### AUTOMOBILE MAN IN JAIL; MOTHER MAKES CHARGE

Fred Sabini, President Of Belleville Agency, Said To Owe \$175 Board Bill

Fred Sabini, owner of the Belleville Motor Car Co. of 258 Belleville avenue, and inventor of a "hydraulic automobile transmission," faced charges of non-support in court last night, brought by his mother, Mrs. Mary Sabini of 20 Baldwin place, with whom he had lived as a boarder until three months ago.

Sabini is accused of owing a board bill of \$175 and was five weeks ago before brought before Recorder George A. Fitzsimmons on the same charge. Pleading that he would "go out and get \$50 within a week and pay his mother" he was released, but Mrs. Sabini says that she has not received a cent from him yet.

#### TURNED DOWN

She recently applied to the Social Service Bureau for aid but was turned down. Miss Bertha Kline declaring, after an investigation, that it was up to her son to help her.

Following this, she swore out a warrant for her son's arrest. Sabini heard that he was wanted and Monday night gave himself up to police. Tuesday night he was released after a conference with the Recorder pending his appearance in court last night.

"The charge was without basis," he told a TIMES reporter yesterday.

Issues Ultimatum To Three Colored Men Who Plead Guilty To Charge

### CORSI FINED AND HELD IN BAIL FOR GRAND JURY

"After you pay your fines I want you three to clear out of Belleville and stay out," was the crisp ultimatum of Recorder G. A. Fitzsimmons in court Monday night when he fined three colored men \$25 on a charge of gambling at 49 Belmont avenue Friday night.

Louis Wilson, Harold Hardman and Isaac Shaw of Newark, were arrested in a raid at the Belmont avenue address conducted by Captain Flynn, Patrolmen Cruthers, Flynn, Scott and Demgard.

Louis Corsi, alleged operator of the gambling house, arrested with them, also was fined. Recorder Fitzsimmons charged him \$100 when he pleaded guilty to the charge of running a disorderly house and held him in \$500 bail when he made a similar plea to the charge that he violated the Hobart Act which prohibits the sale of liquor.

### ICE ORDINANCE 'HAS WEAK POINT'

Says Carragher, Who Votes 'No' On Measure Proposed By Dealers

### PROHIBITS SALE ON SUNDAY

Despite Commissioner Carragher's objection "that a sick man might die if he had to first secure a doctor's certificate to buy ice on Sunday," the Board of Commissioners Tuesday night passed an ordinance prohibiting the sale of ice on Sunday unless authorized by the Department of Health or a doctor's certificate. Four favored its passage and Carragher voted "No."

The ordinance was requested by all ice dealers of town at a meeting of the Commissioners two weeks ago. The Commissioners believed that its effect would be seriously felt by the dealers, only.

### FINDS NEW WAY TO GET NAMES AND ADDRESSES

Coogan Says 302 Of 308 Old Tax Bills Have Been Delivered

Although 400 persons again packed the commission chamber in the Town Hall Tuesday night in anticipation of another "free-for-all" among the Commissioners, drama was lacking and the only reference to the debate over "tinkering" and "inefficiency" which has been raging for three weeks, was a report by Assessor John F. Coogan.

A statement by him, read by Town Clerk John J. Daly, said that names of property owners who had not received tax bills, numbering 1284 during the past four years, were rapidly being secured through an unusual channel.

#### 100 PERCENT ACCURATE

Abstracts of titles to property are possessed by the Fidelity Union Title and Mortgage Co. of Newark and are available for the asking, Coogan stated. These carry the names and addresses of persons last receiving deeds to property and are said to be almost 100 percent accurate.

As proof of this, Coogan pointed to his work during the past three weeks. Of 308 delinquent tax bills sent to addresses secured through this method, 302 of them were received.

Mr. Kaplan stated he is anxious to secure wide awake merchandising and sales people at once as regulars and contingents in preparation for Sears, Roebuck and Co.'s forty-fourth anniversary sale which begins September 18. He will immediately engage 150 persons within the next week or ten days and promises real opportunities and permanent positions to those who can qualify.

### CITIZENS SCORE COMMISSIONERS ON 'FRUIT PLANT'

Complain About Unsanitary Conditions In Terry and Cortlandt Street Section

### MAYOR PROMISES REMEDY 'AS SOON AS POSSIBLE'

Complaints against "filthy" conditions and objectionable "fumes" coming from the Fruit Products Corp., Cortlandt and Terry streets, were made Tuesday night at the Commission meeting in the Town Hall by six residents of Cortlandt street. The spokesman was Robert J. Mitchell of 456 Cortlandt street.

