Woman's Republican Club Hears Talks By Many Prominent Leaders in Party

**Bouquets Presented to Mrs. Clarence Blair Mitchell,
President of Women's State Republican Club,
Who Came from Far Hills, To Speak**

The Belleville Woman's Republican Club had several guest speakers at the April meeting this week.

Mrs. Clarence Blair Mitchell, president of the Women's State Republican Club, came from her home at Far Hills, to talk on "The Progress Made by Women in the Political Field." She spoke on various bills which are pending and urged writing to representatives and congressmen in Washington, or making protests against such bills, if "we do not want them to be passed, as individual letters have so much more weight than club or organization letters."

Mrs. Mitchell spoke especially of the housing bill and the spending program, saying: "Women must learn the facts and then try to help other women to do what is right. What kind of a government do you want? The answer to that is the men we elect."

She spoke of Warren Barbour, Senator-elect, as an honest, honorable gentleman, and a true Republican, and urged his re-election.

Mrs. O'Brien, club president, presented Mrs. Mitchell with a corsage of gladiolas, and extended thanks in the name of the club. John P. Coogan, Jr., on behalf of Mayors William

H. Williams, extended greetings and good wishes to Mrs. Mitchell, and presented her and Mrs. O'Brien, bouquets of red roses, from the Mayor.

Assemblyman Homer C. Zink spoke on the "Relief Problems of New Jersey"; and Mrs. Abbie Magee, vice chairman of Essex County, extended greetings, and paid tribute to Mrs. O'Brien, retiring president, pledged support to her successor, and gave a brief talk, ending with an anonymous poem, "Tired."

Mrs. William Terry, house chairman, and her committee served tea, and a social hour was enjoyed.

At the business session which preceded the guests' discourses, Mrs. Francis Lukowiak of 241 Ralph street, was welcomed as a new member.

The club's annual card party will take place tomorrow evening at 8:30, in the Woman's Clubhouse, 51 Rossmore place. Mrs. Arthur Mayer is chairman, assisted by a large committee.

Candidates for the coming Town Commission election have been invited to be present, to be introduced by Mrs. O'Brien. The club will endorse five candidates, as was done, previous to the election four years ago.

Jottings from the Blotter

The explosion of a heater connected with a brooder on the property of Mrs. Josephine Mezzatesta, 56 Moore place, destroyed 125 chicks and caused property damage estimated by Fire Chief Reed at \$500, Saturday.

Pauline Fornato, five, of 58 Belmont avenue, was knocked down by a neighbor's dog near her home. The dog was ordered tied up by Patrolman Monahan pending investigation by the Department of Health, the same day.

Services Today for Lt. Patrick J. Gelshen

**Local Fireman Was Active
Worker and Well Liked
In Town**

"He lived a good life."

This is the epitaph the members of the Belleville Fire Department would place on the grave marker for Lieutenant Patrick J. Gelshen of that department, who died Monday at 1:40 P. M., at Newark Memorial Hospital, following an operation. He was admitted to the hospital March 29 and was operated on April 1.

A high mass of requiem will be offered this morning at 9 o'clock in St. Peter's Roman Catholic Church and burial will be made in the church cemetery. Rev. Joseph M. Kelly will officiate.

Services were conducted by the Exempt Firemen of Belleville at the home last night. Mr. Gelshen was a member since 1917.

Mr. Gelshen was born in West Brighton, Staten Island, fifty-four years ago, and came to this town March 10, 1910. Immediately after his arrival here he drove the fire horses for the Essex Hose Company. As superintendent of the delivery stable for Siegel-Cooper, he had charge of the horses and that company offered the use of them for the fire department purposes. It was necessary for him to run with the pair of horses from Ralph street to Joramelon street to Stephens street and was always ready and waiting for the volunteers to arrive when a fire call was blown.

His love for the fire dog, "Spot," was legendary around the fire headquarters. He nursed the dog through several illnesses, even rubbing liniment on the dog's legs and feeding it with a medicine dropper. No fireman grieved more than Mr. Gelshen when "Spot," who was twelve years old, succumbed following an injury suffered after being hit by a car. The dog died in October, 1935.

A devout Roman Catholic, Mr. Gelshen was one of the most ardent workers for the Holy Name Society of the church, Belleville Council, Knights of Columbus, and with his wife, to whom he was very devoted, took an active part in all the Friday night parties held in the parochial school hall.

Appointed as a paid fireman on February 1, 1923, he was made lieutenant April 1, 1935, when he was transferred to William street fire station from headquarters company.

He was a member of the New Jersey State Relief Association, was

Synagogue Arranges Final Passover Days

**Rabbi Rubin R. Dobin Will
Preach on "Freedom
Of Spirit"**

Services for the final days of Passover will be held by the Congregation A. A. A., 317 Washington avenue, this evening and tomorrow morning and evening. The services this eve-

ning will start at 6:15 A. M., as will the evening service tomorrow. The morning services today and tomorrow mornings will start at 9 A. M.

Rabbi Rubin R. Dobin will officiate at the services. He will be assisted by Morris Rosen. The Yizkor Memorial services will be held tomorrow morning at 10 A. M. Rabbi Dobin will preach before Yizkor on the topic, "Freedom of Spirit."

It is customary that the "Shir Ha' Shirim," the Song of Songs, is chanted at the synagogue on this day. There is a significant connection between the Song of Songs and the Passover holiday. Passover marks the beginning of the Jewish people as an independent nation. The Song of Songs is accepted as an allegory of the relations between God and Israel. Thus even in this day do we remember the beginnings of the Jewish nation and its eternal relationship with God.

All are welcome to attend these services.

Attorney To Rule On Leighton Case

**Status of Reinstatement of
Captain Left in Hands
Of Keenan**

Town Attorney, Lawrence Keenan, is expected to submit to Director of Public Safety, George R. Gerard, his opinion upon the legality of the reinstatement of Elmer S. Leighton, former police captain, to his former post.

The question seems to be whether or not Leighton's retirement on half pay three years ago, for disability, was permanent or temporary.

In Leighton's letter to the Pension Fund he applied for retirement on half pay "due to my physical condition." In his letter he reviewed the history of his illness which began with a throat ailment in November, 1933. After an absence of four weeks he returned to duty and in April, 1934, contracted lobar pneumonia.

After eight weeks he again returned to duty, but went off again on July 15, 1934. The Town Commission minutes do not state whether the retirement should be permanent or temporary.

The minutes of March 29, 1935, read, "Elmer S. Leighton applied for retirement on half pay in accordance with Chapter 160 of the Laws of 1920, by reason of having received permanent disability in performance of his duties as a member of the police department."

The application was referred to Police Surgeon Herbert Vail, who on April 9, advised "that he be retired from active duties as a police officer."

Members of the pension board discussed the question of whether or not Leighton should receive periodic medical examinations, but the question apparently was never decided.

Leighton said he would take no action until the election.

Finds Old Coin

While walking along Main street one day this week, Joseph Lombard, 138 Washington avenue, spied a coin in the earth from which a "stepping stone" had just been overturned.

The stone, which was used by the gentry to descend and ascend to their carriages and to mount horses, must have been over 200 years old, for the date on the coin Joe found was 1723.

Diplomatic Envoy

Officer Fred Singer is the diplomatic envoy of the police department. When a neighbor calls headquarters and says that a bunch of kids are making too much noise or knocking over garbage cans and makes complaints of similar ilk, Fred is dispatched to the scene post-haste.

Tuesday "a bunch of the boys were whooping it up" in a lot on Washington avenue. Some of the "male-factors" were climbing on a garage roof.

Fred was dispatched to the scene and in his suave way, persuaded the youngsters to leave, in order to stop annoying the neighbors.

"Cap" Sullivan Retires From Police Force

**"Bill," an Officer in Every
Sense of the Word, Was
A Star Athlete**

Captain William T. Sullivan, 181 Belleville avenue, of the Belleville police force retired last week from active service after thirty-one years on the force.

Captain Sullivan was first appointed chanceman November 20, 1907. He was made a patrolman February 10, 1909, and a sergeant January 2, 1917. On January 1, 1936, he was appointed lieutenant and later the same year, October 1, he was made captain.

Two years ago, single handed, he arrested, after a fine bit of detective work, a burglar attempting to enter the First National Bank of Belleville. About twenty-two years ago he captured, single handed again, three thieves who were looting toolsheds all over the suburban territory.

Captain Sullivan was born in William street, Belleville, and has lived in this town all his life. He married in 1900 at St. Peter's Roman Catholic Church. Miss Emily Kieferdorff of this town. They have four children, William T., Jr., who is finishing his interne work at St. Joseph's Hospital, Paterson in June; Harry J. Sullivan, 2 DeWitt avenue; Mrs. John Westlake, 39 DeWitt avenue, and Mrs. Allen Conklin, East Orange.

During his younger days, "Cap" Sullivan was an expert basketball player, playing with some of the best known teams in this part of the country. He was a member of a later addition of the Woodstock baseball nine and also played center forward on the Scottish-American soccer team.

Given Present at Dinner
A gold watch was presented to the captain by Anthony Gross, president of the Belleville P. B. A., at a dinner this week in honor of Captain Sullivan, at Joseph Corbo's dining room, in Belmont avenue.

Commissioner George R. Gerard, former Chief Michael J. Flynn and three retired policemen, Joseph Schurr, Ferdinand Gilman and Patrick Flynn were present, as well as all officers of the department.

Lutherans To Present Sound Picture Sunday

**"Thunder of the Sea" Will
Be Shown in Masonic
Temple**

"Thunder of the Sea," a sound picture, will be shown in Masonic Temple Sunday evening at 8 o'clock, under the auspices of Bethany Lutheran Church. The entire set-up and presentation will be done by expert motion picture men.

The title of the picture is taken from the last stanza of a hymn written by the first Lutheran minister ordained in the colonies, Rev. Justice Falkner. He was born in 1672, and came to America about 1700. He was ordained in the Swedish Lutheran Church at Wicacoa, Pa. in 1703.

The film was produced under auspices of the Lutheran Church in America. It deals with life as it is today and as it was in the past. The building of a church is shown from its inception as an idea until it holds its first service. The picture leaves a lasting impression and is an urge for a return to church. It is pioneer work in that it contrasts the conflict between the forces of evil and the forces of righteousness.

Belleville Glee Club Is Ready for Its Spring Concert at No. 10 School

**Arthur E. Jacobus Will be Director With Miss Ruth
Dautel at the Piano and Earl Spicer
Baritone, Assisting Artist**

The spring concert of the Belleville Glee Club will be held next Wednesday evening in School No. 10, Belleville avenue opposite Franklin avenue. The concert will start at 8:30.

Earl Spicer, baritone
The concert will be directed by Arthur E. Jacobus, who does not

need further introduction to friends in Belleville. He will be assisted by Miss Ruth Dautel at the piano.

The assisting artist will be Earl Spicer, baritone, New York. Mr. Spicer is a native of Acadia, Land of Evangeline. He began his singing in the little church choir and continued through his college career. It was during his college years that he decided to make singing his life work. In 1914 he set out for Europe in a freight boat to begin his studies and shortly after his arrival, he found himself right in the thick of the beginning of the World War. He laid his career aside and joined the British forces. After the war and his recovery from injuries received, he resumed his studies giving his first concert at Queens Hall, London, in 1923. This marked the beginning of his far reaching and colorful musical career.

Mr. Spicer has been guest soloist with the New York Symphony, Cincinnati Symphony, Toronto Symphony, Boston Handel and Haydn Society, New York Bach Cantata Society and many other pre-eminent musical organizations. His wide repertoire of old English and Ameri-

Institute Discusses Social Disease Problem

**Three Prominent Speakers
On Hand at Closing
Session**

The seventh monthly session of the Belleville Institute of Public Affairs was held Wednesday night in the auditorium of Congregation A. A. A., 317 Washington avenue. The institute is sponsored by the Congregation, the Sisterhood, the Progress Club and the Junior League.

Rabbi Rubin R. Dobin, moderator of the Institute, opened the session and presided. The topic was "The Menace of Social Diseases." The speakers were Dr. M. J. Exner, assistant director of the Bureau of Venereal Disease Control of the Newark Department of Health; Dr. J. S. Kessell of the Venereal Disease Committee of the Essex County Medical Association, and Mrs. Wright MacMillan, chairman of the Social Hygiene Department of the Montclair League of Women Voters.

Dr. Exner spoke on the public health aspects of the problem. He cited some staggering figures which showed that one of every ten adults is affected with syphilis or gonorrhea and that close to 100,000 persons die annually from these sicknesses. He decried the complete lack of general interest on the part of the public in this menace. This he attributed to the utter lack of public information on these diseases. The speaker concluded with a plea that we, in this country, follow the excellent example set by many of the European countries, and especially that set by the Scandinavian lands in stamping out syphilis and gonorrhea.

Dr. Kessell took up the question from the viewpoint of the private physician. The speaker stated that whereas public clinics took care of the masses for treatment, the private doctor can give individualized treatments. He went on to give a complete history of the discovery and treatment of the disease. He also came out vehemently against the treatment prescribed by quacks, who do more harm than good. He concluded his talk with a review of the important legislation before the state legislature now, which will make the control of syphilis and gonorrhea more complete and successful.

Mrs. MacMillan spoke on the social implications of the diseases. She said that the cost of syphilis and gonorrhea to the people of America is over \$41,000,000 annually. She joined the other two speakers in denouncing the moral stigma which is attached to the disease. The speaker pleaded for a more intelligent attitude on the part of the public in helping control these menaces.

After the speakers finished a most interesting discussion took place from the floor.

Rabbi Dobin announced that this was the last session in the 1937-38 series, and that the 1938-39 series would probably start during the next fall. He also announced that an effort will be made to gain wider sponsorship for the Institute, from the various groups in the Town of Belleville.

Girl Uninjured as Train Strikes Car

**Male Companion Held for
Observation in
Hospital**

Only the fact that side walls had been erected on the trestle over the Second river in Soho section of Belleville, saved Carman Dente, 22, 265 Walnut street, Newark, and Miss Jane Pedalino, 64 New York avenue, Newark, from possible death when the car in which they were riding was struck by an eastbound Erie railroad train, Saturday night, about 11 P. M., at the Mill street crossing.

The car, which was owned by Miss Pedalino's brother, Peter Pedalino, was carried 400 feet from the crossing onto the trestle.

Dente was held at St. Mary's Hospital for observation, as he may possibly have a skull fracture. Miss Pedalino escaped without injuries. The car was damaged beyond repair.

Woman to Discuss Problems of Leprosy

**Mrs. W. A. Manchec Will
Appear at Baptist Church
Among Others**

Achievements in the world fight on leprosy and the things "that remain to be done" will be discussed by Mrs. W. A. Manchec, representative of the American Mission to Lepers, in several New Jersey churches next week. Long active in missionary circles, Mrs. Manchec lives in Newark.

She recently visited the only leper colony in the United States, at Carville, La., to observe the work there.

At the home of the pastor of the Grace Baptist Church of Belleville, Mrs. Manchec will speak on Wednesday afternoon to members of the Women's Missionary Society. The pastor is the Rev. Walter Lake, 171 Overlook avenue.

