Workers Enthusiastic At Meeting As As Community Chest Drive Starts

Funds Will Be Collected By Canvassers Until November 15

The annual Community Chest drive is under way. It started yesterday and concludes on November 15.

A dinner for workers was held Tuesday evening in Fewsmith Memorial Presbyterian Church when details were laid out in full

for the appeal. Floyd Bragg, president of the

Welfare Federation, and Walter
Warrick, campaign manager, were
in charge of the meeting. In order to successfully put across the
drive more house-to-house workers are needed.

"With the master plan for drainage for communities west of us in mind terrific flood conditions will face Belleville as, if and when additional water is shunted into the river. It is a matter for our board to investigate thoroughly."

Toys Wanted

An appeal has been made to residents of Belleville and civic associations by Director of Public Affairs Joseph King for various articles to be renovated by the Municipal Welfare Department to spread cheer among the less fortunate at Christmas.

"With the change of seasons and the advent of Fall," says the director, "our thoughts turn to the approaching holiday season.

"Have you considered that resources there are stored away in the recesses of your homes, which would bring comfort and great joy to someone less fortunate

than yourself? "The Municipal Welfare Department is equipped to dress dolls, repair toys and remodel warm articles of clothing for which there

Zink Says Democrats Have No Record, Depend On Abuse

Local Candidate Says In Statement

Homer Zink, Belleville, Repubican candidate for state senator, said today that the Democratic sion says the town acquires the legislative candidates have no 'record of accomplishment" therefore "have no campaign open to them but one of personal abuse and of partisan criticism that misrepresents.'

Zink said that the Republican candidates for the legislature rely upon their record and will 'rest their case with the voters of Essex County, knowing that they constitute an intelligent, hard-headed jury." Said Zink:

"The Democratic candidates for legislative office in Essex County have no record of accomplishment on which to stand, so there seems to be no sort of campaign open to them but one of personal abuse and of partisan criticism that misrepresents, to put it very mildly.

"The Democrats appear to be n the position of the attorney with a poor case, who ends by attacking the lawyer on the other side. In this campaign, however, such attacks are not going to fool the voters, who have had all the facts before them for many months.

"The record of accomplishment by Republican legislators this year is a public one, duly set forth in the news columns and editorial pages of every newspaper in New Jersey last May and June. The voters are referred to any paper in the state, almost any day, during the period in question.

"There were then no speeches by candidates, for there was no campaign. The simple facts were set forth from day to day in the press. That was the time when the State budget was being reduced over a million and a half dollars. The Democratic Governor, himself, commended Senator Powell and me for our efforts. No one can laugh that off now.

Election Tuesday Holds More Than Passing Interest For Belleville

Zink For Senator Is Giving Joyce, who explained various Town Its Big Chance

As Tuesday, election day, nears Belleville finds itself interested in more than just a casual perusal of a sheet on which are listed many names of candidates in the general election.

The town has its big moment to vote for a native son for State Senator. Assemblyman Homer C. Zink, who has done a splendid job in the Legislture, seeks that high office as a Republican pitted against Gerald McLaughlin, Democrat, who defended "Bunnie" Sohl, the gun moll in the Borhorst bus murder here.

Belleville also can be counted upon to share in the interest for ongressman Fred A. with regulations. These powers make it difficult for local officials to discharge employees for purely political reasons and also to make appointments purely because of political preferment.

Eligible Lists

To fill a vacancy in the competitive class, the local governing body must apply to Civil Service Commission for an eligible list. Civil Service will hold an examination, grade results and submit the three applicants with highest percentages to the local body as eligible. Any one of the three may be selected. Promotions are handled on the same basis.

Civil Service has only advisory control over salary levels and adoption of Civil Service cannot force a cut in salary. Civil Service does not require that a pension fund be created for employees. There is no cost to the munici-

pality for operation of Civil Service. The commission is entirely financed by state appropriation.

IMPORTANT ELECTION FOR BELLEVILLE

Election Day will be on Tuesday. Every qualified voter in Belleville should go to the polls and vote, for no New Jersey election in recent years has been so important from

the national, state and county viewpoints. Belleville finds itself in the unique position of having-for the first time in its history—a candidate for the State Senate, Assemblyman Homer C. Zink, who is experienced, honest and able. It was Belleville's candidate who, as Assemblyman, fought against new taxes and governmental spending. It was Assemblyman Zink, with State Senator Clifford Powell, Burlington, who lopped off over a cool million dollars from state appropriations after a conglomeration of legislators had submitted an appropriation bill that was utterly out of order. It was obvious that the original appropriation bill would be rejected. It also was perfectly obvious that no one at Trenton-no one except Zink and Powell-desired to tackle the paring down process. They went through the bill with a finetooth comb and, for their efforts, New Jersey taxpayers may thank their lucky stars they are over a million dollars better off. Somethen the ballots are clicked off Tuesay, if selleville thinks in terms of appreciation for a conscientious official, it will give Homer Zink a big vote. While glancing over the names, too, another of Belleville's friends appears. He is Congressman Fred A. Hartley, Jr., who has done an excellent job in Washington these many years.

Lester Clee left off. And while both of these men are Republicans, if Belleville wants to be motivated by the desire to vote for another friend and neighbor, a glance down the Democratic slate reveals George J. Christie, who lives in Division avenue, a candidate for the Assembly. Mr. Christie, locally, is a newcomer to politics. In the columns of this paper today he voices a statement for himself and his colleagues, as worthy of presentation.

tiously performed his duties, and performed

them well. Never has he been too busy to

look after the interest of his district—never

has he failed to vote according to the best

interests of America, regardless of party.

