

Board Has Hectic Session On Sidewalk Assessments

Mayor Williams Charges Mason With Casting Aspersions On Members

Confirmation was given to the report of Tax Assessor John F. Coogan on concrete sidewalk assessments, by the Board of Commissioners Tuesday night in one of the most hectic sessions in many months. The confirming of the sidewalk assessments was preceded by a verbal tilt between Mayor William H. Williams and Henry Mason, former member of the recreation board, in which charges of "liar" and "job seeking" were hurled.

Mason precipitated a heated argument between himself and the Mayor when he questioned the board on the difference in price originally quoted some two to four years ago and the price that is now being charged the taxpayers for the work. He claimed that in a story published November 27, 1935, it was reported the work would be done for approximately five and one-half cents per square foot and the News in a story appearing July 31, 1937, quoted the price as being seven and one-half cents per square foot. Mason questioned the difference between these prices and the present assessment of eleven cents per square foot.

Mayor Explains Cost

Mayor Williams explained the board had originally appropriated \$43,000, as the town's share of the project which would have made the price about seven to nine cents per square foot. He claimed the Federal Government, however, refused the figure, forcing the town to appropriate an additional \$18,000, for the job bringing the municipal total to \$61,000. He pointed out this additional town share was the cause of the difference.

When Mason criticized the board for failing to notify the taxpayers of the change, the Mayor stated: "The board cannot assume responsibility for a newspaper story. Those figures were quoted by the newspaper at the time in good faith. I have explained the difference in the price. No money is spent in this town on public works without the public being made aware of the fact by means of regular paid advertising. The legality of the matter is clear. When the government forced us to increase our appropriation to \$61,000, the fact was advertised and the original ordinance providing for \$43,000 was rescinded. You cannot accuse this board of deliberately misleading anyone in this matter."

The mayor further pointed out the board had anticipated the sale of many thousands of square feet of the removed flagging at six cents per square foot to a large contractor. He claimed the contractor had taken some of the stones at this price, at a later date bought more at four cents per square foot and then notified the board he had no further use for additional loads. This, with the fact many of the stones were taken by property owners and many thousands were broken during removal, all added to the decrease in anticipated revenue from the old stones and naturally increased the total to be carried by the taxpayer in assessments he claimed.

Mason's continued questioning of the board's method in handling this project caused the Mayor to accuse Mason of being insincere in his criticism. Mason retaliated with a request the Mayor keep personalities out of the discussion.

With this, Mayor Williams ac-

No Christmas Spirit

The Christmas spirit, which pervaded Belleville over the past weekend, made little difference to some vandalistic youths and petty thieves.

There were no fewer than six appeals to the police because of the theft of Christmas wreaths from doors and lights from gaily decorated outside trees. Reports came from DeWitt avenue, Berkeley avenue, Fairview avenue, Bel-mohr street and Perry street.

cused Mason of casting aspersions on Commissioner William D. Clark and himself. He claimed Mason passed remarks detrimental to the character of two members of the board because he had failed in his efforts to have the Mayor appoint him as a salesman of town owned real estate recently.

"You're a liar, Bill," shouted Mason. "I have a good job and have had it for twenty-five years. I don't need or want any job from this board."

At this point the Mayor rebuked Mason again for his alleged attacks on himself and Commissioner Clark and asked that the following statement be included in the public record of the meeting.

"The next time Henry Mason makes any remarks detrimental to the Mayor of Belleville or any member of the board of Commissioners, either in my hearing or under circumstances wherein I take whatever legal action necessary to bring him to account for such behavior. I further state publicly, that Henry Mason did in my office ask for a position selling town owned real estate and that when asked how he could find time from his work, replied: 'I can arrange that.' Furthermore, since being refused this job by me, Mason has been casting aspersions on the character of myself and Commissioner William D. Clark."

Leaves Room

With the parting shot that he would not remain another five minutes in the same room with the Mayor, Mason grabbed his hat and coat and stalked from the council chambers.

