An Opportunity To Share Your Christmas Joy

Only nineteen days, less than three weeks, are left for contributions to the Christmas Fund sponsored by the Civic League of Belleville and the Belleville News so that those in need of deserving assistance can be provided with food, medical attention, shelter and clothing. In this short space of time we are going to continue our efforts to keep the welfare of others uppermost in our minds and by giving now, you can be assured that some families will be made happier and you can also make their Christmas one to be remembered with joy and pleasure.

In a municipality such as ours with a population of approximately 30,000 people you will always find some in distress due to lack of employment, illness or other conditions over which they have no control and these families are deserving of assistance and support. In other municipalities we have coal bins but no coal to put in them—little undernourished tots with holes in their shoes and threadbare clothing to meet the biting winds of a cold winter—Christmas ornaments but no Christmas tree to put them on—hundreds of fathers still looking for work. Let us remind you, ladies and gentlemen, these conditions also exist in Belleville and this is your home town.

A group of worthy and investigated cases were listed last week and in this issue and you will find below a number of others which are also deserving. The only means of identification will be a number for each case and contributors are urged to read the descriptions carefully.

Family No. 100.—Amount needed—\$25.

A well educated American couple are struggling to give their two small youngsters just the bare necessities of life. The father, a salesman, is paid only on a commission basis. He finds it pretty hard to face his prospective buyers in a frayed suit, even though he keeps it well pressed and clean. He worries too about his little girl who is underweight. \$25 will provide a suit and one quart of milk a day for several months.

Family No. 11.—Amount needed—\$10.

A frail, little woman down near the river is anxious to work but her ambition to be self supporting is far greater than her physical strength permits. She is a widow with three children. The eldest is working but her wages are too meager to meet the family's many needs. \$10 will buy warm blankets.

Family No. 90.—Amount needed—\$15.

A father and daughter, who are old Belleville residents, are alone in the world. The man is too old to hope for regular employment again. The daughter, still under sixteen, is attending Vocational School. She is at that age where it is embarrassing not to have at least fairly nice clothes. Hers are far from being even adequate. \$15 will buy so many things to make that young girl happy.

Family No. 10.—Amount needed—\$25.

The home in one of our better residential sections which represents the savings of a life time is threatened. The man's hair is turning from the many worries. In former years his services were eagerly sought but now no one wants to employ an "old man." His son, to whom he turned for help, is out of work too. \$25 will meet payments for two months on the home.

Family No. 66.—Amount needed—\$25.

Unemployment accompanies this family of three. The man does get occasional odd jobs out of doors, but with winter here, such outdoor work is seldom found. The child, a romping boy, needs shoes and trousers for school. And the parents as they desire if possible to remain in a good neighborhood would feel much more secure if their rent was paid. \$25 will take care of two months rent and will also buy the clothing.

Family No. 17.—Amount needed—\$10.

This man from the hill section was much thought of by the firm where he worked for several years. He was industrious and thrifty, that his wife and children might enjoy the comforts of life. Imagine his feelings when he sees his little girl in a dress and coat many sizes too small. \$10 will buy new ones.

Checks and money orders should be made payable to the Civic League Christmas Fund and may be mailed or delivered to either The First National Bank of Belleville or The People's National Bank and Trust Co., or if you will telephone Belleville 2-2747, one of our workers will call for your offering. Each contribution will be acknowledged in the News shortly after it is received and a full accounting will be rendered of the funds turned over to the agencies for the care of the families.

Children's Theater To Present Plays

"Aladdin" Will Be First
Presentation For
Youngsters

The Children's Theater of New York—that group of adult professional players whose work it is to provide a real theater for boys and girls—will open its season at Belleville with "Aladdin And His Wonderful Lamp" Saturday at 3 P. M. in the high school auditorium.

This opening marks the beginning of the eleventh year since Clare Tree Major, founder and director of the Children's Theater, first began presenting plays for children in New York City. In that time, the influence of her idea has spread in an ever-widening circle. This season three Children's Theater companies will follow each other from New York on an extended tour—north to Boston and Toronto, west to Detroit and Indianapolis, south to Washington and Richmond—playing in practically all of the larger cities and many of the smaller ones en route. From October until May, the brightly painted Children's Theater trucks will roll over the roads, and New York actors will take the theater to children who might never come to it. Thus a youthful audience for the living drama is being developed in sections where children's entertainment would otherwise be left to the motion pictures.

Parents and educators, who have long cried out for wholesome juvenile entertainment, are most sensible of the advantages of the Children's Theater plan. In New York, Brooklyn and Boston, public school teachers attending the plays will receive credit for the series, supplementing lectures to be given by Clare Tree Major in New York and Boston Universities. In other cities, the plays are sponsored by the boards of education, sometimes being presented on school time, while the endorsements of parents and teachers would fill a bulky volume.

But the real success of the Children's Theater does not rest upon the approval of grownups, but upon that of the children themselves. The plays are no sweetened pills for the young, but, instead, are stirring, faithful dramatizations of the books which boys and girls like best. As Mrs. Major herself said in a recent interview, "It is the most thrilling thing in the world to see and hear a large audience of children completely enchanted by an exciting play. We don't preach; we don't point morals. We only emphasize those traits of character which tend toward human happiness. The pleasure of seeing children made happy, of seeing their faces light with joy and hearing the music of their laughter, gives one more delight than anything in the adult theater."

Both children and adults will be pleased with the program announced for this season, which will be presented here under the sponsorship of the parent-teacher associations. It is international in character, including two American plays, "Pocahontas," approval of grown-up, but upon that of the children themselves. The plays (with an Indian cast) and Louisa Alcott's "Under The Lilacs," and four from foreign countries. England is represented by "Dick Whittington and His Cat"; France by Hector Malot's "Nobody's Girl"; Arabia by the immortal "Aladdin and His Wonderful Lamp." From Spain comes a delightful original mystery play, "The Prince's Secret," with its romantic background of an ancient castle and its exotic music and costumes. This series has been selected from the requests of children and the recommendations of their elders.

