FIVE CENTS

BOARD IS NOW SEEKING BIG RATABLE INCREASE

OLD ORDINANCE DUG FROM FILES

Covers All Phases Of Problems About License Charge and Hours

PERMITS FOR CALENDAR YEAR

It was all settled very simply. The owners of miniature golf courses, by the terms of an amended ordinance passed on first reading Tuesday night by the Board of Commissioners in the Town Hall, must pay a license fee of \$100 a year, close their courses at 12 o'clock, and renew their permits on January 1 of each year instead of having their permit good for a full year from the date of its issuance.

POLICE, FOLLOWING RUNNING MAN, FIND 750-GALLON STILL

Police, investigating the hurried disappearance of a man into a garage at 47 Frederick street, Silver Lake, at 2 o'clock yesterday morning, found a 750-gallon still on the premises and four full vats of wash. They were just too late to catch the man, who went out the back door, but confiscated the bootlegging materials and notified U. S. Prohibition authorities.

Those taking part in the raid were Sergeant Elmer Leighton, Patrolmen John Flynn, Harry Scott and Tom Cruthers. The man was first seen running into the garage as Patrolmen Flynn and Cruthers were patrolling Frederick street and the police car.

TOWN RUNNING BEHIND IN DOG LICENSE FEES

Town Clerk Tells Commissioners and Clark Promises Police Investigation

CANINE POPULATION DROPS TO HALF, STATISTICS SHOW

The industry of licensing dogs in Belleville is looking down—not up, Town Clerk John J. Daly proved to the Board of Commissioners at their conference in the Town Hall Tuesday afternoon. Consequently Mayor Samuel S. Kenworthy suggested remedial action through the Police Department.

Statistics read off by Daly showed that only 107 females at \$2 a throw and 534 male dogs at \$1 a throw had been licensed so far this year. Statistics for last year showed a total of 317 female licenses and 939 male.

"Revenue," said the Town Clerk sorrowfully, "is \$819 less than it was at this time last year."

JUDGE ISSUES TEN WARRANTS

Ten bench warrants were issued by Recorder George A. Fitzsimmons in traffic court on Wednesday of last week against drivers who had been handed summonses in the police campaign against violators of the stop sign regulations, who failed to appear when their cases were set for hearing.

Mayor Would Increase Tax Assessment On Undeveloped Acreage In North of Town

Suggestion Made By Jack Travers Who Fears \$5 Tax Rate In 1934

ALSO SUGGESTS EMPLOYING TOWN PUBLICITY AGENT

Efforts to derive additional ratables by taxing the Hillside Park property in the north end of town from the Passaic river to Union avenue on the basis of building lots instead of acreage, seem certain to be made and there is a likelihood that Otto Volkening of New York, owner of the entire tract which some value at \$1,000,000, will be forced to pay taxes on a valuation almost five times the amount now fixed—\$195,000.

The Town Commissioners unofficially agreed to the plan for this change at the conference in the Town Hall Tuesday afternoon after a plea made by Jack Travers, president of the Belleville Board of Realtors. Mayor Samuel S. Kenworthy said that he would call a meeting of the Board soon after Labor Day for a serious discussion of the plan.

Can't Afford Acreage

He said: "I am heartily in accord with the suggestions made by Mr. Travers and I think we should certainly go further in the matter. We have no land in Belleville today that we can afford to have held as acreage for the purpose of speculation."

Mr. Travers, who said that the Board of Realtors had met with a

representative group of Belleville's industrialists, were all strongly in favor of the plan and suggested that the Board should "give the tax assessor a chance to meet the budget without making drastic raises on the small property owner."

Town Publicity Agent

He also stated that there was a crystallized feeling among real estate men and factory owners that the town should employ a good business man for the express purpose of bringing factories and apartment houses to Belleville, as a further means of increasing ratables.

His plan was to have a man employed at full time, at a salary of \$3,000 or \$3,500 a year. He suggested Mayor Kenworthy for the job and strongly emphasized a belief that the job should be kept within the Board of Commissioners.

Jump to \$5.00

Unless the Board acted to find additional ratables, it was Mr. Travers' belief that the tax rate would amount to more than \$5.00 within the next four years.

Mayor Kenworthy, on the real estate man's suggestion that he (the Mayor) be given the job of bringing industry and apartment houses to Belleville, would not comment except to say "On that proposition, I am, of course, speechless."

ROTARY TO ASK P. V. S. C. ACTION

Speaker Deplores Lack Of Efficiency By Commission Despite Millions Spent

PRESIDENT NAMES COMMITTEE

An effort to hustle the Passaic Valley Sewer Commission into action that will bring about the quick purification of the Passaic river will be made by the Rotary Club through two of its members, John Baker and George Gerard, who were appointed to a special committee for that purpose yesterday noon, when the club met in the Ne-reid Boat Club.

They were given authority to draft a resolution to be sent to the Commission calling their attention to the lack of efficiency in the work of attempting to clean up the river.

The move was made after a vigorous protest about the condition of the river by Mr. Baker, who said, "Despite the millions of dollars that have already been spent and the millions now being spent, the river is still extremely offensive in odor and can only be adequately described as a 'stinking stream'."

Martin Tiernan gave a short talk on the "Spirit of Optimism." He said that we now have cause to be optimistic about the outlook of business.

Immediately following the meeting, members of the club played in a miniature golf tournament at the Jackie Coogan golf course. William Orchard donated a prize. Winners could not be learned before this story went to press.

REQUESTS TRANSPORTATION

Members of the Belleville Republican Club will visit the Caldwell penitentiary Sunday. The exodus from Belleville will start from the Town Hall promptly at 9 a. m., Walter P. Weiss, chairman of publicity, announces. He also requests members to bring cars if possible as some have no means of transportation.

Notice to Dog Owners

THE TOWN CLERK'S OFFICE is at the present time making a thorough check up to ascertain what dog owners have secured their licenses for 1930. The period for 1930 licenses started on January 1st, 1930 and as the greater part of the year has gone by all owners of dogs who have not yet secured licenses up to this date and do not avail themselves of the opportunity during the next week will be summoned to court. This will cause quite some inconvenience as well as a fine and it might therefore be well for those with unlicensed dogs to secure their licenses at once.

JOHN J. DALY, Town Clerk.

Two Women Hurt In Crashes at Same Place In Same Way

The coincidence of having two women hurt in two accidents taking place the same day and in the same way, is what happened at Washington avenue and Holmes street Sunday.

Mrs. Kathleen Boyle, fifty-five, 549 Washington avenue, received injuries to her neck and spine when a Belleville taxicab in which she was riding was struck from the rear by a car driven by David Burke of 17 Guy street, Dover.

A little later Mrs. Mary Meli, 153 Outwater lane, Garfield, reported to the police that she had received injuries to her right foot when the automobile she was riding in at the Holmes street intersection was hit from the rear by a car driven by Stephen Kohl of 34 Pearsall avenue, Jersey City.

In both cases, the cars in which the women were passengers, had stopped for the red light.

Mrs. Boyle was taken to St. Michael's Hospital in Newark and held for observation after being treated and Mrs. Meli was treated

by Dr. Daniel E. Kavanaugh before being allowed to go home.

Sergeant Hannan, Fishing, Returns With Usual Stories

Sergeant James J. Hannan of the police department has returned from a vacation at Beach Haven and has been regaling his comrades with tales of a big catch off the coast there, while angling for blue fish.

Patrolmen Harry Scott and Frank Christiano are back from Long Branch, Patrolman Gallagher from Belmar, and Patrolman George Spatz from Keansburg, where they spent their vacations.

Sergeant Charles Pearl left last Saturday night for a vacation to be spent in Montreal and Quebec. Patrolman Frank Burke at the same time left to visit with his brother Lieut. Richard Burke, of the Jersey City police department, at the latter's summer cottage at Port Monmouth.

Patrolman Ernest Slater has gone to Sussex county for his vacation, and Patrolman Frank Lukowiak to Freehold, where he will be a guest on his brother-in-law's farm.

EXPRESSED HIS HAPPINESS THROUGH ACCELERATOR, GETS SUSPENDED SENTENCE

With the employment situation what it is nowadays, Frank Westcott of 260 Oak avenue, Irvington, counted himself lucky when he got a job driving a delivery truck for a newsdealer.

In fact he was so jubilant that his accelerator foot bore down too hard and Patrolman Kenneth Smith gave him a ticket on a charge of going forty-three miles an hour in Washington avenue Monday of last week.

Westcott appeared before Recorder George A. Fitzsimmons Friday night. Asked why he violated the law he said:

"Judge, this is the first job I have had in six months, and it was the first day."

"Look out, or you'll land where you won't have a job for another six months," observed the court. Nevertheless, sentence was suspended.

ROSSI TO TRY ANOTHER BOUT WITH FISHER

Was Previously Defeated But Is Optimistic About New Attempt

DUNDEE BOUT WEDNESDAY; POLO FIGHT POSTPONED

Al Rossi, brother-in-law of Vince Dundee, will try to reverse the decision which Al Fisher of Newark holds against him when they meet in the main ten-round contest at the Oceanview A. A. in Long Branch tomorrow night.

Fisher beat Rossi three weeks ago at Dreamland Park in a close decision. The contest was full of action and tomorrow night's brawl is expected to be the best fight any two lightweights ever put up.

Rossi is training under the watchful eyes of Benny Benjamin and Vince Dundee. Fisher is a terrific right-hand puncher and a clever boxer.

On the same card, in a special six-rounder, Jack Marion, Belleville's gift to the heavyweight rank, will tackle Chief Newberry, Long Branch Indian. Newberry is a coach at Long Branch High School.

Marion, who is a favorite throughout Jersey, will trouble the Indian. He is a hard hitter and a clever boxer. If he wins he will be in line to take a crack at Montaguas, Galentos, Williams and Freimans, who hold the heavyweight spotlight in Jersey.

MEAD AND HART CONQUER IN LIONS BABY GOLF PLAY

In an eighteen hole miniature golf tournament played by members of the Lions Club last Thursday at the Jackie Coogan course, William street and Union avenue, George Mead and Victor Hart emerged winners, beating out the team of Charles Zuckerman and Milton Brasher by one point. Their combined score was 122 as opposed to 123 for Zuckerman and Brasher.

Individual scores were as follows: Kavanaugh, 54; Mead, 58; Brasher, 58; Carlough, 58. Coogan, 62; Noll, 63; Smith, 64; Hart, 64; McCabe, 65; Zuckerman, 65; Jeffery, 70; Mayer, 70 and Locher, 79.

A team from the foregoing list of members is expected to play a team from the Rotary Club next week.

be found to box Polo and the whole card was called off. The same card will box some time in the near future.

Vince Dundee will return to the ring Wednesday night at the Dreamland Park arena in the titular ten-round contest against his old Jewish rival, Abie Bain.

This will be the third meeting of the pair. Their two previous fights ended in draws, although a majority of the fans and newspapermen thought that Dundee was entitled to both decisions.

