SPEEDERS TO LOSE LICENSES WHEN CONVICTED

Fourth Auto Fatality
Is Reason For
Tightening - Up

Recorder Everett B. Smith last night in Police Court warned motorists that future speed law violations will be handled with the former policy of suspending licenses. Early in 1938 Recorder Smith inaugurated this policy and during the eight months it was followed there were no auto fatalities here. During that year, however, there were nine such fatal accidents here.

After the let-down, four deaths resulted from automobile accidents which have led Director of Public Safety William D. Clark and Recorder Smith to the conclusion that the former strict policy is the one to remedy the situation.

After establishing this record, Recorder Smith relaxed his policy, issuing fines instead of suspensions. He said he believed mandatory suspensions were very drastic and that he hoped drivers had "learned a lesson."

In their drive police will exercise particular vigilance on Washington, Union and Belleville avenues.

"GRAMPS" MORGAN GETS SURPRISE ON BIRTHDAY

At Eighty Recalls
Playing With Todd
Lincoln

A surprise eightieth birthday party was held Wednesday evening for William B. "Gramps" Morgan, 492 Jorammon street, who is well known and loved by his friends and neighbors. Friends took him for an automobile ride and then home to celebrate the occasion.

Mr. Morgan in few words tells about playing as a boy with Todd Lincoln, son of President Abraham Lincoln. "I was born in Albany, N. Y. May 10, 1859, after which my father went to Washington, D. C. where he opened the Roule House during the Civil War. It was located at Nineteenth street and Pennsylvania avenue," he says.

"My playmate was Todd Lincoln, son of the President. Always on reception day I was on hand to shake hands with 'Abe' Lincoln. After the death of President Lincoln, our family moved back to Carthage, N. Y., where my dad opened a hotel.

"I have lived in New York City and Brooklyn and in Belleville for the past forty-four years. I have worked in Tiffany & Co. for forty-seven years. Four years ago they sent me home for a much deserved rest.

"On my eightieth birthday my friends gave me a very fine party. Thanks to them all. After living in New York, Brooklyn and Washington, D. C., etc., I think there is not a better town where the grass grows greener than Belleville, N. J.

"The little girl in the picture with me is my best friend and advisor. She is Mrs. W. J. Lamerson, also 992 Jorammon street.

Guests were Mr. and Mrs. John Qualey, Mr. and Mrs. Martin Maloney, Mr. and Mrs. Edward Zborowski, Mr. and Mrs. Henry Zborowski, Alexander Zborowski, Mr. and Mrs. Ray Wilson, Mr. and Mrs. Edward Helmstaeder, Mr. and Mrs. William Kant, Mr. and Mrs. Richard Parker James Gormley, William Chiczewitz, Douglas Chapman, Nicholas Meola, Herbert Day, Charles Rupp, Ray Meahan, Mr. and Mrs. Roy Smedley, Mr. and Mrs. John J. Condemned Land in Newark Triple Cost of Jergens' Site

Pharmaceutical Firm Takes Title
To Tract In
Soho

Comparative prices of land which was appraised by a condemnation commission in Newark, just over the Belleville line in Newark, with the announced price of \$2,250 an acre paid by the Andrew Jergens Co., Cincinnati for adjacent property here, has evoked much comment. The commission in Newark made an award of \$130,000 for the 15,651 acres comprising Newark's Branch Brook Park housing site, which figures at the rate of \$8,666 an acre.

The land to be bought by the Newark Housing Authority for the Branch Brook site is owned by R. Thomas Bowers, real estate dealer with offices at 189 Market street. He had a set price of \$175,000 on his holdings. A local official said the lower price paid by Jergens was partly predicated on the inability of the Hendricks estate to develop or otherwise dispose of the tract to better advantage.

Housing Plan Affected Value

Newark Housing officials explained the disparity in price on the theory that the Branch Brook property had a definite use value in that the Housing Authority had expressed a desire to develop it as a housing project. Also, that the proposed extension by the county of North Sixth street in Newark from Heller parkway to Mill street in Belleville increased the land's value. The county road committee has approved the plans of County Engineer Stickel for the extension, and will advertise for contract bids Tuesday.

The new roadway was a condition under which the Jergens company agreed to erect its proposed \$1,000,000 plant here.

Before the condemnation commission composed of Arthur F. Egner, John P. O'Brien and Theodore W. Lamassena, Bower's counsel, William P. Hurley and Ralph E. Lum, brought Anthony Paterno, Edward J. Maier and Dr. Charles F. Kraemer as experts. Paterno set \$204,520 as the final capitalization value of the Branch Brook property, Maier set \$183,000 and Kraemer \$192,842.

The Housing Authority, represented by Samuel Roessler, president of the Newark Board of Education, and Dr. Milton R. Konvitz, presented as experts John A.

Title Passes

The Jergens Co. has just taken title to thirty-nine acres here. Title was passed in New York at a conference of representatives of the company, counsel for the estate of the late Harman Hendricks, former owners of the property; officials of the Joseph J. Garibaldi Organization, Jersey City brokers, and Mayor Williams. Seven acres are to be sold back to Belleville at the price paid by Jergens and will be used as an overflow basin to control flood conditions along second river.

The company took up its option on the land February 18. Passing title had been held up since then pending completion of plans by the Freeholders to extend North Sixth street.

The freeholders Friday passed a resolution formally requesting Newark to turn over North Sixth street to the county; also a resolution requesting the Essex County Park Commission and the Newark Housing Authority to turn over certain rights of way necessary for the highway. The resolutions were a formality, as all three have already agreed to make the transfers.

Technicality Waived

One factor which has delayed proceedings was a question whether the deeds by which the right of way for the old Morris Canal was acquired, would permit its use as a highway. Newark has agreed to waive the legal technicality. The extension of North Sixth street will run along the bed of the old canal for some distance.

