PRICE FIVE CENTS

TWO WOMEN HURT BY LICENSELESS MOTORIST

Driver Also Had Improper Plates, Police Say

Charged with driving an automobile without a driver's license in his possession and with having improper registration plates on the machine, James Bryce, twenty-two, 44 Wharton avenue, Nutley, whose car struck two local women Monday night in Washington near Division avenue was arraigned last night before Judge Everett B. Smith in Police Court. Bryce had been held in jail unable to furnish \$200 bail.

The case was postponed until next Wednesday by the judge and Bryce was released in bail.

According to police Bryce was driving a car owned by Philip Pisano, thirty-nine, 500 Park place, Lynhurst, who told the authorities Bryce had no authority to use it, having taken the car to repair it.

About 7:45 Monday night Bryce was driving south in Washington avenue when his car struck Miss Mary Di Gregoria, nineteen, 60 Greylock avenue, and Miss Marie Donatone, eighteen, 82 Roosevelt avenue, who were crossing from the west to east side of the street. Both were taken in the Police ambulance to St. Mary's Hospital, Passaic.

Miss Di Gregoria received a bump on her forehead, cut nose, lacerated right ankle, bruised right knee and eye, and her glasses were broken. Miss Donatone received a lacerated face in which six stitches were taken, two lacerations above the left eye and one on the nose, possible fracture of the left arm and bruised right knee.

ALL WRAPS OFF ON NEW YEAR'S SAYS BURNETT

ABC Director Says No Extension, Though, At Christmas

It is permissible for the Town Commission to extend only by ordinance the hours for Christmas and New Year's sale of alcoholic beverages.

Thus says D. Frederick Burnett, commissioner of the ABC, as he writes to Thomas Quinn, clerk of Deptford Township, R. F. D. Westville.

"I am willing to go along with calling all wraps off on New Year's when New Year's falls on a week day," says the commissioner, adding, "but I recommend that you make no extension for Christmas, whether it comes on a weekday or a Sunday, after 3 a. m. or for New Year's after 5 a. m. when New Year's falls on a Sunday. That's the real question this year is not so much Christmas and New Year's, which come on Mondays, but rather what and how much may be allowed on the Sunday evenings preceding. If the municipality already allows such selling, there is nothing to be done on that score, but if it now prohibits sales on Sunday evenings no change may be made, even for Christmas or New Year's Eve, except by ordinance."

And, thus, perhaps, is the answer to what has been concerning most of Belleville's drink spots for the holidays. With Christmas and New Year's both falling on a Monday, two long week-ends are in store for the folks who must be guided by the ABC commissioner.

One Too Many Winks

Thomas Perrotta, twenty-seven, 122 East Centre street, Nutley, took one too many winks at the wheel of his automobile about 4:30 o'clock Sunday morning.

He fell asleep and the car went crashing into a traffic signal station at Overlook and Washington avenues, jouncing wildly until it brought up abruptly against a plate glass window in Abe Atkins' Boston Store. The window was smashed. The traffic light, Police say, was carried sixty feet.

Perrotta emerged unscathed from his predicament as did a passenger in the car, Basil Giangrosso, nineteen, 24 Centre street, the same town. Both were slightly jolted, it is said by police. The damage, it is reported, amounted to over \$250.

Residents Kick On Charges For Sidewalks In Many Streets

"Eleven Or Seven Cents" Per Square Foot Is Bone Of Contention

A hearing was held Monday night under supervision of Tax Assessor John F. Coogan in the municipal building on assessments for sidewalk improvements in ninety-four streets and affecting about 2,600 properties. The Town Commission will later ratify the assessments.

And all was not calm and peaceful as the hearing got under way. Belleville citizenry stormed the municipal building to such an extent that the Commission chamber was filled to capacity—and then some.

"My sidewalk was laid like a thief in the night," said Alfred L. Ely, 21 Stephen street. "We don't appreciate the piling up of assessments," said Henry Mason, 72 Campbell avenue. "We, in Belleville, are supposed to live in a poor man's town. It's about time the citizens had something to say about being taxed and taxed. I'll be down here in the future."

There was considerable discussion about the cost of the assessments being higher than had been anticipated by taxpayers.

Mr. Mason said he had been told the cost would be about seven cents per square foot, while, "it develops it is about eleven cents a square foot."

Some charged good sidewalks had been torn up by workmen before the property owners knew what was going on.

When Mr. Coogan asked Mr. Mason who had told him about the seven-cent cost he said he

did not know exactly.

"The difficulty seems to be the misinformation given by those who had no authority to speak," said Mr. Coogan.

Town Engineer Matthew Sheehan said that no sidewalks were laid if property owners objected to them. This contention was sustained by several of the property owners. He explained blue flagstones, removed from old sidewalks when the new ones were laid, were sold at public auction for \$6,697, which had been deducted from the total to be assessed.

Coogan said he would report objections to assessments to the Town Commission December 12. Ratification of the assessments will come before the board December 26. Bills will be sent out after ratification. According to Town Attorney Keenan, interest will be charged on the unpaid assessments 30 days after the bills are issued, but payments may be made in two installments a year apart.

There were several other complaints, many persons milling outside the meeting room and voicing disapproval.

The hearing was the result of an ordinance adopted October 13, 1936, for an improvement costing \$222,000, of which \$161,000 was contributed by WPA. The remainder is to be assessed against properties benefiting, according to stipulations of the ordinance.

The unit price at which the amount expended by the town will be distributed is at eleven cents per square foot of concrete laid.

Other sidewalk construction under other ordinances will be up for hearing later. Property owners will be notified by mail before the hearing, Coogan says.

Local Glee Club Presents Its Annual Winter Concert

Fred Hufsmith, East Orange Boy's Choir To Assist Wednesday Night

Two of the original charter members of the Belleville Glee Club will sing with it in the annual winter concert, which will be held in Public School No. 10 auditorium Wednesday evening at 8:30.

The men who have been affiliated with the club since its foundation in 1932 are Thomas Lynas, 26 Oak street, and Robert Cocks, 172 DeWitt avenue. Another charter member, Dr. Daniel E. Cavalaugh, Newark, is now an associate member.

Fred Hufsmith, tenor soloist of N.B.C., will sing two groups of selections, Donizetti's "Una Furtiva Lagrima," "Serenade Française," "Leoncavallo," "Au Pays," Holmes' Quilter's arrangement of the old English love song "Drink to Me Only With Thine Eyes," "A Wandering Minstrel" from Gilbert and Sullivan's "The Mikado," and "Tim In Love" by Jacoby.

Also assisting the Glee Club will be the Boys' Choir, Christ Episcopal Church, East Orange, which will combine with the club in singing "O Holy Night." Miss Ruth Dautel will accompany at the piano.

Jacobs Directs
Director Arthur E. Jacobus will again wield the baton in a program ranging from rollicking sea songs through Wagnerian opera to the beloved Christmas carols. Included are "Bedouin Song," Foote; "At Twilight," Robinson; "Cherubim Song," Tschalkowsky; "Love Me or Not," Secchi; "By the Sea," Andrews; "Pilgrims Chorus" from "Tannhauser," Richard Wagner; "A Medley of Sea Chanties," Andrews; "Serenade in the Snow," Nagler; "The

stirring religious drama, "Simon the Leper," will be presented at Fewsmith Church Sunday evening. It comes as the sixth in a series of fifteenth anniversary programs for this church.

The play has its setting in Bethany a few weeks before the crucifixion of Christ. The action takes place in a garden between the homes of Simon and Lazarus. Simon, a leper, who has been cured by the Lord through his faith, returns home. He advises Lazarus, a leper, to seek Christ and be healed.

However, the crucifixion takes place before Simon can follow Simon's advice. So Simon and Lazarus renounce worldly desires and go to devote themselves to helping those in the leper colony.

The characters are: Simon, Fred Evans, principal of School No. 10; Amon, John Charlton, high school teacher; Lazarus, Richard Bruegman; Judith, Ruth Failing; Susanna, Violet Johnson; Jalon, Stanley Davidson; Martha, Florence Breen, and Mary, Ruth Brinkerhoff.

Miss Thelma Weidman of the high school staff, is directing the play. Miss Helen Simpson, art supervisor of the grades, has helped design the settings.

