## Resident Asks Why Clark Doesn't Take Better Care Of Traffic Complains About One Way Violations In Rutgers Street

John Hughes of 36 Lincoln terrace, asked acting-Mayor Williams at the commission meeting Tuesday night, who had charge of the traffic in town. The acting-Mayor informed Mr. Hughes that Commissioner Clark was the head of that department. "Well, why don't he take better care of it?" answered Hughes, continuing, "Two weeks ago Sunday I counted one hundred and thirty-five cars driving down Rutgers street, which is a one way street. Where are the cops?"

Hughes suggested the following plan to curb the continual law breaking on the part of motorists. "Why don't you reinstate the cops who have been laid off and in a short time you will make money for the town through traffic fines for violations." Continuing he said, "If these laid-off cops were put back on the job at one-half or three-quarters pay, you would make enough money to cover their salaries and still have a profit for the town. If you haven't enough men, give the unemployed badges—help them earn a living."

Mr. Hughes, in speaking to a reporter for the News said, "The majority of these violations are made by New York cars. I have also noted that when held up by a red light at an intersection, the cars pull up to and over the safety lines, before coming to a standstill."

Commissioner Clark made no comment on the complaint. The board received a communication from the trustees of Montgomery Presbyterian Church, requesting that Harrison street be paved this year, if financial condition permitted.

Commissioner Carragher asked how much the state would pay on this job. Upon being informed the state had set aside \$17,000 for the work, he urged the board to "grab" the chance and save the taxpayers some money.

A resolution was passed appointing Vincent DelGuercio of 151 Washington avenue, constable from the second ward.

Commissioner William H. Williams, at the 5 o'clock conference Tuesday, notified the board of commissioners that he was endeavoring to aid the Board of Education meet its overdue payroll.

The commissioner advised the board that in order to aid the Board of Education he would submit a resolution recommending the transfer of \$25,000 from the prepay 1932 taxes. The board unanimously approved the finance director's recommendation.

Previous to making this recommendation, Commissioner Williams informed the board of commissioners that he, James DeRosset and James Turner, president and secretary of the Board of Education, had conferred on the question earlier in the week. He said "One of the gentlemen suggested the town loan the Board of Education the money. As a result of this question, I received the following view from Walter R. Darby, State Commissioner of Municipal Accounts. Mr. Darby stated that he knew of no law providing for a municipality to loan money to a board of education, and that no provision is made to advance monies not due, to a school board."

Mr. DeRosset, at this early conference, asked Commissioner Williams why he didn't pay the state what was due it in December and thus avoid the present difficulty with the state.

"If I had, we could not have paid our municipal salaries during the past months," was Commissioner Williams' answer.

The board voted to change the date of the May 17 meeting to Monday, May 16 at 4 o'clock. This change is due to the primary election on Tuesday, May 17.

## Now Wouldn't This Be Just Too Bad

Mayor Samuel S. Kenworthy has promised to resign as mayor if he is elected county clerk. The mayor, who is seeking the nomination on the Essex Republican Union ticket in the May 17 primary election, repeated the promise several times during the evening at various home meetings arranged for him by friends.

"I do not desire to hold two official positions at the same time although under the law I could do so," Mayor Kenworthy said. "I propose to devote all my time to the county office and I will not ask the people to retain me there for twenty years. I feel the Republican party has treated County Clerk John Scott very generously by keeping him in his \$10,000 office for fifteen years. There are other people in the Republican party who should receive the opportunity to serve, especially where there is involved no question of their efficiency. I feel fully competent, to take over the office and I feel my record of service, both in Belleville and in Trenton, supplies any proof that voters may desire."

And the titters are heard.

## Local Police Nab

## Runaway Boy

A reticent 15-year-old youth, Michael Walack of Mapleshade road, Alpha, ran away from home early Sunday, clad in pajamas, but was picked up by the local police Sunday night. He said he decided to leave home as he hopped out of bed, and didn't stop to dress, just putting on over his pajamas a sleeveless old brown coat and slipping his bare feet into a pair of shoes.

When caught after a block's chase from Belwood Park to the Soho section, the boy told his captors, Sergeant Spatz and Patrolman Scott, he had "hitched" rides during the day, carrying him nearly across the state. Authorities are arranging through Phillipsburg police for his return to his home.

The Bohemian Serenade "Chaus-On-d'amour" was enthusiastically received and a number of the guests were interested to know that the compositions have been published.

Ann Van Sickle's soprano voice brought a warmth and amplitude to songs and charmed with variety and quality. Eleanor Bacon-Peck was at the piano. A large audience greeted the artists with merited applause.

## SEEKS PART OF SCHOOL FUNDS

### Town Offers \$50,000 Taxes To County To Get Cash For Payroll

A part payment by the county treasurer of the Board of Education 1931-32 school year apportionment of state school funds is being sought to provide the \$25,000 needed toward the board's \$40,000 monthly payroll due teachers and other school employees Monday. Director William H. Williams of the Department of Revenue and Finance offered to pay the county treasurer \$50,000 of the town's \$233,000 state and county taxes, due since December, to make possible the release of half that amount in school funds.

Williams said word could not be received on the possibility of this remedy of the situation until the Board of Freeholders' finance committee meets later this week. Payment of the school apportionment, which amounts to \$156,408.33 and is in the county treasury, depends usually upon the town's first paying in full its state and county taxes, of which only \$90,000 has been paid.

Belleville is in a position similar to Nutley and Livingston in not having paid in full its December taxes, thus holding up payment of the apportionment. West Orange paid its taxes Saturday and obtained its share of the school funds.