Four major charges were made: 200 barrels, some empty and some partly filled with stagnant water, but all having fruit juice at the bottom, were said to spoil the appearance of the neighborhood as well as breed mosquitoes and attract flies. They were also said to give off an objectionable odor.

# FREE SUNDAY CONCERTS IN SCHOOLS

## ENLISTS LOCAL MUSICIANS FOR WINTER SEASON

George E. Stewart Jr., Violinist, Organizes For Periodic Concerts In Schools

TO BE AIDED BY ARTHUR ACKERMAN, ORGANIST

Free Sunday concerts in the public schools during the winter months is the plan of George E. Stewart Jr., of Smallwood avenue, who last week secured permission from the Board of Education for

use of the schools.

Classical music only will be given and only local talent will take part, Mr. Stewart having contacts with the most outstanding musicians of town.

The plan is unique in Belleville but not impractical, the promoter

declares, other large cities having carried out the idea for many years. Mr. Stewart himself, with twelve years' of study in music, conducted such concerts when a resident of Union City before coming to Belleville four years ago.

He has chosen Arthur Ackerman, former organist at the Belleville Reformed Church, as his associate conductor. Those desiring to take part should communicate with either Mr. Ackerman or Mr. Stewart.

Mrs. George Beach, president, was in charge of the meeting, which was attended by twenty-five mothers and the teaching staff of the school.

The first social affair of the fall will be a lotto party at the home of Mrs. William Reide, 168 Smallwood avenue, September 27.

## 'WE DON'T WANT YOU HERE' JUDGE TELLS GAMBLERS

(Continued from Page One.)

The Recorder's order to stay out of town came after the announcement by the three colored men that they had been given a similar warning by Newark police. Hearing the last warning one of them pleaded that he was employed in Belleville.

"I don't care about that," the judge stormed. "If you were driven out of Newark we're not going to tolerate you in Belleville. I don't care where you go but get out of town and stay out."

# criticizes "Vague Charges" Made By Director Williams

Fischer, Writing To The Times, Asks That Commissioner Show Proof

## GIBSON'S FORMER OFFICIAL

The Editor of THE TIMES:  
Dear Sir: Our commission meetings are rapidly assuming the appearance of a tempest in a teapot. Mr. Williams proposes to be political Moses and lead the citizens of Belleville safely out of the taxation wilderness, I suggest that he prepare his case with more care before making any accusations which may defame or prejudice the public toward men of integrity and standing in the community.

As I see it, his statements indicate that no serious condition exists. Recrimination, with continued unfavorable publicity, must follow. One can hardly blame Mr. Gibson's indignant outburst at an unwarranted aspersion on the administration of affairs during his incumbency as Director of Finance, particularly when the accusation is made that he condoned omission of duty by himself and subordinates. His language might have been better chosen, however.

Mr. Williams' suggestion that Davidson used his office as tax assessor for political reasons is without basis in fact. The writer would be the first to condemn the tax assessor if there was any of such conduct.

Trust Mr. Coogan will be the assessor, if such a mortal exists, but I doubt whether he or any other person can even remotely approach perfection.

Heartily approve of anything Mr. Williams or any other man can do to make Belleville a better place to live in, but the method should be direct accusation and statement of fact backed by facts,

not suspicions born in political expediency or generalities supported on a hazy background which only confuses the situation. I suggest that Mr. Williams present concrete evidence of any gross mismanagement of town affairs. He will then merit the support of the citizens.

Let the Commissioner tell us the names of these so-called "Political Tinkerers" and favorites whose tax bills were held some two or three years. It would make interesting reading.

FRED FISCHER,  
33 Oak Street.

## ESSEX W. C. T. U. CONVENTION TO ATTRACT LOCAL MEMBERS; LIST QUESTIONS FOR ANSWERS

Members of the local W. C. T. U. will attend the Essex County annual convention Thursday, September 25, at the Newark Y. W. C. A. The morning session will be at 10 o'clock and the afternoon at 2.

Following are the questions asked in the leaflet issued by the National W. C. T. U. for the month of September. You are Uncle Sam. Will you as Uncle Sam go forward in the progress toward a drinkless nation or will you go into the liquor business? Will you send youth to school and college or will you turn childhood to work that money may go for booze? Will you protect wives and mothers from the broken hearts that mark the trail of drunken manhood or will you legalize the drinking that leads to desolation?