Something unique in stage arrangements has been planned. The colors of the costumes have been chosen to represent the characters. The settings have been subdued to allow the theme and the characters to predominate.

Jacqueline Snedeker and Tina Berliess from the high school are in charge of make-up and promptings. Admittance will be by ticket, for which there is no charge.

King Association To See Movies At Meeting
George Mead of Griggs-Mead has made arrangements to present "Fiction Fighters," a talking moving picture, Saturday night at a regular meeting of the Joseph King Association. Several shorts will also be on the program.

Camera Club Plans Portrait Photos
Portrait photos will be taken on the spot Monday night at a meeting of the Belleville Camera Club in the Recreation House.

FACULTY ARRANGES FARCE COMEDY ON DECEMBER 14

"Nothing But The Truth" Will Be Given

The faculty of Belleville High School will present on Thursday, December 14, "Nothing But The Truth," a hilarious farce-comedy.

Bob Bennett, hero of the play, believes it possible to tell the absolute truth for twenty-four hours. This amusing idea provides many side-splitting incidents when he must truthfully answer some very embarrassing questions. The faculty guarantee this comedy to be tops in laughable, enjoyable entertainment.

The cast will include William Chapman, L. Howard Fox, Herbert Bitterman, Harold Dufford, Evan Richardson and the Misses Bertha Huff, Louise Carrell, Flora Longcore, Marjorie Haslam and Florence M. Payne. Miss Eleanor Rush will direct the presentation. John Heffernan will act as general chairman.

U. S. Is Still Land Of Hope To Young 'Syrian Yankee'

Salom Rizk Will Address Students On "Americanization Of An American"

A Syrian-born American youth who escaped the squalor and terror of his war-torn native land to win success in the New World, will be the speaker at Belleville High School assembly on January 31, at 10:45 and 12:45.

He is Salom Rizk, one of the youngest lecturers in the country, who has been acclaimed as a "living example of American opportunity." His address has been arranged through the co-operation of the editors of Reader's Digest, who are sponsoring his tour of high schools in the interests of good citizenship, and as a counter-balance to the major job of character building among America's youth.

Salom Rizk never knew his mother; she died the same day he was born, in a primitive Syrian village. He never knew the meaning of the word "home," for after his mother's death he was nursed in turn by mothers of many different creeds — Mohammedans, Druse, Christians.

Then came the War — a veritable nightmare to the half-starved sensitive lad. On every side he witnessed almost incredible scenes of terror and desolation. For the Turks had invaded his native land — burning, pillaging and murdering.

It was not until the close of the War that Rizk learned that his absent father was actually a citizen of the United States. But the boy had no proof—and the consul at Beirut sternly demanded his birth certificate, or other documentary evidence. For five agonizing years Salom Rizk haunted the American consulates, a homeless wanderer, dreaming of the land of hope across the sea.

Finally he received his passport and was permitted to sail for America—literally an emigrant to his own country.

Arriving in the New World, Salom Rizk found that his struggles were not over. He couldn't speak a word of English; he knew nothing of American customs and he was practically penniless. But he doggedly resolved that he would make himself not only self-supporting, but a good citizen.

How he mastered an unfamiliar tongue; how he found his first friends; how he educated himself and achieved notable success under circumstances that many American-born boys would consider hopeless—these are a few of the unusual and inspiring stories that Salom Rizk will recount in his address before the students of the High School.

NEARYS INJURED BY AUTOMOBILE IN NEWARK

Former Commissioner Has A Broken Collarbone; Mrs. Neary Bruises

Former Town Commissioner and Mrs. Frank A. Neary, 56 Van Houten place, were injured Sunday night when struck by an automobile in Broad street near Walnut, Newark, while crossing the street to get their own car which they had parked while they went to the movies.

Mr. Neary sustained a broken collarbone and was badly bruised. He also suffered shock. Mrs. Neary sustained shock and bruises.

Following the accident the couple were taken to St. James' Hospital, Newark. Mrs. Neary came home Monday and Mr. Neary Tuesday. He is connected with the Internal Revenue Department. The Nearys do not know just how the accident occurred.

Helen McCarthy, 11 Lincoln terrace, was taken to St. Michael's Hospital Sunday following an accident in Broadway, Newark.

INJURED BY AUTO CROSSING STREET NEAR PARK

William Patton Taken To Hospital For Treatment

William Patton, forty-five, 32 De Witt avenue, was taken to North Newark Hospital Friday when he was struck by an automobile driven by Walter Graf, twenty-two, Sand Brook, at Union avenue and Mill street near Branch Brook Park Extension. Police report Patton, who was crossing from the south to north side of Mill street, sustained abrasions of the face and forehead, contusion of the right leg and shock.

It is reported Graf had stopped for a red light and had turned east into Mill street from Union avenue when the light turned green. Patton, it is explained, was struck by a fender of the car.

ZINK INDICATES NEW BOARD FOR RELIEF MATTERS

Legislative Group May Urge Supervisory Agency

A new supervisory agency may be suggested by the joint legislative committee investigating relief, State Senator Homer C. Zink, this town, said Saturday in an address read to the thirteenth annual conference of the New Jersey Welfare Council at Asbury Park.

Senator Zink indicated the committee's action after terming the State Financial Assistance Commission as "by no means an ideal agency for the supervision of relief in New Jersey."

The commission is composed of the Governor, state treasurer, state comptroller and Senate and Assembly appropriations committee chairman. Senator Zink said: "It is difficult, if not impossible, for the members to meet often enough and regularly enough to dispose of the complex problems."

The speech was read by Gerald B. Bates due to illness of Senator Zink which confined him to his home.

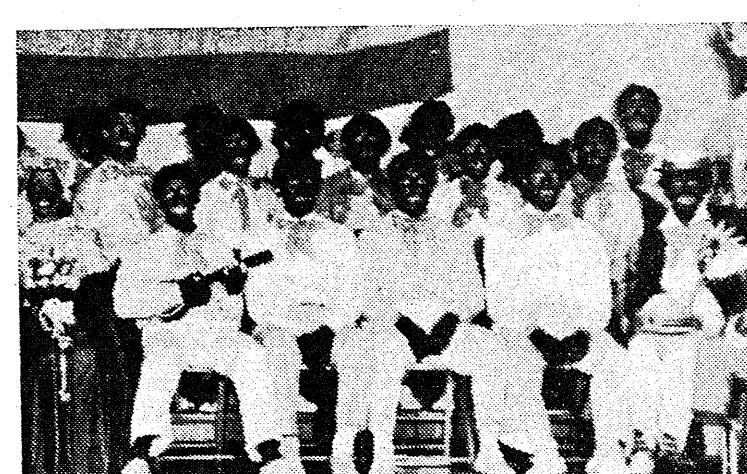

Modern Goliath

It must be his sense of humor—or something. Belleville police are scouting, so 'tis said, up in Nutley for someone who tosses stones at the house at 72 Gless avenue, inside the five-yard line of Belleville at the boundary of its neighboring town.

Nutley plastered this assignment on Belleville last Saturday when the cops up there called down here and said: "When our gin mills close up here at 2:30 there is a bird goes in action over your line with rocks. Get after him."

Lieutenant "Dick" Nourse has his eagle eye peeled for the Goliath who patronizes Nutley's thirteenth-century emporiums, but the police blotter has thus far failed to carry a notation of his apprehension.

You'll See 'Em Tomorrow Night

Imagine you are sitting in the audience at School No. 8. The stage is set. Lights out! Karl Dove and his orchestra strike up the music — from behind the curtain you hear the melodious harmony of the opening chorus. The show is on!

Players Keyed For Second Fewsmith Minstrel Show

Affair Is Scheduled At School No. 8 For Tomorrow Night

The rafters of School No. 8, Union avenue, will resound to the mighty chorus of sixty male voices tomorrow night when Fewsmith Men's Club stages the second annual minstrel show, "Darktown Follies" there, under direction of Edward Walker.

One of the musical numbers of which the club feels proud is its rendition of that old favorite "Sweet Kentucky Babe." Gus Klainig will lead the solo and the chorus comes in with harmonious background effects. It is one of those good old sure-fire hit numbers of minstrel days.

Adam Yachnik and his mandolin will give an interesting interpretation, backed up by the chorus of "The Man With the Mandolin." Other soloists are William J. Ross, William Herb and James McCall. Bobby Kimball will do a specialty song and dance number.

