Small Cause Court Does Good Work

Marcus A. Rubin Has Fine Record At End Of First Year

Over five hundred cases were adjudicated in the local Small Cause Court during its first year under the direction of Marcus A. Rubin, local attorney and justice of the peace. This may seem an ordinary statement to some, but when we consider the fact that all appeals from Mr. Rubin's decisions have been affirmed by the higher courts, this record proves to be an unusually fine one.

Take Post By Request
A little more than a year ago and shortly after Vicent Del Guercio discontinued his small cause court in town. Mr. Rubin, at the request of his many friends and certain local officials, took over and established this court in the offices of the law firm of Rubin and Rubin, located at 338 Washington avenue. Since then, due to his ability and legal training, he has conducted the job with an amazing degree of success.

Cases Handled Varied
The court is in session at 9 o'clock on Monday mornings and is open from 9 till 5 daily to receive cases. The bulk of the disputes handled, consist of violation of contract cases, tenant and landlord disagreements, and settlement of accident claims.

Convenient And Beneficial
The motive of such a judicial post such as the one at hand, is to save a delay of several months, which is usually the case when such matters are taken to the Newark courts. On the average, due to the crowded condition of the Newark courts, a complainant or defendant has a wait of eight months or a year before his case comes up.

Thus, the services of a local small cause court under the guidance of a trained lawyer and justice of the peace are desirable and beneficial to the citizens.

Good Record
The speedy action and fair decisions of Mr. Rubin's court, have earned for him a fine name in the surrounding locality. The result being that lawyers from Newark, Passaic and other towns have and are bringing their cases to the local court for fair and honest settlement.

Local Man Dead At Wheel In Garage

John Broderick, 47, of 58 Campbell street, was found dead in the driver's seat of his car in a garage in the rear of his home Tuesday a victim of carbon monoxide poisoning. He was found by his stepfather, George Anderson, after an all-night absence.

Broderick was a New York printer and had lived in town eighteen years. Anderson told police Broderick had played solitaire Monday night and then left the house to take a walk, which was his practice each night. Tuesday morning Anderson noticed one of the doors of the garage was slightly ajar and investigated.

Broderick was found sitting upright with his head lying back on the cushion. The motor had stalled and gas was still in the tank. Anderson called the police and Sergeant Spatz and Patrolman Monaghan responded. They called Dr. Martin Mehan, who pronounced Broderick dead. The body was moved to Mullin's morgue in Newark.

Arrested In Newark On Disorderly Charge

Philip Burns, spokesman for the local Workers-Taxpayers Council, and four of his colleagues, were arrested in Newark early this week for taking part in a meeting of the council in that city for which no permit was granted.

Mr. Burns and two of the leaders were held in \$100 bail on charges of disorderly conduct. Two others are being held in \$1,000 bail each for the grand jury on charges of assault and battery. The men were charged with assaulting several policemen.

Mrs. Bootes Charged With Refusal To Aid

Carragher Hits State Method Of Giving Local Relief

The method whereby a person can receive a bag of flour from the state allotment was said to be foolish, by Commissioner Frank J. Carragher, at the board meeting Tuesday night.

Commissioner Carragher stated that there are certain people who are entitled to aid and who really need it. But they would not come down and put their names on the town "poor list" in order to get relief. The commissioner's chief argument was that the state demanded a ticket to be filled out for every bag of flour given out by the town poor department. This, he said, is wrong. If a man wants aid he should get it and with no questions asked.

He also attacked the rumors that Mrs. Lucy Bootes and her assistant, were repeatedly refusing aid to those who applied for it. He said "I've investigated twenty-five cases myself and everyone is and has been getting relief from the town. What I'm getting at is, why should the police be refused flour because they won't give the names of those they wish to help with it. Referring to the filling out of slips for aid and the supposed refusals, he said it is not Mrs. Bootes' fault, because she has to present a filled in slip to the state authorities, showing who received each bag of flour given away.

Charles Longhi, speaking from hearsay, said that Mrs. Bootes' assistant had refused to aid two men recently, and even the efforts of Commissioner Williams and Carragher and Judge Fitzsimmons proved futile. Mayor Kenworthy concluded the discussion by stating that there are two sides to every question and each case is judged solely on its merits. He also said "We have to look out for the taxpayer, as well as the needy when it comes to spending money for relief."

Emergency Relief notes, amounting to \$7,000 were authorized issued by the Board. The board also voted to advertise for bids on the repaving of Mill and Harrison street. Commissioner Williams voted "no" on this issue.

Local Autoist In Fatal Accident

One Dead, Three Hurt In Shore Collision Sunday
Four persons were injured, one fatally, as the result of an accident at the intersection of Keansburg Gateway and Highway No. 35, last Sunday.

The dead person and those injured, were occupants of a car driven by Michael De Stefano, 19, of 70 Cedar Hill avenue. De Stefano's car was in collision with a machine operated by Newton Taylor, of Fort Hancock.

Miss Alice Naccapors, 21, of 300 South Seventeenth street, Newark, succumbed to her injuries in the Matawan Hospital early Monday morning. Those injured are: De Stefano, Helen Naccapors, sister of the dead girl, and Alfred Mantaranto.

Musical Tribute To V.F.W. Now On Sale

Local Man, Composer, Is Praised For His Work

Announcement has been made to the effect that "The Veterans of Foreign Wars," a military song, dedicated to George A. Younginger Post, V. F. W., of Belleville, has been published and is now on sale in three Newark music stores and at the home of John Murray, the composer, 123 Bell street.

Mr. Murray wrote the words and music as a tribute to the local post, Veterans of Foreign Wars. It was introduced to the public at the unveiling of the monument at the Vets' home in Belleville avenue, on Memorial Day.

George Buchanan, assisted by the Junior Police Band of Little Ferry, rendered this stirring military march, consisting of two verses and a chorus.

Fred R. Dunn, Jr., Commander of the Veterans of Foreign Wars, of Atlantic City, in a letter to the composer, highly praised his work and congratulated him.

Mr. Murray, who is a former violin teacher, has written several songs in addition to this, his latest piece. The previous numbers were composed in collaboration with a friend. None of them were published, although several have been sung at public functions. Copies of this tribute to the local post may also be purchased at the forthcoming Walkathon to be sponsored by the Veterans.

Electric Railways Had One Death In 1931

Public Utilities Commission Report Shows Amazing Record

Only one of the 420,000,000 passengers carried in 1931 by 147 electric railways in the United States was injured fatally. Injuries during the year also dropped to a new low level, the rate being only 4.65 accidents per million car-miles. These 147 companies operated 196,280,004 car-miles in 1931, reports the New Jersey Public Utility Information Committee.

Public Service Coordinated Transport in 1931 carried almost 500,000,000 passengers on 2,427 buses, 1,592 street cars and 446 taxicabs without the death of a single rider because of an accident. Continuous training of operators and the use of modern safety devices have contributed largely to this amazing safety record.