Will you stand fast in the purpose to destroy the liquor traffic or will you falter at the uproar of its proponents? Will you uphold an ideal that all the world might follow or will you let the selfish and vicious set America's standards? Will you padlock the dives and speakeasies or will you fly the Stars and Stripes over a "liquor store?"

## TRUE, BUT NOT "ASTOUNDING"

William H. Fisher, Toms River editor, who is foreman of the out-of-the-main-in-again Ocean county Grand Jury, is afraid that political and judicial interference already has succeeded in balking a real investigation of conditions in that county. He has put up a fight for which all the honest people of the State should thank him, but it is doubtful if he will. Mr. Fisher says:

It is an astounding spectacle to the citizenry of New Jersey that justices of the Supreme Court and vice-chancellors, under our legal procedure, can always be found to halt investigations when they approach the point of uncovering men high in politics, business, finance and social life. North Jersey has seen that—now it is South Jersey's turn. Our laws, built up to protect the individual from governmental oppression, fail to protect society from influential and powerful criminals, able to hire astute lawyers.

When Mr. Fisher says that this condition is "astounding" he is merely introducing an idea which he wishes to make public, we suppose, for of course it isn't astounding at all. Men "high in politics, business, finance and social life" always have been protected—unless they got so badly caught that it was dangerous to protect them any longer. And there isn't anything astounding about the continuance of gambling, graft and other offences against the law on the Jersey coast, either.

Not only the politicians, but the business men and lots of others along the coast are united in one big clan to get every nickle they can out of the summer visitor. They know that people will go somewhere else if they can't break laws against gambling and lots of other things while they are on vacation. It's a clear case of where the resident population and the visiting suckers want practically the same thing. They get it, of course.

Supreme Court Justice Parker stated the case much better over in Bergen county the other day when he placed the blame for that county's present condition on "an easy-going and negligent electorate." He could have gone even further with truth, by saying that large sections of the electorate are quite content with conditions, or are even betting them. Until at least a majority of the electorate wants good government enough to come out and vote for it, we'll never have it in spite of all the investigations and courts in the State.

## FIRE PREVENTION WEEK COMING

The National Board of Fire Underwriters reports that the fire loss during July was \$34,847,750, an increase of \$2,862,257 over July, 1929. The total loss for the first seven months of this year has been \$277,187,521, as compared with \$262,078,288 during the same period last year, an increase of more than \$15,000,000.

The discouraging fact is that we are once more on our way toward a half-billion dollar annual waste. For the past few years there has been a small but steady decrease in annual loss and it was hoped that the American people were at last becoming "fire conscious." Apparently the hope was unfounded. Carelessness and ignorance continue to destroy, through the medium of fire, thousands of lives and a gigantic amount of property each year.

The week of October 5-11 has been set aside as "Fire Prevention Week." Once more private and public organizations will endeavor to instill in the public a knowledge of fire hazards, of the need for better building construction and the like. Once more we will have the opportunity to learn, under expert guidance, lessons that are of direct financial benefit to all of us.

The issue is up to the public. Our gigantic fire loss is a menace to prosperity, to home building, to industrial progress. It is a national disgrace that can be remedied only by unceasing vigilance in our homes and places of business.

## OLD FAVORITES APPEAR AGAIN

One of those periodical attacks of unrest which afflict all municipalities has come to Summit, and a campaign to change from the councilmanic form of government to the commission type is under way. Having watched quite a few such efforts our interest is mixed with some amusement to see that all the old arguments, both for and against the commission form, are in use again, just as they have been used in every other town.

Those who want a change are telling of the wondrous municipal miracles which it will work—and has worked everywhere else; how it concentrates authority and hence responsibility; how waste will be automatically eliminated. The other side is denouncing the commission form as un-American and deliberately conceived to bring about lack of representation for all sections of the city. How familiar!

Probably not a dozen people in Summit realize that the only effect change will have is to put one set of officials out and another in—possibly not even that.

## Will Rogers Picks A Story For This Spot

By WILL ROGERS

THEY say women drive automobiles better than men, and if that's so the women won't be a bit sore about a little joke on their driving once in a while. Anyway, the jokes are still being told. Why, they still tell jokes about the women at the polls, although the women have been proving for a long time that they are just as good at politics as men. When they had another ballot-box scandal in New

York lately just half of the repeaters and election grafters was women. That's keeping up your end, girls! In a few more years they'll stop telling jokes about women that don't know how to drive and vote.

Mrs. Jones was driving the car into the garage, and she was a little nervous after the party. But Jones hopped out and stood by the doors, letting the little woman look after getting the car in.

