Broken Main Lifts
Concrete Pavement
120 Pound Pressure Digs
Ten Foot Hole In
Street

A serious leak developed in a 42 inch water main at Holmes and Cortlandt streets at about 11:30 P. M. Sunday. The main supplies Kearny with water from the Wanauque watershed. As the break occurred at a low point, the pressure was enormous; about 120 pounds per square inch. The leak was caused by the rupture of a defective test pot.

The pressure lifted two concrete pavement slabs eight inches thick and twenty feet square and scooped a hole ten feet in diameter under them. Town Engineer Albert S. Blank reported that he stood on the slabs and could feel them throb as stones were thrown against them by the jet of water. As the break was at the bottom of an inverted siphon in the Passaic River valley, it was necessary to drain the pipe while repairs were made. A large loss of water was the result.

Repairs were not completed until Monday night. Meanwhile Kearny was connected with the Passaic Consolidated Main, supplying Harrison and East Newark with Passaic River water.

Belleville Main Broken
Another break occurred in a six inch main at Belleville and Hornblower avenue. Although repairs took all day Tuesday, service was only interrupted at intervals. The break occasioned little damage.

CARRAGHER FAVORS BONDS
TO PAY TOWN EMPLOYEES

Carragher Believes "Baby Bonds" Would Relieve Situation Of Municipal Employees. Williams Asks That Resolution Be Laid Over For Consideration, As He Fears Injury To Town's Credit.

Commissioner Frank J. Carragher introduced a resolution for the issuance of tax anticipation bonds in denominations of as low as five dollars at the meeting of the Board of Commissioners Tuesday night.

Carragher stated that Christmas was coming on, the employees needed their salaries, and bonds would relieve the situation. There would be no compulsion to accept the bonds, he said.

Williams Objects

Commissioner William H. Williams, director of revenue and finance, asked that the resolution be withdrawn for a week until the matter could be discussed in conference, as he felt that it would be a serious blow to the town's credit to issue bonds of this nature. He added that he expected to be able to pay one month's salary to all employees before Christmas. Commissioner Carragher withdrew the resolution for a week.

Williams had previously announced at the afternoon conference that he was disappointed in the amount of taxes collected, as only 43 per cent. of the 1932 taxes had been paid so far. He added that this presented a real problem in financing the town.

Budget Hearing

The Belleville Taxpayers Association asked the board to allow representatives of their organization to sit in on the budget hearings. They are

limiting their request to two members, although their budget committee comprises five members. The request was granted by the board.

A communication from State Commissioner Darby relative to the sinking fund requirements of the 1933 budget was referred to Commissioner Williams.

Litter On Avenue

Neil P. Horne suggested to the board that something be done about papers and other refuse strewn about Washington avenue. He said that while walking Sunday he noticed that both sides of the street were littered with rubbish, and that he believed this to be a bad advertisement for the town. Commissioner Patrick A. Waters replied that the sweeper went out early every Sunday morning and cleaned up the refuse from the stores and other sources. Horne said that the condition of the pavement could not be better, but that vacant lots and lawns were covered with discarded papers. Mayor Kenworthy suggested that some of the unemployed might be given work in improving the appearance of the street.

KENWORTHY'S APPOINTMENT DISRUPTS
STATE LEAGUE OF MUNICIPALITIES

Mayor's Use Of His Official Position To Allegedly "Phenagle" His Way Into Lucrative Post Scored. Many Towns Resign From League; New State Organization May Be Formed.

Representatives of fifty New Jersey municipalities will meet at Trenton this afternoon to consider the formation of a new league to supersede the League of New Jersey Municipalities. The opponents of the majority members of the executive board of the league aver that Mayor Samuel S. Kenworthy, who was appointed executive secretary of the league, used his position as president to place himself in a highly lucrative position, although it involved summarily discharging Barrett L. Crandall, former secretary, without good and sufficient reason.

The meeting was decided on at a conference at the home of Mayor Charles S. Fetterly of Bound Brook. Those attending included Spaulding Frazer of Newark and Mayor Martens of East Orange, who resigned from the league last week, and Mayor Morrison of New Brunswick. Mayor Fetterly said he received several telephone calls from other mayors, who said they would "go along" with any plans made at the conference. The league has been split since last Monday, when the executive board replaced Barrett L. Crandall, executive secretary, with Mayor Samuel S. Kenworthy of Belleville. Kenworthy resigned as president when he was named executive secretary. Those voting against Kenworthy claimed the naming of an active political leader to the position was injecting politics into the league.

Politicians Not Invited
Frazer said at the conference that representation at the Trenton meeting would be from "geographically representative" towns but declared the attendance list had not been prepared. Fetterly said the new organization would be planned "to have these politicians out." He referred to the supporters of Kenworthy.

No. 9 H. & S. Meeting

A meeting of the Home and School Association of No. 9 School was held last Wednesday evening. Franklin Jewel Raymond spoke on "Optimism as the Spirit of 1933."

It was decided to hold a benefit performance at the Capitol Theater Monday.

Miss Mary Miller, R. N., and Ernest Brown were appointed to investigate what parents would consent to have their children immunized against diphtheria.

Mrs. William Brumbach, chairman of the library committee, reported on the progress so far made, and told of her conference with J. J. Turner.

Mrs. Bridget Brown

Mrs. Bridget Brown, of 146 Little street, died at her home Tuesday. A solemn high mass of requiem will be celebrated at St. Peter's Church at 9 A. M. today. Interment will be in Holy Cross Cemetery, North Arlington.