The second draw decision caused a riot and the fans wrecked the Veleldrome. It also caused the temporary banishment of Danny Savage as a referee.

Truck Slips Down Ravine On Driver, Breaking Leg

While rubbish was being dumped from a truck of the Essex County Park Commission into a ravine on Mill street west of Union avenue, Saturday morning, filling in an old spring and other depressions, preparatory to road improvement, the brakes of the truck slipped and it rolled over the embankment, injuring the driver.

Joseph Petito, twenty-seven, of 117 Stone street, Newark, the driver, who was standing on the running board, jumped off and tried to get clear of the truck, but it struck and threw him into the ravine and rolled upon him. Patrolmen Gross and Finn, who went to the scene, reported Petito to have sustained a broken leg, for which he was taken to St. Michael's Hospital, Newark.

The truck was little damaged and was withdrawn with a wrecking car and derrick.

STATE PLANS TO REPLACE RABBITS KILLED BY AUTOS

Automobiles are adding to cost of hunting in New Jersey. Speeding cars on the improved highways are taking such a toll of rabbits that the Fish and Game Commission has decided to import 5,000 additional western cottontails to help offset the loss. The destruction of game is recognized by the Commission as unavoidable with increased restocking as only solution to the problem of keeping up the supply of the State's most popular small game animal.

With the increased order, State will import a total of 20 rabbits next year. These will be distributed under direction of wardens in the various counties.

Fred Riccio Turns In Card of 155

Forrest Hill Caddy Finishes Fourteenth at Yountakah

Plays Against Field Of 153 In State Tournament Monday; His Second Try

CARCHIO WINDS UP FOURTH

Playing against 152 other caddy golfers at Yountakah Country Club, Nutley, Monday, Fred Riccio, sixteen-year-old star of the Forest Hill course, Belleville, finished fourteenth with the good score of 155.

Riccio turned in a card of 79 in the morning round and 76 in the afternoon. This year's tournament in which caddies from forty golf clubs in the state and Staten Island competed, was the second state contest entered by the Forest Hill caddy. Last year he did not show but in Monday's play over the hard Yountakah course, par of which is 71, his score was applauded by fellow caddies of his home course and Caddy Master Joe LePonte.

CARCHIO FOURTH

Also outstanding as an entrant from Forest Hill was Assistant Caddy Master John Carchio, who went around the first time in 80 and the second in 74, beating Riccio's total by one. The latter's score by holes and that of Carchio, who finished fourth in the Caddy Masters' Tournament the same day follows:

BOARD CANNOT HELP DE YOUNG

Mayor Tells Builder Of Ice Depot That Project Is A Zone Violation

BUILDING INSPECTOR ERRED

That there is nothing that can be done for Marnius DeYoung who was stoped from proceeding with the construction of an ice depot at 212 Clinton street recently, on the grounds that he was violating the town zoning ordinance, was made clear by the Board of Commissioners when they discussed his problem at the conference in the Town Hall Tuesday afternoon.

DeYoung had been given a permit to build the depot several months ago by Building Inspector Robert Williams and had gone ahead with construction. Mayor Kenworthy, acting after a protest had been made by nearby property owners, ordered him to stop. The license was revoked and DeYoung was told to see the Board of Adjustment.

Stopped Second Time

There, he was told that it would be all right to go ahead with his plans and that it was not believed he was violating the ordinance. He began construction again but was stoped a second time by Mayor Kenworthy who had, in the meantime, conferred with Town Counsel John B. Brown. That official said that an ice depot could not be erected in a business zone.

"It was on the Town Counsel's advice," Mayor Kenworthy told DeYoung, Tuesday, "that I acted and I do not see how you can go ahead. I apologize to you for the mistake made by the Building Inspector, who is under my direction and I admit that he was negligent in granting you a permit to build an ice depot in that zone, but we cannot permit you to proceed."

POLLUTION KILLS FISH; STATE TO SUE DAIRYMEN

Following the investigation by wardens of the killing of hundreds of game and food fish by pollution in the South Branch of the Raritan river, the New Jersey Fish and Game Commission has ordered action started under the anti-pollution laws against a dairy company at Califon. Defective equipment in the company's plant is alleged to have permitted free ammonia from a refrigeration tank to escape into the stream.

A break at the same plant a few years ago also caused extensive loss of Raritan fish for miles along the stream. The company at that time constructed a new safety tank and the Commission was assured it would eliminate further menace to the fish. The latest break, the dairy company contends, occurred in an interior coil and was not discovered until the ammonia had been flowing into the stream for several hours.

Mrs. William H. Williams of Rossmore place returned Friday from Spring Lake after a week's stay.

Miss Bertha Kline, executive secretary of the Community Service Bureau, will leave today for a vacation of two weeks in Stamford, Conn. Her assistant, Miss Helen

Colehamer, will have charge of the Bureau during her absence.

Miss Nan Brohal and her brother Frank of Union avenue, and Miss Mildred McNulty of Bell street returned Friday from a fourteen-day trip to Spanish Honduras. Miss Brohal reports that it is a very primitive country. She says there are many natural resources but no use is made of them, the main industries being banana and fruit plantations.

Jean and Ruth Schwieker, daughters of Mr. and Mrs. H. A. Schwieker of Tappan avenue, will entertain with solo dances at the exercises in Asbury Park Monday when the queen of the season is crowned.

Mr. and Mrs. William P. Glenck and children, Eleanor and William, have returned from their vacation at Culver Lake.

Miss Marie Costello of Cedar Hill avenue, Mr. and Mrs. Robert Pearson and Mr. and Mrs. P. Malley of Jersey City have recently returned from a motor trip to Canada and Niagara Falls by way of Buffalo and the Alleghany mountains.

Recorder and Mrs. George A. Fitzsimmons and George A. Jr. of Beech street left today for a few days' tour of Canada.

Mr. and Mrs. Renne Cornu and son Douglas of Montreal returned home Wednesday after spending ten days with Mr. and Mrs. Frederick Ford of Union avenue. Frederick Ford Jr. is at Kamp Kiamesha. His parents visited him Sunday.

Lionel Phillips of DeWitt avenue is spending several days at Indianapolis, Ind. on business.

Miss Edna Collins of Whitman, Mass., arrived Tuesday on the S. S. Olympic after a six weeks' tour of Europe. She is now spending several days with her aunt, Mrs. J. Harry Hardman of DeWitt avenue.

The Misses Lillian M. Hassett and Katherine Hacker of DeWitt avenue left Monday on the S. S. Transylvania for a week's cruise to Nova Scotia.

Mr. and Mrs. Gordon R. Kyle of Joralemon street, and Mr. and Mrs. Leland Kyle and daughter June of White Plains spent the weekend at the home of Mrs. Anna Smith of Greenville, N. Y.

Mrs. Russell K. Rose of Rossmore place entertained the Thursday Club at her home this week. Guests were Mrs. J. Harry Hardman, Mrs. Gordon R. Kyle of Belleville and Mrs. James Knox and Mrs. Charles St. John of Maplewood.

Mr. and Mrs. Norman Cooper of Rossmore place are on a week's tour of Canada and Nova Scotia.

Clarence Martin of DeWitt avenue has been on his vacation. Through the week he and Mrs. Martin, with their sons David and Robert, have taken day trips to the shore, lakes and mountains.

Mrs. Robert Anderson and daughter Margaret of DeWitt avenue are spending several weeks at Ocean Grove.

Mr. and Mrs. Willard Wharton of Little street spent the weekend

ABBOTTS RETURN; DAUGHTER
AND EDITH HARDMAN BACK
FROM CHICAGO MOTOR TRIP

Mr. and Mrs. H. F. Abbott of Walnut street have returned from a two weeks' motor trip. They visited Portland, Bar Harbor and Brunswick, Maine, Nova Scotia and New Brunswick, Can. Their daughter Isabel and Miss Edith Hardman of Union avenue also spent their vacations traveling by automobile.

They went first to Buffalo and Niagara Falls, then crossed by boat to Detroit. In Chicago they visited Mrs. Charles Rose and her sister Miss Nesta Davies, and on the return trip they stopped with friends in Cincinnati.

They visited the seven caves near Columbus, O., and took side trips to interesting places in Kentucky. They also drove through West Virginia and Maryland, spending sixteen days in all on the road and passing through the capitols of most of the states they traversed.

C. D. OF A. WILL HOLD

OLD ORDINANCE
DUG FROM FILES

(Continued from Page One.)

solution to the question which had troubled the Commissioners at their previous week's meeting, by dragging out the old ordinance which was adopted January 4, 1927 to regulate and fix fees for pool rooms, bowling alleys, and other places where "games of skill" were played.

It Was Very Simple

By merely inserting "miniature golf courses" after "pool rooms, bowling alleys, etc.," in the ordinance, the mooted question was solved without any headaches.

In the conference which preceded action by the Board it was also agreed that permits to operate pool rooms, bowling alleys and other places where games of skill were played, should be good for the calendar year only, expiring automatically on January 1 of each year.

Touch of Daly Humor

A touch of typical John J. Daly humor cropped up at the discussion when the Town Clerk urged immediate action in the matter of fixing miniature golf course permit fees "otherwise a lot of them will be out of business and the town won't be able to collect for those being operated now."

He also reminded the Commissioners that charges for transferring licenses from one person to another or from one location to another, (one of the angles still unsettled) was \$25 back in the old days when saloons were legal.

Town

(Continued from Page One.)

Mayor chimed in that the town did not even have enough to pay the Associated Humane Society which exacts a monthly toll from Belleville of \$75.

But It Looks Dark

To date, only \$714 has been received. Obligations amount to \$600. "But," said the Mayor, "few licenses are ordinarily taken out after September."

He urged Commissioner William D. Clark to have the police make a survey to collar delinquent dog owners and make them pay up. The Commissioner said he would act without delay.

It remains to be seen, however, whether the loss in revenue is due to neglect on the part of dog owners, or to the fact that the canine death rate has been greater than the birthrate since the growing tendency in Belleville toward a more urban method of living.

BELLEVILLE PROPERTIES SOLD

Announcement has been made of the sale of one of the finest estates in Belleville, that of the late Frank D. Clearman, to Dr. William F. Seidler of Newark. The sale was negotiated by Sylvester Frazer for Mrs. Muriel C. Deetjen of Clearman place.

The property consists of a plot 120 feet on Rossmore place, running through 280 feet to Clearman place. The dwelling contains fourteen rooms, four baths and five fireplaces. Construction is of hollow tile with tile roof.

Among other recent sales reported through the same office are: 61 Belmoor street, sold for Roden I. Easom of Caldwell to Mrs. Thomas Sars of Belleville and 89 Malone avenue, sold for Charles Y. Riggs to Mrs. Frederic S. Pruden both of Belleville.

German Title of Nobility

The German word "Graf" is from the Middle High German Grave, which is the same as a count or the English earl. It also is related to the Latin Comes. The title originated in Germany during the Frankish and Carolingian times and was given to special officials appointed by the king. The title "Graf" occurs widely among the German nobility.