Players are: Raye Long, Dorothy Slaytor, Wendell Whitten, Phyllis Marshall, John O'Connor, Aubrey Williams, Richard Dallas, Stephen Courtleigh, Philippa Evans, Frances Porter, James Connerton and Ronald Kirk.

The first part of the program the religious service in the synagogue, was held in accordance with Jewish ritual, but the entertainment, originally scheduled in the auditorium immediately after the services, was postponed last week in respect to the memory of Mrs. Charles S. Mr. Zink, an attorney with offices in Newark, ran for a street car at Broad and Clinton street, Newark, November 21, but slipped on the wet pavement and fell, twisting his ankle under him. Fortunately, traffic in Broad street was not moving at the time. In spite of the pain of the wrenched ankle, Mr. Zink managed to scramble to his feet and board the car, only to discover that his ankle was broken when he reached his home.

Belleville Man Loses Eye 15 Years After Accident

A brick thrown through a train window fifteen years ago by a mischievous boy cost a Belleville man the sight of his left eye last week, when it was removed at St. Barnabas' Hospital, Newark, by Dr. George J. Holmes.

H. E. Cross of 219 Little street, proprietor of the Blue and White Garage at 466 Washington avenue, was a passenger in a Pennsylvania Railroad train in Jersey City in 1919 when the brick came crashing through the window and struck him on the forehead, he states. He was carried to the old Marion station, where an ambulance surgeon dressed the wound and told him that there would be no ill effects.

When he found his eyesight failing several years later, Mr. Cross consulted specialists throughout the country, but they were unable to help him. Recently he was told that the left eye must be removed to conserve the sight of the right one.

Mr. Cross has recovered from the operation and is now at his office.

MAKES YOU LOSE UNHEALTHY FAT

A young woman of Norwich, Conn., writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too."

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but little—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money gladly returned. Don't accept anything but Kruschen if you want to reduce safely.

WEAK AND SKINNY MEN, WOMEN AND CHILDREN

Saved by new Vitamins of Cod Liver Oil in tasteless tablets.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of tired listlessness! Steady nerves! That is what thousands of people are getting through scientists' latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell.

McCoy's Cod Liver Oil Tablets, they're called "Cod Liver Oil in Tablets," and they simply work wonders. A little boy of 8, seriously sick, got well and gained 10½ lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 2 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine Cod Liver Oil Tablets—approved by Good Housekeeping Institute. Refuse all substitutes—insist on the original McCoy's—there are none better.

"Used" Books Needed For The Unemployed State Library Commission Seeks Books For Unemployed

"There never has been a time when people seemed so anxious to learn." This from the annual report of the State Public Library Commission would be a most encouraging commentary on the public outlook, were it not for the fact that it is connected with the explanation of shortage of books, due to shortage of library funds, not only in the larger cities, but in the towns and in the small villages and outlying rural sections which the State Commission serves, in a helpful way, through its interloan service. The misfortune of low funds extends to the State in its budget for book-buying, for this interloan service, with the result that the State Commission, through its executive secretary, Miss Sarah Askev, is now asking the public to lend its aid, during the winter months that lie immediately ahead, by donating "used" books.

There are so many thousands of requests already "on reserve" lists that it will be impossible to supply this hungry taste for reading unless there is a very generous response to the appeal for "used" books.

What kind of books? And where may they be sent? First, they may be sent to your local library, or to any other library in the community in which you may reside, for libraries throughout the State are cooperating with the State Commission in this book-gathering and book-distributing movement.

When it comes to the kind of books, that is a question of very broad scope. History, biography, economics, health, social service, political history and political economics, artists, musicians, dancers, science, travel, labor, mental defectives, nature study, the plant world, the liquor question, psychology, books on business subjects, books for craftsmen, books on journalism and writing.

There are many who want books on Russia, on Germany, on Fascism, as well as books on the things going on in England, in Asia, in Africa, and in our own contemporaneous as well as past history.

Even such books as "Life Begins at Forty" and "100,000,000 Guinea Pigs," both of them several years old, are on the "on reserve" lists, in many cases of which there are from 15 to 30 names of persons waiting

for books they wish to read and study. If books contributed are needed in the library to which they are delivered, they will be kept there; otherwise they will be distributed by the interloan service of the State Commission to other libraries, in exchange for books most wanted "on reserve" in your nearest library. It is a very comprehensive service which the State maintains in filling up the gaps of libraries, and books contributed will see service on many reading fronts in the future months.

Find Stolen Dynamite, Tools in Silver Lake

Owner of Building Held in
\$8,000 Bail on Four
Charges

As a result of a raid by police on a building at 50 Honiss street, Silver Lake section, November 28, Arsenio Mangiero, 48, of the Honiss street address, said to be the owner of the structure, was ordered held in \$8,000 bail by Recorder Everett B. Smith Saturday on four counts.

Police found dynamite sufficient, they say, to blow up the neighborhood, fuse caps, weapons, tools and \$2,000 worth of electrical equipment in a garage, which they raided with federal agents in search of an illicit still, which was also discovered.

Town Engineer Matthew J. Sheehan identified the explosives as some which had been stolen from an ERA project. Some of the tools are also property of the relief authorities, he said.

Mangiero could not be found at the time of the raid. He was sought by police, in spite of his wife's statement that the garage had been leased to two negroes. He surrendered to police Friday, accompanied by his attorney, Solomon Solky of Newark.

Charged with operation of a still and alcohol cutting plant by state and federal agents, Mangiero was also charged with storing high explosives without a permit by Fire Chief William T. Hides, and with larceny by Mr. Sheehan and police, who believe they have linked the electrical equipment to a Newark robbery.

