## Sixteen Members Are Added To Council Good American, Daughters Of America, Increase 100 Per Cent

On Friday evening, September 9, at Masonic Temple, Roselle Park Council's guards and officers initiated sixteen new members for Good American Council, Daughters of America, and the membership has now increased over 100 per cent in the past year.

Following initiation Congressman Fred A. Hartley gave an inspiring talk to all members and friends present and is now a candidate himself for Good American's next initiation class.

A banquet was then given in honor of Deputy Maude Clauson of Good Intent Council, Daughters of America, and 140 were seated in the banquet hall.

All enjoyed the fine program which was arranged by the committee's chairlady, Mrs. Elizabeth Brink.

The program was opened by solos rendered by Mrs. Ford of Boyd Council, and assisted at the piano by Harry Rothwell of Newark Goodwill Mission.

Mrs. Helen Reidy of Good American then rendered two piano selections and Miss June Capolla of Newark gave a toe dance which were well applauded.

Speakers of the evening in the banquet hall included State Councilor Josephine Murray; State Councilor, Junior Order, Mr. Losaw; Essex County Deputy, Daughters of America, Clara Myers; Past State Councilor, Sadie Ludlow; National Legislative committee member Saylie Linkletter; President American Business Bureau John Barkman; National and State Law committee member, Minnie Hemmelman.

Invocation was by Rev. Edgar M. Compton of Wesley Methodist Episcopal Church.

Following the speakers Sister Hellman and David Lamb of Good American, presented gifts to Sister Roviello and Deputy Maude Clawson of Good Intent Council, consisting of a beautiful radio lamp and a Seth Thomas four-jewel clock.

On Sunday, September 11, Good American obtained a fully equipped 42-passenger bus from the White Bus Co. of Maplewood for a ride and dinner at Port Monmouth, the summer residence of Mr. and Mrs. H. D. Snyder of Clifton.

Good American will hold its next meeting at the Essex Hose Co., 243 Stevens street.

## Father Kelly Host To Social Society St. Peter's Folks Enjoyed Outing Sunday At Saddle River

On an outing Sunday to Villa Maria Clair at Saddle River, the members of St. Peter's Social Society were guests of Rev. Joseph Kelly. The women took part in all athletic events and proved their prowess with the awards presented to the successful contestants.

Baseball, tug-of-war, three-legged race, relay race, black race, rolling contests, shot put, high jump, calling contest, singing contest, bean bag, dancing, and many others, were the cause of much merriment. Two buses conveyed the club to the villa which is a beautiful spot, taking in three townships: Saddle River, Hokokus and Waldwick.

Splendid buildings, spacious lawns and all facilities for sports made it a place to be long remembered. Dinner and tea were served in the spacious dining room on the third floor of the building and was much enjoyed. The men who assist the club in all its endeavors were also present. Moving pictures of the events were taken and will be shown in the near future.

THE HOME IMPROVEMENT—Window Cleaning Contractors. James C. Davis, Business Manager, 571 Washington Avenue, Belleville, N. J. Phone Belleville 2-1974. Special Monthly Rates.

## Happy Haffner Is Out Of Marathon Disqualified For Walking Off Floor. Was "Father" Of Contestants

"Happy" Haffner, the "Good Samaritan" of the Walkathon has joined the ranks of former contestants. "Happy" was disqualified when in a daze, he walked off the floor at the end 1,252 hours of continuous motion.

"Happy," who is 40 years old, was the oldest contestant entered in the local contest. He earned his title "The Good Samaritan" from his practice of selling cellophane belts at \$1 each and turning the money over to whatever contestant was dropping out of the grind. He sold quite a few of these belts in behalf of the kids.

Cellophane Belt King  
Happy's original title, however, is not the "Good Samaritan," it is "The Cellophane Belt King." He is known by this nickname from one end of the country to the other, from his practice of making these novel belts while walking or dancing in an affair of this type.

In an exclusive interview with a News reporter, Happy stated that he is at present waiting patiently for the next marathon to get under way so he can sign up. If he does enter another, it will be his eighth, as he was in six previous to coming here.

## Women Arrange For Last Sewing Bee Garden Department Will Visit Essex Fells

The third and last sewing bee is to be held at the Belleville Woman's Club, 51 Rossmore place, Tuesday, September 20. Sewing will start at 10 A. M. and continue till 4 P. M. Coffee will be served to those bringing their lunch. Mrs. James G. Shawger, chairman of the fancy work booth at the forthcoming bazaar, will be in charge.

On Wednesday, September 21, the garden department, Mrs. A. Newton Streeter, chairman, will visit the gardens of Mrs. Henry V. Condict, 217 Roseland avenue, Essex Fells. Mrs. Condict will take the group to visit other gardens of various types. All members and their friends are invited. Cars will leave the club house at 1 P. M.

Mrs. Streeter is also chairman of the flower booth at the bazaar to be held October 5 and 6 and her committee has been active making receptacles for flowers and various other articles to be sold at the booth. Those assisting Mrs. Streeter at the club house Tuesday were Mrs. Charles Campbell, Mrs. Norman Cooper, Mrs. W. D. Cornish, Mrs. George Taylor, Mrs. F. K. Mase, Mrs. James G. Shawger and Mrs. Russell Sargeant.

Mrs. William V. Irvine is to be general chairman of the bazaar and will have as her chairmen Mrs. Dudley Drake, tearoom; Mrs. Shawger, fancy work; Mrs. William Entekin, home cooking; Mrs. George Oslin, package; Mrs. Ira Cornell, candy; Mrs. Arthur Clark, white elephant; Mrs. Streeter, flowers; Mrs. Edward L. Eska, groceries; Mrs. H. L. Hamilton, handkerchiefs; Mrs. Frederic Dodd, Christmas wrappings and cards. Mrs. William Cornish has charge of the decorations and hostesses include Mrs. Charles S. Smith, president of the club and Mrs. Dodd, Mrs. William Adams, Mrs. Streeter and Mrs. R. Clifford Whitfield, past presidents of the club.

## EXTRA

### Town Payroll Met

Commissioner William H. Williams yesterday negotiated with a Newark bank for a loan of \$10,000 to meet the August 15, 1932, town payroll, payment of which had been held up pending payment of interest charges first.

Checks were issued at 4 o'clock yesterday afternoon.

## Red Men Meet

There will be a very important meeting of Red Bird Tribe, No. 28, Improved Order of Red Men, at the lodge rooms at 347-351 Springfield avenue, Newark, on Monday evening, at 8 o'clock.

The officers were raised at the last meeting by Deputy Sachem Henry D. Riepe, Sr., of Montgomery place, Belleville, assisted by Past Deputy Great Sachem Henry D. Riepe, Jr. of Wilbur street, Belleville.

Plans are being studied over for a large membership and publicity drive and also for reorganizing the old Red Men tribe that used to meet in Belleville.

Every endeavor is being put forth by Past Deputy Great Sachem Henry D. Riepe, Jr., to bring the convention of the Great Council of the United States to Newark in 1934. This convention meets once every two years and this year is meeting on September 17 to 25 at Asheville, N. C.

If Mr. Riepe is successful this will bring delegates from every Red Men Tribe in every state in the union including the territory of Hawaii and several other outlying possessions.

## Explanation Made Of Relief Grant State To Give Town Not More Than \$8,000 For August-September

In response to an application by the Board of Commissioners of the Town of Belleville for State aid for relief in the town, the administrative council of the Relief Administration, with the approval of the State Director, has authorized by special orders Nos. 2047 and 2161, Special Class A Grants for relief expenditures in the sum of not more than \$8,000 per month for August and September. The grants are made on condition that the town first expend \$1,000 per month as its share in meeting its own relief needs.

Additional conditions state that the State Emergency Relief Administration set up in consolidation with the Town's Overseer's Department, its organization of administration of relief.

Pending the appointment of a Belleville citizen as relief administrator for the period of the Special Grants, Essex County Director Peter A. Smith has designated Arthur H. Jones of the Essex County Relief Administration staff as Acting Administrator. Mrs. Florence Estelle of the Belleville Overseer's Office, has been appointed Deputy Administrator of Relief.

A case supervisor, who is a trained worker of long experience in this field, Mrs. Nadine Tronoline, will supervise the work of three investigators, Mrs. Josephine McKenna, Mrs. Helen J. Herbourg and James P. Dante.

These workers will enable the relief work of the town to be done in accordance with efficiency and more in keeping with the extra heavy load which the Emergency Relief has placed upon the town. Every family now receiving relief will be visited at least once each week, at which time the food orders will be taken into the home instead of having the head of the family come to the town hall as was formerly the case. Mr. Jones stated that he wishes to make clear that it is not the policy of the Relief Administration to give relief to anyone except those who are in dire need. Those who have the idea that the town and the state are to pay rents, building and loan, payments and are expected to furnish all kinds of clothing, etc., are entirely mistaken; actually, it is a matter of keeping people from starving.

The municipal officials and the Relief Administration officials are anxious that this relief be absolutely fair in its distribution. This means two things: First, that it is the duty of every citizen to make known cases which are in real need and who are going without the bare essentials of life. On the other hand, it is the duty of these same citizens to make known to the authorities, those people who have been receiving relief who are not actually in need. The Relief Administration will make every effort to prevent relief funds from being expended upon impostors.

In accordance with the policy now practiced throughout the state, the

(Continued on Page Four)

## Joseph King Talked Of For County Vacancy Freeholder Opening Causes Much Discussion In County

It has been rumored that various men prominent in Republican circles, favor former Freeholder Joseph King of Belleville, to succeed the late Louis F. Dodd on the Board of Freeholders.

The question of the right to fill the vacancy, however, is causing con-

JOSEPH KING

siderable discussion among those interested in the job. Under a section of one law, it is generally admitted the freeholders might name a man to serve until election day next spring. It is also known that the freeholders have received a verbal decision in favor of their appointing a successor.

It is claimed by those who assert that the freeholders are without power to fill the vacancy that the revised election laws of 1930 govern the present case. The section of the law referred to governs the filling of vacancies in county and municipal office. It provides that when a vacancy occurs after the last day for filing for the primary and before twenty-five days before election "the members of the county committee of each political party representing the territory affected by such vacancy are hereby authorized to select a candidate for the office in question and within twenty-two days prior to the general election file a statement of such selection duly certified to with the county clerk."

