## Underhanded Trick Tried Against Regular Republicans Saturday To Spoil Hyde Party Some- one Phones Candidates He "Is Ill"

A political ruse almost worked in town Saturday night. Some one evidently of the other side of the Republican fence from the regular organization made telephone calls to Freeholder Zenas G. Crane, County Clerk John H. Scott and Under Sheriff Louis E. Batchelor, notifying them a party to be held in their interests at the Belleville Masonic Hall that night had been "called off" as "Elmer Hyde is ill."

The party, devoted to cards, music and dancing, given by Mr. and Mrs. Elmer Hyde, progressed, attended by nearly 100 organization friends, to quite a late hour without the appearance of the honor guests.

The candidates had gone their several ways, taking a night off from politics. At last wires began working and they were rounded up. They made haste to town, arriving in time to speak. Homer C. Zink was toastmaster.

Others who spoke were Thomas Berry, president of the Regular Republican Organization; Thomas Hartman, former town Republican leader and Commissioner William H. Williams.

Speakers announced Monday as invited to attend a mass meeting of the Regular-Republican Organization at the Belleville Elks' Home Wednesday included State Senator Joseph G. Wolber, Messrs. Crane, Scott and Batchelor, Recorder William H. Rawson of Bloomfield, Fred W. Fort, Jr., George Bradley, Stanley Naughton and George Grimm, Assembly nomination candidates. The speakers were introduced by Mr. Zink. Mr. Berry presided.

## K. of C. Lodge Plans Another Irish-Scotch Night On May 14

Affair In Popular Demand  
Will Be Held At  
The Home

Popular demand for a repetition of the Irish Scotch night held some time ago by Belleville Council, Knights of Columbus, has been such that they have decided to run another of this Saturday evening, May 14. It will be held in the home, 43 Rossmore place. Refreshments will be served and they will be even better than at the last affair and best of all the committee considers itself fortunate in that the Minstrels of Erin who made such a hit before will provide the music and what music that was. Those who like dancing of any sort should enjoy themselves, and it's a good thing even to watch the dancing and listen to the music. The musicians are well known to the listeners of Station WHOM.

Daniel L. Gibbons is chairman of the committee, made up of Phil O'Toole, Thomas Hanlon, Andrew Hughes and Alexander T. Derbyshire.

On Saturday evening, May 28, the regular monthly card party of the council will be held. William J. Byrne, Jr., is chairman, assisted by A. J. Mann, Phil O'Toole and James Kinneally. The Committee assures everyone of an enjoyable evening in comfortable quarters.

## Economic Depression, Speakers Say, Due To Lack Of Religion Something Is Fundamental- ly Wrong J. C. MacAglon Declares

Speakers at the eighth annual Communion breakfast of the Holy Name Society of St. Peter's Church Sunday laid the economic depression to lack of religion. The speakers included Justin C. MacAglon of Roselle, former president of the Newark Diocesan Federation of the Holy Name Society; Harry O'Keefe, principal of School No. 7, Hoboken, and Rev. Joseph M. Kelly, pastor of St. Peter's Church.

"There is something fundamentally wrong about this whole thing," Mr. MacAglon said. "We are trying to live without God. There isn't any fundamental problem which does not go back to our moral foundation. We need morals in public life, we need morals in high places. People are beginning to realize there must be a moral awakening."

Referring to reports of empty churches, Father Kelly declared "those who have been the leaders of Christianity are the ones who emptied their own churches." He blamed the preaching of such doctrines as the one which questioned the divinity of Christ.

"Politics needs religion," Mr. O'Keefe declared. "Religion must be in politics. But beware of the fellow who asks you to vote for a man because of his faith. He will say to you 'he's one of our own; give him a vote. Look out for that bird.'"

Harry Sullivan, who was toastmaster, led the 500 men who attended the breakfast in a prayer for Rev. Edwin J. Field, pastor of St. Peter's Church, who died six months ago. Other speakers were William Friedl, president of the society, and Daniel L. Gibbons, chairman of the breakfast committee. Before the breakfast, which was served by the members of the Ladies' Social Society,

## Report Rendered On Mill Street Repair

Engineer Blank Says It  
Would Be Well To  
Pave It Now

The estimated cost of repairing Mill and Harrison streets is \$22,788.26. This statement was contained in the report of Town Engineer Albert S. Blank, to the Board of Commissioners, in conference, Tuesday afternoon.

Mr. Blank is of the opinion that inasmuch as the state has provided to pay for three quarters of this amount leaving only \$5,788 as the town's share; it would be a wise move to pave the roads this year. Commissioner William H. Williams agreed with Mr. Blank's view.

The board instructed Town Attorney John B. Brown to communicate with state officials and endeavor to learn whether or not they are prepared to go ahead with the project.

Plumbers Object

W. Brand Smith, spokesman for the Master Plumbers' Association, requested that the board of commissioners refrain from further action on the ordinance providing for a permit and fee of one dollar for relaying sewer pipes and establishing town supervision of such jobs. He maintained that the citizens were paying enough now for water and sewer service and that town supervision would delay the completion of such repair work thus causing additional expense to the property owner, by way of larger plumber's bill. Mr. Smith stated that the two thousand dollar bond required of all licensed plumbers ought to assure the town that the job would be done in an efficient manner.