She got in all right, but then she got nervous and put her into reverse. The car backed out at high speed and hit a tree or something, and there was a terrible mess.

Then husband asserted himself. He told her how anybody ought to do better than that.

"Well," she says, "if you had had any sense and had closed the doors promptly, there wouldn't have been all this trouble. I'd like to know whose fault it is now."

## Capanears Recommend Trip Through Pennsylvania Wilds

To the Editor of THE TIMES:

Dear Sir: The Capanears, all five of us, have just returned from a "triangular" trip to Scranton, Pa., where we were the guests of Mr. and Mrs. Harry Mauer.

We cut through the heart of Jersey to Easton, went through Allentown, saw the marvelous scenery near Mauch Chunk, glimpsed at the huge piles of coal at Carbon-

dale, and passed over the historical chain-like bridge which spans the Lehigh River.

Our return trip from Scranton was in a northeasterly direction. After passing through Carbondale, we went to Honesdale and through Hawley. Man, there is scenery in that section. From Hawley on to Milford, on the Delaware River, there is a stretch of forest, where

for twenty miles, we did not see a single home.

### "NO MANS LAND"

That must have been the "No Man's Land" we have heard so much about. The Delaware was crossed at Dingman's Ferry, from which point we shot through Newton, Stanhope, Dover and home to Belleville. We would recommend this trip to all motorists who desire to spend three or four days away from home.

On the trip, we made a record of all foreign cars seen, that is, foreign to New Jersey. We saw cars from twenty-eight different states,

the District of Columbia, and two Canadian Provinces. This idea is a great way to make a long trip seem short.

THE CAPANEARS.

### DE CAMP BUS LINES ADD TO LIVINGSTON TERMINAL

The DeCamp bus lines are now engaged in almost doubling their storage space for buses at Livingston. The machine shop and paint shop will also be enlarged. The DeCamp plant when completed will

have expanded sixty times its size in less than ten years.

The addition to the buildings just spares Livingston's famous U tree. This tree is an ancient oak whose trunk about four feet above the ground separates to make a gigantic U nearly thirty feet in width.

When interviewed in Livingston yesterday, Ralph DeCamp, president of the DeCamp Lines, was non-committal on the subject of additional buses, but it is believed the additional floor space means more equipment to keep up with an increased desire on the part of the public to use DeCamp service.

# PUSH A WOODEN PLANK—

down into the water and it comes up again. Push a man under the tide of business depression and he comes bobbing up again with new life and another desire to do big things. Fortunately business houses whose ads listed

on this page are still going strong but they, along with merchants all over the country, have been put to a severe test. Give them half a chance to maintain the prestige they enjoy—of being the town's leading business and merchantmen.

## Compulsory Talks', Program at Meeting of Lions Today

"Extemporaneous talks" of five minutes duration will be the unique program offered by the entertainment committee at today's meeting of the Lions Club in the Elks Home, Washington avenue and Academy street, when six members will be called upon to speak on a specified subject, announced at the time of calling on the speaker.

The program is calculated to furnish humor for those not talking and to test the "oratory" accomplishments of members. Milton E. Brasher, chairman of the committee, announced that the plan is not subsidized by schools for public speaking but is consistent with the ambition to eliminate "that backward feeling" that seems to be dominant in the systems of some of the members. The possible exception being that of "All-talkie" A. Edward Locher.

### Prizes Too

Prizes will be awarded from the collective decision of the entertainment committee which is composed of Charles Zuckerman, Arthur Mayer, Mr. Locher, George Von Arx and Mr. Brasher.

How well the speaker entertains the club will constitute the basis for making the awards. No attention will be paid to the perfection of delivery or the accuracy of subject matter unless, in the opinion of the judges, it provides full enjoyment.

Lions last week lost a 14-8 decision to the Nutley Club in a baseball game played at Park Oval, Nutley. Highlights of the game consisted of Mayor Samuel S. Kenworthy's double, clearing the bases, Arthur Mayer's triple and Bert Daniels' slugging in the manner of the big leagues. Daniels was a former Yankee player.

Recorder George A. Fitzsimmons, who settles domestic and criminal disputes for Belleville, arbitrated the ball game from the umpire's mound with habitual dispatch. Following the game, Belleville Lions were entertained at dinner as guests of the Nutley Club in the Yountakah Country Club.

## LOCAL DEALER ANNOUNCES FORD DE LUXE CAR WEEK

Charles Klausmann, of Belleville Motors, local Ford dealer, announced today that they will hold a special showing of Ford De Luxe cars during the week beginning September 23.

