Local Woman's Club  
Holds Guest NightAnson Depue To Sing At  
Meeting And Reception  
Held Tonight

The Woman's Club will hold its Guest Night tonight at 8 o'clock. There will be a reception to associate members and guests. The speaker will be the Rev. George Evans Dawkins, who will address the club on "The Loneliness of Achievement." There will be a tenor solo by Anson Depue and Dorothy Ludlow will present character sketches.

At the business meeting Monday, material was given to members to make garments for the Red Cross. Any member who wishes to assist in this work may obtain material and instructions from the chairman, Mrs. Charles S. Smith, 169 Malone avenue, or from the vice chairman, Mrs. E. J. Mutch, 15 Agnes street. The garments are very simple to make.

The drama committee had an interesting meeting Tuesday, when the one hundredth birthday of Louisa M. Alcott was observed. The chairman, Mrs. Herbert V. Hardman, gave a review of the author's works. Mrs. William Rachel gave readings. The hostesses were Mrs. F. Kenneth Mase and Mrs. Homer C. Zink.

A card party will be held Monday at 2:30 P. M. in the club house. The hostesses will be Mrs. W. P. Adams, Mrs. F. S. Bootay, Mrs. W. D. Cornish, Mrs. Thomas C. Stewart and Mrs. Frank Wadsworth. Tuesday at 10 A. M. there will be chorus practice at the club house. A full attendance is requested.

Many Awards Made  
In Band ContestArmistice Day Parade And  
Military Ball Held  
Last Friday

Crowds lined Washington avenue, last Friday night to view the Armistice Day parade, which was under the joint auspices of the American Legion and the Veterans of Foreign Wars. Many local organizations were in line, including the Boy and Girl Scouts, and bands from many other towns in the state were entered.

After the parade, a military ball was held at the Elks Club. The ball was featured by a band contest and the awarding of cups to the winning bands. The awards were as follows: uniformed band playing the best music, Little Ferry Boys Band and Little Ferry Junior Police Band; drum and bugle corps playing the best music, a tie between Miles A. Sauter Post, Veterans of Foreign Wars of Bloomfield and Nutley Post, American Legion.

Best appearing and marching band, Little Ferry Junior Police Band and Little Ferry Girls Band; best appearing and marching band, drum and bugle corps, Bloomfield Post, American Legion and Nutley Post, American Legion. Best appearing and marching drill team (female), Women of the Moose and Carpathia Patrol, Princess of the Orient; best appearing and marching drill team (male), Royal Guards of Essex Chapter De Molay, organization with the largest number of members in parade, Belleville Girl Scouts.

There was a three-way tie for organization traveling the greatest distance between the Little Ferry Girls' Band, Boys' Band, and Junior Police Band. The two boys' organizations finally agreed to cede the honor to the Girls' Band.

## Tuesday Club Meets

The Tuesday Reading Club met this week with Mrs. Charles G. Jones of Academy street as hostess. Papers were read by Mrs. William H. Jacobson and by Mrs. Schuyler Webster. Mrs. Jacobson's subject was "Indians of the Far Southwest" and Mrs. Webster's "Indian Dances and Games." Refreshments were served. The next meeting will be held Tuesday, November 29, at the home of Mrs. Pierre V. A. Brett, 671 Highland avenue, Newark.

WILLIAMS CLAIMS SCHOOL BOARD  
MISREPRESENTS FINANCIAL SITUATIONBoard Of Education Did Not Ask Teachers For A Cut  
Large Enough In Present Crisis, Says Director Of  
Finance And Revenue.

A committee of school teachers attended the conference of the Board of Commissioners, Tuesday afternoon to petition for immediate action in the matter of the payment of their salaries. Charles Steele, principal of the high school, said that he did not believe that the schools were receiving a sufficient proportion of the taxes already paid for their running expenses.

Commissioner William H. Williams, director of revenue and finance, acting mayor in the absence of Samuel S. Kenworthy, said that the Board of Education had grossly misrepresented both the town's financial situation and his statements. He said that in the current year \$51,500 had been turned over to the school board by the town, \$49,475 of which he understood to have been used to pay off bonds and interest. Williams said that he would appear before the Teachers' Association at any time and explain the financial situation to them.

Commissioner Patrick A. Waters stated that the town's situation would be better if the teachers had taken a ten per cent cut. He said this would have favorably impressed brokers and bond buyers and that all employees might have been paid on time in that case.

The teachers replied that the president of the Board of Education, James De Rossett, had failed to ask for a cut greater than three and a half per cent and they had accepted a cut as great as they were asked to take.

Williams stated that in that case the teachers were not to blame but that the Board of Education had told them that they had a three and one-half per cent cut was sufficient. He added that he hoped to be able to pay two weeks salary to all town employees within two days.

Williams added that he had learned that De Rossett had planned to issue scrip to pay the teachers some time ago, but had dropped the plan when Williams told him that if he carried out his plan he would demand his immediate resignation. "No scrip will be issued in Belleville while I am director of revenue and finance," said Williams.

Commissioner William D. Clark said that the position of the town would be much clearer with the brokers who sell town bonds if the annual payroll were cut from \$700,000 to \$630,000. Commissioner Frank J. Carragher stated that he did not believe in cutting salaries, but that it was sometimes a necessity.

Steele made it clear before he left that the committee was not arguing for teachers' salaries at the expense of the local police and firemen.

Williams stated that in that case the teachers were not to blame but that the Board of Education had told them that they had a three and one-half per cent cut was sufficient. He added that he hoped to be able to pay two weeks salary to all town employees within two days.

"No scrip will be issued in Belleville while I am director of revenue and finance," said Williams.

## Political "Deal" Hinted By Ministers As Citizens

The Honorable Board of Commissioners, The Town Hall, Belleville, New Jersey. Gentlemen:

No official act of yours will help or hurt the social and moral life of our community as much as the appointment of a recorder.

It is charged that your appointment of Mr. Abramson for the unexpired term was the result of a political deal and not necessarily because you believed his qualifications superior to those of any other available man. This we should greatly dislike to believe. Any appointee under the circumstances would begin his duties under a disadvantage.

We are not interested in political deals, but we earnestly hope that someone with a record of unselfish service for the community and undoubted ideals may be appointed for the full term. For five years he, more than any other individual in public life, will protect or fail to protect the homes, the children and everything in the community that we hold dear.

Many of us do not know Mr. Abramson. Will you not, in justice to him, and as a reassurance for the people, inform the community of his high ideals and the record of his unselfish interest in the social and moral welfare of the people? Surely you will agree that the position is important enough to justify your seeking the best available man rather than confining your choice to avowed candidates.

We offer you whatever cooperation you may desire in the selection of such a man for the full term.

Respectfully yours,

O. BELL CLOSE.  
PETER R. DECKENBACH.  
FREDERICK F. FOSHAY.  
HARRY PFUNKE.

MERCHANTS APPROVE "BABY BONDS"  
TO PAY TOWN EMPLOYEES' SALARIES

Independent Merchants Hit Policy of Relief Administration In Giving Food Orders Of Unemployed to Chain Stores

The Belleville Merchants Association unanimously approved the issuance of "baby bonds" in small denominations to pay the salaries of town employees and teachers at a meeting Tuesday night. They agreed to accept them in return for merchandise under the following stipulations:—only \$30,000 worth should be issued and the bonds should be good for the payment of taxes.

A committee composed of Patrick Fort, Russell Rose and Abram Atkins was appointed to draw up a resolution to that effect and present it to the Board of Commissioners at the next meeting.

Albert I. Mehrbach of East Orange, who presented a plan for the issuance of certificates for a liquidating corporation last week, appeared with a new plan. He suggested the issuance of certificates by the town, which might be exchanged for bonds by the merchants after they had been indorsed as having been used in five transactions. The plan was not favorably received by the merchants, as they

felt that the town should not, in any form of scrip at the present time.

Russell Rose of the Peoples Bank announced that the bank would advance two weeks salary to any municipal employee who would assign his back salary to the bank as collateral. Considerable discussion was caused when the question of food orders of the state relief administration going to chain stores was raised. It was felt that any person who wished his order to go to an independent dealer should be allowed to trade with that dealer rather than with a chain store.