The freeholders Friday appointed George H. Becker of South Orange, former Village president, to succeed the late Andrew J. Whinery of East Orange on the Essex County Right-of-Way Commission. Becker's term is for one year. The board adopted a resolution praising Whinery's public service, and stood in silence for one minute as a mark of respect.

Through a campaign for property conservation, fewer window panes have been broken this year in Belleville Public Schools, reported Supervising Principal Wayne R. Parmer Monday evening at the Board of Education meeting.

"We have progressed farther than that," said Mr. Parmer. "We have had home reactions by teaching children that when they destroy public property the cost of such destruction will mean a larger tax bill for their parents. Not only has the preservation been attached to windows but it has resulted in better kept desks, school equipment, in general, and better yards, trees and plants."

High School Orchestra Gets Bid to Play at World's Fair

What To Wear Proves Perplexing
Problem To School
Board

Belleville High School Orchestra, as other Jersey high school groups, has been invited on Friday, June 2, to play at the Mall at the New York World's Fair. Arrangements Monday night were made by the Board of Education to spend \$50 for two buses to transport the band to and from the fair.

The afternoon will be devoted to Belleville's orchestra, exclusively, and therein lies a story of what the well-groomed high school orchestra should or should not wear on such an occasion.

"After all," opined School Board president Herbert C. Schmutz, "we want our band to look as good as any other. Suppose it comes on after another snappily dressed outfit. Belleville will get a lot of publicity. The orchestra should be properly dressed."

"I don't know about that," so eloquently Mrs. Homer C. Zink, school commissioner. "I should think it is the playing that counts most. And, from what I hear, our orchestra has few if any peers on that score."

"Well," said Commissioner James Lynch, "they ought to look good. Some way should be found to dress up our orchestra."

Graduating Exercises Set In All the Local Schools

Little "Johnnie Jumpup" Barred
From Clearman Field
Exercises

The forty-second annual commencement of Belleville High School will be held at 8:30 Wednesday evening, June 21, at Clearman Field, weather permitting. The usual routine of having a speaker will be dispensed with. One of the graduates will act in that capacity. Should rain interfere, rather than hold the affair indoors, it will be held at the field the first clear night after June 21, although only two days will remain after that date until the school closes for the summer months.

"Little Johnnie Jumpup," who last year came uninvited and attempted to the ceremonies and ratted joyously and boisterously beneath the temporary stands to the consternation of the assemblage, will be throttled this year, provided some efficient policemen are available for use on the field.

Other Exercises

Other schools at which various members of the board will make addresses are scheduled as follows: School No. 1, June 20; No. 3, June 19, in School No. 8; No. 4, June 21; No. 5, June 20; No. 7, June 19; No. 8, June 20; No. 9, June 22, and No. 10, June 22, all at 8:15 p.m., except No. 4 which is at 10 a.m.

GIRL SCOUTS HELD MOTHER-DAUGHTER AFFAIR

Many Attended At
Masonic Temple
Last Night

Mother - Daughter Night was held last night in the Masonic Temple, the use of which was given the Girl Scouts by Belleville Chapter, O. E. S. Each mother of a Girl Scout received an invitation in the form of a floral cut-out bouquet. Favors were made at the local troop meetings.

The room was decorated by Mrs. John Herman of the Mothers' Club. The Council and the Mothers' Club were in charge of arrangements. Entertainment was furnished by half the troops, Nos. 2, 4, 7, 9, 10, 11 and 13.

The Girl Scouts will participate in the parade on Memorial Day and also in the Flag Day and Centennial Celebration, June 18.

Mrs. Frank J. Ackerman, chairman of the camping committee, met with this group and urged the Troop leaders to get the Girl Scouts signed up for camping before June 1. The new regulations concerning the use of the Belleville cabin in South Mountain Reservation were read.

Brownie Pack No. 4, under the leadership of Mrs. Edith J. Staudt, recently went on its first hike. Belleville Park was the scene of activities.

Mrs. Stanley Gibson, girl scout commissioner, met with the chairman of standing committees recently. Fall activities of the program committee are being arranged by Mrs. Burton C. Whinden. Classes will be lined up ready for the new season.

Two training sessions for council members and leaders will be held jointly with the Nutley Council on May 25 and 26. Miss Frances Lee, of the Girl Scout National Staff, will address the group on problems arising from revision of the program. Mrs. John Charlton, chairman of the Training and Personnel Committee, made the arrangements.

"This isn't the band," declared Commissioner Walter Gilby, who was suffering from a cold. (Kerchoo!) "It's an orchestra. These youngsters can play well. I agree that's all that counts."

Commissioner Charles A. Gebhardt, Jr. leaned over in his chair next to President Schmutz for a muffled word with the president. "That's what I was thinking," said Mr. Schmutz. "Let's leave it in the hands of High School Principal Hugh D. Kittle. He can make some arrangement."

Children Visit Fair

The orchestra is not the only group which is taking in the fair. Arrangements are working out so that various classes visit the fair "at a time," according to Supervising Principal Wayne R. Parmer, "when it fits in best with our regular work." Groups are transported by bus, the average cost for the trip and some of the exhibits running from \$1.75 to \$2 per pupil, although "there are several tours and prices." Last Thursday, although an hour late, 100 pupils from Public School No. 8 took in the fair, and thus, Belleville youngsters are not going to miss the "chance that comes once in a lifetime."

It was pointed out by Mr. Parmer that the board assumes no liability from the tours, inasmuch as parents must give written consent before children are permitted to make the trip.

Norman D. Lauterette, general traffic manager of the National Grain Yeast Corporation, has recently moved from Bloomfield with Mrs. Lauterette and their son, Norman, Jr., to 180 Greylock parkway.

