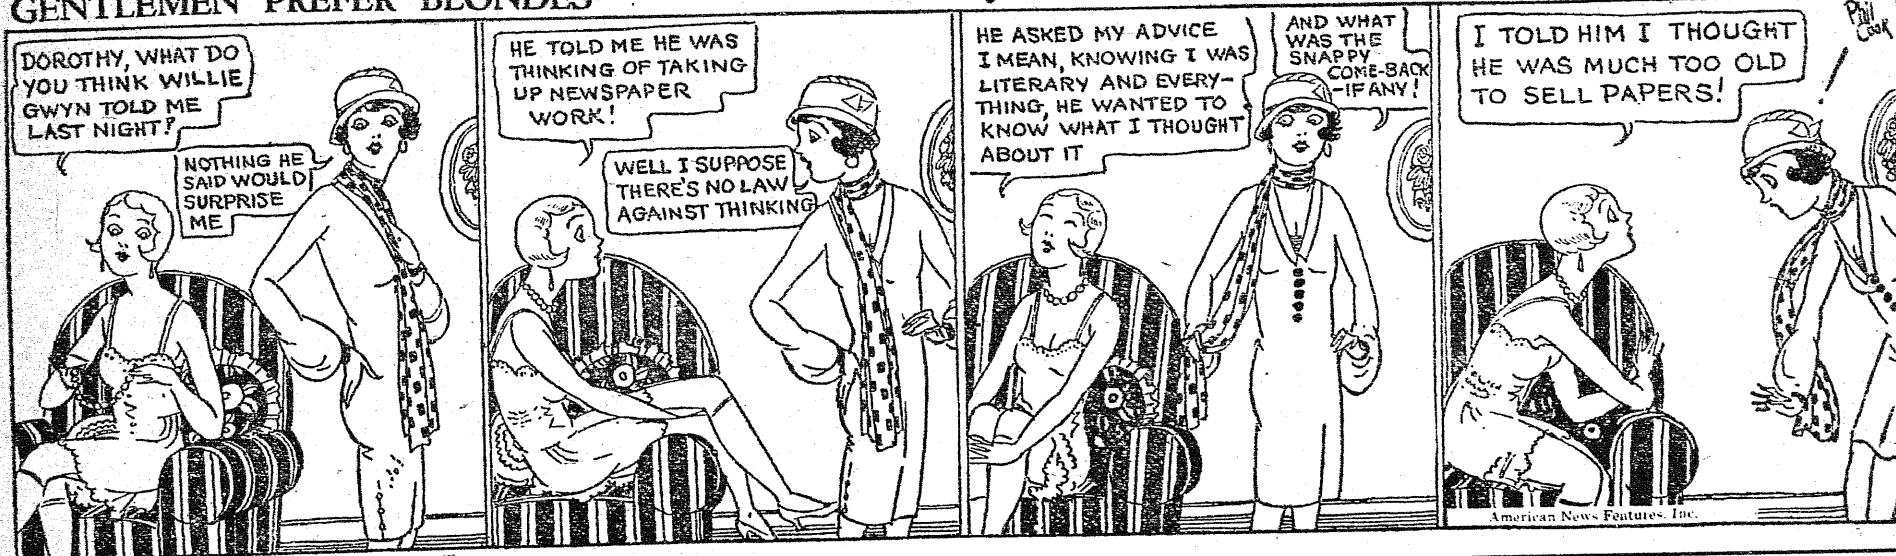

1 pt. milk 1 tbsp. butter
3 level tbsp. tapioca 4 tbsp. sugar
f. g. salt 2 eggs

1 cup stewed prunes, stones removed
Cook in a double boiler fifteen minutes the milk, tapioca and salt, stirring frequently. Remove from fire and add butter, sugar and well-beaten yolks of eggs. Pour into a buttered pan and bake for one-half hour in moderate oven. Spread the prunes over the tapioca. Pile roughly on top of prunes the whites of eggs well beaten, with four tbsp. sugar. Brown slightly in oven. Serve hot or cold with milk or cream. Any fruit may be used in place of prunes.

GENTLEMEN PREFER BLONDES

He Could Be The Janitor Of The Fourth Estate!

By ANITA LOOS

Ice Dock

(Continued from Page One.)

afternoon Commissioner Clark asked his colleagues to consider some solution for flooding of the Greylock parkway storm sewer which, he said, overflowed and flooded the neighborhood for a period of several hours after every rain fall. No complaint would be made, he said, if it flooded only when there was an unusually severe storm, but it occurred continually. Town Engineer Albert S. Blank said he believed the ultimate solution was a storm drain that would run north through the Riviera property at some time in the future when it is cut into building lots.

Mr. Blank also recommended that the Board consider laying another water main along Franklin avenue, which the county is about to widen, rather than breaking across the pavement every twenty-five feet

for house connections. This was taken under consideration.

Kicks On Competitor

Mrs. Halsey Bought, who operates a roadside stand at Belleville and Franklin avenue, complained to the Board about Esmer Peabody, thirteen years old, who conducts a traveling lemonade stand. She said that last Sunday instead of selling six cases of soft stuff as is usually the case on that day, she sold none at all.

Members of the Board told her that Peabody had secured a hawk's license in regular form and that they knew no way of preventing him from doing business. Mrs. Bought claimed that a hawk's license permitted him to keep moving along the streets, but not to stand in one place. The matter was finally left to Town Counsel Brown for an opinion at next week's meeting.

Town Clerk Daly said that he had in mind the submission of a more comprehensive license ordinance for the town, based on one which had proved successful in Ventnor.

Commissioner Carragher asked the Board to consider a plan for using license money received from bus licenses for the maintenance of roads over which they operate instead of being put in general town funds.

First International Jury

The four citizens of the United States who were on the original panel of the Permanent Court of Arbitration, established at The Hague in 1899, were ex-President Benjamin Harrison, Chief Justice Fuller, Attorney General Griggs and George Gray of the United States Circuit court.

No Bargain

"The trouble with you, baby," complained the young husband, "is that you want to go buy-buy too often."—Pathfinder Magazine.

Stop, Look and Listen

Even in the pursuit of happiness it is well to pay heed to dangerous crossings.—Des Moines Register.

SPECTACLE SALESMAN CALLS FOR POLICE WHEN EJECTED

A persistent salesman whom Dr. J. B. Barker, optometrist, of 109 Washington avenue ejected from his establishment Monday morning, resented his rebuff to such a degree that he shouted for police until the whole neighborhood cocked its ears, and an excited crowd came running to the scene.

The salesman, who represents a Newark concern dealing in a style of spectacle frames which Dr. Barker says he does not use, told his story to Chief Michael A. Flynn at police headquarters, and was told to come back that night and make formal complaint, if he desired, before Recorder George A. Fitzsimmons. Chief Flynn said Tuesday he had heard no more of the salesman, who did not leave his name.

According to Dr. Barker, the salesman had called on him repeatedly trying to sell him merchandise which he could not use, and he had been forced to use more than mere polite persuasion in the past to make him see his point. He said he had even "thrown him out" of his place in Atlantic City, where he operated before coming to Belleville.

New Alibi

The man who lets weeds grow in his home garden may alibi his shiftlessness on the ground that he's experimenting with plants that may produce rubber.—Arkansas Gazette.

Self-Quarrels

A man may quarrel with himself alone; that is, by controverting his better instincts and knowledge when brought face to face with temptation.—Channing.

"Sammy's"

Various stories are told as to why the American soldiers in France were called Sammy. One of the most plausible is that when United States troops disembarked in France the French children called, "Ce sont les amis! Ce sont les amis!" To the unaccustomed ears of the marching Americans it sounded as though the children were called out "Sammy! Sammy!" and they took it to mean themselves.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin—Lost Her Prominent Hips—Lost Her Sluggishness

Gained Physical Vigor—Vivaciousness—a Shapely Figure

If you're fat—remove the cause! KRUSCHEN SALTS contain the six mineral salts your body organs, glands and nerves must have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Try half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in three weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS (lasts four weeks). If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

FRATERNAL ORGANIZATIONS

EVERYTHING SET FOR KIDS' OUTING

Elks Expected To Take 400-500 To Olympic Park Monday

MEMBERSHIP GOES UPWARD

Belleville Lodge of Elks is making preparations for the Kiddies' outing, which will be staged at Olympic Park on Monday, August 4. Members have been requested to lend their cars in taking the youngsters to the park, and it is expected that about 500 will attend.

Buses will leave Elks Home, Washington avenue between 9:30 and 10 a. m. Box lunches will be provided and strips of tickets good for ten amusements will be given to each child. Milk and ice cream will be served in the afternoon and the return trip will be made at 4:30.

The Elks' membership campaign continues, with keen rivalry among the members in obtaining new applicants. The club's latest bulletin shows Frank A. Carragher leading, with James J. Reilly, Walter Jeffrey and H. Gemeinhardt, ranking second, third and fourth, respectively.

Nine applications were handed to the secretary at the last session, with James J. Reilly accounting for five of them.

Belnew Sisterhood

Belnew Sisterhood No. 329, Dames of Malta are making plans for a lawn party to be held at the home of Mrs. Elizabeth Pabst, 449 Cortlandt street, August 9. Bean bag and cards will be played in the afternoon and dancing will be enjoyed in the evening. The next meeting of the order will be a week from tonight at 711 Broadway.

Here's Instant Relief From Bunion Pains and Soft Corns

Actually Reduces the Swelling—Soft Corns Dry Right Up and Can Be Picked Off

Get a two-ounce bottle of Moone's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used.

Your bunions may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off.

Druggists guarantee Moone's Emerald Oil to end your foot troubles or money back.

famous the world over

Pinaud's Shampoo

Areme Chapter, O. E. S.

Areme Chapter, O. E. S. will hold a clipping social at the Masonic Temple after their meeting September 8. They are also planning for a minstrel show in the fall.

Patriotic Order, S. of A.

At their meeting Friday night in the Masonic Temple, Camp 196, Patriotic Order, Sons of America, received a visit from the district president, Arthur Roll. Mr. Roll is a resident of Belleville, but a member of the West Orange camp. The next meeting of the order will be held August 8.

Guiding Star Lodge, O. S. B.

Shepherds of Bethlehem, Guiding Star Lodge, will meet tomorrow night at 711 Broadway, Newark. The business meeting will be followed by a social hour.

Holyrood Lodge No. 56

Holyrood Lodge No. 56, Daughters of Scotia, will hold its regular meeting Tuesday, August 5 at 8 p. m. in the Elks Hall. It is hoped there will be a full attendance as the delegates for the convention to be held in New York in September will be chosen.

Mend Your Speech

by W. L. GORDON
A weekly English lesson in tabloid form

Words Often Misused

Do not say, "It will reduce accidents." Say, "It will lessen the number of accidents."

Do not confuse "appraise," meaning to set a value on, with "apprise," meaning to inform.

Do not say, "A quantity of provisions were needed." Say, "was needed." "Quantity" is the singular subject.

Do not say, "I have subscribed to the NUTLEY SUN." Say, "for the NUTLEY SUN."

Do not say, "I was talking with a certain party today." Say, "a certain person."

Do not say, "Her future happiness was at stake." Say, "Her subsequent happiness."

Words Often Mispronounced

Absurd. Pronounce the u as in "urn," not as in "rule," accent last syllable.

Loathsome. Pronounce the th as in "smooth," not as in "wealth."

Chagrin; a unstressed, i as in "in," accent last syllable.

Abuse. In the noun pronounce the s as in "so," in the verb pronounce the s as z.

Espionage. Pronounce es-pi-o-naj; e as in "let," i as in "it," o as in "no," a as in "age," and accent first syllable; or pronounce the i as in "pie" and accent second syllable.

Loquacious. Pronounce lo-kwa-shus, o as in "low," a as in "day," u as in "us," accent second syllable.

Words Often Misspelled

Vermilion; only one l, though "million" has two l's. Already (previously); all ready (everything prepared.) Diminish; three i's, not de. Heathen; not heethen. Phrase; se, not ze. All right; two words, not alright.

Synonyms

Financial, monetary, pecuniary. Bodily, physical, corporeal, corporal.

Honesty, uprightness, integrity, fairness, trustworthiness.

