GIBSON RISES TO DEFEND

IN URGENT NEED OF COMMUNITY CHEST WORKERS

Leaders Make Plea For Help As
Time Draws Near For An-
nual Drive

QUOTA RAISED AS BUDGET NEEDS OF AGENCIES EXPAND

With the time for the third annual Community Chest campaign rapidly approaching, (October 29 to November 10) concern is felt by men in charge of the canvassers committee over the weak response to a call for help. Few workers, in comparison with last year, have volunteered, it is said, and there are grave fears that unless this situation is shortly reversed, the chances for success in reaching the \$19,000 goal will be slim.

The condition is more acute in view of the increased quota which was placed at almost \$3,000 more than last year. New agencies applying for help and shrinkage due to unfilled pledges, caused the increase which was recommended a week ago Wednesday night by Mayor Samuel S. Kenworthy, Charles Granville Jones and John P. Daly.

The Silver Lake Community House and the Nurses Association, new agencies, each asked for \$500 while the Red Cross asked for an additional \$800. Thomas Fleming endorsed the request, explaining that veterans and their families were aided to a large extent by this organization.

Although it has not been definitely settled, a workers' dinner rally is expected to take place on the eve of the campaign as was the case last year.

RECREATION ACTIVITIES SUSPENDED FOR SEASON

Due to an anticipated shortage of \$1,000 by the end of the year, the Recreation Commission decided at a meeting a week ago Wednesday night to suspend activities and do without the services of Clifton H. Ross, superintendent, and Mrs. M. Zita Lonergan, assistant.

After a conference with the Commissioners, this action was thought more expedient than to transfer funds from another department of the town government, the possible solution to the problem as suggested last week by Charles Steel Jr., president of the Commission.

ROSELLI TAKEN TO JAIL

Held without bail on a charge of felonious assault on Angelo Milo of 143 Palm street, Newark, last week, Peter Roselli of Clinton street, East Orange was taken Tuesday to the County jail, pending the recovery of Milo who is still in a serious condition in Newark General Hospital.

Roselli walked into local police headquarters Saturday morning after having been in hiding since the previous Monday. He was caught for hitting Milo with an iron pipe during an argument taken place at the Silver Lake dumps.

Former Commissioner Talks About "Political Tinkering"

And Then Tells How Apparently
'Irreconcilable Assessments'
Were Made

TELLS COLLECTION TROUBLES

Mild mannered and quiet was former Commissioner James Gibson at the Commission meeting in the Town Hall Tuesday night when he defended himself against accusations made last week by Director of Revenue and Finance William H. Williams that \$70,000 in personal taxes owed to the town had been uncollected during Gibson's regime, and that sewer assessments amounting to \$750,000 had not been made with the consequent result that Belleville was paying \$35,000 in interest charges.

Commissioner Gibson in an elaborate explanation that took almost an hour, declared that conscientious efforts had been made during his administration to both collect the delinquent personal taxes and to make assessments for sewers installed eighteen years ago.

Mr. Gibson's Story

Suspended Tax Collector Roy W. Brooks told Commissioner Gibson about the personal tax situation the first day he took office in 1927,

CADDIES PLAY AT FOREST HILL

Tournament Begins Monday With
Many Prizes Being
Offered

DINNER AFTER DAY'S CONTEST

The fourth annual Forest Hill caddy tournament will get under way Monday with 400 players participating.

Prizes valued at \$500 will be awarded to winners such as: lowest scorer of the day, most popular caddie, most efficient caddie and the boy who has caddied the most during the year.

Last year, the first prize winner with the lowest score was Fred Riccio. He will play again this year, along with other good golfers such as John and Jocko Carchio and Generosi Rossi.

Riccio has improved much since last year and has been runner up to many tournaments this year. He will play in the class A group.

After the play-off the caddies will dine and be entertained as guests of the club which has hired Larry Young's orchestra to furnish the music.

Notables who will give speeches are: D. R. Crostley, chairman of the caddies; J. F. Skehan, president of the club; Judge Rawson of Bloomfield and Harry T. Tipton.

Joseph Liponte, caddie master will give a lecture on the "Improvement of our Caddies."

Clifford Smith of Overlook avenue spent Saturday and Sunday in Asbury Park in attendance at the reunion of the 29th Overseas Division.

following the retirement of Commissioner Nelson, Mr. Gibson said, and continued as told below.

Commissioner Gibson thereupon sent Tax Assessor W. George Hunt to study conditions in other towns and their methods of collecting. Finding the situation similar in those towns, Hunt nevertheless came back with a system which was tried with moderate success by one of the department clerks until 1928.

But the clerk was hampered by poor assessments and he never knew whether he could legitimately insist on payments when the amounts claimed by the town were so obviously unfair. A study by Director Gibson revealed affairs all topsy turvy with one man assessed \$65,000 for personal property in an empty factory, another \$50,000 for personal property not worth more than a few thousands, and bills going out to dead men and wrong addresses. This was the condition existing in 1928 as explained by Commissioner Gibson.

On the recommendation of Freeholder Joseph King, there followed the employment, on a commission basis, of Edward Seeley. Within a year Mr. Seeley worked wonders, collecting among many old accounts, one for \$6,000 which had been owed for three years by a factory owner who previously had declared that he would not pay the bill.

Seeley and Gibson worked strenuously to systematize the collection of personal taxes until it approached a condition that could be considered on a par with any other town in the State. "If nothing more was done by me during my administration," Commissioner Gibson summed up, "my efforts to collect personal taxes would merit the appraisal that my administration was a success."

This led him into the topic of general taxation. Assessment inequalities when the Commissioner took office were declared to be discouraging and it was a question, Gibson said, whether a man who came in to pay his bill, could be supplied with a tax duplicate.