Mangiero was committed to the county jail in default of bail. On advice of counsel, he refused to plead on any of the charges.

AID THE FIGHT

The battle against tuberculosis has been a long and difficult one, that has received a recent set-back with the economic crisis, which has increased the factors contributing to the spread of the dread disease, and has diminished the funds for combatting it.

Today, with crowded housing conditions and malnutrition widespread, money is needed to provide increased hospitalization and medical care for victims of the "great white plague," which can be conquered if patients receive treatment in the early stages. Funds for this work are obtained almost exclusively through the sale of Christmas seals, those bright little stickers that do so much good.

Christmas seals have been mailed to nearly every home in town. Do not return them without a contribution. By purchasing the seals you may help to save the life of a child, who, through no fault of his own, faces a life of pain, or perhaps death, unless you stretch out the hand of brotherhood.

For almost fifty years a courageous band of souls has been fighting against tuberculosis. Thousands of men, women and children have been saved to society through its efforts. This work, for the good of humanity, must not be allowed to lapse.

A GREAT DAY IN AIR

There will be more airplanes in the air on the morning of December 17 than at any time in the history of the country. The National Aviation Day committee has asked all airports throughout the country to send all available aircraft into the air at 10:30 o'clock that morning, in commemoration of the 31st anniversary of the first flight of the Wright brothers at Kitty Hawk, N. C. The planes will circle over their own communities in a counter-clockwise direction for a half hour and then return to the airports for inspection by the public. The army and navy and Bureau of Air Commerce will participate in the observance, which is certainly an appropriate memorial for the anniversary.

SCOUT HEALTH TESTS

The famous Dr. Charles Mayo of Rochester, Minn., backs to the limit the proposed plan of the Boy Scouts of America to require a health examination at least annually of all this country's 692,746 Scouts. He said as much at a recent luncheon of the health and safety committee, of which he is a member, in New York.

"There are very few places," said Dr. Mayo, "where adequate medical examinations are given to children. The Boy Scouts of America can carry the gospel of the importance of such examinations far beyond their own bounds, constructively stimulating co-operation with other community and social groups, such as the playgrounds, recreation centers and the like, acting as health missionaries everywhere.

"A Boy Scout who has the fundamentally right attitude toward his own health—which he must get because he wants to have it and not by coercion—will be a missionary in his own family, where, perhaps, such missionary service is much needed."

This is a splendid move, and it deserves the enthusiastic approval of physicians everywhere. It will work good in two ways: First, by spreading the doctrine of good health, as the Scouts now spread that of good manners; and, second, by becoming, themselves, stalwart and vigorous examples of American manhood. Many of the beginnings of disease may be found in children at a time when prevention of serious consequences in later years is often entirely possible. Rheumatism which affects the heart is a notable example.

In some cities this plan has already been adopted, and other centers are coming to see the great advantage of this plan.

Laughing Around the World

With IRVIN S. COBB

A Voice from the Silence

By IRVIN S. COBB

MR. JONES came home one evening with a new pet. He was very fond of his pets. He was a silent man anyhow and for that some of the neighbors had an explanation. They said he talked but little because Mrs. Jones was so conversationally inclined that he rarely got a chance to speak unless he interrupted her—and he was too polite to interrupt a lady.

The pet he brought home this evening was a forlorn-looking stray dog. After dinner, Mr. Jones gave the pup a bath, a rub-down and a supper of juicy bones. The grateful animal wagged its tail and looked trustfully up into the face of this benefactor and the patron responded by patting the brute on its head.

"Edgar," said Mrs. Jones, breaking off what else she was saying to interpolate this question, "why is it that you are so much kinder to dumb animals than you are to your own wife?"

"My dear," said Mr. Jones, "just you try being dumb for a while and see how kind I'll be to you!"

ANOTHER SHIP

For three years France has been building the largest seaplane in the world. This giant flying boat will cost 25,000,000 francs and will have all the comforts and luxuries of modern transatlantic ocean liners. It will carry a crew of six and will have a cruising speed of 144 miles an hour. Its cruising range will be 2,800 miles which will be sufficient for service between France and North and South America.

Coming with the construction of the vast ocean liners with which France and England will attempt to take big shares of the Atlantic crossing business, the plane will attract as much attention as the vessels. The entire world will watch its trials. It may be the beginning of new era of transportation. Or it may develop into agreeable white elephant.

HEISLEY'S LETTER

Editor, The News:

The radio this morning noticing the expiration of the first year of the abolition of liquor prohibition said that to some it appeared that less liquor was being consumed, than formerly, but that it appeared to others that more was being consumed than under prohibition. It is a mooted question, anyway.

Anent the intended protest against the ordinance that was adopted to let the Dutch company in to prove or test liquors, there was indeed but little point to it. It is a question of effect, not of course, a quart bottle of liquor might stand in the cupboard of years. No one drinks of it, or drinks so much that he experiences the effect that is known as intoxication. So far it has done no more harm than an equal quantity of lemonade. Now the old fashioned blue ribbon total abstinence people were impervious to this reasoning. They didn't drink, but rather felt, that somehow the effect was contained in the cause—really, that a bottle of whiskey was as much drunkenness as it could be used to produce. That idea seems to be at the bottom of the intended protest, since the effect of the Dutch plan's operation, opened no new mart for the retailing of liquors in Nutley. I have noticed that sentiment instead of sense has dominated the anti-liquor forces—noticed it through many years. It is probable that leagues to insist upon the strict enforcement of liquor laws would have done more good than leagues to bring about the prohibition of the sale of liquors. I'd

join a league to enforce obedience to the laws providing for and regulating the sale of liquors on a minute's notice. The fact is, I don't like liquor. I'd persuade anyone I could generally to abstain from it.

