R. S. V. P.—W. D. Addressed To W. D. Clark, Director of Public Safety (First of a Series)

Mr. Clark was there a dicker by which you received the Department of Public Safety—the police and fire department by the vote of your colleagues?

Why didn't you take the Department of Revenue and Finance as is rumored to have been discussed prior to the organization meeting of the present commission—wasn't that acceptable to you? Was that bait held out to you?

Why does your deputy, William F. Entekin stay away from town duties?

Why is a car with a screeching siren permitted to roam about town, driven by a civilian? Does the owner of this car arrest speeders? If so, is it done on your orders?

Why are motorists allowed to speed along Washington Avenue, passing red lights at random during the day, when your motorcycle men are on duty at night? Is it because you like to see the men at night, your days being spent in New York?

How is your minnow catching fire engine?

How are your records kept?

Didn't you refuse a News reporter access to the police blotter three weeks ago? Why? Is there something there that you don't want the public to know?

The public doesn't like suppression of news, does it?

We'd like to have your answers for publication next week along with some more questions. News reporters are a curious lot, W. D., and the public likes news. We are sure you'll co-operate.

Boy's Knees Hurt In Auto Accident Lad Slipped And Fell In The Path Of Machine

Joseph Ginty, 15, of 241 Mercer street, Jersey City, formerly of Belleville, was run over by an automobile here Sunday night, but escaped with only lacerations of the knees. He was crossing the street at Washington avenue and Rutgers street when he slipped and fell in the path of a car driven by Thomas McKeever, 19, of 20 Storms avenue, Jersey City.

Chest Appeal Outlined By Lawrence Keenan Addresses Lions Club On Effort For This Year

Plans for the Community Chest drive were told Thursday by Lawrence Keenan, exalted ruler of the Belleville Elks and campaign manager of the drive at the weekly luncheon meeting of the Lions Club.

The drive is scheduled from October 20 to 30. It will be held earlier than usual this year because the directors wish to conduct their campaign before the Newark drive.

Mr. Keenan and his assistants are seeking volunteer workers in every section of the town. The annual dinner will be eliminated this year, says Mr. Keenan, who believes it a waste of money.

The Lions Club has been assigned to solicit subscriptions among the business men of the community.

The Lions paid tribute to one of their members, Charles Gebhardt, the secretary of the club who celebrated his birthday on Saturday.

Court Sancta Maria To Hold Initiation Mrs. Frank Brohal Is In Charge Of Awards For Affair

Court Sancta Maria, No. 61, Catholic Daughters of America, at their meeting Tuesday evening, planned to hold initiation in October. The card party and award of the gold piece will take place at the Knights of Columbus headquarters, September 27. The general public is invited. Mrs. Frank Brohal, chairman of awards, asks that all returns be made at the meeting of September 13.

To Commemorate Second River Battle Patriotic Order Sons Of America To Parade Here

The State Camp of New Jersey, Patriotic Order Sons of America will commemorate the Battle of Second River fought in what is now Belleville in September, 1777, as a part of the Bicentennial program. A parade and appropriate ceremonies will be held here and in Newark on Saturday evening, September 24. The parade will start at the Reformed Church to William street to Washington avenue to Second River where a marker will be placed and then on Broadway, Newark, to Broad street to Washington Park where prominent speakers will address the gathering.

If you have moving, hauling or days work of any kind, call J. A. Gregory, 101 Ralph street; Belleville 2-1036.

Figurelli Would Give Time Without Salary Former Recorder Offers To Take Over Judge's Job

Samuel Figurelli, former recorder, made the offer Tuesday to reassume that post in the town and "considering these trying times" serve without pay. The post is filled now by Everett B. Smith, a Newark lawyer, who is acting during the suspension of Recorder George A. Fitzsimmons. Fitzsimmons was suspended Saturday pending an investigation of his habitual delay in making monthly payments of fines to the county treasurer during the last three years.

Figurelli made his offer in a telegram received by Director William H. Williams of the Department of Revenue and Finance, who is making the investigation of Fitzsimmons' conduct of the recordship with Director William D. Clark of the Department of Public Safety. The telegram was from Montreal, where Figurelli is on vacation. A copy was sent to each commissioner.

The telegram read: "Considering these trying times I stand ready to fill the office of recorder without salary."

I like the work and shall serve with pride, honor and dignity to the town. "My endorsement by so many people in the last municipal election, my past record, as a recorder, and my practice as an attorney since 1923 and as a counsellor since 1927 are offered as recommendations."

Of the offer Williams said: "It proves my statements of previous times that there are public spirited men of ability in our town ready and willing to serve these days without pay. Commissioner Clark must consider an offer like this."

Figurelli was recorder from 1924 to 1926, when he was succeeded by Fitzsimmons. He was a runner-up in the commission election in 1930.

A telegram was also left with Town clerk John J. Daly for Clark, presumably from Figurelli.

The audit Monday must be submitted to the state department before consideration by the officials. Williams expects to receive a copy in a day or two.

The county treasurer's office received Monday afternoon by messenger Fitzsimmons' two checks, one for \$985 covering this year's motor vehicle fines and the other for \$415, with the notation it was for the motor vehicle fines for 1931. Insofar as the county treasurer's records go, the Belleville account is cleared up.

(Continued on Page Six)

State Department Files Audit Report Loose Bookkeeping Methods Charged In The Department

Commissioner Walter R. Darby of the state department of municipal accounts filed with Belleville yesterday a report of his recent audit of the accounts of Recorder Fitzsimmons.

The audit showed a shortage of \$1,415.74, as of December 31, 1931, and a total shortage of \$2,060.24, as of June 30, 1932, the day when the handling of court monies was turned over to Richard Nourse, clerk of the police court. The funds indicated as being required to make up the short-

Trouble 'N How! George Plicque of 52 St. Paul's Avenue, Jersey City, Has An Auto And Troubles. Sunday Night It Balked For Thirty-Five Minutes At Belleville And Washington Avenues. Belleville, The Busiest Intersection Of The Town, And Tied Up Miles Of Homeward-Bound Traffic.

The brakes "froze," Plicque said. He had had the trouble all the way down from Lake Hopatcong, causing him to get out and get under half a dozen times. In Belleville the brakes wouldn't loosen and the car was too heavy to shove out of the way with the rear wheels locked.

Finally a trolley car nosed up and the motorman called for a Public Service wrecker. By hoisting the rear end of the car it was coaxed out of the way, to spend the rest of the night in the parking area behind the Town Hall.

Plan Band Concerts In County Park Andrew E. Voss, Former Member Of Nereid Club, Acts As Bandmaster

The Essex County Park Commission, through its secretary, David I. Kelly, is giving a series of band concerts in the County Parks during the summer, and Belleville is to be favored with two concerts. The first will be given on Friday evening, August 26. The bandmaster is Andrew E. Voss, who is recognized as one of the outstanding band conductors. Mr. Voss is well known in Belleville; he was a member of the Nereid Boat Club in the old days. He brings to Belleville a band of twenty-five musicians who will render a program which should please many.

The concerts throughout the county have been attended by large audiences and Mr. Kelly expects the same in Belleville.

The second concert will be given on Friday, September 9.

On September 2nd, a special children's concert will be given consisting of 150 to 175 pieces.

The commission invites the general public to attend these concerts and

Walk-a-thon Contest Managers Changed New York Promoters Are Now In Charge Of Affair

Promoters at the Walk-a-thon marathon were changed this week at Riviera Park. Nat Feldman and Alfred Pfeiffer have given way to two New York promoters. Recorder George A. Fitzsimmons is also out.

The scheduled wedding of Pee Wee Rooney and Bobby Watson did not materialize Tuesday night. Pee Wee could not present credentials of a divorce in Reno from a wife in Texas and therefore a marriage license was refused in Belleville.

Two couples were married, however, Tuesday night. Twenty-three couples are finishing up the fourth week of the contest.

The four married are Dr. Anthony Merlino of Los Angeles, chiroprapist at the Walkathon, and Miss Marjory Kniskern of South Eleventh street, Newark; and Albert G. Rossbach of

(Continued on Page Six)

AUDIT CAUSED INVESTIGATION OF RECEIPTS TURNED OVER TO COUNTY AUTHORITIES

GARBAGE CONTRACT MUDDLE OF MONTHS AGO STILL FLITTING ABOUT TOWN HALL, CAUSING CONCERN

The departments of W. D. Clark, director of Public Safety, just can't seem to go along smoothly. They are always in troubled waters.

And, those departments are the most vital in the town—police, fire and health.

This week cropped up a story of the manner in which collection of fines had not been turned over to the county at times set forth according to law, but had been held up in Belleville, even after Clark had been told of the situation last January and rumor had been rife about town concerning it.

On top of this Clark still has a mess as regards award of a garbage contract. That situation has existed for months. To date Clark is up a tree on it, it is said.

Previously Clark's "minnow" catching fire engine and his police alarm system were under fire. In fact his police alarm system called out the firemen, one night, to catch a burglar; another time he gave most of the cops a night off and into Belleville came leisurely a burglar.

But, here's the latest problem of the director, who promised the voters a business administration:

The State Department of Motor Vehicles and the office of the Essex county treasurer were Saturday accused of laxity in their methods by Town Commissioner William D. Clark when the commissioners met at the instance of Directors William H. Williams and Frank J. Carragher to discuss a report on irregularities in the records of the recorder.

Commissioner Clark announced that he had suspended the recorder pending an investigation. He named Everett B. Smith acting recorder. Smith is a member of the Newark Law firm of Reed and Reynolds and is assistant town counsel of Belleville. Corporation Counsel John B. Brown is also with the firm.

"The law prescribes that the recorder is to make monthly payments of and reports on all money collected in his department," said Clark. "If the recorder failed to conform with that law—as he is now charged—the State Department and the county treasurer should have immediately notified this board. Such notification would have led to an investigation before the violations became too numerous and much trouble would have been avoided."

Mayor Chimes In Mayor Kenworthy concurred in this view. Commissioner Williams said that County Treasurer Booth did not notify Clark of the irregularities; that Clark was aware of the rumors of irregularities existing as far back as last December; that Clark had checked over the recorder's accounts and had called them "satisfactory" and that a day after he (Williams) had notified Clark of the irregularities Fitzsimmons had made a payment to the county treasurer of \$1,635.

"The amount represented fines collected by the recorder in March, 1931; September, 1931; October, 1931 and November, 1931. These amounts were not turned over to the county treasurer monthly, as stipulated in the law, but as long as ten months after

they were collected.

Clark Heard Rumors At First Commissioner Clark said the earliest intimation he had of the irregularities was what he read in the newspapers a "day or two" ago. Under questioning by Williams, however, he admitted he had such knowledge as far back as last winter.

Williams asked him: "Did I not go to your home last January and tell you of the rumors I had heard of Fitzsimmons' records, and did you not call me on the telephone early the next day and tell me that you had checked up all the records and found them satisfactory?"

Clark said he recalled Director Williams' visit and his own telephone call, but that he based his conclusion on the fact that when he saw County Treasurer Booth in December the county treasurer said the records were satisfactory.

Williams then read a recapitulation of payments made by Recorder Fitzsimmons—as copied from the county treasurer's books. The figures indicated that payments were delayed for periods ranging from one to eighteen months, and that certain funds deposited with the recorder pending appeals of cases before him had not been accounted for.