Books All Awry

The books were all awry and it took a year to bring them to a condition that would allow just ordinary entries of credit for payments. This done, the next step was to make taxes equitable and Gibson found his problem in Tax Assessor Hunt, who although a

Mayor Urges Heavy Buying

Belleville's Business Confidence Week is part of a nation-wide movement sponsored by the International Association of Lions Clubs to stimulate business, in an effort to move further away from the period of depression that has engulfed the country during the past year.

Believing that idle dollars make idle men, the Lions Club of Belleville urges citizens to buy during the coming week everything they can afford. Let your slogan be, "Do not pass your merchant—Buy."

SAMUEL S. KENWORTHY,
President Bell. Lions Club.

ROSELLE PARK BELIEVED SOFT

Blue and Gold Anticipates No
Trouble With Team As Yet
Unvictorious

LAST YEAR'S ACE MISSING

The Belleville High eleven should ring up their first victory of the season Saturday afternoon at Clearman Field when they encounter the Roselle Park eleven. The Union County boys are in the same predicament as the Blue and Gold, they have yet to win a game. However, Roselle Park has not met strong opposition.

Despite the defeat at the hands of Passaic last Saturday Belleville fans were pleased at the showing of the team. Showing a punch that was lacking in the other two games, prospects now seem brighter. Biase and Lamb, stars of last week should run wild in Saturday's game.

UNIMPRESSIVE

Roselle Park's record to date covers a scoreless tie with a mediocre Long Branch team, a 14 to 0 defeat at the hands of West Orange, and a 13 to 0 defeat by Neptune.

Judging from this record, Belleville should defeat the Parkers without trouble.

LIONS IN MOVE TO RENEW HOPE FOR GOOD TIMES

Service Club Inaugurates In Town
A Plan That Is Sweeping
Whole Country

PARADE TO START CAMPAIGN; SLOGAN, 'END BUYERS' STRIKE'

Accompanied by St. Peter's fife, drum and bugle corps, business men and members of the Lions Club will Saturday night parade through the streets of Belleville in an inaugural celebration of "Business Confidence Week," being sponsored by the Lions of Belleville in this town to assist the national movement for restoration of prosperity.

The object of the local service club is to remedy the business depression by helping to break the "buyers' strike" considered by economic authorities as the root of the trouble.

The Wall street crash last year is believed to have caused people to become timid so that they increased their savings and took money out of circulation. It is the intention of the Lions Club to stimulate buying and the greater circulation of money.

CAR STICKERS

Beginning Monday the stickers will be placed on local automobiles and store windows, while posters will be placed in the gateways to the town, in front of the Town Hall and the Washington avenue Fire Headquarters.

Speakers will visit fraternal and civic organizations and the public schools for the purpose of explaining the aims of Business Confidence Week.

The parade will start at Greylock parkway and go west to Union avenue, then south to Mill street, east to Washington avenue, and north to the starting point.

LION LEADS

More than 100 automobiles and trucks are expected to take part. A lion, emblematic of the service club in back of the business confidence week, will lead the procession which will start its tour of the town at 8:30.

Members of the Lions Club serving on committees are: George Mead, Henry Charrier and Milton Brasher, publicity; Charles Gebhardt, Dr. Daniel Kavanaugh, and George VonArx, speakers; Charles Klausman, W. George Hunt and Dr. Ernest Rochlin, posters; A. Edward Locher, Louis Noll, James Reilly, John Carlough and Victor Hart, parade. Other members of the club will call at business houses in town to seek support of the merchants and attempt to get them to offer something specially priced as an inducement to greater buying during the week.

Hallowe'en party accessories—from invitations to candles. Gifts and prizes for all occasions. The Guildhall Gift Shop, 328 Washington avenue. Telephone: Belleville 2-3122.

Sentences Pair To Marriage After Disorderly Complaint

"Hurry up and get married, then get out of town and stay out," was Recorder George A. Fitzsimmons' sentence in court Monday night to a negro and a negress, charged with disturbing the peace of the neighborhood at 2 Kane street by Clarence Glover, next door neighbor.

Glover complained that continuous parties and noise issued from the residence of the accused and when it was brought out that the

two defendants were illegitimately living together and had been since February, the judge imposed his unique sentence.

Not content to issue the order, Judge Fitzsimmons made them secure a marriage license and was a witness to the wedding.

Mrs. Nelson Deats and daughters of South Amboy spent Sunday with Mrs. Deats' sister, Mrs. E. J. Moniot of Bell street.

Woman's Club Notes

A meeting of the Woman's Club in the clubhouse Monday afternoon marked the beginning of the fall season. Reports of committee chairmen and preliminary plans for fall activities featured the meeting.

Mrs. R. C. Whitfield, president, after welcoming members, suggested a slogan for this year: "Every member bring a member." Mrs. Frederic Dodd led the singing, with Mrs. Charles S. Smith at the piano.

One of the most interesting reports was that of Mrs. W. P. Adams, general chairman of the fall bazaar. The report proves that the bazaar was a success both financially and socially.

Miss Bertha Kline, executive secretary of the Community Service Bureau, was the guest speaker and told about the work of the bureau and the cases which have

been investigated and the help given. "Every kind of case known is brought before the bureau," Miss Kline said, "and disposed of in the best way possible."

Miss Alice Lakey, a member of the New Jersey State Chamber of Commerce, spoke briefly on the \$7,000,000 bond issue for water supply. Literature pertaining to this may be secured from the State Water Policy Commission, 605 Broad street, Newark.

Miss A. Leslie, representative of an ice cream company, gave an interesting demonstration and talk on "How to Serve Ice Cream."

Mrs. Dudley Drake and members of her committee were in charge of the club tea.

