## Dress Rehearsal Of "On The Air" Shows Elks Minstrel Will Be Great Affair Proceeds Of Showing Tonight And Tomorrow Will Be Devoted To Crippled Kiddies'

### Fund

The dress rehearsal of the Elks' Bi-centennial Minstrel show held on Wednesday evening before the grammar school children of Belleville disclosed that "On the Air," which is scheduled for tonight and tomorrow night is bound to be an artistic success. It is one of the fastest moving minstrels seen in these parts for some time.

The proceeds of this minstrel are to be devoted by the local Elks to the Crippled Kiddies' Fund. The Elks' locally and throughout the state have created an enviable position in their leadership of this humanitarian social work. Belleville Elks this year expect a great demand on the resources of this committee, and are hopeful that the profits of this minstrel will be sufficient to complete a census of the crippled children in the locality, which census, and accompanying diagnosis has been partially finished.

"On the Air" was coached by Charles Murray of Belleville Lodge of Elks who will have a prominent part in the production. He will act as the radio announcer and interactor. Mr. Murray has been assisted in the production by Dr. R. L. Gittings, formerly of Phillipsburg, N. J. Elks, but now a resident of Belleville.

The end men are: Charley Burris, Bill McGonigle, Leo McGlinchy and Ken Hendrickson, each of these talented actors perform at least one specialty number. Other comedy will be supplied by Jack Foxe and Frank Minahan, the "undertakers of gloom."

Bob Cole, the popular Belleville dancing instructor and impresario will supply from his studios several noteworthy acts, chief of which are a challenge dance, executed by Ruth Reese, Lillian Vonderlippe and Anna Start. The introductory prologue dancers, Florence Evangelista and Charlotte Voorhees, and the ever popular Baby Dorothy Liva who in collaboration with Mr. Cole himself, will perform her daring fourteen feet dive. Baby Dorothy is the only baby in the world to accomplish a one hand stand unassisted. This dancing prologue is only four years old, and already has received many attractive offers from leading showmen of the country. Another Bob Cole act will be given by Jacqueline Busch and Helen Burrows in their Swanee soft shoe dance.

Other specialties listed are: Maude Donnelly and her singing trio, Belleville Elks' popular songster, Frank Siegler; a duet by Betty Schaefer and Gertrude Hari, solo by Lillian Crowell; violin specialty by Al Gable; dance specialty by Larry Decker, and a specialty by Irene Gable, also Bill Engert, the wizard of the harmonica, will be very much in evidence. Marie Gregory, well known as the Aunt Jimena of New Jersey completes the cast of principals.

Reserved tickets for this minstrel can be obtained at Ray Smith's Capitol Pharmacy.

There will be dancing each evening after the performance, the music for the minstrel being supplied by the popular Ed Smith of Belleville Elks and his Bell-Villyuns.

The committee in charge of the If you have moving, hauling or days work of any kind call J. A. Gregory, 101 Ralph street, Belleville 2-1936.

## Graduates With "Good Health" Cooks Local Girl Among Class Of Twenty-Two Phone Operators

Margaret Entwistle, of 217 Greylock parkway, Belleville, was among a class of twenty-two graduates who on Thursday night, May 12, joined the ranks of almost a thousand New Jersey telephone women, most of them operators, who have qualified as "good health" cooks by completing a practical course in nutrition offered for women telephone employees throughout the state by the New Jersey Bell Telephone Company.

They proved the fallacy of the old saw about "too many cooks" by preparing and serving a dinner for thirty-four persons gathered in the company headquarters building, at 540 Broad street, Newark, for the commencement exercises.

Dr. William H. Vail, eighty-six year old physician, and a cousin of the late Theodore N. Vail, prominent New Jersey telephone pioneer, made the commencement address and presented the graduates with their diplomas. Dr. Vail, who as the oldest living alumnus of Blair Academy recently was honored by officials of that institution, gave the graduates his formula for long life and good health through simple living. This was in line with the course of instruction just completed by the graduates. Before taking the nutrition course, half devoted to lectures about food values and half to the actual preparation of foods, aims to teach the road to health through foods and their proper preparation. The course has been so popular with telephone women that there is a waiting line of prospective students.

## Santa Claus Pays Visit To Teachers School Board Finally Takes Up Williams' Offer Of Loan

Local teachers received their April salaries yesterday afternoon. This was accomplished by the Board of Education agreeing to accept an advance on its 1932-33 budget from the town. The money was made available by the two local banks purchasing 1932 town tax anticipation notes.

After a delay of two weeks, the Board of Education at a conference with the Board of Commissioners Wednesday night, decided to accept the advance and authorized Mr. Turner to confer with Commissioner Williams and arrange for payment of the debt.

The three methods whereby it was believed money could be made available, were discussed at the conference held Wednesday night at the Board of Education rooms. One alternative offered by J. J. Turner was that the town loan money to the school authorities. The other was that the town pay the state and county taxes amounting to \$227,000 and thereby the county would release, \$156,000 due the education system. Out of this money, the Board of Education would loan the town \$100,000.

Commissioner Williams emphatically denounced these plans. He stated that the only possible method to solve the problem was for the school board to accept an advance on the 1932-33 budget and pay it back when the county taxes were received.

Concerning State Commissioner W. R. Darby's statement that he knew of no law empowering a municipality to loan a Board of Education money not yet due, Commissioner Williams pointed out that Mr. Darby did not mention the existence of a law prohibiting such a loan. He confirmed his point, by calling Commissioner Darby on the telephone.

James Turner inquired why the town would not loan the money as an advance against the funds due from the Board of Freeholders. He was informed by Commissioner Williams that such a move would be illegal in view of the fact the town owned the

## Origin Of Tree On Local Garage Roof Causes Speculation Believe It Or Not, 3-Year- Old Has Thrived On A Handful Of Wind- Blown Soil

Each year about this time most folk who live in the suburbs turn their thoughts toward the planting of flowers, shrubs and trees. And lots of those amateur gardeners have discovered that sometimes even the

best of amateur care fails, and their small trees die despite everything the gardener does.

Believe it or not, as a famous writer says, there is a three-year-old tree in Nutley that has thrived upon a handful of wind-blown soil. And it grows upon a roof.

This is not a page from the diary of P. T. Barnum, difficult though the story may be to believe. The tree is growing on the roof of the gas station at the corner of Kingsland road and Franklin avenue. Three years ago the proprietor, Edward Chapman decided to erect a radio antenna on the roof. It was necessary to secure one end of the aerial to a large tree, genus unknown, fully fifty yards distant from the building. In climbing the tree a small branch was accidentally broken off and lodged in Chapman's hip-pocket. Chapman says the branch fell from its temporary lodging and came to rest in a valley at the edge of the southern slope of the roof. Whether the branch took root there or whether it sprang from a seed which fell on the accumulated leaf-mould the origin of the tree is a matter of much speculation.

But there is the tree and each spring it puts forth its fresh, green leaves as though to mock man's many futile attempts to grow better trees in better soil and under conditions which, horticulturists tell us, are ideal. And, to strengthen the moral of our little story, the roof on which our tree greets the rising sun is of inorganic composition. The makers say there is nothing in the shingles to rot or burn or which might feed the rootlets. "Sunny how the unusual is ever with us, unknown and unappreciated."

## News Last Week Had Extra On Streets Before Big Brothers Full Details Of Lindy Story Created A Stir In Ad- joining Towns

While the reporters for the various metropolitan papers were in the Lindbergh garage listening to the statement of Col. H. Norman Schwarzkopf, a representative of the Belleville News was obtaining the information by telephone.