Miss Albertino Horstman promises an interesting dance on roller skates, which difficult routine she has performed on an Atlantic City stage.

"Darktown Follies" is based on a professionally written script. It is packed with laugh-provoking gags in the finest minstrel tradition. Included is a hilarious skit by a group of comedians, "The Billionaire's Club."

End men are Richard Bruegman, Alexander Ferguson, Joseph Tully, George Van Ripen, Horace Knox, John Van Duinen, Frank Stimson and John Charlton. Howard Fox, director of public speaking in the high school, is interlocutor. Charles Carswell is president of the club.

Advantages Told By Mayor Of Cash Basis Budget Act

Also Says Court Ruling May Cause Tax Rate To Jump Here

Speaking before more than 100 municipal officers enrolled in a training course in finance, Mayor William H. Williams Friday night declared the cash budget act of the state has forced municipal officials to avoid "deficits" and to operate fiscal affairs of their municipalities on a more scientific basis.

The course is offered Friday nights at the Essex County Boys' Vocational School in Sussex avenue, Newark, by the Municipal Finance Officers' Association of New Jersey in cooperation with Princeton University.

He said the successful municipality would have to carry out effective tax sales, such as have been held periodically and systematically in Belleville.

Conservative and rigid management of municipal affairs with cooperative assistance from the Legislature is essential to the wellbeing of taxpayers, said the Mayor.

Cites Decision of Court
Effects of the decision of the Court of Errors and Appeals which held constitutional the 1938 law giving the tax commissioner authority to apportion utilities taxes among municipalities was discussed in a period after the talk. Like several other towns, the Mayor forecast for Belleville withholding of some \$90,000 for the present, which means about thirty-five points in the tax rate, if no adjustment is made. Belleville had hoped to receive \$26,000 as a balance from 1938 and \$64,000 from 1939 franchise and gross receipts taxes, which is now available because of the decision.

Meeting Scheduled Today
Finance Director Faulkner, Montclair, has called a meeting today of municipal officials in that town to discuss the situation. Mayor Williams will attend.

"Either we must revert to apportionment laws in use prior to 1938," Williams said, "or legislative action must be instituted at an early date to make \$26,000,000 available for distribution to avoid penalizing the 1940 budgets of a great many municipalities." He said he favored study and discussion among municipal officials in an effort to develop steps for proper action.

District Governor
Belleville Cub Scouts Pack No. 350 meets each Tuesday afternoon at Den No. 1 at Mrs. Van Pelt's home, 110 Malone avenue; Den No. 2 at Mrs. Riker's home, 43 Belmont street, and Den No. 3 at Mrs. Carr's home, 59 Bell street. Boys of the ages between nine and twelve desiring to join write to H. F. Ross, 72 Perry street, Cubmaster.

SUPPER-BAZAAR
A supper and bazaar will be held at Masonic Temple, Joralemon street, this evening. Supper will be served from 5:30 to 7 o'clock.

ZONE BOARD ACTS TONIGHT ON MILL STATUS

Responsibility Of Action May Not Rest On Town Commission

Action on the application of the Bloomfield Lumber Co., for permission to erect a woodworking shop at 731-33 Belleville avenue is expected tonight when the Zone Board of Adjustment meets following postponement of the matter last Thursday.

Due to the fact that the lumber company property may lie within 150 feet of an industrial zone where the Eastern Tool & Manufacturing Co. is erecting a new building caused further study of the matter. Joseph Slifkin, attorney for the company, agreed to the postponement when Alvah A. Buckley, chairman of the board, explained the board would have jurisdiction in the case if the lumber company property lies within the 150-foot radius. Otherwise the board could only make recommendation to the Town Commission, where final disposition of the case would rest.

Town Engineer Matthew Sheehan has made a survey of the distance, which he says is within 100 feet of the industrial zone.

Mr. Buckley points out that if the zone board has final say in the matter, it could instruct the building inspector to grant a permit for the mill or reject the company's application.

Object of Debate

The lumber company permit has been the object of considerable debate over the last few months. A hearing on the application took place three weeks ago when a permit was refused by the building inspector on the ground that the mill would be in a residential zone, the site of the former Durkin Lumber Co., to which Belleville lost on a question over the same property. The Durkin concern went out of business and a long story involves the property, until it comes down as today, in the hands of the Bloomfield Lumber Co. Slifkin maintains his client has a right under the New Jersey zoning laws in connection with non-conforming use to establish the mill.

Property owners in the section oppose the mill on the ground it would depreciate property values and that the non-conforming angle of the case no longer applies, inasmuch as the Durkin appeal was separate unto itself and does not have any bearing on the Bloomfield Lumber Co. application.

ROTARY AND LIONS JOIN FORCES AT FIELD CLUB

Organizations Hear Talk By NLRB Woman Director

Belleville Lions Club joined with the local Rotary Club yesterday at luncheon in the Forest Hill Field Club to hear a talk by Mrs. Elinore M. Herrick, regional director of the National Labor Relations Board.

Mrs. Herrick said that contrary to general opinion the NLRB does not "boil employers in oil" but tries to study all sides of labor controversies.

When the day comes—and it is coming—that employers and employees will eye to eye, when all realize that unions are here to stay, whether they are independent or company unions, I will apply to one of you gentlemen for a job," she jokingly remarked, "for this one will end."

Mrs. Herrick pointed out that hours of study are required by the NLRB on most cases and not always does the employee and the union come off with the better of the complaint argument. She cited one case in which union officials were wrong in demanding a wage increase of ten per cent when facts submitted by the employer to the NLRB showed that the employees should take a ten per cent cut because the firm which employed them was losing money.

"Don't make any mistake that I am not sympathetic, also, to the (Continued on Page 8)

PUBLIC SERVICE

CHRISTMAS CAROL FESTIVAL PLANS PROGRESS

Town-wide Celebration Is Planned For December 18

Members of the various church choirs throughout town will hold a community Christmas carol festival at Belleville High School Auditorium on Monday evening, December 18.

The participants are the members of the choirs of Wesley Methodist, Reformed, Christ Episcopal, Epworth, Presbyterian, Grace Baptist Churches and the members of the Belleville Glee Club and the Choral of the Belleville Woman's Club.

The Music Department of the Woman's Club conceived the idea of having such an affair and interviewed the various groups. As a result the group has been rehearsing weekly in Wesley Church and it is hoped that the festival will prove interesting to the public who are cordially invited to attend.

The Committee making arrangements consists of the following: program, Arthur Ackerman, Miss Mary Elizabeth Compton and John Markoe; property, H. Howard; organist, Peter Edwardson and arrangements, Mrs. E. O. Glaspey, Mrs. Edgar Compton, Mrs. Louis A. Noll and Mark Main.

Newark Junior College Notes

The Dramatic Society of Newark Junior College will present "The Second Shepherd's Play" for its annual Christmas production. The Second Shepherd's Play was written in the latter part of the Fourteenth Century, and is considered the best of the miracle plays. The play is important since it shows clearly the use of comic elements in the otherwise serious Bible dramas of the middle ages.

Casting for the play was held Friday November 10. On Thursday, Robert Hinkle, amateur authority on puppetry spoke to the dramatic club on "Gordon Craig's Ideas in the Theatre Design." Miss Bernice Sadler, Verona will coach the play.

The Glee Club of the college, under the direction of Professor Ruth Haynes Fowler presented College songs to the student body at an assembly Friday.

Engaged

Mary Glanfield by her mother, Mrs. Catherine Glanfield, 47 Littleton avenue, Newark, to John Henry Condon, son of Mr. and Mrs. James F. Condon, 129 Cedar Hill avenue, formerly Newark.

Blotter Jottings

John Metzler, 12 Nolton street, has his ear to the ground for the thief who stole his bicycle Friday from the Metzler garage.

By the same token James Reilly, 509 Washington avenue, would like to lay hands on the intruder who entered his garage and forced open the Reilly car, pilfering a pair of suede gloves and a key ring to which were attached fifteen keys. This occurred Sunday night, the same time someone gained similar entry to the garage of Louis Marchetti, 70 Columbus avenue, stealing his license plates—FA 26 V.

It is a little premature for fire-crackers, it would seem but someone disturbed the peaceful calm near 29 Clinton street, Sunday night, by hurling the crackers on the porch. The police could not locate the perpetrator of the bombing.