Here's Instant Relief
From Bunion Pains
and Soft Corns

Actually Reduces the Swelling—Soft Corns Dry Right Up and Can Be Picked Off

Get a two-ounce bottle of Moone's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used.

Your bunions may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off.

Druggists guarantee Moone's Emerald Oil to end your foot troubles or money back.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville, held Tuesday evening, August 19, 1930, having been read in its final form at least one week prior thereto, and is therefore now a law and hereby published according to law.

JOHN J. DALY, Town Clerk.

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF A WATER MAIN IN THE EASTERLY SIDE OF FRANKLIN AVENUE, IN THE TOWN OF BELLEVILLE, FROM HILTON STREET TO ARTHUR STREET, AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES, AND APPROPRIATING THE SUM OF \$9,500.00 THEREFOR.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That the easterly side of Franklin Avenue, in the Town of Belleville, from Hilton Street to Arthur Street, be improved by the construction of a water main therein.

2. The cost of said improvement is hereby estimated to be the sum of \$9,500.00. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville, are hereby authorized to be issued in an amount not to exceed the amount of said appropriation pursuant to provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes shall be determined by resolution of the Board of Commissioners of the Town of Belleville or by the Director of the Department of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine.

3. Said improvement shall constitute a general improvement and the cost thereof shall be borne by the Town at large.

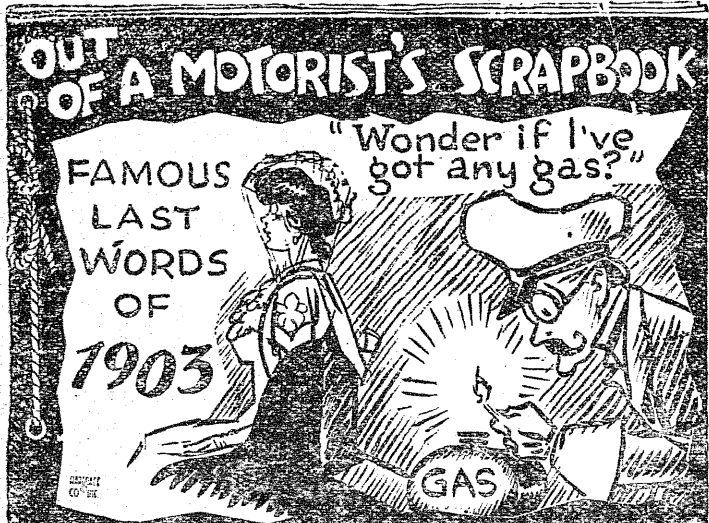

4. This ordinance shall take effect immediately.

Passed first reading August 5, 1930. Passed second reading August 19, 1930. Passed third reading August 19, 1930.

ADOPTED: August 19, 1930.

SAYS JOBS SHOULD BE 'CONSCRIPTED'

Unemployment Solved, Says Writer, When Government Fulfills Its Fourth Duty

To the Editor of THE TIMES:

Dear Sir:

Over the streets of Belleville at the present time travel many unemployed men, vainly searching for jobs. They are not willingly idle, nor can they afford to be idle. Many have families dependent upon them, in sore need of the necessities of life. Some of us know personally one or more of these men. Our Mayor and Town Commissioners could give us the names of some of them, as can Miss Bertha Kline, secretary of the Community Service Bureau.

Belleville is situated in one of the richest districts of a republic so immensely wealthy in natural materials and efficient machinery that, if intelligently used, these resources would be able to provide, twice over, for every comfort of each of its citizens. That in such a country there should be even one case of misery and want because of unemployment would be a matter of concern, but apparently the number of men in the United States facing poverty because no one will hire them, reaches well into the millions.

A BUNDLE OF THESES

I have several theses I wish to state:

Thesis No. 1. It is the duty of government to ensure each of its citizens protection against foreign invasion. Our government agrees with me in this thesis. It maintains a great army and navy to see that no foreign foe attacks its citizens.

Thesis No. 2. It is the duty of the government to provide each citizen security against criminals. Our government agrees with me in this thesis. Attacked, or in danger of attack, by any class of lawbreakers, I have but to call on the police and it is their duty to come to my aid. I do not have to plead or bargain with these officials. They come to my assistance without delay whether I am a millionaire or a beggar, simply because I am within the protection of the law of our republic.

Thesis No. 3: It is the duty of government to provide each citizen security, as far as possible, against fire. Our government agrees with me in this thesis, and maintains fire stations with apparatus and men for this purpose. If my house is afire, I am not told "The fire stations belong to private owners. Go and see them, and if they consent, they will send an engine to put out the fire." On the contrary, the fire fighters come at once on my notification. I have an absolute right to demand as a citizen their quick help, no matter whether I am wealthy or an indigent.

Thesis No. 4. It is the duty of government to provide each citizen who has children, security against these children growing up in ignorance. Our government agrees with me in this thesis, and maintains everywhere, public schools to which the children can be sent without price.

ANOTHER THESIS

I now state this additional thesis:

It is the duty of government to provide each of its citizens security against want caused by unemployment.

Why is this one of the duties of government? Because, first, we are living in an age of such development that practically every field of business and production has been appropriated by private owners; and, second, because such has been the wonderful development of machinery and business methods that a few private owners can now do the work that formerly required a multitude of men.

placed on any employer of labor requiring him to hire any additional men, and because all the jobs are practically appropriated, and because not one man in a hundred has the ability or opportunity to provide for himself unless he can get somebody to hire him, there is now an army of unemployed men keeping step with destitution as they tramp the streets of nearly every town and city in our land.

DUTY OF GOVERNMENT

Because therefore a worker is dependent for his livelihood on the arbitrary decision of private employers, I claim it is the duty of government to ensure him against want from unemployment; that it is the duty of government not to furnish him dole while he is idle from this cause, but, far more than that, to provide him with actual employment, so that he can earn his bread and preserve his self-respect at the same time.

The government does not agree with me on this thesis, nor admit they have this duty to perform, but somehow I feel that, within the lives of many of us, the voters of the United States will demand that the government provide exactly this security for its citizens against want—want, more terrible in many respects, than the savage onslaught of a foreign invader.

THE REMEDY

The remedy, in my opinion, is of a military nature. Let the government fight want as they would fight a foreign foe. When a war threatens, what step does a government take to provide a sufficient army to protect their country? Conscription, often of the most drastic kind.

Men are called upon to leave their business, to desert their families, and, if necessary, to lay down their lives on the battle field in order that their land may be protected. In fighting the battle against want the same remedy, conscription, should be used, only, in place of lives, jobs should be conscripted.

TO BRASS TACKS

To come down to brass tacks, let us suppose the State of New Jersey found itself with 50,000 men slowly drifting into poverty because of lack of employment. The authorities would go, let us say, to one of the smaller factories, employing twenty-five helpers, and would say, "We have a man here whom you are required to take into your employment."

The factory owners would say, "How can we? The man does not know the work, he would be of no use."

The authorities would reply, "Nevertheless you must take him on your force. You must teach him the work, and while he is learning you must pay him."

The factory owners would say, "But he is not needed, the twenty-five men we have now are ample to do our work."

CONSCRIPTION

The authorities would say, "Nevertheless you must employ him. If twenty-five men can do the work, you must somewhat shorten the hours of all, so that the work will be distributed among twenty-six men."

The factory owners will lament, "We cannot afford to pay another man—our business will not stand it."

The authorities will reply, "If you can pass on the additional expense to your customers, well and good; if not, you must reduce elsewhere, say in the salaries of your executives or the dividends on your stock. The position is 'conscripted' you must fill it under penalty."

It is not difficult to see what

would be the result of distributing pro rata the 50,000 idle men in an equitable manner among the business enterprises, large and small, in New Jersey, accompanied by like action in all the States of the Union.

MARKETS WOULD IMPROVE

First: There would be a quickening of the markets. Fifty thousand families with money to spend, buy a vastly greater number of articles from the merchants and producers than fifty thousand families living in semi-starvation.

Second: There would be a slight decrease in the general hours of labor required from employees, because there would be "more hands to do the same work." This is as it should be, for the constantly growing power of machinery and business methods should be utilized for the benefit of all.

Third: In the fifty thousand homes there would be the change from torturing anxiety to hope, from the destitution that breeds criminals to the prosperity that ensures contented citizens.

NEPHEW OF PATROLMAN LUKOWIAK HURT WHEN TRUCK RUNS OVER FOOT

Thomas C. Lukowiak, twenty-four, of 82 Stager street, Nutley, a nephew of Patrolman Frank Lukowiak of Belleville, received a fractured left foot Saturday when run over by a truck owned by the Linde-Griffith Construction Co., which repaired the Rutgers street bridge. The mishap occurred at Main and Rutgers streets.

Lukowiak was given first aid by Dr. D. E. Kavanaugh and then taken to St. James Hospital in Newark.

JUDGE ADVISES LOVER

"The next time you drive through Belleville with a girl, and feel affectionate, draw up to the curb under a bright light where you'll have police protection, if you want to put your arm around her."

This was the advice Recorder Fitzsimmons gave to Richard Irwin of 16 Grand place, Arlington, after he had heard Irwin's case Friday night. The defendant was charged with one-arm driving and speeding at fifty-two miles an hour through Washington avenue a week ago Sunday.

The court fined him \$10 and suspended his driving license for thirty days.

LEGAL NOTICE

IN CHANCERY OF NEW JERSEY—TO Frances (Francis) M. Faulkner, the unknown heirs and devisees of said Frances (Francis) M. Faulkner, and Isaac Newton Faulkner.

By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof in a cause wherein the Town of Belleville, a municipal corporation, is complainant, and Frances (Francis) M. Faulkner, et al., are defendants, you are required to appear and answer the Bill of said complainant on or before the 13th day of October, 1930, or the said Bill will be taken as confessed against you.

The said Bill is filed to foreclose your equity of redemption in a certain tax certificate made by George W. Stanlar, Collector of Taxes of the Town of Belleville, to the Town of Belleville, dated October 16, 1912, covering premises in the Town of Belleville, County of Essex, and State of New Jersey, being more particularly described as follows:

BEGINNING at a point in the northerly line of Overlook Avenue, distant westerly one hundred and seventy-five feet from the intersection of the same with the westerly line of Caroline Street (now known as DeWitt Avenue), which point is the southwest corner of lot 95 on Map hereinafter mentioned; thence along the westerly line of said lot No. 95, north 25 degrees 21 minutes east one hundred feet to the rear line of lots fronting on Kathryn Street; thence along the same, north 64 degrees 29 minutes west forty-one feet and seventy-seven hundredths of a foot to the rear line of lots fronting on Union Avenue; thence along the same, south 20 degrees 45 minutes west one hundred feet and thirty-five hundredths of a foot to the northerly line of Overlook Avenue aforesaid; and thence along the same, south 64 degrees 29 minutes east thirty-three feet and forty-three hundredths of a foot to the point and place of BEGINNING.

Being lot No. 96 on Map of Greylock Manor.