During this week, Mr. Klausmann said, De Luxe cars will be featured in the local showroom so that residents of Belleville will have an opportunity to inspect the various body types and learn of their unusual appointments. Special literature describing the De Luxe cars will be available.

Most of the De Luxe cars are comparatively new in the Ford line, Mr. Klausmann said. Until this year, he said, there were but two Fords of this type, but in recent months there have been added a sedan, a coupe, a phaeton and a roadster.

"The introduction of this series of De Luxe cars by the Ford Motor Company and their reception on the part of the public are an important development in the automobile business," Mr. Klausmann said. "They are designed for persons who desire a Ford with its low cost, economy of operation and dependability, but who at the same time prefer the refinements and

luxurious appointments usually found only in more expensive cars.

### The Upholstery

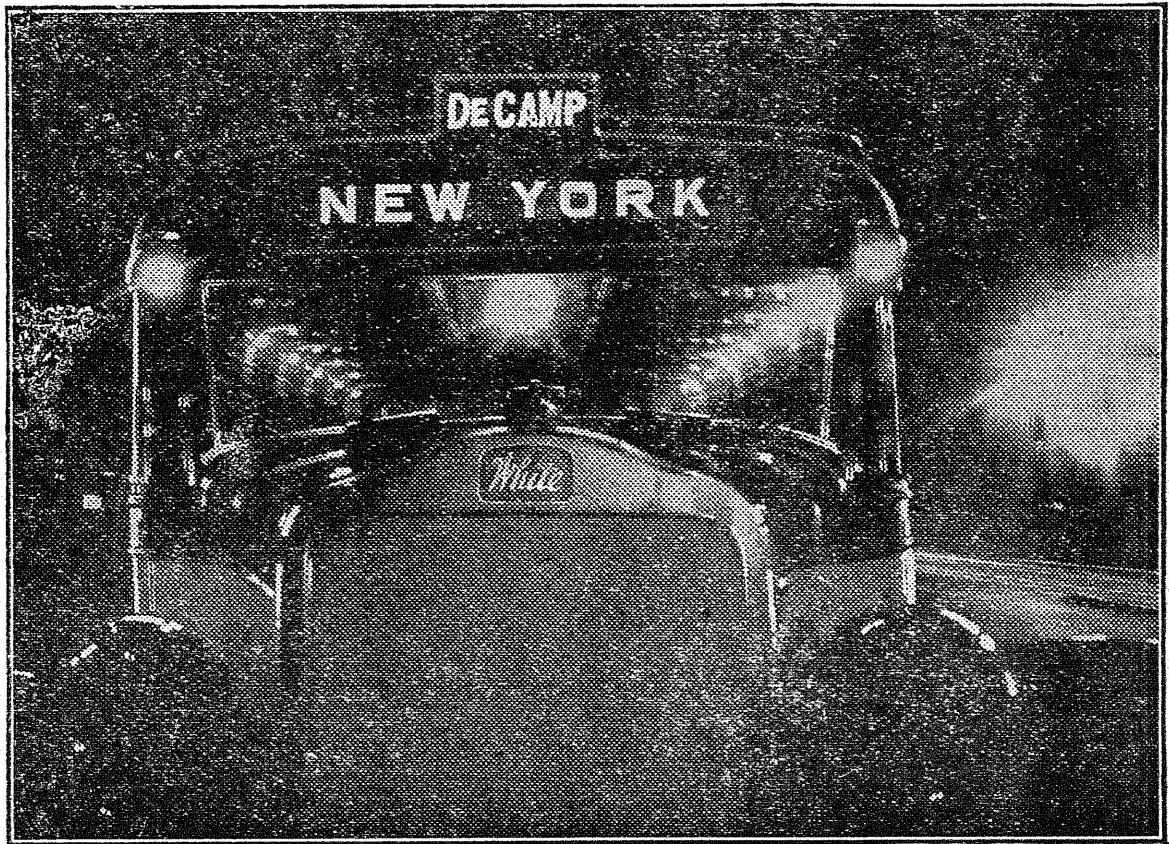

"The unusual quality of the De Luxe cars is readily apparent in the upholstery. In the sedans and the coupe, this is either a rich, soft mohair or a beautiful, durable Bedford cord, while the roadster and the phaeton are upholstered in genuine leather.

"The upholstery, however, is but one of the outstanding features of

the De Luxe cars. In the sedans, for instance, there are arm rests at the sides of the rear seat and a folding arm rest in the center, flexible robe rail, toggle grips, dome light, rugs to harmonize with the upholstery, hardware of scroll design and other appointments not usually associated with a car in the Ford price field. The interior of the De Luxe coupe is equally distinctive.

