Walter E. Paul's Death A
Shock To Fellow
Workers

Walter E. Paul, 35 of 342 Stephens street, a printer on The Belleville News, was struck by an automobile shortly before 11 o'clock Sunday night as he stepped from a trolley car at Washington avenue and Little street. His death a few minutes after being admitted to St. Michael's Hospital in Newark, was Belleville's first automobile fatality in 1932.

The driver of the car was Harold C. West, 23, of 90 South Clinton street, East Orange. He was arraigned Monday before Recorder George A. Fitzsimmons on a manslaughter charge.

Paul had boarded at the Belleville address three weeks, moving here from the home of his mother-in-law, a Mrs. Bray of Holland street, Newark. He was married and had two children living with his mother-in-law. A sister is Mrs. Frederick K. Sedgewick of 44 Linden avenue, Belleville. Paul was a member of Company G, 29th Infantry during the World War.

In the car driven by West were its owner, Carmella D'Andrea of 120 Montclair avenue, Vaux Hall, and Teresa Nallo of 368 South Twelfth street, Newark. The trolley car was operated by John Malloy of 1162 Clinton avenue, Irvington, and was bound for Paterson.

Paul stepped into the side of the car. Malloy said the automobile was going at a rapid rate and did not stop until it had crossed Little street.

Wilfred Yudin Comes Out As Youngest In Political Circles

Was Successful In Election
As County Committee
Member

The honor of being the youngest man to ever throw his hat into the local political ring and to come out ahead in his first campaign after last Tuesday's election must go to Wilfred Yudin, local attorney, who was elected county committeeman on the Republican ticket in the first district of the first ward.

Mr. Yudin who is only twenty-three years of age only became a candidate for the district leader upon the urgent request of members of the First Ward Republican Club whose membership is rapidly increasing day by day.

The young attorney, who is secretary of the organization, refused to become a candidate thinking that he was too youthful to hold the office. Finally, after the earnest solicitation by the members led by their president, Edward J. Abramson, he decided to throw his hat in the ring.

Mr. Yudin, in spite of this reticence was elected by a three to one vote over his opponent. The vote was 128 to 42.

Much of the success for his election must go to Miss Ethel Anderson, who was elected county committeewoman on the Republican ballot. Miss Anderson, although uncontested for the office, worked unceasingly for the young attorney's cause.

Mr. Yudin is well known in town as the son of Barnett Yudin, prominent business man, located at 114 Washington avenue.

Board Writes Off \$15,000 Taxes As N.G.

Carragher Commends Williams For Move To
Clean Slate

The Board of Commissioners at the weekly meeting Tuesday night, authorized the Revenue and Finance Department to cancel almost \$15,000 in uncollectible taxes, ranging from 1910 to 1930.

Commissioner William H. Williams recommended the action in a resolution and the board concurred with his recommendation.

Commissioner Frank J. Carragher commended Commissioner Williams' action on the grounds that these monies would have to be carried along in the annual budgets and burden the town. He also stated that these taxes should have been collected years ago.

Town Engineer Albert S. Blank informed the Board in the afternoon conference that the state stands ready to pay its share of the paving of Mill and Harrison street and that action by the town was awaited.

Two emergency notes totaling \$7,000 were favored by the board. One was for \$4,000 for unemployment relief and the other called for \$3,000 for Dependency Relief. The renewal of \$105,000 worth of Temporary Improvement Bonds was authorized.

The result, Police Chief Flynn said, is that summonses are going out to dog owners without licenses. The only way to avoid paying a fine and having to buy a license to boot, is to proceed promptly to the town clerk's office and get a license before appearing in court.

Elks Minstrel Went Over In Great Shape Over 600 Persons Attended Performances Friday And Saturday

Belleville Elks' Minstrel, "On The Air," entertained over six hundred persons last Friday and Saturday evenings. The advance predictions of this show were fully justified by the liveliest cast of principals and chorus.

The show was produced and written by Charles Murray and Dr. R. L. Gittings and these men created a very original plot. The scene of the minstrel was the famous Belleville Plantation, Elkville, and with the aid of a microphone the atmosphere of a radio station was very effectively introduced.