Mrs. Brown was 60 years of age at the time of her death, and had lived in Belleville 25 years. She is survived by three sons, Frederick Raaser, Joseph Raaser and William Brown, all of Belleville; a daughter, Mrs. Margaret Trigg of St. Louis and by three grandchildren.

Clothing Is Given
To Needy Families
Plea Made For More Warm
And Serviceable
Garments

Plans for the distribution of clothing to meet relief needs were announced recently by Arthur H. Jones, Administrator for the Belleville Emergency Relief Administration. The clothing, new and reclaimed, is made available to the administration through the cooperation of the Belleville Red Cross Chapter, and the Manufacturers' Association.

"It is hoped we can open the distribution center in No. 8 School on Union avenue shortly after the middle of the month," Mr. Jones said. "No clothing will be given out except on relief cases which will be investigated as to need of the article. Only official orders approved by officials of the Relief Administration will be filled. Clothing needs should be reported to these workers; clearance will be made to assure non-duplication and not until official approval is given will any item be provided. It will do no person any good to go to the center without such an order."

The hours of the center will be from 10 A. M. to 4 P. M. each day except Saturday. "Belleville citizens have donated generously of clothing and shoes in the collection now going on," he went on to say, emphasizing the need for children's clothing, heavy overcoats and especially shoes and suits for men who need them in order to be able to work a few days in return for the relief granted their families. Collections will continue all through the winter.

VanEsselstine, recording secretary; Chester Chinnock, financial secretary; and Halley Hickok, treasurer. There will be a past grand night on Monday, December 19. All of the brothers are asked to attend.

Believe it or not, a Belleville man was the only amateur cameraman to obtain permission to photograph President Hoover on the lawn of the White House. This same local man had dinner with the late Sir Thomas Lipton, abroad the "Shamrock", when Sir Thomas was in the United States for the last time. These experiences are from the vast collection of adventures which Neil P. Horne had while compiling his motion picture, "Here and There with Famous People", which includes "shots" of 175 of the country's notables.

Daly Doesn't Fear
Grand Jury Probe
Belleville Democratic Leader Denies Fraud In
Elections

Local Democrats have nothing to fear should Prosecutor Smith conduct an investigation into Election Day practices here. That is the opinion of Town Clerk John J. Daly, Democratic town leader. There have been reports that Smith may look into Election Day incidents in Belleville.

Similarly, Rocco Leponde, judge of the election board in the First District, Fourth Ward, where an illegal vote was caught before it reached the ballot box, said he had heard of no scheme in the Silver Lake section of Belleville to amass more than the normal Democratic majority there.

Daly declared his testimony to the grand jury, if he should be called before it, would show simply that Democratic leaders of the county had held him in suspicion Election Day on the score that he might "throw away" votes for William P. McDermitt, county clerk candidate, and Mrs. Mary Cronin, freeholder candidate.

They had this fear, Daly said, because he was denied the county clerk nomination by county leaders and as an independent candidate in the primaries made a strong showing against McDermitt.

It was Daly's opinion that no doubt some illegal votes were cast by transfers in the Silver Lake section, but these were merely an "overflow" from the First Ward in Newark. One Arrest
Peter Abene, 19, of 233 Littleton avenue, Newark, was arrested when he tried to vote on a transfer which designated his new residence at 14 Frederick street, the home of Leponde. Questioned by Leponde, Abene said he had moved to the third floor of the Frederick street address, but he found no third floor when escorted there by Patrolman Roy Hilton. The house is four-family, two-story.

Leponde had five other transfers that had been voted on. They were marked for investigation by the superintendent of elections.

The First District, where the arrest was made, is normally the heavily Democratic district of Belleville. Daly said neither there nor in any other Italian districts were the election results more Democratic than usual.

In fact, Daly said, the Third District was more Republican than usual, because James Constantino, the Democratic committeeman, and his friends of the Silver Lake Improvement Association, campaigned for Louis Batchelor for sheriff and other Republican candidates. D'Avella In Charge
Daly placed Thomas D'Avella in charge to offset Constantino, who had declared his Republican leaning prior to Election Day. The replacement resulted in Daly's being besieged by Angelo Barbasso and others of the improvement association, demanding recognition of Constantino as the district leader.

Daly contends he can handle Democratic affairs in Belleville without recourse to gangsters or interference by county leaders as displayed Election Day, Daly says, when "hoodlums" were sent in to check on him.

LAWRENCE E. KEENAN IS
APPOINTED TOWN ATTORNEY

Mayor Kenworthy Introduces A Resolution Naming Brown; Amendment Added By Williams Naming Keenan. Attorney's Salary And Fees May Be Reduced.

Lawrence E. Keenan was named town attorney at the meeting of the Board of Commissioners Tuesday night. The appointment is for the term of one year. The council chambers were crowded, as a verbal battle was expected on the appointment, but the measure was passed without a great deal of discussion.

A resolution was introduced by Mayor Samuel S. Kenworthy naming John B. Brown as town attorney. Commissioner William H. Williams immediately moved that it be so amended as to name Lawrence Keenan. Commissioner Frank J. Carragher asked that the board refrain from excessive criticism of anyone in the discussion, referring to Williams' attack on Brown last week. He said, "Let's not blacken any characters in making this appointment, and let's try not to injure any man's professional reputation."

Mayor Favors Brown

Mayor Kenworthy spoke in favor of the reappointment of Brown, stating that he was in no way under personal obligation to Brown, but that he felt him to be the best man for the job. He referred to the Sanitary Sewer Assessments, and mentioned that litigation was expected on them, and, since Brown was familiar with the situation, it would be best to continue him in office.

