CHEST CAMPAIGN BEGINS

WORKERS RALLY AT DINNER IN ELKS HALL TUESDAY

Enthusiasm For Success Manifested After Spirited Talks By Leading Men

MAYOR HITS AT CRITICS WHO WOULD SPELL GLOOM

Stirred by the impassioned pleas of speakers, 150 workers in the Community Chest Campaign signified their ambition to put the 1930 drive over the top at a dinner-rally in the Elks auditorium Tuesday night by prolonged applause of addresses by Mayor Samuel S. Kenworthy, William Watson Stewart, Charles Granville Jones, John DeGraw, Commissioners William H. Williams and William D. Clark, John Ray and administrative officials of the seven participating charitable organizations.

The Mayor scored critics of the campaign who said that the cause was not worthy because money was being spent for a dinner and because some charitable agencies did not do as much as they should. He said that the dinner was being paid for by several public spirited citizens and not by the Belleville Welfare Federation, as rumored.

DESPITE HARD TIMES

The consensus of remarks by other speakers was that the \$19,400 goal could be reached this year despite "hard times." The Mayor

STABBED GIRL IS RECOVERING

Colored Girl's Improvement Will Save Assailant From Facing Murder Charge

COMMITTED TO COUNTY JAIL

With the condition of Bertha Hall, colored, twenty-six, of 77 Passaic avenue, Nutley, reported Monday to be slightly improved at St. Mary's Hospital, Passaic, where she is suffering from a knife wound said to have been inflicted last Thursday night by William Turner, colored, of 144 Whitford avenue, Nutley, it seems likely that her assailant will escape facing a charge of murder.

Turner is in the county jail, having been committed to that place Saturday morning without bail by Recorder George A. Fitzsimmons, following his arrest by Captain Flynn, Patrolmen Gross and Raymond Demgard.

Turner was alleged to have stabbed Miss Hall when she danced with other men during a benefit party being conducted by the Thursday Night Club at the home of Rose McGill, 111 Newark avenue, Belleville.

and Mrs. Arthur Mayer and her of Division avenue spent the weekend in Philadelphia. They returned to Belleville Tuesday.

KENWORTHY ANALYZES TAXES TO SHOW HOW BONDS WOULD REDUCE BILLS IN THIS TOWN

Says Issue Has Been Endorsed By Both Political Parties and Experts

MUST RAISE MONEY ANYWAY

How the \$100,000,000 proposed State Bond issue will directly relieve local taxpayers is outlined as follows by Mayor Samuel S. Kenworthy, who is president of the State League of Municipalities. The Mayor, while a member of the State Assembly was one of the motivating forces in the fight for municipal tax relief. The Bond Issue is the outgrowth of that fight. His communication to THE TIMES reads:

"Next Tuesday, November 4, the voters of the State of New Jersey are called upon to approve or disapprove of the One Hundred Million Dollar Bond Issue. As chairman of the Special Committee on Tax Relief, representing the New Jersey State League of Municipal-

ities I have been close to this subject for somewhat over a year. It was this committee that induced the legislature to consider the necessity of tax relief for the local taxpayer.

"I am personally satisfied that the approval of the three referendums representing one hundred million dollars in bonds will mean genuine tax relief to the citizens of the Town of Belleville. The accompanying chart represents a local tax bill for the year 1930. The figures in comparison represent the relief that would have been secured by local taxpayers had we been able to take advantage of such a referendum in 1929. It clearly shows a reduction of 12.65 points in our local tax rate.

"The One Hundred Million Dollar bond issue has been endorsed by both of the major political parties, both houses of the State Legislature, the Governor, the two members of the United States Senate and has recently been endorsed by Ambassador Dwight W. Morrow, who is recognized as one of the outstanding men of the nation in matters pertaining to finances.

"Practically the sole objector to the passage of the Bond Issue is Senator Emerson L. Richards of Atlantic County. It should be kept in mind that the Senator is an announced candidate for Governor and much of his opposition can be traced to a desire to keep himself before the public during the next few months.

"True, with the adoption of the

MEDICAL TREATMENT GIVEN BY DR. HERBERT B. VAIL

Three persons were injured and two cars were wrecked in an accident at Washington avenue and Holmes street early yesterday morning. A car driven on a permit by Robert J. Bafut of 77 Kearny avenue, Kearny, collided with one driven north in Washington avenue by Frank Eehalt of 171 Cedar Hill avenue.

The latter received cuts on the right foot and leg and Bafut was cut on the right side of the head and bruised on the left leg. Miss Bessie Sharter, a passenger in Bafut's car, received a bruise of the left eye and a cut on the right leg. All were treated by Dr. Herbert B. Vail, town physician.

AVOIDING ANOTHER CAR, WOMAN DRIVES INTO POLE

To avoid hitting another car in Belleville avenue Tuesday, Mrs. Anna Hynes, thirty-eight, of 646 Forty-sixth street, Brooklyn, swung the wheel of her car sharply and crashed into a telegraph pole. The car was damaged but Mrs. Hynes was unhurt. Patrolman Slater reported the accident.

TWO BICYCLISTS HURT BY AUTOS

Charles Ritner Of Rossmore Place Taken To Hospital With Painful Injury

NEWARK BOY'S ARM BRUISED

Two bicyclists were injured, one of them seriously, when they were hit by automobiles during the past week. Charles Ritner, sixteen, of 51 Rossmore place, going east in that street Saturday afternoon was struck by a car driven south in Washington avenue by Morris Wosnitzer, of Newark, official of the Hudson Hat Co. of Nutley.

The boy received a cut over the left eye and a bad injury to his head. He was taken in the police ambulance to St. Michael's Hospital in Newark. Yesterday he was reported improved. Witnesses were Jack Donahue of 43 Linden avenue and Warren Glenby of 382 Washington avenue.

John Bolcato, fourteen, of 62 Winthrop street, Newark, was the other victim. He was struck last Friday by a car driven west in Joralemon street by Joseph Flynn of 404 Second street, East Newark. Dr. Martin Meehan treated him for an injury to his left arm.

LOCAL WOMAN FIGURED IN ARREST OF NOTORIOUS PICKPOCKET IN NEWARK

Mrs. Florence Barry of 66 Wilbur street nearly lost a \$10 bill while shopping in a Newark department store Tuesday, but not quite.

Detectives arrested the pickpocket, Mrs. Helen Janowska of Brooklyn, just as she was extracting the bill from Mrs. Barry's handbag and took her off to police headquarters where an examination of the records revealed her to be an old offender, operating since 1913.

She is said to have served seven years in prison and to be known to the police of all large cities in the United States. Her excuse is that she has had to support herself and a ten-year-old son who is now in a boarding school in Westchester, N. Y.

Detectives Reilly and Kinney made the arrest. They had recognized her on the street and followed her until she attempted to victimize Mrs. Barry.

WORRY MISSING AS IRVINGTON BATTLE LOOMS

Blue and Gold Confident Of Third Consecutive Victory Of The Season

BELLEVILLE HAS BEATEN ENEMY PAST TWO YEARS

Belleville High will attempt to make it three victories in a row Saturday afternoon when they oppose the Irvington High eleven at Clearman Field. These teams have been rivals on the gridiron for the past seven years and a good battle always takes place when they meet.

Neither team has an impressive record this season, but lately both elevens have been playing at top speed. Irvington defeated Asbury Park last Saturday and because of this victory Irvington rooters confidently expect their team to win. The Blue and Gold defeated Irvington the past two years and are just as confident.

Coach Erikson has had the squad working overtime this week in an effort to whip them into shape for the game. Erikson is dissatisfied with the interference of the locals and he has been working on this all week. He also expects to show Irvington something in the way of an aerial attack.

The request is made, if these toys are available, to fill in the name, address and telephone number on the blank accompanying this story and send it to either Mr. Gebhardt or Dr. Kavanaugh.

Someone will then call at your house. The former lives at 429 Union avenue and may be reached on the telephone at Belleville 2-2336. Dr. Kavanaugh's address is 252 Washington avenue, telephone Belleville 2-3517.

