Harry C. Naylor was elected the second president of the Belleville Republican Club at the annual meeting held Monday night in the Masonic Temple. The club is embarking upon the second year of its existence and in its election of officers for 1931 it has recognized the leaders of the party in this town and county.

Floyd F. Bragg, retiring president was named as a possible candidate to succeed himself but Mr. Bragg declined the honor. He was elected a trustee to serve for a period of three years, however. Other trustees elected for a three year term were Mayor Samuel S. Kenworthy and James L. Davidson, former commissioner and director of the department of finance and revenue.

Henry V. E. Jacobus was elected vice-president and Louis G. Davenport, secretary, succeeding Lawrence E. Keenan. Stephen J. Weir was re-elected treasurer. Other trustees elected were Commissioner W. D. Clark, Town Attorney John B. Brown and Motor Vehicle Agent William Abramson for a term of two years.

Commissioner William H. Williams, Freeholder Joseph King and H. C. Wortman were elected trustees for a term of one year.

Assemblyman Homer C. Zink was appointed counsel by the club.

A record gathering was present at the meeting and considerable interest was displayed in the outcome of the election.

Mayor Kenworthy spoke briefly on the unemployment situation in the town and suggested that the club sponsor some kind of a benefit performance. Harry C. Wortman was named chairman of a committee to arrange for a benefit performance which will be held in February and at which the colored boys' band of the State Industrial School at Bordentown will be featured.

UNEMPLOYED WILL BUILD SKATING RINK AT RIVIERA

Mayor Kenworthy announced to the press last night that he had secured permission from Otto Volcaning, principal owner of Riviera Park, to convert the old race track at the park into a skating rink. This work will be done by unemployed workmen and when completed will be opened to the public for ice skating. An admission fee of ten cents will be charged all children and adults will be assessed twenty-five cents. The money received from admissions will be used to swell the Mayor's Unemployment Relief Service fund.

THREE TOWNS WILL STUDY SEWERAGE CONDITIONS

A resolution was adopted by the Belleville Board of Commissioners at their meeting Tuesday night authorizing the retention of Clyde Potts, consulting engineer, to conduct a survey of the sanitary sewer conditions in the north-west corner of Belleville where the town is joined by Bloomfield and Nutley. This action followed a joint meeting of representatives of the three towns held in Belleville Monday afternoon. Due to topographical conditions in this area some provision must be made for the adequate disposal of sewerage and it is believed that the best results can be achieved through the co-operation of the three towns. The suggested improvement would cost approximately \$30,000.

Ordinance Appropriating \$12,- 000 For Improvement Passed Final Reading

WILL NOT CHANGE DISTRICTS

The ordinance authorizing the opening of Forest street from its present terminus north of Greylock parkway to the Nutley town line was passed on final reading by the board of commissioners last night. This improvement, which opens another through street to Nutley, a valuable improvement, will be made at an estimated cost of \$12,000. This sum was appropriated in the same ordinance.

A communication from the county board of elections was read informing the commissioners that that the application to change the dividing line separating the second and fifth districts of the Fourth Ward was denied after the two Republican members of the board voted "yes" and the two Democratic members voted "no." This application was filed with the county board on December 11 by a group of objectors in the fifth district who stated that it would be more convenient for them to vote at the polling place in the second district than at that designated for their own district. The Democratic organization in the

COMMISSIONERS GREET TOWNSPEOPLE ON NEW YEAR

In greeting the residents of Belleville with expressions of good wishes for the New Year, Mayor Kenworthy said:

"The happiest New Year I can conceive for the people of this town is to urge them to dedicate their efforts for aiding in the relief of those residents of Belleville less fortunate than themselves."

The Mayor and Commissioners Clark, Waters, Williams and Caragher asked this newspaper to extend to the people of Belleville and their many friends elsewhere who may see this brief notice, their best wishes for a happy, healthful and prosperous 1931.

UNEMPLOYMENT RELIEF GROUP GETS \$600 FROM BENEFIT SHOW

The Mayor's Unemployment Relief Service fund was increased by about \$600, the result of the benefit performance held at the Capitol Theatre through the courtesy of Warner Brothers Sunday night. Approximately 1,200 people were present at the performance. "Rio Rita," the motion picture version of the popular stage presentation of the same name was the principal attraction. This was supplemented with pictures of the Belleville-Nutley High School football game which was held for the benefit of the unemployed December 6. William Gilchrist and Harry Curry, two Belleville firemen, entertained with instrumental selections.

Mayor Kenworthy, who is devoting much time to the ad-

ministration of the Relief Service activities, told this newspaper that the bank balance of that group is now about \$1,000. Since the Service started to function about two weeks ago more than 150 men and women have been given temporary employment.

The average daily payroll runs about \$200. At this rate the bank balance will last just five more days.

The Relief Service has been working the unemployed in shifts of three days on and three days off. This enables the Service to give assistance to twice the number it normally could if the same men and women worked six days a week. Mayor Kenworthy said that in the near future three shifts

of two days each will be inaugurated.

The public has been rather lax in its response to the appeal made by the Unemployment Relief Service for odd jobs. Not more than a half dozen householders have appealed to the Service for part time workers within the past two weeks. Coupons have been published in this newspaper for the past three weeks and these are being repeated in this issue of THE TIMES. The public is urged to make use of these coupons in applying for workers.

Mayor Kenworthy reported that old clothing has been received in copious amounts and these articles of wearing apparel have been distributed to many of the needy. There is a great demand for shoes, many of these in dire need having no soles to their footwear.

THREE APPOINTMENTS SANCTIONED AT MEETING OF

Three appointments sanctioned by the board of commissioners at their meeting Monday night will take effect tomorrow, January 1.

