**SALARY INCREASES FOR BELLEVILLE TEACHERS**

About \$1 Per Week Is The Average Decided

Salary increases of \$50 each, except in three instances where \$100 increases were given to two teachers and a medical clerk, retroactive as of the current school year, were granted Monday night by the Board of Education. Involved are 141 teachers, four clerks and nine janitors.

Certain of change a tentative budget for the 1940-41 school year, totaling \$671,772, was discussed. Last year's budget was \$663,236.

James Lynch, head of the finance committee, told board members that the budget will probably be the same as last year.

He said the higher total did not necessarily mean even an increased amount to be raised by local taxation because of balances from this year which would cut down the amount so to be raised. The town raised \$484,000.12 by local taxation last year.

**PROTEST LODGED AGAINST SUNDAY BUILDING**

Rev. John A. Struyk Objects To Bart Operations

A complaint against building activities on Sunday was lodged with the Board of Commissioners, Monday night. The complaint, presented to the board by Mayor William H. Williams, was contained in a letter from Rev. John Struyk, pastor of the Dutch Reformed Church, and referred to over-time activities on the new addition to the Bart Laboratories plant, in Main street.

Following discussion of the matter, Corporation Counsel Lawrence E. Keenan advised the board the only law covering the matter might be contained in the rarely exercised "blue laws." It was further pointed out that, inasmuch as this work is being done on a plant now doing special work for the government, it may be judged an emergency case and therefore not subject to hindrance on the part of the local board.

Mayor Williams also understood the contractor has to finish the job on a certain date or suffer a penalty of \$100 a day for each day beyond the deadline. In light of these conditions, the board felt the work should not be interfered with. It was decided to have the police department check with the contractor on the job and decide just how much longer the job will take to complete. The matter will be referred to the board for consideration following the report of the police investigation.

**BOARD DELAYS CONFIRMATION ON ASSESSMENT**

Attorney Schwartz, Contends Fairview Place Charge "Unfair Taxation"

The Board of Commissioners at a special meeting Monday night gave final confirmation on cost and assessment schedules covering eleven of twelve special assessments against property owners for recently completed curbing and paving improvements. Max Schwartz, local attorney, succeeded in delaying confirmation of the planned assessment against ten property owners on Fairview place on the grounds the assessment was "unfair taxation," as far as that particular street was concerned.

Schwartz, presenting his case clearly and briefly, admitted the original ordinance provided for the property owners benefited by the work to carry the cost in special assessments. He pointed out, however, that in such cases owners of homes on both sides of a street under repair paid an equal amount of the cost.

"Inasmuch as the east side of Fairview place is occupied by ten homes and the western side is taken up by part of the Essex County golf course, which under the law is tax exempt, these people are faced with the problem of paying double their fair share of the cost. It is unfortunate that the county should expect the tax payers on this street to absorb the county's share when persons on other streets are paying half as much for the same type of work," he said.

Schwartz claimed his friends were willing to pay their share of the cost, as they were in favor of the work being done in the first place. According to Schwartz, however, these ten property owners would have to pay among them approximately \$1,600 while home owners on other streets recently paved are getting the same benefits for considerably less.

**Keenan's Advice**

At the request of the board, Corporation Counsel Lawrence E. Keenan advised the group the board could not now place a part of this assessment against the town as a whole. He stated the ordinance calling for this work has been advertised and passed and the work completed and the matter could not be corrected at this late date. The board will attempt to get a ruling from the state auditor on whether a portion of this assessment can be placed in the 1940 town budget. If this can be done, a revised schedule of assessment will be submitted by the town engineering department which would lessen the amount now charged against each property owner in Fairview place.

Resolutions passed, confirming assessments on the other eleven streets are: Grove street, Hill street, Liberty street, paving and curb; Maier street, paving; Division avenue, paving and curb; Emmett street, paving; Mitchell street, paving; Cross street, paving and reset curb; Hewitt avenue, curb and shoulders; Ogden road, paving and curb and Van Ryeper place, paving and curb.

A resolution authorizing the employment of the State Department of Local Government to make an audit of the towns books for 1939, was passed.

**Counsel Advises Board Of Court Action**

Corporation Counsel Lawrence E. Keenan, notified the Board of Commissioners Monday evening that a recent application for a writ of certiorari against the board in a zoning dispute had been granted and hearing would be held in the near future. Keenan also told the group that writs against the Board of Assessment Commissioners, Commissioner Joseph King, acting building inspector and Mrs. Florence Morey, town clerk, were refused.

Application for the various writs to review the zone matter was made recently by Edward Abramson, counsel for John Bianchi, owner of property in Belleville avenue near Smallwood avenue. Bianchi wants to lease this property for restaurant purposes and a change of the present zoning ordinance is necessary for this.

The board of commissioners, a month ago, refused the recommendation of the zoning board to make the change.

## SCRAMBLED EGGS

The recent defeats suffered at the polls by the "ham and eggs" plans in California and Ohio are important to consider for a number of reasons. Not the least instructive of these reasons is the light that the whole "ham and eggs" scramble throws on the processes of representative democracy.

This, in brief, was the background of events in the case:

The idea of having the state give so much each week to all its citizens over a certain age was, of course, an offshoot of the Townsend plan. When individuals in California and Ohio first set the elective machinery in motion to get these measures passed, the sentiment for them seemed like a ball of fire in dry grass. Like so many economic impossibilities of the last few years, "ham and eggs" appeared delightfully simple when first suggested.

Then the economists advanced their learned arguments why the plan wouldn't work. They appealed to Gresham's Law, to the monetary experiences of ancient Rome, to this, to that, and the other.

But in the end it was the average man, enjoying his democratic right of free speech and free discussion, who effected the downfall of "ham and eggs." He talked it over with his next-door neighbor. He talked it over with his storekeeper. They decided that the objective of the plan, to bring security to the state's elders, was a worthy one, but they brought their common sense to bear on the actual mechanics of the plan and decided it wouldn't work. And when the test came, they voted "ham and eggs" out the window.

California and Ohio provide a healthy reminder that, under representative democracy, if the man in the street really has time to thresh a problem out he comes to a pretty reasonable conclusion. It may not always work that way, but there's a better chance of its happening under the American system than under any other the world has ever known.

## THE STATE BUDGET

While the State Budget Department has been preparing the 1940-41 budget for the Governor's Budget Message, the various State departments have been running true to form in requesting increased funds.

Virtually every department that has appeared at the budget hearing has insisted that more money is needed for increased personnel, additional equipment, expansion of activities, or increased traveling expenses.

It is not at all surprising that department heads are making a bid for more money — that's an annual custom. Each department wishes to expand its influence and activities — to hire more employees — to install stream-lined equipment and to do many things that require additional funds. Since the money comes from the never-failing taxpayers, it is natural for each to seek the exhilarating feeling of self-importance that would result from an expansion of the departmental sphere of influence.