On a resolution made by Commissioner Williams, the board voted to instruct Fitzsimmons to appear at the Town Hall Monday morning with all available records, to assist state auditors now working on the recorder's accounts. Williams further recommended that "methods of the recorder's court be planned to remove all cash payments from any person but the town treasurer, and that matters of bail deposits and money held subject to decisions on appeals be handled in a manner prescribed by law."

Fitzsimmons is bonded for \$2,000. At the outset Mayor Kenworthy said it was unfair to charge the recorder with violations of the law unless the recorder was present to defend himself.

"This is not a court trial, but a presentation of a report to the mission," Williams added.

Williams proposed that a commission be made into all the recorder's accounts and records. The Mayor suggested that such investigation be handled by Commissioner Clark, but Williams declared that as director of the Revenue and Finance Department he (Williams) should have a share in the probe. The Mayor agreed and named Clark and Williams to conduct the investigation.

Commissioner Williams, who is director of revenue and finance, said he would also investigate a statement made to him by Samuel Ershowsky of Bloomfield avenue, Fairfield, that he had never received a \$225 fine which had been imposed upon him and later suspended.

Ershowsky told Williams Sunday

Newark—65 Roseville Avenue.

"Mind," will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 21.

The Golden Text is: "The Lord hath been mindful of us: he will bless us." (Psalms 115:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Brethren, I count not myself to have apprehended: but this one thing, I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus." (Philippians 3:13,14).

The Lesson-Sermon also includes

the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we fully understand our relation to the Divine, we can have no other Mind but His,—no other Love, wisdom, or Truth, no other sense of Life, and no consciousness of the existence of matter or error." (p. 205, 206).

REDEEMER LUTHERAN
Broadway at Carteret St., Newark
Paul F. Arndt, Pastor.

The English service will be held at 8 A. M. this Sunday. The Rev. George Mueller of St. Matthew's Lutheran Church, Lyndhurst, will preach. There will be no German service this Sunday.

Bids Being Received For Manual Training Room At High School Will Be Ready For Use When The Schools Open

Bids for equipment and supplies for the new manual training room which will be installed this year at the high school will be received up until this afternoon by Business Manager James J. Turner.

Two basement rooms have been made into one for use by the department. The teacher will be named soon.

Wayne R. Parmer, superintendent of schools, and Charles L. Steel, Jr., principal of the high school, are in favor of adding the course.

The State Board of Education will contribute one-half of the teacher's salary and will pay half the cost of all equipment and supplies.

Electricity in the Home The Upper Floor

Electricity provides domestic services which greatly reduce domestic labor and add to the home's attractiveness.

The jobs which electricity can do for you on the upper floor are many and varied—running the vacuum cleaner, heating the bathroom on chilly mornings, replacing the hotwater bottle for the sick-room. Electricity gives you attractive lighting both economical and practical. It heats the curling iron and runs the vibrator and on cloudy days gives you sunshine.

The basis of convenience of electricity in any home is the number and location of outlets. Consult Public Service Lighting Department if you are planning an extension to your wiring system. Advice as to plans is given without charge.

Jobless Clear Jersey's Pines For Air Fields Convert "No-Man's Land" Into Safe Area For Planes In Trouble

The unemployed are being enlisted to make New Jersey's pine belt safe for aviators. The pine belt, sparsely populated, extending for thousands of acres through Central and Southern Jersey, an aviator's "no man's land," is among areas where development of emergency landing fields is being encouraged by the state aviation commission.

By arrangement with the state unemployment relief administration, the commission is in a position to urge municipalities to begin construction of fields with aid of the jobless. Workers will be paid with food tickets, provided for state emergency relief funds.

Such activities are being considered by municipal officials in widely separated sections of the state. In the pine belt a field is contemplated at Bass river and another is already under construction at Four Mile, almost the heart of the Bass river section, is approximately twenty miles inland from Atlantic City and would provide landing facilities to seashore-bound aviators lost, in trouble or forced down because of adverse weather.

Interest aroused by the commission and the relief authorities, officials at Wildwood, Hammontown, Ocean City, Hackettstown and Morristown have projects under consideration.

Seaplane Base Possible
Establishment of a seaplane base at Ocean City is a possibility. A strip of land 500 feet wide and 2,000 feet long, bordering Great Egg Harbor bay, is now in condition for landing and is in use by commuters to Camden and Philadelphia, among others. Seaplane servicing could be effected under present conditions, and, at some future time, with funds available, ramps would be constructed for landing the ships.

At Morristown plans are being made, the commission reports, for clearing a field which will have one of the longest runways in the state, 4,000 feet. The present project contemplates an expenditure of only \$2,000 or \$3,000, with erection of lights, beacons, hangars and similar more expensive equipment deferred.

An outstanding advantage, from a commercial standpoint, the authorities note, is the proximity of the Morristown field to the business center. It is only one and one-half miles out. The hilly terrain about Morris County, tending to produce choppy air conditions, aviators point out, makes an emergency field advantageous at Morristown.

Encouraging establishment of as many emergency fields as possible, Gill Robb Wilson, state director of aviation, points out, little expense is involved in providing simple, but adequate landing facilities.

Bursting Tire Calls Out Fire Department Driver Loses Control of Car Striking Light Pole Enroute

Although it was discovered that no fire existed, police and firemen responded to an alarm when a truck struck a Public Service pole at Center street and Myrtle avenue, shortly after noon, Monday, in Nutley.

The driver of the truck, Charles Chambers, of 60 Perry street, Belleville, told the officers that a front tire blew out as he approached the intersection, causing him to lose control of the car and strike the pole. The truck is owned by the National Grain Yeast Company of Belleville.

NEW MEDICINE WORKING WONDERS CONQUERS CONSTIPATION

It is often very difficult to recognize constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results.

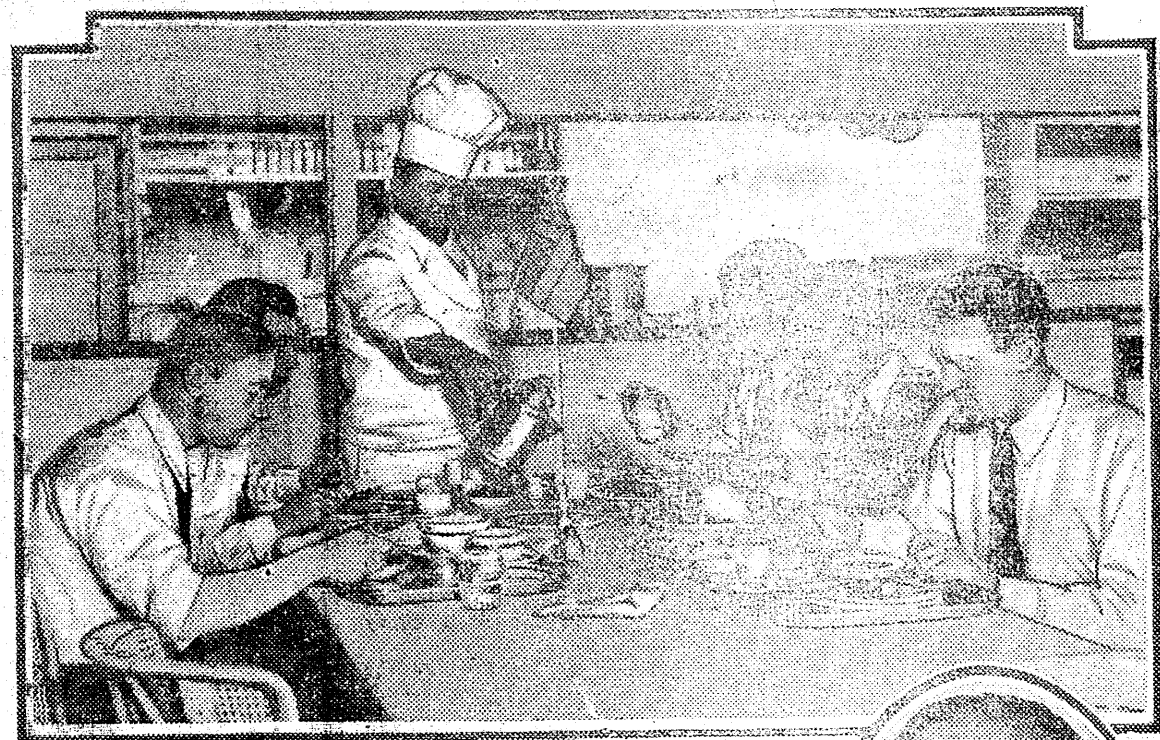

For your guidance in recognizing and hence over-coming constipation and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Hoodache	Abdominal Tenderness
Belching	Lack of Appetite
Bad Breath	Incurable Hunger
Dizziness	Nausea (1-3 Hrs. After Eating)
Coated Tongue	So-called Rheumatism
Fatigue	Jaundice
Insomnia	High Blood Pressure
(Sleeplessness)	
Biliousness	Confused Fatigue
Constipation	Intoxication
(Piles)	Springtime Weakness

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

Appetites of Modern Athletes Would Surprise Hercules, Legendary Founder of Olympic Games

Left, athletes from all over the world enjoy a real American breakfast; right, H. O. Davis, director of Olympic Village.

LEGEND has it that Hercules, the half-man, half-god champion who is supposed to have founded the ancient Olympic Games, ate half an ox every morning before he went out to win the events.

If Hercules had returned with his club and lion skin and recently entered the Olympic Village some morning for breakfast, he would not doubt have been greatly surprised to see hundreds of picked representatives from all parts of the world enjoying what to them was a strange but delicious experience—an American breakfast of fruit, milk, corn flakes, bacon and eggs, just like the American athletes are accustomed to in their own homes.

When H. O. Davis, director of the Olympic Village, laid his plans for handling the nearly 2,000 athletes from all over the world, he

arranged for each national delegation to have its own cook and its own native foods. Each of the larger groups had its community kitchen and dining room while a veritable League of Nations of athletes ate in the international dining room provided for those countries with only a few representatives.

But to the surprise of Olympic officials, foreign athletes wanted to try American foods. They called for corn flakes and bran for breakfast, ice cream with lunch and pie with dinner. So great was the demand for American dishes, additional orders had to be sent for domestic products.

Perhaps Hercules, thinking of his ox, half raw, half burned, might have laughed at such a simple way of eating. But, once he saw the

athletes in action, he would have changed his mind, for these men, having learned to build up their bodies with modern foods and modern methods, have so far excelled the ancient Greeks in their sports that there is no longer any room for comparison.

P. S. Issues Comparative Statement

Decrease Noted In Gross Earnings Last Twelve Months

A comparative statement of combined results of operations for the twelve months ending July 31, 1932 issued by Public Service Corporation of New Jersey shows for the corporation and its subsidiary companies gross earnings of \$131,246,240.11 as against \$139,017,480.84 for the twelve months ending July 31, 1931 a decrease of \$7,771,240.73.

Operating expenses, maintenance, taxes and depreciation for the period were \$86,659,968.13 a decrease of \$7,220,661.82 leaving a net income from operations of \$44,586,271.98 as against \$45,136,850.89 for the twelve months ending July 31, 1931 a decrease of \$550,578.91.

Other net income amounted to \$1,103,766.97 and income deductions to \$15,454,981.53, the balance for dividends and surplus being \$30,235,057.42 as compared to \$31,491,611.44 for the twelve months ending July 31, 1931 a decrease of \$1,256,554.02.

