Class Told Skill Is Not Education High School Graduates Are Advised Real Learning Is Broader

"Skill, however wonderful, is not education nor is a diploma culture; the way to real education, in its final analysis, is not taught but caught," Rev. Frederic F. Foshay of Grace Baptist Church, said Sunday night in addressing graduates of Belleville High School on "The Symmetrical Life."

"If during these four years of training, high, lasting qualities have not been imparted to you," he continued, "yours has been a distinct loss. If you have not been given a certain cast of thought, a bias toward culture and a broad general outlook, there has been failure. The symmetrical life is four-square. It blends the physical, social, intellectual and spiritual, and makes for sweetness and light."

"Personality affects every one today as never before. Through scientific inventions the world has grown smaller, and is now one big neighborhood. It is most important that men and women should go forth and live at their best in ways of honor and truth. Our very civilization is at stake and can not endure unless people pledge themselves to ways that are right."

The service was held in the school auditorium. Rev. Peter R. Deckenbach of Christ Episcopal Church, dean of the Belleville Ministers' Association, presided. It marked the beginning of a series of Sunday night union services by Protestant churches of the town. Mr. Deckenbach read the scripture and Rev. John A. Struyk of the Reformed Church gave the invocation. Rev. Edgar M. Compton of Wesley Methodist Episcopal Church also offered prayer.

The class contributed a program prepared under direction of Charles L. Steel, Jr., principal of the school. It included a vocal solo, "The Lord Is Mindful of His Own," by Louis Westra; violin solo, "The Swan," by John Cataldo, and double quartet, "Gloria Patri" (Palestrina), by Charles Christell, Louis Westra, Mortimer Snyder, Ambrose Gulkin, Ena Holden, Gertrude Davis, Margaret Spaulding and Elizabeth Workman. Gounod's "Praise Ye the Father" was given as a class procession and "Onward, Christian Soldiers" as a recessional. String instruments of the high school orchestra played. All musical numbers were under direction of Miss Alice Walters, music instructor at the high school.

132 Get Diplomas Tuesday Night Fourteen Students Receive Special Annual Awards

One hundred and thirty-two seniors received their diplomas Tuesday night, at the thirty-fifth annual commencement exercises held in the high school auditorium. This group, being the first to graduate in caps and gowns, was the largest and most impressive class to participate in a ceremony of this type, at Belleville High School.

Approximately one thousand parents and friends of the class witnessed the ceremonies, which started promptly at 8:15. The procession was carried out to a point of perfection, the pupils forming two single lines in the hall and marching down the center aisle to the platform. This marked the beginning of a perfect program.

The invocation was offered by Rev. John A. Struyk. Following this, Angelo Errico, second honor pupil, delivered the salutatory address.

Dr. Charles C. Ellis, president of Juanita College, was the speaker of evening. His topic was "What Education Can Do For Me." The purpose of this topic, said Dr. Ellis, "is to aid the pupils in understanding the value of education and to create for them a plan from which they may look down upon their past education."

Unemployed Demand Relief From Town Present Unsigned Petition Which Causes Row At Meeting

Approximately one hundred unemployed men from Silver Lake appeared before the Board of Commissioners Tuesday night, demanding relief. An unsigned petition and an out of town spokesman for the group caused a short but heated discussion after the meeting had been adjourned. The matter was referred to the afternoon conference next week, for study by the commissioners.

In the early period of the session, a petition demanding relief and suggesting eight points whereby this could be obtained, was read by town Clerk Daly. The form was a carbon copy of a typewritten sheet and contained no legal signature. Mayor Kenworthy ordered the paper be received and held over for discussion next week.

Newark Leader Objects
Philip Burns, of Newark, addressed the Mayor. He asked about the men who were there in support of the petition. He also notified the board that he was acting as spokesman for the group. Mayor Kenworthy informed him that discussion on the matter had been deferred till next week.

Crowd Uneasy
Following this remark, the men became restless and mumbled was heard among them. This became annoying to such a degree that the Mayor was forced to rap for order.

Mayor Explains Action
After finishing the remainder of its routine business, the board adjourned and prepared to leave the room. At this sign of vacation by the commissioners, several of the men, Burns included, became noisy and protested on the grounds of unfairness. This demonstration caused the board members to return to their respective places and wait for the mayor to explain his seemingly tyrannical act, of postponement of the petition.

The Mayor said: "What I have to say, is for Belleville men. If you have any plan to suggest, we will be glad to help you. You men want to be fair. We don't want to trample on your rights. We want time to digest this petition. We are not in the position to grant these demands. If you care for an answer send a committee to the conference next week—we will talk it over with them."

"You mentioned an out of town man," said Burns. "I'm representing"

Women Entertained At Colonial Garden Party Mrs. A. Newton Streeter Was Hostess To Local Club Group

Mrs. A. Newton Streeter, garden chairman of the Woman's Club of Belleville, gave a Colonial garden party at her home, 151 Joramont street, last Wednesday afternoon, for members of her department and guests.

After a surprise luncheon Mrs. Henry V. Condict, of Essex Fells, gave a talk, in costume, telling of the life in Morristown in the days of Washington and recalling many incidents of her ancestors' visits with the Washingtons. Several articles worn by Mrs. Condict were worn by her husband's grandmother on one of their visits to General and Mrs. Washington.

The speaker also told of a trip to Massachusetts as delegate to the Federation of Garden Clubs. Mrs. Condict was the original organizer of the Federation of Garden Clubs of America. Several of the guests were in colonial costumes.

Among the guests present were: Mrs. Charles S. Smith, president of the club; Mrs. Charles Campbell, Mrs. Fred Packrell, Mrs. W. H. Jacobson, Mrs. William A. Rachel, Mrs. William Entekin, Mrs. George Fralley, Mrs. J. K. Alexander, Mrs. Charles

Sails For Germany John Pabst of 9 Beech street, physical director at Point Pleasant High School, sailed Friday, June 24, on the Mauritania to Munich, Ger- many, to continue his studies.

Man And Wife Hurt In Automobile Crash Pinned In Car After It Overturned In Belle- ville Avenue

Mr. and Mrs. George R. Von Ludendorff of 607 Belleville avenue, were injured late Friday when the automobile Mrs. von Ludendorff was driving in Belleville avenue, between Arthur street and Delavan avenue, was overturned after being in collision with a sedan going in the same direction. The latter car, owned by Mrs. H. P. Harren of 52 Wayside place, Montclair, was driven by Miss Lilly Gilchrist of the same address.

The von Ludendorffs were pinned in their car. Mrs. Charles Krueger of 26 Dawson street, helped Albert Bianchi of 619 Belleville avenue, extricate them and take them to the Essex County Isolation Hospital, a short distance away. They were removed to St. Barnabas' Hospital.

Apparent injuries were bruises and lacerations. It was believed the husband was hurt worse about the legs and his wife about the head, the extent to be determined by X-ray examinations.

Both cars were traveling east. Miss Gilchrist, the police said, was passing the other machine when the rear of the car she was driving clipped the front of the other which was damaged and towed to a garage.

Boy And Girl Killed By Automobiles Here Child, 4, Dragged 65 Feet Wedged In Bumper Of Woman's Car

For the second time in 24 hours, a local child was struck and killed by an automobile while playing in front of its home Friday.

The victim of Friday's accident was David Speer, 4, 72 Cedar Hill avenue. The boy was dragged 65 feet, wedged under the bumper of an automobile driven by Mrs. Emma Corntosarone, 48, of 106 Garden avenue, who is held on a technical manslaughter charge.

Mrs. Corntosarone said that the boy stood in the middle of the street in front of his home, refusing to move when she honked her horn and causing her to come to a stop. She started up, driving to one side to go around him and did not know she had struck him till she heard the screams of neighbors, she said.

On Thursday Dolores Spezzanero, 3, was killed in front of her home at 149 Passaic avenue.

Shamrock Grows On Foreign Soil Local Resident Is Successful In Raising Irish Plant

The old theory that Shamrock will not grow outside of Ireland, has recently been contradicted.

Mrs. S. Gray of 345 Stephen street, has succeeded after three years, in raising a pot-full of the "national plant of Erin."

Three times Mrs. Gray has imported seed and tried to grow a patch of this foreign plant and thrice, local climatic conditions have foiled her attempts. But, like a true daughter of the Emerald Isle, she didn't give up. This spring seed was again imported and planted. After a short while, the small plants began to show signs of life and have kept steadily progressing until a neat patch of the green "good luck plant" is thriving in the backyard of the Gray residence. Good luck to Erin.

Local Man Gets Pharmacist's Permit Marco Di Giovanni Is Now Manager Of Essex Pharmacy

Marco Di Giovanni, son of Mr. and Mrs. Angelo Di Giovanni, of 16 Cedar Hill avenue, has recently received his resident pharmacist certificate from the state authorities.

Mr. Di Giovanni, who for the past

MARCO DI GIOVANNI
Two years has been manager of the Essex Pharmacy, is a life long resident of Belleville. He attended School No. Three and Belleville High School. He graduated from the high school in 1927, going directly to Rutgers College of Pharmacy, from which he graduated three years later. Upon completion of his studies at the New Brunswick institution, he received two degrees; one of pharmacist, the other, pharmaceutical chemist.