"It must be borne in mind that ninety-three million dollars of this huge sum has already been authorized by the State Legislature and in the event of the failure of the Bond Issue to meet with the approval of the voters of the State, this sum must be raised in some manner. It seems logical that the cost of acquiring rights of way eliminating of grade crossings and the building of bridges should be spread over a period of years, on the theory that the next generation should pay their proportionate share toward the cost of these permanent projects.

"The cost of the construction of municipal and school buildings is spread over a period of many years and the State Legislature has come to the realization that this is a logical method of financing their permanent improvements.

"The voters of the Town of Belleville after weighing the facts should vote 'YES' on the One Hundred Million Dollar Bond Issue.

interpreted the situation as "probably favorable" to success.

Other speakers implored workers to cover every house and see the "head of the house" in order to insure the biggest contribution. Mr. Stewart set the minimum for a home-owning family at about \$7 and Mr. DeGraw said the amount should be \$10.

Fire Captain Has X-Rays Taken After Sunday Crash But Has No Fractures

BOTH GOING TO SAME FIRE

Captain William Dunleavy of the fire department returned to his home Tuesday morning from St. Michael's Hospital, Newark, without having to worry about a fractured shoulder. X-Rays showed no serious injury.

The Captain was injured Sunday when the Chief's roadster, which he was driving at Washington and Belleville avenues Sunday afternoon, collided with the police ambulance driven by Patrolman Spatz. Both were answering an alarm turned in over Box 67 for a fire at the home of Carmen Di Paolo of 117 Heckel street.

How It Happened

Spatz was crossing Washington avenue at Belleville avenue in low gear when Dunleavy came speeding down the avenue. The Patrolman attempted to go forward out of the way of the fire roadster and Dunleavy swung to the left but struck the rear of the ambulance.

Boys attending the Corsham (Wiltshire, England) council school are to take a course of cookery. The boys are to learn how to cook porridge, bacon and eggs, and suitable dishes for dinner, including puddings. Girls are to be taught how to mend blinds and other useful woodwork jobs. Miss Irene Bloch Tells Students Here About Rattlesnake and Rat Soup

NATIVES BATHE TWICE A DAY

Miss Irene Bloch, originally of Canada and for the past two years a teacher in the E. B. Day School in Liberia, Africa, gave a talk to the High School students Friday. Miss Bloch told about the girls' school. Sixty-five girls, most of them civilized, attend this small, three-story school, going in the morning from 7 o'clock to 12 o'clock noon. The afternoon is spent at domestic duties.

The inhabitants of Liberia are divided into two classes, the natives and the Liberians. The former are the Aborigenes and the latter are the foreigners who have settled in Liberia.

Natives take a bath twice a day, using a red oil or palm oil for soap, Miss Bloch said. Their food is mostly rice and soup. If a native kills a snake he dries it and puts it in his soup. Rats are also used.

The natives relish rotten eggs and meat but say they are very sour and unappetizing if not rotten.

Houses in Liberia are extremely crude, usually having only one room. The fireplace is in the center. Around the edge of the room is a bank of mud on which mats are placed. This is where the family sleeps.

Miss Bloch had many curios—bags, brushes, jewelry, etc. She said that the natives wear as many bracelets on their arms and legs as possible. The blacksmith makes the money and jewelry, although he has very few tools. The money of Liberia was described as "a long strip of twisted iron with discs at either end."

The mountaineer gazed at everything without comment, but as they came away he remarked, "Won't no man who lives in a house as fine as that there ever go to heaven!"—Washington Star.

JONES SELECTED TO DRAW WASHINGTON SCHOOL PLANS

Charles Granville Jones, architect, of this town, has been engaged by the Washington (N. J.) Board of Education to draw plans for a new high school building.

The board is anxious that work on the new school be started as soon as possible as present crowded conditions necessitate part-time attendance for thirty-four per cent of the student body. The board plans a fifteen-room building, including twelve class rooms and an auditorium.

Within the past two months each member of the board has visited twelve to fifteen schools and has investigated a number of architects. Twelve architects were discussed last week and on the third ballot Mr. Jones was selected unanimously. He has designed fifty-five schools in New Jersey.

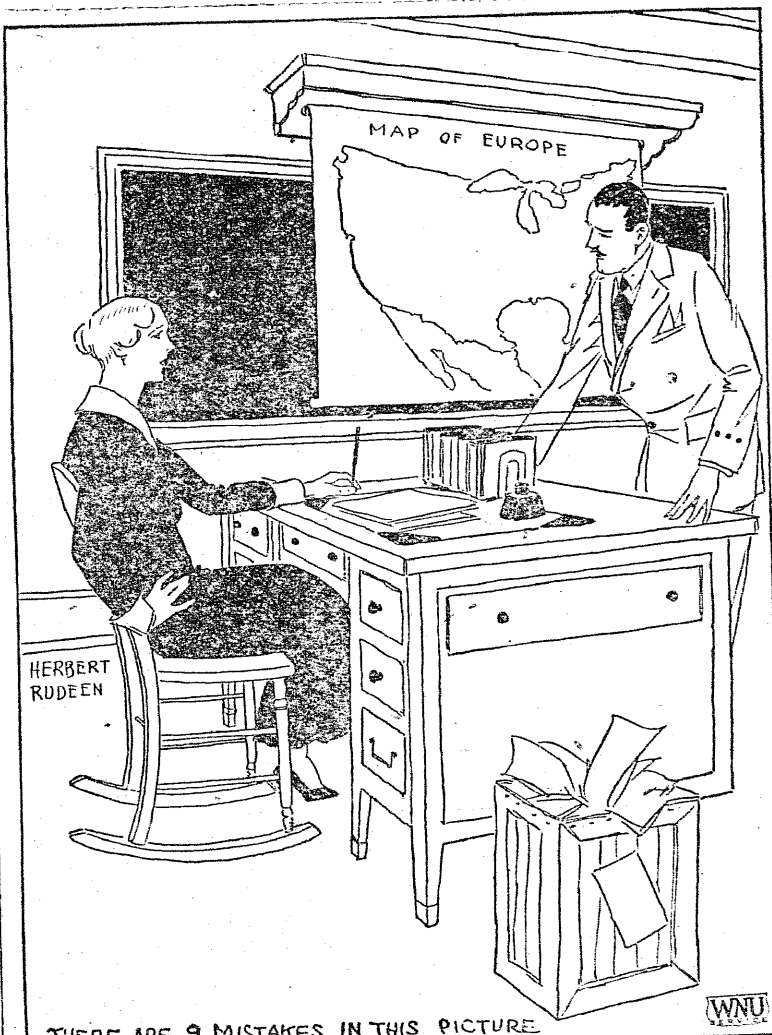

When Mr. Jones has submitted his plans the board will call a special meeting to vote on the building. The school will be erected on the ten-acre Thatcher site bought two months ago.

Mr. Jones was architect for most of the school buildings in both Nutley and Belleville.

Purchasing Power

The phrase the "purchasing power of money" and the "general level of prices" are reciprocal. To say that the purchasing power of money is high or low is the same thing as to say that the general level of prices is low or high. If the price level is doubled, the purchasing power of money will be halved, and vice versa.

From Youth to Age

There are three trying periods in a woman's life: when the girl matures to womanhood, when a woman gives birth to her first child, when a woman reaches middle age. At these times Lydia E. Pinkham's Vegetable Compound helps to restore normal health and vigor.

On Cheating

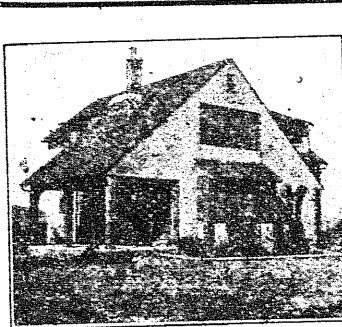

Men suffer all their life long under the foolish superstition that they can be cheated. But it is as impossible for a man to be cheated by anyone but himself, as for a thing to be and not to be at the same time. The nature and soul of things takes on itself the guaranty of the fulfillment of every contract, so that honest service cannot come to a loss.—Ralph Waldo Emerson.

Horse Measurement

Horses are measured in terms of hands, a hand being four inches, and the height is taken from a point at the withers dropped perpendicularly to the ground.