Mr. Lauterette is active in transportation and civic circles. He attended the Bloomfield grammar and high school and La Salle University.

His supervision at the National Grain Yeast Corporation deals with the packing, routing and shipping of the commodities of the company to its various branches throughout the country, as well as the "rolling stock" or, all of that company's automotive equipment.

Although he usually is kept on the go with company duties, he finds time to be an active member of the Belleville Lions Club, Traffic Club of Newark, Middle Atlantic States Shippers' Advisory Board and the New Jersey Industrial Traffic League. He serves the latter organization as chairman of their Less Carload and Perishable Articles Standing Committee. He was recently appointed by Mayor Williams to the Board of Commissioners for Belleville's Centennial Celebration.

He also has quite a reputation in Essex and vicinity as a baritone soloist and has been guest soloist for many glee clubs and choruses throughout the state.

It is only natural that through his capacity as a representative of one of the town's industries that he has already innumerable acquaintances in Belleville. But he chose Belleville to live in, he says, "because it is a moderate and modern community and offers everything one can demand of a community of its type."

State-wide Uniform Taxing Method Is Urged by Coogan

Archaic System Is Still In

Essential

By John F. Coogan Jr., Belleville,
State Chairman of National Association of Assessing Officers

The chief responsibility of the local tax assessor is to effect the equal distribution of the cost of government to all taxpayers. The assessed valuation of each property is the determining factor of the taxes to be levied on each specific property. The tax rate established by a municipality is general and applies to all property.

The room was decorated by Mrs. John Herman of the Mothers' Club. The Council and the Mothers' Club were in charge of arrangements. Entertainment was furnished by half the troops, Nos. 2, 4, 7, 9, 10, 11 and 13.

PLAN TO REROUTE SCHOOL BUSES FROM LAKE

Park Commission May
Grant Use of
Extension

Following suggestion of the Forest Hill Civic Association, which had appealed to the Essex County Park Commission to permit rerouting of school buses from Silver Lake through Branch Brook Park Extension, the Board of Education Monday decided to petition the Park authorities for such a change.

"It is practically agreed that the Park Commission will permit us to use the park," said Herbert C. Schmutz. "It would eliminate a dangerous grade crossing in Mt. Prospect avenue, Newark, and several dangerous cross street intersections with Heller parkway. It also would be a more direct route to Belleville."

Patrol Boys' Dinner

School Commissioner Charles Gebhardt and James Lynch were appointed to arrange for the annual Patrol Boys' dinner. May 27 has been set as a tentative date. The dinner will be held in the high school cafeteria.

Bids were received for educational supplies and coal. Fairlie & Wilson of Newark bid \$8.60 per ton on stove coal and \$5.07 on rice. Smith Brothers bid \$8.05 on stove and \$5.15 on rice. Contracts will be awarded later.

Earle W. Siebert, Hershey, Pa., was appointed guidance director and psychologist, for the high school. He is a graduate of Boston University, Elizabethtown College, and Pennsylvania State College.

Four Doors Open

The board denied reports there was only one exit open at the concert given by the High School Musical Club recently. Several complaints were received by board members at the way the overcrowded crowd of 1,100 was handled. Several charged the crowd would have been in serious danger had there been a fire.

Hugh D. Kittle, high school principal, reported there were four doors open during and after the concert. He said: "The trouble is we have so educated the public to use one entrance that many believe there is only one exit. There are never less than three doors opened immediately after the start of any affair in the school."

In the future, the board ruled, the number and location of exits will be announced.

About forty-five per cent of the high school pupils use the school cafeteria, a survey of a special committee showed. The committee was composed of Mrs. Lynch and Walter Gavey. Lynch reported fifty-five per cent of the pupils go home for lunch, thirty per cent bring their lunches and supplement them with food from the cafeteria, and the remaining fifteen per cent buy complete meals there.

Lynch said the survey showed the cafeteria clean and efficient run.

In April the cafeteria had re-

Poppy Day will be observed throughout the United States on Saturday, May 27, with the wearing of memorial poppies in honor of the World War dead. Mrs. Huemer announced today. The observance will be led by the Auxiliary women who will distribute poppies on the streets during the day.

More than eleven millions of the little red memorial flowers have been made by disabled World War veterans working in government hospitals and in poppy workrooms maintained by the Auxiliary, said Mrs. Huemer. These flowers are crepe paper replicas of the poppies which grew on the World War battlefields and among which the dead and wounded fell. They are recognized throughout the English-speaking world as the memorial flower for those who fell in defense of democracy.

Plans for the local observance of Poppy Day are being completed by the Belleville Auxiliary Unit under the leadership of Mrs. Christie, unit poppy chairman, aided by a large committee. Volunteer workers from the unit will offer poppies on the streets all day and will receive contributions for the Legion and Auxiliary welfare and relief work among the disabled veterans and dependent families of veterans.

Poppies for distribution here have been ordered from Lyons Hospital where disabled veterans have been given employment through the winter and spring making the little flowers. They are expected to be worn more generally than ever before on Poppy Day this year.

REUNION HELD BY CLASS OF 1936 IN HIGH SCHOOL

Event May Lead To Other Class Meetings

About 100 members of the Belleville High School Class of 1936, under the leadership of James Tully, president, enjoyed a reunion Saturday evening in the school gymnasium. There was continuous dancing until midnight when the members adjourned to a Newark restaurant for a meal. During the evening the class enjoyed a snake dance through the corridors of the building. The reunion, it is expected, may lead to others by other classes. The Class of '36 plans another get-together in June, next year.

Among those who attended Saturday were Andrew Conklin, Baltimore; Jack English from high University, and Phyllis Dettelbach, Syracuse.