Conference Date Set

The Board of Commissioners in conference Tuesday afternoon, set a date for the conference on the recommendations made last week by Director William H. Williams in the interests of economy. The conference will take place tonight at 8 o'clock, in the town hall.

Local Real Estate Man Elected President Of Newark B. & L.

Henry Jacobs, well known real estate and insurance broker, was elected president at the last meeting of the Aladdin Building and Loan Association of Newark, N. J.

Mr. Jacobs was one of the organizers of the building and loan association, and for the past eleven years, held the office of treasurer.

Mr. Jacobs has also been recently elected justice of the peace of Essex County, and holds a small cause court at 484 Washington avenue.

Students Find Summer Study Popular

Forty-five Apply For Books During First Week

The announcement of Charles L. Steel, Jr., principal of the high school that any student who wishes to make up a subject could do so, provided he studies during vacation, is certainly being taken advantage of by those who failed in one or more subjects at school closing time.

Up to and including yesterday, approximately forty-five pupils visited the school and borrowed books. The announcement stated that if a pupil attends an approved summer school or spends thirty hours under a responsible tutor, or presents a signed statement from his parents to the effect that he has studied thirty-five hours, he will be permitted to take an examination in September and thus, if he passes, save himself six or ten months' work.

The books loaned to pupils included every subject offered in the high school. Among them are history, English, geography, economics, chemistry, the various languages and all mathematical subjects.

Miss H. C. Christell Is Studying Music

Miss Helen Marie Christell, of 10 Kathryn street, is among the students enrolled in the Skidmore Summer School of Music at Saratoga Springs.

The fourth session of the Summer School of Music opened last week at Skidmore College, with Dr. Victor L. F. Rebmann, director of music for the Westchester County Recreation Commission, in charge. Dr. Rebmann, graduate of the Universities of Freiburg and Heidelberg, former director of music in the public schools of Yonkers, N. Y., was the conductor for the Westchester Junior Festival.

Skidmore College has combined in its summer session with the Institute of Music Pedagogy. It grants to the summer program a regular system of college credits toward the Skidmore degree of B. S. in Public Schools Music. All technical work in the present or earlier sessions of the Institute may be credited toward the B. S. degree from Skidmore College. The faculty list includes F. Colwell Conklin, former director of the glee club at the College of New Rochelle; Dr. Floyd E. Harshman, former instructor at New York University, and at present principal of the Nutley High School; and Miss Helen S. Leavitt, lecturer, editor, author and composer.

Young children in the neighborhood of the college are formed into classes in order that actual practice teaching may be experienced each summer by prospective teachers or supervisors.

Boy Bitten By Dog

A police dog which became animated over a boy's game of baseball in Stephen street, late Sunday, took an unwelcome part in the game. Charles Hearn, 10, of 217 Belleville avenue, while running bases, was bitten by the dog on the left leg below the knee. His brother Michael, 12, told the police and Sergeant Schurr took Charles to Town Physician H. B. Vail for treatment. The dog, owned by Walter Simmons of 127 Main street, was ordered tied for observation.

Veterans All Set For Walkathon

Parade Will Feature Opening Of Affair On Thursday

The Riviera Park ballroom will witness something entirely new, when the Veterans' Walkathon gets under way next Thursday night. This contest is the first of its kind ever held in the East.

The construction of 4,000 seats is almost completed and final arrangements such as amusements, are being taken care of.

This affair, is not like the usual run of dance marathons in the respect that the contestants will be required to dance, walk, run, in fact do anything as long as they keep moving. The entrants may also compete for the daily cash awards by singing, dancing and general entertaining. Fifteen minutes rest periods will be allowed hourly.

A parade in which Veterans' organizations, town and state officials and civic clubs will participate, will mark the opening of this contest.

In addition to the professional marathon followers, many localities are expected to enter.

Dr. Daniel Kavanaugh, will act as official medical advisor and will head the staff of nurses and attendants throughout this affair. All entrants will be given a physical examination upon entering and once daily thereafter.

Arrangements have been made for three daily broadcasts over station WAAM of Newark.

Park View Club Plans Boat Ride

First Annual Trip Will Be Made On Sunday, August 14

The Park View Club of Belleville avenue, will hold its first annual day and moonlight boat ride to Rye Beach, N. Y., on Sunday, August 14.

A steamer will leave the Pan-Am Dock, at the Rutgers street bridge at 8:30 A. M. sharp. The sail will be made down the Passaic, through the Kill-von-Kull, to New York Bay, thence up the Hudson River to Rye Beach.

Dancing and refreshments on the boat, will help pass the time away en route and tend to make the voyage a pleasant one. Music will be supplied by Tan Stone and his radio artists.

Tickets may be purchased at the corner of Mt. Prospect and Belleville avenues, where the club house is located.

Taste No Judge Of Water Wholesomeness

Tests Prove Disagreeable Water Good For Consumption

Water may have a disagreeable taste and yet not be actually dangerous to drink. On the other hand water may be clear and sparkling and palatable but may still contain deadly contamination. That is the conclusion arrived at by the New Jersey State Department of Health after laboratory tests of water sent in by residents in three different parts of the state.

The water supply companies usually have to deal with a considerable quantity of surface water in the spring. Surface water of course, carries a greater amount of impurities than underground streams and must be treated accordingly. The quantity of New Jersey water has won a nationwide reputation, which is evidence of its purity and wholesomeness.

Freedom Of Speech Asked Of Board

Silver Lakers Criticize Aid; Unemployed Leader Defends Board

The Board of Commissioners were again visited by representatives of the Workers-Taxpayers Council at the regular weekly meeting Tuesday night, in the town hall. The purpose of this visit, as stated in a letter to the board, was to secure relief for needy cases said to have been ignored by town officials. The complaint was turned over to the Department of Public Affairs for investigation.

Present Policy Unfair
The report listed six of the many cases supposedly ignored by the poor department and stated that the town's policy of moving needy tenants to new quarters and leaving the rent of the vacated premises unpaid, is "unfair to the taxpayer."

This statement was settled when the board informed Joseph Crecca, secretary and spokesman of the group that "the payment of back rent by the town, is prohibited by state law."

Mr. Crecca, in his letter, protested the "unwarranted action on the part of town officials (police) whereby efforts were made to intimidate Joseph Granese for being active in the organization. He also demanded the inalienable right of free speech and free assemblage, without molestation by the police. The petition was signed by Mr. Crecca.

Spillane Defends Town
Daniel Spillane, active in the Unemployed Association during the past several months, addressed the board and those present, defending the town officials. Mr. Spillane said that there are people in other parts of town in need of aid besides Silver Lake. It is his belief that the claims of favoritism, unfairness and such, are cheap and unfair. He charged the Silver Lake group's spokesman, whom he said he didn't know, with attempting to demoralize them.