And you, Frances (Francis) M. Faulkner, the unknown heirs and devisees of said Frances (Francis) M. Faulkner, and Isaac Newton Faulkner, are made parties defendant because you are the owners or have an interest in said premises.

Refrigeration Worries Install an ELECTROLUX Gas Refrigerator

HOT weather, when successful storage of food is difficult, has no terrors for the owner of an Electrolux Gas Refrigerator. Butter and cream, fresh meats and vegetables, all the most perishable foods, will keep fresh and sweet for days in this noiseless, self-regulating refrigerator. Its operating costs are low and it freezes a generous supply of ice cubes for table use.

Electrolux cabinets, porcelain lined throughout, sell for \$195. up. Prices are only slightly higher when payment is divided into twenty-five installments. Prices include installation and whatever little servicing may be necessary.

FOUR BELLEVILLE RIDERS GET ONLY MINOR HURTS IN NEWARK TURNPIKE CRASH

Injuries suffered by four Belleville residents in an automobile accident Sunday night on the Newark turnpike proved not serious and they returned to their homes after treatment at St. Michael's Hospital, Newark.

Those hurt were Dominick and Angelina Stetazzaserra and their daughter Mary, eighteen; and Carmine Cafone, all of 149 Passaic avenue. They were riding in a car

operated by Frank Scartelle of 157 Passaic avenue, which collided with another driven by John Saltargelli of Brooklyn. Each driver accused the other with reckless driving, a charge to be aired in the Hudson county courts.

Paul Runyan, New State Open Champ, Had 67 at Yountakah

Paul Runyan, assistant pro at the Forest Hill Golf Club in Belleville, who won the Jersey Open Championship last week at the Asbury Park Golf Club, came very near breaking the course record at Yountakah Country Club Monday. Playing on a bet of \$200 that he would break 70, which is par at Yountakah, he went over and carded a 67. He took 35 strokes out, even par figures, and then began to burn up the course on the inward journey for a neat 32. There is some dispute about the records at Yountakah, because the course had been stiffened in the last few years.

In 1924 Eddie Wild, amateur, came to Yountakah one day and shot a 67 for what was regarded as an amateur record. The same afternoon Jack Beckett, home pro, went out and found every club in the bag doing its stuff. He turned in a 62.

Oddly enough Runyan's performance Tuesday afternoon came the same day as John Kinder, assistant pro at Green Brook had shot a 67 in the morning. Early this spring before the turf had dried to give the ball the tremendous run it has been getting lately, Danny Williams, who incidentally finished second to Runyan in the State Open, shot a 68.

Apparently the two 67's by Runyan and Kinder are professional records for the reconstructed course. The amateur figure probably rests with Buster Dwyer, club champion at Yountakah, who has scored a 70 this season, and as far as is known, no other amateur has done better.

When Runyan played Tuesday he was in a fivesome composed of Jack Beckett, Harold Wilcox and Bert Hartman of the local club and George Nichols, a member of the Forest Hill Club. They used the back of all tees regardless of where they found the markers.

GEORGE BUTLER SR.

Last rites for George Butler, Sr., of 10 Overlook avenue, who died at St. Michael's Hospital, Newark, on Tuesday night of last week, were conducted by the International Bible Students at the William V. Irvine funeral home, 276 Washington avenue, at 2 o'clock last Thursday afternoon. Burial was made in Ridgeland Cemetery, Delaware.

Mr. Butler, who had been ill several weeks, is survived by his widow and a son and daughter, George and Elsie, of the Overlook avenue address, and by his mother, three brothers and a sister in England. He had lived here ten years, coming from Hamilton, Ont.

DECISION RESERVED IN CASE OF PLEA TO MAKE ALCOHOL

An application of the National Grain Yeast Corporation of 706 Mill street to manufacture industrial alcohol was before the Federal Court in Newark Monday. Judge Runyon reserved decision.

The question at issue was whether the Prohibition Bureau should have access to information regarding the stockholders in the company, and the amount of stock held by each, the case having been appealed when the company's application was denied.

Before a ruling is made, counsel for the company will submit briefs in support of their claim that the owners of the company are above suspicion, in view of the government's plea that it had the right to be convinced that the alcohol would not be diverted to illegal uses.

PUBLICATION OF AUDIT.

THE FOLLOWING IS A SYNOPSIS OR SUMMARY OF THE AUDIT OF THE ACCOUNT OF THE TOWN OF BELLEVILLE FOR THE YEAR 1929 AS MADE BY THE DEPARTMENT OF MUNICIPAL ACCOUNTS, STATE OF NEW JERSEY, AND IS PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 268 OF THE LAWS OF 1918 OF NEW JERSEY.

THE FOLLOWING AUDIT IS ON FILE AND OPEN FOR INSPECTION AT THE TOWN CLERK'S OFFICE WHERE IT CAN BE SEEN DURING BUSINESS HOURS.

JOHN J. DALY, Town Clerk.

TO THE HONORABLE MAYOR AND COMMISSIONERS, TOWN OF BELLEVILLE, NEW JERSEY.

GENTLEMEN:—An audit of the financial accounts and transactions of the Town of Belleville of the County of Essex for the year ending December 31, 1929, has recently been completed by representatives of this department.

The scope of this audit covers the financial transactions of the Collector, Treasurer, activities of the Mayor and Board of Commissioners, the records of the Clerk, Board of Health, Engineer, Library, Water Department and Recorder.

The Treasurer's records consist of a full set of books kept in full accordance with the system prescribed by this department and all books are well kept and in very good condition.

The Minutes were examined in detail and were found to be in very good condition.

DEFERRED ASSETS

The following deferred assets are shown on your December 31st, 1929 balance sheet.

CURRENT ACCOUNT:	
Franchise Taxes (New Jersey Bell Telephone Co.)	\$ 2,373.66
1926-28 Vouchers paid without reserve	1,008.77
Deficit Unexpended balance 1929	32,494.56

TRUST ACCOUNT

Cancelled Assessments of 1928	681.70
Cancelled assessments, 1929	1,445.83

CAPITAL ACCOUNT

Interest Deficiency	36,569.06
---------------------	-----------

RECOMMENDATIONS

That delinquent registers be installed for unpaid taxes of the years 1921-1926 inclusive.

That a delinquent register be installed for 1928 taxes as at December 31, 1930.

That the unpaid taxes of 1929 and prior years be inspected and cleared of record, either by correction, by tax sale or charging them to reserve for uncollected taxes.

The records for 1929 show cash collected on these taxes amounting to \$1,753.23 the unpaid taxes represented by this asset is of unquestionable valuation and its amount should be determined immediately.

That (suspense tax title liens) be investigated and cleared of record.

That care be taken not to pay bills without a proper reservation being available which such bills can be charged.

That an effort be made to assess properties at valuations that will stand with change, thus eliminating the charge deficit in the unexpended balance account which occurs year after year.

That all over payment of tax bill liens be investigated and cleared of record.

That all deferred assets not covered by appropriation in the 1930 budget be provided for in the 1931 budget.

That a continued effort be made to prevent the accumulation of unallocated funds.

That the over payment of assessments be investigated and cleared of record.

CERTIFICATION

I HEREBY CERTIFY that the above report is a true and correct report of the financial condition of the Town of Belleville, County of Essex as obtained from the books and papers of the Town presented to the auditors and supplemented by personal inquiry and investigation and I believe it to be a true report of the financial condition of the Town.

I desire to express my appreciation of the courtesies extended to our representatives during the course of the audit.

Very truly yours,

WALTER R. DARBY, Commissioner of Accounts.

I certify that the work was done by me or under my direction and that the accompanying schedule and preceding comments are true to the best of my knowledge and belief.

E. K. PRICE, Auditor.

A. & P. REPORTS
GREATER SALES

July Business Broke Company's
Records For That Month;
Gain \$3,000,000

VALUE OF DOLLAR HIGHER

The Great Atlantic & Pacific Tea Company reports greater sales for July, 1930, than for any other July in the history of the company; the increase in dollar sales being 3.26% over sales for the corresponding period a year ago, and the

increase in physical volume being 14.33%.

Dollar sales for the five weeks in July, 1930, were \$96,723,670, compared with \$93,671,398 for the five weeks in July 1929, an increase of \$3,052,272. Tonnage sales, showing actual amount of goods sold, were 488,682 tons, in July of this year, compared with 427,431 tons in the same period last year, an increase of 61,251.

DOLLAR WORTH MORE

The percentage of increase in tonnage sales is greater than the percentage of increase in dollar sales because of the decline in food prices since a year ago, and is a reflection of the higher purchasing power of the retail food dollar.

"Retail prices must parallel as nearly as possible the decline of prices in primary markets, and the present high level of wages should be maintained if business is soon to recover from the depression of the last few months," the Company said in a statement issued today. "Lower prices raise the purchasing power of wages, and stimulate trade by bringing more commodities within buying reach of a larger number of consumers."

CHEVROLET DROPS PRICES
ON ALL SPORT MODEL CARS

Detroit, Mich., August 14.—Price reductions of \$40 on all sport models in the Chevrolet Six passenger car line were announced here today by H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company.

The models affected are the Sport Roadster, which is now priced at \$515; the Sport Coupe, reduced to \$615; the Club Sedan, now \$625 and the Special Sedan,

\$685. All models formerly were priced \$40 higher.

This latest move of the company brings the price range of the Chevrolet Six to less than the range of the four cylinder Chevrolet at the time of the changeover at the close of 1928. At that time the four was priced from \$495 to \$715, while the nine different passenger models in the six cylinder line today range from \$495 to only \$685, following this latest reduction.

The move of the company comes directly after the announcement that wire wheels may now be had as optional equipment without extra cost on any Chevrolet Six passenger car.

EDWARD POLE SR.

Funeral services for Edward Pole, Sr., who died of a stroke suffered while walking in Belleville avenue near his home at 20 Mertz avenue a week ago Wednesday, were held at the funeral home of William V. Irvine, 276 Washington avenue, at 2:30 Saturday afternoon. Rev. Edgar M. Compton, pastor of Wesley Methodist Church, officiated. Burial was at East Ridgeland Cemetery, Delawanna.

Mr. Pole, who was seventy-one years old, was an employee of the Eastwood Wire Manufacturing Company, and had been living in Belleville for more than forty years. He was a native of Newark.

He is survived by his widow and five sons, Thomas of 16 Mertz avenue, Edward J. of 343 Union avenue, and Robert who lived at home; John and William, both of Newark; two daughters, Mrs. Harry Knapp of Bloomfield and Mrs. John Forbes of Collingswood; a brother, Harry of Newark, and a sister, Mrs. Emil Mertz of Essex street.

CHILDREN
CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

ON TAX ASSESSMENTS AGAIN

We still believe that there is only one remedy for Belleville's annual plight of having three or four hundred taxpayers appeal their assessments. If Commissioner William H. Williams ever believed that the appointment of a new tax assessor would bring assessment problems to a low ebb he was optimistic.