Gross earnings for the month of July 1932 were \$9,687,818.05 as against \$10,648,138.04 for July 1931 a decrease of \$960,319.99. Operating expenses, maintenance, taxes and depreciation were \$6,586,576.34 a decrease of \$1,078,644.00. Net income from operations was \$3,101,241.71 or \$118,324.01 more than in July 1931. Other net income showed a decrease of \$55,987.63 over July 1931 and the total net income was \$3,157,259.08 or \$23,484.24 less than for July 1931 leaving the balance available for divi-

lends and surplus \$1,848,466.72 as against \$1,762,646.10 for July 1931 an increase of \$85,820.62.

"Uncle Dick" Booth Celebrates Birthday Quietly At Home

County Treasurer, 74, Taking Vacation Although At Doctor's Orders

Richard W. Booth, better known to Nutleyites as "Uncle Dick," is resting in his front porch at 345 Center street, taking a vacation, as he figures it, but taking a rest at the doctor's orders, according to Mrs. Booth who says Uncle Dick doesn't know what a vacation is.

Uncle Dick received the congratulations of his many friends last Saturday, the seventy-fourth anniversary of his birth. Strangely enough his son, Richard W. Booth, Jr., celebrated his own birthday the preceding day and his grandson, Richard, the third, did the same on Saturday, August 6. A joint celebration was held by members of the family at Mr. Booth's home Saturday night.

As he sat on the shaded porch far back from the street, his pal a pet bulldog, Uncle Dick recalled his thirty-eight years as a member of the Nutley school board and also his service of thirty years as County Treasurer.

"There's little but personal satisfaction in it," he said, reflecting on the accomplishments of the Board of Education, "but after all it is gratifying to know that one's work has produced fruit." He recalled how Nutley's present school system has grown from the humble frame building known as Yantacaw school and the modest brick structure on Church street, now used as an industrial school.

The reporter hazarded the guess that Uncle Dick was chafing in the urge to return to his desk in the county courthouse, but he smiled and said that the porch was quite comfortable. Mrs. Booth volunteered the information that Uncle Dick's self-styled vacation is hardly that insofar as he is required to place his signature on all documents passing through his department, the work being brought to his home for that purpose.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic P-niphthalin. Its distinct Flaple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

MILLIONS OF BOWELS BY OUR GOVERNMENT

Salmon Prepares Essex Vote Drive Plan Of Strategy Was Outlined At Dinner For Mrs. Magee

Jesse R. Salmon, chairman of the Essex Republican Committee, outlined his strategy for the county campaign at the dinner last night at the Newark A. C. in honor of Mrs. Abbie W. Magee of Nutley, vice chairman of the organization. The other male guests besides Mr. Salmon were John J. Keating, secretary of county committee, and William Berry, manager for the Republican candidates.

Saturday afternoon Salmon and Keating went over plans for a series of conferences to be held this week, which will be climaxed with a meeting of all the leaders in the county in the next fortnight. Then the executive committee of the organization will be assembled for the opening dinner meeting. The mass meetings of the clubs throughout the county will be in full swing immediately after Labor Day, it was announced.

Victory Predicted
A prediction that the national, state and county tickets would receive an unusually large majority was made by Salmon, who decided, however, not to make an estimate in figures at this time. The headquarters group also insisted that Senator W. Warren Barbour was now being regarded as the state leader on the party. Mr. Barbour, pleased by reports he received on his visit here from Senator Joseph G. Wolber, Salmon and others, promised to meet frequently with the Essex chiefs on his coming state tour.

"President Hoover's acceptance address was one of the best we have heard and dealt with questions which are on the mind of every voter," Keating said Saturday as spokesman for the local leaders. "He brought

cut the many fine points on the economic situation and offered the only real solution to the prohibition problem."

"The Democrats had their opportunity to deal with prohibition in the last congress, but failed. The President's solution is in accord with that offered by the late Senator Dwight W. Morrow and is one which can be supported by every Republican candidate."

Mrs. Magee Praised
Mrs. Magee was praised by Salmon for the organization work she has been carrying on throughout the summer, especially the block system. Clubs for young Republican women and their elders are being formed by Mrs. Magee, in co-operation with women workers in every Newark Ward and in municipalities in the suburbs. Neighborhood meetings will be encouraged when the campaign formally gets under way in early September.

Last night's dinner was attended by about fifty women, according to present estimates, the group including vice chairmen of the party, who are sponsoring the affair; Mrs. John D. Berry, Jr., state committeewoman; Executive Elizabeth A. Harris, Mrs. Agnes Jones Gifford, Mrs. Harriet Van Nest Colton of the Board of Elections, and Mrs. Mary L. Yuill, candidate for assemblywoman.

H. W. Sharwell and family of Prospect street, have returned from a vacation at Lake Sebasticook, Maine. The big bass and salmon were not

CLARK'S HEADACHE—NOT THE STATE'S

In the probe of the recorder's books Commissioner William D. Clark, director of Public Safety, to whom he is responsible, tries to pass the buck to the State Motor Vehicle Department for "laxity"—not telling Mr. Clark payments had not been made as required by law. Mayor Kenworthy who lines up with Clark and Commissioner Patrick A. Waters on practically all voting matters also scored the department.

Well, what if the state were lax? What about it?

Didn't Clark know last January about the books? Didn't "Uncle Dick" Booth, county treasurer, call the affair to Clark's attention? Didn't the motor vehicle department check up? Were Clark's ears deaf to all the talk about town since January, this year, until now when Director W. H. Williams has the recorder's books audited? This newspaper last January, and ever since has asked certain officials about the situation. And Mr. Clark says the first he knew about it was when he read of it in the papers last week.

A fine how-do-you-do.

Since 1928 says Mr. Williams the condition has existed up until now. And all that time Clark has been in charge. Since January—until the papers tell him—he thought everything was going smoothly. As a public servant why didn't he take the time and trouble to find out? He had been told. We wonder what Commissioner Waters has to say.

Clark further said it was too bad the newspapers broke the story before the board had a chance to look into it.

Too bad, indeed, that the public's business is not the public's business. Why shouldn't the papers let the public know what's going on? There has been too much of this star chamber business in Belleville—too much hushing up because, "Belleville's fair name" will be hurt. In plain words that talk of hushing the town's name is "political expediency." The taxpayers want to know what's going on.

Maybe Mr. Clark now will tell us why he informed one of our reporters two weeks ago that police records were not available to the Belleville News because of its attitude toward the board. Why is this newspaper banned? Will Mr. Clark please tell the taxpayers? Was it because we dare print the truth and owe no allegiance to "closed door" proceedings? Was it because we don't play ball?

Two years hence Belleville voters will be given an opportunity to decide whether they want "open" or "shut" proceedings. Unless we miss our guess folks want to know what's going on and the political skids are already greased for the sad but swift sliding out of office of Kenworthy, Clark and Waters, nepotism, and all that goes with it.

The Walsh Act clearly makes each commissioner responsible for the operation of his particular department, doesn't it, W. D. Clark? If you need any enlightenment on the form of government by which you try to operate Belleville, we'll be glad to print such a series of articles.

AN OPPORTUNITY BEING LOST

UNDER a provision of the law, 40 sons of men who lost their lives in the World War may be admitted as students to the Naval Academy each year. It is a surprising fact that the new fourth class at the Academy will have only four such heroes' sons. It is stated the reason for so few taking advantage of this opportunity is an apparent lack of knowledge that such a provision exists. This seems strange when it is considered that there are numerous organizations zealously engaged in looking after the welfare of veterans and veterans' families. After all, it may be that such a lack of knowledge of this provision is not the real reason for the low number. Can it be that the Navy today is not so attractive to young men? At any rate, many deserving young men are losing an opportunity for a splendid education and a career.

TOO MUCH SUN

REGARDLESS of the merits of sun bathing, and many doctors believe its good effects are grossly exaggerated, the folly of exposing little children not hardened to liberal doses of sunshine is plain. Some people take children for a day at the beach, and then allow them to play in the sun for a long period, with a severe sunburn as the result.

Sunburn is not alone very painful, but might lead to serious consequences. A little sunshine is a good tonic, but a child can easily get too much of it, unless exposed in gradually lengthening periods. But beware of these one-day sun baths.

TEACHERS COLLECT OWN PAY

THE city of Chicago discontinued its summer schools because it couldn't pay the teachers. But when the teachers suggested that they be allowed to run the summer schools, charge fees for instruction and take the proceeds the Board of Education assented.

The idea proved a striking success. Plenty of persons were ready and willing to pay for instruction. Each major course taken averaged about \$10. The teachers are reported to be getting a little more than their regular salaries out of the plan and everyone seems satisfied.

AN IMPORTANT FLIGHT

THE flight of Bernt Balchen from Canada to London, now scheduled for August 24, will be, if it is successful, one of the most important long distance air journeys of recent years.

The present plans are for 22 passengers to make the trip, with a crew of five and two officers. The DO-X, which reached New York about a year ago, after a series of mishaps which caused long delays, carried a crew of 11 men with two observers, by far the largest number of people ever carried across the ocean in a heavier than air machine. But the long waits in Portugal and off the islands in the Atlantic killed popular interest in the flight of the world's biggest airplane. If the Balchen flight can be made with reasonable promptness, it will have great influence upon future attempts to establish an air line to Europe.

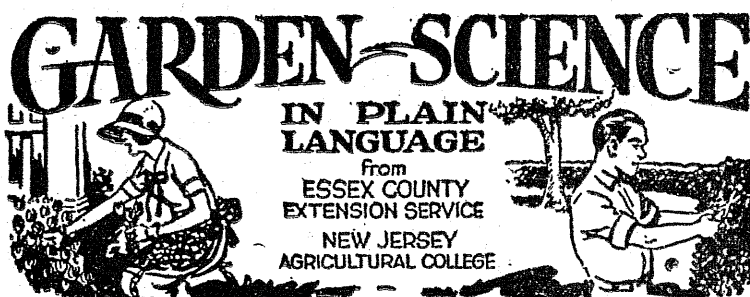

MEN AND MONEY

IGNAZ SEIPEL, former Chancellor of Austria, who died recently, left as his entire estate a library of fair size, a gold watch, and a few banknotes from his last salary stipend which he had not yet spent.

Like Aristide Briand of France, who died comparatively poor, Seiipel had done more for his country than any of the capitalists or wealthy landowners. Money had never interested him because he gave all his thought to the church and to the state. Most people thing so much about money that it is worth while now and then to have a reminder that there are other things in life.

FOR HEALTH

FOR the past two summers, fashion experts have decreed that women shall not acquire the heavy tan which became the vogue in the seasons preceding. But with the same independence that they showed in sticking to comfort length skirts, they have disregarded the edict to remain pale. The beauty culturists have noticed that women have decided that the summer coating brings the look of health. To look healthy, is to look attractive. The ladies know this, they feel better, and that suits them and mankind in general. Which is a good thing for everyone concerned.

Plan Now For Next Spring's Garden

By A. C. McLEAN.

There is no time like the good old summer time for planning the early spring garden. Pansies, English daisies, forget-me-nots, violas—all should be planted immediately if they are to bloom next April and May in the flower bed. The ideal spot for the seeds of these perennials is a corner of the garden where the soil can be kept moist without being too heavily or too frequently watered.

Plants of these varieties may be purchased from a florist in the spring. The true gardener, however, derives more satisfaction from raising his favorite blooms from seed to the flowering stage. He gets more joy from a fully developed, flowering plant that he has cared for from the day he planted the seed than from one raised from the florist's store of young plants.