PLANKED FISH DINNER

WITH a fish dinner we like a fresh green salad or a molded salad with an acid dressing, so I am giving you a jellied vegetable salad with a new dressing for mayonnaise, which I know you will like. This dressing is between a true mayonnaise and a boiled dressing. It does not contain nearly as much oil as a true mayonnaise dressing and it has not the consistency of a boiled dressing. This recipe will make three cups of dressing and it will keep in a cold place for two or three weeks. When we are planning a fish dinner we often are puzzled about the dessert. A good thing to remember is to make the dessert acid in nature, serving either a fresh acid fruit or a pudding with an acid sauce.

Planked Fish Duchess Potatoes
Jellied Vegetable Salad
Mock Mayonnaise
Baked Lemon Pudding
Lemon Sauce

Planked Fish

Scale, clean and bone the fish. Place on a heated fish plank; any spaces on the edge not covered by the fish, cover with coarse salt. Spread the fish with softened or melted butter and season with salt, pepper and lemon juice. Set oven heat regulator at 450 degrees, pre-heat 15 minutes. Then turn oven heat regulator so gas is on full or at highest temperature, 550 degrees. While broiling adjust blaze yourself by means of the stop-cock. Have blaze very low for fish. Place fish in broiling oven about one inch from flame and broil slowly, but not until well done, for cooking will be finished when potatoes are browning. Fish may be broiled while baking other foods in the oven at 375 or 425 degrees.

When fish is nearly done remove from the oven, scrape off salt and force duchess potatoes through a pastry tube around the edge. Brush potatoes over with beaten egg and return to the oven to brown potatoes and finish browning of the fish. Garnish with lemon and parsley. Buttered peas may also be used as a garnish if desired.

Duchess Potatoes

3 cups rice ½ tsp. salt
potatoes 3 egg yolks
2 tbsp. butter

Add butter, salt and yolks, slightly beaten, to the potatoes and beat well. Shape potatoes in various forms, using the pastry tube. Brush over with beaten egg, diluted with one teaspoon of water and brown in a hot oven.

Jellied Vegetable Salad

3 tbsp. gelatine 2 tsp. horse-radish
1½ cups cold ¾ tsp. salt
water 2¼ cups boiling 1¼ cups finely
water cut celery or
½ cup vinegar any vegetable
¾ cup sugar combination
Soak gelatine in cold water, dissolve in boiling water, add vinegar, salt, sugar and horseradish. Color light green or red when partially cool. When mixture begins to thicken, add vegetable and turn into a mold, first dipped in cold water. Serve on lettuce with mock mayonnaise or horseradish cream dressing.

Mock Mayonnaise

1 egg ¼ cup mild
2 tsp. sugar vinegar
1 tsp. salt 1 cup salad oil
1 tsp. mustard 1 cup water
4 tsp. cornstarch ½ tsp. paprika
Into a mixing bowl put egg, seasonings, vinegar and salad oil, but do not stir. Make a thick smooth paste by cooking cornstarch and water together. Add hot paste to ingredients in the bowl and beat mixture briskly with egg beater. A thick mayonnaise will result.

Baked Lemon Pudding

1½ cups pastry ¼ cup melted
flour butter or corn
2½ tsp. baking oil
powder ½ cup milk or
½ tsp. salt water
½ cup sugar ½ tsp. lemon
1 egg beaten extract
(whole)

Sift together all dry ingredients, including sugar. Add beaten egg, milk and melted butter. Beat well, stirring in flavoring. Pour batter over lemon mixture in a deep pan and bake at 375 degrees for about 35 minutes to 40 minutes. Invert on a platter and baste with remaining sauce as pudding cools. A thick jelly will form on top of cake, which is best served slightly warm.

Lemon Sauce

1 cup sugar 3 tbsp. butter
1½ cups boiling Grated rind and
water juice of 1 lemon
2½ tsp. corn- ¼ tsp. salt
starch

Grated nutmeg if desired

Mix sugar and cornstarch together. Add water gradually, stirring constantly, boil five minutes, remove from fire, add butter and lemon juice and rind. Pour one-fourth of mixture into the bottom of a baking dish and cover with batter. Reserve remainder of mixture to pour over pudding when serving, if necessary. Slices of lemon cut thin may be placed on bottom of pan before pouring in sauce and the lemon rind omitted from the lemon mixture if desired.

Use for Cottonseed Hulls
Cottonseed hulls, a by-product heretofore considered of no value, can, by a new process, be made to yield 500 pounds of sugar from every ton of hulls. This sugar, known to chemists as xylose, has been rare and expensive up to the present time.

PLENTY OF GAME FOR N. J. HUNTERS

Fish and Game Commission Ends Job Of Stocking Pheasants and Rabbits

BOOST IN THE LICENSE FEE

By the distribution of 25,000 ring neck pheasants during recent weeks, the New Jersey Fish and Game Commission has set a new record in game propagation and has assured sportsmen splendid opportunities for hunting this prized game bird when the upland season opens November 10. A distribution of 15,000 western rabbits was made earlier in the year. As weather conditions during the summer have been satisfactory for the natural increase in the fields of both birds and game, gunners are anticipating an unusually satisfactory season.

Increased game distribution for yearly recreation of the sport was made possible when the New Jersey legislature, a few years ago, granted the plea of sportsmen that an additional fifty cents be added to their license fee and made available for this purpose. This year finds the issue of another increase in the license fee again before the law-makers, backed by practically every organized gunning and fishing club in the State.

More And More Game

This new increase would provide not only for still more fish and game but for the purchase or long term lease by the State of cheap lands for public hunting grounds. The proposed measure was "lost in committee" last year and sportsmen are planning to see that the new bill comes up for early action in the next legislative session.

Rabbits, hares, male ringneck pheasants and squirrels will be in season through the State from November 10 to December 15. Quail

The woodcock season, which opened October 15, closes November 14. A special woodcock hunting license is required for those hunting

these birds prior to November 10. Daily bag limits for upland game in New Jersey are: woodcock, four; quail, ten; ringneck pheasant, (male only) two; ruffed grouse, three; rabbits, six; gray squirrel, six.

How to Have Good Baking Results with Little Work and Trouble

THE Glenwood is a splendid range all the way through—material, design and construction. It has an oven heat regulator, top burner lighter, utensil drawer, and is enameled inside and out.

The Glenwood range prices begin at \$136.25. Slightly higher if purchased on the easy payment plan—a small sum down and eighteen months to pay balance.

Select a gas range which can be depended upon. Don't be content with one that gives satisfaction only now and then. Trade in your old range and we will give you a \$10 or \$20 reduction on some of our ranges.

There are other fine makes of gas ranges, selling from \$44.40 cash upward.

When purchase is made in monthly payments prices are a little higher.

How to Improve a Room and to Enjoy Good Heating at the Same Time

A **CHEERY** fire transforms the whole room. It puts warmth in every corner and throws a cheerful radiance about the room. A gas heater can be installed easily in an empty fireplace and you can have heat at the touch of a lighted match. Turn it on whenever you want it. Turn it off the moment the air becomes too warm.

At Public Service Stores you can choose a handsome fireplace heater at a moderate price. You have your choice of log fires or coal fires, or

radiant heaters. We will connect heaters to a gas outlet in first floor fireplaces without charge, or in fireplaces on other floors where there is a suitable outlet if not more than twenty-five feet of gas piping are required.

Our cash prices begin as low as \$25. A small carrying charge is added whenever payment is made on a monthly basis.

HERE ARE THE NEW FURS

Style emphasized in new furs at Bamberger's revue: left to right, Miss Virginia Burgess, wearing a silver muskrat coat illustrating the top coat silhouette with notched collar and belted back. The jacket of beige lapin is worn by Miss Mary Lee Miller, while Miss Leone Riddell is seen in a smart beige kid skin trimmed with brown, a copy of a favorite Bryere model.

The fact that it is no longer necessary for one to spend a fortune to procure excellent fur coats was demonstrated at a recent fur show held at Bamberger's. It is now possible and economical to follow the

basic changes in styles from year to year. This point is apparent in this season's models which are considered to be the most modish in line and treatment of material that have yet been designed.

Major Freelance's Column

By Frank G. Andrews

The morals of our young people have been debated considerable of late.

No one seems to claim that the morals of young men and women are any better than they were twenty-five years ago. The alibi seems to be that they are no worse.