Mayor Kenworthy reported that F. Hickok for re-appointing the sinking fund commission for three years has been affiliated with the mission for fifteen years. The present time is temporary.

Commissioner Mrs. Mary W. Kenworthy was appointed as custodian for a term of three years. Mrs. Welsh has been re-appointed for a term of three years.

Commissioner O'Connor was re-appointed for a term of three years. The name of the re-appointed inspector for the fire department is O'Connor.

AMTS ASKED KEEP GRANT

Avenue Resident De- sires Dismissal Of Town Employee

THE TIMES has been requested to publish this letter, a copy of an original addressed to Commissioner Williams by Frank J. Mahn of Brighton avenue. The communication fully explains its purpose.

Dear Commissioner: I have come to my attention through the medium of the public that more heads are about to be shaved in Belleville's Department of Finance, of which you are in charge. While I am writing in a manner which may be critical, I want to assure you that my friendliness alone prompts me to realize you are big enough to appreciate constructive criticism and if I were not assured of your thorough my few contacts with

you, I would not attempt this letter.

I voted for you at the last municipal election, because you were recommended to me very highly by Commissioner Carragher. I, together with many other Carragher partisans, were very happy over your election, because we felt that Carragher would have someone to help him on the Board. Up to the present time I feel that you have lived up to our fondest hopes.

Commissioner Carragher has been elected high man in the last two municipal elections. It seems to me, as an outsider, who doesn't profess to have any political knowledge, that this old gentleman should be left with something. I understand his official designation now is "Janitor of the Town Hall," due to the fact that everything has been taken away from him but his mustache, iron hat, self respect, and a desire to see that everyone gets a square deal. I understand that of all of Commissioner Carragher's appointees there are left in the Town Hall only two, Mrs. Dorothy Clark, who operates a switchboard and acts as his secre-

tary, and Edward Grant, who is connected with your department, and who, according to newspaper accounts is slated to go.

I realize it is useless to butt one's head against a stone wall, and for that reason I attempt nothing in the defense of Mrs. Clark, because she was recently placed under control of the entire Board, and as the three horsemen apparently have no love for Commissioner Carragher, or anyone who goes within twenty feet of him, nothing that might be said by me would have any affect in blocking her dismissal. I do, however, appeal to you as an unbiased, fair and impartial man to reconsider your decision to let Mr. Grant go. Of some gentlemen we may expect anything. We certainly do not expect, however, that you, above all will be the one to nullify Commissioner Carragher's last left appointee. I understand Mr. Grant has discharged his duties in the highest degree of propriety, and that he is being let out only to make room for a more deserving political ally.

I have heard many citizens of this town speak of Mr. Grant in the highest terms for the way he discharges his duties and for the friendliness which he extends to everyone who comes into contact with him. I also understand that he acts as Italian interpreter, and smooths out many rough spots for our Italian citizens who cannot understand why their taxes are so high, and who leave the Town Hall with a smile and a receipted tax bill in their pocket.

Might I suggest to you a Christmas present for Commissioner Carragher which might be presented with the following words, "Frank, they've taken everything away from you around here but Grant's appointment. It's a good thing he's in my department so they can't take that away too, and I'm going to keep him, just as a little Christmas present to you."

I'm sure that Commissioner Carragher and his many friends will appreciate and not soon forget your Christmas message. Yours sincerely, FRANK J. MAHN.

Christian Endeavor Will Observe Anniversary

Reformed Church Society Plans Two Months Program

Local Unit Was Organized Forty-Eight Years Ago By Rev. Brocaw

GOLDEN JUBILEE BANQUET

The Christian Endeavor Society of Belleville Reformed Church will celebrate its forty-eighth anniversary during 1931, having been formed February 3, 1883, by Rev. Brocaw, who was pastor at that time. The first meeting was held just two years after the founding of the first Christian Endeavor Society in the country by Dr. and Mrs. Francis Clark in the Williston Congregational Church of Portland, Me., in February, 1881. The year 1931 will find the society represented all over the world and celebrating its fiftieth anniversary, with Dr. Daniel Poling, president of the International Christian Endeavor Societies as its leader.

Two Months Program

Rev. John A. Struyk, present pastor of Belleville Reformed Church, has prepared his society for its forty-eighth birthday celebration. The program for the next two months follows, the society's theme for that period of time being, "My Society a Witness for Christ," which will succeed the theme used for November and December, "My Life a Witness for Christ."

During the first week each member will study the needs of local unfortunates and make a report to the society and church regarding them. On January 4 the organization will have a special speaker, who will be announced later.

Each member will share the pleasure of Christian Endeavor by trying to win at least one new member to Christ during the second week. Miss Ethel Johnston will be in charge of the service January 11 and will use as her topic, "My Idea of What a Young Man Ought to Be."

The third week of January will see the society members busy at prayer for better prayer meetings, as well as for missionary and social committees. "My Idea of What a Young Woman Should Be," will be the subject January 18, when Miss Ruth Struyk will conduct the meeting.

Golden Jubilee Week

The members will pray during the fourth week for the devotional

standard of their prayer meetings. The Christian Endeavor Golden Jubilee Week will start Sunday evening, January 25. Miss E. Gerow will lead the meeting. Her topic will be "What My Denomination Means to the World." A special feature will be presented in the form of a playlet entitled "Help, Help!" The young people will then attend the evening church service in a body and some of the society members will assist the pastor, who will preach on "Denominations."