Plant the seeds in a soil that has been well prepared and for the foregoing perennials a fine, friable loam is most desirable. A sowing that is about twice as deep as the diameter of the seed to be planted is best. Shade the seeded area with burlap, muslin or slate. As soon as the pansy seed is well advanced, remove the shade for these plants will thrive when exposed to full sunlight. Transplant pansy seedlings as soon as they are large enough to be handled into well drained soil. Seedlings of the other plants may also be transplanted when they can be easily handled.

The viola embraces botanically the entire violet and pansy family, but practically all forms of the plant are varieties of Viola cornuta or crosses of this and other species. Since the Jersey Gem was first brought out there has been a revival in the use of violas in American gardens, for they seem peculiarly well adapted to New Jersey's climate. The Jersey Gems look like miniature pansies but are more profuse in their bloom than the average pansy plant. Gardeners who have never grown violas before should try to grow a lot of them from seed; they may be successful in obtaining a type that will withstand the heat of summer days.

Staff members of the New York Botanical Garden and the Brooklyn Botanical Garden cooperate with the Extension Service of the New Jersey College of Agriculture and Experiment Station at New Brunswick, New Jersey, in presenting the Radio Garden Club programs. The fifteen minute program is conducted each week by Dr. R. P. White, ornamental plant pathologist at the College of Agriculture and Experiment Station, who devotes part of the time to a discussion of timely garden reminders for the week.

Most violas are at their best in the spring or fall. They are easily propagated from cuttings, too, but this work should be delayed until September. August heat is not conducive to the best developments of the roots. Place the cuttings in sand and be sure that they are partially shaded.

Further information on this and other garden, flower or agricultural questions may be obtained from the County Extension Office, R. E. Harman, County Agricultural Agent, Caldwell. (Phone Caldwell 6-0572).

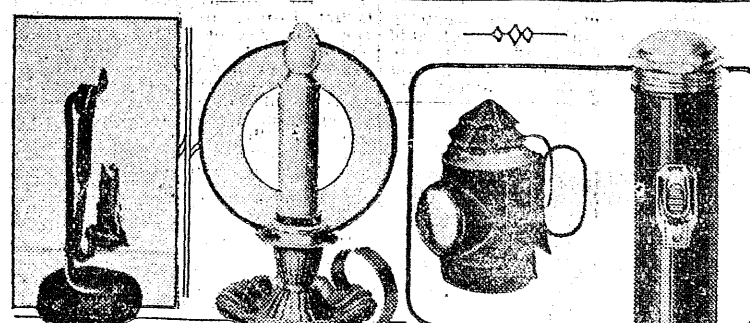

RADIO GARDEN CLUB PROGRAM

Rose lovers were told how to prune and fertilize their favorite plants when Dr. B. O. Dodge of the New York Botanical Garden discussed "Fungous Diseases and Insect Pests of Roses," on the Radio Garden Club program broadcast Monday morning, at 10:45 over Station WOR.

Dr. Dodge, guest speaker on the Garden Club program, believes that the time and money involved in the control of fungous diseases and insect pests on rose bushes in the ordinary garden is small in comparison with the amount invested in the grounds, fertilizer, plants, cultivation and general care of the flowers. He discussed mildew, black spot and brown canker, the three principal fungous diseases affecting roses, and those insects most destructive to the plants growing in the east. Dr. Dodge also described rose troubles caused by faulty fertilization and non-parasitic agents and he told some of the advantages to be gained by dusting in controlling disease and insects in the average rose garden.

Staff members of the New York Botanical Garden and the Brooklyn Botanical Garden cooperate with the Extension Service of the New Jersey College of Agriculture and Experiment Station at New Brunswick, New Jersey, in presenting the Radio Garden Club programs. The fifteen minute program is conducted each week by Dr. R. P. White, ornamental plant pathologist at the College of Agriculture and Experiment Station, who devotes part of the time to a discussion of timely garden reminders for the week.

Two Thousand Years of Light; A Story of Romance and Victory

Man's struggle for the comforts and conveniences of light—more and better light—is graphically told in an exhibit of lighting devices assembled and arranged by National Carbon Co. It is the story of "Two Thousand Years of Light." The exhibit was opened to the public at 306 Madison Avenue, New York.

While this collection of lamps includes many from early Greek, Roman and Egyptian periods, including some excavated from the ruins of Pompeii, the majority of the pieces are of the Christian era and cover fully the history of portable lights in America.

There is, for instance, the Iron Betty lamp, a swinging receptacle to hold animal fat and a fiber wick, the type of lamp which the Pilgrims used on the Mayflower and with which they lighted their crude abodes after landing. There is the Schmutz Lamp, somewhat of similar design used by the Pennsylvania Dutch; the Paul Revere lamp and then the iron basket which was used for street lighting; this was filled with burning braids and gave an uncertain and flickering light, but it was the forerunner of modern street illumination. There is also the early "bull's eye" used for so many years by night watchmen and the police.

In contrast with these ancient devices, National Carbon Company's modern flashlight, handy table light which snaps on and off with the lifting, and the new wallite which operates from small batteries, forcefully demonstrate the rapid strides made in recent years in producing the most convenient and efficient of portable lights.

YOUR TEETH

Their Relation to Your General Health

By the Educational Committee of the American Dental Association

IT'S EASY TO BE HEALTHY

One of the outstanding facts uncovered by modern scientific research is that no mysterious formula is needed to achieve good health. Savages used charms, and people of other ages were constantly going to quacks for specialized advice. But today we know that, generally speaking, the man who takes care of himself, eats wisely, and gets proper exercise and sleep, needs very little professional care to assure him a rugged constitution and a long life.

Preventive measures do more toward promoting good health than anything else in the world, and the best preventive measures are those that keep the body in normal, healthy condition every day.

But a clean, healthy body, like a clean house, needs constant attention. And just as the doorstep of the house must be scrubbed regularly, so must the teeth, as the front door of the body, be properly cleansed at all times.

That is not all. Teeth are often barometers by which you may read the condition of the body as a whole. If your teeth show signs of decay, even though clean, it is probably an indication that you are not eating the proper foods. A bad diet is often reflected first in the break-down of your teeth. And if you do not have enough fresh vegetables, fresh fruits—especially of the citrus variety—and fresh milk, your teeth will be affected and their poor health will be a detriment to the entire body.

Take care of your teeth, give them the proper food and keep them clean, and your whole body will benefit.

So will your pocketbook. Preventive dentistry, like preventive medicine, costs almost nothing and is best conducted at home. You can be your own best doctor and dentist. But if you do not do the job properly and consistently, you will create a job for the dentist and a bill for yourself.

Think of your teeth, and you will be able to forget your dentist most of the time.

Forget your teeth, and they will soon remind you, painfully, that you must go to the dentist and run up a large bill.

(This newspaper will be glad to receive questions from readers about teeth, mouth hygiene or dental health. The questions will be answered authoritatively but anonymously by outstanding dentists selected by the American Dental Association. Enclose a stamped, self-addressed envelope for return.)

SLAT'S DIARY

By ROSS FARQUHAR

Friday — They are a new family moved into Mr. Crunche's property which is just a few miles from Germany and they got a little boy one 4 yrs. old and he can talk German all ready. The funny part of it is that he learnt German before he learnt American so I guess he must be pretty smart.

Saturday — Mrs. Gillems Sister got back home last night from her trip over into Washington county and she brought home a lot of new things. She says it must be a loan some road because they seen the same fellow they hit in the morning when they came home last night.

Sunday — well today when the fire alarm rung and they said the fire was out at the skool House me and Jake got discouraged but cum to find out it was just a pile of trash out on the athalettick field.

Monday — I told Jane I lost My 1/2 a dollar today and it wood be kinda tuff becuz we had intended to go to the Lon fate and she sed Dont let that worry you I feel offe sorry for you losing yure 1/2 a dollar and I will think of you if I don't see you. Mebbhy she thinks I am not a going to the Lon fate. well I have a No-shum to not go with her.

Tuesday — Mrs. Gillems sed when she got married to her husband the intire Ceremoney oney tuk a minit and a 1/2. Pa sed he fell out of a Up staves vinder once in less time than that.

Wednesday — Ole man Crunche has been deaf for several yrs. and yesterday he got wired up with a new fangle thing to make him hear and hes lissened to the raddio las nite and this morning he throwed away his new fangle thing to make him hear.

Thursday — I went down to Uncle llems this morning and he lent me his gun and he sed if you see enny thing let it have both Barrels and I seen a big black Snake and slung the hole gun at him, and returned to the house very recently.

Items Of Interest Taken From Here And There Outside Of Belleville

"For real competition individual states, not the whole United States, should be entered in the Olympics," says The Independent Press of Bloomfield. "There are few countries large enough to present any real sport when pitted against the best athletes from among our 125,000,000 people."

Says the Metuchen Review: "The business men of Johnstown, Pa., showed far more common sense and American enterprise than did the Washington authorities in their dealings with the unwelcome presence of the Bolshu Expeditionary Force."

"The Washington attack upon the ragged veterans made martyrs of them in the eyes of many people. It is the old story of the wind and the sun in their efforts to make the tattered traveler remove his coat. The violence of the wind only made him button it the tighter, while the smiling warmth of the benevolent sun led him to remove it of his own accord."

"They could have been rebuffed from Washington just as easily from Johnstown. Had the proper methods been used, the Washington outrage would go down into history as one of the most tragic blunders ever committed by American governmental authorities—and what is more important, it is calculated to raise in the minds of many people some doubt as to whether human life is held as sacred as it should be by those in power."

The Observer in Kearny and Arlington declares: "The brilliant performances of such negro athletes as Tolan, Metcalfe and Gordon in the recent track events of the Olympic games will be a source of great satisfaction to those interested in seeing the colored people get a square deal and the respect which is due them. Tolan and Gordon are today the greatest sprinter and broad jumper respectively in the world, and in thus bringing honor to their country they have brought honor to the race which produced them. It is incidents such as these which will eventually dissolve the absurd racial hatred between the white and black men and lead them to a more complete mutual understanding and appreciation."

The Maplewood Record extends sincere congratulations to the officials and residents of Maplewood on completion of the new Township Hall, soon to be dedicated with appropriate exercises in which everyone living in the municipality will be asked to participate.

"Something that has been the dream of the community for years and something that will do much to add to the municipality's prestige and tend to even greater development has been achieved by the construction of the municipal building," the paper adds.

Down at Seaside Heights the Ocean County Review finds championship regattas, fire carnivals and social activities in full swing.

The snappy Pleasantville Press and The Ventnor News tells of \$500,000 to be spent there on road and commercial betterment. Mayor Jackson has thanked editor Kenneth W. Goldthwaite for his "untiring efforts, in bringing this improvement to Pleasantville."

"Pleasantville will be the largest city on the Black Horse Pike, and I believe your special edition of the Pleasantville Press, setting forth our advantages as an industrial city, may sow the seed in the minds of other manufacturers, who may be contemplating a change of location at this time," said the Mayor.

A "bungling burglar," was scared off entering five homes recently reports the Metuchen Recorder.

"All township employees, who accepted a reduction in their salaries are entitled to the gratitude of the taxpayers," says the Hillside Times, discussing a situation that has not as yet reached all agencies of the town.

"The hottest spot in Ridgewood is the northwest corner of Municipal Park, where Van Neste square and East Ridgewood avenue join. It could be made the coolest and most inviting."

"Why not?" asks the Ridgewood News. "The Shade Tree Commission is invited to consider the idea."