A delegation from the local club attended the fall conference of the New Jersey State Federation of Women's Clubs at the Elks Home in Elizabeth, October 16. Luncheon was served and the women remained for the afternoon session.

Mrs. Adams, in charge of reservations, arranged for transportation. Members attending were Mrs. Whitfield, Mrs. Adams, Mrs. Charles S. Smith, Mrs. Charles Kelly, Mrs. Frank Brohal, Mrs. John J. Schaffer, Mrs. William Entekin, Mrs. W. Stone and Mrs. T. C. Stewart.

The annual fall luncheon will be held at Fewsmith Memorial Church Monday, October 27. Tickets will be distributed to members and additional tickets may be secured from Mrs. A. S. Blank. Mrs. Stewart, in charge, has announced that plans are well under way.

The first card party of the season is scheduled for next Monday at the clubhouse. Playing will start at 2:30 with tables for bridge, whist and pinochle. The hostesses for the afternoon will be Mrs. Whitfield, Mrs. Adams, Mrs. W. V. Irvine, Mrs. J. G. Shawger and Mrs. W. H. Jacobson. The card party chairman, Mrs. G. C. Miller, has called a meeting for tomorrow afternoon at her home, 45 Van Houten place. Plans for the year will be made at that time.

The members of the committee are Mrs. A. S. Blank, Mrs. Ira Cornell, Mrs. Louis Hodgkinson, Mrs. J. H. Hardman, Mrs. Herbert V. Hardman, Mrs. John Pole and Mrs. O. T. Breunich.

A group from the club will assist in the Community Chest drive under the leadership of Mrs. John S. Kirkpatrick.

An invitation was received from Wiss Brothers, Inc., to attend an exhibition and tea, to be held at the Robert Treat Hotel, October 23. Tickets may be secured from Mrs. Whitfield.

Year books were distributed this week and many interesting events are scheduled for the coming year, chief among them being the reception to associate members and guests, November 21, with Captain Lamb of the State Police as the speaker.

The art department program November 24, when Frank Carrington of the Little Art Theatre will be the speaker; the fashion parade, February 24, and President's day, March 23 are also features.

GIRL SCOUTS PREPARE FOR 'NATIONAL' WEEK

Girl Scout Trail," will be shown at the Capitol Theatre Friday night, when the girls are expected to attend with their fathers.

Saturday will be Field day at Belleville Park, with Miss Edith Binns in charge of games.

LOCAL GUESTS AT MARRIAGE

Miss Kathryn Brennan, daughter of Dr. and Mrs. Ambrose Brennan of Plainfield and a former teacher in the Belleville schools, was married at a nuptial mass held in St. Mary's Church, Plainfield, at 10 a. m. Monday, to Denis O'Mahoney, son of Mrs. Daniel O'Mahoney of Summit.

Rev. Thomas Powers of Summit, a former playmate of the groom, performed the ceremony and four parish priests were at the altar. The bride was given in marriage by her father. White chrysanthemums and autumn leaves comprised the decorations.

The bride was attended by her sister, Miss Regina Brennan, a local High School teacher. The best man was William O'Mahoney, brother of the groom. Ambrose Brennan, brother of the bride, Francis O'Mahoney, brother of the groom, Alex Burns and Paul Malley of Summit were ushers. The bride's cousin, Ruth Brennan, was flower girl.

IN WHITE SATIN

The bride wore a white satin dress and the long train was weighted down with orange blossoms. Her veil was of net, in cap effect, and she carried roses, lilies of the valley and orchids. Her sister was gowned in white net, dotted with gold, with matching hat and slippers, and her bouquet was of yellow chrysanthemums.

The flower girl was attired in peach georgette with picture hat to match and carried a basket of flowers on her arm. Mrs. Brennan wore a beige colored gown and Mrs. O'Mahoney, purple.

A reception followed at the home of the bride, which was decorated with autumn leaves and yellow chrysanthemums. After a honeymoon at Virginia Beach, the couple will reside in Elizabeth.

Mr. O'Mahoney is employed by Thompson-Starrett Company of New York as construction engineer. He is a graduate of the Stevens Institute of Technology, Hoboken. Mrs. O'Mahoney is a graduate of St. Elizabeth's College, Convent. She taught in School No. 4 for a year and was English instructor in Belleville High School for three years.

Belleville guests at the reception were Mr. and Mrs. Charles Kelly, the Misses Florence and Lorraine Kelly, Elizabeth Kelleher, Blanche McDonald and Elsie Sandford. The last three and Miss Viola O'Brien, formerly of Belleville, were fellow teachers in the High School. Kerosene or Water?

KEROSENE or water—it looked the same to the baby, who took a big drink and went into convulsions. The mother telephoned her doctor's office, but it was Rose Roberts, in charge at the Paulsboro Central Office, who, when they found not only that doctor, but every other in town unavailable, got in touch with the first doctor's wife and learned the proper antidote for kerosene—reasoning that a doctor's wife may have no diploma, but has a practical knowledge of medicine just the same!

WHETHER you give a number vocally to an operator, or dial it directly to the equipment in the central office, the New Jersey telephone people behind the mechanism have a part in your call—an increasingly important part in time of unusual need such as this mother knew.

Former Commissioner

(Continued from Page One.)

conscientious and willing worker, failed in ability."

His assistants, James L. DeRossett and Floyd Bragg were excellent, said Gibson, but their work was not extensive and in 1928 remissions amounting to almost \$1,000,000 were granted by the county tax board.

This fact startled Commissioner Gibson to the realization that something more must be done and he attempted during the next year to have DeRossett and Bragg cover other parts of town. But this met with opposition and when remissions assumed staggering proportions again, Hunt was supplanted by James L. Davidson.