Farmer Explains Modern
Teaching Methods
In Use

Ma and pa are still discussing their visit to the classes of School No. 1. Each class appointed student guides to explain the many activities in progress in the school.

At 3:15 a business meeting of the Home and School Association was held in the school auditorium. Mrs. Morgan, the president, expressed the appreciation of the parents. Wayne R. Farmer then gave a short talk on the values of the modern methods of teaching.

"We are interested primarily in making school a life situation," stated Mr. Farmer. It is more essential for the child to be active in all activities rather than sitting like a soldier at his desk. Our aim is not to have rows of desks in our classrooms. We would like each child as busy as you or I would be in our home or business."

Miss Millar explained the activities of the school nurse and doctor. A short period of discussion followed her speech.

In the future, all meetings of the organization will be held in the evening. A member proposed a benefit at the Capitol Theater to pay the expenses for the Schick Test and Toxin Antitoxin.

There will be a New Year's party on January 3. Refreshments will be served.

THEY LEAD THE WAY

THE splendid business courage of the automobile manufacturers shines like a beacon light in this industrial era. Full of enthusiasm for the future, they are putting out new models, with improvement both in the line of economy and luxury and at the same time cutting prices to the bone.

They are stimulating allied lines of business, helping to cut down unemployment and creating a demand for raw materials.

It is impossible to overestimate the service, not alone to business but to the morale of the country, that these automobile manufacturers are giving.

Their success means better business for everybody. With remarkable unselfishness they are working not for themselves but for the good of the whole industry. And good business for the automobile industry will mean a return of all business to better times.

BETTER GET BUSY

THE best advice to be given to New Jersey automobilists who wish to have a fairly comfortable time in renewing their registration plates is to get busy.

So far, there has been no special hurry manifested by owners of cars in the matter of obtaining the wherewithal to operate them in 1933. This is a wrong procedure and simply stores up future inconvenience and worry for the person who delays.

The man or woman who puts it off until the last minute is likely to be engulfed in the final rush, and run into more delay in getting registration plates.

Plates can be delivered today in comparative comfort; on December 31 there will be a different story.

Troop 4 held their weekly meeting Monday night at the Wesley M. E. Church. The attendance was greatly improved over that of the week before.

The opening ceremony was led by James Campbell and Alexander Stewart. James Campbell was awarded the merit badge for life saving.

The troop was broken up into groups for the purpose of study. Signalling was taught by Bud Wolfert. James Campbell was in charge of knot tying and Alexander Stewart demonstrated the principles of first aid.

When the instruction period was over games were organized and led by George Vanderbilt.

Wilfred Polise announced that all those who wished to go to Camp Mohican during the Christmas holidays were to get their applications in within the next two weeks.

George Vanderbilt announced that Troop 4 is forming a drum and bugle corps. All the scouts who have either a bugle or a drum and would like to

join this corps were to bring their instruments with them to the coming meeting which will be held in the Wesley Methodist Episcopal Church.

John Wolfert, the troop scribe, announced the appointment of Robert R. Brown as the publicity agent for Troop 4.

The troop was honored by a visit from Deputy Scoutmaster Brumbach. He complimented them on the fine progress which had been made since he had last visited the troop and especially on the large attendance.

The closing ceremony was held. Taps were played by George Vanderbilt and Scoutmaster's Benediction was repeated by the troop. The meeting then broke up.

The numerous activities which have been started are being supported splendidly by the scouts. A group of boys have recently joined the troop and they too are aiding in the activities. This spirit of cooperation which exists among the scouts is helping to make Troop 4 bigger and better and placing it once more among the leading troops of the town.

Holiday Salads and Desserts

By JOSEPHINE GIBSON.
Director, Heinz Food Institute

APPROPRIATE and attractive salads and desserts are always in demand for holiday bridge parties, teas and dinners. Because the season is busy, festive foods must not require too much time in preparation, but they do add much to the success of holiday entertaining. Recipes below for salads and desserts will add the holiday touch to party menus:

Holiday Salad—Mix 1 cup white sugar, then add 1 beaten egg, 1 cup red grapes which have been cut in half and seeded, with 1 cup canned diced peaches and 1 cup diced pineapple. On each salad plate place three small heart cups of lettuce and place grapes in one, peaches in another and pineapple in the third. Serve with a dressing made by folding into ½ cup Mayonnaise Salad Dressing, an equal amount of sweetened whipped cream. Garnish with sprigs of real or artificial holly.

Turkey Fruit Salad—Spread half of a canned pear with soft Cream Cheese. Cover with another half of pear and coat the whole fruit using macaroon crumbs or ground nuts. This is to form the body of the turkey. Make the tail by cutting slices of pineapple in halves and fastening each half, using toothpicks, to a slender end of the pear. For a neck cut round pieces of apple about one inch long and half an inch wide. Put a toothpick through these, allowing the end of the toothpick to go entirely through the apple. On one end place a whole cherry and a strip of cherry to represent the head and comb of the turkey. Stick the head into the body and place the turkey on a bed of lettuce. Serve with Mayonnaise Salad Dressing.