MORE HONORS FOR LEONARD WILLETTE

His Mother Notified That She, Too, Is Winner

Further honors were accorded Leonard Willette, seventeen, a senior in Belleville High School, at the Board of Education meeting Monday evening when the school authorities adopted a resolution, a certified copy of which will be given Leonard for winning first prize in the Scholastic Magazine's national interscholastic art contest. His fine-point ink sketch "Backyard Scene," was adjudged the best of thousands submitted by high school pupils from all over the country.

President Herbert C. Schmutz of the board congratulated Leonard for bringing credit to himself, local schools and Belleville, stating that the youth "is laying the groundwork for a successful future."

Mother Wins, Too

Leonard's mother, Lenora, has been notified by the president of the Alumni Association of Hampton Institute in Virginia, that her three-act play based on the prize of the institute won first prize in a contest sponsored by the alumni and faculty. Two of Mrs. Willette's plays, one dealing with the problem of child labor and the other with domestic employment, have been published by the United States Department of Labor.

teacher and assistant district commissioner. All scouts slept on ground cloths, but "ditching" of tents was barred because of damage to the grass. The camporee, the second local one, is to serve as training for the council-wide event which is expected to draw 1,400 boys from Newark, Belleville and Irvington to the Schiller Reservation at Middletown June 2 to 4. The ditched gullies for catching rain water will be permitted there.

All scouts in the Camporee received a better rating, as a whole, than last year. All troops received at least a white, or satisfactory rating. Troops Nos. 201, 375, 386 and 388 received the blue or honor rating, each troop scoring at least 6,000 or more points out of a possible 7,950. Troops Nos. 360, 389, 387 and 392 received a red or very satisfactory rating, each scoring at least 4,000 or more out of a possible 7,950. Troop No. 333 was rated as a white or satisfactory troop, scoring between 2,000 and 3,999 points.

Only one troop, No. 389, a newly organized outfit, failed to participate. This troop was represented by its scoutmaster, who assisted in the Camporee.

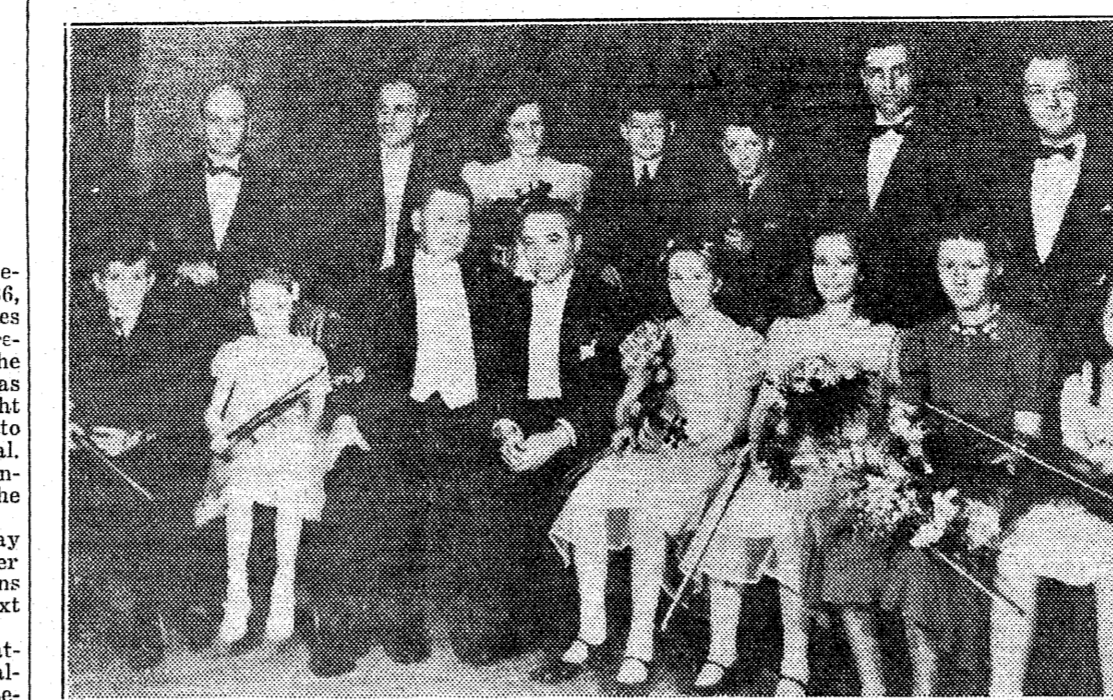

Cubbing

Rev Walter J. Lake, chairman of the local district Cubbing, received twelve requests for the Cubbing program. Any parents of boys between the ages of nine, ten and eleven years, should contact Rev. Lake if they desire their boys to join a Cub Pack.

Students Who Performed So Ably In Recital

Oscar Holst, violin teacher, recently gave another of his student recitals at School No. 8. It was seen from the capacity house and enthusiasm of the audience that Mr. Holst's work in this field is appreciated. This critic attended all of his previous recitals, in which he presented only advanced students, and it was extremely interesting to see and hear some of his junior pupils perform. The remarkable talent and thorough schooling of the pupils must have impressed any who heard them.

The recital was well planned as it brought out every phase in the advancement of students from the first efforts in violinistic studies to the advanced performer. In addition, Mr. Holst brought to Belleville two very fine artists, William Robyn, tenor, and Wil-

year should tend to bring about a better general understanding of the taxation problems which to a large extent the taxpayer and the tax assessor. An open forum will be conducted through which attending taxpayers may direct questions on taxation to be answered by a tax assessor. 100 Per Cent Membership Plan

Robert Treat headquarters reports that Belleville District achieved 100 per cent increase in membership during the last year. With the newly organized district committee great things are predicted for scouting here. All that is needed to encourage more boys to join scouting is the supervisory man power. There are at least 1,000 boys of scout age in Belleville, many of whom are not without affiliation with any troop. Mayor and Finance Director William H. Williams has approved.

to further beautify Belleville and to keep it a place in which each and everyone is proud to live. "A sampling of the exhibits in each building was placed in the auditorium of School No. 8 for the May month meeting of the Board of Education. Each school reported also a summary of its activities during the current school year.