Taxpayers, of course, cannot be expected to tolerate such aims. Observing that there are some 175 boards, bureaus, commissions and agencies that make up the State government, the average taxpayer might well wonder what many of them do to justify their existence, and the expense of running them.

It may be that, following the cue of the Persian market system of haggling, these department heads ask for more than they even expect to get, hoping thereby to forestall reduction in their allotments.

Certainly they have no sound reason to believe that the State should attempt to squeeze any more revenue from the taxpayers to support expanded programs — taxpayers are already contributing lavishly to finance state and local governments.

On the contrary, there is distinct evidence

that the public is demanding a material reduction in the cost of government. Results of the November elections prove definitely that the voters in at least sixteen of the twenty-one counties of New Jersey are emphatic in their demands for economy.

Any move to increase the budget in 1940 is doomed to certain defeat. The organized taxpayers of New Jersey, under the leadership of the New Jersey Taxpayers Association, and comprising hundreds of local units throughout the State not only will insist upon drastic reduction in the State budget, but also upon elimination of the usual practice of passing supplemental bills after the State Budget has been approved.

## ARE EVEN SMALL RAISES IN ORDER?

The Board of Education Monday night decided to give its teachers raises. With the exception of three, where \$100 increases were given, the other raises are \$50 each. Considering that a teacher works forty weeks per year, this figures out about \$1.25 per week — not a tremendous jump by any stretch of imagination. Certainly the teachers deserve the raises. Approximately the total amounts to \$7,500. While this figure looms large, it must be considered that Belleville's teaching family takes care of the needs of 5,000 odd children. If the school authorities keep the amount to be raised locally by taxation at a minimum no one is apt to find fault with the raises. By and large, in comparison with other municipalities, Belleville teachers are not overpaid. The only question that may be raised is:— Is this the time for increases, when people are already overburdened with taxation and the relief situation shows little sign of improvement? Can those who foot the bills stand it — even deserving as the cases may be?

## WILL DISCUSSION OF NEW TAXES CONTINUE IN 1940?

When, on November 7, last, the New Jersey electorate reservedly ratified the \$21,000,000 bond issue for relief purposes, there were many who believed that this would end, for two years at least, the pressure for new taxes which has been applied here so vigorously since 1935 when the sales tax was repealed.

Apparently, this is not the case. While the bond money now available means that there can be no question of the State's ability to contribute its share of relief requirements to the municipalities for the next two years, this fact did not dampen the usual amount of talk about new taxes at recent conventions of the League of Municipalities and State teachers' groups.

Remember the State Tax Law Revision Commission? The program of this group went on the rocks early this year when it proposed a hidden sales tax to raise \$36,000,000 a year. The Commission, however, is continuing its labors. Headed by Senator Edward P. Stout of Hudson County, it is likely this group will have some new recommendations to make next year. Since the Commission numbers among its members able and sincere men, these recommendations will be awaited with interest by New Jersey taxpayers who now supply more than a million dollars a day to finance state and local government.

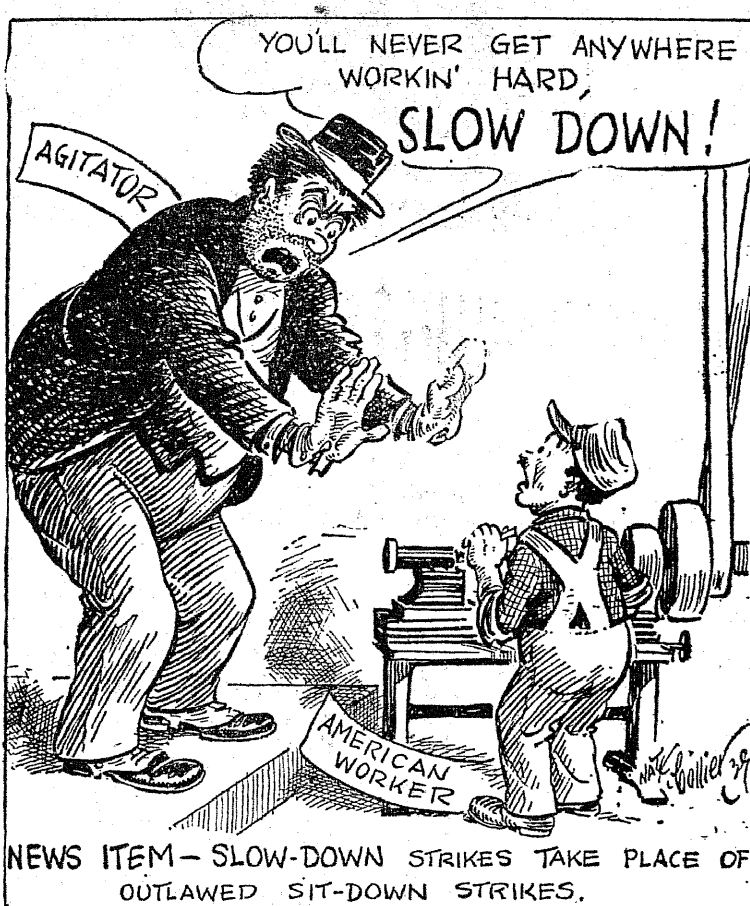

So, in spite of the \$21,000,000 available for relief and the millions with which this whacking big sum could be supplemented by economies and use of available revenues, you can look for an effort to lay the groundwork for new taxes during 1940 and a push to pass them in 1941, if legislature and public are acquiescent.

Now, what is the basis for this constant controversy between proponents and opponents of new taxes in New Jersey? It is the intolerable tax burden now resting on real estate. That burden has almost destroyed the value of real property. It must come down. No doubt about that. Hence, these current efforts, some honest, others obviously political and insincere, to revise our tax system and "relieve" the load on real estate by means of "replacement" levies.

But will new taxes really "relieve" real estate? There's the rub. Will tax money from new sources really ease the burden on the home owner or will it "relieve" him only of more cash and provide funds for additional political spending?

This is so highly controversial a question that we cannot have too complete an examination of all the facts. In this connection, the New Jersey State Chamber of Commerce is distributing a second printing of a study made last March entitled "Do New Taxes Relieve the Tax Burden on Real Estate?" This study showed that in seven states where multiple taxes were levied to "relieve" real estate, that tax on real property now exceeds the levels prevailing when the "replacement" taxes were passed and the total tax burden has skyrocketed by millions.

## Reviews

Vigorous, prolonged applause and shouted "bravos" were accorded Helen Traubel, American soprano, when she sang before 1,388 enthusiastic listeners in the second in a series of free concerts given at the Newark Museum, Sunday afternoon at 4.

