AGED MAN SENT TO COUNTY JAIL

In Default Of \$5,000 Bail;
Charged With Atrocious
Assault and Battery

EIGHT-YEAR-OLD BOY SHOT

Charged with atrocious assault with intent to kill, Christian Rohn, seventy-eight, of 62 Chestnut street, was Tuesday night committed to the county jail by Recorder George A. Fitzsimmons in default of \$5,000 bail. Complaint was made by Mrs. Segrid Anderson, mother of eight-year-old James Anderson of 5 Gless avenue, who was allegedly shot by Rohn last Tuesday afternoon.

According to the story learned by police, the Anderson boy and several friends had begun to play football on Rohn's property. The latter told them to go away but the boys, it was said, mocked the aged man until he became incensed and went into the house for his gun. Returning he fired it from a distance of several hundred feet, hitting the Anderson boy in the forehead.

Rohn says that it was only his intention to frighten the boys.

No Help From the Coaches!

Rival coaches of the Belleville and Newark Central football teams were cautious with predictions about the outcome of Saturday's clash between the two at Clearman Field. Coach Schneider of Central said: "We always have a lot of respect for Coach Erikson's teams," and the Blue and Gold mentor said: "We expect to win but it will be a hard game. Central puts out a consistently strong team."

It looks to us like a great battle!

First Game Of Season

INTEREST RUNS HIGH; FANS WANT 'MYSTERY' CLEARED

Belleville High will usher in its 1930 gridiron campaign Saturday afternoon at Clearman Field with Central High of Newark as an opponent. The game promises to be a hard-fought affair as both schools are represented by strong teams this season. The game will mark the first time that these two schools have met on the football field.

Central last year did not have a markedly successful season, but things are different this season. Coach Charley Schneider has moulded a formidable eleven this year.

From all indications Saturday's game will draw a big crowd. Belleville has a mystery team that no one seems to know much about and

Horn Shoots New Notables In Quest for Movie Reel

Neil Horn of Joralemon street has returned from another trip made for the purpose of taking motion pictures of famous people. His latest sojourn was Sunday to Haverford, Pa., where he made a visit to the Merion Cricket Club, scene of the national amateur golf championship, and "shot" a number of the principals.

His first picture was of Bobby Jones. Others who consented to pose for him were Francis Ouimet, George Voight, Cyril Tolley, George Von Elm, Charles (Chick) Evans and Jess Sweetser, all of whom have won golf championships at various times.

Mr. Horn caught the champions at an opportune time Sunday when they were making their final practice for the qualifying rounds which began Monday. All of them gave him their autographs also.

Big Guns! Big Guns!

Previous to this Mr. Horn visited Chicago, South Bend, Detroit and Rochester, making photographs of Julius Rosenwald, William Wrigley, Jr., Lorade Taft, Edgar Guest and George Eastman.

Mr. Horn expects to have his pictures ready to show some time in October when he will be open for bookings at various clubs and church gatherings. He has shown his sport reel at the Traffic Club and St. Joseph's Church, Newark. Other presentations have been at the Montclair Academy and Montclair Athletic Club. Wherever possible the individual is introduced by his own autograph on the screen.

He told police he could understand no reason for the explosion. The house was insured for \$5,000 and was said by the builder, Vincent Turturiello, to be worth \$7,000. The house next door at 31 Maier street was in flames when

the firemen arrived and was considerably damaged. It is owned by Turturiello.

THE PRAYING MANTIS FOUND IN BELLEVILLE

Discovered On Screen At Home Of Miss Elizabeth Halstead, Washington Avenue

NOT SAINTLY BUT INSECT OF PREY, WRITER DECLARES

Bertha C. R. Mumford

Most fairy stories begin "Once upon a time," but this is not a fairy story but a true one, and it begins—One day last week Miss Elizabeth Halstead of 301 Washington avenue found a rare insect known as the Praying Mantis, on the inside of her window screen. This is an insect something like a Katydid or grasshopper, only much larger, and of a brilliant green with a bright red stripe down its back. Probably no other insect has been the subject of so many and such wide-spread legends and superstitions as the praying mantis.

The writer was very much interested to learn that the ancient Greeks endowed it with supernatural powers and called it a diviner. The Turks and Arabs hold that it prays constantly with its face turned towards Mecca. The Provencals call it Prie-Dieu (prayer stool), and more or less similar names, such as preacher, saint, nun, mendicant, soothsayer, etc., are widely diffused throughout Southern Europe.

In Nubia it is held in great esteem and the Hottentots, if not indeed worshipping the local species as one traveler has alleged, at least regard its alighting upon any person as a token of saintliness and an omen of good luck.

Not A Saint

Yet these are not the saints but the tigers of the insect world. The front pair of limbs are peculiarly modified, the coxa being greatly elongated, while the strong third joint has on its curved underside a channel armed on each edge by strong movable spines.

Into this groove the stout tibia capable of closing like the blade of a penknife, its sharp, serrated edge being adapted to cut and hold. Thus armed with head raised upon the much-elongated and semi-transparent prothorax, and with the half-opened fore-limbs held outwards in the characteristic devotional attitude, it rests motionless upon the ground, its rear limbs waiting for prey. Occasionally it stalks with slow and silent movements, finally seizing its prey with its knife-blades and devouring it.