How they did it twenty-five years ago would be telling; but here is a story of what is going on now.

Four respectable young men took four respectable girls to a public dancing place. The four respectable young men had nothing on the inside pocket of his coat.

Did the four respectable girls know that the four respectable young men had liquor on their persons? They did. Did the four respectable girls participate in the dispensation of the liquor? They did.

How cutely it was done. After each dance the four respectable young men and the four respectable girls retired to a dark corner of the pavilion and the four respectable girls sat in the laps of the four respectable young men.

And then the nursing party! Each respectable young girl reclined her head upon the bosom of her respectable young escort and received one of those "mize-baby" love pats. As a reward she got a drink of the hidden liquor.

And nobody was any wiser. It was done so cutely. And by an entirely new stunt. The boys had

provided straws and the liquor was extracted from the bottle—just as little pigs are fed.

The young men and girls of twenty-five years ago knew as much about straws as the youth of today, but the difference is that the earlier generation didn't know that a straw had such potentialities.

It was thought when the country went prohibition ten years ago that the hotel would pass out of business, it being generally admitted that no hotel could exist without a drinking bar.

Such is not the case. The automobile and good roads have built up a tremendous traffic and there is ten times the demand for eating places there were before prohibition. Instead of being less hotels, as was predicted, there are many more now.

Some of them in operation at present get by through the aid of an illicit bar but there are many others that are doing a perfectly legitimate business and making real money.

We know of a country hotel that years ago had no business to speak of except what was done over the bar. This old hostelry has been remodeled and made into a modern place. The proprietor is enterprising and on the level. On Sundays he feeds a couple of hundred people at dinner, while on any week day he will feed from fifty upwards. The good meals he serves are known for miles around and he is making more money than any hotel keep of this neighborhood made when innkeepers depended upon the bar for existence. He feeds 200 now at a single meal while in former days the same hotel probably didn't feed that many in a month.

The Conference of the Methodist Church at Atlantic City recommended that parsonages be built by all churches and the salaries of the pastors be raised.

Who can remember when people were forbidden to throw loose paper in the street? It was

apt to frighten horses and make them run away?

New Jersey undoubtedly has the best roads of any state in the Union and more are being planned and built all the time. Good roads may break us, but we must have them.

Already modern concrete roads extend in every direction. You never hear men say any more which is the best route to such-and-such a town and how are the roads. The rule now is that there is a good road leading everywhere and, with the exception of some of the rural back roads, the trip can be made on a hard pavement. Automobiles and wagons never get mired in the mud and the annual spring breakup has no terrors for the traveler any more.

Believe it or not, there is a war veteran by the name of Jack McGrath who holds the world's drinking record by putting away four quarts of beer in seventeen seconds.

There is a guzzling record for you home-brewers to shoot at.

Everything is a racket today. The big idea is to get the money.

In New York recently a family lost a beloved daughter. Some time later a letter was received asking for a \$300 check the deceased daughter had promised to a certain charity. The check was promptly sent and it has since been learned that it was a fake charity. The men behind this racket prey on relatives of prominent people who are listed under the death notices in the newspapers.

Our attention has been called to an American flag at a nearby miniature golf course that is allowed to stand out day and night. The man making this complaint states that it is contrary to the code to have the American flag suspended after sundown.

We editors have no objection to cluttering up our mails with all sorts of propaganda and advertising matter, but we do wish the political organization at Trenton would quit sending out campaign letters with two cents postage collect. It happens so often that it is getting on our nerves.

How humiliating it is to go out in your Buick on a fifteen-mile trip and have seventy-three Fords, eight Chevrolets and two Austins pass you. Those little cars certainly have got nasty horns.

Over in France the women have slowed down some in cigarette smoking and have taken up cigars. As Paris is the fashion center, it is quite reasonable to expect that the new fad will shortly be taken up by the girls over here. A woman behind a big strong cigar certainly ought to enhance feminine charm.

We expect to see them chewing tobacco next. A dainty pink cuspidor in a lady's boudoir certainly would be a novelty.

What to do with our old safety razor blades has long been a national problem, but the big question of the moment is what we are going to do with all our miniature golf courses. It begins to look as if the impending crash will come before we have recovered from the big break in Wall street a year ago.

We heard a man say the other day that he knew of a spot in Essex county where there are thirteen of these small courses along a stretch of one mile, and in order to exist many of them have started cutting prices.

Another man tells of a course that was opened recently and thus far the proprietor has not taken in a penny.

Is there anything more forlorn than an unprofitable miniature golf course all lighted up and not a soul playing?

RETURN OF FIVE-CENT FARE CAUSES RETURN OF OLD STYLE BOXES

The task of changing over the fare registers on 900 Public Service trolley cars and 1,300 buses to receive nickels and dimes when the five-cent fare goes into effect, is now under way. Day and night a force of mechanics are working removing the present token and dime mechanism and replacing it with the equipment used before the token plan was put into effect last January.

The farebox change-over, and consequent return of the five-cent fare, announced Friday, will be speeded up by the temporary use of some 1,400 old-style fare boxes which were a familiar sight on Public Service trolley cars some years ago.

The old-style boxes, which will take either tokens, nickels or dimes, can be used while the change is under way without the necessity of taking any cars or buses out of service.

Efforts are being made to complete the change-over of boxes so the five-cent fare may become operative by November 2.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

CHEVROLET DEALER MEETINGS

A significant sign of the aggressive policies to be adopted by the automobile industry toward making 1931 rank with past years in volume is seen in the announcement that Chevrolet's annual dealer meetings are to get under way next week, two months in advance of the customary date.

Four groups of sales officials from the Detroit office, each group accompanied by a full carload of theatrical equipment, stage hands, electricians, etc., are scheduled to hold fifty meetings at as many central points during the next five weeks, which will be attended by upwards of 20,000 Chevrolet dealers and associated bankers located in every section of the country.

That it would be a good idea to revive the Fifteenth-century method of dealing with crooked milkmen was mentioned recently in Paris. TO SPEED THE RETURN OF PROSPERITY

It has now become common knowledge that most of the present bad business is due not to actual want and unemployment—although there is plenty of that—but to caution on the part of those who have money to spend, and won't spend it for fear of still harder times. This has resulted in a country-wide move to get people to buy merchandise which they really need at once, or will need in the near future, instead of keeping their money in the savings banks which are fairly bulging with it.

If people hadn't money to spend this "buy it now" idea would be silly. But with savings accounts mounting all the time it is obvious that many people have money. Also, all of us know that Christmas isn't going to suddenly cease being a time of gift-giving, and that there will be at least some extra buying at that season. Therefore we suggest that it would be an excellent idea for the American people really to do their Christmas shopping early for once. Do it now, and accomplish a triple object: lower prices than ever before; revival of good times and the disappearance of the usual Christmas rush.

At any rate, it is our opinion that the public is going to end its buying strike pretty soon anyway, and for what may seem a curious reason—boredom. We are going to get bored with continual pessimism and caution and start to spend.

After a period when people have been hoarding their money for fear of a business debacle which fails month after month to arrive, they are going to forget their fear of it. Skimping along to be ready for something that never happens soon will get so tiresome that we will start spending. This, more than all the pep meetings and predictions by trade leaders—such as happened last week in Chicago—will break the vicious circle and beckon prosperity to come back, for people decided quite a while ago that all these optimistic predictions by big business were nothing more than whistling up the wind.

A PLAIN MATTER OF CONVENIENCE

Back in the old days before men conceived the idea of group solicitation of funds for charitable agencies, it was an annoying thing to have dozens of solicitors calling at your home for contributions as each charity sought support.