"Tinkering" Explained

Just before telling about the resignation of Hunt, Gibson explained that he had called a meeting of the assessors and the Commissioners. This meeting was what Commissioner Williams referred to last week in offering proof that there had been "political tinkering." This week Gibson willingly admitted that he had been guilty of interfering in the affairs of the assessors but affirmed that it was for the good of the taxpayers.

He was supported by Mayor Samuel S. Kenworthy who interrupted to say: "Commissioner Gibson was one of those rare men who did not seek the job as a public official but who had the job seek him because he was so eminently qualified for the task and because he could so well serve the best interests of the town."

Never Approached

Gibson then went on, telling: "Davidson did a piece of work for the town during his year's term of service that has never before been done by any tax assessor in the history of the town."

"Andrew Bray, who assisted him, was excellent as an assessor and Floyd Bragg, who made personal tax assessments in the factories, was incomparable. I certainly take my hat off to him."

Admitting that there had been errors and negligence to a small degree, as charged by Williams, the former Director pointed out that Hanlon and Goodman, billed for taxes on a \$3,700 assessment instead of \$37,000, had paid for the full assessment despite the error. He also answered the charge made concerning the decrease in assessment of the apartment house at Passaic avenue and Joralemon street.

Entitled To Reduction

Assessed for \$20,000 in 1928 when the building was still uncompleted, the owner appealed to the County Board. The agreement was subsequently reached that if the owner would agree to let the assessment stand for 1928 he would be entitled to an assessment of only \$6,000 the following year. In 1930 the apartment was assessed for \$37,000.

Co-operation Necessary

Gibson admitted to another mistake made in the department and urged every effort on the part of the Commissioners to collect the rightful amount from the property owner. He declared that co-operation among the officials was the only way to be successful in the administration of town government.

Later he told of pleading for property owners only to be turned down again and again by the assessors.

He admitted that Commissioner Williams might have the right to consider such action "political tinkering," but added: "It may not be strictly according to law, but was done with honest intent for the benefit of taxpayers unequally assessed by former assessors." Williams made no comment to Gibson's defense of his declarations made last week other than to say, after a remark about his success in funding bonds at the low rate of 2.7 percent: "Beyond that I am not interested in anything Mr. Gibson has said."

"Congratulations, Commissioner"

To which Mr. Gibson responded: "I want to congratulate the Commissioner on his good work of getting such a low interest rate on the bonds of 2.7 percent."

saic issuing bonds at the rate of two per cent and I wondered what Belleville was going to do. When I heard of the Commissioner's accomplishment I shook hands with myself."

Commissioner Williams, turning to the reporters, said he did not believe that Passaic had gotten the low rate of two per cent.

Here Commissioner Frank Caragher rose to say: "There are only two things in a newspaper that you can believe—the date and the price!" The audience, considerably interested in what had preceded, laughed outright.

Began Again

A lively debate followed the Commissioner's sally about newspapers, going back to the matter of unlevied sewer assessments which Commissioner Gibson and the previous Board contended had not been allowed to slide as stated by Williams last week.

Williams, questioning Town Clerk John J. Daly, asked how soon it would be possible for the Commission to levy the assessments, and received the reply, "1925."

It was brought out that the assessments could not be made until the sewers were hooked up with the Passaic valley system which took place in that year.

The responsibility was said to rest with the Board holding office from 1922 to 1926. Mayor Kenworthy suggested that they evaded the responsibility because of the impending 1926 election and Williams did not dispute the imputation but wanted to know why the previous Board had not accomplished anything.

Remind Him

Mayor Kenworthy reminded him of the Vermuele shortage which taxed and broke the health of former Commissioner Edward Nelson; of the subsequent handling by the State Department of Municipal Accounts, of Belleville's Depart-

of Nelson's untiring efforts to stave off bankruptcy due to the \$130,000 shortage.

Williams objected to the introduction of the shortage and said it was used as a political life saver. Mayor Kenworthy answered: "We were right on the verge of making the assessments when our term of office expired."

Asked what he had done toward doing the job, Williams said that he had four conferences with State Commissioners Darby and Price and that he would have a definite report to make as soon as the examination of 102 ordinances was completed.

Started Long Ago

Gibson asked for the floor again to say that the same Commissioners had been charged with the execution of the same task more than a year and a half ago but Williams queried: "Why were you not responsible for seeing that the Commissioners took some reasonably prompt action?"

Town Counsel John B. Brown gave an answer. "The State Commission is considered a supreme body in the State and not subject to the demands of municipal officials."

A third phase of the complex situation cropped out with the Mayor's interrogation of Williams concerning the suspension of Collector Brooks. The Mayor said Brooks had been walking the streets for the past six weeks, receiving his pay of \$300 a month, doing nothing for it, and causing the inefficient functioning of the Department of Revenue and Finance.

Under A Cloud

"While he is walking the streets, he is continually under a cloud and cannot get another job until a trial either exonerates him or establishes the fact that he was justly suspended. The man deserves a prompt trial for his own interests

and for the interests of the taxpayers whose money he is receiving."

Williams asked if the Mayor would have a different opinion of the matter if he knew that the delay of a hearing was caused by Brooks himself, and the Mayor replied "No."

Williams then denied that the tax collector's suspension was not causing trouble in the Department of Revenue and Finance because of small amount of work at this season of the year. He further denied that he had added a person

to the staff to take Brooks' place then went on to say: "If the Director of Revenue and Finance is in need of a reprimand for the manner in which he is conducting the affairs of his department, I will be the first one to make such a recommendation."