Lethargy, torpor, stupor, profound sleep.

Hear, hearken, heed, listen.

The Private George A. Younginger Post No. 275, Veterans of Foreign Wars, meets every Thursday night at Belleville avenue and Stephen street.

The Republican Club of Belleville meets every second and fourth Thursday of the month at the Masonic Temple, Joralemon street.

Bond, shackle, manacle, chains, fetters, captivity.

Word Study

"Use a word three times and it is yours." Let us increase our vo-

cabulary by mastering one word each day. Words for this lesson:

TOLERANT; indulgent, liberal; forbearing. "He was tolerant and forgiving."

AUXILIARY HAS SILVER TEA; GIFT TO GOLD STAR MOTHER

A silver tea was given last night at the home of Mrs. Elizabeth Morgan of Academy street for the benefit of the Ladies Auxiliary, George A. Younginger Post, Veterans of Foreign Wars.

Mrs. Morgan and Mrs. Joseph P. McKenna of Stephen street went to New York Saturday to bid bon voyage to Mrs. Teresa Vreeland of William street, gold star mother who sailed for France on the S. S. Republic. They presented Mrs. Vreeland with a wreath to place on her son's grave. The artificial flowers consisted of poppies, daisies and ragged sailors to represent the red, white and blue.

Make Minutes Count

The old familiar example of Elihu Burritt, who mastered some eighteen languages in moments spared from fitting horseshoes, should convince the most skeptical that minutes have value, and we all know what Gladstone thought of the thrift of time. Save the minutes and the hour will take care of themselves, we learned when too young to grasp the meaning.—Indianapolis News.

Says Men More Sensitive

Modern women again score in tests made recently by Professor Uginelli of Florence, Italy, which, he says, prove that the fair sex feel pain about one-tenth less severely, on the average, than do men. Human cheeks and foreheads are the most sensitive parts of the body, regardless of sex, the professor declares.

Beautiful Street

Altadena, Calif., has a mile-long avenue of deodars. These are Himalayan cedars. The seeds were brought to this country, sown in beds under glass and transplanted on what is now Santa Rosa avenue in 1885, when the trees were about 2 feet tall. They are now about 80 feet high, with their branches spreading from 30 to 40 feet near the ground. The trees are illuminated from Christmas eve to New Year night.

Mr. Heydecke has been with Public Service and predecessor companies over thirty years. He started as a clerk with the Essex and Hudson Gas Company, Newark, and became general auditor in the Public Service organization October 1, 1924. He lives in Montclair.

REIS DEVELOPMENT AT ALLWOOD IS ANNOUNCED

Allwood, N. J., July 31—Saturday has been set for the formal opening of one of the largest real estate developments, what is announced as a \$50,000,000 project at Allwood in the City of Clifton, where 4,500 homes are said to be planned for a 500 acre tract by Charles H. Reis, Inc., developers of Sunshine City in Wood-Ridge, an operation now completely sold, and other residential communities in Bergen county.

Unusual features never before found in a development of moderate-priced homes will be incorporated in the designs for Allwood. The tract when completed will have the appearance of a park, with the wide streets, deep setbacks and attached garages which have become characteristic of residential communities of a more expensive class.

Allwood represents the climax of the careers of two young men whose rise is remarkable. In 1921 Charles H. Reis formed the company which is now sponsoring one of the greatest residential projects in real estate history. His first venture was the purchase of a lot in West Englewood in 1921 for \$20,000. Next year he sold it for \$27,000. Soon after Newland C. Prior, a boyhood chum, became associated with him.

The two entered the development field, their first large tract being Englewood Manor in Englewood. When they bought considerable property adjacent to the Knickerbocker Country Club in Tenafly and in 1925 developed Country Club Gardens. Early in 1927 the development of Oradell Manor at Oradell was begun. That entailed rapid work and keen management, for it called for the erection of 110 homes with full improvements in two months. Then came their greatest achievement, the development of Sunshine City.

Halos and Rain

Since halos occur in high thin clouds of small ice crystals, and since such clouds occur on the forward side of a widespread storm or cyclone, it follows that rain or snow usually occurs within a day or two after the halo is seen.

Zonite

For Cuts and Wounds

Prevent infection! Treat every cut, wound or scratch with this powerful non-poisonous antiseptic. Zonite actually kills germs. Helps to heal, too.

FUNERAL OF P. J. HOWLEY TO BE HELD THIS MORNING

A high mass of requiem for Patrick J. Howley, fifty-nine, who died at his home, 198 William street, on Sunday, will be offered at St. Peter's Church at 9 o'clock this morning, followed by burial in St. Peter's Church Cemetery. Rev. E. J. Field will be in charge of the services.

Mr. Howley, who had lived in Belleville for thirty years, was a plasterer and mason. He had been ill for about eight months previous to his death. A member of St. Peter's Church, he was also a member of the Exempt Firemen's Association of Belleville, and of the Court General Phil Kearny, Foresters of America, members of which organizations attended the services.

Surviving Mr. Howley, who was a widower, are three sons, Aloysius, serving in the navy on U. S. Submarine V-6 off California; Gilbert and Joseph of the William street address; a daughter Dorothy living at home; two married daughters, Mrs. R. Lutz of Newark and Mrs. R. A. McEligot of Nutley; a sister Mrs. Mary Whalen of 318 Washington avenue, Belleville; a brother John Howley of 92 Bridge street, and two other brothers living abroad.

LOUIS MALANGA BURIED

Louis A. Malanga, youngest of the four men convicted of the killing of George B. Lee, was buried in Holy Cross Cemetery, North Arlington, Saturday, after being electrocuted at Trenton. He was twenty-three years old and the son of Louis Malanga of 2 Lake street, Silver Lake section.

The murder grew out of a hold-up on October 28, 1928. The funeral cortege wound for more than an hour through the streets of the Lake section. There were eighteen automobiles containing mourners following the white hearse and two open cars of flowers.

"Kulaks"

In Soviet Russia a kulak family is one whose "means of production" is valued at \$700 or more. In 1928 any farmer who raised \$250 worth of foodstuffs or more, after deducting \$10 a head for family consumption, was considered a kulak. Such farmers are taxed until their wealth is reduced to the common level.

Gas in Warfare

Many efforts have been made in the past to use various gases—chiefly sulphur dioxide—in warfare. As early as 431 B. C. the Spartans, in besieging the cities of Bellum and Platea, burned pitch and sulphur under the walls of these cities in order to break down their defense by suffocation of the troops of the cities.

Jewels in Industry

Rubies, sapphires, garnets and diamonds are the jewels used chiefly in watch bearings. They are also used, together with agates and other jewels, in electrical and surveyors' instruments, meters, compasses, clocks, phonographs and various other precision instruments. Such precious stones used for technical purposes would include all of the above, as distinguished from their use merely for ornament or jewelry.

Giant Telescope

The largest reflecting telescope is 100 inches in diameter, and is at the observatory of the Carnegie institute, on Mount Wilson, in California. The largest refractor is only 40 inches in diameter, and is that of the University of Chicago, at the Yerkes observatory.

From Youth to Age

There are three trying periods in a woman's life: when the girl matures to womanhood, when a woman gives birth to her first child, when a woman reaches middle age. At these times Lydia E. Pinkham's Vegetable Compound helps to restore normal health and vigor.

Grave Answer

A teacher of European history asked: "Who, or what is a Moslem?" and a boy replied: "A Moslem is a place where you bury dead people."

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF PAVEMENT, CURBING AND SIDEWALK, TOGETHER WITH SUBCONSTRUCTIONS, ON MINKER PLACE, IN THE TOWN OF BELLEVILLE, FROM BALDWIN PLACE TO LUKOWIAK PLACE, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$4,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That Minker Place, in the Town of Belleville, from Baldwin Place to Lukowiak Place, be improved by the construction of pavement, curbing and sidewalk together with subconstructions, thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$4,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF PAVEMENT, CURB AND SIDEWALK, TOGETHER WITH SUBCONSTRUCTIONS ON LUKOWIAK PLACE, IN THE TOWN OF BELLEVILLE, FROM SPRINGER STREET TO A POINT APPROXIMATELY 650 FEET SOUTH, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$12,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That Lukowiak Place, in the Town of Belleville, from Springer Street to a point approximately 650 feet south, be improved by the construction of pavement, curb and sidewalk, together with subconstructions thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$12,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF 7" R. C. PAVEMENT, GRANITE CURBING AND SUBCONSTRUCTIONS, ON MAY STREET, IN THE TOWN OF BELLEVILLE, FROM CENTRE STREET TO APPROXIMATELY 1070 FEET EAST, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$15,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That May Street, in the Town of

Belleville, from Centre Street to approximately 1070 feet east, be improved by the construction of 7" R. C. Pavement, Granite Curbing and Subconstructions, thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$15,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF 7" R. C. PAVEMENT, CONCRETE SIDEWALK AND GRANITE CURBING AND SUBCONSTRUCTIONS ON SPRINGER STREET, IN THE TOWN OF BELLEVILLE, FROM BALDWIN PLACE TO LUKOWIAK PLACE, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$5,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That Springer Street, in the Town of Belleville, from Baldwin Place to Lukowiak Place, be improved by the construction of 7" R. C. Pavement, Concrete Sidewalk, and granite curbing, and subconstructions thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$5,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF 7" R. C. PAVEMENT, AND GRANITE CURBING, TOGETHER WITH SUBCONSTRUCTIONS ON SOUTH WILBUR STREET, IN THE TOWN OF BELLEVILLE, FROM JORALEMON STREET TO MAY STREET, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$8,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That South Wilbur Street, in the Town of Belleville, from Joralemon Street to May Street, be improved by the construction of 7" R. C. Pavement, and granite curbing, together with subconstructions thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$8,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town

of Belleville, held Tuesday evening, July 29th, 1930, having been read in its final form at least one week prior thereto, and is therefore now a law and hereby published according to law.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF A 7" R. C. PAVEMENT, CONCRETE SIDEWALK, GRANITE CURBING AND SUBCONSTRUCTION ON MELWEX STREET, IN THE TOWN OF BELLEVILLE, FROM JORALEMON STREET TO APPROXIMATELY 515 FEET NORTH OF LIBERTY AVENUE, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$19,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville in the County of Essex, do ordain:

1. That Melwex Street, in the Town of Belleville, from Joralemon Street to approximately 515 feet north of Liberty Avenue, be improved by the construction of a 7" R. C. pavement, concrete sidewalk, granite curbing and subconstructions thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$19,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting property to the extent of the benefits received from said improvement.

4. This ordinance shall take effect immediately.

Passed first reading July 15th, 1930.
Passed second reading July 29th, 1930.
Passed third reading July 29th, 1930.

ADOPTED: July 29th, 1930.

WILLIAM H. WILLIAMS,
WILLIAM D. CLARK,
PATRICK A. WATERS,
FRANK J. CARRAGHER,
Commissioners.

ATTEST—JOHN J. DALY, Town Clerk.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29th, 1930, having been read in its final form at least one week prior thereto, and is therefore now a law and hereby published according to law.

JOHN J. DALY, Town Clerk.

AN ORDINANCE CHANGING THE NAME OF THAT PORTION OF WILBER STREET RUNNING FROM JORALEMON STREET SOUTH TO ESSEX COUNTY PARK PROPERTY TO SOUTH WILBER STREET, IN THE TOWN OF BELLEVILLE.

The Board of Commissioners of the Town of Belleville, in the County of Essex and State of New Jersey, do ordain:

1. That the name of Wilber Street, running from Joralemon Street south to Essex County Park Property, be and the same is hereby changed to South Wilber Street.

2. This ordinance shall take effect immediately.

Passed first reading July 15th, 1930.
Passed second reading July 29th, 1930.
Passed third reading July 29th, 1930.

ADOPTED: July 29th, 1930.

WILLIAM H. WILLIAMS,
WILLIAM D. CLARK,
PATRICK A. WATERS,
FRANK J. CARRAGHER,
Commissioners.

ATTEST: JOHN J. DALY, Town Clerk.