After discussing the question further, the board appointed Mr. Smith and Town Inspector O'Connor to aid Town Attorney Brown revise the ordinance. The fee will be done away with in the amended ordinance.

Store Clerk Class

A motion by Acting-Mayor Williams that all small bills for the same concern be included in one total and read off as one amount, caused a slight flurry at the evening session, but failed to assume serious proportions. The acting mayor made this suggestion as a means of saving time at the meetings. He maintained that it is a waste of valuable time to read from three to four hundred bills individually, when, combining the small items would make things so much easier. He said, "Why, when each department head checks his department's bills, which are in turn double checked and triple checked by

"Fortunately or otherwise I am one of those old-fashioned fellows who believes in frankness of expression straight from the shoulder."

"I believe that by and large the people, if let alone, are capable of choosing efficient and faithful public officers to serve them."

"I believe that the voter has a duty and responsibility quite as much as the candidate for public office, and especially so on Election Day."

William Allen, colored, of Trenton, was riding from Mt. Rose to Hopewell with Orville Wilson, also of Trenton, on a truckload of lumber.

They notified Chief Williamson of the Hopewell Police who passed the information to State Police Headquarters at Hopewell.

Inspector Walsh of Jersey City, Sergeant Moffat of Newark, and Lieutenant Keaton of the New Jersey State Police with a number of detectives were called from the Lindbergh home, and went immediately to the scene of the discovery where they saw the body of the child.

Not satisfied with this as identification they went to the Lindbergh es-

# CHURCHES

WESLEY M. E.  
Rev. Edgar M. Compton.

Sunday—  
9:30 A. M.—Sunday School.  
10:45 A. M.—Morning Worship.  
7 P. M.—Epworth League.  
7:45 P. M.—Evening Worship.  
Wednesday, 8 P. M.—Mid-week prayer and praise service.

Monday, 7 P. M.—Girls' Choir rehearsal.  
Friday, 8 P. M.—Senior Choir rehearsal.

Mother's Day was fittingly observed last Sunday morning when the mothers of the various organizations of the church took part in the service. Hymns were announced and read by Mrs. John Thompson, Mrs. H. L. Hamilton and Mrs. Charles G. Jones. Mrs. W. Brand Smith led in prayer and Mrs. James G. Shawger read the scripture lesson.

The children's sermon was delivered by Mrs. Clifford Whitfield. Rev. Compton chose for his subject "An Old Fashioned Mother." A vocal solo was given by Mrs. J. Ellsworth Akers, and a violin selection by Mrs. Christine Wellington Phillips. A trio composed of Mrs. John B. Brown and Mrs. Akers sang "Blessed are the Pure in Heart."

Representatives of the Young Woman's Auxiliary greeted the mothers as they entered the church and pinned pink roses on them. Mrs. Herbert Carson was in charge, assisted by Mrs. Harvey Allen, Mrs. Hugo Enders, Mrs. H. Lester Hamilton and Mrs. Muriel Connor. The Ladies Aid was represented by Mrs. Frank Sophor, Mrs. John Budd, Mrs. E. D. Van deMark and Mrs. J. Davenport, who acted as ushers.

Three surprise awards were given by the pastor to the oldest mother present in the congregation, to the one having had the largest family and to the youngest mother. The first two awards went to Mrs. Augusta Wurtzman, eighty-five years old, and the mother of thirteen children. The third award went to Mrs. Lindsey Graves with a baby eight months old.

There were two other surprises—an announcement by the pastor that Mrs. Ysbrand Bregmann had purchased a bell in the organ chimes in honor of her mother, Mrs. Augusta Wurtzman, and that a memorial pulpit hymnal had been presented by the family in memory of Mrs. Ida M. Pudney.

Memorial flowers were given by Mrs. John H. Boice in loving memory of her mother, Flora Oliver; by Mrs. Alvin Linke in loving memory of her mother, Mrs. Oliver Titus, and by Mr. and Mrs. Hugo Enders in loving memory of his and her mother, Wilhelmina Enders and Barbara Bauer.

Two trees, a white oak and a black oak were dedicated by the pastor, to the memory of George Washington's mother, and to the mothers everywhere.

Once again the rummage sale sponsored by the Ladies' Aid Society has been postponed due to unforeseen circumstances. However, it will be held the week of May 16 in the vacant store 121 Washington avenue. Donations will be gladly accepted and called for—just by notifying the chairman, Mrs. J. J. Schaffer, Belleville 2-1349R or Mrs. R. Williamson or Mrs. E. Mutch.

The members of the Epworth League and the cast of the Minstrel show which took place last week had a dinner in the Sunday School dining room last evening to celebrate their success and a splendid time was had by all. Mrs. Christian Hansen prepared the dinner. About fifty

were present. Miss Nancy Campbell received the award for the first captain to send in her complete returns for having sold fifty tickets or more. Her helpers were Wilfred Potis, James Campbell, Jane Carrough and Mary E. Compton.

