Desk Space Sought By Commissioners Town Hall Appears To Lack Offices For Gerard And King

Commissioners Joseph King and George R. Gerard declared at the town commission conference Monday that they are unable to find offices or even desk space in the town hall.

Director William D. Clark of the department of public property declared that there is no additional office space available, unless use is made of basement rooms occupied by the custodians of the building, Mrs. Mary Walsh and her brother, John L. Sullivan. The board vetoed the suggestion that the custodians be moved elsewhere.

Before the advent of the new administration, Finance Director William H. Williams occupied an office in the revenue and finance department, Commissioner Patrick A. Waters had quarters in the public works department, Mayor Kenworthy occupied the Mayor's office, Commissioner Frank J. Carragher placed his desk in the town clerk's office and Clark transacted business in the police department.

Williams now retains his old office, but has also taken over the Mayor's office, Waters is still in his old berth and Clark uses Carragher's former desk.

Legion Head Picks Nominating Group Belleville Post Plans To Take Part In County Convention

Commander Robert Van Voorhis of Belleville Post, American Legion, appointed Friday evening past commanders Thomas W. Fleming, Edward J. Lister, Arthur H. Christie, Henry L. Denison and James Travers a committee to recommend nominations for officers to be elected at the annual meeting to be held during the latter part of September 1934. Mr. Fleming is chairman. This committee has been instructed to submit recommendations at the July meeting, inasmuch as no meeting will be held in August.

Nominations may also be made from the floor, after the report of the nominating committee shall have been submitted, in order that members having other candidates for any of the various offices may place them before the post for consideration.

A conference of the delegates and alternates to the Essex County Convention has been called to be held at the Legion Chateau on Friday evening, June 15, at 8:30 o'clock, to consider the abilities of the various candidates for county officers. As in past years, Belleville Post will send an uninstructed delegation to the county convention, in order that the best interests of the Legion will be served. The conferees will also map plans for the post's active participation in the evening parade and report at the meeting of June 22. The Junior Drum and Bugle Corps will accompany the post to East Orange and furnish the music in the parade to be held on the evening of June 30.

Taste Of Tap Water Causes Many Complaints

Telephone calls deluged the water department and the police department Monday, when many residents of the northern section of Belleville complained of an unpleasant taste in the tap water. Several said that the taste seemed to be that of illuminating gas dissolved in the water, and urged that leaks in gas mains be sought.

Town Engineer Matthew Sheehan announced that the unpleasant flavor was caused by the passage of part of the water used in town through a newly refined section of main, which was coated with a pitch-like substance to prevent corrosion. Fire hydrants were opened to flush the line and the taste, which was declared not injurious to health, disappeared.

He announced that he would be glad to discuss the camp with parents of boys who might wish to attend. The camp is under the direct supervision of the state council of the Knights of Columbus and the rates are reasonable, Mr. Specht declared.

Health Officer Orders Muzzling Of Dogs Police Will Enforce Town Ordinance; \$20 Fine For Violation

Health Officer Eugene T. Berry this week called attention to a town ordinance which provides that dogs shall not be permitted at large in Belleville between June 15 and September 15 unless they are muzzled. The law provides a fine of not less than \$20 for persons who allow their dogs in streets or other public places unmuzzled.

The health officer has asked the assistance of the police in enforcing this ordinance.

"Due to the fact that rabies is prevalent in some of the surrounding municipalities, this ordinance will be strictly enforced this year," Mr. Berry stated. "The health department requests the cooperation of all dog owners."

The ordinance applies not only to legitimate dog owners, but also to any persons who may harbor stray animals.

Recreation Board Gets Summer Program In Full Swing

New Recreation Director, Edward Lister, In Charge

The Recreation Commission's new program for the summer, as conducted by the new director, Edward Lister, is rapidly assuming large and well-balanced proportions.

During the past few days (Tuesday, Wednesday and Thursday) all the recreation leaders, headed by Mr. Lister, himself, have been attending the Leisure Time Training Institute, sponsored by the ERA for its workers, and held at Elmwood Oval, East Orange. Manual training in many of its phases has been acquired by the local directors, to be passed on to Belleville's youth.