"Society Day" will be the fea-

ture on Monday, January 26, when a special program will be presented. Societies from all over Essex county will be represented at "Long-timers' Day," Tuesday, January 27. A few of the old-timers will give short talks and there will be special music and a recreational hour. Fellowship Day will be celebrated Friday, January 30.

Anniversary Banquet

In leading the society prayer meeting Sunday, February 1, Miss Louise Spatts will choose for her topic "The Christian Endeavor Society in the Program of the Church." On that evening also the organization will have full charge of the church service in celebration of Christian Endeavor Day. During this week members will prepare two minute talks on the Essex County Christian Endeavor

classes. The Golden Jubilee Week will come to a close Monday, February 2, with a banquet in honor of the double cause for rejoicing, its own forty-eighth birthday and Christian Endeavor's fiftieth anniversary.

"What is Implied in 'God is My Father'" will be the topic of a special speaker on Sunday evening, February 8. The society will offer prayers for its treasurer during the second week of February.

The weekly hour will be in charge of Miss E. Bauman on February 15. Her message will be "What is Implied in the Church as a Family." Work done during January will be reviewed.

Mr. Goodale will have for his topic February 22, "Every Christian a Missionary," and work done during February will be gone over.

PASTOR'S HOME ENTERED

Sergeant Schurr and Patrolmen Christiano, Scott and Rowe hurried to the home of Rev. Benedetto Pascale, pastor of the First Italian Baptist Church, 10 Florence avenue, at 6:45 o'clock Sunday night to investigate a burglar scare. A neighbor claimed to have seen the shadow of an intruder in the house while the pastor and his wife were in the church. The police found that a front window had been forced open but nothing had been taken.

AUTOMOBILE DOLLAR WORTH MORE TODAY THAN DOLLAR SPENT FOR LIVING

Novelties that strike the eye instantly, and design changes for the study of which the show visitor will have to go to the stripped chassis exhibits, are heralded for the 1931 Newark Auto Show by motor car distributors who have been studying the new models in the great automobile plants of the middle west.

"The reports they bring back, emphasize the truth of the statement made in a recent survey, to the effect that in terms of the 1914 dollar, the automobile dollar is worth today 122 pre-war cents as compared with a cost of living dollar worth only sixty-six cents," said Claude E. Holgate, show manager. "In other words, twice as much value is obtained from a dollar expended on automobile purchases, as compared with expenditures for articles used in computing the average cost-of-living budget."

"The Newark distributors who have visited the factories, report not only the adoption of thoroughly tested devices, which add to the appearance and comfort of the car and increase the purchasing power of the buyer's dollar, but they also report important design changes which will lengthen the life and reinforce the safety of the car, beside decreasing the cost of operation."

Freelance's Column

ought to be something easy in this column this year, really, folks, there is new about Christmas to be. We have been playing up this for about 2,000 years by man or woman who can something new, certainly to get into the Hall of

recall that when Comman-Pearry discovered the North Pole the New York Sun made an editorial observation something like this: "Now that the North Pole has been discovered, there is nothing left to do."

The Sun was wrong. There have been marvelous things accomplished since then, notably the invention and perfection of the radio and the aeroplane, with the short skirt for women winning honorable mention.

We ought to be glad that we are living in a country where Santa Claus still visits us the night before Christmas and comes down the chimney with a pack of toys for good children. All that sort of business has been cut out in Russia. Over there they stood Santa with his face to the wall and a firing squad did the rest. No churches, no Santa in Russia anymore.

Here is a word of good cheer for the Christmas season, however. In New York the professional bootleggers have officially announced a slash in prices. To stimulate the holiday trade, they announce that rye whisky may be had for \$65 a case, Scotch for \$55, gin for \$55, champagne for \$85, cognac and brandy for \$70.

These prices are forty per cent lower than last year owing to the fact that during the past twelve months quite a few competitors have been killed off.

There is comfort also for the decent citizen who is not interested in wet goods. Although turkeys are about two cents a pound higher than they were at Thanksgiving time, a general survey of the country shows that all food stuffs are down about eleven and a half per cent below the prices last Christmas.

About the only things that have gone up this year are fresh eggs, sugar and canned salmon.

During the past month oranges have dropped twenty-four per cent, potatoes and cabbage six per cent, butter five per cent. Sirloin, round steak and chuck roast are three per cent cheaper.

And the great news is heralded that pork chops have tumbled thirteen per cent in price during the last three months.

One thing that has not gone down during the year is appendicitis. The old rates for incisions still hold. According to the last ticker report it is \$150 for prime cuts. So the surgeon who greets you with a Merry Christmas is only kidding you.

hospitals are finding it increasingly difficult to take care of the indigent sick under the present business conditions. Reports show that many hospitals are giving nearly fifty per cent of their services free to the needy sick and there has been a ten per cent increase in the demand for free service. A great many people who formerly were able to pay for hospital service are now obliged to apply for free treatment.

The most cheering Christmas news we have heard is that many physicians of our own community have been and are now attending needy families without making any charge for their services.

It may be true that there is no Santa Claus in Russia, but thank heaven, Virginia, the spirit still lives over here.

One of the big men in the rubber business passes out the valuable tip that in the wintertime it is a good idea to lower the air pressure on your automobile tires. He points out that soft tires will hold to the roadway better and will

greatly reduce the chances of skidding on slippery pavements.

The same man says that the frequent starting and stopping of a car is what plays havoc with tires. If a tire could be run constantly without stopping or starting it would probably last for 100,000 miles.

New Jersey newspaper circles got a surprise last week upon learning that all three of the weekly newspapers in Somerville had been merged into one publication to be known as the *Somerset Messenger-Gazette*, to be published, beginning January 6, as a semi-weekly. The consolidation was promoted by Frank A. Robert-

son, former publisher of the *Washington Star*, and at one time president of the New Jersey Press Association. This merger simply follows the trend of the times among the larger newspapers of the country but it is the first merger of consequence among the weeklies.