Authorities say that although apparently not daring to attack

ants, these insects destroy great numbers of flies, grasshoppers and caterpillars, and the larger South American species even attack small frogs, lizards and birds. They are very pugnacious, fencing with their sword-like limbs "like Hussars with sabres," the larger often devouring the smaller, and the females the males.

They Are Fighters

The Chinese and the Javanese keep them in bamboo cages and match them like fighting cocks for wagers. The common species fixes its nut-like egg capsules on the stems of plants in September. The young are hatched in early summer, and resemble the adults, but are without wings.

The green coloration and shape of the typical mantis serve to conceal the insect from its enemies and prey. The passage from leaf to flower simulation is but a step which, without interfering with the protective value of the coloration, so far as insect foes are concerned,

also attracts flower-feeding insects within reach of its limbs. This method of luring its prey has been perfected in certain tropical species by the development of expansions so colored on the under side as to resemble certain blossoms, to which the likeness is enhanced by a gentle swaying kept up by the insect to imitate the effect of a lightly blowing breeze.

Examples of another species when standing on the ground, deceptively imitate in shape and color a greenish white anemone, tinted at the edges with rose. Bates records what appears to be a true case of aggressive mimicry practiced by a Brazilian species which exactly resembles the white ants it preys upon.

Origin of Name

The name "praying insects" has been derived from the attitude which they assume when at rest or when waiting to grasp another insect; the knees are bent and the front legs are held as though sup-

porting a prayer book. The commonest North American species is the rear-horse or mule killer, but the European has been introduced into the United States by accident and has become acclimated.

The young, when hatched, begin immediately to feed upon plant lice or other small soft-bodied insects, the size of the insects attacked increasing with the growth of the mantis. They have always been recognized as beneficial insects, but they are indiscriminate in their diet and will feed upon other beneficial insects as well as upon injurious forms.

In Southern France the peasants believe that the praying mantis point out a lost way. The mantis is harmless. The one which entered Miss Halstead's room measures four inches in length and in life, with its wings wide spread, looks quite formidable. A friend of Miss Halstead's saw one of the insects about three years ago, when it was caught in a hotel in Ocean Grove. In view of the characteristics of

Ocean Grove, we may well be believed the praying mantis was a token of saintliness, and as for Miss Halstead—not wishing to be called a saint—her visitor may be taken as an omen of good luck. Anyone interested, or who is making a collection, may have the praying mantis by communicating with Miss Halstead.

GAS RATE CUT OFFERED THOSE WHO USE A LOT

Public Service Electric and Gas Company filed with the State Board of Public Utility Commissioners today, new tariffs, one of which provides a reduction in rates for gas house heating and the other new rates for users of gas in large quantities.

Both new rates are optional. The gas house heating tariff establishes a rate of 7.5 cents per 100 cubic feet provided that the customer guarantees a use of 200,000 cubic feet during the heating season of eight months. The present rate is eight cents per 100 cubic feet with a guarantee of \$160 instead of \$150 a season.

The optional wholesale demand rate for large users filed, provides a demand charge ranging from fifty-five cents per 100 cubic feet for the first 50,000 cubic feet to fifteen cents for all over 600,000 cubic feet a month and a commodity charge of six cents per 100 cubic feet for the first 500,000 cubic feet of gas used; five cents per 100 cubic feet for the next 500,000 cubic feet; four cents for the next 1,000,000 cubic feet and three and one-half cents for all over 2,000,000 cubic feet used per month. It further provides that the monthly minimum charge shall be in no case less than \$500 per month. The rates will be effective with bills rendered after October 1.

SOHO DELEGATION GETS NO HELP FROM THE BOARD

A Soho delegation of ten persons, led by their attorney J. Gordon Gant, John Lanza and Harry C. Fredericks, failed to impress the Board of Education at their meeting in the High School Monday night with the immediate necessity of building additions to School No. 4, providing for seventh and eighth grade classes.

The Board turned them down on the grounds that the large expense involved with such a project would be unwarranted. The Board was criticized for making it necessary for Soho children to walk one mile to the seventh and eighth grade classes at No. 4 school in Silver Lake. The delegation demanded bus service but here again the demands were refused.

It was held that the distance was less than a mile and the whole expense of running a bus would fall on the Board of Education. If the distance was greater, the county would assume a portion of the expense.

ROOF FINISHED MONDAY BY VOLUNTEER WORKERS

The new gymnasium in the Silver Lake section which is to be known, as Friendly House, has been the scene of much activity and of many visits from out-of-town friends during the past few months.

Among those who came to see and photograph the building last week was Dr. Frank A. Smith, secretary of the American Baptist Home Mission Society of New York. Dr. Smith expects to have slides made of his pictures and will include them in his lectures on his forthcoming national tour.

Other Visitors

Other recent visitors were Rev. Winfield Booth, secretary of the Baptist Extension Society of Newark and vicinity, and Dr. Charles Goodall, executive secretary of the New Jersey Baptist Convention.