Miss Traubel's opening group was unusual in that it contained four songs by Beethoven—a composer who most singers steer clear of because of the merciless demands upon the voice and musicianship of the performer. Three Schubert songs and two of Strauss comprised the second group, then followed four modern songs in English, and a return to the German with Hugo Wolf represented by three songs, and a Wagner aria concluding the program. Repeated applause at the end of each group brought Miss Traubel to the archway to bow. Her rich, warm voice, flawless (and effortless) production, excellent interpretation, and thorough musicianship was recognized instantly by an audience in which one saw practically every singer and singing teacher of note hereabouts. Tall, stately, fine-looking—Miss Traubel's gracious personality and easy stage presence left nothing to be desired. Conrad V. Bos, at the piano, handled the tremendous backdrops in a masterful manner, giving all that one expects of a truly excellent accompanist.

One left the concert feeling thrilled and overawed that such a performance should be free to any recital-follower who cared to attend. Mrs. Wallace M. Scudder, who makes these concerts possible, deserves much commendation and gratitude for her generosity.

Beatrice Bingham, soprano of Floyd street, contributed a group of three songs to the program of the Music Educators' Association, Wednesday evening last, in the Green Room of the YWCA, Newark. In excellent voice, Mrs. Bingham responded to warm applause with an amusing encore. Her accompanist was Alice Wrightman of New York City. Two pianists and a contralto completed the program. High point of the evening was Dr. Edna McEachern's talk, "The Integration of Applied Music with Music History and Theory." That it is the duty of all music teachers, whether voice, piano or violin be their medium, to include in the teaching of each composition the life of the composer, history of the times, and a thorough analysis of the theory and harmony involved, was the gist of Dr. McEachern's crusading. Stimulating and vibrant of personality, Dr. McEachern illustrated her lecturing with occasional rippling passages on the piano, so charming her audience that they begged for a piano solo, which request, however, was not granted. Dr. McEachern is head of the music department of Montclair State Teachers' College.

Donald Moore, baritone, was guest artist at the reception given for teachers in the Belleville public schools by the Woman's Club in the clubhouse, Rossmore place, Tuesday evening. Mary Elizabeth Compton, organist of Wesley Methodist Episcopal Church, was accompanist.

## ISABELLE SANT AMBROGIO IN TOWN HALL RECITAL

Isabelle Sant Ambrogio, pianist, will give her first Town Hall recital on Friday evening, December 1. Miss Sant Ambrogio started her piano studies at the age of five. She has done concert work around Jersey for some years, and at the age of eleven, as Isabelle Shiebler, played in the Free Concert Course at the Montclair High School. At fifteen, she won the Newark Music Festival Contest, and appeared as soloist in the Newark Armory, later appearing twice as soloist in the Newark Symphony Orchestra concerts which were broadcast over WOR. In 1936 she won the Madrigal Society's Debut Award in New York. Miss Sant Ambrogio played at the Women's Clubs of the

Oranges and Montclair in 1936 and 1937, and gave a recital last April in Griffith Auditorium, Newark.

At various other times, Miss Sant Ambrogio appeared in joint recital with Gladys Burns, soprano, Roderick Meakle, violinist, and Anthony Sant Ambrogio, violinist.

She has received highly favorable comment from critics on the Jersey papers for her past performances. The late Walter Planagan of the Newark Evening News wrote the following after she won the Newark Music Festival contest:

"In technical equipment and interpretative ability she is an artist. Not only was her fingering of all the difficulties of the Ballade notable for its surety and smoothness, but her phrasing of the work was such as one expects only from a mature and experienced pianist. In any concert room this young woman should be a welcome figure on the platform."

The program follows:

I  
Partita in B flat major, J. S. Bach, Transcribed by H. Bauer; Fantasia in C major, Haydn; Sonata Op. 81a, Beethoven.

II  
Ballade F major, Chopin; Nocturne Op. 27 No. 1, Chopin; Papillons, Schumann.

III  
Scherzo, E minor, Brahms; In-fermezzo, Brahms; Valses Nobles and Sentimentales, Ravel; Shuffle, A. Sant Ambrogio; Waltz, A. Sant Ambrogio and Rhapsodie XIII, Liszt.

Subscribers to the Metropolitan Opera performance of "Tosca" which the Griffith Music Foundation is presenting on December 19 at the Mosque Theatre, Newark, for the benefit of the Woman's Club of Orange, include the following from Belleville: Earl W. Seibert, 580 Washington avenue, and Mr. Joseph O'Hara, 230 Belleville avenue.

## Snoop's Snoops

It begins to look as if the Board of Education is going to start an Adult School program some time in January. There has been considerable pressure for this program and apparently the Board saw the need. We are very happy to learn of the action and feel certain that the members will be well repaid by a large and enthusiastic enrollment.

Our informant indicated that there will be a new course in golf, to be headed by a local professional. We hope it is Maurice O'Connor, professional of the Essex County Public Links. If this is true, we rather feel that the class will be crowded with a lot of would-be golfers and other friends who cannot get sufficient golf in during the summer months.

We were very much surprised to read that the Parent-Teacher Forum for recreation in the High School had to be called off last week for lack of attendance. It seems that recreation in Belleville is being continually kicked around, and still, when there is an opportunity for the citizens to express themselves, no one thinks it worth while to put in an appearance. Perhaps when the Commissioners start the preparation of the budget and Director of Parks and Public Properties Louis A. Noll advocates increasing the recreation budget, there will be a howl from some of those who only express themselves when it starts to hit their pocketbooks.

It is nice to see that the Belleville District of Boy Scouts is finally going to be recognized by an Advancement Program at the Belleville High School on Tuesday and will be in charge locally of Hugh D. Kittle, high school principal. We have learned that an inter-

esting program is in store and it would do a number of Belleville's leading citizens good to attend and see what the local volunteer Scouts are trying to do for the boys of Belleville. Fathers are all welcome and urged to attend.

While on the Scouting subject, the local District is in need of three or four outstanding men, preferably with Scouting experience, to serve on the committee. Two or three experienced scoutmasters also could be used. It is very difficult to carry on a Scouting program without sufficient adult leadership. Why not do your part?

Have you been in the neighborhood west of Union avenue between Joramaleen street and Division avenue lately? If not, you are in for a surprise at the building activity. A foundation for a new home is on New street; one on Van Reyper place, another on Reservoir place. In addition to this, the framework is completed for a dwelling on Reservoir place; two on Van Reyper place, and two have just recently been completed on Division avenue. This is the kind of building activity Belleville needs.

On October 19, our story was correct concerning the resignation of Coach Frank Smith of Belleville High School. We take a chance of predicting the name of his successor. From a very reliable source we learn that Felix McCormick, assistant to William Foley, coach of Bloomfield High School, has already been offered the position as coach of Belleville High. McCormick's name was mentioned prominently some two years ago when the rumor was prevalent that Smith was to resign.