Primary Department To Present  
Timothy Tackhamer's Toy Shop

On May 20, Timothy Tackhamer's Toy Shop will be given on Friday evening, May 20 at 8 o'clock in the Sunday School Auditorium by the Primary Department for the benefit of the organ fund. Mrs. Ellsworth Akers has been coaching the children for the past month and a half, with the assistance of Mrs. Lloyd Ballentine, Mrs. H. L. Grandy and Mr. and Mrs. George Davies.

Timothy Tackhamer will be George Davies. There will be an impish Jack-in-the-Box, a dainty fairy, a petite but rather haughty French doll, a buxom Dutch "doll," and a whole chorus of dainty little paper dolls. There will be Captain Fritz and his army of neatly groomed "tin soldiers." And then following the little one-act drama, there will be a "Toy Shop Review" in which the children's band will take an important part. A group of children will sing a number of popular songs which will give added color and variety to the program. The cast includes about thirty children, and the play is something quite out of the ordinary. Mrs. Akers is hoping for a full house May 20 and if necessary will repeat the performance the next night.

Rev. J. S. Nelligan, Curate  
Masses

6, 7:30, 8:30, 9:30 and 11 o'clock.  
Thomas A. Haney, Organist.

The eighth annual communion breakfast of St. Peter's Holy Name Society was held Sunday at St. Peter's Auditorium, following the 7:30 mass. Father Kelly paid a glowing tribute to the memory of Father Edwin J. Field, his predecessor in his men and glee club of the American Legion in full uniform attended. The latter under the direction of Alfred Rachael sang and entertained with novelty numbers and received numerous encores. The choir under Prof. Haney with Richard Planagan leading, entertained with popular songs and the assemblage sang the Star Spangled Banner with Mrs. George Ward leading. In a masterful manner Justin McAgdon of Roselle former president of the Diocesan Federation of Essex County stressed the need of God in our work a day world. The need of morals in all walks of life, the utter disregard for God by those who think they are sufficient unto themselves and tracing to the sixteenth century when the first Holy Name Society was formed and its progress through the ages. Mr. McAgdon asked the men to make retreats and held as an example William Watters, Edmund Rung and others who have been interested in that form of devotion.

Harry O'Keefe, principal of School No. 7 of Hoboken, a young man whose stature and appearance resembles Mayor Walker of New York, kept his listeners in laughter while he told them amusing anecdotes. Returning to the serious he told his audience they need never be apologetic for being Catholics and not for an instant think they have to be tolerated. He stressed the point that politics needs religion and religion must be in politics. Beware of the fellow who expects you to vote for him because of his religion. If he tells you "I am one of your kind" look out for that bird.

Daniel Gibbons, chairman, introduced Harry Sullivan as toastmaster. In his own inimitable manner he introduced the speakers and paid tribute to the memory of Father Field and asked the assemblage to offer a prayer for the repose of his soul.

He explained how Father Field often said that critics said "it couldn't be done" and he showed them it could with concentrated effort and organization. He told how Father Kelly coming here following the late pastor's demise, found his way into the hearts of the parishioners. He also thanked the ladies of the Social Society and the Dramatic Club for preparing and serving the breakfast under the supervision of Miss Teresa K. Salmon.

Father Kelly told of the great work being done by the Holy Name Society and asked each man to keep up the standard of the Holy Name Society. He made reference to Mother's Day. In the course of his remarks he blamed the ones who questioned the divinity of Christ as the

ones who make havoc of christianity. Captain Thomas Conley of Notre Dame football team of 1930, of Philadelphia, arrived too late for the occasion. William Friel, president, also spoke. Father Nelligan, was also at the guest table.

Court Sancta Maria, No. 61, Catholic Daughters of America, will hold initiation next Sunday afternoon at St. Peter's Auditorium, when twenty-one candidates will be introduced into the order.

Neighboring courts have been invited and a large attendance is expected. Refreshment committee consists of Mrs. Patrick Gelsen, Mrs. Michael McCann, Mrs. Thomas Lukowiak, Mrs. William Brady, Mrs. Charles Kelly, Mrs. George Wirtz and the Misses Mae and Agnes Doyle, Betty Ford and Mary Salmon.

The Colonial Minstrels who performed at the carnival under the auspices of St. Peter's Social Society will go to Bloomfield Monday, May 23, and will repeat the program on Tuesday, May 24 at Knights of Columbus headquarters.

On the entertainment committee are Miss Grace Jordan, Mrs. Frank Baker, Mrs. Lawrence Keenan, Mrs. Frank Brohal, Mrs. Arthur Davis, Mrs. John Paxton, Mrs. Frank O'Neil, Mrs. Edward Cogan, Mrs. Charles Kelly and the Misses Nellie Comesky, Florence Kelly and Kathryn Powers.

Fourth Communion Breakfast will be held at the auditorium Sunday, June 5, with Miss Florence Kelly, chairmah; Mrs. John Westlake, Mrs. Thomas MacNair, Mrs. George Hacker, Misses Teresa Salmon, Mae Doyle, Loretta Dunleavy and Miss Elizabeth Cousins, ex-officio.