The roof of the building was finished Monday night and only the interior remains to be completed. Most of the labor has been furnished by volunteer workers.

The Sunday school of the First Italian Baptist Church, of which Rev. Benedetto Pascale is pastor, meets at 10 a. m. Morning worship is at 11 and evening worship at 7. DR. E. A. FLYNN VICE-PRESIDENT OF ST. VINCENTS

The first fall meeting of the Medical Board of St. Vincent's Nursery and Babies Hospital in Montclair was celebrated by a dinner at the Montclair Golf Club, Wednesday evening, September 17. The entire active staff of eighteen physicians and surgeons attended.

After dinner the Board met in executive session to elect officers for the next year. The following were unanimously chosen: president, Dr. Edward S. Pope of Montclair; vice-president, Dr. E. A. Flynn of Belleville; executive officer, Dr. M. J. Synnott, of Montclair; secretary-treasurer, Dr. J. P. Klenk of Bloomfield; director of the surgical service, Dr. Royale H. Fowler of Montclair; roentgenologist, Dr. Joseph H. Wyatt of Newark; director of the medical service, Dr. M. J. Synnott; director of obstetrics and gynecology, Dr. E. A. Flynn; director of specialties, Dr. E. S. Pope; anaesthetist, Dr. Richard F. Tomec of Montclair.

Dr. Henry B. Orton, Dr. William O'G. Quinby and Dr. Harold A. Murray, all of Newark were elected to the consulting staff. Dr. Martin Meehan of Belleville is an attending physician. Dr. Grace Newman of Upper Montclair was elected a junior member of the medical service and Dr. Edward Kearney of Montclair was elected a clinical assistant.

LAUDS SISTER MODESTA

In accepting the presidency, Dr. Pope announced the plans under way for the growth and further development of the hospital. He called attention to the fact that the new superintendent, Sister Modesta was ideally fitted for her office because of being a graduate nurse (R. N.) and having many years experience as a successful hospital superintendent in All Souls Hospital, Morristown, and elsewhere.

The hospital has had a more prosperous period during the past three months, in number of patients and in income, than in any corresponding period of its history. A lay board of trustees is now forming, with T. Albens Adams of Prospect terrace, Montclair, as chairman. The men on this committee representing Belleville, Bloomfield, Glen Ridge, Montclair, Upper Montclair, Verona and Caldwell will act in an advisory capacity to the Sister Superintendent in financing the institution and in solving complicated problems that arise. Edmund Reinz and John A. Breen are members of this board.

PUBLICITY CAMPAIGN

In the fall a publicity campaign will be undertaken and steps taken to call the attention of the public to the facilities offered the sick at St. Vincent's. The Ladies' Auxiliary under Mrs. Mary J. Arthur of Upper Montclair, president, is planning a constructive fall campaign of unusual activity. An attempt will be made to organize and correlate all activities and interests in the community.

In addition to the clinics, already in existence, ones in gynecology, surgery and internal medicine will shortly be initiated.

The most important announcement of all was that a movement is now under way to make St. Vincent's a general hospital. Hitherto it has been devoted mainly to obstetrics and to the medical and surgical care of women and children. But provision has recently been made whereby patients of both sexes may be cared for, and already a number of male adults have taken advantage of its facilities.

The next meeting of the Medical Board will be held October 15 at the hospital, 45 Elm street, Montclair.

KEEP UP ADVERTISING, GO AFTER BUSINESS

R. H. Ballard, president of the Southern California Edison Company, Los Angeles, says:

"More new business is what we need and not so much talk of depression. Spend the money for new business campaigns and new advertising, and the results will be surprising. The people have the money and will buy goods, I believe, if somebody has the courage to sell them the buying idea."

He pointed to increases in savings deposits, gains in new life insurance in force and increased buying of bonds as evidence of the ability of consumers to buy goods if they so desire. Affected, however, by the pessimistic drift of national comment, the public is reluctant to buy and consequently is building up a tremendous backlog of purchasing power.

This backlog should and can be tapped, declared Mr. Ballard, if American business men snap out of an apathetic state of mind and employ redoubled efforts to produce new business. This is not the time, in his opinion, to lay off salesmen and cut advertising appropriations.

TIME FOR HONEST SELF-EXAMINATION

Both Republican and Democratic primaries held in the last few months in such widely separated states as Maine, Michigan, Montana, Illinois, New Jersey, Washington and Oklahoma have resulted in victories for the wets. In the long run it is impossible for any organization to force a law on the people of this country if they do not approve it. That is what is being illustrated by these primaries.

These voters are not voting in favor of liquor, however. They are voting against the lawlessness that has been fostered by prohibition. Here is material for honest consideration by the dries. They claim that they want prohibition as a means to better economic and moral conditions, and not as an end in itself. Opponents of prohibition find it hard to believe this. They long ago came to the conclusion that the dries are principally interested in forcing their own opinions down the throats of others. The truth probably lies somewhere between. At any rate if the dries are really interested in solving a social problem, rather than in the means to be used, now is the time for them to see the handwriting on the wall.