Discussing better business ethics, the Irvington Herald says: "It is a wholesome sign of the times that business and professional men are much concerned over the ethics of their own particular occupations. Many trade associations, service clubs and other commercial bodies have committees on business standards and printed codes of ethics to guide their members. Colleges and universities offer lecture courses on the subject. Books are being written on it and there are organizations dedicated to the improvement of the standards of business conduct."

"Speed, while one of the blessings of modern life, is also one of its greatest curses. Applied to industry, transportation and commerce, it has advanced civilization to a point where life, while infinitely more complex, seems easier to live," states the Westfield Leader.

"Yet the benefits of speed have been attended by serious disadvantages, especially as applied to the modern automobile."

HIGHLIGHTS and HEADLINES

By LILLIAN THOMAS

I'll fight my foes with wit and humor, Worry not about a rumor; Greet reporters, be a talker, Just like famous Jimmie Walker.

Hoover offered twenty points as personal platform on which he will stand for re-election. The twentieth point contradicts the fourth.

But the platform is a GOOD one—strong enough for Herbie and his Cabinet to stand on and not fall through.

While Herbie bares his intentions to his countrymen, Frankie is knitting a red garment for Jimmie to wear and for all the world to see.

Now that both Presidential candidates are sort of wet in one way or another, all we need do on election day is to close our eyes and play eenie, meenie, minee, moe.

To the W.C.T.U. we suggest that they pitch a tent somewhere in the Sahara Desert.

To be a salesman no genius is required. All you need is a pillow stitched to the seat of your pants.

Prosperity is with us again. Seabury bought a new straw.

ANOTHER MIX-UP

(Continued from Page One)

that he was driving through Belleville last June when another automobile collided with his. His legs were slightly crushed and his stomach was jammed against the steering wheel, wounding him.

In this condition he was taken before Police Surgeon Vail, he said and pronounced intoxicated. He was then taken before Recorder Fitzsimmons, who fined him \$225 and suspended his license for two years.

Ersrowsky said he telephoned his son, and arrived with three physicians and money to pay the fine. The physicians examined him and signed statements that he was not intoxicated, but suffering from the effects of the accident. On the basis of their testimony, Fitzsimmons suspended the sentence. He received his driver's license back, but never got the \$225, Ersrowsky told Williams.

Fitzsimmons said that the delay was in Ersrowsky's not getting in touch with him. He said he had mailed a check for the amount Monday to Sidney Simandl, attorney for the defense in the case.

The case was considered by the police at first as one of drunken driving, but Ersrowsky was found not guilty. Fitzsimmons at the hearing several days later returned Ersrowsky's driver's license, but reserved decision until June 8, when he dismissed the case. Ersrowsky left the court at that time without asking for the bail money.

According to Commissioner Williams, Fitzsimmons appeared briefly before William Burton, representative of the State Department of Municipal Accounts, Friday morning.

He requested to be allowed to produce records and papers and agreed to return at 1 P. M. He failed to appear, the commissioner said, and Friday night the special meeting was called by Williams and Carragher.

Clark said that he, on June 30, requested the special cash audit which was to have been concluded Friday.

Patrolman Richard Nourse, appointed clerk of the recorder's court March 22 by Clark, said it had been his demand that an audit be made before he took over handling of fines July 1. The audit was requested to July 1 by Clark, and Williams said it would be made. Just recently Williams learned this year's fines had not been paid the county and ordered a cash audit to date.

Recorder Fitzsimmons said he attempted to meet the state auditor at the Town Hall Saturday, but the auditor was not working. The recorder called Trenton and made a date to meet Burton Monday morning. This was done before Fitzsimmons was suspended.

The recorder also visited the Hall of Records Saturday morning to go over the accounts. He said he would issue a statement later making his position clear.

Fitzsimmons arrived at the Town Hall at 10 A. M. Monday to go over his books with Burton.

"There was no need for all this shouting," remarked the recorder. "I have been behind in making returns to the county, I admit, but I always have squared accounts in the past and would in this instance had I not been especially busy with the affairs of the veterans' post. I mailed a check for \$985 to the county treasurer today."

FIGURELLI

(Continued from Page One)

for 1931, with the exception that \$800 is outstanding for bail in appeal cases. Fitzsimmons was asked through the messenger to render a report on the \$415. Fitzsimmons said he was making up an itemized list covering the amount.

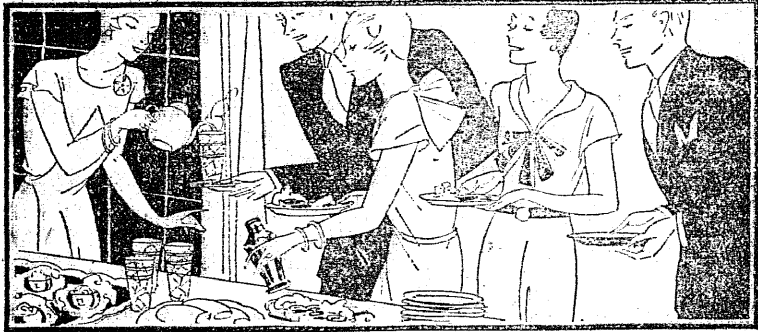

MARATHON

(Continued from Page One)

Chicago, one of the timekeepers, and Miss Eliza B. Young of Atlantic City. Rev. Benedetto Pascale, pastor of the Italian Baptist Church of Silver Lake officiated at both ceremonies. Both brides were contestants in the marathon but Mrs. Merlino dropped out of the race last week. George Cole, V. F. W. tenor, sang.

Almost All Meals in Summer May Be Served Buffet Style

By JOSEPHINE GIBSON
Director, Heinz Food Institute

SUMMER meals should be informal, comfortable affairs; and serving buffet style not only lessens the work for the one who is preparing and serving the food, but provides a welcome change. Buffet service also is suitable for a group too large to serve at the table. It is simple to place the attractively garnished serving dishes—for the most part of cool, crisp foods—on the table with silver and linen close by, and allow guests to serve themselves. Almost all summer menus may be served this way.

Chicken Salad Sandwich Rolls* Hot Potato Chips
Preserved Sweet Gherkins Spanish Green Olives
Molded Mixed Vegetable Salad*
Jelly Refrigerator Roll Iced Tea
Creamed Ham and Olives* Buttered Peas
Fresh Cucumber Pickles Hot Rolls
Molded Fruit Salad
Jelly Jumbles

(* Indicates that recipes are given below.)

Chicken Salad Sandwich Rolls—Slice bread lengthwise of the loaf, having it about 1/4 inch thick. Trim the crusts and place the slices of bread in a damp linen cloth so they will roll easily. Allow to stand at least half an hour before rolling them. Prepare Chicken Salad according to the following recipe: To 2 cups cold chicken cut in cubes, add 1 1/2 cups diced celery, 1 teaspoon salt and 2 hard cooked eggs, saving several well formed slices for garnishing. Moisten the chicken, celery and eggs, using Mayonnaise Salad Dressing. Spread the slices of bread with butter and then with a layer of the chicken salad and roll firmly. Garnish each salad roll with a slice of hard-cooked egg and slices of Stuffed Spanish Olives.

Molded Mixed Vegetable Salad—Soak 1 tablespoon plain gelatin in 1/2 cup cold water for five minutes and dissolve in 1/2 cup boiling

water. Add 3 tablespoons Pure Vinegar, 2 tablespoons lemon juice, 3 tablespoons sugar and 1 teaspoon salt. When this mixture begins to thicken, add 1 cup diced cucumbers, 1 cup thinly sliced radishes and 1 cup chopped cabbage. Pour into a large mold or into small individual molds to chill. Then unmold in nests of crisp lettuce on a large platter. Place the platter on the serving table and garnish with Mayonnaise Salad Dressing.

Creamed Ham and Olives—Melt 2 tablespoons butter in a saucepan, add 3 tablespoons flour and stir together until well blended. Add 1 1/2 cups milk and cook until thick. Add 1 1/2 cups cooked diced ham and 1/2 cup Stuffed Spanish Olives, sliced, and heat thoroughly in the sauce. Add a few drops Worcestershire Sauce and a dash of pepper. Serve on a platter on slices of buttered toast and allow each person to serve himself.

ment at the Marathon during the past week was the initial appearance of the "Mona Loa Hawaiians," a musical group composed of entirely string instruments. These boys will be at the park again this evening and will appear every Friday thereafter.

This group is composed of four Jersey boys under the direction of Arthur Schawli of Hillside. Mr. Schawli was formerly with the Hawaiian Conservatory of Music, in Hawaii. He has had experience with well known groups of this type and is well on the road to winning popularity for his own group.

In addition to their appearance at the Marathon, these boys are heard over Station WGCP in New York every Sunday afternoon. They also played in the Riverside Grill, on Riverside avenue, Lyndhurst, at its grand opening last Saturday night. They will be heard at the Grill on Saturday nights from 8 o'clock until 1 A. M. The Grill is owned and operated by Frank Durando, brother of Joe Durando, local automobile salesman.

Plan Band Concert

(Continued from Page One)

assures them that they will be greatly benefited and deeply impressed with the interesting and worthy selections rendered, says Robert A. Nebriq, director of recreation.

The program August 26 is as follows: March, "Spirit Invisible," Brand; selection, "The Wizard of the Nile," Herbert; "Colinette," Beaumont; "Pretty Dick's Chat to Me," Vangucci; overture, "Phedre," Massenet; patrol, "Ole South," Zamacnik; "The Lion Chase," Kolling; songs selected, Joseph P. O'Toole; intermission, singing of "Star Spangled Banner," Key; fantasia from "Lohengrin," Wagner; "Irish Patrol," Puerner; selection, "You're in Love," Friml; Idylee, "The Forge in the Forest," Michaelis and finale, "The Washington Grays," Grafulla.

Excursion To Beach Not All Pleasure Fists Fly And Women Faint On Chartered Boat

Women fainted and sea-going members of the Park View Social Club were on the verge of a riot when Captain Frank J. McBride docked the S. S. Sea Gate early Monday at the Center street municipal pier, carrying more than 300 persons, who went on an excursion to Rye Beach, New York Sunday.

The trouble began early, shortly after the excursion steamer left the first bridge (Rutgers street), Belleville, on the Passaic River. The club, according to Captain McBride, had agreed to pay \$350, at the rate of \$1 a person, for the round trip to Rye Beach.

Members gave the captain \$195, and he agreed to take the party if he received the returns from concessions to make up the difference. This part of the contract, the captain said, was not carried out.

Halts At New York Upon leaving Rye Beach on the return journey, Captain McBride said he was going to put in at Pier A, the Battery, New York city, to land his passengers, leaving them to make their way home to Belleville as best they could.

With this announcement, more trouble began. Fights took place and five women fainted. Diana Martino, 20, of 351 Summer avenue, Newark, was among those overcome. She was taken to Bellevue Hospital in an ambulance, where her condition was reported favorable Monday. Finally New York police told the captain to proceed.

After two hours of argument with members of the club Captain McBride agreed, on account of the women and

children, to continue to Jersey City piers without further pay, so that his passengers could take trains and trolleys home.

Again in Jersey City Captain McBride and his good ship Sea Gate were met by the police, who refused to let him discharge his passengers. Captain McBride was told that he would have to proceed to Belleville.

Makes For Newark
The captain explained that the low tide would not allow him to take his passengers back to the Rutgers street bridge and agreed to dock at the Center street pier, Newark.