## JOHN SCOTT OR SAMMY SAMPSON

BELLEVILLE'S Mayor, Samuel Sampson Kenworthy, is still spouting about the voters' good and tried friend, John H. Scott, county clerk. The voters have figured it out themselves—and how!

Sammy, who is trying as an insurgent Republican to take away Mr. Scott's job, just because Mr. Scott has held the position fifteen years, reminds us of the Bolshevik who hated to see anyone else prosper. Has he left Republican ranks entirely? Democrats won't have him.

Of course, if Sammy were a Bolshevik the Republican party would be tickled to death—his own friends can't get out a corporal's guard for him in Belleville to stage a meeting. His town's ignoring him politically. John Scott and all the regular Republicans are holding meeting after meeting in Belleville, right under Sammy's nose and with Sammy's fellow townsmen.

Sammy has to take it and like it. It is predicted that when the ballots are tabulated the Belleville Mayor will be in a class with the two rulers Nutley dispensed with Tuesday.

Sammy, who is an old-time actor, has been at the helm of Belleville six years—always in the majority combine that has throttled those who would oppose it. Belleville, not unlike Nutley, is flatter than a flounder financially. Whose fault is this, Sammy, the majority or minority rulers? Is it your fault and your colleagues, or those who have had no say in spending recklessly?

Please spare the voters a pain from holding their tongues in their cheeks when you attack John Scott's financial plans. The county isn't broke yet and the town you're ruled is in pretty bad shape.

Mayor Kenworthy has attacked the appointments of the county welfare board—which, by the way, were good ones and yet Sammy maintains his brother-in-law as building clerk in Belleville when even a school boy in the first grade can see there's no building going on.

Sammy attacks election costs. Why all of a sudden, Sammy? You were in the legislature. What did you do about it then or do you forget? How about your local elections? Do you have anything to say about them?

Tush, Sammy, don't try to kid the public—it isn't fashionable today—the pocket books of the taxpayers are frayed and they'd rather put John Scott back in office—he's popular and knows what it's all about. He's kept his department efficient and out of chaos and debt. He considers his office a public trust and treats it thus: He's for the public. He's like Rife in Nutley. He doesn't surround himself with a lot of "yes" men.

## THE NEWEST WORD

THE newest word to win popular favor is "decibel," the unit for sound intensity. It seems appropriate for our noisy age that we should talk about decibels, as well as about piles and pounds, quarts and dollars.

A quiet office, we are informed rates at about 30 decibels, as contrasted with the 20 of a country home. A theatre audience between the acts records between 50 and 53 decibels. This is higher than the sound record of a fairly busy city street in the daytime. Beniamino Gigli and Lily Pons soared to 77 and 75 decibels, while the orchestra at the Metropolitan got as high as 96, which appears to be the record until a riveting machine or a bombardment is recorded.

How important all this is will be known later. But to be up to date, one must know what a decibel is.

## A NOBLE THOUGHT

SOMEONE had the noble thought of planting a tree in honor of the Unknown Soldier's mother near the burial place of that ward of the nation in Arlington Cemetery. It was set into the ground and dedicated on Sunday by Assistant Secretary of War Payne, "to the memory of the mother who gave to the unknown soldier life and strength, courage and love of country."

"Only God can make a tree," sang the poet, Joyce Kilmer. But man can set one out, and nourish it with the care and tenderness born of devotion and respect. Long may this one flourish and be green.

## THE HAT RADIO

LONDON bobbies, as policemen are known over there, are likely to be equipped with radio sets which are to repose in their helmets, for London still clings to the old-fashioned headgear for its public protectors. The tiny sets will enable messages to be relayed to the bobbie wherever he may be on his beat, and he will thus be in constant touch with headquarters or his divisional station. Some of the sets have already been ordered, and if the experiment is successful, they will become a standard part of the patrolman's outfit.

The idea is intriguing. If policemen can carry these sets, why cannot the ordinary private citizen? How convenient for a wife to be able to give orders to her husband over his own private wave length at any hour, and how futile his excuses if he forgets to bring home something especially requested, or loses track of the time, or anything. The young man could be in communication with his best girl at any time, and be able to assure her that his ardor has not cooled since the night before. Editors could easily find reporters once they had left the office. There are needless ways in which the hat radio would affect our daily lives. And when television goes with it, well, that is another picture.

## A FORTY HOUR WEEK

MILTON S. Florsheim, head of the Florsheim Shoe Company of Chicago, suggests a way out of the present depression. He would have Congress and the various States enact legislation providing for a forty-hour week in all industries for a period of three years. He believes this would solve the unemployment problem and competent legal advice assures him such legislation would be constitutional. Mr. Florsheim's idea is an interesting one. The difficulty would be in securing action by all the States. Obviously joint action would be necessary.