Unless they cease their stubborn defense of a plan which simply isn't working to the end they thought it would, and ally themselves with the elements which are seeking a solution to the drink problem no matter what means are employed, they soon will find the country right back where it was a couple of decades ago as far as liquor is concerned.

THERE MAY BE AN IDEA HERE

The possibilities of fire prevention were demonstrated in a practical way in Corvallis, Ore., during the past spring. For years it has been required to answer dozens of calls to put out grass and rubbish fires each fall and spring. In order to correct this nuisance, the chief of the department prevailed upon the city council to pass an ordinance requiring a permit before grass and rubbish could be burned. The result was astonishing. Calls for this class of fires were practically eliminated. The fall season for brush fires is almost here and this might be a help. It would save not only the damage done by fire but also the drain on the town treasury caused by the needless use of expensive fire-fighting equipment.

Profit is necessary to any business. But the desire for it is never allowed to intrude on your need for economy.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

THESE here modern artists that get into arguments with the government about whether their stuff is art or old iron have got a lot of troubles on their hands. They have lots of friends that can understand that the paint that is put on with a trowel looks like whatever the artist says it is supposed to look like. But there's millions of common folks that these artists don't make a hit with. They tell of a top-notch artist that was painting a picture of a cow.

He was sitting on a stool, out on a hillside, in California, and the cow was eating grass or something. A tourist from New Hampshire was walking around, and so he went and stood behind the artist and watched him paint. "What you drawing?" says the tourist.

"That cow." The tourist watched a long time, while the artist put paint on the canvas with a putty-knife and a piece of a chip. Then the tourist steps out and snaps the cow with his camera. He comes back to the artist and says, "Say, if you want me to, I'll send you a snapshot of that cow. And these here things don't cost much. You ought to try one for making pictures. Lots quicker. And they make it look more like a cow, somehow." American News Features, Inc.

Chromium

The bulk of the chromium used in this country comes from Rhodesia, in Africa, in the form of ore, which is reduced to ferro-chromium after its arrival. Chromium steel was used in the erection of the Eads bridge over the Mississippi river at St. Louis, and the structure is still in constant use, although erected in 1874. This was the first important use of chromium steel in structural work.

ON the 11th, Mr. H. H. B. of Minneapolis declined a renewal of his \$5,000 Accident Policy. On the 17th, stepping in front of a railroad train, he was killed. His widow did not receive an Aetna check for \$5,000.

Brewster Jones Tells What He Has Learned About Life

Brewster Jones, architect, was declared the most entertaining of "extemporaneous speakers" at the Lions Club meeting in the Elks Home last Thursday. Entitled to a \$1 prize, he declined it in favor of the charity fund.

Given the subject "What I have learned about life," he told fellow members that "Life" was published fifty-two times a year at 277 East Forty-eighth street and sold for ten cents a copy.

"Clip the coupon," he told members, "and get the wit and humor of artists of the lighter vein, also pictures produced by the best of photographic artists."

Ecclesiastical

His expert handling of the subject, his facility of mind, and his ecclesiastical delivery found its reward in hearty laughter and although applause did not measure

up to that given to previous speakers, it was calculated by the judges that members were too weak from laughing to show their satisfaction.

Preceding him on the speakers' rostrum was John Carlough who, telling about "Opportunities in the business I am in," said: "I am often in a position to pick up a few shirts, sometimes cufflinks and occasionally bills of ten and twenty dollar denominations." Mr. Carlough is in the laundry business.

Procrastination

Charles A. Gebhardt, lawyer, procrastinated and stalled for time in an effort to talk on the subject "Do the slums in the city afford an opportunity for mental, moral and

physical development of children?" He was runner-up, however, in the matter of affording entertainment and received two votes of the entertainment committee to win first prize.

Victor Hart, jeweler, asked to talk on "What I would like those around me to do for me," said, after two minutes' silence, "I would like to have people mind their own business."

Following the precedent of former years, Lions and Rotarians will hold a joint meeting October 23 in the Elks Home, it was announced last week. An effort will be made by the Lions Club, hosts this year, to have a speaker talk on "New

Jersey's proposed \$100,000,000 bond issue which is in the form of a referendum to the voters this year.

The Rotary Club was host to the Lions last year at their meeting place in the Nereid Boat Club. At that time they had a speaker who talked on the possibilities of a Belleville Chamber of Commerce.

On October 9 members of both clubs will meet at the Jackie Cogan miniature golf course, William street and Union avenue, for the miniature golf title among Belleville service clubs. Arrangements have been made by Edward Yerg, chairman of the Rotary entertainment committee, and Milton Brasher, chairman of the Lions entertainment committee.

FOOTBALL --- and Business

In the fall when a lot of high school boys get out on the gridiron and battle a team from another town Belleville people flock to the field to yell themselves hoarse for the Blue and Gold to come out on top. They stand discomforts of hav-

ing to crane necks and stand on damp ground, but they don't mind it. If they would just expend only half as much energy backing up home business they would also get a good deal of lasting satisfaction.