No doubt more than one young married couple at the spring moving made more out of the safe transportation of the cocktail shaker, than of the dishes and cutlery for good eats at the table. Now the loss of the cocktail shaker would be insignificant to me, as I keep no cocktail hour, whatever, nor do I have to take an alcoholic drink before starting on the framing of a law case, or the opening of one to the jury. I can get across the room and back without the help of an alcoholic stimulant. I can reduce a bottle of whiskey to the harmlessness of lemonade by consuming it gradually through a calendar year.

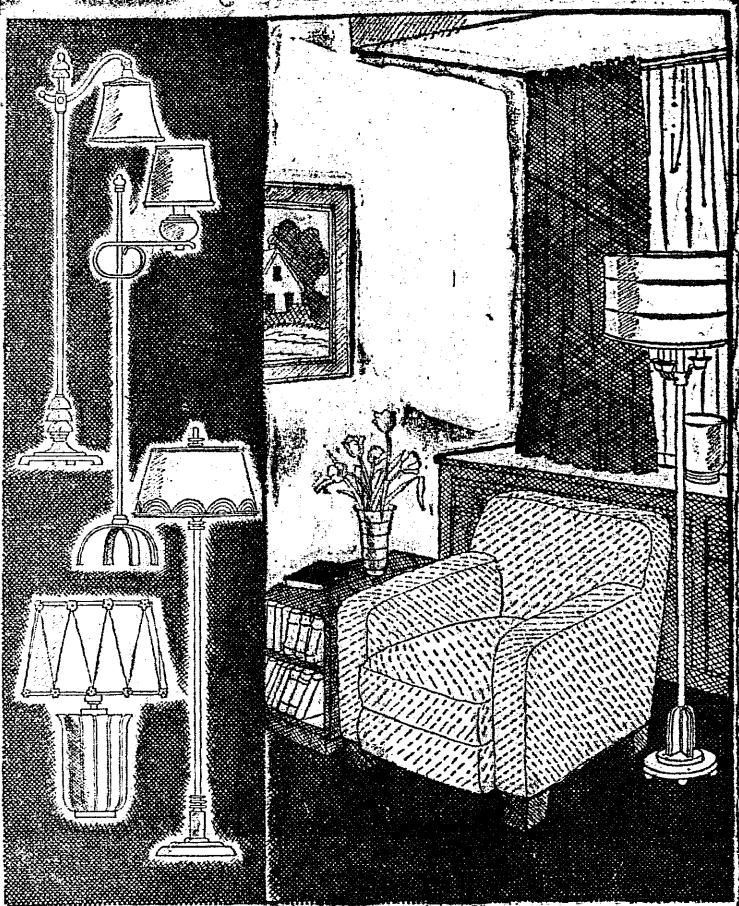

But this brings me to a point where the liquor sellers might deem me to be an enemy. There would come about such a curtailment in the amount of liquor sales that no one could make a living selling it, on the supply and demand policy. Nowadays fiction is friends with the bar. It is with literature, souse, souse, souse. You could never be certain that you couldn't take another drink without trying such an experiment, and finding really you couldn't.

I predict that in the course of twenty years the sale of liquors will become lighter in volume than now, through the abuse of alcoholic liquors the use of them will decrease, the bravado of drinking will fade away.

Yours respectfully,
FREDERICK A. HEISLEY.

Making The Home More Livable

Lamps—Must—Qualify—For—Seeing—As—Well—As—Decorating

By Jean Prentice

THE living room needs dressing up! This is the decision of many a home maker who, at this time of the year, casts a long critical glance at the center of family life for the longer evenings—the living room—and decides that something must be done.

She does well to give particular attention to the selection of floor and table lamps, because here at her finger tips is a chance to enlist the magic of lovely and adequate light.

Not with just ANY lamp of course! Big strides have been made in the style and lighting qualities of lamps, and the one that Aunt Sue gave to Mary on her wedding day may be wholly inadequate now.

The lamps pictured here have scientific sanction for several reasons.

The one beside the chair boasts a brand new feature, straight from the research laboratories. In its upper portion it has one single bulb that, by a twist of one's wrist, can be made to give three different amounts of light.

A white glass bowl within the shade sheds a big cone of cheerful light downward. The lamp is not an oasis of light in a desert of darkness in your room, however, for the bowl reflects light upwards also. The three-candle unit showing beneath the shade is mainly for decoration, but can be used for additional reading light.

Points to remember are that a floor lamp should be 54 to 64 inches high, conforming with the decorative

scheme. It should radiate light on the rest of the room as well as your book. If it has a light-colored shade, that "certain something" called "tone" will be added. To get the most out of a floor lamp, bulbs totaling at least 120 watts should be used.

Other arrangements of living room furniture call for different types of lamps.

The two bridge lamps at top left illustrate important points. A shade that must be tilted causes glare which is harmful to eyes. These bridge lamp shades make tilting unnecessary. Both can be adjusted by moving up or down. Each takes a 60 or 75-watt bulb.

And you'll want to hear about the floor lamp, below at right. It is the new Reading and Study Lamp approved by the Illuminating Engineering Society. Using a 100 or 150-watt bulb, it not only gives marvelous light to read by, but provides excellent general illumination.

Does the table lamp at bottom left seem a little larger than those generally used? It is—and should be if wanted for reading. Standing 18 to 22 inches high, it gives a sufficiently wide circle of light for your book or paper. With two 60-watt bulbs placed well within the shade it offers flexible light, using one or both bulbs.

Regardless of what lamps you finally decide upon, remember that the prime requisite is that they give adequate glareless light for seeing. Otherwise they have no place in an up-to-date living room.

THE MAN HUNT

Hartley Doesn't Seek Motor Vehicle Post

Would Not Resign Position As Congressman, He States

Congressman Fred A. Hartley, Jr., issued the following statement yesterday:

Since the last general election, my name has been advanced as a possibility for the motor vehicle commissioner.