"The business manager, Ruel E. Daniels, has reported a decrease in actual money expended for window glass this year as compared with the same period last year. This in itself is gratifying but of much more value are the habits, ideals and attitudes which have taken root in the minds of the girls and boys of Belleville with reference to the need and the importance of the protection of property. Principals, teachers, and pupils can feel justly proud of their accomplishments along this line during this school year. We hope greater results can and will be shown next year and in the future," she concludes.

"In all groups posters have been made presenting, in pictorial form, such interesting items as what the cost of one window would buy in food, clothing, and recreation. Original plays have been written and presented both in class rooms and general assemblies. Special bulletin boards carried items and pictures from newspapers and magazines that were of an interest-provoking nature. In English classes, fourth grade and above, compositions were written and the best one from each group chosen by the group and sent to Mr. Parmer's office.

"Original jingles, rhymes and poems have been written and compiled into booklets. There have been scrap books of original drawings with explanatory stories. Miniature stages have depicted such things as proper care of picnic grounds and parks, safe and desirable places to play, how to beautify the yard at home and at school, etc.

"Panel discussions, forums, and debates have been held in the upper grades. The need for play areas was stressed by these children. In arithmetic classes problems have been given, dealing with various costs of property damage, and graphs drawn to show comparative window breakage month by month, percentage of taxes needed to repair damage, etc. Books have been carefully examined, pencil marks removed and torn places mended. School gardens have been begun this spring in some schools and in others extended.

Legionnaires Will Visit Bergen County Hospital

Several thousand Legionnaires, their families and friends are expected to visit the Bergen County Hospital, Bergen Pines, on Sunday afternoon for their eighteenth annual visitation, at which time the new therapeutic and recreational pool and solarium will be formally dedicated.
 This pool, enclosed in a solarium, is a gift of the Bergen County Legion and Auxiliary and is to be used largely for the post-treatment of infantile paralysis cases. The outside dimensions are about twenty-five by fifty feet, the pool itself in two sections being of pleasing color: red tile. With two iron lungs new ready for use at the hospital, Bergen Pines will rank among the best equipped in the country for the treatment of infantile paralysis.

Funds for the erection of the pool which cost about \$13,000 were raised entirely by the Legion and Auxiliary. Although on a smaller scale, it has been planned along the lines found so beneficial at Warm Springs, Ga. Every convenience for the treatment and convenience of patients has been provided for. When not in use by these patients, the pool will be used for recreational purposes of the hospital's tuberculosis preventorium children.

Delegations from forty-nine posts and forty-three auxiliaries are expected to participate, first holding a brief parade about the hospital grounds, accompanied by massed colors and numerous bands.

Prominent Legionnaires and officials from throughout New Jersey and neighboring states have been invited to be present as well, among them being Governor A. Harry Moore and former Governor Harold C. Hoffman. Harry Hansen, organization officer will preside at the ceremonies and the gift itself presented by Robert Becker, chairman of the Building Committee. Dr. Joseph R. Morrow, medical director and Superintendent of the hospital since its founding in 1916, will accept the gift on behalf of the hospital.

A feature of the services will be the annual Florence Nightingale services in which several hundred visiting nurses are expected to participate; this is usually a part of the annual hospital week program. Ample parking space will be provided for all who attend. Bergen Pines is midway between Gradel and Ridgewood being about six miles from Hackensack and about three miles south of Ridgewood.

 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "There is but one way—namely, God and His idea—which leads to spiritual being. The scientific government of the body must be attained through the divine Mind. It is impossible to gain control over the body in any other way. On this fundamental point, timid conservatism is absolutely inadmissible. Only through radical reliance on Truth can scientific healing power be realized" (p.167).

Foot Clinic Open Free To Needy In Newark

Following its recent reorganization the Lincoln Hospital, Avon avenue and Stratford place, Newark, in accordance with its liberal tendencies, has inaugurated a free foot clinic to provide relief for sufferers of injuries, diseases and deformities of the foot. This service has been created particularly for patients who, because of temporary or permanent financial strain, are unable to obtain adequate services from a specialist in private practice.

Owing to the widespread prevalence of foot disorders and particularly flat feet among school children, the parents are urged to bring them to the clinic for a check-up to prevent serious foot disorders during adolescence, manhood or womanhood.
 The orthopedic clinic of the hospital is open at the same time for the treatment of injuries and diseases of all bones and joints.
 The hours are Saturday at 10 a.m.

BELLEVILLE NEWS

SPORTS BELLEVILLE, N. J. THURSDAY, MAY 18, 1939 SEVEN

TRACK, perennially relegated to second consideration in the spring sports interest in high schools, is taking an upswing at Belleville. Encouraged by victories over two strong Newark schools, the Bellboys are looking forward with high expectations to the State championships at Montclair three weeks away.

Ever since the days when we were a lowly high school frosh we rebelled at the high and mighty know-it-alls, common in every school, who look down on the sports which do not require bodily contact, such as track, tennis, golf, swimming and so forth, as being "sissy sports." They are the Tarzans who consider football the most manly game with boxing, basketball and baseball trailing shortly behind. But it amused us to see a gentlemen of this opinion, showing how easy it was, galumphing around the track with all the grace of an elephant with lead in his shoes.

It is this attitude, against which track has had to fight for years, that has retarded it in the ordinary high school. It has talked athletes in their teens into considering track a minor sport. Now Belleville, along with most other schools, is learning that there is just as much athletic ability needed to run a hundred yards in a race as there is to slice off tackle. The ball is rolling; keep it rolling.