## Praise Wilfred Yudin Before Progress Club Local Young Man Has Done Much In Athletic Development

Wilfred Yudin, chairman of the athletic committee of the Progress Club was praised and lauded very highly by the president, Edward J. Abramson, at a meeting of the chairmen of standing committees of the Progress Club in reviewing Mr. Yudin's work. Mr. Yudin was instrumental in the starting of the Recreation Basketball League which played Monday night at the high school, last basketball season. It was through his tireless efforts as playing manager and sterling leadership the president pointed out, which brought the Progress Club second place in the league. He also inaugurated a series of golf and tennis matches which are now being played among the members of the Progress Club to ascertain the golf and tennis champion of 1932.

Mr. Yudin is also considering starting a baseball team and intends to challenge various other organizations of like caliber as the Progress Club to some games.

It was his idea in starting a Hebrew School baseball league which the club is sponsoring and toward which the club has given a silver cup to the winning team.

He has already received responses from schools in Kearny, Arlington, Bloomfield, Passaic and Nutley and expects to have the league under way very shortly.

Wilfred Yudin is a product of the Belleville School system having lived in the First Ward of Belleville for the past twenty-two years. He graduated from Belleville grammar and high schools and matriculated at Rutgers University, where he was an honor student. He then studied law at the New Jersey Law School and is now in the midst of a successful practice in his profession.

## About Books by Cyrus Wood

Americans will now have the unusual experience of reading a book about themselves and written by themselves for the purpose of explaining the American scene to Europeans. The book is "America As Americans See it."

Fred J. Ringel, who has edited this book, came to

America as a correspondent for Berlin newspapers. He had not been here long before he realized the exaggerations and deficiencies of the European conception of America. "They knew about Josephine Baker but had never heard of Jane Addams. They knew Babe Ruth, but not John Dewey; about Capone and 'Legs' Diamond and not about Millikan and Justice Holmes." First he started to write a book himself about the America he was discovering but soon realized that it should be written by Americans. So he interested forty-six of the best known American writers in an attempt to present a real commentary on America. When completely assembled the book promised to be equally interesting to the American reader, so it will first be published here by Harcourt, Brace and Company and issued by the Literary Guild as its June selection.

Among the forty-six authors who have contributed are Sherwood Anderson, Robert Benchley, Arthur Garfield Hays, John Tunis, Edward Steichen, and Graham McNamee. The author of each article is introduced by another American writer equally well known. The articles range from "American Society and Near Society" to "The American Radical," from "The Newspaper Game" to "Art in American Industry," and from "The Business of American Sports" to "Gambling on Wall Street." The 140 illustrations exemplify the title from the pictorial side: it includes examples of American painting and sculpture, caricature and comic strips, advertising photographs and news pictures.

Once more the spring weather is bringing in its quota of poetry. A well-known writer who at present prefers to remain anonymous has contributed the verse which I am reproducing below.

I took a little walk one day  
Toward where the sun drops out  
of the sky

for the Little Church Around The Corner. It's the time o'year when dog catches and yomen are out for no good reason.

We've been discarding radio tube after radio tube and the repair man just informed us that the dreadful sound we hear is nothing but a soprano.

Low White postcards: "You've got to give Russia credit even if it does take a hundred years to work out the Five Year Plan."

And I breathed in deep for the way was steep

And a glad song set my lips awry.

The road was brown and strewn with stones

But it leaped and looped to the kindly sky

And a little girl came and asked my name

And took my hand with a gesture shy.

She blushed and laughed and tugged me on,

And her cowering eyes were flakes of sky,

And we ran with a will to the top of the hill

Where she showed me a house that the road rolled by.

She said it was hers, and showed me where

Some peonies pranced in a snowy frill

Along her walk, and proud on its stalk

A geranium flamed from her window-sill—

She said it was hers, and bade me stay—

The view from the window was just divine,

For there in the morn, when the fog was torn

The sun hung low like a bubble of wine.

She said it was hers, and bade me stay—

She'd give me a lavender-scented room,

She'd mend my clothes, and when I arose

Each day she'd pluck me a corn-flower bloom . . .

I thought of the white, eager roads of the world

Of the cock-partridge perched on his thundering log.

And I knew I must sing in the dawn of the spring

When the skunk-cabbage pierces and purples the bog—

(But I never could sing in a house at all!)

And I thought of the streaming veil of stars,

And slim white ships, and the gale that rips

And whips and whines through ropes and spars.

And the lonely song of the lonely sea—

Then a flame leaped up within my breast,

And kissing her fair on her sunset hair,

I set my face to the darkening West.

## Hunt's Three-Ring Circus Scheduled To Aid Unemployed

It is not often that the circus receives editorial approval. However, the Hunt Circus, now on its fortieth annual tour, which is scheduled to visit Belleville on Thursday and Friday, May 12 and 13 for two complete performances, has received the commendation of newspaper editors, magazine writers, and authors.