The preceding charge was made against the out-of-town men who had organized the Workers-Taxpayers Council.

Why America Is Poor
Mr. Spillane was in a warm mood, and continued to express his regret at the actions of these men, many of whom had worked side by side with him on the town's streets during the period of unemployment relief work.

Following his first report, he asked them why America is in its present condition. His answer came in the form of a Department of Commerce tabulation on how much aliens had sent out of the country last year. It is as follows: Total, \$173,000,000.

Italians sent more home than the subjects of any other country, their remittances amounting to \$26,500,000. Greeks sent \$25,000,000; Russians \$15,000,000 and Japanese \$12,500,000.

Mr. Spillane explained that the present condition of the country was not the board's fault and that the commissioners were doing all they possibly could. He entreated his listeners to abide by the law, have faith in the board and to pay no attention to their present leader.

Burns' Manner Mild
Philip Burns, Newark spokesman for the group, again explained that he had been requested to represent the men. He also stated that the Workers-Taxpayers Council was not for the Italian people alone, but for everyone. He then stated that such trivial matters were of no importance but that he had been requested by the commissioners to bring all needy cases to the attention of the board. This, he said, "is why we're here tonight. We have submitted these cases and wish you to consider them as soon as possible."

He also explained that the Italians, due to their type of work, which is mostly labor, were hardest hit by the depression.

"LATE" BULLETIN

Will Mayor Kenworthy, Director Clark and Director Waters (who lives on Bayard street), and Town Counsel Brown advise why they were observed all going towards Bayard street, quite late Monday evening? Commissioner Carragher did not receive any invitation; Commissioner Williams did not receive any invitation.

Were the recommendations of Commissioner Williams so good that the united study of the Triplex Trinity and counsel were required to find flaws in them? Did the mountain of commissioners and attorney talent labor several hours and only bring forth the mousy thought: "We are on the spot before the taxpayers at last, so let's tear up Williams and his department; let's confuse public opinion; don't we get away with it by discussing everything but budgets and expense?" Did we hear the remark floating across Bayard street, quite late, from under drawn curtains, "You got away with it this week—no one knows you put an extra nurse on the town payroll and no one is wise that a new \$1,500 garbage inspector's job has been running almost a month." (Check this up Friday night, folks).

Don't hold secret meetings off in one corner of town. What will public reaction be? such things make even open minded folks suspicious before you sit down at the economy conference Friday night.

Matters of planning sound economy in departmental routine do not need an attorney—possibly discussing ways and means of taking all or part of the Finance Department from Commissioner Williams may need legal aid; possibly discussing substitution of one genial Town Clerk by a youthful relative now on the town payroll may need legal aid—but watch out for public opinion.

Concerts At Newark Stadium Under Baton Of Armand Balendonck

Music lovers will be interested to learn that the symphonic concerts being given under the auspices of the Newark Music Foundation at Newark City Stadium, corner of Roseville and Bloomfield avenues, that city, will be continued throughout the summer until September 2, each Monday and Friday evening at 8 P. M.

Friday night will be known as "Wagner Night," the symphony orchestra of 80 musicians under the direction of Armand Balendonck, conductor, being assisted by the combined German Singing Societies of Newark, numbering 250 voices.

Newark is the only New Jersey city to provide such concerts this summer.

Boys Learn Washington's Code Of Life at Valley Forge School

Cadets at Valley Forge Military Academy enjoy hot coffee at the school canteen between periods of duty. In the inset: Colonel Milton G. Baker, Commandant.

WAYNE, Pa.—In this historic valley, immortalized by the suffering of Washington's Continentals during the winter of 1777-78, two hundred and ninety-three American boys today are learning the principles of American citizenship established by the First President.

The boys, ranging in age from twelve to eighteen, are students at Valley Forge Military Academy, in the heart of the beautiful Pennsylvania terrain over which the Continental Army campaigned against the British. All of them appear to have the same immediate objects in life—to study hard, drill hard and play hard—from the youngest rookie to the strapping six-footer who can chin himself twenty-one times with one hand and expects to graduate this year.

Army life at Valley Forge is a lot different today than it was a century and a half ago, even though reveille is still too early in the morning for Mr. John Soldier. "All the comforts of home" are provided, and work schedules are carefully tailored to fit the different age groups. After a good part of the day in the classrooms and on the parade ground, all the boys turn out for athletics, which has a large place both in the building of character and of body. Diet rules are

based on U. S. army regulations with generous allowances being made for the needs of growing youngsters. "Our first diet rule," says Colonel Milton G. Baker, commandant, "is wholesome food, and the second is plenty of it. Of course, many old-fashioned diet bogeys have been exploded in recent years; among them the theories that sugar is bad for boys and that tea and coffee are too stimulating. "Most of our senior cadets, for instance, like coffee for breakfast and other meals and we believe it is good for them. Many independent scientific investigations have demonstrated that coffee has a tonic effect on the nerves and, as a food auxiliary, materially aids the digestive processes. Its stimulating qualities are well known but, because the stimulation is gentle and has no harmful set-down following it, we believe this to be an added virtue of coffee. The younger boys, as a rule, do not need stimulation—most of them have too much energy for comfort as it is."

Electricity has fooled the hens to the point of breaking all union laws by laying eggs at night. It also has persuaded reluctant flowers to bloom more quickly and profusely than is their wont. And now the insect world is to be light up to lure to their deaths some of the pests that infest gardens, orchards and fields. It is not beyond the bounds of probability that electrocution may halt the westward-march of the destructive Japanese beetle that has crossed this state and part of Pennsylvania.

Electric light traps will be placed in orchards to lure the female moth before she lays her eggs in the heart of fruit blossoms. To catch such pests on the wing before they lay their eggs will destroy thousands, even millions, of them before they are born. War on the beetle will be waged by electrified cages in which has been placed chemicals known to attract this voracious insect. The beetles are electrocuted when they touch the cage wires.

Science Capitalizes On Lure Of Moths By Flames And Lights

Smart Note From Paris

IN Paris, rayon crepe marocain holds the vogue for afternoon. The gown above, designed by Marcel Rochas, is developed in this material in a dark blue with unusual cuts and white organdie trimming. A group of chic accessories and trappings for this gown is shown on the left. At the top are collar and cuffs made of pleated velvets in organdie featuring an ornament in bright blue pyralin and chromium plated metal. The belt and handbag are in matching shades of navy blue doeskin speckled with tiny pyralin beads in several shades of blue and gray. The frame and plaquettes of the handbag are in translucent opal blue composition and the shoe buckles are made to match.