NOTICE

NOTICE is hereby given that the following ordinance was introduced at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, July 29, 1930, and passed first reading on said date, and the said Board of Commissioners of the Town of Belleville, have fixed the 12th day of August, at the hour of 8 P. M. Daylight Saving Time, in the Town Hall, Belleville, N. J., as the time and place when and where said ordinance shall be further considered for final passage by said Board.

JOHN J. DALY, Town Clerk.
AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF PAVEMENT, CURBING AND SIDEWALK, TOGETHER WITH SUBCONSTRUCTIONS, ON DAWSON STREET, IN THE TOWN OF BELLEVILLE, FROM BALDWIN PLACE TO LUKOWIAK PLACE, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$4,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That Dawson Street, in the Town of Belleville, from Baldwin Place to Lukowiak Place, be improved by the construction of pavement, curbing and sidewalk together with subconstructions, thereon.

2. The cost of said improvement is hereby estimated to be the sum of \$4,000. The said sum is hereby appropriated to pay said cost. Services of the First Spiritual Church of Psychic Power will be held Tuesday evenings at 8 o'clock and Thursday afternoons at 2 o'clock, at 341 Washington avenue, Nutley. May W. Schoenburg will be the speaker assisted by Ella Brown. Messages to all.

NICE PICTURE FOR THIS TIME OF THE YEAR

Cool off as you eat. Salads to tempt you—desserts that are flavorful and cooling. A menu that suits the hot weather and a service that is breezy and polite.

ST. ANTHONY'S PARISH TO GO ON SHORE RESORT OUTING

Members of St. Anthony's parish, in the Silver Lake section of Belleville, are looking forward to Sunday, August 10, when they will have their second annual excursion to East Long Branch. Trains will leave Central R. R. of N. J. station, Broad street, Newark, at 9:45 a. m. (Daylight Saving Time) and leave East Long Branch at 8:30 p. m.

Anyone wishing to attend this excursion should get in touch with Miss Marie A. Serritella, 46 Magnolia street, Silver Lake. She is anxious to see a big turnout financially as well as socially.

Rev. Cataldo Alessi, pastor of St. Anthony's Church, is sojourning in Italy and expects to return the first part of September.

UNION SERVICES SUNDAY WILL BE AT FEWSMITH AND REFORMED CHURCHES

The union services for next Sunday will be held in the morning at the Fewsmith Presbyterian Church at 11 a. m., and in the evening at the Belleville Reformed Church at 7:30 p. m. The subject for the morning will be, "The God of the Hills," and in the evening, "True Ground for Rejoicing." The services last Sunday were fairly well attended but a larger attendance is hoped for next Sunday.

If you make an effort to attend you will be well paid as Mr. Dickisson's sermons are always helpful.

Belleville Reformed Church

Friday, August 1, at 8:30 p. m., dedication of the new room built by the scouts in the basement of the Sunday school building. The pastor, Rev. John A. Struyk, and the consistory members will be present at the exercises. The room was built and paid for by the boys and the furniture was donated by Dr. Roeck and others.

Sunday, August 3, 11 a. m., preaching service. The guest preacher for the morning service will be the Rev. Dr. George A. Humphries, pastor of the Presbyterian Church of Metuchen. Everybody invited to this service in the old historic church.

8 p. m., union service will be held at the Reformed Church with Rev. B. F. Dickisson preaching. A cordial welcome to everybody.

Gospel Tabernacle

36 Union avenue, Nutley. The Old Book. The Old Faith. The Old Gospel. Sunday School, 2:30 p. m. Preaching 3:30 p. m. Wednesday, 8 p. m., prayer and Bible study. Speaker for Sunday, Rev. H. S. Landis of Passaic.

Slot Machines

(Continued from Page One.)

The slot machine distributors told Chief Flynn they would obtain an extension of the injunction to cover Belleville, and he said Tuesday he fully expected this to materialize, but it did not. He first became aware of their Belleville invasion when Patrolman Fred McArt stopped two car loads of machines, amounting to more than a dozen, and took them and the drivers before the Chief.

The police were instructed to make seizures of such machines as contraband, but no raiding resulted as the police were unable to find anything to seize.

Definition Is Old

The definition of horse power used more in connection with motor cars than anywhere else, is many times as old as the motor car. It was created in 1780 by James Watt, inventor of the steam engine.

Great Satire

"Candide" is a satire which Voltaire wrote to attack the current theory that "all is for the best in this best of all possible worlds."

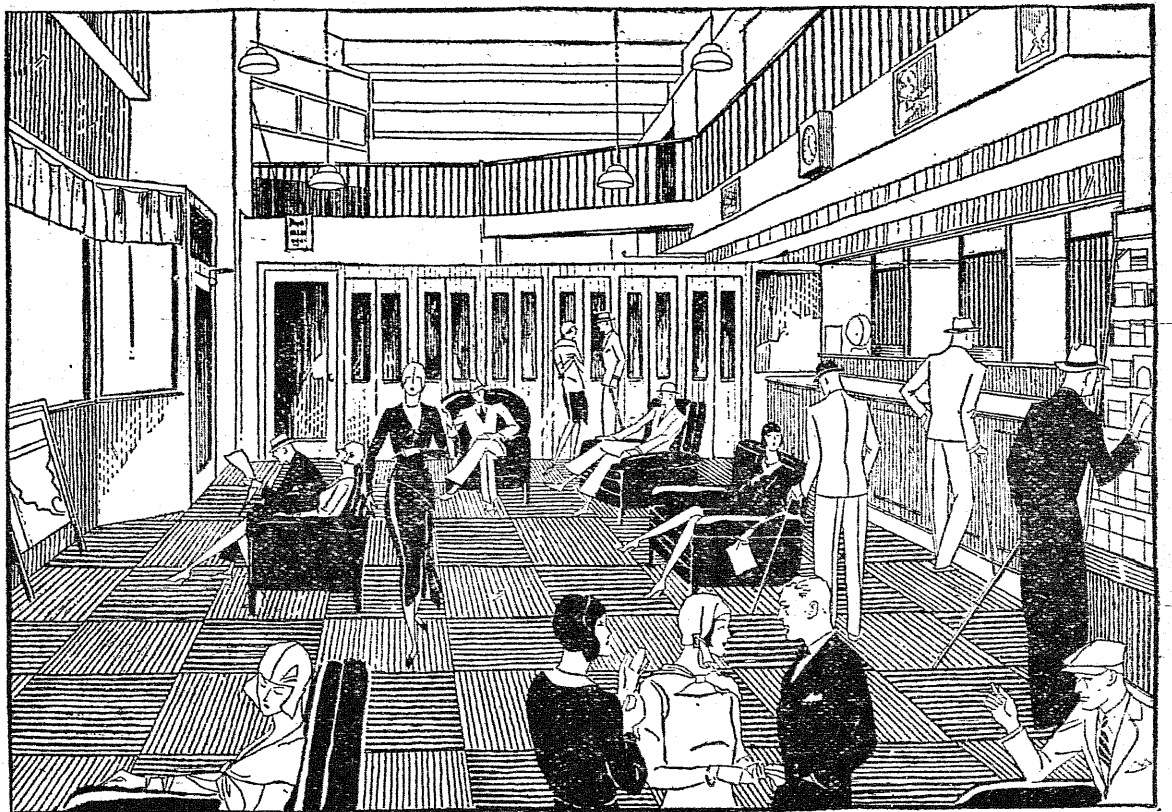

Birds Slow to Mature

The condor is the only bird which keeps its young in its nest for a year. The young cannot fly for 12 months after being hatched.

Wise Czech Custom

Free transportation to all agricultural meetings is given to the rural women of Czechoslovakia by the government of that country.

Do You Like a Catnap?

If you like a little snooze—riding home from a tire-some day—and you feel one coming on—just tell the DeCamp driver your street corner. He will wake you up in time, and your trip will seem shorter than ever in the big, comfortable DeCamp Bus. You will appreciate his courtesy as one more sign of the efficient management that stands behind the dependably-scheduled DeCamp Bus Lines.

A BUS IS NO BETTER THAN ITS DRIVER

J. LESLIE CAMPBELL

Mr. Campbell resides in the home town of the DeCamp Bus Lines. He was born in Cranford, N. J., and knows his New Jersey roads. A DeCamp veteran of six years service (with eight years bus driving to his credit), Mr. Campbell's excellent record fully indorses the sincerity of his words when he says: "Safety and DeCamp mean the same thing."

TRANSPORTATION

Raising the Family

Ma is a piker!

Fisher

The Woman Citizen

By ANNE E. GILSON

Did you ever wonder who pays the cost of all the freight carried across the Hudson on ferries to Manhattan and Brooklyn? And wouldn't you naturally suppose that it would cost less to ship a Ford car from Detroit to Newark than to New York? Well, it does cost the railroads less, about \$2.75 less, and yet you pay the same freight bill that your sister pays in New York. That's the drag New York City has with the Interstate Commerce Commission. They call it free lighterage, but it isn't free because it is charged in the freight rates. There is an arbitrary zone around New York City within which rates are inflated to pay for this lighterage. The State of New Jersey has just finished presenting its case against this situation before the I. C. C. in one of the most elaborate hearings ever conducted by that body. Next October New York will present its side of the case.

Governor Larson was the last of more than 150 witnesses and said, in effect (of course he had to be dignified), that it wasn't that New Jersey didn't love New York but that we felt that it would develop New York's character to pay the its own butter and eggs and automobiles and all the rest.

Just think what it would mean to Northern New Jersey if the I. C. C. decides in our favor! Can't you just see big business and everybody moving out of New York to New Jersey?

The Women's Committee for Flood Control and Mosquito Extermination will not have any meetings until fall, when they hope to hear something definite from the Water Policy Commission, which is wallowing in statistics

and making a complete survey of the problem as a flood control and drainage question not a potable water question. Meanwhile, as the vice-chairman, Mrs. William Rae, is planning to be in London next month, she has been asked by the chairman to visit the Thames River Conservation Commission to find out how that body functions. It has been suggested that perhaps a better name for the Women's Committee would be The Passaic River Conservation Committee, as that contains positive ideas more appealing than the negative name it now carries. This will be decided in the fall. The importance of conserving the river cannot be overestimated. While the men are urging a \$100,000,000 bond issue for highway crossings, expensive bridge approaches and other improvements, it seems to be up to the women of the state to ask what is to be the future of the Passaic River in this important metropolitan district. Now is the time to plan drainage, lakes and parkways before more highways and rapid transit lines are laid out, so that all can be coordinated.

The Abell Investigating Commission has found that there is something wrong in the way the State Highway Commission has allowed its employees to handle the acquisition of property needed for new rights of way in Elizabeth. Mr. Abell was all for looking into the matter but Assemblyman Grimm, a member of the Abell commission, presented a resolution referring all complaints to the highway commission, and this was carried, Mr. Abell not voting. "Let the commission clean its own house," says Mr. Grimm. "Not right," says Mr. Abell, "This should be the work of this body."

More than fifty American penologists, sociologists and others who have contact with prison work will attend the International Prison Congress at Prague in Czechoslovakia, August 25 to 30. Mrs. H. Otto Wittpenn, of Hoboken and Bernardsville, who leads this delegation as commissioner, was appointed by President Hoover last year before the congress in Geneva which she attended. There is one commissioner from each country represented.

Mrs. Wittpenn is quoted as saying: "I am particularly anxious to inspect the famous Zuchthaus prison at Straubing, Bavaria. From what I hear, some amazing things are being done there in rehabilitating offenders. They have a very elaborate system of rewards for good behavior and a model prisoner, instead of being lodged in a typical cell, has a room with a large window, desk, reading light, pictures and even bouquets of flowers."

"Furthermore, the parole system there is distinctive. Prisoners are released and allowed to go home on a two weeks' furlough. Those who continue to have good conduct records are also allowed to go out-

side the prison walls and obtain jobs, which they are permitted to retain so long as they behave themselves.

"We have done some mighty fine things in this country, but probably much can be learned from some of the new ideas being worked out in such countries as Germany, Czechoslovakia and Sweden. Of course it may be that conditions here will not permit the transplanting of penal systems from abroad. That remains to be seen. At any rate, I feel sure that all the American delegates to the congress will come back with a new inspiration and a new knowledge for their work."

"Call Men"

(Continued from Page One.)