APPLY BUSINESS METHODS TO UNEMPLOYMENT

A comprehensive system of unemployment exchanges, organized both geographically and industrially so that every locality and every industry not only provides for its own workers but is tied-in with others in some form of a co-operative clearing house system, is advocated by Sam E. Lewisohn, industrialist and philanthropist, in the Engineering and Mining Journal. He says:

"If a certain amount of job-losing is necessary, then the task of job-finding to balance it must be made as simple as possible. One of the difficulties of solving the unemployment problem is the indifference of business and industry.

"If all employers were to apply those methods of management which are already known and tested, the amount of chronic unemployment would be so reduced that the proportion left to government treatment would be comparatively unimportant.

"There is no panacea for unemployment in any country or any industry; there are remedies for each individual case and most of these remedies are within the power of every employer to apply, alone, without government aid, without tariffs, without elections."

JUST CUT OFF THE HAND

In its continual desire for gobbling up the rest of Essex by annexation one of the Newark newspapers can find material even in such a comical episode as the moving picture house located on the Orange-East Orange boundary which uses part of its house for Sunday performances, but not the other part. It says:

If anything more were needed to show absurdity of artificial political boundaries in this interwoven community, it is given in the case of the theatre on the Orange-East Orange boundary line. Orange permits Sunday shows, East Orange prohibits them. One side of the theatre may be used, the other side may not. Neither Orange nor East Orange is master in its own house. East Orange may not close the seats on the Orange side of the theatre; Orange may not open the seats on the East Orange side. It is a house divided against itself.

Sure, so just abolish both Orange and East Orange and let the Newark politicians grab them both. If the finger is sore, cut off the hand and presto! You're rid of the sore finger.

HONESTY WOULD BE ENOUGH

After it was discovered that a county institution in Newark had been gypped on the weight of coal, all the newspapers printed editorials on how simple it should be to prevent such deception. Weigh each delivery. Then they went on to say that every householder should do the same thing every time a load of coal arrived!

This clearly is the sort of editorial slippage which makes people mention things they read in newspapers as "paper talk." It may be practicable for counties and cities to maintain coal-weighing stations, but can anybody imagine each individual coal buyer doing so, or insisting that every load be sent to a public weighing station, especially since the consumer must pay for the weighing if the weight is found to be correct?

The way for the householder to get honest weight and quality in coal as in anything else is to deal with an honest dealer. And in a town like Nutley, for example, there isn't the slightest difficulty about that. We could even suggest that you'll find most of them in THE SUN's advertising columns.

MADE-TO-ORDER WEATHER

It is expected that in the near future we will be able to have "made-to-order weather" in our homes. Of course this is now a reality now in large factories. For several years the gas industry has been developing small units which can be installed in homes at moderate cost to control humidity and temperature, heating in winter and cooling in summer. Already many office buildings, theatres and the like have been fitted with automatic cooling apparatus on a large scale.

Experiments are now underway to combine the principles of gas heating with gas refrigeration. If successful, the weather will be of small importance to the modern home owner who will be able to live in perfect comfort at all seasons of the year and it certainly is high time this obvious summer use for expensive heat distributing systems was evolved. It has been quite obviously the next step in house building for years.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

THERE was a guy running for alderman in one of the big towns lately, and on election day he hunted up the fellows and began handing out five-dollar bills at the saloon.

One guy didn't take the dough.

"What's the matter?" says the politician. Ain't you got sense? Here's five dollars, and you go over and vote for me."

"I can't," says the other guy. "I just can't take your dough, Bill. My dad raised me to be honest, even if I don't ever get rich. I just sold my vote for ten dollars to the guy that's running against you, and I couldn't do him a dirty trick and sell out to you for five. No, Bill, I'll stay honest, like my dad told me. It'll take eleven dollars at least to get me to change my mind."

KILLS SELF WITH POISON WHEN LONG JOB IS LOST

Belleville voters who have regretted over the loss of a job he had held for the past twenty-five years, John W. His body was found by Joseph Custandino of 11 Gless avenue, who had gone to a wooded patch at the west end of Jorammon street to pick mushrooms.

When the Wemec Dramatic Club presents Martin Flavin's delightfully wholesome comedy entitled "Broken Dishes," at the High School auditorium November 7, it will introduce to the theatre-goers of Belleville two of the most lovable characters known to the drama, Cyrus Bumpsted and his daughter Elaine.

Cyrus is an example of monumental patience and good nature. In the midst of the continual bickering of his wife and elder daughter, his temper remains unruffled. He is one of those men whose desire for peace and willingness to do good to others has been mistaken for weakness by all except his loving little daughter Elaine.

The character of Chester, whom Mrs. Bumpsted has built up in her mind as a long lost love who left her to become rich, is a fabulous figure in the play. Chester turns out to be all sorts of a scamp who has spent much of his time in jail. The club feels that all those who see "Broken Dishes" will feel better for an evening well spent amidst laughter, tears and romance.

CONFIDENCE IN BUSINESS

In sports, everyone knows what an important factor confidence plays in bringing about victory. Players in any game who have a winning attitude nine times out of ten win. It is much the same in business. The man setting out to make good in business and confident that he

can turn the trick, usually arrives at the goal. His personality is full of assurance. He doesn't fear the other fellow and he makes his patrons like him. The men in back of the ads on this page have that winning complex—they are always ahead of the others. Your patronage will help keep things humming.

Register Three Clean Sweeps
Against Opponents In Opening
Game Of Legion Loop

ELK-HOOPLER MATCH THRILLS

The Belleville American Legion Bowling League got off to a flying start Monday night at Jim Ferrara's North Newark alleys. Most of the teams pounded the maples in mid-season form and from all indications the race for the league title will be a tight one right down to the home stretch.

The Belleville Republican Club and St. Peter's were the only teams to register clean sweeps. The Republicans whitewashed the Junior Order five while St. Peter's administered a three-ply defeat to the Veterans of Foreign Wars.