Fred Hartley goes to the tape with a splen-

did record of achievement. He deserves to

be re-elected, as does Zink deserve to go

to the Senate to carry on where Rev. Dr.

Aside from the personal element Tuesday, Belleville has another question to answer via the ballot on the machine. This is whether Civil Service shall be established here. Repeatedly, this newspaper has stated that Civil Service has a two-fold purpose of distinct advantage to taxpayers. It protects capable employees from the whims of ruthless politicians who may desire to use public jobs as pawns to get votes. The politician who would promise a job for votes is a rank outsider when Civil Service enters the picture. The other purpose is that the movement protects the taxpayer to the extent of having competent office holders at work. Belleville already has about eighty per cent of its public office holders under some form of protection, so why not the other twenty per cent-especially since most of those in the twenty per cent class hold key positions, where compe-

cards will be sent to parents as regards the condition of the teeth of their children. The dentists, who are cooperating, and the school authorities are to be complimented in this work.

WARNING TO MOTORISTS

With storms and more dangerous driving conditions resulting from ice and snow just "around the corner," it behooves motorists to be prepared for all emergencies, Motor Vehicle Commissioner Arthur W. Magee warns today.

Decreased speed and greater caution are the first considerations for the prevention of accidents but Commissioner Magee has some practical suggestions that have to do with the car itself. He urges checking the windshield wiper and defroster; have tire chains ready; brakes tested for simultaneous gripping and lights in condition to penetrate falling snow.

Other precautions that are a guarantee against winter accidents are as follows:

Apply brakes with clutch engaged before you ordinarily would in dry weather.

Don't depend on the horn.

Don't ride with the windows entirely closed. To do so prevents the use of hand signals and the possible danger of carbon monoxide gas.

Take curves slowly and don't attempt to pass cars on hills or grades.

Keep the windshield free from sleet and rain that turns to ice and obscures vision. Give pedestrians ample time in which to cross street.

Pedestrians should walk slowly and carefully and not to rely on the ability of all motorists to stop on snow and ice.

SECOND RIVER FLOODS

Several Belleville industries, bordering on Second River, are in a precarious plight as regards floods when the stream assumes mill-race proportions, as was the case on many occasions last July. Mayor William H. Williams fears for the safety of industrial buildings, some of which are now partially undermined. He has been and still is endeavoring to fix responsibility for the rush of water so that expense of walling up the river—a costly procedure—will not fall on the ledgers of the firms, which are innocent sufferers. The County Park Commission, which is beautifying the section as Branch Brook Park Extension, does not own any land where the washouts have occurred and, therefore, are absolved of any blame. keep the living standards in this The Essex County Freeholders hold the country higher than anywhere same. The Water Policy Commission says to be because the people who vote it has nothing to do with the situation want it that way. Congressman Hartley, too, has conscient further than suggest it is Belleville's headache. The U.S. Department of Navigation sponsibility upon you, Mr. and is likewise out of the picture, officials say, because that body only dredges rivers and has no appropriation to wall up streams to principles that they express in protect buildings.

Now along comes a master plan of diversion of water from towns west of Belleville into Second River. It is easy to picture what will happen to lower Mill street if any more water tries to pass the way of Second River. The industries are entitled to some protection and, because of the tremendous cost. Belleville is in no position to do anything about it. Perhaps the Mayor may be able to fix responsibility on those who divert water into the stream. If so he will be doing Belleville a distinct service and the industries involved, as well. His job, however, is no easy one. He has his work

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

The advertising people tell us that any worth while idea, if repeated enough, can be "sold" meaning, of course, that the idea will take root and bring results. Well, we feel that the ideas about next Tuesday's election that we have been expressing are suffciently worth while to justify continued repetition.

A great many political economists throughout the world are expressing the theory that the days of the democratic form of government are numbered and point to the growth of the totalitarian dictatorships - Russia, Italy, Germany, and now Japanas evidence of the trend towards despotic centralization - and as ustification for their statement hat Democracy is on the way out.

We do not share that belief, ut we do insist that the decision as to whether this government of irs is going to continue as a real Democracy, — is going to coninue to offer us freedom of peronal action, thought and speech, -if it is going to continue to else in the world, - it is going

That imposes a very direct re-Mrs. Citizen, to vote and to express through the candidates for whom you vote, - based on the campaigning for office, how you want this country to continue to be governed. - and to express through your vote that you want this country to continue to be a Democracy. That is the only effective way you have to express your desires, - going to the polls

ind voting. We have no sympathy whatever with a person who is qualified to ote and who fails to register. We have no sympathy whatever with any person who came to this land from a foreign country and who is enjoying the privileges of

residence here and the standards of living that exist here, who does not take out naturalization papers and vote. We have no sympathy whatever with the individual who says, "Oh, the machine politicians are running the whole business, what good is my vote going

It is only because so many people feel and act that way that the machine politicians get away with it. The balance of power in this country is now and always has been the independent voter. Though there are millions of people who vote strictly in accordance with party lines and will vote for the party nominee whether he be saint or devil there are sufficient numbers of independent voters who vote regardless of party lines for the candidate who they feel best expresses their views-to take any election away from the rank and file of egular party voters.

Of course your vote counts just as much as any other vote in the whole country.

