What Happened to the \$6,000  
For Additional Special Class?That's What School Board Pondered  
Over Monday Night

The Board of Education Monday night spent a long while—in fact, until the early hours of Tuesday morning—discussing establishment of another opportunity class in Public School No. 8, hiring a teacher for it and also establishment of a class in sight conservation, which also will require a teacher.

Everything seemed ironed out—

and that was a difficult problem, too, as regards hiring the teacher for the first class—along about midnight, when the sight conservation class suggestion was made by the Teachers' Committee, the chairman of which is School Commissioner Charles A. Gebhardt, Jr. Business Manager Ruel E. Daniels upset the equilibrium of the board members when he queried "Where is the money coming from? It isn't available in the budget."

This occurred after the board had passed resolutions hiring Simon Slavin—New York, a beginner, for \$1,400 for the opportunity class for children above twelve years, the original class taking care of youngsters under that age and establishing the sight class and authorizing Supervising Principal Wayne R. Parmer to find a teacher for it, also at \$1,400.

Parmer insisted the amount was in the budget. Commissioner Mary Sheldon thought likewise and the rest of the board admitted they didn't know whether the amount was included.

## Hunting For \$6,000

While the members went on with routine work, Daniels checked a copy of the budget and the \$6,000 appropriation as recommended by Parmer for the classes was not included, although a recommendation of Parmer showed it was thought advisable at budget making time to include it. \$3,000 had been set up for the teacher of the original class, but with her salary set at \$1,700 there remained only \$1,300 for Slavin and a teacher for the sight class.

At this stage of the game the board decided it could hire Slavin with the \$1,300, plus \$500 which the State contributes outright for the original class teacher. It was decided that the \$400 balance could be used for supplies. Then came the sight class teacher problem of funds. Mrs. Sheldon unearthed \$1,000 when she said at the present time this amount is being expended on transportation for the same children who could be taught here. \$500 additional will come to Belleville from the State for Slavin, because he has been placed on the job before October 1, the deadline to get the grant.

## Slavin Lands A Job

Slavin only got into the system by the grace of having studied opportunity class work at Columbia and the College of the City of New York. He has had no teaching experience, but, according to County Superintendent Lawrence Chase, who attended the meeting, "that should not class him as inefficient, because his crafts training is what the class may benefit from."

"That's it," said President Herbert C. Schmutz. "We hire these fellows from New York without experience—they get it here and then leave. Why was this brought up at such a late date, anyway?"

Parmer said that he had been told to keep the teacher's salary at a certain level and he had had a difficult time locating anyone for the job. Applications, none of which were satisfactory, except a "New England teacher" who wouldn't consider "anything less than \$2,000 a year," had been pouring in since last spring. Parmer and Chase both said there is a shortage of teachers for special classes.

"If you want to spend more money, I can get a more experienced teacher," Parmer said. "But I think this man can show enthusiasm and work with the present teacher to our advantage. If he doesn't you can fire him. He can be hired on a per diem basis until such time as he proves to you he is entitled to a contract."

And, after much more ado

MAY ESTABLISH  
ADULT EDUCATION  
CLASSESGebhardt Tells School Board  
Of Plan That Is  
Under Way

Adult Education classes may be established in Belleville if a plan of School Commissioner Charles A. Gebhardt, Jr., carries through.

The commissioner explained Monday at the school board meeting that the Teachers' Committee, of which he is chairman, has studied similar classes in Irvington and South Orange and a detailed plan will be submitted shortly for "a step in the civic betterment" of Belleville.

"Many residents of town have suggested such classes," said Mr. Gebhardt, who feels a citizens committee could help organize the classes, under supervision of the school authorities.

MANY EXPECTED  
AT SOUTH END  
CELEBRATION

About 150 persons are expected to attend a celebration planned Saturday, October 1, at 200 Mill street, corner Bridge, by the South End Improvement Association. A roast beef dinner and refreshments will be a feature. There will be entertainment. A large committee has been named by President E. F. McFadden to make arrangements.

Several new members were admitted to the club at its regular meeting Wednesday evening.

POLICE CHASE PAIR  
IN STOLEN CARMany Report Thefts Here  
In Last Few  
Days

Carreening wildly in a police car through Belleville streets into Bloomfield, Patrolmen Crutcher and Gross, early Monday morning gave chase to two occupants of a stolen car.

The stolen car was abandoned in Orange street, Bloomfield, after its occupants had crashed into the curb and made their getaway by running through rear yards.

The police were cruising in Newark avenue near Salter place when the other car approached. The occupants machine acted in a suspicious manner and the chase started in Newark avenue to Harrison street to Franklin street, to Bloomfield where the crash took place.

Authorities traced the license of the car to Mrs. Felicitia Pittelli, 136 Smallwood avenue, who said she had parked it in her driveway about midnight and it had been stolen between then and 5 a.m. when the chase (Continued on Page 5)

## Hartley Guest Here

Congressman Fred A. Hartley, Jr., will be guest of honor of the Universal Drum and Bugle Corps of Belleville at its second annual competition and dance tomorrow at the Belleville Elks' Home. The committee includes David Reynolds, Frank Donnelly, John Conochan, James Burke, William Martin, Harry Knott and Elmer Pearce.

## Runs Into Trench

James McFadden, 35 Morgan place, No. Arlington, was uninjured police say Tuesday when he drove his car into an open trench in Terry street. The front bumper was ripped from the car.

From Husband In  
Driveway

Held up by three generous minded thugs, two of whom had guns, William Natale, 35 Jeraldo street, was relieved of fifty-five cents Tuesday night as he and his wife entered their driveway in their automobile. Natale also parted with a set of keys.

As the couple entered the driveway and were about to stop their car they were ordered out by the trio, all of whom wore masks. Mrs. Natale pleaded that they not injure her husband and offered her purse with \$6 in it.

The hold-up crew refused to take the money and stalked off into the darkness.

STORM CUTS SWATH  
THROUGH TOWNOver 100 Trees Felled,  
Window Blown In,  
Wires Lowered

Lashing out in its tailend fury, the hurricane which swept up the Atlantic Coast reached Belleville about 4 o'clock Wednesday afternoon, felling over 100 trees, laying low electric wires and disturbing the equilibrium of an otherwise peaceful community, nestled along the banks of the Passaic. This climaxed almost a week of rain.

Reports to police and fire officials fail to disclose any injuries from the storm although a tree fell in Joralemon street near Linden avenue on the roof of an automobile being driven by William Mishkind, 49 Berkeley avenue, damaging the top of the car.

Immediately following this uprooting, several other trees nearby fell like ten pins as police and Shade Tree Department employees went to work removing the debris. Late Wednesday night two trees hung precariously on electric wires and, consequently, authorities roped off the street and closed it to traffic from Washington avenue to Linden.

Police wires were kept busy in the late afternoon as calls of fallen trees, poles down, blown-out windows and sundry other disturbances were reported.

Meantime, the Passaic River strained to overflowing along Main street near Mill and Second River raced in its mill-stream proportions, as it turbulently found its way to the Passaic. A cave-in occurred along the Second River banks near the Hendricks' Copper Rolling Mills.

Trees fell on houses at 250 Ralph street, 113 Union avenue, where one crashed through the roof, 12 Clinton street, 135 Fair- (Continued on Page 5)

ARCHBISHOP  
BLESSES BELLSSt. Anthony's Plans Ceremony  
For Next Thursday  
Evening

Rev. Cataldo Alessi, rector of St. Anthony's Church, Silver Lake, announces that the three new bells, which have been obtained for the church edifice, will be solemnly blessed by Archbishop Thomas J. Walsh of the Newark Diocese next Thursday evening. The ceremony will start at 7:30 p.m.

An outdoor festival in honor of St. Gerard Maiella will take place tomorrow and Sunday. The festival committee, under the leadership of Anthony Cocco will set aside the proceeds for furnishing the convent for four Filippini Sisters, who have taken up permanent residence at St. Anthony's.

The second annual Novena in honor of St. Theresa of the Child Jesus will begin Sunday and continue until Monday, October 3. The services will begin each evening at 7:30.

Devotions in honor of St. Theresa of the Child Jesus will be each Tuesday evening at 7:45.

Beginning the first Sunday in October there will be a change in the time of the Sunday masses. Heretofore the masses have been at 7, 8, 9 and 11 o'clock. The change makes the schedule 8, 9, 10 and 11:15. Children's mass will be at 9.

## TIT FOR TAT!

"There is reason to establish a rifle range in one of the schools," opined President Herbert C. Schmutz, who said that School Commissioner Charles A. Gebhardt, Jr., "needs some practice according to a report in last week's Belleville News. 'Gebhardt,' he said, 'had shot off the door of his automobile while aiming at a snake, which was draped over his barn door at his farm in Sparta. 'And speaking of Adult Education,' bantered Gebhardt, 'I read in the same paper that our president can't steer a boat so well. Maybe we could have a course in navigation—just for him.'"