When a Mr. Berkes, Kearny, visited a friend here Friday at 6 Belmore street, he parked his car in that street and left two bundles of clean laundry in the car until 11:45 p. m. when Mr. Berkes set off for home. From Kearny he telephoned his friend here that his laundry had disappeared.

Speaking of disappearing—that is exactly what the automobile of Norman J. Radin, 173 Bergen avenue, Kearny, did Sunday evening while Radin took in the show at the Capitol Theater. Rutherford police recovered the machine after a policeman there had seen a young man jump from it and run away. The runaway was not caught.

The same night Lewis Heins, 572 Broadway, Newark, lost a tire and wire wheel from his car which he had parked in Joramemon street east of Cortlandt.

REPORT RENDERED ON TOTAL REACHED FOR CHEST

Solicitation This Year Reached Mark Of 84 Per Cent

Floyd F. Bragg, president, was in charge of the regular monthly business meeting of the Belleville Welfare Federation Tuesday evening at the offices 338 Washington avenue, where a final tabulation of the subscriptions to the 1940 Community Chest fund was given by Walter G. Price, Campaign manager. He reported that eighty-four percent of the \$16,000 goal or \$13,432.66 was attained, as compared to seventy-seven percent or \$12,298.58, last year, with the amount of the goal the same this year. This is an increase of \$1,134.08, or nine percent.

Mr. Bragg and Mr. Price thanked the committee chairman for the creditable work done. They were particularly pleased with results shown this year by the house-to-house canvassers, who have turned in \$2,958.37, in cash and pledges as compared to \$2,300, for the previous year's drive.

Amounts secured by the various divisions were: Special Gifts, \$5,461.50; industrial, \$2,323.75; school teachers and employees, \$1,271.79; commercial, \$390; profession, \$239.75; churches and church organizations, \$79.00; Parent Teacher organizations, \$45; clubs and veterans organizations, \$198; lodges, \$145; municipal employees, \$320.50 and house-to-house \$2,958.37.

The six agencies, which will receive allotments from the chest fund, are Community Service Bureau, Boy and Girl Scouts, American Red Cross, Visiting Nurses Association and Silver Lake Community House.

The next board meeting will be held Tuesday, January 9th, 1940. Nominations of officers for the New Year will be held. The annual meeting will take place in February.

Commissioner Lamb Issues Statement On State's Unused Balances

State Finance Commissioner Bernard Lamb announced today, in conjunction with the financial statement released by the comptroller to the Budget Commission, that the lapsed or unused balance of appropriations for general departments of the New Jersey State government, exclusive of the Highway and related departments, for the period ending June 30, 1939, amounted to \$397,497.89, after providing reserves to meet outstanding commitments.

During the fiscal year which closed on June 30, 1939, not one department over-expended its appropriations. To the lapsed balances above can be added the sum of \$197,411.80 representing balances in the accounts of the Old Age Subsidies which were re-appropriated to the fiscal year 1939-40 for the first time.

In addition, the sum of \$102,350 was transferred from various unused institutional balances which should have lapsed to specific institutional accounts for operating items where insufficient appropriations had been made.

Commissioner Lamb further indicated that since his appointment as Commissioner in 1935 a total of \$4,298,776.74 had been lapsed back into the State Treasury as unused appropriation balances as a result of the operation of the office of Commissioner of Finance, created on the recommendation of the Princeton Survey to provide

Engagement Told

Mr. and Mrs. James M. Lynch, 175 Tappan avenue, announced

Miss Regina Lynch

the engagement of their daughter, Regina, to Gerard J. Kennedy, son of Mr. and Mrs. John A. Kennedy, 77 William street, Arlington, Saturday at a reception and tea at the Lynch home. Attached to miniature French telephones in pastel shades, which were handed to each guest upon her arrival, were replicas of a telephone book bearing the words "A new listing—Gina and Gerard." Miss Lynch was graduated from Belleville High School and from Montclair State Teachers College with A.B. and M.A. degrees. She teaches in Passaic Avenue School. Mr. Kennedy attended Seton Hall Preparatory School, Newark Institute of Arts and Sciences, and Rutgers University. He is employed by the New Jersey Bell Telephone Company.

Guests at the tea included fifty high school and college classmates of Miss Lynch. Mrs. Kennedy and Miss Frances R. Ryan, Newark, sister of Mrs. Lynch, presided at the tea table.

The wedding date has been tentatively set for next October. efficient fiscal control for State government. In addition, the practice of applying to the Legislature for supplemental appropriations for deficiencies in departmental accounts has been practically discontinued.

REMEMBER THE SEALS
Annually — from about this time until Christmas — the Belleville-Nutley Tuberculosis League, through the medium of its Christmas seal sale, has obtained the funds that have enabled it to carry on a vital, humanitarian work.

This fine, voluntary organization has waged, along with others, an unmitigated war against the white plague. It has seen the tuberculosis death rate cut because of the little seals that carry such an important weight behind them. Its work for children is one of the community's most important. In the coming weeks do not forget your Christmas seals.

CONTACT YOUR LEGISLATORS
While the right to vote is vitally important, it is only one of the many things that should be done by citizens to take part in the affairs of government. After you have placed officials in public office, it is equally important to tell them what you want them to do, and what you think is in the best interest of the people.

In general, the people of New Jersey would like their government to be operated more efficiently and economically, so that they will receive greater returns for the taxes they pay. The taxpayer movement in New Jersey, led by the New Jersey Taxpayers' Association, has aroused large numbers of citizens to the urgent need for better management of the public's affairs.

It is known, however, that pressure groups are constantly at work, urging legislators to authorize special privileges for their groups, and to initiate spending projects that will bring them profit. If the legislators yield to their persuasions, it is only because of lack of pressure from the public at large, insisting upon attention to the public's interests.

When this situation is pointed out, the common reply is: "What can I, an individual, do?"

The answer is simple. Get a list of the names, addresses and telephone numbers of the Senator and Assemblymen in your county. This list, which may be obtained from your newspaper, the New Jersey Taxpayers Association and a number of other sources, should be kept on hand at all times, ready for use.

Whenever a question arises that affects the interests of the public, get in touch with your legislators at once and give them your point of view, either by writing or telephoning them.

There should not be the slightest hesitancy in contacting members of the State Legislature upon any question of public policy. Moreover, you may be astonished to observe how quickly officials will respond to the demands of private citizens, if the demands are made emphatic and general.

As a consequence, the officials will know that their work is being watched critically by interested citizens. They cannot afford to ignore public opinion because it is from the people that they get their votes. An adequate expression of the people's opinion will make it far easier to deny the requests of the selfish pressure groups, and instead, to enact legislation that will serve the interest of the largest number of people of the State.

CONSTRUCTION OR DESTRUCTION?
Hear Dr. Arthur H. Compton, world famous scientist, as he describes the contradiction in which the world has caught itself today!

"A few months ago I had the privilege of sharing in the dedication of a great new telescope. Here was an instrument ingeniously devised to enlarge human vision. Those who had built the great observatory were seeking to satisfy the human hunger for a better understanding of man's place in his world. Yet the techniques developed for building such great telescopes have like-

wise been applied to constructing more accurate range finders to control with deadly precision the fire of great guns."

Dr. Compton points out an essential choice that has always confronted man—the choice between using his mind to find ways to destroy other men and their work, and using that same mind to build a better world.

Here in America we have followed the latter course. We have chosen to depend upon our industries for products of peacetime use, and we have directed our industrial research men to find us ways for better living.

We have led the rest of the world in raising the standard of living of the average family, and we have done it by remaining at peace while other nations went to the wars and turned all their enterprise to destructive ends.

It is a lesson to be remembered at the present time.

A SIGNIFICANT AWARD
The Nobel Prize situation this year attracted an unusual amount of attention because there was no peace prize awarded. That, of course, was only natural, since war was blazing all around the prize-giving country.

Interest in the peace prize story, however, unfortunately distracted attention from the other prizes. One of these pointed a very interesting moral.

The award in question went to Professor Gerhard Domagk for his discovery of a cure for pneumonia, meningitis, and a number of other of man's most "difficult" diseases. And there was one particularly interesting fact about the situation which was more or less lost in the shuffle. It was the fact that the award was made to a man who conducted his researches, not with the aid of some university or hospital, but with the aid of industry.