Arthur H. Jones, deputy director for Essex County of the state emergency relief administration, said that food orders were given to the merchants with which the persons seeking relief had previously traded. He said that changes from one merchant to another were not looked upon favorably by the relief authorities as they tended to cause abuses. Jones said that no discrimination was made against independent merchants as long as their prices were reasonable.

Local K. Of C. Plans  
Monster Card PartyParty To Be Held In Saint  
Peter's Auditorium  
In December

Belleville Council, Knight of Columbus, is planning a monster card party to be held in St. Peter's auditorium early in December. It was first planned to hold the affair in the club house on Rossmore place but because of the crowd expected the place has been changed to the auditorium. The exact date will be published in next week's edition of the News.

Jack McDonough, who made the minstrel show such a success, is in charge of the party. He will be assisted by Thomas Lukowiak, John Gormley, William Herkness, Harry B. Morton, Aloysius Munn, George Froelick, Alex Derbyshire, Gilbert Howley, Lester Whitfield and Harry Sullivan.

Bonds Approved At  
Commission MeetingClark Reports Survey Of  
Lights Shows Saving  
Possible

The Board of Commissioners approved a resolution authorizing the issuance of \$12,000 in poor relief bonds and \$16,000 in public works bonds at the meeting Tuesday night. The bonds are to be issued in \$1,000 denominations and will bear six per cent interest. Their term is four years.

Commissioner William D. Clark, director of public safety, announced that a survey had been made of the lights on Washington avenue, and that 40 of the 147 could be eliminated in the interests of economy.

Edward Lister, who appeared before the Board a few months ago asking that the positions of town attorney and recorder be combined in the interests of economy, asked the appointment of Samuel Figuerelli as recorder. Edward J. Abramson was appointed recorder by the Board later.

Commissioner William H. Williams, director of revenue and finance, announced that he expected to be able to pay two weeks salary to town employees with two days.

Commissioner Frank J. Carragher spoke in favor of independent merchants getting relief administration food orders in preference to chain stores. He said that the small merchants carry the accounts of persons out of work, but that when a person gets a food order he must spend it in a chain store.

A communication was received from George A. Younginger Post, Veterans of Foreign Wars, thanking the Board of Commissioners for the time and effort put forth in their behalf.

Abromson Appointed  
By Town CommissionRecorder Appointed By The  
Board As A Whole  
After Discussion

Edward J. Abromson, local attorney, was appointed recorder by resolution at the meeting of the Board of Commissioners Tuesday night. Mayor Kenworthy and Commissioners Waters, Clark and Williams approved the resolution. Commissioner Carragher not voting.

Commissioner Carragher argued that the appointment should be made by Commissioner William D. Clark, director of public safety since Town Attorney John B. Brown had rendered an opinion to that effect. Clark replied that he had sought an opinion out of town, which did not coincide with that of Brown.

Carragher said that if Clark would not rely on the opinion of Brown, the office of town attorney should be dispensed with. Brown replied that it was a common custom in the state under the Walsh Act for the entire board to concur in such an appointment.

Carragher charged that a "deal" had been made on the appointment. "This is a deal," said Carragher, "Commissioner Williams and myself don't know if you met in a chicken coop or where to settle this deal."

Abromson, who is 28 years of age, was born in New York City but has lived in town 23 years. He was educated in the local public schools and was graduated from Belleville High School in 1921. He attended the University of Pennsylvania and was graduated from New Jersey Law School in 1927. He was admitted to the bar in 1928, and became a counselor at law in 1931. He is president of the Progress Club and of the First Ward Republican Club. He is a member of the Elks Club and of Omega Phi Lambda fraternity.

# CHURCHES

Owing to the fact that many residents of town either attend out-of-town churches or, because of associations are interested in these places of worship, the church news of Nutley, Belleville and Newark parishes is here combined for your convenience.

## Belleville

### FEWSMITH PRESBYTERIAN

Rev. O. Bell Close

Sunday, 11 A. M.—Sermon, "The Science of Religion."  
8 P. M.—Dr. Close will preach the third of his series of sermons on "Abundant Life," the subject being "Faith." All of these sermons have been most inspiring and helpful.

The A. B. C. Group of the Women's Guild wish to express their sincere appreciation for the splendid cooperation given them at their food and cake sale last Tuesday. Much credit goes to Mrs. Robert Stivers, chairman, and her very able committee, who worked with untiring effort to make the sale a success.

The Women's Guild will hold a turkey supper Friday evening, November 18 from 6 to 8 o'clock in the church school room at which time a most delicious dinner will be served. Tickets may be secured at the door. Your Patronage will be very much appreciated.

Watch for the date of the pie sale as all who had one of those delicious pies last year will want more this year. Mrs. W. W. Stewart will be in charge.

All the organizations are urged to kindly get in touch with Mrs. D. H. Moss by Monday evening of each week with any news they want put in the papers. Call Belleville 2-3952.

### Fewsmith Church School

Those on the committee for the Thanksgiving Program of the senior department are Mrs. Snooks, Miss Fay and Mr. Wilcox. The theme to be presented and developed is "How we can show God and the world that we are truly thankful." Helen Kelsall, May MacFadden, Margaret McNair, Catherine Close, Lois Alby, Wilma Baxter, Jean Sheldon, Ruth Brinkerhoff, Mildred Drenthau and Marjorie Bream will participate.

The usual custom of the Sunday School of furnishing supplies for the needy of the community will be observed this year. The children of the entire church school will bring their gifts of canned goods and groceries next Sunday. These offerings will be turned over to Dr. Close and the deacons who will distribute them to the needy.

The following is the program of the junior and intermediate departments: "America," led by Lawrence Van Horn; recitation, "We Thank Thee," by Raymond Mertz, Lois Goldsmith and Betty Dunn, announced by Ida Takash; recitation, "Thanksgiving Day," by Ann Kelsall, Ella Michelson, Thomas Winslip, Richard DeLong and Wesley Adler, announced by Ida Takash; song, "We Plough the Fields and Scatter," led by Howard McCann.

Parents are cordially invited to attend and worship with their children during the Thanksgiving service. One of the classes of the beginners department has been promoted to the primary department. Their teacher is Miss Greta Corbett. Five-year-old Jenny Graubert recited "Happy Family" for the primary department last Sunday.

### BELLEVILLE REFORMED

Main and Rutgers Streets

Rev. John A. Struyk

Sunday, November 20—  
9:45 A. M.—Church School. Classes for all ages. H. Goodale, superintendent.

10:50 A. M.—Morning Preaching Service. The pastor will speak on "Happiness." An invitation of welcome to everybody to worship in the old historic church.

7 P. M.—Senior Christian Endeavor devotional meeting in the chapel.  
8 P. M.—Evening devotions. The pastor will give the sixth in a series of sermons on parallel lives. This week he will take "Samuel and Barnabas." Everybody invited to listen in.

Thursday, November 24—Thanksgiving morning a service of Thanksgiving will be held in the old church. The pastor will speak on "O Give Thanks unto the Lord." This service will be one hour in length, from 10 to 11 A. M.

Monday, 7:30 P. M.—Boy Scout Troop.

Tuesday—7:30 P. M.—Intermediate Christian Endeavor.

Wednesday, 4 P. M.—Junior Christian Endeavor.

Wednesday 8 P. M.—Mid-week service led by the pastor.

Thursday, 6:30 P. M.—Girl Scout Troop, No. 9.

Thursday, 2:30 P. M.—Women's Missionary Society will meet at the home of Mrs. Chester DePuy on Essex street. All ladies are invited.

### WESLEY M. E.

Rev. Edgar M. Compton.

The big event of this week is the Annual Bazaar. Enthusiastic workers have been busily planning to make it a huge success in spite of the depression. Everything is reasonably priced—the home-made candy, cakes, groceries, fancy work, aprons, handkerchiefs, flowers and toilet articles in fact about everything one can imagine at a fair.