RAISE TUITION  
RATES HERE TO  
OUT-OF-TOWNERSResolution Of Lynch Passed  
Monday By Board  
Of Education

Rates of tuition to out-of-town-ers were raised Monday night by the Board of Education through a resolution submitted by Commissioner James M. Lynch.

From now on instead of \$80 in the grammar schools, the charge will be \$90 and in the High School, \$120, instead of \$80. Pupils who have already entered will be charged at the old rate, but any new entrants from last Monday on will be assessed at the revised figures.

Mr. Lynch pointed out that figures show it costs almost \$120 to educate a high school pupil here each year and the grammar school cost figure is near the revision amount.

The board concurred in the naming by Supervising Principal Wayne R. Parmer of Herman Wischoe football coach, while Coach Frank Smith is recuperating at his home from a recent illness.

Sixty Belleville teachers have already submitted to the Mantoux test for tuberculosis and certificates will be presented to the supervising principal by others, showing that they had been examined during the summer by their own physicians.

NOLL ASKS FOR  
PARTY HARMONYSays Republicans Should  
Now Unite For General  
Election

Director of Parks and Public Property Louis A. Noll, who was in charge of the campaign of the Suburban Group ticket here Tuesday in opposition to the Clean Government with Director of Public Safety William D. Clark urges Republicans to forget their differences and organize a united front for the general election in November.

"It behooves all of us to put our shoulder to the wheel to see that the ticket is elected in the general election," he said. "Regardless of Primary support given, we should now get behind Assemblyman Zink and the ticket to put it across. It was a grand contest on Tuesday and there can be no hard feelings, even though a few personalities flew."

Debate Use of Gymnasium  
By Recreation CommissionSchool Officials And Town To Go To  
The Mat Once More

There'll be a hot time in the old town between now and October 1.

And, it all hinges on that time-worn controversy between the Board of Education and Town Commission as regards which should pay the cost of recreation activities in the high school during the winter.

Many times the authorities have answered the gong, heralding ding-dong battles and, on each occasion, the setto has ended in a no-decision affair or, if you will have it that way, a no-hit, no-run, no-error game.

DANIELS TO ATTEND  
CONVENTION OF  
BUSINESS HEADS

Schools Business Manager Ruel E. Daniels will attend the convention of the National Association of Public School Business Officials in Chicago, Ill., on October 10-14.

President Herbert C. Schmutz is also planning to attend.

## Struck By Auto

Rocco Damiano, forty-six, 169 Verona avenue, Newark, was taken Sunday by Patrolman John Flynn and Fireman White to St. Mary's Hospital, Passaic, with a possible skull fracture and right leg fracture after the man had been struck by an automobile being driven in Valley street near Holmes by Walter W. Davies, eighteen, 34 Harding avenue, No. Arlington.

## Attends Duffield Funeral

School Commissioner James M. Lynch, who is an official with the Prudential Insurance Company, Wednesday afternoon, attended funeral services for Edward M. Duffield, president of the company, who died Saturday.

The latest episode was ushered in Monday night at a lengthy meeting of the Board of Education where everything seemed to go wrong—even to passage of resolutions and hiring of teachers on recommendation of the Teachers' Committee—without any concrete knowledge that there were funds to thus proceed. But, that is another story and is told elsewhere in this issue.

## Want To Co-operate

The school authorities want to co-operate, they say, with the Recreation Commission in use of the school gymnasium, but the hitch lies in the fact that it costs money to open the building for four hours-five nights a week, as the "rec" boys request, and the school authorities made no provision in their budget to pay the cost. The school officials, however, do feel that it is possible to "dig up" enough funds to carry the project on a four-night-a-week basis until, "we will say" January 1 when the Town Commission has its annual headache of shaping its budget. The Board of Education will grant use of the building four nights only, reserving Friday evenings for school affairs.

"If at all possible," opined President Herbert C. Schmutz, after the matter had been broached by Commissioner Wal- (Continued on Page 5)

PUPILS DISPLAY  
SUMMER WORKAwards Will Be Made  
To Winners At  
Passaic Avenue

The pupils of Passaic Avenue School have an interesting display in the school library, the result of their Summer activities along lines of science, reading, art, handicraft and hobbies. Over eighty units have been entered.

Prizes will be awarded today to the following children, in the general assembly: Science, Marjorie Wyre, a collection of moths; reading, William Kitchell, a literature notebook; art, Ernest Ritchie, a burned and colored figure in wood; handicraft, Suzanne Seiler, a child's hand-made dress.

Honorably mentioned are Lavene Outcalt for a literature notebook, Phyllis De Sturco, hand crocheted scarfs; Bertie Mueller, scrapbook on Robin Hood; Albert Best, science scrapbook; Leonard Hicken, bird house; Nancy Gardiner, collection of flowers and ferns, and Margaret Bianco for a collection of sea shells.

Belleville Has First Chance  
In Its History For Honor

## Senate Timber

Assemblyman Homer C. Zink

United Effort In Making To  
Put Assemblyman  
Up Top

"Homer Zink for Senator" is the battle cry here, as Belleville for the first time in its history finds a "local son" high up in the political limelight as a result of Tuesday's Primary.

A united drive will be started in Belleville for the November Primary to place Zink "over the top." This is the slogan which has already been adopted by Republicans and many Democrats.

Sweeping aside all opposition, Belleville's assemblyman, who made an enviable record in Trenton, upset threats to unseat him for political maneuvers and today stands head and shoulders above all leadership in the Republican ranks in Essex County. He is filling the shoes of Rev. Lester H. Clee, senator, who has withdrawn from active participation in politics.

Assemblyman Zink rode to a brilliant victory in Belleville, as well as elsewhere in the county.

Expected opposition was negligible as the entire ticket ran from two to two and one-half times ahead of the Suburban Group bracket, headed by James Clark, Maplewood Township Committee member, brother of local Director of Public Safety William D. Clark. The Clarks pitted their strength here against Zink with Director of Parks and Public Property Louis A. Noll also opposed.

While the vote in Belleville was light, largely due, it is said, to the inclement weather, Zink received a total of 1,500 votes, against 578 for Clark. With no opposition Congressman Fred A. Hartley, Jr., polled 1,540 votes. Senator Barbour received 1,096.

Assemblyman Young, who was running for sheriff on Zink's ticket, received 1,346 votes, against 681 for the Suburban standard bearer, Joseph Giuliano, and eighty-five for Fred T. Lehmann.

The assembly slate of Clean Government ran correspondingly high. The Freeholder tally was as follows with the three Clean Government candidates listed first: Lindeman, 1,276; Rawson, 1,325; and Van Duyn, 1,297; McReil, 658; Smith, 539, and Bamberger, 567.

## Democratic Results

Not to be outdone, the Democrats had ten district battles which resulted as follows: First Ward, First District, Anthony E. D'Angelo, 49; Daniel Spillane, 95; Rose Hoag, 53, and Emma M. Korn, 66. Second District, Joseph A. Dimick, 44; Thomas Gorman, 93; Annie E. Langmuir, 44; Florence Bleikiehl, 87. Third District, Daniel Gerard Hanrahan, 105; Frank De Bonis, 79; Cecilia A. Bove, 11, and Olga Avazier, 57.

Second Ward, Second District, Harry E. Ward, 137; John H. Baney, 100; Catherine Monaghan, 81; Catherine Ward, 161. Third District, Joseph A. Williams, 24; O. Harry Citarella, 38; Zita Mc (Continued on Page 5)

### LIFTING THE SHADOW OF DREAD

The discovery of Anti-Toxins, Serums and Vaccines is one of the accomplishments of Medical Science, of which all Doctors are proud, and for which they are profoundly thankful. These have helped to lift some of the dread, which parents endure during the infancy and early childhood of their youngsters.

It is almost criminal these days, for children to be left to the mercy of common but deadly diseases, such as diphtheria, emphysema, and lock-jaw, with preventive serums easily available. Many deaths, grave illnesses and life-long after effects can be avoided by proper attention and timely immunization.

Consult your Doctor and protect your children against these drains on growth and development.

## Usher In Jewish New Year, Rosh Hashonah, Special Services Sunday

### Locally Rabbi Dobin Plans Out- standing Program At Synagogue

The Jewish New Year, Rosh  
Hashana, will be ushered in by  
Jews all over the world with spe-  
cial New Year services in all syn-  
agogues and temples this Sunday  
evening. The new year 5699 will  
be observed on Monday and Tues-  
day as well.  
Rosh Hashana, which literally  
means "the head of the year," is  
celebrated on the first and second  
days of the Jewish month Tishre.  
This day marks the anniversary  
of the creation of the world,  
which occurred, according to tradi-  
tion 5699 years ago.  
In the Bible the holiday is re-  
ferred to as the Day of the Blow-  
ing of the Shofar, "Yom T'ruah";  
the Day of Remembrance, Yom  
Hazikoron, and the memorial of  
the blowing of the Shofar; "Zich-  
ron T'ruah." It is also considered  
the Day of Judgement, "Yom  
Hadin," when all mankind is

and assisted by young men. All  
young people are invited.  
A rummage sale will be held  
by the women of the church on  
Washington avenue, September  
27, 28 and 29. Place will be an-  
nounced later.  
A Tom Thumb wedding will  
be given October 7 under direc-  
tion of Mrs. E. C. Reock.  
The consistory of the church  
met in special session Monday  
night and awarded bids for the  
new boiler for the church. A  
new chimney has to be erected  
for the new furnace.

judged by the creator, and the  
fate of each individual is in-  
scribed in the Book of Life.