The oldest of the three newspapers in Somerville is *The Messenger*, which is 110 years old, and the three newspapers represent a combined age of 261 years. This is a long time as single life is measured. Now we will see what they can do under the Ben Lindsley plan.

CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

Fletcher's
CASTORIA

Aunt Mary was telling us the other day of a woman who kept her bread in the cellar. When she bought a loaf of bread she had a way of throwing it down cellar rather than make a trip down the steps. One day she came home with a loaf of bread and a dozen eggs. She went to the cellar door to throw the bread down stairs, as was her usual custom, but unfortunately had her mind otherwise engaged. The result was that she retained the loaf of bread under one arm and threw the eggs down the cellar steps.

Which is a pretty rotten Christmas story.

New Jersey is, next to Rhode Island, the most densely populated state in the Union. And, judging by the way our people vote at times, we are even denser in other respects.

There is a prevailing opinion that gold coins of the United States cannot be defaced and made into pieces of jewelry. This opinion is not correct. There is no law against defacing a United States coin but there is a law, however, against putting a defaced coin back into circulation.

New York City brags a lot about her wonderful sky-scrapers and big bridges and other things, but just now she is not doing much bragging about her judiciary or police department.

You might put it down in your diary also that during 1929 there were 350 murders in New York City and not one person from the five boroughs went to the electric chair.

It has been found that \$112,000,000 is missing from the Bank of United States in New York City and Max B. Steuer, counsel for 1,500 depositors, says he is going out in quest of it.

Finding the missing Judge Grater will be easy compared to finding that missing \$112,000,000.

A young man of our neighborhood got married recently and went south on a honeymoon trip. Down there he lost both his bride and his car.

A lucky break for him. He ought to be able to save plenty of money this winter.

EDITORIAL DRAWS ONE OBJECTION

S. Yeatman Scolds Editor Of
The Times For Recent
Expression

The carbon copy of a carefully edited letter addressed to the editor of THE TIMES was received at the office of this newspaper. The letter was signed by "S. Yeatman" but no home address was given. The town directory revealed a Samuel M. Yeatman residing at 384 Stephen street. Mr. Yeatman's letter is published herewith:

read over and over, in an endeavor to see what there is to be gained, either for your paper or your self respect.

If it be to ridicule your competitor, the experience of men who have sold goods for forty years and more, is that such tactics have not resulted in booking more but fewer orders.

Now if your object (which is

more apparent) be, to belittle or embarrass the young man, the business manager, personally, it is regrettable.

On the very eve of the day, that has been observed as the day of good fellowship; long before the Herald Angels sang announcing the Prince of Peace and good will; you, instead of letting the Dove of Joy and Peace hover over him and his

family, have sent the bumblebee of disturbance.

We have no criticisms to make for speaking one's mind to any who have deliberately injured or offended, but to remind one of adverse conditions which they could not avoid, is detestable.

I would rather steal from Dives' table than sneer at Lazarus for having to beg the crumbs. I'd rather smite the face of my friend for cause, than wound the feelings of my known enemy.

Read the editorial in this competitor's paper, "A Merry Christmas," and compare it with yours in question. Then think of Bobbie Burns and look in the mirror.

Our estimate of this "Bright Young Man" is, if it were required to take on three, or four jobs that he might promote the comfort and welfare of his family he is man enough to do it. If his job as business manager is not lucrative enough, we are too dense to see

second district opposed the change.

A resolution was adopted in compliance with a request made by the League of New Jersey Municipalities expressing the opposition of the commissioners to Senate Bill No. 262 as submitted by the Abell Commission. Briefly, this bill provides that all dedicated funds must be first passed upon by the legislature before being directed to the various municipalities. It is the contention of the League that such a clause would tend to place dedicated funds at the mercy of political maneuvering.

'1930'

Nineteen hundred and thirty is passing into the ages. At the stroke of midnight tonight the old year with its cares and troublesome times will be no more. For many of us 1930 has been a year of difficulty and disappointment but we should let all that pass with the old year. Tonight is the time of resolutions, many of which are never kept for more than a day. Let's try something new. Instead of making resolutions to be forgotten, let's forget the seamy side of 1930 at the very outset of 1931. We can all pull together to make the new year the best year of our lives. As the foundation of our new structure let us keep in our memory all the pleasant things which have happened during the past twelve months.

Glancing back over the pages of THE TIMES published during the passing year we find that the year started off in an uproar over the school situation and William Watson Stewart was appointed on January 6 a member of the Board of Education by Mayor Samuel S. Kenworthy. Mr. Stewart replaced Paul J. Holberg.

On January 7 Mrs. Lucy Bootes was appointed overseer of the poor by the commissioners. Mrs. Bootes, whose term of office runs for a period of five years, replaced William J. Hirdes who resigned after ten years of service.

Thirty-one citizens met at the Town Hall in the evening of January 15 to discuss town planning. Herbert S. Swan, zoning and town planning expert, addressed the meeting and offered numerous suggestions for important improvements.

Daniel Perry Coryell, a resident of Belleville for thirty-two years, and one of the town's outstanding citizens, passed away on Monday, February 3, in his eighty-fourth year. The death of Mr. Coryell caused a great loss to the town for he was vitally interested at all times in local church, civic and social affairs.

Commissioner William H. Williams announced his candidacy for a seat on the Board of Commissioners, February 5.