While I appreciate the compliment my friends pay me in proposing me for such a position, I do not believe that I could accept this position with good grace even assuming that I might be considered for the post.

In the first place, I would not resign my position as congressman for any job at the moment, for I would not betray the loyalty and confidence of my constituents, who have just re-elected me as their representative. Furthermore, this is no time for one man to hold two such important positions.

Therefore, while I appreciate the compliment paid me and the intentions of my friends, I must respectfully ask that my name be withdrawn. I prefer to devote my time and whatever talents I possess in an effort to do a good job in the office of congressman, to which the people have elected me.

Will Rogers Picks A Story For This Spot

A SCOTCH soldier was in bad for not saluting an officer or something serious like that, and a court-martial ordered him to be taken right out and shot. The Scotchman asked for time out to count his

money before he handed over his personal effects to be sent to his parents.

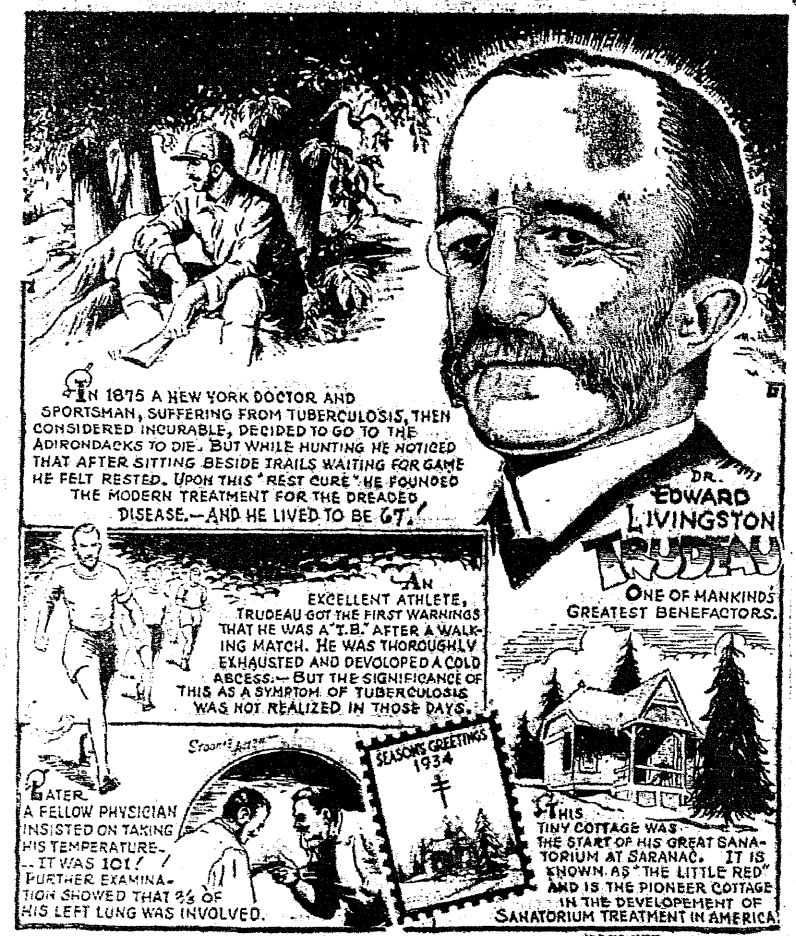

Well, they say that the last fellow that told this story had a Scotchman in his audience, and the Scotchman didn't laugh. He got up and said, "That's nae a true tale!"

So the story-teller told him no offense was meant and all that, and he Scotchman says, "Nay, it's nae the offense I'm mindin', but the story is false! Any Scotchman would know how much money he had wi-out pausin' to count it."

Passes At Garden

About As Good As Seat In The Park

"Exchange" Tickets Entitle Users To Long Sidewalk Stand

Over in the Garden — Madison Square, you know—a six-day bike race is in progress. This mad whirl began Sunday night around a track hardly big enough for fleas to race on. Fifteen teams answered the first pistol crack but within a brief space of time, or it might have been brief, Walter Lohmann received a dislocated collarbone in a spill and his partner, Adolph Schoen teamed up with Dave Lands of Irvington. Dave began with Charlie Ritter, who substituted for Iron Man Reggie McNamara, who was taken ill before the race. Ritter received a big hand for permitting Schoen to continue.

Well, as we started to say, there is a race in progress which winds up at 12 bells sharp tomorrow night. Twelve bells over in New York, especially along Eighth avenue, is the time the drug store cowboys pull in the sidewalks of New York or whatever it is Mayor La Guardia's city calls 'em. We are positive that curfew rings at that time in the modern Baghdad. We tried to get a soda at 12 bells last Sunday—right outside the garden and the "jerk" was locked up tighter than any gin mill should be after 3 in the morning.

Be that as it may, or otherwise, if you were one of the gate-crashing "yellow" crowd of 14,000 in seats or 20,000 in the enclosure Sunday night, you can live to tell it you are good. The garden was sold out all right, but not by the sheriff. It was the squire John Q. Public, who said the garden to be "sold out." The "it" consisted of two long "exchange" ticket holders, the newspaper men, who were not allowed to stand in line to get a free ducat. For the sake of argument we were four, who jumped on the live band wagon about 8:15 P. M. in Forty-ninth street, somewhere around the corner of Ninth avenue.

"One to go," we kept repeating to ourselves, as we thought of Announcer Bill Sullivan. "One block to go and that seat or seats will be ours and we will chisel in."

Well, sir or madam, so help us, there was another line just like ours, of newspaper men and women, official chiselers-in or what have you. Those lines remained as inert as the best Egyptian mummy. Nobody moved an inch, unless it was to shift from one foot to another as 9 o'clock, starting time drew near.