## Junior Music Club

The Junior Music Club held a theatre party Sunday afternoon at the Capitol Theatre. In the party were Suzanne Seiler, Phyllis Wall, Cordula Neinhause, Betty Fulton, William Best, Jack and Mr. and Mrs. J. Doyle. Pictures were taken and ice cream was enjoyed at a local store. The club's next event will be a piano recital for parents and friends, December 1.

The club held a business meeting and social Saturday in the studio of Mrs. Doyle, 17 Wilber street. Arrangements are being made for a Christmas Party to be held December 27, when the club will celebrate its first anniversary. The topics discussed at the last meeting were "Relaxing Before a Public Appearance," and "Stage Deportment at Student Recitals." Those present were Suzanne Seiler, Cordula Neinhause, Phyllis Wall, Betty Fulton, Joan Maloney and Jack Doyle.

Mrs. Arthur Bloemke

Two tickets to the Capitol go to Mrs. Bloemke.

## Gelatine Cake

1 package Lime gelatine  
1 package Strawberry gelatine  
½ pint heavy cream  
1 Drake's sponge layer cake

## Recipes Prepared

by News Readers

Contributed by Belleville housewives.  
Tested and supervised by Aunt Flo, c/o Belleville News, 11 Mill street.  
TWO PRIZES EACH WEEK — FREE TICKETS TO CAPITOL THEATRE FOR THE BEST RECIPES PUBLISHED.  
Write out in full such words as "tablespoon," "teaspoon," "cup," "pound," "ounce," etc. Use numerals for such words as 1, ½, ¼, ⅓, etc., when referring to quantities.

Prepare each package of gelatine separately according to directions on package. When gelatine is dissolved pour into two separate cake pans; place one layer of sponge cake in each pan. Cake will absorb gelatine. Place pans in refrigerator until gelatine is firm. Loosen cakes with spatula. Whip the heavy cream and spread between layers and also on top.

(Note: The strawberry and lime flavors are especially nice around the Christmas holidays).

Mrs. Jennie Huxtable, 28 Van Houten place, will also receive two tickets for her delicious recipe:

## Prune Puff

4 eggs  
½ cup powdered sugar  
1 cup cooked prunes

Whip egg whites to stiff froth; add sugar slowly, beating continuously; add prunes, stoned and chopped; whip until light. Bake in pudding dish in moderate oven at 325° F. about ten minutes or until set. Serve with soft custard made from yolks of eggs or with sauce or whipped cream.

## Meador Wright's PIQUANT POLITICS

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

There is no mystery about why Mayor Hague controls most of New Jersey's government. He controls New Jersey because he controls Hudson County.

Here are the election figures from Hudson for the past thirteen years. Shown is the average vote given candidates for the General Assembly, and considered the best index of party strength.

Year Democratic Rep. Majority  
1927 125,839 33,556 92,283  
1928 148,624 89,652 54,972  
1929 124,019 34,339 89,680  
1930 132,721 45,714 84,007  
1931 108,414 32,405 76,009  
1932 179,985 61,949 118,036  
1933 139,456 26,135 113,321  
1934 175,994 55,169 120,825  
1935 177,912 41,423 136,489  
1936 224,570 62,027 162,543  
1937 203,290 56,785 146,505  
1938 203,157 57,338 145,819  
1939 189,767 35,925 153,842

Even when they appear in cold print it is hard to comprehend the import of these figures. They show that Democratic voters are regimented to an extent that is almost unbelievable. Hague's enemies do not hesitate to compare his tactics with those of Hitler. But the sophisticated smile at this. As someone has pointed out, Hague was turning out *Ja* votes in Jersey City in the days when Adolph was still hanging around Vienna flophouses.

Democratic Vote Stationary  
The controlled nature of this vote is shown by its size. It will be noted that the Republican vote in Hudson varies according to the general trend throughout the state. It was heavier last year and the year before when a Senator and a Governor were being elected. This year being an off-year, it slumped again, as was the case in the remainder of the state. But the Democratic vote changes very little, even in Presidential election years. It has grown, however, appreciably stronger as the matchless Hague technique has been perfected.

The obvious conclusion from these figures is that Hague cannot be weakened in Hudson. If Hagueism is to be destroyed as a force in the state, that destruction must come from an outside reaction. Furthermore, the reaction must be a powerful one. The ability to deliver a majority of more than 150,000 from one county even in off-years is a tremendous advantage. Public reaction might combat it successfully for one election, or maybe two, but eventually the advantage would reassert itself and the machine

would grab power again. But every action is supposed to bring its reaction, and such a reaction to Hagueism is long overdue. This reaction can take place in one of three ways: 1. within the Democratic party; 2. within the Republican party; 3. through the rise of a third party. The last mentioned possibility is extremely remote unless the Republican party is practically to disappear as a force in the state. In a three-cornered fight the potency of Hague's Hudson majority would be even greater than at present.

Reaction To Hague  
As to the first two factors, there is evidence that a reaction to Hague is developing both within the Democratic and Republican parties. The light Democratic vote in Essex this year—it was slightly in excess of 50,000—was basically a strike against Hague.

The present Democratic chairman, James J. McMahon of Montclair, is recognized as a Hague selection. When Democratic leaders throughout the county declined to cooperate with McMahon it was just another way of expressing their dislike for Hague. Democratic leaders throughout the state are generally dissatisfied. Hague may be compelled to make some adjustment — that is, abdicate as an unqualified party dictator.

Efforts are now being made to force such an abdication on Hague by making him accept a gubernatorial candidate whom he cannot control. When William H. Smathers recently urged the selection of Charles Edison as the Democratic nominee for Governor, it was just another move in his long-range plan to weaken Hague's hold on the Democratic party.

While those who know him doubt that Edison can be persuaded to make the race, these same friends know that were he to be nominated and elected Governor he would certainly make his own decisions at Trenton. Hague must know this, too, and it is doubtful if he will back Edison except as a last resort. It would not surprise me, however, if President Roosevelt with his great flair for political strategy should urge Edison to seek the nomination with the definite purpose of weakening Hague's hold on New Jersey.

Hague and Hoffman

In the Republican party, reaction against Hague is expressing itself in opposition to Harold G. Hoffman. The former Governor has a powerful personal machine that can deliver a bloc of votes in any primary not much inferior to Hague's Hudson strength. If these two forces could be joined, Hoffman could win any primary contest. But registered Democrats are not permitted to vote in Republican primaries, and neither Hague nor Hoffman dares cooperate openly with the other.

Events are moving rapidly toward a climax, but the ultimate outcome is still obscure.

## American Legion Auxiliary

Belleville Post, American Legion Auxiliary, is planning a card party for tomorrow evening in the home of Mrs. William I. LaBaugh 45 Forest street.