"The open cars are of special sport design with trimmings and accessories to match the quality of the genuine leather seats. These cars have trunk racks, cowl lights, fender wells with spare wheels and tires, and handsome tops with natural wood bows.

"For those who prefer a convertible car, the cabriolet offers fine appointments and exceptional the economy of the Ford with style."

### Ninth Inning Drive Gives Local Boys Flock of Runs

Trailing 3-1, Belleville Pounds Out Five Hits As Gardner Lets Up

#### BOSCHMAN GOOD ON MOUND

A never-say-die spirit enabled the Belleville American Legion Jr. nine to finish second in the Essex County Legion League Sunday morning at Belleville Park. The local Legion nine was trailing 3 to 1 going into the ninth inning, but rallied in the ninth to score four runs and win the ball game. The Montclair Legion Juniors thereby lost their chance for second place in the league.

Harold Boschman, Legion mound ace, twirled a great game for the Belleville youths. He limited Montclair to seven hits besides making eleven strikeouts. Al Gardner pitched a great game for the losers until the ninth inning, but the locals solved his delivery then for five hits and four runs.

#### RUN IN FIRST

Belleville scored a run in the opening frame when Joe Costa reached first safely on an error, stole second and then attempted to pilfer third. The Montclair catcher threw wild and the local shortstop scored.

Boschman allowed the Montclair nine but one hit for the first four innings, but two errors in the fourth allowed the visitors a score. They scored two more in the sixth on two hits, a wild pitch and another error.

Costa started the ninth inning drive by singling and then took second on a passed ball. Calabrese's single scored him. A long triple a moment later by Ryan scored Calabrese and Catalano's triple scored Ryan.

#### WAS SAFE IN SLIDE

Golden hit one to the Montclair stop, who attempted to nail Catalano at the plate, but the local youth slid safely. Golden stole second and scored a moment later on Boschman's single.

Montclair threatened in the ninth when they had men on second and third with one out, but Boschman forced the next two batters to pop up.

Costa and Ryan led the Belleville attack with a brace of hits apiece. Dbrowski starred in the field for the locals. Al Gardner, with two hits, starred on the Montclair offensive while Marturano did some neat fielding for the losers. The score:

Mr. Sykes is a member of that club.

The finals were closely contested with players and spectators going through a drizzling rain and an occasional downpour. All entrants played good golf with Mr. Sykes playing a careful, consistent game, taking an edge when he made the difficult sixteenth hole, a niblick shot, in a beautiful one.

An open tournament is held daily at this course; the best daily scores qualifying for the finals which are held each Saturday night for a cash prize of \$25 or its equivalent in an order for merchandise.

### Fast Game In Rain Settles Junior League Championship

### MARION EASILY K. O.'S STATZER

Silver Lake Heavyweight Disposes Of New Yorker In First Fast Round

#### K. O. FOLLOWS KNOCKDOWN

After having knocked out Gene McCue, Syracuse battler, in one round at the Velodrome Monday night, Jack Marion, blond biffer from Silver Lake, hopped down to Long Branch to turn the same feat against Attie Statzer, rugged New Yorker who crossed gloves with many leading heavyweights, including Young Stribling, Harold Mays and other good heavyweights.

They both started off fast and the crowd anticipated a quick finish. The clang of the gong had hardly dimmed when Statzer landed a hard right to the chin which only seemed to infuriate Marion for he quickly stepped in with a left hook and Statzer went down for a nine count.

He arose, shaky, to run into a terrific right cross which terminated the wild slugging bee after one minute and forty seconds of fighting. The last punch almost sent him through the ropes.

Marion left a good impression on the shore fans by his usual quick work. Two weeks previous to that he kayoesd Chief New Barry at the same arena in four rounds. Statzer was his fourteenth knock-out victim in fifteen starts. He is now out for bigger game.

### MISS MILDRED GARRABRANT BECOMES BRIDE MONDAY NIGHT OF LYMAN FAISS

Miss Mildred Josephine Garrabrant, daughter of Mr. and Mrs. Frank Garrabrant of Little street, and Lyman M. Faiss, son of Mr. and Mrs. George Faiss of Linden avenue, were married Monday night at the home of the bride's parents. Rev. Edgar M. Compton, pastor of Wesley M. E. Church, performed the ceremony and the bride was given in marriage by her father.