Christian Science Church

"Reality" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, September 28, 1930.

The golden text is: "Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." (John 8:12).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Thy kingdom is an everlasting kingdom, and thy dominion endureth throughout all generations," (Psalms 145:13).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas," (p. 331).

ACES SPLIT TWO GAMES SUNDAY

Lose To Bloomfield Watchungs 4-3 and Then Triumph Over West Sides

BOTH WERE CLOSE GAMES

The newly organized Valley Aces split even in a pair of games Sunday. In the morning the Valleys traveled to Bloomfield where they dropped a 4 to 3 decision to the crack Watchungs. In the afternoon at Capitol Field they met and defeated the strong West Side A. A., 3 to 1.

The Valleys started out like champions in the Watchung game by scoring two runs in the opening frame. But Allen, Watchung twirling ace, settled down and allowed but one run for the rest of the game. The Bloomfielders scored one run in the third, two in the fifth, and the winning run in the seventh.

Allen allowed five hits and fanned thirteen. Merbler, for the Valleys, was touched for eleven hits, but kept them fairly well scattered. Bing Murphy led the Valleys with the stick, gathering two of his team's five hits. Carlson, Watchung slugger, was the batting star of the day with four hits in as many times at bat.

West Side Game

The West Side battle found the Valleys at their stop form. Behind the splendid pitching of Jack McCall they romped through to a well deserved victory. The West Siders put up a hard fight but McCall was too much for them.

A two-run drive in the eighth insured the locals of victory. Art Bloemeke was an important figure in the game, banging out three hits and accounting for two of his team's three runs. Bing Murphy was not far behind with two solid bingles.

Next Sunday the Watchungs will meet the White Eagles in the first game of a series to decide the championship of Bloomfield.

TWELVE TEAMS SIGN FOR ALLEYS

Manufacturers' League Gaining In Popularity; Ready For Big Season

TO START FRIDAY, OCTOBER 3

The Manufacturers' League will be a twelve team circuit this year instead of an eight. The four new teams who have gained admittance to the league are: Martin-Dennis, Jeffery-Mayer, Atlas Fence, and Sweeney Lithograph. Teams which were in the league last year and which have signified their intention of entering again are Tiffanys, Thomsons, Wallace & Tiernan, Hanlon & Goodman, Sonneborns, Federal Leather, International Ticket and LaMontes.

It was agreed at the meeting Tuesday night that the season would start Friday night, October 3. Bowling will again take place at Ferrara's alleys in North Newark and the starting time will be between 8:15 and 8:30. A complete schedule has not been drawn up as yet, but the teams drew numbers for the opening night.

On opening night the following teams will meet: Hanlon & Goodman vs. Sonneborn, Tiffanys vs. Thomson, Martin-Dennis vs. Sweeney, LaMontes vs. International Ticket, Jeffery-Mayer vs. Atlas Fence, Wallace & Tiernan vs. Federal Leather.

MAKING BIG STRIDES

The fact that the league has grown from six teams to twelve during the past two seasons shows that the Belleville Manufacturers A. A. is making tremendous strides. Bill Weyland, the league secretary and official scorekeeper recently released the official averages from last season. They were completed before this but Bill decided to wait until the beginning of the season to have them published so that the bowlers may keep the averages fresh in their minds and make an effort to better their mark this year.

John Mallack, Hanlon & Goodman ace, won first prize with the high individual average. He was given a bowling ball. Bill Weyland and Brickman tied for high individual score with a mark of 267. Each received a watch fob.

Blume, of International Ticket and John Hood of Thomsons were the only two bowlers in the league to participate in all games. Wallace & Tiernan made high team score mark with a fine 1073. The latter mark, incidentally is the highest ever made in the Manufacturers League. Following are the results of last season's play.

LONG DISTANCE CHAMPION WINS MIDGET GOLF PRIZE; RETAINS AMATEUR STANDING

Declining the cash prize of \$25 in favor of an order for golf merchandise, Frank (Dutch) Gissen of Mill street, winner of last week's tournament at the Jackie Coogan miniature golf course, declared that he wanted to retain his amateur standing. He is a well-known golfer of this section and the winner of several long distance driving contests.

Gissen nosed out competitors for first prize by turning in a card of 41, one under par. Others who came close to the money were Arthur and Jack Dacy, 43 each; William Harvey of Roseland, 43; Noonan, 44; Joseph Leponte, caddy master at Forest Hill, 45.

A big surprise of the night was registered when fourteen-year-old Nick Shelly, pressing his opponents to the last, turned in a score of 45.

The tournament is conducted every day, the best score of each day qualifying for the finals on Saturday night.

The Jackie Coogan golf course has none of the usual hazards that are found on other miniature courses. It is laid out exactly like a legitimate course with opportunities to use mashies and niblicks.

GUILIMI WINS BY A KNOCKOUT

New Heavyweight Protege Of Eddie Guiliana Wins In Second

BEATS TRIAL HORSE HOLANGER

Joseph Guilimi, heavyweight protege of Eddie Guiliana, scored a two-round knockout over Slim Holanger, Newark's well-known trial horse, at the Oceanview A. A. in Long Branch last Friday night.