Teachers To Get Over-due Salaries Local Bank And Manufac- turers Make Payment Possible

After a delay of nearly two months a provision has been made for payment of Belleville school teachers and other employees of the Board of Education. The purchasing of tax anticipation bonds by the First National Bank and prepayment of 1932 taxes by various manufacturers makes this possible.

"The First National Bank of Belleville has purchased \$125,000 of 1932 Tax Anticipation Notes. This sum, with substantial tax payments made during the past week, will permit payment of 1932 County Tax of \$227,000."

"Payment to County Treasurer will be made at once. County Treasurer will forward \$156,000 State School funds to local School Board, latter will return to Town Treasurer \$40,000 advanced for April School expenses."

"The members of the Board of Commissioners are deeply appreciative of the fine spirit of confidence in Belleville and its future as indicated by the action of the First National Bank."

"I am personally very grateful to Mr. Rung, vice president of the above institution for his kindly cooperation and to the many manufacturers and others who prepaid their 1932 taxes in full."

WM. H. WILLIAMS,
Director of Revenue & Finance,
June 28, 1932.

Commissioner Williams, at the meeting of the board of Commissioners Tuesday night, requested that the town clerk "be instructed to invite the Board of Education and other money spending sub-divisions of the town government, to a conference at which the curtailment of expenditures and plans for next year's budget will be discussed." No date has been set for this meeting.

Wesley Men's Club Holds Second Meeting Despite Inclement Weather Sixty-Nine Members Turned Out

Monday evening, the second meeting of the newly organized Wesley Men's Club was held at the Wesley M. E. Church, on Washington avenue. Despite the inclement weather, sixty-nine members turned out at this meeting. At the business meeting plans were presented for the summer outing as well as other social activities contemplated. The entertainment committee outlined plans for the Wesley Frolic which shall be presented to the people of Belleville in November. Mr. Rohrbach, well known theatrical producer of Belleville, who is also a member of the organization, has consented to direct the work. This Frolic, which is something different from anything which has been produced in town, promises to create a sensation among the patrons of amateur productions.

As a feature of the evening, Mr. Memmot introduced Mr. Scott of Happy Hour, WAAM, who entertained the men with his spontaneity of action on songs and stories. Vocal selection were rendered by E. M. Compton and the well known Ladies' Trio of the Wesley Women's Auxiliary: Mesdames Borman, Hansen and Virtue. After the entertainment, ice cream and cake was served to all in the church dining room.

Belleville Man Gets Gold Service Badge

Bentus V. Richard Com- pletes 15 Years With Western Electric Co.

Bentus V. Richard of 120 Rutgers street, was recently presented with a gold service emblem by the management of the Western Electric Kearny Work merchandise branch in recognition of his fifteenth anniversary with the company.

Mr. Richard was first employed at New Orleans, in 1917 where for six years he performed the duties of a central office switchboard and telephone installer. In June 1923 he was transferred to Atlanta as an engineer in charge of equipment in the southern city's telephone exchanges.

Coming to the Kearny Works in March 1929 he covered various switchboard scheduling and service assignments until June 1930 when he assumed charge of switchboard service in the merchandise branch, the position he now holds.

Boy Scouts Hold Their Final Meeting

C. J. Sharpe, Boston Man, Is New Leader Of Troop No. 4

Troop 4 held its last meeting of the season Monday evening at Wesley M. E. Church. Thirty were present to enjoy a fine program.

The meeting was marked by the announcement of the good fortune of the Troop in being able to obtain the services of C. J. Sharpe as Scoutmaster. Mr. Sharpe comes from Boston, Mass., and was very active there in scout work. Following the presentation to the Troop, Mr. Sharpe briefly outlined tentative plans for the fall, and stated that he expected that a full active Troop would be functioning early next season. He stressed the value of competitive tests, both within the Troop and between the Troops in Belleville.

Following the announcement of the new Scoutmaster for the Troop, another high spot of the evening was the interesting and absorbing story (Continued on Page Seven)

STRAIGHT THINKING AND ACTION BY ALL TOWN BOARDS IS ALL THAT IS REQUIRED

Commissioner Williams, Director of Revenue and Finance declares the town can save \$75,000 to \$100,000 a year. He writes his colleagues as follows:

June 29, 1932.

Mr. Mayor and Gentlemen of the Board of Commissioners:
You are respectfully advised that payment will be made Wednesday morning, June 29, to the Treasurer of Essex County, of \$227,000 to cover the balance of the 1931 County Tax, above sum being made available from receipts of sale of \$125,000 worth of Tax Anticipation Bonds to the First National Bank of Belleville, and \$25,000 worth of Tax Anticipation Bonds to the Sinking Fund Commission of Belleville and the use of \$77,000 of current cash.

With the disposal of the financial problem of 1931 by above action, it appears to the Director of Revenue and Finance in order to submit to you data at this time to supplement advice extended to your Board relative to our financial problems and the many difficulties involved in obtaining necessary funds to meet past due obligations, current obligations and renewals of existing temporary obligations. Our present Board of Directors is undoubtedly confronted with greater responsibilities than any Board in the history of Belleville. With problems as serious as those of today affecting the interest of practically every member of our community life before us, we must anticipate incorrect impressions being established and while statements of municipal income and expenses have been repeatedly made public, the facts covering the financial situation of the Town do not appear to be thoroughly comprehended.

Finances are made available to the Town Treasurer only through two sources, from monies delivered by the taxpayers and from lenders of money; when either or both of these sources fail to produce sufficient operating funds for the current budget, the existing money spending program must be given immediate reconsideration. However unpleasant this program may be to those affected, the soundness of said statement can not be logically refuted. While we may from the analysis of the budget of 1927 of \$1,115,000 to the budget of 1932 of \$1,496,000 reflect that past expenses may well have been otherwise and while the percentage of taxes collected from 1927 to 1932 have averaged only 60% of the total budget, necessitating each year the borrowing of an average of about \$500,000 per year to pay current bills, we must accept the present condition as the capacity of our taxpayers to absorb municipal expenses and this ability to pay must be accepted as the guide in the conduct of our public affairs.

We cannot reasonably expect an increase in assessed valuations of property this next year, rather, we may well anticipate the reverse if current property sales are to be accepted as a criterion of values.

After most sincere efforts to dispose of various types of Municipal bonds, every reaction indicates that bond buyers are reluctant to become further interested in Belleville bonds. We are forced to seek sales of bonds in a market in competition with bonds of communities whose indebtedness, operating costs, and past records of administration appear more favorably to investors, and while practically the entire time of your Director of Revenue and Finance, and Town Treasurer has been given to this work, only with the utmost difficulty have we been able to obtain available funds.

Until such time as the record of our community improves on the quality of supervision of municipal expenditures and until the outstanding debts are reduced, which latter can only be accomplished through budget payments, the local finance problem will continue to be one of grave concern.

Every influence must be brought to bear on clearly looking at facts, as they are, rather than as the members of this Board or citizens would prefer to look at them—the 1932 budget presents a picture of conditions under which no Board of Directors can attempt to operate and expect improved results or lower taxation. The total operating cost for the Town including all its subdivisions for 1932 equals the sum of \$1,860,000. The school will receive this year from the County Treasurer a credit of \$176,500. Receipts from miscellaneous revenue will be \$189,000. These two items deducted from the gross cost requires raising by taxes the sum of \$1,495,500.

Based on the average of the past five and one-half years' collections, during which approximately 60 per cent of the total budgets were received in the year due, we cannot expect to receive during 1932 from paid taxes and anticipated revenue receipts a greater sum than \$1,000,000 leaving a deficit of at least \$500,000. To date of the \$1,000,000, or 60 per cent of the expected receipts, \$450,000 have been received, leaving further receipts to be limited to \$550,000. To avoid the non-payment of the school payroll during the coming year from July 1, 1932 to June 30, 1933 (the school financial year) we must consider the County Tax Payment and the payment of school operating costs as a single question, inasmuch as the non-payment of (Continued on Page Eight)

A LARGE FAMILY

APPARENTLY some time is going to elapse before the beneficiaries under the will of the late Ella Wendel receive the money which they expect. Surrogate Foley of New York has announced that he will hear this month the claims of 29 persons, who claim relationship to the woman who lived without knowledge of relatives except her sisters.

Thus far, 1818 people have filed claims and there are at least 1135 others who think they were related to the eccentric spinster. Leaving a fortune seems to be the surest way to find out how many relatives a person may have but if the fortune is big enough, the number grows to incredible size.