Filled Mince-meat Cookies—Cream 1 cup shortening with 2 cups

sugar, then add 1 beaten egg, 1 cup sweet milk and 1 teaspoon vanilla. Add 4 cups flour sifted with 3 teaspoons baking powder. Add just enough flour to make a soft dough and this will be about 4 cups. Toss part of the dough on a lightly floured board and roll to ¼ inch in thickness. Shape using a cookie cutter, place on a greased baking sheet and in the center of each cookie, drop a teaspoon of Mince Meat, and cover with a cookie of equal size. Press the edges together, sprinkle with granulated sugar and bake in a moderate oven.

Star Jumbles—Prepare a cookie dough by creaming together ½ cup butter and 1 cup sugar. When light and creamy add 2 egg whites unbeaten, and continue creaming. Add 1 teaspoon vanilla and small amount red vegetable coloring to make the cookie dough pink. Add 3 to 4 table-spoons cream and 2½ cups flour sifted with 2 teaspoons baking powder to make a dough that will roll. Roll to about ¼ inch thickness. Shape using a star shaped cutter and in the center of each cookie place a spoonful of Current Jelly. In another star shaped cookie cut a small circle using a thimble which has been thoroughly washed. Place the cut cookie over the one with the jelly and press the edges firmly together. Sprinkle with granulated sugar and bake in a moderate oven.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Remember, substitute, 25¢ at all stores. ©1931, C. M. Co.

ally of Trenton was undecided Saturday night on whether he should join with Mayor Charles H. Martens of East Orange, Spaulding Frazer of Newark and Mayor Roy Stewart of Camden in resigning from the executive committee of the State League of Municipalities.

The first three named resigned last week because Mayor Samuel S. Kenworthy was elected secretary over Barrett L. Crandall. Mr. Donnelly joined Messrs. Martens, Frazer, Stewart, Mayor John J. Morrison of New Brunswick, Mayor Charles H. Pettey of Bound Brook and Mayor David W. Jenkins of Franklin in voting for Crandall.

Mr. Donnelly stated in answer to a question as to whether he intended to resign from the executive committee, that he was more interested in restoring the league to its former usefulness and was uncertain as to what he would do.

Tactics Scored

Eight reasons for objecting to the election of Mayor Samuel S. Kenworthy as executive secretary of the New Jersey State League of Municipalities are included in a statement issued by those opposed to the ousting of Barrett L. Crandall by executive committee action.

The Crandall group declares that "no elected member of the league should use his position for personal aggrandizement."

"All questions of a political character should be excluded from the discussions of the league and this can be accomplished only where the chief executive officer is not a politician and has no political affiliations within the state."

"The history and tradition of the league during the last eighteen years has established that the office of executive secretary is a permanent one to assure executive continuity, and the executive secretary is entitled to hold office during good behavior."

"No executive secretary should be removed except upon charges, with full opportunity to present a defense."

"At no time has any charge been preferred against any of the secretaries, who have, without exception, until the present instance, served either until pressure or until death."

"In electing Mr. Crandall as executive secretary this history of the secretariat was well known and was in the minds of every one, and in fixing his salary at \$6,000 a year there was a direct representation that his office would last at least for that period."

"The removal of the executive secretary without charge and without opportunity for his defense is contrary to every decent feeling of every decent person."

An outline drawing showing the present building and the complete project was a feature of the cover program. The pastor urged his people to carry on as zealously as they have during the past two years and reminded them that the temple of brick and stone that will be built is desired not as a goal but as a means to a greater goal, that of building the temple of Christ in the lives of the individuals to whom the congregation has the privilege of ministering.

Non-Christians Of Far East Are Seen

The non-Christians of the Far East are turning to Christ as to no other leader, declared Oscar M. Buck, professor of missions and comparative religions at Drew University, at a community service Sunday night in Nutley High School. His topic was "Non-Christian Churches and the Christian Mission."

Professor Buck, who was born in India of missionary parents and spent most of his life in the Far East, declared the "new age" thoughts which have upset the world are crowding the missionaries and their work, asking questions that demand answers. He said one Buddhist leader had said the Christian Church had lost its sense of mission.

The Young Woman's Auxiliary met last Tuesday evening in their newly furnished room at the church. For months the committee had been busy working to have the room ready for this annual Christmas party. Miss Olive Dupue made the draperies which harmonized beautifully with the maple furniture. Other on the committee were Mrs. Edgar Compton, Mrs. George Conner, Mrs. Ellsworth Akers and Mrs. H. L. Hamilton.

The room was artistically decorated with clumps of poinsettia and laurel, holly and mistletoe. In the dining room, where the refreshments were served after the business meeting, the tables were arranged in a huge cross in the center of which was a miniature Christmas tree and a present for each member.

The hostesses for the evening were Mrs. John B. Brown, Mrs. William Irvine, Mrs. Willard Strange, Mrs. George Oslin and Mrs. Ernest Johnson.

Mrs. E. Akers led the group in singing Christmas carols, after which Mrs. Compton took charge of the devotions. Mrs. A. Kristensen was accepted as a new member. The next meeting will be held January 3 with Mrs. Malcolm Budd, hostess.

The Missionary Society met at the parsonage yesterday afternoon. Mrs. J. Sawyer spoke on "Facing the Future in Indian Missions." The roll call was an Indian name with its meaning.

Next Tuesday evening December 13, Neil Horne will present his motion picture series, "Here and There With Famous People," under the auspices of the Epworth League. Mr. Horne has travelled extensively to get these pictures and has many interesting experiences to relate. Here's an opportunity to get a close-up of famous American men and women. Tickets are reasonable and are now on sale.

UNFAVORABLE PUBLICITY

MAYOR Kenworthy's wiggling into the job of executive secretary of the New Jersey State League of Municipalities has once more focused the eyes of the state on Belleville.