If you don't vote, if you don't exercise the privilege that Democracy gives to you, you are cheating yourself, cheating your family, cheating your community cheating your country - and we repeat that any citizen who has the privilege of voting and who deliberately does not vote, does not merit the privilege of citizenship or residence in this country and should be filled with a thor ough sense of personal shame.

Strong words, but we mean

And so the first thing to do is vote. Do your part. Speak your ciece. Have your say on Tuesday How you vote is your business but whether you vote or not is everybody's business.

Enough has been said about the fundamental issues at stake in this election to make repetition here unnecessary. Just vote.

ANENT POLITICS Editor Belleville News:

To divert attention from Mr Ely's Hague sponsorship for both State WPA Administrator and for Democratic Senatorial nominee, Mr. Ely's boast that he would, if elected, be proud to be "rubber stamp" for the President was broadcast. But when a clamor arose that that would be in conflict with the whole spirit of our Constitution, which CIVIL SERVICE PROTECTION fixes the executive and legislative departments of our government as senarate and distinct and contemplates the exercise of independent judgment by members of Congress, there was another at tempt to change the subject.

Now Candidate Ely and Sen ator Smathers are insisting that liberalism is the issue in the Senatorial campaign, that Ely stands for it while Barbour is a reactionary. Again the Ely outfit has "put its foot in it." For the five year record of W. Warren Barbour in the U.S. Senate is public property, and it proves beyond the slightest question that Mr. Barbour is a liberal, that he supported all liberal measures presented during his incumbency.

Mr. Ely has no record in na tional affairs, and his liberalism is purely a matter of words and promises. However, it is with some reason asked how he can be such a great liberal in view of his close affiliation with Mayor Hague, Democratic boss of New Jersey. Is he a liberal for campaign purposes only?

ANENT MINUTEMEN

Editor, Belleville News,

The Minute Men Civic League of Belleville hereby desires to exoress its thanks for all the courtesy extended through the various articles appearing in your paper regarding the opposition to the Garden State Bus Lines, Inc.

Without your cooperation the task would be somewhat difficult. The writer desires to explain, generally, the attitude of the league toward this bus line.

1. We are opposed to the bus route operating on the following streets, Greylock parkway, Linden, Division and Hornblower avenues for various reasons, particularly because these streets are residential streets.

2. We desire to see that the laws of the State of New Jersey or any ordinances that the Town of Belleville may have regarding the operation of this bus line, are

3. We have our doubts that any public convenience and necessity for the operation of this bus route exists at all.

4. So far as a five-cent fare is concerned into the City of Newark, we believe that this matter should be considered between the Town Commission of Belleville and the Board of Public Utility Commissioners, so that a thorough understanding of the matter may be had.

Very truly yours. F. J. DALY.

The very fact that one tenth of the results of elections. Except as new factors enter the picture, voters tend to vote in the way they have voted in the past. Since the same factors are never present two years in succession, the total vote is never the same. The average vote cast for members of the general assembly an excellent test of party strength. With twelve candidates in each

group, the factor of personality largely eliminated. This is true likewise of freeholder candidates, but to a lesser extent. Last year the average Republican majority for assembly candidates was 27,-000 votes. For freeholder candidates, approximately 30,000. The Republican assembly majority for the past seven years has averaged approximately 14,000.

BELLEVILLE VOTERS

For Services Rendered And To Insure The Same Quality of Service From Our Representative In Congress

SHOULD VOTE FOR FRED A. HARTLEY, Jr.

Congressman-10th New Jersey District

Belleville Taxpayers in all probability have not had the opportunity to know of the valued services rendered to the Town of Belleville through his official office by Congressman Fred A. Hartley, Jr.

His constant attention in bringing to a successful conclusion Belleville's many requests for Public Improvements which were dependent on the aid of Federal Funds has been an important factor in our realizing the benefits of such projects as our High School addition—the needed paving of many of our streets—the construction of our new sidewalks and various other Town improvements which have been accomplished at a very small direct cost to Belleville Taxpayers.

Belleville Taxpayers perhaps do not know that it is Congressman Fred A. Hartley, Jr. who is always first to advise your local Public Officials by telegram of any changes of Federal Legislation or changes of policy by which the interests of Belleville might be effected.

Belleville is only one Town in Congressman Hartley's District.

The Newark Star Eagle in editorial advice to their readers on November 2, 1938, confirms the sentiment above expressed when they say: "Congressman Fred A. Hartley, Jr. of the Tenth District is outstanding for his faithful and untiring service. It is questionable whether any Representative in Congress has done a more capable job for his district and for the Nation. He should be re-elected!"

The great majority of our Belleville Taxpayers — busily occupied with their own daily problems perhaps are not aware they have been the beneficiaries of the active interest Fred A. Hartley, Jr. has given in his attention to duties for the welfare of the people of his Congressional District. As Mayor of Belleville — who has had to cooperate closely with our Congressman in working for the benefits we have realized, I appreciate the great value he has been to the Taxpayers of Belleville. Other members of Belleville's official family are also aware of his courtesy and the availability of himself and of his staff of assistants to us when we go to Washingon on official business.

The Newark Sunday Call shows they too recognize his excellent type of service when they say to their readers through their Editorial columns, "No member of Congress represents his constituents more conscientiously than Mr. Hartley."

Belleville voters when they elect their own Board of Commissioners do so without regard to whether a candidate is Republican or Democrat. They select the candidates who in their judgment will produce the best results and spend their tax dollars with care and caution.