Guilimi displayed heavy punching which felled the Newarker several times. A heavy right cross sent Holanger down in the second round for a full count which ended the battle.

On the same card, fighting the semi-final of six rounds, Frankie Corse, fast stepping Silver Laker, knocked out Pat Moratti of Perth Amboy, in the second round. This was the second meeting of the pair, Corse obtaining the decision in the first engagement.

Corse had the upper hand, out-stepping, out-thinking and out-punching Moratti. Pat hit the resins three times before the final bell, a right to the heart sending him down for the full count.

Rudy Talyor and Tony Greb, heavyweight and lightweight respectively, will travel to Manassquan Monday night to fight opponents whose names have not yet been disclosed. Both boys are being tutored by Eddie Guiliana, who has brought many well-known fighters in the money racket.

ELKS ROLL UP SLEEVES; PIN GAMES MONDAY

Annual Tournament To Attract New Members Admitted This Week

WINNER TO BE DECIDED ON BASIS OF GAMES WON

The annual bowling tournament of the Belleville Elks will start Monday. All members of the two bowling teams who participate in the Morris and Essex League and the Bergen County League are expected to take part.

Among those taking part in the tournament will be Tom MacNair, Cliff "Dutch" Faust, Bob Whitten, Bob McManus, Bill Bechtoldt, Bill Buttons, Charlie Waldie and Art Mayer. It is also expected that Tommy Dunn, Gene Gelschen and several other new members who were initiated Monday night will take part.

The winner of the tournament will be decided on the basis of games won and lost. Two players roll six games on a designated night and the player having the highest number of games won will be declared the winner and have his name inscribed on the "roll of honor" plaque with the names of previous years' champions.

A meeting of the Morris and Essex League will be held Sunday at the Elks Home. The league will swing into action early in October. The Bergen County League will hold a meeting Tuesday night.

Army and Food

The expression "An army fights on its belly," or one very similar to it, "An army, like a serpent, goes on its belly," has been attributed to Frederick the Great. Another saying, attributed to the duke of Marlborough, is "No soldier can fight unless he is properly fed on beef and beer."

FIRST NATIONAL GETS REVENGE

Takes Bank Of Nutley Into Camp When Dingle Steals Three Bases In Sixth

DEADLOCKER 2-2 IN FIFTH

The First National Bank ball tossers of Belleville avenged a recent defeat by the Bank of Nutley when they defeated the latter nine to the tune of 3 to 2 a week ago Wednesday afternoon at Capital Field.

The game was a regular big league affair. It was a tight pitching duel between Dingle of the Belleville nine, and Alex Baykowski, ace of the Nutley staff. Dingle had a slight edge over his opponent but Baykowski allowed four hits and struck out eight while Dingle allowed seven hits and fanned seven. Dingle's supremacy was born out by the fact that he did not issue a single base on balls.

Due to a late start both teams agreed to play five innings, but at the end of the fifth the score was deadlocked at 2-all. The Belleville nine then came through with a run in the sixth to sew up the game.

The small gathering of fans present saw plenty of excitement. In the sixth inning Dingle singled, stole second and third and then slid home, winning his own game.

Karosen, the Belleville center-fielder, pulled two pretty running catches, one when the bases were filled and there were two out. Duerk, Nutley left fielder, also made a neat circus catch and Connolly made a great stop for the Nutley nine.

Alex Baykowski tried hard to win the game, pitching a great game and batting out a triple and single. Karosen led the Belleville attack with two singles.

LEGION PINMEN DISCUSS LOOP

Will Again Have Twelve Teams But Substitution May Be Made

TO OPEN OCTOBER 13 OR 14

The Belleville American Legion bowling league held a get-together meeting for the coming season at the Town Hall Tuesday night. Practically the same twelve teams will enter again this year, although one team has not yet committed itself. Applications were received from three new teams for admittance to the league. In the event that one or more of the old teams do not enter, these applications will be acted upon.

Last year the league was composed of the following teams: Burke's Colts, Hoople Club, Belleville A. A., St. Peter's, Knights Columbus, Loyal Order of Moose El Club, Capitols, Parks, Badgers, Junior Order, and Veterans Foreign Wars.

The season will open on October 13 or 14, it not yet has been decided whether the league will bowl on Mondays or Tuesdays. Joe Williams, athletic director of the American Legion, will be in charge.

Backfield Picks Up Style; Four Working in Harmony

Belleville High football huskies seem this week to be working in smooth unison and entirely ready for the first severe test with Newark Central, Saturday. Recent practices show the Blue and Gold eleven improved by at least fifty per cent.

The backfield, Coach Erikson's chief worry, has ironed out some of the rough spots and there is little to worry about with the line.

Last season Belleville was erratic. One game they would show up like state champs and in the next would be barely able to edge through. This was mainly attributed to the backfield which did not work together.

This year, however, all is harmony. The boys are working like a piece of machinery and it looks as if this year's eleven will be one of the fightingest ever to represent Belleville. They may not win a championship, but every opposing school will know it has been in a scrap.