As a result, the Belleville News was the first paper to have the detailed report printed and on the streets.

Over 5,000 copies above the regular edition were sold in Belleville, Nutley and Arlington.

There is no doubt that this was the result of a series of breaks, but breaks make the newspaper game, and the Belleville News, always on the "qui vive," was ready to take advantage of them.

## JOHN SCOTT FROM OUT OF TOWN VICTOR EVEN HERE OVER MAYOR Town Clerk John J. Daly Also Polls Bigger Vote In Belleville Than Samuel Sampson Kenworthy

The political walls came tumbling down Tuesday on Samuel Sampson Kenworthy, Mayor of Belleville.

And the mayor has no alibi for the terrific lacing County Clerk John H. Scott handed him, inasmuch as Belleville county committee members were urged by leaders to see that he received fair play. Scott trimmed Kenworthy 1406 to 956 in Belleville and 684 to 567 in Nutley. It is evident the Belleville Mayor got as bad a trimming in his home town as elsewhere. Silver Lake gave Kenworthy a good vote.

In contrast to the Mayor another local man aspired to the county clerkship, Town Clerk John J. Daly, a democrat. Daly polled 1137 votes in Belleville against 221 for his Democratic opponent, McDermitt. The popularity of smiling, genial John is evidenced here. John just fell short of winning the Democratic nomination.

The contrast is startling when it is considered this is a Republican section and the Democratic clerk was accorded a bigger vote locally than the mayor of the town, who opposed the Regular Republican organization.

Republican County Committee contests in ten districts resulted in the election of a working majority of organization adherents. The results were:

An "Opportunity"

The following letter was sent out by the Mayor Thursday:

"Dear Fellow Republican:

"In an effort to off-set the opposition of a small group of disgruntled politicians, I am writing this letter to a selected list of real Republicans.

"It is easy to understand that any man having served as Mayor for a period of six years is certain to make enemies. I am no exception.

Belleville's Big Moment  
"However, in my candidacy for County Clerk, Belleville has the opportunity of electing one of her citizens to one of the highest offices in the State. I am sure you appreciate the prestige that would come to our town with such an office.

How About 1917-18, Mayor?  
"I have entirely ignored the unpatriotic attitude of one of our local papers, and am satisfied that intelligent Republicans will do the same.

You're Answered, Sir!  
"May I have your support in this campaign? I am sure united effort on the part of thinking people will result in turning out such a majority next Tuesday that the vote itself in my behalf, as well as my associates, will be Belleville's answer to this small disgruntled group who obviously turn their backs on Belleville's opportunity.

## BILLY ZITZMANN IS NOW AT HOME

### Local Player With Newark Bears Broke His Leg Friday

Billy Zitzmann, popular Bear, who suffered a broken right leg in Friday's game in Rochester, is home. Floyd Newkirk went along to keep him company.

The cast was set on the leg, which is broken just above the ankle. Friday night and Saturday an attending physician said that the break, which he considered only a minor one, would mend in about three weeks and in a month Zitzmann's leg would be as strong as ever and he would be playing ball again in less than five weeks.

Zitzmann, playing his first game of the road trip, hit down the left field foul line in the fourth inning of Friday's game. It appeared as if a slide would be necessary to make two bases but, realizing he had the double easily, he attempted to hold up the slide and, in doing so, twisted his leg and fell over the bag. Bill Windle, meanwhile, has claimed Zitzmann didn't touch first and Umpire Summers called him out while Jim Weaver, Milt Shoffner, Don Brennan and Johnny Fitzsimmons were carrying him off the field.

## Civic Forum Opens Recreation Center Colored Citizens Greeted By Host Of Well Wishers

On Friday evening, May 13, the Civic Forum Recreation Center for citizens of the town opened at No. 1 School, Cortlandt street, where a host of enthusiastic members of the colored citizenry gathered to hear and see the remarkable effort of Belleville's outstanding and progressive group of colored citizens "The Civic Forum" achieve what was once considered the impossible.

A very interesting program for the opening night was presented to the public. R. A. Nebrig, Director of Recreation of the town of Belleville, gave an interesting address in his usual pleasing manner. Edward Lister, of the Recreation Commission congratulated the sponsors on their efforts and extended in behalf of the Recreation Commission their most hearty cooperation. And last but not the least Belleville's prominent commissioner and recreation enthusiast, Frank J. Carragher, was introduced following a warm and hearty welcome by the audience. Mr. Carragher gave a very interesting address and commended Theodore Wells, the founder and organizer of the Forum for the remarkable progress of his organization. Mr. Carragher during the course of his address said that he found it almost impossible to express the feeling of esteem he had for Mr. Wells, as he felt that the entire credit for the recreation center being a reality belonged to Teddy Wells (as he is popularly known).

The members of the Civic Forum were congratulated for following such a capable leader and very highly commended for the manner in which the center was conducted. The center will be open from 7 to 11 every Friday evening with a hearty welcome to all. The entire activity is self-supporting and is worthy of the support of all citizens of the town who are interested in building up the boys and girls of the community into good American citizens.

## TROOP NO. 8 PICNIC

A group of Girl Scouts of Troop No. 8 went on a picnic to South Mountain Reservation on Saturday. Irma Maguire and Grace Jensen were in charge of the outing and were under the supervision of Miss Florence Kelly, Captain of the Troop, and Miss Lillian Berg, a former captain of a Jersey City Troop. Miss Kelly and Miss Berg brought their cars and the following girls piled in: Grace Jensen, Irma Maguire, Gladys Reyle, Eleanor Zeiler, Loretta Zeiler, Edna Baun, Mabel Baun, Ruth Tracey, Doris Tracey, Rose Bean, Lorraine Dow, Maudie Christie, Margaret Dempster and Eleanor Mooney.

They arrived at Cherry Lane quite early, when only a few people were there, so they were able to do many things. A nature hike was conducted before lunch time. Birds, trees, shrubs and wild flowers were studied. In the afternoon the following girls were able to identify enough of these to pass their second class nature test: Lorraine Dow, Eleanor Zeiler, Loretta Zeiler and Doris Tracey.

Of course there was fire building before lunch and the following girls passed their fire test: Ruth Tracey, Loretta Zeiler, Lorraine Dow and Eleanor Zeiler.

Later in the afternoon the group, which had added Audrey Eppler of Troop 6, moved to another section of the reservation. Here they went on another nature hunt and brought back two snakes, a garden and a black snake. They now have these skins in their possession.

The best scouts of the day were Grace Jensen and Gladys Reyle who crawled under one of the cars and up through the floor board in order to open one of the doors which had become jammed.

The group returned home around 6 o'clock tired but happy.

## Many Enjoy Second Irish-Scotch Night Affair Was Held Saturday By Local K. of C. Council

Approximately one hundred and fifty people attended the Knights of Columbus' second Irish-Scotch night, at the club rooms, 43 Rossmore place last Saturday night.

As at their previous affair, Irish and Scotch dances were a leading factor in the evening's festivities. These quaint dances were enjoyed immensely by the younger set as well as the old-timers.

Music for both the old-time and modern dances was supplied by the talented "Minstrels of Erin," popular radio artists.

In addition to the group dancing, several specialty numbers were presented. The leading specialty of the evening was rendered by thirteen year old Mary Byrns, of Bayonne. Miss Byrns presented four Irish dances, among which were "The Job o' Journey Work" and "The Double Reel." Miss Byrns is well known as a radio performer, her job being to dance to the tunes played by the "Minstrels of Erin."