Ketterer, Arnold Anderson, J. J. McKenna, George Buchanan, G. A. Barge, W. S. Lehman, E. L. Cyphers, Thomas W. Bean, W. J. Smith, J. J. Schild, Paul Rowe, Jr., L. Westlake, Charles Gelschen, Harry Brown, Wm. MacKillop, Patrick Burns, David McIlvrid, Edward Knodle, Harry C. Currey, John Mallack and Charles Natale.

Chief William Hirdes explained that since the call list was created seven years ago when the paid department was decided upon, the list had been depleted from year to year until there were only the eleven who were re-appointed last night.

Rockefeller Origin

The Rockefeller Family association says that the name Rockefeller is originally from the French Roquefeuille, meaning literally rock leaf. The ancestral home of the family is the Chateau Roquefeuille, in France, in the town of Creysseils. It was so named because the rocks in that vicinity show a peculiar leaf formation which is the result of petrification. A branch of the family comes from the Palatinate.

NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening July 22nd, 1930, and further notice is hereby given that second and third reading of said ordinance will be considered by said Board at a meeting to be held at the Town Hall, Washington avenue and Belleville avenue, Tuesday evening, August 5th, 1930, at 8 o'clock p. m., Daylight Saving Time, when all objections to the passing of the same will be heard and considered.

JOHN J. DALY, Town Clerk. AN ORDINANCE AMENDING "AN ORDINANCE TO ESTABLISH, REGULATE AND CONTROL A PAID FIRE DEPARTMENT IN THE TOWN OF BELLEVILLE, IN THE COUNTY OF ESSEX, TO FIX THE SALARIES, REGULATE AND CONTROL THE APPOINTMENT, REMOVAL AND DEMOTION OF OFFICERS AND MEMBERS THEREOF, AND TO REPEAL CERTAIN ORDINANCES," adopted January 23, 1923.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That section 3 of an "Ordinance to Establish, Regulate and Control a Paid Fire Department in the Town of Belleville, in the County of Essex, to fix the Salaries, regulate and Control the Appointment, Removal and Demotion of officers and members thereof and to repeal certain ordinances," adopted January 23, 1923, be amended to read as follows:

Section 2. No person shall become a member of such Department unless he shall have a good moral character, be sound in mind and body, shall submit to a physical examination by the Department surgeon and shall be not less than twenty-three, nor over thirty-five years of age, and a citizen of the United States, a resident of the Town of Belleville, for at least two years next prior to his appointment and be able to read and write the English language intelligently.

Section 2. This ordinance shall take effect immediately.

RAYMOND ACKERSTEN

Funeral services for Raymond Akersten, nineteen, of 83 Mt. Prospect avenue, who died Saturday, were held at his late home at 2 o'clock Tuesday afternoon, Rev. Edgar M. Compton of Wesley M. E. Church officiating. Burial was made in East Ridgelawn Cemetery, Delawanna.

The youth's family has lived in Belleville for twenty-four years, and he was a pupil at No. 8 School. He is survived by two brothers, Curt and Carl and a sister, Ethel, as well as his father, Hjalmar, and his mother, Mrs. Lydia Akersten. The boy's father is now in Finland.

No Area to North Pole
The North magnetic pole has no area. It is merely a point upon the earth's surface.

DAYS OF SUFFERING NOW QUICKLY ENDED

The next time you start one of these days, see the instant relief you get with Dillard's Aspergum. Almost before you know it the pain disappears, your nerves suddenly relax. With Aspergum you chew the pain away. For it is the finest aspirin obtainable put up in chewing gum form. Now you can take aspirin any time, any place. No water. No bitter taste. No choking sensation. Because you chew Dillard's Aspergum the aspirin mixes thoroughly with the saliva so that all its soothing qualities are effective quickly, continuously. It brings quick relief from aching heads, toothache, the pains of neuritis, neuralgia, even rheumatism. If your druggist does not have Dillard's Aspergum, send for a free sample to Health Products Corporation, Dept. A, 113 North 13th Street, Newark, N. J.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

Fletcher's CASTORIA

'DayCamping' New Diversion of Belleville's Girl Scouts

Every Tuesday and Thursday, if the weather is favorable, the girl scouts of Belleville go on day camping outings. A week ago today twenty-six girls availed themselves of this privilege. As the weather seemed undependable Tuesday morning, Miss Binns decided on an indoor program.

The girls who took part in activities at headquarters were Grace Martling, Gladys Reyle, Jean McClelland, Anna Eberhard, Marie Moniot, Dorothy Codner, Gladys Lovett and Ruth Engel. When THE TIMES reporter arrived on the scene at 9:30 in the morning, they

were busy washing dishes and cleaning the pantry. Later they enjoyed games and returned to their homes shortly after lunch.

Daily Swimming Lessons

The regular day camping program consists of free swimming instruction for an hour at the Lyndhurst pool. Thomas Fleming has been giving his services in this capacity. At 11 o'clock they leave the pool and go to their camping grounds near the Villa Francais. The scouts are divided into three patrols under the leadership of Edith Ferguson, Bertha Sauvan

and Esther Buckley. Each patrol has its individual camp surrounding the central gathering place where they play games and have lunch on two big rocks which serve as tables.

From 11:30 to 12:30 they perform "capers," the scout term for camp duties. These consist in making the necessary arrangements for luncheon and other activities of the day. A half hour rest period follows lunch. Then comes the court of honor or meeting of the patrol leaders with the director in charge. The program for the next camping day is planned and suggestions and criticisms are offered.

Handcraft and nature lore are taught from 2 to 3 and games are then played until 4 o'clock when camp is broken up.

Miss Elsa Hollberg, a teacher in California, who is spending her

summer vacation with her parents, Mr. and Mrs. Paul J. H. Hollberg of Floyd street, has volunteered her services for scout work. Miss Helen Hollberg is also one of the leaders. Miss Ann Fleming, an artist of South Orange, is helping the girls in the sketching of wild flowers and her sister Miss Evelyn Fleming assists in story telling. Day camping will continue until the first of September.

TWO HURT IN AUTO CRASH AT MILL AND QUARRY STS.

Two men suffered injuries in an auto collision at Mill and Quarry streets last Sunday forenoon, when the car of W. H. Ehman of 849 Summer Avenue, Newark, was struck by another driven by Fran-

cis E. Bittman of 27 Cherry street, Delawanna.

Ehman suffered cuts on his left hand and lacerations of his face. He was treated by Dr. Martin Meehan and sent to St. Mary's Hospital, Passaic. Andrew Dobbie, thirty-six, of 7 Maple avenue, Belleville, riding in the Ehman car, suffered internal injuries. He was taken to the same hospital in an ambulance driven by Officers Lukowiak and Spatz.

Bittman was driving a car owned by his brother Joseph A. Bittman of the Delawanna address, who was in the car at the time.

Giant Pythons

The reticulated pythons found in the Philippine islands are the largest snakes known. They measure 30 feet in length and 15 inches in diameter. — Rocky Mountain News.

IT'S A BUYER'S MARKET

It's a buyer's market they say in the vernacular of "Wall street." Buyers are the choosers—the persons sought after by the merchants and business men. Nowadays you get what you want everywhere you go to make a purchase. But it has been consistently true that residents

of Belleville have always enjoyed a buyer's market with the merchants and business men listed on this page. These men have always offered the best of products and services with the best of courtesy. They are worthy of your support.

"PATRONIZE THESE MEN."

theatre, municipal golf course and four municipal playgrounds.

DO WE REALLY WANT SLOW BUSES?

One of the timely topics of conversation just now, both privately
and in newspapers, is the high rate of speed at which buses are travel-
ing, and the callous fashion in which these huge vehicles shoulder the
private driver off the road. So far we never have heard more than
one side presented, nor any conclusion reached but that it is an outrage
and that the buses must be slowed down.

Apparently these discussions always start over the way some
motorist has been treated by a bus driver, but we never fail to wonder
what these same motorists think about it when they are passengers
in a bus. If their attention was focused on the fact that all of us
are riders in buses at times, as well as drivers of our own cars at other
times, would they be so sure they desired nothing but the continual
arrest of drivers until the companies were driven to operating them
more slowly?

There is no doubt that buses are being operated at speeds as high
as fifty miles an hour. It is pretty fast, but most of the drivers are
remarkably skillful. The company knows that riders—including people
who inveigh against the buses when driving their own cars—want
speed. The company sets schedules which the driver is expected to
maintain. The rider is displeased if the schedule is too long, or if the
bus is late. We imagine that if the average automobile driver talked
on this topic just after he had missed an appointment because of a
bus being late, instead of just after he had been honked off the road
by a passing bus, he would express far more moderate, or at least dif-
ferent, ideas on the subject.

BERGEN'S RAPID GROWTH

The result of the census, showing that Bergen county has grown
seventy-three per cent in the last ten years, which is far and away
the largest increase in the State, is a partial excuse for the dizzy
fashion in which real estate men in our neighboring county have been
shoving up values in the years since the tunnel and bridge were started.
As we have pointed out before Bergen is an unusually fortunate county
in one respect which has nothing to do with proximity to New York.
It is composed entirely of small cities and towns which distributes the
governing power over the entire county instead of concentrating it
in the hands of a ruling clique in one large city. It certainly looks as
if Bergen some day will be the greatest county in New Jersey just
as Chicago inevitably will be the greatest American city before many
more decades roll by.

A LIFE OF FUTILITY

James Eads How, "king of the hoboes," was an object of derision
to his fellow countrymen, and yet he was an idealist and did his level
best to leave the world a better place than he found it. From the time
he was in preparatory school he lived on the bare necessities of life
and gave his money to the poor. After graduating from three col-
leges he spent the remainder of his life trying to better the condition
of working men, principally those migratory workers known as hoboes.
There may be sections of the country where his efforts were of some
use, or where his sincerity induced a respect which his achievements
did not deserve. But the fact remains that he used great energy, a
fine training and undoubted ability in such a way that his name sug-
gests nothing to the public but a buffoon who presided at gatherings
of tramps, which always provoked supposedly humorous stories in the
newspapers. He is a splendid illustration of the futility of idealism
without practical direction.

YOU WOULDN'T FOOL US?

The *Rutherford Republican* concludes a rhapsody on the dredging
of the Passaic river with the sentences printed below:

With the deepening of the channel there will result a purified
Passaic. Those Rutherfordians who remember when swimming
was in vogue in the river will undoubtedly see its revival. The
dredging will undoubtedly be a boom to South Bergen and East
Passaic counties.

And the only comment we can think of is "Yeah?"

It may be true, as the American Research Foundation says, that
a family of four can now obtain sufficient nutritious food of appetizing
variety to last it a week for \$13.72. Ignoring for the moment the fact
that this is rather cold comfort for the family that hasn't even the
luxury of a housewife in the metropolitan section
and do

Five Years Ago

Belleville churches planned union
services to be held during the
month of August.

Miss Margaret Dugan, daughter
of Mr. and Mrs. John Dugan of
Washington avenue and Russell
Kearney were married in St.
Peter's Church.

Mrs. Kate Chappel and grand-
sons Homer and Harry Estelle of
Tappan avenue were spending a
month in Belmar.

Miss Mary Burkholder of Lan-
caster, Pa., was spending several
weeks at the home of John F.
Brown in Overlook avenue.

Miss Mary Metro of New Brit-
ain, Conn., was spending the sum-
mer with her brother and sister-
in-law, Mr. and Mrs. Michael Me-
tro in Washington avenue.

Mr. and Mrs. George Blanchard
of Little street were spending two
weeks' vacation in Lahaska, Pa.

Mr. and Mrs. Harold Rice of
Little street returned from a motor
trip to Canada and the New Eng-
land States.

Mr. and Mrs. Fred Flohn of
Washington avenue were summer-
ing in Asbury Park.

Ten Years Ago

Robert Chowan of the Battle-
ship Tennessee was visiting his
parents Mr. and Mrs. James Cho-
wan of Carpenter street.

Edward Newschwander, son of
Mr. and Mrs. Alfred Newschwander,
was recovering from blood
poisoning in his left foot.

Mr. and Mrs. J. A. Smith of
Prospect street were visiting their
son, Walter Smith in Essex, Conn.