Enough for \$50,000 Payment Through advertising of a tax sale for May 17 Belleville has received. Williams estimated, sufficient payment of 1931 taxes to make the \$50,000 payment to the county.

Another source of revenue to pay state and county taxes is hoped for by Williams in the refunding of 1931 tax revenue bonds amounting to nearly \$300,000. The director has tried since the first of the year to place these, but their handling by bond houses now depends on the absorption first of other state and city paper of more general appeal.

The two banks in town were prepared Monday to loan the needed payroll money on short-term paper, but the school board has no power to borrow money except in real emergency and the town cannot do so and advance the money to the school authorities because it would be in excess of the 1931 appropriation. The town Monday paid \$15,000 to the school board, rendering in full its obligation out of 1931 taxes due as of June 1. After this date only can the school board draw on its 1932 apportionment.

Committee Head Resigns The school board met Monday night, referring the matter of raising the money to its finance committee. William W. Stewart, chairman of the committee, submitted his resignation because of "pressure of business and the need for preservation of health," leaving the committee headed by James L. De Rossett, the board president.

De Rossett and Williams conferred Monday and expressed the opinion a way of meeting the situation would be worked out shortly without resort to the issuance of scrip for salaries.

The resignation of Stewart came as a surprise to his colleagues. He said his letter of resignation was "regretfully but none the less definitely" in the hands of Mayor Samuel S. Kenworthy. He stated there was "absolutely no other motive" than the two reasons related for his resignation.

## LIBRARY NEWS

Boys' Week!

One week a year, we pause in our everyday affairs, to pay tribute to the youth of our country. As we repeat "Boy's Week," can't you see them, heads up, shoulder to shoulder marching along to the conquest of tomorrow? Unafraid, clear eyed and clean thinking! The youth of today, the men of tomorrow! The boys who will be the future citizens of our nation, and as such will take their part in the running of our government.

Fathers of sons, don't you think that this is a good time to find out what kind of son yours is? To see if he fits in the above picture? Leaders of boys, don't you think that this is the time to find out if you really know the boys in your different groups and to get new members? Boys appreciate good talks. Don't put them aside to some other time. Think of the materials that are yours

7 P. M.—Epworth League.

Wednesday, 8 P. M.—Mid-week prayer and praise service.

Monday, 7 P. M.—Girls' Choir rehearsal.

Friday, 8 P. M.—Senior Choir rehearsal.

Last Sunday morning, the Sacrament of the Lord's Supper was observed and the following new members taken into the membership of the church: Raymond Wyckoff, Miss Catherine Jackson, Mr. and Mrs. Raymond Boxberger, Mr. and Mrs. H. S. Allen and Mr. Richard Shannon.

The pulpit flowers were placed by Mrs. John Pole in loving memory of her deceased father's birthday anniversary.

Next Sunday will be observed as Mother's Day with Mothers of the various church organizations assisting with the service. As has been the custom for several years, the Young Woman's Auxiliary will greet the Mothers as they enter the church and pin small corsages on them. Mrs. Herbert Carson is chairman of this committee.

A Choir composed of Mothers will sing some old and favorite hymns suitable to the occasion.

Members of the Ladies Aid will usher and announce the order of service.

A large attendance is expected and all Mothers' old and young are invited to worship with us next Sunday morning, May 8.

At the Young Woman's Auxiliary meeting held last Tuesday evening in the home of Mrs. Edward Herbert, Mrs. Edgar M. Compton, wife of the Pastor, was presented with a leather pocketbook, the gift of the Auxiliary to express in a small measure their appreciation of Mrs. Compton's willing co-operation and great help pertaining to all matters of the Auxiliary. The presentation was made by Mrs. Christian Hansen.

Plans for the June meeting of the Society were made and it was agreed to accept Mrs. J. B. Brown's invitation to hold the next meeting at her summer home on June 7, at Glen Wild Lake. Transportation will be arranged for every one. Mrs. Christina Hansen will be in charge. There will be one picnic lunch prepared by a committee and portions supplied to each individual at a very nominal cost. Cars will leave Belleville at ten o'clock in the morning. Members desiring to go should notify Mrs. Hansen, or the secretary, Mrs. Charles Thompson.

Plans are rapidly going ahead for the presentation of "Timothy Tackham's Toy Shop" by the Primary Dept. of the Sunday School, coached by Mrs. Ellsworth Akers, and assisted by Mrs. George Davies and Mrs. Lloyd Ballentine. The date has been announced, May 20, and tickets are now on sale. After the performance of this little one act drama, there will be a Toy-shop Review consisting of a "paper-doll" chorus, a "toy soldiers" band and solo numbers by tiny tots of pre-school age. The show will be something entirely different from anything else ever presented. So keep the date in mind and come see the little folks on May 20.

The Ladies Aid Society will hold a Rummage Sale all next week, May 9 in a store on Washington avenue, place to be announced later. Donations of any sort will be gladly called for by notifying the chairman, Mrs. J. J. Schaffer, Mrs. E. Mutek or Mrs. R. Williams.

"ADAM AND FALLEN MAN" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 8, 1932.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Have mercy upon me, O God, according to thy loving kindness: according unto the multitude of thy tender mercies blot out my transgressions. Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51:1,10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality. It is only a question of time when they shall all know Me (God), from the least of them unto the greatest" (p. 242).

## Public Service Appoints John M. Orts Its Director of Safety Education

John M. Orts

John M. Orts, whose appointment as director of Public Service was announced April 25, started as a street car conductor twenty-eight years ago. He has had a steady rise in the Public Service organization and, as head of the safety educational work, he succeeds Allison J. Van Brunt whose death

occurred April 5. Mr. Orts had been assistant to Mr. Van Brunt since 1926.