### Ten Days of Penitence

Rosh Hashana also inaugu-  
rates the Ten Days of Penitence  
"Aseres Y'me Teshuvah," the  
most solemn season in the Jewish  
calendar, which has been set aside  
for retrospection and self-exam-  
ination by every individual Jew.  
Yom Kippur, the Day of Atonement,  
which ends the Ten Days of Peni-  
tence, falls this year on Wed-  
nesday, October 5.  
The High Holydays, or the  
"Yomin Noraim," as they are  
known in Hebrew, differ from the  
other Jewish festivals, in that  
they are neither historical or agri-  
cultural in origin. They concern  
the Jew primarily as an individual  
rather than as a member of a  
group and are therefore universal  
in character. The observance of  
these High Holydays is character-  
ized by a feeling of solemnity.  
Jews everywhere gather for and  
participate in communal worship.  
With the arrival of this period  
of the year, every Jew becomes  
spiritually moved. Under the in-  
spiring influence of Rosh Hash-  
ana, all Jews begin to take an  
accounting of their acts during  
the past year. They commence  
to make preparations for the  
searching of these solemn days.  
New resolves are made and better  
lives are planned. The philosophy  
of Rosh Hashana stimulates a  
desire for the greater, and the  
more meaningful life.  
This year, special emphasis is  
being laid on the responsibility of  
the individual Jew to his people.  
The unfortunate plight of his fel-  
low-Jews in other parts of the  
world, as well as the disturbing  
influences in the Jewish Home-  
land, Palestine are being brought  
to their immediate attention. The  
important note to be sounded this  
Rosh Hashana is steadfastness  
and firmness. The Jewish people  
are admonished to keep their  
courage in face of all difficulties,  
and to carry forward their battle  
for justice resolutely and con-  
sistently.

### Traditional Customs

Among the many traditional  
customs observed during Rosh  
Hashana are exchanging of New  
year greetings in Rosh Hashana  
eve, after the service; the eating  
of sweet apple dipped in honey  
to symbolize the "good and sweet  
year" which is everyone's wish;  
the blowing of the Shofar, the  
ram's horn, at the Synagogue ser-  
vice, reminiscent of the ram  
which was sacrificed by Abraham  
instead of his son Isaac on Mt.  
Moriah.

Another ancient custom ob-  
served by pious Jews on the first  
day of the holiday is the "Tash-

## ZINK FOR SENATOR

Belleville Republicans Tuesday in the Primary showed in no undecided manner that they favor continuation of the excellent work which Assemblyman Homer Zink has done in Trenton by designating him to represent their party in the November General Election as candidate for State Senator.

This is the first time in its history that Belleville has had anyone seek the honor of representing Essex County in that position. It behooves all of us to put our shoulders to the wheel, as Director of Parks and Public Property Louis A. Noll suggests. Noll opposed Zink in the Primary with the Suburban Group, which was clearly outvoted by the Clean Government slate. This is a fine spirit of sportsmanship on Noll's part and what all Republicans expect.

It will not be surprising, too, to see many Democrats cast a ballot for Homer Zink. Belleville has had a very capable and energetic public official in the assemblyman, who does what he thinks is right, regardless of political consequences.

Here is an opportunity for the town to do itself proud as Mr. Zink has done by the town. It is our chance to put Belleville on the map in a big way. Zink won't let down Belleville. Let's not let down Zink.

We may be the object of criticism for saying it—but here goes—there is a pleasant picture for Belleville to view beyond the Senatorial sanctum. That is the governor's chair. If Zink makes the Senate, let's get behind him for Governor.

This is entirely possible. Why shouldn't Belleville cry from the houseposts that it has a resident in line as the chief executive of the state? Let's go, Belleville.

## SO FAR THE LIMB'S INTACT

The Board of Education placed itself right out on the end of the limb Monday night when it entered into a discussion about use of the High School gymnasium by basketball teams under supervision of the Recreation Commission. And, by thus doing, the same officials drew the Town Commission onto the same precarious spot. It is to be hoped the limb remains intact and no sawing off is done.

In brief, it appears that the Board of Education has insufficient funds to keep open the gym. There is no thought on the part of the school authorities that they do not want to go along, but they say they are broke in this respect. They are willing to open the school for the players, but the good, old town fathers will have to back them financially.

We don't know enough about finance, particularly in these days, to argue the point, but we do know that the best way to solve the problem is to iron it out amicably. There should be no chips, as in the past, on the shoulders of either board. A little round-table discussion—in a sensible way—is what is needed. Skepticism on the part of those who participated in other such discussions, only to be disillusioned afterwards, should be taboo. Down to work, boys, with your shirt sleeves rolled up and devise out a plan so that youngsters and even grown-ups may use the school gym for basketball.

## A NEEDED IMPROVEMENT

Belleville voters on Tuesday, will be called upon to ratify a bond issue of \$84,865 for an auditorium and gymnasium at Public School No. 3, which issue will also include installation of a new heating system in the school, the estimated cost of which approximates \$25,000. Thereby the town, if it so wills, may get from the Federal government, as a PWA grant, an additional \$69,435 for the work, the total cost of which runs to \$154,300. In brief, the Federal authorities will give Belleville forty-five per cent of the cost of the job, without any direct taxation on local property owners.

As Business Manager of Schools Ruel E. Daniels aptly puts it: "Other towns are getting aid, why not Belleville?" This seems a proper question, especially when the heating plant angle is considered. If Belleville rejects the measure the heating plant will have to be installed anyway. It is in poor condition. Without Federal aid the \$25,000 will be directly assessed against taxpayers here and then there will be no auditorium and gymnasium.

The State Department of Education has rejected the present auditorium as a hazard and fire trap. Last year parents, who attended graduation exercises in the school, were forced to raise umbrellas to keep off raindrops that filtered through a dilapidated roof. There does not seem to be much need to argue the cause of this improvement. Just one life lost in a fire in No. 3 auditorium would and should cause a flurry about the heart of anyone who votes against the bond issue. No. 3—one of the oldest buildings in town—needs the improvement. Let's have it.

## THE SUBMERGED EIGHT-NINTHS

Anybody who thought Congressman Fred A. Hartley, Jr. was joking recently when he said at a meeting of the Joseph King Association that the federal tax screws should be tightened another turn had better think again. He was serious, and so is the problem. The Congressman pointed out that the Federal Government no more than any business firm can continue to spend two dollars for each one taken in.

The first two months of the new fiscal year, the Federal treasury—despite the highest taxes in many a year—wound up with a deficit of \$646,648,204. Thus we start the ninth consecutive year of letting the Federal government live above its income. That just can't go on forever.

In 1938, all our governments—federal, state and local—will collect about \$13,500,000,000 in taxes. A lot of folks think that won't hurt them because they pay no income taxes. But the hard facts emphasize that taxes are paid in the sweat of every man who works.

## NEW SOURCES OF STATE REVENUE

What has happened to new State taxes collected since 1928?

In 1928, for the first time, came revenue in the form of taxes on motor fuels. Again, in 1933, following repeal of the Eighteenth Amendment, another broad new revenue source was opened up.

Combined income from these two new sources amounted to more than thirty million dollars in the fiscal year ending June 30, 1937.

Did these new taxes mean relief to, say, property holders and other taxpayers? Here are the figures:

In 1927, real estate taxes for municipalities, counties, and the State totaled \$217,194,886.21.

In 1937, real estate taxes totaled \$242,987,933.63.

In the face of the increase in aggregate taxation, ratables dropped from \$5,770,000,000 in 1927 to \$5,768,000,000 in 1937.

Admittedly, "unemployment relief" has drawn upon these new revenues but the fact remains that a considerable portion of the money collected from liquor taxes and gasoline taxes has gone the way of all new funds to support the State's spending policies. They have not been used to reduce real estate taxes, as is always promised when new State revenue is sought.