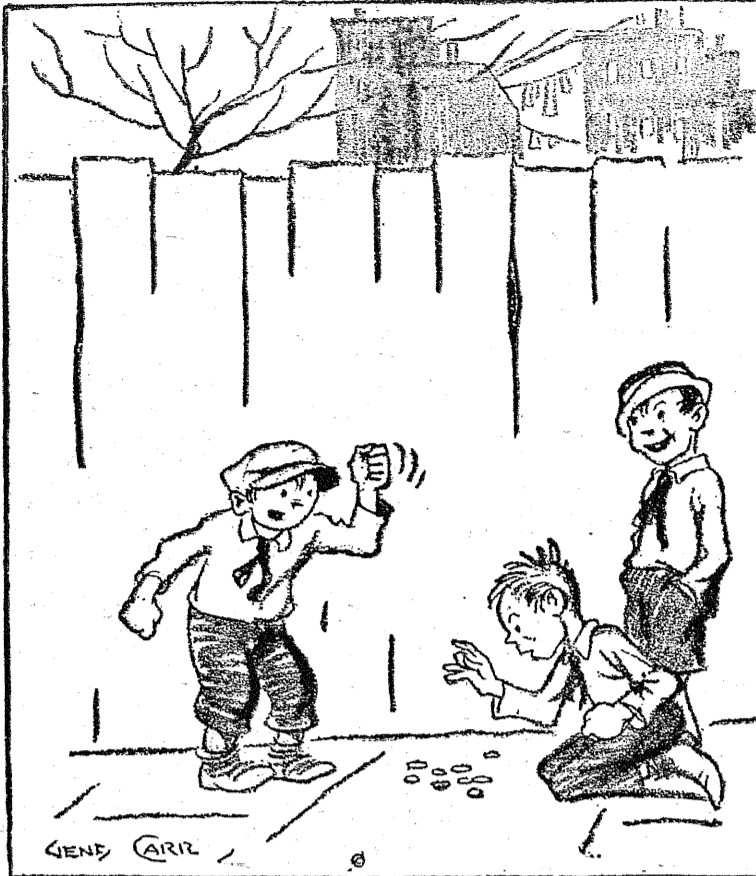

It was not alone annoying, it was expensive. Your donations many times went to undeserving agencies and a good percentage sometimes went to pay the collector his commission.

Just consider the downright convenience and economy of having a Community Chest campaign. Only one unpaid solicitor calls at your home once a year for seven unquestionably worthy charitable agencies!

Do yourself a favor. Show the Belleville Community Chest Worker who will call on you within the next ten days that you appreciate what being done for you. Mix this with some of your sympathy and make your pledge. The very minimum should be Seven Dollars!

Will Rogers Picks A Story For This Spot

By WILL ROGERS

THE Worst Joke I heard today was a Scotch Story. England couldn't get along without telling its daily Scotch story. A Scot from Aberdeen was head over heels in love with a Girl he had left behind. He could stand it no longer, so he decided to telegraph a proposal of marriage to her. In case

she refused and with true Scotch caution, he did not prepay the reply, but kept calling at the Telegraph office all day to see if she had answered. Night arrived and at last a message arrived and he feverishly opened it to find that she had accepted him. Overjoyed at his good fortune, he told the Girl at the Telegraph office all about it. "Yes," said the Girl, "she kept you waiting here all day for an answer. I would think twice before I would marry a person that would do that."

"That's whaur ye're wrang, Lassie," replied the Scotchman. "She's been waiting for the reduced night rate—she's the lass for me."

ROYDEN C. GUENTHER

When the DeCamp fleet consisted of two buses Royden C. Guenther drove one of them. Although for a time, he left the DeCamp service he returned to his place as one of the deans of the Corps. Mr. Guenther represents all of the attributes of the DeCamp force, intelligence, courtesy and skill. He makes his home in Livingston.

SO GOES THE OLD SONG—and so goes the daily program at the big DeCamp headquarters garage. Part of the great DeCamp fleet is pictured here—spic and span after its early grooming. As each DeCamp Bus comes in from its daily run of many miles, it is washed and polished, scrubbed and vacuumed, inside and outside. Then it falls into line for its daily mechanical inspection—emphatically a rigorous inspection from stem to stern. This is only routine in the well-organized management of the DeCamp Bus Lines—each and every precaution concentrating on the single idea: public safety and public convenience. Every man in this organization knows what is expected of him in order to meet the requirements of safe, courteous, prompt, comfortable transportation for you!

The Moose Club retained its hold on first place in the American Legion League as a result of a clean sweep over the Parks. A triple tie for second place exists with the Republican Club, El Club and Belleville A. A.

Other matches resulted as follows, Republican Club won three from the Hoopies, Belleville A. A. scored a clean sweep over the Bachelors, El Club whitewashed St. Peter's in all three games, Junior Order unexpectedly won two out of three from the Belleville Elks and the nights of Columbus pinnners took the odd game from the Veterans of Foreign Wars.

The Republican Club quintet, in recording their three victories over the Hoopies did some sensational pinning with scores of 850, 977 and 1,003. The 1,003 mark is the second highest team score of the year, the Elks recording a 1,012 last week.

AVERAGES 206

Bill Knowles and Charley Hammacker were the strong arms of the Republican attack, the former averaging over 206 with Hammacker hitting two double century scores. Higgins had two double century scores for the Hoopies.

The Moose also had a big night with scores of 942, 949 and 862. The Parks, on the other hand, failed to hit their stride. Phil Taylor with a 244 and Bill Reed with a 234 were high men for the Moose. Belleville A. A. had little difficulty with the Bachelors. Holmes's 214 was the only double century count in this match.

BIG ELKS UPSET

The big upset of the night was the double defeat suffered by the Elks at the hands of Junior Order. The "Hello Bills" were away off form while the Junior Order boys just kept plugging along. Beam with 183, 234 and 184 helped to upset the Elks.

Johnny Lawlor and his El Club had an easy time with the youthful St. Peter's quintet. The winners hit for 935 in the final game. Lawlor's 232 was high in this match. The Knights of Columbus won two out of three games from the last place Veterans of Foreign Wars quintet. But the Vets made a fine comeback in the final game, winning by a good margin after dropping the first two games. Byrnes Sr. had a 226 for the Knights in the second game. The scores:

Garden Notes

The Fall offers opportunity for the gardener although the same incentive is not offered as the Spring for getting out with the spade.

The Fall, in many respects, is the time of year for much of the planting. Shrubs and evergreens are best moved in the Fall. And every year most folks move some plantings just as they re-arrange the house furniture. Lawn repair, planting of spring flowering bulbs and setting most of the perennials is best done in the Fall.

Then, too, the planning for next season can best be done in the Fall. During the winter season it is harder to do the planning than if done now in the out-of-doors. The soil conditions are better in the Fall. Early Spring work in the wet soil does much damage.

The Fall is an ideal time to improve the soil in the perennial plantings. It is also a good time to work humus into the soil about the shrubs.

Then, and perhaps most important, the Fall is an ideal time to get a compost heap started since leaves form a part of most humus piles. If the pile is turned real late in the Fall most of the insect life will be destroyed. Winter freezing will also kill much insect life in late spaded flower beds.

Bloomfield Overhauling Belleville
Club In Northern New Jersey Pin League

LOCAL PLAYERS ARE ERRATIC

The Belleville Lions Club pinnners retained their lead in the Essex County Lions League by winning two out of three games from the Orange Lions quintet Wednesday night at Rogers alleys in Bloomfield. The locals made a fine comeback in this match. After dropping the first game by fifty-one pins they came back to win the next two games by overwhelming margins.

The Belleville five was erratic. Scholl started poorly but finished strong. John Dailey started great, slumped in the second game, but came back again in the final. Jeffery, like Scholl, rolled poorly in the first game, then hit 214 in the second.

The Steadiest

Vic Hart and "Steel" Mayer were the steadiest of the locals, although they both had mediocre scores in the second game. L. Johnson, of Orange, was the outstanding bowler of the match with 202, 174 and 238.

Belleville's lead in the County League is gradually dwindling. They are now out in front by only one game, with Bloomfield in second place and Passaic trailing Bloomfield by two games.

Vic Hart is leading the locals in individual averages, with George Mead in second place. However, Hart and Mead have not rolled in every game so the nominal leader is "Steel" Mayer who has a mark of 173-8 for fifteen games.

CLINTONS HANG

Conquer West Essex Dusters
With Ease At Belleville Park
Last Sunday

MALLACK RUNS SIXTY YARDS

The fast-stepping Clintons made it three consecutive victories Sunday afternoon when they took the West Essex Dusters into camp 26 to 6 at Belleville Park. As the score would indicate, the Clintons had little difficulty with the Essex Club.