The "pride and joy" of the Ladies Aid Society is a quilt made by mem-

bers of the organization under the direction of Mrs. Frederic Dodd. A handkerchief made and donated by Dolly Gann, sister of Vice-President Curtis will be for sale, ten cent toys for boys and girls, and a pantry shelf of twenty-five cent articles for busy housewives.

A cafeteria supper will be served tonight in the church dining room beginning at 6 P. M.

The bi-centennial idea in decorations and costumes will be carried out wherever possible.

The Junior Epworth League will reorganize in the chapel this afternoon at 3:30. Election of officers for the coming year will take place. School children interested in a junior league are invited. Miss Louise Schenck and Mrs. Lloyd Ballentine are the advisors.

The Annual Union Thanksgiving service will be held in the Wesley Chapel next Wednesday, November 24, at 8 P. M. Rev. Harry Funk of the Bethany Lutheran Church will be the preacher. The ministers of the other Protestant churches in town will have a share in the service.

### CHRIST EPISCOPAL

Rev. Peter R. Deckenbach, Rector.

Sunday Before Advent. Holy Communion at 7:45. Morning Prayer and sermon at 11 o'clock; topic, "The Seventh Wave." Evening Prayer and sermon at 7:45; topic, "Thankfulness."

There will be a Corporate Communion for men and boys, on Sunday morning, November 27, at 7:45 o'clock sponsored by the Brotherhood of St. Andrew.

There will be a Union Community Thanksgiving service on Thanksgiving eve, Wednesday night, at the Methodist Lutheran Church, preaching.

The service at Christ Church, on Thanksgiving Day, will be held at 9:30 in the morning. Those wishing to contribute fruits or vegetables for decoration on that day, and afterward to be given to the needy, are asked to leave articles or money at the Rectory, during the three days preceding Thanksgiving Day.

The regular monthly meeting of the Altar Guild will be held in the club room of the parish house on Monday evening. The directress Mrs. J. Harry Edwards will preside.

There will be a meeting of the Vestry this evening, at the parish house. At the meeting of the Girl's Friendly Society on Wednesday evening, plans were completed to group the girls in classes, under the heading of the activities in which they are most interested.

The Branch president, Mrs. Herbert Ainsworth, Mrs. Martha Peck and Mrs. Hal W. Earl will be in charge of sewing and crocheting; Mrs. George A. Kelsall and Mrs. Harvey W. Mumford will instruct in hostess duties and home economics; Mrs. Frederic K. Sedgwick and Miss Margaret Pride head the Art class; and the Misses Frances M. Williamson and Lillian F. Edwards are in charge of Music and Dramatics.

Fifty pieces of Knobby Kraft jewelry have been distributed among the girls to be sold, to increase the funds in the treasury. The girl selling the largest number will be awarded a pendant and chain. There will be no meeting of the Society next week, on account of Thanksgiving.

The Ladies' Guild met yesterday afternoon at the parish house, the date having been advanced one week on account of Thanksgiving Day. The president Mrs. Lloyd C. Nunn occupied the chair. About a dozen women responded to the call to sew for the Red Cross, and met at Mrs. L. C. Nunn's home, 17 Garden avenue, on Thursday afternoon of last week, when garments to be made, were distributed. Many others not present at this gettogether meeting, have agreed to help.

Mr. Deckenbach is preparing a Christmas box to be sent to a group of children in Honolulu, and would greatly appreciate donations from the ten cent store, consisting of sewing sets, pads, pencils, rubber balls, beads, etc. Please leave same at the Rectory, if possible this week, as the box must be sent very soon in order to reach its destination in time for Christmas.

### GRACE BAPTIST

Rev. Frederic F. Foshay, Minister.

## LITTLE THEATER GUILD PLAYERS

### Wesley Men Direct Evening Service Carl Bannwart To Speak At Wesley Church Sunday

Carl Bannwart, superintendent of the Shade Tree Commission of the department of Parks and Public property of the city of Newark, will be the guest speaker at the Sunday evening services at Wesley Church this week. The service will be under the direction of the Wesley Men, who for the first time since their organization will be in charge of a service. They are most anxious for the loyal support of their friends, the church members and the public.

Mr. Bannwart's subject will be "The Man with a Handicap." The address will be based on the following quotation: "Two men looked out through prison bars; One man saw mud, the other saw stars."

A male quartet will render several vocal numbers, and Robert Louer, cornetist, will round out the program with several solos.

### C. D. A. Anniversary

Arrangements are being made by Court Santa Maria No. 61, Catholic Daughters of America, for the observance of their 26th anniversary which will be held at St. Peter's auditorium, Monday evening, December 5. The last Sunday in November the Court will hold its annual memorial services in St. Peter's Church for its departed members. Installation of officers will be held Tuesday. The Court will be addressed by Father Kelly December 13.

### St. Peter's Card Party

A card party under the auspices of St. Peter's Social Society will be held this evening at St. Peter's auditorium. All card games will be played as well as "Bingo" and awards will be made to players and non-players. Refreshments will be served by the culinary committee assisting the hostess, Mrs. Joseph Giernan. Games start promptly at 9 P. M.

### Bible Class Activities

At the regular Sunday meeting of the Everyman's Bible Class at the Masonic Temple, William Wakefield, the president, appointed two committees. One of these is to make arrangements to provide food for poor children on Christmas and the other is to arrange for a social evening.

Mr. Wakefield, in reference to the attendance contest between the red army and the blue army, promised the captain who had the largest attendance in ten weeks a comfortable chair. Brothers Kunze and Wilcox, the captains, are both working hard to win the award.

Next Sunday is Ladies' Day with fine music and a special talk by the leader, Mr. Ebel. Every man in Belleville, regardless of his church affiliations, is invited to come and bring his wife, mother, sister or girl-friend at 9:30 A. M. Sunday.

Congressman Fred A. Hartley is expected to be present to address the gathering.

### ST. PAUL'S CONGREGATIONAL

Rev. Robert C. Falconer, pastor.

Sunday afternoon at 4 o'clock the second Sunday service of St. Paul's Church, which for two years has been called "Popular Sunday Afternoons,"

was resumed. "Popular Sunday Afternoons" will continue, as heretofore, until Easter. Programs for these services have been completed except for one Sunday. The programs involve musicals, religious plays, addresses by noteworthy speakers, religious films, recitals, a pageant and three special presentations sponsored by constituent organizations of the church. All programs have been planned to last one hour. Since the inauguration of these special services two years ago attendance has increased five-fold, turning what before had seemed an insoluble problem into a distinct asset.

The remaining November program is: November 20, the Colonial Mass Quartette of North Jersey in a rendition of sacred music; November 27, "The Story of the Pilgrims," three reels of motion pictures.

During the balance of the current month the church will be engaged in the conduct of its Every Member Campaign for financial support. Twenty-five men and ten women are engaged in seeing those members and supporters of the church who have not already indicated the amount of their subscriptions to the local budget and to the Benevolence program of the church. The work of enlistment is in charge of G. C. Townsend, 18 Irving place, chairman of the current expense committee.

CHRISTIAN SCIENCE CHURCH

Rutherford—Pierpont Avenue.

Passaic—276 Main Street.

Montclair—8 Hillside Avenue.

Newark—65 Roseville Avenue.

"Soul and Body" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 20.

The Golden Text is: "I wait for the Lord, my soul doth wait, and in his word do I hope" (Psalms 130:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12:1,2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let us feel the divine energy of Spirit, bringing us into newness of life and recognizing no mortal nor material power as able to destroy. Let us rejoice that we are subject to the divine powers that be. Such is the true Science of being" (p. 249).

## NOVEL BETS

It may be that a shortage of cash for betting purposes is responsible for the strange bets placed on the outcome of the Presidential election. There is something different in a man submitting to being pelted with two dozen aged eggs because he bet on the loser.

Of course, the old one of the loser pushing the winner in a wheelbarrow has been in again. But some of the bets certainly have been novel. However, the losers seem to enjoy the outcome of the betting as much as the winners.