On Thursday at 2 P. M., April 28, Mrs. Manchec will speak at a meeting of the woman's mission group of the First Presbyterian Church of Arlington. She will also speak and answer questions at a meeting of the woman's Bible class of the First Presbyterian Church of New Brunswick at 9:45 A. M. on May 1. Miss Annie R. Knox will be in charge.

The American Mission to Lepers, which Mrs. Manchec represents, conducts Protestant leper work in nearly 200 stations in forty-eight different countries, giving both medical and spiritual aid. Recently, representatives of the mission attended the Fourth International Congress of Leprosy at Cairo, Egypt, where scientists, missionaries and government delegates mapped steps in the battle to wipe leprosy from the earth.

Don't forget that Victor Hart, JEWELER, sells Diamonds, Watches and Jewelry on the Easy Payment Plan, 457 Washington avenue, corner Tappan avenue, Belleville, N. J.

Elks Pay Tribute to Mathes and Griffin

**Many Attended Testimonial
Dinner at Club Last
Night**

Thirty years' service in Elkdom and still active.

This record of Edward E. Mathes, former town commissioner, and Martin Griffin, who holds membership card No. 1 in Belleville Lodge of Elks No. 1123, was the occasion of a testimonial banquet given in their behalf last night at the club. Mr. Mathes holds Life Membership Card No. 2. Both are past exalted rulers of the lodge.

The testimonial, which was attended by over 200 friends, was arranged by Esteemed Lecturing Knight William C. Priestman; Esquire Charles Gebhardt and Charles Speaker, of the Board of Governors. Mayor Williams was toastmaster.

RAINIE

Commissioner

Experienced Progressive Independent

JOHN M. RAINIE

By HARRY F. BRUMBACH

IT frequently happens when some candidates are elected to office there seems to be a complete transformation of two distinct personalities. The affable, courteous, benevolent, hand-shaking attitude which characterized their campaign is often changed to one of aloofness, false dignity, indifference, and the utter disregard for promises made to the electorate. They become political chameleons.

IN electing John M. Rainie to our Town Commission, the citizens of Belleville can feel assured that he will be the same type of man they knew before the votes were counted. His moods will not change with new power. He has no pet whims or caprices. He is, and always will be, plain "Jack" Rainie as he has been known for years.

RAINIE was urged to run for the office of Commissioner by his many friends who felt he was fully qualified for any directorship in the town government. They believe his four years as Deputy Director of Public Safety placed him in a position to know town affairs and management. They also know, that if elected he will discharge his duties in an efficient, economic and business-like manner. Twenty-five years with one nationally known firm is an eloquent testimonial to his conscientious devotion to duty.

WHEN talking with John M. Rainie, one is impressed by his clear-cut ideas on issues of the day. He is a student of political economy and keeps pace with the trend of the times. He is an attractive listener and an pleasing conversationalist. He has a keen sense of humor and enjoys quips and jests at his own expense.

HE ran the gamut of adversity and reverses in his early life and knows the value of human kindness. He also knows the value of true friendship and never forgets a friend. Ordinarily of a quiet, retiring type, Rainie is sagacious and frequently seeks advice, but does not always take it. He will weigh decisions carefully before acting. He will fight for what he thinks is right and has the courage of his own convictions. Clear-headed common sense is perhaps the best way to sum up his mental equipment.

RAINIE'S personality has won him a legion of friends. This can best be attested by the men who worked under him—both municipal and industrial employes. The reins of government will be safe in Rainie's hands.

Williams Speaks

At Two Meetings

Tells How Imaginary Fence In Silver Lake Could Be Broken Down

William H. Williams, Mayor, and Finance Director, spoke at an invited guest before two associations in the Silver Lake section of Belleville this week.

Monday, speaking to the members of the Franklin Political Club, Inc., in answer to the chairman's remarks, "that there exists an imaginary line which formed a fence between Silver Lake and Belleville proper the Mayor said.

"I am going to be very frank with you. If you want to break down the fence between Silver Lake and the rest of Belleville, ask for things—not as Italians, but as citizens of this town and country. No man should deny his racial heritage. He should feel proud of his race, but foremost should be our American adherents."

The Mayor, speaking to the members of the Tripoli Political and Social Club, expressed his appreciation that the association had endorsed his candidacy for re-election.

The Mayor stated: "After serving the people of Belleville from 1930 to 1934, the approval of the people of Belleville was expressed when they gave me the honor of high vote in the 1934 election. In that same election, while receiving high town vote, I received little consideration in Silver Lake districts. In one district I received only eighty-eight votes. "This coming election is going to be different, I am confident, because of the attitude of individuals and various independent associations, who assure me of a definite increase of independent support of my candidacy."

"Vote for five competent men," he urged and added that, "it is less than American for any one to vote for one candidate only, as a bullet vote. You are voting into office on May 10, five men who will administer the expenditure of four years of your tax money, so vote for five men you feel best represent the interests of all the Town of Belleville and its people."

Campaign Perks Up

As Election Nears

Some Candidates Come Out With Statements of "Issues"

Belleville's political campaign, going into the last twenty days before election, May 10, is at last beginning to show some signs of life with clubs springing up over night and meetings of various organizations and groups being held all over town. Even "issues" are showing their way to the front, at least some candidates and supporters label them "issues."

Louis A. Noll this week warned WPA workers and relief recipients of "certain statements" being made in the campaign.

"I have been informed," he said, "that WPA workers are being told they will lose their jobs and relief clients that they will get no more relief if they fail to vote for certain commissioners. These statements are absolutely false. I am telling these men that no one commissioner or no board of commissioners can keep a man from getting a WPA job if he is properly qualified and that relief will continue to be given to those

Director Gerard Tells Youth of Recreation

Declares Maximum Service Given at Minimum Cost

"Reporting on accomplishments during the four years I have served as a member of the Belleville Town Commission, rather than offering the usual campaign promises, has been my aim thus far in my campaign for re-election," Public Safety Director George R. Gerard told a group of young Belleville voters at a pre-election meeting Wednesday night.

"In addition to my record in the administration of the fire and police departments, I point to the activities of the Recreation Department as further evidence that I have tried to provide the residents of Belleville with a maximum of service at the lowest possible cost," Commissioner Gerard said.

The meeting was arranged by the Young Voters' Committee for the re-election of the public safety director. This unit has been conducting an aggressive campaign among the younger Belleville residents, most of whom attended the Belleville schools when Commissioner Gerard was supervising principal of the school system.

"I need cite Recreation Department figures for only 1937—a year typical of the four years of my administration," the director asserted. "With an appropriation of only \$5,000, the Recreation Commission and the director of recreation provided a comprehensive program of activities which held a wide appeal for persons of all ages and varied recreational inclinations. As an indication of this, the total attendance in 1937 at all Recreation Department functions was 134,895.

"To meet the diverse demands of the community, the department offered such varied activities as athletics—including baseball, basketball, swimming, tennis and softball—dramatics, gym classes, handcraft, knitting classes, music and nature study groups and camping.

"Attendance records for the year reported at the community centers, totaled 38,848 and at the playgrounds in the various neighborhoods, 58,191. The swimming pool attracted 9,883 and 6,000 enjoyed the street showers provided during the summer months.

"Gym classes at which calisthenics, tumbling and gym games were taught, attracted 420 and the recreation director organized tournaments in such activities as basketball, ping pong, softball, tennis, swimming, marbles and chess," the director related.

"I would be remiss if I did not report that the WPA, the NYA, the Board of Education, Health Department, Rotary and Lions Clubs and other public spirited citizens and concerns assisted materially in carrying out this extensive program," Commissioner Gerard said. "These groups particularly aided in providing camping activities for 181 boys and girls last year. And the Board of Education has been generous in permitting the use of some of the school buildings, notably the high school gymnasium.

"Miscellaneous activities throughout the year included seasonal parties, hikes, picnics, story hour, game hour, social and tap dancing classes, play groups and citizenship classes.

"Not the least important by any means, the Recreation House in Joralemon street has been available, free of charge, and has been used by a number of Belleville groups for committee meetings and social affairs.

"All this, mind you, cost Belleville taxpayers only \$5,000 in 1937. Despite the limited resources, I am satisfied that the Recreation Commission and its supervising director did its utmost to cooperate with me in providing the most comprehensive program for the satisfaction and entertainment of the greatest number of Belleville people. I submit this as evidence of practical economy in behalf of our community."

Waters Seeks Action On Paving Project

Wires Washington for Aid To Resurface Smallwood Avenue

Although Commissioner Patrick A. Waters wired Washington officials Tuesday to learn why approval of a project for the re-surfacing of Smallwood avenue had not yet been granted, he had received no reply up to the last night.

Two months ago Director Waters, head of Public Works, submitted the project to the Works Progress Administration, but approval of it has not yet been forthcoming. He addressed his telegram to Justin Herman, head of the project control division of the WPA.

"The engineering department is ready to go ahead with this job and has been ready for several weeks," Commissioner Waters said. "There is nothing we can do about it until Washington authorities give it their stamp of approval. Then the work of renovating Smallwood avenue will begin immediately."

Located in the Bellwood Park section, Smallwood avenue was paved originally with penetration macadam.

E. R. Ackerman, Taxpayers' President, Says In Open Letter Group "Not Digging Up Dirt"

"I Honestly Believe We Could Find Plenty of Things Which Might be Improved in Interest of Economy and Efficiency," He States

Editor, the News:

To the Citizens and Taxpayers of Belleville:

It is with regret that I note from the remarks of our Mayor, as printed recently in the newspaper, that a misconstruction has been placed on the report of the civic committee of our organization on the 1938 tax budget.

While the Mayor is to be commended for upholding the good name of Belleville, certain of his remarks at the April 5 meeting of the Board of Commissioners, if he has been correctly quoted, are unwarranted to say the least.

He implies that we have been careless in giving expression to our thoughts. As a matter of fact, no officer or member of our association has, to my knowledge, in any written or verbal statement attacked the honesty or veracity of any of our public officials, but the Mayor seems to have gained an impression to the contrary.

He seems to feel that we are trying to dig up dirt for political purposes. I believe I can honestly take the credit for initiating the first steps in the founding of our organization, and certainly there was nothing political in my conduct when I called a few of my fellow taxpayers together to do what all good citizens of every town should do, i. e., band together for the general welfare of the place in which we have our homes, although the Mayor's an-

Rainie Asks for Budget Breakdown

His Statement Interpreted As Opening Campaign Issue

Declaring that in view of the criticism made by the Belleville Taxpayers' and Civic Association on the 1938 municipal budget, and the inference that "we expect to find things," John M. Rainie, candidate for commissioner, urged this week that the town board give a complete breakdown of department expenditures in order to clear itself of any implications of irregularity and unnecessary spending.

Rainie, who recently resigned as Deputy Director of Public Safety, is the first candidate to back the taxpayers' group in their efforts to get an itemized account of the town's expenses. His statement is interpreted in many circles as opening a new issue in what has been a quiet campaign.

Edwin R. Ackerman, president of the association, fired the opening gun when he replied to criticism by Mayor Williams of a committee's report on the budget. Ackerman denied any political motive behind the efforts of the association to have the budget broken down in a clear-cut, itemized manner. He said the committee acted after the Mayor announced a possible tax rate of \$5.05, and that if given an opportunity to examine records of the various departments it "confidently expected to find things."

"In justice to itself and the citizens of Belleville, the Board of Commissioners should welcome any investigation," Rainie said. "I believe there should be a break-down of the expenditures so that the public can better visualize how the money will be spent.

"I do not doubt that the commission has made an honest effort to reduce expenses, but it would be more business-like to itemize each account instead of a blanket amount to cover each department for the year. The budget should be made easy to digest and understand, and worked out as carefully as a housewife figures the expenses of her home. After all, our town is a big family, and every dollar spent should be accounted for.

"Certainly, the commission should have nothing to hide. It should open the books of every department and welcome any suggestions that would reduce expenditures and affect the welfare of Belleville.

"For example, the automobile insurance carried by the town is placed at \$4,700. Some people would like to know how many, and what type of vehicles this insurance covers.

"I know that the high tax is a thorn in the side of every governing body, but if the people can be shown why such a rate is necessary, and if every conscientious effort has been made to shave the budget to its lowest figures, there would be a better understanding all around.

"The taxpayers association said it would be glad to supply the board with data it has obtained in its study of the budgets compiled by other municipalities. This gesture should be accepted. The board should clear itself of any further insinuations.

That surface has cracked and broken, however, and is badly in need of repair. Commissioner Waters said it would be re-surfaced with asphalt as soon as the town is given the right to begin work.

rather than a plain and honest statement sent out by the officers of an organization to its members.

Regarding the now famous words "we expect to find things," I stand squarely back of our civic committee's report, as I honestly believe we could find plenty of things which might be improved in the interest of efficiency and economy. It is for the purpose of finding things that large corporations employ efficiency engineers, and municipal governments should not be exempt from honest scrutiny.

Budget Criticism Stands.

We fully appreciate that our Honorable Mayor and Board of Commissioners are working hard and conscientiously in the interest of Belleville, but our criticism of the budget still stands. We continue to maintain that it is not properly broken down in a clear cut, itemized manner that every one can readily digest and understand, and if the Mayor is really open to suggestion, as he recently intimated, we will be glad to supply him with data we have secured in our study of the budgets compiled by other municipalities and will cooperate 100 per cent in any constructive effort he may put forth to make Belleville a better place in which to live. In return for such cooperation we expect the present board and any board which may serve the town in the future to be sympathetic and helpful rather than antagonistic and obstructive.

In conclusion, let me say that our organization is not seeking publicity or putting up a ballyhoo about trifles, which gets no one anywhere. Our prime motive is, as formerly declared, to use every means in our power to give Belleville an efficient and honest government at the lowest possible cost, and we have no intention of deviating from that policy in the slightest degree.

Very respectfully yours,
Belleville Taxpayers and Civic Association

President.

Candidates Invited To Political Club

Belleville Political and Social Club Asks All to Attend

Each of the fourteen candidates who are seeking a place on the Town Commission at the May 10 election, will have an opportunity on Tuesday evening to explain to the members of the Belleville Political and Social Club, Inc., why he should receive a vote on election day. The "Candidates' Night" will be observed at the clubroom, 282 Belleville avenue.

This organization has officially gone on record not to endorse any candidate, and in this way carries out its non-partisan position.

A special committee will be appointed at the next meeting to make plans for summer activities.

Joe's Cagy

Editor, News:

Having read your article in the Belleville News, asking me to pick the winning candidates for commissioners this coming election in Belleville, I might say, due to the small number of candidates in the race at the present, it is too early for me to pick the winners. But, by the present outlook of things, as I see it, it looks to me that Patrick A. Waters is the strongest of the commissioners now in office.

You will hear from me one week before election.

G. R. Gerard

George R. Gerard, Director of Public Safety during the last four years, has been a resident of Belleville since 1904. During that time he achieved statewide recognition as an educator and administrative official in the discharge of his duties as supervising principal of Belleville school system.

Born in Long Valley, Morris County, Mr. Gerard was reared in that wholesome rural atmosphere and while acquiring a formal education he assimilated most of those substantial, homely precepts which have influenced his judgment in public affairs. To this rigid early training, may be attributed his level-headed insistence upon not spending more than he—or the town—can afford.