Dr. Frederick Starr Bootay, school and town physician, passed away at St. Barnabas Hospital, Newark, Thursday, February 13. Dr. Bootay's death resulted from a pelvis injury which was caused when he fell on a stretch of icy sidewalk.

Percy Karrer was announced the winner of the big circulation campaign conducted by THE BELLEVILLE TIMES, the results of which were made known Saturday, February 15. Mr. Karrer was awarded \$1,200 in cash which he selected in lieu of a Buick. He had earned a total of 21,167,400 credits. Several thousands of dollars worth of other prizes were distributed among the leaders in the campaign.

Miss Martha Williamson, a teacher since 1883, and a member of Belleville's school system since 1887, retired as vice-principal of School No. 2 on March 17.

The voters of the town elected Samuel S. Kenworthy, William D. Clark, Patrick A. Waters, William H. Williams and Frank J. Carragher to serve for four years as members of the Board of Commissioners on Tuesday, May 13. Commissioner Clark ran high with a total of 5,072 and Commissioner Carragher was second high, polling 4,976 votes.

Rev. E. J. Field, rector of St. Peter's Church, observed the silver anniversary of his ordination as a priest at a special Jubilee Mass at St. Peter's Church at 10 o'clock Monday morning, June 23. A jubilee banquet was served immediately after the mass in the school auditorium.

Fire Chief William T. Hirdes was appointed to serve as full time head of the fire department by the Commissioners at their meeting on June 24. Chief Hirdes has been affiliated with the Belleville fire department since 1900, serving first as a volunteer fireman.

John F. Coogan, Jr. was named acting tax assessor, at a salary of \$3,000 a year, at a meeting of the Commissioners, July 22. Mr. Coogan succeeded James L. Davidson whose term expired July 1.

More than 950 kiddies enjoyed the annual Elks' outing at Olympic Park on Monday, August 4. Joseph Reilly was chairman of the outing and provided plenty of good things to eat as well as a day full of amusement.

Roy W. Brooks, former tax collector, was suspended Tuesday, September 2, by Commissioner William H. Williams, director of revenue and finance. Mr. Brooks' suspension followed the declaration by Commissioner Williams that 1,284 tax bills had not been delivered during the past four years.

The Belleville American Legion elected Arthur H. Christie commander of the local post at a meeting held Monday evening, September 15.

The New Jersey State League of Municipalities comprised of representatives of 160 towns, cities, boroughs and villages in this State elected Mayor Samuel S. Kenworthy its president at the annual meeting held in the Alexander Hamilton Hotel, Paterson, September 25.

Mrs. Porter F. Sheldon was appointed a member of the Board of Education by Mayor Samuel S. Kenworthy, Monday, October 20. Mrs. Sheldon succeeded Mrs. Judson K. Stickle who resigned.

JUST HUMANS

"Aw, He's Just Pretending He's With her"

The 1930 Community Chest drive for funds was started at a dinner at which more than 150 workers were present, Tuesday evening, October 28. The dinner was held at the Elks' Home and the workers started off with a bang in the campaign to raise \$19,400.

In a letter dated November 13 and addressed to THE TIMES Walter Price suggested a post season football game between the high school teams of Nutley and Belleville. The proceeds of this game, it was suggested, would be used to help the needy and unemployed of both towns.

During the week of December 1, members of the Christmas Clubs in the local banks, 3,363 in all, received checks amounting to \$185,000 representing their savings during the year.

Nutley High School's football team defeated the Belleville schoolboys in a charity game played in Nutley, Saturday, December 6. The final score was 2-0. Gross receipts amounted to \$3,744.75 and expenses totaled \$118.83. The net was divided equally between the two towns, each getting \$1,812.96 as their share.

The Mayor's Unemployment Relief Service started to function during the week of December 17 and at the end of the first week sixty-nine of the town's unemployed had been placed in jobs. The Relief Service co-operating with the town's poor department also worked to provide for those in dire need of food and clothing.

December 24 found the town, especially the churches, preparing for the annual observance of Christmas. Special services were held in many of the houses of worship and welfare, social, and civic organizations combined with the Unemployment Relief Service to provide baskets of food, clothing and toys for the needy in this town.

All that has been written in the preceding paragraphs is now history. We start to make history for the year 1931 at midnight tonight. If we do our best in everything we undertake, we must succeed in the prime business at hand—that of living.

THE BREAK IS COMING

We can talk all we want about college athletics being what they are because the American people want them that way. There is something wrong about them. First it was the Carnegie Foundation bulletin. Now it is President Butler of Columbia.

Pretty soon instead of combing the country with scouts for promising football material and paying their way through college so they can help make a football squad to "advertise" their university and "put it on the map" it is going to be the boast of the better schools that they form a football team of boys who come to their institutions voluntarily and that the same players start the game and finish it unless they are taken out for injuries.

In other words it's going to be smart to have college athletics back as sports instead of letting a professional coach and his assistants turn them into big business. Once the big fellows drop the present idea the lesser colleges will follow.

HIGH SCHOOL 5 READY TO OPEN

Hasbrouck Heights Schoolboys Will Furnish Opposition Tuesday Afternoon

ANTICIPATE GOOD SEASON

Belleville High will usher in its 1931 basketball campaign Tuesday afternoon when they travel to Hasbrouck Heights to meet the high school quintet of that town. Judging from the form the Blue and Gold displayed in the Alumni game December 19, the locals should start the season with a win.

The team has been working out during the holidays under the watchful eye of "Pop" Erikson who has given the boys some pointers while Coach McBride was visiting at his home in Ohio. Erikson shares the opinion with McBride that Belleville should have one of its best seasons on the court this year.