## NAMING BABIES

THE theory of naming babies after the most recent national hero must be based on the belief, or hope, that the babies will grow up to emulate some of the deeds of the great man. The practice shows signs of increasing rather than lessening. On election night, in one near-by hospital, three babies were named after the President-elect. Unfortunately, the names will be of little aid to the youngsters; they will have the same aspirations and the same disappointments as everybody else.

## WEDDING RINGS

A JEWELER is the authority for the statement that over a million and a half wedding rings are sold in the United States each year. The depression has had no effect on this business. The average wedding ring sells for five dollars, although a few which sell for from \$15 to \$50 are called for. A fastidious wedding ring often takes the place of a diamond engagement ring.

A jeweller says a fortune awaits the man who can popularize the double ring ceremony, thus doubling the number of wedding rings sold each year. Not one wedding in twenty has two rings today. The reason may be that the bride costume makes no provision for a pocket in which the bride may carry the ring. She is expected to present to the groom. Having the bridegroom make a search for the wedding ring may be thought to provide sufficient embarrassment for the average wedding ceremony.

## CUTTING THE CRUISES

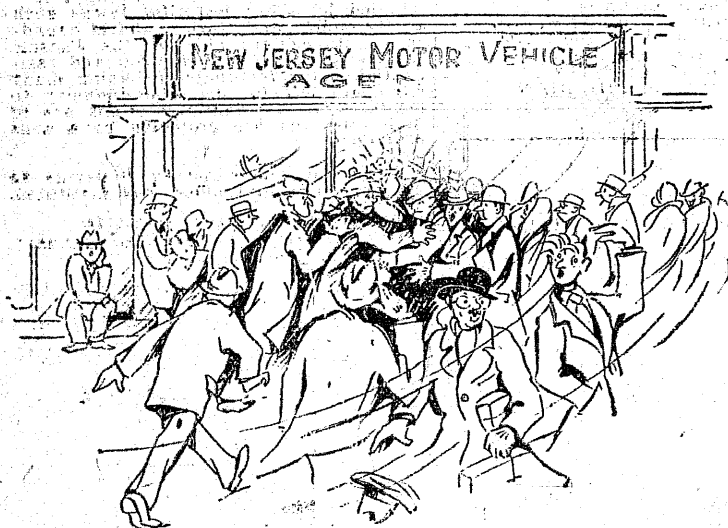

CRUISES to the West Indies were so popular last winter that the number will be curtailed from 89 to 58 in the coming cold season.

This sounds like a paradox, but it is merely good business. The cruise idea was overworked last winter, because there was a good demand for reservations, and it was profitable to utilize liners which would otherwise be idle in the months when European traffic is at a low point. The ships went south instead, somewhat well filled, but usually with about half the number of passengers that might have been accommodated. Cutting out 31 sailings will not compel anyone to stay at home. There will be room enough, and the lines may make some money, instead of breaking even.

## A WAY TO HELP

POSTMASTERS have been instructed to put additional men to work on the Christmas holiday mails. They are to give this work, as far as possible, to men with dependents. In choosing they are cooperating with charitable, welfare and veterans' organizations.

This is fine. It means some men, who are unemployed and with families, should get a little work, at least, to give them holiday money. But it is now up to the public to help. The sooner the Christmas mailing starts in earnest, the sooner these men will get work. The "mail early" slogan is old and may sound hackneyed, but this year it is more important than ever.

### To the Motorists of New Jersey:

At any time, now, you may procure your drivers' licenses and registration plates for 1933. On and after December 15th, it is legal to use them.

Every year we have found that thousands of motorists wait until the closing days of the year to obtain their licenses and plates. This works to their disadvantage—and ours.

The Department of Motor Vehicles tries to give to the motorists of the state the best possible service within the limitations of its appropriations. The compensation of our Agents, who serve you in the various communities, is very modest, and they are obliged, at their own expense, to secure additional help to take care of the "last minute rush" that inevitably occurs.

In New Jersey we have nearly a million cars to be registered, and 1,332,494 drivers' licenses to issue. You can imagine that the preparation and execution of the forms, the issuance of plates, and the filing of the proper records, is a tremendous task. In spite of this, the cost of motor vehicle administration in New Jersey is but \$1.19 per car, the lowest of any Department in the United States furnishing comparable service.

We ask you, in this busy period of the year, and at a time when we are trying to conserve every possible dollar in the interest of the motorists, to bear with us, and to cooperate by going to the nearest agency, at the earliest possible moment, for your license and plates. Invariably, the only complaints we receive, come from motorists who have waited until the last few days of the year, and who then criticize the fact that they have to stand in the cold in a waiting line, or are jammed up in an agency that does not give them the prompt and courteous service they feel entitled to. I am sure you will agree, in view of the fact that the law has been amended so that they may secure their plates and licenses during the two months prior to the closing of the year, that these complaints are unjustified, and deserve scant sympathy.

Please help us to help you, by getting your plates now, and by putting them on your car on December 15th.

Sincerely,

Barolillo...  
Barolillo...

### HARTLEY THANKS VOTERS

Congress of the United States  
House of Representatives  
Washington, D. C.  
November 10, 1932.

Editor News:

My dear Sir:

I wish to express my appreciation for the exceptional vote of confidence expressed by my Belleville and Nutley constituents.

My friends may rest assured that I shall work earnestly to merit their continued faith in me.

Very sincerely yours,

FRED A. HARTLEY, JR.

### HEISLEY LETTER

Editor News:

Confirming the good impression of an excellent sermon by Father Glotzbach, at the last mass, Sunday, on love of one's neighbor, I walked through Yanticaw Park, and with the November sun at high noon bathing the landscape in the uniqueness of its light, I hoped that Sunday observance would never decline beneath its present vogue.

"Oh day of rest and gladness!" The Pharisaical perversion of the Sabbath rest, inculcated the neglect of one's neighbor, made it wrong to do a work, such as healing on a man, but appeared to permit the lifting of a sheep out of the pit, on that day, hence the observation of the Nazarene.

"How much then is a man better than a sheep?"

It is rather a pity for many years and through cycles, the Sunday newspaper, the Sunday outings, and the Sunday amusements and radio, have put that day's observance under a serious strain. I know that some readers will dissent from these my humble observations, saying that I am an old fashioned champion, a crank, etc. Well it would be another case of an old dog not taking to new tricks. But the older people often serve as an anchor against the young or thoughtless being driven before evil winds.

I don't believe in many of the oppositions that have been raised, such as that between revelation and science; politics and religion; worshiping nature instead of in churches.

On the contrary, I hope that those who accept revelation will become more interested in science. In reading the writings or history of some very holy men, we happen upon matters that strike us as somewhat absurd, like St. Francis of Assisi preaching to the birds, or Martin Luther hurling his inkstand at what he supposed was the Devil! Some time ago before I had left the East and become a pastor of one of the largest churches in Rock Island, Illinois, the walls were often placarded with an advertisement reading, "Any Man can see that the Rock Island Route is the shortest to—", and then appeared a man (pictured, of course) pointing to monstrously untruthful straight lines, perverting the map of the United States, to some extent, in order to connect Chicago with Denver, San Francisco, and Portland. I fear some of the statements of those writing about revelation were open to the fault of a sort of abbreviated map making. They never saw nature for the sake of the supernatural; their idea of revelation and the supernatural was too drastic, without perspective or setting.

As politics are refined sufficiently to permit it, religion must fuse with it; not necessarily the kind or religion that dictated Prohibition, but a wiser, softer, more holy sort of religion, operating through the socialization of government and life as the Reds never could operate. We have three measures, municipally supported hospitals, workmen's Compensation and Old Age Relief, which are eminently social in their character. There is needed a further modification of some of the spheres of life. To gain these things, the citizen must help towards the election of right-minded candidates for office, and so enter into public questions and politics. The weakness of some small and rather extreme denominations of Christians is seen in their refusal to vote in times of peace, or fight in time of war. The conduct of public affairs is, in their judgment, so bad in the hands of those who hold office that these might as well be in the hand of devils. The men who don't want the world to come to an end just yet, are likely to do a great deal more of good while they lived than if they went over to Adventism.