Captain Rowe, headquarters, detectives and ten patrolmen were rushed to the municipal dock from the First precinct to preserve order. The Sea Gate discharged its remaining passengers at this dock.

Most of the passengers were agreed that the excursion had been interesting and misunderrstanding to be classified as a pleasure outing. They left the dock in taxicabs, trucks and cars of friends.

Captain McBride was told by the police to leave for his home base at once. He said his boat docks at the Atlantic Yacht Club, Brooklyn, and is owned by the Sea Gate Corporation. He declared there was no damage to his property, but that he still had \$155 coming to him.

OBITUARY

Frederick W. Bridge

Frederick W. Bridge of 17 Wayne place, died Monday after a long illness. Mr. Bridge has been a resident of Nutley for the past twenty-two years. A solemn high mass of requiem was offered at St. Mary's R. C. Church, with the Rev. James J. Owens officiating, Wednesday morning.

In addition to Mrs. Martha Bell Bridge his wife, he leaves five sons, Charles, of Nutley, a member of the local fire department; Edward, also of Nutley, a member of the Essex County Park Police; Frederic, Jr., of Orange; Frank, of Belleville, and John, of Newark; also, two daughters, Martha and Marita, of Nutley.

Boys Use Telephone, Public Service Says Free Service "Newest Rack-et" Nutley Bluecoats Believe

Free telephone service from an open air booth is the newest racket to come to the attention of the Nutley bluecoats.

About 9:30 last Saturday night the police were advised by the watchman at the Big Tree carhouse of the Public Service on Washington at Hancox avenues, that someone was using the telephone affixed to a pole on Passaic avenue at Glendale street. The watchman said he believed the culprits to be boys.

Town Employees Go Without Their Pay First Time In Twenty-Two Years Checks Have Been Held Up

For twenty-two years town employees have been paid semi-monthly by check.

This week employees at the town hall, police and firemen went without checks on the pay day. About \$9,000 was payable Monday.

Commissioner Williams, director of finance, would make no statement nor would he predict when the salaries would be paid. He said that the treasurer was short of ready cash and he appealed to the taxpayers to make at least partial payments on overdue taxes and assessments.

Cool, Crisp Salads Aid Meals When the Thermometer Soars

By JOSEPHINE GIBSON
Director, Heinz Food Institute

COOL, crisp salads have appetite appeal when the thermometer soars. Salads may be greatly varied and they should occupy an important place in warm weather meals. The more substantial may be the main course for luncheon or supper; the dairy, appetizing combinations of fresh fruits in salads may take the place of dessert, and those of seasonable vegetables and greens with flavorful dressings should be generously woven into every day's menu. Recipes below are for salads of varied types:

Country Salad—3 cups diced tongue or other cold meat, 3 hard cooked eggs, 1 cup shredded cabbage, 1 small minced onion, and 1/2 cupful Fresh Cucumber Pickles, diced finely. Moisten using 1/2 cup Mayonnaise Salad Dressing. Mix well and season with salt, pepper and 1/2 teaspoon Prepared Mustard. Chill and serve in deep, crisp lettuce cups, garnishing each serving with a slice of Fresh Cucumber Pickle.

Molded Olive and Nut Salad—Dissolve a package of 1 1/2 cupfuls boiling water and when slightly thickened, fold in 1/2 cup chopped nut meats and 1 cup Stuffed Spanish Olives, sliced. Pour into individual molds, chill and serve in nests of lettuce. Serve with Mayonnaise Salad Dressing or Salad Cream.

Luncheon Salad—Heat 1 medium can Cream of Tomato Soup to the boiling point. Add 1 1/2 tablespoons plain gelatin that has been soaked for five minutes in 1/2 cup cold water. Add 2 packages soft, white cream cheese and 1/2 cup Mayonnaise Salad Dressing. Mix thoroughly, using a Dover beater. When chilled and beginning to thicken, add 1/2 cup diced celery, 1 green pepper chopped, and 1/2 cup Stuffed

Spanish Olives, sliced. Mold and serve in lettuce nests, garnishing with slices of Olive. This recipe serves 10.

Golden Gate Salad—Mix 1 cup honey ball melen or cantaloupe cubes, 1 cup pineapple cubes, 1 cup fresh peach cubes and 1 cup diced marshmallows. Chill fruit and moisten with Mayonnaise Salad Dressing. Heap generously in halves of chilled cantaloupe or small honey ball melen, from which part of the center has been removed. Over top, place a mound of whipped cream into which has been beaten Chrent Jelly. For each cup of whipped cream, use 2 tablespoons strained Current Jelly. Serve in nests of crisp lettuce.

State Audit Report

(Continued from Page One)

age, with the exception of 24 cents, were deposited Monday and Tuesday of this week.

Loose bookkeeping methods and an inadequate system of accounting are indicated in the report as having prevailed in the recorder's court. Fitzsimmons' books consist of two dockets and two cash books in which are kept separately the motor vehicle fines and costs and the fines due the town. The cash books were used more to indicate cash receipts than as a record of both receipts and disbursements. In other words a complete record of disbursements was not kept.

Some of the stubs in the check book were not filled in and some of the canceled checks were missing. It was therefore difficult for the auditor to prepare a complete set up of the recorder's disbursement.

The police dockets were checked against the recorder's dockets to get an accurate statement of amounts which should have been paid to the treasurer of Belleville, and the treasurer and county clerk of Essex. It was found impossible to check cash bail, as no permanent record of bail deposits was kept. If any claims for bail deposits other than those disclosed by the investigation are made such claims will be additional charges against Recorder Fitzsimmons.

Some checks were drawn on the recorder's account made out to "cash" and indorsed by the maker. In other instances checks drawn payable to "cash" and paid without indorsement. This practice was condemned by Commissioner Darby as bad business which should be discontinued. If a fine or bail is returned, the commissioner said, the check should be made payable to the person to whom return is made. Recommendation by Commissioner Darby for the future conduct of the recorder's office includes the following:

That a definite date be fixed for payment to the town treasurer by the recorder and that such payment be specific both as to period and amount.

That the statutes be complied with in connection with payments to the

county treasurer by the recorder. That a cash book be kept setting forth in detail both receipts and disbursements.

That deposits be made for a specific period and in definite amounts so that it may be possible to check or verify a given day's receipts against an actual deposit.

That deposits be made immediately after receipts of the fund.

That the recorder keep a detailed record of all cash bail deposits and refunds and that he reconcile the bail account as well as the other funds of which he is the custodian with the bank balance at least monthly.

That recorder make no checks payable to the order of "cash."

That the docket of both the police department and the recorder be continued as permanent records.

That the town commissioners keep in mind that any additional claims on bail other than the items mentioned in this report will be a charge against the recorder.

The bail items referred in the court were \$225 involved in the Samuel Ersrowsky case and \$200 in the Frank Laterza case.

Milk Thefts Cleared Up In Trio's Arrest

Men Admit Stealing Milk To Recap And Resell To Trade

The thefts of milk which have been reported from various parts of Nutley during the past few weeks were, police believe, cleared up Monday night with the arrest of Joseph Vicarra, 19, of 497 Greylock avenue; Frank Jancarelli, 20, of 500 Greylock avenue, and Dominic Scarpelli, 18, of 33 Greylock avenue, all of Belleville.

Health Officer Eugene H. Sullivan said Tuesday that he had suspected Vicarra from the first, basing his suspicions on the fact that Vicarra had been employed by Cerami's Dairy not long ago before branching out for himself.

Police have been on the lookout for him and when they failed to catch him red-handed, determined to follow his every movement.

Early Tuesday morning Chanceman Fred Wunsch caught Jancarelli as the latter was coming out of a house at 10 Walnut street. Jancarelli was carrying a bottle of milk capped with a top belonging to Hoffmeister's Dairy. The patrolman arrested the trio and took them to headquarters where they were questioned by Police Captain John Jameson and confessions obtained.

Jancarelli said that he stole the milk for Vicarra for whom he worked. Scarpelli also confessed. Police say that Vicarra stole the product of other dairies and recapped it with his own caps. When searched by Sergeant Stager, Vicarra was found to have four caps in his pockets which bore the names of the Forest Dairy, of 17 Forest street, Lyndhurst, the Welch Dairy of North Arlington and Long Valley, and Cerami's Dairy of this town. The prisoners were then taken on a tour of town and pointed out a dozen or more place where they said they had replenished their stock.

They were held in cells over night and were arraigned before Acting Recorder A. Theodore De Muro in Criminal Court Wednesday. Health Officer Sullivan said today that he will revoke the license of Vicarra and that the latter is subject to trial on several charges among which is mislabeling milk, a health code violation.

The men when arraigned before Recorder Charles Young, pleaded guilty through counsel to having stolen the milk, but added that they had purchased some from Cerami's dairymen. This Cerami denied. Vicarra said that he was prompted to take the milk because of a grudge he harbored against Cerami and said that he realized the seriousness of the offense. He was represented by Abraham Seigel, counselor at law.

In passing sentence Judge Young said that if restitution was satisfactory to those interested, he would order Vicarra to pay for the milk taken, which totalled about 350 quarts. He paid \$50.

DO YOU KNOW WHY --- They Don't Count Years or Age Any More?

Drawn for this paper By Fisher

Doings in the Field of Sports

..This Whirl Of Sport..

BY ARTHUR BLOEMERKE

WHO IS HE?

THE question of who is going to become the next Belleville High football coach continues to be a very much debated question. No definite action as to the coveted appointment has been taken by any of the school authorities on the matter as yet. A last minute appointment seems to be the policy to be followed.

Of course, though nothing official has been announced, rumors continue to permeate the atmosphere. The latest has it, and on pretty good authority too, that an outsider is going to secure the job. By an outsider we mean someone new to the local system, and not one of the quartet of McBride, Chapman, Spotts and Kittle, who served in assistant coach capacities in other seasons.

Who is that outsider going to be? "Red" Buchanan, a ball-carrying flash while attending Temple University and more recently grid coach at Burlington High, down South Jersey Way, appears to have the "inside track."

That, most certainly, is no prediction. Merely a rumor, though a pretty strong one.

At any rate, the problem will likely remain unsettled until just before the opening of the football season, which is not many days away.

THE ELKS COME THROUGH

IF the Elks win the American Legion Twilight League bunting this season, which is not the most unlikely thing in the world, they can attribute much of their success to their uncanny ability to win against St. Peter's.

In other years, the opposite was the case. St. Peter's was consistently the stumbling block in the path of the Hello Bills.

Last week, the Elks maintained their perfect record against the Saints, winning a hair-line decision. In games between the two teams this season the Elks have won two, both by one-run margins, and tied the third.

That record has meant all the difference in the world to the two teams. St. Peter's, once sailing proudly at the head of the field, with a two game margin, no longer occupy the top rung, which is held now by the Elks.

The results of the St. Peter's-Elks season's series meant just that difference.

GOING UP

ONE of the best infielders ever turned out at Belleville High seems to be on the high road to success in the baseball firmament.

Charley Christell, who cavorted around third base for the Bell-boys for several campaigns, is the man. He is the type of player who improves with every game. Has all the natural equipment for an A-1 performer, and can listen to advice as well.

Bert Daniels, well-known Nutleyite who at one time was a star outfielder for the New York Yankees, is one of Christell's main boosters. Watching his all-around fine work at the "hot corner," Daniels signed him up a month ago to play with his strong semi-pro nine, the Paterson "Pros."