In the *Plattsburg Daily Press*, for August 24, 1931, the editor, in a leading editorial, states that "The Hunt Circus has been traveling along the Atlantic seaboard for thirty-nine years at least. It started out as a small concern in the old 'mudshow' days, as the wagon shows were called. Now it is a modern three-ring circus traveling entirely by motor truck, using a fleet of forty-five to fifty of these trucks to transport it from town to town. Each year it has been seen somewhere in the Adirondack region and it has always given the best of satisfaction. The Adirondack Chamber of Commerce thought so well of it that it engaged the circus to play Ausable Forks for its benefit last week.

"The Hunt Circus has always been under the control of the same family. Three generations are represented with the show at the present time. All, from the oldest to the youngest, do their share of the work of carrying on the show and keeping it up to the mark. One of these is a grandmother, but she does not sit by the chimney corner knitting. She is out with the bluebirds in the spring, and when the band plays 'Home, Sweet Home' in the fall she is among the last to leave the lot and does her bit with the rest in stowing the show away in winter quarters. That's the good old circus spirit which refuses to be cast down and in this is an example to you and I and all of us."

Earl Chapin May, in his new book "From Rome to Ringling," devotes considerable space to the history of the Hunt circus, as does also the *Theatre Guild Magazine* in a recent issue.

It is quite true that the Hunt Circus is the oldest in the world organized, owned and managed by the same person for forty consecutive years. It is the only existing show which has never changed ownership, name, or title for nearly half a century.

As the leading feature for its fortieth annual tour, Hunt's Circus this year offers two timely spectacles.

To open the circus, there is presented "The Princess of Pekin," a beautiful story of ancient China, written exclusively for the Hunt Circus and produced by no other show. "The Princess of Pekin" is the only daughter of the Emperor of China, and in honor of her first visit to the outside world, a holiday is declared. On this holiday, entertainers come from all over the world to pay her homage. In the development of this beautiful story, the entire personnel of the circus is used, making a gorgeous spectacle altogether different from that ever seen under the white tops.

As a concluding number, Hunt's Circus presents the superb Washington Bicentennial spectacle entitled "Father of the Land We Love." This beautiful, patriotic tribute to the First President of the United States has been approved by the United States George Washington Bicentennial Commission and is thoroughly accurate in every detail. This spectacle pays a magnificent tribute to the Father of our Country, and it is an episode which every school child should see. Certainly an unusual opportunity is presented to residents of Belleville to honor George Washington with the circus when it appears here for two complete performances on Thursday and Friday, May 12 and 13.

The Equestrian Hunts is one of the leading features of the Hunt Circus this year. This unusual riding act will appeal especially to lovers of beautiful horses and to those who admire skill in riding. The Equestrian Hunts are recognized as among the finest riders in the United States, and their work is essentially American in origin and tradition.

In addition to the Equestrian Hunts the circus presents a number of unusual acts, such as the Aerial LeVines, Upside-Down DeRisks, as well as a host of performers, offering a splendid program of circus numbers. There are troupes of trained dogs, ponies and elephants to delight the little folk.

In the clown contingent is the famous John Lancaster, recently acclaimed by the *New York Herald Tribune* as the Dean of American Clowns.

Music is furnished by the Bob Mill's Silvertone Circus Band, who render a program of classical and popular music before each performance.

The Hunt Circus, which this year celebrates its fortieth annual tour, will visit Belleville on Thursday and Friday, May 12 and 13 for two complete performances.

Charles L. Steel, Jr., principal of the high school, addressed the student body in the chapel Wednesday morning. He informed his charges that annual and semi-annual examinations were valuable to a student and inasmuch as the town believes in them there will be no exemptions.

Mr. Steel announced that a new plan will be instigated at the school this year. The plan is to advance the June exams from the middle of the month, to the first half of the month. This year's examinations will commence on June 3 and continue to June 8.

This new plan will afford the student time to learn where he had made his mistakes in the exams and give him the opportunity to correct

understood. Work at the school, however, will continue immediately after the examinations are concluded and continue till the last day of June. These three weeks will be added to the student's final marking period and go towards his yearly average. Mr. Steel said the examinations would only count as one third the total mark, while daily class work will constitute the remaining two thirds.

The senior class recently voted to wear caps and gowns at its commencement ceremonies in June. This decision was made in order that the exercises be more democratic and the cost of graduation less.

The Misses Joseph and Kayhart, chaperoned a group of students of the French class when they attended a French play, Wednesday afternoon.

## No Solution Reached Concerning Payroll Belleville Teachers Are Still Left Holding The Bag

All faith that Belleville teachers have in Santa Claus has faded. While \$25,000 is in the stocking hanging on the town mantelpiece so far as the teachers are concerned the money might just as well be hidden somewhere in the Fiji Islands.

Commissioner William H. Williams raised fond hopes in the minds of the teachers when he told the school board he had \$25,000 to hand over, but it seems the school board takes into consideration technicalities while the teachers are left holding the proverbial bag.

Last week Reporter Snoop snooped his way outside closed doors of the Board of Education business office to hear a little story about \$25,000.

He got an earful!

Without going into details of this closed conference Snoop determined the board passed up the \$25,000.

"With the money available, the matter of application to proper or necessary payroll accounts is a matter for the Finance Committee of the Board of Education to determine."

"This method appears to be the soundest and earliest possible method of developing funds," says Director Williams.