Following Mason's departure many of those present further questioned the board on the assessments. Some claimed the walks had been laid without permission of the property owners. Others claimed the foremen on the job had assured them the new walks would cost only seven to nine cents the square foot, thus they gave permission for the walks to be put down in front of their property.

Other citizens asked why they were being charged for driveway aprons, which were originally in perfect condition but had to be relaid after the workmen had broken them while putting in the new sidewalks. They claimed that inasmuch as the workmen damaged the driveway aprons, the town had no right to charge the taxpayer for this additional strip.

Coogan's report on the assessments was passed by the board with the understanding that all individual complaints would be taken up as they occurred and adjustments made where a valid claim existed. This action was taken to permit the immediate mailing of bills covering the assessments. Another reason for not holding up the assessments is the varied nature of the complaints. If these were to be taken care of before the bills were mailed, invoices would be held up indefinitely, stated Williams.

LADIES AID PLANS INSTALLATION OF OFFICERS

Mrs. W. P. Adams Had Led Group Sixteen Years

The regular monthly meeting of the Ladies' Aid Society of Belleville Reformed Church will be followed by a Christmas party and installation of officers today, at the Parsonage, with Mrs. John Struyk, Mrs. Walter Martin, Mrs. J. Hildebrandt and Mrs. Fred Koebel, as hostesses.

Mrs. William P. Adams will retire from office after having served for sixteen years as president of the organization. Newly elected officers are: Mrs. Walter Smith, president; Mrs. Walter Price, vice-president; Mrs. Frank Wadsworth, second vice-president; Mrs. Albert Wurmuth, third vice-president; Mrs. I. G. Golden, secretary; and Mrs. J. H. Goodale, treasurer.

An executive committee composed of Mrs. M. Prout, Mrs. Koebel, Miss Stiritz, Mrs. Martin and Mrs. Lehman will be installed.

SYNAGOGUE BEGINS ANNIVERSARY FETE

Congregation A.A.A. Marks Sixteenth Year; Rabbi Dobin Maps Plans For Celebration

The sixteenth anniversary of the dedication of its Synagogue edifice will be observed by the Congregation Ahavas Achim Anshe Belleville, 317 Washington avenue, Belleville, with a series of anniversary events culminating in a "Sweet Sixteen" Dance to be held in Newark, March 9. Rabbi Rubin R. Dobin, who is in charge of arrangements for the celebration, has announced that all the Jewish organizations of Belleville are cooperating in the plans for the observance.

The Jewish Community of Belleville dates back to before the Revolutionary War, when Harman Hendricks, a Dutch Jew, arrived in Belleville to establish the first copper-rolling mill in the United States. Since the arrival of Hendricks, the Jewish population has grown until, at the present time, it numbers more than 250 families.

The Synagogue has kept pace with this increase in population and its activities have become many and varied. One of the main activities of the Synagogue is the Religious School in which close to 160 boys and girls receive a thorough training, equipping them to lead a better and a more useful life as loyal Americans. The Sixteenth Anniversary will also commemorate the founding of the Religious School. At the present time, the Congregation sponsors a Center at its building for people of all faiths. The Synagogue exerts a profound influence over the entire Jewish Community and its many novel projects for its members and affiliates have received national attention.

One of the main projects of the celebration will be an Anniversary Year Book which will contain greetings and messages from members and friends of the Synagogue. The final event of the Celebration on March 9 will be under the complete sponsorship of the Sisterhood of the Congregation, which will dedicate their annual dance to the Anniversary.

In addition to the Congregation and Sisterhood, the following organizations will participate in the Anniversary Celebration: Progress Club, Sisterhood Study Group, Zionist District, Junior League, Young Folks League, Boy Scouts, Habonim Group, Girls of Blue and White and the Sunbeam Girls.