Compton, Madeline Donnelly, Margaret Enders, Florence Fischer, Viola Gimbel, Adele Giordano, Dorothy Hagetter, Georgianna Hankins, Mary Hogg, Estelle Kerr, Marion Malcolm, Lottie Miller, Dorothy Moran, Hilda Ottaviani, Hannah Redfern, Edna Schaufuss, Irene Schwartz, Madeline Stricker, William Bode, Alfred Boulard, Robert Bruce, Edward Calabrese, Joseph D'Alessandro, Robert Dobbins, Robert Dow, Amerigo Errico, Edward Flynn, John Fortino, LeRoy Johnson, Donald Liebermann, Clifford Lish, Edward Loranger, Carmine Meccia, Oscar Nathans, Alexander Paterson, Wilfred Potis, William Radler, Americo Resciniti, Ernest Salters, Milo Salters, Franklin

Specht, Francis Sullivan, Seymour Taft, Louis Totaro, James Tully, Garrett Vanderbolt, Walter Van Nstrand and Ralph Wohlforth.

School No. Ten

Vincent Cortese, Edward Curtin, Lloyd Gili, Eino Hantell, Walter Hoerig, Charles Holweg, Robert Kenworthy, Maurice LePlace, Fred Riepe, Chester Sanok Wilbur Tholheimer, Harry Walker, Dorothy Aiken, Evelyn Donnelly, Olive Fitzgerald, Dorothy Greik, Grace Hewitt, Edna Holweg, Shirley Howell, Beatrice Hummel, Elizabeth Jolly, Mary Kauffman, Virginia Langlands, Marjory Lemell, Gertrude Nevill and Phyllis Triano.

The high school Glee Club, under the able management of Miss Alice Walters, music instructor, presented a novel musical program at last Friday's assembly. The program consisted of singing old time favorites and was thoroughly enjoyed by the pupils and the faculty.

Baccalaureate service was held in the high school for the first time last Sunday evening. An interesting and delightful program was presented. The Rev. Frederick P. Foshay was the presiding minister.

Tuesday morning a well planned group of musical and oral bits of entertainment were presented by three freshmen home rooms. They were: rooms 18, 19 and 20.

Frank Spotts, Jr., baseball coach, presented the boys with their letters for the past season. Mr. Spotts said that although Belleville High did not win the state championship pennant it had more men picked for all state material, than any other school in New Jersey.

One hundred and thirty-two pupils graduated Tuesday night. Twelve were on the honor list and fourteen received special awards for excellence in some major school activity.

The class was the largest graduated from the high school so far. Their caps and gowns lent dignity and poise to the ceremonies, but we're sure the members of the graduating class almost sweated to death in them.

Wednesday morning was amateur day at the high school. Anyone who desired to sing, dance, talk, and so forth, had the right to do so. And boy! did they take advantage of the offer? We saw more Al Jolson, Eddie Cantors, Joe E. Browns, John Barrymores, Fanny Brices, Rudy Vallee, and so on, than any ordinary human sees in two years—all in three-quarters of an hour. Oh, by the way, we also had some Hamlets, Mac Beths, Shylocks, Ivanhoes, Don Juans et. crata. Also a sprinkling of Joan Crawford, Madam X's, Sarah Bernharts, Maude Adams, and so on, till we lost track of them.

Nolls Entertain

Mr. and Mrs. Louis A. Noll, Jr., of 627 Belleville avenue, had as their guests recently Mr. and Mrs. Edward O'Malley of Cynwyd, Pa., and their family. The guests spent a few days here before sailing the latter part of the week for a three months' tour of Europe.

Mr. and Mrs. Noll entertained at dinner in their honor. The guests included Mr. and Mrs. O'Malley and sons Kevin and Edward, the Misses Julia and Doris Redmond of Philadelphia; Mrs. Michael Lally, Miss Agnes Lally and Dr. Walter Lally of Bloomfield; Miss Anna Redmond of Bloomfield; and Miss Arlene Welch and Mrs. John Welch of New York City.

Mrs. Noll was hostess to her bridge club Friday at luncheon and bridge at the Wooden Soldier tea room in East Orange. The guests included: Mrs. Ralph Sewell, of Verona; Mrs. John S. Moore, of Bloomfield; Mrs. George McLaren, of Newark; Mrs. Harold Hobbs, of Livingston; Mrs. Alfred Tucker, of East Orange; Mrs. A. M. Hart and Mrs. Pearson Arison of Belleville. Mrs. Tucker made high score.

Murren-Drew

A pretty wedding took place at St. Michael's Roman Catholic Church at Union, N. J., Sunday, June 12, at 4 o'clock P. M. when Marie, daughter of Mr. and Mrs. Frank Drew became the bride of Harry Murren, son of Mrs. Mary Roberts of William street, Belleville.

The bride who was given in marriage by her father looked charming in a gown of white, satin and pearls. Her bridal veil was held in place by orange blossoms and seed pearls. She carried a shower bouquet of white roses. Her maid of honor, Miss Helen Edgerton, was daintily attired in peach color satin with a blue bolero jacket and picture hat to match. She carried an arm bouquet of tea roses. The bridesmaid, Catherine Denny, looked charming in a gown of robin egg blue satin with a peach color bolero jacket and picture hat to match. She carried an arm bouquet of pink roses.

David Connelly of Belleville was best man. Rev. Father Larkens officiated. During the ceremony Miss Smith sang "I Love You Truly." She also played Wagner's "Wedding March." The ushers were Leo Dacey of Belleville; Joseph Crecca and Allen Butterfield of Newark.

The bride's mother wore a floral georgette gown with a corsage bouquet of tea roses. The bridegroom's mother wore black georgette trimmed with a cape collar and cream lace.

She wore a corsage bouquet of tea roses.

There were about 150 guests from Nutley, Passaic, Clifton, Belleville, Newark present. The bride was the recipient of many beautiful gifts.

After their honeymoon through Ontario, Canada, and Niagara Falls, they will be at home at 2069 Stetcher avenue, Union, N. J.

132 Get Diplomas

(Continued from Page One)

and up to what is before them. Education can help me make the most of myself. It can help to adjust me to the world in which I live. Despite the present economic conditions, this is still a world of work, law and duty. We forget our work when we watched the stock market. We forget about law and duty. Why? Because we have been living as we want to and not as our laws tell us and duty demands us to do."

Charles L. Steel, Jr., principal of the high school, presented the class to Wayne R. Farmer, supervisor of schools, who, in turn, presented the diplomas.

Previous to presenting the class, Mr. Steel congratulated the parents for making their education possible. To the pupils he said: "You have given us much and we appreciate it. Your activities will never be forgotten; don't you forget us. If you ever need help, your are welcome to return to us and we will gladly render whatever assistance possible."

Mr. Farmer gave a short talk on the cost of education. He stated that after a survey of sixteen surrounding towns, he found the cost of education in Belleville to be \$360,000 less per year than in the metropolitan area. He felt that every cent spent on the pupils' education will be eternal and of ever increasing value to them. To the class he said: "I have but one regret; it is that I know so little about you. The students, teachers, school officials and parents have made this year a very comfortable one for me."

A well arranged musical program of eight numbers was well handled by the orchestra, Charles Christell and Gertrude Davis, as vocal soloists; John Cataldo, violin soloist, and an octet. This part of the exercises was prepared and submitted by the indispensable Miss Alice Walter, music instructor at the school.

Mildred German, Elsie Svenson; the International High School Artists Society Membership, awarded for excellence in art or music, James Cataldo; the Le Cercle Francais award, to that Senior excelling in French throughout the course, Angelo Errico; superintendent's awards, to the Senior young man excelling in extra-curricular activities throughout the four years, Leonard Hodgkinson; to that Senior young lady excelling in extra-curricular activities throughout the four years, Margaret Spaulding; the Rensselaer Polytechnic Medal, to that Senior young man with the highest rating in mathematics and science, Edward Young, and the Newark Institute of Arts and Sciences gold medal, to that Senior with the highest standing in the Commercial Course, Elinor Stockton.

A REPLY TO DR. TYLER

IN a speech recently reported by the Associated Press, Dr. Lyon G. Tyler, son of John Tyler, tenth president of the United States, was quoted as labeling Abraham Lincoln as "the boss slacker" and adding that a certain historian "is crazy" in attempting to put the emancipator on a pedestal higher than that occupied by Robert E. Lee.

Dr. Lyon apparently had some fish to fry in the camp of the Sons of Confederate Veterans whom he was addressing. The speaker either is bitterly prejudiced (and, if such prejudice be a matter of personal opinion it is excusable as being his prerogative) or he has a pig to kill and is determined to kill it at the expense of the immortal Lincoln. However, "Honest Abe," living or dead, is immune to such flurries and as time adds to his fame such publicity seekers will increase in numbers, combining their puny efforts to libel the man and his achievements.

As the grandson of a "damned Yankee" who did his bit at Antietam, Bloody Angle and during the Wilderness campaign, we take a lot of pride in our ability to take our hat off to General Robert E. Lee, whom we consider to have been one of the outstanding soldiers in American history and a gallant gentleman. And we feel sure that "Marse Robert" never stopped to malign the "Rail-splitter" who came out of the Kentucky forest to write his name in history's pages.