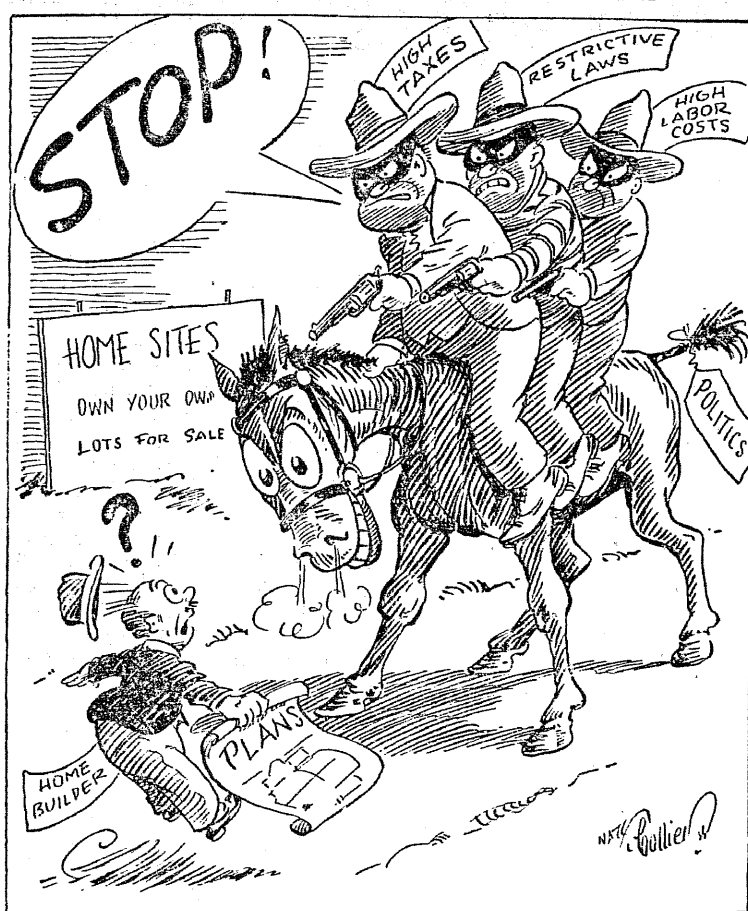

This proves the danger of the public submitting to constant pressure by politicians to create new forms of taxation, with the platitudes that these taxes will relieve the load on real estate. Experience in methods of taxation in this State, as well as others, gives conclusive evidence that new taxes always become additional taxes, and that the only way to relieve the tax load is through the road of strict governmental economy.

There is a natural human tendency in all of us to want new sources of income. Given any increase, we immediately find a place to spend it. Since the State government is composed of men with natural human tendencies, in addition to being subject to tremendous pressure from political job-seekers and spending interests, the State is equally prompt in finding new places to spend new revenue.

New Jersey is fortunate in being free from many taxes that burden residents of other states. For example, we have no sales tax, no personal income tax, no corporate income tax, no domestic corporation franchise tax and no industrial license or income tax on gross receipts. All the other forty-seven states in this country have at least one, and many of the states have all these forms of taxation.

To obtain the desired relief from taxation in this State, the New Jersey Taxpayers Association has long recommended a common sense approach to the problem.

## THREE MEN ON A HORSE

## IT'S IN THE AIR

by BILL CLAY

Put us on record as saying that "Information Please" is one of the greatest shows on the air. Messrs. Fadiman and Kieran have definitely proved that there is an audience with an intelligence far greater than radio's moguls believed. Weekly the program is snoring listeners, and quicker than you can say Jack Benny's right name a sponsor with a product to offer those financially and mentally above the average listener's scale will come out of the bushes.

Of the people we've met Jim (Fibber McGee) Jordan is one of the swiftest, so don't be too hard on him because his comedy isn't as potent as it was. Remember that "Molly" is ill, and the Fibber is literally eating his heart out, so instead of climbing on his back, put it—like U. S. Steel, he'll come back.

Eddie Mayhew, the Governor Clinton's bandleader, has a head start on the road to success. The society belles are flocking to hear him, just the way they did with Eddie Duchin—and look what happened to him—he's advertised as "Society's Darling."

An array of famous violins will open Eddy Brown's "String Classics: Stradivarius Series" next Wednesday over WQXR. Two instruments made by Antonio Stradivari, known as the "Duke of Cambridge" and the "Des Rosiers" violins; a Guarnerius, made by Stradivari's competitor; a Bergonzi, made by his favorite pupil, and an Amati, made by Stradivari's teacher, will set the stage for the premiere of a series of programs presenting the greatest collection of priceless violins ever heard over the air.

Some friends are threatening to let their teeth fall out from lack of brushing. If Stoopnagle is kept on the air Wednesday nights, however, they'll scow them three times a day when Fred Allen comes back, if the sponsor will make him play a solid year so that no one can usurp an almost-hallowed time to desecrate it.

Within a fortnight one of radio's most noteworthy public services comes to life again when the American School of the Air resumes its business of educating our young people for the tenth consecutive year.

Sammy Kaye of swing and sway will go into the Commodore at the month's end. . . . Al Goodman, Toscanini of Dance Music, has conducted the Hit Parade eight times, which is four times more than his nearest competitor. . . . Dave Elman's Hobby Lobby has jumped to 12.7, third highest of any half-hour show. . . . John Nesbitt gets our vote as being the best story teller in the world. . . . Martha Raye has a sister named "Melody." . . . Eddie Cantor supposedly has another sensational singer that he's going to spring as soon as his new series gets underway. . . . Connie Boswell will not, despite contrary reports, appear on the Bob Hope program. . . . The Stroud Twins will be out of work in two weeks.

### Wanted: A Home

Little Helen was only fourteen months old when her father asked us to help him find a home for her. She had big dark eyes and curly hair, was full of energy and able to walk very well. Helen's mother was seriously ill in a hospital and if she recovered at all it would be a full year before she could care for her child. The father's own parents had died when he was a young child; he had spent years as a boy in an orphan home and was determined that his own baby should not have the same experience.

We found that there were no relatives who could take the baby and began our search for a suitable home for her. This is a time consuming task but we were finally successful in finding a foster mother who was competent and kind. Helen fitted into her new home and was very happy there. Her father earned only a small salary but the first thing he did each pay day was to set aside the money to pay Helen's board.

Within a year Helen's mother was on the road to recovery. While she was still convalescing she wanted to be with her baby but was not strong enough to take on the responsibility she was so eager to have. So she also went to board with the foster mother and after many weeks there the young couple once more ventured to set up a home for themselves and their child.

There were many consultations with the case worker while they were getting reestablished. The young mother had much to learn about the care of her own baby and the father was anxious that she should not over exert herself. In order to relieve her slowly returning strength the Community Service Bureau arranged for

Helen, now two and one half, to attend Nursery School where people skilled in habit training have been helping her to grow up. The mother has also learned much at the Nursery School about how to handle Helen which she puts into practice at the end of each day at home. The case worker has also helped the young father to understand his wife's condition and has been able to make suggestions to him which he has carried out to the best of his ability to help bring her back to health after her long illness and convalescence.

This situation typifies one of the child welfare activities of the Community Service Bureau. The agency is interested in adding to its list of foster home possibilities and welcomes applications from families who can take a child into their homes. The Community Service Bureau which gave many hours of skilled counseling service to this family is Belleville's only case work agency. It is supported by the Welfare Federation and private voluntary contributions.

### Anent Parks

To the Editor of The News,  
Dr. Neufeld's comments on our State Park System should have been printed in a box with a deep mourning border. For, in this respect, New Jersey is lagging far behind its neighbors to the East and West.

New York has set aside forest reserves in the Adirondacks, the Catskills and the Alleghenies greater in area than half the State of New Jersey. The 1938 N. Y. road map lists eighty-eight

state parks, in eighty of which provision is made for bathing, for camping or for both. These parks are not mere places to be visited and seen and politely passed through; they are the actual vacation quarters of thousands and thousands of visitors, young and old. In Pennsylvania, too, the great Allegheny Park takes in most of two large counties, and active progress is now being made in securing scattered park areas among the innumerable mountain ridges that make up so much of that state.

To compare with these we can show a little strip of land along the Kittatinny and a few patches of bog and pine-barren in South Jersey. Both these districts are practically out of reach to those that need them most—the industrial population densely huddled into the area between Paterson, Newark and Bayonne and comprising, I believe, about half the population of the state. North of a line drawn from Newark to Easton we have only a bare half dozen little parks within a Sabbath Day's journey of these folks.

Now this question of camp, park and recreational facilities is not a hobby, a whim or a theory. It is not just a matter of finding a place for little boys to play Indians. It is a real need to a great many very sensible people. New York and Pennsylvania both think it so, and are finding that the facilities they offer can scarcely keep pace with the demand. If there is any doubt in the matter, take a good look at the crowds in New York's splendid Interstate Park behind Bear Mt. (Interstate in name only), or among the scrub oaks of Wildwood, L. I. Then go back to our Hackle barney and read our shame on the signboards,—"On account of the small size of the park it is impossible to allow camping."

If we are not to camp at Hacklebarney, where then shall we go? Have we no Robert Moses to lead us into a wilderness with room to pitch our tent, where we may learn that the rocks and hills we sing about loving, are not just paving blocks and gutters? F. W. JAMES.  
1 Essex street, Belleville.

### THANKS VOTERS

Editor of The News:  
Through the courtesy of my many good friends I am pleased to announce my re-election as District Leader, District Two, Ward Two. May I extend my appreciation through your columns?