Boys Party Held By Rotarians

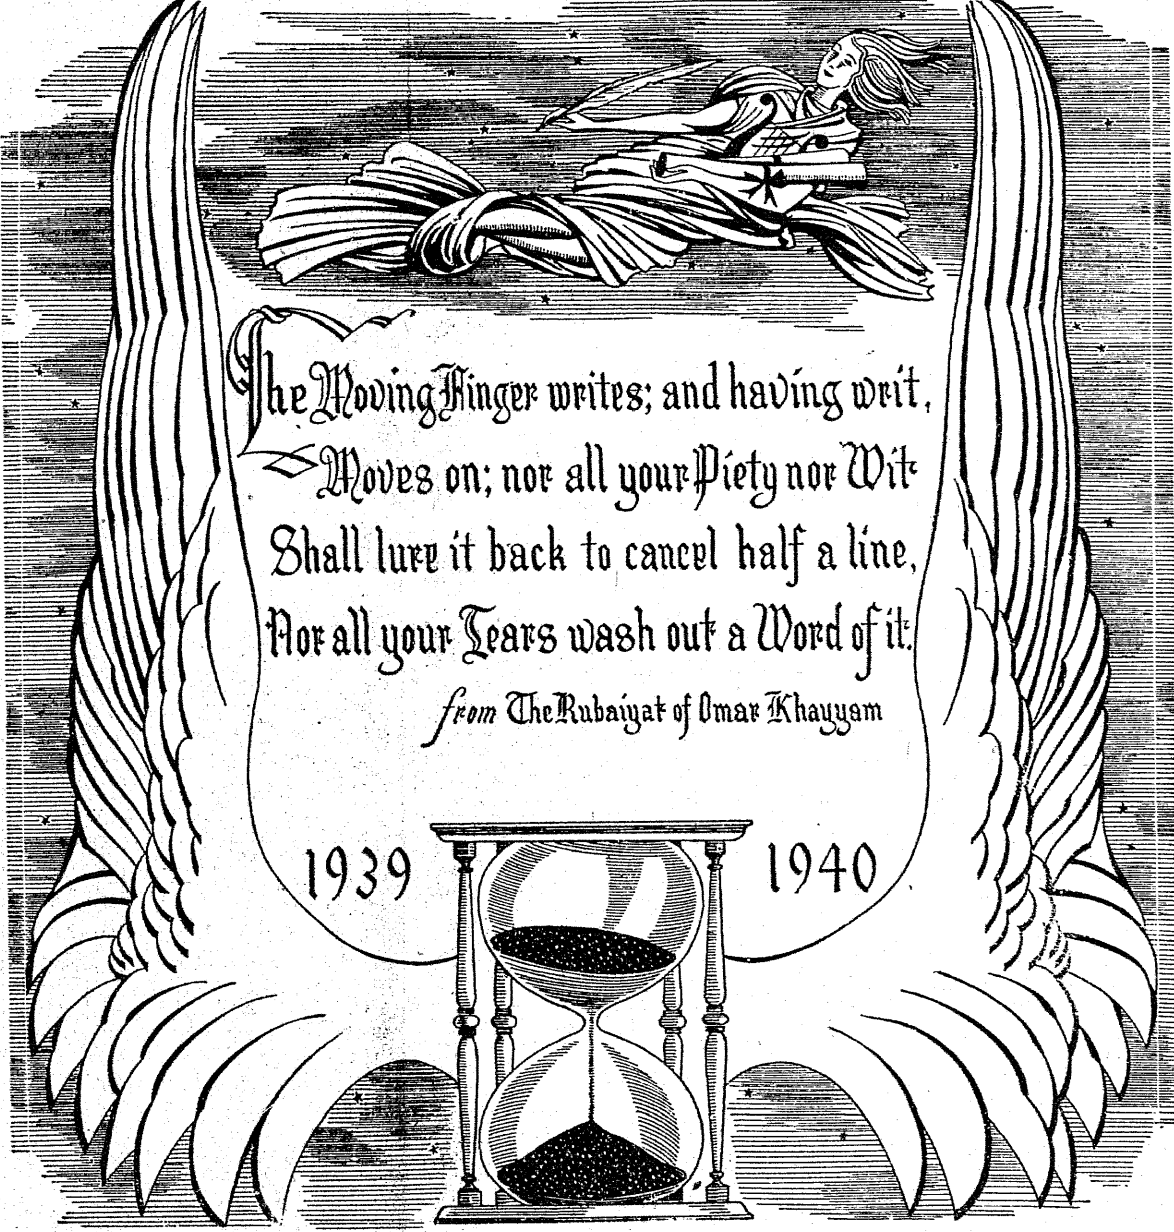

Boys were guests yesterday of Belleville Rotarians at a party in the Forest Hill Field Club. G. Roscoe E. Symonds, president of the Nutley-Belleville Buick Co., was in charge.

Favors were given the boys, who were entertained with songs by Leonard Ronco, Julius Faas, who played the harmonica and pupils of the Bob Cole School of Dancing. Group singing was enjoyed with Alex Berne at the piano.

Elks Give Out Many Baskets

Belleville Lodge of Elks Sunday distributed over fifty Christmas baskets to needy families. Thomas McNair and Joseph McGrath were in charge of a large committee which handled the work.

STRATTON PUPILS THRILL AUDIENCE

Students In Annual Recital At Union Avenue Studio Impress Listeners

The students of Amy G. Stratton were presented in a recital at the studio, 335 Union avenue, last week. The performance was held in the atmosphere of the Christmas season.

An interested audience was delighted with the interpretation of the performers, who showed a keen knowledge of musicianship as well as sound technique and sense of rhythm.

Ruth Rudge and Cora Zadi-gian opened the program with a two-piano arrangement of a Beethoven Sonata.

Cynthia Cooper, just past seven and the second youngest performer of the evening, surprised and pleased the audience by singing a composition, "The Sunbeam," written by herself.

Other pupils taking part were Lorraine Stratton, Betty Freed, Mary Lou Hayden, Virginia Strauss, Beatrice Mullin, Virginia Young, Mildred Lathes and June Platner.

Belleville Zionist Meet Tuesday, Will Hear F. J. Katz

The Zionist District of Belleville and vicinity will hold a general meeting Tuesday night. This meeting will mark the start of activity for the new year. It will start at 8:30 p.m. and will take place in the Social Hall of Congregation A. A. A., 317 Washington avenue, Belleville. The committee in charge of arrangements for the meetings includes Dr. A. Abba Rubin, Louis Haft, Jack Faust and Rabbi Rubin R. Dobin.