John F. Coogan, Jr. will have his troubles just as James L. Davidson had them. It may be that he will be able to reduce the number of appeals just as his predecessor did, but he will still be a long way from putting affairs in an absolutely healthy condition.

There is only one way, we believe, that this can be accomplished—by the adoption of the Chicago or Cook County Tax Plan. Irvington has had the plan adopted at a cost of approximately \$30,000 and William File, tax assessor, says it is the best money Irvington ever spent. In Belleville, we believe the job could be done for \$15,000.

The plan requires the services of a score of assessment experts who visit every building in town and compute its value on the basis of actual building cost, and the cost at which it could be duplicated. The experts list such things as the size of rooms, the number of rooms, the trim used on the inside and out, the condition, the age of the building, etc., etc.

From a maze of figures and statistics, based on long experience in all parts of the country, and equipped with prices of building materials in the special locality in which they are making the survey, these experts fix the value of the house. Mistakes thereafter, are practically impossible to make. A general rate is then applied to all buildings by the local tax assessor. Location of a building naturally affects its value but this trouble is overcome by varying land values, fixed by the local assessor, a relatively simple job and not dependent, to any great extent, on guesswork.

We would suggest that the Town Fathers look forward to the appropriation of enough money to have this system introduced. It might be somewhat of a burden in the beginning but it would eradicate, for years to come, the ills that now beset the tax assessor and the public at large.

Assessor Coogan looks upon the idea with favor but expresses doubt that Belleville would be able to stand the expense at the present time. He thinks that it might be possible to appoint local citizens to do the job at a comparatively small cost but we do not agree with him.

If the job is done it should be done by employing the services of a company in the business. Their job would be impersonal and would probably be much more precise. THE TIMES invites correspondence on this subject. We will be glad to give additional information about the Cook County Plan to any citizen making the request.

NOT AS FOOLISH AS IT SEEMS

Playing billiards in an aeroplane while it roared through the sky at an altitude of 4,000 feet was considered important enough news for the *New York Times* to feature in Sunday's edition, first news section, and we got to wondering whether the editors had completely fallen under the influence of the publicity hounds.

We read about Charles C. Peterson of St. Louis making 100 straight-cushion points in twenty-eight and one-half seconds; of how the record was made at 4,000 feet altitude; of how 7,000 feet was impractical for a billiard player; etc., etc., and we marveled at the poor judgment of the *New York Times* editor when it suddenly dawned that there was "method in such madness."

If a man can play billiards best at 4,000 feet, when the balls do not vibrate, what a wealth of useful information that tells. That altitude, then, is the best at which to fly. The life of the plane will be lengthened. It will be more restful for passengers!

It remained for a billiard player to demonstrate an important fact to the enduring benefit of aviation! Apologies to the person who schemed the "publicity stunt" and apologies to the editors of the *New York Times*.

IT IS THE REMEDY—BUT—

It is interesting to notice that our correspondent who calls himself "Secretary of the Indignant Club" has similar ideas about unemployment to those voiced this week by Henry Ford and Oswald Garrison Villard, editor of *The Nation*. All three believe that unemployment is the most serious problem facing the world today. Ford says, "The problem challenging us now is how to control industry so that workmen may have steady employment." He then suggests a ten-month working year in the motor car industry. Villard says, "In an intelligent society with the resources of modern machinery and power, why should not the worker enjoy the benefits of a long vacation each year instead of being kept at work making surplus goods to throw himself out of a job?" What our correspondent says may be learned by reading his story in this issue.

It looks as if these men have found the remedy. Enough pressure from influential men to force the government into executing such a program is all that remains to be done.

came home terrible scared one night and told his mother he didn't want to go back to school any more. When the mother asked him what was up, he says. "Well, I don't mind getting slapped or whipped by the principal once in a while. But there was a couple of workmen over at the school when I came home tonight, and I heard one of them tell the teacher that they were ordered to put in an electric switch in the hall. Ordinary switches don't hurt much, but I'm afraid of an electric switching, and I ain't going to risk it!"

Eyes of Bees

The ordinary honey bee has three simple eyes or ocelli and two large compound eyes made up of innumerable facets. In the drone these compound eyes may be composed of as many as 13,000 facets, while in the worker there may only be 6,000.

Figurellis Climb Mountain By Donkey To See Sunrise

and Mrs. Samuel Figurelli place returned home Friday after a month's vacation spent in the West. Mr. Figurelli's mother, Jane Figurelli, who accompanied them on the trip, will return next week with a niece, Miss Caruso, who will be with them for a month. While in Denver, the Figurellis stayed with Mrs. Figurelli's brother, Nicholas, whom they had not seen for forty years.

Among the places of interest that were visited were Yellowstone Park, Pike's Peak, Manitou and Mount Evans. Mr. Figurelli reports that the snow had thawed on Pike's Peak but not on Mount Evans. They also visited the Cave of the Winds and the Garden of the Gods.

They viewed both the sunset and sunrise at Pike's Peak. In order to do so it was necessary to climb the mountain by donkey. At 7

o'clock at night they made camp and watched the sun disappear in the west. They slept until one o'clock when they started out again, traveling by donkey until 3 a. m., when the sun was seen rising in the east. Mr. Figurelli describes the latter as the most beautiful sight he has ever seen.

He spoke of the contrast between looking for many miles over the plains to the east while at the foot of the mountain to the west they could see the electric lights of Colorado Springs and Manitou shining in the darkness.

LAST RITES FOR VICTOR JOHN, FOUND DEAD IN NEWARK, HELD MONDAY

Funeral services were conducted at the William V. Irvine home, 276 Washington avenue, at 8 o'clock Monday night, for Victor John, thirty-eight, of 111 Overlook avenue, whose body was found Saturday night in a tool shed at an uncompleted theatre building at Elwood avenue and Broadway, Newark. Burial was made in East Ridgeland cemetery, Delaware. The International Bible Students conducted the services. Police believe he was a suicide.

Handbags vs. Boy's Pocket

To determine whether the traditional boy's pocket or the modern woman's handbag hold the greatest and widest variety of things was the subject of a unique survey in England recently. The handbag won, for one woman's receptacle contained a powder case, a diary, handkerchief, cigarette case, lighter, mirror, bundle of letters, purse, comb, notebook, lipstick, stocking-mending outfit, patterns of cloth, keys and a shoe lace.

WHAT IS AN OPTIMIST?

We don't even have to consult the dictionary on that one. An optimist is one who looks on the bright side of life and never admits that there is such a word as "Failure." His failures become mere experiences and he profits accordingly.

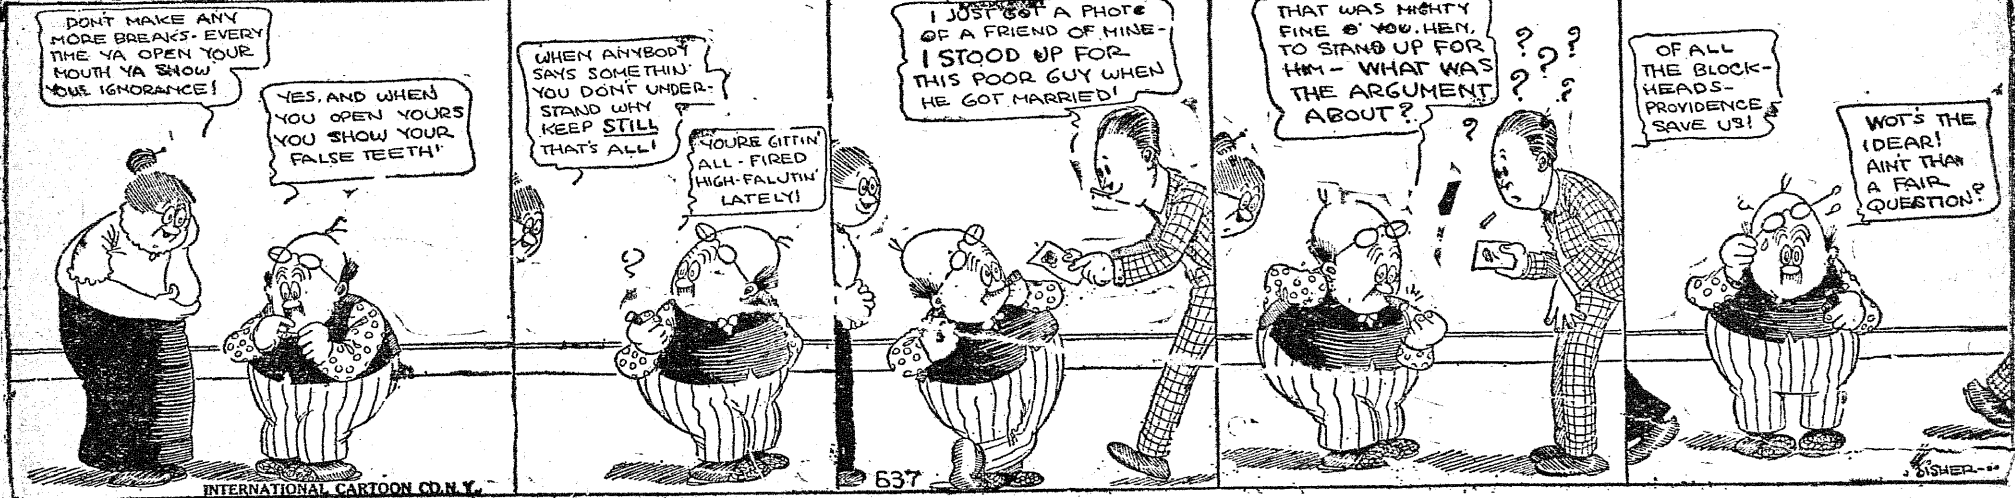

It is this way with the merchants and business

men who list themselves on this page. They are optimists, looking at the prosperous times that are bound to come, losing little thought on the chaotic present. Their optimism will carry them over the rough spots. They are deserving of the support of all other optimists in town.

JOHN J. DALY, Town Clerk.

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF CONCRETE SIDEWALK, CURB, GUTTER, AND ASPHALT PATCHING ON WILSON PLACE IN THE TOWN OF BELLEVILLE, FROM UNION AVENUE TO A POINT APPROXIMATELY 616 FEET WEST, PROVIDING FOR THE ASSESSING OF THE COST THEREOF ON PROPERTY BENEFITED, APPROPRIATING THE SUM OF \$5,000 THEREFOR, AND AUTHORIZING THE ISSUANCE OF TEMPORARY IMPROVEMENT BONDS OR TEMPORARY IMPROVEMENT NOTES.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1. That Wilson Place, in the Town of Belleville, from Union Avenue to a point approximately 616 feet west, be improved by the construction of concrete sidewalk, curb, gutter and asphalt patching thereon. 2. The cost of said improvement is hereby estimated to be the sum of \$5,000. The said sum is hereby appropriated to pay said cost. For the purpose of meeting such appropriation, temporary improvement bonds or temporary improvement notes of the Town of Belleville are hereby authorized to be issued in an amount not to exceed the amount of said appropriation, pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, which bonds or notes shall bear interest at a rate not exceeding six per centum per annum. All other matters in respect to said temporary improvement bonds or temporary improvement notes, shall be determined by resolution of the Board of Commissioners or by the Director of Revenue and Finance, as the Board of Commissioners may hereafter by resolution determine. 3. Said improvement shall constitute a local improvement and the cost thereof shall be assessed against the abutting

property to the extent of the benefits received from said improvement. 4. This ordinance shall take effect immediately.

NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening August 19th, 1930, and further notice is hereby given that second and third reading of said ordinance will be considered by said Board at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday evening, September 2nd, 1930, at 8 o'clock P. M., when all objections to the passing of the same will be heard and considered.

JOHN J. DALY, Town Clerk.

Bremond Street Man Worried About Threat From Stranger

The police received a report on Thursday of last week from H. C. Baxcer of 14 Bremond street to the effect that an unidentified man, driving a small car, drew up in front of his house and asked Baxcer's little daughter "if a policeman lived there."

The child told him "no," whereupon the stranger asked her to spell the name of the family living there. She spelled her father's name, and the man said: "That's him, I'll get that big crook," and drove off.

Baxcer, who did not know who his enemy might be, but who thought for his own protection, the incident was worth reporting, has

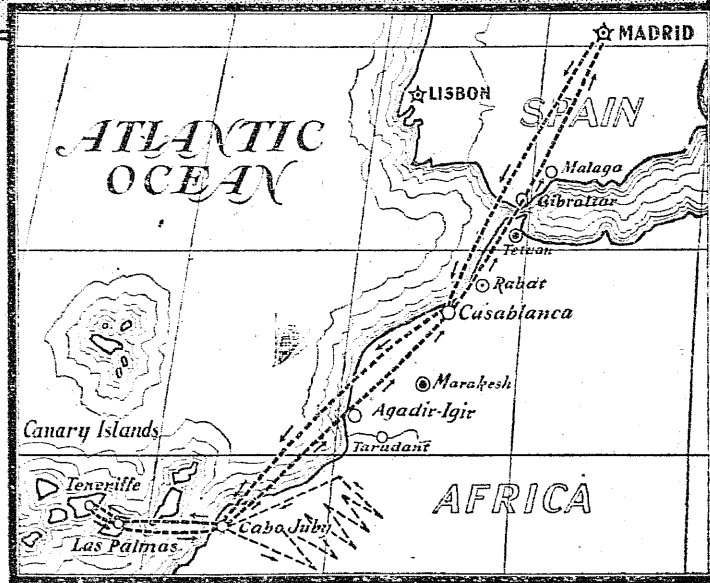

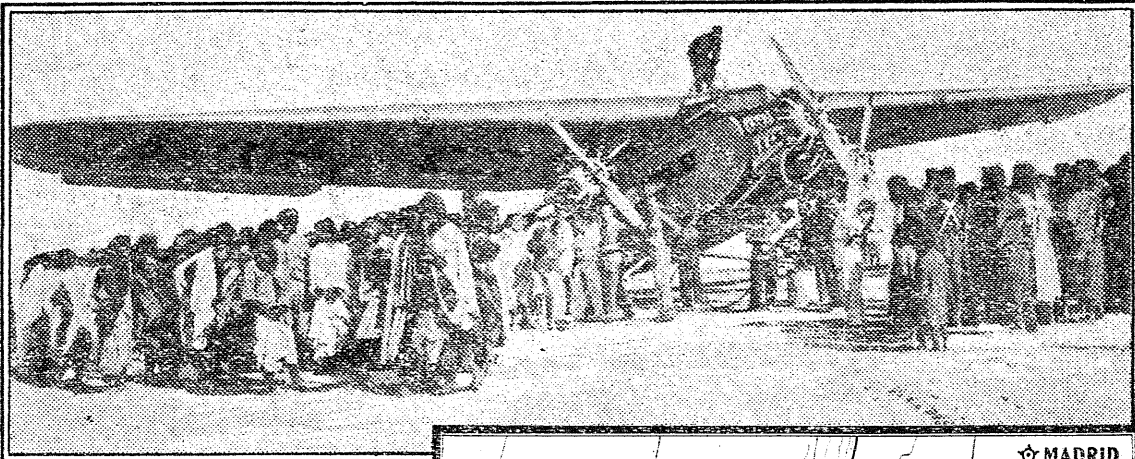

not been heard from further by the police, who are awaiting developments.

Married secretly on December 31, 1924, Frischknecht told of a stormy marital relationship that several times ended in separation. He declared that she would not abide by his request to keep away from other men.

Ford Plane Inaugurates Air Mail to Canaries

The photograph shows the Ford tri-motor transport plane of the Spanish Classa Air Lines surrounded by turbaned natives at Cabo Juby in Spanish West Africa, after its successful inauguration of air mail service between Madrid and the Canary Islands, and while the plane was being used in the search of the Sahara for the lost Spanish aviators, Burguete and Nuncz.

OVERSEA air mail service between Madrid, the capital of Spain, and the Canary Islands, Spanish possessions in the South Atlantic, has just been successfully inaugurated with a Ford tri-motor transport land plane, according to reports received by the Ford Motor Company.

The advent of the new service was hailed by Spanish newspapers as an outstanding event in Spanish aviation, reducing as it does the travel time between the Spanish peninsula and the Canary Islands by many hours and closely linking the island possessions to the kingdom.

Passes Over Sahara

The route of the Ford transport on its flight to and from the islands carried the plane over the broiling Spanish Sahara, with a long jump over water to Las Palmas and Santa Cruz de Tenerife. The outbound flight, with stops for fuel at Casablanca and Cabo Juby, required 14 hours.

On its return flight, the party of officials who inaugurated the service, including Cesar Gomez, director of Classa Air Lines, which operates the services to the Canaries as well as between Madrid, Seville and Barcelona, and Ernesto Navarro, technical adviser of the National Aeronautical Bureau, participated for three days in the search of the Sahara for the Spanish military pilots Burguete and Nuncz, who had been forced down in the desert. During this search, the party in the Ford plane combed the Sahara from the air over a strip of territory 300 kilometers inland from the coast. The search ended when the lost fliers found their way to an outpost and reported themselves safe.

Throughout the difficult flights over the desert and despite the ter-

rific heat the plane's three Wright J-6 motors functioned perfectly, the pilots, Ansaldo and Soriano, reported following the return of the party to Madrid. The plane, being equipped with radio, was in constant communication with the Spanish military base at Cabo Juby during the flights.

Daily Flight Planned

Upon his return to Madrid Pilot Ansaldo reported that in the round trip flight between Madrid and the Canary Islands and the flights over the desert in search of the lost aviators the plane had flown 8,000 kilometers, approximately 5,000 miles, with perfect performance.

The inaugural flight in the Ford plane, which the Classa line had operated in regular service between

Madrid, Seville and Barcelona, was preliminary to the regular operation of the service between Spain and the Canaries with amphibian planes. The service at first will be weekly but later it is planned to put it on a daily basis.

A gathering of distinguished Spanish civil officials, including Minister of the Interior Matos, participated in the ceremonies incident to the inauguration of the service when the plane departed from Madrid. Large crowds greeted the plane and its party at both Las Palmas and Santa Cruz de Tenerife. The plane carried in addition to the pilots and the official party two mechanics, a radio operator, large consignments of mail and bundles. The Madrid newspaper "La V. guardia."

Strange Bedfellows

The cotton seed and bean seed are bedfellows on the Egyptian farm, according to Fortune Magazine. The soil there is hard and the top often baked, and generations of farming have taught that it is wise to include a bean seed in each hole, for, tough and vigorous, the bean stalk has no trouble in emerging. The cotton stalk can follow after at its leisure.

Highest Railroad Depot

So far as our records go, a little station in the Peruvian Andes, Tielio, west of the boundary between Peru and Brazil, is at the highest elevation, 15,635 feet. From Tielio to Tielio, a distance of 100 miles, the train takes 9 hours 38 minutes, the average rate of rise 27 feet a minute. The cost of construction of this railroad is estimated at \$62,000 a mile.

Portuguese Discovery

Catalina island, off the coast of California, was first mentioned by Capt. Juan Rodriguez Cabrillo, Portuguese navigator sailing under the Spanish flag, who anchored his fleet there in 1542 and named the island La Vittoria. Sebastian Viscaino, also in the Spanish service, anchored at the same spot in 1602 and renamed the island.

Snake a Vertebrate

Snakes are not worms and do not belong to the family of worms. They are vertebrate animals that form a division of the class of reptiles, represented also by lizards, alligators, turtles, etc. While other animals have a worm-like form, most of the true worms are invertebrates, very much lower in the scale of life.

Probably World's Oldest Cat

Said to be the oldest cat in the world, the mummified remains of one discovered in a very ancient Egyptian tomb were brought to London for exhibition. The chances are this cat often in its day has looked at the mighty kings of Biblical days, in keeping with the ancient privilege of cats.

The other day your correspondent was reminded by a fan that we had picked the Elks to win the pennant in the Legion League. Yes, we picked them to win and now we are going to sit back and admit that the prediction was wrong.

However, remember this. Yours truly was partly correct. We said that if the Elks didn't win, St. Peter's would. Right now Sugar Flynn and his tribe of hustlers appear to have the best chance.

The Belleville A. A., (a team we figured wouldn't have a chance) are still in the running. If they defeat the Elks in a postponed game at the end of the season they will be tied with St. Peter's. Of course we are taking for granted that St. Peter's will defeat the Parks. If they do, and then meet the A. A. in a play-off, our only prediction is that it will be a great game. Toss a coin to pick the winner.

What a grand finish that would be. St. Peter's meeting the A. A. in a play-off. Ral Flynn and Ted Coeyman hooking up in a pitching duel. Sugar Flynn matching wits with Ted Skidmore, Will Noonan, Jack Hardy and the rest of the A. A. managers. Sounds odd, that last statement, but what we are trying to figure out is just who is the real manager of the A. A.?

Talking about close races, how about that battle in the Junior League? The Clintons have finished their schedule, but they can still be tied for the pennant by either the Cardinals or the St. Anthony Jrs. The latter two teams must meet each other twice yet. An even split would put them both on the outside and the Clintons in undisputed possession of the pennant.

No matter how it is figured the Clintons are sitting pretty in that league. The worst they can do is to engage in a play-off and if Tommy Byrnes pitches and receives any kind of support it will be an all-Clinton day.

It's a funny game, this baseball. Who ever thought the Colored Giants could defeat the Elks? Anyone making a statement like that before game time would have received a well-known Bronx cheer. Yet it was done! And it's now in the records. Bravo — Colored Giants!

The race in the National League this year is an unusually close one. Chicago is out in front at present and they will probably stay that way for the rest of the month. When September rolls around though, just keep your eyes on the Giants.

The Giants will play at home practically the whole month of September. The Cubs, on the other hand, will be on the road in

September. That's when the Giants will pick up lost ground. Of course one cannot count Brooklyn out of the race yet, but they have been going bad lately.