Assuring you of my appreciation of your vote of confidence in me, and further that it will be my pleasure to serve the voters of my district to the best of my ability as in the past.

Sincerely,  
HARRY E. WARD.

### THANKS VOTERS

To the Editor of The News,  
I desire, through the medium of your good paper, to express my sincere appreciation and gratitude to the many loyal workers and voters who successfully nominated me as the Democratic Candidate for the House of Representatives in the 10th Congressional District, New Jersey.

Sincerely yours,  
LINDSAY H. RUDD

### BARNETT'S DISCOVERER

To the Editor of The News,  
Now that Bernie Barnett has been signed up, we note with interest that, through his mouthpiece Sid Dorfman, Mr. Joe Donovan gleefully pins a choice orchid on his own lapel in honor of his startling discovery of this coming Belleville star.

Maybe Joe, a Belleville, doesn't read the sports page of his own home town paper, or else he might have seen the many remarks in Joe Duval's "Sports Before Your Eyes" long before our Newark paper realized that Bernie existed. We know for a fact that The News sports editor first put Donovan wise to the hidden light of Bernie Barnett. Certainly Donovan remembers Mayor Williams' letter to the same effect, because he printed it in his column.

So, Joe if you are getting the credit, Duval ought to say: "Gimme back my nickel." And maybe the Mayor would like his stamp back, too.

THE FAIR PLAY BOYS.

Plans for an NRA parade on Wednesday afternoon, October 4, were made at a meeting called by the local chairman, William J. Orchard, at the Wallace and Tienan Co. plant. The parade plans called for it to start at 2.30 and conclude at 4.30 o'clock. "It will be a real parade or none at all," said Mr. Orchard. And his statement proved worthy of note as

## Meador Wright's PIQUANT POLITICS

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

### Without Enthusiasm

Four years ago, after the spring primaries I began this column with the following paragraph, which for some reason, has been rather widely quoted:

"Essex County has a king this Wednesday morning and that king is Arthur T. Vanderbilt. The margin by which his ticket swept to victory is so commanding as not to leave

later events in this column will prove.

On advice of G. Frank Shanley, state manager of the Home Owners' Loan Corporation, John J. McCloskey, state counsel, advised Commissioner Patrick A. Waters in charge of the local office that all municipal offices had been discontinued and that all applicants should be sent to the office at 9 Franklin street, Newark.

In an effort to enable teachers to get cash for their tax revenue bonds received in lieu of cash payment of salaries, a committee of members of the Home and School Association of Public School No. 9 had organized a canvass of taxpayers to sell the bonds.

\$14,600 more in sanitary sewer bonds were cancelled, said Mayor William H. Williams, by a payment from assessments collected. \$68,600 in sewer bonds had been cancelled to date, since a payment of \$54,000 in July.

The approach of the Fall again brought into activity the various clubs which use the club house at the Silver Lake Playground as headquarters.

### Ten Years

Nutley and Belleville were honored by a visit from Herbert Hoover. The Belleville Rod and Gun Club of which Town Commissioner William D. Clark was president, presented the former president with a fishing rod when he stopped for fifteen minutes in front of the municipal building. Over 500 adults and school children greeted the candidate.

Yom Kippur, the Day of Atonement, the most solemn day in the Jewish Calendar, was scheduled to start Sunday night at Sundown and continue until the same time Monday.

Preparatory to launching a building campaign for \$50,000, the executive committee and vestry of Christ Episcopal Church, met to appoint a building and sub-committees. The church then had been founded 177 years ago.

### Fifteen Years

The Regular Democratic ticket, led by Town Clerk John J. Daly, won over the insurgent Democrats of Essex on Tuesday in the Primary. Twenty regular Democrats were elected members of the county committee against three Democrats of Essex.

Mr. and Mrs. Frederick Foster and son, Frederick, 553 Washington avenue, motored to West Point.

Belleville Craftsman Club was planning a dance in Masonic Temple.

Mr. and Mrs. Charles J. Beer and son, William J., had returned from a tour of the New England states.

Edward Hollweg of Belleville Council Junior Order was termed champion "hot dog enter" at a meeting of the council. Fifteen candidates were initiated.

The Rivenack Country Club was planning a banquet.

The Happy Roamers and N.O.K. clubs joined hands to give Miss Irene Schaffer of the latter club a party on her eighteenth birthday.

### Twenty Years

William Spaar, Jr., of Passaic, formerly of Belleville, who until he entered the service was reporter and cartoonist on the Passaic Daily Herald, wrote his grandmother, Mrs. Thomas Shaw, 390 Cortlandt street, that he had been enlisted in the Intelligence Service and was receiving training at Camp Meade.

Damage estimated at \$10,000 was caused to stock in a fire at the flour mill of Jaegel's Inc., Franklin street. Fire companies from this town, Bloomfield and Edison Company responded. Smoke and water contributed largely to the loss.

The congregation of Grace Baptist Church tendered their pastor, the late George McCombe and Mrs. McCombe a farewell reception.

Belleville started its drive for the biggest Liberty Loan yet offered when all whistles and bells cut loose in town at 7 o'clock followed by a rush of boy scouts through streets, delivering to each house a copy of the extra of "Stars and Stripes," containing the message of the boys in France to the people at home. "Stars and Stripes" was published in France by the A.E.F. and contained all the news of the forces overseas.

any doubt in the minds of anyone as to who is responsible for it. The movement was Vanderbilt from beginning to end. It was he who picked the ticket, persuaded those selected to run, took the brunt of the campaign and deserves the reward of victory."

The same lines might be written today, but they would have to be written by one with more enthusiasm than I can summon. Whether the intervening four years have affected the party more than they have this columnist may be open to question. But I find it impossible to write as sanguinely about the victory of Tuesday as I did about that of 1934. Much has happened in the intervening four years. The Clean Government movement was then in the flush of youth. Today, even though it has swept to a fifth consecutive victory, I would not be surprised if there is not more trouble around the corner than most leaders of the movement realize.

### Vote Far Too Small

No one was surprised by the returns of Tuesday when the average vote was around 32,000 for the Suburban ticket to some 45,000 for Clean Government. Personally, I expected a wider margin—a margin of three to two rather than of four to three. But the disquieting thing about the elections was the smallness of the vote. Some of this can be blamed on the weather, but not all. Three years ago, Dr. Lester H. Cleo, polled approximately 72,000 votes to 28,500 for William C. Cope. The registered vote in Essex today is larger than that was then. Where were those silent 30,000 voters yesterday? Is, or is not, their mass silence significant?

I can find no other interpretation other than that they were not in favor of either group. Some will say that they have joined the Democratic party. I doubt this. That party had no contest of importance Tuesday. Besides, growth of the Democratic party could be accounted for by a substantial population increase during the three years. To me, it looks ominously like apathy. Clean Government won because of superior organization and strategy. Their campaign ran smoothly. Although not a candidate, Dr. Cleo played his customary role. He presided at most of the important meetings and gave his usual eloquent radio address the night before the election.

### Carnival of Mistakes

On the opposite side mistakes were legion. Although a man of sterling integrity, James H. Clark of Maplewood turned out to be a poor campaigner in the contest for state senator. As a campaign manager, Mayor Kruttschnitt was compelled to spend most of his energy ironing out jealous squabbles in Irvington. A fatal mistake was made in entering an opponent to Albert L. Vreeland in the 11th Congressional District. This opposition to Vreeland drove East Orange solidly into the Clean Government camp. Otherwise its allegiance would have been divided.

The polling of only slightly above 40,000 votes with all these advantages reveals a lack of public support for the party in power. The 32,000 who voted against Clean Government are extremely bitter, especially the followers of Joseph Giuliani who ran well ahead of his ticket. Another knock-down-and-drag-out contest is in prospect for next Tuesday when Clean Government apparently will try to reelect W. Stanley Naughton county chairman. The wounds simply cannot be healed by November, and in my judgment only a state and national Republican sweep can keep the Democrats from electing a substantial portion of their candidates for county office.

William H. Seely's decision in spurning all offers of compromise may turn out to be as fateful as some of those currently being made in Europe. To paraphrase Bernard Shaw, the Clean Government emblem is now planted on the crest of the mountain, but the crest of the mountain may be also the brink of the precipice.

The wish is in no wise father to the thought in making the above observations. Personally, I think the best ticket won. Homer C. Zink will make an able and diligent state senator. The freeholder candidates renominated have records of excellent service. The assembly ticket is above the average. Henry Young, Jr. can be depended upon to fill the office of sheriff honorably, which is the exception rather than the rule for that post. Any indictment that I have against Clean Government concerns its leadership rather than the quality of its candidates. This leadership chose to declare war against the position when peace was possible. Having done this, it is not to be surprised if the lasts beyond the Ides of November.

about higher salary and more efficiency for the job, Slavin got his chance.

**No Secret Now**  
"Maybe this is telling a secret out of school, but there should be none in school," said Commissioner Charles A. Gebhardt, Jr. "We will need two more of these classes at No. 4 School soon. First we had to complete two classes here to make a unit."