For several years now Belleville has been held up by its neighbors as something apart from the rest of the county.

30,000 residents of this town have read in papers in the last week that Mayor Martens of East Orange resigned from the league because of the "politics" by which Samuel Sampson is said to have got the job. East Orange, itself, also may drop out as a member of the league.

Montclair has similarly withdrawn as well as the Mayors of Franklin and Bound Brook.

Elizabeth is on the verge.

Spaulding Frazer, counsel, of Newark, has quit.

Others are equally disgusted. All because of Kenworthy.

Another league similar to the State League is planned by Kenworthy's opponents.

All were disgusted because Belleville's Mayor butted into an organization—one of the few in the state that had endeavored to ban politics.

How long are we going to stand for our community being placed on such a blacklist?

We're sick and tired of it.

HONEST DECISIONS NEEDED

BELLEVILLE is fortunate indeed in the decision of the Board of Commissioners Tuesday night to appoint Lawrence E. Keenan town attorney.

Mr. Keenan is a man who has caused his name to be associated with all enterprises tending to better the community in which he resides. He has given freely of his time to aid worthy civic causes, and has done his best to assist his fellow townsmen, particularly those in need and distress.

As leader of the Community Chest Drive he has gained the respect of Belleville. He has made his name respected as a leader in the Elks Club and the American Legion.

Above all, Mr. Keenan is fearless in the exercise of his duty, and would refuse to give any legal decision that he felt was wrong merely to "play ball" with political interests. A man is needed who will tell the commissioners when they are making a wrong move, thereby preventing litigation resulting in loss to the taxpayers of Belleville.

We feel that Mr. Keenan is that man.

POOCHES

THE question of paramount political importance in Ridgewood today seems to be the famous Dog Ordinance. Nearly every copy of the Ridgewood News that has come into our office in the last few months carries a front-page story on Ridgewood canines and the restrictions which must be placed upon their liberties. That town appears to be divided into two sharply defined groups, those who own dogs and believe that they should enjoy the greatest possible freedom and those who regard dogs as a menace to society.

Ridgewood doesn't seem to have a worry about budgets, or politics or poor relief in the way that brows are wrinkled over the dog situation. "The pooch" question is the leading subject for discussion.

Lucky Ridgewood!

THE SKY TWINS

WITHIN five months the dirigible Macon is expected to be completed. She will then take her place in the skies with the giant Akron. The two air cruisers are virtual twins, being almost identical. Only their names will distinguish them apart. They complete the navy's airship building program, and cost nearly \$8,000,000. It is to be hoped that the journeys of the sky "twins" always will be successful and be solely on missions of peace.

LET'S BE HAPPY

By Margery M. Edwards

Do you ever sit at the close of day
While you watch the sun sink low
And remember kind words you did not say
In your hustling to and fro?

Do you see the faces that smiled at you
As you made your hurrying way,
And feel that the nod given back by you
Was at best but pretty poor pay?

You recall the friend you might have made,
The hand you might have clasped.
You know a visit you should have paid
In a home you heedlessly passed.

You see what a dreary world this would be
If all who inhabit our sphere
Neglected to smile at the folks they see,
And nobody sang all the year.

Joy is in giving, it's sure to rebound,
Spread sunshine along the way.
Each happy greeting you've passed around
Will return to bless you some day.

Legion Pledges Aid

In Seal Campaign

\$2,500 Is Quota In Both
Belleville And
Nutley

The sale of Christmas seals to aid anti-tuberculosis work in Belleville has totaled to date \$400 and in Nutley, \$307. The Essex County Tuberculosis League seeks to raise \$2,500 for its support in both Belleville and Nutley.

The American Legion in every state is pledged by Louis A. Johnson, national commander, to aid in the efforts of the National Tuberculosis Association.

In these days of depression, the efforts against tuberculosis must not be lessened. As a nation, we are still profiting from the cumulative efforts of the anti-tuberculosis movement of prior years. The machinery for the control and prevention of tuberculosis, including clinics, sanatoriums, open air schools, medical and nursing services and research and educational activities, is still functioning today at practically full efficiency. This winter will be a hard fight for many and will bring increased threats to the hard earned gains in the war against tuberculosis.

"Public opinion demands that the present efficiency in this work shall not be impaired. The American Legion is pleased to cooperate all over the country during the month of December in the sale of Christmas seals to finance the work of the tuberculosis associations throughout the United States. This great volunteer public health movement deserves the support of all interested in the Health of America."

The Ridgewood News approves sanitary inspection of roadside stands.

"Dr. J. Lynn Mahaffey, State director of health, has announced that inspection of road stands of New Jersey highways will be undertaken next summer by the State Department of Health. "State inspectors," Dr. Mahaffey said, "will also in and insist upon proprietors to maintaining their places that foods and beverages shall be clean and adequate sanitary facilities provided."

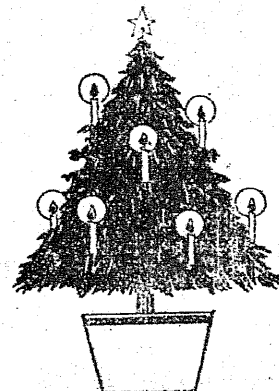

"This is good news. Roadstands of the State have gone uncontrolled too long. In instances the several towns have taken it upon themselves to regulate the stands within their borders. But these cases are few. Inspection of the stands by the State will be more of a safeguard than all the commercial "Approved Roadstand" signs put together."