Although basketball is a long way off we hear plenty of "court conversation" in the air. The Batchelors are said to be planning their personnel already. They have signed up several new players and will be stronger than last year when they went through the schedule without a defeat.

It would be a splendid advancement for basketball in this town if the American Legion would start a league similar to the baseball league. We are pretty strong in the belief that the plan is feasible. A six or eight team league could play two nights a week and then an All-Star team could play other strong teams in this vicinity.

We preached this idea last season, but no action was taken. We would like to hear other views on the subject. Write in to this paper and express your opinion one way or the other.

BOYS OF TROOP 75 HOME FROM CAMP AT BUSHKILL

Thirty-four boys, members of Troop No. 75, Boy Scouts, returned from camp at Bushkill, Pa., last week after the most successful vacation ever spent by the troop. Hiking and swimming were enjoyed to the fullest extent. Many boys were taught to swim and all mastered the art. Next to the mess grove the Delaware river was the most popular place in camp.

Professor A. Owens brought home a collection of snake skins and turtles, it being common to see that young man come in to camp with a six-foot black snake wound around his arm. He never killed his catch until he brought it in to show the boys. The mountain streams were dry due to the drought which made the reptiles very plentiful.

Each Sunday the boys hiked ten miles to attend mass. Camp-fires were a nightly occurrence and on the last night of the boys' stay they had a monster camp-fire, to which the nearby camps were invited. Harry Hood was in charge of the camp.

TO RESUME MEETINGS

St. Peter's Fife, Drum and Bugle Corps will resume weekly meetings beginning Wednesday, August 27, after a two months' vacation. All members are requested to be present on the opening night.

CARDINALS NOSE OUT CLINTONS IN NINTH FRAME

Come From Behind and Score Three Runs, Turning The Tables

BIGGEST CROWD OF SEASON WATCHES EVENTFUL ENDING

A stirring three-run rally in the ninth inning enabled the Cardinals to win a 4 to 3 decision from the Clintons Saturday afternoon at Clearman Field. As a result of their victory, the Cardinals are now tied with the Clintons and St. Anthony Jrs. The latter two teams still have two more games to play so the Clintons are still very much in the running.

The largest crowd to witness a junior league game this season was present. Judging by their enthusiasm they were more than pleased with the game. The Clintons performed in big league style the first three innings. They made a double play, several sensational stops and Byrnes pitched to only nine Cardinal batters.

Then Some Runs

In the last half of the third inning they went out and scored two runs. During this drive, Tommy Byrnes injured his leg while sliding home. Tommy was painfully injured and unable to pitch so he went to left field and Al Schwartz took the mound. He was strong until the fifth inning but then walked three men with two out. Manager Hugh Welsh signalled for Byrnes to twirl again and the latter pitched one ball and the side was out.

The Cardinals scored a run in the fourth when Mac Lamb doubled and scored on an error. From the fourth to the seventh frames the Cardinals did not get a hit.

Another Story

However, the seventh was a different story. Bud Ryan, batting for Christell, flied out to right field. Byrnes then singled to right field. Ashworth batted for O'Neil and when Shorty Dbrowski messed up a grounder all hands were safe. Duschek laid down a bunt and a run came in when Tommy Byrnes made a wide throw. Johnny Leonard laid down another bunt and by the time the Clinton team got through playing with the ball two runs came across. All three Cardinal runs were the direct result of glaring errors.

In justice to Tommy Byrnes it must be said he outpitched Duschek as he held the Cardinals to two hits. The Clintons made six singles. Duschek, on the other hand, must also come in for some glory. It was the second game he pitched for the Cardinals in three days.

Dark Halts Drive of Parks To First Victory of the Year

Were Ahead Of Weakened St. Anthony Team In Unfinished Half Of Sixth

SCORE REVERTS TO FIFTH

The Parks and St. Anthonys battled to a 1 to 1 tie Wednesday night at Clearman Field in an American Legion contest. The game went five and a half innings. The Parks, in their half of the sixth, scored two runs and were leading 3 to 1, but darkness prevented the Saints from batting and the score of the game automatically went back to the fifth inning, thus preventing the Parks from winning their first victory.

The Parks played their best game of the season and deserved a victory. St. Anthony's, considering the fact that several of their regulars were missing, also played a fine brand of ball. Villicari fanned seven St. Anthony batters, while Peters did very well too.

No SCORES

The first three innings went smoothly with neither team scoring. The Parks then broke the ice with a run in the fourth. Watson started the frame by doubling. Zyla reached first safely on an error, Watson taking third. Vogel's fielder's choice scored Watson a moment later.

St. Anthony's tied the count in the fifth. Peters fanned, Tony Carchio walked and Cieri fanned. The former stole second and scored shortly afterwards on Jerry Bonavita's double.

Both pitchers were stingy in the matter of hits. Villicari allowed but three and Peters held the Parks to two. Jerry Bonavita and Johnny Carchio made the hits for St. Anthony's and McManus and Watson hit safely for the Parks. The score:

ST. ANTHONY'S KEEP HEADS UP IN CROWN RACE

Beat Unions Monday Night and Retain Tie Position In Junior Loop

BONAVITA DISTINGUISHES HIMSELF ON THE MOUND

St. Anthony Jrs. are still in the running for the American Legion Junior League title as a result of their 7 to 3 victory over the Unions Monday night at Belleville Park. Jerry Bonavita toed the mound for the Silver Lakers and turned in a fine performance.

Andy Colannino, diminutive Union captain twirled for the losers. Andy was not quite as effective as usual, but with better support he would have held the Saints to a much lower score.

The Unions scored a run in the first inning when Jake DelGrosso singled and came home on Colannino's double to left center. St. Anthony's also scored in this frame. Cieri reached first safely on Costa's error, stole second and scored on Jerry Bonavita's long single.

BIG SECOND

St. Anthony's added two more to their total in the second. Two errors, coupled with Carter's single, were responsible for the tallies. In the third the Silver Lakers again scored two runs. A triple by Jerry Bonavita with Cieri on first and another Union error were the responsible factors.

The Unions scored a run in the fourth when Rossi singled with Iannicelli on second. In the fifth the Unions scored another run when DelGrosso singled, stole second and third and scored on Colannino's infield out.

Jake DelGrosso was the batting star of the night, the Union outfielder clouting three singles in three trips to the plate. Jerry Bonavita was the big gun for the Silver Lakers with a triple and a single. The score:

TWO PITCHERS USED BY PASSAIC TO BEAT LEGION

Hines Retires Because Of Injury; Former Nutley Man Then Holds Belleville

WINNERS, BEHIND IN THIRD, SCORE TWO RUNS IN FOURTH

The Belleville American Legion lost their second home game of the season Saturday afternoon at Clearman Field when they bowed to the crack Passaic Public Service nine by a 3 to 2 score. Although not quite as exciting as the previous game, this Saturday's affair was another of those battles which kept the fans on edge.

Jim Mallack again twirled for the locals and added twelve more strikeout victims to his long list. Hines twirled for the "Service" nine for the first four innings. At the beginning of the fifth he was forced to retire because of a sprained muscle in his back. Midge Machette, old time Nutley favorite, then took up the burden and was so good that he blanked the locals for five straight innings.

HEAVY BATTERIES

The Passaic players were the first to score. They put a tally across in the third on three successive hits. The locals came back in their half of the third with two runs. Gelshen started by doubling over the left field fence. Jim Mallack grounded out and Gelshen took third. Tommy Dunn laid down a perfect bunt, scoring Gelshen. Dunn took second on a wild heave and scored a moment later on Johnny Lawlor's single.

Passaic came back in the fourth with two runs to take the lead and hold it for the remainder of the game. Two hits, a base on balls, a wild pitch and a sacrifice accounted for the runs.

Tommy Dunn and Johnny Lawlor starred for the locals. They had two hits apiece and played splendid games afield. Whitey Rudolph and Lefty Seaman starred for the visitors, each collecting a pair of bingles. Reno's clever play at third base brought him rounds of applause from the fans.

The largest crowd of the season is expected this Saturday afternoon when the Legionnaires play their old rivals, the Nutley A. C. The game will be called at 3:30. The score:

BACHELOR NINE HUMBLER GIANT OUTFIT 4 TO 1

Lew Beliski Has No Trouble With Colored Boys In League Tilt

ALLOWS ONLY FOUR HITS AND MAKES SEVEN FAN

The Bachelors played a snappy brand of ball last Thursday night and easily defeated the Colored Giants 4 to 1 in a Legion League game at Clearman Field. Lew Beliski, ace of the Bachelors twirling staff, turned in another splendid game, allowing the Giants but four hits and fanning seven.

Hardaway, on the mound for the losers, also allowed but four hits, but the four enemy clouts came at opportune moments.

The Bachelors started to score in the first. Fitzpatrick walked, Hick Loesner struck out, but Johnny Johnston singled, scoring Fitzpatrick, the latter having reached second as a result of a passed ball.

GIANTS COME BACK

Meanwhile Lew Beliski was going great guns for the Bachelors. The Giants, however, made a run in the fourth. Crawford started things with a single. Hardaway also singled and the fleet Crawford went to third. Pascal popped up, but Crawford scored a moment later on an infield out.

The Bachelors added two more to their total in their half of the fourth. Jim Clark singled with one out. Dave Connelly fanned, but reached first safely when the Giant catcher missed the ball and then threw wildly to first.

Clark went to third on the play and Connelly took second a moment later. Lew Beliski's screeching single sent both runners across the plate. There was no more scoring after that.

Hubert Crawford, crack Giant shortstop, was the only player on either team to get more than one hit. Fitzpatrick played a splendid game afield for the Bachelors and both Johnny Johnston and Beliski came through with timely hits.

Junks Fit Canals

A boat much larger than the stream in which it floats is a very common sight in certain parts of China. Junks navigate with ease these ribbon-like interior canals. These boats, whose superstructure is strikingly large, often hang over the banks of the canals through which they pass. The bottom of the craft is small enough to "fit into" the stream.

Hardaway Of Colored Boys Allows Only Two Hits, Almost Had A Shutout

POOR SUPPORT FOR KASTNER WHO PITCHED GREAT BALL

The biggest upset of the season occurred Monday night at Clearman field when the Colored Giants handed the Belleville Elks a 6 to 1 lacing in a Legion league contest. The Elks were helpless before the slants of Al Hardaway, ace of the Giant staff.

Hardaway set the Elks down with exactly two hits and would have had a shutout but for an error. Not only were the Elks not hitting, but their fielding resembled a grammar school team. Butch Kastner, on the mound for the Elks pitched a fine game. He allowed but five hits.

RIGHT FROM BEGINNING

The Giants started right out in the first inning by scoring two runs on a couple of Elks' errors. This was all the scoring done by either team until the third inning, when the Elks managed to push over a run. Gene Gelschen reached first safely on an error and scored shortly after on Joe Flynn's single.

The Giants went into the fifth inning enjoying a 2 to 1 lead. In the fifth they had the distinction of scoring four runs on one hit. The Elks made no less than three errors in this frame with the result that the game ended 6 to 1.