Mr. Chase appeared in one of his periodic visits, pointing out to the board that his department stands ready to lend its help in any problem Belleville may have. He sat in for some time during the meeting as an interested spectator, explaining when asked about the state ward problem of education, that it "may be surprising to know that in Essex County there are over 5,000, who must be placed in the most advantageous points possible" so far as education is concerned in the communities in which the wards are boarded.

**Big Problem**  
"This is a problem which will require much study," he surmised.

While the second opportunity class caused excitement and occupied much time, the discussion of the sight conservation class proved equally as lengthy.

Parmer pointed out that there are now ten eligible for the class, twelve may have to enter it after examination by a specialist, and nineteen families refuse to have their children, who are considered by the school authorities as possible members, examined.

Again Schmutz queried: "Why is this recommendation only coming in at this late date?"

Parmer explained that the examinations had held up the matter and a social investigator for the New Jersey Commission for the Blind had taken since July 26 to make a report on cases. Parmer quoted a letter from Assistant State Commissioner of Education "Strahan" setting forth the class as compulsory. Further investigation will be made.

Parmer "got an additional" assignment to locate a teacher for Public School No. 4, where classes have grown to such an extent that more help is needed, and also one at No. 8 School. The money to pay these teachers \$1,200 each a year is in the budget, No. 8 having one less teacher than last year and another teacher resigning elsewhere in the system.

Robert Parker was named a teacher in the High School at \$1,800 a year.

**Window Blown Out**

The wind reached such velocity, estimated at sixty miles an hour, in Greylark Parkway that it blew in a front window at No. 181.

A partial list of trees down is as follows: Carmer avenue and Washington, wire down; 88 Cortlandt street, 81 Belmont, 129 and 135 Fairway avenue, 95 Bremond street, William street and Belleville avenue, Greylark parkway, Tappan and De Witt avenues, 264 Greylark parkway, 78 High street, 260 and 176 New, 43 Emmett, 158 Academy, Brighton avenue and Harrison street, 30 Rossmore place, 27 Minker place, Valley Coal Co., Wallace & Tiernan Co., 23 Hornblower avenue.

Mill street at No. 2 School, 18 Alvah street, 231 Stephen, 64 and 68 Beech, 20 Agnes, 266 Hornblower avenue, 49 Essex street, 83 and 93 Bremond, 200 and 237 Holmes, Fairway avenue and Continental, 19 Prospect street, 188 Greylark, 14 Division avenue, Tiona avenue and Adelaide street, William street at Cortlandt, 429 Cortlandt street, 73 Prospect place, 361 Main street, Lake street, two trees, Ralph street at Joralemon and Washington street. Falling wires accompanied most of these uprootings.

Other wires were down as follows:

lows: Columbus and Belleville avenues, 44 and 108 Garden, 59 Ligham street, 14 Delavan avenue, Ralph and Holmes street, 60 Beech street, Harrison, 27 Mt. Pleasant avenue, Joralemon street at Franklin avenue and 51 Prospect street. Limbs fell in various streets all over town. Trees were set on fire at 27 Hornblower avenue, Belmont street, and 333 Ralph street. Wires were also felled in Riviera Park, Liberty street and at 347 Main street. A pole fell in Prospect street.

## Debate

(Continued from Page 1)  
ter Gilby. "We should co-operate. We will make every effort to do so, because in the past there has been a lot of talk about the Board of Education not wanting to assist. Yet, on the other hand, it is not exactly proper for the Recreation Department to expect the Board of Education to assume their debts and financial burdens. They are interested in cutting down their budgets and we, too, have been trying to conserve finances. If we tried to foot the bill for the entire program it would mean we would be sacrificing something in our own system. If we do not have the money available we can't carry this program, although I believe, with all this talk of juvenile delinquency we should co-operate to the fullest. It will probably help out in connection with school."

**No Argument About Bill**  
"But there can be no argument about who must pay the bill after January 1. The town makes up its budget from January to December. We make up ours from July to July and, for this reason, have made no provision for recreation use of the school gym. We will throw this right into the lap of the Town Commission to finance after the end of the year, because we can't do it."

"Let's thrash this out once and for all," said Mr. Gilby. "Let's have a conference with Director of Parks and Public Property Noll, the Recreation Commission and Mayor Williams."

"I'm opposed to that," said Schmutz, adding, "because fresh in my memory is another such conference where it was agreed to do certain things and we were left holding the bag. I even took a beautiful slam in the papers from the recreation commission. I want to co-operate as far as possible, but I think you are making a mistake calling this conference."

"Let's hope it will do some good this time," said Gilby.

**The Vote**  
Schmutz and Commissioner Mary Sheldon voted against the conference, with Gilby and Commissioners Charles Gebhardt, Jr., and James Lynch favoring it.

Gilby, as chairman of the Building and Grounds Committee, said it costs \$3.74 for light, janitor service and fuel per hour to operate the gym. The recreation Commission intends to pay \$5 toward this expense for each night the gym is in use.

Recreation Director Edward Lister requested use of the gym as follows: Monday night, Manufacturers' League basketball; Tuesday, Senior League; Wednesday, girls and women; Thursday, Intermediate League, and Friday, Junior League. He promised to supervise at the school each night and to also have supervisors in the lower and upper halls and gym.

"Business Manager Ruel E. Daniels pointed out that the board conserved \$1,000 on fuel and \$375 on water, under the light, heat and power item, when it made up its budget and it could not very well tap other funds now to pay for these items for recreation."

Lynch said the use of the gym should be on the same basis as "when the schools pay for rented water—the town should pay for rented buildings."

started. A check of hospitals

failed to disclose anyone entering for treatment. The authorities believe the occupants may have been injured when the car crashed.

This stolen car episode followed many similar ones in Belleville since last Friday.

Joseph C. Spaulding, 89 Fairway avenue, parked his machine in his yard between 6 and 8 o'clock the same night and someone entered it, opening a brief case and strewing papers about the floor of the car.

Someone stole a flashlight from a car which Mrs. E. J. Reilly had parked in the yard at 93 Fairway avenue the same night and left another flashlight in its place. Also that night machines owned by Miss Margaret Bell, 135 Fairway avenue, and Mrs. Fray, 121 Fairway avenue, which are kept in a rented garage at 129 Smallwood avenue, were ransacked.

Tuesday night Michael Del Guercio, 217 Forest street, reported his sedan stolen from his garage.

George Turner, 175 Smallwood avenue, and Albert Newschwander, 287 Hewitt avenue, Monday night said someone had broken into their garages and tampered with their cars.

Last Friday John De Angelo, 110 Harrison street, lost an electric razor and candid camera from an automobile which he had parked in Brighton avenue.

Patrolman John Monaghan Saturday found a car which had been stolen in Newark on Wednesday in front of 38 Eugene place. The same day Patrolman McGinnis found a coach type car in Watessing avenue, minus its wheels and tires, steering wheel, clock and radio. This car also had been reported stolen from Newark.

Leo Labaugh, 73 Floyd street, Saturday morning told police someone had stolen his coupe from his garage at 79 Floyd street during the night.

On Sunday Patrolmen Gross and Cruthers found a coupe in Eugene place which had been stolen Saturday night in Newark. Also on Sunday H. M. Berry, 53 Berkeley avenue, reported someone had stripped his coupe, which he had parked in his driveway.

Peter Wilensky, 394 Lafayette street, Passaic, told authorities Saturday that entrance had been gained to a toolhouse at 13-15 Sunset avenue and \$20 worth of carpenter tools stolen.

## Aunt Flo's Column

What dissatisfied mortals we are. One complains about a nice fireside cat, while others lament because the cat is rarely at home.

Mrs. B. writes: Dear Flo: Pardon the familiarity, but how about taking a little time out on the younger generation and saying a few words of comfort to the poor married women, who have husbands who come home from work, eat a big meal that has taken us a couple of hours to prepare and then, instead of taking us out for an evening of pleasure, trot up and down the cellar stairs until it drives us nearly mad, tinkering and hammering with this and that and thinking up some new job that he can begin around the house.

I hope you will go to work on this specie of man in your column next week and I'll see that the paper gets into his hands.

Lucky Lady—I certainly would like to take sides with you, inasmuch as you were nice enough to write me, but I am afraid that I will first have to ask you to take a comfortable seat before a mirror and have a nice little talk with yourself and begin that talk by telling yourself what a very fortunate person you are. Perhaps you do not know that the greater number of complaints come from the women who say that their husbands are rarely home. Then, too, I wonder if you have ever thought about the many women who have ceased to hear the tread of some beloved busy feet on the cellar stairs, and who wish that they might hear that long-silenced tinkering and pounding that you complain of. There are many such women about you, even in your own little town, who smile bravely at the world and turn their heads aside so that their tears will not show. Please do not find fault with this man of yours, but sit happily by and encourage him with his many ideas, for I can see that you have a gem right in your home circle and you do not know it. Of course, there must be evenings out together when you can enjoy the company of others or attend a good show, and I am sure that no man will deny you that, but it goes without saying that he will go along more willingly if you show an encouraging interest in the jobs he takes pleasure in accomplishing about the house on the evenings at home. I know a little woman whose husband and children think she is just about the grandest thing in the world. When she is out of sight and they come home, she can hear them uttering excitedly "Where's Mother," as if the queen had taken a holiday, and yet she doesn't work terribly hard about the house—she simply uses the psychology that PRAISE goes a long way. She makes a big fuss over the things that the others are doing and occasionally jumps in with a paint brush herself to add a touch here and there. As a result they wouldn't change her for the most glamorous woman in the world. Try it and polish up your gem likewise—I am sure you will not regret it.