All of the principals were loudly and frequently applauded, and the encores called for, stretched the time of the show from a scheduled hour and a half to well over two hours. The principals were: Charles Burns, Bill McGonigle, Leo McClintchey and Ken Hankinson, end men, Charley Murray, master of ceremonies, and Frank Minahan and Jack Foxe, comedians. Specialty numbers were rendered by Maude Donnelly and trio; Frank Siegler, Bob Cole and his dancing school pupils, Betty Schaeffer and Gertrude Hari, Lillian Crowell, Al Gable, Larry Decker, Marie Gregory, Bill Engert, and Irene Gable.

The members of the well trained and harmonious chorus were: Alice Jocher, Eldora Waring, Flora Bass, Ann Eberhardt, Ilene Mazza, Rosemary E. Salmon, Mabel Mallenbauer, Belvidere Hankinson, Virginia Hawthorne, Emily Marshall, Donald Frazer, Joseph Evangelista, Edmond O'Neill, Charles Ferry, Russell Sedgwick, Robert Gilchrist, William Dougherty, Bernard McBride and Harold J. Cavanaugh.

On May 22, of the same year, Mayor John P. Lux appointed him a regular patrolman in which capacity he served twelve years as a reserveman and acted as desk sergeant. On January 10, 1925, he was appointed to head the Nutley department.

Born Here

Chief Brown was born in Nutley, 1887, on Passaic avenue and has been a life-long resident of the town. He is married and the father of two boys aged 12 and 14. He is an exempt fireman and is a member of the International Police Chief's Association, the Association of New Jersey

GIRL SCOUT 'NEWS'

Miss Josephine Reddy of London, a commissioner of English Girl Guides, who has been visiting her brother in Elmira, N. Y., says on the eve of her return, "American Girl Scouts are so much friendlier and in their teens are confident and so more self sure of themselves than are our Girl Guides."

"The Girl Guides at home have much less organization than our Girl Scouts have in this country, but we have a larger percentage of Girl Guides in England."

The visiting commissioner was much impressed with the interest and cooperation shown by the young married woman and by the mothers of Girl Scouts. "We have very little of that sort of backing at home," she said. "We have no troop committees and the majority of our leaders are young working women. Our troop meetings have to be held in the evenings and usually in churches, which means that our troops are largely church troops. For this reason we are unable to have the intermingling of many religions as you do in America."

Commissioner Reddy says the Girl Guides wear their uniforms a great deal more than Girl Scouts here and there is more formality between the Guides and their ranking officers. In London a Girl Guide commissioner is always addressed as "Madam."

"I think that English girls are more shy than American girls but I also feel that the salutation may be a barrier to the closer intimacy which I noted here between Girl Scouts and their leaders."

A group of American Girl Scouts under leadership of Miss Alice Conway, one of the National Community organizers, will camp in Ireland on the beautiful estate of Vicountess Powercourt from June 18 to 28. They will rough it Irish-style with a straw filled pallase for a camp cot and a rubber ground sheet instead of a dry tent floor.

Mackintoshes, at least three blankets, a sou' wester, an overcoat, blazers—all these in summer! "Gum boots" are considered optional. Inclement weather in Ireland is expected, where it continually drizzles but rarely pours.

But there are no mosquitoes in Ireland. And no snakes. No whip-poor-will at night, but the larks in the morning! There will be perfumes from the gardens never smelled before, and with good luck maybe the sun will shine, not the scorching sun of America, but the benign inhabitant of soft Irish heavens.

A group of Girl Scouts from Troop No. 10 hiked to Third River and camped for the day last Saturday. They cooked over a fire of twigs and made a pot full of savory corn chowder. Cleaned up; helped catch fish; found flowers; most of the new comers started their flower finders collection. They played relay games and at last had to leave. Only one tiny mishap—one girl fell in while crossing on the stones and had to be dried off! The entire trip was under the direction of Betty Gibson and Ellen Hayes. Mrs. Holden, director, accompanied the troop.

Another group of Girl Scouts under direction of Mrs. Holden held a supper hike on Tuesday afternoon at the same place. These girls, from Troops No. 3, No. 4, and No. 7 also hiked all through the surrounding

At a recent meeting of the Boy Scout Leaders' Association of Belleville, two new scout leaders were received into Belleville's official Scout family. They are: J. W. Barnes and A. Bailey, new scout master of Troop 90, and his assistant, Mr. Barnes previously was in scout work in Irvington and comes to Belleville with a long and creditable record in scout work.