And you wonder why? We did, too, until we decided we hadn't gone to New York with four "passes" tucked under our arms for nothing. Up strides one of our gang to a burly cop outside the exchange window. He didn't ask for it. "It" paved the way for four exchange tickets which let us by the ticket taker. And, little children, if we will promise to behave that is the answer to why those two lines didn't move. If you had the nerve or what it is makes you crash in ahead of your neighbor you got by.

But that is where you made your mistake if you had a free ticket. A close scrutiny showed that the four passes were for seats anywhere from the Garden to the Jersey City Pier as the boys used to rave about in that famous war-time song. No two were together. After a fashion this particular party, including—well it wouldn't have mattered if it had been the King of England—were seated, four of us behind a two-foot square post, right smack up against the Garden roof.

So, if you had a free pass, you know the story. If you weren't in on it, let's tip you off. Next year, when you get them, throw them in the waste basket unless you have someone you particularly hate on whom to throw them off. Exchange tickets to the Garden, if it is a garden, are the junk, pure and simple with the accent on the simple, meaning location of seats as well as those—including ourselves, who used them. Get 'em on a press pass if you are a newspaper man or stay out.

Once up in the clouds the task of seeing what you went in for became a problem and one guess was as good

Giants Tie Bears

For First Place In Lion's Bowling

Carlough Features As Speedsters Upset Bears Twice

The Giants crept up into a tie for first place with the Bears, last week, at the Elks' alleys, in the Lion's Club Bowling League.

After winning the first game by twenty-five pins, the Giants came back in the final pair with single-pin margins of victory in each to register a clean sweep over the Cubs. In the meantime the Speedsters were setting back the Bears twice in three tries to cause the first place deadlock.

Johnnie Carlough, who is second only to "Dutch" Ziegler in the individual averages, hit 190, 188, and 213 in helping the Speedster cause.

as another in the matter of hearing what went into and came out of a loud speaker. The only loud speakers of any consequence in the house of perspiration are the "candy, cigars and cigarette" leather-lunged birds who crawl in and out and around you. Their hawking seems to be timed perfectly to interfere with the loud speaker outfit—or maybe it was jangled nerves—or maybe the darn set isn't supposed to be heard. At any rate, as the wrestling fans in Laurel Garden and Columbia Park have come to know the Duseks, the show was "lousy." And 16,000 popped eyes went forth the same day to see it, including ourselves. The weight of this last crack can be judged as to its worth by the reader.

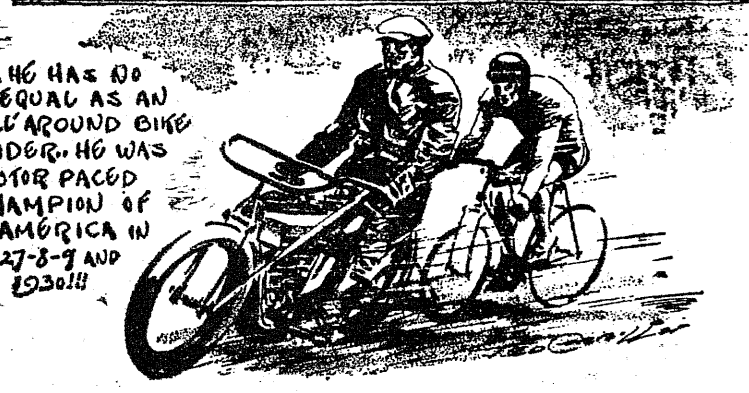

Well after all was said and done, and Sally Rand and Joe Penner and this guy and that guy stood up so everybody, including the barber's cat could look at them we vacated our perch out on the limb in favor of anybody who wanted it.

Yes sir. Tomorrow night is another night. We hold two perfectly good ducats for row A at the tape. We're going to get us a bag of peanuts—a hot dog, soda and put on all the gallery stuff we can in the hot-sy-tots, ritzy section.

The race? Oh, let it go! You can't watch that when you have become cross-eyed from watching bike riders pass from one side of a pole to another. Talk about legerdemaine. The bird who designed the garden was a past master of it, especially where bike races are concerned.

It is a case of here they are! Oh, no, they're not! Oh, yes, they are! We'll be seeing you at the Velodrome next year—maybe.

Szabo and Dusek Will Meet Again

Grudge Mat Battle Expected at Laurel Garden Tuesday

A return encounter between Sander Szabo and Emil Dusek, two bone crushing exponents of the grappling game, who staged one of the most exciting frays ever to be witnessed in the city, will again struggle for honors in the windup at the Laurel Garden Tuesday night in a scrap of two out of three falls, with a 90-minute time limit.

The behemoths created more action in their last match than has been seen on the local mat for some time. A near riot resulted when Referee Frank Simborn awarded Dusek the match after disqualifying Szabo for roughness after repeatedly warning the Hungarian of his methods. Both grapplers resorted to off-color methods during the third and deciding fall which had the fans in an uproar right from the start of the fall. At one stage of the match, Szabo protested the official's interference by tossing him through the ropes to the floor.

Immediately after the match, the Hungarian Adonis sought out Promoter Ray Hanly and demanded a return match, claiming the referee did him an injustice by giving the verdict to Dusek who was just as much guilty of fouls as he was. Hanly persuaded Emil to give Szabo a chance to square himself and only after making his last offer very tempting, did Dusek agree to another bout. Judging from the last scrap, it looks like Mr. and Mrs. John Q. Public will be in for another interesting bout.

Henry Graber, the sensational German matman, will return to the local mat after an absence of several weeks when he takes on Tony Colesano of

Garibaldi Meets

Emil Dusek Tonight

Referee Chased Gino Two Weeks Ago When Dusek Got Him Riled

Gino Garibaldi will meet Emil Dusek in the main event of the wrestling show to be held this evening at Columbia Park, North Bergen.