A trio composed of Helen Stapleton, Walter Stapleton and James Winn, danced the hornpipe. This group were special guests of the order, coming from New York for the occasion. Tom Hanlon, another New Yorker, lent zest to the party by appearing in the guise of a Scotch Highlander, kilts and all. Pat Doherty, of Brooklyn, treated those present to several vocal selections of old Irish favorites. Pat has a fine voice and he sure knows how to reach an Irishman's heart.

These affairs are very popular with the members and their friends and it is planned to continue them as soon as cool weather arrives again.

## D. of A. Meeting

Good American Council, No. 102, Daughters of America, held a regular monthly meeting at the home of Mrs. Brink, on Cortlandt street, due to the meeting hall being used as a polling place. A good attendance and much interest was shown in the Decoration Day program, and the yearly memorial service for deceased members, held at old First Church, Newark.

Initiation of new members will be held in June.

Refreshments were served. The condition of Miss Betty Morton of 151 Sylvan avenue, Newark, remains the same. The members are wishing her a speedy recovery.

## Nine Girls Receive Nurse Certificates

### Most Are Scouts And Will Get Credit On Merit Badges

Nine girls received certificates at School No. 3, Monday afternoon for completion of a ten weeks' course in child nursing conducted after school hours by Miss Angele Chapman, child hygiene nurse at the school. The course, sponsored by the State Bureau of Child Hygiene, was given once a week at the baby-keep-well station in the school basement.

Miss Ellen Smith, assistant supervisor of the Essex County Midwives' Association and supervisor of Belleville child hygiene nurses, explained the course to mothers.

The girls receiving certificates are 12 to 14 years old and include Ruth Buckley, Betty Shurtz, Jane Warrick, Katherine Hannan, Mildred Monaghan, Jane Dixon, Jewell Vessie, Lois Alhey and Dorothy Hearn. They presented a health play, "Farmer Green's Best Crop." Jane Warrick recited and Jewell Vessie sang. Eight children from the first grade contributed to a folk dance and Paul Deckenbach, a kindergarten child, recited. The entertainment was incidental to observance of child health month.

Most of the girls are Scouts and credit will be allowed on their merit badges for nursing. A reception afterward for mothers was attended by Mrs. Porter Sheldon of the Board of Education and Mrs. Mae Holden, director for the Belleville Girl Scouts.

What shall we have to eat?

How many times have you thought of this, important question, or have had someone ask it of you? I think, especially at this time of the year, with winter just passed and spring here, you become dismayed at the thought of serving the same things over and over again, and yearn for the something different dish to pep up for the coming summer activities. Not only will the family brighten up, but you will also find real pleasure in fixing new dishes or dressing up some of your old standbys.

For instance, why not try cooking a la France? I am sure Boeuf a la Mode sounds much more tempting than beef stew, and the Ragout D'Oignons would disappear more quickly than just plain baked onions. These and many more appetizing recipes will be found in the book "French cooking for all." — Voisin. This book not only gives French recipes but also has some recipes from many of the other European countries.

Then when it comes to Friday and fish, I am sure the book "200 Ways of Cooking Fish." — Sherson, will provide you with some new and delightful ways of serving it.

The questions of desserts and drinks are taken care of in the books "Desserts," — Bradley, and "What to drink," — Stockbridge. Another book which has not only desserts and drinks but many other recipes is "Gun Club cook book." — Browne.

Have you ever tried picnic suppers, Sunday nights? I think that after a big dinner one needs but a small bite in the evening, don't you? The picnic supper of sandwiches, cake and drinks, usually goes over big, especially if there are children in the family. I am sure the book "Seven Hundred Sandwiches," — Cowles, will present enough variety to satisfy everyone's taste.

Besides the above mentioned cook-books, we have others with many good recipes, but as they are too numerous to mention, won't you come in and look them over? I am sure you will find them very interesting.

## Woods—Vargo

On Sunday morning, May 8, at St. Peter's and St. Paul's Church in Passaic, Alfred Woods, former High School star athlete, was married to Miss Juliet Vargo of Garfield, N. J. The best man was John Vargo, brother of the bride, and the maid of honor was Miss Dorothy Lowe, of Garfield. The bride was given away by her father, John Vargo, Sr. Many local friends of the groom attended the ceremony, which was followed by a reception at the home of the bride, 53 Senel avenue, Garfield.

The couple then left for a two weeks' motor trip to Atlantic City and Washington, D. C.

On their return the couple will reside at the home of the groom, 805 Schuyler avenue, Arlington.

## Studio Art Club Plans Exhibition And Tea Affair Will Be Held Wednesday And Thursday From 5 Until 8 P. M.

Have you heard about the Studio Art Club exhibition and tea to be held at the Recreation House on Wednesday and Thursday, May 25 and 26 from 5 until 8 P. M.?

The children are planning a very interesting event. In creating a pleasant atmosphere the color scheme will tend toward green and yellow and the essence of flowers will pervade the room. Tea will be served to the parents of the children and at 5:30 each afternoon there will be specialty numbers by the children.

There have been several club members who have been chosen as waitresses, a rare privilege indeed, and they are of course "surprises" as are the other participants in the program. The Studio Art Club is sponsored by the Recreation Commission and supervised by Miss Margaret Mason.

## The Heritage American Room

No. 4—Refinishing the Wood

By CARL HECK

Consulting Art Director, Bigelow Weavers

OLD Master Found Under Dust and Varnish Coating. That's a newspaper headline that appears every year or so. Like these old masters, much of the furniture we have accumulated is also buried under many layers of varnish. One coat after another has been added to them for years until now their distinctive grains and delicate moldings are totally obscured.

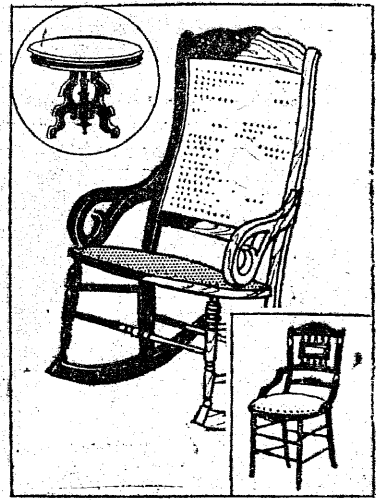

The next step in the rejuvenation of the furnishings of our old room is to uncover the beauty of the wood by removing the many layers of old varnish with a varnish remover. Then we may stain these pieces to harmonize in wood color with each other. When the stain is dry, a light coat of clear varnish or clear lacquer can be applied and the piece rubbed with powdered pumice and water to obtain a soft, satin finish, after which a coat of wax is rubbed in. Since present-day furniture stresses the beauty of grain, the removal of old varnish is often the only thing required to make this old furniture harmonize with new pieces.

### Unsuspected Beauty Found

In our typical room the old marble top table in the center proved to be made of fine walnut when its overcoat of varnish was removed. After treating this with clear varnish and wax, the walnut grain was clearly visible. The favorite rocker also revealed unsuspected beauty when its old varnish was removed and new stain applied.

Some pieces, of course, have no grain at all. The opposite course of treatment is recommended for them—give them a coat of colored lacquer or quick drying enamel, perhaps using an appropriate decalcomania to add a decorative touch.

Very often lacquer can be used to make old furniture harmonize with a new piece. During my recent tour, for example, I visited the home of a woman of education and culture but

The fine grain in the old rocker appeared at once when the many coats of varnish were removed. Insets show other pieces which revealed unsuspected beauty when similarly treated.

chair and a chair cushion of red glazed chintz, she converted her old set into one of a French Provincial character. Then she purchased the new French Provincial sideboard which she had long wanted. A black vase on the sideboard repeated the black note of the refinishing pieces and helped to bring the whole scheme into harmony.