Buy neckties with what it saves

It isn't necessary to pay 50¢ or more to get quality in a necktie. Listerine Tooth Paste, made by the makers of Listerine, comes to you in a large tube at 25¢. Note how it cleans, beautifies and protects your teeth. More over it saves you approximately \$3 a year over 50¢ dentifrices. Buy things you need with that saving—neckties are merely a suggestion. GEORGE RECTOR

GEORGE RECTOR is one of that group of almost legendary figures "who made Broadway Broadway" for it was at Rector's in the golden days before the War that the notables of New York gathered to eat and drink and he says Mr. Rector, as active and zestful as ever, loves to recall the time when contract bridge was merely whist and an after-theatre supper consisted of seven courses instead of a bowl of lettuce and three soda crackers. Strangely enough, one of Rector's most famous beverages was, and still is, an extremely legal drink—Frosted Coffee. Here is his recipe:

- 1 quart strong coffee
- 1 cup cream
- 1/2 pint vanilla ice cream
- 1/4 cup powdered sugar
- Chill freshly-made coffee. Add the sugar, cream, and half the ice cream. Shake or stir until thoroughly blended. Pour into glasses containing crushed ice, topping each with a spoonful of ice cream.

Ideas For Valentine Parties For Children and Grown-Ups

By JOSEPHINE GIBSON
Director, Heinz Food Institute

THE Valentine season is an excellent time to plan delightful parties for everyone—children and grown-ups! Most parties during this month have as their theme, this day of sentiment which so warms the hearts of all of us. It is an ideal time for a most enjoyable party. The decorations may be simple and inexpensive with a generous amount of hearts used throughout the house, for table decorations, in little paper lanterns, candies and even in the prizes for games. It is possible to add all manner of delightful frills. Menus suggested below will help you to plan what to serve at your Valentine party.

- Veal or Chicken a la King on Heart Shaped Escalot
- Stuffed Spanish Olives
- Raspberry Ice
- Preserved Sweet Gherkins
- Heart Shaped Frosted Cakes

- Valentine Salad* Heart Sandwiches
- Angel Food Jelly Balls
- Salted Nuts Heart Mints

- Children's Party Supper Menu
- Creamed Hard Cooked Eggs
- (Sprinkled with small heart shaped pieces of toast)
- Valentine Dessert* Heart Cookies
- Valentine Mints Hot Chocolate

*Indicates recipes are given below.

Valentine Salad: 1 package lemon flavored gelatin, 1 cup boiling water, 1 teaspoon Pure Vinegar, 1/2 cup juice from can of Royal Anne Cherries, 1/2 cup cherries, cut in halves; 1/2 cup Mayonnaise Salad Dressing, 1/2 cup whipped cream, canned pears, red vegetable coloring. Dissolve gelatin in boiling water. Add vinegar and cherry juice. When mixture begins to thicken, add cherries. Fold in mayonnaise salad dressing and whipped cream. When firm, cut in squares and place a square in a nest of lettuce for each person. On each square of salad place a half of canned pear that has been soaked in pear juice, in which a small amount of red vegetable coloring has been dissolved, and cut in heart shape. This gives the pear a deep

pink color without changing the flavor. Serve as a dressing, mayonnaise salad dressing into which has been folded an equal part of whipped cream. Valentine Dessert: 1 package cherry, raspberry or strawberry gelatin, 2 cups boiling water, 6 slices pineapple, 6 Marshmallows, cherries. Dissolve gelatin in boiling water and pour into shallow pan, having gelatin mixture about 1/2 inch deep in pan. Chill thoroughly and allow to set. Arrange paper doilies on small plates. On each place a ring of pineapple that has been thoroughly drained. In the hollow of pineapple, place a cherry. Over the pineapple place a piece of heart shaped piece of gelatin, cut using a heart cutter. Serve at once with or without whipped cream.

Do You Know What Love Is?

By ELITA WILSON

Has love brought you unhappiness? Have you known the torture of watching love die, feeling helpless to save it? Is your marriage going on the rocks? Then write Elita Wilson and she will help you.

Who is the most heartless woman in the world? According to Mrs. Marjorie Silverthorne, who recently took upon herself for the National Divorce Reform League the rather thankless task of trying to reconcile estranged husbands and wives, she is the woman who has put her husband in jail for being in arrears in his alimony payments.

The league has taken up the cases of a group of men who may stay in jail for the rest of their lives unless by some miracle they are able to pay this back alimony or new laws are passed giving them a better break.

Elita Wilson

Mrs. Silverthorne reported, "at the bitter hatred of these women. Their venom was frightful—all the more so because it was directed at men who were completely at their mercy."

"But," she added, "I believe this is largely due to the interference of malicious outsiders who appeal to women's false pride not to give in. I believe many of the husbands and wives whom I visited would never have been separated in the first place but for meddling interference. There was not one of these women I called upon who was not surrounded by a group of indignant friends and relatives, eager to prod her on and remind her of all the suffering she had been through. Hanging is too good for him," was the consensus of opinion.

"A strange contrast to this was the willingness on the part of the husbands to wipe the slate clean and 'make up,' but such overtures were met with scorn."

LOVE OR PUBLICITY?

"For ways that are dark and tricks that are vain," the heathen Chinese may be peculiar—but he has nothing on these gangster sweeties who suddenly pop up as chief mourners at gangster funerals.

At her best, Laura Jean Libby never wrote such maudlin melodrama as the show these girls put on for the reporters. They will tell you all about it if you will take a picture of their legs and promise to put it in the paper.

Well—maybe it's love as Jean Silverthorne, who claims she was the sweetheart of the late Vannie Higgins, said. And then again, maybe it isn't. Anyway, it's one way of getting your name in the newspapers.

FOR GROUCHY HUSBANDS

Here is a brand new alibi for ill-tempered husbands. If you can use it, don't thank me—thank Mrs. Frank Buck, wife of the famous collector of jungle animal photographs.

"The cooped-up, cage-like existence that prevails in New York apartments is responsible for much of the temper on the part of husbands," she declares. "Men need a certain amount of outdoor freedom."

they need to come up against some of the dangers found in the wild. Men have always had a natural, elemental appetite for the exciting dangers of the unknown."

WANT SLIM HIPS?

Olga Petrova, who spends most of her time in Europe, yet is an adoring wife to her husband, Dr. Stewart, whose profession keeps him in this country, has a new method of hip reducing.

When ship news reporters met the boat on which she arrived in this country the other day she explained that she keeps her amazing slenderness by "rolling."

"Not rolling on the floor," Mme. Petrova explained, "but rolling with a lawn mower. There's nothing like it! My French neighbors think I am very poor because I cut my own lawn."

WHY NOT?

Now that prejudice has decided to object to married women working when their husbands also have jobs, the National Federation of Business and Professional Women's Clubs is retaliating with the demand that working husbands whose wives have independent incomes should also be shoved aside to make room for unemployed men with families to support.

Seems fair enough.

"Why shouldn't a woman have both husband and career?" asks Elisabeth Marbury in an article now appearing in Good Housekeeping Magazine. "Any woman with an orderly brain should be able to organize her life so as to run a house and a career, too."