It was on the old Mulberry Street street car line in Newark in 1904 that Mr. Orts began with Public Service. A year later he was made stationmaster at Miller Street Carhouse in Newark and in 1906 he became assistant supervisor at that carhouse. Two years later Mr. Orts was transferred to the instruction department and placed in charge of the Essex and Hudson Division schools in which men were taught how to operate street cars. In 1924 he was given complete charge of the instruction department with schools in Jersey City, Newark and Camden. The training in the schools was then expanded to include instruction in the operation of buses. In 1925 Mr. Orts was transferred to the safety educational department.

Mr. Orts is a member of the National Safety Council, American Society of Safety Engineers and the Newark Safety Council. ## WHEN SAMMY SHOOTS HE SHOOTS HIGH

IT'S a long way from a \$2,000 a year Mayor's job to County Clerk at \$10,000. Quite a way.

Yet that is the leap Samuel Sampson Kenworthy of Belleville thinks he is qualified to make. Quite an increase. Think it over folks. Sammy's mouthpiece, the Belleville Times, says the benefit of the Mayor in the Hall of Records would redound to Belleville's credit. O. K. It might and then again—You know Sammy is collecting his salary as Mayor from you taxpayers when Belleville's affairs have frayed edges and at the same time trying to further his personal political ambitions. Belleville taxpayers are shelling out to him their hard earned dollars to be mayor—not seek another job. How long would any other boss than the public keep him on the job if he sought better connections?

Ah, we wonder!

But you can't exactly blame Sammy aiming high — from \$2,000 to \$10,000 worth of aim! It's just like jumping from the one night stands in the sage brush of Colorado to Broadway, isn't it Sammy—from the small time to the big?

## MOTHER

GOD could not be everywhere, so he gave us mothers, is a sentiment that is unusually appropriate at this time. For on Sunday, we honor her. Mother's Day was established as a day upon which children are to remember that she who brought us into this world is still our best friend, our best pal. Perhaps she has gone to the other side. But still she is with us in spirit. So, on Sunday show that you still have that same tender feeling for those arms that tended you when a babe, those lips that brought you cheery messages, that body that suffered for you. And when you wear that emblem of Mother's Day, the carnation, white or red, remember also that there is another Mother in your home—the Mother of your child.

## CLEAN UP

NOW comes the official period for spring cleaning of the town. The week of May 9 to 14 has been designated by the local health authorities as "Clean Up Week." Any old trash that you may have around your home, any accumulation of waste, rubbish, etc., you are asked to remove. Remove it to the curb and the town garbage collector will do the rest—pick it up and dispose of it in the proper place.

Then after you've cleaned up take the next important step—paint up. For as the paint people keep hammering "save the surface and you save all." Included in that word All are many things—in the material itself—the preserving of health and the continuance of good appearance. Clean up and paint up!

## THE VOGUE OF BRIDGE

ELY Culbertson's contract bridge hippodrome did not prove very informative to partisans of the rival school of bidding, but it did what the promoter wanted it to do. It stimulated card playing and, presumably, the demand for expert instruction.

Proof is found in the report just issued by one of the leading manufacturers of playing cards. The company reduced its quarterly dividend, but it declared one, which is something in these times. It reports that it has not yet gone into the red and that there has been plenty of money in the treasury, enough to make it safe to buy in stock which was being offered at low prices. The conquest of the old card games bridge in all its varieties and new complexities has been one of the minor amazing happenings of our age.

## TIPPING IN EUROPE

FOR many years the tipping custom in Europe has annoyed tourists. And proprietors have tried various ways of overcoming the situation. It seemed once that the scheme of adding 10 per cent to the bill, the extra to go to the waiter, would solve the problem, but it only resulted in poorer service and more insolence. Now, however, the structure of the tipping system is in danger, for automats and quick lunch counters have sprung up in many large cities. In Brussels so great has been the spread of the automats that cafes are now advertising "No Tipping Allowed." It is another application of the old mistake of "killing the golden goose."

RUNS FOR COMMITTEE JOB  
April 29, 1932.

Editor News:

I would like to have the people of Belleville know more of me before the primary election on May 17, as I am a candidate for County Committeeman of the Fourth Ward, Fourth District of Belleville.

I was born and raised in the town of Belleville. Educated in Belleville Public Grammar Schools and attended our dear old "Alma Mater" where I studied a four year business course.

I am a descendant of a family that is both socially and prominently known in Nulley, North Arlington, Rutherford, Arlington, Kearny and Belleville.

At the present time I'm a member of the Patriotic Order Sons of America. I am also Deputy Great Sachem of the Great Council of New Jersey of the Improved Order of Red Men and am a commissioned officer and ten year veteran in the Boy Scouts of America.

My father and mother and practically my whole family are members of Free Masonry and Eastern Star. I feel that I have a very capable partner running with me; for County Committeewoman on the Republican ticket, in Mrs. Ida A. Hammel, real estate broker, also of Wilber street.

If elected as members of the County Committee, we shall make every endeavor to make our district more

and more desirable to live in; so that people outside the town of Belleville, while passing along Joralemon street will notice our locality and want to be a part of it.

We shall do our utmost to see that everything that has been neglected in our locality in the past is given the proper care in the future. We shall do our best to improve transportation services.

If elected we shall do the best we can for our community. Can anyone do better?

Very truly yours,  
HENRY RIEPE, JR.