Under interpretations of that law it is contended that the freeholders can not fill the vacancy, even for the period from now up to election day. The section of the revised election laws having passed after the 1928 amendment to the freeholders' act is held to supplant the latter.

The Republican freeholders, who are in the majority, five to three however, will wait for action by County Chairman Jesse R. Salmon and the County Committee before taking any action on filling the vacancy.

Newark is making a strong bid for the coveted position, inasmuch as that city pays 60 per cent of the county taxes.

## Ninth Reunion For Ex-Glen Gardnerites

Miss Elizabeth F. Smith  
Will Be In Charge  
Of Trip

The ninth reunion of ex-patients and social service workers will be held on Saturday, September 17, in connection with the twenty-fifth anniversary of Glen Gardner Institution of which Dr. Samuel B. English is superintendent.

The ex-patient list has by this time grown to such proportions that it is impossible to send an invitation to everyone they would like to have with them on that day, so we take this opportunity to write you through the means of this paper.

There will be cars for the patients only, leaving the town hall on Saturday at 12 noon sharp. Miss Elizabeth F. Smith, B. N. of the Essex Tuberculosis League of the town will be in charge.

## Mrs. J. Palmer Dolan

Mrs. J. Palmer Dolan, formerly Miss Ruth Rogers of Lincoln Apartments, Park avenue, Nutley, died at the Presbyterian Hospital, Newark, Monday, after a brief illness. Born in Brooklyn, the daughter of the late Mr. and Mrs. George Rogers, she made her home with an Aunt, Mrs. Margaret Gormley of Linden avenue, until her marriage. She attended Belleville High School and graduated from Normal School in Newark and taught in School No. 2 for fourteen years.

The faculty and first grade remained closed until 10:30 to attend the funeral which was held at St. Mary's Church, Nutley.

Interment was in Mt. Olivet Cemetery, Bloomfield. Floral tributes were many and beautiful.

Surviving Mrs. Dolan are her husband, two sisters, Miss Lilian Rogers of Belleville, and Mrs. Ashley Waller, of Bloomfield; also two brothers, George of Belleville and Charles of Point Pleasant.

## Carragher Submits Fitzsimmons Charges Says Recorder Lacks The Knowledge Of Powers Of Office

Joseph Carragher, son of Commissioner Frank J. Carragher, submitted his long awaited charges against Recorder George A. Fitzsimmons to the Board of Commissioners, Tuesday night, demanding that a date, place, and time be set for the hearing. After passing a resolution definitely vesting Commissioner Clark with the authority to hold such a hearing, the matter was referred to Commissioner Clark and Town Attorney Brown.

Carragher's charges consisted of fourteen sections, which were divided into two groups. In these groups were contained seven general and four specific allegations. He concluded his lengthy report by branding Fitzsimmons as lacking proper knowledge of the powers and duties of the office.

## Seven General Points

The seven general points contained the following: Fifty-nine charges of failure to turn over motor vehicle fines to the County Treasurer; seventy-eight charges of failure to turn over fines for traffic act violations to the County Treasurer; five complaints covering five years, for failure to make proper returns to the town. Failure to make reports to the motor vehicle commission covering fines collected; failure to keep proper accounts; drawing personal checks on the recorder's bank balance, and failure to deposit certain fines in that balance.

## Five Specific Points

The five specific charges lodged against Fitzsimmons by Joseph Carragher in his report are: Failure to return \$200 bail to one Sidney Kaufman; failure to accept a manslaughter charge against Samuel Kozubovitch on behalf of one Frederick Lucas, who died from the effects of poison liquor, allegedly sold to him by Kozubovitch; failure to turn over \$260 of money of one Joseph McKenna to an undertaker, for the burial of McKenna's father, and failure to return bail money to Frederick Schneider.

Previous to the submitting of the charges, a lengthy discussion took place on whether or not Commissioner Clark considered the recorder an employee of the department of Public Safety and if the commissioner had the right to try the recorder. It was pointed out that the recorder has been acting under the jurisdiction of the department of Public Safety in the past and that he should be adjudicated by the head of that department.

The opinion of Town Attorney Brown in this matter as stated in a letter to the board is "I wish to advise that in my opinion that right is vested solely in Director Clark." He also stated "The Walsh Act as amended in 1915, gives each director the right to try any employee in his department."

After considerable argument pro and con, Mr. Brown was ordered to

## Boy Saves Runaway Car Near School High School Student, Never Drove, Risks Life By Act

Quick thinking on the part of Ignazio Russo, 15, a student at Belleville High School, prevented what might have been a serious accident when he leaped on the running board of an automobile which had started to roll down Holmes street opposite the school and steered the car till it came to a stop on Main street, near Rutgers, six blocks from the school building, on Wednesday noon.

The car, owned by Harry E. Hadley, proprietor of the American Box Lunch Company, of this town, which was parked on Holmes street facing Washington avenue, started to roll during the freshmen-junior lunch period. Russo, a junior, noticing it, sprang to the running board and although he has never driven a car, guided it down Holmes street to Main, where he narrowly escaped a dive in the Passaic river as he turned the corner.

On his way down the hill, Russo had several narrow escapes with death as he shot passed intersections. At the intersection of Holmes and Cortlandt street, he barely missed collision with a truck.

## Republicans Hold First Meeting Plans For Outing Are Com- plete. Fall Drive Due Soon

The Regular Republican Organization of Belleville held its first meeting of the fall last Friday night at the Elks Home.

The committee in charge of the outing provided a pleasant surprise with the announcements that the Annual Outing will be held this year at Bertrand Island Park, Lake Hopatcong, on September 24, which promises a very enjoyable time for those making the trip.

Bill Hunt reversed the clock and showed the motion pictures taken last year at Seidler's Beach. A few of the local topics of interest brought back again in all their humorous aspects provided quite an entertainment.

"Tom" Berry presided and plans for the fall campaign were inaugurated.

## New Service Starts At Local Bank Payments On Phone Bills Will Be Accepted At First National

A new convenience has recently been made available by the first National Bank of Belleville to its depositors. This new service is the payment of telephone bills and was arranged for with the New Jersey Bell Telephone Company.

The bank announced that this new convenience is being put into effect in order to improve its service to customers and residents of Belleville. In order to make such payments, telephone subscribers need only take their telephone bills with them on their visits to the local bank.

Mr. and Mrs. L. D. Rhoads and daughter Geraldine of 215 Little street are home today from a motor trip to Washington.

J. M. Davis, window shades and awnings, 348-50 Passaic Ave., Nutley, Nutley 2-0491.

If you have moving, hauling or days work of any kind, call J. A. Gregory, 101 Ralph street, Belleville 2-1036.

## Firemen's Attorney May Go To Court Appears Before Board To Ask For Payment Of Salaries

What started out as a request that the local firemen be paid salaries four weeks overdue, by Charles A. MacCraith, attorney for the State Firemen's Benevolent Association, ended up as an argument between Mayor Samuel S. Kenworthy and Commissioner William H. Williams at the meeting of the Board of Commissioners, Tuesday night.

Mr. MacCraith addressed the board on behalf of the unpaid firemen. His lengthy discussion was directed principally at Director Williams. He maintained that inasmuch as the interest due on town bonds amounted to \$37,000, the town would have sufficient remaining of the \$40,000 on hand to meet the firemen's overdue salaries for the latter part of July and the first part of August, which only amounts to slightly more than \$2,300.

He informed the board that in view of the fact the salaries were voted to be paid and the cash was on hand at that time, they should meet the payroll immediately.

Reference was also made by Mr. MacCraith to the possibility and probability of court action to get the money. This, he said, would only cost the town several hundred dollars more and result in a court order demanding the payroll be met.

He further stated that he appreciated the town treasurer's position as he was advised by Commissioner Williams to withhold the payroll and that he formally demanded the money be paid Wednesday. He also urged the board to advise the town attorney to take action if the Director of Revenue and Finance did not see fit to pay the men.

During the course of his address, Mayor Kenworthy stated that the men were charging necessities during this period and that payment of the salaries would ease the strain on local merchants and immediately put the cash into circulation.

Mr. MacCraith mentioned the fact that these men were risking their lives daily in pursuit of their jobs and are not even being paid for it.

Director William H. Williams asked if Mr. MacCraith represented the entire fire department. Upon receiving an affirmative answer he said "As long as it is within my capacity as Director of the Revenue and Finance Department, I'll try to treat as fairly. I trust that every employee of the town will hold faith with the town and not seek legal action against it. We are now in a position to meet the interest due and I expect the situation to be eased shortly."

This was followed by a short discussion between MacCraith and Director Williams, which was interrupted by Mayor Samuel S. Kenworthy when he stated the board should establish a policy whether they should meet the payroll or the interest. It is his opinion that the town employees should be paid first. He also maintained that Williams agreed to pay the employees last Tuesday night at a conference and that when he informed the press of their intentions, Williams concurred in his statement. He concluded by urging Williams to agree to pay the salaries on Wednesday.

"I will not order any payroll paid until the interest on our bonds is paid. Mayor, your statements are not all definite facts," said Williams. A lull in the discussion followed after which Williams said: "A few more statements that Belleville will not be able to pay its interest will woe the town and its citizens to kill our credit."

"It was told by a certain bond holder that the cause of our credit being in jeopardy was the statements that our financial condition is bad," answered the mayor.

"Tell the citizens what one of the most prominent bond attorneys said your statement concerning the State Finance Committee did towards impairing the town's credit," replied Williams.

This statement caused a general tending on the part of the audience to giggle at the mayor's apparent setback at the hands of the Revenue and Finance Director.

## Farmers, Laborites, And Business Men Consider Debt Quizz

S a y Inter-Governmental  
Debt Problem Can Be  
Solved By Sane  
Thought

Under the temporary chairmanship of Alfred P. Sloan, Jr., president of the General Motors Corporation, a group of 76 leaders in industry, agriculture and labor began today the task of mobilizing practical business opinions regarding the problem of inter-governmental debts in the light of changed economic conditions.