Just what it is that is biting Dr. Lyon is a mystery to us and probably was debatable in the minds of his listeners. It is regrettable that Abraham Lincoln could not have risen out of the dust of more than half a century and, drawing himself to his full height, ungainly, unimpressive in appearance—and in a high-pitched voice, reply to Dr. Lyon with the subtle Lincoln irony which stood him well in such debates. It is difficult to visualize Lincoln in the role of a "boss slacker" while ringing in our ears are his words: "God must have loved the common people—he made so many of them." Yet Lincoln would have been the first to applaud the speaker had he been alive.

MORE SPEED

THE railroads are experimenting with aluminum locomotives and cars intended to increase the speed of their trains. Using engines and cars made of this material will reduce the weight of trains about 40 per cent. With less weight to haul locomotives can get over the road faster. It is more speed the world wants, so it is said, and the railroads which are able to offer it will get the business which has been taken away from them by the automobiles and the airplanes.

Today the fastest railroad trains make 80 miles an hour. When aluminum cars and locomotives are used a speed of about 110 miles an hour can be made. This will almost equal the speed now being made by airplanes which travel at the rate of about 120 miles an hour on the average.

What will the world do when it has the means of getting about from one place to another at the rate of over 100 miles an hour? The time that will be saved will be of the greatest importance in some cases, but it will be of little use to the average individual who already has time enough to do what it is found necessary to do. But for some reason, when on a journey, almost everyone likes to go as fast as possible. When journeying by automobile the tendency is to step on the gas, even when it is not safe to do so, and "get there" quickly. It is the car that has plenty of speed in reserve that the people like to own.

A BIG STICK NEEDED

WHATEVER the new plan of taxation may accomplish to replenish Uncle Sam's depleted treasury, the public will foot the bill. Like Old Mother Hubbard, Sammy has discovered that the cupboard is bare and he has called upon the witch, "Taxation" to wave her magic wand and produce shekels from the almost empty pockets of his nephews and nieces.

If the processes of obtaining capital with which to operate were as simple as that, everything would be hunky-dory, but you won't believe in fairies anymore when the time comes to shell out. My dear reader, you are guilty of having married and you now have a wife and child, and you have an income of \$6,000 per year (which is true—maybe) Uncle Sam will send you a bill for \$124 for the privilege. Compare that with \$23.63 which has prevailed in the past.

In addition you will pay a handsome tax on that new car if, as, and when you buy it. But the car rides on rubber and you will not escape the rubber tax, which, by the way, is not a pun. And the gasoline and oil? Don't mention it. Fur coats will probably bring sufficient revenue to restock the Canadian north woods with rabbits so that the genuine mink hides shall not pass into the realm of memory, and it will probably be cheaper to buy your home-brew by the half-barrel when you consider how the new tax is going to increase the expense of production, considering the present protection fees.

When all is said and done, the phrase, "What did you pay for it," will in all probability be succeeded by, "What did it cost you in taxes." To answer such a query will require a ream of paper, a supply of pencils and after you have it figured out you will, no doubt, decline to swear to it.

And these taxes are only the beginning—unless definite steps are taken to curb the expense of government such as cutting out a lot of the dead wood and doing away with such assinine practices as supplying Congressmen with free haircuts and shaves and sand with which to blot his letters. What is needed is more sand profusely mixed with sincerity and less of adding to the load in order to lighten the burden.

BETTER STAY AT HOME

A TIMELY warning has been issued by government officials. They strongly suggest that young men, unable to find suitable work in their own communities, refrain from pulling up stakes to go to other cities in search of employment. Such a search will, in nine cases out of ten, be futile, officials who have studied the matter say. It would be well if the warning were widely spread, for only heartache and discouragement will be the lot of those who leave expecting good fortune.

'SA TUFF LIFE

A POPULAR magazine gives the following qualifications to a young man desiring to enter the newspaper field:

If he can listen with a smile to tiresome things he's heard many times before; if he can refuse to do what three or four people ask him to do without making him mad; if he can write in a way to make people laugh when he feels like weeping, or in a way to make them weep when he feels like cracking his heels together and laughing for sheer joy of living; if he can remain silent when he feels like he'll burst if he does not talk; if he can argue without getting mad or making the other fellow mad; if he can refuse a request for publicity without making everyone mad at the paper; if he can explain a typographical error without using up more than thirty minutes of time; if he can concentrate and write intelligent copy while three different conversations are going on around him, several typewriters clicking away, the telephone ringing and the subdued hum of the presses in the next room drumming on his ears; if he can explain why Mrs. J.'s poem, "The Sylvan Depth of the October Woods" did not appear in the paper without her husband stopping her advertising; if he can take a four-line story and spread it to half a column or take a two-column story and condense it to two paragraphs; if he can read proofs without overlooking an error and write headlines without murdering the king's English; if he has a nose for news an itch for writing and an inclination to work 15 hours a day, then we would advise him to get into the game.

A RIVAL APPEARS

THE problem of predicting the next year's events, which has so vexed men of all sorts, has been quite satisfactorily settled in England. It's all very simple. Instead of having Old Moore's Almanac the sole predictor in the field, they've put out a rival, which contradicts about everything the first one sets forth, and claims the honor of being the real Old Moore's.

One says the shipping business will fall off; the other sees it improving. One predicts a buoyant stock market; the other is pessimistic about it. Even on the weather the two are as far apart as the poles. Both can't be right, but neither can they both be wrong. They remind us of the statements put out by political prophets and business prognosticators.

IT IS NEEDED

BUSINESS conditions do not seem to have affected the people who spend their time inventing small, knick-knacks, as the rush of patent applications in Washington show. Ingenious toys for Christmas apparently are more amazing than ever, but many adults will be interested most in the attempts of inventors to solve the problem of lost golf balls. Not content with a ball that whistles its whereabouts in the rough, the inventors have produced a new one that gives off smoke. Even the right-handed golfers will be glad to hear about it.

OCEAN FLYING

IT is interesting to learn that it is very much more difficult to fly across the Atlantic coming West than going East. We should be properly grateful for this important fact, if true. Some distant day, perhaps when the younger generation stand in our places and carry on the protection of native land, a plane bearing bombs might fly across the ocean from the Old World. Our descendants will, no doubt, be perfectly willing for these planes to find a forced landing at the North Pole.

WILLIAMS AGAIN URGES ECONOMY

COMMISSIONER William H. Williams today tells the taxpayers of Belleville that \$75,000 to \$100,000 savings can be effected by application of good business sense in operation of town affairs. He reiterates what he has said before.

Consistently, since he has been in office, he has spent long hours of his time and dug into his own pocketbook, working in the interest of the taxpayer.

In January, 1931, Commissioner Williams offered recommendations to save Belleville about \$60,000. These recommendations were rejected by his fellow commissioners, although at that time he predicted the recommendations would have to be accepted in 1932.

When the 1932 budget hearing arrived, public opinion had been sufficiently focused on municipal expenses to force acceptance of the year old recommendations—incidentally costing you, Messrs. Taxpayers, about 18 points in your tax rate.

Through two budget periods and again for the third time, the Director of Revenue and Finance draws attention to possibilities of tremendous savings. When the Commissioner states \$75,000 to \$100,000 can be saved, he is not talking idly. Every clear thinking taxpayer knows Belleville has no right to live at a million dollar pace on a thousand dollar income.

The taxpayers may well feel that the director's forthcoming recommendations will be as practical as his 1931 plea for economy which was sidetracked for one year.

Here is one public official who has consistently maintained his pledge to work for a real business administration.

Rare men of this type know full well they will be abused by those who are sponging on the public purse. Unnecessary or excessive expense is contrary to the training of the Director of Revenue and Finance whose training was gathered in highly competitive business fields where each and every percentage of expense called for study. He had no training in the political field. And the taxpayers may well "Thank God" for that.

If Belleville taxpayers sincerely want this man to work for reduced taxes they owe it to him to back him up by voice and presence at commission meetings. He has and is a single-handed fighter to save taxpayers' money from falling into hands it should be kept away from. Twice he has fought hard to economize—this is the third time. How long this man will go before his patience is exhausted, working at his own expense for the public is a question, unless the public shows more concern.

If we may be permitted to say so we think his presence on the present board of commissioners is too good to be true. With four more like him a dollar of the public's money would bear some resemblance to what it formerly looked like. The public soon will demand business men like Mr. Williams and shunt the politicians to the dark alleys of oblivion—which is about the best place for such parasites after all.

HIGHLIGHTS and HEADLINES

By LILLIAN THOMAS

Times are hard, money's scarce; Bought a car, can't buy the gas. —Vincent Mitchell.

We wouldn't mind paying tax money if we knew where to get it.

A writer once said, "Good government pays." Well, when it doesn't the people must.

Vannie Higgins' murderers might have at least waited 'till the Fourth of July.

It now costs three cents to send your girl a love letter. Love gets more expensive as time goes by.

When they put a tax on electricity nothing was said about the light that shines in women's eyes.

So far, the "doughboys" efforts have been fruitless. And so are their menus.

As we understand it an autogiro can land in the backyard—if the backyard is as large as Rockefeller's.

We oughta jump the fence this year, and vote for those who'll give us beer.