Coach Erikson is far from being pessimistic this year. He expects his boys to romp through Central, pointing out that his line is almost impregnable.

The Blue and Gold has been doing well in scrimmage practice. Friday they went through a strenuous session, the second stringers meeting the regulars in a tilt that brought the best out of both teams.

The second stringers this year are nearly as good as the first team. They should help the cause by providing reserve material, something that last year's eleven lacked.

At the start of the season Erickson was worried about backfield men. Fritz Plenge was the only veteran. Things are different now and he has two combinations which have been going great guns. The first string quartet will comprise John "Fuzzy" Ryder at quarterback, Fritz Plenge and Nick Bonavita at halves, and Tony Biase at fullback.

For sheer power this quartet is all anyone can desire. Their only weakness has been on forward passes. However, each day they seem to be improving so that by Saturday they should be right up to the mark.

Fritz Plenge has been sensational. He has been tearing through the second team line and appears to be far superior to last year. Tony Biase, a newcomer, has been a happy surprise.

He is a husky youngster with an ideal build for the backfield. Big and fast, a fine line plunger, a fair forward passer, and an excellent punter, he will probably be the backbone of Belleville's offensive drives.

Nick Bonavita, the third member of this quartet, is perhaps the fastest man of the four. Nick has been doing most of the team's forward passing and is expected to confine his activities to passing and end runs.

"Fuzzy" Ryder is in the hardest

position of all. A comparatively inexperienced youngster, he has been entrusted with the task of running the team. So far he has been doing it with pleasing snap but still has some technique to learn.

Joe Roberti, Bill Brumback and Tommy Santamossimo are rivals for his post. A combination of the four would make an ideal quarterback. Ryder appears to run his team all right but is not such a good ball carrier. Roberti can handle the ball like a veteran, but he is light and lacks experience.

Brumback has the build and is not a bad ball carrier, but he seems nervous when directing the team. Santamossimo can handle a ball, is lightening fast and has a good head, but is rather light. He is, however, the fastest man on the squad.

Other backfield candidates are Bill Griffin, Bill Daly, Len Hodgkinson and Lou Westra. Griffin will probably see service before the season is very old. He is a fast youngster and an excellent line plunger.

"Butter" Brandt, veteran center who is playing his third year at the pivot post, is a fixture at center. Always a good passer and an excellent defensive man, "Butter" is going better than ever this year. In practice sessions he has been playing all-state football.

Jerry Bonavita and Ralph Casale, two holdovers from last season, are again at the wing posts. Both have been going strong. Bonavita is an adept at receiving passes and a good man on the defense. Casale is a deadly tackler and a fair pass receiver. Chuck Plenge and Eddie O'Neil will sub at the flank positions.

For the tackle posts, Erickson has Captain Lou Galluba and Homer Estelle. They are two big strapping youngsters who excel on the defense and who can open up big holes on the offense.

Galluba is Erickson's most valuable man for a drive. He can always be counted on for a hole through the enemy wall for a play through his side. Stan Goodrich will be second string tackle.

Three veteran guards, all big and husky and who know what the going is all about are available. Red McMaster and Harold Bade have been playing on the varsity but Fat Udansky will probably see just as much service as either of them.

HARMON-MASTERS SCRAP TONIGHT

To Be Headliners At First Indoor Show At Empire Athletic Club

RATNER FIGHTS TOMORROW

Paul Abbosso

Len Harmon, Belleville's lightweight pride, will travel to the Empire A. C. tonight to box Joey Masters of Silver Lake. Harmon, who is succeeding rapidly in the pugilistic circles, is stacking up against one of the heaviest hitters in his class. Masters is also considered decidedly clever. He has boxed the leading lightweights around Newark including Joe Biondi, Terega Kid and Moe Fisher. Joey is at the Ringside Gym training under the supervision of Rocky Daniels and Neal Ferraro.

The contest will be the main bout scheduled for four rounds. It will mark the opening of the indoor boxing shows at that club.

On the same card in a four-rounder, another Silver Laker, Tony Greb, lightweight, will make his initial appearance in greater Newark when he boxes Al Parker of the Ironbound. Greb is the boxer with a heavy punch.

Ernie Ratner, Silver Laker, who is making a rapid success in New York, will display his ability when he boxes the main six-round bout for the Harrison B. P. A. at Clark's auditorium in East Newark tomorrow night.

His opponent will be the well-known Mickey O'Day from the Ironbound section of Newark. The contest is the best "natural" the Newarkers will witness in many decades to come. Ernie in his last fights disposed of Berth Isner, Bud "Bugs" Taylor, and many other well-known boxers.

O'Day has been boxing in Newark for the past five years and has experienced some of the most sensational battles that have been seen. His record includes fights with Joe Biondi, Tony Lambert, Nat Arno and Nick Abate.

After this fight Ratner will go to Scranton, Pa., to box the outstanding lightweight of that section. The contest is scheduled for Monday night.

Expect Crowd at Game on Saturday

Central comes with a reputation, built up with many years of success. There has been some alarm felt that Belleville is tackling too hard an opponent for its opening game but the boys say "Who is Central, anyway?"