Evidence of Mr. Gerard's insistence upon economy may be drawn from his record as supervising principal. Year after year during the twenty-seven years of his administration, the cost of education per pupil to Belleville ranged from \$20 to \$30 below that of neighboring municipalities, Essex County, and the state.

Recognition of his capabilities as an educator came when Mr. Gerard was elected president of the New Jersey State Teachers' Association. He also was made chairman of the founders' committee of the State Schoolmasters' Club.

Mr. Gerard's service to Belleville has not been limited to the schools and the town commission. During the World War he directed each of the Liberty and Victory Loan drives, he was director of Thrift Stamp sales in northern Essex County, chairman of the Belleville Red Cross chapter, chairman of the permanent Belleville Patriotic Committee, and had charge of the various patriotic demonstrations and parades.

Mr. Gerard has served as campaign manager of the Belleville Community Chest. He was a charter member and still is a director of the Welfare Federation and is a director of the Community Service Bureau. He is a past president of the Belleville Rotary Club and a director of the Central Building & Loan Association.

Standing on his record of public service and as head of the Public Safety Department, Mr. Gerard is justly proud of the fact that the New Jersey State Chamber of Commerce, in a recent survey, determined that Belleville spends less than other New Jersey towns of comparable size for police and fire protection and that Belleville's crime toll and fire loss are among the lowest.

Michael A. Flynn

Twenty-nine years and six months without a complaint from a resident of this town against him is the record Michael A. Flynn made as chief of police of Belleville. He was born in Bridge street, Belleville, when there were no numbers on the houses. He attended St. Peter's Parochial School, leaving there when thirteen years old. His first job was winding bobbins in the DeWitt Wire Cloth Company. For seventeen years he was employed in the Heller Brothers Steel Mill, Newark, as a roller, when a man had to be a man to hold down a job of that type. The chief was a famous baseball player with the old Woodstocks.

In 1906, after a strike at the Heller Brothers plant, he went to the Belleville Copper Rolling Mill for only a few months.

In November of that year he was appointed a constable here with Sergeant Charles Pearl. Three months later, January, 1907, the Belleville police force was organized with Chief Flynn, Sergeant Pearl, William Swinn and Joseph Hannon. The last two now are dead.

Chief Flynn's biggest case was the breaking up of the arson ring, in Silver Lake section, when eleven convictions were obtained, but only five served sentences.

He retired as police chief July 26, 1936.

Double tragedy visited his home in 1918 when word came that his son, Michael, was killed in France and at the same time his daughter, Theresa, died at his home, 24 Van Rensselaer street.

He has besides his wife, who was Miss Mary Conroy, two sons, John J., a patrolman on the police force, and Joseph, a lithographer, at Sweeney Lithograph Company, and two daughters, Mrs. Everett Sooy, 21 Howard place, and Margaret, who lives at his home.

Louis A. Noll

Louis A. Noll has been a resident and taxpayer of Belleville for many years. He is a property owner—owns property at Washington avenue and Mill street, also on Belleville avenue and has successfully operated affairs of Trent Trucking Co., a Belleville concern, for many years, employing Belleville men. He is civic minded, being vice president, Belleville Lions Club; chairman, executive committee, South End Improvement Association, responsible for Mill street parkway; member, B. P. O. E. 1123; Belwood Park Improvement Association; Belleville Political Club; Parrillo Association and organizer, Good Government League.

Forrest P. Kaiser

The resume of Forrest P. Kaiser's life is as colorful as that of Abraham Lincoln. He was born in New Orleans 67 years ago, a descendant of a prominent old Louisiana family, the members of which contributed much to the commercial and civic growth of that state.

His father, a drummer boy in the Civil War, became a prominent influence in political activities. His father before him saw service in the War of 1812. In 1896, Forrest joined the State Militia and served for three years during the Spanish-American War.

At fourteen, he had an unquenchable thirst for knowledge, and an abundance of ambition. After school, he worked until 9 o'clock, learning the fine points of shoe manufacturing, and after that, diligently studied the works of Shakespeare by candle light.

However, at seventeen, the shoes and Shakespeare were temporarily discarded. The bequest of a relative suddenly made him the owner of a wallpapering, painting and picture framing business.

Between times he studied law in the office of Judge Louis Paquet. The dramatics of law renewed his interest in Shakespeare and he played many prominent roles which included Casca in Julius Caesar and the ghost in Hamlet.

By this time he had money enough to take unto himself a wife. He married a St. Louis girl. They were blessed with two children, who both became school teachers.

Seeking new fields to conquer, Forrest sold his business and moved north, first to New York City and then to East Orange, where he carried on his occupation as a decorator. There he made many friends and entered politics, becoming a member of the Democratic County Committee and Democratic leader. He was nominated twice for the mayoraltyship. He was also offered clerkship of the civil district court and the Assembly in Essex County.

Seeking a sight for a new home, Belleville appealed more than all Newark suburbs. He built a home at 485 De Witt avenue and has resided there for sixteen years. He still carries on his business and is an honorary member of the painters, paperhangers and decorators of America. He was also a grand lodge officer of the Knights of Honor, a fraternal organization now defunct.

With a keen understanding of municipal government and a wealth of experience, plus a credulous reputation, Forrest P. Kaiser offers himself as a candidate.

Andrew Boyajian

Andrew Boyajian, 246 Washington avenue, who conducts a tailor shop at that address, was born in Lowell, Mass., thirty-one years ago. He has been in Belleville since he was seven years old, attending Public School No. 1, Belleville High School, Class of 1925; New Jersey Law School for two years and Columbia University, College of Fine Arts.

Mr. Boyajian worked for Westinghouse, Belleville Base Plant, three years and then entered the tailoring business which was conducted by his mother, Mrs. Ponia Boyajian. He has written for the Hairenik, a newspaper devoted to interest of Armenians in this country. He also wrote poetry and short stories for several magazines.

During the twentieth anniversary of the Sinclair Oil Refining Company he wrote the technical copy for their minstrel show of the air.

His only effort at writing a scenario was sent to Universal Studios. He heard no more of the incident.

Mr. Boyajian says: "I want fair representation for the younger element in town. This group represents the majority in voting lists and should be ably represented by a young man."

He has besides his mother, two brothers, Joseph, Maplewood, and Sarkis, Arlington, Mass.

BIOGRAPHIES OF CANDIDATES

Mayor W. H. Williams

Mayor William H. Williams as finance director, has been guiding the financial policies of Belleville for the past eight years.

Born in Massachusetts, he at an early age joined the thousands of aspiring youths in textile mills, and while working, attended schools in Boston for several years, studying engineering, law and accountancy.

His first experience in governmental activities began with his appointment as Assistant Secretary to the Massachusetts State Commission on Economy.

His experience in the field of industrial engineering gained for him a position as general manager of one of the largest plants in the textile industry. His years in this industry developed a wide acquaintance throughout New England and the metropolitan area, and he is frequently called upon as a consultant in the printing, dyeing and engraving branches of textile work.

In 1923, he purchased his home at 82 Rossmore place and in 1926, former Mayor Samuel S. Kenworthy appointed him as a member of the local Zoning Board. In 1930, he was elected to the Board of Commissioners and chosen to fill the position of finance director. This was at a time marking a low ebb in the financial standing and municipal credit of Belleville. A previous ten-year period of substantial public spending without corresponding payments of bills, followed by the serious business depression, presented to the taxpayers and officials such a serious financial situation that many people believed that Belleville could not avoid joining the list of 112 municipalities whose affairs were taken over by the New Jersey State Municipal Finance Commission. The struggle that followed is vivid history to the taxpayers of Belleville.

The constant and determined effort of Finance Director Williams to maintain the credit of Belleville and his insistence that every essential municipal and school service could be maintained if his financial policies were adopted, won the approval of the members of the previous Board of Commissioners, and since 1932, Belleville's credit and prestige have constantly improved.

Criticized for the economies he insisted upon, opposed in his program that our municipal financial obligations must be honored, criticized for his baby bond plan by which \$1,264,000 of baby bonds were issued to employees and merchants, his policies soon became recognized as a program that enabled Belleville to redeem all the baby bonds in twenty-two months and to emerge from a virtually bankrupt corporation to a position where Belleville is recognized as having a high credit rating and where Belleville bonds are selling as high as \$113.00 for a \$100.00 bond.

Desiring to continue the development of his financial policies, Finance Director Williams sought re-election in 1934, and in appreciation of his efforts in behalf of the town, the voters gave to him high vote of twenty-two candidates, and his elected colleagues honored him by appointing him as Mayor. Confronted with a Town Debt of over \$6,000,000, of which seventy-five per cent was in an unfunded status, Mayor-Finance Director Williams followed his previous funding of \$1,098,000 at four and one-half per cent, by funding \$1,445,000 at three and three-quarters per cent and \$1,055,000 at four per cent, so that today the average interest rate of the town municipal bonds stands at 3.95 per cent, among the leading municipalities of New Jersey. The value of these funding operations is proven by a decrease in the interest charges of 1937, and again in 1938, over \$130,000 less interest in our 1937 and 1938 budgets than in the 1932 budget.

Since 1931, over a quarter million dollars has been expended on WPA projects, \$136,000 has been expended for an urgently needed addition to our local high school, \$259,000 of the Bradley Act deficit of School Funds and \$450,000 of delinquent County and State taxes have all been added to the municipal debt—notwithstanding these additions, the town gross debt has been reduced from \$6,289,900 to \$4,989,531—a net reduction of \$1,300,369—with our School, Town, Recreation, Library and Water Division activities all rendering services.

An advertising program undertaken by Mayor-Finance Director Williams has created unusually favorable publicity for Belleville and has brought to our Town the Carson-Newton Company, Rowe Manufacturing Company, Upson-Walton Company, Crane Distributing Company, Pettit Paint Company and many home owners.

In addition to his supervision of the Department of Revenue and Finance, as a recognized authority on municipal finance, he is constantly called upon to address civic and governmental groups throughout the state. The municipal and financial management policies of Belleville

Joseph King

Commissioner Joseph King, director of Public Affairs, is a former Essex County freeholder and has long been active in civic affairs.

During the past four years Commissioner King has served the town as head of the health, welfare and building departments. He also has had direction over the Shade Tree Commission and the Zoning Board of Adjustment.

For nearly four years Commissioner King has served as building inspector without extra compensation, effecting a saving for the town of over \$10,000 in this department, alone. He has inaugurated other economies and has increased efficiency in all town departments under his administration.

Perhaps Commissioner King's most difficult task has been that of handling public welfare. Early in 1936 when the full load of the relief burden was placed on the town, Commissioner King assumed responsibility of caring for those in need. Administration of relief in Belleville has been effective and efficient under his direction.

Soon after his election to the Town Commission in 1934, Commissioner King tackled the problem of eliminating dumping grounds in the Silver Lake and Valley sections, which has long been a source of annoyance to Belleville residents. Within six months the dumping grounds were completely filled in and covered over with earth at his direction. He has since insisted that dumping of garbage be prohibited within the limits of the town.

Although Commissioner King devotes much of his time to his duties as town commissioner he also has other civic and business interests. As a member of the firm of Davidson and King, builders, real estate and insurance company, and as president of the Clover Building and Loan Association and the Belleville Realty Investment Corporation, he has had much to do with the development of Belleville.

Commissioner King is a director of the First National Bank of Belleville and a charter member of the Belleville Welfare Federation. He has been a director of the Community Service Bureau and has served in every Community Chest drive. He also is a past president of the Belleville Rotary Club.

A resident of Belleville nearly thirty years, Commissioner King makes his home at 28 Malone avenue with his wife and son, a high school student.

William F. Entrekin

(A Biography by a Friend.)

Age 46—married—two children. Resident of Belleville for over sixteen years. Educated in public schools—Belleville Academy—Penn State College. Past experience—illuminating Engineer—Factory Production Supervisor—Sales Executive—Technical Advisor. Present occupation, Insurance Executive.

One of organizers and campaign manager—Belleville Community Chest. Helped organize Civic League—originated and managed Belleville's First Community Fourth of July celebration.

Designed and wrote specifications for Belleville Police Telephone and Telegraph Recalled system. Re-coded Town and introduced non-interfering type fire alarm boxes and Repeater system. Built independent fire alarm power supply and organized Signal Division. Motorized—revamped and rebuilt Police Department equipment. Rehabilitated and modernized Fire Fighting equipment. Instituted protection method for local industries.

have on several occasions been cited in newspaper editorials as examples of good municipal management.

Mayor-Finance Director Williams was selected as President of the New Jersey Municipal Finance Officers' Association for two years and was recently honored by appointment as Executive Secretary for the Princeton Local Government Survey Committee to develop a legislative program for better financial control for municipalities.

Analysis of the unusual qualifications of Mayor-Finance Director Williams to supervise the administration of municipal financial and management problems, and the record of his accomplishments for Belleville during eight very difficult years, are worthy of the consideration of the taxpayers on Election Day.

Patrick A. Waters

Seeking his fourth term on May 10, Patrick A. Waters stands out as a commissioner who has, at all times, held the welfare of Belleville and its citizens as the paramount issue in every controversy that has arisen during his incumbency.

Born sixty-two years ago on the same spot at which he now resides and from which he has never moved, his name and the name of his brother, John Waters, who served as Mayor for twelve years has, during that period, spelled progress to the Town of Belleville.

His mother and father settled here seventy years ago in 1868 and the family has since then kept an uninterrupted residence.

Commissioner Waters has served as Director of the Department of Public Works for the twelve years he has been in office and is justly proud of his accomplishments during that period. He points with pride to the pamphlet recently published by the New Jersey Chamber of Commerce showing the per capita cost for the operation of his department as the second lowest in the State of New Jersey. This cost of \$1.61 per person is a decided contrast to a neighboring municipality with a cost for similar functions of \$3.05.

The commissioner has the enviable record of being employed by the Eastwood-Neally Corporation of Belleville for the past forty-five years and is now superintendent of the weaving division of this plant.

His charitable works are known from one end of the town to the other and many a desperate family have been sent back on the road to happiness by the aid which he has always so freely given.

Living in Belleville all his life, working in Belleville all his working life, and, serving Belleville conscientiously all his political life, he can be justly termed as a real Bellevillite in every sense of the word.

Edward G. Smith

Edward G. Smith, a citizen and taxpayer in Belleville during the last

twelve years, was born of humble parents on a farm at St. Mary's, Pa., on May 10, 1894. His father died in 1899, leaving his mother with seven children who had to struggle along at tremendous odds to make a livelihood.

Edward, who was a precocious child, was the only one in the family to graduate from high school. Being conscientious, energetic and insistent he finished high school with the unique distinction of neither being absent or tardy during four years, although he was forced to walk to and from school a distance of three miles, daily. Besides his studies he helped with his share of the daily chores, morning and evening.

Upon graduation he completed a special course at Penn State College. He taught school four years at the meager salary of \$40 per month. During vacation and off days, he was employed as clerk and carrier in the post office.

Then came the World War. Mr. Smith offered his services and enlisted in the U. S. Regular Army. His promotion was rapid. Within eleven months he was promoted from private to sergeant, first class. He successfully passed a rigid test for entrance to the Officers' Training Camp at Jacksonville, Fla. Had hostilities not ceased on that memorable day, November 11, 1918, Sergeant Smith, undoubtedly, would have been commissioned. His handling of men and conscientious efforts in saving government supplies gained for him the respect and confidence of every officer and enlisted man in the camp.