Acting as an "organizing unit" for what is to be known as the Committee for the Consideration of Inter-governmental Debts, the group of 76 have sent invitations signed by Mr. Sloan to several thousand representative business men and farm and labor leaders throughout the country asking them to become members. It was announced that the following twelve men have consented to act as vice chairmen of the committee:

Nicholas Murray Butler, President of Columbia University; James M. Cox, former governor of Ohio; John W. Davis, former ambassador to Great Britain; Henry P. Fletcher, former ambassador to Italy; Frank O. Lowden, former governor of Illinois; Edward A. O'Neal, president of the American Farm Bureau Federation; D. B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers; Alfred E. Smith, former governor of New York; Louis J. Tabor, master of the National Grange; Henry A. Wallace, editor of "Wallace's Farmer," of Iowa; A. F. Whitney, president of the Brotherhood of Railroad Trainmen; and George W. Wickersham, former attorney general.

In making public the plan to form this national committee, Mr. Sloan explained its objectives as follows:

"The problem of inter-governmental debts is a problem of dollars and cents. It can be solved only by hard straightforward business calculations. The American people cannot afford to leave a question so vital to their economic interests unsettled any longer.

"A question that involves billions of dollars directly and more billions indirectly and exercises an incalculable influence upon the welfare of our entire business life demands a solution based upon solid commercial reasoning. In its essence and in all its ramifications, the problem is a business problem and only a down-right business solution will satisfy the great mass of the American people.

"There is no aspect of the problem that will not yield to ordinary processes of business thinking. Why not apply these processes? A solution reached in this way will be acceptable, indeed must be acceptable, regardless of any minority that may find fault with it.

"The question to be asked by any one who will give reasoned judgment to the problem is briefly this: What will it mean in dollars and cents to America? What will it mean in jobs, increased production, enlarged markets?

"If business reasoning decides that insistence on payment is the best course, that then is the solution we want. If reduction or even outright cancellation is the answer, that on the other hand, is the answer that will be welcomed.

"The important thing is to approach the problem with an open mind for only an open mind fortified by the cool detachment of business logic can produce a satisfactory solution to this troublesome problem. We are confronted with a situation rich in possibilities. Directly, payment would be a source of wealth. Indirectly, reduction with the resultant creation of goodwill and increased buying power, would also mean wealth. In a time of depression we cannot overlook any opportunity for emerging into a more prosperous era. The inter-governmental debts are preeminently that kind of opportunity.

## ZEMO RELIEVES ITCHING BURNING ECZEMA

Soothing, cooling ZEMO brings prompt relief to itching, burning skin; even in severe cases relief comes as soon as ZEMO touches the tortured skin. Eczema, Ringworm, Rashes, Pimples, Dandruff and other annoying skin or scalp troubles generally yield to this soothing, antiseptic lotion. ZEMO is safe and dependable. All Druggists. 35c, 60c, \$1.00. Extra Strength ZEMO best for chronic cases—\$1.25.

## DESDEMONA HAWKINS The WHITE RAT of Hawkins Hall

By Alice Mary Kimball and Mary Alden Hopkins

### THE STORY THUS FAR

Great-grandfather Hawkins, the widowed Mrs. Hawkins, and her children—Jack, fourteen; Ted, eight; and Nancy, twelve—live in old Hawkins Hall. The family fortunes have dwindled. Bert, the oldest son, a medical student, comes home for Christmas in a friend's airplane, bringing Desdemona, a white rat from his laboratory. A white rat from his laboratory. Bert is glad because Desdemona will help the children, who are not eating properly, to learn some important things about nutrition. Bert explains carbohydrates, fats, proteins, minerals and vitamins. Desdemona secured plenty of them in the laboratory. That is why she is so healthy and friendly. When Bert has to return to college, he does not have the heart to take her away. He gives Desdemona to the children as a present. Then he announces another surprise.

### CHAPTER THREE—Continued.

"Rats are sociable creatures," he said as he buttoned his leather coat and made ready for departure. "As soon as I decided to leave you Desdemona, I wrote to the laboratory to send you Othello, Desdemona's mate. They will raise a mate for Desdemona, really and truly."

"Truly," Bert said solemnly. Then he said that he didn't know what excuses he could make to Falstaff. Falstaff was Desdemona's brother, a white rat that had been fed for increased growth in the laboratory, and tipped the scales at a pound. He was likely to be very severe with Bert when he returned without Desdemona.

The whole Hawkins family, excepting great-grandfather, went to the flying field to see Bert off, and had there been room for a stow-away in the small plane, Jack might have hidden himself. They were sad when the sight of their adored brother and the plane dwindled to a speck on the sky. But what a Christmas it had been, after all!

They had Desdemona! The hospitable Hawkinses were delighted a few days later when the expressman brought a ventilated crate inside of which was a wire cage, and inside of that—Othello, Desdemona's mate. The newcomer was fed some evaporated milk and put into Desdemona's cage.

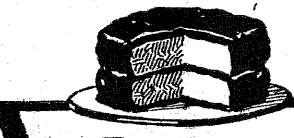

Some days later Desdemona began dragging pieces of newspaper into her cage. She tore them into scraps. Out of these scraps she made a nest, and one morning the children found in the nest eight tiny baby rats.

Desdemona's eight children looked like little fingers. They were funny, shapeless creatures. You could see only the faintest hint of eyes and faint whiskers. Desdemona was a very solicitous mother. Her children nursed at intervals all day long. Desdemona had to be fed an extra ounce of milk while she was nursing them. They were an inch and a quarter long when they were born and they kept up an incessant wiggling. They did not mind being picked up by the children and Desdemona was not alarmed either.

Nancy wrote at once telling Brother Bert the joyful news. Bert's reply was full of amusing facts about baby rats. "A rat is a swimming animal," he said. "After eight days the young can swim." The children read this sentence, then ran to the cage where the raters were making tiny squeaks and funny movements that were a combination of wriggling and paddling. They were now ten days old. Their first swim was two days overdue. Nancy got a bowl of luke-warm water and

"Upon its wise and equitable solution will depend not only the return of prosperity and the future stability of American business, but even the welfare of the entire American nation.

"Then why not examine it in this light, with coolness and detachment? That is the viewpoint of this committee. The time has come to sit down with a pencil and paper and figure it out, to find out definitely which of the three possible solutions is best for the country."

## Lost, Young Woman Is Found In Philly Located Through Descrip- tion Broadcast By Teletype

Alarmed at the disappearance of her daughter, who had gone to Newark to seek employment early last Wednesday morning and had not returned, an anxious mother asked police to find her last Thursday. The description of the daughter, Mary Haack, 17, of 109 Walnut street, was broadcast on the police teletype but no reply was received from neighboring communities. Friday morning the girl's family notified local authorities that she had been located at the home of an uncle in Philadelphia.

## Another Mad Dog Shot

A supposedly mad dog gave residents of Center street a thrill last Wednesday afternoon. The dog was running up and down the street, frightening passers-by and causing mothers grave apprehension for the

through the air, and he studied diagrams and plans of real planes. He worked hard at mathematics at school and read every flying story on which he could lay his hands. He had been up on short flights once or twice but he was not yet old enough to get any sort of employment on the flying field. Moreover he was not shaping up well physically. He was very tall for his age; five feet, nine inches, and he weighed only one hundred and ten. He was about twenty-five pounds underweight—not gaining regularly as all boys should. "That was serious for any boy, and especially for one who had chosen aviation as his profession."

An aviator must be strong and healthy and well-poised. He must be able to keep his head under all circumstances and stand every kind of hardship. But Jack was irritable and unreasonable. Like his grandfather he scorned lettuce, cabbage, and other leafy vegetables. The old gentleman came through all right because he drank milk, which contains much of the necessary vitamins, but Jack still scorned it. He listened somewhat to Bert's advice, but after Bert left he slipped back into his poor eating habits. Jack was at odds with the world.

Jack and Nancy were both in Junior High School, and they were in the same biology class. Miss Marsh was the teacher. The class met in a large sunny room where there was an aquarium in which gold fish waved filmy tails among green sea plants, canary birds sang heartily in an aviary; solemn turtles inched along in a rock pool, and a small alligator was always getting lost and turning up in unexpected places. Often there was a visiting toad or guinea pig or any other animal that a pupil cared to bring. Nancy called the room The Menagerie because, she said it was a circus. (TO BE CONTINUED.)

## NEW MEDICINE WORKING WONDERS CONQUERS CONSTIPATION

It is often very difficult to recognize constipation. You may be having regular bowel movements but they may not be thorough. Self-poisoning might occur, which is the absorption into the blood of poisons from accumulating waste matter in the intestines. The blood saturates the body daily with these poisons. Results are often serious. From the continued attack of intestinal poisons some vital organ eventually breaks down and chronic invalidism and shortened life results.

For your guidance in recognizing and hence over-coming constipation (and its dread results, we are listing below some of the symptoms by which physicians recognize the presence of constipation.

If you are often subject to one or more of these disorders, constipation is very probably the cause.

Headache	Abdominal Tenderness
Gas	Lack of Appetite
Belching	Insatiable Hunger
Bad Breath	Nausea (1-3 Hrs. After Eating)
Dizziness	So-called Rheumatism
Coated Tongue	High-Blood Pressure
Flatulence	Auto-intoxication
Insomnia (Sleeplessness)	Springtime Weakness
Reluctance	
Continual Fatigue	
Pimples	
Hemorrhoids (Piles)	

Unfortunately, up to within recent years it was difficult if not impossible to secure efficient evacuation of

the bowel contents. It cannot be accomplished by the use of drugs commonly known as purgatives, cathartics, or laxatives, such as castor oil, pills, salts, mineral water and the like. These disturb and irritate the stomach and often affect the kidneys. Only through the principle of lubrication as embodied in Alagar can regular thorough elimination of waste matter be harmlessly accomplished.

Alagar is an emulsion of Russian Mineral Oil with Agar Agar and the well-known intestinal antiseptic Phenolphthalein. Its distinct Maple Flavor makes it very pleasant and palatable.

This product, Alagar, which contains pure ingredients, is a finely emulsified preparation of a pinkish color and is prepared with special care by our chemists in our own laboratory. It is regularly prescribed by leading physicians in their daily practice and in hospitals.

Look for the Two Red Diamonds on the Label. The sign of the genuine.