"The matter now rests with the school board—cash is available."

Mr. DeRosset, president of the Board of Education, upon his return from Trenton Thursday, announced that no solution had been reached concerning the payment of \$40,000 due to the teachers and other school employees.

In answer to a New's reporter's question concerning Commissioner Williams' offer to have \$25,000 ready on short notice, he said, "The school board does not wish to use any of the 1932-1933 appropriations for this year's business."

Commissioner Williams at a conference held a week ago stated that in an earlier conference the school authorities had suggested the town borrow money to aid the school board meet its payroll. The commissioner's statement concerning the requested loan is as follows:

"I am advised by Walter R. Darby, State Commissioner of municipal accounting, that he knows no law which

empowers the town to loan town money to the school board, nor to advance monies not yet due. I am willing to recommend advancing \$25,000 of the 1932 prepaid taxes to the Board of Education. This will be charged to the 1932 school budget.

Hopes are gone that the County Board of Freeholders will advance enough money to pay school teachers their salaries, due nine days ago. Another pay day is due Monday but as yet school authorities have no idea where the money will come from to meet it.

"Have No Money"

"We have no money either to pay the teachers their back salaries or to meet the coming pay day," he said.

**Difficulty Over Taxes**

The salary difficulty arose because the town did not pay a little more than \$200,000 owed to the county for back taxes, and in consequence the county would not turn over \$163,000 due Belleville.

As a way out of the trouble Commissioner Williams suggested that the county advance part of the money due Belleville to cover the teachers' payroll, and Belleville in turn would transfer some of the money due the county. The Freeholders' finance committee turned down the proposition. The bi-ally payroll for teachers is about \$25,000.

Freeholder Dodd, finance committee chairman, Tuesday said he considered the matter closed. The board, he said, would like to help, but it would not subscribe to the practice of advancing money to municipalities which are behind in their taxes.

### CONQUERS CONSTIPATION

"It is often very difficult to recognize constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results."

For your guidance in recognizing and hence over-coming constipation and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Headache  
Gas  
Bloating  
Bad Breath  
Coated Tongue  
Flatulence  
Insomnia  
(Sleeplessness)  
Blepharitis  
Continual Fatigue  
Pimples  
Hemorrhoids  
(Piles)

Abdominal Tenderness  
Lack of Appetite  
Insatiable Hunger  
Nausea (1-3 Hrs. After Eating)  
So-called Rheumatism  
High-Blood Pressure  
Auto-intoxication  
Springtime Weakness

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

the bowel contents. It cannot be accomplished by the use of drugs commonly known as purgatives, cathartics, or laxatives, such as castor oil, pills, salts, mineral water and the like. These disturb and irritate the stomach and often affect the kidneys. Only through the principle of lubrication as embodied in Alagar can regular thorough elimination of waste matter be harmlessly accomplished.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic Phenolphthalein. Its distinct Maple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

Look for the Two Red Diamonds on the Label. The sign of the genuine.

## Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed  
in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. © 1931, C. M. Co.

## Bloomfield Nine Loses To Bell-boys, 6-2

"Mac" Lamb Easily Subdues Foleyman With Fine Mound Exhibition

The Bell-boy baseball performers emulated their brothers of the basketball court in downing their arch-rivals, Bloomfield High, Friday afternoon, at Clearman Field. The locals completely outclassed the Bloomfieldites in defeating them by a comfortable 6-2 margin.

"Mac" Lamb, all-state pitching ace of the Blue and Gold, was at his peak in subduing the visitors. He shut them out in eight of the nine innings. The fourth inning, when Bloomfield connected safely three times for their lone two runs, was the only canto in which they threatened at all in the face of Lamb's artistry. Lamb allowed seven hits, doing particularly effective work in the pinches.

A torrid first inning, during which almost the entire side batted around, won the game then and there for the Bell-boys. Four hits, including Bonavita's double, resounded from Bell-boy bats in this inning, to give them three runs and their winning margin. The ferocious opening attack, too, was sufficient to knock Johnnie Reid, Bloomfield's ace flinger, out of the box.

Johnny Schwab, with a double and single, did the most damage in Belleville's nine hit batting attack. A pair of snappily executed double plays that cut short Bloomfield run aspirations were the fielding features. Eddie O'Neil, graceful first baseman, and Warren Knight, flashy short-stop, were the heroes of these twin-killings.

## ..This Whirl Of Sport..

BY ARTHUR BLOEMEKE

### PLAY BALL

THE welcome thud of ball against bat will be heard by American Legion Baseball League fans for the first time, this season, Monday night. And by "welcome," we mean just that.

An American Legion Baseball League fan, that is the real dyed-in-the-wool spectator, is an oddity amongst sports followers. There are some fans who can substitute most any sport for baseball, without lessening their enthusiasm. When fall comes around, football occupies their sole attention, in winter its basketball or bowling, in spring or summer, possibly tennis or golf in addition to baseball.

But the real American Legion Baseball League fan is not of this ilk. The League and its doings are just as much a part of his or her sports leanings in the winter as in the summer. There can be no substitute. No sport "just as good or better."