Her long, sleeveless dress was of peach-colored satin and she carried bridal roses. The bridesmaid, Miss Dorothy Faiss, sister of the groom, was attired in Nile green satin and carried pink roses. Mrs. Garrabrant wore silver grey crepe and the bridegroom's mother was gowned in black chiffon. Both wore corsage bouquets of pink roses.

Miss Ruth Mulvihill of Belleville, the bride's niece, played the wedding march. The best man was Marvin Warhurst of Passaic. A reception for the immediate families followed the ceremony. The couple will be at home, 124 Little street, after a two weeks' wedding trip in Pennsylvania.

Both Mr. and Mrs. Faiss are well known in Belleville, Mrs. Faiss having lived here fifteen years and her husband, five years.

#### MEETING POSTPONED

The missionary meeting of the Ladies' Auxiliary of Grace Baptist Church, which was to have met today has been postponed until next Thursday.

A large attendance is expected at the peach festival tomorrow afternoon and evening when Mrs. Hallie Hickok and Mrs. Harry White will be in charge.

### Both Pitchers Hold Opponents In Check With Flock Of Strikeouts

#### BONAVITA SENDS IN RUN

St. Anthony Jrs. were crowned junior league champs last Saturday as a result of their 1 to 0 victory over the Clintons at Belleville Park. As the score indicates, the game was a tight pitching duel with Gianniello of St. Anthony's and Tommy Byrnes playing stellar roles.

Both pitched a brilliant brand of ball, in fact both were magnificent, considering the fact that a drizzle fell during most of the game. Tommy Byrnes forced eleven Saints to retire via the strikeout route while Gianniello had ten victims. Hits were scored to the tune of four by each team.

#### THE HERO

Jerry Bonavita spelled doom for the Clintons. His long triple in the third inning, scoring Gianniello made the only run of the game. Bonavita was thrown out at the plate in an attempt to stretch his clout into a homer, but he won the game.

The Clintons had an excellent chance to tie the score in the sixth frame. Dave Connelly started with a double. Horbelt was out bunting on the last strike.

#### CRITICAL TIME

Jim Manning drew a walk, placing men on first and second with one out. Gianniello, however, then settled down and struck out Byrnes and forced Hugh Welsh to ground out. A hit here might have meant the ball game.

Both teams played excellent ball in the field, only one error for each team being chalked up. Jerry Bonavita, with a triple and a single led the Saints' attack with Connelly showing the way for the Clintons. A large crowd braved the rain to witness the game and excitement ran high. The score:

# Belleville Grid Prospects Brighten

## Players Show Improvement In Second Week of Practice

### Coach Working Boys Hard For Game With Central Of Newark Next Week

#### GALLUBA SETS AN EXAMPLE

Belleville High football candidates are looking better every day. Coach Erikson has had the squad scrimmaging all week and some of the boys have shown exceptional ability. The veteran line are demonstrating considerable strength while the backfield is coming along ability. The veteran line is demin fine style. Belleville is going to have a great line this season.

Imagine having seven experienced men to work with. Then think of having several cracker-jack second stringers who are practically as good as the veterans! It would not be surprising if several of those on the second team broke into the regular line-up before the season is old.

Jerry Bonavita and Ralph Casale, veteran wingmen, are coming along fast. They are faster than ever and both seem to have improved in the art of receiving passes. Barring injuries, Belleville fans need have no fear of opponents running the ends ragged.

Lou Galluba, 190-pound captain and tackle is in tip-top condition. He has been setting a good example for his mates by working like a Trojan in practice. It should be his best season. He was a regular in the 1928 and 1929 teams.

Homer Estelle, Galluba's running mate at tackle looks to be in good shape and should be in for a good year.

About guards. Here is where the Belleville squad is sitting pretty. Three guards of far more than average ability. They are Harold Bade, Red McMaster and Fat Udansky. Bade and McMaster have had the call so far, but this boy Udansky is a fighter and unless the former keep going at top speed one or the other will give way to the portly one.

Butter Brandt is the same old steady, plodding, consistent, slow-going pivotman he was last year. Not a flash, but you can always depend on him. It is his last season for the Blue and Gold.

To the average outside observer it would seem that the backfield is all set. In signal practice they look good, but are nervous in scrimmage. But they are doing better than the coaches expected.

At present the backfield is composed of the following players: "Fuzzy" Ryder at quarter; Fritz Plenge and Nick Bonavita at the halves; Tony Biase at fullback. Before the season ages these four should develop into a powerful quartet.