SERVICE**CALL NUTLEY 2-0685
522 Franklin Avenue**Wanner's****Civil Service Warns
Public Against All
Coaching Schools
Brands "Help" As Accept-
ing Money Under False
Pretenses**

The following statement is made by the United States Civil Service Commission, Washington, D. C.:

The Commission warns the public against paying money for "coaching" courses in preparation for federal civil service examinations.

Schools which sell such courses under present conditions accept money under false pretenses. A purveyor of civil service courses is now under indictment in Iowa for false representation. It is expected that other such cases of prosecution will follow.

Comparatively few appointments are being made in the federal civil service. Vacancies which must be filled are filled by the transfer of those in the service or the reinstatement of those who have been in the service, wherever practicable.

It is seldom necessary to announce an examination. In most cases registers of eligibles exist as a result of examinations held the past year. When an examination is announced, the applicants are usually hundreds of times in excess of the need.

Money paid for civil service coaching courses at this time might almost as well be thrown to the four winds.

Civil Service Exams

The United States Civil Service Commission has announced that until July 19 it will accept applications for the position of Medical Technician (Bacteriology and Roentgenology), to fill vacancies in the United States Public Health Service at Philadelphia and Pittsburgh, Pa.

The entrance salary is \$1,800 a year, less \$540 a year for quarters, subsistence and laundry when furnished.

For the vacancy at Philadelphia the Treasury Department wishes a man, and for the vacancy at Pittsburgh it wishes a woman.

Applicants must have been graduated from a standard high school course or have completed 14 units of high school work acceptable for college entrance; provided, that those who do not meet this requirement will be given a noncompetitive mental test. In addition, applicants must have had at least two years training or experience in bacteriology and roentgenology, including a minimum period of six months or experience in each branch.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

**Judge Holds Layton
For Grand Larceny**

Vincent W. Layton of 2 North Broad street, Newark, who last week was charged with larceny of \$30 by Charles O. Wagler of 458 Kingsland road, was held in \$100 bail by Recorder Young, Friday, and turned over to the Belleville authorities. Previously he had been held in \$500 bail for his appearance.

Layton was arrested in Newark at Heller Parkway and Woodside avenue, by Newark detectives, who turned him over to Police Chief Brown.

**Civil Service Law
Prohibits Workers
Drawing Pension
Violation Of Law Called
Misdemeanor. Enforce-
ment Is Explained**

The State Civil Service Commission has forwarded to the town commission a copy of Chapter 259, Laws of 1932, which provide that any person receiving or who may hereafter receive any pension or subsidy from the state or from any of its subdivisions is ineligible for paid employment under the state government or such sub-divisions unless that person shall waive the right and shall not receive such pension after July 16.

Violation of the law constitutes a misdemeanor and the responsibility of its enforcement rests upon the governing body of the county where the municipalities have not adopted the provisions of the Civil Service Laws.

**Town Has Authorized
Payment of \$61,485
Owed To County**

At the regular meeting of the Board of Commissioners Monday night, a resolution introduced by Commissioner Raleigh S. Rife, head of the department of Revenue and Finance, authorizing the payment of \$61,485 to the county, representing the balance of unpaid 1931 taxes was passed. Of the total more than \$192,000 owed the county, the state school appropriation of \$123,000 has been paid to the custodian of school funds by the town and about \$7,000 represents refunds due from the county.

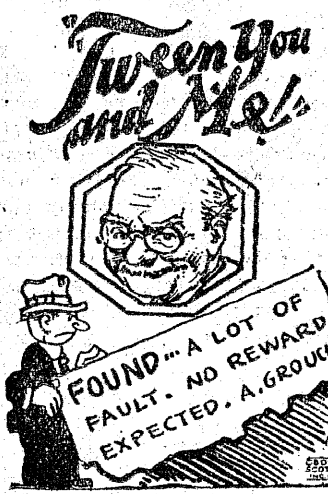

**Newark Man, 28,
Drowns In Pond**

Frank Saverland, 28, of 86 North Eleventh street, Newark, was drowned Monday evening between 6 and 7 o'clock in the Clay Tip Pond near Pompton Turnpike. He fell off a raft on which he was resting with three friends. He was visiting at 750 Washington avenue, Belleville, with John McFall and Archie McGleese.

Saverland was dragged from the pond by Policemen James Beebe, and William Taylor, and a pulmotor was used in a futile attempt to revive him.

**Buy neckties
with what it saves**

It isn't necessary to pay 50¢ or more to get quality in a dentifrice. Listerine Tooth Paste, made by the makers of Listerine, comes to you in a large tube at 25¢. Note how it cleans, beautifies and protects your teeth. More over it saves you approximately \$3 a year over 50¢ dentifrices. Buy things you need with that saving—neckties are surely a suggestion. 20 Years With Western
Electric Company**

Oren V. Barkley of 553 Prospect street, Nutley, was presented last Friday with a gold service emblem on the occasion of his twentieth anniversary with the Western Electric Company. The presentation was made by the superintendent of the Kearny Works radio and instrument shop where he is chief of the production division.

Mr. Barkley's connection with the company began in 1912 when he was hired at the company's Hawthorne Works, Chicago, as a clerk. He has advanced rapidly, holding many positions of responsibility during the ten years he was in Chicago. He was transferred to Philadelphia in 1922 to become chief of the production division when the radio and instrument shop was in the Quaker City. When this department was transferred to the Kearny Works last January Mr. Barkley came along to head the same organization.

**State Library Has
List Of New Laws
To Distribute**

The Legislative Reference Department of the New Jersey State Library has just issued a Descriptive List of the Laws and Joint Resolutions enacted by the 1932 Legislature. This list, prepared by John P. Dullard, Assistant State Librarian, gives the bill and chapter number of each measure enacted, together with the name of the introducer, and a brief synopsis of the purpose of each bill. Copies may be had gratis upon application to the State Library at Trenton.

**NEW MEDICINE
WORKING WONDERS
CONQUERS CONSTIPATION**

It is often very difficult to recognize constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results.

For your guidance in recognizing and hence over-coming constipation and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Headache
Gas
Belching
Bad Breath
Dizziness
Coated Tongue
Flatulence
Insomnia
(Sleeplessness)
Bilelessness
Continual Fatigue
Pimples
Hemorrhoids
(Piles)

Abdominal Tenderness
Lack of Appetite
Insatiable Hunger
Nausea (1-3 Hrs. After Eating)
So-called Rheumatism
High-Blood Pressure
Auto-Intoxication
Springtime Weakness

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

the bowel contents. It cannot be accomplished by the use of drugs commonly known as purgatives, cathartics, or laxatives, such as castor oil, pills, salts, mineral water and the like. These disturb and irritate the stomach and often affect the kidneys. Only through the principle of lubrication as embodied in Alagar can regular thorough elimination of waste matter be harmlessly accomplished.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic Phenolphthalein. Its distinct Maple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

Look for the Two Red Diamonds on the Label. The sign of the genuine.

**Wake Up Your Liver Bile
—Without Calomel****And You'll Jump Out of Bed
in the Morning Rarin' to Go**

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing what it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25¢ at all stores. © 1931, C. M. Co.

Hanly Hurls Legion Juniors To 4-3 Win Locals Defeat East Orange For Second Victory

Mike Hanly hurred the junior American Legion ball-players to a 4-3 victory over the East Orange Post youngsters, Saturday afternoon, at Cameron Field.

Hanly allowed but four hits in disposing of the East Orangites. Shelly, Hanly and Sullivan, each with two hits, led a nice hit assault on the East Orange pitcher, that reached its peak in the fifth inning, when the locals tallied three of their four runs.

The victory was the second for the Bell-boys and closed their play in the Essex County American Legion loop.

Hillcrest Tennis Club To Meet 4C Team

Bloomfieldites Are Second Neighboring Combine Met By Locals

The Hillcrest Tennis Club racquet-wielders will swing into action Sunday afternoon at their home courts against the 4C Tennis Club of Bloomfield. This will mark the Hillcrest Club's second match of a series they are arranging with tennis organizations in the immediate vicinity.

An innovation will be offered in the play over the week-end, in that the Hillcrest's representatives in the match will be selected from the members highest in the rating chart, they have compiled, who have not appeared before in inter-club play. The representatives for the locals in the doubles will likely be the winners of the doubles handicap tourney, to take place starting today.

Mullins Leads St. Anthony's To 7-4 Win

Late Rally Downs Belleville A. A. In Local Legion Loop

A young Italian short-stop, with the somewhat misleading monicker of Mullins, proved an unexpected spark-plug to St. Anthony's hopes, Thursday night, at Clearman Field, as the Silver Lakers came from behind to trim the Belleville A. A., 7-4. The defeat, by the way, sent the A. A. scurrying further into the cellar in the local American Legion baseball circuit.

To get back to Mullins. With the Saints trailing, 4-1, and the Belleville A. A. mound ace, Rotundi, pitching unbeatable ball, Mullins, who was inserted into the game in the fourth inning, smacked out a pair of doubles in the sixth and seventh to feature three run rallies in each of these innings. The six runs thus manufactured enabled St. Anthony's to coast in with the victory.