Since then Christell has been a sensational success up in the Silk City. The first three games he played averaged three hits per contest. In one game, against the famous House of David Team, he combed the slants of "Moose" Swaney, who served 'em up not so long ago for the Newark Bears, for three hits.

Last Sunday, he played well for the Paterson club against the Bacharach Giants.

Just a real good ball-player, who should get somewhere.

Brightons Win In

Slugging Battle

Local Lads Topple Over The

Bluebird Nine

19-12

A slugging bee was staged at Belwood Park Sunday afternoon, when the Brightons and Bluebirds locked horns, the former taking the long end of a 19-12 score. The Bluebirds, touted as a strong aggregation, came, saw and were conquered by the winners' heavier slugging.

Herb Foster, the only available pitcher, was forced to toe the mound again, after twirling both games of the previous Sunday, and probably due to overwork was hit rather freely during the early stages of the game, but steadied during the last four frames when the opposition could score but one lone marker, while Kislowski of the Bluebirds weakened and was forced to give way to McCloskey who was roughly handled in the only inning he twirled, the eighth, for five hits and six runs, and put himself further in the hole by issuing two free passes.

The victors obtained twenty-one hits, the losers seventeen. Dodd had four hits, one a double; and Welsh, Deleagro and E. Caruso helped themselves to a trio of base knocks each. The same three, aided by Peacock, gave Herbie Stellar support; Welsh nipping runners off the sacks, while Deleagro, Peacock and E. Caruso made sensational catches. Deleagro got the longest hit for his side, a triple. Welsh and Dodd had to be contented with doubles. Every player of the Brightons hit safely at least once.

Kaminski of the Bluebirds had a good day with the stick with four hits, one a triple, while Plen, Smith and Wallis had had three each. Smith at short stopped many balls labeled for hits, and prevented a higher score.

Herb Foster fanned seven, and issued but two passes. Kislowski and McCloskey struck out nine and walked three, A. Caruso being set down four times via the strikeout route.

This Sunday the Brightons will take on the Brick Church Ramblers in a double bill at Belwood Park, the first game to start at 1:15 P. M. Parrillo, Foster or A. Caruso are likely mound choices.

Gordinier Blanks The A. A. With Four Hits

Fists Fly And Women Faint On Chartered Boat

Carl Gordinier blanked the Belleville A. A. with four hits, Monday night, at Clearman Field, to lead the Elks to a 3-0 win over the Noonanmen, in the local American Legion ball loop.

The A. A. nine was held entirely helpless before the left-handed wizardry of the ace Elk flinger, who scattered their quartet of bingles over as many innings.

Tommie Byrnes, A. A. south-paw, was a foe worthy of Gordinier's steel, but he could not quite match the peerless perfection of the Elk twirler. Singles by "Butch" Kastner and Jim Mallack, following Derrico's game-opening double, rocked Byrnes for two runs in the very first inning, to sew up the game.

Kappeler's single in the third scored Kastner with the final Elk tally. Tommie Byrnes connected for two of the four hits his side could amass from the offerings of Gordinier.

Bachelors Hold First Place Pace With Elks

Beliski's Pitching Features

7-1 Victory Over The Belleville A. A.

The Bachelors continued to match the hot pace of the fast-stepping Elks, Friday night, at Clearman Field as they disposed of the Belleville A. A., 7-1, in an American Legion baseball battle.

Lou Beliski, right-handed curver of the Bachelors mound corps, was at the peak of his form in subduing the Noonanmen. He permitted but three hits, scattered over as many innings. The lone run the A. A. could muster was of the unearned variety.

Hillcrest Tennis Club Prepares For Tourney

Doubles And Singles Championships Of Town To Be Decided

The Hillcrest Tennis Club will start its annual town championship tennis tournament, Saturday afternoon, at its own courts.

Play will be conducted in both singles and doubles. The singles will get under way, Saturday afternoon at 2 o'clock while the doubles will start Sunday morning at 10 o'clock.

The entrance fee in either branch has been fixed at \$1 per person. An entry blank properly filled out, together with the fee, must be sent to William A. Rachel, 19 Mertz avenue, to insure participation in the tourney. Entry blanks may be secured from members of the Hillcrest club. No matches will be scheduled for over Labor Day.

Casale's Pitching Features Capitol Win

Locals Win 2-0, 7-4 In Week-End Double Header

Ral Casale blanked the Davis Cardinals with three hits at Harvey Field, Kearny, Saturday afternoon, as the Capitol Theater ball club captured a 2-0 decision for their ninth win of the season. A 7-4 win over the Kearny Robins, Sunday, was also recorded by the Capitols.

Casale twirled heady ball the entire nine innings in coming through with the best pitched game of the Theater boys' season. He held the Kearnyites completely in subjection for the first six frames permitting them but one safe blow. The losers collected bingles in both the seventh and eighth innings, but Casale's ability to bear down in the pinches, as well as some splendid support furnished him by his mates stopped the Cardinals dead in their tracks.

Knight's pretty swinging bunt down the first base line on a squeeze play sent Golden in with the first Capitol run in the second inning. Knight personally brought in the second run, after opening the seventh with a single.

The locals made it two in a row over the week-end, downing the Kearny Robins, 7-4, Sunday afternoon at Belleville Park.

"Fuzzy" Ryder took the slab for the Capitols in this one and was never pressed in ringing up his win. He received exceptional batting support from his mates, who connected for fifteen safe wallops. Casale and Danny Bride were the particular heavy hitters with three socks each. The Theater nine would like to book games with Nutley teams. Warren Knight, Malore avenue, is the booking manager.

Smith, Caldwell, Gauss And Lewis In

Tennis Semi-Finals

Finals Of The Mid-Summer Tourney To Be Held

Saturday

Ray Smith, Billy Caldwell, Don Gauss and Corbin D. Lewis had all advanced to the semi-finals in the mid-summer tennis tourney now under way at the Clearman Field courts, by the end of Tuesday's play.

Smith won his way to the quarter-finals by disposing of George Plumer, 6-4, 6-0, and then went on to turn back Bert Stanier, 6-4, 6-3, to win the right to compete in the semi-finals. Stanier had previously gone to the quarter-finals by conquering Walt Moss, 7-5, 6-3.

Smith's opponent in the semi-finals, youthful Don Gauss defeated Jim Federici, 6-2, 6-4, in a quarter-final match, that sent him sky-rocketing into the semi-finals. Federici had won his way to the quarter-finals by eliminating Jack Maher, 8-6, 6-2.

Corbin Lewis stepped over the worthy opponents in advancing to the semi-finals. He first disposed of George Brown, 6-3, 6-2 to go to the quarter-finals, and then, after a bit of a struggle, had the better of it against Allan Crisp, 5-7, 6-4, 6-2, to pave his way to the semi-finals.

Billy Caldwell had won his right to compete in the semi-finals early last week.

The finals of the tourney will be held Saturday afternoon at the Clearman Field courts.

American Legion Beats White Eagles

Kastner Shines On Mound As Locals Pound Out Fourteen Hits

The local American Legion all-star nine obtained salve for an early season defeat at the hand of the Bloomfield "White Eagles," by trouncing that club, Saturday afternoon, at Clearman Field, in the second game of a series.

The entire Legion outfit played sterling, heads-up baseball all the way in accounting for their most convincing win of the season.

Though hit hard by the Eagles, who reached him for eleven safeties, "Butch" Kastner, stellar local south-paw, was the very acme of effectiveness with runners decorating the bases. No better example could be given than the fact that with all their hitting, the visitors waited until the ninth inning before scoring their second and final run.

Beliski, Gordinier Top Legion Pitchers

Woods, Pt. Peter's, Is Also Well Up Among Hurlers

Lou Beliski of the Bachelors and Carl Gordinier, graceful Elk left-hander, shared honors in the pitching averages issued by the local American Legion Twilight ball loop, this week.

These two mound aces, who have done yeoman work in shoving their teams to the top of the league standing, are tied in the won-and-lost columns each with a .750 average. Beliski's average, however, is based on nine wins and three defeats, while Gordinier boasts of six victories, as against two losses.

Johnny Woods, St. Peter's speed-ball king, is not far down the line of the regular with his sterling record of seven wins in ten starts.

The averages:

	W.	L.	Pct.
Burkhardt, St. Peter's.....	1	0	1.000
Blumetti, Moose.....	1	0	1.000
Jim Mallack, Elks.....	1	0	1.000

Carchio Wins State Tourney For Caddies

Local Youth Cards 75, 77 To Top Field At Forest Hill

Johnny Carchio, a student at Belleville High, won the state golf championship for caddies, Monday afternoon, at the Forest Hill Field Club course. Carchio, who is 18 years old, has been toting bags at the nearby course for some nine odd years, and is reputed to be one of the best young golfers hereabouts.

Carchio's scores in coming first in a field of eighty-three caddies from all over the state, were 75 and 77 for a thirty-six hole net of 152. Freddy Riccio, another Belleville entrant from the Forest Hill club, was not far down the line with 77 and 82 for 159.

PLAYGROUND ACTIVITIES

Recreation House
Paddle tennis has headed the interest list for the past week. Children of all ages have been participating in the tournament which will decide the answer to the question, "Who is our paddle tennis champion?"

The entrants are as follows: Helen Rogers, Edith Gimbel, Audrey Lennox, Delia Colicchio, Marie Calicchio, Louise Piscopo, Bill Buist, Phil Ross, Margaret Messineo, William Seaton, Junior Bechtoldt, Philomena D'Onofrio, Freddie Rosnagle, Junior Henry, Nick Colicchio, Russell Buca, Bernard Barnett, Ben Robbins, Charles Ross, Jimmie Miriana, Annunzio Paterno, Lydia Hamer and Felix Ross.

The contest has, thus far, ended in ties and they are scheduled for playoffs. The winners will be announced next week.

This week's event is a sand modeling contest to be held on Friday at 2:30 P. M.

The Library Nook which was started at the beginning of the playground season, has been in constant use throughout the summer session. The children have varied selections from which to choose and they are not available at all times but are confined to one hour in the afternoon and one in the evening, when they may be secured from the "library council." Margaret Messineo and Christine Conforti.

Plans are under way for the closing event of the season which will take place on an indefinite day.

Friendly Playground

Before an audience of 191 people Friendly held a pie eating contest with two groups, those under twelve years of age and those older. In the younger group of 8 boys and 8 girls the contest was won by Elmer Labarestria, in twenty seconds, and in the older group of nine boys and nine girls the contest was won by Philip Clario, in fifteen seconds after getting his face smeared with huckleberry pie. The pies were donated by Mrs. B. Pascale, wife of the pastor of the church and L. Calabria, a denon of the church.

John Bucinio and Louis Rinaldi won the third round of the boys' paddle tennis tournament.

In the girls' tennis tournament the doubles team of Madeline Lococo and Rose Zaccane, beat Katherine D'Andrea and Theresa Venezia. In the girls' jacks tournament Rose Simi was victor among a field of twenty.

In the girls' checker tournament Margaret DeBarto, was the winner in a field of sixteen girls.

Friendly lost the baseball series with Newark Stadium in a thrilling game Thursday, which was a nip and tuck affair till the last inning, by the score of 7 to 6.

In the new series we stand by losing 4-3 and winning 4-0. We are sorry to announce the loss of one of our assistant directors, Miss Edith Wiley through illness.

We are glad to announce the attendance for July as being 7,800. In an unofficial ping-pong tournament Guido Pascale beat the field. This week we will hold a watermelon eating contest and a pet show. Last Saturday many of our children were guests of our Sunday School's picnic to Idlewild Park in Little Falls, N. J.