For this whole-hearted group, Monday's opening means much. It starts a twilight baseball season that will last all summer. It gives them a chance to witness the best amateur baseball games in this section. In short, it gives them the opportunity to relax. To happily climax their days.

Play ball!

### SATISFYING EVERYONE

WITH the usual sagacity and good sense shown by the Legion athletic officials these past several years in the conducting of their baseball and bowling leagues, that unfortunate Bachelor situation has been cleared up.

In a special ruling, the American Legion authorities decreed that their league this season will be a seven-team affair. But—here's the rub.

It will be a seven-team league for only the first three rounds. At the end of the first round in the schedule, the nine, last in the team standing at that time, will be dropped. The league will then continue for the balance of the season, i. e. the final two rounds, with the remaining six clubs battling for the pennant.

This arrangement will necessitate the playing of four games a week, for a little over five weeks during the first part of the season. After that the play will be confined to three nights a week, barring postponements.

This, too, will mean that one team will have to play twice a week during the first round, in order to bring about the extra game. Of course, the team playing two games a week will differ each week.

A plan like this seems the only solution of the problem and the Legion is to be congratulated for adopting it so readily.

Now, everyone should be satisfied and ready for action. All future developments will take place on the ball field.

## Rain Forces Brightons St. Peter's Nine To Again Remain Idle

Heavy Downpour Dampens Their Spirit, As Well

As Diamond

The Brightons were forced to remain idle last Sunday due to the heavy downpour, which dampened the players' spirits and the playing field. It was the fourth cancellation because of rain, and the third in succession.

Manager Caruso, nevertheless, has his players practicing every evening and Saturday afternoons when the weather is agreeable, to keep his players in trim; for the Brightons have a very tough schedule from now on, beginning this Sunday when they face the strong Aztec A. C. of Newark at Belwood Park. Game to start at two o'clock. H. Foster or Hester will probably take the mound for the Brightons, with Welsh receiving their slants.

Some of the best teams of Newark, Belleville and vicinity are on the Brightons' schedule, and others are pending. The following locals have been booked: Franklin Pals, Popeye A. C. and the Honiss A. A., while games with the Clintons and Greylock Tigers are awaiting verification.

Other teams in this class who desire booking the Brightons, please communicate with L. A. Caruso, 30 Wallace street, Belleville. Some morning and afternoon dates are still open.

## Belleville High Nine In Great 10-0 Victory

Both Varsity And Second Teams Aid In Montclair Win

Teams Aid In Montclair Win

The combined Belleville High varsity and second-string baseball nines swamped a Montclair Teachers' team, 10-0, in a seven-inning practice game Thursday afternoon, at Clearman Field.

Frank Catalano and "Fuzzy" Ryder of the locals shut out the visitors with but one hit. After his first team had knocked the ball to all corners of the lot in registering nine runs in the first two innings, Coach Spotts sent in his second-stringers in the third frame to combat the Montclairites. Reynolds Golden connected safely three times in three trips to the platter to take hitting honors.

## Midnet Ball League Is In The Forming

Boys, twelve, thirteen and fourteen years old, interested in the formation of a midnet baseball league to be conducted by the Recreation Commission this summer are asked to be present at a meeting, which will be held at the Recreation House, right after school, Monday afternoon.

The league, as planned by Director Nebrig, is to play its games Saturday mornings, at Capitol Field, No. 7 School diamond and Riviera Park.

## Senior Recreation League Schedule For Today

The schedule for the Senior Recreation Baseball League, which opened its season last week, is as follows for today:

Isolantite vs. Belleville Laundry at No. 7 School.  
Ceram's Dairy vs. New York Color at Capitol Field.  
A's Market vs. Town Hall at Belleville Park.

## Attention: Tennis Players Of Belleville

Tennis Tourny Meeting At Recreation House

Thursday

All tennis players, interested in a tournament to be sponsored by the Recreation Commission and conducted at the Recreation courts, are requested to be present at a meeting to be held at the Recreation House, Thursday night. The session will get under way promptly at 8 o'clock.

Robert A. Nebrig, director of Recreation and sponsor of the tourney, will be in charge of the meeting.

## Blue Birds Conquer Local High Jayvees

The Blue Birds, behind the effective pitching of Al Keeshan, turned back the much-maligned Belleville High second-string ball squad, Monday afternoon, at Clearman Field, in 8-2 fashion.

The losing pitcher, Jim Caruso, registered ten strike-outs over the nine innings.

The Fewsmith Presbyterian bowlers practically clinched the championship of the local Church pin loop, Thursday night, by twice downing fourth place Christ Episcopal in three games.

The Presbyterian boys now hold a three-game grip on first place, with but a single week of rolling left of the league season. Their friendliest "enemies" the Men's Club of the Fewsmith Church continued to give the Presbyterian crew its keenest competition, by easily taking a trio of games against the Italian Baptist five. The men's Club now holds down second place, three tilts back of the league-leaders, and no less than ten ahead of the third place Christ Reformed aggregation.