Why is this important?

The answer is not obscure. The important point is the fact that the award recognizes a trend of the times: that in those nations which have advanced the farthest towards better living, industry has taken the lead in promoting industrial research.

Because America has far and away led all the other countries of the world in this respect, and because it is prepared today to achieve further peacetime progress in the same direction, it is only natural that the Nobel Prize award to a leader of industrial research should have significance for all Americans.

JUMPING AT CONCLUSIONS
When we hear statements made by some people we wonder whether they ever listen and give serious consideration before arriving at a conclusion. If we all did that we should sometimes see poor Justice sitting in her rightful place instead of trying to have a look-in at the half-open door. So many of us are filled with petty, mean, false, prejudiced ideas that we do not even use the brain power that has been given to us when we arrive at conclusions. We form a sudden opinion ourselves or else borrow a neighbor's opinion and stick to it in defiance of every way of fair dealing. It may be human nature, probably is, or we should not be so liable to yield to it. It is really the cause of much public and private unhappiness and strife in state and nation. It will be a very grand world indeed when we quit being acrobats and stop jumping at conclusions. The first step necessary in such a golden age is to listen to the other fellow, try to understand his viewpoint, then form a sane, just and slow opinion.

THE OLD FARMER SAYS . . .
Came this morning to our desk a little pamphlet — The Old Farmer's Almanac by Robert B. Thomas. At least he started it back 148 years ago, as a New England and American tradition, it might be said, or better still one of our institutions. Year after year, for nearly a century and one-half, it has mirrored not only the changing face of New England, but other sections of our land. The variations from issue to issue have been so small, indeed, that only when one looks back at the very earliest years does one realize how we have altered, says Dr. George Lyman Kittredge. As a matter of fact, those early Almanacs are filled with odds and ends of news, quaint scraps of scientific information, reflections of homely wisdom, bits of real humor, that reveal the very form and fashion of the time.

One might go deeply into this quaint volume, but, to us, it is a reminder that 1940 is almost at hand. The Old Farmer seems to see a cold winter and a hot summer in prospect. He predicts deep snow in January, a cold wave near the end of the month, below zero weather and more snow. However, an early spring is forecast.

And there you are folks. If you received a copy, you will read it, no doubt, as happily as we. It is an enlarged edition this year and full of useful advice and statistics.

THE SPIRIT OF '39

NEWS ITEM—FORWARD WITH THE REPUBLIC
THEME OF ANNUAL CONGRESS OF AMERICAN INDUSTRY IN NEW YORK DEC. 6th, 7th, 8th

Musical Reviews

Your reporter roved far afield this past Sunday afternoon to attend the Frank Sheridan piano recital held in the Frick Mansion, New York City. Just to enter the magnificent home, armed with a pass (of which there is a scarcity) with which to quell the suspicious doorman, gives one a feeling of awe.

Your voice naturally drops to a whisper, and fades away entirely when you enter the colonnade, a large, oblong room of Greek architecture. In the center section a pool mirrors a lovely fountain, while two small fountains at either end impudently spout water at the falling cascade. Green shrubbery and cerise flowers vie with the white marble in beauty.

Can you imagine such material beauty being followed by equal tonal beauty, when Mr. Sheridan opened his program with two little known Bach Chorales, making his instrument sound so much like an organ that it was uncanny? Followed the Brahms' "Variations on a theme by Handel," a Chopin group, and finally Debussy's suite "Pour le Piano."

Incidentally, the recital was held in a small salon adjoining the colonnade. Three encores were accorded the enthusiastic listeners — the last a Brahms' "Intermezzo" which was so exquisite that one wished that the moment of silence following it would never end, so that the essence of beauty it held might be intact forever.

Two scenes from Dickens' famous Christmas story will be enacted by Betty-Rae Brown, Bernice Van Sickle, Patricia Plumer, Doris Heath, Alan Heath, Doris Kessel, Muriel Atkins, Frank Forte, Donna Feurestein, Marilyn Riede and Eric Sheard. Betty-Rae Brown and Bernice Van Sickle coached the play.

This will be followed by a group of solo and two-piano compositions by members. The candle-lighting ceremony, which has been a feature of the Christmas meetings since the inception of the club in 1926, will precede the serving of refreshments. Committee members will act as floaters. Counselors of the club are Eleanor Bacon-Peck, Adell Sutherland and David Williams.

SNOOP'S SCOOPS

There was a very large and enthusiastic meeting at the Forest Hill Field Club yesterday when the Lions and Rotary Clubs joined forces to listen to Mrs. Eleanor M. Herrick, regional director of the N.L.R.B. This was the third speaker in a series arranged by the Rotary Club that presented the labor problem from the C.I.O. A. F. of L. angles, and this meeting by the Labor Relations Board representative. More of these joint meetings should be held.

Lions Club bowling on Friday nights has taken on the aspect of a carnival, with "Shorty" Lauterette of the National Grain Yeast Corporation creating most of the excitement with his continual betting as to the results of each ball that goes down the alley. He has Lions' President Larry Lommer and former Lions' President George Mead continually "on the spot."

W. Brand Smith is continuing to put his "all" in his bowling game but has been unable to improve his score this year. You can't say that Brandy doesn't try.

Rumors continue to pour in concerning the coaching job at Belleville High. Our latest information is that Ed Danowski, backfield passing ace of the New York Giants and former Fordham University star, has been approached concerning the job. If this is true, it looks as if Belleville is finally going after a big name as coach.

One of the local Boy Scouts recently discovered that the beautiful ivy on the Van Houten place wall of the Elks' Club is not the ordinary ivy but of a poisonous variety. We pass this out for the benefit of those who are allergic to poison ivy.

It seems strange that one of the local merchants who has recently opened a large store on Washington avenue has instructed the Telephone Company not to give out his telephone number. It is not recorded in the telephone book because the phone was installed after the directory was printed. Still, when you ask "information" for the number, you are told that they are not allowed to give same. It seems a funny way to do business.

Belleville High was the scene on Tuesday night of the first panel advancement program ever held by the Robert Treat Council, Boy Scouts of America. Considering that it was a new venture, it was a "howling success." Those parents and local citizens who are interested in the boys of our town and did not attend, missed an opportunity to see what Scouting is doing for our future leaders of the community.

ODE TO BILL MEYERS
Every once in a while someone comes along and gives you a pat on the back, and you feel better, especially if someone else prior to that has placed a kick in a spot that compels one to look from the mantelpiece. Which leads us to the point that in this newspaper and several others in the metropolitan area, Bill Meyers has a sprightly column, "Exclusively Yours." Recently when Bill noted the Belleville News had garnered a few honors at the annual New Jersey Newspaper Institute at Rutgers he took some space in this newspaper and others, and paid for it, as usual, to congratulate the Belleville News. Bill could have said to us personally: "That's swell!" and let it go at that. But, mind you, he had to buy newspaper space to congratulate this newspaper.

And so, to Bill we want to devote a little space to say that we appreciate what he did for us in that unsolicited manner, and, in turn, congratulate him for an advertising column which carries with it a sense of humor and some clever reading, apropos to the muse with which friend Bill is occupied. Recently he took time out to say that most radio commentators—most, we say, advisedly, try to emulate newspaper men in their news reports. With the exception of a few most have never even seen the inside of a newspaper office. Said Bill: "As a result their news broadcasts fall flat" with the leg men who hob-nob with every official and cop worth knowing on their particular beats. Newspapermen, speak a peculiar language. Maybe, they are cynical, but they certainly don't like to be aped by commentators who might better be soft-sapping some housewife about the teeny-weeny wife-faffles, instead of trying to emulate the men of newspaper row—who take it plain.

N. J. Today
New Jersey is keeping in the van of State Planning Progress due largely to the growth of the planning sentiment upon the part of the public and which is finding frequent expression in the advantage that is being taken of legislation in assuring community improvement.

This is revealed in the publication by the New Jersey State Planning Board of a second edition of "Municipal and County Planning Legislation and Procedures in New Jersey," a guide for planners, the original issue of which was in 1936. The present edition besides covering all the earlier matter brings up to date the official planning programs made in the State and presents the Enabling Legislation for zoning and planning in the form of the Revised Statutes.