WHY?

To the Editor of the News.  
Sir—Seems to be the popular move just now to economize by cutting the workers' pay—that is by slashing down what little buying power he has left. But, Mr. Editor, might a common ordinary chap ask one or two questions along this line? If the worker is to get less money, then why should not rents come down where he can see them, at least dimly? Why should not the charges for gas, for electricity, for his telephone drop a wee bit, too? Is the slashing and the economy only for the wage-earner, or may it not perhaps be spread just a little mite to these others, whom our earnings in the past have made fat, prosperous and powerful?

These are just a few questions, Mr. Editor, but I still ask you—Why? ONE OF 'EM.

## Ground Broken By Veterans For Addition To The Club House

Steam Shovel Was Operated By Commissioner Williams

Ground was broken Wednesday by George A. Younginger Post, V. F. W., for an addition at the rear of the old Valley Hose House at Belleville, avenue and Stephen street. The post occupies the hose house. The steam shovel was operated by Town Commissioner William H. Williams in making the first excavation.

The addition will be 50x50 feet, with basement kitchen, dining and rest room facilities and an auditorium 24x30 on the first floor of the present building. The cost is estimated at \$7,000 and completion is expected, largely by volunteer labor, by Memorial Day.

The building committee comprises Recorder George A. Fitzsimmons, commander of the post; Frank Cronch, Irving Holley, Edward O'Connor and John C. Morgan.

An all-day observance is planned for Memorial Day, when the building and a seven-foot boulder in memory of the war dead will be dedicated, a trench mortar mounted at the corner of the property, a flag raised on an eighty-foot pole and two trees planted in honor of John J. Barrett and Rev. Joseph Wells, Civil War veterans. There will be music by the Little Ferry Junior Police Band. Governor Moore, United States Senator Barbour, Representative Hartley and Motor Vehicle Commissioner Hoffman have been invited.

The post has increased membership from 120 since the end of last year to 250 and expects 300 by the end of this year.

## Ladies' Night Held By Everyman's Class

About 200 Members And Families Attended Affair

"Ladies' Nite" an annual affair with the Everyman's Bible Class of Belleville, was held last Friday night at the Masonic Temple. Seldom has there been a more pleasant evening planned by their committee, and it was thoroughly enjoyed by an audience of about two hundred mostly members and their families.

George Snodgrass and his Mosaic Orchestra started the evening with an overture. William Wakefield, president of the class, spoke a word of greeting and introduced Chester T. Roraback as the master of ceremonies who came down the aisle followed by eight entertainers. They all spread out the full width of the hall and acted as song leaders for the audience who sang in a group. After a few minutes of clowning by Frank Seigler and John Ray the program got under way.

Mr. Roraback introduced as the first number, "The Harmony Strummers" a group composed of Olive Thompson, Tracy Gerrity and Briggs Hubbell. They opened the program with a bang, each carried a string instrument and sang to their own music, showing some real harmony with popular songs. Tracy Gerrity did a clever minstrel number, dancing the chorus. Next came Miss Esther Forbes, soloist, of Belleville. She offered "The Garden of My Heart," and "Glow Worm." The audience could have listened to her all night. Willard Thatcher was at the piano for Miss Forbes.

Dr. Cairns, leader of the class, gave a reading such as only "Doc" can. Then came the two Heath sisters, Eth-

## Homer Zink Urges Fair Play During Next Few Weeks

He Doesn't Want To See Knock Down And Drag Out Fight

May 2, 1932.

Editor News:

There are people in Belleville who say I am a queer looking sight because of "carrying water on both shoulders." Of course, I don't stoop to deny the charge, for the water might spill from either shoulder or even both shoulders. Tough, isn't?

To put it differently: A few of Belleville's most active gossips claim I am trying to walk on one side of the street with the Salmon crowd and on the other side with the Vanderbilt cohorts at one and the same time. Bloggled as I am, I cannot successfully do that.

The whole trouble is that I will not permit the local county committee to get into a knock down and drag out fight which would be more fatal than ever to the Republican party in November.

Everyone who watches local politics and who really wants to me honest admits I have supported the Regular ticket year after year. This year is no exception. I shall support the entire organization ticket, although I have some warm personal friends on the opposition ticket.

Believing that the Regular Republican ticket will win out easily in the county, I cannot see the idea of getting excited over the primary. Of course, it is quite natural for the Mayor to want to carry his own town, but the cards seem stacked against him. So, let's lean over backwards in giving him fair play, in order that there may be no alibi when the votes are counted on May 17.

Remember, the pleasure of winning is lost when we don't play fairly. If that statement is evidence of carrying water on both shoulders, than I'm guilty—and proud of it.

Yours truly,  
HOMER C. ZINK.

el and Hazel, harmony singers from way down in Dixie. They sang songs never heard before—real songs of the south. At this point Frank Seigler was introduced, but being more or less of a clown himself the members did their share of kidding and wound up by presenting him with two loving cups which the class had won for bowling. It was all taken in good fun and the Harmony Strummers came on again and closed the program. At the conclusion of each number the audience showed their appreciation with plenty of applause.

Supper was served in the banquet hall, after which dancing was enjoyed to the tune of the Mosaic Orchestra. The entire party was under the direction of Chester T. Roraback, who had as his committee: William Wakefield, John Ray, Frank Seigler, Norman Wilson, Chris Peterson and Howard Virtue.