## YOU ARE SURE OF GOOD REFRIGERATION if you SELECT KELVINATOR

Public Service stands back of the appliances it sells. We will not sell an article unless we are sure it will give satisfaction. We take no chances. We test and prove the efficiency of every make of appliance we offer for sale.

You take no chance when you purchase Kelvinator. It is the oldest domestic electric refrigerator on the market. New conveniences are added to each new model. Nearly all Kelvinators furnish four different temperatures. The cabinets are well built, raised from the floor and many of them have an automatic light inside.

Our service extends beyond the sale of the merchandise. We will install without charge any Kelvinator you select from us, and we will service it for three years without charge. We give you a three year guarantee against defective parts. You may purchase the Kelvinator upon the divided payment plan, a small sum down and twenty-four months to complete the purchase.

Ask for the Kelvinator book "Cooking with Cold." It tells you how to make delicious frozen dishes in the Kelvinator.

## NOW THE "BRAIN DERBY"

WE have had bunion derbies, dance derbies and about every other type of "derby" that publicity-seeking promoters could devise. Now comes word of a "brain derby." The University of Iowa, aware, no doubt, of the psychological value of an element of competition, plans scholastic competitions for 80,000 high school boys and girls. The derby will be divided into six divisions, ranging from debating to art, and will progress in qualifying flights as athletic contests do. Certainly, more good will come out of that than from most of the "derbies" of late.

## SHINE 'EM UP

THE shoes of American men and women must be the envy of people throughout the world. The glistening appearance, after a fresh shine, is something to evoke admiration.

Shoes that are dull and untidy detract from a person's whole appearance. In this country, with thousands of shine emporiums, with innumerable wandering bootblacks and because of the ease with which one may "shine 'em up" at home at small expense, the shoe-shine remains as a great American habit. And there is no better shine! This is attested by figures showing that American shoe polish was sold in 70 foreign countries in the first half of the current year.

## GOING BEFORE IT OPENS

CHICAGO'S Century of Progress Exposition, which will open next year, is getting more advance publicity than any recent world's fair. Probably the modernistic architecture of some of the main buildings has a lot to do with it. Already, with the opening date nine months in the future, 500,000 people have paid a dime admittance fee to see the uncompleted buildings. Additional fees to inspect some completed structures have brought receipts to about \$150,000.

That is rather good business for something which will not open until next year. Expositions have been financial failures in recent years, but this Chicago show may reverse precedent.

## CONSTITOOTION

THE Ottawa, Canada, Journal declares that Americans seem to have no idea of the proper pronunciation of the letter "u." It instances President Hoover's style over the radio in saying "revenue," "constitootion," "institootion," "redooocing," "toomultocous," etc. No doubt this criticism is just, but most campaign speakers use the same style of pronunciation as the President.

It is only since the radio came into being that mistakes in grammar and pronunciation become glaringly apparent. An audience misses them, but the radio listeners catch them clearly.

## POISONING THE WELL OF PROGRESS

FORMER Senator James W. Wadsworth declares that one of the greatest obstacles to better times is the tremendous burden of taxation now being carried by the people of this country. He lays down a tax platform embodying the following four principles which are fundamental if the country is to return to a "sound and sane government."

1.—Immediate reduction of 25 per cent in the operating cost of government; 2.—The withdrawal of government from competition with private business; 3.—The abolition of all activities by the government which are not essentially governmental, and 4, cessation of Federal aid to enterprises not strictly Federal in their nature.

The average citizen has seen government thrust itself deeper and deeper into his pocketbook at a time when national income has been declining. He has seen the creation of new bureaus and commissions when businesses and individuals have found it necessary to cut costs of all kinds. He has seen gigantic Federal subsidies for projects to benefit but a few of the people, but which must be paid for by all. He has seen the bureaucratic machine become increasingly unwieldy, inefficient and expensive.

Taxation is one of the vital problems of the time. It is intimately related to the future of industry, employment, investment of capital, property-

By DWIG

owning, and home-building. Excessive taxation is a barrier to every activity of an individual or business. The mounting cost of government is, in effect, poisoning the well of progress.

## PURCHASING POWER

THE rehabilitation of purchasing power—that force which creates and controls markets—is the greatest of all national needs.

Without purchasing power virtually all trade is dormant; factories cannot buy raw materials nor employ men; no profitable use can be found for transportation equipment; farmers can neither sell nor buy; investments are of relatively little value.

Under such conditions the wheels of commerce must be given unusual impetus.

One of the most practical and productive channels through which this can be accomplished is in carrying out needed public works, particularly the surfacing of additional miles of highways according to the traffic demand.

At the present time the transportation of farm products to markets and shipping material out to rural areas is costly and inconvenient. Proper grading of secondary roads and protecting them with an all-weather waterproof surface will reduce haulage costs and add that saving to private incomes.

The United States Bureau of Public Roads, after a study of the effect of expenditures for public works, states "... the chief advantage of increased highway construction during times of economic depression lies in the fact that it affords much direct employment and stimulates many lines of business activity at a time when such impetus is greatly needed, while at the same time meeting the increased demand for improved roads." More than 75 per cent of the funds devoted to road construction is paid directly to wage earners. That sum becomes an immediate increase to "purchasing power."

## Explanation Made

(Continued from Page One)

recipients of relief will be allowed to return in labor full value for the relief they have received. This "work for relief" program will be under the direction of Matthew Richards, who will have associated with him, Frank Fuselli and William McNally.

In accordance with the plan now being put into operation, after relief, upon the basis of actual need is given to a family after investigation, in the amount of \$20 or more, the able-bodied person in such family will be asked to report for work and will be permitted to return his labor to the town in five consecutive days instead of working one or two days each week, as the case may be, depending upon the amount of relief received.

This plan allows the individual to have at his disposal, three consecutive weeks when one can secure other jobs without the risk of interruption. It will also facilitate the supervision of the work. In all other communities, this plan is working out much to the advantage of the families concerned.

## Water Proof

By Lillian Thomas

I seldom drink, except perchance  
A bit of Scotch or Rye;  
I like Red Wines, but don't indulge  
Unless I'm very dry.

A glass of Sauterne isn't bad.  
Especially if iced;  
I like that green stuff when it's served  
With lemons, squeezed or sliced.

Peach Brandy is my middle name.  
And Creme De Menthe I love!  
But Burgundy I drink when I  
Am with my turtle dove.

Vermouth and Sherry oft I crave  
When I am all alone;  
Chianti, Tokay and some Port  
When all the folks are home.

I seldom touch a single drop.  
But thank you just the same—  
Oh, well, if you insist I'll take  
A glass of . . . er . . . Champagne.

## Group Preserving to Aid Needy Families

By Jane Rogers

If you are a busy wife and mother, with many calls on the family purse, and yet want to do your bit in helping to relieve distress among the unemployed, here is an excellent suggestion. Persuade a group of your friends—perhaps the community or church organization to which you belong—to meet once a week this summer and spend the day preserving fruits and vegetables to be given to the families which

next winter will find in urgent need of help.

The results of your work will prove a real boon. Preserves are high in general food value. The fruits and green vegetables provide essential mineral salts and vitamins. The sugar content is one of the best possible sources of energy. Another important point is that the expense to your group will be small. Both fruits and vegetables promise to be unusually cheap throughout the season. The price of sugar has never been lower.

Below is a recipe for carrots that is well adapted to group preserving activities on behalf of the needy.

Carrots  
Wash tender, young carrots and blanch them in boiling water for ten minutes. Then place in sterilized jars and pour over them a sauce made by adding 3 table-spoons of butter, 4 of sugar and 1 of salt to a quart of boiling water. The amount of the sauce prepared may be increased as desired, keeping the same proportions of the different ingredients. Fill the jars full with the sauce, adjust rubbers and covers loosely. Process (boil) for two hours in a wash boiler filled with water neatly to the tops of the jars. Test for leaks and cool jars before storing.

## Gleanings From State News

Items Of Interest Taken From Here And There Outside Of town

The Observer of Kearny informs us that a hearing will be held on November 8 to discuss the changing of the name of North Arlington to that of the Borough of Arlington.

"The horses in Essex, Morris and Union will again be glorified at the annual Horse Show of the Orange Lawn Tennis Club October 7 and 8," states the Maplewood Record.

The News congratulates the "Metuchen Review" on the completion of its eighth birthday as Metuchen's most popular local newspaper.

"A free country is one in which a nobody can make himself feel important by cussing a somebody," says the Irvington Herald.

"If the Paris fad of using safety pins instead of buttons spreads, a pick-up in Bloomfield employment may be expected," states the Independent Press of Bloomfield.

The Ridgewood News editorially warns the public against the "Vet Magazine Racket," which they claim is not sponsored by the organized veterans associations.

## HIGHLIGHTS and HEADLINES

By LILLIAN THOMAS

He gave me a drink  
And charged me a quarter  
For orange (?) and grape juice(?).  
And sugar and water.

Though life sometimes drives us to distraction it's not as bad as if we had to walk to the darn place.

The Eighth Avenue subway, in New York, was opened with no more impressive ceremonies than the dropping of the entrance chains. The ex-mayor was greatly missed.

Women are always "possessed by the devil" after they marry!

McKee cut "veterans' relief" to \$500,000 and will trim \$100,000,000 from the budget. No one can give McKee a dose of his own medicine except his barber.

We hear it being whispered that Japan will take Vladivostok from Russia within the next ten years. If same comes to pass, don't forget that your good old home-town paper was the first to publish the prediction.

A 20 per cent cut in wages is what the American railroads want to give their employees. The fellow who had nothing to give but love was even more considerate.

"Everything that goes up must come down." Just like salaries.

## Parade Planned For Bi-Centennial To Commemorate Battle Of Second River, On September 24

A parade and dedication of a Revolutionary War marker commemorating the Battle of Second River will take place here on the evening of September 24. The parade will be held in both Newark and Belleville, under the auspices of the Patriotic Order of Sons of America, State Camp of New Jersey, George Washington Bi-Centennial Committee.

The battle of Second River occurred in September, 1777, after General Clinton of the British forces had advanced through Newark from Elizabethtown.

The general state committee consists of: Chairman, George C. Smith; secretary, Ralph Hulise; Edgar H. Wilson, Theodore D. Gottlieb, Wilbur E. Packer, Edward L. Canning, Thomas MacDonald, Frank Parker, Edward V. Baker and Rev. Lawrence Correll.