The Clintons scored on the second play of the game when Marty Mallack circled right end for sixty yards and a touchdown. From this point on it was apparent that the Clintons outclassed their lighter opponents.

Late in the second quarter Ashworth intercepted a pass and ran to the West Essex twenty-yard line. Bungo Gorham then crashed through center for another score and Mallack added a point on a drop-kick.

The second half found the Clintons again running roughshod over their opponents. Howley and Gorham scored touchdowns in this period, both scores coming on short line plunges. Howley reeled off several pretty runs in the second half. A neat forward pass from Ashworth to Jimmy McCabe was also a feature.

The entire Clinton backfield played a great game and, as usual, the Clinton line displayed a strong defense. The defensive play of Otto and Petith at the end posts was also outstanding. Dodd was good for the losers.

The line-up:

Vince Dundee, Belleville's middleweight will battle Joe Reno, Trenton puncher, Monday night in the feature ten-round show at Laurel Gardens, Newark. The fight has been in the making for two years.

Dundee has been training each day at the Parkview Ringside in Newark. Each morning Vince does roadwork through the Forest Hill golf course.

Reno is at present training in Trenton but will arrive here Saturday morning for a light workout the next two days. Dundee has boxed the leading pugilists in the "cauliflower racket." His record shows three impressive decisions over Abie Bain and decisions over Pal Silver, Bucky Lawless, Young Ketchell, "Baby" Joe Gans, Izzy Grove and Billy Leonard.

Reno has also boxed highly rated boxers such as Young Terry, Young Ketchell and Billy DiAngelo.

The New Jersey State Athletic Commission, allied with the National Boxing Association, has picked Vince as the logical opponent for Mickey Walker's middleweight crown and insists that Walker fight him.

Loses Two Out Of Three To
Junior Order But Makes
Clean Sweep Tuesday

MAC NAIR AND WALDIE
STAR IN BOTH SERIES

The Belleville Elks opened their Bergen County League season with a clean sweep over the Westwood Elks Tuesday night at the Belleville alleys. Thursday night the Elks opened their season in the Morris and Essex League, dropping two out of three games to the championship Junior Order quintet at the latter's lanes in Elizabeth.

It was a tough series for the Elks to lose last Thursday night in Elizabeth. They dropped the first game by three pins after coming from behind in the ninth frame. The second game was a one-sided victory for the Belleville five. Then the Junior Order made a good comeback to take the final by 968 to 916.

The veteran Tom MacNair was outstanding for both teams. Tom rolled 203, 235 and 202 for an average of 213-1. Simijkal, anchor man of the Junior Order, also rolled three nice games. Dutch Faust averaged 187-2 for Belleville.

Westwood Easy

Although they did not roll high scores, the locals had an easy time with Westwood Tuesday night in a Bergen County League match. The locals took all three games by more than a 100-pin margin.

Charlie Waldie, who averaged 188 last season in the Bergen County loop, got off to a good start this season by turning in scores of 190, 225 and 179. Tom MacNair also rolled well, turning in scores of 189, 195 and 181. Grande hit a 225 count in the final game for Westwood.

Tonight at the Elks alleys the local "Hello Bills" will meet Rosville in a Morris and Essex League match. Tuesday night the Belleville quintet will journey to Bloomfield to meet the Bloomfield Elks in a Bergen County match. Bloomfield was the league champion last season.

Tom MacNair still leads in the Elks bowling tournament with a record of seventeen games won and seven lost. Waldie is second with eighteen won and nine lost.

A young man answering to the name of Bill Klemz narrowly escaped entering the Hall of Fame Friday night in one of the Manufacturers League matches at Ferrara's alleys. Klemz, who bowls for Tiffanys, toppled the maples for a count of 287 in the second game of a match with Federal Leather.

The highest ever made in the Manufacturers' League, this score enabled his team to set up a new high team mark of 1068 for the season. The latter mark is five pins shy of the 1073 made last season by Wallace & Tiernan.

Martin-Dennis still retain their hold on first place as a result of a triple win over International Ticket. Other matches found Tiffanys whitewashing Federal Leather in all three games, Thomsons topping the Jeffery and Mayer for a clean sweep, Sonneborn administering a similar drubbing to Atlas Fence, Hanlon & Goodman winning two out of three from Wallace & Tiernan, and Sweeneys taking the odd game from Hoyt Bros.

Severe Beating

The league leading Martin-Dennis quintet had little difficulty with International Ticket, topping the losers by more than 200 pins in the final game. Kuebler and Payne did some good pinning for the leaders, the former averaging over 196 for the night.

Hanlon and Goodman, who are making a gradual climb to the top, brought their season's percentage up to 500 by taking the Wallace & Tiernan five into camp in the odd game. Johnny Walker, of Wallace & Tiernan, was outstanding in this match, making scores of 212, 198 and 188. Bert Mooney rolled three games for the winners.

Sonneborns, the team which finished in the cellar berth last season, seems to be headed somewhere in this season. This team scored three easy victories over the Atlas Fence pinners. Stefanelli rolled for the Sonneborn five but was rolling anchor for the losers in the outstanding in the match.

Down, Down, Down

Thomsons came back to life to make a three-ply win over the Jeffery and Mayer quintet.

It was the first triple win of the season for Thomsons. The triple loss sent Jeffery and Mayer tumbling from second to sixth place. Charley Wendling set up a new record in this match. The Thomson star rolled three games without a hole or miss and averaged 200 for the evening.

Old-timers in the league believe this to be the first time in the history of the league that a man has rolled three successive games without a hole or miss. Art Mayer did some good pinning for the losers. Sweeneys rolled three good games, but the best they could do was to win two from Hoyt Brothers, the losers taking the first game by a score of 883 to 875. Brogan rolled 246 in the final game for Sweeneys besides two other fine games. Zimo Flynn also rolled well for the lithographers. Lind and Fisher were best for Hoyt Brothers.

Tiffanys, of course, had an easy time with Federal Leather; last year's champions winning all three games by overwhelming margins. Every member of the Tiffany quintet performed in fine style with Klemz of course outstanding.

Fritz did good work for the leathersmiths. In rolling his record-breaking score, Klemz had ten straight strikes and eight pins off in the eleventh. This 287 is a mark for the rest of the league to shoot at. Unless the unexpected happens Klemz will win high score.

Bowling Prize Money Goes To Community Fund

The Community Chest Campaign received \$30 from an unexpected source last Friday when the Manufacturers Bowling League, through the generosity of Bill Weyland, secretary, voted unanimously to donate money that was set aside to buy prizes.

Weyland was entitled to a bowling ball for getting high score of 267 last year. He declined the award but took its equivalent in money and added it to \$20 which a bowling ball manufacturer had refused to accept from him when he attempted to buy two other balls as league prizes.

The manufacturer, a friend of Weyland's made the \$20 gift personal, but Weyland, acting as secretary of the league believed that the Club should benefit. He had no trouble however, convincing other officials of the league that the \$30 should go to the Community Chest Fund.

The league leading Eagles fortified their lead in the Lions Club bowling tournament last Thursday night at the Elks alleys by winning three out of four games against the Starlings who were without the services, during the first two games of Captain John Carlough.

While the Eagles were having an easy time, however, the Owls and the Crows were battling beak and claw for the advantage. The Owls won the first game with the wide margin of sixty-three pins but found it not so easy to fly through their opponents during the next three games.

In fact they had their wings clipped in the second and third games and would have had every last feather taken out of them by a loss in the fourth if Cub Brasher had not rolled three straight strikes to tie the score in the tenth.

Two-frame Roll-off

It was at first thought that three strikes would win for the Owls but a mistake in the score of one pin was claimed and a two-frame roll-off was made to settle supremacy. The Owls won and thereby earned an even break for the night.

Carlough's 183 and Charrier's 159 were enough to beat the Eagles, Hart and Mead, in the last game. This kept the leaders from their second consecutive clean sweep. The previous week they scored four victories over the Crows.

Tonight two good matches will take place. The Eagles will oppose the Owls. If the latter team wins three games it will be tied for first place. A clean sweep would give undisputed claim to the berth but this is not expected as Vic Hart and Mead are a smooth working pair.