Here and There

By Harry Metz

Saturday is the big day. You have probably guessed why. On this date Belleville High will play its opening football game.

Everyone we meet nowadays asks us, "How do the boys look this year?" Here is our humble opinion of prospects this season. At the beginning of the season we did not look for a successful season. We figured the backfield would be woefully weak and the line exceptionally strong.

But, we have changed. The backfield candidates have been working like Trojans and right now they look good. They are not a flashy combination by any means, but they work together and that is important. You can take the four best backfield men in the country and if they won't work together they will be as ineffective as paper in a hurricane.

It is interesting to note the different viewpoints of different people about the coming season. At practice every day there are certain groups of men who have been following Belleville High teams since football was reinstated some years ago.

One will tell you this year's team will be better than last year's combination. Why? Because they will have a "team" and not a group of individuals. Another will have the opinion that without Short and Schwieker they will be lost. And so on down the line, opinions vary. Some are radical opinions, others are conservative.

We are conservative this year. No more painting state championships and then having a team losing to an inferior team. This year they've got to show us. A Blue and Gold varsity man asked us how we thought the team shaped up the other day and that was what we said.

Have you ever stopped to think what tremendous strides Belleville High has taken in football? Back in 1922 Belleville decided to inaugurate football again. Football had been stopped some years before because a Belleville High player had been killed.

Picture the situation in 1922. Not a youth in Belleville High had ever played football before. Add to this the fact that the coach was of the "correspondence type," one who never played the game but learned about it from books.

The team went along that year without winning a game, although in the last game they played a 6 to 6 tie.

Then the following year Charles Steel, now principal of Belleville High School, coached the team. He admitted before the season that he did not anticipate a successful season, but that he would build up for the following year. He did just that and in 1924 Belleville had its first good team since football resumed in town. That 1924 team was a good one. They lost but two games, one to Nutley 7 to 6, and to Rutherford by a larger score.

From 1924 on Belleville High has always had a fair team, not champions, but always managing to hold their own. Last year topped it off. After engaging in a scoreless tie the first game and then losing 6-0 to Bloomfield, the boys came back

to win eight straight. ing they have just as son this year.

Jersey City Veteran Likes Hartley's Care of Disabled

To the Editor of THE TIMES:

Dear Sir: It is not my usual custom to participate in political debates but the statement made in the course of a speech recently by Ex-Congressman Moore charging Congressman Frederick A. Hartley, Jr. with "commercializing" the veteran has interested me deeply. Being a member of the two largest World War Veterans' organizations and a relief officer of

one of the largest posts in Jersey City for the past eight years, I know considerable about the efforts of veterans to secure compensation for disability incurred in the recent war. I know considerable also about the intelligence, the earnestness, the self-sacrifice and the fighting vigor of Congressman Hartley where veteran disability cases are involved.

I think it will add somewhat to the value of my testimony when I say that I am not a member of Freddy Hartley's Congressional District and that most of my cases were from veterans who likewise lived outside of his district, and from a political standpoint were of little value to him.

Shortly after Congressman Hartley was elected, he became deeply interested in the veterans of his district due to the fact that many veterans came to him for assistance in the filing of their claims. His manner of handling these cases inspired a deep liking and respect for him amongst the applicants. The word filtered back to the rank and file of the veterans organized and unorganized that they had in Freddy Hartley a great friend and champion.

More and more cases came to the Congressman's attention, and higher and higher grew the respect for him from the veterans. As the cases piled up on the Congressman's desk and the veteran callers began to wear out the carpet of his home and office; as the manifest injustice to many ex-service men in the application of the Veterans Act began to burn itself into his consciousness, the indignation of the Congressman rose higher and higher. He determined to make a personal tour of his district to see to what an extent this situation prevailed amongst veterans generally.

It was during this tour that I met the Congressman and presented to him a number of the most difficult cases that I was then handling. Bear in mind, please, that I was not a member of the Congressman's district and that most of my cases were from veterans who did not reside in his district, also, his youthfulness (he was only fourteen when the war broke out), his vigor and patience astonished me as did the success with which he handled the cases I then gave him, and many cases subsequently. His sincerity and fine personal qualities have inspired in me, and indeed in most veterans who have met him, a warm personal liking and respect. He has successfully adjudicated more than one thousand World War Veteran cases before the Veterans Bureau. He risked his reputation for regularity by voting to overcome the Presidential veto of the Spanish War Veterans Pension Bill, thus enabling the Spanish War Veterans to participate in a more generous pension allowance.

He has employed a staff of workers to handle the numerous veteran claims that are brought to his attention and pays them out of his salary as Congressman. His cases come from all sections of the State of New Jersey and indeed from other states as well. He still has some 1600 cases pending before the Veterans Bureau.

Who is going to take care of them if Fred Hartley is defeated? Certainly the veterans of his district might well think twice on election day before they turn out of office their great friend and champion, and leave their 1600 disabled buddies to the mercies of a man who is afraid to assist them for fear he might "commercialize" them. Very truly yours,

JOSEPH RAY