The Metuchen Recorder reports great excitement in that town as the first electric train on the Pennsylvania Railroad passed through. Not many saw it, as its arrival was not forecast, but one of the schools was notified and the pupils were released from their lessons to crowd along the tracks. There is every reason to believe that the apple originated in Asia Minor as some sort of shrub resembling the briar, or wild rose, and that from this distant ancestor, man developed into the rose we know today and the apple. Doings in the Field of Sports

..This Whirl Of Sport..

BY ARTHUR BLOEMERKE

BIG BERTHA

THAT terrifying newcomer with the mighty right arm, "that long-range Big Bertha", "a really great forward passer", "a fine defensive full back, a good all-round football player".

Such were the highly complimentary, descriptive phrases heaped upon one of Belleville High's ex-gridiron 'greats', Paul Schwickler, after Big Paul had played a leading role in helping Western Maryland close a highly successful gridiron season with an impressive, as well as overwhelming, 39-7, triumph over the University of Maryland, Saturday at Baltimore Stadium.

In running, passing and tackling, Schwickler was a revelation. He did everything just right, and played through almost the entire game, while doing it. He was the main-spring of a surprising and bewildering early Western Maryland offensive, that accomplished the near-impossible of scoring three touchdowns in the first seven minutes of play, and starting the complete rout of the Maryland boys.

Schwickler, combining speed and strength to an ultra degree, was every inch a football player of the first water. A great back in high school! Still greater in college! Remember how he used to toss those long, accurate forward passes? He still does, with a bit more polish. In addition, he can carry that ball with the best of them, and is a regular bear-cat on the defense.

"A good, all-round football player."

ONLY A SOPHOMORE

ONE of the most amazing things about the Schwickler success is the fact that he is only a sophomore, as are several of the other stars of the Western Maryland aggregation, which lost but one game in eight starts against strong college opposition this past fall.

Schwickler, too, does not confine his prowess to the chalked gridiron. In addition, he is rated as an A1 student and stands well at the top of his class, scholastically.

Incidentally, Schwickler's contributions, Saturday in making that terrific rout of Maryland for the state championship "the howling success" it was, were many and varied. He personally accounted for the second touchdown of the Terrers with a long forty-five yard pass to McNally, the quarterback, who caught the ball at the goal line for an easy six-pointer. The third touchdown came about when Schwickler intercepted a forward pass, and ran thirty-five yards for the score. A twenty-two yard run from scrimmage by the mighty Paul placed the ball on the three yard line and set the stage for another tally in the second quarter. And still again tosses of twenty-seven and eleven yards by the sensational Paul accounted for still another touchdown.

Never did a football player so completely dominate a field. The 8,000 odd people who watched the proceedings in amazement left that gridiron with the single idea, that a new star had crossed the gridiron firmament.

Schwickler's collegiate football career is definitely under way. O. K. Paul!

RECREATION CENTER OPENS

THE extensive winter recreation program outlined by Director Robert A. Nelrig for his new Recreation center on Washington avenue, is certainly bound to keep things at a lively pitch for the coming winter.

With the announcement of the opening of the center but a week old, every available hour of every available day of the week has been taken by various groups of townspeople.

Seven basketball leagues alone, with participants ranging from eight year old boys to adults, who have signified their intentions of entering the various circuits, will get under way next week. Certainly no dilly-dallying there. Everybody seems set for action.

Then the gym classes and diversified game program and socials, etc. It would be worth its weight in gold, as a recreation center alone.

The townspeople, too, have been quick to take up the chant. It is meeting with favorable re-actions everywhere.

And, in addition, it promises to land a "knock-out blow" on Old Man Depression, himself, as people in town will learn anew how to play and relax, it's a great idea, and needs the co-operation of everyone in order to realize the full benefits.

A BUSY SEASON AHEAD

ONE of the ex-Belleville High athletic aces, Bert Knowles, in his senior year at Rutgers down New Brunswick way, promises to have an extremely busy winter and spring sports program.

Recent announcement was made of the fact that Bert will definitely start the season as regular guard on the varsity basketball team. Knowles got in several games last year, and this season should blossom forth with all the court ability displayed by him while wearing the Blue and Gold of the local high school.

In addition, Knowles is looked upon as one of the mainstays of the varsity lacrosse team. A veteran of several seasons, Bert has shown surprising aptitude with the puck and stick in this flashy, action-crammed French-Canadian sport, and was a stand-out player in his attack position of last season. And take it from us, Rutgers need how to few colleges in the country when it comes to turning out lacrosse teams.

Feature Winning Attack

Scoring in every period, the Clinton Junior football team smeared the Woodsides Aces, 28-0, Sunday morning, at Belleville Park.

The Manning brothers, George and Edwin, were the bearcats of the smoothly working Clinton backfield, accounting for three of the four

touchdowns of the winners. Brother George tallied the six-point after recovering a blocked kick, and then went on to score the second, with a twenty yard run after catching a forward pass of the same length.

Brother Edwin's contribution was a fifty yard forward pass interception for a third score, and Kennedy made the rout complete by sprinting around end for six yards and the final tally.

Schwickler Brilliant In Easy Western Maryland Victory

Newspapers Lavish In The Praise Of His Fine Work

The mighty figure of big Paul Schwickler, ex-Belleville High gridiron star, wreaked havoc with Maryland University, Saturday afternoon, at Baltimore Stadium at Western Maryland trounced their traditional rivals, 39-7.