Mr. Smith has been conducting a successful restaurant business in Forest Hill section of Newark the last seventeen years and attributes his success to his diligent and tireless efforts and irresistible command of confidence and respect.

Mr. Smith lives with his family at 232 Ralph street. He is the proud father of three children, Edward, Jr., 14; Marilyn, two and one-half; and Richard, one. Mr. Smith will be forty-four on election day.

For Chest Colds

Distressing cold in chest or throat, never safe to neglect, generally eases up when soothing, warming Mustole is applied.

Better than a mustard plaster, Mustole gets action because it's NOT just a salve. It's a "counter-irritant"—stimulating, penetrating, and helpful in drawing out local congestion and pain.

Used by millions for 30 years. Recommended by many doctors and nurses. All druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong. Approved by Good Housekeeping.

Elmer S. Hyde

Elmer S. Hyde, 275 Little street, is a highly successful broker with offices at 87 Maiden lane, New York City. He specializes in surety bonds. He is president of Elmer S. Hyde, Inc., which firm he organized and developed to the largest of its kind in the United States. He is also president of the Beverly Corporation, and is a member of the finance board of the New Jersey Baptist Convention.

Born in New York City February 6, 1897, Mr. Hyde attended public schools there and reached the top of the ladder the hard way, starting in business at thirteen for the Illinois Surety Company at \$2 per week. When he was fifteen he was soliciting business for the same company and continued in that line until the time of the World War, when he enlisted in the 417th Telegraph Battalion, which immediately found its way to France, where Mr. Hyde was engaged in much of the severe fighting. After the Armistice he went into Germany with the Army of Occupation, returning to America in May, 1919.

At that time he continued in business where he left off and in 1921 married Miss Jessie Barber of New York. The couple moved immediately to Belleville and took up residence in Little street, where they purchased the home which they now occupy. Subsequently Mr. Hyde purchased other property in Belleville.

The same year he started his own business, which was successful from the beginning. From that year until the present not only has Mr. Hyde been active civically, but his wife also has played a part in Belleville's civic growth.

Mrs. Hyde is vice-president of the Woman's Club and has been interested with her husband in many charitable projects in Belleville and elsewhere in the state, as well as church activities. Mrs. Hyde is president of the Newark Home for the Aged. Mr. Hyde is president of the board of trustees of Grace Baptist Church and has played a very important part in its financial affairs.

Mr. Hyde is a member of Belleville Post, American Legion; Newark Athletic Club and fraternal organizations. He is a member and one of the organizers of the Community Service Bureau and president of the Men's Club of Grace Baptist Church. The Hydies have seven lovely children, Helen, Judith, Margo, Audrey, James Irwin, Arthur and Beth.

John M. Rainie

John M. Rainie, Deputy Director of Public Safety, has been a resident

of Belleville for more than fifteen years. He received his early education in the public schools, and later received his practical degree from the "College of Hard Knocks." Like most successful men, he had met a diversity of reverses and has viewed them all with philosophic complacency. His philosophy on life has been "When things go wrong, don't go wrong with them."

For more than twenty-five years, Mr. Rainie has been associated with Tiffany & Company. Starting from the bench, his aptitude, resourcefulness and determination won him rapid promotion. At present he is inspector at this important unit of the nationally-known jewelry firm.

Mr. Rainie has always manifested a deep interest in civic affairs and has worked untiringly for improvements and developments in Belleville. Although he had no vote or voice in problems that came before the Town Commission, his advice has frequently been sought and he has taken the initiative in recommending and pushing many important projects in the interest of the town.

Tactful and diplomatic, but aggressive and forceful when the occasion demanded, Mr. Rainie has always had the courage of his convictions.

Mr. Rainie is a trustee of the Fred Hartley Association, and Past Master of the Belleville Lodge F. & A. M. He is also a member of the Exempt Firemen's Association, the Craftsmen's Club, Wesley Men's Club, Civic League of Belleville and an honorary member of the Fawcett Men's Club. He is former president of Local No. 2 of the International Jewelry Workers Union, A. F. of L., and captain of a division in the Community Chest campaign.

Mr. Rainie is also prominent in musical circles. He is a member of the Belleville Glee Club, choir in Belleville and Glen Ridge and the Copeland quartette. He also organized and conducted the Temple choir.

Mr. Rainie's hobbies are golf and dogs, but he is an enthusiastic follower of all forms of athletics. He lives at 103 Tappan avenue.

W. D. Clark

Director of Parks and Public Property William D. Clark has lived in Belleville thirty-five years, at 121 Floyd street, moving here when there were only one or two houses in the entire Greylock section. He has been interested in civic affairs ever since he came to Belleville, organizing the Greylock Hose Company, Greylock Improvement Association and being the first president of the Board of Trade.

In 1915, Director Clark became the first president of the North Belleville Building & Loan Association and has been its only president since then. He is a member of the Rod and Gun Club and enjoys outdoor life, especially fishing activities. Belleville's town ambulance, the best equipment of its kind, was provided the town by the ingenuity of Director Clark, without any cost to taxpayers.

Director Clark is proud of the fact that his children, who were raised in Belleville, attended Belleville schools, are all married and all now live in Belleville.

Mr. Clark, who completed forty years in the employ of the Fidelity Casualty Insurance Company, New York, on January 3, is an executive officer of that firm.

The director is a firm believer in Belleville.

His public life includes two terms as Director of Public Safety, head of the police and fire departments, and one term as Director of Parks and Public Property. He feels that this experience is invaluable to any one seeking public office.

Samuel Figurelli

Samuel Figurelli, who served for a full term as recorder, was appointed to that post

when he was 24. He has been a life-long resident of Belleville, having attended public schools here and graduated from Belleville High School in 1918, after completing a four-year course in three years. Death of his father, while the former recorder was in his junior year of high school, placed the burden of supporting his mother and family on Sam's shoulders, during the World War, when his brother was in service of Uncle Sam.

Mr. Figurelli, from the time he was a youngster, wanted to be a lawyer. He says he wanted to "champion the cause of the underprivileged and neglected," because his own life had been such a difficult one. During his high school career he worked from 6 o'clock in the morning until 8, when he would dash off to school. Without any study periods in his last two years of high school, he always knew his lessons by sitting up studying, sometimes as late as 4 o'clock in the morning. After school and until 9 o'clock at night, Mr. Figurelli also worked. After graduation he attended New Jersey Law School, from which he was graduated as an attorney, later becoming a master in chancery and counselor-at-law, thereby qualifying to practice before all the courts of the state. During his law school days he also worked long hours, before and after school, and walked many miles, through lack of transportation facilities to and from his place of study. Perseverance won for him and he passed his bar exams the first time, as he was later to do as a master in chancery.

Back in high school days Mr. Figurelli was called "dependable Sam" by his teachers, because, despite his handicaps, he always had his lessons completed on time.

He has been a practicing lawyer the last fifteen years with offices in Newark.

He was a member of the high school debating team and won in prize declamation contests. After graduation he became president of the Belleville High School Alumni Association. He was interested in the original Parent-Teacher movement in Belleville, almost twelve years ago, has been connected with all civic movements, interested in welfare matters and active in the Community Chest drives. He is a member of several civic and fraternal organizations, including the Belwood Park Improvement Association, in which section he lives.

Mr. Figurelli is thirty-eight. His wife's name is Marie and the couple have two children, Anthony, six, and Paul, four. His mother, Jane, seventy-seven years old, resides with him.

Churches

BELLEVILLE REFORMED
Main and Rutgers Streets, Belleville
Rev. John A. Struyk, Pastor.

Last night the Ladies' Aid Society held a public party at the Woman's Clubhouse, 51 Rossmore place.

Tonight, 7:30 P. M.—Senior choir rehearsal at the church, under direction of the organist, Peter Edwards. The choir did splendid work on Easter Sunday. The choir had the largest number of singers in years.

Sunday, April 24 (Daylight Saving Time), 9:45 A. M.—Church school. A class for every age. Howard Goodale is the superintendent. Men are invited to join the men's class.

10:50 A. M.—Morning preaching service. The pastor will speak on "The Great Problem of Religion."

7 P. M.—Young people's service. Walter Fulton, Arlington, will be the speaker. George Price will be in charge of the service.

8 P. M.—Evening sermon and prayer. The pastor will speak on "The Joy of Living." Installation of the new officers of the Christian Endeavor Society by Walter Fulton.

Monday, May 1, 8 P. M.—The business session of the C. E. Society at the chapel.

Tuesday, 7 P. M.—Girl Scout Troop No. 9 meets at the chapel, with Miss Edna Baum, captain.

Wednesday, April 27, 8 P. M.—The Women's Missionary Society will be in charge of the prayer service. They will have a birthday celebration. The Girl Scouts will have a part in the program. Mrs. Jeanne Hollegers, Passaic, will be the soloist.

After the Easter Sunrise service on the lawn of the old church last Sunday morning, breakfast was served to over 175 people at the chapel.

The old church will receive from the last will and testament of John C. Campbell, \$500. The old church is now and then remembered by those who have passed on.

The Easter offering of the church was very good, in view of the recession, and the weekly giving of the church is splendid when considering the many men out of employment.

WESLEY M. E. CHURCH
Rev. Edgar M. Compton, Pastor.

Sunday, 9:30 A. M.—Church school, 10:45 A. M.—Morning church service.

7:45 P. M.—Intermediate Epworth League.

7 P. M.—Senior Epworth League.

7:45 P. M.—Evening devotionals.

Monday, 7 P. M.—Junior choir rehearsal.

Tuesday, 7:30 P. M.—Boy Scout Troop No. 4.

Wednesday, 8:30 P. M.—Junior Epworth League.

4:45 P. M.—Preparatory membership class.

8 P. M.—Mid-week prayer and praise service.

Thursday, 8 P. M.—Senior choir rehearsal.

No boys' choir rehearsal this afternoon. Next week at the usual time.

Today at 2:15 P. M., there will be held in the Clinton Avenue Baptist Church, an anniversary celebration of the Women's Home Missionary Society. A delegation from Wesley will attend.

Next Sunday morning Rev. William K. Shoop will deliver the address. The evening service will be omitted to enable the parishioners to attend the conference service in honor of John Wesley at St. Luke's M. E. Church, Newark. Rev. Edwin D. Lewis, D.D., will be in charge.

One week from tonight, April 29, at 8:15 o'clock, the senior choir will sponsor a movie in the Sunday school auditorium, "Trees and Men." There will also be a comedy reel and other entertaining numbers. Proceeds will go toward the purchase of choir gowns.

CHRIST EPISCOPAL CHURCH
Rev. Peter R. Deckenbach

First Sunday after Easter. Holy communion at 7:45. Morning prayer and sermon at 11 o'clock; topic: "Immortality."

In the evening at 8 o'clock, there will be a candlelight admission service of the Girls' Friendly Society, and Mr. Deckenbach has chosen for his topic: "John Mark." There will be one associate and ten members admitted to the society at this service. They are: Mrs. Frank Carroll, associate, and the Misses Catherine Hafner, Dorothy Hollander, Shirley Kistner, Grace Lentz, Luella Madeira, Alice Miller, Mildred Roberts, Ida Takish, and Eleanor and Jeannette Williamson.

Sunday school meets every Sunday morning at 9:45. There are classes

for all.

Christ Church Boy Scout Troop 88, meets at the parish house each Tuesday evening at 7:30.

The annual parish meeting was held on Monday evening. Wardens, vestrymen and delegates to the Diocesan convention were elected as follows: Senior warden, William H. MacMaster; junior warden, Harvey W. Mumford; vestrymen to serve three years, William Beer, Raymond Patrick, Robert Shriver, George H. Weston; two years, Clarence D. Van Sickle; to serve one year, Walter Gilby. Delegates to convention, Elton B. Alger, Richard C. Daw, James K. Shaw; alternates, Raymond Patrick, George H. Weston and Homer C. Zink. The convention will take place on Tuesday, May 10, at Trinity Cathedral, Newark.

The Ladies' Guild will meet on Thursday afternoon at 2 o'clock at the parish house. The president, Mrs. Mary F. Apperson, will preside.

The Silver Fox Patrol of Christ Church Boy Scout Troop 88, will sponsor a public card party on Friday evening of next week, April 29, at the parish house, to raise funds to send the boys to Camp Mohican this summer. John Idenden is patrol leader, and the members are co-operating to make the party a success. Your patronage is earnestly requested. Let's give the scouts a helping hand.

UNPREJUDICED ATTITUDE

Said he: "I'll tell you sir, about My father's way of finding out The ancestry of any man, Not of his race, or creed, or clan. He seemed to take such keen delight In firing questions left and right; To get another's point of view, He quizzed a man for all he knew, That he, if possible, might see Some points on which they might agree."

"I can recall from childhood days, This one of all my father's ways; When peddlers came with grips or packs, Upon their shoulders or their backs. He used to welcome them inside, And food and lodgings, too, provide; And he would ask them whence they came, About their customs, race and name; Some thought them 'tramps,' with darkened skin; Dad saw them men, to him akin."

"My father had, I now can see, A bump of curiosity, Concerning folks, their manners, worth, And circumstances of their birth; He thought that peoples every place Contribute something toward the race; And creatures scattered wide abroad, Were offsprings of one father, God, And 'aliens' none of them he'd call, But simply brothers, one and all. No racial prejudice had he, Nor any form of bigotry."

mander Robert W. Graul and August C. Young, Newark Post 10, American Legion and Mrs. Sarah O'Boyle, New Jersey American Gold Star Mothers of Irvington.

The organization committee will meet May 2 at the Robert Treat Hotel.

FROM THE PULPIT

After Easter, What?

A sermon prepared for the Belleville News by Rev. Walter J. Lake of the Grace Baptist Church.

These few words are not so much a condensation of a sermon as an attempt to help us all think about religion and worship as the weather begins to beckon. Let us begin by making affirmation, namely that any life is incomplete which leaves religion and worship out.

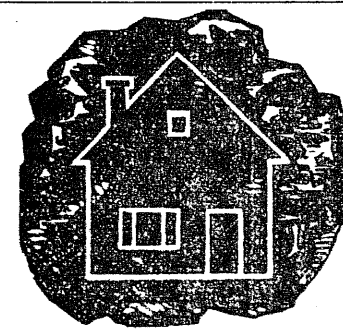

Testimony to the above fact is born out by the large crowds which attended the various Belleville churches last (Easter) Sunday. For some persons, of course, it may have been the annual visit, but nevertheless, it did bear witness to the fact that beneath surface habits persons feel it is right to give some time to the things of religion. Individual lives would be happier, business would be better, the world would be safer for what democracy there is left upon the earth, and for our young manhood and womanhood if there would be a continuance of this interest in religion. I will grant that a few came to show new clothes, but many persons went to the churches of their choice because they wanted something new in their lives.

One fact is very obvious, that few things come all at once, "out of the blue" as it were, and religion included. We may make a decision and set new goals and, if these be Christian, it will require all of this life to even approximate them. Many persons on last Sunday were in church. If you were one of this group

won't you return next Sunday and the next? Perhaps the church isn't all you wish it were. Do not criticize it, but go in and help change it.