Belleville Voters have shown they do recognize — accomplishment — experience and attention to their official duties.

Fred A. Hartley, Jr. is endowed with the energy and qualifications which make for a good public official.

May I, therefore, in the interests of the Taxpayers of our own Municipality, ask that our voters use the same discretion as they do in their local elections and select their candidates — on a basis of accomplishment — ability and service.

I urge you to do this by re-election of Fred A. Hartley, Jr.

Vote Civil Service for Belleville!

November 2, 1938

To the Voters of Belleville:

On General Election day — Tuesday, November 8th, the voters of Belleville will have the opportunity of approving or rejecting the adoption of Civil Service regulations to govern the selection, promotion, retention and removal of their municipal employees.

The matter of Civil Service has not been rushed into without proper and careful study.

I have long been an advocate of the principles of Civil Service. In February, 1937, I issued a comprehensive statement advocating that Belleville submit the question to the voters in the general election of 1937. My recommendation did not then meet with the approval of the entire membership of our Board of Commissioners and failing to obtain approval, the matter was laid over for future consideration.

However, in 1937 three of our municipal neighbors — Nutley, Orange and Irvington submitted the question of Civil Service to voters and in each municipality Civil Service was approved and adopted by the vote of the people.

In eight municipalities of Essex County where Civil Service has been submitted to the voters—Civil Service has been adopted. It has never been defeated in an Essex County Municipality!

My position on the adoption of Civil Service is the same as in early 1937. I sincerely believe adoption by our voters will be a distinct benefit to Belleville — I urge our voters to approve it — I believe the voters of Belleville recognize the advantages and will vote for adoption of Civil Service.

On every public question it is natural that opposition develops. I respect the right of opinion of those who might unselfishly and conscientiously object to Civil Service principles, but on the other hand I have little patience with those, who, motivated by selfish interests—personal dislikes or political ambitions—become active in an attempt to deny the benefits of Civil Service to our citizens and employees, which benefits are widely recognized and endorsed by authorities on Municipal Management and the Editorial columns of our leading newspapers.

I propose to speak very frankly regarding the objections which have come to my attention.

I am informed through the press of the recent formation of Belleville Police Chancemen's Association for the purpose of fighting the adoption of Civil Service. I am very frank in saying that their motive appears to be selfish. They are not conscientiously opposed to the principles of Civil Service because it was only at our last meeting that an attorney represented some 24 Chancemen in a petition to have them included in the Civil Service schedule.

In the first place, to comply with their request the Board of Commissioners would have to appoint each of the 24 Chancemen as part time policemen at a STIPULATED SALARY AND PASS AN ORDINANCE CREATING SUCH JOBS. Sufficient time for the adoption of an ordinance did not exist before Election Day. If it was possible or desirable to adopt such an ordinance, it would be meaningless and without value because there is not a single instance where chancemen have been included in the regulations or schedules of Civil Service in the State of New Jersey.

This, as their own attorney agreed at our meeting, could not be done and their attorney agreed with the opinion rendered by Town Counsel when he said, "Many attempts have been made to include chancemen in the provisions of the Civil Service Law, but no one as yet has found a way to do it."

The question of Chancemen has been controversial in our towns when Civil Service has been adopted, but to date I know of no municipality that has been able, even if they so desired, to include Chancemen as Civil Service employees.

The Chanceman, as we all know, is a substitute or extra police officer. He serves at large assemblages where extra policemen are needed—or to augment our regular police force. Each Chanceman is employed or available for employment by private business or industry. For those who are so employed they, as other workers, are beneficiaries of Social Security legislation. The municipal employee does not receive the benefits or assurance of Social Security legislation.

The Chanceman is not a regular employee—he is not in the same category as the municipal employee either from the viewpoint of service to the town or of experience and value in the service of the Taxpayer. For the greater majority, our municipal employees have been in the active service of our Taxpayers for many years—they are well trained in their duties—their experience in municipal service is an asset. This cannot be said of the Chanceman who aspires to the position of Police Officer. Regular Policemen and Firemen will be included in the Civil Service group.

The Chancemen must realize that even if it was possible to extend Civil Service coverage to them it would benefit comparatively few as I cannot figure that we will have the need for many years to come to add 24 policemen to our force.

The twofold purpose of Civil Service is to protect the employees and to insure the retention of men and women trained on their jobs in the service of the Taxpayer.

I cannot consider their opposition as valid or reasonable, but rather an extremely selfish attitude in attempting to deny the public and the public employees the advantages to be had from Civil Service because they cannot qualify under the provisions of the law.

All the members of the Board of Commissioners were sympathetic to their request, but it was and is beyond our authority to help them.

If any citizen sincerely feels that any employee of the Town of Belleville will be either incompetent or untrustworthy under Civil Service, then they certainly must feel that such employee, if any, is not fit to hold public office whether or not Civil Service is adopted.

If this type of objector is sincerely motivated he should bring to the attention of the Board of Commissioners his reasons and if his reasons have foundation, bring charges to remove such persons, if any, from a position of public trust. That would be the "above board" manner to render a service to fellow taxpayers and remove his objection to Civil Service rather than attempt to defeat a measure widely regarded as a benefit to Taxpayers and public employees alike as evidenced by the Editorials of our leading newspapers which advocate Civil Service adoption.