But let's pursue what W. Wilson Wingate, sports writer of the Baltimore News-American, who covered the game, has to say:

"Boy, oh boy! Was that Pointing or was that Pointing?
No, 'folks', it was felony compounded. It was criminal conspiracy, and there ought to be a law.

There he stood almost in mid-field, his mighty right arm drawn back, the fingers of his great hand of a hand wrapped around the ball as he waved the pigskin like a pitcher starting his wind-up.

IN FRONT of him a long, powerful left arm was shooting out like a piston as, warding off tacklers and giving ground, he waited for a sprinting figure in a green jersey to reach the goal line and turn.

On and on raced the little fellow in the green jersey. Across the 30-yard he tore, a blurred streak of green, and sped on to the 20, the 15, the 10 and 5.

Now he's pulling up.... A swift glance over his left shoulder.

And here it comes.... straight into his arms on a line, as he trots along the goal line. He gathers it in.

Big Paul Schwickler has made a bulge at 45 yards. And little Jack McNally has scored Western Maryland's second touchdown to complete the demoralization of an already shocked and befuddled Maryland team.

But Schwickler... Who's Schwickler? "Where have you been all our lives," is the thought that comes simultaneously to 4,000 Western Maryland rooters on the east side.

"18, let's see.... The program says Schwickler... But who's Schwickler," wonder the folk on the other side of the Stadium.

And the boys in the press box?... Well, you could have knocked over with a feather 99 out of every 100 or the 10 or 12 present.

Some of them still don't believe it. And, can you blame them, we ask you?

But, exactly who is this Mr. Schwickler.... Big Paul, the Big Bertha, whose long-range cannonading proclivities were kept in concealment all season?

Well, briefly, he was only the key-man in the most thorough-going "pointing" we have ever heard of in football.

What patience, what perseverance Coach Dick Harlow had to have in keeping this fine, all-round football player (and Schwickler is just that) under cover, despite the many temptations the Terrers' mentor has had this year to turn him loose with his long-range passing!

Curly Byrd, the Maryland coach, and his chief scout, Roy Mackert, had heard of Schwickler before Saturday. They had heard of his prowess as a schoolboy griddler.

But even their suspicions must have been allayed by the tenacious, painstaking care with which Western Maryland kept Big Paul's passing under cover all year, refusing to let him use it even in an effort to defeat Boston College.

Injuries forced Harlow to start Schwickler against Bucknell. He also started one other game, that against Boston College. But as far as we can discover Big Paul was not permitted to throw the passes in those games.

Schwickler had three weeks in which to do nothing but prepare for Maryland!

Was that "Pointing" or was that "Pointing"?

And is another part of the same paper, we read:

"And was Maryland shocked when the blanket was taken off Paul and he began tossing that football around with the accuracy of a Walter Johnson handling a baseball?"

"It must be an apparition," said a Maryland player on the bench.

"Says you," growled curly Byrd, the Maryland coach, as he saw the mounting figures on the scoreboard.

And this all from the leading paper south of Philadelphia.

Yes, sir, Schwickler, only a sophomore, has definitely arrived in collegiate football.

Watch his capers next year and the year after. He's a real football player.

Recreation Center To Open Monday

Washington Avenue Building To Be Open Day And Night For All

The newly organized Public Recreation Center in the old Belleville Hall on Washington avenue opposite the high school, will be the site of an extensive recreation program, starting Monday of next week. Robert A. Nelrig, Recreation Director and the originator of this new and highly anticipated idea, will personally take charge.

The building will be open every week-day night from 7 to 11 o'clock, with basketball leagues galore playing.

At a meeting Monday night, the Senior Independent Basketball League was launched, having a six team lineup. This strong league will play every Monday night, with a fifteen game schedule for each team. Two out-of-towners will be permitted on each team's ten man roster, with the privilege of making three changes before the end of the first round of play. All rosters must be in before the first game. This loop is expected to comprise most of the experienced senior talent in town.

Another six-team league is planned for Tuesday night. This will be known as the Recreation League, and will not be of quite the strength of the Monday night circuit. The same rules as govern the Monday night one will govern this loop.

The business and professional men of town have a night all their own, Wednesday. Gym classes, volleyball ball, and so forth, will occupy most of the time of these men. This promises to become one of the most popular nights of all, judging from the large amount of interest shown by men about town.

The women will have their innings, Thursday night. Basketball, gym classes, and all the attendant recreational benefits will occupy their attention.

Friday night, the hall will be turned over to the Colored Civic Forum, who will conduct the program, which they originally planned for No. 1 School.

Saturday night has been left open for specialties. Outside basketball games, boxing, wrestling, dances, socials of all kinds, and so forth, will all likely be much in evidence on this night. This evening promises much in the way of popularity with the general public.

In addition to the nights, the afternoons have also been well booked in advance.

The senior boys' basketball league comprising six teams of boys of 17, 18 and 19 years of age has been scheduled for Monday afternoon. The intermediate loop, for 14, 15, and 16 year old boys, will play its court games on Tuesday afternoon.

A gym class for girls will be conducted by Ruth Warner on Wednesday afternoon, with a bit of basketball, volleyball and so forth also being played.

An eight team junior basketball league is on tap for Thursday afternoon, with boys of 11, 12 and 13 years of age playing.

The Colored Civic Forum will occupy the building Friday afternoon, as well as night. Saturday morning there will be a midget basketball league. Boys of 8, 9 and 10 years of age will participate in this loop, with relays, games, rough and tumbles, and such, all coming in for their share of attention.