The Essex County Committee is headed by Mr. Packer, chairman, and adjutant of the parade; Mr. Gottlieb, grand marshal, and Captain Frederick G. Agens, liaison officer. Aides will be: First division, Major E. J. Wahler, commanding general, P. O. S. of A.; second division, Joseph Hock Jr., district president, P. O. S. of A.; and third division, Edward Kornoff, past general grand American, Rough Riders, P. O. S. of A.

The parade will start from Belleville Reformed Church, Main and Rutgers streets, Belleville, which is said to be the exact spot at which Washington crossed the Passaic River in September, 1777. It will be preceded by a police escort, followed by the grand marshal, the Patriotic Order of Sons of America and its auxiliary, the Patriotic Order of Americans, its commandery general and auxiliary, officers and invited guests.

Nine men in trace, at five feet intervals, will depict the evolution and development of the American flag.

Sergeant Patrick F. Riley Post, V. E. W. Drum and Bugle Corps of Orange, and Boyd Council, Jr. O. U. A. M. Band, will supply martial music. The bands will be followed by people dressed to represent George and Martha Washington and others in continental costume; a Revolutionary forage wagon, supplied by N. P. Vanderhoof, past district president of Essex County P. O. S. of A., and camps of the order.

Captain MacKenzie's Branford Band, Round-ups of Rough Riders, P. O. S. of A., and camps of the P. O. of A. will bring up at the rear.

Exercises will be held at the dedication of the marker, with singing and prayer led by Rev. John A. Struyk of the Belleville Reformed Church.

The marker will be presented to the Essex County Park Commission by Mayor Samuel S. Kenworthy of Belleville and the acceptance speech delivered by Robert S. Sinclair, president of the commission. Taps will be blown by buglers of Riley Post.

The parade will then proceed down Broadway to Broad street, Newark, to the House of Prayer at Broad and State streets, during which flags will be placed on the Revolutionary marker there. The procession will continue to Washington Park, where the final exercises will be held.

Rev. M. S. Watters, chaplain of the Sons of the American Revolution, will lead in prayer. Speakers will be David L. Pierson, chairman of the Constitution Day Committee, National Society of Sons of the American Revolution, and Mayor Congleton of Newark.

Wreaths will be placed at the foot of the Washington Monument by Andrew Lightbody and Mrs. Marion Brooks, dressed as George and Martha Washington, after which taps will be blown.

## A \$1 Dinner for 4

It takes only a little time and a little arithmetic to plan and prepare this attractive dinner—and four persons to eat it. We suggest that you save the menu and recipes, because it is the sort you will want to serve more than once.

**Tuna Fish and Vegetable Pie 42¢**  
**Macaroni Salad 16¢**  
**Bread and Butter 8¢**  
**Jellied Fruit Mucedoine 26¢**  
**Demi-tasse 3¢**

**Tuna Fish and Vegetable Pie:** Make a white sauce of two table-spoons butter, two table-spoons flour, one cup milk and the liquor from an eight-ounce can of peas and carrots. Season to taste. Add the peas and carrots and the con-

tents of a 7-ounce can of tuna fish which has been flaked; pour into a buttered baking dish. Cover the top with a baking powder biscuit dough, using one cup of flour. This may be made in one piece or cut in tiny biscuits. Bake in a hot oven until the biscuits are well-browned.

**Jellied Fruit Mucedoine:** Drain the syrup from an eight-ounce can of fruits for salad and add enough water to make two cups of liquid. Bring to boiling and pour over one package of orange gelatin, stirring until dissolved. Cool. When it begins to set, add the fruit, and pour into wet molds. Chill. Turn out and top with one-third cup of cream whipped.\*

## Youthful Strength

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

### TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the Arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and bouyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks treatment.

Write for booklet. C. O. D. Orders accepted.

## Hupp Wins European Car Styles Contest

### Brings Crown To United States Is Opinion Of Many

Detroit, Mich.—Like an outsider entering the International Beauty paddock for the first time, Hupmobile's new eight has virtually swept the motor car style leadership from Continental Europe and transferred this important crown to the United States. At least that is the impression gained from the series of recent Hupmobile triumphs in winning several of Europe's highest awards for beauty, style and mechanical perfection.

Just a week ago news arrived in Detroit announcing that a Series 226 Hupmobile eight had captured the Grand Prize and also the Domergue Cup in the Cite des Arts International Body Contest for the best Aerodynamic body design.

Now the factory has learned that a Series 222 Hupmobile eight registered a perfect score against eighty-four of the finest and costliest of European-made vehicles in the Concours d'Elegance at Zurich, Switzerland.

That the winning of the Concours d'Elegance is no empty title is evidenced by the vital seriousness dominating the Swiss artist and mechanic in production-made articles. From tiny watches, the smallest movements of which are produced in this beautiful mountainous country, to some of the finest and most delicate musical instruments, Switzerland's reputation as a judge of style and beauty is respected throughout the world.

The Zurich dispatch, in addition to paying high compliment to the company's product, indicated that the perfect score was awarded to the Hupmobile eight on the basis of styling, refinements and mechanical excellence.

"Maximum scoring," the dispatch reads, "was fifty points. Hupmobile attained a perfect score and thus was awarded the Gold Medal in the Concours as compared with the Silver Medal or next highest which went to a Rolls Royce selling at \$12,000."

(The list price of the Series 222 Hupmobile eight at the factory is only \$1295).

The Zurich triumph is the fifth major European award Hupmobile has recently won. In addition to the most recent Cannes Grand Prize in the International Body Contest, the others included first prize in the Premier Grand Prix at Dieppe, France; the Concours d'Elegance at Le Touquet, Normandy, and the Concours Medal awarded by the Automobile Club of Portugal.

In practically all of the leading European competitions style, beauty, refinements and mechanical excellence form the basis for the prize awards. In all cases the entries are made in closely restricted classes and most of them are custom-built bodies or cars of special design and appointments from the most prominent of European and American manufacturers and body builders.

## Waldron Helps Plan Horseshoe Tourney

### Elimination Contests For Kearny Tournament Now In Swing

George Waldron, of Park avenue, Nutley, is a member of the rules and tournament committee of the Western Electric Kearny Works, men's horseshoe tournament which began at the works Monday.

The elimination contests for the tourney are now being run off in two brackets, one at the north tract near the radio and instrument shop, and the other bracket on the courts at the south end of the plant.

There are twenty-four fully equipped courts at the north tract and twenty at the south end. The courts are opened during the noon periods. The sport of horseshoe pitching is popular with the large numbers who entered the elimination.

The rules and tournament committee is headed by William Weston of Mountain avenue and Old Bridge road, Scotch Plains, assisted by Joe La Cosse of 10 Pennington street, Elizabeth; Bill Jonker, 104 Twenty-seventh street, Richmond Hill; Harold Mason, 43 Kelly parkway, Bayonne, Henry Quill, 12 Morton place, North Arlington; Albert Nixon, 610 Stuyvesant avenue, Irvington; Haven Foote, 9 Oxford street, Newark; Gardner Thorpe, 125 Grove street, Elizabeth; George Young, 17 La Salle avenue, Cranford, and George Waldron.

## Permission Granted For Air Show

### State And Federal Permission Given For Hadley Airport Show

Official permission to conduct the extensive air races, stunting, crazy flying, aerial contest, exhibitions and night aerial fireworks demonstrations during the two day air pageant which is to be given at Hadley Airport, South Plainfield Township, on Saturday and Sunday, September 24 and 25, was given by both federal and state authorities. Letters of confirmation to the effect were received at headquarters of the Hadley Air pageant last week. S. L. Willett, Chief Inspector, of the Aeronautics Branch, U. S. Department of Commerce for this district signed the permission for the federal department while Gill Robb Wilson, Director of Aviation for New Jersey signed the permission for the state.

Kenneth R. Unger, head of Unger Aircraft, Inc., who is General Chairman of the air show, returned from the National Air Races at Cleveland where he personally canvassed many of the noted fliers for their appearance at the Hadley show. Among the many noted fliers who have already filed their intentions of appearance are such nationally known pilots as Mr. and Mrs. Charles Healy Day, who flew around the world, through the Orient and Africa in an airplane designed and built by Mr. Day. Mr. and Mrs. Day were the recipients of the personal congratulations and gratitude of President Hoover on their return to this country for their exceptional contribution to the advancement of aviation. Mr. Day has been prominent in aviation for a number of years. Tony Little, sportsman racing pilot will put in his appearance in his special Monocoupe monoplane. Little will enter the speed classics with his little craft. Miss Annette Gibson, prominent aviatrix, and Aline Rhoades, bantamweight woman pilot will be among those present representing the fair sex in aviation. Howard Ayler, nationally known stunting pilot who at present is connected with Waco Aircraft will be at the show to put on some of his latest stunts.

A flight of Army airplanes will appear at the show giving several demonstrations of military aerial maneuvers, formation flying and some of the latest air combat stunts.

The fireworks for the aerial fireworks display have already arrived from the factory and work on the installation of the special frames for the fireworks on a plane will be started shortly. This very elaborately planned demonstration will be given on both nights of the air show and is something never before shown in this part of the country. Other fireworks will be set off from the ground during the aerial demonstration at timed intervals which will greatly elaborate this part of the program.

Letters and appearance notices are pouring into the office at every mail delivery and many racing and stunt pilots as well as numerous parachute jumpers will vie for the many awards and trophies offered.

Other exhibitions planned since the draft of the program schedule will come as surprise features. Some of these will thrill the spectators considerably. The show in general will be the greatest attempted at a New Jersey Air Field.

## Nash In Line For Sales As Business Starts To Pep Up

### Medium And Moderate Priced Cars First To Fill Gap

Kenosha, Wis.—(Special)—Medium and moderate priced automobiles are first in line to fill the gap as business improvement begins to release the pent-up demand for new cars, in the opinion of C. H. Bliss, vice president and director of sales of the Nash Motors Company.

In an interesting national study of the potential motor market, just completed, he revealed that four general classes of automobile users will be the first to exercise a large buying power as a result of the apparent business "come back"; that these classes are direct buyers in the medium price field, and that buyers in these same classes have already demonstrated proof of their ability and their motor car preference in the six months just past.