Five husbands and five wives, living at Elmsford, N. Y., are impatiently awaiting the outcome of a conference among the deacons of the Dutch Reformed Church of that town to learn whether or not they are legally married.

Disgusted with rumors about the behavior of their young cleric, the Rev. D. Wesley Soper, the deacons staged a raid on the parsonage. They say they found a party going on and evidences of drinking. They could find no proof that the Rev. Soper had ever been legally vested with the powers of a minister. Until they do, the marital status, if any, of those he married is hanging fire.

READ THIS!

Of all the books I have recently read intended to give husbands and wives a better understanding of the sex relation, there is none better than "Sane Sex Life and Sane Sex Living," by Dr. H. W. Long.

The author has the pleasing faculty of making what he says sound like heart-to-heart talk with a very wise friend.

GOOD BUSINESS IS BEST POLITICS TODAY

THIS evening the Board of Commissioners will study recommendations for economies and better management of the taxpayers' business as recommended by William H. Williams, Director of Revenue and Finance.

The board members must remember that the taxpayers will not stand for a continuance of lax management, that bond buyers must feel assured that the Town Fathers are getting down to a realization of the seriousness of the situation as repeatedly reported to the board by the Finance Director. And that for the sixth year Belleville will average budget expenditures of \$500,000 more than budget income.

Throwing up clouds of irrelevant dust, dragging red herrings across the economy trail as was done at the 1931 budget hearings will be viewed very unpleasantly by the great majority of citizens if our analysis properly records what the public thinks. The usual setting up of barriers has already gotten under way, half truths, inferences and all the trappings that a weak defense usually relies on have been for the past ten days slowly handed out to folks.

For over a score of years Belleville has been a public hack for delivering favors at public cost, and while the new model of "equal service" will have a hard road, honest study by property owners of public questions will keep clear the path.

The present Director of Finance has fearlessly, and studiously placed the question of town expenses before his colleagues and taxpayers. Only with one exception, that in Hudson County, do we know of any public official who went directly to the point—certainly political consequences did not dim his eyes or judgment. He well knew every program for strong business administration would cause resentment by those seeking gain by public expense, he knew consolidation of jobs and departments would not please anyone but the taxpayers, and he knew his own department regardless of his keen personal supervision, would be subjected to unfair, and inaccurate statements, but with a firm and intelligent grip on his job, he has gone steadily forward, setting up a solid basis for Belleville's finances, he has earned the respect of practically all our taxpayers, and the representatives of finance houses in Newark and New York extend an unusual respect to him.

Slip shod methods, easy spending program, unbusinesslike municipal conduct must give way before Commissioner Williams' program. The taxpayers are uniformly with him in his recommendations, his efforts are publicly appreciated, and board members must sincerely consider every reasonable plan for economy.

PASSENGERS ON FREIGHTERS

WITH the decline in the patronage of de luxe accommodations in ocean steamship travel a corresponding increase has been noted in the demand for cabin, tourist and third-class quarters. And there is a new public fancy for passage on slow cargo vessels that are equipped to carry a limited number of passengers. For anyone who is sincerely fond of the ocean and it not pressed for time an Atlantic crossing on a freighter has its highly enjoyable aspects.

But we question some of the comment that has been evoked by this modern development in passenger traffic. Perhaps the cabins on many of the cargo vessels are more spacious than most of those on a fast liner, as one writer has remarked, but we challenge his comparison when he says: "As for speed, 13 knots an hour was good enough for first-class ships 20 years ago."

TAXES AND BUSINESS

ONLY experience can demonstrate how much tax yield predicted or a well known volume of business, with some allowance for shrinkage will actually be collected through the new levies created by the 1932 revenue bill. Unless the figures have very generously margined the premium heavy taxation puts on legitimate forms of evasion the budget-balancers are likely to be disappointed.

Official estimates of gain from new taxation are necessarily based largely on guesswork. The question arises whether the guessers foresaw the extent to which the taxed will find legitimate ways of evasion.

Motion picture theaters are lowering their prices so they will come within the tax-exempt limits. Tire manufacturers and dealers encouraged the public to stock up with new tires for a year in order to avoid the tax on tires. The motor industry did the same.

Some cities will save by delivering tax notices by employees instead of sending them through the mails under the increased postage rate. Many municipalities and corporations will follow the example.

Bankers predict the tax on checks will discourage the paying of bills by check and cause a revival of the old system of making up payrolls in cash instead of in checks. The person who pays his bills with cash instead of mailing a check saves tax and a three-cent stamp and the cost of an envelope.

Nothing so promotes thrift and graft as new taxes that strike directly home.

ELIMINATING A ROOM

ANOTHER step in the process of removing the dining room from the modern house or apartment is seen in the new electric skillet which joins the percolator and toaster on the breakfast table. While the toast is being browned and the coffee is bubbling, the skillet is sizzling bacon and eggs. The whole meal is being cooked on the table, whether in the breakfast nook of the kitchen or the dining room. It eliminates one of the two rooms for one of the three meals of the day.

The kitchen can hardly be dispensed with yet because it is so essential for dinners. But the dining room can go, and it is going in many homes. It will, however, be a long time before we can class a dining room as a curiosity.

The Forum

PRaises WILLIAMS
Following is a copy of a letter sent to the town commissioners:
Hon. Mayor and Commissioners:
Early this year, as president of the Belleville Shade Tree Commission, I fought to give the Belleville taxpayers one dollar's worth for every dollar spent, but was defeated in the attempt. I admire our Director of Finance for the stand he has taken to cut the cost of operating our town government.

As head of one of the money spending bodies, I wish to make public my stand in regards to operating the Belleville Shade Tree Department. My plan for a fifty week program, three men, three days per week, for fifty weeks, would have worked out as follows: One man's salary for a year, \$245; two men's salaries for a year, \$1,620; secretary's salary, less 10 per cent, 135; tar and chemicals, \$100; hiring unemployed truck at \$6 per day for twelve weeks, \$216; tools, \$50; replace 100 trees where they have been assessed and died, \$234.

This plan, gentlemen, would have taken care of all complaints for replacements, spraying and general care, but instead my colleagues voted to pay \$1,500 for supervision; \$500 for use of equipment; \$135 to secretary, for a total of \$2,135, almost two-thirds of appropriation for supervision and use of equipment, which I consider mismanagement. All shade tree funds had been spent by April 1 with the exception of \$300 that was to be used for emergency.

Gentlemen, compare same with my plan.
I charge corruption when you pay \$166 per month for supervision. Shade tree money should not be used to supervise relief unemployed.
I wish to be placed on record for the future, that I am in favor of abolishing the position of Town Forester for the sake of economy. Nutley has no forester; Bloomfield, our neighbor, with more than \$60,000,000 in ratables, does not spend money for a forester. I personally recommend that my colleagues abolish immediately the position of Town Forester; also salary of the secretary and use balance of abolished salaries to purchase trees to take care of complaints for replacements now on record, in the Department of Finance.