If Carlough appears for all four games another good battle should take place between the Starlings and the Crows. Both teams are tied, having won four games and lost eight. It will be an opportunity for one team to relegate the

other to obscurity. It would be possible for one of them, by making a clean sweep, while the Owls are losing four games, to go into second place. But this is not probable. The fourth set of games takes place tonight. Five more matches are scheduled.

TIFFANY BOWLING TEAM AWARDED FIRST PRIZE FOR 1929-30 PIN PLAY

Prizes for the 1929-1930 season of the Belleville Manufacturers League were awarded Friday night at Ferrara's alleys. John DeGraw, former Belleville Commissioner and prominent Newark attorney, presented the prizes and gave a short speech.

Tiffany & Co., winners of the league title last season were presented with a silver cup. Hanlon & Goodman, runners-up, received a smaller silver cup and Thomsons Machine also received a less elaborate cup for third place.

BALL WITH INITIALS

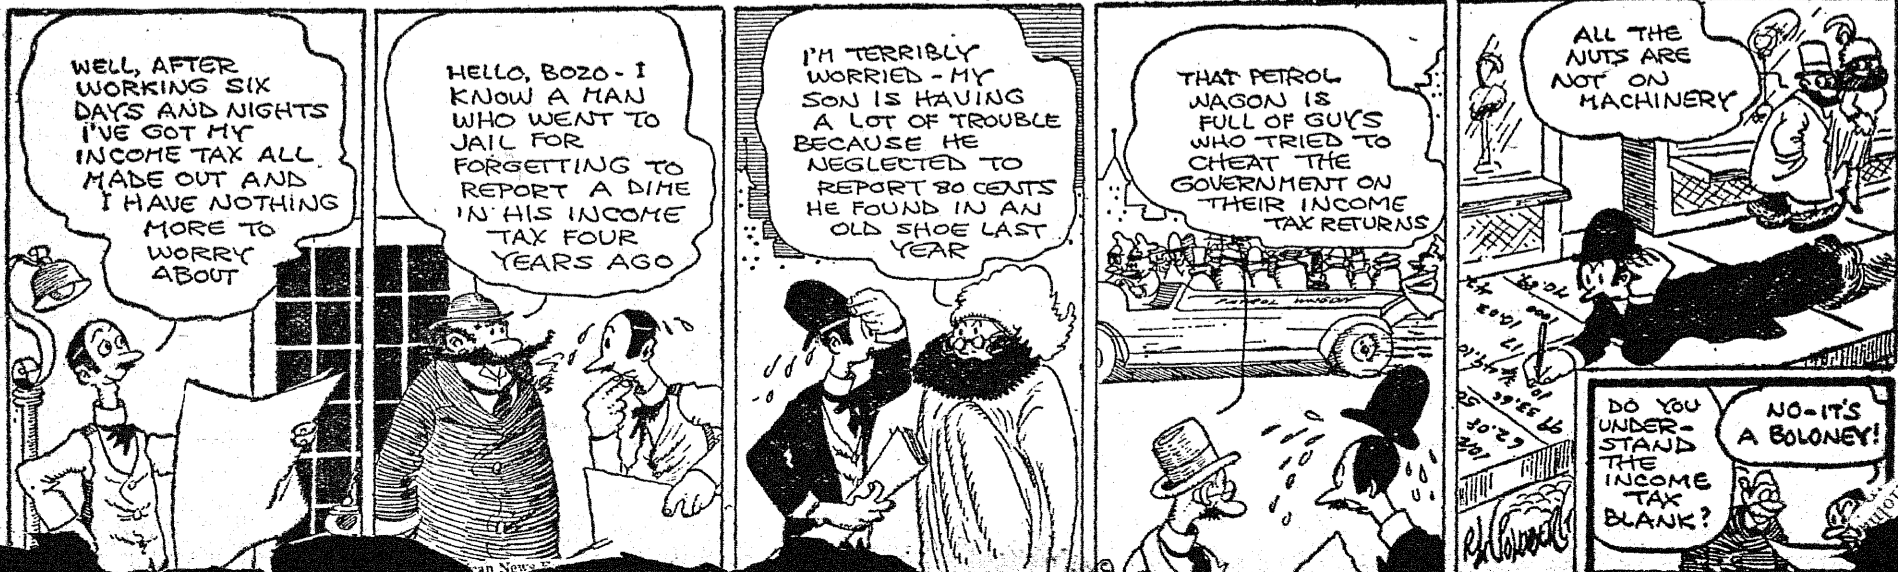

High individual average prize was won by John Mallack of Hanlon and Goodman with a mark of 178.61 for eighty-one games. He was given a black bowling ball, engraved with his initials. High individual score was won by William Brickman of International Ticket and William Weyland of Wallace & Tiernan, each having a mark of 267. Brickman was presented with a bowling ball. Weyland already having a ball, declined the prize.

Mr. DeGraw announced the prizes for 1930-31. They will be as follows: four silver cups for the first four teams in the league standing; a silver cup to the team having the highest score for the season; two bowling balls for the two highest individual averages providing the individuals roll in at least two-thirds of the games and roll the last fifteen games; two bowling balls to the two making

BOZO BUTTS—THEY DRIVE HIM NUTS

By RUBE GOLDBERG

Here and There

by Harry Metz

Those who braved the chill winds last Saturday to see Belleville High gridmen chalk up their second straight victory outnumbered West New York rooters three to one.

That's what we call spirit. It would not be so remarkable if Belleville had an undefeated eleven. Everyone will follow a winner, but it takes real sportsmanship to follow a loser. Until last Saturday the Blue and Gold was a losing combination. Now that the boys have won two consecutive games prospects seem bright for a successful season.

The Belleville boys were certainly a much improved team Saturday. It is true that they didn't win by an overwhelming score, but they played far better ball than they have shown all season.

The thing that pleased us most about Saturday's game was the forward passing of Mac Lamb. Although only completing three passes, the locals gained eighty-one yards. Lamb seems to be the only man on the squad who can pass a ball under fire. Also, he gained more than half of Belleville's yardage. The boy is a comer and it would not surprise us to see him getting State recognition next year. With the exception of Schummel we haven't seen a better back this year. It wouldn't be a bad idea if Gus Falzer came up here and looked at our "Albie."

Speaking of good backfield men, however, we have heard from a number of people that Sitarsky, Rutherford ace, is the cream of the lot. Sitarsky, according to reports, is a real triple threat. He can run, kick and pass with the best of them. Incidentally, a number of Belleville fans pick Rutherford to win the State championship.

Johnny Baney is one who picks Rutherford and Baney knows his football. Harry Calhoun is another who picks Rutherford to come through. However, before they can think of a State championship Rutherford must hurdle Ridgefield Park, an undefeated and decidedly formidable opponent.

Hats off to Willie Klemz, Tiffany bowler. Klemz hammered the old maples for a 287 count last Friday night. His phenomenal game is a record score for the Manufacturers' League and for a good many other leagues. Last season he had a mark of 278 in the American Legion League. Next thing Klemz will roll a perfect 300.

The race in the Manufacturers' League is unusually close this year. For the past two seasons Tiffany's have had things pretty much their own way but competition is keener this year. The "Jewelers," as a consequence, have not been in first place as yet.

Getting back to football again. We look forward to a great game Saturday when the Blue and Gold eleven opposes Irvington at Clearmar Field. The Irvington eleven is fresh from a 6 to 0 victory over Asbury Park, one of the big upsets of Saturday's schoolboy football. Asbury were state champions last year and until Saturday were undefeated.

It sounds bad for Belleville, but the Blue and Gold should conquer even though comparative scores put Irvington ahead. Central defeated Belleville 19 to 0, Irvington played Central to a scoreless tie and therefore, on paper, look to be nineteen points better. Worry about these facts if you want—we are not! Belleville has improved in a big way since the opening game.

The only way Irvington will defeat the Blue and Gold is by the aerial route. Irvington lacks a strong running attack but has a formidable forward passing game. Belleville can break up their passes and sneak in a couple themselves. Coach Erikson's boys will talk up their third straight victory.

LAMB STARS AS WEST NEW YORK GIVES WAY TO BLUE AND GOLD

The fast-stepping Belleville High football team made it two consecutive victories Saturday afternoon at West New York when they humbled the eleven of that town by a 13 to 2 score. It was a much improved team that took the field Saturday. From the start it was apparent that they outclassed the Hudson County boys. Belleville made nine first downs to their opponents' two.