Ring In The New

Community baseball teams are complaining that it is getting harder and harder all the time to get good ball players for their squads. It seems that all the boys are going softball crazy. For a new sport softball has caught on quicker than almost anything else in history.

Belleville has felt the baseball recession (it's not quite a depression as yet) along with other communities. At one time there was the American Legion Baseball League, the American Legion Junior League, the Manufacturers' League and Belleville had an entry in the Essex County League besides a few independent nines playing in the town.

Now there are a few independent nines playing in the town but no leagues whatsoever. Instead we have the VFW-Recreation Junior Softball League, the Recreation Senior Softball League, the Manufacturers' Softball League and a few independent tens playing in the town. Wallace & Tiernan, which has Belleville's only industrial baseball team as far as we know, had to go all the way to Orange to join a league — there wasn't one even in Newark.

Of course, the reason for this shift in popularity is obvious. Softball costs so much less to play it has attracted those who normally would have played baseball. You don't need gloves, uniforms, cleats of balls and bats; you don't even need regulation bases or fields. Just a balloon ball and a bat and ten fellows and you have a softball team.

But we mustn't lose sight of the fact that baseball is still the national pastime and Belleville is rapidly losing its former baseball greatness — simply for lack of sponsorship. The talent is still there, but the interest is not. We believe the time is ripe for some civic-minded organization to gather up the loose strands as the American Legion once did and form all these teams into a league before it is too late. Start the wheels turning and you'll be surprised how fast they'll be spinning in a short time.

Smattering From The Sports Front

Eastern rowing interest this week centers on Red Bank and the Shrewsbury River where the Dad Vail Regatta will hold forth Saturday afternoon. Eight from several colleges will row their hearts out for the coveted trophy presented by Penn's Rusty Cullow in the grand old man of Wisconsin rowing. Colleges sending varsity crews are Manhattan, Boston U., Dartmouth, Rutgers, Marquette, Rollins and American International. There are three other members of the Vail Association but it is not likely that they will be in a position to enter the race until 1940. There will be four crews in the jayvee and freshman races.

The end comes to the shuffleboard season. And Elmers' Tavern, which rapidly jumped up with the leaders in local shuffle circles this year, will finish it off in great style. The Nutley establishment has cooked up a match for May 29 that ought to pack them ten deep: World's Singles Champion, Arthur Schwartz and Newark ruler John P. will roll the weights against Hal Mead, half of the Essex County championship team, and Pateran, holder of George Ralston. Four champions in one ring sounds like wrestling — and all for the price of one admission: free.

GO AWAY BUMS, RETURN HEROES

Jaunt Around the Country Does Bears Good—Jump From Seventh to Second

The Newark Bears come back home this week.

They left Ruppert Stadium two weeks ago in seventh place with the caustic comments of disappointed fans ringing in their ears. They came back as heroes, after a road trip which saw them playing the best ball in the league and which included clean sweeps of the important games with Rochester and Montreal.

The slim crowds which watched the Bears during their first home stand will be multiplied many times when the club takes on the Baltimore Orioles today, tomorrow and Saturday, and seats for the doubleheader at Jersey City this Sunday were sold out last week.

Following Sunday's game, the Bears finish the series in Jersey City and then play in Baltimore and Syracuse before returning to Ruppert Stadium for a Decoration Day twin bill with the Giants, which will inaugurate a three-weeks' home stand. The holiday games with the Bears' rivals for the league lead are expected to fill Ruppert Stadium for the first time this year.

A list of those responsible for the Bears' recent drive would include practically everyone on the roster. Big Ed Levy tackled sixty points on his batting average. Mickey Wittek abandoned his natural position without a murmur to plug the hole at shortstop, while Ham Schulte took over second base; Mike Chartak continued his heavy slugging to remain among the league's leaders; Washburn and Barley proved themselves by well-placed games which assured Manager Neun of plenty of support behind his three aces, Russo, Haley and Andrews. And all the others have performed so well that from New York down to the bat boy, the Bears are confident they will bag their third straight pennant.

Perhaps the most encouraging feature of their recent surge toward the top has been their ability to win the close ones. They took three crucial games in Montreal before large crowds by scores of 1-0, 6-5 and 8-7, after trailing 6-0 in the latter contest. Neun has demonstrated that he is one of the finest managers in baseball by the way he took hold of this new squad and molded a fighting outfit that never can be counted out of any ball game.

NO SEAFOOD, MAMA, GIMME RAW MEAT

That Big Bad Mans, Bibber McCoy, Reckons Today's Rascals Sissies

Bibber McCoy, whose rough treatment of M. LaChapelle of France at Columbia Park, Hudson Boulevard, North Bergen, last Thursday caused his banishment from the Park ring and imposed threats of violence to his person from the enraged audience, is to be given the acid test of rough ringfire in the headline bout of Promoter Mondt's show tonight at the North Bergen arena. The Bostonian is slated to meet the 305-pound Golden Terror in a one-fall tilt with a time limit of sixty minutes.

Last Thursday McCoy became so interested in his self-appointed task of annihilating Maurice LaChapelle that he nearly worked his way into a series of epileptic fits in the spectators' arms. After he had repeatedly jammed the popular Frenchman's head into the ring ropes and tossed him out of the ring five times in rapid succession, the referee decided that Bibber had tormented his lighter foe enough and banished him with a disqualification. McCoy set up a howl at being disqualified and asked that promoters get opponents for him who are tough enough to hand their own in mat combat. Promoter Mondt immediately contacted the Golden Terror, the roughest man in Eastern rings today, in an effort to fulfill McCoy's request for "raw meat" opponents.

Crowns Take Early Lead In Vet-Rec Senior Softball

With the season only a week old the Belleville Crowns have served notice on the rest of the VFW-Recreation Senior Softball League that they are the team to beat.