Schools No. 9, 10, 8 And 7 All Win

Quartet Features Play Of Recreation Grammar School Ball Loop

Schools No. 9, 10, 8 and 7 won out in the Grammar School ball league, sponsored by the Recreation Commission, Wednesday afternoon.

Up to and including game of Tuesday, June 28.

..This Whirl Of Sport..

BY ARTHUR BLOEMEKE

WINNERS FROM THE START

PROBABLY no other sports in Belleville High's athletic history have met with the instantaneous response and success as tennis and golf.

With both of the teams at the end of their first season of campaigning, Belleville can rightfully point with pride to the enviable records created by the pair. No "soft spots," no "breathers" were booked by either team as they went on to winning performance.

The golf team, of course, had the most remarkable record. Is it conceivable that a new, hastily-organized team in any sport can go through a hard schedule undefeated, in fact swamp all its opponents, in its first year of competition? That's exactly the large order filled by those low-scoring golfers.

Clifton, reigning Passaic County champ, was defeated twice by identical 3-0 scores. West Side of Newark was also a double victim losing twice in 12-0 figures. Nutley, the rival of rivals, was not even given a look-in as they took the count, 3-0. Kearny, Verona and Caldwell were other schools to be beaten by similar lop-sided margins.

It took an outside combination of veterans to even extend the powerful Blue and Gold quartet, the New York Stock Exchange clubbers taking the short end of 7-5 score. And, in addition, the golfers, as both a team and as individuals, contributed notable performances in the state tourney matches played at Hopewell.

Of these fine Bell-boy divot-diggers, only two graduate. Dominick Morano, the ace of the squad and pretty nearly the best young golfer in this vicinity, and Joe Roberti, who played but part of the season, are the pair.

Mario Morano, Nick Guarney, Ben Perkowski and Julio Tammana of this year's undefeated aggregation will be back in school again next season, representing the Blue and Gold on the links. They form the nucleus of a squad that should again sweep everything before it.

ALSO SUCCESSFUL

THE high school tennis players, though not quite as sensational performers as the golfers, were none the less very successful.

Under the guiding hand of Coach Hugh D. Kittle, they sailed through an eleven-game schedule, with six victories as against five defeats. It would hardly take a mathematician to figure out that the balance is on the right side of the ledger. The best teams in the state, too, were met, including the king of 'em all, South Orange.

South Side of Newark, Lyndhurst, Clifton and Englewood were among the schools to receive set-backs at the hands of the racquetists of the locals.

The two aces of this year's squads, George Anderten and Ray Smith, will be lost by graduation. Next year's team, however, will be bolstered by the return of Billy Caldwell, who is expected to be the No. 1 man; Don Gauss, John Manger, Artie Leadbeater, Al Culkin and Bob Cocks.

What a brace of first-year records! The golf and tennis players are certainly to be congratulated.

YOU NEVER CAN TELL

AFTER Friday night's ball game at Clearman Field, many a fan could be detected rubbing his eyes to ascertain as to whether or not he was seeing rightly.

If any one had said before the game that Jim Mallack was going to be slammed around to the extent of nine runs in one inning by the Bachelors, he would have been immediately labelled for Overbrook. Why, it just wasn't possible. It couldn't happen.

But that is exactly what did occur. Twelve batsmen faced Mallack in this canto. Nearly every known method of getting on base was employed by the Bachelors. Some got on hits, others on passes, still others on errors by the badly rattled Elk defense. It was about as wild and as woolly an inning as has ever been played by two strong contenders in the loop.

Among other things, too, it helped to serve notice on the rest of the league that the early season Bachelor spurt was no flash in the pan. They're good, plenty good. They're in the lead now by themselves, possibly to stay.

After Friday, we echo a fervent "Amen!" to the old, but ever true, saying, "Anything can happen in baseball."

Bell-boy Golfers Swamp Nutleyites

Finish Season Undefeated As They Take Ninth Straight, 3-0

The rampaging, undefeated Belleville High golfers handed their arch-rivals, the Nutley High divot-diggers, their first defeat of the season, Thursday afternoon, at the Hendricks Field links. The win, which was accounted for in easy 3-0 fashion, marked the ninth in a row for the locals, and as it finished their season, they boast an undefeated record for the year, their first in inter-school competition.

Mario Morano, with a low 82, played best for the Bell-boys, although the entire quartet performed consistently, with the high men, Ben Perkowski and Dominick Morano sporting 84's. Nick Guarney was in between with a fine 83.

D. Morano, Belleville 40 44-84
M. Morano, Belleville 41 41-82
Perkowski, Nutley 42 41-83
Guarney, Belleville 42 44-83
Perkowski, Belleville 42 41-84
Mullins, Nutley 42 42-86
Reitz, Nutley 44 44-88

Eleven High School Players Get Letters

Lamb And O'Neil, Co-Captains Are Among Group

Eleven members of the Belleville High baseball squad received their letters, Tuesday morning, in the regular school assembly.

Of this number, six received their B's for the first time, while but four are lost to next year's nine through graduation.

"Mac" Lamb and Eddie O'Neil, four-year veterans who co-captained this year's Blue and Gold outfit to the fine record of eleven wins in seventeen starts, both graduated Tuesday night. Lamb won a position as pitcher on the All-State second team for his exceptional work as the twirling mainstay.

Charley Christell, veteran third-sacker and one of the best infielders ever produced at the local school, and Frank Catalano, reserve pitcher, complete the quartet of letter-men, who will not return next year.

The following received the coveted insignia:

Co-captains "Mac" Lamb and Eddie O'Neil, Charley Christell, Johnnie Daly, Warren Knight, Johnnie Schwab, Jerry Ruzinski, Ned Dunn, Frank Catalano, Vitello, and Leonard Hodgkinson, manager.

BELLEVILLE HIGH SCHOOL TENNIS TEAM

Season's Record

Defeated Lyndhurst, 4-1; Englewood, 5-0; Clifton, 3-2; South Side (Newark), 3-2; Lyndhurst, 4-1; Englewood, 4-1.
Lost to Hackensack, 0-5; East Side (Paterson), 2-3; Central (Newark), 2-3; South Orange, 0-5; Lincoln, 2-3.
Final record: Won, 6; lost, 5.

Bachelors Score

Nine Times In Ninth To Rout The Elks

Largest Crowd Of Season Sees 14-6 Bachelor Win, Friday

A breath-taking nine run rally in the seventh inning by the Bachelors turned their all-important game with the Elks into a rout, Friday night, at Clearman Field, in the local American Legion baseball circuit. The crowd, which packed the stands and side-lines for the biggest turnout of the season, saw the Hello Bills go down in 14-6 fashion, as the Bachelors took undisputed possession of first place.

Woods Bests McHugh

In Pitchers' Battle

Early St. Peter Attack Beats Moose, 6-4 In Legion League

Johnny Woods bested Jack McHugh in a pitching duel Wednesday night, at Clearman Field, in the local American Legion ball loop. The result was a 6-4 victory for St. Peter's over the Moose in a real hurlers' battle.

5 Runs In 9th Helps

Locals Beat Nutley

Local Legionnaires Capture Close, Exciting 12-11 Tussle, Saturday

In a final dramatic gesture of a game packed with baseball of every description, the Belleville American Legion all-star nine won its opening game of the season, nosing out its great rivals, the Nutley A. C., 12-11, Saturday afternoon, at Clearman Field.

Late Rally Wins

For St. Peter's

Woods' Hitting And Pitching Defeats Belleville A. A., 3-2

Rallying in the late innings for all of their runs, St. Peter's nosed out the Belleville A. A., 3-2 Tuesday night, at Clearman Field, in the local American Legion twilight ball loop.

Johnny Woods, the ace pitcher of the St. Peter staff, went on a batting rampage against his youthful rival, Tom Byrnes, to bang out a pair of triples in the fifth and sixth innings, which were responsible for all of his team's runs. Byrnes had been working on a 2-0 lead up to that point, and seemed in a fair way to treat himself to a win at the expense of his former mates.

Not to be out-done by his opponent on the mound in the matter of hitting, Byrnes, himself, batted across both of his team's runs in the second inning, slamming one of Wood's fast ones over the left field fence for a two-bagger with two men on.

The score:

DAVE WALSH SPEAKS HIS MIND

Reportorial Bank

THE other newspapermen are not going to like this. But after reading what they thought of the Sharkey-Schmeling decision, I'm a little beyond caring very greatly what they think of me. Maybe Schmeling did win. Maybe, as so freely inferred, a so-called fast one took place. I don't agree with either version, but, even so, this disagreement is not so much with what they said, but the method by which many came to say it.

I heard a few of them in my vicinity audibly temporizing, reversing themselves, comparing notes. "Who did you call for that round? Schmeling?" I was going to call it even, but — And so they write off the old decision and write in the new, seemingly content to see the fight through another man's eyes, and, while this may be their business and strictly no part of mine, I still can't see how it is that, if they didn't know then, they can come to be so sure later.