A survey showed that steady advance had been made in official recognition of the importance of planning and zoning since it was made legally possible for every square yard of the State to be properly protected.

When the first edition of the guide to planners was issued, only two counties and 152 municipalities had taken advantage of the Enabling Legislation enacted in 1935 permitting counties and municipalities, individually or collectively, to adopt zoning regulations assuring planned control of land and building developments. Only thirty-two municipalities had set up planning boards. Today, four counties and 198 municipalities have availed themselves of the provisions of this Legislation and in addition, sixty municipalities have established planning boards as also provided in the Enabling Legislation.

The progress thus shown is most encouraging to the rapidly increasing number of those who have come to realize the benefits to be derived from intelligent planning. It gives promise of a State-wide adoption of planning principles under authority of the law. Significant also was the organization within the year past of the New Jersey Federation of Official Planning Boards, the influence of which, in creating a popular sentiment for planning, is already apparent.

American Legion Auxiliary
Belleville Unit will be host to the county delegates for the regular monthly business meeting at the Belleville Reformed Church, Main and Rutgers streets, at 8:30 o'clock tonight.

Mrs. Katherine Ashby, Montclair, is county president. Richard Shannon, a member of Belleville Post and Essex County Commander of the American Legion, and his staff will be guests.

The next regular business meeting of the Unit will be Monday at 8:15 p. m. in the Recreation House. Plans will be completed for the regular Christmas work and Kiddles' party.

The Juniors will meet on Wednesday at 7:30. They will make Christmas favors to be used at Lyons' Hospital for the tables of veterans on Christmas day.

V. F. W. AUXILIARY

A surprise birthday party for Mrs. Alicia Gannon, president of V. F. W. Auxiliary No. 279, George A. Younginger Post, was held Friday evening in her home, 130 Union avenue. Decorations were red, white and blue. An emblematic pendant was presented to Mrs. Gannon by auxiliary members.

Auxiliary members and friends are invited to celebrate with the Post its twentieth birthday anniversary in Veterans' Hall.

Mrs. Jennie Holly will be chairman of refreshments at a card party, December 11, in Veterans' Hall.

A regular meeting of the auxiliary will be held Wednesday in Veterans' Hall.

Junior Music Club Holds First Piano Recital

Members of the Junior Music Club gave their first piano recital for parents and friends Friday evening at the studio of Mrs. John F. Doyle, 17 Wilber street.

The program opened with a greeting by Jack Doyle, and the "Star Spangled Banner," played by Suzanne Seiler. The Toy Symphony played "Jingle Bells" and a chorus was played on musical glasses. A vocal solo was rendered by Jack Doyle, and violin solos by Robert Seiler, accompanied by his sister, Suzanne. Members played piano solos, duets, and a trio remarkably well with excellent stage deportment.

The books which the members worked on the past year were exhibited with studio scrapbooks and snapshots of activities of the past. Mrs. Doyle gave a farewell address to Cordula Neinhau, who is leaving town, and a music card reward was presented for memories. Those who participated in the recital were Betty Fulton, Cordula Neinhau, Phyllis Wall, Suzanne and Robert Seiler, Alan Rosenberg and Jack Doyle.

DUBONNETS MEET

The Dubonnetts met in the home of Miss Dorothea Stockton, Bloomfield, on Wednesday evening. Members included the Misses Regina Kasner, Flo Hagetter, Germaine Stark, Hazel and Gert Meehan and Bettie Weesey, Belleville; the Misses Virginia Fice, Charlotte Butler and Mrs. H. H. Nutley and Miss Esther Jerrell, Newark.

Meador Wright's PIQUANT POLITICS

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

Repeatedly during the past six months I have called attention to the readers of this column of the approaching climax in New Jersey politics. It is now at hand. Not since 1930 has the political tempo been so fast, or the stakes for which the struggle is taking place so big. Both parties are in the grip of this struggle, but the situation within the Republican party is the more dramatic.

Within the Democratic ranks the fight is between various disaffected elements and Mayor Hague. The former are trying to force Hague's acquiescence to independent candidates for governor and senator, namely, Charles Edison and James Cromwell. With one independent — or rather recalcitrant — senator on his hands now in William H. Smathers, Hague is naturally reluctant to accept candidates of similar temperament or leanings for the two other key posts. But the Democratic insurgents believe they have Hague on the run, and that eventually he will have to yield to their demands.

Can't Ignore Fact
The belief is almost universal that only with the help of the national Democratic party or independent Republicans can a Democratic Senator or Governor be elected. So long as Franklin D. Roosevelt is in control, national support is more likely than not to be extended in the direction of independent candidates.

Certainly no hand-picked Hague candidate is going to get much support from independent-minded Republicans. So logic is all on the side of the Democratic insurgents, and it is doubtful if Hague can afford to ignore this fact.

The maneuvering within the Republican party is immensely more complex. Here it is a bitter struggle for power between groups and individuals. The following list of names will help to identify these various groups: Harold G. Hoffman, Arthur T. Vanderbilt, State Treasurer Albright, Robert Johnson, Lester H. Clee, Lloyd Marsh and W. Warren Barbour.

There are other key men such as Walter E. Edge, Joseph A. Bower, Motor Vehicle Commissioner Magee, Clayton E. Freeman and Arthur Foran. But members of this latter group are likely to be identified with someone in the first mentioned bracket. As it looks now, the struggle for power is among the former.

Battle Is Coming
There is not space in this column to give all the details of this historic struggle, nor is there enough evidence available to justify a prediction of the outcome. Powerful pressure is being exerted to force a compromise on a gubernatorial candidate. But to me this looks impossible. Hoffman will not withdraw in favor of another candidate, and Clee, at least, will not go along with Hoffman. So a little private New Jersey "World War" seems to be in the making. When it breaks out it will be a dandy.

Polyphonic Club Notes
The monthly meeting of the Polyphonic club was recently held at the Stratton Studios, with Mildred Lothes presiding. An interested group heard the stories of the lives of Mozart and Rachmaninoff. David Cooper told of Mozart's life, while Mary Lou Hayden, Passaic, and Virginia Strauss, talked on the life of Rachmaninoff.

Mary Lou played a Rachmaninoff Prelude and Virginia Young and Miss Stratton played a two-piano arrangement of a Mozart sonata.

Refreshments were served. Owing to the Christmas season and the mid-year recital the club will not meet until the last Monday in January.

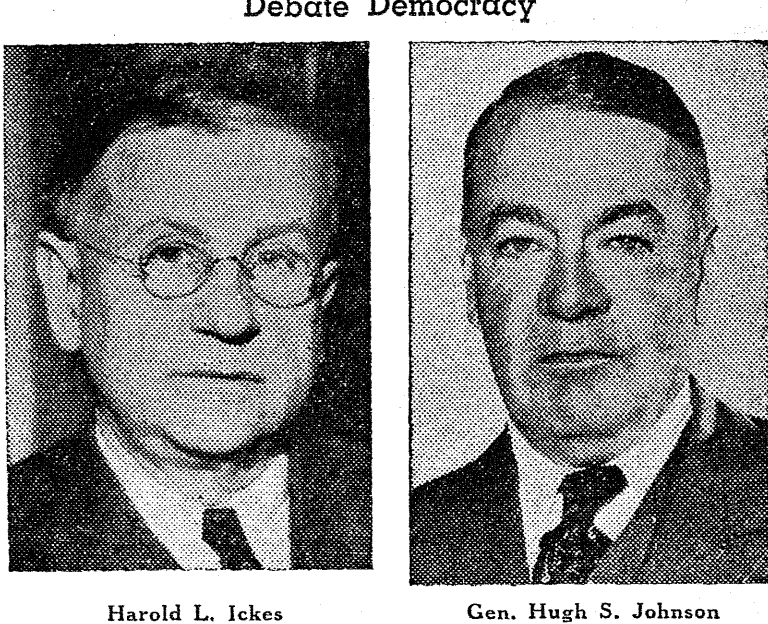

Monday night classes in theory and harmony, will be held as usual, during the entire season.

What They Want
Hoffman wants to be governor. Vanderbilt wishes to be the recognized leader of the Republican delegation at the next National convention. Albright desires a key

"Democracy In Peril" To Be Debated At The Town Hall Of Essex County

Dangers which lie ahead of democratic nations of the world will be debated at the third meeting of Town Hall of Essex County on Monday evening at 8:40 in the Mosque Theatre, Newark.