From 11 A. M. to 3 P. M. on Saturdays there will be special classes for adults by appointment. These will be open to all and may be arranged for in advance by an adult or group of adults.

An iron-clad rule, that will persist at all times during the occupancy of this building, will be that every person using the building must identify himself by joining a class, club or a house schedule, and subject himself to organized direction and leadership.

Also, there will be no special restricted uniform required to take part in any of the activities above mentioned.

than \$5,000 a year. He also stated that he did not believe that competent legal advice could be obtained for \$5,000 a year if a full-time attorney were appointed, as a good lawyer would want more than that for his services.

After the appointment of Keenan, Williams suggested reducing the retainer of the attorney from \$2,500 to \$2,000 a year, and fees from \$50 to \$40 a day. Although Brown stated that the appointment had been made at the present salary, the Mayor felt that Keenan would be glad to cooperate with the board in this matter. The reduction was laid over for consideration.

Lawrence E. Keenan, who resides at 32 Mertz avenue, was born July 4, 1900, at Highlands. He is a graduate of Leonardo (N. J.) High School. He has attended Wesleyan University, Coleman's Business College, and New Jersey Law School. He was admitted to the Bar in 1924 and was made a counselor at law in 1927. He is now a member of the firm of DeGraw, Murray and Keenan, in Newark. In 1927 he married Charlotte Case of Waverly, N. J., and has one child, a son, Lawrence E. Keenan, Jr.

Keenan is exalted ruler of the Belleville Elks Club and a member of the Belleville K. of C. He was endorsed for the appointment by the Belleville American Legion and the Regular Republican group.

K. of C. Will Hold Card Party Tonight

Women's Organization To Cooperate To Ensure Success

Final arrangements have been made for the monster card party to be held by Belleville Council Knights of Columbus tonight, at St. Peter's Hall. Every Knight in Belleville has been called on to promote this party to make it the largest held here in a long time.

An energetic committee has been gathering awards from all points and assures the chairman that there will be plenty on hand. The usual games will be played with side attractions for non-players.

John McDonough is chairman, assisted by William Friel, Harry Sullivan, Gilbert Howley, A. T. Derbyshire, A. J. Mann and Harry Morton. Representatives of the various women's organizations in the parish are co-operating with the Knights to insure the success of this card party.

IN VOGUE TODAY

Prepared for the Essex County Extension Service by Miss Afton Odell.

This year, long before Christmas holly is hung in the window, nimble fingers will be cutting and sewing innumerable charming gifts from materials already on hand in the home. Smart accessories to the list of gifts for the school miss. Small, left-over pieces of velvet, corduroy, felt or wool may be converted into intriguing berets, bags, scarfs, collars, cuffs and belts. Cotton pique, linen, silk crepes and satin, velvet ribbons, and yarn also lend interest, when skillfully used, to make new and different accessories every young girl will adore. Dame Fashion suggests so many clever ideas this winter that it is difficult to choose a favorite few.

The plaid wool cap, scarf and bag set makes a most acceptable gift. What Miss wouldn't love the chic little beret worn over one eye, the Ascot scarf and envelope bag—all fashioned of matching bright colored plaid. Berets are easily made from patterns included in the various fashion magazines. The scarf is just a straight strip cut 7 inches wide and long enough to tie in Ascot style, with the ends frayed to make a 1 inch fringe. A fabric pocket book left over from last summer may be covered with the plaid and made to look brand new.

A collar and cuff set of white pique will revivify an old dress and give one smart variety. Hand-fagotting, the most popular form of decoration for these sets, permits the joining of interesting shapes as well as contrasting fabrics. To give a more formal appearance, the long panel collar of white satin cut 11 by 9 inches may be chosen. It is fashioned with a high neckline and ends which extend around the neck and tie in a soft bow at the left shoulder. Two large pearl buttons, placed on either side corner, form an effective trim.

A scarf made of a double strip of satin cut 7 inches wide and finished at the ends.

Velveteen is used for a new yet old-fashioned accessory called the Spencer. It is made double from a bias strip of material 14 inches wide and long enough to fit easily around the neck and down the front of the dress, with the ends turned up under a belt made of the velveteen or of the dress material.

With fashion favoring knitted articles this season there are many delightful ways of using old yarn. Scarfs, sweaters, knitted shoe bags and shoulderettes are only a few of the popular gifts guaranteed to please the young miss in her teens.

Signal Device Law

Up For Action

Comm. H. Hoffman Sees It Difficult In Enforcement And Interpretation

Commissioner of Motor Vehicles, Harold G. Hoffman, stated today that he has been ordered to show caused before Chancellor Luther A. Campbell on Tuesday, December 13th, 1932, why a preliminary injunction should not issue to restrain him from enforcement of Chapter 137 of the Laws of 1932, under which all commercial vehicles of the State must be equipped with directional signal devices.

The Bill of Complaint is asked by the New Jersey Truck Owners' Association and Bigley Bros. Inc. The bill sets out the purpose of the complainants; that the legislation places totally unnecessary expense upon commercial vehicle owners, and that the provisions of Chapter 137 of the laws of 1932 are arbitrary, unreasonable and discriminatory, and "if enforced will result in the confiscation of the property and business of complainants and impose an unlawful burden and interference with legitimate business." The complaint further sets out that it is an attempt to create a classification of commercial motor vehicles as distinguished from other motor vehicles without any reasonable basis.

Commissioner Hoffman has previously expressed the opinion that this legislation is poorly drafted and is difficult of both interpretation and enforcement.