All the playgrounds having been officially opened since the first of the month, work has been started on Camp Carragher, the boys' and girls' summer camp, to put it in readiness by July, when the girls will have it. The boys, as usual, will go to the camp in August. Any boy or girl under fourteen years of age should write or phone Director Lister at the Recreation House on Joralemon street for information.

A junior grammar school baseball league under the direction of the Recreation Commission is now in full swing. The teams are made up of boys between the ages of 14 and 16, who reside in the neighborhood of each of the various grammar schools.

The outstanding players of this league will be picked by the local post, American Legion, to represent Belleville, in the nation-wide Junior American League series.

Games scheduled for next week include No. 1 School vs. No. 9, at Belleville Park and St. Peter's at No. 7 School, both on Tuesday; No. 3 School vs. No. 8 at Belleville Park and No. 10 against No. 5, at the No. 7 School grounds, for Thursday's contests.

Miss A. Pucillo, girl's recreation leader, has organized a volleyball league among grammar school girls, which has found great favor. No. 9 School won the championship by defeating No. 5 in the play-off last week.

Local Couple Mark 50th Anniversary Mr. and Mrs. Edward J. Crowell Were Wed In Liverpool

A mass at St. Peter's Church and a reception marked the fiftieth wedding anniversary of Mr. and Mrs. Edward J. Crowell of 109 Church terrace Sunday.

Mr. and Mrs. Crowell were married in Liverpool, England, and came to this country a few years later. Mr. Crowell, who has been retired ten years, was sexton of St. Peter's Church ten years. The couple have lived in Belleville nearly all their wedded life.

Mr. Crowell was born in Halifax, Nova Scotia, eighty-two years ago. He served seventeen years as a seaman when a young man and went around the world three times. In Liverpool he met the present Mrs. Crowell, and they were married at St. Peter's Church there. It is an interesting coincidence that they have been for many years members of a parish of the same name as that in which they were married.

Mr. and Mrs. Crowell have two sons, Martin T. Crowell of Belleville and James A. Crowell of Newark; three daughters, Mrs. Christopher Gleason of Belleville, Mrs. James Gaul of Midvale and Mrs. Gilbert Macchettie of Newark, and fourteen grandchildren.

Two Belleville youths were graduated last Friday from Montclair Academy, Montclair, according to Walter D. Head, headmaster. Both were members of the College preparatory group of the academy.

Arthur W. Leadbeater, Jr., son of Mr. and Mrs. Arthur W. Leadbeater of 102 Little street and Frank Anthony Siegler, Jr., son of Mr. and Mrs. F. A. Siegler received honorably mention for school spirit and leadership by vote of the faculty.

Both boys are planning to enter college in the fall, Leadbeater to Michigan University, and Siegler to Philadelphia Textile.

Law Would Limit Alcoholic Beverage Sales To Taverns

Commission Abolishes Poll Tax In Belleville After 1934

The sale of alcoholic beverages will not be permitted in stores dealing in any other merchandise after July 1, if an ordinance passed at first reading by the town commission Tuesday night is adopted after a hearing June 26.

The proposed ordinance provides that planary retail distribution licenses for the sale of alcoholic beverages shall not be issued on any premises on which any other mercantile business is carried on after the end of this month. The proposed law would give local taverns and saloons a monopoly of the liquor business.

In accordance with a recent act of the Legislature which makes the collection of a \$1 annual poll tax from every adult male resident optional, the board voted to abolish the tax after 1934.

\$158,000 tax revenue bonds of 1930 and 1931 were authorized renewed, together with \$145,000 of 1932.

To Probe Factory Noise

David Wells of 53 Valley street complained of alleged noise from a steam exhaust at the Overman Tire Co. plant near his home. He charged that it was a health menace, as it interfered with the sleep of residents of the neighborhood.