Miss Florence Bailey of Main
street returned after visiting Mr.
and Mrs. H. L. Russell in Buffalo.

Mrs. J. S. VanHouten of Holmes
street was spending a month at
Lake Hopatcong.

Mr. and Mrs. H. F. Bunnell of
DeWitt avenue were spending the
summer in Asbury Park.

Mr. and Mrs. Charles Schlee and
daughters, the Misses Bertha and
Helen returned from two weeks'
stay in Belmar.

Mr. and Mrs. Charles E. Brad-
shaw of John street returned from

a stay at their camp at Budd
Lake.

Mr. and Mrs. Roland Smith of
Brockton, Mass. were guests of Mr.
and Mrs. E. W. Foster of Cedar
Hill avenue.

Fifteen Years Ago

Captain Henry Heinrich, a mem-
ber of the Belleville Motor Boat
Club, and his motor boat Patience,
were the first to pass under the
draw of the new jack knife bridge
over the Passaic river.

Rowland Mackey was given a
party for his fifth birthday at the
home of his grandmother, Mrs.
Theodore Joralemon of Washing-
ton avenue.

The Unity Club held its semi-
annual reception at the home of W.
Everitt Lawrence of Academy
street.

A surprise party was given Har-
ry Smith at his home in Washing-
ton avenue.

Belleville Lodge of Elks gave a
reception and welcome home party
to exalted ruler Edward E. Mat-
thes upon his return from the
grand lodge session in San Fran-
cisco.

Mr. and Mrs. Edward Bell of
Brooklyn were guests of Mr. and
Mrs. George Karrer of Overlook
avenue.

H. E. Morgan, son of Mrs. Eliz-
abeth Morgan, enlisted in the navy
and was training at Newport, R. I.

Stephen Miller and family of
VanHouten place returned from
an auto trip to Atlantic City.

Mrs. F. E. Duffy of Rockaway
was spending a month with Mrs.
H. L. Hunt of Greylock avenue.

Two Great Scotsmen

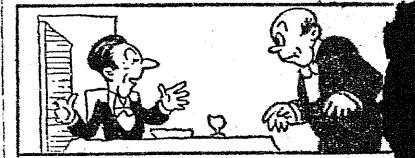

When Robert Burns was born the
Scottish nation was poor, remote,
almost unknown beyond its own
borders. Burns introduced Scot-
land and the Scots to the world,
and he was followed by another
singer and novelist, Scott, who con-
tinued the process.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

SOME folks has always got their
nerve along. Restaurant and
hotel people tell me that they meet
more nervy folks than anybody
else, and I don't know whether they
mean that they are so much among
restaurant and hotel people, or
whether they mean to blame the
customers for all of it.

One customer sat down in a
swell restaurant in Philadelphia,
and he ordered a double tenderloin
steak and a lot of other things they
didn't have, and he got the nearest
they could find to the things he
wanted. He complained about the
way the steak was done, and at the
end of the meal he called for the
head waiter.

When the waiter come, this guy
tapped on his plate with his cigar-
ette holder, and says, "Ain't you
the guy that kicked me out of this
place two years ago, when I was
temporarily embarrassed for
funds?"

"Maybe so," says the head waiter.
"I'm sure, though, that that was a
long time ago, and the rules were
so strict then, and—"

"Well," says the dapper cus-
tomer, "I just wanted to be sure.
You did it fine, I remember. I've
just come in to have a good meal
and now I've got to ask you if
you'll please do it again, just like
you did last time."

Hours for Sleep

The time of day appears to have
little importance in influencing
sleep, except that persons trying to
sleep in the day are more frequ-
ently upset by noise and light. Pro-
fessors of psychology who have con-
ducted tests pertaining to sleep
have found that persons sleep more
soundly when they first go to sleep
than they do in the latter part of
sleep.

Hitt and Runn—Oh, the Old Fellow Didn't Think Things Were Quite so Tough!

BY HITT

Major Freelance's Column

By Frank G. Andrews

When in the course of human events it becomes necessary in this day to settle some national question, they take a straw vote on it. This was the plan employed to find out how our people stand on liquor. It was learned that we are wet as the old oaken bucket but nobody seems able to do anything about it.

You may not know it, but there has been another national poll taken to determine what flower shall be known as the national flower, just as if that made any difference. But, anyway, 1,067,676 people with time hanging heavily on their hands wrote in and expressed their choice. The wild rose won the contest and the columbine came second.

So the promoters will now labor industriously for the next year or two in an effort to induce Congress to recognize the wild rose as our national flower.

If we had our way, judging from what we can see on every hand, we would root out the wild rose and plant hops. The politician who will plant hops will corral plenty of votes.

Another thing about this recent contest was that such popular flowers as the daisy and dandelion were scarcely mentioned. That applies also to dogwood which, judging by the way city tourists manhandle and haul this pretty flower home, ought to win first prize.

Speaking of flowers, a faithful subscriber writes in to ask if there is such a thing as a black flower.

There is no flower that has absolutely black blossoms but certain species of pansies are almost black, and the same may be said of tulips.

The world's richest man may or

may not be John D. Rockefeller but there is no question but that Rockefeller would lead Henry Ford or anybody else if he had held fast to what he has made. Not taking into consideration the many tent tips that he has lavishly distributed, he has given away to medical and charitable institutions over a half billion dollars. The interest on the money which he has donated would easily have meant another half billion.

Showing that he has always possessed an acute mind, a story is told of Rockefeller at the age of seven. An Indian medicine doctor appeared in the neighborhood and announced that he would auction off a bright silver dollar. Everybody was suspicious and refused to bid but presently John D. said: "I bid five cents."

"Sold!" said the auctioneer. "Give us your nickel and take the dollar."

"Take it out of the dollar and give me the ninety-five cents," said young John D.

He was ahead of the other boys even at that youthful age.

There is a woman in our town who finds delight in always running somebody down. She used to do it by gossip. Now she does it by auto.

According to the *Milford Leader*, July Fourth last was a wonderful day, being featured by a party of twenty-six who went out of town for an outing. You will be interested in reading the editor's account of the trip as follows:

"At Hinesline's the men pitched quoits while the ladies tried bridge for their pastime. In our youthful days we often heard of the one-arm fellow who went buggy-riding

with his best girl. But not before this day did we ever hear of or see an armless bachelor. We had one with us and we do not know that we could say he was to blame, because two widows took a position one on either side of him on a small settee, and in order to keep them in safety he had of necessity to become an armless man.

"To such an extent, too, that he couldn't feed himself when refreshments came around. Then these two matrons, noting what a serious situation they had created, exhibited the finest kind of a compassionate spirit, by first one and then the other offering food to the sadly afflicted one. My, but he was most grateful for that benign consideration, and truly showed an appreciation, for he endured it to such a degree we wondered what the outcome might be. No complicated after effects have since been apparent and right after the eating, that same night, dancing and singing were indulged in at the cottage, the bachelor and the matrons joining in with their usual vim and appreciation of such opportunities. Home was attained safely in due time, one and all seeming to have been well pleased with what the day had brought to them."

We can recall when men bragged about how long they had worn a suit of clothes or a pair of shoes. One old fellow of our early recollection wore a pair of boots continuously for twenty-seven years. The village bootmaker who made the boots had a great chance to advertise how good his boots were but nobody advertised much in those days unless they had patent medicine to sell.

This is not locust year but the crickets are something terrible. Millions of them abound on the outskirts of Jersey City. People can't sleep at night on account of the noise. The mosquito pest in the Jersey City neighborhood is not to be compared with it. Housewives complain that they are tormented to death, that the crickets invade the home and that although they kill them by the thousands, there seems to be no diminution in number. The State Department of Forestry may be called in to destroy the crickets with flame-throwers.

According to this, crickets in Hudson county are as numerous as Democrats. Before summer is over, half of them will have political jobs and be regular contributors to the Democratic organization.

Harry Woolsey, a rich man's son, is held in the Morris county jail for stabbing to death his mother's maid servant. It is generally conceded that the fourteen-year-old boy is of weak mind and always has been.

However, the authorities will prosecute him for manslaughter. After he is convicted there will be a long fight and in the end the boy will be sent to an insane asylum. In the meantime, the lawyers and alienists will have some sweet picking and ten or twenty thousand dollars of the taxpayers' money will be spent.

Just as a matter of good business, assuming that nobody has ever thought of this before, why would it not be a good idea to determine whether the boy is of sound or unsound mind before he is tried? Look how many thousands of dollars might be saved by that simple process.

It may be true that you don't have to be worth much to earn

Bergen Is Fastest Growing County, With Union Next

The official census of New Jersey reveals interesting figures on population increases calculated on a percentage basis.

The bulk of the states' gain was in the five northern counties—Essex, Bergen, Union, Passaic and Hudson. The total increase for the state is 848,763, and that of the five counties is 518,997, or sixty-one per cent.

Bergen leads all other counties with a percentage gain of seventy-three. Union is next with fifty-

two. Bergen displaced Passaic as the third largest county in population. Union took fourth place, formerly held by Bergen, and Passaic is now fifth. Essex is first and Hudson second.

Although the five northern counties showed the greatest growth in population, four southern counties were among the six showing the biggest gains in percentage. They are Ocean, Atlantic, Cape May and Gloucester.

The following table gives the result of the analysis:

	1930	1920	Gain	Pct.
Bergen	365,405	210,703	154,702	73%
Union	304,736	200,157	104,579	52
Ocean	33,148	22,155	10,993	49
Atlantic	124,226	83,914	40,312	48
Cape May	28,964	19,460	9,504	48
Gloucester	70,592	48,224	22,368	46
Monmouth	150,000	104,925	45,075	43
Morris	110,381	82,694	27,687	33
Camden	250,709	190,508	60,201	32
Middlesex	211,787	162,334	49,453	30
Essex	831,279	652,089	179,190	27
Passaic	301,353	259,174	42,179	16
Mercer	185,924	159,881	26,043	16
Burlington	93,852	81,770	12,082	15

your salt but salt, just the same, is an essential and conspicuous constituent of the blood. While it enters and leaves the body in the same form, it performs important functions. From it the hydrochloric acid of the gastric juice is formed and it is chiefly responsible for the normal solvent power and osmotic pressure of the blood and other body fluids.

Down at Atlantic City a man has been sitting on top of a flagpole for a week or two, or month or two—hard to remember which—just to get some publicity and win the honor of being the champion pole-sitter. This freak man was probably just about as useful on top of that pole as he would have been anywhere else.

Another simple thing is the endurance bicycle contests among schoolboys in New Jersey, most of them around fourteen years old. The idea is to see how long they can pedal around and around a building before they drop off exhausted or insensible.

But it doesn't matter. These same boys would probably be going around in circles and getting nowhere in particular if they had stayed at their studies.

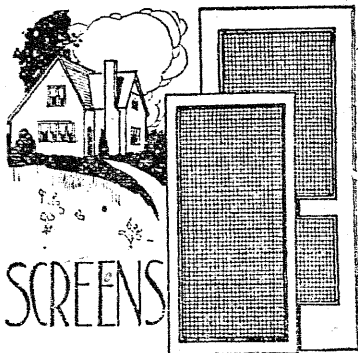

An old paper of 1893 reported that Matthew Russell was taken to the insane asylum, smoking cigarettes being the cause. "Yet," added the editor, "we see and smell some sickly-looking boys and even men of our town still inhaling the poison from the deadly paper rolls."

The conditions are much worse now. They even have to provide places in the insane asylums to put women who go crazy from cigarettes.

There was a young man from our state who was afflicted with

handicap he went to New York City and made good. He became leader of a jazz orchestra.

"Nature's Sweet Restorer"
Blessings on him who invented sleep, the mantle that covers all human thoughts, the food that appeases hunger, the drink that quenches thirst, the fire that warms cold, the cold that moderates heat, and lastly, the general coin that purchases all things, the balance and weight that equals the shepherd with the king, and the simple with the wise.—Miguel de Cervantes (1547-1616), "Don Quixote."

FOR COMFORT

Full-length screens will provide more comfort for the amount spent than will any article bought for the home during the coming insect season—to say nothing of safety. Ask us to measure up your openings. Learn how reasonably full-length screen comfort can be obtained!