A matter of fact, the individual seldom can retain a conviction about a prize fight decision, unless it is reasonably well supported and sustained by those about him. If the decision is adverse to his views, his first impression is to be shocked and his first reaction to seek support from any and all. If this is no more than tepid or lukewarm, he loses much of the original enthusiasm and, in the paper, plays his hand accordingly. If definitely rebuffed on all sides, he even becomes apologetic. If sufficiently encouraged, he feels a sense of outrage and goes about like an apostle of vengeance trying to incite others to feel as he does.

Like an Epidemic

One of the results is a familiar phenomenon of the mixed or muddled decision; namely, endorsement by groups. Another is its contagion which, unless checked in incipency by violent disagreement, or by an accepted fact.

Every reader of the incident of the late Leo P. Flynn and the long-controversial fight subsequent to the Dempsey-Flynn fight in Chicago, but I think I can tell it again. It's so apt and pertinent, so significant. At the time of the count, everybody's impressions were so hectic and disordered, to make more than a mental note of the incident, I mean that it got by us too quickly to establish any conviction. I mean that I fear me that I must say the same for Dempsey's corner, for it seemed to pay the matter no marked heed. Indeed, I met the man's manager, Mr. Flynn, a half hour after the fight and it didn't occur to him to mention the long-count until, well into the conversation. When he did, it was as a possibility, a half-hearted suggestion that he wished to have confirmed.

So, I said, yes, it had seemed long and I suppose others said so, too, before morning, he was shrieking to high heaven over the awful injustice of it all. And the only reason I insist upon the incident is that I've seen the same thing happen all too often in connection with prize fight decisions.

Tempest in the Press Box?

In this case, on Tuesday night, it appeared to be largely a furore of the press box, not essentially of the crowd. The populace, in fact, seemed to take the decision in good part, even apathetically, and as I glanced toward Schmeling's corner I saw none of the anguish that was later to be registered when the poll of the newspaper row was taken.

Its start can begin anywhere and for any reason or none. It is often inspired honestly enough, even though its motives may be spurious. Most of the newspapermen, for instance, don't like Sharkey. Many of them picked Schmeling and, under these circumstances, it is possible to see a result as they saw it, quite without conscious bias. I don't say that this was the case on Tuesday, only that it is possible; in fact, I profess to be confident of nothing, except my own neutrality.

Vanity Touched

Anyhow, if the man they pick is declared to have lost to the man they don't like, it often becomes an affront to their vanity and, when this is touched it's far more sensitive than the pocketbook. Only I hope I'm not giving the wrong impression. A newspaperman has no pocketbook.

Several of them, by the way, seemed to see the same prize fight I saw, but I discountenanced their findings, write them off, I disown them. For one of them, and has been irked with the Schmeling people and another is overly fond of Sharkey.

So to all practical purposes we are pretty much alone here and, frankly, there are times like this when we wouldn't have it otherwise.

BOY SCOUTS' Conf. from Page 1

told by Frank Holmes to the gathering concerning many of his experiences while in Africa in the Uganda region for three years. His adventures were so vividly told and so interesting that the Troop requested he be with them again in the fall and talk on his experiences as an aviator, which he has kindly consented to do.

Deputy Scout Commissioner Harry F. Brumbach was present and the entire Troop Committee, Neil P. Horne, chairman; H. Schweiker, Burton Colehammer, Philip Miller, Raleigh Jacobs and John Phillips. Martin Leach, a former Scoutmaster, was also at the meeting, in addition to a number of visitors.

Refreshments were provided by the Troop and prepared by the Troop Committee. They were served by a commissary committee of the Troop headed by Robert Dussler.

The first meeting of the new season will be held Monday evening, September 12.

High School Golfers End Perfect Season

Belleville High's youthful golf team has recently brought to a close a successful and enviable season. The team, composed of six pupils, was not defeated throughout the entire season and although it has only been in existence two seasons, it travelled

New York Color

Nine Trims Laundry

Al's Market Also Wins In Recreation Senior Ball Circuit

The New York Color and Al's Market baseball nines were easy victors in the Senior Recreation loop, Friday evening. The former swamped the Belleville Laundry team, 10-1, while Al's Market downed Isolantite, 14-5. In the other scheduled contest, Gerami's Dairy won on forfeit from the Town Hall.

The heavy sticking of Abbey and Kovac was the big item in the easy victory for Al's Market, while Presbey's air-tight pitching turned the trick for the New York Color combine against the Laundrymen.

The scores:

| | |
|--------------------|------------------|
| New York Color | 0 1 4 0 3 1 2 10 |
| Belleville Laundry | 0 0 1 0 0 0 0 1 |

| | |

Forfeited from the Town Hall.

Brightons Drop One, And Win The Second

Will Meet Pals On Sunday In A Return Engagement

After a week's lay-off the Brightons got into action again and were held to an even break, losing to the Honiss A. A., 7-3, and claiming a forfeit win over the Newark Aztecs, 9-0, for failure to make an appearance.

In the morning contest timely hitting by the Honiss A. A. accounted for a well-deserved victory. Phillip with two hits, and T. Buchino with three, did good stickwork for the victors. For the losers Parrillo with four out of four, one hit a triple, and A. Caruso with two hits did best for the losers.

Revello pitched a steady game, while Foster was hit often and hard. This Sunday the Brightons will again meet the Franklin Pals in an afternoon contest, while on July 4, Monday, a doubleheader is on tap against the Lyceum Juniors of East Orange, both games to be played in the afternoon at Belwood Park, the first game to start at 1:30 P. M.

The Brightons hope to even the score against the Pals, who beat them a few weeks ago, and expect to take over the Lyceum Juniors twice.

CHURCHES

FEWSEY MEMORIAL
Rev. O. Bell Close.

Sunday, 11 A. M.—patriotic service: "Optimism, The Cure for Oppression."

Sunday evening, 8 o'clock—Union services at the Reformed Church. Rev. Deckenbach will preach.

BELLEVILLE REFORMED
Main and Rutgers Streets
Rev. John A. Strayk

Sunday, July 3—9:45 A. M.—Church school. Classes for all ages.

10:15 A. M.—Church Preaching Service. The pastor will speak on: "Playing the Fool." Strangers are invited to attend the old historic church.

8 P. M.—Evening Union Service. Rev. Peter Deckenbach, the dean of the ministers, will deliver the sermon. The public is cordially invited to attend.

Wednesday, 8 P. M.—Every Wednesday the mid-week service is held in the chapel. Come and sing the hymn you love. This is a spiritual meeting which began many years ago by our fathers.

BETHANY EV. LUTHERAN
Rev. Harry Pfunk, Pastor
Telephone Leonia 4-3145
Meets in Masonic Temple,
Belleville, N. J.

Sunday services, 10:30 A. M.—Services will be held each Sunday during the summer season.

The choir meets every Thursday evening at 8 o'clock at the home of Mrs. Stanley Whetstone, 32 Oak street.

A family picnic will be held on July 9 at Idlewild Park; West Paterson, N. J. Cars leave the Temple at 9:30 and 10:30 A. M. The committee in charge of arrangements is composed of William Hochstahl, Frank Manning and Alfred F. Oechsner.

Mr. and Mrs. Rudolph Luhrs are the happy parents of a son born on June 20, 1932. He has the distinction of being the first child born to the congregation of Bethany.

CHRIST EPISCOPAL CHURCH
Rev. Peter R. Deckenbach, Rector.

Sixth Sunday after Trinity. Holy Communion at the 11 o'clock service. Sermon topic will be: "The Prodigal Son."

Union Community Patriotic Evening service will be held at the Reformed Church, with Mr. Deckenbach preaching. His sermon topic will be "Little Men During Great Days."

The Annual Sunday School picnic will take place today, unless the weather should prove rainy, in which case the picnic will be postponed until Tuesday. Special trolley cars will leave from the parish house, about 11 o'clock, to convey the members of the school, parents and friends to Olympic Park, Irvington.

The Ladies' Guild held the closing meeting of the season, yesterday afternoon at the parish house. The president, Mrs. Lloyd C. Nunn occupied the chair. After the business session there was a social hour, and refreshments were served.

WESLEY M. E.
Rev. Edgar M. Compton.

Church services will be held Sunday morning and evening as usual. The Sunday School has been closed for July and August.

The last meeting of the season of "The Wesley Men" was held last Monday evening in the chapel. John Scott of the Happy Hour of Station WAAM, entertained the group with singing and piano selections.

Rev. Edgar M. Compton sang a solo accompanied by Mr. Scott. An outing of the organization was planned for September 17, to the summer home of John B. Brown at Glen Wild Lake.

An entertainment "The Wesley Frolics" will be presented in November; the date to be decided upon later.

Refreshments were served under the direction of Mr. Virtue, chairman of entertainment, assisted by several members of the Young Women's Auxiliary.

Pulpit flowers last Sunday were placed by the Auxiliary in sad and loving memory of Peggy Shoop, beloved wife of Harold K. Shoop.

CHRISTIAN SCIENCE CHURCH
Rutherford—Pierpont Avenue.
Passaic—276 Main Street.
Montclair—8 Hillside Avenue.
Newark—65 Roseville Avenue.

"God" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 3, 1932.