Commissioner George R. Gerard told him that the board had discussed factory noises which had been complained of by residents, and planned a tour of inspection to investigate them.

Store Proprietor Gets Mandamus Writ

Town Forced To Issue Mercantile License To Sam Shafman

Justice Parker of the New Jersey Supreme Court issued a writ of mandamus June 4 compelling Belleville to issue a mercantile license to Sam Shafman, proprietor of the Washington Food Center at 524 Washington avenue. Shafman was represented by his attorney, Joseph Suskind.

In accordance with the writ, the town commission granted a license to Shafman Tuesday night, which brings to an end several months of litigation.

Shafman had made application for the store permit but action on it was delayed by the board for many weeks. The proprietor opened the store before receiving the license and attempted to get a writ of certiorari before Justice Parker to review the law, but it was denied.

On the suggestion of the Court, Shafman was arrested to make a test case, and was fined \$100 in the local police court. The court issued the writ of mandamus after his conviction.

The display will last two hours, and will be climaxed by a replica of Niagara Falls in fire, 150 feet long. Two new displays will be attempted here for the first time at any public exhibition. COMMISSIONER GERARD ISSUES CAUTION ON JULY 4 ACTIVITIES

Director Gerard of the Belleville Department of Safety in a statement today cautioned citizens about Independence Day observances:

There is never a year when there is not a great increase in distressing accidents to children through the careless use of guns, cap pistols and fireworks on that day. With the comprehensive program of sports and community fireworks planned this year by the League there is no need to place dangerous materials in the hands of children and youth. It is hoped therefore that there will be an elimination of these accident-causes in the homes and on the streets. The Commission is co-operating to make this the biggest, best Fourth of Belleville has ever had. Will not therefore our citizens unite to make also the safest one?

A full detailed program of all the day's events will be published ample time for all to arrange to participate.

Yours for a successful and safe Fourth of July.

Director of Safety

Appeal Of Newark

Motorist

Represented by Edward J. Abramson, local councillor-at-law, a Newark man found guilty of drunken driving here in April succeeded in having the decision reversed last Friday by Common Pleas Judge Van Riper.

George E. Moon, 48, of 802 Broadway, Newark, was fined \$200 and lost his license for two years at a hearing before Recorder Smith on April 23 after being charged with operating a motor vehicle while under the influence of liquor.

Deciding to appeal the local police judge's decision, Moon retained Mr. Abramson as counsel. Judge Van Riper reversed Recorder Smith's decision after hearing the testimony presented by the accused man. Mr. Abramson's law offices are in Newark.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get the bile flowing freely. They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25-cent drug stores. ©1931 C. M. Co.

CHRIST EPISCOPAL

Rev. Peter R. Deckenbach, Rector.

Third Sunday after Trinity. Holy communion at 11 o'clock, topic, "Thoughts for Graduates." The evening services have been discontinued for the summer season. The last session of the Sunday school, for the season, will be held on Sunday.

The Young People's Fellowship has discontinued Sunday evening services also.

The Sunday school picnic will be held on Monday, July 2. In case of rain, it will be postponed until the following day. This year a change in place has been made, and many will be glad to learn that the destination is Palisade Park, on the Hudson. Special trolley cars will leave at 10 o'clock A. M. and returning will leave the park at 5 P. M. An outstanding attraction is the large salt water swimming pool, in which there are real waves. It is earnestly hoped that many adults will avail themselves of this day's outing, and help support the project, as well as a full attendance of the Sunday school members.

The last meeting of the season of the Altar Guild will be held in the club room of the parish house on Monday evening. The directress, Mrs. J. Harry Edwards will preside, and urge a full attendance.

The closing party of the girls' Friendly Society took place on Wednesday evening of last week, and was a very enjoyable occasion. After a box supper on the church green at 6:30, all adjourned indoors, where the festivities were continued. The graduates were honor guests. They included the Misses Marion Ainsworth, Elsie Kautzer, Peggy McAleese, Janet Millan, Alyce Miller, Margaret Miller, Eleanor Pozzo, Bessie Reitzel, Belleville High School, and Ruth L. Williamson from N. J. State Normal School, Newark.