Then there should be no opposition of worshipping God in nature or in churches, as the worship of God in a church specializes and brings to a head that thanksgiving spirit we should always have, which is inspired by the sight of the mighty oak, the pine or cedar in their evergreen foliage; the sunshine touching with its beams the farthest hill; the sparkling water of the river (remember that originally the Passaic sparkled). Kneel in the church, if it be a week day, and lift up your heart to the Lord of all these beautiful things, if it be a Sunday, it will be most easy for you to join your thanksgivings with those of many others present, called the congregation, or the Omnium Circumstantium (literally "all those standing about," written when the laity were never seated) of the Roman Missal.

These are my reactions to the almost combined effects of both the House of God and the House of God in His natural domain. Specially present in the House which he graciously accepted from Man, He was generally present, as the Eternal Word, or Logos, in His oaks, pines, spruces, chestnut and crab apple trees, His grass, His earth. His stream of sparkling water and bright sunshine.

It is a second thanksgiving after that of the holy altar, to walk amidst nature's domain, and distinguish the oak from the maple; the spruce from the hemlock, the pine from the cedar, the fruit bearing tree from that bearing nuts. I don't believe in some of the oppositions raised up because they are childish. As I meditate on these things the vision of new heavens and new earth, seems to me no phantasm.

FREDERICK A. HEISLEY.

## WOMAN'S INCONSISTENCY

By Lillian Thomas

Dear, if I knew that someone else could please you as I do, I'd step aside, perhaps bow out.

And loose myself of you. And if I knew that other lips

Would thrill you more than mine, I'd find a pair that would produce

Effects of heady wine. But I am sure that you would tire

Of someone else, and so, No matter what you say to me

I shall refuse to go!

Troop No. 86 held its meeting last Monday night under the leadership of Mr. John Denike, Scoutmaster. About 12 boys were in attendance, also two candidates. The troop expects to re-register very shortly. This troop meets at the Grace Baptist Church.

## Factfully Yours

— LILLIAN THOMAS —

The culling of past, present and future FACTS is like the gathering of rare flowers. Accurately done, it makes an interesting column for interesting people—even if it is only a pick-up job for the writer.

Among the things we should know is the fact that the use of beer dates from very early times. Osorio introduced a malted grain beer in Egypt as early as 196 B. C. Which reminds us, that the word "honey-moon" is derived from the ancient Teutons and means drinking for thirty days after marriage.

You wouldn't think that the thimble is less than 200 years old, would you? Well it is and what's more it brought an enormous fortune to an English family. The thimble was, at that time, called the thumb bell because it was worn on the thumb.

Admirers of James J. Walker might like to know that Jimmie is a Commander of the French Legion of Honor, Honorary member of the Miami Fire and Drum Corps, Commandatore of the Orders of Saint Maurice and Lazarus of Italy, Chief A-Ka-Ka-76-Pip of the Blackfeet Indians—which means Many Rider—and Commander of the Order of Ysabella La Calolica of Spain and the Star of Roumania.

Joseph Conrad, the most marvelous writer of sea stories that literature has produced, was a sailor for twenty years before he became literary.

## New Figures Prove That Olympic Contestants Were Heavy Eaters

CONTESTANTS in the recent Olympic Games did considerable eating as figures show which have just been compiled. A total of 58,000 pounds of meat and fish were consumed by the athletes. They also ate 7,840 pounds of poultry and 48,430 dozen eggs. Four hundred and thirty thousand pounds of milk were consumed to meet their requirements during their stay in the Olympic Village where the 2,000 athletes were housed.

Butter to the extent of 6,000 pounds was consumed. The athletes also ate 2,220 pounds of cheese. Potatoes were eaten. An average item in the list is 4,200 pounds of fresh wheat which was used for bread-making.

A total of 18,749 pounds of bread was eaten. The Frenchmen asked for French bread and got it. The Germans asked for rye bread and got it. In all, thirty-two kinds of bread were asked for and supplied.

Another interesting item is 69 gallons of mayonnaise. A total of 2,110 pounds of a variety of cheese were eaten.

American athletes and contestants from overseas left Los Angeles loud in their praise of both the quality and the quantity of the food provided them. And of course food is most important to an athlete. Without good food properly cooked he can't feel fit.

Countries holding Olympic Games in the years to come can well afford to study the plans formulated at Los Angeles for keeping the athletes happy and healthy.

## Belleville Library News

In keeping with the more serious thinking of the day, the following books will appeal to and help, a great many people.

A guide through world chaos, Cole. The main part of the book is a discussion of the cause, both immediate and underlying, of the world economic depression. Mr. Cole shows that as the crisis is worldwide, so the remedies must be worldwide.

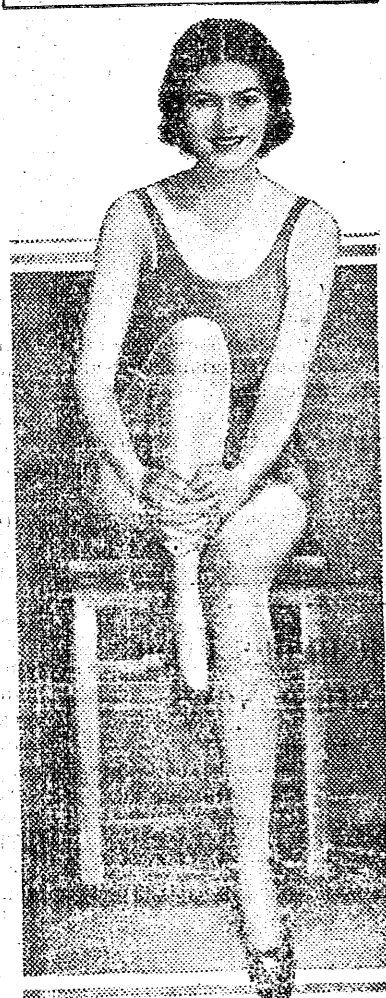

A new deal, Chase. Mr. Chase describes the growth of our present economic system and modern industrialism, proposing a way to revise the economic structure without breaking entirely with the past.

Managing one's self, Gilkey. The author of Solving Life's Everyday Problems, in another volume of the same type, offers concrete suggestions for meeting some of the most common personal problems.

Short history of the American drama, Mayorga. Commentaries on plays prior to 1920, with illustrations and bibliographies.

Bloody years, Yeats-Brown. The first third of this book contains a rapid survey, impressionistic and semi-fictional in form, of the course of events in Turkey, and the Near East, between 1908 and 1914. The remainder is a personal narrative of the author's experiences as a war prisoner in Turkey and his several attempts to escape.

## A Sure Winner

CATHLEEN BARRETT has been in 1000 beauty contests and has won all of them. She can't lose, because the contests are part of one of the acts of "Cathleen," a current Broadway production, and because it's all fixed beforehand for her to win. If the contests were real though, Cathleen would probably capture a prize, because producers say she has the ideal feminine figure, with plenty of graceful, well-rounded curves. Which reminds us, where are the hipless, flat-chested flappers, as a few years ago who went in for harmful diets, eating the candy-giving sweets and other necessary foods.

## Winfield Is Only Democrat Elected In Essex County Three Coroners Elected Only Two Republicans Were Running

The only Democrat to be elected to a county office was Henry W. Winfield, dealer in morticians' supplies, 4149 Preston street, Belleville. Three coroners were to be elected and only two Republicans, Arthur Barrish and Gayton Rotundo, were running. The Republicans won easily and Winfield beat his brother Democrat, Harry Handelman, by 1,545 votes.

Mr. Winfield got a good vote in Nutley and Orange. The Winfield vote was 117,183 and that for Handelman, 115,539. One Orange district gave Winfield 356 votes, as against 57 for his Republican opponents, a circumstance which left even him puzzled.

Mr. Winfield carried on a vigorous campaign, favoring the establishment of a central county morgue "to end racket." He still has hopes of arguing his Republican colleagues into triph plan.