On Tuesday members of the unit will attend a luncheon in Ampere Parkway Church. Mrs. Leona Kolinsky has charge of reservations.

Thanks are extended to the November committee for its splendid work. The December committee is composed of Mrs. James Masterson, Mrs. William Kant, Mrs. Ackerman and Mrs. Allen. The Christmas party will be in charge of Mrs. Masterson.

Continued activities in behalf of strengthened national defenses for the United States will be part of the American Legion Auxiliary's program during 1940. Mrs. Charles Hoffman, chairman of the chairman of the National Defense Committee of Belleville Unit, has announced. Full strength of the Auxiliary's membership, now being enrolled for the new year, will be placed behind the national defense program of the Legion, she said.

Service to others comes first on the program of the American Legion Auxiliary but does not prevent frequent social activities for the enjoyment of the members, themselves, according to Mrs. Kolinsky, who is in charge of the social program for Belleville Unit during the coming year. The Auxiliary will share some of these activities with the men of the Legion Post.

Events in which Auxiliary members will participate, already scheduled for the winter and spring months, include, card parties, luncheons, Christmas party, trips to various business houses, dances and so on. There will be others which have not yet been definitely arranged.

"Every meeting of the Unit, business as well as social, is an enjoyable event for the members," said Mrs. Kolinsky. "Here they meet old friends and make new ones. They hear interesting talks and take part in discussions. They acquire a wider outlook from being a part of a great national organization at work on problems of nation-wide importance. Meeting day is a red-letter day on the calendars of Auxiliary members."

"We who have been active in the Auxiliary for a number of years feel that not belong are missing much pleasure and enjoyment. We are inviting them all to join our Unit at this time and share with us the full program

## Eleanor Bacon-Peck Heads Auditions Committee Of The Nutley Symphony

## JEWRY PREPARES OBSERVANCE OF CHANUKAH

Festival Of Lights  
From December 7  
To December 14

The annual observance of Chanukah, the Jewish Festival of Lights, will begin Wednesday night, December 7, and extend to Thursday, December 14. This holiday is considered one of the minor festivals in the Jewish calendar, because its observance is not mentioned in the Bible.

Rabbi Rubin R. Dobin of Congregation A. A. explains the meaning and customs of the holiday as follows: According to the Jewish calendar, Chanukah falls on the twenty-fifth day of Kislev. It is celebrated in commemoration of the courageous campaign waged by the Maccabees of old against the overwhelming hordes of Antiochus Epiphanes when he sought to conquer Palestine in the year 165 B.C. The holiday is also known as the Feast of Dedication, to remind us of the purification and re-dedication of the Holy Temple in Jerusalem three years after it was defiled by the Syrian general and king. It is observed eight days because of the miracle wrought when a flask of holy oil for the Temple, which under ordinary circumstances should last but one day, burned for eight days until new oil could be obtained.

The observance of the holiday was ordained by Judas Maccabaeus and the elders of that age to bring to the minds of the Jewish people the courage and victorious stand made by the Jewish armies against the tyrants of Greece and Syria. It is a constant reminder of the steadfastness and firmness so characteristic of the Jewish people.

Chanukah is principally observed in the home and synagogue by the lighting of Chanukah candles set in an eight-branched Menorah, with an additional holder for the "Shammos" or the servant candle. The custom is to light one candle the first night, two the second night and so on. The lighting is preceded by the chanting of appropriate blessings and the singing of the popular hymns, "Haneiros Hallalu," and "Mooz Tsur."

Many interesting customs are observed during the holiday. The children receive Chanukah gifts; they play a game, "tandel," a teetotum, with Hebrew lettering on its sides. It is a tradition to eat "latkes," small potato pancakes on the evening of the holiday. The holiday spirit will prevail in all Jewish homes. The joyous spirit of the festival will inspire many and delight all.

Among the observances planned for the local Jewish community are: the annual Chanukah Festival on Sunday, December 10; a Chanukah party by the Sisterhood on Tuesday night, December 12; a holiday entertainment by the Young Folks League of the Congregation on Wednesday night, December 13, and the nightly lighting of the candles by the pupils of the daily Hebrew School and a Chanukah party given by them.

**Newark & Passaic**  
**CHURCH OF CHRIST, SCIENTIST**  
276 Main Avenue, Passaic, N. J.  
605 Broad Street, Newark.  
"God the Only Cause and Creator" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday.

The golden text is: "Let all the earth fear the Lord; let all the inhabitants of the world stand in awe of him. For he spake, and it was done; he commanded, and it stood fast."

Among the citations which comprise the lesson-sermon is the following from the Bible: "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For as many as are led by the Spirit of God, they are the sons of God."

The lesson-sermon also includes the following passage from the Christian Science textbook: "Neither anatomy nor theology has ever described man as created by Spirit,—as God's man... Divine Science rolls back the clouds of error with the light of Truth, and lifts the curtain on man as never born and as never dying, but as co-existent with his creator."

"Home Coming Day," with sermon by the pastor, Rev. Benedetto Pascale, at 10 o'clock Sunday morning will climax the celebration of the twenty-fifth anniversary of the First Italian Baptist Church, Silver Lake.

At 3 o'clock Sunday afternoon there will be inspection of buildings and greetings from other churches; 6:30 o'clock, communion and reception of new members and at 8, fellowship.

Last Monday, Sunday School Night was observed and Tuesday, Youth Night, with Dr. Antonio Mangano, Brooklyn, speaker. Last night was Ladies' Night with national Baptist leaders attending. Tonight will be Men's Night and tomorrow, Choir Night.

And, thus, as this is recorded, Belleville witnesses a story of a "dream come true" in the Lake, where Rev. Pascale led a group of workers in overall in clearing and grading in 1929 land, which has been developed as Friendly Playground of Grace Baptist Church.

It was back in April, that year, that a group of men who were talking with Rev. Pascale decided that a playground should be established. In short order they subscribed \$325 and, with the help of friends, the church raised \$4,000 additional. A real estate agent for the church charged no fee and a lawyer in the group helped matters along in like manner.

# PLANS COMPLETE FOR BAZAAR AT GRACE CHURCH

Affair Is Scheduled For Saturday Afternoon

The annual bazaar at Grace Baptist Church will be held Saturday. Booths will be open at 2 p.m. which is a new departure this year. Another new feature will be that the booths will be in the various rooms of the first floor in the Church educational building. Previously they had been in the basement.

The organized groups of the Church will participate and cooperate with Helen V. Davis Chapter, World Wide Guild which is sponsoring the affair as it has in previous years.

The sponsoring Guild is in charge of the turkey supper which will be served between 5:30 and 7:30 p.m.

Mrs. Elwood Russell is chairman of the supper committee and careful plans have been laid for this important part of the bazaar. With the booth located upstairs on the first floor, the basement will be cleared for serving while new tables will make it possible to seat more persons than in any previous year.