Mr. Bailey also has a substantial record of successful scout leadership; he was formerly associated with the Boy Scouts of Newark.

Belleville is fortunate in being able to enlist the interest and services of these two men. At present they are serving Troop 90 that has been without a scout master for some time because a well qualified leader who could meet with the troop has not been available. The problem of Troop 90 was the main topic of discussion at the meeting.

A trip to some point of interest for all Belleville Scouts was suggested for the fall.

Troop 89 was reorganized about a month ago. Those who have registered are: James Woods, Edwin Woods, Kenneth Chapman, Charles Jackson, Raymond Kimble, Everett Martling, George Cutler, Arthur Romeo, Charles Candel, John Radin, Homer Radin, Buddy Goodale and Edgar Kimble.

John Radin was elected as the troop's first patrol leader and Charles Candel as second patrol leader. The troop has organized its baseball team and won its first game from Grade 8 of School No. 1.

The boys are all very anxious to have more boys join the troop.

"John, have you thought anything about our vacation this year?" "No, old thing, to tell you the truth, I haven't, but I wonder if I dare take a vacation this year. Maybe a few days at a time is all I'll be able to manage." "Well, don't be so serious about it. Can't we have just as good a time near home as we can wandering all around the United States?"

I was down at the library this afternoon and they have some books down there on just that idea. We have been so busy seeing everything else we haven't bothered much about the surrounding country. Wouldn't it be fun to spend a few days up in the Catskills. I saw a book on the shelves just devoted to them. It was called, "Our Catskill Mountains," by Haring.

"And John, what about New York City?" How many really important places in New York have you been to? Yes, I know you've seen all the movies and shows, but I mean other things. I'll confess, I never would have thought of it myself if I hadn't seen some books, such attractive ones, about it at the library. There was one there that made me think of you right away. You know how you like to eat. Well, this book was called: "Dining in New York," by James, and it lists all the decent places to eat, the head waiter, their specialty and even the people you are likely to find there. Even the price of the food, believe it or not, you can dine in any or all languages.

There were some others, too, "Peacocks on parade," by Crockett, and "Old Bowery days," by Harlow. They are about New York as it used to be and is. Then there was: "Highlights of Manhattan," by Irwin. We will be able to have lots of fun going around to all the places we have heard or read about. I can hardly wait to begin.

Mrs. James Phelps of 179 Floyd street was guest of honor Monday at a birthday surprise party given by her two daughters Mrs. George Allen and Miss Laurabelle Phelps. Many beautiful gifts were received by the young guest. Decorations were in yellow and pink with the same color scheme carried out in rose decorations for the table. Guests were Mrs. Luke Boylan and daughters, the Misses Peggy and son John, and Mr. and Mrs. Nicholas Butcherty of Newark, Miss Eleanor Jameau of East Orange, Miss Edith Batchelor of Jersey City, Hobart Kip of Passaic, George Allen, the Misses Ruth and Alberta Allen, and the home family including the father, James Phelps, James Phelps, Jr., Francis, William and Laurabelle Phelps, all of town.

Mr. and Mrs. George Bergstresser of Division avenue motored to Delaware Water Gap Sunday.

Soothing the Lyon

BEN LYON

WHEN Ben Lyon, of Hollywood, wakes up of a morning feeling somewhat less than 85 per cent perfect, something must be done about it right away, for a movie star with a salary cannot afford to be grumpy. Doesn't look well in the movies. So Mrs. Ben Lyon, who is well known as Bebe Daniels, does something about it. She puts Mr. Lyon in close proximity to a cup of coffee almost immediately, and that makes the difference. On a recent Vancouver tour Mrs. Lyon went along just to make sure that her popular husband would not appear with a yellow tie, and a hole in one sock, and no coffee right quick in the morning.

Say It With Showers; Ideas For the Bride-to-Be Parties

By JOSEPHINE GIBSON
Director, Heinz Food Institute

SPRING engagement parties and showers for the bride-to-be offer unlimited opportunities for the ingenious hostess to introduce unusually attractive touches. In planning such a party you may decide to have a "Rose Shower" with rose decorations on invitations, roses in the house, pink ribbons for the packages, pink candles on the table and pink mints. An interesting method of distributing shower gifts is to have them hidden in various parts of the house and at certain times during the party hand the bride-to-be a card with a verse giving her a tip as to where to look for a group of gifts. When these have been found and unwrapped give her another card and so on until all have been discovered. The menu is important and either of these listed below is attractive for showers. Meringues with ice cream are especially suitable for the "Rose Shower."