In practice the varsity has been passing almost to perfection and the marksmanship of the locals has also been excellent, considering that the season has hardly started. When Coach McBride returns to town Monday he will probably find the team in tip-top physical shape.

The same team which emerged victorious in the Alumni game will probably start the Hasbrouck Heights tilt. They are Mac Lamb and Ray Smith at the forward posts, Stan Goodrich at center, and Jerry and Nick Bonavita at guards. This is the smoothest working combination that McBride has had since he took over the destinies of the basketball team three years ago.

In the event that the regulars are injured or removed from the game via the personal foul route McBride has some excellent reserve material. Prominent among the reserves are Lou Westra, Eddie Mutch, Ralph Casale, Hen Bohrer, "Butter" Brand, and Carl Wittish. Mutch and Westra will be especially valuable as both are capable of playing at either the guard or forward positions. For center material McBride can call on two young giants in Hen Bohrer and "Butter" Brand. Wittish is a youngster who is developing rapidly and with a little more experience will make any of the regulars step. Other youngsters who are rapidly coming to the front are Charley Christell, Dan Bride, Joe Roberti, Lawson Cox, "Fat" Glenn, Gene Dacy and several others who may yet be heard from.

HARRY MASCO ASS'N DANCE

The Harry Masco Association of Silver Lake will sponsor its annual dance Saturday evening, January 3, at the Royal Ballroom, Bloomfield avenue, Newark. The music for the occasion will be furnished by Duke Hawin's Cast-O-Royals orchestra. Refreshments will be served. Exhibitions of all sorts will be staged.

ROD & GUN CLUB WORRY POOR COD

Intertown Anglers Haul In Seventy-Eight Finny Victims

STOPPED BY COAST GUARD

The Intertown Rod and Gun Club of Belleville held its first cod fishing trip Sunday. Twenty-six people enjoyed the trip which was a great success as far as catching cod was concerned. Seventy-eight cod fish and a few whiting were caught, all ranging in weight from three to eighteen pounds. Walter Dunn of Irvington caught the heaviest fish which weighed eighteen pounds. G. Beckett of Adelaide street was a close second with one of sixteen pounds and he was followed by Fred Church of DeWitt avenue, whose fish weighed fifteen pounds.

The most thrilling episode of the day came when, on the way to the pier the waters became quite rough, in fact, so rough that the boat could not dock at the Long Branch pier. The captain informed the party that they were in for a long trip around Sandy Hook. As this trip was in progress the boys enjoyed the extra thrill of being stopped by an alert coast guard patrol boat which was patrolling the waters for rum runners.

Those who enjoyed the trip were E. King, G. Horvath, Harold Gahr, O. Lawson, G. Beckett, John Penner, Eugene Baker, Phil Baker, Fred Church, Walter Dunn and several out of town guests.

The next meeting of the club will be held at the home of Joseph Rue, 92 Adelaide street.

SILVER LAKE NOTES

William Domenick of Silver Lake will spend the weekend in Morristown, where he hopes to bag some game. He left in a party with three other companions. Bill will return to his home Sunday afternoon.

Joe Guiliance will spend the weekend in Fordham, N. Y., at the home of his relatives.

Carl Juliano, John Serritella, Frank Montabalma and Larry Young were entertained at a card party at the latter's home Sunday night. Other guests from out of town were Domenick Perrone and Frank Sylvester, and the Misses Anna Palmer, Rose and Jane Welker, Angelina Jacco, Frances Michaels and Barbara Young.

Fish's Odd Name

There is a fish called the John Dory. Its English name is believed to be a corruption of the French "jaune doree," in reference to the golden-yellow color of the living fish. The John Dory inhabits the Atlantic coasts of Europe, the Mediterranean and the Australian seas.

Famous Royal Battle Cry

VINCE DUNDEE WINS ANOTHER

Silver Lake Middle Whips Pittsburgh Boy On Christmas Day Card

POINTS FOR HARVEY BOUT

Utilizing speed and a tantalizing left jab, Vince Dundee, local middleweight sensation, took the measure of Jack "Buck" McTiernan, a coming Pittsburgh youngster, in a ten-round star bout at the Motor Club Arena in Pittsburgh Christmas day. This was a great Christmas present for Vince.

Dundee boxed, slugged and did everything possible to satisfy the crowd. The last two rounds were fast and furious, both boys fighting toe to toe.

The decision was approved by the gathering which is well convinced that Dundee is the outstanding challenger for the middleweight crown which is possessed by Mickey Walker.

Dundee returned home last Friday where he will rest for four days. He will then move his boxing paraphernalia to Doctor Bier's Camp at Pompton Lakes where he will prepare for the dangerous Len Harvey of England. This contest is to be staged in the Madison Square Garden, January 9. It will be the main setto. Should Dundee dispose of Harvey he will undoubtedly be called upon to fight Walker.

Harvey is a new name to the American fight fans but an old one to the English. Len has fought over 400 fights and holds decisions over Dave Shade, Jack Hood and many others. A great majority of his fights were staged on British soil.

Valleys Beat Bachelors In Close Court Contest

Harry Metz Sinks Winning Mark- or Near End Of Hectic Struggle

UNIONS BEAT THE PANTHERS

Valleys	4	0
Bachelors	2	1
Clintons	2	2
Unions	2	2
Panthers	0	5

A desperate rally in the final few minutes of play enabled the Valleys to defeat the Bachelors 22 to 20, Tuesday night of last week at the High School court in an American Legion basketball league contest. It was the first defeat suffered by the Bachelors in two years of league competition and enabled the Valleys to go into undisputed possession of first place. In other games of the evening the Unions eked out a 24 to 20 victory over the Panthers.