To avoid conflict with the new wood finishes in our Heritage American room, some reupholstering is neces-

assurance to those with sound equities that a plentiful supply of money is available for high-grade mortgage loans.

## NEW MEDICINE WORKING WONDERS CONQUERS CONSTIPATION

It is often very difficult to recognize constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results.

For your guidance in recognizing and hence over-coming constipation and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Headache  
Gas  
Belching  
Bad Breath  
Dizziness  
Coated Tongue  
Flatulence  
Insomnia  
(Sleeplessness)  
Blindness  
Continual Fatigue  
Pimples  
Hemorrhoids  
(Piles)

Abdominal Tenderness  
Lack of Appetite  
Insatiable Hunger  
Nausea (1-3 Hrs. After Eating)  
So-called Rheumatism  
High-Blood Pressure  
Auto-Intoxication  
Springtime Weakness

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

the bowel contents. It cannot be accomplished by the use of drugs commonly known as purgatives, cathartics, or laxatives, such as castor oil, pills, salts, mineral water and the like. These disturb and irritate the stomach and often affect the kidneys. Only through the principle of lubrication as embodied in Alagar can regular thorough elimination of waste matter be harmlessly accomplished.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic Phenolphthalein. Its distinct Maple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

Look for the Two Red Diamonds on the Label. The sign of the genuine.

## Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. © 1931, C. M. Co.

## MIGHTY SAMUEL HAS STRUCK OUT

UNSUCCESSFUL, as in many other things, in his try for higher office, Samuel Sampson Kenworthy proved indeed his theory that the voters knew what to do. The election of his opponent was a fitting climax to a campaign in which S. Sampson showed himself in his true colors.

Samuel asked Bellevilleites to place him in office because he was one of them. We always voted for a man because of his ability, rather than his geographical location—but perhaps we are wrong.

We were told that someone else should have this opportunity to earn some thousands a year. (Large corporations take note:— Fire your officials and give the elevator men a chance!)

This letter-writing candidate, the good old S. S. Kenworthy, speaks of his Mayorship. Somehow, we never felt that that was something concerning which you would write letters.

Acknowledging his enemies, Samuel speaks of them as a necessary (or rather, customary) evil. Enemies? Never, Sammy; they are your kind friends, who want to keep you out of office and the path of slanderous comment which you so beautifully bemoan. Don't you see?

Kenworthy referred to the "unpatriotic" attitude of one of the local papers. We know what our Editor was doing during the war—and we know, too, why the Honorable Mayor and his friend, the owner of the other paper in town didn't serve their country in olive drab. Unpatriotic? People who live in glass houses should pull down the shades and refrain from sending letters.

"This small disgruntled group," who turned their backs on "Belleville's opportunity," thereby denying her the "prestige" which his election would mean, seem to have increased beyond this Worthy's Ken. Sad is every heart, a tear in every eye, for—

"Somewhere men are laughing  
And somewhere people shout  
But there is no joy in Belleville  
Mighty Samuel has struck out."

## SMOKE OUT THESE RATS

FAR and wide over the broad expanse of these United States have been raised the voices of the people demanding the capture and punishment of the kidnappers and murderers of the infant Charles A. Lindbergh, Jr. Society has at last come face to face with the realization that gangland and the operatives of the underworld are foes which must be wiped out and wiped out cleanly. There must be no trace of such fiends left so far as it lies within our power to eradicate them.

Eliminate these rats. Smoke them out. If it is found that this hideous crime was perpetrated by citizens of a higher order of intelligence, but whose minds have become warped and their actions guided by thoughts of personal gain, the crime is not less revolting. The confession of Curtis serves to indicate the length to which the human mind will go when distraction supplants reason. And until the real murderers of the youngster are found and dealt with as befits the crime the authorities and the public will do well to demand proof of sincerity from those whose activities have held front page space for many weeks.

The fact that the story centered around the famous trans-Atlantic flyer should not and does not have any special bearing on the case. Because the child was Lindbergh's first-born the crime has served to arouse nationwide attention and indignation, but there are other babies dear to the hearts of their parents and civilization must rise as one man and demand that such a thing shall not happen again. Smoke out these rats. It can be done. It must be done!

### ANENT SCHOOL FUNDS

Editor News:

May I ask a pertinent question? Why has any public body the right to withhold funds belonging to another public body?

I am referring to funds withheld by the Board of Freeholders from the Belleville Board of Education.

These funds are state educational funds collected by the state from the railroad tax and apportioned by them to the towns according to attendance of pupils. These funds were turned over to the freeholders as agents to turn over to the Town of Belleville.

My contention is that money collected and set aside by law for a certain express purpose, as in this case for educational purposes, cannot be used for any other purpose. Nor can it be attached by any other public body (the freeholders) as a security for a deficiency that another department owes, because this department has failed to live within its budget

and make the Department of Education a sufferer, a department that has always lived within its appropriations, a department of such vital importance "the education and upbringing of our children and future citizens."

Cutting down its budget to the

Joseph Donovan, better known as just plain "Joe," sporting editor of the Newark Ledger and well-known Belleville figure will be the leading man and chief goat-rider when the Belleville Elks saddle their initiatory steed next Monday night.

The Belleville Elks think a lot of Joe and have long anticipated the pleasure of introducing him to the mysteries and shenanigans of the order. The Newark Ledger will acquaint Joe with them, their second degree team doing the work.

Friends of Joe who are not members of the order, have been invited to attend the reception which will be given him immediately following the ceremonies.

It is expected that many prominent sportsmen and athletes will be present.

bone, eliminating the regular yearly increase of teachers' salaries, crippling its building operations, to take care of the increase of pupils, the Board of Education should not be further crippled by withholding funds, rightfully their own, collected for this special purpose.

I suggest the Board of Education use legal steps to have the Freeholders release the moneys belonging to our Board of Education.

Clark's Headache  
Why cannot the lights on Washington avenue be reduced after 9 o'clock? Why light up for through traffic when all business places are closed. Even if there is a contract with the Public Service. Contracts are changed all about us, right here at home. Take the teachers' contract. It has not been adhered to. Why can't the Public Service contract be changed?

## Tilden Appears At Montclair Saturday

World's Greatest Tennis Star All Set For Match Here

The world's greatest tennis player, William T. Tilden, appears at the Montclair Athletic Club championships courts Saturday, May 21, in his first international tennis match on New Jersey soil this season. The tall upholder of America's tennis laurels is expected to draw at least 3,000 persons from North Jersey points to the club where he will meet the German professional titleholder, Hans Nusslein, in a singles match at 3:15 o'clock. The first match on the day's program will be at 2:15 when Emmet Pare of Chicago, the youngest tournament playing pro in America, will battle Ramon Nadjuch, veteran German pro ace. Before the first match Big Bill Tilden will give a tennis talk to all boys and girls of school age interested in tennis. Admission to the lecture is free.

That there is a continued interest in Tilden, the man who holds the reputation of making tennis an internationally played sport, has been shown in various ways during the past few weeks. Phone calls asking information concerning Saturday's matches, have been numerous. Besides motion picture theatres in Montclair, realizing the appeal Tilden has to old and young have shown action pictures of Tilden during the past week.

In Newark on Wednesday, May 18, many German-Americans, who plan to be at the matches and pay homage to their German court idols—Nusslein and Nadjuch, tendered a dinner at the Steuben Club to Tilden, Nusslein, Nadjuch and Pare.