## About Books by Cyrus Wood

The very name, "Sing Sing," is one to conjure with—to evoke pictures of guarded walls, lowering prisoners and tiers of steel-barred cells. Whenever we sail up the Hudson we are morbidly fascinated by the sight of the great prison, within which the hundreds of uniformed convicts drag through the weary days. Several former

inmates have written of the life-in-death spent in this most famous of prisons, and their accounts have usually enlarged on their real or fancied wrongs. Now there comes a book by one most fitted to describe the various aspects of life in such an institution "Twenty Thousand Years in Sing Sing," by Warden Lewis E. Lawes, published by Long and Smith.

In his book Warden Lawes goes back through the twelve years spent in Sing Sing and still further to his early days as a rookie guard at Clinton Prison. His stories of the old-time institutions with their studied brutality and horrible conditions appeal the reader and show why long-term convicts come out physical and mental derelicts. At the same time he tells how his charges are today salvaged, without being pampered,

in the hope that they may become useful members of society on their release. There are countless incidents and anecdotes about notorious criminals, incorrigibles, repeaters, men of talent gone wrong, amazing escapes, dealings with social service workers, operations of pardon boards, experiences of parole officers, and his own contacts with the men about him. The author has caught the drama and tragedy, the humor and pathos of his little world and given us a book that will entertain and enlighten every reader of normal sensibilities.

Only a few weeks ago Warden Lawes wrote to Brentano's regarding a recent book by a prison doctor, who condemned the conditions in the prisons he knew and the authorities responsible for them. In his letter the warden expressed a hope that someone would write a book which would present the less gloomy and more constructive side of prison existence. Warden Lawes himself has now written that book and has done it surprisingly well.

The long economic depression is creating a new interest not only in business books but also in studies of international relations and social conditions. In the last few weeks several outstanding books of a broad general nature have appeared, notably "Recovery: The Second Attempt" by Sir Arthur Salter (Century), a brilliant survey of world problems, with constructive suggestions; "Can Man Be Civilized?" (Brentano's) by Harry Elmer Barnes, an informal discussion of modern education, morality, crime prevention, and the intelligent use of leisure; "Thunder And Dawn" (Macmillan) by Glenn Frank, president of Wisconsin University, who sets forth his ideas on the outlook for western civilization; and Robert Briffault's "Breakdown: The Collapse of Traditional Civilization" (Brentano's), a gloomy prophesy of world chaos.

Today's reviews were contributed to this column by Frederick T. Yates. Thank you Mr. Yates.

## Flowers For Mother's Day Have Long Been Favored Mementoes

### Day Set Aside To Honor Mother Had Beginning Centuries Ago

"The custom of giving flowers to one's mother on Mother's Day, or of wearing a flower in memory of her if one's mother is dead, has an interesting background in history," said Mrs. Joseph Harter, of Harter's, in an interview today. The present American observance was established by Act of Congress in 1914. In the long crusade for setting aside a day for honoring the mothers of the nation, Miss Anne Jarvis, of Philadelphia, who was the first to espouse the establishment of an official national ob-

# SCHOOLS

By WILLIAM GRAY

The new library is rapidly becoming popular with the students of the high school. There is not a period during the day, but that that valuable room is not crowded with students busy looking up material for classwork.

Last Friday afternoon, the French classes held a dance in the gym. The proceeds of the dance will be used to purchase French reference books for the library. In addition to dancing, tea and cake were served.

Belleville High is increasing its sport activities as time goes on. Last year a golf team was organized and now it's a tennis team!

Sophomore home room No. 6 conducted the assembly Tuesday morning. R. Jeanne Patrick, read a passage from the Bible and lead the student body in prayer. Eileen Lynch directed the singing. A cleverly acted skit topped off the program.

The skit dealt with the trial of a lax student who had been misusing the English language. Students acting as the various parts of speech, took the stand to testify against the unfortunate writer, who eventually was sentenced to two years at hard study.

Thelma Petith, as the district attorney, and James Reilly, as the defendant were fine.

A mathematic play was presented at a special assembly for the mathematic classes, Wednesday morning. The skit was under the supervision of Miss Esther Kietzman.

During the home room period Wednesday morning, a representative of Rutgers College, New Brunswick, spoke to the Senior Class on "The Qualifications Necessary to Enter College."

A special assembly was held at the school yesterday in honor of Boys' Week. The local Rotary Club arranged the program.

Former Freeholder Joseph King was chairman of the Committee. The program was entirely handled by boys. The boys' band rendered several numbers.

Mr. Davis of Stevens Institute was the guest speaker. Mr. Davis who is an authority on guidance, chose as his topic "Guidance Work."

A new student council is being organized under the recently adopted constitution at the school. The candidates for the various offices on the council are: President, Ray Smith; Angelo Errico, John Kilpatrick; vice president, Charles Peters; John Daly, Frank Kane; secretary Barbara Tate; John Manger, William Gray; treasurer, Ethel Searle, Thelma Petith and Sarah Cardin.

The Belleville Craftsmen's Club is putting on a cabaret show Saturday night, May 14 at Masonic Hall. There will be dining, dancing, and a complete cabaret revue and show. Cover charge only thirty cents and nothing on the menu over five cents. You will see our write-up on this on the front page of last week's issue of the Belleville News.

## Identification Sign

**For P. S. First Aid  
Automobiles Here**  
Request Made To Police  
Chiefs To Help In  
Traffic Jams

In announcing the adoption of first aid signs which will be conspicuously displayed on its automobiles engaged in carrying the company's first aid rescue squads on emergency calls, Public Service has requested the co-operation of police chiefs in various localities in helping the squad to arrive as quickly as possible at the scene of an accident.