Yours for a real clean government,
NICHOLAS BURDE,
President of Belleville Shade Tree Commission.

MATTERS MIGHT BE WORSE
Editor-News:
Recently there appeared in your paper an open letter by Homer C. Zink. Many matters and conditions mentioned therein are true and most of we Bellevillites realize that this is the result of official spending during the past years.

Parts of that letter should have been written several years ago to warn us of future financial problems which we are now facing.

The fact is we, as a town, elected our officials and they spent. Organized minorities requested expenditures; unorganized majorities paid no attention. Few attended budget hearings of either the town or board of education. Nor did we attend hearings on ordinances which meant appropriations for necessary and unnecessary projects. Then was the time to kick!

Leaders during the past might have meant different financial condition today for the town. Where were they?

There are towns, cities, counties and states in excellent financial condition today because of the right leadership. We must realize now, however, Belleville must make good for all amounts spent in the past by paying taxes.

Mr. Zink is not playing fair with our town when he encourages the non payment of taxes at a time when the town needs all the funds it can collect. That plan will get us nowhere except in a situation similar to that in which Chicago and other cities arrived at and have a real job getting out of.

If one had a business with his funds invested in same, left it to others to run, they mismanaged over a period of years, the owner would have to pay the financial obligations of the intended to continue.

We must realize Belleville is our business and we must pay our obligations.

Let us be good sports and not cry about it now.

Plan for and watch the future, and don't let religion, prohibition, or other matters befog the real issues in our local elections.

If any one thinks they are out of luck here in these great United States of America, let them check up on taxes paid by the people of most European countries.

A comparison of that item and living conditions here and abroad will get one thinking it is time to thank the good Lord above that we are living in our great and glorious country.
WILLIAM J. HORGAN.

REDUCING CASUALTY COSTS

CONTROL of rate-making in all lines of casualty insurance is in the hands of the public. That means, not only automobile rates, but burglary, owners' landlords' and tenants' liability; plate glass, boiler and machinery and other coverages.

The awakening is evidenced by the fact that various communities throughout the country are turning to accident prevention and law enforcement campaigns, while still others are investigating ambulance chasing lawyers, unethical doctors and dishonest claimants generally. New Jersey has such an accident prevention campaign now under way as have Iowa, Pennsylvania, Maryland and California. New Jersey, Massachusetts, California, Missouri and Ohio also have started investigations into the claim situation or are contemplating such move.

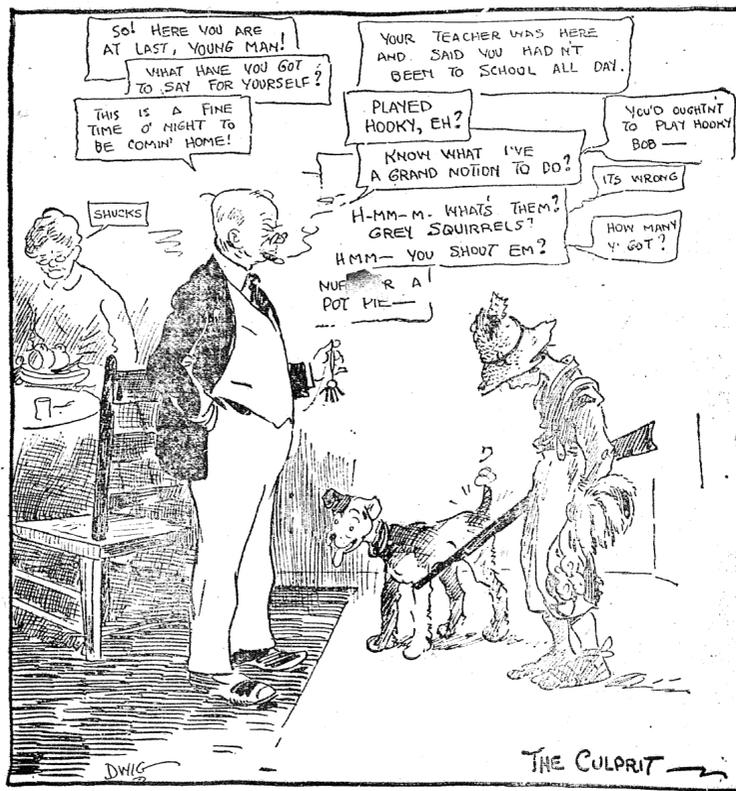

While some states have thus signified their realization of the gravity of the accident problem, many more sections must awaken before there can be a substantial reduction in the cost of necessary insurance protection.

When every citizen deliberately makes up his mind to drive more carefully and to provide other proper protection for his home and business, the situation will show vast improvement. But the laws must also be provided with teeth spelled with capital letters if they are to be worth the writing.

DAVE WALSH SPEAKS HIS MIND

Short Stuff

AFTER thinking the matter over for a number of days, Mr. Joe Jacobs has discovered that there almost wasn't any fight for the world's heavyweight championship last week . . . in fact, there almost wasn't any world's champion at 2 o'clock on the afternoon of the fight, the press of looker-onners catching Schmeling as he was leaving the commission offices and pinning his right arm against the door . . . it was numb for a half hour, during which the Herr Jake thought darkly of all that money he maybe wasn't going to get . . . then the pain gradually abated and so did the Herr Jake's blood pressure . . . at that, he wasn't far wrong . . . as far as I could see of it, there wasn't any fight . . . Casey Stengel, a very stalwart man in any situation, wears "shorts" with a tasty design in cerise.

A gentleman by the name of A. Nazzaro writes in to damn me with faint praise . . . any is better than none . . . the boys are being a little funny in their efforts to get Schmeling first . . . Nate Lewis of Chicago is offering \$100,000 and King Levinsky, meaning that he has the right idea and King Levinsky . . . Ed Bang, Cleveland newspaper man, has had Johnny Risko hidden out somewhere because he wants to make a Schmeling-Risko charity match for Cleveland and fears the worst if Risko gets in there with Walker again . . . and Madison Square Garden is trying to sign Walker and Risko with the idea that it can build up a Walker fight for Schmeling . . . and it hasn't got Schmeling!

He Approves of Sarazen!

I spent a lot of time the other day trying to tell Seymour Dunn, the golf teacher, that Sarazen succeeded in spite of his form . . . but there isn't very much you can tell Dunn about golf . . . so I wound up listening . . . and learning! . . . Sarazen says he not only wasn't bad form; he has perfect form—and any news pictures that indicate otherwise are distorted versions, obtained of the subject in care-free moments after the ball is hit . . . Gene's one weakness, the left hand too far over the club, has been eliminated, says he; that's why the young man is champion again . . . Mr. Dunn is the gentleman who when asked recently to write a testimonial for somebody's book on golf, promptly forwarded the following: "I consider this book not only misleading, but highly dangerous to beginners and others" . . . although Jim Farley was in Chicago the day of the fight, it is understood that he collaborated in the selection of Gunboat Smith as referee over the long-distance telephone.