For genuine excitement and thrills the Bachelor-Valley clash was one of the best court contests ever witnessed at the High School gym. It was a heartbreaking game for the Bachelors to lose, not only because it stained their spotless record, but also because they were leading all through the game until the final minute.

BACHELORS LEAD AT HALF

At half time the Bachelors were in front by a score of 9 to 7. Close guarding on the part of both teams kept the score low in the first half and the same tactics were employed in the second half. A couple of neat field goals by Johnny McGuire and a sensational shot by Johnny Johnston constituted the bulk of the scoring for the Bachelors in the first half. Two hawkers by "Dolly" Fobert and the foul shooting of Harry Metz kept the Valleys in the running.

The teams played about even for the third quarter which was rather devoid of excitement. The fourth quarter, however, was as thrilling a period as one could hope to witness. Three neat field goals by Joe Parsells, stellar Bachelor guard, gave the Bachelors an apparently safe lead. With about three minutes left to play the Valleys started their rally.

VILLEYS START RALLY

With the Valleys trailing by four points "Dolly" Fobert sank a beautiful field goal from the side of the court to pull his team within two points of the lead. Jim Petrie then made his entry in the game for the first time and made his presence felt by sinking a field goal from the foul line after an overanxious Bachelor player had passed him the ball.

Excitement was running high at this stage as the teams were tied with a minute to play. Harry Metz then sank a fluky one-handed shot from the center of the court to put the Valleys in the lead by two points. The Bachelors fought furiously in the final minute, but

were unable to get near the basket. Joe Parsells was a heroic figure in defeat for the Bachelors. Not only was he high man for his team with nine points, but he also played a wonderful defensive game. "Dolly" Fobert was the Valley hero, the husky forward sinking four long shots from difficult angles.

Harry Metz also helped the Valley cause along with a field goal and four fouls. Bob Mutch played a bang-up floor game for the Valleys and Jim Petrie's unerring eye in the latter part of the game was a deciding factor. Johnny McGuire came through with three field goals for the Bachelors and played a leading role on the defense.

The Unions after trailing by two points in the first half came back strong in the last half to snatch a 24-20 victory from the Panthers. Marco DiGiovanni, ponderous Union forward, was mainly responsible for his team's victory. Marco had an "on night" with five field goals and a foul for a total of eleven points. Dutch King, making his first start in a Union uniform was very impressive, the former Belleville High star coming through with seven points.

Although failing to register in the scoring column Andy Colaninno was nevertheless an important factor in the Union victory, due mainly to his fine defensive work. Al Baisden and "Butter" Brand starred for the Panthers. The scores:

Hackensack Pinners Humbled In Morris and Essex League Match

BELLEVILLE IS NOW THIRD

The fast-stepping Belleville Elks kept up their good work in the Morris and Essex League by taking the Oritani Field Club of Hackensack into camp Thursday night at the local alleys. Belleville had an excellent chance to score a clean sweep in this series but the team hit a slump in the second game to lose by a score of 865 to 836. Belleville defeated their rivals by safe margins in the first and third games.

Dutch Faust and Bob Whitten led the local "Hello Bills." Faust rolled 210, 186 and 201. Whitten soaked the maples for counts of 210, 170 and 213. The latter score was high individual score for the night. Tom MacNair also aided the Belleville cause by rolling three high games. Charlie Waldie and Bill Bechtoldt were away off form. Watson and Bergthale were outstanding for Oritani.

Belleville is now in third place in the Morris and Essex League, but must still go a long way to overhaul the Elizabeth Juniors who are out in first place by a good margin. The scores:

Al Rossi, brother-in-law of Vince Dundee has signed to meet Eddie Marks of Perth Amboy in the semi-finals at Laurel Gardens, Newark, Monday night. Rossi is a promising lightweight. Ernie Ratner will clash with Sally LaFauria, also of Silver Lake in an eight round preliminary bout at the same show.

Here

Although the holiday season usually finds sports in local towns at a low ebb we find more doing this time than at the corresponding date last year. The American Legion basketball and bowling leagues do not let St. Nicholas New Year's celebrations interfere with their activities. Neither do the holiday vacation mean a respite for the high school basketball team or the bowlers in the Morris and Essex League.

In reminiscing on sport activities during the past year in our upstanding community it is interesting to note that once again Belleville is rapidly forging to the front.

There are few towns that can boast of a baseball league of the calibre of the Legion in this town. The 1930 American Legion baseball league was a success from any angle you look at it. Crowds on the average were much larger than during the 1929 season. Competition was keener, in fact as keen as one could hope for in a league of that type. Who can forget those stirring battles between the Elks, Belleville A. A. and St. Peter's? Yes, one must admit that Belleville, or rather the American Legion of this town performed wonders with that league.

Now let us turn our attention to football. Of course the High School was not up to their usual standard this year, but still the season was enjoyable even though our boys didn't win the majority of their games. The town had the distinction of turning out one undefeated team. They were the Clintons, who, in case you don't know it, were one of the finest little amateur teams in Essex County. Here hoping the Clintons keep right on going during the 1931 season.

Basketball activities were rather dull last year in Belleville. True the town had the High School quintet and the Recreation League, but the failure of the A. A. or any local organization to put a senior team on the court and have weekly games and dancing at the High School made it seem rather dull.

The fact that the High School team has seven night games booked for 1931 will do much toward reviving the sport in Belleville. Not only will these night games help the sport locally, but also the fact that Belleville apparently has a good team this year will once more interest the fans. Let's not beat around the bush, ye Belleville basketball fans have been neglecting the sport, but let's all make a New Year's resolution to get out and see as many games as possible. Local teams do not only need your moral support, but also your financial aid.