This insidius whispering by some who do not have the fortitude to state publicly that which they whisper—can only serve to severely injure the character of such employee or employees as has been selected as the target to be used as a basis FOR THEIR OPPOSITION to Civil Service.

Another type of objection comes from some who are politically ambitious and desire the door be kept open for the promising of jobs as bait to political workers in

pre-election days. Killing this vicious practice is sufficient reason alone to warrant adoption of Civil Service.

The adoption of Civil Service thwarts this type of political manipulation. Civil Service once and for all shuts the door to those who would have the Spoils System reinstated in Belleville.

It is commendable and I am gratified that each and every member of our Governing Body voted for the resolution to have Civil Service submitted to our voters.

In contrast to the type of objections as have been outlined and, which appears to be the main objections to Belleville's adoption of Civil Service, may I submit to you comments as expressed by the editorial columns of three leading newspapers which represent impartial and unselfish opinions of agencies familiar with governmental needs?

On March 31st, 1937, the Newark Evening News in its editorial columns commenting on the Princeton Local Government Survey, advocating Civil Service for municipal employees said, "It seems strange that Civil Service has not been adopted more widely by LOCAL GOVERNMENTS." "The adoption of Civil Service always MARKS A STEP TOWARDS BETTER GOVERNMENT," and "Public employees are entitled to the protection of Civil Service and similarly THE PUBLIC INTEREST SHOULD BE PROTECTED."

And again on October 27, 1937, the Newark News in its editorial said: "Civil Service is so obviously superior to the pap and patronage plan of job dispensation that its advantages require no elucidation." "Without the protection the merit system affords, public employees are at the mercy of politicians. CIVIL SERVICE IS THE BEST SET-UP THAT HAS BEEN DEVISED TO BRING EFFICIENCY TO PUBLIC POSITIONS AND A MEASURE OF JUSTICE TO THE MEN AND WOMEN WHO FILL THEM. Accordingly it is to the advantage of the public and the public employee to vote 'YES'!"

The editorial columns of the Newark Sunday Call express their opinion of Civil Service when they stated on April 4, 1937, "The fact is that despite the impressions created by the bad manners and laziness of a few, the majority of public employees are as energetic and conscientious as their superiors require them to be. They are not much different from workers in private business."

The Newark Ledger, November 4, 1937, in support of Civil Service adoption said editorially, "Especially gratifying was the result of the referendum on Civil Service. CIVIL SERVICE TRIUMPHED WHEREVER IT WAS ON THE BALLOT. The Civil Service proposal was vigorously opposed by political interests."

This statement by the Newark Ledger endorses my oft expressed public statement that "Good government methods are the best politics."

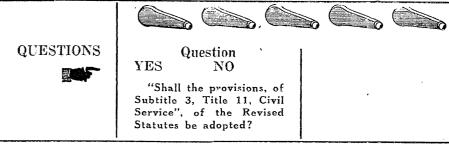

Our own Belleville News has been a consistent advocate of Civil Service and by the following quotations from its editorial columns sums up the question from a local viewpoint. On April 9th, 1937, they said editorially, "To the citizens interested in good government rather than who comprise the personnel, this trend must be reassuring. Civil Service is destined to be THE RULE RATHER THAN THE EXCEP-TION IN LOCAL GOVERNMENTS. We are pleased but not surprised to find Mayor Williams thinking abreast of those who are striving for the correction of ills in Governmental affairs and continuing his efforts to place Belleville in the forefront of progressive activity." And again on September 9, 1938, the Belleville News said, "The adoption of Civil Service Regulations is another step in the right direction of our Municipal progress and its approval by the members of our Governing Body is indeed a splendid gesture to remove our Municipal Employees from the possibility of political influence and RENDER BELLEVILLE LESS POLITICAL IN NATURE." And further interesting data is contained in their editorial of September 30, 1938, "It is interesting to note that taking into consideration all employees of the Town of Belle ville and the Board of Education-80% of our Taxpayer employees have the benefit of tenure or the right to earn continuity of office. The remaining 20% is composed of our Municipal Employees who for the greater part are men and women long residents of Belleville—products of our own school system — coming from taxpaying families of many years standing — and many owning their own homes in Belleville, and holding responsible key positions. In view of the fact that it is possible for folks who come into our employ from beyond our Town borders to earn tenure of office, it seems rather inconsistent that members of our own home town families should be denied the advantages we offer folks coming from other cities and states.

I have deemed it necessary and in the best interest of our Municipality to lay the above facts before the voters of Belleville. In addition to your public officials there are many of our Taxpayers who have constantly urged Civil Service for Belleville. Those favoring its adoption have not waged any strenuous campaign to attract votes for Civil Service.

However, since minority groups and certain individuals have become active in campaigning against Civil Service in Belleville, I am determined that such groups shall not prevail in their efforts to confuse our citizens and deprive our taxpayers of the benefits to be derived by the adoption of Civil Service.

I ask you to consider its merits as it is advocated by impartial, non-participating and authoritative leaders in contrast to actions of those who would defeat it on purely selfish motives or personal disikes for individuals who come within the field of Civil Service regulation.

The referendum on Civil Service for Belleville will appear on the upper left hand corner of the voting machine as shown below.

I sincerely urge you to give it favorable consideration so that Belleville may have the benefits CIVIL SERVICE has brought to other municipalities which have adopted it for better Municipal Management.

I urge you to vote "YES" for Civil Service!

Respectfully yours,
WILLIAM H. WILLAMS,
Mayor and Finance Director.