## COURIER CADETS PLAN CARD PARTY

**Leaders Announce Openings For Ten Boys; Meet Every Wednesday Night**

Announcement of a card party to be held at the Recreation House, October 28, brings to public attention for the first time the semi-military organization of Belleville boys known as the Courier Cadets.

Founded almost eleven years ago, the Cadets have never sought publicity nor solicitations. Their purpose is to train youths in the ideals of Americanism and to provide an outlet for their energies. It is sponsored by the boys themselves.

Parade drills, manual of arms and use of bayonets are taught at the weekly meeting of the Cadets in the Belleville Recreation House, 407 Joralemon street, Wednesday evenings. The athletic side of life is given its due attention in the football, basketball, baseball, bowling, table tennis, horseshoe and fencing teams sponsored by the corps.

The Cadets also maintain their own Camp Courier at Millburn.

## Room For Ten More

Announcement was made yesterday of openings in the Cadets for ten boys between the ages of 16 and 19. Further information may be obtained from Cadet Major William Seabert or Cadet Captain Edgar Brownlee at the Recreation House any Wednesday after 7:30 p.m.

The card party on October 28 will be for the benefit of the new Nutley, guard which is being formed by the Belleville division. It will take place at the Recreation House. Tickets are now on sale by the Cadets.

## CAR DESIGN SLATED FOR MAJOR SHIFT IN '39?

**Noted Designer Declares End of Current Style Cycle is Now Overdue**

BY JOEL BARBER

Five years ago two radically different schools of automobile design met head-on in the market. The public evinced momentary interest and curiosity in the blunt-end school of streamlining, then swung over and approved the flying-wedge type of design.

The style cycle set in motion by this choice now appears to be nearing completion. Indeed, the question really is, if its end is not overdue, for while major style shifts cost hugely to accomplish, they cost far less than not to sell cars in satisfactory volume.

Which car ushers in the distinctive design that is to prevail during the next style cycle is of course enormously important, since to that car will accrue the advantages of setting the pattern for years to come. It is perhaps too early to forecast, but my advice from Michigan convince me that Buick, pioneer member of the General Motors family, will in 1939 be styleblazer of the new automobile model.

# Audit, Town of Belleville, New Jersey

(On File with Town Clerk)

Hon. William H. Williams, Mayor  
and Board of Commissioners  
Town of Belleville  
Belleville, New Jersey

An audit of the financial accounts and transactions of the Town of Belleville in the County of Essex for the year ending December 31, 1937 has recently been completed by representatives of this Office. The results of the audit are herewith set forth.

The comments pertaining to the audit are shown, insofar as is practicable, under the following headings:  
Scope of Audit  
Condition of Records and Conduct of Offices  
Condition of Finances  
General Comments, etc.  
Recommendations  
Certification  
Roster of Officials for Period under Audit.  
The several statements, schedules, and analyses showing the financial condition of the various accounts are set forth in the following order:  
Current Reserve (Sinking Fund)  
Trust  
Capital  
Water Operating  
Water Capital  
Bond and Interest

An index of the statements, schedules, and analyses is shown immediately preceding the current balance sheet.

**Scope of Audit**  
The audit covered the financial transactions of the Collector and Treasurer, the activities of the Mayor and Board of Commissioners, the records of the Clerk, Board of Health, Engineering Department, Clerk of Police Court, Zoning Board, Relief Department, Public Library and Rent Collector.

**Current Duplicate**  
The current duplicate was added and proved and all items that were not found to be supported by cash credits or proper certificates of remission or cancellation were treated as unpaid.

I certify that the taxes of 1932 to 1937 inclusive were transferred by the officials and auditor for delinquent 1938 to 1937 and that the taxes of 1938 to 1937 inclusive are in agreement with the control figures made part of this report.

**Prior Years' Taxes**  
The outstanding taxes of prior years were examined and any items which were not found to be supported by proper cash credits or by certificates of cancellation or remission were treated as unpaid.

**Tax Arrears Register**  
I hereby certify that a tax arrears register had been installed and that all taxes up to and including the year 1932 have been transferred thereto. The control figures make part of this report are in agreement with the detail of this register and the delinquent taxes for the year 1932 and subsequent years were allowed to remain in their respective duplicates with the 1937 action reflected in these duplicates.

The present time being the year 1937, the transfer of the taxes of 1932 to 1937 inclusive was made part of this report are in agreement with the detail of this register.

**Remission of Taxes**  
All remissions of taxes were found to be supported by proper authority. They were properly recorded in the minutes of the year 1937 have been transferred thereto.

The Essex County Board of Taxation returned its decisions on appeals without showing map designations. On several certificates granting remission of taxes, the name which appeared in the duplicate at the address shown on the certificates. The intent of the General Tax Act is that exemptions be granted only when the property is in the hands of the owner on the Town duplicate.

**Transfers**  
All transfers were properly established and verified. Proper transfers were made from municipal officials in charge.

**Tax Title Register**  
I hereby certify that the required tax title register was installed by the municipal officials and that all taxes up to and including the year 1932 have been transferred thereto. In 1937 the register was maintained and operated on individual cards by a machine bookkeeping system with a card for each lien. The control figures made part of this report are in agreement with the detail shown on the cards.

**Assessments Receivable**  
I hereby certify that the control figures made part of this report are in agreement with the detail shown on the cards of the machine bookkeeping system maintained in 1937 for assessments receivable.

**Assessment Lien Register**  
I hereby certify that the required assessment lien register was installed by the municipal officials prior to the date of audit and that 1937 confirmed assessments on properties in liens have been transferred thereto. This register was also operated on individual cards by the machine bookkeeping system. The control figures made part of this report are in agreement with the detail shown on the cards of the machine bookkeeping system.

**Utility - Water Rentals**  
The water rent accounts of the Town are kept on individual cards by a machine bookkeeping system. These consumer accounts receivable are kept in 13 books with a master sheet for each book which acts as a control card for the accounts in that book. Credit balances in all books were taken off and liquidated. They were then transferred to the prepayment of water rentals account. All cancellations of water charges by the Board of Commissioners were checked from the resolutions to the customers' cards. The detail of the cards agrees with the control account of the Consumers Accounts Receivable in the general ledger.

**Cash Balances**  
The cash balances were verified by independent certificates obtained from the disbursements.

**Revenues**  
All revenues were established and verified insofar as possible as to source and amount. They were properly reconciled with the receipts which were verified as to source and disposition.

**Vouchers**  
All vouchers were checked as to whether they appeared to be a proper charge against the accounts and as to fiscal period. All cancelled checks were inspected and compared with the vouchers which were tested as to extensions. It was noted that all vouchers were properly sworn to.

**Proper reserves** for unpaid claims as at the close of the year were set up by the officials on the basis of known and estimated charges to be received, properly apportioned to these accounts.

All checks issued during the period under audit were signed by:  
William H. Williams - Director of Revenue and Finance  
T. R. Sargent - Treasurer, or Arthur S. Ackerman - Asst. to Treasurer  
L. F. Coogan, Jr. - Deputy Director of Revenue and Finance.  
All checks were countersigned by the Mayor or the Treasurer or the Asst. to Treasurer. All checks were countersigned by the Mayor or the Treasurer or the Asst. to Treasurer. All checks were countersigned by the Mayor or the Treasurer or the Asst. to Treasurer.

The Treasurer disbursed all funds in the manner required by statute.

**CONDITION OF RECORDS**  
**Books**  
The Collector's records consisted of columnar cash books for all accounts, tax duplicates, delinquent tax registers, tax title lien and assessment receivable registers kept on card system by machine bookkeeping system. A register was also kept for foreclosed properties. All records were found in good condition.

**Treasurer's Records**  
The Treasurer's records consisted of a general cash book, journal, ledgers, bond registers and subsidiary records kept in accordance with the requirements of the General Tax Act. Monthly trial balances had been taken and monthly bank reconciliations made. The ledger was found to be in balance at the time of starting the audit. The records were well kept.

**Clerk's Records**  
The Clerk's records consisted of a Town minute book and ordinance book.

**Minute Records**  
The minutes were examined in detail and were found to be in good condition.

**Assessor's Work Duplicate**  
Our work on the tax duplicate did not go into the detail of valuations or similar matters but, as far as could be determined, the work of the assessor was completed.