The problems which confront the United States will be discussed by Secretary of the Interior Harold L. Ickes and General Hugh S. Johnson, while the European situation will be taken

It is his opinion that the Hitler regime is too strong to be broken by an underground movement, and that Hitler's downfall can come only by a complete victory on the part of the democratic nations. "For the past six years," he says, "the youth of Germany has been trained to believe in the greatness of war. War is popular with the younger generation and while the older generation opposes it, youth is the decisive force."

"Germany can hold out in a war much longer than is anticipated," Dr. Prinz said. "For many years prior to the beginning of actual warfare German people have been rationed. This was a systematic preparation for the war to come, and they are now in an excellent position to withstand a long struggle. The defeat of Germany will be a difficult job, and will doubtless result in a long war."

"Her greatest obstacle," according to Dr. Prinz, "will be the people of the former Czechoslovakia. Within greater Germany this group is the most militant, and for the nearest military match to Germany herself, but the former Czechoslovakians are unwilling to cooperate with Hitler's war-like plans."

up by Dr. Joachim Prinz, German exile and rabbi of Temple B'nai Abraham of Newark. A question and answer period will follow the talks, with Harry Friedgut, managing director of the Griffith Morris Foundation and Town Hall of Essex County, presiding.

It is anticipated that the strong opinions of Secretary Ickes and General Johnson on political subjects will be well brought out in the meeting. On the question of European democracies, Dr. Prinz is expected to give a clear, poignant picture of the European scene today.

An astute student of current political affairs, Dr. Prinz was an active political worker in Germany before his exile, and for the past two years has been lecturing on political and historical subjects throughout the United States and Canada.

"God the Preserver of Man" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday.
The golden text is: "The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore."
Among the citations which comprise the lesson-sermon is the following from the Bible: "And as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up: That whosoever believeth in him should not perish, but have eternal life."
The lesson-sermon also includes the following passage from the Christian Science textbook: "Understanding spiritual law and knowing that there is no material law, Jesus said: 'These signs shall follow them that believe, . . . they shall take up serpents, and if they drink any deadly thing, it shall not hurt them. They shall lay hands on the sick, and they shall recover.'"

Belleville News

Two tickets for the Capitol Theatre will go to Mrs. Harvey W. Mumford, 10 Oak street, who has recently returned from Jessup, Maryland, and sends the following recipe, hoping those who use it will enjoy it as much as her family did.

Lady Baltimore Cake

2½ of a cup of crisco or spray
4 egg whites
½ teaspoon vanilla
3 cups sifted flour
½ teaspoon salt
3 teaspoons baking powder
1½ cups sugar
¼ cup milk

Cream the shortening and sugar thoroughly and add the flavoring. Measure sifted flour, add salt

and baking powder. Add alternately with the milk to the creamed mixture. Beat smooth and fold in the stiffly beaten egg whites. Pour into two greased layer cake pans. Bake in a moderate oven about twenty-five minutes. Put together with Lady Baltimore Filling.

Lady Baltimore Filling

2 tablespoons crisco or spray
1 teaspoon vanilla
¼ cup chopped raisins
¼ cup chopped cherries
4 cups confectioner's sugar
¾ teaspoon salt
¼ cup chopped or broken walnut meats
2 tablespoons lemon juice

Cream together the crisco or spray, salt and sugar, adding the sugar gradually. To half of the mixture, add the flavoring, one tablespoon lemon juice, and enough milk to make it the right consistency to spread. Use this for icing the top. To the remainder add the fruit, nuts and one tablespoon lemon juice and enough milk to make it the right consistency to spread. Use this between the layers as filling. This being a white cake makes it very attractive as a Birthday Cake; and the fruit and nut filling make it a desirable Holiday Cake.
Two tickets also go to Mrs. Edward P. Fern of 148 Linden avenue, who sends us a delicious dessert recipe.

Butterscotch Parfait

¾ cup brown sugar
2 tablespoons butter
½ cup water
4 egg yolks
2 teaspoons vanilla
1 cup heavy cream
Few grains salt

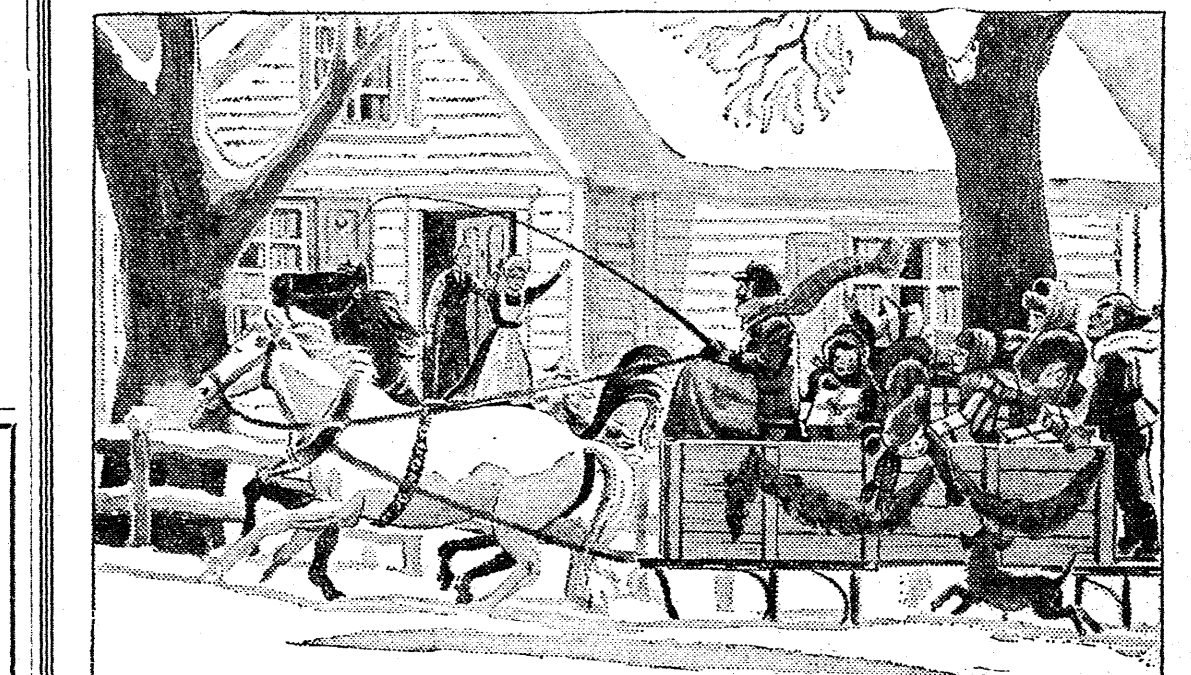

Directions:

1. Melt sugar and butter in saucepan; stir to prevent burning and boil one minute. Add water and cook until butterscotch is smooth and syrupy.
2. Beat egg yolks and butterscotch syrup slowly and continue beating. Cook on low heat until light and fluffy.
3. Chill; beat cream until stiff and add salt and vanilla. Combine with chilled egg mixture.
4. Turn into tray, place in chilling unit, freeze without stirring.

Arene Chapter To Hold Reception For Mrs. Stout

Many Dignitaries Will Attend
Affair Monday In Masonic Temple

The officers of the Grand Chapter, Order of Eastern Star, New Jersey, will be guests of Arene Chapter No. 73 on Monday evening in Masonic Temple, when the Chapter will hold a reception in honor of Mrs. Freda I. Stout, 61 Rossmore place, Worthy Grand Adah of the Grand Chapter, and a past matron of Arene Chapter.

termoon at 2:30 o'clock in the social hall of the congregation, 317 Washington avenue. Rabbi Rubin R. Dobin, who is in charge of the celebrations, has announced that a varied program of Chanukah entertainment will be included in the festival program.

Every class in the religious school and every club which meets in the synagogue will be represented at the festival. In addition to a group of holiday recitations and declamations, a new Chanukah comedy, "Feldstein Sees the Play" will be presented. This is the first time that this play is being presented in this state. The Girls of Blue and White, under the leadership of Miss Ruth Rader, will present a skit on one of their meetings. The special Chanukah issue of "The Jewish Voice" will be issued at the festival.