P.S. — Sincere appreciation is extended to the many civic-minded groups which have given me opportunities to discuss the merits and methods of Civil Service. I also appreciate the keen interest shown by citizens calling at my office or by their correspondence.

To those civic-minded folks who requested me to repeat my recommendations on the merits of Civil Service and who have assumed the cost of this space, "Thanks, for your interest in our Town."

Local Resident Named To Alumnae Advisory Council

Mr. Charles H. Berle, 22 Fairview place, was named today as a member of the newly organized Alumnae Alvisory Council of New Jersey College for Women. Announcement of the appointment of Advisory Council members in each of the counties within New Jersey and in key cities out of the state, was made by Miss Margaret T. Corwin, dean of the college.

The Council was created so that high school students who would like an informal opportunity to secure information about New Jersey College for Women may turn to an informal alumna living near her for this purpose. Members of the Advisory Council have assured the college that they are ready to do what they can to answer questions in the minds of prospective students or their parents, and have expressed their readiness to be called upon by letter, telephone or personal visit when they can be of assistance.

The sports world is on the move again. Football is lengthening its stride as it comes into the homestretch and already basketball is getting ready to cut in. From this vantage point it looks like a big for Belleville basketeers. All four leagues will be functioning under the supervision of the Recreation House and it is no idle rumor that it will be a real race in each. Naturally most of the interest will center around the Industrial and Senior loops as it has in the past, but some of those Junior and Intermediate games are guaranteed to make you hoarse.

Vie Pomponio has strengthened his Senior champion Belleville Roszry five and expects to repeat last year's triumph. Outside of league competition, the Rosery will play some of the leading senior teams of the state. Ray Meehan, Al Culkin, Joe Shanahan, Felix Clark, Joe Grosch, Bill "Scotty" Simpon, Pat McNally, Jim McCann and "Chang" Kennedy are expected to bear the brunt of the punishment for the champs.

BELLEVILLE-NUTLEY FARTHER APART

"Belleville and Nutley are farther apart than ever," said George Stanford, "because of your article of last week. Belleville is always pulling stuff like that, and that's what has kept the high schools apart all this time. It is Belleville who is seeking this game, not Nutley . . . We mind our own business here and we wish you would do the same. . . . We do not want Belleville on our schedule. . What makes you think it is a natural rivalry, anyway? You can't prove that... We put Belleville on our schedule several times and every time they pulled something... And what about all those riots at Belleville? You did not mention those..."

This is just a sampler of the denials which came over the wires Wednesday morning when we called Mr. Stanford to get his views on the projected Belleville-Nutley patch-up. He denied that any of the Nutley school board members were in favor of resumption of the game (which information we got from a reliable source in Nut-He denied that the townspeople of Nutley wanted the game back (which is contradicted in The Nutley Sun: "There is a grow-Ing sentiment among the folks whose opinions mean something that it's about time both groups acted their age.") He resented most of all that we "said Nutley played a set-up schedule," which, of course, we never said at all. We merely pointed out how weak certain Nutley rivals were on the offense. Our point in this was to show that, on the whole, Belleville's 1938 foes (past history and 1923 results do not interest us now) have better records for the season than have those of Nutley.

Mr. Stanford demanded that we make a blanket retraction which unfortunately we cannot do, since some of last week's statements, at least, are true. Those about which we have been misinformed we regret exceedingly; but before we can retract them we must have every Saturday so far. The line, proof to the contrary. When that proof is submitted and we are shown in error, we shall be more than glad to retract. We hope we are big enough to admit that we were wrong, but until such a case is proved we stand pat. To this end we invite Mr. Stanford or any other Nutley citizen to write to us—we cannot guarantee eract quotation of verbal conversations. But we do promise full publicity to correspondence.

If last week's paragraphs unjustly criticized anyone, we sincerely regret it—but note the word "unjustly." It is our sincere purpose to put Belleville and Nutley back on each other's schedule, to persuade people to let bygones be bygones, at least to try to get along as human beings should. At the present time anything which helps to that end looks good, anything contrary is to be avoided.

95,911,324 FISH

An interesting little document came into the office this week: the activities of the State Board of Fish and Game Commissioners. As a tribute to the energy of the state it is a monument; as testimony to uncontrolled rapaciousness in the past it is mute evidence. During the year ending June 30, the Commission liberated 30,656 pheasants, of which 14,049 were home-grown. 12,943 quail, 29,953 rabbits and 28 raccoons were sent forth to provide merry sport for

WHAT HAPPENED TO THE 300 SEATS?

Last year there was usually plenty of room for all comers at the football games at Clearman Field. Last fortnight when the Irvington visitors arrived there was no room for them and they had to stand. The stands ordinarily reserved for the visiting rooters were filled with the overflow of the Belleville stands. This is inhospitable to say nothing of being disheartening to spectators.

Back in the field house are stands which would seat about 300. Because they were in a slight state of disrepair, they were shoved into exterior darkness when a few dollars would have repaired them sufficiently to care for the overflows which are more or less habitual at Clearman these days. Suggest the athletic council see what it can do for the extra guests who will probably pop in for the Kearny and Good Counsel games.