Those who like their basketball had a chance to see one of the most thrilling contests they have ever witnessed a week ago Tuesday night when the Valleys defeated the Bachelors in an American Legion league contest. Although a fairly large crowd was there not nearly as many attended as expected, and the odd part of it is, no ad-

fur is sure to fly and according to the Bachelors, they will most likely avenge their recent defeat. Perhaps the Mayor's Unemployment Relief Committee could arrange a charity game between the two or better yet, pick an old team from the league and play old pals, the Nutley Colts. No doubt the game would attract a capacity crowd and at the time afford a hectic

NEW SCHEDULE FOR AMERICAN LEAGUE BASKETBALL

After much juggling the American Legion League has finally decided on a five team league. Originally six teams in the league but one of the quintet discontinued. The Garnett team volunteered to enter the league after an unfortunate accident to their players made it necessary for them to drop out.

The switching around of the naturally played havoc with the schedule, but the basketball committee has finally drawn a schedule for the rest of the season. As there are an odd number of teams in the league one team will be idle every week. It is hoped that each player clip the schedule from the local paper for the first game of the night at 7:15 each week.

Following is a schedule for the remainder of the season:
Jan. 6—Valleys vs. Clintons
Jan. 13—Bachelors vs. Panthers
Jan. 13—Unions vs. Panthers
Jan. 20—Clintons vs. Panthers
Jan. 20—Unions vs. Bachelors

Feb. 17—Valleys vs. Clintons
Feb. 17—Unions vs. Bachelors

sioners, he exclaimed, "Boy, oh boy; that's a shakedown."

"No, commissioner," reported Mayor Kenworthy, "that's brotherly love."

Commissioner Williams arose and explained that guided by the advice of Town Counsel John B. Brown, he had tried to do all within the power of his department to aid Commissioner Clark in settling his affairs. Commissioner Williams pointed out that throughout the year transfers had been made to other departments and that it was only right that the department of public safety be assisted in meeting the present emergency.

Commissioner Clark replied that Commissioner Williams and the other members of the board displayed a commendable spirit. The money transferred had been raised in the general budget, he pointed out, and he said that he saw no reason why it should not be distributed among those accounts which ran short when it was not needed for the specific purpose for which it had been appropriated. He continued, saying that it was only reasonable that the entire board, at any time, should transfer the excess funds to the depleted accounts in any department.

Other Transfers Approved

Other smaller transfers were approved by the board, the largest of these being the transfer of \$300 from the department of public improvements to the health department; \$191.13 from the tax assessor's salary account to the insurance account; and \$175 in all, from the engineer's, treasurer's and town clerk's accounts to the election account.

will meet Saturday afternoon at 2 o'clock for a preliminary discussion on the budget for 1931. Undoubtedly at this meeting consideration will be given the suggestion offered by Mayor Kenworthy at the 5 o'clock conference held yesterday afternoon that \$10,000 be added to the budget to be used to provide sufficient funds to aid in giving the unemployed of the town work and to pay their salaries.

According to the mayor's original suggestion the money would be added to the normal appropriation for the department of public improvements. He asked that the commissioners cut their budget requirements to the bone in order to prevent the appropriations from assuming excessive proportions when extra money is needed to aid the jobless and the needy.

At the conference, Commissioner Williams was in accord with the mayor's suggestion, stating that the problem was a serious one and that it affected the happiness of many people. "Let's go ahead and solve this problem in any way that is legal and honorable," he said.

a vacation, claiming that such a recess might be construed as provided for in an implied contract due to the fact that the former collector was given a two weeks' vacation during the first three years of his service. The attorney suggested that Brooks be reinstated on the payroll of the department of revenue and finance and that he then be given a vacation of two weeks.

Wanted To Be Fair

Commissioner Williams, director of the department in which Brooks was employed, said that while he thought that the whole thing was a departmental matter he was perfectly willing that it should be discussed by the board as a whole. He said that he wished to look on the matter in a broad manner and be entirely fair.

When Commissioner Carragher asked if the town could legally pay the former tax collector for the time he should have taken his vacation the town attorney held that it was. The matter was referred to Commissioner Williams for settlement.

After the regular meeting of the commissioners last night, Commissioner Williams stated that he had discussed the matter with the town attorney and the town treasurer and a means had been devised to legally compensate Mr. Brooks.

FUNERAL OF G. W. VREELAND

Funeral services for George W. Vreeland, of 163 Hammond Avenue, Clifton, who died at his home on Saturday afternoon, following a short illness, were held from his late residence early Tuesday afternoon.

Mr. Vreeland, who was fifty-nine years old had been in poor health for some time but his condition had not been serious until he returned from work on Friday afternoon.

Ten years ago Mr. Vreeland laid claim to huge land-tracts in New Jersey which were settled by his ancestors who went back to a Michael, who came here from Holland with the first batch of settlers in 1624, at a time when men in moderate circumstances had no surnames. Michael settled in Albany and later went to what is now known as Jersey City.

In those days all the land in Jersey was the private estate of Lord Sterling. Land grants were made to the sons of Michael, including territory in Nutley and Paterson. The sons of Michael changed their name to Vreeland in 1684, with Mr. Vreeland a direct descendant.

The deceased left his wife, Mrs. Ella Jones Vreeland, the daughter of Mr. and Mrs. James L. Jones of Lyndhurst; a cousin, George W. Vreeland; and three sisters, Mrs. Sarah J. Cummins of Belleville; Mrs. Susan Philbrook of Garfield, and Mrs. Cecelia Star...