And then there is the group who attend church regularly. Not one claims to be perfect, at least none should make such a profession (though group for group they are the best people in the world); for this group I would say continue your work and go on to greater insights and new interpretations.

To all I would say "Continue Following the Lord your God" (I Sam. 12:14) whether you began last Sunday or whether you are a "regular."

VANDALS AT WORK

Candidates' signs have been smeared with black paint and others have been torn and destroyed in the last few days by vandals. It may be that those who have destroyed the signs acted in a manner that they may have thought was humorous—it may have been boys—it may have been supporters of rival candidates.

No matter what! These signs are property of the individual candidates and destruction of them is destruction of private property. If the vandals were boys their sense of humor is perverted—if a willful job by adults, the full force of the law would serve to teach the nincompoops that they are living in a community, which, for the most part, is composed of decent people.

The sign destroyers evidently have the same yellow stripe up their back as those who lately have been pilfering radiator caps from automobiles parked in Belleville streets.

The vandals are petty, stealthy and cheap and have no regard for Belleville's civic appearance. Signs may not add to the beauty of the town. Certainly smeared over signs are a beacon to outsiders that Belleville has within its environs, some folks who would fit in better along the docks of the East River.

DAYLIGHT SAVING TIME

For the life of us we can't understand why such an unearthly hour as two o'clock in the morning has been chosen to usher in Daylight Saving Time. Sunday morning, those who want to be up-to-date, are supposed to turn ahead their clocks one hour.

We enjoy Daylight Saving Time which comes back to us until the fall, because the days seem longer, some how—just by giving the hands of time one swing around the clock.

But, this two o'clock business doesn't mean a thing except to newspapermen, who are just about homeward bound at that hour. Nobody would call any one else a screwball if they decided, we'll say, to give the hands twirl at five or six or seven o'clock—or any hour for that matter, prior to working time Monday—We mention this deadline, because if you don't comply with the rules of good time keeping by then, you are apt to arrive late at work.

Joking aside, there are many who will appreciate the benefits from Daylight Saving. Then there are those, of course, who do not favor it. Both are entitled to their opinions. There is much to be said on both sides of this controversial subject.

DOING ONE THING WELL

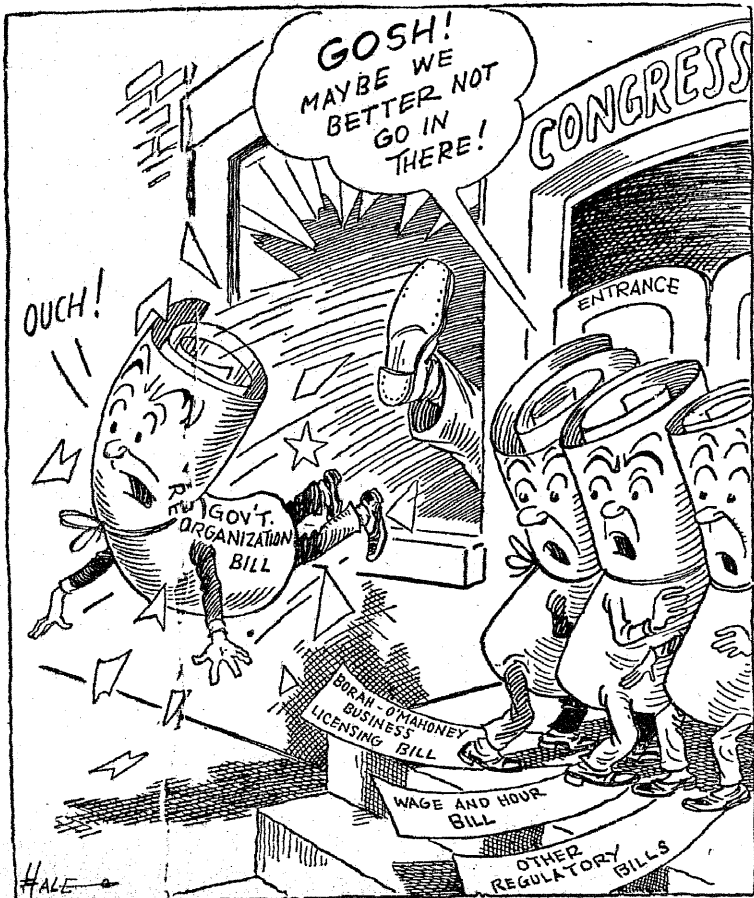

A western educator, talking in a rambling manner about high schools and colleges, recently remarked that it indeed would be wise for people going through these two steps in education if they learned to do one useful thing well.

So well, in fact, that they could earn a living at it.

It would seem that the gentleman has hit something there. Admitting that broad, cultural education should be general, why is it not possible, in the eight years of this training, to make a man, in addition, a good painter, artisan, farmer, conservation expert, social worker or anything that he might turn to for a living?

The day is past when an educated man was afraid to soil his hands. To be able to do one thing well, incidentally, is something few people learn to do in their entire lives.

OUT THE WINDOW!

SCHOOL DAYS

By DWIG

THIS WEEK

By "GUARDIAN"

The views expressed in the column, "This Week," are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

Easter is gone—but let us not forget the message which Easter brings—for just as to Christians, Easter gives renewed promise of glorious life, so do the blossoms and the charming treasures of nature tell us again of life renewed and glow with hope and promise of the future.

And not only to Christians! It matters not, as we see it, what one's religion might be, what their viewpoint on the mooted differences between fundamental religions or between different sects of any religion—the teachings of Christ are such that all mankind can profit by following.

He came into the world at a time of violent racial discords, at a time when self-seeking and self-profit was in the ascendancy, at a time when the homely philosophy of the Golden Rule which had been enunciated by philosophers and other religious leaders centuries before His birth, was forgotten by most of humanity.

He reiterated the philosophy of the Golden Rule; He renewed the thinking of the world to the necessity of being considerate of one's neighbor; and He taught above all else that truth and righteousness and character were the real attributes of successful life.

We believe, without any attempt to preach a sermon, that these fundamental truths apply to all people of all races, all religions, of all creeds. We believe that the basic reason for the political and economic upheavals that are gnawing at the very existence of civilization today is because humanity as a whole has forgotten the simple basic truths which Christ taught—and that, whether one is a true follower of Christ or not in the sense usually construed, a revival of public thinking to the necessity of conforming to these basic truths is the principal thing needed to right the condition of the world.

And that goes for Christians and non-Christians; for Jew or for Gentile; and for all humanity regardless of race or color.

And that goes for the whole year—not just at Easter time.

Unquestionably, the ancient Chinese sculptor who originally modeled the

three sitting monkeys in a group, one with the front paws covering the eyes, the second with the paws covering the ears, and the third with the paws covering the mouth, symbolizing "See no evil; hear no evil; speak no evil," had the same basic philosophy in mind—and so, fortunately, do most of the candidates for the forthcoming commission election. Admittedly, such an attitude makes for a dull campaign, but certainly it redounds to the credit of the candidates and reacts to the credit of Belleville. May it continue!

Mr. Brown comes to Mr. Jones, tells him that he is in difficulty, but that, if he can get \$10,000 from Mr. Brown, he can so rehabilitate his personal affairs as to get out of all the difficulties and be able to repay Mr. Brown with interest. Mr. Brown lets Mr. Jones have the \$10,000. Three or four years later Mr. Jones comes to Mr. Brown and tells him that he is again in difficulty, and that the reason he is in difficulty is because he didn't borrow enough money from Mr. Brown in the first place; and that, if Mr. Brown will loan him an additional \$4,000, he will be able to pull himself out of the situation and make enough money to pay back the new \$4,000 and the original \$10,000.

Mr. Brown very properly asks, "How do I know? Past history shows that the amount you borrowed didn't pull you out before, and what proof have you to give me that this extra \$4,000 will help the situation and enable me to get back this \$4,000 and the other \$10,000?"

That is very much akin to the current suggestion of the national administration to increase the lending and spending program. We cannot believe that a nation can lift itself up by its bootstraps any more than a human. We cannot believe that increased debt is the answer.

We feel that the same things which apply to humans, which apply to business, must apply to government. It has been credited to the Scotch poet-philosopher, Robert Burns, and to "The First Real American," Benjamin Franklin, and to Sir Francis Bacon and, specifically, to Charles Dickens in "David Copperfield"—but translated into plain, simple American language, they all said in effect: "A dollar earned, ninety-nine cents spent—happiness. A dollar earned, a dollar and one cent spent—misery."

Yours 'til next week,
"GUARDIAN."

PEACE ABOVE ALL

Many people, not conversant with the real situation and its various angles, are at a loss to understand why the other European nations, permitted Hitler to get away with his conquest of Austria. There are several answers, but one of them ought to be easily understood, for it is a reflection of thought in this country; that is, the fact that so many English people are just as desirous of avoiding war as Americans are. Eventually, perhaps, a situation may arise in which war will be inevitable, but most of the English people are intent upon preserving peace as long as possible.

IRON FENCES IN NEW YORK

Insistence of pedestrians upon jay-walking has forced New York to start the construction of iron fences between the street and sidewalk, obliging crossings only at intersections. The fences will prevent the foolhardy pedestrian from dashing across the street at any point his whim may direct and will make for a more even flow of traffic.

Only a comparatively few blocks will get the fences at present, but it is easy to visualize the idea being adopted elsewhere in the future on a more general scale. Streets of big cities today with their tremendous volume of traffic are no longer open lanes for the careless.

PIQUANT POLITICS

By MEADOR WRIGHT

The views expressed in the column, "Piquant Politics," are entirely those of Mr. Wright and not necessarily those of the Publishers or Editors of the Belleville News.

FORMATION of a Republican ticket in Essex in opposition to Clean Government has made considerable progress, but the goal is still quite far away. David H. Jones of South Orange, Clean Government, campaign manager for several years, is one of the key men in the movement. Reports are heard everywhere that Jones is to be the candidate for county chairman against W. Stanley Naughton, incumbent. Persons very close to Jones, however, deny that his ambitions lie along the chairmanship route. There is no denial of his leadership in the opposition movement, however.

The success of this movement may very well depend upon the converts it will receive from the old Clean Government group. Although she is not known to be taking any part in the formation of the new group, Mrs. Edward T. Fishwick of Glen Ridge, is in complete estrangement from her former Clean Government colleagues. It is almost inevitable that she will eventually be lined up with Jones. Dozens of former Clean Government leaders of lesser importance than these two are said to be ready to cast their lots with the new movement.

With progress at this point, the new movement merits analysis, both as to its prospects of success and the forces that brought it into existence. The basic factor that provoked it was opposition to the leadership of William H. Seely and, to a lesser extent, that of County Chairman Naughton and Senator Lester H. Cleo. In fairness to Dr. Cleo, it should be said that opposition to him is inspired largely by opponents or rivals who fear him. Cleo has never been very close to the rank and file of Republican workers. But these workers, while they may not love him, respect very greatly Cleo's ability as a vote-getter and credit him with honest motives in his legislative career. In certain Republican and Democratic circles, however, Cleo is considered a dangerous opponent because of the affection for him of the independent voter. These circles would let no opportunity slip by to get rid of him, and it is axiomatic that they will join any movement that promises to accomplish, either directly or indirectly, that end.

But the present disquieting movement against Clean Government arises primarily from opposition to the leadership of Seely. For the past year, Seely has made enemies with an efficiency seldom seen in Essex. During that time, Arthur T. Vanderbilt has remained severely in the background, largely because of his activities as president of the American Bar Association. Vanderbilt's semi-retirement gave Seely the opportunity for exercising one-man leadership. The mistakes he has made during that time threaten to engulf the Clean Government movement, a movement that has been a dominating factor in Essex in one form or another for the past eighteen years.

These mistakes of Seely's are more psychological than material, but are none the less serious thereby. Like Cleo, Seely has assumed that his cause was inevitably the right one, paid scant attention to the views of those within the party who differed with him. But, whereas Cleo could say justly that he had a mandate from the voters for his leadership, Seely's assumption of leadership has been purely arbitrary. More and more, party workers are asking from what source Seely derived his flat of supreme leadership. When no satisfactory answer to their queries were received, they joined the opposition by the scores.

Today, this revolt against the leadership of Seely is so wide spread that the odds are in favor of defeat unless he steps aside. The revolt within the party is nothing less than a veiled ultimatum to Vanderbilt and Cleo to force Seely into a position of subordinate leadership. It may be more than that. From sources usually considered reliable come reports that Vanderbilt is aware of the precarious position into which Clean Government has drifted under Seely's leadership. These reports say Vanderbilt and Seely are in complete estrangement, and that only the actual retirement of Seely will prevent a complete break within Clean Government's ranks. Should Cleo side with Vanderbilt, Seely will have no alternative but to step aside. If he backs Seely, then the Clean Government movement is split asunder, and victory in some form by the opposition is more likely than not. The next two or three weeks should tell the story.

The hopes that Albert L. Vreeland had for united support for Republican nomination from the 11th Congressional District are not as bright as they were two weeks ago. The probability of a bitter primary fight has made Vreeland's program of appealing for support from all groups more difficult to carry through. It will become more and more difficult for him to refrain from taking sides. Another obstacle to united support is the threatened candidacy of Mrs. Agnes Jones Gifford of South Orange. The belief prevails that men have a

great advantage over women in acquiring congressional nominations. Nevertheless, Mrs. Gifford's six successful years in the New Jersey Assembly form an excellent apprenticeship, both for winning and filling a congressional seat. Other things being equal, Vreeland should win the nomination. But he is likely to have to fight harder for it than his backers hoped a few weeks ago.

The reported armistice between Senate President Loiseux and Assembly Speaker Pascoe, both from Union County, is the main topic of political conversation in their home county. What significance the reported settlement will have in the state picture as a whole is not yet apparent. If the settlement is complete, it will tend to weaken the alliance between Pascoe and the Essex Clean Government group. Loiseux is a nonreconcilable foe of Senator Cleo. He is anxious to avoid a fight for re-election, and may have yielded considerable to Pascoe to avoid opposition. But if there has been a mutual exchange of support between the two, Pascoe becomes that much more independent of Clean Government backing in the Assembly. Here again the future must tell the tale.

Readers of this column may be interested in comment on the several commission elections that are taking place in Essex. A part of next column will be devoted to an analysis of issues and prospects to success of various candidates or groups in Orange, West Orange, Belleville and other communities.

New Jersey Today

Improvements in Rural and Urban Tax Delinquency.

Prepared for the Belleville News by Dr. Maurice F. Neufeld, acting secretary, New Jersey State Planning Board.

A sample check made by the New Jersey State Planning Board in forty-five South Jersey townships, showed that taxes had been paid in full during 1936 upon 19.6 per cent of the area within these municipalities delinquent at the time of the original survey by the board less than a year earlier. Partial payment had been made upon 5.4 per cent of the rural land originally found delinquent. The re-check showed that forty-eight per cent of the land delinquent for one year was paid in full, while 4.1 per cent was paid in part. Of the area delinquent for two years in these forty-five townships, 17.4 per cent was paid in full and 5.4 per cent in part. Of the area delinquent for three years, 23.2 per cent was paid in full, while 13.5 per cent was paid in part. As the period of delinquency grew longer, the percentage of land upon which delinquent taxes were paid in full grew smaller. In the four-year delinquent group, of the total area delinquent, only 16.1 per cent was paid in full, while 7.5 per cent was paid in part; of the area delinquent for five years, six per cent was paid in full, while 2.1 per cent was paid in part; of the area delinquent for six or more years, six per cent was paid in full and 1.7 per cent was paid in part.