The Belleville Elks, who are better known as Burke's Colts and who copped the pennant last season, received a setback in two out of three games at the hands of the Hoopler Club. Knights of Columbus won two from the El Club, the Parks took two from the Bachelors and the Moose Club triumphed twice over the Belleville A. A.

THE MAJOR SHINES

The Republicans rolled in consistent form and had little difficulty with the Junior Order quintet. Major Charles Tate, a veteran of the lanes, furnished the fireworks for the Republicans with the youthful Charley Van Riper featuring for the Juniors.

St. Peter's presented a youthful quintet but they did not appear to be nervous and easily took the Veterans of Foreign Wars into camp. Joe Comesky did the best work for the Saints. Johnny Breen also came through with three good scores.

A TIGHT MATCH

The Elks and the Hoopler Club fought a great battle and the latter came through in the final after the first two games were split. Republicans did some great rolling. The Elks hit 965 in the second game. Butch Kastner tried vainly to stem the tide for the "Hello Bills," scoring 208, 206, and 203.

Elmer James had a 233 for the Hooplers in the first game while Tommy Dunn came through with a 226 count in the second game. Bill Williams, (not Commissioner Williams, but the brother of Joe Williams) had a good night with scores of 170, 209 and 215.

The K. of C. and the El Club also hooked up in an exciting match. The Knights won the first game by one pin, lost the second by twenty-one pins, then came back to take the third by six pins. Byrnes Sr., with scores of 184, 203 and 203, did some fine pinning for the Knights. Sawyer and Bill Buttons were best for the El Club.

THE OLD WARRIORS

Those old rivals, the Parks and the Bachelors, met last night with the Parks conquering the single men in two out of three games. No exceptional scores were made in this match, but the boys were striving hard to bring victory to their respective teams. Dave Connelly and Mike Bartley did the best work for the Bachelors with Machonis featuring for the winners.

The strong Belleville A. A. quintet received a surprising setback at the hands of the Moose Club in two out of three games. The feature of this match was a 236 by Charley Schleckser in the first game. De Carlo and Gerino did some good pinning for the Moose while "Happy" Skidmore had three good games for the A. A. pinners.

Two Man Teams Battle For Lead
On Opening Night But
Wind Up Even

HART ROLLS SCORE OF 257

Officially opening a nine weeks' tournament at the Elks alleys last Thursday night, four two-man teams, composed of members of the local Lions Club, fought to a complete deadlock. Each team won two games and lost two.

The most outstanding accomplishment of a mediocre night was the performance of Victor Hart who rolled 257 in the second game and 210 in the third game. These brought his average over the 200 mark. But even this fine showing failed to win more than two games for his Eagle team which included George Mead.

The Owls, composed of Cub Brasher and A. Edward Locher were too much for the Hart men in the first and last games. They rolled three scores over 300, a feat accomplished by the other teams only five other games during the night. Locher was the strong man of the Owls.

Strong Comeback

In the other match of the night the Starlings, Carlough and Charrier, made a gallant comeback in the last two games to win from the Crows, Louis Noll and Walter Jeffery. Scores were low in these matches, only two games over the 300 mark being scored.

What is likely to be a high team score for the season was made by the Eagles in that eventful second game when Hart rolled seven straight strikes. The total was 401 and the other teams will have to fight if they expect to better this mark. It may also be that the high individual mark will not be bettered.

In the Lions League last year Ernie Scholl rolled 275 but Ernie is not rolling this year and while there are several players who are expected to perform much better as the season progresses, that 257 score is going to be a big obstacle to pass.

Below are the scores of the games and the schedule for the season which ends December 4 at the conclusion of thirty-six games.

Basketball Loop Organizes With Nucleus of Five Teams

The first meeting of the newly organized American Legion basketball league was held Tuesday night at the Town Hall. This league is similar to the Recreation League of last season and it is expected that practically the same teams will enter.

Last year the league was composed of the following teams: Bachelors, Valleys, Garnets, Wesleys, Unions, Panthers and Community Aces. So far, five of these teams have signified their intentions of entering the 1930 league.

Several other teams are also expected to make applications which will be received next Tuesday night at the Town Hall. That will be the "deadline" for applications. This includes last year's members who will receive no special consideration if they apply late but will be given the preference if too many applications are received.

GAMES AT HIGH SCHOOL

All league games will be played at the High School gymnasium. At the meeting next Tuesday night the committee will decide what nights the league will play. Last season games were played on Thursdays.

The committee in charge of the league will include the following men: Thomas Fleming, John Law-

lor, Charles L. Steel and Lawrence Keenan.

At Tuesday's meeting a schedule will be drawn up and the starting date for the league will be decided upon. It is expected that the league will get under way earlier than last year.

S. P. E. FOOTBALL CLUB BOWS TO CURTIS HIGH ALUMNI TEAM

The S. P. E. fraternity football team of Belleville went down to defeat by a 12 to 0 score Monday afternoon before the Curtis High Alumni eleven of Staten Island, a Clearman Field. The latter outplayed their opponents from the start. At no time did the locals threaten.

Both of the Curtis touchdowns came as the result of forward passes. Most of the yardage gained by the S. P. E. boys was also by the aerial route. Neither team displayed a well-balanced attack, but both elevens played a strong defensive game.

The Moniot brothers, George and Al were best for the locals on the offense. Casey DeJonge, former Belleville High tackle, was the whole show for the S. P. E. on the defense.

CLINTONS PLAY BLOOMFIELD S. C.

Had Idle Day Sunday But Will Be Ready For Fast Game Next Sunday

COACH SEEMS TO BE PLEASED

The Clintons were idle last Sunday because of the Holy Name Parade, but at Belleville Park this Sunday they will meet the Bloomfield Social Club. Coach Gil Howley, of the locals, is confident that the Clintons will take the Bloomfielders into camp, but he is taking no chances and his charges have been practicing hard all week.