The use of the identification symbol—a small metal sign with a green cross and the words "First Aid" printed in black on a white background—is calculated to inform the police that the automobile is on an emergency call and that necessity calls for its movement through traffic with as little delay as possible.

Each rescue squad of Public Service is composed of men trained in first aid and resuscitation work. They carry with them first aid and emergency equipment, including an inhalator, which has proved efficacious in gas asphyxiation and submersion cases.

The gas department of Public Service has inhalators at several localities in each division of its territory. In Essex Division inhalators are located at 535 Ogden street, Newark; 284 North Park street, East Orange; Middle and Chestnut streets, Summit; Harrison Gas Works, Fourth street, Harrison; Market street Gas Works, Newark.

## Local Boys Go Merely To See, But Go To Sea

Four boys who started on a trip to New York Saturday nearly went to France instead.

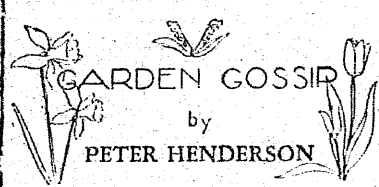

They were in a party of seventy youths whom the Rotary Club took on an inspection trip on the S. S. Ile de France. When the "all ashore" whistle blew, about 12:30 P. M., the four were in the engine room.

At 1 o'clock the liner had backed into the North river when the boys discovered their plight. Immediately they sought out the purser. He arranged for them to leave with the pilot on the tug which meets the boat a mile at sea.

The four, all of whom are 16, are Samuel Harschmann, son of Floyd Harschmann of 48 Hawthorne avenue, principal of Nutley High School; John Davis of 438 Prospect street, Edward Teeple of Franklin avenue and Donald Steneck of High street.

Ralph De Keyser and Chester Ryan, Rotarians, were in charge of the trip, which was in connection with Boys' Week.

### HELPFUL HINTS

RHODODENDRONS are unique in that they require a slightly acid soil, and one free from lime. Do not use lime about the plants or bone in any form. A well drained or sandy soil with plenty of leaf-mold is best.

THE rose which keeps longest as a cut flower is one which is cut in the bud in the early morning just as the bud is beginning to unfold.

ANNUALS are an important part of a garden as they will be in bloom during mid-summer when so many of the perennials are not blooming. They are especially attractive as border plants.

WHILE sweet peas must be planted where they can get plenty of sun, the rows should run north and south so that the tops may shade the base of the plants and keep the earth cooler.

FERTILIZER to the plant is like medicine for the individual. Enough will do a great deal of good, while too much is equally harmful.

ONE garden is better than another because someone spent more time on it. If you admired your neighbor's garden last year, and want one just as nice, be sure that you give it the same conscientious attention he did.

DO NOT leave the earth heaped up around newly planted shrubs or trees or evergreens. Instead leave it a little cupped so that the rain will run toward it rather than away.

AFTER you have applied Lawn Enricher or Fertilizer to your lawn, go over the lawn with the back of the rake so as to remove it from the leaves and then wet thoroughly so that the fertilizer will get down to the roots.

THE lawn is the frame in which the home picture sets and just as an unattractive frame will detract from—if not mar—the finest of pictures, so a poorly kept, unkempt lawn will take much from the most attractive of homes.

It is not necessary to dig up your present lawn even though it may be poor. Sometimes it is an economy of time and effort to scrap entirely what you have and re-make it completely, but it is really what a little effort plus Lawn Enricher and seed will do for a lawn that looks almost hopeless.

## Ryder's Two-Hit Mound Exhibition Features Bell-boy Win

### New "Find" Fans Fifteen As St. Mary's Succumb, 14-1

Led by a two-hit pitching performance turned in by John "Fuzzy" Ryder, making his first start on the mound this year, the Belleville High bombers blasted St. Mary's High of Rutherford, 14-1, Saturday afternoon, at Clearman Field.

Ryder, using a fast ball and sharp-breaking curve to advantage, had the St. Mary bats-wilders, breaking their backs in vain efforts to connect with the ball. He recorded a grand total of fifteen strike-outs over the course of the nine innings, getting nine of the first twelve put-outs in that manner. John Kelly's single up against the left field fence for the visitors in the seventh was the first St. Mary hit from the new Bell-boy "find's" delivery, spoiling his chances to enter the ranks of the no-hit, no-run pitchers.

With the visitors completely silenced on the attack the locals' offense was just the opposite. No less than seventeen bingles caromed off Blue and Gold bats, as the Belleville clubbers enjoyed a field day at the expense of a pair of Rutherford flingers.

Reynolds Golden, the "hitting fool" in right field, Johnnie Schwab and "Mac" Lamb were all highly effective in the matter of scattering hits over the greensward. Each man contributed three safeties, Golden's trio giving him the enviable record of nine hits in the last three games. He is the present leader of the Bell-boys with the willow.

Warren Knight, flashy young short-stop, accounted for another bit of fielding larceny, that was on a par with his game-saving play of the Kearney game. In the fifth inning, Bruggeman of the visitors lined a sizzling drive over second that looked for all the world to be the first hit on Ryder. Knight was Johnny-on-the-spot, however, and with a fine one-handed stab caught the ball and easily doubled Sherry off second to kill that St. Mary up-rising.

Charley Christell's triple, to deep right field, which scored two runners in the third, was the longest hit of the day.

## Belleville High Tennis Team Loses Opener

### Paterson East Side Victors In 3-1 Fashion At Silk City

The Belleville High tennis team opened its season, Monday afternoon, by journeying to Paterson, only to drop a series of matches to East Side High of that city, 3-1.