This pair met two weeks ago at the swanky arena in a furious battle climaxed by the disqualification of Garibaldi when the Roman, infuriated at the continued unfair tactics employed by Dusek, lost his head, got out of control of the referee and was chased to the showers by the official.

A special bout pits Sander Szabo against Charlie Allen. Both men have gone undefeated in their appearances at the park. This bout will pack as much interest as the main go for many of the fans who have installed both Szabo and Allen as their favorites.

Al Bisignano, undefeated in five appearances at the park, will meet his stiffest opposition to date when he tangles with Henry Piers of Holland in a one fall time limit bout. Piers lost a close match with Vic Christie last week in a clean scientific bout that is proclaimed the finest ever witnessed in Hudson County.

Eli Fischer, Hebrew football star from Rutgers who is rapidly making good on the mat also, will meet Vanka Zelesniak in the opening bout.

Springfield, Mass., in the semi-final of one fall, 45 minutes. While this is the New England lad's first appearance in this section, ringside critics who have witnessed him in action predict a future champion in the fast and colorful Italian.

Charlie Allen, of Buffalo and popular among the local fans, will oppose Blue Sun Jennings, the red-skin of Oklahoma, in the second bout of one fall, 30 minutes. Boris Demitroff, the Bulgarian "killer" who recently came from Boston where he has been appearing before packed houses will make his initial appearance in this section when he clashes with Steve Znoski, Polish giant, in the opening skirmish of one fall, 30 minutes.

Bill Tully Bows Out for Bell-Boys in Brilliant Style

Captain Dave Buchanan's Belleville gridders enjoyed a glorious Turkey Day afternoon, trouncing Kearny High School at Clearman Field, 25-0. Approximately 5,000 spectators saw a smooth functioning Belleville machine roll up fourteen first downs to Kearny's five.

A pair of sensational runs by Captain Bill Tully and Quarterback Walt Smith in the second quarter set the Yellow Jackets moving. After Emmet Ryder carried the pigskin on a 22-yard sprint to Kearny's 30-yard line, Smith went off right tackle for the first tally.

Shortly after the first score Tully broke loose on the same touchdown play for the second tally. Tully wiggled through a mass of players and once in the clear dashed 65 yards. A pass from Mark Wertz to Horace Gauspel was completed for the point.

The Buchanans scored again late in the third period. A march from midfield planted the ball on the three-yard line. From this point Tully drove through for the third score.

In the fourth session Tully intercepted a Kearny pass on the visitors' 40-yard line. Line smashes by Tully and Wertz chalked up another first down on the 30-yard line, then Smith tossed a 30-yard pass to McDonald for the final count.

Crescents to Meet Suburbans at Recreation Center

Lamb's Quintet to Inaugurate Basketball and Dance Fixture

"Mac" Lamb's Crescents will open their 1934-35 basketball and dance programs tomorrow night at the Recreation Center. Manager Lamb has booked the strong Suburban A. C. of West Orange as his opening attraction.

The games will be made more interesting due to the appearance in the visitors' line-up of several well-known local performers. Carl Wittish, a Belleville boy, and Ted McKelvey, also well known locally, will don Suburban uniforms. Cy Patz, Charley Swan, Bert Mahon, Les Gegenheimer, Bob Doty and Bill Caine, fresh from sensational school-boy performances, complete the visiting line-up. This quintet is now in second place in the Hudson and Essex court league.

Lamb will trot out several new players for his Crescent Club. Harry Miller, key man of the championship Bloomfield Lyceum club in the Essex County League of last season, and "Red" Ondre, sensational pivot man and former East Side High star, are two of them. Johnnie McGuire, popular performer with many local teams both past and present including last year's Belleville club in the county circuit; George "Nosey" Jordan, ex-Good Counsel High flash and one of the classiest floor men and pivot shots in this section; Jack Halpin, guard extraordinary, and Lamb, himself, who needs no introduction complete the Belleville troupe.

The game will be called sharply at 9 P. M. with Al Culklin officiating. Tickets have been popularly priced at 25 cents.

Capitols Take

First Place in Recreation League

Down Lawlors, 26-20, While Kings Whip Rosery, 23-18

The Capitols went into undisputed possession of first place in the Recreation Commission's Senior Basketball League, Monday, at the Recreation Center, handing the Lawlor Association its first defeat, by a 26-20 count. The Joseph King Association accounted for the big surprise victory of the season to date in scoring a 23-18 win over the highly favored Belleville Rosery quintet. The Alumni experienced little difficulty in downing the Nereid B. C., 39-22, in the remaining game.

Hank Bohrer, lanky Capitol pivot man, was the big figure in his team's victory over his former mates. He tallied eleven times, being ably assisted by Harry Stratton, with seven markers. Johnnie McGuire did the best work for the losers.

Don Layton, a new King Association addition, was mainly responsible for his side's surprise triumph, garnering twelve points for more than half of the King total. Jake Huhn and Slanok featured in the Alumni victory.

Williams Association Bowlers Leaders In Legion Loop Wallop Waters Team in Crucial Pin Series

The W. H. Williams Association bowling club continued its sensational climb in the Belleville American Legion Bowling League, Monday night, at Ferrara's North Newark bowling alleys, registering a two-out-of-three triumph over the powerful Waters Association. The wins enabled the Williams to break the first place tie with the Waters club and move all alone into the top position.

Elsewhere in league ranks it was a night of clean sweeps. The Oldham Association came back with a triple triumph over the Animal Hospital, the Knights of Columbus who continued their steady climb with a three-game win over the Gebhards, went into a tie for third position with Frank's Diner, which in turned dropped all three to the Carragher Association; while the El Club subdued the Belleville B. C., three, and the Neary Association wallopped the Keystones three times in succession.