It was a gala affair headed by Louis J. Auerbach, Jr., president of the Steuben Club and including as guests men prominent in public life in New Jersey as well as sports writers and prominent professional men. The affair pleased the two Germans, who have been the first stars of their nation to ever play in this country, and also Tilden who gave one of his usual intelligent talks on tennis.

There will be plenty of action in all of tomorrow's matches, especially the Tilden-Nusslein affair. The 22-year-old German, who is a discovery of Tilden's and has beaten the clever Philadelphia five times during the past four months, is anxious to duplicate this trick. Tilden, on the other hand, is as eager as at any time in his career to win.

One of the best conditional athletes of all time, Tilden is a marvel in his fortieth year. Stars of other sports like Bobby Jones, Ty Cobb and others have passed their peaks and have retired from gruelling competition when they felt themselves slipping just a bit. Tilden on the other hand has ambitions to play top-notch tennis at least another five years. Unless he suffers a bone break at any time he should attain his wish for he is a strict believer in condition.

Tilden, who will go to Europe in August and there play other famous

## Amateur Tennis Stars Rush In Applications For Gillespie Cup

Orange Lawn Tennis Tilts Will Start On May 26

Stars of the amateur tennis world have been rushing in with acceptances for the annual Thomas H. Gillespie Cup tennis which starts at the Orange Lawn Tennis Club in South Orange May 26 and runs daily through Memorial Day afternoon. Robert P. Bennett, tennis chairman, is looking forward to one of the best entry lists in the long history of the suburban club which is located in Ridgewood road.

Of course interest of the general public centers on the comeback campaign of three international stars—Manuel Alonzo of Spain, John Hope Doeg of Newark, 1930 American singles champion and Fritz Mercuro, one-time conqueror of Bill Tilden, the former Lehigh College star. Doeg and Alonzo have been practicing on Metropolitan courts in recent weeks while Mercuro has been working out—and is reported in fine condition for the invitation at Orange.

Recent entries which have arrived include David N. Jones, basketball and tennis star of Columbia University; Julius Seligson, the short little New Yorker who formerly was intercollegiate champion; J. Gilbert Hall, South Orange, who won the North Side championship in New York last Sunday; Dr. Eugene McCauliff of New York, whose stirring play in recent tournaments was climaxed with a win over the Davis Cup star, John Van Ryn and about twenty other net aces. McCauliff has been playing the best tennis of his career, surprisingly too in view of the fact that he almost bled to death last fall from a tonsil operation.

The club has invited the greatest college combination in the country—University of North Carolina to bring its best team to Orange and there's a possibility that Bryan Grant, Jr. will lead them against the nation's stars starting next Thursday, May 26.

professionals, has a busy program ahead of him this season, playing as he will all over the United States. This is a rare opportunity to see the greatest veteran in action and the promising young star, Nusslein. Tickets can be purchased at the club desk in Valley road in advance of the matches or at the gate there up to match time.

A special rate has been arranged for boys and girls up to and including 18 years.

### HINTS FOR SPRING

It is the temperature of the ground and not of the air that really governs germination. Plant early but remember that the first few warm days do not mean that spring is really here.

DO NOT sow too thickly. Even though you do thin out after the young seedlings appear, if you have sown too thickly you disturb those that remain.

The sweet pea enthusiast will be glad to know that a remedy for sweet pea rot has been found. The Ohio Experiment Station has had almost 100% results by mixing Formaldehyde dust with the soil before planting—three ozs. of 6% dust to each square foot to a depth of 6 inches is recommended.

PLANT all kinds of roses as soon as they are received. It is necessary, however, to protect the roots from drying winds and this can best be done by hilling the soil around the plants for the first two weeks.

THE soil is ready to work if it will crumble when squeezed in the hand. Much harm is done by working the soil which is wet, and the hand is the best test we know.

SEND the lawn mower away to have it sharpened and repaired. A perfect working mower is absolutely essential to a good lawn.

IN PLANNING your home grounds, make the front attractive to the world in general. The back belongs to you and your family. It should be good appearing but, most of all, comfortable.

IN REMOVING mulch or other covering, do so gradually. The very early flowering bulbs should be uncovered early, because keeping them covered too long will cause a tender yellow growth.

DO NOT overlook the Zinnias in making up your flower seed order. There has been tremendous improvement in the Zinnia during the past few years, and by freely planting seed, you can provide great masses of enduring color in your garden.

YELLOW is the most cheerful color you can use in your garden. The new sensational Nasturtium Golden Gleam, is a beautiful yellow in color, in addition to being a double Nasturtium with a delicate spicy fragrance.

## GASOLINE TAX RISE IS WIDELY OPPOSED

TRENTON.—The proposal to saddle on the motorist an additional gasoline tax of 2 cents per gallon has resulted in a seething flood of protests from all parts of the state. Facts are being presented which show that the revenue intended to be raised from this tax for unemployment relief will not materialize.

New Jersey with a 5 cent gasoline tax will drive large trucking interests out of the state, it is declared, and motorists will go into the adjoining states where there is only a 3 cent tax for their motor fuel purchases. The resulting loss in revenue to the state will adversely affect business generally, hotels, and the local merchant; the automobile and petroleum refining and marketing businesses, actually increasing unemployment, it is contended.

Automobile manufacturers, dealers and related interests; refiners and marketers of motor fuel, dealers in automobile accessories; organizations of the 800,000 motorists in the state, farm organizations and trade associations are making common cause to defeat the gasoline tax increase.

The motorists clubs are circulating petitions for the defeat of the measure.

### Resorts Threatened

The menace to the many resorts in the state is causing great concern. Paul M. Cope, President of the Atlantic City Automobile Club, states the proposed increase coming right in the height of the touring season would be a terrible blow to the whole resort section of the state.

Farm leaders are opposed to the increase. Among those who are actively fighting against the measure are former Senator David H. Agans, of Three Bridges, master of the New Jersey State Grange; William C. Spargo, of Morrisstown, president of the New Jersey Farm Bureau Federation; Robert P. Hulsart, of Manasquan, president of the New Jersey State Horticultural Society, and James Ewart, of Cranbury, president of the New Jersey Potato Growers' Association.

### Farmers Fight Tax

The Executive Committee of the New Jersey Farm Bureau Federation unanimously adopted a resolution opposing the increase and declaring that "we are unalterably opposed to the diverting of money derived from the gasoline tax to any purpose other than the building and maintaining of public highways," and suggesting "in lieu of a tax on gasoline for the unemployed a tax on incomes, amusements and luxuries." The New Jersey Farm Bureau, comprised of approximately 5,000 members, adopted a resolution opposing the gasoline tax increase.

The oil companies have organized the Associated Petroleum Industries Committee with headquarters in Newark to handle their part of the campaign.

The committee states that the industry knows from experience whenever the gasoline tax has been excessive it cannot be collected, that the revenues instead of being increased will be reduced; that gasoline bootlegging will develop and that the tax fund will be diverted to promoting wholesale gangster and racketeering activities.

New Jersey legislators advocating a 5 cent tax, it is declared, are serving notice on extensive trucking interests, gasoline marketers and its largest industry—the petroleum refining industry—to shut up shop and move elsewhere. It is also asserted that the effect of this legislation would be to increase unemployment rather than to relieve the present distress.

### Trucks May Leave State

Automotive trucking trade papers name many trucking concerns which have publicly stated they will move out of the state if the 5 cent gasoline tax is imposed. Numerous trucking companies advise that they will arrange to buy their gasoline in neighboring states.