Ryder, although lacking experience, is doing nicely at quarterback. He handles the ball well and is a fair runner. Fritz Plenge is a virtual battering ram this year. He is hitting hard and is also learning to run the ends hard.

Nick Bonavita, a second stringer last season, looks good. He is the best passer of the quartet and is a hard line plunger. Biase is a big, rugged youth, but exceptionally fast for his build. He should go well with a little more experience.

Belleville seems fairly well fortified with reserve material. Erikson has three second string wingmen from last year, Eddie O'Neil, Chuck Plenge and Stan Goodrich. The latter is also a tackle and can fill in at either post.

Other linemen are Bill Brumback, Tony Vuono, "Smitty" Schmidt, Ray Smith, Herb Wellhofer and Eddie Mutch. The latter is a brother of Bob Mutch, All-State center, back in 1925. It is probable that the younger Mutch will be an understudy to Butter Brandt this year.

Besides the four regular backfield men mentioned there are others who may replace the present quartet. They are Harvey Brumback, Joe Roberti, Bill Griffin, Lou Westra, Len Hodgkinson and Tom Santasmassimo.

Coach Erikson and his assistants will have the squad working at top speed the rest of this week and most of next week as the first game is a week from this Saturday. The opening game is with Central at Clearman Field. It will mark the first time that Belleville and Central have clashed.

## Writer Declares Kenworthy Forgot Parliamentary Rules

To the Editor of THE TIMES:

Dear Sir: As a citizen of Belleville I desire to write my impression of the regular commission meeting held Tuesday night September 9 at the Town Hall.

It appeared to be an organized attack by the Old Guard of antiquated and inconsistent government using as shock troops citizens of reputable standing to do the dirty work.

In the final analysis it was a determined defense of the procedure directly responsible for the present condition of the town's finances.

Even though the past Commissioner of Revenue and Finance did the best he knew how, and likewise the previous assessor, the fact remains that considerable improvement can be made and it seems that the present incumbent is able to bring about the desired efficiency.

### WHERE IS LICENSE

Assuming that the predecessors in this department had good ground to defend themselves or evade certain responsibilities for conditions existing prior to their appointment, where is their license to do everything but pummel into submission a man voted into office by the people because he intended to do a good job and now suffers embarrassment at the hands of emissaries of the present regime who are unable by lack of intellect to bring about this man's downfall themselves.

Since when has any citizen re-

gardless of his past or present position the right to publicly insult officials of the people without fear of ejection from a town meeting? Since when has our Chief Magistrate lost all sense of responsibility as a judge of parliamentary ethics? Was it because the offender was his chosen inquisitor?

### CHANGE OF ATTITUDE

He is now very keen to sense a citizen's privilege to be heard even before a fellow commissioner and yet not long ago he autocratically chose himself in preference to writer, making certain changes without the possibility of refutation since he gave the officer on duty instructions to put him out if there was any back talk.

I sympathize with the henchmen who were on hand awaiting with animated expectancy for the lamb to be led to slaughter. How keen must have been their disappointment to see instead a lion that five trainers could not handle.

A tribute to the man who can fight an organized crowd single-handed so effectively.

GEORGE E. STEWART JR.

## CITIZENS SCORE COMMISSIONERS ON 'FRUIT PLANT'

(Continued from Page One.)

The charge that profane language by employees of the factory was "something fierce" and "bad for the children," was made, while the fact that employees of the factory worked on Sundays was held to violate the sanctity of the Sabbath.

Mr. Mitchell also complained about being awakened at 4 o'clock in the morning and the nuisance of soft coal smoke coming from a building which housed a boiler of the corporation. He said that housewives could not hang out their wash.

The boiler was also said to present a fire hazard as a large gasoline tank was situated nearby.

### UNNECESSARY

Mitchell scored the Commissioners for making it necessary to make a formal complaint. He said the officials and their deputies should have corrected the conditions without waiting for a complaint. Reginald J. Welch of 462 Cortlandt street, one of the petitioning group, declared that "hollering, hammering and shouting half the night," was an evil that should be immediately corrected.

Mayor Samuel S. Kenworthy assured the complainants that the Board would take remedial action without delay. He referred the matter to Commissioner William D. Clark, who supervises the Department of Health; to Commissioner Patrick A. Waters, in charge of public works (sewers); and to himself, supervisor of the Bureau of Combustibles.

**AN ORDINANCE REGULATING THE SALE OF ICE IN THE TOWN OF BELLEVILLE ON SUNDAY, AND PROVIDING FOR THE PENALTIES FOR VIOLATION THEREOF.**

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

1.