## Telephone Map Decorates Winter Phone Directory

A telephone map of New Jersey decorates the front covers of the new winter telephone directories now being delivered here by the New Jersey Bell Telephone Company. Although designed to aid "voice-travelers," the map departs from the usual road-map formula inasmuch as the designers were unable to show the maze of thousands of voice-highways which cross and recross the state to all destinations. The telephone map confines itself to showing where the travelers wish to go and how much it costs to get there. The color of the covers on the new books is gray.

More than 162,000 of the new directories are being distributed throughout Essex county. Each book contains about 14,500 new listings, and, as compared to the old directory, there are some 85,000 listing changes which have been brought about by routine revisions, and new telephone connections and disconnections made since the old book was published.

## Charity Bal Masque

New Jersey's State Charity Bal Masque, an annual event, for the endowment of rooms in hospitals for State Employees, will be held in the Trenton Armory, Wednesday night, December 14. Comptroller of the Treasury John McCutcheon will be chairman. Governor A. Harry Moore, State Treasurer Albert C. Middleton, and others prominent in affairs of the State will assist.

The beneficiary will be Cooper Hospital, Camden, which with McKinley and St. Francis Hospitals, Trenton and St. James Hospital, Newark, will provide free care for State employees. The endowments have been completed in all but Cooper Hospital, each costing \$10,000.

No State aid is given this cause. The money is raised by selling tickets to those interested in the charity. David Davies, Assistant State Auditor is Treasurer, and Arthur F. McGrath, an assistant to Comptroller McCutcheon is director and secretary.

## Thanksgiving Radio Party

A Thanksgiving Radio Party will be held at 2 P. M. Tuesday, November 22, in the Public Service Terminal Auditorium, Park Place, Newark, for members of the Public Service Radio Cooking School.

Ada Bessie Swann, director of the school, will demonstrate how to prepare a cranberry chicken dinner, a new kind of cranberry relish, fresh vegetable salad, cream puffs and chocolate eclairs. All foods to be demonstrated at the party are suggestions for use in a Thanksgiving dinner which does not include turkey.

## BANKS ALL OVER GET READY TO DISBURSE CHRISTMAS CLUB SAVINGS

Over One-Quarter Million Dollars Ready In Belleville And Nutley To Be Handed Over To About 5,000 Thrifty Townsmen.

Four hundred and forty million dollars will be distributed to about ten and one-half million members of the Christmas Club by more than seven thousand banking institutions and organizations within the next two weeks according to an estimate given out by Herbert F. Rawl, President of the incorporated organization, Christmas Club.

The average amount received by each member amounts to \$42.00. While this figure represents a reduction of about 11 per cent compared with a year ago the buying power of \$42.00 this year, in the terms of Christmas spending, is greater than the average amount received by each member in 1931. Considered from another angle if all the cash in circulation in this country last year were evenly divided among our total population of 120,000,000 people, each person would have about \$40 in-the-pocket cash. While every member of the Christmas Club on the average, has accumulated in nickles, dimes and dollars, during this year, a sum of \$42.

An optimistic expression is found in many reports from all sections that the distribution of more than four hundred million dollars in cash within the next two weeks will add a terrific impetus to a revived urge for constructive and useful purchases on the part of families that have discarded a paralyzing fear that the worst is yet to come.

While several banks report an actual increase over last year, and, outstanding in this group are the Mutual Savings Banks in the East, curtailed payrolls, a decline in membership and distress withdrawals in practically all sections of the country occasioned a reduction in the entire fund of about 26 per cent from the figure of 1931. Considering, however, the severe discipline and pressure that have been applied to almost every business during the past year, during which we have seen the prices of a certain group of securities sell at 22 per cent of their peak 1931 values, bankers view the accomplishments of the Christmas Club for 1932 as a remarkable tribute to the steadfastness of purpose, courage and faith of thrifty Americans.

Membership declined about 12 per cent compared with the previous year but the number of gainfully employed workers throughout the country shows even a larger decrease for the same period.

Member banks, reporting, uniformly predict an increase in Christmas Club activities for 1933 as a result of greatly improved conditions in the general banking situation and a restored confidence of the public in the country's banks.

It is gratifying to the management of the Christmas Club that the distribution indicates a larger percentage of the fund will be used for constructive purposes this year than previously.

The inception of the plan and organization of Christmas Club twenty-two years ago, anticipated the need of providing an easy method of systematically accumulating funds for the specific purpose of Christmas requirements. Its sponsors, however, in the creation of the plan, were mindful of the opportunity it would bring to people of moderate means in encouraging small weekly deposits for constructive uses.

Based on a direct-by-mail inquiry to a considerable number of individual members of the Christmas Club, Mr. Rawl points out that an increasing number of people are becoming tax conscious and using the facilities of the club for accumulating money for the payment of taxes falling due at the end of the year.

The estimate shows that the total distribution will be used approximately as follows:

Christmas purchases .....	28%	\$167,500,000
Permanent Savings & Investment .....	28%	123,500,000
Year End Commitments .....	11%	48,500,000
Taxes .....	10%	44,000,000
Mortgage amortization and interest .....	5%	26,500,000
Insurance Premiums .....	5%	22,000,000
Education, Travel and Charity .....	2%	9,000,000
	100%	441,000,000

In the distribution of the Christmas Club for this year, New York State leads the other States with \$94,710,000.00, while Pennsylvania reports \$53,922,000.00 New York City's metropolitan area will receive approximately \$62,000,000.00.

The Bank of America National Trust & Savings Association, through its 395 branches in California is distributing about \$5,000,000.00. The Bank of the Manhattan Trust Company has over \$3,000,000.00 ready for more than 80,000 members enrolled at 72 offices in Greater New York.

The First National Bank of Detroit reports \$2,900,000.00 for 73,000 members. The Western Savings Fund Society has accumulated \$1,500,000.00 for members at their institution.

Christmas Club disbursements and numbers participating in Nutley and

Belleville are as follows:

Bank of Nutley, Christmas and Tax Clubs, Approximately \$50,000, 1,000 depositors; First National, Nutley, Christmas Club, \$20,142, between 300 and 400 depositors; Franklin National, Nutley, Christmas Club, approximately \$18,500, 650 depositors; First National, Belleville, Christmas Club, approximately \$80,000, 1,600 depositors; Peoples National, Belleville, Christmas Club, approximately \$60,000, 1,400 depositors.

The membership and volume in the Christmas Club were both affected, as were other bank activities, by the misconceptions regarding banking occasioned by violent misrepresentations to which the people and banking institutions have been subjected during the past year.

Many banks have suffered and with them entire communities have suffered owing in part, at least, to an ignorance of banking operations on the part of many depositors. We have recently witnessed thousands of fear-stricken people clamoring at the doors of many of our country's banks expecting the banker to pull money out of a silk hat with the skill of a magician, and these same people have lost millions of dollars in dividends and interest, by hasty withdrawals inspired by false rumors and whispering campaigns.

The American people are essentially fair minded and understanding when they know the facts but recent developments have demonstrated that millions of depositors in American banks have not the faintest idea of what must happen to it if the bank is to function for the benefit of its depositors as required by our banking laws.

These conditions have created a wide spread demand on the part of the thousands of banks throughout the country for an educational campaign designed to create a more intelligent understanding of the operations of banking institutions on the part of more than fifty million users of their facilities.

Francis H. Sisson, president of the American Bankers Association, in a recent statement referring to this banking problem, said:

"It is the basic task of future bank publicity, advertising and public relations to educate the people in sound conceptions regarding bank operations and their own attitude towards them, and to do this with a method and in a language the public understands."

Mr. Rawl pointed out that no such fundamental banking education is available to any great extent in our grade schools, that no concentrated undertaking of this character has ever been attempted on a national scale by banking institutions and that the time to foster an understanding of the responsibility of the individual to his bank and to present to that individual, through exposition, the facts that inspire responsibility, is during normal times and not during a period of panic hysteria.

The incorporated organization, Christmas Club, which has functioned for twenty-two years as a national institution of thrift development, has in the course of preparation a simple course in banking economics to be made available to its members, presented, not in banking terms, but in the lay-language of the depositor.