Of the 65,543.31 acres upon which taxes were paid in full, 53.2 per cent had been delinquent for one year, 18.3 per cent for two years, 14.4 per cent for three years, 5 per cent for four years, four per cent for five years, and 5.1 per cent for six years. Of the 18,083.94 acres upon which taxes had been paid in part, 16.5 per cent had been delinquent for one year, 20.8 per cent for two years, 30.5 per cent for three years, twenty-two per cent for four years, five per cent for five years, and 5.2 per cent for six years.

It is interesting to note that in the year which elapsed before the re-check was taken, of the total area originally delinquent, only 2.3 per cent had been sold for taxes to the municipalities, while only .03 per cent had been sold to private individuals.

The Municipal Service Department of Dun and Bradstreet conducted a survey of tax delinquency from 1930-1936 in the cities of over 50,000 throughout the United States. This survey included thirteen municipalities in New Jersey. In 1930, the average percentage of delinquency in relation to total assessed valuation of property in the thirteen cities in New Jersey of over 50,000 was 25.14 per cent. In 1930, tax delinquency for the individual cities in New Jersey of over 50,000 ranged from 19.9 per cent to 36.1 per cent. In 1933, the range was from 28.8 per cent to 63.6 per cent. In 1936, the range had again reached a 1930 level, 19.1 per cent to 38.1 per cent.

Within the past two years the influx of delinquent tax collections has augmented the increasing receipts from current taxes and resulted, in many instances, in total tax receipts in excess of the year's levy. The ratio of total collections to the year's levy in 1935 and 1936, reveals that in all but three of the cities in New Jersey, for which figures were available, this ratio exceeded 100 per cent for one or both of the years.

A further analysis made by Dun and Bradstreet showed the percentage of levies for 1933, 1934, 1935 and 1936, which were still uncollected at the end of the fiscal year. Many of the New Jersey municipalities

Sterner Gives Praise To WPA Workers

Men Assigned for Road Work are Industrious, He Says

TRENTON, April 22.—"I am glad to be able to praise WPA workers for the fine results they are producing on our new State Highway-WPA construction program," said State Highway Commissioner E. Donald Sterner today.

"The men who have been assigned from WPA relief rolls to our road operations," he continued, "are proving industrious and their accomplishments are comparable to those gained through the direct hiring of labor by the contractors."

"We are obtaining worthwhile results through the employment of those who would rather be producers than the recipients of a humiliating dole."

"I congratulate them and I thank our contractors for their full co-operation in helping us to efficiently carry out our program. The State WPA officials are giving us their whole-hearted support in our efforts. The vast majority of workers from the relief rolls are giving a real day's work for a day's pay."

Spurred on by the unprecedented results being secured from the WPA relief labor on State Highway projects already under way, Sterner observed, nineteen contractors submitted figures to him this week in keen competition on three new projects. The low bids in this active rivalry, he stated, brought a saving of \$23,265 under the estimated costs. The improvements to be made through these three new contracts will give a total of 7,323 man weeks of employment for men now on relief rolls of Burlington, Mercer and Union Counties.

The low bidder on two of the operations was John F. Lafferty of Haddon Heights. His figure for ramps to connect Route S-41 with Maple avenue at Maple Shade, Burlington County, was \$23,486.

For grading along the Route 25 by-pass of Hightstown, Mercer County, his bid was \$57,729. The work on this route will extend for a distance of two and one-half miles and will be preparatory to additional paving for a divided roadway with a center safety island, when funds are available.

Joseph Nesto & Co. of Newark, at \$33,555, were low for the paving of nine-tenths of a mile in the old trolley track area on Newark avenue, Route 27, in Elizabeth. The new surface will be laid from Broad street to the Newark City line on Frelinghuysen avenue.

These projects are part of the \$25,000,000 program formulated to reduce the relief rolls in New Jersey, the sum of \$20,000,000 to be provided by the Federal government for the payment of workers from the WPA relief rolls and \$5,000,000 from the

Timber Found

Officer Harry Scott, by a bit of detective work, located two large timbers removed recently from the property of Anthony Morro, 67 Franklin avenue. Scott found the timber at a Brighton avenue address, the residents there saying that they had found the wood in the middle of their street.

A LITTLE GIRL ON A FARM

A pretty little girl lived on a farm. She planted seeds, with a good strong arm.

They grew into vegetables, big, fat and round. The farmer came along, and he ploughed the ground.

'Twas in the spring, and the rain-drops fell.

Now on this lovely farm was a pretty little dell. There were wild flowers there of every kind. There was hardly a flower that couldn't be found.

The summer came and the corn grew high. The birds were flying way up in the sky. The farmer cut the corn and took it to the mill.

The little girl watched, as he worked upon the hill. The fall came on, the fruits were ripe.

The farmer was always smoking his pipe. The little girl watched, as the crop was gathered in. And she saw them put in a great big bin.

A farm is a place where vegetables grow. Potatoes and onions, row on row. So gather as many as you are able. And we will have them all on our table.

Legion to Honor National Commander

All Posts Urged to Turn Out for Two-Day Celebration

TRENTON, April 22.—A general order was issued today to all American Legion posts in New Jersey, to mobilize their entire membership for the reception of National Commander Daniel J. Doherty, on his official visit to New Jersey today and tomorrow.

"The welcome to the National Commander of the American Legion, on his visit to the Garden State," said Department Commander J. Iradell Wyckoff, in issuing the order, "coming as it does at a time when Americans are being subjected to an avalanche of intensive alien propaganda by nations of the world, will be in the nature of a patriotic rally, challenging these subversive activities."

National Commander Doherty will be greeted by his comrades of the World War, in three monster rallies at Jersey City tomorrow and today at Camden.

The North Jersey reception is scheduled to open with a colorful parade in Jersey City at 3:30, followed by a banquet at the Top Hat Club at 7:30, when the national commander will deliver his official address.

Following the reception at Camden today, Commander Doherty will be entertained tomorrow at noon, at the Marlborough Hotel in Asbury Park.

Taken to Hospital

Benjamin Harrison, eighty-three years old, of 60 Overlook avenue, was taken to St. Mary's Hospital, Saturday at 6:30 P. M., suffering from a throat ailment.

Mr. Harrison, who has been ill some time, was feeling fine Saturday morning, but toward evening seemed to have difficulty with his breathing and Dr. Herbert B. Vail was summoned, ordering Mr. Harrison to the hospital.

READ THE NEWS

"Jerry" Was Busy

Patrolman Jerry Lilore was busier than a one-arm paperhanger over the week-end. At 10:45 A. M. Saturday, he reported that the fruit stand of Tony Muzzucotto, 360 Franklin avenue, had been broken into over night and plants worth \$15 had been either broken or removed.

Five cartons of cigarettes and one dollar in pennies were also taken. Entrance was gained by the breaking of a window on the Franklin avenue side.

At eleven o'clock the same morning Jerry reported two negatives. One was that no one was removing anything from the Colonial Laundry, 408 Cortlandt street.

The other was that no one was there when he went to investigate a report that some one was removing wood from the Belle Chemical Company, 491 Cortlandt street.

At 11:30 A. M., Sunday, Jerry accompanied the ambulance driven by Ted Cyphers, removing Bernard Mandell, 177 Franklin street, to St. Mary's Hospital, from the scene of an accident at Union avenue and Mill street.

Jerry also accompanied the ambulance removing Miss Helen Just, a teacher at School No. 1, to St. Michael's Hospital.

Pheasant On Trellis

A pheasant was spotted by Miss Joan Rummel, 19 Malone avenue, Monday afternoon perched on the trellis in her back yard.

An unusual feature of this bird was that it did not fly away when, "Spike," a police dog, approached it.

Local Woman Hopes To Locate Mother

Had Grown Up Here With Foster Mother, Not Know- ing Own Parent

Mrs. Marjorie Conover, 68 Mill street, who was married last September 7, at the age of fifteen, recently learned that the woman she had always believed to be her mother, Mrs. Louella Smith, 17 Berkeley avenue, is really her foster mother. Mrs. Conover's parents are believed to be Carrie Nunn Henry and Edwin Henry.

Mrs. Conover grew up, believing she was one of Mrs. Smith's family, but several months ago a friend of the Smith family let fall a hint that made her ask about her parentage. Mrs. Smith readily told Mrs. Conover her mother had boarded her with Mrs. Smith when she was an infant.

An extensive search for her parents is now being made by Mrs. Conover. She advertised in the personal columns of a Newark daily.

The Belleville Glee Club feels highly honored in being able to pre-

SURE, we know—you've had your troubles! You've fretted, worried, wondered where do you go from here.

Well, what has it got you? What you really need is a change of outlook—and we know where you'll get it!

You'll get it in the front seat of a sparkling new Buick like this one pictured here.

You'll get it as your spirit lifts to the buoyant surge of a power plant that can leave even your cares behind.

You'll get it as you forget dull care in a ride so enjoyable that it's a pleasure again to travel just for the sake of traveling.

Yes, you'll be happy in this car that can make it clearer with every mile that there isn't any better way to invest your money!

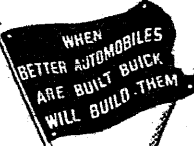

Look at the record a minute. Others have had their

problems, too. Others have wondered if they should wait a while before they buy.

But they didn't wait. They looked at this handsome big eight, they measured its value, they checked what it could do, for them and to them—and they bought!

They bought because Buick is too good to do without! They bought because they could get more for their money—not just more automobile, but more fun, pleasure, solid satisfaction!

Go now and do likewise! This great straight-eight lists at lower prices than some sixes—drive it and you'll know how to be happy though harried!

BELLING ABOUT BELLEVILLE

By JACOB LEVINE

Class 1938, Belleville High School

"The principal sez I haf tu be five in Se'tember!"

This, in case you are no expert at deciphering pre-kindergarten language, was my tearful declaration some thirteen years ago, when I was declared ineligible for grammar school admittance, and told to come back in September when I would be five years old. And, as you may have guessed, this utterance was immediately given the stamp of juvenile perfection, and related to visiting relatives, who would, inevitably chime in with: "My, my, isn't that too cute for words?"

The said "principal" was Robert N. Hayes, present principal of the Greylock School, and then head of Number One. And, it is he, to whom this column is devoted.

Fought for the "Stars and Stripes"

Mr. Hayes was reared in Wilkes-Barre, Pa., and attended Wilkes-Barre High. Upon his graduation from high school he entered Chesham Seminary, New York. He next attended Greenville College, Illinois, for two years. At the University of Illinois, which he attended next, Mr. Hayes received a Bachelor of Arts degree. His college education was concluded at Rutgers University, where he was the recipient of a Master of Arts degree.

During the World War he fought for the "Stars and Stripes," and attained the rank of infantry sergeant. Upon his discharge from the army he was married to Ethel A. Poole of Dover, New Jersey.

Prior to his principalship at Belleville, Mr. Hayes served as supervising principal of schools in Morris County for two years, and directed the schools in Middlesex County for five and a half years. In 1924, Mr. and Mrs. Hayes established their residence in Belleville, the former serving as principal at No. 1 for twelve years and two at the Greylock School. They now reside at 125 Linden avenue.

Hiked With Edward Payson Weston.

"Call it the wanderlust, if you will," says Mr. Hayes, "but in recent years Mrs. Hayes and I have taken automobile trips about the country. Two years ago we went on a cross-country jaunt to California and the national parks. We also toured eastern Canada, New York, and the New England states. Last year we visited Florida and the southern states."

To Mr. Hayes the desire for travel does not arise from any overnight fancy to "see the country." Even before the advent of the streamlined, soft-cushioned automobile he was wont to go off on a long jaunt through the country; but, in those days, his legs provided the horsepower.

As a small boy he was a slim, sickly lad, bed-ridden much of the time. Working on the theory that sunshine, fresh air, and vigorous exercise was the only cure for his sickness, a physician advised him to take up hiking. His build was excellent for this type of sport—tall, wiry, and plenty of leg—and it was then

that he took to the "open road." While attending Greenville College, young Hayes went on a 526-mile hike during his Christmas vacation, returning to Greenville in the thick of a rip-roaring blizzard. He met many distinguished men while "legging it" around the country, of whom Edward Payson Weston is a worthy example. Mr. Weston was renowned for his proficiency in this art, holding many records for transcontinental walking. It was Mr. Hayes' pleasure to walk with him through southern New York, when Mr. Weston was hiking from Boston to Minneapolis.

"I am certain that it was hiking," says Mr. Hayes, "that brought me my health." That fact is even more obvious as you look at the man as he is today. Frankly, I have often wondered, as I saw Mr. Hayes walk down the avenue, where he got that long, quick, rhythmic stride. It is all quite clear to me now.

School Day Recollections.

From the day when I referred to Mr. Hayes as the "principal" until the day when we stepped up on the stage in the auditorium of No. 1 School to receive our diplomas, I have always admired the man. There was always something about him which elicited my admiration—something stern, yet likeable, something serious, yet jovial. For instance, there was the way he would swoop down upon you (seemingly out of nowhere), when you were "raising the devil" with the fellow across the aisle, grasp you by the collar and conduct you down to the office, where you would be given a reprimanding which usually got you down to business. But, then, there were the times when he would take you aside, cast off, momentarily, the austere garment of principal, and talk to you paternally, as father would talk to son. I am told, too, that adults would often come to Mr. Hayes seeking advice about this or that. And it is not hearsay, but actual fact, that through his charitable endeavors, Mr. Hayes has alleviated the distress of many a family in want.

Collision

A collision of two cars Sunday morning, one driven by Max Teitel, 58, 177 Franklin avenue, Nutley, and the other by David A. Muir, 257 Kearny avenue, Kearny, resulted in a right knee injury to Bernard Mandell, a passenger in Teitel's car, who lives at the same address. The accident occurred at Union avenue and Mill street.

Mandell was held at St. Mary's Hospital for possible internal injuries.

Card Party Planned

By Silver Fox Patrol

The Silver Fox Patrol, Christ Church Boy Scout Troop 98, met on Thursday evening at the home of Samuel and Donald Cocks, 162 Hornblower avenue. Present were the leader, John Idenden, William Allen, Herbert Bohler, George Maginness, Ernest Reock, Roy Wager and Robert Weiss. Plans were made for a camping trip to Scout Acres, Boonton, for the first part of vacation week. Tickets were distributed for the patrol card party to be held on April 29, at the parish house.

The following members of the patrol went to Scout Acres on Sunday afternoon, for the camping trip: Idenden, Allen, Bohler, Sam and Donald Cocks, Maginness and Wager. Allen and Bohler passed second class fire building tests. The boys went on two hikes, camped in three tents, one of which they had made, and did their own cooking. There were five other units of campers at Scout Acres, all but two in tents. The others occupied shacks. The rain interfered somewhat, but the boys had a good time, and returned on Tuesday evening. Transportation was provided by John S. Charlton, and two of the fathers, Mr. Allen and Mr. Maginness.

"BATS HIGHEST WITH ME!"