Isolation Hospital

The strong Isolation Hospital baseball nine tightened its grip on third place in the County League, Thursday night, at Clearman Field, by nosing out the second place Overbrook club, 3-2. This was the ninth win of the season for the hospital boys, as against four defeats. Ral Flynn went the distance on the mound for the winners and twirled great ball, as he was always master of the situation. The two Mallecks, Johnnie and Jim, McDaniels, and Charley Christell were some of the local Legion Twilight league stars in the line-up of the Isolation nine.

Belleville Laundry

The Belleville Laundry, Irolanite and the New York Color Company ball-tossers were all winners in the Senior Recreation Baseball League scramble, Friday night. The Laundrymen walked away with a 6-2 decision over Cerami's Dairy at Belleville Park, due mainly to the fine twirling of their mound ace, Jacobsen. Knaver and Ferrara were the hitting stars for the winners. The New York Color nine defeated Al's Market, 14-10, at No. 7 School diamond in a free-batter affair. Yeoman, with four hits, and Presberry, with three, led the heavy attack of the winning combine. Irolanite won its first game on record from the Town Hall representatives.

Tennis Club Plans Current Schedule

Books Six Matches For The Week-ends In Near Future

The local Hillcrest Tennis Club has scheduled six matches with well-known tennis clubs of the vicinity for the next two months. The schedule, as announced by Richard Slamer, Chairman of the tennis committee, is as follows: Sunday, July 24, at 10 A. M.—Radburn Tennis Club, at Radburn. Sunday, July 31, at 2 P. M.—Nuttley Tennis Club, at Hillcrest. Sunday, August 14, at 2 P. M.—Arlington Tennis Club at Arlington. Sunday, August 21, at 2 P. M.—Nuttley Tennis Club at Nutley. Saturday, August 27, at 3 P. M.—Radburn Tennis Club at Hillcrest. Sunday, September 4, at 2 P. M.—4C Tennis Club of Bloomfield, at Hillcrest.

Plummer, who just entered the Hillcrest club this year, was one of the chief advanceers in the club rating chart over the course of last week. Many followers of the Hillcrest tennis play look upon him as a good bet for No. 1 position in the near future. The most sensational match of last week's play was staged by Corbin D. Lewis, No. 2 on the rating chart, and Harry Estelle, rated No. 4. The match between the pair ended in a tie after some of the closest and best play seen on the local court. Ray Smith and George Anderten, main-stays of the successful Belleville High net team, have started to advance rapidly in the ratings and soon will be challenging the top-notchers of the club.

Capitol Theater Nine Drops 3-2 Tilt, Sunday

Ryder's Fine Pitching Receives Poor Support As Imperials Win

Though they out-hit their opponents 8 to 4, the Capitol Theater ball nine dropped a close 3-2 verdict to the undefeated Bloomfield Imperials, Sunday afternoon, at Watessing Park. "Fuzzy" Ryder, ex-high school mound ace, went the full distance for the locals, and permitted the strong Bloomfieldites but four hits over the nine inning course, and not a single earned run. The entire three runs massed by the winners resulted from faulty support on the part of his mates. After the third inning, when the Imperials scored their final two runs, one of which was the winning one, the Bloomfieldites could not touch the curves of the Bell-boy flinger. Dick O'Neil and Charley Christell were the main cogs in the Capitol Theater attack, that produced eight hits from the offerings of Van Riper, imperial ace. O'Neil and Christell contributed a pair of safe wallops each. Score by Innings: Capitol Theater . . . 000 020 000—2 Imperials . . . 102 000 00x—3

Legionnaires Out For Their Third Win

Oppose White Eagles Here Tomorrow Afternoon In Promising Game

The undefeated Belleville American Legion all-star ball nine will be after its third consecutive victory as it plays host to Ed Zega's White Eagle Club of Bloomfield at Clearman Field, tomorrow afternoon. The White Eagles, always good, may well be remembered by local fans for their brilliant seventeen-inning stand against the Legionnaires last year. Renner, who went the entire distance on the mound of that over-time struggle for the White Eagles, will likely start on the hill for the Bloomfieldites. Helwig will be on deck for relief duty. The starting Belleville twirler will be selected by Manager Johnny Lawlor from Johnny Woods, Ral Flynn, and "Butch" Kastner, with the ever reliable Gene Gelsen back of the plate. Stan Stankavish will be the visitors' receiver. In all likelihood the same line-up that took part in that thrilling victory over the Hardaway All-Stars last week will start for the locals. The probable White Eagle starting cast will include the fleet Sig Zega, left field; Arnold, short stop; Ungemah, second base; Schummel, first base; Fredericks, third base; McGrath, center field; J. Zega or Harry, right field; Stankavish, center; and either Renner or Helwig, pitcher.

Belleville A. A. Defeats Bachelors, 6-2

Byrnes Sets Down Leaders With Four Hits Friday

The once proud Belleville A. A. now reclining at the bottom of the heap in the wild local American Legion League pennant dash, came back to life with a bang, Friday night, at Clearman Field, and toppled the first place, all-conquering Bachelors, 6-2. The Bachelor defeat created a triple tie for first place with St. Peter's and the Elks. The youthful post-sider, Tommie Byrnes, was at the peak of his form in turning back the Bachelors with but four hits, and twirling the A. A. to one of the biggest up-set victories of the season. In addition, no less than ten of the Bachelor swingers were strike-out victims, Byrnes reaching the heights in the second inning by whiffing the side. "Bunge" Gorman, Eddie O'Neil and Johnny Leonard were the very heart of the inspired ten-hit Belleville A. A. barrage against three Bachelor flingers. The trio, between them, accounted for seven of their team's bingles, with Gorman showing the way with three consecutive singles. Leonard, who found his batting eye after a prolonged slump, included a triple in his pair of safeties. Wengel contributed half of the Bachelors' meager hit allotment of four. Score by Innings: Belleville A. A. . . . 1 2 0 2 1 0 6—6 Bachelors . . . 1 0 0 0 1 0—2

St. Peter's And Elks Battle To 3-3 Tie

Kappeler's Hitting One Of Many Features Of Thriller

Another great battle between those two baseball Titans, St. Peter's and the Elks, took place at Clearman Field, Wednesday night, and after the finish of seven hectic innings, they were right back where they started. This second game of their series in the local American Legion Twilight League (the Elks took the first on a half-line margin, lest we forget, wound up in a 3-3 tie. "Cappy" Kappeler, new to these St. Peter-Elk warfares this year, was without question the big moment of the Hello Bills' ten hit collection from the offerings of Johnny Woods, St. Peter's ace flinger. With the Elks trailing 1-3 going into the sixth, and seemingly set to take it on the chin, Kappeler found two on and none out and prodded a single to left that brought in Johnny Mallack with one run. In the seventh with two out and the bases full of Elks, Kappeler calmly strode to the plate and pounded the ball to right, sending in Romano with the tying run. Johnny Mallack also tried to score on the hit, but was nipped at the plate on Kearney's fine throw home from right field. In addition, Kappeler contributed several catches in the outfield. What a man! Kearney's single to the fence in left drove in the first St. Peter tally in the second. In the fifth, St. Peter's scored their remaining pair, due mainly to a perfect bunt laid down by Lawson, which crossed up the entire Elks' inner defense, and Savino's crashing double to center. Score by Innings: Elks . . . 1 0 0 0 1 1—3 St. Peter's . . . 0 1 0 2 0 0—3