The Blue and Gold scored four minutes after the opening whistle. West New York kicked off and Belleville took possession on their own forty yard line.

Casale failed to gain on an end run in the first play and a forward pass on the second was grounded. On the next play Mac Lamb sent the Belleville rooters into an uproar by shooting off left tackle for twenty-five yards and a first down.

FUMBLE GAINS

He fumbled on the next play, but Casale recovered and the play netted three yards.

Lamb went around right end for a yard. Plenge added two more on an off-tackle play and Leadbeater, making his initial start in a Blue and Gold uniform, plunged for three yards. The first down was missed by a foot however, and West New York took the ball on their own twenty-one yard line.

Two plays lost five yards and West New York kicked, only to have the ball float right back to the twenty-one yard line on the wings of an adverse wind.

Two plunges by Nick Bonavita and Lamb netted five yards. Then Lamb circled around left end for seven yards and a first down. Fritz Plenge made a yard, but Casale fared better with a nice end run that brought the ball within one foot of a touchdown. Casale then plunged through center for the first score. Galluba's try for the extra point fell short.

26-YARD PASS

The rest of the first quarter found Belleville still outplaying their opponents. On one occasion the Belleville eleven had the ball on their opponents' fourteen-yard stripe as the result of a twenty-six yard pass from Lamb to Jerry Bonavita. It was a great opportunity for the locals to score but two off-side penalties ruined them.

The second quarter also found the Blue and Gold playing a great game. Mac Lamb and Jerry Bonavita made several brilliant tackles in this period, resulting in losses of eight yards for the Hudson County eleven.

Belleville made two first downs while their opponents could make none in the second quarter. The New Yorkers did not even come close to a first down in the entire first half and but for some great kicking on the part of their fullback, would have found themselves completely submerged.

CAUSE FOR WORRY

The start of the third quarter made Belleville fans uneasy. Belleville kicked off and West New York took possession of the ball on their own thirty-two yard line. Two line bucks netted three yards.

Ezito then kicked a beautiful sixty-five yard kick over the goal line. Santamassimo, playing safety for the locals, touched the ball before it went over the goal line and then was tackled behind the line for a safety making the score 6 to 2.

Belleville kicked from the twenty-yard line and when a West New York back fumbled Harold Bade recovered on their forty-five yard stripe.

Three successive line bucks netted only five yards.

This made it fourth down and five to go. Mac Lamb then threw a pass, after dodging several tacklers, straight into the arms of Jerry Bonavita. The latter ran to the thirteen yard line. Fritz Plenge then shot off left tackle for eleven yards and another first down.

With the ball on the two yard line and four downs for a score Nick Bonavita plunged off right tackle for a touchdown. A forward pass Lamb to Jerry Bonavita resulted in an extra point and the score was Belleville 13, West New York 2.

Belleville kicked off and the home eleven took the ball on their own forty-five yard line. Finding it impossible to penetrate the Belleville forward wall, Ezito dropped back to kick. The latter got off another good boot which traveled sixty yards and over the goal line, Belleville taking the ball on the twenty yard marker.

Jerry Bonavita kicked to the opponents' forty-yard mark. West New York then came to life for a moment and made their initial first down with a nicely executed double pass, but Ezito was forced to kick and Belleville took the ball on the twenty-one yard line as the third period ended.

OPPORTUNITY LOST

West New York had on the first three plays. Jerry Bonavita kicked, but it went outside on the Belleville thirty-two yard marker. It looked like a good opportunity for the Hudson County boys to score, but a beautiful tackle by Jerry Bonavita, sending Ezito for an eight yard loss, killed their chances. The New Yorkers then kicked to the Belleville forty-yard stripe.

The Lamb to Jerry Bonavita combination got to work again and a neat twenty-five yard pass brought the ball into West New York territory. An end run by Lamb shortly after brought the ball to the thirty-yard line, but the home team braced at this point and regained the ball on downs.

An exchange of kicks gave Belleville the ball on their own forty yard line. The Bell Boys threw several forwards which were grounded and then kicked to the New Yorker's forty yard stripe. The Hudson representatives resorted to the air route in a last minute attempt to score. Most of

the passes were grounded, but in the closing minute one was completed for a fifteen yard gain which made it the second first down of the day for the opponents.

Mac Lamb was once again outstanding for the Blue and Gold. It was mainly through his individual efforts that Belleville scored both touchdowns. His twenty-five yard slant off tackle in the first half was responsible for the first score and his unerring pass to Jerry Bonavita resulted in the second touchdown. Besides this Lamb made several sensational tackles, throwing opposing backs for loses from his defensive halfback post.

Jerry Bonavita gave his best performance of the year. He played a fine defensive game, caught three passes and kicked in great style. Captain Lou Galluba, whose playing in the first four games was below last year's form, played by far his best game of the season. Harold Bade, Ralph Casale and Chuck Plenge played good football. The entire Belleville eleven played better ball than in any game this season. Ezito was outstanding for West New York. The line-up:

Fewsmith Men's Club vs. Montgomery at Fewsmith alleys.
Dutch Reformed vs. Fewsmith Presbyterian at Montgomery alleys.

Fewsmith Presbyterian are undisputedly in first place in the Church League as a result of the matches last Thursday night at the various church alleys. The league leaders kept their record clean by scoring a clean sweep over the Italian Baptist outfit.

Other matches found Grace Baptist winning the odd game from Fewsmith Men's Club, Christ Episcopal winning two out of three from Dutch Reformed, and Christ Reformed taking the odd game from Montgomery.

Fewsmith players were fortunate Thursday night. They had poor scores, but the Italian Baptist men were worse. The league leaders failed to hit 800 in any of their games.

Grace Baptist kept up their good work by defeating Fewsmith Men's Club in two out of three games. The Baptist pinners hit 917 in the first game. Wilson had the best scores for the winners with Woodruff featuring for the Men's Club.

Won Two Out Of Three

Christ Episcopal made a fine comeback over their showing last week when they lost three games. The Episcopal pinners took Dutch Reformed into camp in two out of three games. Both teams averaged well over 800 for the evening.

"Garry" Garrabrant of Christ Episcopal hammered the maples for scores of 189, 207 and 196. De Mayer and Fred Ford also had good scores. Walter Price and Bill Killop both rolled well for the Reformed.

Christ Reformed, although winning two out of three from Montgomery, outclassed their opponents, rolling three fine scores. Corwin and Bill Buttons knocked down the maples in convincing style for the Reformed five, the former having two double century scores. Fred Harris rolled well for Montgomery.

AIR ATTACK BY GRAY EAGLES DOWNS UNKNOWNNS

The Gray Eagles captured their sixth straight victory of the season at the No. 7 School field, Belleville, Sunday, a strong aerial attack rolling up a 19-0 score over the Belleville Unknownns. The Eagles' total now stands 134 points to opponents' 0.

The first score came as an indirect result of a long pass to Bridges who was downed on the thirteen-yard stripe. A pair of line bucks made it first down on the Unknownns' two-yard line, and after failing to gain the necessary yardage in three downs, Blumenshine finally went over the line on last down.

A forward to Domeleski, who snared the ball over the goal line, accounted for the second six-point-er in the second period. The third quarter saw the Unknownns at their best, holding the play in mid-field. In the final period Domeleski caught another forward from Giron and raced for the Eagles' last score. A flat pass to Blumenshine made good the extra point. The Eagles turned in a steady game, each player coming in for share of credit in the hard-fought win. The line-up:

Gray Eagles	Unknownns
R.E. Domeleski	Ellis
R.T. J. Blumenshine	Scarpelli
R.G. F. Romanski	Musto
C. Levendusky	Stellatella
L.G. Sheppard	Seratella
L.T. J. Romanski	Johns
L.E. Kuchinski	Lupo
Q.B. Giron	Benny
R.H. Wieder	Scarpelli
L.H. Bridges	Austin
F.B. T. Blumenshine	Debrowski

Touchdowns: Domeleski 2, T. Blumenshine. Point after touchdown: T. Blumenshine (pass from Giron). Substitution: Alicknovic for Kuckinski.