WHY wouldn't it be a pretty swell idea if all childless families in Newark and the suburbs became foster parents for a day on Christmas to children in the orphan homes? The more I think of the idea the better I like it. They say that Christmas is as good as nothing without a child around the house. Well then, why not make some lonely child happy, making yourself happy at the same time? All you have to do is this: Call up some orphan home — like the Newark Orphans' Home, for instance — and ask the superintendent if you could take a little boy or girl to your home Christmas eve to remain overnight and throughout the Big Day. We're sure that it would be okay, and we're sure that you would have a much happier Christmas by making one of those parentless kiddies happy.

And the Newark Orphans' Home and they are a swell crowd of well-behaved and lovable children. They would never forget a real home Christmas, waking up to a tree, presents, etc. And we are sure you would never forget it, either. If this idea nets a home Christmas for even one parentless child, we'll be satisfied, but we see a chance for making many children happy, yourselves included, should the idea be taken up on a mass scale. How about it?

ALDERNEY Dairy not so long ago gave an ice cream party at the Newark Orphans' Home and the children, ranging from tiny tots to those of high school age, were about the finest looking group of youngsters we have seen anywhere. Well-mannered, well-groomed children appreciative of the smallest gesture of kindness. What a thrill the Alderney party was for them! What a tremendous thrill it would be for them to have a real home Christmas!

FEW people realize the wide scope of the catering business in Newark and the suburbs. Affairs at homes, in plants and factories, sometimes require the services of many chefs, waiters, bus boys, that check girls and what-not. Sometimes as many as six and seven hundred persons are served. One of these approaching affairs — a business gathering in Rahway — will be handled by Nils Bruhn, capable impresario of West Orange's Kungsholm. Some 400 will attend.

IF YOU think in terms of Italian food as it is served in the homes of the Ne families of Italy, it is not as spaghetti and meat balls as some people are wont to do, then The Condon in Northfield road, Livingston, is the place for you to visit. John Tos has gone in for real Italian cuisine in a big way, and is sending his customers away very happy indeed. You must try The Condon the next time you have that Italian dinner urge.

DELIGHTFUL too, these fine Autumn-weather days is the drive out Route 10 to the Alderney Dairy Milk Barn in Morris Plains. Attendance has proven that milk is the year-round drink and ice cream the year-round food, dessert, refreshment, or what you will. The Alderney staff up there has been kept pretty much at mid-Summer activity, and the Alderney Milk Barn has become a definite gathering and meeting place for folks of all ages.

I LIKE Gene Fowler's new novel "Illusion in Java," just out. The Robert Treat's tried oysters on toast... The Kungsholm's deviled eggs... The Newstreet's well-laid pictures... The Alderney's Guinness milk by the glass... The bottle or the 40-quart can? The efficiency of the boys at Weber and Heilbroner's... Adolph Birnbaum's rare showing of Christmas necktie and handkerchief combinations. —Adv.

## S'MATTER, POP?

Ten-year-old John Lohle, Jr., 170 Belmont avenue, was reported missing at 10:15 o'clock Sunday night by his father, who frantically called police to search for the lad.

"It's O.K., pop, we've found him," whispered a brawny cop as he handed over a bundle of humanity which had fallen asleep in his arms. "He was only over at Stefanelli's taking in a wedding reception."

Pop started to say something about "get 'em young" as he trundled his offspring off to bed.

## Jersey Banks Make 250,000 New Loans And Renew 600,000 Others

(Special to Belleville News) New York, Nov. 30 — Meeting the charge that banks are not lending, the American Bankers Association published today the results of a survey of bank lending activity in New Jersey showing that the commercial banks of the Garden State made more than 250,000 new loans totaling \$225,000,000 to business firms and individuals throughout the state during the first six months of 1939 and renewed more than 600,000 outstanding loans totaling more than \$550,000,000 in the same period. In addition, the banks made 5,000 mortgage loans to home owners and other real estate owners, totaling \$28,000,000.

These figures are predicted on the reports of 204 banks or 55 per cent of the commercial banks of the state, sent to the A.B.A. in reply to its questionnaires.

The 204 reporting banks stated that they made 123,656 new loans totaling \$136,034,128 between January 1 and June 30, 1939, and that they renewed 362,867 already outstanding loans in the total sum of \$323,537,845, and that they made 3,277 mortgage loans on homes and other real estate aggregating \$15,517,426.

The average number of new loans made per bank was 797. The average number of loans renewed per bank was 1,779 and the average number of mortgage loans made per bank was 16.

The average new loan was for \$836. The average loan renewal was for \$892, and the average mortgage loan was for \$4,735.

In addition to lending on individual applications, banks in the larger cities maintain for regular established business borrowers what are known as "open lines of credit" in specific amounts, available at all times to such borrowers. Thirty-six banks reported the maintenance of such open lines of credit in the aggregate sum of \$30,829,002. However, they stated that only \$11,107,946, or 36 per cent of this credit, was being used as of June 30.

## Library News

New books of note in the Adult Department are:

"The Sea Tower," Hugh Walpole. This has something of the mysterious charm of Rebecca, and is the story of a young bride in the ghostly castle home of her husband's family, involving the hatred of a jealous mother-in-law.

"The Middle Window," Elizabeth Goudge, is a story of Scotland and its history, and of two young people who seem to have known one another in a life before. This is a love story with a supernatural element that is fascinating.

"April Was When It Began," Barry Benefield. Here is a light, hilarious story of a lonely little girl and a whimsical idealistic young man, set against the background of the brownstone fronted homes of New York.

Two new additions to the Pay Collection are: The City of Gold, by Francis Brett Young, a lengthy tale of Johannesburg, South Africa, and of the gold-seekers who try to make their fortunes there. The adventures of the three Grafton Brothers, all of different opinions, join to make a story of dramatic conflict.

So Stands the Rock, by Anne Miller Downes, a novel of Vermont, of American land and people. Jessie Shaw is a woman of matchless courage, who makes her husband a successful man, through her endurance and strong will.

## Choral Plans Progress

Residents of Belleville are invited to attend a Christmas Festival to be held on Monday evening, December 18, in Belleville High School auditorium, with various choral groups of Belleville participating. Included in this group will be the Wesley Methodist Church Junior and Senior choirs, the Belleville Men's Glee Club and the Belleville Women's Club Choral group, Fawcett Presbyterian Church, Grace Baptist Church and Christ Episcopal Church.

# BINGO BAN HITS SEVERAL GROUPS IN TOWN

St. Peter's And Elks Charitable Endeavors Hard Hit

Belleville has bid adieu to Bingo. St. Peter's Church held its last affair last night and the Elks concluded their games Tuesday night.