Each was presented with a "diploma" containing a verse and a souvenir, appropriate to her chosen calling, as nurse, business woman, secretary, music teacher, dietician, teacher and kindergarten teacher. The presentations were made by the Misses Elinor Apgar, Hazel Franklin, Helen Kelsall, Louise Olde, and Josephine Van Dyke, Belleville High School juniors, who assisted the branch president, Mrs. Herbert F. Ainsworth. High school songs were sung. The second part of the program was in charge of Mrs. George A. Kelsall, who in a ghostly costume of flowing white garments and mask, stood before a microphone, and as "The Voice of Experience," exploited "Hemo, the Magic Cure-all," gave excellent advice to both the graduates, members of the Girls' Friendly Society and others assembled, in a very clever running fire of imaginary letters received and answered by "The Voice of Experience." Ice cream and fancy crackers were served by the juniors. Rev. and Mrs. Peter R. Deckenbach and the honorary associates were guests.

Under the auspices of the Ladies' Guild the May-June unit has arranged a lawn party on the lawn of Mrs. Sidney Scott, 184 Garden avenue, for Wednesday afternoon of next week, June 20. The patch-work quilt made by Mrs. Scott will be awarded. Members of the committee are: Mrs. Horace B. Winship, chairman; Mrs. Edward Nelson, Mrs. Lloyd C. Nunn, Mrs. A. O'Neill, Mrs. Emelie Ortnier, Mrs. V. J. Parcells, Miss Edith Polkinghorne, Mrs. G. E. Pratt, Mrs. Robert Reilly, Mrs. John Reyle, Mrs. F. Ritter, Mrs. W. T. Robinson, Mrs. A. E. Searl, Mrs. C. Woodhall, Mrs. J. F. Wisschusen and Mrs. G. W. Wharton.

The closing meeting of the season of the Ladies' Guild will be held at the parish house on Thursday afternoon, June 28. The president, Mrs. Lloyd C. Nunn, will occupy the chair.

The regular monthly meeting of the Vestry will be held at the parish house this evening.

"God the Preserver of Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 17.

The Golden Text is: "As birds flying, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it" (Isaiah 31:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou, even thou, art Lord alone; thou hast made heaven, the heaven of heavens, with all their host, the earth, and all things that are therein, the seas, and all that is therein, and thou preservest them all; and the host of heaven worshippeth thee" (Nehemiah 9:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As the children of Israel were guided triumphantly through the Red Sea, the dark ebbing and flowing tides of human fear,—as they were led through the wilderness, walking wearily through the great desert of human hopes, and anticipating the promised joy,—so shall the spiritual idea guide all right desires in their passage from sense to Soul from a material sense of existence to the spiritual, up to the glory prepared for them who love God" (p. 566).

The Emerald A. C. chalked up its seventh victory at the expense of the Newark Senators, 6-5, Walter Cody registered his third victory of the season allowing eight hits and striking out seven batters last Sunday.

Dudley then inserted a single, Heininger going to third. Dudley stole second and Heininger was out on an attempted double steal. Cody knocked Dudley in with a single to right field.

Harry Lubbert, Emerald right fielder, who knocked in the most runs last year, got his first hit of the season after going fourteen times without a hit.

Eagles Split Two

The Belleville Eagles split two games over the week-end, losing Saturday to the Arlington Aragons, 8-0, and winning Sunday at Belleville Park, defeating the Bloomfield Cavaliers, 5-4.

The Aragon contest was marked by poor fielding and baserunning on the part of the local nine. Three double plays were pulled by the Aragons, which helped Glass, their pitcher, considerably.

In the Cavalier contest "Boo" Travers held the spotlight with his fine twirling. Travers struck out eleven and allowed only six hits. Errors on the part of his mates gave the Cavaliers their runs. Joe McFadden's triple and single, were the big blows of the Eagles' attack.