The Crowns won their first two games in fairly easy fashion to make spot for themselves at the top of the loop standings. Their only real opposition so far seems to be the West End Civic League team, which showed great promise in its first game in lacing the Royals 10-0, even though garnering only five hits.

Camporee Data

The following are the latest data on swimming, health and safety in connection with the Robert Treat Council Boy Scout Camporee at the Schiff Reservation on June 2, 3, and 4.

The Committee on Waterfront Activities, under Charles Gieske, Jr., and Francis J. Burns, has set up a check system for checking the Scouts in and out of the water. The boys will be divided into three groups: non-swimmers, beginners and those holding swimming merit badges. The information from which the groups will be determined will be gathered from forms which will be in the hands of all patrol leaders before the boys go to camp. These forms will be turned over to the "checkers" upon arrival at camp. Before swimming, the boys will be asked to fill out tags, colored differently for each group, as they arrive at the waterfront. The information on the tag must be checked against the information on the form held by the checker before the scout will be admitted to the water. Should any tags remain on the board at the termination of a swim period, a search for the owner will be started immediately. Mr. Gieske will have a large crew of life-guards with substitutes on hand at all times.

Dr. Arthur S. DeVoe, chairman of the Committee on General Safety, has issued the following instructions: "Each scout participating in the Camporee will be required to present on forms a two games had to be called and thrown to the end of the schedule. The Rosery-Nomad 2-2 tie was caused by rain, the West End-Colonial 5-5 deadlock was due to darkness.

Cards Win Over Watessing

The Cardinals traveled to Bloomfield Sunday and returned victorious over the Watessing Lions by the score of 11-9.

After a bad first inning in which nine runs were scored, four by the Cardinals and five by the Lions, the game was fairly even. The Cardinals gained a two-run lead in the third inning on Coytee's second single, with the bases loaded. This lead was held until the sixth frame when a pair of Cardinal errors and Walsh's third hit tied the score for the Lions.

The Cards put on a three-run spurge in the eighth on two walks and a pair of hits and added one more run in the ninth. The Lions fell short in their rally when a snappy double play with the bases loaded ended the game.

ZEBRAS CONQUER GOOD COUNSEL 12-4

Win Over Newark's Gaels Avenging Defeat By Kearny On Unearned Runs

After suffering their third defeat and first shutout of the year at the hands of Kearny's hustling baseball nine, the Belle-boys came back in vergerful fashion to whale Good Counsel Monday afternoon. This brought the Blue & Gold record to five wins and three losses.

Jack Avazier, going to the post against Kearny with a record of two wins out of three starts, gave the Hudson boys only three hits. Belleville in the meantime was able to smack out only two singles.

But Kearny supported its twirl with errorless baseball while four errors behind Avazier permitted three unearned runs to cross the plate.

Good Counsel never had a chance. The Bellboys ran up a 10-2 lead in the first four innings and coasted in from there. Les Dunham held the Gaels completely in check during this time as did Crowther and McDermott who followed him.

Pitt Glass Leads Manufacturers As Defending Champ Drops Out

Pittsburgh Plate Glass, by virtue of two one-run victories, this week took a short lead over the rest of the teams in the Belleville Manufacturers' Softball League. Pitt turned back Federal Leather and Sonnemore by slim margins behind the pitching of Jim Mazey.

Wallace & Tiernan, after their first game was washed out, pounded out a win over Federal Leather to stay in the undefeated class. Leading Sonnemore 13-3 in the fifth inning last week, W&T's almost certain victory was nullified when the rain came down in torrents before the legal game was finished.

Eastwood Neally is also still in the victory parade. Crowhurst Leather, last year's champion, this week announced that it was dropping out of the league. Its place will be taken by National Grain Yeast. No reason was given for Crowhurst's action.

Eagles Stopped In Eleventh

The Belleville Eagles dropped an eleven-inning tussle to the Newark Hilltops Sunday by the score of 6-5. The Eagles smacked out fourteen hits to their opponents' four, but six Eagle errors spelled the margin between victory and defeat.

The Hilltops tied the score at 2-2 in the second and forged ahead in the sixth when three walks filled the bases and Gonello's error let in two runs.

After the Eagles tied it up at 5-5 in the last of the ninth, the Hilltops put the clincher on in the eleventh with successive two-baggers by Durso and Ruscito.

Minors Idle In Rain

The Pittsburgh Minor Leaguers, rained out of their Saturday game with the Richmond Pleasure Club in Lodi, failed to swing into action last weekend. No game had been arranged for Sunday. The enforced idleness on Sunday broke a ten-year record in which the Minors have never been idle more than one Sunday in a row.

Due to the long inactivity the Minors have been practicing every night at Branch Brook Park in preparation for the coming weekend with Brookdale and Mountain View. Walter Cody and Henry Lubben are the only regular players batting over .300, and Bill Lister, Jim Lynch and Frank Lynch, all potential heavy hitters, have not as yet found their batting eyes.

Templars Win Forfeit

The Belleville Templars won a forfeit game from McCarthy's Boys when the latter failed to appear Sunday afternoon. The Templars will meet the strong Kearny Cardinals Sunday at the same location. Ray Fratella is slated to start on the mound with either Joe Cerno or Jiggs Guarino behind the plate.

Rangers Scheduling

ZEBRA TRACKMEN TRIM EAST SIDE

Second and third places produced the telling margin as the High School won its second track meet of the year defeating East Side of Newark 48½ to 37½.

Ed Holweg once more led the way to victory with triumphs in both of his specialties. He won both dash events wit not too much trouble.

Bob Bangert was this week elected to the captaincy of the Belleville squad. A stellar miler in his second year with the team, Bangert was not pushed to win the mile from East Side. In fact the East Side runners were completely out of it. Belleville swept the event, placing all three men.