**Condition of Records in "Outside Offices"**  
The records of the Recorder and Court Clerk consisted of two sets of dockets (Town cases and Motor Vehicle cases) and being kept by each of the two officials. The Clerk, in addition, operated a cash book in which all receipts and disbursements were entered while the Recorder noted opposite each case in his docket the disposition of the case and the fine imposed. All these records were in good condition. The Clerk had collected all funds, made all deposits and disbursed all funds. Both sets of dockets were checked against each other and to the cash book.

**Building Inspector**  
The records maintained by the Building Inspector consisted of permit stub books, application forms for permits and Collector's cash receipt slips.

In the examination of these records it was noted that several building permits were issued for which no application forms were on file. The values shown on the permit stubs were used to compute the correctness of the fee charged and collected.

der sidewalks for which no permits were issued. It is suggested that a regular stub permit book be used to record the issuance of this class of licenses.

**Zoning Board**  
Zoning Board records consisted of a minute book record of the proceedings of the Board and its decisions on appeals and applications heard. The fee for appeals from rulings of the Building Inspector is \$5.00. The appeals acted on were checked against the Collector's cash receipt slips and the Collector's cash book. As explained under the comments under the Building Inspector, the Board should require a permit to be presented with the appeal before acting on the case in order to insure the payment of the \$5.00 fee in those cases where a fee is required.

**Department of Revenue and Finance - General Licenses**  
Miscellaneous licenses and permits were issued by the Department of Revenue and Finance. The records consisted of stub permit books. The revenue was established for these stub books and the list of fees established by the governing body and checked against the Collector's cash book.

All plates and dog tag tags purchased for 1937 permits were accounted for either as issued or on hand. Physical count of the permits issued was \$10.00 which was charged on the instructions of the Department of Revenue and Finance to account "Due from Personal Tax Collector H. E. Ward."

According to the minutes of the Board, remission was granted at the meeting of February 24, 1937 to L. E. Evancheck for a change of premises for a liquor license. The established fee for such transfer is \$5.00. No record of the receipt of the fee could be found. At the request of the Board, remission was granted at the meeting of February 24, 1937 to L. E. Evancheck for a change of premises for a liquor license.

## SHUFFLE CHAMPS CONTINUE STREAK

Mead And Kurzman Trip Parke, Vesey And Corbo To Remain Undeafated

Hal Mead and Hennie Kurzman, Essex county shuffleboard champions, this week continued their undefeated march through local shuffle ranks.

Their first victory was over the two Louies representing Parke's Tavern, Ridgewood, by a 100-79 score. They followed this up by trimming Vesey's (Newark) Tavern team of Billy Sullivan, world's top of the board champion, and Chick Canaghn, 100-75.

Sunday Mead and Kurzman were given their closest battle of the year to date. The match, played Sunday afternoon at Joe Corbo's Tavern, 14 Belmont avenue, found them pitted against Corbo and Sandy Hook. After a hard tussle, Mead and Kurzman subdued their opponents, 100-81.

The champs made it four straight Wednesday with a 100-64 triumph over George Ralston and Bob Case at Parke's Tavern. Ralston is the former co-holder of the state doubles championship. Tonight finds them in a return match at Vesey's, 75 Orange street, Newark. Vesey's will be represented by Willie Restaino and Scotty O'Malley.

Competition in the ladies division started Wednesday night at Parke's. Mrs. Peggy Bartsch, 54 Union avenue, representing Elmers' Tavern of Nutley defeated Mrs. Paul Clayton of Woodbridge, representing Parke's 15-6.

## Champ?

Staneck is the chap who looks destined for the season championship at the Nutley Velodrome. Far ahead of the field a few weeks ago, he is suddenly being crowded by Paul Russo of Chicago. But the Caldwell driver's huge early lead still seems good enough to carry him through. He has thirteen victories to Russo's ten.

## ROTARIANS READY FOR ECONOMIST

Nutley And No. Arlington To Join Belleville At Forest Hill

Belleville, Nutley and North Arlington Rotary Clubs next Wednesday will hold a joint meeting in the Forest Hill Field Club where Prof. W. A. Irwin, head of the Economics Department of Washburn College, Topeka, Kan., will speak on "As an Emigrant Looks at America." Wilbur W. Brooks, executive vice-president of the First National Bank is in charge of the program.

Prof. Irwin, who has been at Washburn for the last sixteen years, has been made Assistant Educational Director of the American Institute of Banking at the Essex County Headquarters.

Prof. Irwin is a member of the economics faculty of the A. I. B. Graduate School of Banking, and was an instructor in Kansas City A. I. B. Chapter for four years and St. Joseph, Mo., Chapter for three years.

Arnel Corter, director of special service department, Dow Jones Company, addressed the Belleville Club Wednesday on "Trends," a publication affiliated with Wall Street Journal.

Alex Berne, a member of Newark Rotary Club, penned a rhyme to William J. Orchard, who is ill in Orange Memorial Hospital. Each Rotarian, who attended the meeting signed it and wished Mr. Orchard a speedy recovery.

Rev. Peter R. Deckenbach, district governor, will make an official visit to the Maplewood Rotary Club at 6:15 p.m. Monday.

## NOTE TO BELLEVILLE VOTERS

On January 11, 1937, in a written statement to the Board of Commissioners I advocated the adoption of Civil Service regulations for the employees of our municipality.

While I advocated placing it before the voters of Belleville in the fall of 1937, my suggestion did not meet with the unanimous approval of the then members of our Board of Commissioners and as a municipal election was approaching it was determined to lay the matter over for the Board of Commissioners to be elected May 10, 1938.

I am pleased to state that your present Board of Commissioners are now unanimously in accord in advocating the adoption of Civil Service regulations for Belleville.

The adoption of Civil Service in a community is determined by the voters through a referendum placed on the voting ballot in our coming general election on November 8, next.

As the law calls for the filing of a specific number of petitions to place the referendum on the ballot, a limited number of petitions are being circulated by citizens to obtain the necessary signatures.

In quoting from my statement of January 11, 1937, I wish to repeat the same views as I held at that time and respectfully request the serious consideration of the voters of Belleville for the adoption of Civil Service regulation for our municipality as have been adopted by our neighboring municipalities.

"Civil Service guarantees a 100% merit system to taxpayers, assures continuity of employment to the employee rendering consistent attention to his municipal job, and assures taxpayers of having on their payroll competently trained employees, free from political pressure. The adoption of Civil Service regulations will stabilize the present policy of governing boards, prevent return by any subsequent board or department head to the costly spoils system, enabling taxpayers to concentrate on studying which candidates for public office are most capable of conducting public management problems and eliminate from consideration the untrained candidate who relies on gathering to himself a group of electioneering agents."

"I am particularly anxious as a public official to have Civil Service regulations cover the selection, or removal, of municipal employees so that as a taxpayer I can be assured that the general operating policies which have been so instrumental in developing a sound and strong management of the business of Belleville will be maintained."

Respectfully submitted,  
Wm. H. WILLIAMS,  
Mayor-Finance Director

## The Music Box

by Mildred Drentlau

Have you alkalized today? If you have, you probably won't be interested in acid fruit. But you really should go down to A. K. DeLemos & Company in Newark to see the window full of oranges. It looks more like a vegetable market than a music shop. They're featuring a piano composition called "Chopin in the Citrus Belt."

It's a "Nocturne for the left hand and an orange," says composer, Edward Harris. By holding the fruit firmly in your right hand, between thumb and first two fingers, and vibrating the wrist you can possibly—if not probably—produce trills, tremolos, and glissandos. For loud effects the orange is held a foot above the desired key and dropped. Even if you've been playing the piano for about ten years, using the customary two-handed method of Iturbi, Levitsky and Paderewski, you'll find the idea quite novel.

Speaking of Paderewski, there's a picture now playing at the Little Theatre, Newark, entitled "Moonlight Sonata," in which this masterful pianist appears. The close-ups of his hands, showing the complete muscular control he possesses, make of the movie a valuable revelation to students.

Another Newark event of interest alike to students and music-lovers will include five piano programs scheduled for the following Sunday afternoons at the Mosque Theatre: Myra Hess, November 6; Webster Aitken, December 11; Jose Hoffman, January 22; Mischa Levitsky, February 19, and the duo-pianists, Vronsky and Brabin, March 19.

## Season To Close At Reading

Reading, Pa., Sept. 23—Reading will ring down the curtain on dirt track automobile racing this Sunday.

Six big speed events, sanctioned by the contest board of the American Automobile Association and directed by Hankinson Speedways, of Philadelphia, are on tap for the fair grounds race track. Time trials will get under way at 12:30 p.m., with the first competitive event at 2:30 p.m.

## Serving Small Borrowers

We do not advise borrowing, unless it is necessary. But we recognize that there are times when it is as wise to borrow as it is always wise to save.

During the past year we have loaned thousands of dollars under our Personal Loan Plan.

Loans are made in amounts from \$100 to \$1,000 and are repayable in twelve monthly payments. The cost is \$6 per \$100 borrowed.