After the program a Chanukah buffet will be served to all present. Arrangements are in the hands of a committee headed by Mrs. Nellie Rochlin and including Mrs. Ida Lempert and Mrs. Anna Goldstein. The school board of the congregation will present a Chanukah gift package to every child who attends the festival.

Among the other events marking the observance of the Feast of Dedication in Belleville will be a holiday party by the Sisterhood to be held on Tuesday night. Mrs. Martin Kabot, in charge, has prepared a novel program of games and refreshments. Mrs. Irving Garson, membership chairman, will use this opportunity to introduce new members at a membership tea.

The Young Folks' League of the synagogue will have its own celebration Wednesday evening in the social hall of the congregation. All young people are invited to attend this event.

ond time this season. The score was 7-6 in as wild a game as the Bellboys have played this year.

Forward passes were the big ground gainers of the day. Yards gained from scrimmage were just about ordinary, but when the teams went to the air things began to happen.

The Bellboys struck first on the seventh play of the game. An exchange of punts gave them the ball on their own 44. George Tietze faded, tossed a 21-yard aerial to Dan Stellatella who raced the remaining 35 yards to the goal line for a score. Tietze passed again, to Ed Hollweg, for the all-important extra point.

Belleville continued to have the edge on the play right up until the fourth quarter. The Blue and Gold passes were clicking and it was not until four plays before the end of the third period that they failed to connect.

In the meantime the visitors' passes were all awry. It was not until the end of the third stanza that they were able to gain any ground on them, but from that point on the air attack that the Maroon and White put on threatened to end Belleville's season in sorrow rather than joy.

Maroon Passes Click

Salerno was tossing them for West Orange and, after the visitors returned a punt to their own 24, his accurate right arm set up their score in short order. He completed three passes for gains of 26, 10 and 36 yards to put the ball on the four, from where it was a simple matter for Hawrylak to put it over.

Just before the game ended Hawrylak took a turn passing them and completed two in a row for successive gains of 30 and 25 yards. Just then the whistle mercifully blew.

It was the Belleville accuracy which gave them the edge. West Orange completed one more pass

Nereid-Ravenswood Movies At Club Dinner Tonight

Moving pictures of the Nereid-Ravenswood regatta which attracted 5,000 spectators to the banks of the Passaic last August will be one of the features of the monthly dinner and meeting of the Nereid Boat Club tonight.

The pictures were taken by Ned Kleinfeld, who will also show movies of the World's Fair and Aquacade and of races at the Nutley velodrome.

A new club banner, of gift of William F. Essling of New York, will also be presented to-night. More than thirty-five members are expected to attend. Joseph C. Duval, 37 Church terrace, and Carl Hagert, Newark, are in charge of arrangements.

MAROON RAIDERS TO PLAY GAMES AT FRIENDLY

Essex Junior College
Opens Season Here
On December 16

Leon Milmed, coach of Essex Junior College basketball team, announced today that the Maroon Raiders would use the Friendly House in Belleville as its home court for the 1939-40 season. The Newarkers switched from St. Lucy's in Newark because it did not have enough seating capacity.

Belleville residents will now get an opportunity to see one of the best little teams in the state. The Raiders won the New Jersey Junior College Basketball Conference title last year, and big-time coaches watching them in action referred to the Essexites as the coming team to watch.

The Maroon basketballers open their season at Friendly House against the crack Yeshiva five December 16. Essex will present a new face at center because its star pivot, Barney Wilk, is lost for the remainder of the season. Wilk, one of the best centers in the East, injured his leg in a practice session, and it is feared that the former Passaic High star may have ended his basketball career completely.

Congressman Hartley, Hal Mead To Play Exhibition Match

Congressman Fred Hartley will join with Hal Mead to play a special exhibition shuffleboard match at Elmers' Tavern, Nutley, a week from Monday, according to a letter from the Congressman received yesterday by Fred Duxbury, match arranger extraordinary of Essex County.

Next Monday elimination contests will be held at Elmers' to determine the Hartley-Mead opponents.

Columbia Park Wrestling

A wrestling feud that has been smoldering for weeks will blaze anew tonight at Columbia Park, Hudson Boulevard in North Bergen. Promoter Ralph Mondt has completed negotiations to present Bobby Managoff, streamlined mat machine from Chicago, in action against Emil Dusek in a rematch of their blistering engagement of several weeks ago which marked the temporary cessation of hostilities between Managoff and the "Dirty Duseks." They meet in the one hour limit, one fall feature of a five-hour program.

Not only will Emil Dusek be in action Thursday night, but the eldest of the Omaha clan will also swing into action against a Park favorite. Rowdy Rudy Dusek will square off against Abe Yurist, Jewish star and former Ohio footballer, in the 30-minute limit semi-windup tilt. Yurist has established himself as a star in the Park with numerous spectacular performances. His only loss was to Managoff in a thrill filled 50-minute bout several weeks ago.

Mark Hoesley, Wisconsin athlete undefeated in Park matches, encounters the German giant, Hans Kampher, in a 30 minute limit prelim. Kampher's Park appearance last Thursday night resulted in a victory for him over Tom Casey one of the brilliant Irish wrestling brothers.

Clark Albey Stars On New York Ice Rinks

Clark Albey, 44 Malone avenue, leaped upward in the ice-

skating world last week by taking second in three of the four events in which he started in New York.

Racing in Class B, Albey skated from scratch in each event but in each was nosed out by slight margins.

Albey's previous fame has come from bicycle racing in which field he has always been considered a top-notch.

"There are many potential ice skaters in Belleville," Albey said yesterday, "who could put the town on the map if they would make the attempt this winter."

problems of executives," she explained. "For many years I had charge of a plant of 3,000 in the South where strict discipline had to be maintained in order to keep up production. The trouble, I find, with some labor situations is that the employers, through foremen and superintendents, fail to fully understand American workmen. They are pretty fine persons — just like most of us. For instance, when an attempt is being made to unionize a plant, it would not be just the right thing for a supervisor to insist upon the 'no smoking rule' among workmen if the foreman walked about with a cigar or cigarette in his mouth."

About one-quarter of all cases referred to the NLRB in the area covered by her office, part of New Jersey, New York and Connecticut, are immediately thrown into discard, she explained, another quarter receive cursory examination and the other one-half require exhaustive study.

"It is fine to know," she said, "that there is a clearing bureau like the NLRB where disputes may be settled around a table, minus heat and anger."

Arthur L. Hahn, Bayonne, who is governor of this district of Rotary International, will be in Belleville, on Wednesday, December 13, on his official visit to the Rotary club here.

Mr. Hahn is General Secretary of the Young Men's Christian Association in Bayonne, a member of the Rotary club there, and was elected governor of the 182nd District at Rotary's 30th Annual Convention in Cleveland last June.

President George Kaden and Secretary Wayne R. Parmer, local Rotary Club and the Board of Directors and committee chairmen of the club will confer with Rotary Governor Hahn on matters of club administration and activities. The Rotary Club of Belleville was organized in 1922 and now meets weekly at the Forest Hill Field Club.

Rotary Governor Hahn was one of the nearly 200 men who were elected to serve Rotary's 5,000 clubs and 210,000 Rotarians in eighty countries and geographical divisions of the world.

Telephone Company Provides Weather Forecasts

Telephone users in most of the metropolitan area of northern New Jersey can telephone "Weather 6-1212" and get the latest U. S. Weather Bureau forecast for this area.

The service is being offered by the New Jersey Bell Telephone Company on a trial basis to determine its usefulness to the public and costs five cents or one local message per call, according to the type of telephone service used by the caller.

It is available in all of Essex and Hudson Counties, most of Bergen, and part of Union and Passaic, this area including most of the communities covered by the weather forecasts for New York City and vicinity. In order to obtain the forecasts subscribers give the number to the operator, except in Newark, Irvington, Harrison, the Oranges and Mat-

plewood, where they dial it as WE 6-1212.

The disseminating point for the service is the telephone company's building at 95 William street, Newark, where special apparatus has been set up to distribute weather information automatically to telephone users. Official forecasts are secured from the Weather Bureau four times a day and more frequently if required by unusual weather conditions. These bulletins are reproduced by a voice-recording machine which repeats the forecast over the wires in response to calls for Weather 6-1212.