No, One Playground

Three indoor baseball games were played on No. 1 playground during the past week. On Monday night the Montclair Aces defeated the Cortland Street Bears, 10-0, but on Thursday evening the Bears were more successful and defeated the Montclair Aces, in a game which lasted twelve innings.

The Little Street Tigers won a tilt from the Stephen Street All-Stars, one of the teams representing No. 1 playground. The score was 11-1.

On Wednesday afternoon, a doll show was held on No. 1 playground. Dolls of all sizes and kinds were exhibited. The prettiest doll in the contest was owned by Madeline Wedekind with Jane Buchanan running her a close second. These same girls also won first and second places respectively for the best dressed doll. Rose Mary Leininger exhibited both the largest and the oldest doll, while Ann Burns owned the smallest doll. A vote was taken as to which doll looked most like a baby and the dolls of Ann Burns and Irene Leininger tied for this honor. Dolls belonging to Alice Miller and Madeline Wedekind were selected as those with the prettiest hair. Some of the children exhibited several dolls.

A hopscotch tournament for girls ended last Friday with Mabel Baum as champion of the playground and Sarah Cartwright as runner-up.

In the boys' hopscotch tournament Herbert Jenkins proved himself to be the best player on the playground by defeating John Kant in the final

round.
A track meet is being planned on No. 1 playground to take place at some time in the near future.

Camp Carragher

Those present in Camp Carragher last week were: Leaders, John Kier-shing, Joseph Monahan, Arthur Joeh-er and Claude Miller. The boys were: Joseph

Isolation Hospital

Blanks Cedar Grove

Ral Flynn Pitches Locals
To 3-0 Triumph

Tuesday

The Isolation Hospital ball nine blanked the Cedar Grove club, 3-0, Tuesday night, at Clearman Field, in an Essex County Twilight League tilt.

Ral Flynn, local fast ball ace, toed the slab for the Hospital boys and allowed four bingles over the seven innings of play. Flynn had an able opponent in Pelog of the visitors, who also limited the Bell-boys to four hits.

Two timely blows, however, Charley Christell's single with two on in the fourth and Tommie Dunn's fifth inning one-bagger drove in the winning runs. Dunn also hit for a single base in the first inning, to supply half of the Belleville hit total.

The Isolation Hospital team which is managed by Johnnie Baney, will meet the Overbrook club in an Essex County league game, Thursday night, at Clearman Field.

The tilt should provide one of the most spectacular pitching battles of the season, with Johnny Woods tossing 'em over for the Bellevillites and "Lefty" Marion, who pitched the White Eagles to victory over the American Legion nine this season, on the mound for Overbrook.

Belleville Park Team

Loses Championship

Orange Wins Deciding Tilt
By 13-6 Score,

Monday

The Belleville Park baseball nine, after advancing to the finals of the Essex County Park League competition, faltered at Bloomfield, Monday afternoon, and lost in 13-6 fashion to Orange in a game to decide the championship.

Thursday, the locals swamped Orange, 15-9, creating a triple tie for first place in the league with Glenfield, Orange and Belleville. Laturgiello hit two homers for the Bell-boys in this contest to aid materially in his side's advantage.

Belleville travelled to Bloomfield the following day, Friday, and nosed out Glenfield, 13-12, in nine innings of play, to set the stage for their championship game with Orange. Sullivan was the heavy hitter in the Bell-boys' attack in this game, slugging out a homer and a triple.

In losing to Orange, who had been defeated but once, the locals received some solace from the stellar play of one of their number, MacHenry.

Hillcrest Tennis Team

Beaten By Arlington

Slauer And Anderten Win

Singles Match For

Locals

The Hillcrest Tennis Club was nosed out, 4-3, Sunday afternoon on their own courts by the Arlington Tennis Club in a regularly scheduled match.

Dick Slauer and George Anderten were the only singles representatives of the local club able to produce a winning gait. Slauer won his match with F. Purcell of Arlington in rather easy 7-5, 6-0 fashion. Anderten was almost as convincing in disposing of "Scottie" Ness of the visiting forces, 3-6, 6-4, 6-1.

The other three singles matches did not result so favorably for the Hillcrests. Ray Smith lost to Coburn of Arlington, 4-6, 5-7. Russell Johnson, Arlington, turned back Plumber, Hillcrest, 6-3, 6-3 and King won over Corbin D. Lewis, 6-4, 6-2.

The two club split the doubles matches. The Hillcrest combine of MacMillan and Summerfield won the first 7-5, 6-3, defeating Coburn and Purcell of the visiting crew. But Joe King and Johnston of the visitors retaliated, winning the deciding match of the series, 6-1, 6-3, conquering Virtue and Munro.

The Hillcrests will meet their arch rivals the Nutley Tennis Club, Sunday afternoon, at Nutley. Play will start promptly at 2 o'clock.

All Newark Defeat

Nutley And Belleville Men
Present At Bears

Field

Here's the line-up and the results of the old time baseball players of yesteryear. A glance through the box score brings back memories of some of the greatest ball players of all times. There was only four innings played on account of the pennant winning Newark Bears and Buffalo Bisons game being scheduled for 3 o'clock. Billy Zitzmann played on the All-League team and his injured foot does not seem to slow up our own Bill any. Billy got one hit out of two times at bat. Bill will leave with the Newark Bears on their last trip around the circuit and expects to get in the game. John F. Coogan, of Belleville and Charles Gore, of Nutley, old-time leaguers were on hand.

MYSTERY SHROUDS DOG'S ORIGIN

Theory of Wolf Ancestry Now Discredited by Studies of Foundation Staff.

Every one knows that boys are made of snakes and snails, and puppy-dogs' tails, but—

Where did the puppy dogs come from? Nobody knows! The dog has been man's companion and friend for so many centuries that the trail back to his origin vanishes in the mists of antiquity, says the Chappel Kennel Foundation, Rockford, Illinois. Except that they were the first wild creatures tamed and loved by human beings, nothing about the dog's ancestors can be proved.

Study of the canine origins by the Foundation indicates that one common belief may soon be shattered. This is that the dog is descended from the wolf or some closely related present-day mammal.

Two facts weaken this theory. The natural tendency, after a species is tamed, is for the remaining wild forms to disappear. But although the dog has been subservient to man for many centuries, we still have wolves.

Furthermore, dogs never show a tendency to revert to the wild forms referred to, as would be natural if they were of the same species. Conversely, attempts to educate captive wolves, foxes, jackals and hyenas to the point where they show any affection for human masters, all have failed.

So, while the dog shares many traits of these wild animals, it seems most likely that his ancestor was not one of them, but a distinct species which, in accordance with the law of nature, has ceased to exist.

What are believed to be skeletons of this early animal have been found recently, embedded in rocks formed before man himself appeared upon the earth. Discoveries in the Tennessee mountains indicate that some of

Good American Council, No. 102, Daughters of America, met Tuesday evening, and heard the report of the committee on applications, balloted on same, followed by a clipping party and a cake walk.

On August 30 a card party party following a special campaign meeting, will be held at the Essex Hose Hall, Stephen street.

The date of the bus ride and outing to Fort Monmouth, scheduled for August 28 has been changed to September 11. The change is due to members who will return home from vacations.

Intertown Club Notes

On Friday, August 12, the Intertown Rod and Gun Club presented to Harold Smith of 227 Greylock parkway, a trout fishing outfit consisting of a bamboo pole, reel, line, basket and bait belt, valued at \$15. Mr. Smith was the winner of the contest conducted by the Intertown Rod and Gun Club for the boy or girl 16 years of age or under that caught the largest trout during the season.

There was great interest shown in the contest at fourteen boys and two girls filed their applications and produced their various sizes of fish that they caught during the season. However, up until the last week of the season it looked as if little Laura Beckett, age ten, was going to be the winner as she had a trout measuring sixteen inches on record in Gedeney Sport Shop which is the club's headquarters. The last week Mr. Smith produced a trout that was 16 1/2 inches, thereby winning first award which was presented to him by the president of the club, Ray Beckett.

There is also a contest now going on and the same kind of award will be given for the largest pickerel and another award for the largest bass caught. Any boy or girl sixteen years and under can compete in this contest by just calling at Gedeney's Sport Shop, 326 Washington avenue, and obtain a contest blank to be filled out at the time the fish is caught.

Hillcrest Tennis Club

(Continued from Page Seven)

For the fourth year in succession the Hillcrest Tennis Club will sponsor the town tennis championships. The committee appointed by the club to handle the affair consists of Richard Slauer, chairman; William Rackett and Sid Summerfield, who have had plenty of experience in this work.

A large entry is anticipated both in the men's doubles and singles and who knows—a new champion may be born? Entries for these events will close at 8 P. M. Friday, August 26 after which the draw for the first round will be made. Play will begin for the men's singles at 2 P. M. Saturday. The men's doubles will begin at 10 A. M. Sunday.

Entry fee for each event will be \$1 per player. The competition, as in the past, is open to any male resident of Belleville. Blanks may be obtained from the committee or can be cut out of this issue and forwarded to William Rachel, Mertz avenue. Entrance fee must accompany entrance blank. Highlights of Tennis Championship

With Ray Smith, George Anderten and Joe Keumer playing better tennis than last year, the defending champion, Richard Slauer, will have to work hard to be in at the finish.

If George Plummer ever gets going in this shindig, lookout! He has splendid form and plays better every time he extends himself.

The old veteran Howard Virtue is looking for a dark horse to team with. Julius Pilard, Corbin Lewis, Harry Estelle, Sid Summerfield, George Holden, Ray Thatcher, are all shooting for the quarter finals.

Galvin McMillan plays a remarkable game despite his physical handicap. He will go far in the doubles if he gets a good partner.

It is rumored that Dick Slauer and Sid Summerfield will defend their title as doubles champions.

Sid Summerfield, who captains the New Jersey Bell Telephone Co. tennis team, has improved considerably with this experience.

Several new lights are expected to be found after the affair is over that should enable Belleville to take her place in the tennis world of Northern New Jersey.

A THOROUGH knowledge of the various cuts of lamb and mutton and the ways in which they can be prepared in different appetizing forms will add to the appetite appeal of your menus, and enable you to effect a real saving in the meat bill each week by taking advantage of the less expensive cuts.

First, as to distinguishing between lamb and mutton in making your purchase, the lamb carcass is naturally smaller than the mutton. Good lamb is a rich, pinkish red in color, while mutton is grayish or brick red. The bone of young lamb is red in color, and porous. In mutton, the bones are larger, and very white and flint-like. The neck, shoulder and breast cuts of both lamb and mutton are inexpensive and rich in flavor. The chief problem is to make sure that their full potential flavor is brought out in the finished dish, and in this connection the use of sugar as one of the standard seasonings is a recent but highly important culinary development.

Spanish Stew

Cut one pound of neck of lamb in small pieces, roll in flour and brown in a tablespoonful of drippings. Add 1 chopped onion, 3 tomatoes chopped, 3 green peppers chopped and 2 tablespoonfuls of sugar. Sauté all together for 10 minutes, turning often with spatula. Then add 4 cupfuls of hot water, 1 1/2 teaspoonfuls of salt, 1/4 teaspoonful of pepper, and simmer one hour. Add 1 cupful of green peas, 1 cupful of corn cut from the cob and 1/2 cupful of rice, with additional water, as necessary. Continue to simmer until the rice is well done, adding water if the stew becomes too dry.