The Eagles play the Robert Treat Optimists, Sunday at Belleville Park at 3:30 P. M. Dan Byrnes, speedball ace, or Travers will pitch with Tom McEnery receiving.

A CHANCE TO CELEBRATE

A few years ago Belleville enjoyed an outstanding day and evening of pleasure when a regatta and fireworks display was held in town.

That celebration was enjoyed by thousands of townspeople and those from nearby communities. Belleville was praised for its civic endeavor. It meant much to the town from an advertising standpoint.

And, now, the Civic League of Belleville has another such plan, although slightly different in the manner of events. This energetic organization would sponsor a municipal observance of Fourth of July, with games and races for youngsters and bicycle races.

With the proper co-operation this proposed affair will go over with a "bang." The public and town officials must co-operate. Contribution are necessary. They should be sent to John P. Dailey, treasurer, at the First National Bank.

If each person, who has a job, would contribute a little the fund would soon swell to proportions that would make the day a success. All the events, including fireworks, would be possible. There are many who dislike traveling to the shore or elsewhere on the Fourth. With an incentive to stay home they could enjoy themselves right here minus the hustling and bustling of crowds and traffic. Individual fireworks displays, with the danger element, would be eliminated if Belleville could confine itself to a municipal display in the hands of capable experts. Local merchants would be benefitted, as well. With most of us at home money would be spent either before the holiday for food supplies or on the Fourth for refreshments and other commodities.

There is no time like the present to prepare for the celebration. Maybe there are some of our readers who have ideas to offer. Why not send them in? The News will appreciate suggestions. What do you think?

THE NEED OF PLAYGROUNDS

Belleville, fortunately, has considerable playground space, but still lacks something in this respect. The approach of vacation time makes this fact more evident.

Our county park space affords much recreation and a need for many children and Silver Lake has a start in the right direction along with the playgrounds near schools and Camp Carragher, but something in a bigger way is needed for certain sections. The Valley and Silver Lake, in particular, are in need of more space. Many children, who take advantage of Belleville Park facilities, travel a great distance to do so and then risk their lives crossing Belleville avenue, dotted as it is with a steady stream of fast moving traffic. The journey to and from that park is not only dangerous but inconvenient. There are hundreds of children who will go to the park, no matter how far it is.

There are some lots in the valley section that could be converted into playgrounds. There are also some in the lake section. Each year the availability of this land becomes less. It seems beyond the financial means of the town to expend money for playgrounds, but the need of recreational grounds for children, if they are to be kept off streets, is a vital one to all parents. Children will play in streets where they are endangered by motorists, who sometimes do not exercise the care they should. Perhaps there is some philanthropic or, shall we say, several such persons who will aid in such a movement. Perhaps there are some plots on which town taxes are due and the owners would be glad to turn such property over to the town for taxes, the property to be used for playgrounds. Perhaps there are enough of us in Belleville who would contribute to purchase equipment for such plots if they, by such good fortune, are donated.

Off-hand, the turf bog opens up an idea for a central playfield, contemplated dreams of which have been in the public mind for a long time.

At any rate, let us try to do something about playgrounds for the children. "Running the streets," as now, the children are no end of worry to parents. Off the streets and on carefully supervised play fields there would be a mental rest for parents, at any rate. They would know where the children are and what they are doing. They would feel sure the children are out of the path of some automobile and out of trouble.

KEEP COOL

The arrival of hot, sultry weather brings with it the usual suffering. Each summer the health authorities issue warnings to the public on the best ways of keeping cool. In a nutshell, this advice is that people get plenty of rest, bathe frequently and do not try to do too much. Overexertion, rather than the hot sun, is the cause of most prostrations. To keep calm is to keep cool.

SCHOOL DAYS

By DWIG

Purely Personal

By LILLIAN THOMAS

"I had a funny experience last week."

"Yes?"

"Yes. I think it was Wednesday night. I was walking along a lonely road in Long Island. It was dark, so dark I could barely see the way ahead of me."

"You don't say? I'd have been scared silly."