The formula and procedure of this undertaking is being planned with the aid and counsel of many authorities schooled in the exposition of financial matters for mass conception.

It is planned to issue this educational effort periodically in pamphlet form for distribution by thousands of banking institutions, starting with the new year.

An official emblem has been adopted

ed for use and display by member banks to identify the institutions co-operating and joining with Christmas Club in advertising and public relations activities of this educational movement.

Nathan H. Berger, president of the Peoples National Bank and Trust Co. of Belleville, announced a distinctly new departure in the handling of Christmas club accounts.

According to Mr. Berger, the directors of the Peoples Bank have set aside \$100,000 for distribution to 1933 Christmas Club members in Belleville and Nutley, but instead of waiting until December of next year to issue the check checks, the bank proposes to distribute the money now in the form of loans to those who wish to have the money now, and the borrowers will make repayments in the usual weekly installments.

For example: a club member will open a \$100 club and will receive the full amount at once. To repay the loan which will be made on a note signed by two endorsers, he will make weekly deposits of \$2 for a period of fifty weeks. The regular six per cent interest rate will be charged plus a nominal fee for investigations. Advances on the 1933 club will range from a minimum of \$50 to a maximum of \$250. These limits were placed to insure a wider distribution of the \$100,000. Mr. Berger said that the endorsers need not necessarily be property owners as long as they are of sufficiently good standing in the community.

Mr. Berger explained that the 1933 Christmas Club subscribers who prefer to pay in advance and receive a check next Christmas may continue to do so.

The regular 1932 Christmas Club checks, totalling in excess of \$80,000, will be distributed on November 30.

## Philatelic Exhibition

An association of fourteen stamp clubs compose the New Jersey Philatelic Federation. They have arranged an exhibition to be held from November 21 to December 3, at the Bergen Branch of the Jersey City Public Library, Bergen and Clinton avenues, Jersey City. There will be about 130 frames on display, each containing 16 album sheets. This exhibit is even larger than that of the National Exhibition held in August in Los Angeles.

The Rutherford Stamp Club is one of the sponsors of this exhibit, and it is suggested that any one interested in seeing it should attend a meeting on Monday evening, November 21, at 287, Feronia way, at which time it will be arranged on what evening the local collectors will attend in a body. The Rutherford Stamp Club is an organization which draws its members from all parts of the world. They have a wonderful sales department where a philatelist may dispose of his duplicates and be assured of very desirable material for his collection.

Many prominent philatelists have lectured and exhibited their collections at the meetings which are held every Monday evening.

All stamp collectors will receive a cordial welcome.

## Regular Republicans Meet

The next regular meeting of the Regular Republican Organization will be held this evening, at 8 o'clock, at the Elks' Club.

# ELECTRICITY Offers Home Conveniences

FOR

A FEW CENTS A DAY

THE increased use of electric service by the New Jersey housewife has enabled her to create a more attractive, comfortable and livable home—and to keep it so with little effort.

The proper use of electricity assures correct lighting in her home; it gives her convenient and automatic refrigeration; it reduces her physical effort through labor saving devices; it puts at her command many convenient toilet accessories and health aids.

And this use of electricity costs her only a FEW CENTS A DAY.

There is no other expenditure in her household budget that gives so much for so little.

Since January 1, 1929, reductions in residence rate schedules have saved our customers more than \$3,000,000 per year.

## West Orange Team Defeats Locals, 6-0

### Dalton's Touchdown In 3rd Quarter Decides Even Battle

A short, squat, fast fullback, "Butch" Dalton by name, utterly ruined a Belleville High comeback attempt, Saturday afternoon, at West Orange, causing the much-maligned local squad to accept the short end of a 6-0 decision.

The stubborn, and a sometimes almost inspired battle put up by the local boys was deserving of no worse than an even break. But the Gods of Football Destiny ruled otherwise. And that brings us back to this very much-in-evidence Dalton person. The local crew, resplendent in their new blue jerseys with big gold numbers, were battling the Mountaineers in a fare-thee-well for the entire first half, keeping the erratically inclined "Butch" in West Orange territory much of the time.

At the start of the second half, this policy was being continued. When suddenly the wires got crossed. The great Tommie Kearns, supposedly the big gun of the West Orange offensive, had been slowed down to a toy pistol, and finally Coach Evans yanked him. Kearns' elimination seemed to inspire the embattled West Orange gang. Almost before Kearns had picked himself off the field, this Dalton fellow found a yawning hole off left tackle, went through it like a bullet, and sped around right end and the Blue and Gold secondary for thirty-two yards and the touchdown. And that was that.

With a little over a minute to play in the fourth quarter, the third-string quarter-back Ned Dunn, was sent in for Belleville by Coach Buchanan, along with several other replacements. After the Bell-boy backs had run, themselves ragged trying to pierce Mr. Dunn came to the rescue and called for an aerial attack. It got immediate results, but unfortunately too late.

The first pass, Leadbeater to Dunn got twelve yards, and the second McQuilkin to Leadbeater an even dozen more. Then Leadbeater, heaved a short one to Cerami for eight. With the West Orange defense wide open, Leadbeater dashed around left end to the West Orange ten yard line as the game ended.

Johnnie Daly played a whale of a game at his end post, with his hard, deadly tackling stopping many a prospective West Orange gain.

Fred McQuilkin was the most consistent ground-gainer in the Blue and Gold backfield, while Joe Morano, playing safety on the defense, featured with some excellent run-backs of punts.

## Bell-boy Gridders To Meet Orange Eleven Tomorrow

The Bell-boy gridders will attempt to get back in the win column, tomorrow afternoon, as they entertain Heinric Benker's Orange High squad, at the Clearman Field gridiron.

Though Orange has had its pit-falls of late, in much the same manner as the locals, they none the less should furnish the Blue and Gold with the stiffest sort of opposition.

Coach Buchanan of Belleville will likely start the same men who began against West Orange last week. That line-up follows: L. Burke; L. T. Jockey; L. G. Shepherd; C. Mutch; R. G. Vuonoff; R. T. Cocks; R. E. Daly; Q. B. Jannarone; L. H. B. Leadbeater; R. H. B. Morano; F. B. McQuilkin.

## Rovers Beat Bell Boys

The Rover A. C., a light junior basketball team, made their debut this season by vanquishing the Bell Boys, another local quintet, by a 19-9 score. Most of the players on both teams are players in the Recreation basketball league. The victory was sweet revenge for the Rovers as they had been defeated by the Bell Boys last year at the Moose court.

The Rovers challenge any light junior team having a home court. For games write to James Lukowiak, 29 Clinton street.

## ..This Whirl Of Sport..

BY ARTHUR BLOEMEKE

### HOW ABOUT BASKETBALL?

"WHAT about the Recreation basketball leagues, this winter?" "Are there going to be any?" "If so, where are they going to play?"

Queries of this nature have been bobbing up from many sources all over town during the past several weeks. Though basketball is still something of a coming event, it is most certainly "casting its shadows before."

The non-receipt of the long awaited fall program from the Recreation Commission has prompted this perturbed atmosphere amongst the great many basketball enthusiasts in town.

The action of the Recreation Commission last year in staging league races, involving somewhere in the neighborhood of forty teams, took hold with a vengeance. It gave local residents, with ages ranging from ten to forty, a much sought-after opportunity to participate in this most active of sports. It started a positive need in the minds of these people. A recreational need that cannot be denied or supplanted.

The idea, unquestionably a sound and popular one, is yet in its infancy. It would not be exactly the thing to do to ruin it before it has a chance to attain its highly fruitful maturity.

The Recreation Commission has started something that cannot help being a distinct benefit and asset to the community. Why not follow it up?

### LACK OF COURTS

ONE of the big items that has been holding back basketball's progress locally and its attendant benefits is the lack of playing accommodations.

The lone available court, probably, this winter, will be the high school gym. The Moose court, site of many a thrilling basketball battle last year, is likely to remain idle with the departure of the Moose Lodge from those premises.