The doubles team, composed of Bill Brumbach and Meyer Siegel, accounted for the only Belleville victory when it trimmed the Cornwall-Walsh combine of East Side, in straight sets, 6-3, 6-3.

The forces of Coach Hugh D. Kittle were not so successful in the three singles sets, losing all three, after many hot exchanges. Ray Smith bowed to Brennan of Paterson, 4-6 and 6-7. Brower of East Side turned back Billie Caldwell of the local squad, 6-1 and 6-1. In the third match "Gowgie" Andersen, diminutive southpaw ace of the Blue and Gold crew, extended Leventhal of the winners, but finally succumbed, 6-3, 4-6 and 3-6.

Artie Leadbeater and Al Culkin accompanied the Bell-boy squad and will likely be used in future matches. Jimmie Roviello, the newly appointed student manager, also made the trip.

## ..This Whirl Of Sport..

BY ARTHUR BLOEMEKE

### A SEVEN-TEAM LEAGUE

ONE of the most likely of the many suggestions advanced in the discussions of the surprising "dropping" of the Bachelors from American Legion Baseball League ranks is to make the loop a seven-team affair. This would, of course, include the Bachelors, as well as the six teams already admitted.

But, clamor many, where will come the benefits so urgently needed, of a six-team league? Won't that cause an evolution into the difficulties of last year's eight-team race? Won't schedule-running postponements again be the bane of the circuit, resulting in a tangle at the end of the season, almost beyond unraveling?

The one variation that would eliminate this has also been suggested, however. Split the season into halves. Play the first with the seven teams intact.

Then—start the second and final half with but six teams, the first set in the standing at the end of the first half. In other words, drop the team ranking seventh at the completion of the first half from the second half's play.

This, in our minds, takes care of the Bachelors and prevents a recurrence of last season's schedule mix-up at one and the same time.

Another advantage, secondary to the two mentioned above, is that it might help speed up play in the early stages of the league season. The teams would be fighting, tooth and nail, in their efforts to keep out of the cellar and thus avert elimination from play in the second half.

### BELLEVILLE HIGH PICK-UPS

A NEW and highly effective aid to "Mac" Lamb in confusing enemy batters seems to have been found by Coach Frank Spotts of the local high school ball-tossers.

"Fuzzy" Ryder's deportment on the mound against a highly bewildered St. Mary's outfit Saturday was as fine, as it was unexpected. Of course, everyone who had witnessed the practice sessions of the Blue and Gold nine knew that Ryder was coming along fast under Coach Spott's excellent tutelage. But a two-hit game, with fifteen strike-outs, in his first start! That was a trifle too much to expect.

But "Fuzzy" came through with flying colors, and should prove to be just what the doctor ordered for the Bell-boy pitching corps. Now with both Ryder and Frank Catalano to assist, that perennial ace and winner of all-state laurels last year, "Mac" Lamb, Belleville High should be well fortified in its most important department, pitching.

The heavy hitting of that pair of fine outfielders, Reynolds Golden and Johnnie Schwab, has been another feature of the Blue and Gold play. Golden is connecting regularly for his three hits per game, and Schwab is in close pursuit of "Goldie" in the matter of "hitting 'em where they ain't."

The new-comer to the short-stop post, Warren Knight, lends real class to that important position. His exceptional, oftentimes brilliant fielding has made him an effective infield unit, bulwarked by Eddie O'Neil and Charley Christell, at the two end posts, first and third base respectively. Johnnie Daly, the converted infielder, is going great guns back of the bat, handling his job expertly, as well as being the "life of the party" as far as pep is concerned.

Quite a team—and one that should improve as the season progresses.

### AN EXCUSABLE DEFEAT

WITHOUT any preliminary practice, whatsoever, the newly organized Belleville High tennis team found its first opponent a bit too tough. Monday afternoon. On strange courts up at Paterson and playing together for the first time, they did well, we think, to even salvage one match of the four played.

It should be an entirely different story when these young tennis exponents get acclimated. They've "got the goods."

## Belleville Trojans Annex Two More

The Belleville Trojans, a heavy junior nine, made it three in a row, when they defeated the Belleville Colored Giants and the Newark Waverleys over the week-end. Thalheimer's pitching featured the Trojans' win over the Colored Giants. The pitching of "Bo" Travers, and the hitting of Shelly were the bright spots in the Trojans' victory over the Waverleys.

## Nutley High Jayvees Defeat Bell-boys, 8-4

Lordi Turns Back Belleville Seconds With Five Hits

The Nutley High second-string baseball nine defeated the Belleville High Jayvees, Thursday afternoon, at Spring Garden Oval, Nutley, by an 8-4 tally.

Lordi of the winners twirled a strong game throughout, not being touched for any serious damage with the exception of the fifth, when the Bell-boys scored three of their four runs.

"Duke" Wolff, youthful Belleville mound ace, was cuffed about quite some in the first three innings when the Nutleyites contributed their main scoring stunts. In the final trio of frames, however, he held the winners completely in tow.

Young Kirkleski, brother of the famous Frank, was the batting star of the fray, slamming out a triple and two singles, to figure heavily in the Nutley batting attack.

Eddie Burke's double in the fourth and Shannon's two-bagger in the fifth were the big blows of the Bell-boy rallies in those two frames, when Belleville accounted for all of its run making.

## Cece Brothers Help To Win Team Trophy

Port Chester Road Race Copped By Irish-Americans With Local Boys

The three Cece Brothers, noted middle and long distance runners of Belleville, were big factors in aiding their club the Irish-Americans A. C. of Newark to win the eight-mile road race, conducted at Port Chester, Sunday.