"In this country—still by far the richest in the world—many families with a higher than average income surplus are able to invest money in motor cars even when general conditions are at their worst," Mr. Bliss pointed out. "Their numbers are curtailed by lack of confidence. Others in the potential buying classes are so situated that the first advance toward normalcy in business increases their incomes to the point where they are willing to satisfy their need and their desire for new cars."

"These first potential buyers fall into four classes: They include mer-

chants, to whom any increase in business with the lowered overhead of today means greater profits than ever; men in the higher salaried groups, a large percentage of whom have incomes outside of salaries; those who benefit from a rise in the values of stocks and bonds, and the more substantial of farm and ranch owners, who benefit in a larger way from a rise in commodity prices.

"It is precisely these buyers who, when they select new automobiles, purchase cars in the medium and moderate priced field. Proof of their preference lies in the actual sales figures for the first half year of 1932. They show that new car business of the entire industry, exclusive of Nash during the first half of this year was 56.1 per cent of the business done in the same period of 1931. But, during this same period, Nash business was 65.7 per cent of its sales in the same six months of 1931.

"Thus, we are convinced that Nash provides a complete market coverage in a field which is today the most responsive in the world."

The Norge Refrigerator Company has just purchased a Standard Eight Nash Sedan, to be awarded to the retail salesman in its organization who turns in the best record in a national selling contest recently announced by the company. The award will be made to the lucky salesman in Detroit this month by Howard E. Blood, president of the Norge Corporation.

## New Jersey Marine Wins Purple Heart

Quartermaster Sergeant Hayes Rainer, U. S. Marine from New Jersey, has just been awarded the Purple Heart medal with an oak leaf

SERGEANT RAINER

cluster, in recognition of wounds he received while performing a dangerous mission at Vierz, France, in 1918.

He also holds the Croix de Guerre, Verdun medal, and medals for service in Haiti and Santo Domingo, and elsewhere won during 18 years' service

with the Marines. He is now stationed at Philadelphia.

Sergeant Rainer was born in Florence, N. J., and served with Company A, 3rd Infantry Regiment, N. J. National Guard in 1909. The order of the Purple Heart was established by George Washington, in 1782.

## Washington Loses 9-3 To Nutley Collegiates

### O'Neil's Three Hits During Game Feature For Locals

The Washington A. A. received a 9-3 set-back at the hands of the Nutley Collegiates, Sunday afternoon, at Yanticaw Park.

Tony Forresta, Nutley mound ace, limited the local boys to eight hits in recording his triumph. Eddie O'Neil was the only Bell-boy to reach his slants with any degree of consistency, slamming out three safeties.

The Washingtons will travel to Elizabeth, Sunday, to play the Elmora White Sox in a double-header. Tom Byrnes, "Fuzzy" Ryder, and "Mac" Lamb will be on hand for pitching duty.

## Drastic Changes Made In The Distribution Of Army Tickets

### General Public May Get Tickets For Cadet Games

West Point, N. Y.—Drastic changes in Army football ticket distribution methods have just been inaugurated by Major P. B. Fleming, Graduate Manager of Athletics at the U. S. Military Academy here, and with the probable exception of the Notre Dame game, the general public may procure tickets for all cadet games this season. In the past members of the Army Athletic Association have taken the entire Army allotment for big games. Circulars and application blanks for all games except the Navy game have already been mailed to non-members of the A. A. A. who obtained tickets for the last two charity games. Applications for the Navy game will be distributed in the near future.

Under the plan adopted by Major Fleming, tickets will be allotted after the requirements of A. A. A. members have been met on the "first come first served" basis. Among the big home games for which tickets may be obtained are Pittsburg on October 15; William and Mary, October 29 and North Dakota State on

November 12. It is also possible that seats will be available for the Yale game at New Haven and the Harvard game at Cambridge.

Prices have been set at \$1.10 for the Furman, Carleton, William and Mary game and \$1.40 for the Pittsburg game. All these contests will be staged at West Point and will be preceded by a full dress inspection and review of the Corps of Cadets on the parade ground. Tickets for the Yale, Harvard and Navy games will be \$4.40 each.

Major Fleming's circular just distributed advised prospective applicants that only certified checks, postal money orders or telegraph money orders would be accepted. He also stated that membership in the Army Athletic Association would remain closed as the gains each year from the incoming class of cadets far exceeded the few losses.

## CARD PARTY

A card party, under the auspices of Court General Phil Kearny, No. 27, Foresters of America, will be held at the Knights of Columbus Home, 43 Rossmore place, on September 20.

There will be awards for players and non-players.

The committee consists of: Chairman, William Noonan; James Dolan, Jeremiah Lombard, Edward McFadden, John Vallance and Thomas Lally.

## ..This Whirl Of Sport..

BY ARTHUR BLOEMKE

### NEW-OLD CHAMPIONS

ALL hail, the newly crowned champions of baseball in town, St. Peter's scrappy nine!

A thrilling finish, unparalleled in local sports ranks, was needed to give the men of "Sugar" Flynn their third consecutive American Legion League bunting.

Faced with the necessity of winning three games in as many days, an almost unheard-of situation in local twilight baseball, the Saints came through in brilliant fashion. By taking the entire trio before a record number of fans they assured themselves of the pennant.

Outstanding, of course, in this well-timed spurt was the figure of Johnny Woods out there on the mound, fooling the best batters in the circuit with the ease and nonchalance of a seasoned "leaguer."

In putting the finishing touches on his self-appointed assignment of pitching St. Peter's to the championship, he permitted the opposition a grand total of one run and seven hits. A four-hit 1-0 win over the Elks Tuesday to insure a triple tie, and a three-hit 7-1 victory over the Bachelors Thursday in the game that won the diadem for the William Streeters, were his contribution. Never did a man merit more the distinction of pitching champion than Woods does in this league.

### GREAT EVEN IN DEFEAT

AFTER holding first place for the better part of the season, only to lose out in the last few days of the campaign the Elks are naturally a greatly disappointed crew.

But even in defeat, they were great. A "break" either way might have given the Hello Bills the edge in that magnificent 1-0 game Kastner pitched on Tuesday. "Stoney" Machette's inability to produce pitching talent enough to weather the several games played on consecutive days was the real bug-aboo for the Antlers. Their loss of Carl Gordinier, their ace, for this crucial series undoubtedly ruined their chances.

"Mac" McCarthy's Bachelors also contributed some fine work to pull in second, but one game back of the "champs."

### A SURPRISE BATTING CHAMPION

JOHNNY JOHNSTON, versatile young infielder of the second-place Bachelors, was officially crowned batting champion of the local American Legion ball circuit, last night, at the dinner dance held for the ball players.

His winning of this coveted distinction came as a complete surprise to the majority of fans and players. Johnston was always known as a good, steady hitter, but few gave him consideration in the matter of naming a leader.

Though nominally Johnston was fifth on the list of batting leaders issued, a ruling of the league, that states that a player in order to qualify for an award must play two-thirds of his team's games, gave him the honor.

Johnston's batting consistency can best be judged by the fact that at the half-way mark on July 4, he was hitting an even .500, and his final average for thirteen games was .448.

### BELLEVILLE'S TENNIS KING

EMERGING victorious from the long list of aspirants to the throne of tennis champion of Belleville stands alone Dick Slauer.

His comparatively easy straight-set victory over Corbin D. Lewis in the finals of the Hillcrest tourney for the singles championship of the town was a "thing of beauty, and a joy forever."

Spread-eagling the local tennis field has been his specialty for the past several seasons. The fact that there are few that can ever hardly extend him makes his winning of the championship for the second straight year bona-fide.

In the doubles, too, he paired up with Sid Summerfield and the team proved the class of the lot. His brilliant recoveries and fine net game were deciding factors in the doubles championships, as well.

## SCHOOLS

By WILLIAM GRAY

On Wednesday, September 7, at 9 o'clock (the zero hour) over five thousand children returned to Belleville's ten schools to begin a new year's work.

Of this group, one thousand and twenty-five are enrolled in the high school, the largest number in its history.

The high school offers three new courses this year. They are: Biology, manual training and art.

A new schedule has also been put into use this year, much to the disgust of the pupils. The schedule is: School starts at 8:25 and ends at 3:03 with only twenty minutes allowed for lunch. Class periods are now fifty-six minutes in duration.

The various high school activities other than routine studies, are rapidly being reorganized and will be in full swing within another week. Among these are the orchestra, bands, both boys' and girls'; debating club, stamp club, boys' and girls' choruses, dramatic club, German club, student patrol, bankers', and last but not least, the student council.

Oh! We almost forgot one of the most important announcements of all. Belleville High School has decided to substitute a weekly newspaper for the monthly magazine known as the "Monad." The paper has been officially tagged "The Bell-Hop." Good luck, Bell-Hop. May your reign be long and happy.

Well, it won't be long now till the air gets cool and the crowds turn their steps away from the baseball park, and start ambling or riding to the football fields in the surrounding sections.

By the way, if you have over-stayed your vacation and haven't read the papers lately, B. H. S. has a new football coach. Yep, and his name's "Reds" Buchanan, late of Burlington, N. J. and Jenkintown, Pa.

Due to lack of time, ye scribe has not found time to visit the grammar schools in town, but from all reports, the various principals have things well under control and seem to have succeeded in quelling that vacation spirit of a few weeks ago. The old meanies.

Dr. Ralph Ford of the Essex County Hospital, gave an address on "The Detection and Control of Contagious Diseases," before the home and school association of School No. 10 this afternoon.

Entertainment was given by two pupils, Jessie Bendall and Doris Madison. Mrs. Owen Baum headed the entertainment committee.

## St. Peter's Win The Legion League Championship

Woods Allows Bachelors 3  
Hits In 7-1  
Victory

St. Peter's baseball nine became the 1932 champions of the local American Legion Twilight League, Thursday night, by trouncing the Bachelors, 7-1, at Clearman Field, in a play-off game. The tilt climaxed three consecutive winning performances staged by the Saints to nose out both the Elks and Bachelors for the coveted pennant.

Johnny Woods, ace of aces among the league's pitching giants, was at the very peak of his game in this all-important clash. His plentiful assortment of hooks and fast ones had the Bachelors eating out of his hands from first to last. The three-hit ball he pitched was well worthy of a shut-out, which was deprived him when Kearney missed Schummel's fly in center field in the seventh inning, permitting big "Turk" to make a complete tour of the bases.