An instance of the possible loss of revenue to the state is given in connection with the bridge traffic over the Delaware River bridge between Camden and Philadelphia. According to the Delaware River Joint Commission of Pennsylvania and New Jersey, the average number of passenger automobiles is 13,687 and of buses 1,810 per day crossing the bridge. It is estimated that on the average these cars consume \$3 worth of gasoline per week and with the increased gas tax in New Jersey this would automatically drain approximately \$45,000 worth of gasoline business from this immediate territory each week.

### To Carry Fight to Capitol

State Motor Vehicle Commissioner Harold C. Hoffman brings up the problem of street and highway safety, saying that higher taxes will lead to the retention and operation upon the roads of junk cars, unfit for public life, and may take a toll of human life and property.

Local boards of trade, fraternal organizations, legion posts, have passed resolutions against the higher tax. Those protesting against the increase have signified their intentions of carrying the fight to the legislature when it reconvenes on May 23.

## Geo. Marwede Given Gold Past Councilor's Emblem By Jr. Order

Rec. Sec'y. William Crisp Makes Presentation At Meeting

Belleville Council No. 163, Jr. O. U. A. M. held one of its best attended meetings on May 10. After the regular business was transacted Recording Secretary William A. Crisp in his usual brilliant speaking fashion on behalf of the council presented George Marwede with a gold past councilor's emblem, commending him on his serving faithfully as the council's treasurer for twenty years. In a buxom contest Robert Brinkerhoff won first award, consisting of a living room (grandfather's type) electric clock, after which in a sandwich eating and coffee drinking contest it was decided that E. Payson Taylor and John Pole ended in a tie.

Members are urged to attend the next meeting May 24, as La Rue Council of Carstadt are paying a fraternal visit and will have with them Mr. Bosser of Hackensack, who will give a short demonstration on the handling and placing of flags. Refreshments will be served.

Our entertainment committee wishes to thank all the members who helped to make Belleville Council's part in the Washington Bi-Centennial parade at Paterson, May 7, a success. The council almost won the cup for the percentage of membership in line, there being seventy-six members of Belleville Council parading.

There will be a monster Junior Order parade and demonstration in the Greenville section of Jersey City on Flag Day, June 14. All members who wish to join this day please be present at the next meeting and secure your hat, flag and key ring emblem for this affair.

state \$227,000 in 1931 taxes and the \$156,000 would not become payable until this has been paid.

Mrs. Porter F. Sheldon, asked Commissioner Williams why he had not paid the state taxes in December when they were due. "If I had done so, the town would have defaulted long ago," he said.

James L. DeRosset, president of the school board stated that he did not favor the acceptance of money against the 1932-33 budget. However, he announced that the loan would be accepted and called an executive session for the purpose of discussing the terms of acceptance. It was at this conference that James J. Turner was authorized to meet with Commissioner Williams and negotiated for the loan.

### Soft Pedal

Previous to calling the meeting to order, Mr. DeRosset made known resentment at the presence of teachers and the press. He maintained that the letter of Commissioner Williams informing the board that he would not attend any conference from which teachers and members of the press were barred, was in his estimation an attempt to "dictate" to the board of education. He further stated that it was best for such questions to be decided in private and concluded by informing those present that the teachers were to remain only as observers and would not be permitted to speak.

Commissioner Williams denied any attempt to dictate the policy of the Board of Education. He thought a conference of this type is of interest to the teachers and the public.

About thirty teachers attended the conference.

## CURIOUS FACTS ABOUT WHERE NEW JERSEY MOTOR CARS ARE OWNED

S. E. KAUFMAN, of Trenton, President of the New Jersey American Automobile Association Conference, has had prepared a map of New Jersey which shows some surprising things about the distribution of automobile ownership in the state. From motor car registrations it shows that 81% of motor vehicles are owned in a zone 15 miles wide, just inside the state's boundary, beginning at a point on the Atlantic Coast at Asbury Park, and extending north to the northern border, thence to the southernmost point on the western border. In all the rest of the state are only 19%.

"This map ought to be a telling argument against increasing the gasoline tax," said Mr. Kaufman. "In the first place New Jersey automobile owners and truck owners and operators will buy their gasoline across the state line in states which have a lower tax. Many trucking concerns will be driven out of the state. This means that not only will the additional revenue from a 5c tax be lost to New Jersey but also the revenue from the present 3c tax."

"In the second place, whenever the tax goes above 3c a large share of gasoline used along the border will be bootlegged in from outside, without paying tax. This has been done on a huge scale in all the states that have taxes higher than New Jersey's present 3c."

"But that isn't all of it. The bootlegging truck could bring in a cargo of tax-free Pennsylvania gasoline to New Jersey, deliver it, and then load up with another cargo of tax-free New Jersey gasoline and haul it back to a filling station in Pennsylvania, thus doubling his corrupt winnings, and defrauding both states of revenue."

"Wherever the gasoline taxes are high, they offer a prize too tempting to be resisted. The interstate commerce provision of the constitution absolutely stops the states from interfering with such movements. If the

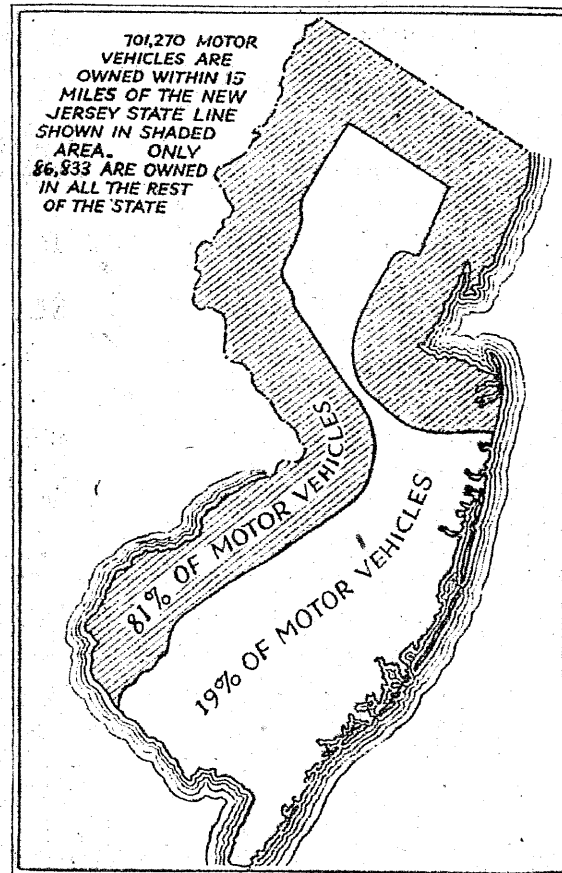

filling station man is willing to make false reports of gasoline handled, and split the swag with the truckman, it is practically impossible to prevent the tax being evaded and the gasoline consumer robbed. Exactly that has been done in all the high-tax states, and if the New Jersey tax is raised it will be done here in a big way.

"Distribution plants just across the state line would provide the gasoline; tax-evading retailers would have it trucked in; everybody would make a good thing out of it, except the consumers, who would, of course, go right on paying the tax, and the state, which would never get the money."

"We understand in Pennsylvania the Commonwealth lost \$18,000,000 in one year through such 'bootlegging.' In Indiana it has gotten so bad that there is serious discussion of reducing the tax in order to increase the revenue."

"New Jersey would be the ideal place for bootlegging, because of its extensive waterfront close to great populations. The racketeers would use boats and barges, as they did in Pennsylvania; bringing gasoline to filling stations that were in on the racket."