Joe Cece, finishing in fourth place, was the first Newark representative to breast the tape, Al and Larry Cece followed in sixth and eighth places, respectively. Jimmie DeLissio, another Belleville resident and also a representative of the Irish-Americans, was ninth.

Seventy-five contestants started in this race, which is one of the best known in the vicinity of the New York town.

## Bell-boys Lose Close Ball Tilt To Clifton

Falter In Ninth Inning As Clifton Takes 6-5 Setto

The Belleville High baseball nine out-hit Clifton Tuesday afternoon, at the Passaic School's Stadium, but failed to make their thirteen safe wallpops count for enough runs, and dropped a close 6-5 decision to the Cliftonites.

The Bell-boy infield faltered in the ninth inning, after the locals had heroically pulled up from a 1-5 deficit in the second canto to a 5-5 tie in the eighth. Two Blue and Gold errors and one scratch bingle, with two out, in the last half of the ninth decided the fray.

After the winners had succeeded in slamming the ball around for five runs in the first two innings, to get off to a flying start, "Mac" Lamb, Belleville mound ace, completely tamed the Cliftonites in the final seven frames. He allowed but two hits over the course of the seven innings, and but for that unearned winning run for Clifton in the ninth, might have been turning back batters yet.

Warren Knight, with three singles, was the particular stand-out of the heavy Belleville attack that had such a fine come-back in the closing innings, only to lose out in the end. Johnnie Schwab, "Mac" Lamb, Charley Christell and Johnnie Daly were other effective stickers for the locals with a pair of safe wallpops apiece.

## Explanation Given Anent Dropping Of Bachelors From Loop

Commander A. H. Christie Tells Why 6-Team Loop Was Arranged

April 30, 1932.

Editor News:  
Having noticed in your issue of April 22 the publication of a communication sent to you on behalf of the Bachelors Club, I wish to take the same method of replying to same and at the same time explain the situation to the baseball fans of Belleville and the readers of your paper.

The letter in question referred to the dropping of the Bachelors from the American Legion Baseball League and it has generally been gathered from the tone of this communication, that personal reasons were involved in our arriving at the decision rendered.

I wish on behalf of the Belleville Post and our Athletic Committee to assure you, the Bachelors, and your readers, that no personalities whatsoever were involved. While our members have the fullest confidence in our Athletic Committee, we nevertheless had a very thorough discussion of the question at the last meeting of the Post on April 27. Prior to this discussion, two representatives

of the Bachelors were permitted to address the meeting and state their case after which various members of our Athletic Committee stated their case. I do not wish to bore you with the full details of this discussion and would advise that the reasons for dropping the Bachelors from the League are briefly as follows:

When considering the reestablishment of the League for the present season, it became apparent that but seven teams would apply for membership. This situation would have necessitated locating one more team or to drop one team. However, after carefully considering the various phases of the matter, the committee decided to put the question up to the Post at a general meeting as to whether or not a six or an eight team league was the more desirable.

The decision of our membership was in favor of a six team league and, therefore, it became the embarrassing duty of the committee to decide as to which team should be dropped.

The evidence was very carefully weighed and the members of the committee voted by ballot on this question, with the result that the Bachelors received the lowest number of votes and, therefore, we advised them they would be dropped.

From the foregoing, it will be seen, one team had to go and we all feel quite sure that the committee handled the matter to the best of their ability. I might further add, that the members of this committee are among the most active and well informed of our members, and I do not believe that their integrity can be questioned.

Trusting that this will close the matter to the satisfaction of all concerned and trusting that you will give this letter as prominent a place in your next issue as was that given to our critic, I remain

Respectfully and sincerely yours,  
ARTHUR H. CHRISTIE,  
Commander.

### Large Elm Sent To

### President Hoover

### Belleville Tree Will Is To Be

### Planted On White House

### Ground

A large elm tree, nineteen feet tall, was sent to President Herbert Hoover on Saturday, April 23. It was received by U. S. Senator Hamilton P. Kean who authorized that the elm tree be held in the U. S. Botanical Gardens at Washington, D. C. until formal plans of presenting the tree to the President are made.

The large elm tree came from Belleville and is to commemorate General George Washington's retreat across New Jersey in 1776. It was given by a Belleville resident as a gift to President Hoover, and will be planted on the White House grounds, with fitting ceremonies. U. S. Senators Kean and Barbour together with Representative Fred A. Hartley, Jr., will take an active part in the presentation of the Belleville elm to President Hoover.

A number of Belleville trees are now planted below the Mason-Dixon line. In the City of Baltimore a tall maple was set up on the Mount Vernon Square in the heart of the city. Leading city officials took part in the planting of the Belleville tree which was dedicated to Washington and commemorates his retreat across New Jersey in 1776 through Belleville. Mayor Howard Jackson of Baltimore City took part in the affair.

Governor Albert Ritchie of Maryland received a large Belleville elm and it was planted at Annapolis, Md. At Washington, D. C. the Boys of Washington dedicated three maple trees that were given the Boys' Club of Washington, by a Belleville resident. The trees were dedicated at the opening of Boys' Week. All the Washington boys took part in the planting of the trees.

In Virginia, at Fort Myers, two Belleville trees have been planted and impressive ceremonies will be used to dedicate the trees to George Washington by Col. Ned H. Cooter, Commander of Fort Meyer. The two Belleville trees planted at Fort Myers, which is adjacent to Arlington Cemetery, were a maple and an American Elm. These trees are set up on the main parade grounds and will be visible to the many who visit Arlington Cemetery.