THAT'S WHAT Joe DiMaggio SAYS ABOUT THE NEW DODGE

READ WHAT JOE DIMAGGIO, FAMOUS NEW YORK YANKEES' HOME-RUN HITTER, SAYS:
"I've driven a lot of cars in my time, but I must say my new Dodge certainly out-performs them all. It's quick as a flash in traffic—packs loads of power, and is a bear for economy. No wonder I say Dodge bats highest with me—no matter how you look at it."

"BIG-LEAGUE CAR"

the ball field—or a thrilling ride in a "big league" car!

And "big league" car is right! For owners of the 1938 Dodge say you can sense this the very first time you take the wheel. Never before have you driven a car with the "pepper" and dash of this one. A car that's so alert on the get-away... so quick to leap out in front. There's no engine pondering...no mechanical meditation. When you say "go" to this car—she's GONE!

Dodge is safer, too. For it's built like a dreadnaught from chassis to top. You literally ride in a fortress of steel! And you have genuine hy-

draulic brakes that make you the complete master of every driving situation!

And don't you prefer to own a car that saves you money every mile you drive it? That's what Dodge economy means. Owners all over America say Dodge gives them from 18 to 24 miles to the gallon of gasoline, and saves up to 20% on oil!

But operating economy isn't all. Don't forget that famous Dodge price tag! Dodge actually costs far less than cars that do not give you as much...And, by the way, if you've been toying with the idea of buying a small car, you don't have to. Dodge is priced so close to the low-priced cars that you'll hardly notice the difference! No wonder owners say that Dodge is the best-priced car in America!

THE SECRET OF DODGE DEPENDABILITY

Have you ever wondered why Dodge cars have such a great reputation for dependability, ruggedness and long life? The answer lies in the fact that for years Dodge has deliberately engineered and built its cars not only for the first owner, but for the second, third and even fourth owners! In fact, records show that Dodge owners who buy new Dodge cars every year or two years use only a fraction of the total mileage built into them! That's just one reason why 142,922 new car buyers have switched from other cars to Dodge in the past year. And that's also why those who really know used car values are saying the Dodge used cars offered by Dodge dealers are the finest buys on the market!

Sewer System Makes Healthy Belleville Waters Outlines Sanitary Work As Humane and Vital Task

Building for a healthier community, the Department of Public Works has done much in the past four years to eliminate unsanitary conditions.

Sanitary sewer systems have been constructed in every section of Belleville to make possible the elimination of bacteria-breeding cesspools which still remained in the town and dumping grounds both in the Valley and Silver Lake sections, where disease-carrying microbes, which ran rampant, have been filled in. The latter work was done in conjunction with the Department of Public Affairs.

"This work of making Belleville a healthy community was the most vital and humane task ever given my department," said Commissioner Patrick A. Waters, who is Director of Public Works, yesterday.

"Danger of contracting deadly diseases such as typhoid has been minimized because the breeding places of dread germs have been done away with. I am glad that my department has done so much to safeguard the health of our population."

In recent years Commissioner Waters' department has constructed sanitary sewers along Continental avenue, Carpenter street, Fairway avenue, Berkeley street, Cedar terrace, Pleasant avenue, Brighton avenue, Maple avenue, Grove street, Hill street, Liberty avenue and Jorammon street from Franklin avenue to the Third River.

Installation of the sewerage systems immediately did away with the need for cesspools along those thoroughfares.

"The town's share of the cost for these sanitary measures was comparatively small," Commissioner Waters declared. "But no matter what the cost, it was money well spent."

Town Contemplates Many Street Projects Director Waters Tells of Eight Dirt Roads That Will Be Paved

Many street and road improvement projects are contemplated in Belleville in the near future, Director of Public Works Patrick A. Waters declared last night. He spoke at various meetings throughout the town.

Eight dirt roads will be paved with penetration macadam, the director said, as soon as approval is received from Washington authorities of the WPA.

"Belleville will save considerable money by doing this work under WPA," Commissioner Waters asserted, "and we will be living up to a federal mandate by providing jobs for men who have been certified for relief."

The streets to be paved are Emmett, Mitchell, Quinton, Hill and Grove streets and Fairview place. Division avenue will be paved from Mertz avenue to Passaic avenue and Liberty avenue will be paved from Franklin avenue to the Third River. Work of paving Lawrence and Alva streets and laying of curbs and sidewalks there has already begun and will be completed by June.

The Department of Public Works is also ready to go ahead with the construction of penetration shoulders along Church terrace, Schuyler street and Terrace place. Similar projects are nearing completion on Little, Stephen, Cleveland and Jorammon streets.

Cobblestone gutters which were set originally in dirt will be re-set in concrete along Wilson and Rosset places, and Bridge, Dow and Rutgers streets.

Commission Election (Continued from Page Four)

who deserve it regardless of who is elected May 10.

Mr. Noll said he did not know whether the statements he was referring to were being made by candidates or by "misguided" workers for candidates. He said they had not been made in public meetings, but that they had come to him "from many sources."

Public Works Director Waters, candidate for re-election, who has charge of the WPA here, has stated at several meetings recently that he "cannot get a man a job on WPA unless the applicant is properly certified."

"I am stressing this," he said, "because of stories which are being circulated to the effect that I am getting jobs for some and refusing to get jobs for others. Once a man is certified, he is qualified for a job, regardless of anything I may say or do."

The South End Improvement Association Thursday night endorsed the candidacy of Louis Noll.

The New York Times Sunday carried the following story on Noll:

"Nearly two years ago, when Louis A. Noll announced that he would run for election to the Town Commission in 1938, he was hailed here as the 'early bird' candidate. Today just twenty-three days from the election, Mr. Noll declared that he had 'the worm half out of the ground.'"

His early announcement, Mr. Noll confided, was just his first step in laying out a political philosophy, based on the belief that "the public is sick of bunk." Hence, when the commission bug bit him, he flipped overboard all secrecy and mystery and promptly proclaimed himself.

"Why keep it a secret?" he said at the time. "Everybody knows I'm going to run."

In line with his philosophy, Mr. Noll is a man without a platform, except possibly for his slogan, "A Business Administration by a Business Man." Platforms, he asserted, are merely a collection of sonorous pledges and promises which the average politician couldn't keep if he wanted to.

He stated that a platform in a commission governed municipality is particularly meaningless because, prior to his election, a candidate does not know what governmental functions he will supervise.

In true "early bird" style, Mr. Noll opened his campaign headquarters in January and several weeks later was distributing banners and stickers. Soon he began erecting signs and grabbed off the most strategic spots in town. He claims to be the first of the fourteen candidates now in the race to receive an endorsement.

Mr. Noll has not been idle since his announcement. In the interim he organized the Noll Boosters' Club, which claims more than 4,500 members. He has made scores of speeches and public appearances.

"To keep in the public eye," he explained, "you have to keep before the public—and that's what I've been doing for two years."

Mr. Noll has another tenet in his philosophy, which he summarizes thus:

"Sell yourself and let the other fellow take care of himself. When you throw mud at the other fellow you have to mention his name—and that's free advertising and a waste of good breath."

Mr. Noll, who is thirty-eight years old, is head of a local trucking concern. He is vice president of the Lions' Club and has been active in civic affairs.

Campaign banners and signs were hit Tuesday night by Arthur F. Kunze, president of the William F. Entreklin Association, speaking for the standard-bearer at a social gathering at the Woman's Club. Entreklin was absent on a business trip.

"This town is plastered with a great array of signs. Don't let them fool you. Signs do not vote, neither do they govern a city. They do not indicate a candidate's strength, but rather reveal him as a free and easy spender, or receiver of favors from interested parties looking for special favors later," Mr. Kunze said.

Public Affairs Director King has been endorsed by the William Austin Association, which has already endorsed Public Property Director Clark and Louis A. Noll.

Wedding Anniversaries

The 111 bar was officially opened at the home of Mr. and Mrs. James Whittaker, 111 Belmore street, who celebrated their twenty-ninth wedding anniversary, Saturday night, and also the fourth wedding anniversary of their son-in-law and daughter, Mr. and Mrs. Robert McGough, 320 Greylock parkway.

Mrs. McGough was formerly Miss Ann Whittaker and Mrs. Whittaker was Miss Mary Cashin.

Guests from Schenectady, New York City, Newark and Belleville attended. Invitations were sent out, on which were shown a quartet singing "Sweet Adeline." The letters WYBM-ADITY were printed at the bottom of the invitations. To the uninitiate these letters didn't mean a thing, but to those in the know they meant "Will you buy me a drink if I tell you?"

YOUR LAND and MY LAND

By CHARLES E. POTTER, L.S.

Article 4.

A good description of a parcel of property is useless, or of little help, if the survey on which it is based contains gross inaccuracies.

Recently the writer had occasion to conduct a survey of a farm in the western part of Essex County, New Jersey. Evidently the original owner of the tract, which had not been surveyed in more than fifty years, had been a better writer than surveyor, and the land had been handed down in the original family without benefit of expert surveys at the time of the transfers through inheritance.

It was found that the first owner had apparently measured his lines by pacing them off, or perhaps made use of a knotted rope. Angles must have been determined by means of an old compass, and it appeared that the bearings had been rendered more inaccurate by some articles of metal, perhaps an ax, borne by the surveyor.

Armed with an excellent description of the property, we expected our task to be easy and merely a matter of confirming existing lines, especially since a creek, usually a good land mark, was named as marking several points in the boundaries. Arriving at the scene, we were unable, even with the aid of exact measurements, to find the point of beginning, and no creek could be found in the neighborhood.

After an hour of searching for some point at which to start the survey, we asked the help of the present owner, who had been born and raised on the farm. He claimed no knowledge of the creek named in the deed, and was unable to locate "a large stone placed in the roots of a large oak tree with three notches in its trunk," named as a corner in the description, although he knew the approximate location of the spot.

Finally the assistance of the neighbors was solicited, and we secured several boundaries by asking them to point out their lines. The owner finally recalled that his old uncle, living nearby, had been born on the place. We brought the aged man to his boyhood home, and he was able, after a careful study of the land, to remember the old creek, since dried up, in which he had played as a child.

Upon finding its old course, the uncle walked to a nearby tree and studied its bark. Sure enough, there were three notches in its trunk. Upon uncovering the roots, the stone marking the beginning of the first course was found, fully twenty feet from the corner we had determined by following the lines given us by the neighbors.

Again relying upon an excellent memory, the uncle led us to every landmark and the survey was rapidly completed.

All ended happily in this case, but temporary landmarks are difficult to find after many years and human memories are capricious. If the uncle had not been living at the time of

our survey, our client might have lost much of his land to his neighbors. We advised him to erect permanent monuments at the corners of his land, and to erect line fences or stone walls on the boundaries.

He felt a different man next day. Believed the Alka-Seltzer way.

Why don't you take Alka-Seltzer for Gas on Stomach, Headache, Sour Stomach, Colds, Muscular, Rheumatic or Sciatic Pains?

Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylate, a Sodium Salt of Aspirin) which relieves pain and discomfort, while its vegetable and mineral alkalizers help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

Your druggist sells Alka-Seltzer.

HOW OFTEN CAN YOU KISS AND MAKE UP?

FEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month.

You can say "I'm sorry" and kiss and make up easier before marriage than after. Be wise. If you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

FISH and GAME

By De Allaire

Limit catches were not so numerous in Jersey streams opening day, last Friday, as they have been other years, however, few fishermen failed to return without something by which to remember the first day of the 1938 season.

The Sea Devils, a newly formed club of ardent young anglers, spent the opening day at Pennwell on the Musconetcong River and fared well.

High catch for the club was made by Ray Hageman, with twelve fish, all but six of which he liberated. Ray also took top honors of the club for the biggest fish, having caught a twelve and one-half inch rainbow trout.

Fred Paas ran a close second with a twelve-inch brook trout.

Herb Jenkins took third honors with a native trout, the fish being just short of twelve inches. Harold Wade hooked his way to fourth place with an eleven and one-half inch native trout.

The party composed of Julius Paas, Herb Jenkins, Charles Haley, Bob Haley, Jimmy Anderson, Bill Thetford, George Hageman, Harold Wade, and Ray Hageman crested forty-one trout. A trip Sunday to Pennwell by some of the members proved futile.

League Managers Aver

Newark Club Holds

Advantage

With the barrier having gone skyward, the race for the 1938 International League pennant is on. All eight managers in the race believe they have a chance to cop the gon-falon. Seven, however, admit the team to be stopped is one that Manager Johnny Neun of the Bears has moulded together. Neun admits he has a powerful club, both on the defense and offense, but is making no pennant claims.

The Bruins have plenty of power with the bats, and the new hands have done exceedingly well. Les Scarsella at first, Ham Schulte at second and Buddy Blair, all newcomers are expected to be the big guns, along with Jimmy Gleason, Bob Seeds, Charles Keller and Bulldog Rosar, members of last year's wonder team. Scarsella, has an eye on a big league job for next season. He hopes to earn it by a great year with the Bears. Schulte has done well and so has Blair. The latter, once he settles down should be one of the most valuable men on the team. May, at third, is really a veteran, for he has been with Newark several seasons, outside of last year, when he was on the Pacific Coast. The four form the standout infield of the league.

All of the other positions are well covered. The outfield is the same as last year, Keller, Seeds and Gleason, Buddy Rosar, another vet is the first string catcher and his assistant will be Clyde McCullough. While the Bears have a good pitching staff, some changes may be made in it. Maybe before Sunday, for help has been promised from the New York Yankees. With one or two more seasoned hurlers the Bears would be set for a gruelling campaign.

The Buffalo Bisons are winding up their initial stay at Ruppert Stadium, Saturday afternoon. Then on Sunday, the Toronto Maple Leafs, headed by Manager Dan Howley, come in for a three-game stay. Howley has a young team and thinks it is going to be one of the surprises of the campaign. With the Leafs is Bill Urbanski, the Perth Amboy tonsorial artist. Bill is no stranger in the league, for he is coming back after a five-year stay with the Boston Bees in the National League. In former days, Urbanski was always poison to the Bears. Howley expects to make some changes in his club and is hoping for help from the Detroit Tigers, before the series with the Bears commences. The Toronto skipper believes his outfield of Fred Petoskey, Bobby Porter and Edward Mayo Smith is as good as the Bears. On his hurling staff he has such veterans as John Bolly, Earl Caldwell, Emiel Meola, Joe Mulligan, Art Upp and Johnny Wilson. Listed as a catcher with the Leafs is Walter Klimczak, former Yale College infielder. Howley contends, in the Yale boy he has the find of the year.

Following the departure of the Montreal Royals, headed by Rabbit Maranville, will come in for four days. Baseball experts are almost unanimous in the belief, the Royals will give the Bears the stiffest opposition. The Royals this year, appear to be stronger than last year when they finished second. One whom Maranville is counting on in keeping the Royals in the race is Norman Kies, former Bear catcher, who appears to be in the best condition of his career.

cellent fisherman, netted six nice trout in the Flatbrook River, using dry flies.

Al Riddell, trout fishing, Saturday, took a brown trout from the waters of the Flatbrook, with a dry fly.

Hal Burnley captured a twelve-inch brown trout from the Rockaway River. Dudley Hack, twelve years old, caught a sixteen-inch rainbow trout from the Flatbrook River last Friday.