"Apostatize" Stops Architect In Spelling Bee—"Doc" Wins

In emulation of that famous spelling bee between statesmen and newspapermen, the Lions Club was subjected to a spelling match last Thursday at the regular weekly meeting in the Elks Club. Twenty-five members took part but did not last long, most of them being eliminated on the first hectic round.

The winner was declared to be Dr. Daniel Kavanaugh and second best, Brewster Jones, architect. Plumbers, insurance men, dentists, musicians and other persons in other lines of work all fell by the wayside.

Two men were eliminated on the first word, "abyss," and then another failed to spell "absurd" correctly. "Accelerate" was another sticker. It was a hard day for many but an easy one for the two who lasted until the end. When it came to "apocope" and "apostatize," however, the two leaders hesitated and claimed to have never heard of the words.

"Brew" Jones tried a hard one and failed and Acting President Daniel Kavanaugh carried off the honors.

Entertainment for the next two weeks will be directed by George Von Arx who will take the place of Milton Brasher when he is away on vacation.

NOT YET RECOVERED

Mrs. Mae Bailey of 133 Belleville avenue, who was one of a number of guests poisoned by infected food eaten at a birthday party at Jersey City June 14, is still suffering from the ill effects.

ON FISHING TRIP

Dr. George Kaden, dentist, of this town, accompanied by Walter Zimmerer and Daniel J. Sullivan, Nutley builders, returned from a day's fishing trip at Beach Haven, Thursday night, with 150 weakfish.

Youth and Age

Youth is credulous in many matters, but upon one single issue youth stays as iron and granite: youth does not ever believe that life serves well enough just as it stands. To believe that such is just possibly the case remains the attested hall-mark of middle life. . . . Thereafter optimism develops insidiously and the most of us sink, cackling thinly, into amiable senescence.—From "The Way of Ebben," by James Branch Cabell.

Hides of Little Value

Compared with the size of the animals elephant hides have very little commercial value. Many commercial articles in which leather is employed have been made of tanned elephant skin, but the skin is not very satisfactory for such purposes.

Regular Hours Best

Keeping regular hours is necessary to good health. Nature will not be trifled with. Loss of sleep can never be made up, no matter how long a person may sleep later. It is even claimed that sleeping in the daytime is never as beneficial as sleeping at night.

Started by Eli Whitney

The automotive industry must defer to an inventor in another field for the establishment of the principle of interchangeable parts, which has played such an important role in motor vehicle building. Eli Whitney, inventor of the cotton gin, is credited with the idea.

Mexican Sentimental Song

The song known as the "Home, Sweet Home" of Mexico is "La Golondrina," by Sarradell. The translation of this is "The Swallow." It has been sung for many years, and it is referred to as the "Home, Sweet Home" of Mexico, as it is generally played as the concluding number of a dance or other festivity.

"First Water"

The limpidity and luster of a precious stone are sometimes referred to in this phrase; a diamond "of the first water" is one perfectly pure and transparent. By extension, almost anything of the highest quality may be spoken of as "of the first water"—but the phrase seems less applicable to a star.

Iris Adapts Itself

From the study of geographical distribution of the iris, it appears that the two centers of original location are central and southern Europe, and the Orient, especially China. For the most part, however, the exotic species are thoroughly at home on the American continent and in certain sections have established themselves as freely as any native plant.

For Home Study

The national home study council is the banding together of the outstanding correspondence schools and several resident schools under fair-play standards to protect ambitious people from deception and imposition, and constantly to advance the standards of home study schools.

But He May Guess Wrong

When the doctor gets sick, the people think it won't amount to much, for he will know exactly what to do.—Terre Haute Tribune.

Widely Separated

Zenith and nadir are both Arabic words, the first signifying the point

DE CAMP BUSES TRANSPORT EDISON'S YOUTHFUL GUESTS

Two old-time organizations of New Jersey joined hands this week in entertaining the fortunate young men from forty-eight states, who are visiting Thomas A. Edison, and competing for the annual college scholarship awarded by the famous inventor. These organizations are the Thomas A. Edison Industries and the DeCamp Bus Lines. From among the various bus operators of the state, the Edison offices chartered De Camp buses to transport their student guests.

Early yesterday, the DeCamp fleet met the students at Hotel Suburban, East Orange, and during the day the youthful Edisonians were transported to Coney Island and Manhattan Beach, later returning for a sightseeing trip through New York City. The program of bus transportation for Thursday included visits to Glenmont and the Rock Spring Country Club. On Friday the Edison officials started from Glenmont, Llewellyn Park and escorted the students to Brooklyn, where they visited the Navy Yard and went for a cruise on a Coast Guard Destroyer.

Commenting on this appointment from the Edison offices, Ralph DeCamp, president of the lines, said, "In receiving this honor from such an old and well-known institution as Mr. Edison's, we naturally feel deeply repaid for the efforts which we are making to provide the New Jersey public with safe bus travel."

Intellect

Water dissolves wood and iron and salt; air dissolves water; electric fire dissolves air, but the intellect dissolves fire, gravity laws, method and the subtlest unnamed relations of nature in its restless menstrium. Intellect lies behind genius which is intellect constructive.—Ralph Waldo Emerson.

Broadening the Mind

Nothing has such power to broaden the mind as the ability to investigate systematically and truly all that comes under thy observation in life.—Aurelius.

And Probably Is

Contemporary says it's sometimes hard for father to tell whether it's the wolf at the door or daughter's new three-tone motor horn. It could be both, couldn't it?—Arkansas Gazette.

Utopia

Perhaps in some happy planet a few quadrillion miles away, the people don't have any social and political problems, but just mind their own business and live and enjoy themselves.—Detroit Free Press.

Try 'Em on Your Friends

The University of California selects these words as tripping most spellers: separate, lose, ninety, privilege, villain, chaufauqua, accommodate, all right, repetition and ecstasy.

Trinidad's History

Trinidad was discovered by Columbus in 1496. It remained in the possession of the Spanish until taken by the British in 1797. It was finally ceded to the British in 1802.

Old Permanent Wave

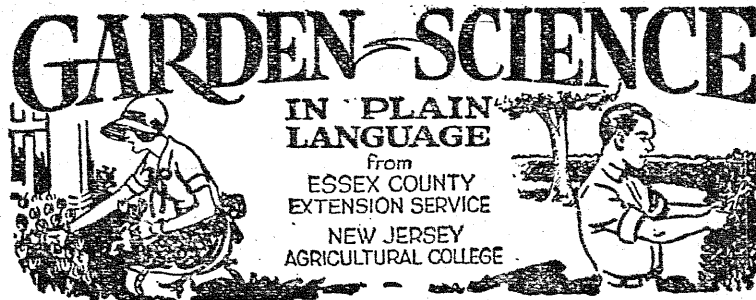

The first permanent wave was found in excavations in Mesopotamia, a golden wig with the hair perfectly waved dating from about 3300 B. C., and it was worn by a man and not by a woman, according to Sir Frederick Kenyon, director of the British museum.

GROWING DELPHINIUMS
BY A. C. MCLEAN
N. J. Agricultural Extension Service

The delphinium, one of the most popular of the perennials, needs attention at this season. This plant should be cut back to promote the growth of the new shoots, upon which will be produced a fall crop of blooms. Remove only the flowering stalks, as a severe cutting back will retard the plant too much. Do not let the delphinium go to seed unless they are choice specimens from which seedlings are to be grown.

A light application of lime around the base of the plants is advisable at this time because the delphinium does better in a sweet soil. The lime will be carried down to the roots by summer rains.

The summer is also a good time to start delphinium seed, particularly the hybrids, since fresh seed of this flower grow best. Old seed do not germinate very well, particularly if stored in the open air. The Boyce-Thompson Institute for Plant Research found that dry delphinium seed, hermetically sealed in glass bottles as soon as gathered, showed increased germinating powers over a longer period.

Seeds started this time of the year will bloom well next summer and the very choicest specimens can be selected to keep. It is well to remember that even seed from the best hybrids do not reproduce true to type, and only a small percentage of fine delphinium plants will be grown even from the best seed.

These plants are hardy and, if started as soon as the summer seed crop is ripe, will winter well, provided they are planted in a well-drained spot. The delphinium can also be propagated in a frame by cuttings of the young shoots taken off in the early spring.

Parliament Sat Long

Charles I of England summoned a parliament in 1640 which, because it lasted until 1660, has been called the Long parliament.

Saving the Pennies

It requires only a very small degree of saving or spending to lead to comparative wealth or poverty, even in one generation. As Micawber said, a man with an income of a pound a week will ultimately reach poverty if he spends just one penny more a week, and reach opulence if he spends just one penny less.

History

A fifth grade history teacher asked: "Who was Patrick Henry?" and a small replied: "He was the man who drove the snakes out of Ireland."

LAWN SEEDING

BY R. E. HARMAN
Essex County Agricultural Agent
N. J. College of Agriculture

Lawn seeding is far better if done in late summer than during the spring or early summer. This applies to both reseeding an old lawn, patching a lawn, or in putting down a new lawn.

Most of our lawn weeds are annuals which die in cold weather. Late summer seedings get started off in the spring one lap ahead of the weeds in the struggle for first place around the lawn. Seed in North Jersey from August 15 to September 1st.

Lawn seeds are small and common sense would lead us to believe that they require a fine seed bed. A bit of reasoning tells us too that if the young seedlings are to compete successfully with such weeds as plantain, dandelion and crab grass, they be given what they demand in the way of organic matter, lime and fertilizer.

Even a good seed bed, plus the organic matter, lime (if necessary) and plant food will result in a loss of time and money and cause some worry if cheap seed is used. Cheap seed contains timothy and other temporary annual and biennial grasses because these seeds are cheap.

The kind of seed to use, the lime necessary, the question of organic matter and so on, depend upon your present soil condition and how you expect to treat your lawn after it is started. For information on lawn questions and for the Experiment Station's 1930 free circular entitled "Better Lawns," get in touch with your County Agricultural Agent. (For Essex County, the Park Theatre Building in Caldwell. In other counties, the Court House.)

Betsy Ross Flag

It is difficult to get positive evidence of the first flag made by Betsy Ross and some historians regard it as purely traditional. The flag she made is not preserved in any museum. It is true that she was a flagmaker in Philadelphia at the time the flag was officially adopted and that she was commissioned at various times to make flags for the government.

stories high and ten feet in diameter and many tourists stop at the artist's colony to view it.

The Coolidges' new home, "The Beeches," was visited at Northampton. From there the party motored to Greenfield and traversed the Mohawk Trail. At Windsor, Vt., they made a trip to the State prison and afterwards crossed the Connecticut river into New Hampshire where an hour was spent on the grounds of the Augustus Saint Gaudens Memorial Home.

Traversed Caverns

They spent the night at Bradford, Vt., and the following morning continued their journey to Lost River, N. H., in the White Mountains, where the three-quarters of a mile trip down through crevices and caverns is described as one of the most interesting experiences of the outing.

Driving through Franconia Notch they viewed the Indian Head and "The Old Man of the Mountain." They passed Mt. Washington and Crawford Notch, reaching Portland, Me., the same night. The following day they spent several hours at Old Orchard where they enjoyed the bathing.

Gloucester and Boston were also on the itinerary. The last overnight stop was made at Worcester, Mass., which they left on Saturday morning. On the home route they passed through Springfield, Mass., Litchfield and Danbury, Conn., and over the Bear Mountain bridge. They reached Belleville at 5 o'clock having traveled 250 miles since 7 in the morning.

The only mishap reported on the 1250 mile journey occurred at the beginning of their trip just fifteen miles out of Belleville, when a blow-out delayed them for a short time. In Yonkers they received directions from an elderly gentleman who told them that the car he was driving had gone over 500,000 miles and had been rebuilt three times.

Mr. Horne expects to be able to show his pictures to interested friends shortly.