It required the winners but two innings to do all their scoring. In the third canto they sewed up the contest with a three run assault on Lou Beliski, Bachelor star, on but two hits and in the seventh they landed on "Lefty" Perkins, Beliski's successor to the tune of four runs on three hits. Altogether, St. Peter's managed to get but six hits for themselves, but oh, how they made that sextet of bingles count.

George Savino, catcher, drove in four St. Peter tallies with his single in the second, and a seventh inning triple with the bases loaded. Johnny Woods also accounted for a hefty three-bagger in this round. Ral Flynn, with a one-handed stab of Lamb's bid for a double in the fourth, and Dobblear, with all sorts of fine plays around short-stop, were the fielding heroes of the St. Peter performance.

The score:

## Artie Lamb Wins Base-Stealing Honors Schummel, Bachelors, In Second Place In League

Artie Lamb, fleet-footed Belleville A. A. outfielder, won the title of leading base-stealer in the local American Legion twilight ball loop, according to the recently released averages.

His mark of eight thefts bettered by one the total of seven hung up by "Turk" Schummel of the Bachelors who was in second place. Lilori, Moose; McCabe, Bachelors, and Zicaro, St. Anthony's were in a triple tie for third place with six apiece.

The final summary:

A. Lamb, Belleville A. A.	8
Schummel, Bachelors	7
Lilori, Moose	6
McCabe, Bachelors	6
Zicaro, St. Anthony's	6
Zega, Bachelors	5
Kappeler, Elks	5

## Beliski Pitches Bachelors Into Second Place Ace Right-Hander Blanks Elks With Three Hits, Friday

Lou Beliski pitched the Bachelors into second place in the local American Legion ball loop, Friday night, while blanking the Elks, 2-0, in a play-off tilt at Clearman Field. The game was the final of the 1932 season in the popular local twilight circuit.

The ace Bachelor right-hander, who has been pitching winning ball all season, tamed the feared Hello Bills in the most convincing manner. Of the three hits he allowed in blanking them, two were fashioned in the first inning. During the final six cantos, only two men got on base on Beliski, one on an error, and the second due to a single.

The Elks muffed the lone opportunity they had to score in the first inning. The first three batters up filled the bases thusly: a walk to Derico, and one-baggers by Kastner and John Mallack. A lightning double play, however, got Beliski out of that scrape, and he was supreme thereafter.

A double to left by McDaniels in the first inning brought across the winning Bachelor tally. Schummel's single, following Ungemah's two-bagger with none out in the fifth was responsible for the final run.

The score:

## Slauer Wins Tennis Crown Of Town Pairs Up With Summerfield To Win Doubles Honors, Too, Sunday

Dick Slauer repeated his last year's winning of the town tennis championship, by defeating Corbin D. Lewis in the finals of the Hillcrest singles tournament, Sunday afternoon, at the Hillcrest courts. Lewis was completely smothered under the blistering, strategic attack unleashed by the brilliant Slauer, who won out in easy 6-1, 6-3, 6-1 fashion.

Slauer made his monopoly complete by pairing up with Sid Summerfield to take the doubles diadem, as well. The pair required four sets to dispose of the youthful combine of Ray Smith and Billy Caldwell in the finals, 6-1, 6-3, 5-7, 6-1.

Lewis' advance to the finals in the singles division was marked by wins over Ian Munro and Billy Caldwell. During the week he conquered Munro, 6-3, 6-4, and Saturday afternoon, in a semi-finals match, he disposed of his big treat, young Caldwell, 4-6, 7-5, 6-1, 6-4, in a hard-fought struggle.

Slauer won his way to the finals by turning back Ray Smith in the semi-finals, Saturday afternoon, 6-0, 6-4, 6-4.

The Slauer-Summerfield doubles pair defeated Lewis and Munro, 6-2, 6-4, 6-2 in a semi-finals doubles set, Saturday afternoon, to reach the finals.

The Hillcrest Tennis Club racket-wielders will entertain the 4-C Tennis Club of Bloomfield, at the local clay courts Sunday afternoon. The match will get under way at 3 o'clock.

Four singles and two doubles matches have been scheduled between the two clubs, with the prospects of sizzling battles in all six exceedingly bright.

## Hillcrest Netsters To Meet Bloomfieldites Sunday Afternoon

## Elks Eliminated From Legion Pennant Race

St. Peter's Take 8-4 Decision In Play-off Game

In a loosely-played, heavy-hitting affair, the Elks were eliminated from the hectic American Legion League baseball race by St. Peter's, Wednesday night, at Clearman Field. The 8-4 defeat they received in the five and one-half innings played before darkness intervened ended their chances for the league championship.

Two big innings, the second and fourth, were sufficient for the winning St. Peter's crew. They tallied four times in each of those chukkers in cinching the pastime. Their four run rally on three hits in the second inning knocked "Butch" Kastner out of the box, and ruined Kastner's heroic attempt to pitch two consecutive games for the Hello Bills in these all-important play-offs.

Ral Flynn, fast-ball right-hander of the St. Peter mound corps, helmed the Elks to five hits over the course of six innings. Four errors by his team-mates at inopportune times figured largely in the four runs the Antlers did manage to score.

The Elks were first to score, opening the game with two runs on a many hits, singles by Romano and Tommie Dunn, in the first. One-baggers by Christell, Ral Flynn and Savino in the second sent St. Peter's into a 4-2 lead, that they never lost. Lawlor's long homer to center with one on in the fourth, followed by a single by Jacques, and "Sug" Flynn's two-bagger won the clash for the Saints.

Little Joey Romano, at short-stop for the Elks, collected three of their five hits, including a sixth inning double. Bill Kearney, Sug Flynn and Charley Christell garnered two each for the winners.

## Woods Wins Pitching Honors In Legion Loop

Gordinier And Beliski Close Seconds In Race

Johnny Woods, fast-ball right-handed pitching ace of the championship St. Peter's club, copped the twirling honors in the local American Legion ball loop for this season with a record of ten wins in twelve starts for the brilliant average of .833. This more than anything else was a factor in St. Peter's pennant winning drive.

Of the regular hurlers, that is, those who pitched more than half of their team's games, Carl Gordinier, Elks, with his seven wins and two defeats for .778 and Lou Beliski of the Bachelors with ten triumphs in fourteen games for .714 trail Woods in that order. Jack McHugh of the Moose was the only other regular pitcher to better the .500 mark winning six and losing five for .545.

The averages.

## South Orange Tilt

Several local diamond stars including Tommy Dunn, Harry Kappeler, Bill McDaniels and Harry Jacques will perform with the West Orange A. A. Sunday afternoon when their club stacks up against South Orange's powerful nine at Cameron Field, South Orange. The Peter A. Smith trophy, symbolic of the baseball championship of the Oranges, will be awarded to the winner of Sunday's contest.

Dunn, who hails from Belleville, plays shortstop for West Orange. Jacques, McDaniels and Kappeler reside in Nutley. Such stars as Abbie Leitch, Johnny McEntee, Kiggle Coplan, Duke Sedgwick, Harry McEnroe, Howard Lohr, Andy Maxwell, Jim Duffy, Les Lee and Steve Plesnick will be seen with South Orange. The game will start at 3 o'clock.

Sunday, 11 A. M.—"Authority."

8 P. M.—"Rainbows."

A colonial covered dish luncheon was given yesterday by the Woman's Guild and Missionary societies for the purpose of getting together its members for a social afternoon at which time a most pleasing program was enjoyed. The luncheon was in charge of Mrs. William Engleman assisted by Mrs. William Crombie, president of the Missionary Society and the following: Mrs. Fred Packard, Mrs. Fred Fisher, Mrs. E. W. Freeman, Mrs. John Hammill, Mrs. Alfred Millen, Mrs. B. S. Rowland, Mrs. Thomas Stewart, Mrs. W. H. Stone, and Mrs. Edgar Tallman. The luncheon was served at 1 o'clock.

October 6 will be the opening meeting of the Woman's Missionary Society when there will be sewing for the Presbyterian Hospital under the leadership of Mrs. W. H. Stone and there will be a food donation for the Deaconess Guild and it is hoped all the members will respond to this appeal.

Now that the vacation time is over we hope all the members will return to the Woman's guild with renewed vigor October 13 for a season of real work.

Dr. Close and Mrs. Close hope all the members and friends have enjoyed a most pleasing summer and will return very much refreshed and rested after their vacations.

All organizations are urged to get in touch with Mrs. D. H. Moss, 203 Washington avenue, on or before Monday afternoon of each week with

any news they want in the papers. Belleville 2-3952.

All the members are so delighted in the improvement of Mrs. Jensen and so delighted to have her back with us.

CHRIST EPISCOPAL CHURCH  
Rev. Peter R. Deckenbach, Rector.

Seventeenth Sunday after Trinity. Holy communion at 7:45 A. M.

Morning prayer and sermon at 11 o'clock. Mr. Deckenbach will preach.

Sunday school re-opened last Sunday; the hour is 9:45, and there are classes for all. Sylvester P. Denison is superintendent, and he will gladly place any one who attends.

Rev. Peter R. Deckenbach, who attended the Conference for the clergy of the Diocese, at the Girls Friendly Holiday House, at Delaware, N. J. for three days, returned on Wednesday. Harvey W. Mumford represented Christ Church parish, at the laymen's conference held at the same place, over last week-end.

Mrs. J. Harry Edwards, directress of the Altar Guild, and Mrs. Lloyd C. Nunn, president of the Ladies Guild, are representing the parish at the all-day conferences being held at Grace Church, Orange, yesterday and today. All these conferences are leading up to the same objective—"Preparation of the Parish for the Teaching Mission on the Great Commission." This Teaching Mission for this parish, will be held in Christ Church during the week of October 23.

The Girls' Friendly Society re-opened for the season on Wednesday evening, with the new Branch President, Mrs. Herbert Ainsworth in charge. There will be a fish and chip supper, under the auspices of the society, at the parish house on Friday evening of next week, September 23, from 5:30 to 7:30 o'clock. Tickets are 35 cents and are to be obtained from the president, associates or any member.