Chicken Salad Delights with Garnish of Pickle Fans: To 1 cup boiling water add 1/2 cup butter and 1 cup of flour, being sure the water is boiling at the time. Stir while adding the flour and cook until the mixture forms a ball and has a tendency to cling to the spoon. It should be transparent rather than opaque in appearance. Remove from fire and add 4 unbroken eggs one at a time, beating until smooth after addition of each egg. Drop on baking sheets, shaping in rectangles 2 x 4 inches, and bake at 400° F. until patties are dry and quite firm to the touch. When cool, split on side and fill with Chicken Salad, made by mixing together 2 cups diced cold chicken, 1/2 cup chopped Stuffed Manzanilla Olives, 1 cup chopped celery, 2 teaspoons Worcestershire Sauce, salt and pepper to taste, 3 tablespoons Fresh

Cucumber Relish, and 1/2 cup Mayonnaise Salad Dressing. Chill salad thoroughly. Garnish with pickle fans, made by cutting thin parallel slices almost the length of the pickle and spreading slices to represent a fan.

Meringues with Strawberries and Ice Cream: Beat 4 egg whites very stiff with 1/4 teaspoon salt, fold in 1 cup granulated sugar and 1/4 teaspoon vanilla. Fold in 1 cup Rice Flakes just before placing in oven. Drop from a tablespoon on buttered baking sheet to form meringues to hold fruit, ice cream, etc. Bake in slow oven (300° F.) for 40-50 minutes. Remove from pan at once and cool. Fill partially with sweetened strawberries, then with ice cream. Place together in pairs to form a ball and serve on plates with small paper doilies. A delightful Spring dessert. This recipe makes about 16 meringue shells.

Depression Hits Potato Boat On Which Youths Sailed And So Nutley Young Men Hit The Land Back To Jersey

By J. WARREN McELIGOT
When Roy Donald Kramer and Frederick Hazel of Hawthorne avenue, Nutley, go to sea again on a commercial vessel they will return to New York safely and not be left stranded in some port hundreds of miles away.

Roy and Fred returned to their Nutley homes Sunday morning tired and weary after a "bumming" trip from Norfolk, Va., where they had been left stranded when the boat on which they worked was tied up indefinitely because of the depression. The two youths received employment a few weeks ago on a ship which carried potatoes to many ports along the Atlantic seaboard.

The depression hit potato hauling hard in Virginia and consequently the business had to be discontinued. The occupants of the boat were released from service and, of course, were forced to shift for themselves.

Almost "broke," Kramer and Hazel stowed away on a passenger boat from Norfolk to Baltimore. They were successful enough not to be caught and were lucky in escaping the clutches of the law when they sneaked off the boat at Baltimore.

Then the "hit the trail" on land. Saturday night found them in Philadelphia. They slept on the City Hall steps there. Bright and early the

next morning they made their way to Nutley. Now that they are home again, they are happy once more. "No more potato boats for me," remarked Kramer the other day. "I'd rather eat the 'spuds' than haul 'em."

League Of Women Voters Adopts Planks For State Convention

Will Be Submitted To Both Major Parties For Consideration

The New Jersey League of Women Voters at its monthly Board meeting held Thursday, May 19th, adopted for submission to the state conventions of the Republican and Democratic parties the following planks which the League wishes to have incorporated in the party platforms:

1.—Believing wholeheartedly in the principle of efficient government, we support legislation which will permit:

(a) The use of voting machines in all elections of the municipalities and counties of the state.

(b) The establishment of a legislative and bill drafting bureau, believing that this would eliminate duplication and would secure for New Jersey a research bureau on legislative matters.

(c) The continuance of the direct primary law as the most effective agency for expressing the will of the people, until a more effective means be found.

II.—Believing that the chief concern of the government is public welfare, we support a broad and constructive public welfare program which will include:

(a) The 48 hour week for women in industry.

(b) Protective legislation for the migrant child.

(c) A system for a federal-state employment offices.

(d) Sterilization of the socially unfit.