Steppes was the leading luminary on the Giant's offensive. He scored two runs and had a like number of hits. Hubert Crawford was the fielding star with several fine stops and throws. Jimmy Dunleavy's double and Joe Flynn's single were the only Elk hits. The score:

HARMON UNEXPECTED LOSER IN FIGHT AT ENGLEWOOD

Len Harmon, the right hand belting boxer who hails from Mt. Pleasant avenue, was stopped in the first round of a six round contest by Al Capone at Madonna Field, Englewood, a week ago Tuesday night.

Manager Larry Corbett, who pilots Harmon, said the blow that put Harmon in the land of dreams was "a lucky punch" and points to a fight the previous week, when Harmon stopped Capone in the fourth round.

Corbett took his pugilist to Englewood more or less as a fan while waiting for negotiations with the managers of Nick Abato, Nat Arno, Tom Rizzo, Moe Fisher and Jackie Shupack but the fight fans requested a Harmon-Capone scrap right on the spot. The result was a big surprise to the Belleville boy. It was the first time Harmon has ever been beaten.

COURT TOURNEY IN SEPTEMBER

Hillcrest Club Making Plans For Annual Event On Their Home Courts

OPEN TO LOCAL RESIDENTS

The annual tennis tournament, sponsored by the Hillcrest Tennis Club, which is open to all players of Belleville, will be staged this year during the first week in September at the Hillcrest courts on Division avenue, it was announced yesterday.

Both singles and doubles for men and women will be held, says Corbin D. Lewis, club champion of 1928, who is chairman of the committee. He will be assisted by Howard Virtue, S. C. Summerfield, Ray Fisher, John Carrough, H. C. McGuire and Frank Veloni.

A prize list will be announced soon.

Competition will be spirited this year as in the past, advance information indicates. Julius Piland, 1929 singles champion, is expected to be among the entries. Those wishing to enter should secure a blank from one of the committee or telephone Belleville 2-1378.

Idea Long Advocated

It is not known when the carrying on of public construction work as a means of relieving unemployment was first advocated. The idea is not a new one, having been proposed in 1525 by Juan Luis Vives in a treatise on "The Relief of the Poor."

JUNIOR LEGION TEAM WINS 14-5

East Orange Succumbs With Eleven Run Drive By Belleville Terrors

LIST OF VICTORIES GROWING

The Belleville American Junior nine added another victory to their rapidly growing list by taking the East Orange Legion nine into camp by a 14 to 5 count Saturday afternoon at Belleville Park.

The locals were held scoreless for the first four innings, but in the fifth they went on a batting rampage and scored eleven runs. They were behind 2 to 0 until their famous rally. In the sixth they made three more runs.

East Orange took the lead in the second inning by scoring two runs on one hit, one error and a base on balls. They scored their other three runs in the sixth frame when they hammered out two doubles and two singles.

Vitale and Ryan divided twirling honors for the locals. Both turned in a good day's work. Dick O'Neil, Dave Shelly and Ryan led the locals in batting with a brace of hits apiece. The score:

Cards and St. Anthony Jrs. Struggle In Vain For Crown

Two Home Runs, One For Each Team, Are Only Scores Of The Day

GAME ENDS IN 1-1 DEADLOCK

One of those old-fashioned pitching duels, the kind you read about in novels occurred Thursday night between the Cardinals and the St. Anthony Jrs. at Belleville Park. The game ended in a 1 to 1 deadlock.

Johnny Duschek, twirling his first game for the Cardinals, was opposed by Pastore of the Saints. Both pitchers were "scotch" with hits. Duschek allowed two bingles and Pastore three. Two of the five hits for both teams were home runs.

Mac Lamb was the Cardinal boy to hit a home run, his clout coming in the first inning with two out. Fabio was the St. Anthony hero, his homer being made in the fourth frame with one out.

Longest Ever

Lamb's hit travelled to deep center field and was one of the longest blows ever seen at the Park. Fabio's clout went to left field and the latter was home before Eddie O'Neil, Cardinal left fielder, could find the ball.

Both pitchers received great support. The Cardinals played a flawless game in the field. St. Anthony's made one error, but immediately after this followed it up with a double play.

Mac Lamb was the batting star of the day with two hits in two trips to the plate. Eddie O'Neil had the honor of banging out the other Cardinal hit. Fabio's homer and Nick Bonavita's single were the only St. Anthony hits.

The game was a bitterly fought one. A defeat for either team would have meant their losing all chance of first place in the junior league. As a result of the tie the two teams still have two games to play with each other. It was the second tie this season between St. Anthony's and the Cardinals.

NEREID B. C. WINS WEBSTER TROPHY

Beats Nautilus B. C. Of Brooklyn In Joint Regatta On Passaic River

TAKE ALL BUT TWO EVENTS

The Joint Regatta held on the Passaic river Saturday afternoon was won by the Nereid Boat Club. The locals took five of the seven events from the Nautilus Boat Club of Brooklyn. The races started at 4:30 P. M. and finished shortly after 7 o'clock.

The junior four-oared gig over a one mile course was the closest race of the day. The Nautilus crew triumphed in this race, but the Nereid lads put up a great battle and only lost by three feet. The only other race lost by the Nereid was the junior double gig over half-mile course. A foul cost the locals a possible victory in this race.

Another close race took place when the Nereids triumphed in the junior quad scull race over a mile course. This was a close race all the way, but the locals came through in the final few minutes. Frank Menne, Nereid coach, won in the senior single shell over a one mile course.

Officials of the races were C. Leverich Brett of the Nereid Boat Club, chairman; Alfred M. Corbett, Nautilus Boat Club, vice chairman; A. E. Mundell, Active Boat Club, referee and starter; George McCann, Thomas Knowles, Harry A. Loth, John J. Kraft, Gustave Eggerling, Hanford Ayres and E. Schyler Webster, judges. John P. Dailey, of the Nereid Boat Club was clerk of the course.

As a result of their victory the Nereid Club now possesses Webster Trophy. This trophy is hand made by Captain Schyler Webster, who is Webster's daughter, who is a teacher at the Fawcett Art School in Newark.

BACHELORS TAKE PARKS INTO CAMP

Margin Is Narrow Though; Pitchers Duel It Out, Allowing Five Hits

BARTLEY SENDS RUN ACROSS

The Bachelors continued their fine playing in the Legion League by winning a 1 to 0 decision from the Parks Tuesday night at Clearman Field. Lew Beliski, Bachelor ace, and Joe Villicari, newly acquired Park twirler, hooked up in one of the best pitching duels of the year.

Beliski allowed only two hits. He was invincible with men on base. Villicari was just a step behind Beliski. He allowed but three hits and except for a pass to Pat Dunn in the first inning, would have held the Bachelors scoreless.

With two out in the first, Pat Dunn walked and then stole second. Mike Bartley then came through with the double which proved to be the deciding factor of the game. It traveled far over the left field fence.

The Parks had a fine chance to score in the second. Johnny McGuire singled with one out, and stole second, but Beliski then settled down and retired the side without any further trouble. Fitzpatrick, Bartley and McCabe were the three Bachelors to hit safely. Johnny McGuire, crack Bachelor basketball player, and Johnny Vogel hit safely for the Parks.

SILVER LAKE'S BALL TEAM WINS

Finishes Recreation Tournaments With Clean Slate After Four Games

CLOSING PLANS DISCUSSED

With the season coming to a close and the final playground ball games ended, Silver Lake playground has been acclaimed the champion with no losses in four contests. Jerry Bonavita, local high school athlete and instructor at the playground, coached the team.

Final standing of the other teams is as follows: Friendly, No. 1 School and No. 5, tie with two victories and two defeats each; Recreation House is at the foot of the list with all losses.

Friendly and No. 5 School have yet to play one game of volley ball. If Friendly wins it will create a triple tie and finals will be played by the Recreation House, Silver Lake and Friendly. A match consists of the best two out of three. The present standing is, Recreation and Silver Lake, tie with three wins, one loss; Friendly, two victories, one defeat; No. 5 School, one win, two losses; and No. 1 School the loser of all of its matches.

No. 5 Girls Win

In the final game of volley ball between the girls of No. 5 School and Friendly the former scored 15, 15; Friendly 4, 4. The championship was won by No. 1 School, whose team was coached by Miss Mildred Joiner, a local high school girl.

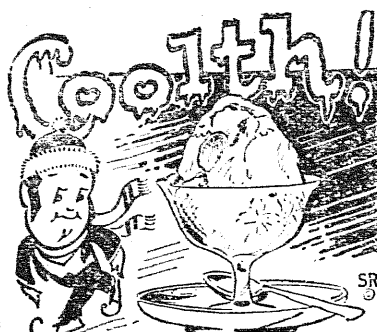

Silver Lake, coached by Miss Catherine Watters, finished second. In gaining the championship, No. 1 School won all of its four matches: Silver Lake, three victories, one defeat; Recreation House lost two, won two; and No. 5 School, one win, three defeats.

Girls of No. 5 School played an exhibition game with the Recreation House team and defeated them 15-10, 5-15, 15-4. Miss Margaret Mason coached the former team and Miss Dorothy Ferris, the latter.

Horseshoes and Quoits

The Silver Lake horseshoe and quoits tournaments were both won by Orlando Vitello and Lena Dachino was the victor in jacks.

Prize winners in the doll show held at Friendly playground Wednesday of last week were Lucy Petrucci, best baby doll; Carmela Venicia, best dressed doll; Helen Sibello, best grown-up; Margaret Scavone, fanciest dressed; Mary Montalbano, most original. Martin

NICE PICTURE FOR THIS TIME OF THE YEAR

Cool off as you eat. Salads to tempt you—desserts that are flavorful and cooling. A menu that suits the hot weather and a service that is breezy and polite.

Ruglio, playground director, Miss Rita Kennedy, assistant director, and Mrs. James Petrucci were the judges.

C. H. Ross, superintendent of playground recreation, extends a cordial invitation to all to visit the Recreation House from 2 to 8 p. m., on August 27, 28 and 29. At this time Mrs. M. Zita Lonergan will have on exhibition the handcraft work done by playground children under her supervision during the summer.

Closing Exercises

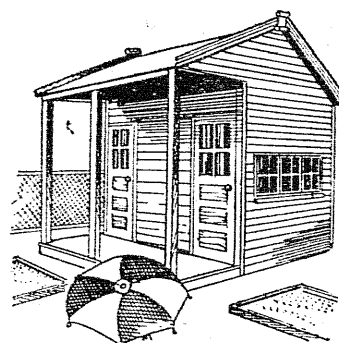

Closing exercises will be held at each playground on the afternoon of August 29 at 2:30. The instructors will welcome the parents of the children and all others who are interested in recreational activities. Games, track events, stunts and musical numbers will be the attractions. Plans for the last two weeks of playground activities were discussed at a meeting of the instructors at the Recreation House Friday.

Attendance at the playgrounds for the week beginning August 4 totaled 3,984 and for the week following 2,351.