The Golden Text is: "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me." (Exodus 20:2, 3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment." (Matthew 22:37, 38).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Having one God, one Mind, unfolds the power that heals the sick, and fulfills these sayings of Scripture, 'I am the Lord that Healeth thee,' and 'I have found a ransom.'" (p. 276).

GOSPEL TABERNACLE

Christian and Missionary Alliance
Rev. Lester A. Darling, pastor.
36 Union avenue, Nutley.

REDEEMER LUTHERAN
Broadway at Carteret street, Newark
Paul F. Arndt, Pastor.

Sunday morning service at 10:15. The subject of the sermon will be: "It Is Better to Obey Than to Sacrifice."

A German service is held at 9:15 A. M.

Tonight, at 8 o'clock, the Schubert Quartet of Concordia Seminary, St. Louis, will give a sacred concert in St. John's Lutheran Church, Liberty street and Austin place, Bloomfield. The Schubert Quartet is well known in Lutheran circles, especially for its

WILLIAMS DECLARES (Continued from Page One)

to the funds to Essex County will withhold the state school appropriation to the local School Board. To operate the school system to December 31, 1932, will require the sum of approximately \$240,000, to pay the County Tax for December 31, 1932 \$326,000 will be required. These two sums total \$566,000 more than the estimated receipts for the balance of this year.

Without new finance no provision appears to your Director of Revenue and Finance for the expenses of the Various Municipal Departments such as Fire, Police, Library, Debt Service, Poor, Health Department and other municipal costs.

It is my recommendation at this time that all the expenses controllable within the jurisdiction of the Board of Commissioners, all the expenses within the control of the Board of Education, Recreation Commission, Library Board be reviewed by their respective supervisors and a joint conference held with those in charge of each subdivision and the Board of Commissioners to consider reductions in operating costs, eliminating all work where deemed possible consistent with reasonable service. To present to you a definite analysis of expenses controllable and non-controllable by the Board of Commissioners the following data has been prepared:

splendid renditions over Station KP-UO of St. Louis. There will be no admission charge, but a silver offering will be taken.

In the evening the church will join in the Union Service to be held in the Reformed Church.

Unemployed Demands

(Continued from Page One)

these men because they have not the command of the English language that I have. I'm merely their 'mouth-piece'.

"We have extended every courtesy to you. We have gone beyond that, in accepting an unsigned petition," said the mayor. He added, "We can't act on this tonight. We need time to study it."

The mayor's explanation and attitude apparently convinced the men that the matter was not definitely closed. They filed peaceably out of the room. This marked the end of one of the shortest, yet liveliest meetings held in the town hall during the past few months.

The demands of the petition are as follows:

1. No sale of workers' homes for non-payment of taxes, due to unemployment.

2. Moratorium of taxes for all unemployed workers, taxpayers of Belleville, for entire period of unemployment.

3. A 20 per cent reduction in taxes for all unemployment workers-taxpayers.

4. No shutting off of water, gas and electricity for non-payment of bills due to unemployment.

5. No eviction of workers due to non-payment of rent. Rents to be paid by town.

6. To compensate for the moratorium and cash relief, heavy and graduated taxes be levied on all incomes over \$5,000 a year.

7. Work at the rate of \$5 for 8 hours, or cash relief at \$10 for a family of five and \$2 for each dependent. No discrimination against youth or nationality in jobs or relief.

8. That town goes on record in favor of federal unemployment insurance and relief at expense of the bosses and the government.

Workers Taxpayers Council.

1. The County, State School, State Road, and Soldier Bonus tax is \$326,000 which is not within the control of the local Board of Commissioners, this represents 25 per cent of the 1932 budget and I respectfully recommend that this Board appeal to the Freeholders of Essex County to use every influence possible to aid us in the reduction of the County Tax to aid curtailment of our local costs.

2. The School Budget of \$449,941 which is 30 per cent of the total budget of 1932, actually is the sum of money that will be requested from the Town Treasurer for the operating year of 1932 July 1, to June 30, 1933. The actual operating cost as paid from taxes I believe will be approximately the same as last year—about \$500,000. Recommendation is made that this Board requests the Board of Education to review their operating costs and join with the Board of Commissioners in discussing such economy as will be practical and may also insure obtaining current obligations for the schools without injuring the work of the school system and offer the possibility of relieving the burden to the tax payers. The sum of \$500,000 for school costs is not within the control of the Board of Commissioners and co-operation must be offered by the Board of Education.

3. The debt service, interest on outstanding bonds, mandatory sinking fund and mandatory bond payments total \$393,619. This item is today not within the control of the Board of Commissioners and in view of the increased interest cost of the renewal of temporary bonds, we must look forward to a substantial increase in the cost of the debt service for 1933.

In 1931 the total of \$830,000 of Temporary Improvement Bonds were funded at 4 1/2 per cent. The bonds to be funded for an average life of four and one-half years for the sum of \$616,000 will be offered for sale on July 5.

4. Tax cancellations in the 1932 budget covering open items on the books for the years 1920 to 1925 which should have been cleared with many other items at the present and prior to this date must be considered as proper in the 1932 budget and are not subject to reduction \$22,000.

5. State Audit \$3,000.

6. Uncollectable Tax Reserve \$5,000. This item on the basis of the past ten years uncollectable items should not be less than \$50,000.

7. Insurance, \$5,667. All policies on buildings are with first line companies whose rates are practically equal with each other. All policies on motor vehicles are on a Fleet Car basis, which has saved about \$1,500 each of the past two years as compared to individual car insurance as heretofore in vogue. This item does not appear to be subject to reduction.

8. Printing and publishing covering items in the 1932 budget covering accounts which were paid from improper accounts in 1928, 1929 and 1930, \$4,931. This item is not subject to reduction.

9. Employees Bonds. Held only by first line companies covering \$800 apparently not subject to reduction.

10. Hanly accident account, per court judgment, \$884 not subject to reduction.

11. Telephone Franchise Tax per court decision throughout the state, \$2,373. Not subject to reduction.

12. Premium and Expense Account 1931 sale of \$1,068,000 Funded Bonds, \$2,444. Not subject to reduction.

13. 1925 Town shortage and cancellation of uncollectable taxes, \$928. Not subject to reduction.

14. Hydrant charge, actually a credit to Water Department, \$4,700.

15. Police and Fire Pension fund payments, \$5,000. The status of the pension funds of the Police and Fire Departments has been the subject of several conferences and these items appear not subject to reduction, but from the analysis given it appears only a matter of a very few years when payments must be made from the budget to place the pension fund on a basis of soundness.

16. Passaic Valley Sewer Commission charges, \$8,915. This item does not appear subject to reduction as it is our quota of gross costs, but I recommend our Board submit to the Passaic Valley Sewer Commission a request that their operating costs be reduced so that our quota may possibly be curtailed. The following three items appear in the 1932 budget and there does not appear to be any possibility of reduction at this date as same are adjustments of accounting charges:

1930 Water Deficit \$27,188
1931 Anticipated Revenue Deficit 28,322
1930 Anticipated Revenue Deficit 1,549

A review of the foregoing data advises that, of the total budget of \$1,495,592, the sum of \$1,295,861, or 86 per cent, is not within the control of the local Board of Commissioners today.

The balance of the budget of 14 per cent may certainly be considered as controllable expense within the action of the present Board of Commissioners. While the budget of \$1,495,592 may indicate that a wide latitude exists for curtailment, a fair analysis of the foregoing data which I have submitted, will prove that the economies to be established by the Board of Commissioners must be from only 14 per cent of the budget, and if satisfactory economies can not be established and maintain such public services as are now rendered, the curtailment must extend even into the field of such services as are ordinarily deemed beyond curtailment.

This statement may seem drastic, but can this be considered as drastic as the only other course, which means Town expenses being maintained at a point where confiscation of property will be substituted for reasonable taxation?

I offer the above recommendations as resolutions for the Board of Commissioners to confer at once on the problem of reduction of costs, to consider consolidation or elimination of jobs within their control, that appointments be arranged at early opportunity with each money spending group to request reconsideration of present expense schedules. I further recommend central purchasing of all supplies, not only within the departments of the Commissioners, but for all town departments, one party, the taxpayer, is the purchaser and technicalities must be brushed aside as economies are possible through central purchasing.

I have the strongest faith that our Board has the capacity to establish a sound operating schedule, and that we will obtain results by readjustment of costs and duties which will strengthen the faith of the investor in Belleville, in her business administrators, in her citizens, and re-establish confidence in taxpayers that their interests are in able hands. We need the co-operation of every sound thinking citizen, the willingness of every employee to accept a part of the burden that many unemployed are forced to accept today.

\$75,000 to \$100,000 of economies per year are available; to make this economy effective we only require the same straight thinking and action by members of all Town Boards as would be required if we were acting as directors in a private corporation. Your Director of Revenue and Finance is prepared to submit recommendations to the several Boards which on mature consideration makes the above economy possible and practical.

Respectfully submitted,
WILLIAM H. WILLIAMS,
Director of Revenue and Finance.LEADERS—GUTTERS