Columbus Day the Clintons had a long signal drill. Forward passing and end runs were particularly stressed. In the opening game with the Aonakas the Clintons were very successful with their aerial attack and the coach was well pleased with the punting of Johnny Mazza.

SAME LINE-UP

The Clintons will probably take the field Sunday with the same line-up which conquered the Aonakas. Herb Otto and Petith will take care of the wing posts, Dacey and Jim Gancilos at the tackle positions, Tim Monaghan and Derry at guards, Howard Irving at center. Hannan will also probably see service before the game is over.

In the backfield there will be George Ashworth at quarter, Marty Mallack, Sus Howley or Mazza at halves and Bungo Gorham at fullback. Hughie Clark, Hughie Welsh and Syl Hearn will probably see service before the game is over.

Manager Andy Monaghan announced that on Saturday afternoon, November 8, the Clintons will play the Nutley Comets at Clearman Field. This is the date when Belleville High travels to Atlantic City. Those unable to make the Atlantic City trip can see a good game at home. The Comets were the only ones to defeat the Clintons last year.

CHURCH LEAGUE STARTS TONIGHT

Eight Teams Who Will Roll This Year Include Three New Outfits

SCHEDULE FOR FIRST NIGHT

The Belleville Church Bowling League will start their season off tonight. The league is again composed of eight teams, but three new teams have taken the places of St. Peter's, Everyman's Bible Class, and Wesley Methodist.

As it now stands the following teams comprise the league: Grace Baptist, Fewsmith, Christ Episcopal, Fewsmith Men's Club, Christ Reformed, Italian Baptist, Montgomery, and Belleville Reformed. Grace Baptist were winners of the league title last year, but according to reports all of the teams have strengthened their line-ups and a keen battle for the league leadership right from the start is expected.

Christ Episcopal, a team that finished in last place for the past two years, is said to have revamped its line-up and is going to try and accomplish the unusual by reversing from the bottom to the top this year.

Following is the schedule for tonight:

Christ Episcopal vs. Fewsmith at Montgomery alleys.
Christ Episcopal vs. Montgomery at Montgomery alleys.
Belleville Reformed vs. Belleville Reformed at Montgomery alleys.

BLUE AND GOLD OUTPLAYS HOME TEAM BUT VICTORY IS ELUSIVE

Mac Lamb Intercepts Forward Pass and Runs Twenty-Three Yards To Score

ROBBED OF 2ND LONG DASH

Belleville High lost a heartbreaking 13 to 7 decision to Passaic Saturday afternoon at the Passaic Stadium. Completely outplaying their opponents, the Blue and Gold made seven first downs to their opponents' one, outrushed Passaic 194 yards to thirty-four, yet lost.

A blocked kick in the first few minutes of play was the real reason for the Passaic victory. Fritz Plenge was standing behind his own goal line on an attempted kick and when a Passaic lineman blocked the kick and recovered the ball on the one-yard line Wasilewski took it over on two plays.

This bad break, however, failed to unnerve the Blue and Gold. They came right back and for the rest of the first quarter played Passaic off their feet. They did not score in this period but got away for several long gains.

Long Run

On one occasion Tony Biase skirted right end for fourteen yards to bring the ball to the thirty-six-yard line. Here Belleville got another tough break. The umpire claimed a Belleville player was holding on the offense and penalized them fifteen yards.

In the middle of the second quarter, however, Belleville was luckier. Passaic had the ball on its forty-yard line. A poor pass from center lost fifteen yards. The next play was supposed to be a forward pass but Mac Lamb leaped high into the air, tucked the ball in his arms and ran twenty yards to the six-yard line.

Lamb Scores

With six yards to go and a touchdown in sight the Belleville stands were cheering wildly. Biase made two yards on two line bucks. Mac Lamb, who by the way, was playing his first football game, then skirted left end for four yards and the first Belleville touchdown of the season. He then plunged through for the extra point.

The score stood at 7 to 6 as Passaic had failed in their try for the extra point. In view of the fact that Belleville was gaining almost at will it certainly looked like the first victory.

Another Bad Break

In the third quarter Belleville again outplayed its opponent but toward the end of this period a punt went astray and Passaic had the ball on Belleville's twenty-three-yard line. Two line bucks netted three yards.

It was third down and seven to go. On the next play the Blue and Gold received another jolt from Lady Luck. Passaic worked a pass play that was good for thirteen yards and resulted in Passaic's only first down of the game.

It put the ball on the six-yard line with four downs to go. Two line bucks netted five yards. The third try left the ball about six inches from the goal. On the last down Wasilewski hurled himself over for a touchdown. A forward pass gave Passaic the extra point.

Fast Running

In the last quarter Mac Lamb and Biase showed the fans some fancy stepping. On one occasion Biase tore around right end for thirty-six yards. This gave Belleville the ball on the eleven-yard line. On the first play which Biase was supposed to go around end, Chuck Plenge made a poor pass from center and Biase was thrown for a four-yard loss.

Nick Bonavita made up the four yard loss and two more, making it third down and eight to go for a first down. Lamb hurled himself through the air and scored.

Passaic line and failed to gain. As a last attempt the Blue and Gold tried a forward pass which was grounded and it was Passaic's ball on the twenty-yard line.

An exchange of kicks gave Belleville the ball in the center of the field. Mac Lamb then made an end run of forty-three yards and rightfully the ball should have been on the seven-yard line. Umpire Compton, who was standing on the opposite side of the field, ruled that Lamb went outside on the twenty-five-yard line.