Several years ago, various of the churches in town were equipped with courts. For some reason or other, however, those have been discontinued.

Under present conditions, the only "out" appears to be to make the high school "gym" as accessible as possible. The Recreation Commission's co-operation in bringing this about should be "just the ticket."

### A NEW EXPERIENCE

WHILE going about the business of dropping a close one to West Orange, Saturday, the Bell-boy gridders cut short a record that has been the means of a little solace during these past few disastrous weekends.

Up to the 6-0 down-fall at the hands of the Mountaineers, Belleville had not been shut-out by any of its opponents. Ramsey, Bloomfield, North Plainfield, Passaic, Central, Irvington, Phillipsburg, all seven previous opposing elevens, all had their defenses pierced by the locals, to the extent of some scoring. And take it from your humble observer; West Orange should never have been an exception. But they were, none the less.

The Blue and Gold crew missed several beautiful scoring opportunities. With McQuilkin carrying the ball for constant gains in the early stages of the contest, a touchdown seemed inevitable. But somehow or other that scoring punch was strangely and sadly lacking.

By the bye, that boy McQuilkin is one of the best pile-driving plungers we've seen on scholastic gridirons for some time. He can sure rip up those opposing forward walls.

### A GOOD GAME

DESPITE the losing aspect of the contest, Saturday's was a good game. It was strictly a stand-off struggle, with the lone exception of the scoring run of Dalton's early in the second half.

That touchdown sprint, incidentally, brought forcibly to the fore the fact that the local lads seem to lack a good "climax runner". A ball-carrier who can be counted upon more or less to almost individually turn a strictly even-tempered battle into a victory for his eleven.

Berlinski of Bloomfield, Laysears of Central, Stamus of Phillipsburg, and Choborda of Irvington are some of the backs who have opposed Belleville this year, and have practically spelled defeat for them. Artic Leadbeater, Belleville's best back, has done yeoman work, but too much seems to have been expected of him.

It seems a bit foolish, and possibly assinine, to send a man of Leadbeater's broken-field running capabilities constantly off tackle or through the center of the line on plunges. With his speed and elusiveness his specialty should be end runs and such, a la Paulie Short.

Of course, that's only second-guessing. What the great Barry Wood of Harvard, terms "Monday quarter-backing."

However, we still contend there is some logic in it. Getting Leadbeater out in the open on one of his long dashes tomorrow against Orange, or Thanksgiving Day at Kearny may change the whole complexion of things.

## Contest Will Be Staged Today At Clearman Field

## Rovers Beat Bell Boys

A picked football eleven from the various grammar schools in town will clash with the high school freshmen team, this afternoon, in a game which promises much in the way of bringing to light much future Belleville varsity material.

Newt Daly and Emmet Ryder, brothers of members of the present Blue and Gold varsity, are two of the more promising players of the grammar school crop, who will perform.

The third-stringers of the high-school squad will clash with Frank Carragher's Eagles, a strong junior eleven, Monday afternoon at the Clearman Field gridiron.

The Moose and Knights of Columbus contributed the best bowling of Monday night's American Legion session at Ferrera's North Newark alleys, to jointly advance to within a single game of the pace-setting Democratic quintet.

Mike DeCarlo's Moose outfit was at its peak against the Lamb Association five, rolling consecutively scores of 1009, 960 and 1003 to capture three in a row. Francescon, with double century tallies in all three tilts, and Bruesch, with almost as good a record, did most of the heavy scoring for the winners.

The Caseys managed to hold on tight to their second place tie with the Moose, whipping the American Legion thrice. Snyder, the K. of C. anchor man, came through with a sizzling 256 mark in the first game for high individual score, as well as contributing greatly to the 1082 team tally, another high. He followed this up with 210 and 216 in the final pair.

The lowly Parks managed to grab one from the league-leading Democrats, taking the second of their series, in between dropping the first, and third. Johnny Lawlor's El Club dropped several notches out of second place, after taking it on the chin twice from the Woodhouse Association five. Johnnie Baney's Oldhams, with Gene Gelsen and Brogan pounding the pins vigorously, took the final pair of their match with the Political Club, following their lesser of the opener. The Belleville A. A. swept its three with the last place Dugan's Bakery team in the final match.

### BELLEVILLE-NUTLEY JAYVEES BATTLED TO TIE IN ARMISTICE DAY ENCOUNTER

## Both Teams Try To Score By Aerials

The Belleville and Nutley second-string football elevens battled to a 0-0 draw decision in their annual contest, Armistice Day, at the Clearman Field gridiron. The game was for the benefit of combined charities of the American Legion and V. F. W. posts of both towns.

The two youthful teams fought it out on a par the entire afternoon, with neither showing any marked superiority.

Forward passes were the only successful means of gaining for either side, and interceptions always curtailed those scoring threats. In the opening minutes of play, Nutley got under way with a touchdown-bent march that failed to materialize. Receiving a Bell-boy punt in mid-field just after the opening kick-off, Nutley aided with Warren Knight's twenty yard aerial to Corey, at end, got to the Belleville twenty-yarder. A pass on the next play, however, was intercepted by Richardson, Blue and Gold halfback, to cut down that threat.

Both teams found it next to impossible to gain through the opposing lines, with the result, that both relied upon an aerial attack. Interceptions, in rapid succession, completely ruined that means of advance.

Belleville started a drive all its own late in the final quarter coming within a hair's breadth of pulling the game out of the fire. With a minute to play Chicowicz dropped back and heaved a long spiral to Cerami, at end, who caught it, and raced to the Nutley eight yard stripe before he was downed. A penalty, however, was called

Memorial Presbyterian Church, under  
the leadership of Mr. Lindy Graves.  
About 40 boys were in attendance,  
also candidates. Mr. Buckley, chair-  
man of the troop committee was pres-  
ent. Arrangements were being made  
to take part in the Armistice Day  
parade.

Many of the Belleville troops are  
working for the President's Award.  
In order to receive this award, each  
troop must accomplish the following  
things. The troop's officers are the  
to familiarize themselves with the ten  
year program set forth by the Nation-  
al council. Each troop is to meet  
the requirements set up by the local  
council as being a satisfactory sched-  
ule of meetings with the reasonable  
progress and achievement during 1932.  
Each troop must have registered with  
a local council more scouts as of the  
end of December 31, 1932 than were re-  
gistered on December 31, 1931.

An organization, which is to be  
known as the Mohican Press Club, is  
being formed. In order to be a mem-  
ber of this Club a Scout must be of  
First Class Rank and have the jour-  
nalism merit badge. For those who have  
not attained this badge a special  
course in journalism is being con-  
ducted on the evenings of Monday, No-  
vember 21; Tuesday, November 29;  
Wednesday December 7 and Thursday,  
December 15 at 7:30 o'clock at the  
Barringer High School, Newark.

Wake Up Your Liver Bile  
—Without Calomel

And You'll Jump Out of Bed  
in the Morning Rarin' to Go

If you feel sour and sunk and the  
world looks pink, don't swallow a lot  
of salts, mineral water, oil, laxative  
candy or chewing gum and expect  
them to make you suddenly sweet  
and buoyant and full of sunshine.

For they can't do it. They only  
move the bowels and a mere move-  
ment doesn't get at the cause. The  
reason for your down-and-out feeling  
is your liver. It should pour out two  
pounds of liquid bile into your bowels  
daily.

If this bile is not flowing freely, your food  
doesn't digest. It just decays in the bowels.  
Gas bloats up your stomach. You have a  
thick, bad taste and your breath is foul, skin  
often breaks out in blemishes. Your head  
aches and you feel down and out. Your whole  
system is poisoned.

It takes those good old CARTER'S LITTLE  
LIVER PILLS to get these two pounds of bile  
flowing freely and make you feel "up and up."  
They contain wonderful, harmless, gentle  
vegetable extracts, amazing when it comes to  
making the bile flow freely.

But don't ask for liver pills. Ask for Carter's  
Little Liver Pills. Look for the name Carter's  
Little Liver Pills on the red label. Resist a  
substitute. 25c at all stores. © 1931, C. M. Co.