Games stopped Saturday night at Veterans' Hall and the Christian Mothers' Sodality of Silver Lake will hold their bingo to-night in St. Anthony's new Church auditorium, having moved the date ahead from December 14 to get in the games before the closing edict of Prosecutor Wachenfeld goes into effect Saturday.

Mrs. Carl Salzano is president of the Sodality. Mrs. Margaret Moro, who is chairman, has chosen as her assistants on the committee Mrs. Albina Iannelli, Mrs. Madeline Musco, Mrs. Josephine Bocchini, Mrs. L. Viola, Mrs. Anna Evangelista, Mrs. Madeline Graziano, Mrs. Grace Piloso, Mrs. Rose Pascheria, Mrs. Millie Cicario, Mrs. Theresa Pascheria and Mrs. Virginia Pascheria. Mrs. Celeste Baglione is treasurer and Mrs. Concetta Domenick, secretary.

All of the groups here feel a keen financial responsibility will develop through curtailment of the games. St. Peter's Church used the funds for charity, as did the local Lodge of Elks whose proceeds were used to care for crippled children. Belleville did not come under the professional type of game which caused a survey in Essex by Edmund Williamson of the Chamber of Commerce of the Oranges and Maplewood, and led to opposition by judges and the Grand Jury resulting in the Prosecutor's edict.

The Elks expect temporarily, until it is definitely determined whether the ban will continue to apply to charitable organizations, to find some other means to care for the kiddies, the expense of which runs high each year. Some 200 children have shared in funds furnished by the Elks here, either locally or at the Betty Bacarach Home, Atlantic City.

## Foreign Service Enlistments

The Second Corps Area recruiting office at 39 Whitehall street, Manhattan, announced today that authority had been received from the War Department to enlist 1,753 recruits in one of the most popular types of duty, that of foreign service. Col. L. B. Magruder, corps area recruiting officer for New York, New Jersey and Delaware, said a new "accelerator requisition" received from Washington to speed the current Army increase to 227,000 men by the end of next month, if possible, would permit immediate acceptance of 1,413 men for the defense of the Panama Canal, 265 for Hawaii and seventy-five for the long voyage to the Philippines.

In addition to serving in pleasant climates, foreign service requires only two years of the three-year enlistment. Col. Magruder said.

These foreign service vacancies are part of approximately 4,600 recruits authorized for enlistment from this corps area between now and December 31, 1939. Col. Magruder estimated that this would necessitate some 6,500 applications within the next few weeks, since approximately forty per cent of those who apply for enlistment in this corps area are rejected. Last month out of 2,353 applications, 950 were turned down for failure to meet physical, educational or other requirements.

Although the Army's greatest peace-time recruiting drive is in full swing, the requirements have remained as rigid as ever, requiring that successful applicants be physically fit, citizens of the United States, unmarried, without dependents and between the ages of 18 and 35. The Air Corps and Signal Corps require that recruits have a high school education or its equivalent.

# "All Quiet On The Western Front"

With Europe in the thick of another titanic war, "All Quiet on the Western Front," recognized as the greatest war film ever made, has been released in its original uncensored version for the first time, and will be shown at the Capitol Theatre Sunday for three days. The film is a moving, stirring dramatization that shows the horror, the pathos

and the grim humor of war as it is waged in modern times.

"All Quiet on the Western Front" has its place in the public consciousness today. Truth, shining through all censorship efforts, distinguishes the pictorialization of Erich Marie Remarque's world famous novel. Lew Ayres and Slim Summerville have starring roles.

On the same program is "On Your Toes" a musical comedy hit, starring Zorina, the exotically lovely dancing star of the Broadway hit "I Married an Angel," and opposite her is Eddie Albert, the comedy sensation of "Brother

# Activities of Belleville Lodge, 1123, Benevolent Protective Order of Elks

The last rites were held for Bro. Bingo Tuesday night. Surely many more than those who enjoyed playing the game will miss this Brother because he catered to those less fortunate people, on account of no fault of their own, were dealt a blow below the belt before they could get started in life. Reference is made to the Crippled Kiddies for whom the Elks do so much. But one more blow to these children just perks them up that much more. They can rest assured that the Elks will not let down these 200 odd children. The Elks will bestir themselves as never before to keep up this small job of trying to make life better and happier for these unfortunate children, who benefitted by the bingo games.

Well, the "old fox," quiet and assuming-like, without any fanfare, stepped out and joined the matrimonial league — William "Ben" Whitten. "Congrats" to the happy couple. The best of luck.

This gives the married men the edge in the annual ball game which rolls around during July. Have you seen the big, heavy-set Brother acting like a boy of nineteen. Well, that is Brother Maurrie O'Connor, who has just been elected secretary and treasurer of the Professional Golfers' Association. We know the association will be a very live group with the acquisition of Maurrie, who puts his heart and soul into any undertaking.

Surely all remember the first dance this Fall. A swell time was enjoyed and, as a result, the Elks will be back on December 9 to repeat. Any proceeds above operating expenses will go to make up a few extra Christmas baskets. Perhaps each brother can invite a couple of friends to swell the crowd. There will be a surprise number that night.

## SOUTH SIDE TIES LETHARGIC ZEBRAS IN FINAL MINUTES

Belleville Pushes Sun Streaks All Over Clearman Field But Fade Near End

Tietze, Gorman, Goeb Star

Belleville had the game all but won. They were just short of hanging on waiting for the final whistle. Then suddenly the alert Sun Streaks of Newark South Side found the break they had been waiting for, cashed their check and Belleville had to be content with a 6-6 tie, Thanks-giving Day.

That, in brief, is the story of a rout that refused to be a rout. From the beginning of the game, Belleville pushed South Side all over Clearman and almost into Holmes street, but the Newark boys kept on their toes all the way to the end instead of letting up when the end neared.

Over 4,000 spectators saw a punting first quarter with the Streaks having a slight edge until Dan Stellatella blocked a punt to give Belleville the ball on the South Side 38. Eddie Holweg and George Tietze made it a first down on the 14, but Goeb intercepted a pass to break up the threat.

Tietze showed real ability and the Belboys as a whole showed nifty blocking in the second when they marched 48 yards for a touchdown. Tietze tossed one 12-yard pass on the way down, the rest of the time he carried the ball himself and put it over in five plays.

Goeb intercepted two more forwards before the afternoon was over, collecting 104 yards running them back. Once he ran 56 yards only to be knocked down by Lepore on Belleville's 4. South Side scored in three plays after recovering Tietze's fumble on the Belleville 24 in the final quarter.

Ed Gorman again evidenced the fact that he is one of the top-notch passers in this section, particularly after the South Side score. He completed six passes in the last five minutes which were good for 30, 28, 13, 9 and 21 yards respectively. Joe Sullivan was the perfect complement to the pass combination.