Belleville fans roared their disapproval but to no avail. The decision seemed to upset the Blue and Gold and at the same time installed confidence into Passaic. At any rate, a couple of end runs and two passes were thwarted and Passaic punted out of danger. The game ended a few minutes later.

Two Stars

Mac Lamb and Tony Biase both played great games. They provided a punch which was lacking in the first two games. Their end runs were treats to watch and their defensive play was strong. Biase backed up the line in fine style and knocked down several forwards, while Lamb spilled several runners for losses from his defensive half-back post, intercepted a pass, and spoiled several others.

Ralph Casale played a fine defensive game at his wing post. Several times he threw Wasilewski for losses. The rest of the Belleville line also played well and but for the fluky lateral pass would have kept Passaic from its first down.

Wasilewski was the whole show for Passaic. What little yardage Passaic gained was through his efforts. He scored both of Passaic's touchdowns. The line-up:

CUBS POWERLESS IN TROJAN GAME

Outclassed 14 To 6 By Team Not Having Three Regulars In Line-Up

INTERTOWNS TRAMPLE ACES

Minus three of their regulars, the Belleville Trojans defeated the Lincoln Cubs 13 to 6 Sunday afternoon at Belleville Park in the first game of a double-header. The second game resulted in a 13 to 0 victory for the Intertowns over the Middletown Aces.

The first game between the league-leading Trojans and the Cubs found the leaders hard pressed. The Cubs held the Trojans scoreless until the last two minutes of the second quarter when "Pop" Jannarone intercepted a Cub forward pass on the thirty-yard line and twisted his way through the entire Cub team for a touchdown. The Trojans were awarded the extra point after touchdown as the Cubs were off-side.

Cubs Go Over

During the early part of the third quarter the Cubs worked their way to the Trojans' five-yard line. Here the Trojans held and Hodgkinson kicked safely to the forty-yard line. A series of line plunges and end runs brought the ball once more to the five-yard line.

Once again the strong Trojan line held. Hodgkinson's kick, however, went straight up in the air, landed on the twenty-yard line and bounced back to the five-yard line. Juliano then ploughed through the Trojan line for a touchdown. The try for the extra point failed.

Surprised Cubs

The Trojans then started an offensive of end runs by Hodgkinson, Altieri and Pop Jannarone. They then caught their opponents off guard by throwing a pass on the forty-yard line. Piscapo, receiving it, was downed on the eight-yard line. Altieri then went over on an off-tackle play. Jim Jannarone made good a dropkick for the extra point, making the score 13 to 6.

Pop Jannarone and Bert Bade played brilliant games for the winners, the former shining on the offensive while Bade made several brilliant tackles on the defense. Juliano and Scotty were the shining lights for the losers.

The second game, between the Intertowns and the Middletowns, was not as interesting as the initial tilt. The Intertowns had things pretty much to their liking in the first half.

A forward pass from Ricardo to Vitello resulted in a touchdown in the first half. Tuozzolo also scored on a short end run after the Intertowns had brought the ball from the fifty-yard line. The Middletowns braced in the second half and held the Intertowns scoreless.

TELLS ROTARIANS ABOUT SALVATION ARMY WORK

Ensign S. G. Slaymaker, Salvation Army worker for the past twenty-five years, speaking yesterday noon at the Rotary Club dinner in the Nereid Boat Club, described the work of his organization and told of its policies to rehabilitate persons and families without attendant publicity.

"The Salvation Army," Ensign Slaymaker said "never advertises the good it does or exploits the misfortune and needs of a hard pressed family in its appeal for understanding and help from the public."

"If a person is in the gutter, pick him up," advised the speaker. "Feed him and try to find out what caused him to be in such a condition. It may be possible to discover his weakness and make another person out of him."

At the golf match with the Lions Club at Jackie Coogan's Golf course last Thursday afternoon, the Rotary scored an overwhelming victory.

The scores follow: Rotary—Kiernan, 55; Fort, 54; Goodman, 47; Irwin, 56; Baker, 60 and Kaden, 63; Lions—Kenworthy, 62; Hart, 63; Noll, 56; Jeffery, 58; Lyons, 63; Mayer, 64.

Clifford Smith was elected vice-president to fill the vacancy caused by the resignation of Raymond Mertz.

Here and There

We could say a lot of things about last Saturday's game with Passaic. If ever a Belleville High football team deserved to win a game, it was then. The game was one of the queerest we have ever seen.

It reminds us of the Georgetown-N. Y. U. game two years ago when Georgetown defeated Ken Strong and his troupe even though they were outrushed and had far fewer first downs.

For Belleville though, it was a tough break all around. When you hold a team to one first down, and that on an illegal play, and then lose the game, it's discouraging to say the least. We have no doubt that the lateral pass (so called by the officials) was illegal.

A lateral pass may be made from any part of the field, even on a kick-off, but the ball must be passed either to the back, or to the side, NOT AHEAD of the passer.

Then, too, just as sure as the clock is on the Town Hall building, we know that Mac Lamb never stepped outside on a certain play. Your correspondent was right on the side lines and knows for a positive fact that he was inside.

Well, this Saturday is another day. Perhaps the Blue and Gold will make up for Saturday and run up a score. If they win Saturday we won't be surprised to see them go through the schedule without another defeat. The stuff is there if they only get going.

ROSELLE PARK BELIEVED SOFT

(Continued from Page One.)

Tom Conrad, crack colored full-back of last year's Roselle Park eleven is missing from the line-up and this is probably the reason for the Union County boys' dismal showing. Conrad nearly defeated Belleville single-handed last year.

It is expected that Belleville's line-up will remain practically the same although Coach Erikson may make one or two shifts in the backfield. At this writing Lamb and Biase appear to be the only two backfield men sure of their jobs. It is no secret that Erikson was disappointed in the showing of several others who played last week.