"So was I. I was quaking with fear, but I began to whistle to calm myself against the thought of what danger might be lurking in the darkness. Against my will I recalled that not so long ago a gruesome murder had been committed somewhere along that very road. A woman had been hacked to pieces."

"I remember about it."

"Well, anyway, as I walked along, I thought I heard footsteps behind me. I told myself that it was just my imagination, but after a few more paces, I was SURE that someone was following me. Closer and closer he came. Cold beads of perspiration stood out on my forehead as I thought of what could happen to me on that dark, lonely road. I tried to walk faster, but I couldn't, and, of course, I didn't dare turn around. Louder the footsteps sounded on the pavement, and then, it was as if I could almost feel my assailant's breath on my neck. I stopped whistling. I made up my mind to appear brave."

In my mind's eye I saw the headlines in the morning paper: **MAN STRUGGLES DEPERATELY WITH HIGHWAY GUNMAN.**

"Soon the footsteps behind me told me my assailant was about to come up to me. Nearer he came. I stopped suddenly, turned, and cried: 'strike now, you big ...!'"

"Oh, my goodness! And did he have a gun?"

"No. My 'assailant' walked calmly by. It was a boy scout—just a kid, hitch-hiking home."

A Surprise With Price Reduction

Detroit, Mich.—June 14—A series of automobile reductions, coming as a surprise to the trade were announced here yesterday afternoon by Dodge Brothers Corporation.

The new quotations, in effect immediately, reduce former figures up to \$45 and make the base price of the company's popular 117-inch wheel-base line \$645.

In announcing the readjustment of the Dodge price schedule, the manufacturers point out that the price cut is the sole change involved—that construction details, quality, appointments, and the advertised thirty-two extra Dodge features are contained without any alteration whatever.

Factfully Yours

— LILLIAN THOMAS —

In speaking of the Carnegie Hero Fund established by himself April 15, 1904, Andrew said: "I do not expect to stimulate or create heroism by this fund, knowing well that heroic action is impulsive; but I do believe that, if the hero is injured in his bold attempt to serve or save his fellows, he and those dependent upon him should not suffer pecuniary thereby."

Since that date, nineteen gold medals, five hundred forty-seven silver medals, and two thousand one hundred seventy-six bronze medals together with awards amounting to \$4,917,483, have been issued by the commission.

That the medals have not been issued indiscriminately is shown by the fact that only two thousand seven hundred forty-two awards have been made over a period of 30 years, while more than thirty-one thousand heroic cases brought before the commission have been refused. Medal awards are made only for outstanding deeds of personal self-sacrifice. Money awards are not given unless it can be shown that the money will be spent for a worthy cause.

After the creation of the hero fund in this country, Mr. Carnegie established similar funds in Great Britain, Ireland, France, Germany, Belgium, Netherlands, Sweden, Switzerland, Italy, Norway and Denmark.

June 14 (yesterday) was Flag Day. We are told that our flag was in existence a year prior to the day Continental Congress gave official recognition to the flag of 13 stripes and 13 stars. Too, we are reminded that Betsy Ross made our first flag, but few know how the American flag, in its present form, came into being.

It was Captain Samuel Chester Reid, a naval officer, who designed the present American flag, and who was responsible for the 48 stars and 13 stripes, representing the states of the Union. On April 13, 1818, Congress adopted the design of our flag as submitted by Captain Reid. The flag was made by Mrs. Reid at their home on Cherry street, New York City.

Mrs. George Taggart of 24 Forest street and her son Jack sailed Saturday on the Caledonia for Scotland, where they will visit relatives at Dunbarton.

Brightons Defeat

Nutley Ironbounds

Winners Gathered Fifteen Hits; Losers, Two

The Brightons continued on their ways Sunday, this time being taken over the hurdles by the Nutley Ironbounds, 13-10. It was the home club's fourth consecutive loss.

Stockton started for the locals, but had to give way to Caruso, who pitched admirably from his start to the finish of the game. The winners gathered fifteen hits to the losers ten.