Due To Be Hot After Two-Week Rest; Belleville Outweighed

Refreshed from a two-week rest, Coach Frank Smith's hot-and-cold Zebras tackle tough little Kearny tomorrow afternoon at Clearman

The Bellboys have alternated their temperature for the past month and are due to be hot tomorrow. Against Bloomfield they were cold, against Bayonne hot. West Side found them frigid, Irvington torrid. Last Saturday, when it was their turn to be cold, they had the day off. In the normal

Kearny Averages 168

Kearny will come to town with team averaging 168 pounds to the man—five more than Belleville. Coach Neal Sands' boys have had an up-and-down time of it this season, their record at the present time standing at two wins, three defeats and a tie.

Victories came over Newark Central and West Orange, defeats from Montclair High, Hiliside, and Irvington. The latter defeat came started Monday in the High margin of one touchdown. West Side was held to a scoreless tie, thus indicating that Kearny can summon plenty of defensive power when needed.

Comparative scores in reference to tomorrow's game will only drive the prognosticator up a tree. Pat Barbone, Leon Tierney, John Judging from the Irvington results, Belleville should win, 20-0. year's freshman squad is also But when we turn the mirror over working out with the embryo varand compare each with West Side, Kearny should be able to eke out a win by the margin of a safety or a field goal.

The Sandsmen will probably line up in back of the ball as follows, from left to right: Elwood Hill, Bill Sralk, Jim Black, Chris Hamilton, Tony Rodriguez, Captain Bill Smith and Chet Landers.

The backfield is light and shifty, and ranges in weight from quarterback Jack Foy's 147 to fullback Bob Forfar's 180. Halfbacks Jim McAllister and Phil Graham are about midway be-

WALTER HAUBER WINS STATE FOILS

Comes Back In Competition After Five-Year Layoff To Take Prep Title

In the early 20's Wally Hauber built up quite a reputation for himself on the eastern motorcycle speedways. As a pastime he took up fencing, teaching himself from a book. Then there was one day five years ago when Wally found himself tangled up in a nasty spill on the track. An injured knee put him out of the fencing game-for good, he thought at the time.

Last fortnight, Wally Hauber staged one of the most spectacular comebacks in metropolitan fencing history. Now New Jersey referee of the American Motorcycle Association, he turned in the middle of October once again to his old past time and drilled for two weeks on thrusts, parries and what not.

Two weeks ago at the Salle Scafati, Elizabeth, under the auspices of the New Jersey division of the Amateur Fencers League of America were held the State Championships. Before an appreciative audience, Wally came through to defeat the veteran Douglas Gerard of New York to win the Prep Foils title. The evening before he had taken second in the Prep Saber competition, losing to Mario Scafati, Newark, in the finals. The following Wednesday Wally placed fourth in the Epee bouts. Hauber, who lives at 410 Belleville avenue, is 30 and is married to the former Tina Hautala

Mead And Kurzman Remain Undefeated In Twelve Matches

Hal Mead and Henie Kurzman brought their winning streak to an even dozen in their current defense of their Essex County Shuffleboard Championship. Number 12 was registered Sunday over Mickey Murphy and Pete Dimenna, 50-36, at Corbo's Tavern. A return engagement has been scheduled for November 27. Ed Detrick was to have played for Corbo's in this match but did 144 not return from his West Coast 169 14s trip in time. Dimenna took his

place. Mead and Kruzman play an encore tonight when they again visit the Corner Tavern, 213 Belleville avenue. This hundredpoint match is slated to start at 9

PHOTOGRAPHY TALK FOR MEN'S CLUB

Meeting At Fewsmith Church Is Scheduled For Tuesday

John F. Sherman will give an illustrated talk on "Photography as a Hobby, a Science, and a Profession" before the Fewsmith Men's Club, Tuesday evening following the regular monthly meeting. Mr. Sherman has served seven years as president of the New Jersey Photographers' Association, and was president of the Middle States Photographers' Association in 1916-1917. He was also Governor of the New Jersey District of Kiwanis International

Mr. Sherman has consented with the assistance of Fred Holland, a camera enthusiast well known to the members of the club, to act as judge of an impromptu snap shot contest.

Members of the club have been invited to bring a pocket full of pictures with them to this meeting. The pictures will be thrown on the screen by means of an opaque projector. The officers have arranged a surprise event as a part of the photo contest. Plans are being made to bring election returns to the club. Final arrangements have been made for the presentation of the first annual minstrel show in School No. 8. December 2. Rehearsals are in full swing.

Want Local Persons To Attend Nutley Advertising Classes.

Five Belleville persons are eligible to enter the advertising and publicity course, which are being held at Nutley High School in Monday nights from 7:45 until 9:45 o'clock, says William H. Patton of Oldtyme Distillers, Inc., who is one of several prominent Nutleyites who are acting as instructors in this phase of the adult education program in that

Mr. Patton says: "There is nothing in the Belleville schools, I believe, that would offer this opportunity to the 30,000 people, and I feel that your paper would be serving its purpose by giving this information, in order that five Belleville pupils may attend. All they have to do is go to Nutley High School, pay the \$2.50 fee and sit in."

Polyphonic Club Meets

Amy G. Stratton, counselor, will address the combined groups of the Polyphonic club, at a meet-Stratton Studios 335 Union ave- uates at M.I.T. October 18.

nue on Monday evening at 7:30 sharp.

The topic of the evening will be on the importance of daily practice and knowledge of theory and harmony in the art of piano playing.

Election of officers for 1938-39 will be held.

Piano solos and duets will be played by members of the club.