Antiquarians Puzzled

Antiquarians of Scotland are puzzled over a recent find in Stirling during the demolition of ancient buildings. They could determine that an old draw well had been under a house built 275 years ago and that window stones with the inscription "A. R." in flowing letters probably dated from the reign of Queen Anne. But a legend

NO-HIT, NO-RUN GAME FOR BYRNES

A. A. OVERWHELMS BELL-NUTS, WHO BEAT THE PARKS

Coeyman Helps Hand Nuts One Of Worst Defeats Of League Season

ERRORS PLAY A LARGE PART

The Belleville A. A. continued their winning ways by swamping the Bell-Nuts 11 to 3 Tuesday night at Clearman Field. It was one of the worst defeats the Bell-Nuts have suffered since the league has started.

Ted Coeyman proved entirely too hard a nut for the Bell-Nuts to crack. They got to the veteran for a run in the opening frame, but from then until the seventh he was invincible. George Moniot, on the other hand, was freely hit by the heavy slugging A. A. troupe. Baykowski relieved Moniot in the sixth and he fared even worse than his predecessor.

To make matters worse the usually reliable Bell-Nut infield was wobbling, committing three errors all told. The A. A. gave Coeyman fine support and had but one error which did not figure in the scoring. Fred Polfisch and John Leonard led the attack for the A. A. with two hits apiece. Johnny Baney and Moniot had a brace of hits apiece for the losers.

Wednesday Game

The Bell-Nuts made it four victories in a row by taking the Parks into camp Wednesday night in a postponed game at Clearman Field. George Moniot started on the mound, but he still showed the effects of a sore arm and gave way to Pint Sentner in the third inning after the Parks tied the score.

Sentner, normally an infielder, twirled in fine style and his speed ball had the Parks baffled. Andy Colanino twirled a fairly good game for the losers, but he was not as effective with men on base as was Sentner.

The Bell-Nuts got off to a good start by scoring three runs in the opening frame. Pint Sentner walked for a starter. Jentis fled out to left center. Meanwhile Sentner stole second and took third on Zan's error. Bill Kearney grounded out to second, but Sentner was safe at the plate. Buttons grounded out to third base. Johnny Baney clouted a double over the left field fence, scoring Kearney. Hugh Clark sent Baney across with the third run by singling to left center.

Three Runs Tie Score

The Parks tied up the score by tallying three runs in the third. Colanino led off by hoisting one over the fence for a double. Zan walked and Murphy doubled to right, scoring Colanino and Zan. Murphy went to third on a passed (Continued on Page Sixteen.)

Cardinals Load Bases In First Inning, But That Ends Their Threat

Clintons Give Byrnes Five Runs Which Is Plenty To Win

STRIKES OUT 14 OUT OF 24

The Clintons, or rather Tommy Byrnes, defeated the Cardinals 5 to 0 Saturday afternoon at Clearman field in a Junior Legion League contest. All that Byrnes did was to twirl a no-hit, no-run game and fan fourteen of the twenty-four men who faced him. It was without a doubt the most brilliant pitching exhibition ever seen at Clearman Field.

An odd feature of Byrnes' performance was that he filled the bags in the first inning without allowing a hit. Johnny Leonard started the inning by drawing a pass. Christell sacrificed him to second. Comiskey walked and Pat Dunn laid down a sacrifice bunt, but was safe himself when Byrnes purposely held the ball to fill the bases. Byrnes then calmly fanned Mac Lamb and Sullivan in the order named.

Nobody Reaches Second

After the first inning Byrnes settled down and for the remainder of the game not a Cardinal player advanced beyond first. In fact only one man reached first. Christell walked in the sixth, but a lightning double play via the Harbelt to Irving to McGuire combination retired the side. The Clintons scored all of their five runs in the fifth inning. George Ashworth who started for the Cardinals was going great guns up until this frame. Two errors, a walk, a single by Welsh, and doubles by Tommy Byrnes and McGuire sent the Clinton tallies across. The Clinton fielders had little to do. As mentioned before, Byrnes fanned fourteen, but he also had two assists. Ryan, batting for Ashworth in the sixth hit the only ball out of the infield. Joe Comiskey succeeded Ashworth on the mound and pitched good ball. Johnny McGuire led the Clintons in batting with a double and a single.

HOOPLE CLUB TO HOLD ANNUAL SESSION TOMORROW

The members of the Hoople Club will hold their next meeting Friday evening, August 1. Arrangements will be made at the meeting for the annual baseball game between the married men and the single men. Also the annual election of officers will be held on this date.

POLO WORKING HARD FOR BOUT WITH JOHNNIE OAKY

With a few weeks to train, Freddy Polo has been going through daily workouts for his coming battle with Johnny Oakley at the Velodrome. Oakley is the popular Trenton battler who kayoed Doc Conrad and beat Abie Ban. This fight is a tough assignment for Polo so the belting beauty is taking no chances on training.

If he disposes of Oakley, Polo is promised a match with Young Corbett, Fresno southpaw in Newark, some day in September.

SEPARATES OVERCOME BIG LEAD TO DOWN WHITEWAYS

Belleville Separates, playing one of their best games of the season, nipped the Whiteway B. B. C. by a 12 to 11 score in an interesting contest at School Field, Sunday afternoon. The Whiteways had accumulated a five-run lead on the locals in the early innings, only to drop behind as the game progressed.

Captain Joe Tuozzolo and Bill McNally who were the batting stars last week, again led their teammates by getting three and two hits respectively. They also hit for the circuit with powerful Ruthian clouts in the fourth inning to knot the score at six all. C. Naturale's timely bingle with the bases clogged put the locals in the lead which they held to the end and proved the deciding factor.

Gus Jannarone, Separates' hurler, was in splendid form, getting twelve strike-outs and issuing but two free passes to first base. He also helped his cause along by getting a single and a double at bat.

Next Sunday afternoon the Belleville nine will have as their guests the strong Woodside Pros in the first game of a series.

PAR BUSTED TWICE

Martin O'Connor, golf pro at the Branch Brook course, was disappointed this week to learn that his sixty-nine over the course is not the first time that par has been broken. It seems that Edward Curtin, who was Newark city champion for several years, gave par a jolt some time ago.

O'Connor claims to be the longest driver on the local layout, but some of Dutch Geisen's friends claim that this winner of several driving contests is longer than the local pro.

LEGION WINS AT HOME, BUT LOSES AT WEST ORANGE

Mallack Pitches Good Ball To Hold Websters In Check

DOUBLE CARD SATURDAY

The Belleville American Legion nine kept their at home record intact by winning a close 2 to 1 decision from the Webster A. A. Saturday afternoon at Clearman Field. The victory gave the locals a record of eight in a row. Sunday afternoon they traveled to West Orange where they dropped a 4 to 3 decision.

Jim Mallack, just back from a vacation, held the hard-hitting Websters to four hits and as usual he had an imposing list of strike-out victims. Johnny Woods twirled for the losers and was just as effective as his opponent, but an error in the first inning proved to be his down fall.

Tommy Dunn led off in the first inning by reaching first safely on an error. Johnny Lawlor advanced Dunn to second with a perfect sacrifice bunt. Johnny Mallack then shot a single to right to score the first run of the game. Belleville scored another run in the third inning.

Kastner Sews It Up

Tommy Dunn again started the trouble by singling to left field. The veteran Lawlor laid down another perfect sacrifice, placing Dunn on second. John Mallack popped, but Butch Kastner caught hold of one of Woods' speed balls for a single to score Dunn with what proved to be the winning run.

The Websters scored their only run of the game in the sixth inning. Woods started this inning off and helped his own cause along by singling. Kiss shot a single to right center which placed Woods on third. Letterio made it three singles in a row to score Woods. Mallack then settled down and retired the side on strikes.

John Mallack had a big day with the willow as can be seen in the box score which shows three singles for the portly one. Johnny Woods, besides pitching a splendid game, led his mates at bat with a double and a single. Rutuhdi, Webster left fielder, pulled a neat running catch in the seventh inning when he robbed Jim Mallack of a hit by leaping high into the air and grabbing the ball with his gloved hand.

Saturday's Card

Next Saturday afternoon the Legion nine will cross bats with the Greater Newark B. B. C. The game should be a great pitching duel between Jim Mallack and Fat Allen of the visitors. Mallack has yet to lose for the locals this season. The Cardinals and the Unions will clash in a preliminary game.

NO. 5'S TURN BACK RECREATIONS 19-8

Future Greats Put Up Good Show In Morning Game

ANDERTEN IN GOOD FORM

No. 5 playground had little difficulty in defeating the Recreation House playground ball nine 19-8 Monday morning at the latter's grounds. No. 5 got off to a flying start by scoring two runs in the opening frame and from then on they were never headed.

"Goudgie" Anderten started in the box for the No. 5 boys and he gave a fine exhibition. The "Rec" nine threatened in the fifth inning, but Charley Christell went to Anderten's rescue and like his predecessor he breezed by in fine style. No. 5 scored in every inning but the fifth. Charley Christell was the Bambino of the No. 5 attack with four hits in five trips to the plate.

nine traveled to West Orange where they dropped a 4 to 3 decision to the crack West Orange A. A. Whether this game will mar their perfect record for the season is a problem as the game was booked under the name of the "Belleville Pros." At any rate, it was the Legion team intact which performed.

It was one of those games which had the fans on edge throughout and the West Orange nine, by virtue of a rally in the eighth inning, finally copped the bacon. Butch Kastner started on the mound for the locals and was southpawing along in great style up until the ill-fated eighth when the home team bunched four hits for two runs.

Mallacks Shine

The Belleville nine had been leading throughout up until the above-mentioned frame. In the matter of hits the locals matched their rivals with nine apiece. The Mallack brothers were the whole show for the locals as far as hitting was concerned. Jim smashed out four safeties in four trips to the plate, while John came through with two timely blows.

Clem Dougherty twirled a neat game for the losers. It is true he was touched for nine blows, but his mates erred three times whereas the Legion nine played errorless ball. Dougherty also had a busy day with the stick, sharing honors in this department with Lynch. Harry Miller's double in the eighth sent the winning run across.

T. PETERS WIN TWO LEAGUE GAMES

Errors Help Flynn to Down Beliski In Pitching Duel; Anthonys Fold Up Quietly

Bachelors Get Only Run On Triple and Single In First Inning

CARRAGHER DRIVES OUT TWO

St. Peter's still remains in the thick of the fight for the American Legion pennant as a result of their 3 to 1 victory over the Bachelors Friday night and a win over St. Anthony's, 9 to 0 on Monday night. The Friday game was strictly a pitching duel between Ral Flynn of the Saints and Lew Beliski, ace twirler of the Bachelors.

The Bachelors threw a scare into the Saints at the start by scoring in the first inning when Pat Dunn tripled with two out and came home on Mike Bartley's single. Meanwhile Beliski had the William Streeters eating out of his hand.

The Saints broke the spell by getting a run in the fourth to tie the score. It was no fault of Beliski's, but of two errors on the part of his mates. In scoring the run the Saints did not get the semblance of a hit.

Another Miscue

St. Peters came back with a run in the fifth, but again Beliski was not to blame. Ral Flynn led off with a single. Biddy Carragher hit one over second, but Fitzpatrick made a fine stop and forced Flynn at second. Carragher was out stealing a moment later. Ryan hit a fly to left center which should have been caught, but the usually reliable Mike dropped the ball and Ryan rested safely on second. Curran walked and Oscar Lawson sent a single to center, scoring Ryan.

St. Peters scored their only earned run in the sixth when Lilori singled with one out, stole second and came home on Clancy's double to left field. After the first inning Ral Flynn was well nigh invincible.

He allowed just one hit for the next six innings and oddly enough it was from the bat of Mike Bartley who drove home the Bachelors' only run. Dunn's triple in the first was a hefty drive to right field. Flynn forced seven Bachelors to retire via the strikeout route.

Biddy Carragher continued his good hitting by pounding out two singles in four trips to the plate. "Specs" Fitzpatrick, flashy Bachelor shortstop, did some clever fielding for his team and pulled down several drives labelled for hits.

St. Peters had no trouble with St. Anthonys Monday night. The fans had anticipated a much tighter game but the Anthonys did not have Roy Snell in the box which probably accounts for the high score.

After pitching a no-hit, no-run game Saturday, Tommy Byrnes nearly pulled the miraculous feat of twirling two such games in a row. A single by Gallagher to center field spoiled his chances of another perfect game. Gallagher's hit was rather a scratchy affair at that and might have been caught.