[Note: Well is The News aware of the existence of the Hilltops and of the fact that they are playing good ball. Unfortunately for them the Hilltops themselves are not publicity-wise. As with baseball teams, the Hilltops handle their own reports of their games; but these reports have been so sporadic as to be almost negligible. The News helps those who help themselves: if the Hilltops confine their attention to the gridiron, they and their followers must be satisfied with the glory which accrues on the gridiron.]

### LACK OF APPETITE

Sports Editor:

Somehow or other I just couldn't work up into a lather over Belleville's football menu on Thanksgiving. No indignation, no understanding, just lack of appetite. Thanksgiving is supposed to be given over to traditional rivalries. What's traditional about Belleville-South Side?

Why can't the men who formulate the Belleville schedule put something a little more tasty on the table for that day?

The Thanksgiving game is overshadowed by almost every other game on the Belleville schedule.

BELLBOY.

## THIRTEEN SENIORS PLAY LAST GAME

Ten Seniors In Belleville's Starting Line-up For West Orange Fray Saturday

Thirteen Belboys will have seen grid action for the last time in High School colors when the Blue and Gold trots off Clearman

Field after the West Orange game Saturday afternoon. Of these, ten will be in the regular starting line-up when the whistle blows. They are Joe Sullivan, Bill Naylor, Tom Lepre, Jim White, Bob Engel, Dan Stellatella, George Tietze, Ed Holweg, Fred Faas and George Miller.

Other seniors on the squad are Dick Matt, Severio Noto and Jack Avazier. Stellatella and Tietze have been co-captains. Saturday's game will complete a disappointing season for both teams. Belleville has won one game, tied two and lost five, while West Orange can show a pair of victories, a like number of deadlocks and have come out second best four times.

Belleville will be quoted slight favorites by game time principally because of the tougher schedule it has played. Its defeats have been mostly close ones to some of the leading teams in the state, including Barringer, Bloomfield, West Side, Irvington and Hillsdale.

West Orange, on the other hand, lost to Paterson East Side. Kearny (the Cardinals were lucky to get a tie with the Belboys), Columbia and East Orange—the last named being the only topnotcher on the Maroon and White schedule.

The invaders will have a slight edge in the matter of weight but that is nothing new to Belleville's paperweight crew. West Orange will outbalance Belleville's 162 average by five pounds.

Want Games

Horowitz Named Coach At Newark Jr. College

Leo Lemchen, director of athletics at Newark Junior College, has announced the appointment of Sidney Horowitz, as head coach of the college basketball team.

Mr. Horowitz is a graduate of Thomas Jefferson High School, Elizabeth; New York University, and received his LL.B. degree from New Jersey Law School in 1935.

At the present time he is practicing law in Elizabeth. He played basketball for Washington Square College in New York in 1930, 1931 and 1932 and for the Elizabeth Y.M.H.A. from 1932 to 1938.

The first practice was held Monday, and twenty-four men responded to the call for candidates. There are no veterans left from last year's successful team, which finished third in the New Jersey Junior College basketball league.

The Varsity squad will probably consist of the following: Eddie Eilbacker, Steve Truhan, Saul Escocoff, Irv Jatlow, Howard Orshesky, Charles Scheidinger, Leon Simonelli, Herbert Mandell, Herbert Rubinfeld, Jack Lauer, Bud Hennin, Irving Ruddowsky, William Segal, Norman Goldstein, Joseph Montemurro has been appointed manager of the team.

## NEREID OARSMEN ROW 9,247 MILES

Could Have Made Guam During Summer Months; Zink Individual Leader

In keeping with the tremendous upsurge that rowing has taken place in the past several years in this territory is the newest mileage record for the Nereid Boat Club.

With boats dotting the surface of the Passaic River every afternoon and evening from the headwaters to the bay, the thirty-five rowing members of the club accumulated enough miles to take them from Belleville to Guam.

Continuing their almost yearly practice of cracking the record, the Nereid boys piled up a total of 9,247 miles between April and October.

The individual leader for the year was Homer Zink, Jr., 26

Rossmore place, who put on 800 miles despite the fact that he was out for six weeks with appendicitis. This was 107 miles short of the record established last year by his brother Darrell.

Successful Season

Nineteen thirty-nine proved to be the most successful rowing year in the 65-year Nereid history. One People's championship at Philadelphia, two Middle Atlantic States titles at Baltimore and three Metropolitan di-

amonds at New York plus a tie with New York Athletic Club for the Metropolitan club championship brought six new open trophies to Belleville.

Besides there were dual regatta victories over the North Shrewsbury Rowing Association of Red Bank and Union Boat Club of Long Island.

The club singles championship was won by Sidney Salomon of Newark, after month-long eliminations in which twenty-four oars-

men competed.

## BELLBOY QUINTET TO START JAN. 6

Seventeen Games Scheduled In Two Months; Reconstruction Plans Mapped By McBride

Basketball will start almost a month later than usual at the High School, according to the tentative schedule released yesterday by Al McBride, Bellboy court mentor.

McBride, who returned last week after recovering from a serious attack of pneumonia, has selected January 6 as the date on which he will unveil the 1940 edition of his machine, but it will be January 19 before it will be seen in Belleville. The first four games have been scheduled away from home.

All told there are seventeen Grade A contests in store for the Blue and Gold basketballers, who went into training Monday. Beginning with Dickinson and ending with Newark Central, there is not a so-called "breather" on the slate.

The games will follow each other with startling rapidity, since there are no more than four days' rest between any two frays. All seventeen games have been crowded into fifty-two days. The schedule is still subject to approval of the Athletic Council.

Much reconstruction is needed in the five weeks remaining before the season opens. Most of last year's varsity squad has undergone the graduation axe.

Three Veterans Back

Of the regulars, only Avazier, Handley and O'Grady are left. Gone are the shining lights of Paul, Tortorella, Hannon, Gibler, Clark, Thompson, Barbone, Gibler, and McKay—the main-spring of the outfit which was ranked Number Two in Essex County last year.

The team must be rebuilt from the ground up, using the returning veterans as a nucleus and last year's junior varsity to fill in the gaps.

The Bellboy understudies of 1938-39 started off poorly last winter but came back towards the middle of the season and became one of the top Essex underling quints.

## No. 9 School Boys Learn Horsemanship And Swimming

As an inducement for boys to join a Boy Scout troop in town, riding lessons are being given once a week at the 112th Field Artillery Armory, East Orange.

At present fourteen boys have joined various troops, many in Troop 333, which is sponsored by Wallace & Tiernan, Inc. Because of the keen interest in horsemanship, the Junior Artillery Riding Club was organized.

Richard Gihler, whose mother was once a trick rider for Ringling Brothers, has been elected first sergeant; Frank Larkin, William Schaible and Francis Williams, corporals.