III.—Believing that men and women should have equal opportunities for employment we are opposed to any discriminations in the employment or dismissal of women based solely upon their marital status.

In her covering letter to the chairmen of each party, the president of the League, Mrs. Frederic H. Sanford, says:

"Because the League of Women Voters is an organization interested in the conduct of government, we earnestly bespeak your consideration of these planks for inclusion in the party platform in the thought that they are principles of needed legislation in the state of New Jersey which would raise the standard of our government."

NEW MEDICINE WORKING WONDERS

CONQUERS CONSTIPATION

It is often very difficult to recognize Constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results.

For your guidance in recognizing and hence over-coming constipation and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Headache	Abdominal Tenderness
Gas	Lack of Appetite
Belching	Insatiable Hunger
Bad Breath	Nausea (1-3 Hrs. After Eating)
Dizziness	So-called Rheumatism
Coated Tongue	High-Blood Pressure
Flatulence	Auto-intoxication
Insomnia	Springtime Weakness
(Sleeplessness)	
Blottness	
Continual Fatigue	
Pimples	
Hemorrhoids	
(Piles)	

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

the bowel contents. It cannot be accomplished by the use of drugs commonly known as purgatives, cathartics, or laxatives, such as castor oil, pills, salts, mineral water and the like. These disturb and irritate the stomach and often affect the kidneys. Only through the principle of lubrication as embodied in Alagar can regular thorough elimination of waste matter be harmlessly accomplished.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic Phenolphthalein. Its distinct Maple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

Look for the Two Red Diamonds on the Label. The sign of the genuine.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, De-nounced," will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 29, 1932.

The Golden Text is: "Do they not err that devise evil? but mercy and truth shall be to them that devise good." (Proverbs 14:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed is he that considereth the poor: the Lord will deliver him in time of trouble. The Lord will preserve him, and keep him alive; and he shall be blessed upon the earth; and thou wilt not deliver him unto the will of his enemies." (Psalms 41:1,2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Will-power is but a product of belief, and this belief commits depredations on harmony. Human will is an animal propensity, not a faculty of Soul. Hence it cannot govern man aright. Christian Science reveals Truth and Love as the motive-powers of man." (p. 490).

Plan Union Services Of Local Churches

Plan To Be Submitted For Local Pastors To Be In Charge

A series of Sunday night union services for Protestant churches was tentatively planned Tuesday at the monthly luncheon of the Ministers' Association at the high school cafeteria. The baccalaureate sermon by Rev. Frederic F. Foshay of Grace Baptist Church at the high school June 19 will launch the series, which will continue six consecutive Sundays. The association will submit to the laymen's committee in charge of the mid-summer schedule, beginning July 31, a plan whereby the services may be handled by the regular pastors. Each would take a turn, speaking to all congregations from his own pulpit. The mid-summer schedule will continue through the first Sunday in September. Heretofore an outside pastor has conducted all vacation services.

Telephone Company To Open Nine New Dial Central Offices In New Jersey's Largest Telephone Project

Will Serve 80,000 Telephones In Newark, Irvington, The Oranges And Maplewood At Midnight Saturday

New Jersey's largest telephone project will reach completion in Newark, Irvington, The Oranges and Maplewood at midnight Saturday.

Nine new dial telephone central offices serving 80,000 telephones in these communities will be opened simultaneously, and metropolitan wide-range telephone service will be introduced to bring all New Jersey telephones in an 18-mile radius within direct range of dial telephones there. This direct calling area includes more than two-thirds of all New Jersey telephones.

The project is a major feat in telephone engineering. Three large new dial telephone centers have been constructed in Newark, East Orange and South Orange to house the numerous dial central offices. More than a million man-days of work over a period of several years have gone into making the new system.

Within less than five minutes Saturday night all of the new equipment will be cut into service, and wide-area direct calling will be introduced. The first call through the system will be made at one minute after midnight.

Radio Development Men's Club Topic

The Men's Club of Grace Church will have as speaker at their meeting Friday evening, W. L. Black of the Bell Laboratories, who will give an intimate talk on radios and radio development; also Frank Pierson and W. S. Verplanck who will talk on the three outstanding causes of the depression in the United States. Men of the parish and members of other Men's Clubs are cordially invited. If you do not happen to be a member of the club do not stay away, as non-members are always welcome.