Ragged base running cost the locals the tie score, and possibly a win. At the stage the Brightons led, 9-6, but could not hold this advantage very long, the Ironbounds tying it up in the next frame, and taking the lead after that. The Nutleyites made their runs in clusters of three on four occasions. The best stickers for the winners were Donelski, Orlando and Gonnello. For the losers Gonnello and Bonnefond.

The locals will face the Aztecs in 1:15 P. M. game Sunday and at 2 P. M. tackle the Combine A. C. home club has Reed, Fredericks, Sasso and Stockton primed for these games and hope to regain the win.

The Brightons have openings for all light semi-pro players. All interested should write to A. E. Caruso, 114 Brighton avenue, Belleville, N. J., or show up at Belwood Park Sunday afternoon.

Red Wings To Meet

Bears In Four Games

Bruins Must Lead Wings And Toronto Leafs To Hold First Place

Those scrappy Rochester Red Wings, whom the Bears recently ousted from first place, come to Ruppert Stadium, Saturday, to commence a four game series and a fight to regain the lead from the galloping Bruins of Manager Bob Shawkey. Only single games are on the card for Saturday and Monday. The two bitter rivals will engage in a double-header Sunday afternoon. With the departure of the Wings, Ike Boone will bring in his Toronto Maple Leafs for three games, June 19, 20 and 21. The first and third games will be played under the electric lights.

The next two series are regarded as the most important for the Bears. They must annex both, if they hope to hold the lead and annex the flag. The Wings and Leafs have pennant aspirations and the slogan of their members is "Stop the Bears." Until last Saturday, Toronto was the only club to take four straight from Rochester.

The series between the Bears and Wings will be bitterly fought due to the genuine animosity which exists among the players. John Berly, Tony Kaufman and Paul Florence are the "jockeys" for the Wings. Their "picks," who are also expert "jockeys" are Johnny Neun, George Selkirk, Vince Barton and Dale Alexander. The feud was bitter in Rochester and only cool heads kept things under control. The Bears, however, had last laugh by making a clean sweep of four games. With the return of first baseman Johnny Mize, and his big bat, and Manager George Topercer at second, the Wings feel confident of jolting the Bears out of the lead. They are also counting on Ollie Sax, the Kearny boy to help

Heavy Hitting And Pitching Of Chicowicz Features

The Woodsmen, one of Belleville's leading senior baseball nines, chalked up another victory, Sunday, at No. 7 School field, defeating the Texaco A. C., 12-10, in a wild slugfest.

The Passaic Avenue nine overcame an early lead assumed by the gas-line men, scoring five times in the sixth, to coast in. Moe Sasso's triple was the big blow of this stanza, following as it did singles by Austin and Lowe, and DeBrowski's double.

Bill Chicowicz, Woodsmen relief pitcher, stemmed the tide in the ninth, as the Texaco club made threatening gestures towards knocking the count.

The Woodsmen will travel to Philadelphia soon to play a strong senior nine of that city. Any senior team in Belleville or vicinity is also challenged by the Woodsmen.

JOE GLENN

for in former years Ollie has been poison by his great fielding and timely hitting. With the Bears socking and the pitchers in rare form, Shawkey feels confident of holding the lead.

Jesse Hill has been a factor in the Bears' drive to the top. He has been hammering the ball and his fielding has been sensational. The little center-field fly hawk has become a real threat at the plate and his hits have been timely. Hill was graduated from the University of Southern California just four years ago this month. The next day he broke in with the Hollywood Club of the Pacific Coast loop and signaled his appearance by hitting a home run.

Hill was two years with Hollywood when he was sold to the New York Yankees. In 1932 he was optioned to Newark and his great playing helped the Bears to win the flag and the Little World Series. When he signed his contract with Newark this year he told George M. Weiss, vice president and general manager of the Bears: "Hill this year will show you some real baseball playing. His work will earn him another chance in the big tent." Hill has kept his word so far and his playing has been the talk of the fans in the International League cities.