In the high-scoring match of the evening, the Williams-Waters mix, "Pat" Will of the Waters, and Joyce of the Williams tied for top honors. Will's 258 in the final got him high scoring honors for the evening. The Waters team had to reach 1109 for their team total in the final game to salvage even that one game.

Gripp, new Carragher anchor man, was a big factor in his team's producing two 1,000 tallies in surprising Frank's Diner.

INDIANS

We are learning about Indians. The Indian boy goes hunting. He brings home bears and other animals. The Indians eat the meat of the animals. They use the skin for teepees and clothes.

Louis Martin, 3.

THE INCAS

The Incas are about the only Indians that were civilized. They lived in Peru and Bolivia. Their capital was Cuzco. They worked by themselves in the Andes mountains getting the mined products from there.

One day the Spanish with their leader Pizarro conquered the Incas and took their gold and silver and made them work and get more for them. Half of them went back to Spain. They got nothing out of the stolen gold because the pirates captured them and the gold too. The Spanish got friendly with the Incas and some married the Incas. There are still ruins of the Inca palaces in Peru. Until this day the Incas are the most civilized Indians in the world and are friendly with all people.

Charles Jones, 6.

THIRD GRADE NEWS

Here are some health rhymes the children have made:

Boys and girls come out to play
In the sunshine while you may.
Mary Domenic, 3.

Sunshine good and strong
Makes the day nice and long.
Gustave Avazier, 3.

Fruits and vegetables make you strong
And keep you wise the whole day long.
George Newton, 3.

THANKFULNESS

I am thankful because I have a home and clothes to keep me warm. I am thankful for my toys and playmates too.
Victor, DeCarlo, 3.

A HAPPY THANKSGIVING

Once upon a time there was a little boy, whose father could not get a position. All his playmates were talking about the big turkey they were going to have for their Thanksgiving dinner. This little boy felt very sad. A friend heard about this and knew where to get a Thanksgiving basket for just such a family. The little boy had a happy Thanksgiving after all.
Fred Raaser, 5.

PUMPKIN

If I were a pumpkin
I'd be the largest to grow,
And leave all my playmates
Because they were so slow.
Marie Stack, 4.

PUMPKIN

A pumpkin is yellow,
So is the light.
A pumpkin is something
That gives us a fright.
William Gerow, 4.

THE PILGRIMS

The Pilgrims landed at Plymouth Rock. They were the first ones to have a Thanksgiving dinner.
William Gerow, 4.

FIRST GRADE NEWS

They are going to give their first play. The name is Mother Goose's Thanksgiving Party. They will give it the day before Thanksgiving.

DRAWING CLASS

In our room we are having a drawing contest. The rules are: The three pupils who have the best pictures can draw them on the back boards and they have to represent a holiday. This month they are Thanksgiving pictures. The same people seem to win all the time. There was only one new person. He is Paul Stootman and is assisted by Tony DiGregorio.

Carl Kretzmer, 7.

AN EXCITING GAME

There goes the whistle. There is a thud and the ball is coming down the field. Domenic grabs the ball and goes ten yards before caught. Number Nine School tried three plays but nothing was gained. Then there was an exchange of punts and Number Nine got the ball on Number One's 30-yard line and Captain Andrew Scala threw a pass to Domenic Piccolino who went over for a touchdown. This time it was our chance to kick and our captain kicked the goal. The ball was put on the 15-yard line. Number One School was stopped dead in its tracks. They were forced to punt. Sooky got the ball and behind good interference went over for a touchdown. We kicked off again and Number One went about 30 yards before they were stopped.

ASSEMBLY

This afternoon the fifth graders presented a few humorous acts. They first produced nursery rhymes or little characters acting nursery rhymes. The acting was done on a little stage with a sheet in front of it. Everything was announced by Ida Takash who had the main part. Henrietta Rader and Hortense Forest worked the characters while James DeBonis and Leonard Miller switched the lights. Julia Byrnes and Anna Nattaie got things in order and handed them to the workers. The stage manager, Rosario Malanga did his work well. This was only half of the show. Ida then introduced us to Sambo, the greatest tap dancer from the east who you have probably heard on the radio. He was all but a wooden doll and performed twice for us. He was worked by Ida.

MR. GOBLIN

Mr. Goblin was a big fat turkey. He was owned by a girl and boy, Nancy and Bob. One day they missed Mr. Goblin. They looked all around for him. It was getting near Thanksgiving so they gave up hope for him. One day Bib was walking down the street. Suddenly he heard a loud scream. It said "Gobble, gobble, gobble." He looked around. There he saw Mr. Goblin. When he was at the farm with Nancy and Bob he was quite thin. When Bob looked at him he was a very fat turkey. They had poor Mr. Goblin for their Thanksgiving dinner.

Madeline Keating, 5.

A THANKSGIVING SURPRISE

Once there was a little boy named Fred. One day he was walking through the woods and saw a turkey caught in a trap. He was going to take it home but it was so beautiful he let it go. Just then a man came and said "Did you see a turkey around here? It's my pet." The boy jumped up and said "I just let a beautiful turkey go from a trap." The man got the turkey and gave the boy a reward.

Fred had a fine Thanksgiving dinner.

Leonard Miller, 5.

THE BOY WHO SHARED HIS THANKSGIVING DINNER

This little boy was pretty wealthy but he had a little pal who was very poor. The wealthy boy was always talking of the lovely turkey, cranberry sauce, nuts and other good things they were going to have for Thanksgiving. Every time the boy talked of the lovely Thanksgiving dinner sadness came into his friend's eyes. Once the boy asked what was the matter and he replied, "We may not have anything for dinner on Thanksgiving Day." So the other little boy ran home as fast as he could and asked his mother if she would invite the poor family over for Thanksgiving. She said "Yes" and they all had a happy Thanksgiving after all.