American Legion Comes On Top, 6-5

Three Run Rally In Ninth Defeats Hardaways All-Stars

Coming through in thrilling fashion to overcome a two-run deficit in the ninth inning, with a three run rally, the local American Legion all-star nine won its second straight game, by defeating Mike Hadraway's All-Stars, 6-5, Saturday afternoon, at Clearman Field. Johnnie Mallack was the white-haired boy for the locals, slamming a double over the left field fence to drive in the winning run in the ninth. Tommie Dunn, equally adept at any position in the infield or outfield, stationed at first base this time, had previously doubled to send across two runs, one of which knotted the count. This was Dunn's third hit of the afternoon. "Butch" Kastner tied the slab for the locals and did a right smart job of his assignment. He let down the colored kids with six hits in going the distance, and as a proof of his versatility landed on Hardaway's curves for three safe wallops. Coleman and Sinclair did the hardest hitting for the visitors.

WHAT A RACE!

TO twist an old slogan, "When bigger and better baseball league races are made, the American Legion will make them." Belleville (nor any of the neighboring towns, either, for that matter) probably has never before witnessed the brand of ball now put on display by the local American Legion twilight loop tri-weekly at the Clearman Field diamond. For sheer mechanical ability, thrills and closeness of competition it is unparalleled. As many a spectator has been heard to remark, "There are never any poor games any more."

The three games played from Wednesday of last week to Wednesday of this week further exemplify the truth of this statement. In the first contest, a typical Elks-St. Peter's thriller, there was a no contest decision, as the two league-leading nines battled to a seven-inning 3-3 tie before darkness intervened.

Then on Friday the revamped Belleville A. A. surprised the majority of the fans by defeating the slipping Bachelors in rather easy fashion. When a last place team, like the Belleville A. A., who had won but one game all season prior to Friday can trip up the leader and do it so convincingly, there need be few arguments advanced to convince anyone of the wonderful balance enjoyed by the Legion circuit.

The Bachelors took it on the chin again in the third game of the trio, Monday night. The Moose, who seem to be definitely settled as to a regular line-up now, did the trick and used the white-wash brush in accomplishing it.

BETTER PLAYERS

ONE of the prime reasons for the great Legion League race is the wealth of fine players, who have played in this league for the first time this year.

The new rule, put into effect this season, which permits the playing of four out-siders by any one team, has, of course, been more or less responsible for this condition.

The cream of semi-pro baseball talent in this vicinity has been attracted to the Legion League's twilight play. Their names read like the roll call of the best in semi-pro ranks. The Who's Who of sand-lot baseball.

Players like Steve Plesnik, George Savino, Abbie Leitch, Harry Jacques, Bill Kearney, Kappeler, Carl Gordinier, Hub Crawford, Paul Bellrose, Frank Schummel, Matt Ryan, "Mac" McDaniels, "Pinky" Pengetore, Pete Blumetti, Joe Romano, have all helped to lend power and class from the out-side.

In addition the six teams that make up the circuit boast of local talent that in most cases equals or betters that of the out-siders. Jack McHugh, the two Mallecks, John and Jim, "Sugar" and Ral Flynn, Tommie Dunn, Gene Gelsen, Lou Beliski, Russ Stout, Jerry Lilor, "Champ" Juliano, Jim McCabe, "Mac" Lamb, Charley Christell, Tom Byrnes, Eddie O'Neil, Osby Lawson, Johnny Lawlor, Johnny Woods, "Biddy" Carragher, Freddy Riccio, Jerry Bonavita, and "Slim" Rossi are all ball players of A-1 caliber. And every last one of them is a Bellevillite.

Is it any wonder that interest in the league is almost at a white heat with the many baseball fans in town?

Mc Hugh, Moos Ace, Blanks Bachelors, 6-0

Hits Homer With The Bases Full For Moose As Well

Jack McHugh, slim right-hander of the Moose, blanked the fast-slipping Bachelors, 6-0, Monday night, at Clearman Field to send his victims topping out of first place in the local American Legion baseball circuit. McHugh was never better, as he applied the white-wash brush with all of the deftness of a past master, while limiting the erstwhile league leaders to six well scattered bingles. Not satisfied with the deadly effect of his good right arm, McHugh staged a convincing demonstration of his versatility, by slamming out a homer past McCabe in center with the bases added in the fifth. The four runs, accrued by this simple expedient, served to swell the already sufficient Moose margin. Ungemah, Bachelor second-sacker, was the only member of the losing clan able to solve McHugh's curves with any consistency. His big bat zoomed out three consecutive singles for half of his side's meager hit total. McCabe's superlative play in center field for the Bachelors during the early innings stopped the Moose scoring threats temporarily. Score by Innings: Bachelors . . . 0 0 0 0 0 0—0 Moose . . . 1 0 0 1 0 5 0 x—6 Umpires—Derbyshire and Hood.

Movie Idol Sails for France

Maurice Chevalier, the cause of much heart flutterings among feminine movie-goers, had a charmingly beautiful companion when he sailed from New York on the He de France on July 8, since when reporters observed. The companion was none other than a Series 222 Huppomobile Eight Cabriolet Roadster which the star had purchased in Los Angeles. Chevalier, the idol of "One Hour With You", "The Love Parade" and many other screen successes, is planning an extended vacation trip in his native France. Before he returns to Hollywood this fall many miles of European travel will be registered on his new Huppomobile, the Paramount Pictures star promised.

Telephone Company Sets Safety Record

The New Jersey Bell Telephone Company, in addition to its records for speed and efficiency, set up a new safety record in 1931. During the year drivers of the company's wheeled motor vehicles operated in more than 8,500,000 miles of highway and finished with a record ten percent better than in any previous year.

There was an average of one accident involving Company drivers in each 65,000 miles driven.

This new record indicates the success of the safe-driving-campaign started by the Company more than two years ago. Nearly 2,100 drivers of the Company's vehicles signed pledges to observe rules of safety and courtesy on the highways in 1931.

About 2,400 drivers of private automobiles also subscribed to the safe-driving code.

Dr. A. L. Martin of St. John's M. E. Church, Newark, will preach at the Zion A. M. E. Church, Stephen street, Sunday afternoon, at 3 P. M.