As the season lengthens, dry flies will be used more and more.

Official 1938 Bow of Speed

Demons Set for

Sunday

READING, April 22.—With every section of the United States represented by its ace drivers, automobile racing on the Eastern A. A. sanctioned circuit will make an official 1938 bow on Reading's fast fair grounds track Sunday afternoon.

Heading the far western delegation will be Chet Gardner of Long Beach, Cal., with his brilliant new Miller car, which is expected to be a sensation on the major circuits this year. Oldest active licensed American driver, Gardner still ranks in the top flight of American speed kings, both on dirt tracks and speedways, and is one of the oldest members of the Champion 100 Mile an Hour Club.

Middle western racing enthusiasts will have Tony Willman of Milwaukee on which to pin their hopes. It was Willman who carried away top money in the 1937 Reading inaugural and was one of the most consistent winners on all types of tracks, both in the east and middle west. William now owns the fast Cragar car, which he drove last year for Johnny Bagley and which was formerly piloted by the late Doc Mackenzie.

Out of the south will come the Tadlock brothers of Norfolk with two beautiful new cars in which they expect to uphold the fame of Dixie. At least a half dozen southern drivers will be in the line-up of starters, but it will be Monk and Eldridge Tadlock who will be expected to lead the pack.

As usual the eastern states will have the strongest representation with the veteran Bobbie Sall of Paterson, the little former champion, Frankie Bailey of New Brunswick, Henry Guerdan of Elizabeth, Walt Ader of Bernardsville and some dozen others all ready to turn back the challenges of the invading stars from the west and south.

Sall will drive his great Miller car, Bailey will also have a Miller, and Guerdan will drive Bill Drake's famous "99."

Senators Win from Newark Park A. C.

Local Essex League Team

Shows Rare Form in

7-4 Victory

The Belleville Senators A. C., which will represent Belleville in the Essex County League, won another game Sunday at No. 7 School Field, defeating the Park A. C. of Newark, 7-4. Coach Marty Mallack used sixteen players, four of whom were hurlers. All the Park Club runs were unearned, resulting from erratic fielding on the part of the Belleville Club.

Two new players who caught Coach Marty Mallack's attention were Ed Halstead, one of the best shortstops in Newark for the past few years, who played with some of the leading Newark clubs and is now a Belleville resident and Frank Lowe, a third baseman, a local fellow, whom all Belleville baseball fans know. Lowe lead the hitting attack with three safeties. The hurlers allowed the Parks but four scattered hits. One of the main features of the game was a home run drive by Slim Boryszewski, Belleville catcher, with one man aboard. Another was a sensational catch by Joe Metz in left field. The Belleville Club ended the game with a fast double play when a fly was hit to left field from which position Barnett threw to first to nip a runner off the initial sack.

The Belleville Senators Sunday will oppose the strong Hawthorne Athletic Club at home, game starting at 2:30 P. M., in which Coach Mallack will use full squad to test playing ability of members and also give a few more members tryouts.

Nutley Midgits Plan

Star-Studded Field

Jack Moon, Veteran Dare-

Devil, May be "Dark

Horse"

Midget auto racers will be back on the Nutley velodrome track Sunday afternoon, when Promoter John Kochman presents another of his speed meets on the only outdoor track used for the mite machines in this country.

In that star-studded field which will line up at the Nutley speedway for this meet, one ace is regarded as potentially the top "dark horse" possibility. That would be Jack Moon, the veteran dare-devil and stunt man, who has emerged unscathed from hundreds of dangerous exploits, and who is now one of the drivers in the midget car ranks.

For years Moon indulged in one breath-taking peccadillo after another. Some time it would be a one-man stunt show on motorcycle, then he would ride a machine through a tunnel of fire, and on several occasions he drove a motorcycle over a string of autos. And when not busy risking his neck in that fashion, he drove in auto racing competition.

The Garfield, N. J., Hungarian entered motorcycle racing on cinder tracks as the result of a dare and although it was his initial taste of such competition, actually won the race—and set a new record for the distance on the Hinchliffe stadium track in Paterson. Last year he began to attract attention in midget car racing and this season is regarded as one of the outstanding aces in the field.

Sunday afternoon at Nutley he will be intent on capturing the main event victory. But he will have to contend with a powerful line-up, including such drivers as Paul Russo, Duke Nalon and Tony Bettenhausen, all of Chicago; Ernie Gessell, national circuit champion from Hollis, L. I.; Bob Sall, Paterson, N. J.; Vern Orenduff, Tallahassee, Fla.; Red Redmond, Atlanta, Ga.; Tommy Hinner-schitz, Laureldale, Pa.; Mike Josephs, Philadelphia, and Art Vreeland, New Haven, Conn., among others.

Time trials on Sunday will start at 1:30 o'clock, with the first race of the afternoon set for 3.

Night Owls' Dance

The Night Owls, a local club, will hold its seventh annual dance on Saturday night, April 29, in the Continental Hotel ballroom, Newark.

Daly Stars

John Daly, son of former town clerk and Mrs. John J. Daly, now of Newark, was an outstanding player for Manhattan College, where he is a senior in a baseball game Saturday with Columbia University, which Manhattan won, 13-1.

John was mentioned as an "ace" catcher in the New York paper and had his picture in the Sunday paper. He scored two runs for Manhattan, a feature of one of the runs was when he stole home.

Eagles Outclassed by

Newark Zemans, 7-0

Local Club Let Down With

Two Hits in First

Game

Behind the spectacular pitching of Viscito, the Newark Zemans defeated the Belleville Eagles, 7-0, Sunday. He struck out seventeen batters and walked one. Two hits were garnered by the Eagles off his delivery, Gonnello and Duva getting singles. Viscito never was in trouble and had the home boys eating out of his hands.

In the first inning the visitors scored twice on three errors and two hits. They clinched the game in the fourth inning, scoring four tallies. They added the final tally in the fifth.

Despite the defeat of the Belboys, the twirling of Johnson, who relieved Goggia, was very good. He fanned eight batters in the five innings he pitched, but the effort was wasted as the Eagles were helpless against Viscito's slants. Bunting stars for the Zemans were Viscito and Balbano, each garnering two hits.

Next Sunday morning the Eagles will play the Webster Cubs a morning game at Belmont Park. The game will start at 10:30. The afternoon game at the Eagles' field will start at 3 P. M. They will cross bats with the Ludas Club, Lyndhurst.

Pittsburgh Plate Glass Loses

Two and Chance to

Head Loop

With one night of bowling left in the Manufacturers' League, R. C. A. has replaced the team of the Pittsburgh Plate, who were the champions the past two years.

The Pittsburgh team lost two games to National Bow, creating a tie for second place with Wallace & Tiernan. Friday night will break the tie as the teams meet. There is also a tie for fourth place with the Viking Tool and the Waters Public Works.

Easter Egg Sale Conducted at Wesley Church Under Supervision of Mrs. Evelyn E. Dorman

Local Woman Has Conducted Project Which Has Involved Making of 27,000 Eggs, Paying Off Oil Burner Debt

Making Easter eggs is my hobby, commented Mrs. Evelyn E. Dorman, 188 Cedar Hill avenue, after having supervised and taken part in the making of 27,000 Easter eggs and 175 pounds of butter crutch.

The manufacture of the candy is an annual affair and it is accomplished by fifty women, working day and night, in the recreation room of the Wesley Methodist Episcopal Church.

For the two weeks before Easter Sunday, the women had arrived at the church at 9 A. M. and left at 12 o'clock midnight.

This year, which is the eighth annual project the profits of the candy-making amounted to about \$700, which paid off all but \$200 of the debt of the \$2,400 oil burner installed in the church in December.

Mrs. Dorman motivates the project by her presence. Besides supervising the candy-making she planned the lunches and kept track of the names of the women who worked on the confection making.

The whole business is sponsored by the Young Women's Auxiliary of the church, of which Mrs. Dorman was president for two years and of which Mrs. Robert Conklin, one of the workers, is now president.

Mrs. Dorman calculated that she used in the candy making, the recipes of which are her own secret, 2900 pounds of sugar, 436 cocoanuts, 330 pounds of chocolate, 240 pounds of butter, 50 cans of evaporated milk and five gallons of vanilla extract.

She confines the making of the sweets to butter, cream and cocoanut chocolate, covered eggs and butter crutch, the buyer's name being inscribed on the eggs if they so desired. Butter crutch was made for the first time last year.

Mrs. Dorman, who is the wife of Frank Dorman, a salesman, was born in Bloomsburg, Pa., moving to Millersburg and then to Philadelphia

early in life. She stayed in the latter city nine years and then moved to Kearny, where she lived for eighteen years. She has lived at the Cedar Hill avenue address for the past twelve years and has been chairman of the blanket club, a branch of the auxiliary, for the past eight years. This club paid off, by means of dues, most of the expense of the oil burner.

Eggs were sent to Florida, Canada and even to California. The first year of the candy-making just \$100 was clear, the eggs being made at Mrs. Dorman's home.

The committee in charge of this enterprise includes Mrs. Edgar M. Compton, Mrs. Emmett Goody, Mrs. A. E. Mitchell, Mrs. Frederick Schofield, Mrs. Clarence Robst, Mrs. Malcolm Budd, Mrs. Conklin, Mrs. Howard Virtue, Mrs. William Pudney, Mrs. Ira Cornell, Mrs. George Davies, Mrs. Isabel Kurtz, Mrs. Christopher Peterson, Mrs. Anabelle Peterson, Marybelle Martin and Mrs. Dorman.

Mrs. Dorman has two daughters and a son, Mrs. Francis Hall, William, 16, and Evelyn, 10 and two grandchildren, Richard and Edward Hall.

epalities showed excellent records, but it should be noted that tax title liens held by municipalities were exonerated from calculations of delinquency. The ratio of total accumulated delinquent taxes at the close of 1936 to the 1936 levy is an index of how far behind cities are in terms of a full year's requirement in realizing their tax revenues. Of the eleven cities for which figures were available in New Jersey, three showed a ratio of total delinquent taxes at the close of 1936, to the year's levy of more than 100 per cent; five ranged from 50 to 100 per cent; while only three ranged from 0 to 50 per cent.

Hilltops To Open Against Wyandotes

Local Club To Play on Field Near Bears' Stadium

The Belleville Hilltops will open its baseball season tomorrow, when it meets the Newark Wyandotes on a field next to Bears' stadium.

Adolph Paul and Jerry Ringi will do the hurling for the locals, while Jerry Lepre and Vincent Sorrentino will take their turn at catching.

The infield will be composed of Bob Kenworthy, first base; Frank Carnevale, second base; Joe Costa, short stop; Joe Letruglio and Jim Capone, third base.

The outfield will be picked from the following candidates: Nick Altieri, Tony Torre, Phil Bartocci, Pete Torre, Caesar Prosperi, Joe Ciallallo, Jim Celano, Al Boniface.

Coach Frank Letruglio opines that the Hilltops will top most of the teams they play.

The team expects to play away until June, when the Belleville Park diamond will be ready for its use.

Boys, Do You Want To See the Bears?

Any boy, under fifteen years of age, who wishes a book of eight tickets for the Newark Bears game, may obtain them from their playground director, or from the recreation commission office in Jerusalem street.

The first game which the tickets are good for will see the Bears in action on April 30.

Auxiliary Notes

Mrs. R. Graham Huntington, county president of the American Legion, announces her official visits for the week as follows: Wednesday night she attended as guest of Montclair unit at its annual dance at the Meadowbrook, Cedar Grove; last night she attended the dinner of Mercer County to the Department President, Mrs. Russell B. Howell; tonight she will be at the show of East Orange Post and tomorrow night she will attend the dinner to the National Commander, Daniel Doherty in Union City.

Units are requested to make reservations for the National President's luncheon on May 10 in the Hotel Hildebrecht, Trenton, with Mrs. Albert Gee, West Orange. Plans for the luncheon are being made by Mrs. Huntington, general chairman of the committee. The guest of honor will be Mrs. Malcolm Douglas, Seattle Washington.

Plans are nearing completion for the dance to be held on Thursday night, April 28, at the Meadowbrook, Cedar Grove, in conjunction with the Essex County American Legion. Arrangements are in charge of Mrs. Ann Shuster, Nutley, for the auxiliary and Jerry Knies, Bloomfield, for the legion.

Mrs. Helen La Baugh of Overlook avenue, is receiving reservations for local members and their friends who would like to attend this luncheon and meet the national president.

Mrs. Charles Hoffman, unit activities chairman, has completed plans for the American Legion auxiliary party at the Legion Chateau, Monday at 8:30 P. M. Proceeds will be used for local welfare work of the unit. A large crowd is expected.

Legion Pilgrimage. The annual pilgrimage of the New Jersey Department American Legion and auxiliary to Washington will be held May 1. Memorial services will be held at the Tomb of the Unknown Soldier. Dr. J. Iradell Wyckoff, department commander, and Mrs. Russell B. Howell, department auxiliary president, will speak.

The Essex delegation will leave the Pennsylvania Station at 7:30 A. M. The state committee includes: Leo F. Honore, Union City, chairman; Gregg L. Frost, Springfield; Russell Pike, Maywood; George M. Leach, Hammon; Russell B. Howell, Highland Park; William T. Grimshaw, Passaic; Scott E. Turner, Basking Ridge; Harry E. Watt, Franklin; Frank Matthews, Camden, and James A. Burns, Irvington.

Opportunities offered by the Citizens' Military Training Camp this summer are being pointed out to young men throughout the country by the American Legion auxiliary as enrollments for the camps continue, said Mrs. Elsie Ackerman, chairman of the national defense committee of Belleville unit of the auxiliary. The auxiliary not only is taking an active part in encouraging young men to attend the camps, but will offer awards to the trainees making the best records at many of the camps. The auxiliary also worked with the Legion to prevent reduction of appropriations for the C. M. T. C., as present appropriations are insufficient to allow all applicants to attend the camps. Young men planning to attend this summer should make application at once, Mrs. Ackerman said, because the camp quotas are over filled every year.

THE OUTDOOR WORLD

By Bob Bangert

'Speaking about "getting away with murder" the cats around here are going right to town. Already this season many birds have been killed by these sweet pets. Cats might be alright if they are taken care of. Cats have a sneaky way of getting in back of our feathered friends and killing them from behind. Why not foil these killers by simply putting a bell around their neck? Not a big cow bell, just a small one will do. If you do not do this your cat's life isn't worth a plug nickel, for I am sure if any sportsman saw your cat killing a bird it would be good night cat.

Well, fishing season has rolled around again. Last Friday thousands of ardent fishing fans lined the shores of our New Jersey streams. It was a beautiful day and the fishing was swell. Many went home with the limit. Most of the fellows were using worms and some were using liver. Late in the afternoon some

started using spinners and flies. All had their own personal holes and made sure they got to them early. I think every one would have had a swell time even if the weather had been bad. There is something about getting out into the air of the woods and spending a day of laziness out in the outdoor world that is second to none.

Suppose you had worked hard all winter to save your shrubs from the cold and then had them ruined by your neighbor's dog. When you take your dog out for a walk, why not walk him to the nearest lot. There are not many places in this town where there are no lots to be found close by. The town has done its part by not allowing any stray dogs to run over your lawns and gardens. How about doing your part?