NEWARK WARRIORS BOW TO HILLTOPS

Downtown Lads No Match For Undefeated Bellevillites Who Triumph Easily, 40-0

The Hilltops made it five straight Sunday at Belleville Park when they romped over the Warrior A. C. of Newark. Their 40-0 victory left them still unde-

feated, untied and unscored-on. Pete Torre set up the first score when, on the third play of the game, he intercepted a pass on the Warrior 40 and carried it back to the 1-yard line before being thrown out of bounds. After a 5-yard penalty for off-side, Torre skirted right end for the score. Sorrentino booted the ex-

tra point. Gerry Ringi scored from the Newarkers' 38 in two plays after the opening of the second period. Ringi travelled 26 yards on a reverse and 12 more through left tackle. A pass, Nick Altieri to Ralph Romano, was good for the thirteenth point.

Shortly after the ensuing kick-Frank Carnevale came through fast and recovered a blocked kick for the third touchdown. A pass for the extra point was knocked down.

The Hilltops wasted no time in scoring after the intermission. A steady march carried the ball from the Belleville 20 to the Warriors' 28. From here Altieri scored on a long end run. Jim Tully's plunge for the extra point

Only Warrior Threat

The only Newark threat of the game came after this score when the boys from Newark managed to penetrate to the Hilltops' 36. Here the defense stiffened and the ball changed hands. A consistent pass attack carried straight down the field to the Warriors' 18 from where Altieri again raced around right end for touchdown. Bill Tenpenny dropkicked the additional point. Bob Harding tallied the last

PLAN SYMPHONY **MUSIC IN NUTLEY**

Belleville Musicians Are Listed As Members Of The Society

The Nutley Symphony Society, n whose orchestra many of Belleville's musicians are playing, has announced a series of three symphony concerts for its second season beginning November 10. The orchestra will be conducted by William Oscar, under whose leadership it presented a successful first season.

The program for the first symphony concert which will be held in the Nutley High School auditorium, November 10, will include works of Mendelssohn, Beethoven, Sibelius and Liszt. For its second symphony program on February 2, compositions of Mozart, Sibelius and Goldmark will be given. The third symphony concert on April 13, will feature the works of Dvorak, Liszt, and Tschaikowsky. Soloists of note, vocal and instrumental will be presented at each of these concerts. Dates and programs for the two musicales will be an-

nounced later. Tickets for the series may be reserved by calling Nutley 2-3259.

Injures Spine In **Fall From Roof**

While working Sunday at the old Kingsland home, Centre street and Bloomfield avenue, Nutley, Robert Stager, 46 Newark avenue, received a spinal injury when he fell from the roof. Stager was repairing the roof of the home which is owned by the town and occupied by Mrs. Jennie Kingsland.

DENTAL CLINIC IN THE SCHOOLS

Nine Local Dentists Offer their dervices Gratis

The Board of Education at a special meeting last night appropriated \$500 to purchase a chair, lamp, sterilizer and other implements to equip a dental clinic for observing teeth of school children.

Sans funds to carry out complete dental service this year, the board has enlisted the aid of nine of the thirteen local dentists, who will examine the children's teeth one morning every two weeks, each dentist alternating on a gratis basis. Findings of the survey will be transmitted to parents on cards. The service has been organized by President Herbert C. Schmutz, president of the Board of Education.

The board hopes next year to equip a complete dental clinic in the schools.

HALLOWEEN FUN **UNDER WAY EARLY**

Aside From The Usual Tricks, Belleville Was Tranquil

Halloween pranks got under way early in Belleville, in fact Sunday night, when first streaks of chalk were seen on automobiles in various sections of town. Joseph Constantio, 156 Union avenue, lost a clothes line from his yard the same night. A \$75 sign disappeared Monday night from 182 Adelaide street.

It evidently was more than a prank that led someone to steal a heater and two leather jackets Thursday night from the automobile of R. J. Roberts, 93 New street. He reported the theft Friday, saying he had parked his car all night in front of his home Aside from chalked windows overturned ash cans and the usual pranks, Belleville had a quiet Halloween.

Cops Treat

It was on the cops. 600 odd lollypops went the way of all candy Monday night when young Halloween revelers paid a visit to Police Headquarters. The lollypops were furnished by the policemen.

BY YOUNG MEN'S DEMOCRATIC CLUB

Support Of Group Pledged To Civil Service Movement

The following officers were recently elected at the regular meeting of the Young Men's Democratic Club of Belleville. Inc., an affiliate of the Essex Club: Harry J. Sullivan, who was caimpaign manager for former Police Chief Michael J. Flynn in the last Commission election, president; Timothy J. Monaghan, secretary and treasurer, and Raymond A. Peck, recording secretary. Other officers and the next regular meeting.

Support Civil Service

A resolution was adopted supporting Mayor William H. Williams and the town officials in their efforts to adopt Civil Service in the town through the medium of the ballot on next Tuesday.
The Young Men's Democratic

Club wishes it to be known that its articles of incorporation insist that members must be one hundred percent with the Democratic County Committee in Belleville, and any work that the Democratic chairman, Eugene Kivlen, has to offer the club will be carried out whole-heartedly on next

"When this matter was first called to my attention little did I conceive the extent to which the Democratic organization had gone in its attempt to whip the WPA workers into a political machine. I am astounded by evidence that has come to me from one end of the state to the other exposing practices which certainly should arouse every self-respecting citizen to join in repudiation. Picture, if you wil, men and women in distress, heads of families, earning 13 to 20 dollars a week, many of them without leather on the soles of their shoes, forced night after night to trudge from door to door under orders to canvass their districts.