"In Pennsylvania they found that by this method millions of gallons of gasoline were coming into the state;

MAP OF NEW JERSEY

It paid no tax in the state from which it came, and had little trouble dodging the Pennsylvania tax. Pennsylvania had to start a 'gasoline navy,' patrolling all the waters by which boats could bring in the stuff.

"New Jersey, with its rich market and extended frontage of navigable waters would be ideal for such operations. In the end the whole system of highway financing through the gasoline tax would break down. Because they have studied the experience of other states and are interested in the maintenance of the highway system, the automobile clubs of New Jersey are unqualifiedly opposed to any increase in the gasoline tax."

## County Tuberculosis League Reorganized For Clinic Work Here

The committee of the Essex County Tuberculosis League reorganized Thursday afternoon at the Town Hall to extend clinic activities in town. Eugene M. Gavey was selected as chairman of the group of seven citizens and health workers. Rowan Whealdon of Newark, executive secretary of the league, outlined the program.

Th others on the committee are Health Officer Eugene T. Berry, Mrs. Elizabeth F. Smith, field worker in the town seven years, Mrs. William Morgan and Mrs. William Irvine of the Belleville Woman's Club, and Dr. James R. Irwin and August Plenge.

Due to finding by Mrs. Smith of a condition of undernourishment among children, it was planned to increase the number of examinations and X-rays. Chest clinics at the Health Department will be held the second and last Mondays of each month, instead of once a month.

The clinical expense, including the services of Mrs. Smith, is defrayed by receipts of Christmas seal sales. The examining physicians are from the Essex Mountain Sanatorium staff.

## Board Cuts Salary As Example For Economy Program

Plain Evidence Of Desire To Reduce Expenses Is Seen

That the newly elected Board of Commissioners are earnestly seeking to reduce town expenses was plainly in evidence Tuesday night, when, upon a motion made by Mayor Reinheimer and concurred in by the entire board, the Mayor's salary was fixed at \$1,800 per annum and those of the four commissioners at \$1,500 each.

This is an unlooked-for reduction from \$2,200 in the case of the Mayor and from \$1,800 which was the salary fixed for each of the others. This action has already affected a saving of \$1,600 to the town. The passing of this motion was given the approval of the crowded hall.

Mrs. George Bergstresser and a group of jolly women to whom she had sold tickets attended the card party preceded by a delicious luncheon at the Friendly Recreation House on Joralemon street, Wednesday afternoon. Mrs. Louis P. Baurhenn was chairman of the day assisted by an able committee. In Mrs. Bergstresser's group were Mrs. Albert Bormann, Mrs. Ernest Hodgson, Mrs. Griffith Casler, Mrs. Edward McLaughlin, Mrs. J. C. Duffield, Mrs. Edward Davis, Mrs. Robert Brinkerhoff, Mrs. George Zeiss, Mrs. Robert Vreeland, Mrs. Alexander Martin and Mrs. L. Rawcliffe. Honors of the afternoon in this group went to Mrs. McLaughlin, Mrs. Hodgson and Mrs. Rawcliffe.

# SCHOOLS

By WILLIAM GRAY

The Student Council of the high school, is contemplating a series of educational assembly programs to be presented monthly throughout the school season of 1932-33.

The plan is to purchase a forum of eight members, one of which will be presented each month as a student council assembly program. This group, consists of four speakers, three musical programs and one dramatic presentation.

In discussing this series of numbers, the council was of the opinion that such an offering would bring to the students a type of entertainment that is wholesome and educational.

Tickets are now on sale at the school, for the annual Junior Prom which is scheduled for May 20. Arthur Leadbeater is chairman of this affair. The Blue Horizon Orchestra has been engaged for this dance.

Five instructors of the Metropolitan Conservatory of Music in Newark, presented a program of classical music at the high school on Wednesday morning.

The program was under the direction of Fred Sierco, secretary of the organization. Mr. Sierco acted as master of ceremonies, introducing the musicians and the selection played. One vocal and three instrumental numbers composed the offering.

This marks the first performance of the classical type to be presented at an assembly period for the benefit of students exclusively. The purpose of this offering is to educate the average student in the appreciation of good music.

W. R. Parmer, supervisor of schools, made the program possible. It is his belief that if this type of music is brought to the school more frequently, the ultimate result would be the creation of a greater interest on the part of the students in classical works, than prevails at the present time.

cal works, than prevails at the present time.

The Belleville Schools will close their 1931-1932 school year on June 30. The schools will be in session up to and including Thursday, June 30. There will be no school on Monday, May 30—Memorial Day.

Final examinations for the second semester will be held during the first week of June. Daily classroom work will continue to the last day of school, June 30. Since two-thirds of the pupils' rating depends upon regular daily classroom work, the absolute necessity of doing good classroom work is easily seen. By giving the examinations a few weeks before the end of the term, it will make possible diagnostic and remedial values. Teachers will be able to find where pupils are weak and help them to remedy where possible. We are asking the cooperation of every parent in making as fine a conclusion to your child's year of school work and experiences as can possibly be accomplished.

Commencement in the several schools will be held during the last week of school. Further announcements will be made later concerning these events.

## ..This Whirl Of Sport..

BY ARTHUR BLOEMERKE

### AN AUSPICIOUS START

PERHAPS last Monday's opening American Legion Baseball League game lacked some of the tense drama of inaugurations of other years. Perhaps it was not as close as it might have been. Or maybe even the thrilling finish was conspicuous by its absence.

But, in one respect, it sent out a warning note that can't be denied. It served notice that the Legion League is due for its closest and best balanced race in history. And that's saying a lot, with those neck-and-neck struggles of other seasons still fresh in memory.

Of course, you are all aware of the jolting 8-3 defeat administered championship St. Peter's by the Moose in that opener. The Moose have always been contenders, but seemed always to lack that final spark down the home-stretch.

This year, however, with their new manager, Mike DeCarlo, handling the reins, they should get somewhere. In polishing off a revamped St. Peter's nine in such convincing fashion, they bore the stamp of champions. It isn't every day in the week that Johnny Woods, the St. Peter ace flinger, is found for thirteen hits over a seven-inning route. In fact, that's the hardest we've seen the local fast ball currier hit in years.

Though defeated, "Sugar" Flynn's latest edition of ball-tossers, looked plenty good. Securing George Savino of Nutley, one of the best catchers in these parts, was a smart move on the part of "Sugar." Savino, who is highly rated hereabouts, should "burn up the league." Harry Jacques, also of Nutley, nominated to play right field for the Saints should be welcome news to the many St. Peter constituents.

The Moose, in their fine exhibition, displayed what should prove to be the "murderers' row" of the circuit. There is scarcely a let-up for opposing pitchers in the entire line-up of nine batters. Every man can wield the willow with effective abandon. And Jack McHugh is still about as good as they come out there in the mound when he's right, and that's most of the time.

As we remarked at the out-set, this year's pennant race should be just about everything that even the hardest satisfied fan could want.

During the entire three years of the loop's existence, St. Peter's Club has not had to accept defeat often. Make no mistake about it, "Sugar" Flynn and his "gang" won't countenance becoming even slightly acquainted with defeat. And from now on, that nine will be about the hardest bunch to beat in the entire league.

With the four-outsider rule now in effect, all five other teams in the circuit have strengthened up proportionately and there promises to be not a "weak sister" amongst them.

### A PAIR OF WINNERS

THE two most recent additions to Belleville High's athletic ranks, the tennis and golf teams, went about their chores in unbeatable style over the week-end, much to the satisfaction of all concerned.

Both Lyndhurst and Englewood High were disposed of by the Blue and Gold netsters, and both furnished rather futile opposition, collecting a grand total of but one set from the Bell-boys in the pair of games.