The following menu will be served: Fish and chips, vegetable salad, rolls and butter, apple pie, coffee and tea. There will be a meeting of the Vestry this evening at the parish house, at which a full attendance is desired by the rector.

The Altar Guild will hold the first meeting of the season on Monday evening, in the club room of the parish house. The directress Mrs. J. Harry Edwards will preside, and requests a full attendance at this opening meeting.

CHRISTIAN SCIENCE CHURCH  
Rutherford—Pierpont Avenue.  
Passaic—276 Main Street.  
Montclair—8 Hillside Avenue.  
Newark—65 Roseville Avenue.

"Matter," will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 18.

The Golden Text is: "Every man is brutish in his knowledge: every

founder is confounded by the graven image: for his molten image is falsehood, and there is no breath in them," (Jeremiah 10:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance." (II Peter 3:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As mortals gain more correct views of God and man, multitudinous objects of creation, which before were invisible, will become visible. When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness." (p. 264).

REDEEMER LUTHERAN  
Broadway at Carteret St., Newark  
Paul F. Arndt, Pastor.

10:15 A. M.—"Promoting the Prosperity of the Church," will be the subject of the sermon at this hour.

Sunday school will be resumed at 11:30 A. M. The German service begins at 9:15 A. M.

The Ladies' Aid Society is having a bus ride to Wood Brook Farms, Metuchen, N. J. on Wednesday, September 21. Bus will leave in front of the church at 1 P. M. Kindly bring your friends and relatives.

Tickets are thirty-five cents and can be procured from Mrs. Matthew C. Jauss, 857 Clifton avenue, Newark. A good time is promised for all.

GRACE BAPTIST  
Bremont street and Overlook avenue,  
Belleville, N. J.  
Rev. Frederic F. Foshay, Minister.

SUNDAY, September 18, 1932—

9:45 A. M.—Church School.

11 A. M.—Morning sermon: "Kingdom Principles."

7 P. M.—B. Y. P. U. This will be the opening service of the Young People's Society this fall and a large attendance is expected. The service is open to any who desire and who are interested in young people's work.

7:45 P. M. Evening service—"Life's Pilgrimage."

BELLEVILLE REFORMED  
Main and Rutgers Streets  
Rev. John A. Struyk

Friday, September 16 at 8 P. M. the consistory of the church will meet at the chapel. Paul D. Robinson is secretary. Arrangements for the fall schedule will be made.

Thursday afternoon of this week the Woman's Missionary Society will meet at the home of Mrs. B. Sargeant of 11 Van Rensselaer street. Lunch at 1 P. M. A missionary box will

be packed at this meeting. All ladies are invited.

Sunday, September 18—  
9:45 A. M.—Church School. Classes for all ages.

10:50 A. M.—Morning preaching service. The pastor will speak on: "Playing the Fool." Members, friends and strangers are invited to attend the services at the old church.

7 P. M.—Senior C. E. meets in the chapel. This service is led by young people and is a good place for young people to be.

8 P. M.—Evening devotions. The pastor will begin a series of addresses on parallel lives. The first will be "Elijah and John the Baptist." Everybody cordially invited to these evening sermons.

4 P. M.—Every Wednesday afternoon the Junior C. E. will meet in the chapel with Miss Louise Spatz and Miss Grace Martling.

8 P. M.—Every Wednesday evening the Mid-Week service is held at the chapel with the pastor leading. A hearty welcome to all to this service.

## Christian Endeavor Notes

A meeting of the officers of the Belleville Reformed Christian Endeavor Society was held last Friday night.

The president made three appointments, two of which were to fill vacancies caused by necessary resignations. Miss Ida Phelps was appointed as prayer meeting chairman, while E. W. Burden was appointed as a vice president and also made chairman of the fiftieth anniversary committee, which will make arrangements for the Golden Jubilee program to be observed this year.

The first society prayer meeting of the season was held last Sunday evening in the church chapel. The meeting was started with a fine song service, followed by a season of sentence prayers. Miss Emily, the society secretary, then introduced the C. E. pledge as a hymn, after which she called the roll as is always done at consecration services. The meeting then continued with a sharp-shooting contest, in which eight persons took part in finding special portions of scripture. The name of the book, the number of the respective chapters and verses were called out by a leader. The contestants then strived to find and read first, the portion called for. After all but two of the contestants had been disqualified Miss Ruth Struyk was defeated by Howard Wolff as he won the contest in a playoff. Following the contest was an intelligence test and question period. In the closing moments of the service a mixed quartet made up of Miss Grace Martling, Miss Emily Wolff, Robert Wolff and Elmer Struyk, sang "Living For Jesus." Miss Martling sang the verse as a solo and dedicated it to Elmer Struyk who left for college the following day. Robert Wolff closed the meeting with a short prayer.

Following is an interesting statement made by the prayer meeting chairman. Starting Sunday, September 2, and lasting through October there will be a series of special meetings including visiting musical talent and speakers.

From the publicity chairman we find that C. E. is World Wide. It is also an international force for world peace and world evangelism. All over the globe we find it engaged in recruiting, training and developing young people for Christ and the church.

We find that Christian Endeavor is interdenominational, international and inter-racial. It has four basic ideals. Confession of Christ, the fundamental beginning. Service for Christ the necessary corollary. Loyalty to Christ Church, the profound obligation. Fellowship with all Christ's people, the essential unity.

An indoor track and field meet will be held in the church chapel Friday evening, September 30. The admission will be ten cents. All members and friends are urged to support this event as the proceeds are to be turned over to the Essex County Fresh Air Home, at New Fernwood.

The missionary chairman is arranging a program which will enable the society to help support a fine friend of Christian Endeavor who is studying for the ministry.

WESLEY M. E.  
Rev. Edgar M. Compton

9:30 A. M. Sunday—Church school.

10:45 A. M.—Morning worship.

7 P. M.—Epworth League.

7:45 P. M.—Evening worship.

8 P. M. Wednesday — Mid-week prayer and praise service.

8 P. M. Friday—Choir rehearsal.

At the meeting of the Young Woman's Auxiliary held last week at the parsonage, the following chairmen were appointed by the president Mrs. Frank Dorman: Sunshine, Mrs. Herbert Carson; hostess, Mrs. W. Y. Strange; publicity, Mrs. H. L. Hamilton; pulpit flowers, Mrs. John Pole; and membership, Miss Olive Depue.

Mrs. Compton was assisted in entertaining by Mrs. Walter Gulick, Mrs. C. F. Hansen, and Mrs. George Conner.

A group of about twenty-four members were the guests of Mrs.

William V. Irvine, at her summer home in Belmar, Wednesday. Everyone enjoyed the swimming and refreshments.

The Wemec Dramatic Club has begun rehearsals for a three-act play "What Happened To Jones" which they are to present at the church on October 7 and 8. Mrs. E. Tempest Lowry of the high school faculty is coaching the club.

The Ladies' Aid Society held their opening meeting of the fall season yesterday afternoon at the home of Mrs. Elbert Carlough, 335 Union avenue. Acting as co-hostesses were Mrs. E. M. Compton, Mrs. J. H. Boice, Mrs. George Betke and Mrs. J. H. Budd.

## Wesley Men Meet

A special meeting of the Wesley Men's organization was held at the church Monday evening. In the absence of Mr. Horn, the meeting was conducted by George Davies, vice president. Mr. Rohrbach reported the progress made on the entertainment to be given in November by the men of the organization. He and his committee have given much time to put over a type of entertainment which is novel and unusual in amateur theatricals.

The plans for the outing at Mr. Brown's and Mr. Seigler's summer place at Glen Wild Lake were completed. For those who were not out, the following information should be considered: The outing shall be an all day affair on Saturday, September 17. For those going for the day, whether they have cars or not, meet at the church at 9:30 Saturday morning. Be prompt. There will be accommodations for all. For those going in the afternoon, meet at the church at 1:30. Those who can come later, go direct to Glenwild. Proceed out the Pompton Turnpike to the end. Turn left about two miles to Bloomingdale. At the fire house turn right up the hill to the ball field at Glen Wild. Mr. Seigler will be there as a reception committee. Bring an ample lunch. Incidentally bring a ball, glove or quoits. There will be games of all kinds. Swimming, if the water suits you, and bring your suit. Be out to make the outing the best yet from Belleville.

## ST. PETER'S R. C.

Rev. Joseph M. Kelly, Rector.  
Rev. J. S. Neilligan, Curate

## Masses

6, 7:30, 8:30, 9:30 and 11 o'clock. Sunday school following the 8:30 mass which is the children's mass. Thomas A. Haney, Organist.

There will be no card party tonight at the auditorium. The following Friday evening, September 23, under the auspices of the Social Society, with Mrs. Michael McCann as chairman, and her committee, the weekly card parties will continue.

Tuesday evening, September 27, the Catholic Daughters' card party will be held at the Knights of Columbus headquarters. All games will be played and the general public is invited.

## Joseph P. McLaughlin

Joseph P. McLaughlin of Smith street, was fatally injured in an automobile accident Saturday, September 3. While driving his car in the rain, on an earth road on his way to spend the holiday with his mother, the embankment gave way and his car struck a pole. He was removed to the Philipsburg Hospital where he passed away three hours later.

Mr. McLaughlin was born and brought up in Belleville, the son of the late John McLaughlin and Margaret Kiernan McLaughlin.

He attended St. Peter's Parochial and Commercial School and graduated with the class of 1920.

The members of his class were the active pallbearers and the honorary were his co-workers in the Tydol Co. where he held an executive position.

From a little chap in the first grade and until he left Belleville he served on the altar of St. Peter's Church. His genial manner and kindness won him a place in the hearts of all who knew him. His devotion to his widowed mother and family was an example any one would be pleased to follow.

His sudden death came as a shock to all who knew him. Following a solemn mass of requiem, interment was in Holy Cross Cemetery.

Surviving are his mother, two brothers, John and Thomas, and four sisters, Mrs. Ralph Vreeland, Misses Kathryn, Agnes and Anna McLaughlin, all of Belleville.

## Carragher Submits

(Continued from Page One)

draw up a resolution definitely placing the recorder in the department of Public Safety. This was done and passed by the board before Carragher officially submitted charges which Town Clerk Daly read.