First places were evenly divided, each school taking five, but the score very close throughout the meet. However, Belleville's squad was able to garner enough seconds and thirds to pull the chestnut out of the fire.

THE STORY OF THE American Legion Auxiliary Poppy

The idea of the poppy as a memorial flower for the World War dead sprang up as naturally as the little wild flower itself grows in the fields of France and Flanders. The flower was the one touch of beauty which survived amid the hideous destruction of war. Along the edge of the trenches, beneath the tangled barbed wire, about the ragged shell holes and over the fresh graves it raised its brave red blossom. It seemed to be the one immortal thing in that region where death reigned. The soldiers of all nations came to look upon it as the living symbol of the sacrifices of their dead comrades.

It was a poet who first gave expression to the idea. Soon himself to lie beneath the poppies, he wrote:

"In Flanders fields the poppies blow,
Between the crosses, row on row—"

Even before the men had returned from the war, the perfect little poem of Colonel John McCrae had winged its way around the world carrying the picture of the poppies. Returning soldiers brought the vision of the poppy fields back with them, engraved indelibly in their hearts with the memories of the comrades they had left on the battle-front. Spontaneously the poppy took on a sacred significance. It became the flower of remembrance for the men who had poured out their life's blood around the roots of the little plant.

Memories of the war dead always bring thoughts of those who did not die but came back doomed to years of hardship and suffering, sometimes worse than death. In the poppy was found a way to link the honoring of the dead with service for the living victims of the war. Soon after the war patriotic organizations in different countries began to conduct sales of poppies made by disabled

tributaries of the flower came a large proportion of the welfare and relief funds of both organizations. Seldom has such a gigantic enterprise been placed solely in the hands of women.

How well the Auxiliary measured up to the responsibility placed on its shoulders is shown by the development of the poppy program. Each year approximately ten million Americans wear Legion and Auxiliary poppies in tribute to the war dead, contributing for the flowers nearly one million dollars for the welfare of the war's living victims.

May Start Addition

WPA authorities are expected to act within the next three weeks on the application for a project to erect a \$150,000 addition to School No. 3, Schmutz announced.

Schmutz at the same time, asked Christian P. Hanson of 320 New Street, president of the School's P. T. A. to hold the association's meetings elsewhere when a large crowd is expected because of the unsafe condition of the school auditorium. The auditorium and third floor of the school recently were termed fire traps by state school officials.

Pistol Range

Schmutz also said that plans for the addition call for a pistol range, courses in use of which may be started. The range, he added, will also provide a police place for police. The police now have no such range.

Permission was granted the New Jersey Bell Telephone Co. to use Clearman Field on Wednesday evenings for softball games from May 3 to August 31. The Building and Grounds Committee will study the proposal to fence in the playground west of School No. 10 in Belleville avenue so that children will not chase balls thrown into that traffic artery.

School Commissioners Gilby and Mrs. Homer C. Zink and Supervising Principal Wayne R. Parmer will attend a meeting of the Essex County Association of Boards of Education in the Hotel Suburban on Thursday, May 25. President Schmutz and Commissioners Gebhardt and Lynch the same night will attend the Assessors' dinner in the Essex House, Newark.

To Buy Bleacher Seats

The Building and Grounds Committee was authorized to purchase 1,000 circular bleacher seats for \$1,276.

Summer rates for renting the high school were set \$35 and elementary schools, \$20. Rehearsals in each will cost \$7 and rehearsals in excess of three hours in the high school will cost \$3 additional and in the elementary schools, \$2. The rates apply from May 1 to September 30.

Placed under tenure of office were the following teachers: Miss Linnea Andree, Wilho, Wineka, Mildred Clark, Eleanore, Ohlsen, Naomi Waters, Marie D'Allesio and Alice Gradwell. All other teacher contracts were awarded, including twenty-eight not under tenure.

TAX METHOD

(Continued from Page 1)
and method of taxation must be established.

Property owners, public officials and particularly taxing officials await with keen interest the recommendations by the Tax Survey Commission. It is believed that such recommendations will include a version of sales tax and also a state income tax. The purpose of the Tax Survey Commission is to find ways and means for broadening the tax base and to relieve the burden of taxes now imposed on real estate. Every property owner and taxing official should support such measures to widen the participation in governmental cost and relieve the property owner.

Old System in Force

The present system of taxation is substantially the same as employed in the early days of the nation. The plan then adopted, distributed the cost of government in accordance with a person's wealth. Wealth was determined by what one possessed. Ownership then, was true indication of wealth. While our taxing system remains the same in principle our economic order has so changed that the original basis of

IRENE DUNNE AT CAPITOL

A romance between two world sophisticates develops into one of the screen's sweetest love stories in "Love Affair," which co-stars Irene Dunne and Charles Boyer and set to open at the Capitol Theatre Sunday for a three-day showing. Boyer and Miss Dunne meet aboard an ocean liner en route to New York. A Parisian playboy, Boyer is enroute to marry an American heiress, while Miss Dunne is returning to her lover in New York after a sojourn in Europe. A warm romance suddenly arises, but sacrifices must

be made to find the happiness that is rightfully theirs. Maria Ouspenskaya, Lee Bowman, Astrid Allwyn and Maurice Moscovitch are members of the supporting cast.

On the same bill "Sergeant Madden" presents Wallace Beery in his most masterful characterization to date. It is a gripping story of the New York police and of a father who must put a halt to the criminal activities of his own son. Outstanding in supporting roles are Allan Curtis, Tom Brown, and Fay Holden.

Thomas McHale has been named delegate to the Cleveland convention, June 19-23. John Weidman is alternate.

Rev. Deckenbach and President Lawrence E. Keenan also will attend.