The undefeated golf team performed nobly in conquering heretofore unbeaten Verona. Coach Evans of the golfers certainly has his boys in trim, specially Joe Roberti, our football quarter-back of last season.

Coach Hugh D. Kittle's tennis squad, too, seems to have hit its real stride, after a rather unpretentious get-away.

The tennis stalwarts of Belleville High recorded their second successive triumph, Tuesday afternoon, at the Clearman Field courts. The victims, this time, were the representatives of Englewood High, who fell before the services and returns of the locals in four straight matches.

George Anderton and Ray Smith won their singles matches in straight sets. Rossig succumbed before Anderton's artistry, 6-0, 8-6, while Smith took H. Ris of the visitors into camp in convincing 6-2, 6-1 fashion. In the other singles match, Billie Caldwell of the Blue and Gold conquered R. Ris of Englewood, 6-1, 4-6, 6-1.

The only doubles match played was won by Belleville's combination of Manger and Hodgkinson, who defeated H. Ris and E. Rossig of the losers, 6-1, 6-2.

#### Sunday

In a game played at Belwood Park Sunday, the Brightons bowed to the Mayfair A. A., 10-8. For six innings the game was a pitcher's duel between H. Foster and Phillino, but the former weakened in a hectic seventh inning and the latter was hit by the showers in the following inning. Massiolo who relieved Phillino had enough to get by for the rest of the game.

The score was a deadlock, 2-2, when a sudden uprising by the winners tallied six runs and sent Foster to the bench. A. Caruso relieving him. Two dropped flies in the outer garden presented the Mayfairs with three juicy, unearned runs and the game on a silver platter. For four and one-third innings not a hit was recorded by the Brightons and none had seen first base, but after those eleven solid hits rattled off the previously baffled Brightons' bats.

A. Caruso was credited with a double and triple and DeFabbio and Welsh with three singles each, the former's hits accounting for five runs. For the winners Jocko had four hits, and Freda and Caputo three each.

This Sunday at 10:30 A. M. at Belwood Park, the Brightons will cross bats against the Popeye A. C., and at 3:15 P. M. they will face the Newark Crows, formerly the Aloha A. C.

### Also Feature Rod And Gun Club Affair

Edgar King won first honors in the clay pigeon shoot of the Intertown Rod and Gun Club held at Stockholm Sunday. King hit 21 pigeons of a possible 25 in placing in the No. 1 position.

Joe Rue, with nineteen of twenty-five to his credit, Robert Nebrig, who shot fifteen and Ray Beckett, with fourteen successful tries, finished in that order among the remainder of the marksmen.

Before and after the shoot the members of the club and their families enjoyed a combination picnic and outing at the Stockholm grounds with an impromptu baseball game thrown in for good measure.

## Trojans Win

### Two More Games

The Belleville Trojans made it five wins out of six starts when they defeated the Bloomfield Shamrocks 14-3, and the Silver Lake Puritans 15-8 over the week-end. The game with the Puritans was a recreation league game. Manning's four hits, and Del Grosso's home run, along with Travers' pitching, featured the contest.

In the game with the Shamrocks "Sonny" Smith's pitching, and Thalhimer's batting were features. In this game, Wittish played a great game in the outfield, making two circus catches.

## Coffee on the Snow at the Olympics

Attending the Olympic Winter Games at Lake Placid, N. Y., was not a terrific hardship, even on the coldest days, judging from the expressions of contentment on the faces of these fair visitors. The participants in the picnic—Elizabeth Musgrove, Mary Ford and Mary Nicholson—are warming up with hot coffee and cakes during an intermission between skating races at the Stadium.

The Fewsmith Presbyterian bowlers were officially crowned champions of the local Church Bowling League, Thursday night, as they downed the Belleville Reformed in two out of three games. As a result of Thursday's matches, the Presbyterian boys finished in first place, three games ahead of the second place Fewsmith Men's Club outfit, their only close rivals.

Grace Baptist successfully climaxed their campaign, in downing the Italian Baptist three straight. Montgomery took two from Christ Episcopal and the Fewsmith Men's Club accomplished a life feat against Christ Reformed.

### Bell-boys In Real "Test" Against Undefeated Campdowners

Belleville High's baseball team, which has been idle for a week, will again swing into action, this afternoon, at Clearman Field, as it faces its strongest opponent of the season, undefeated Irrington High.

The Campdowners, who year-in and year-out produce consistently fine baseball nines, come to town today with the reputation of having one of their premier creations in this season's team. The Bell-boys, however, despite their in-and-out play of late, have shown undeniable flashes of form, and it wouldn't be exactly the strangest thing in the world to see them upset the cocky Irringtonites.

"Mac" Lamb seems almost certain to receive the starting pitching assignment from Coach Frank Spotts, with Johnny Daly on the receiving end of his shoots.

Eddie Grot, ace Irrington moundsman and one of the best in the state, will likely oppose Lamb on the hill. The result should be a pitchers' battle of the A1 variety.

### Nutley And Belleville Lads In Mountain Side Line-Up

In a game featuring smart baseball and good pitching by both teams West Orange got the jump on the Bronx Pros in the fourth inning when Hennessy, Bronx center fielder stumbled coming in for Stager's line drive; the ball rolling all the way to deep center, giving Stager a round trip scoring Kappeler and Pengetore who were on the sacks. McHugh on the mound for West Orange was never in danger at any time. Dunn and Stager were the batting stars, each getting two hits.

Next Sunday afternoon West Orange will have one of the hardest hitting clubs in semi-pro baseball, the Marions, of New York.

Lyndhurst High's tennis team fell easy prey to the Belleville High netsters, Monday afternoon, at the Clearman Field clay courts, as the Bell-boys recorded their initial triumph of the season, four matches to one.

George Anderton and Billie Caldwell each won singles matches in impressive straight set fashion. The doubles pair of Cocks and Cox were other victors in straight sets, along with that of Leadbeater and Culklin. Ed Lilley of the Lyndhurst crew was the only member of the visiting delegation to take home a victory, as he hung up a notable 6-3, 6-0 triumph over Ray Smith, ace of the Bell-boys, in the surprise result of the afternoon.

Caldwell found the service of Gibbs to his liking, and coasted to a 6-1, 6-4, 6-0 victory in his match. Anderton smothered Hixson of the Bergen County squad, 6-0, 6-2, and 7-5 in the other singles match.

Bob Cocks and Lawton Cox paired up in the doubles to fashion a convincing 6-4, 7-5, 7-5 victory over Faulconer and Earl of Lyndhurst. The Leadbeater-Culklin combine topped off everything in trouncing Schneider and Purdy, 6-0, 6-1, in the final match.

The New York Color baseball nine defeated Cerami's Dairy, 7-5, Friday evening, at Capitol Field, in the Recreation Commission Twilight Baseball League. The Town Hall team swamped Al's Market, 17-3, at Belleville Park, and the Belleville Laundry turned back Isolantite, 7-3 at School No. 7 field, in other contests of the evening.

"Jake" Jacobson, Belleville Laundry twirler, won his second straight victory in conquering the Isolantite palyers, allowing but four hits. Hosking and Ferrara were the big stickers for the winning laundrymen.

Singles by Eckert, Youman and Gilbert in the seventh inning were the deciding blows for the New York Color combine in their winning effort against Cerami's Dairy. The trio of safe wallpops produced two runs that gave them the winning margin.

Ackerman, with three bingles, did the most damage for the Town Hall representatives as they went on a batting rampage against Al's Market. Mallack's pitching for the victors was steady and effective.