The Saints made "whoopie" with Gallagher's delivery by pounding him for four runs in the opening frame. They rested in the second and third innings, but came back with four more counters in the fourth.

Sugar Flynn and Oscar Flynn with a trio of hits apiece were outstanding in the St. Peters' victory. One of Lawson's hits was a home run to right field. Marty Mallack with two safe wallops was not far behind Flynn and Lawson. Earlier in the season the St. Anthony nine defeated St. Peters so the latter team was out for revenge and as shown by the score, they attained their goal.

ANTHONY JRS. WIN FROM PANTHERS 7-1

Bonavita Makes Only One Mistake—A Walk Which Cost A Run

FINE FIELDING IS A FEATURE

St. Anthony Jrs. continued their good playing in the Junior League by taking a 7 to 1 decision Monday night at Belleville Park over the Panthers. Everett Burden's single in the third inning was the only hit registered by the losers.

Jerry Bonavita, crack Belleville High athlete, twirled in rare form for the Silver Lakers. Were it not for the fact that Bonavita walked Jim Petrie in the third frame he would have had a shutout. Incidentally, Petrie was a jinx to Bonavita as the former walked three times in three trips to the plate.

St. Anthonys started right off in the first inning to sew up the game. They tallied twice in this frame and came back with three more in the third. It was in the third inning that Jerry Bonavita hit a terrific drive to left field for a home run, scoring two men ahead of him. The Saints then went out in the fourth inning and picked up two more runs on another hit by Bonavita.

It would not be fair to say that Bonavita won the game single-handed as his mates backed him up in faultless style. However, besides pitching a strong game he had a perfect day at bat with three hits in three trips to the plate. Tony Carchio, Saints' right fielder, was the leading run-getter of the game, being credited with three markers.

Opera Won Its Way

Puccini's opera, "Madame Butterfly," was produced at La Scala February 17, 1904, and seemed an utter failure. Three months later it was given at Brescia, and Milan's disapproval was not upheld. It started on a career of world-wide production, and is one of the most popular operas known.

Here and There

By Harry Metz

Enter another name into the hall of fame, Tommy Byrnes, wee Clinton southpaw. Tommy certainly did have the Cardinals swinging last Saturday. Had he pitched this game against any other team we would not have been so surprised, but to pitch your team to a no-hit, no-run game when it means going into a tie for first place is one for the books.

However, that is not all this Byrnes person did. Up steps Tommy Monday night to pitch a one-hit shutout against St. Anthonys in the Senior League. We may be wrong, but certainly no other pitcher in these parts can boast of having allowed one hit and no runs in two games. And only one day's rest. Then, too, St. Anthonys have two of the best hitters in the league in Derrico and Solomon.

Oddly enough it was a lad who plays in the Junior League who secured the only hit off Byrnes. He answers to the name of Gallagher and incidentally some time ago this same Gallagher had bested Byrnes in a pitching duel. Baseball dopesters will tell you that had anyone but Ray Flynn been playing center field Gallagher's hit might have been caught. That's casting no reflections on Ral, because Ral was under orders to take it easy as last night he was due to pitch against the Elks.

Eddie O'Neil, popular Bell-Nut outfielder, has just spent a week doing what is practically every youngster's ambition. He has been working out with the Giants in practice. Now don't get alarmed and think that Eddie will replace any of the Giant outfielders, but nevertheless Eddie has signed papers and next season or the following one may see O'Neil playing ball with one of the Giant farms.

A "farm" in baseball slang is a minor league ball club. If a player shows promise he is farmed out to one of these minor league teams and then if he shows he has the stuff he is recalled by the major league team which originally had him signed up. We don't know of any youngster hereabouts who is more popular than Eddie so here's hoping he eventually makes the grade.

Perhaps it would not be a bad idea to tip off some of those big league scouts to look over Mac Lamb and Tommy Byrnes. Here are two youngsters still in their teens who would probably make the grade if given a chance. There's no getting away from it. The Belleville American Legion deserves all the credit in the world for starting these two baseball leagues.

It seems that youths all over the country are getting the "endurance craze." There are two such contests now going on in Belleville. There is the one we mentioned last week up Joralemon street way and another opposite Clearman Field.

By the way, the original contestants in the first one mentioned are not at their bicycles any more, but three more sturdy youths have replaced them.

In some parts of the country the kids are seeing how long they can stay in trees and various other odd things. The craziest one we have heard of yet is a fellow being enclosed in a coffin with no food, but enough cigarettes and water to last him for ten days. Laugh that one off.

VALLEYS BREAK 28-GAME RUN OF BLOOMFIELD TEAM

The newly organized Valley A. A. team traveled to Bloomfield Sunday where they defeated the Bloomfield Orioles who had won twenty-eight consecutive games, by a score of 9-6. With two of their regular players out of the line-up for the first game, the local team was forced to bring Crowning in from the outfield to play first. Hughie Clark was also brought in to play short.

Otto turned in a fine performance for the Bell Roys, allowing but eight scattered hits and fanning eleven. Bob Crowning at first base made several nice pick-ups and collected two hits. Hughie Clark also played a bang-up game at short. Shaul and Smith starred at bat, Shaul collecting three hits while Smith collected two, one of which was a triple to deep right field.

Next Sunday at Capitol Field the Valleys will meet the strong Elmwoods of East Orange in the morning, while in the afternoon they will play the fast stepping Irvington A. A. C. at Vailsburg Park. The score:

Observation Glasses

In order to watch horses, automobiles, etc., at a distance of 6 or 8 miles the bureau of standards says that a 6 or 8-power binocular or a 20-power telescope is recommended. If fine details are to be examined the telescope is the better.

Metal Creates Interest

Metal expresses the mind, while the other materials express the emotions, as a rule. We depend upon masses of masonry for impressiveness, but we use metal where we want to create interest.

Busted

Little Richard, aged four, had been watching the sun set with great interest. When the sun had sunk halfway below the horizon he turned to his mother and said: "Oh, look, mother, the sun is busted."

A. A. Overwhelms

(Continued from Page Fourteen.)

ball. Travers singled to right, scoring Murphy. DeWork singled to center, the hit placing Travers on third. Zyla flied to right field, but Metz's throw held Travers on third. Shannon fanned and Mitschki sent an easy roller to Sentner to end the inning.

The Bell-Nuts regained their lead by scoring a run in their half of the third. Jentis singled for a starter, stole second and came home on Kearney's single to center.

The Parks got to Sentner for three hits in the fifth, but they countered only once as Travers was caught between second and third after Zyla's single had scored Murphy. The Bell-Nuts sewed up the game by scoring four times in the sixth frame, thanks to three Park errors.

Leo Jentis led the Bell-Nut attack with a double and a single. Murphy, Travers and Zyla each had a brace of hits for the losers. Kearney pulled the fielding gem of the night by making a miraculous stop of Zan's hard-hit grounder and then throwing to first while off balance.

CHAMPIONSHIP BOUT FOR DUNDEE STILL IN AIR

Vince Dundee, having just returned from his western pugilistic debut, where he practically annihilated My Sullivan, St. Paul battler, is taking a short rest. The "Handsome Brute" gave Sullivan a sound thrashing as well as a boxing lesson. The bout scheduled for ten rounds, was staged in St. Paul, Minn., last Wednesday night.

Dundee's right hand punches bewildered Sullivan on different occasions and Vince never found himself in any trouble. It has been rumored throughout northern Jersey that a Bain-Dundee fight is in the making at Dreamland Park and Dundee is willing. Vince has received an offer from Jess McMahon for a championship fight with Mickey Walker, present middleweight champion, in New York on Labor Day. A telegram sent to Vince's manager, Max Waxman, stated that the Belleville boy will receive twelve and one-half per cent of the gate. Dundee approved the offering but Waxman still has to O. K. the terms.

Benny Benjamin, who is partly responsible for Vince's latest win, was worried over his charge's weight, but Vince went into the ring the night of the fight at the exact weight and in good condition. The contest was the second between the pair, Dundee having won the referee's decision in Chicago several months ago. The weight of the fighters were Dundee 154, one pound lighter than his opponent.

First Use of Coke

The bureau of mines says that the first bituminous coal was coked in the United States in 1816 and was probably used for smelting iron.

Belgium's National Flower

The azalea is the national flower of Belgium, being developed from the wild shrubs of this species native to the hilly regions of Japan and China.

MASCO AND ROSSI WIN AT JERSEY CITY ARENA

Petey Mack, Jersey City veteran, took a whipping at the hands of Harry Masco, Silver Lake battler in the feature ten-round bout at the Bayonne Stadium last Wednesday night. Mack, a clever boxer, took an unmerciful beating from the youthful Masco whose fast stepping and sharp punching throughout the fight earned him the decision. Both boys are lightweights. Jack Masterly officiated.

Al Rossi, 136, put another knockout to his credit. His victim was Johnny Dempsey, 138, of Newark. The conclusion of the fight came forty-four seconds after the opening of the fifth round of a scheduled six-round contest, held in Dreamland Park last Wednesday night. Dempsey was down and out in the fifth, though a towel had been thrown in by his seconds. Hen Lewis, referee, counted Dempsey out. Towel throwing is no longer recognized in Jersey's boxing rules as a symbol of stopping a fight.

Insurance Facts

A mutual insurance company is an organization owned and controlled by its policyholders. All profits are shared among its owners, who are and can only be policyholders. A reciprocal insurance company is an organization working through an attorney-in-fact, to whom is given the power to handle all of the insurance.

Ancient Gravestone

A peculiar-looking stone discovered in a field near Schwadorf, Austria, by Johann Firth, a peasant, and delivered by him to Professor Langhauser, the local school principal, was found to be a part of a Roman gravestone with much of the inscription still clearly legible.

Or Leave the City

A prominent manufacturer of soap, shaving cream, perfume, tells this one: "We once announced a contest for the best slogan advertising our product. Some chap submitted the following: 'If you don't use our soap, for heaven's sake use our perfume!'"—Arcanum Bulletin.

Tacks and Plaster

These two articles do not go together so well, but if the tack is pushed first into a cake of soap and then driven into the plaster you will find it will help greatly to prevent the plaster from cracking or breaking.

Taxpayer's Troubles

Jud Tunkins says he feels like a gambler when he pays his taxes—always hopin' he's goin' to win something in the way of improvements. The only trouble is that he has to keep on playing the game whether he likes it or not.—Washington Star.

Just a Suggestion

Scientists who are looking for some material to make rubber more elastic might try mixing in the average human conscience.—Arkansas Gazette.

Old Theory Abandoned

The bureau of American ethnology says that the Atlantis theory of the development of the Mayan civilization is no longer accepted by Mayan scholars.

NELSON TURNS BACK

Johnny Nelson, popular Lake lightweight, returned ring wars last Friday night scored an impressive six round decision over Nick Liaco of Baltimore. The contest, staged at the Oceanview A. C., in Long Branch was full of action, both boys slug-ging toe to toe from the first going until the final. The more experienced Nelson had the Baltimore battler in trouble in the third round when Nelson landed a beautiful left to the stomach.

Avoid Effusiveness

Be brief: for it is with words as with sunbeams—the more they are condensed, the deeper they burn.—Southey.

Known to Ancients

Archeological discoveries reveal that the principles of the use of steam, hydraulics, smoke screens, concave and convex mirrors, magnets, etc., were known to the ancients and employed by priests in temples to perform supernatural feats. Steam, for instance, was used in Babylonian temples as early as 1700 B. C. to cause images of gods to move their heads, eyes or arms. Many similar devices may be cited.

Production of Mints

It takes 35,000 acres just to provide flavorings of part of the chewing gum and candy consumed in this country annually. The flavorings in question are the essential oils of peppermint. In the case of the spearmint, all the product goes into the manufacture of gum, but peppermint also finds its way into candy and as a flavoring for toothpaste.

Man's Supremacy

Although the Tarahumaras are the only people that run merely for the pleasure of it, Scotty Allan, the famous Alaskan dog musher, claims that a determined man can always outgame any animal on an extended chase, and cites instances in which he had conquered an outlaw sled dog by running the animal for 40 or 50 miles until it dropped in its tracks.