Among the matters to be taken up at the meeting will be the best method to help in the fund-raising activities for the Jewish National Fund for Palestine, and the new developments in the world situation as it affects Palestine. Elections of officers for the coming year will also take place.

The speaker of the evening will be Mr. F. J. Katz, from the National Headquarters in New York of the Zionist Organization of America. Mr. Katz is one of the Zionist Leaders in this country. He is a noted speaker and has traveled all over the country speaking before Zionist groups in nearly every State in the Union. After the talk a discussion period will be held, during which the speaker will answer all questions put to him.

The Belleville Zionist District comprises the towns of Belleville, Nutley, Kearney, Arlington, North Arlington, and sections of Bloomfield.

All Is Ready For Opening Of Adult School's New Term

Enrollment This Year Expected To Exceed 650 of Last Semester

Little remains beyond the actual registration of students to complete the plans for the second term of the Belleville Adult School, according to a statement by High School Principal Hugh D. Kittle, director of the school. Pre-registration indications are that enrollment this year will exceed the 650 who took courses last year, Kittle said.

Registration for all classes, which run for ten consecutive Thursday evenings beginning January 18, will take place in the High School Cafeteria on Thursday and Friday evenings, January 4 and 5. At this time students will register and pay their fees for all courses now listed in the catalog, and indicate their desires for additional courses not listed. Efforts will be made to schedule and employ instructors for unlisted courses for which there is a sufficient number of requests.

Two Important Changes

Director Kittle points out that two important changes have been made in the organization of the school this year, as a result of last year's experience. The first of these is the extension of most of the class periods from one to two hours. Many of last year's students expressed a preference for a single two-hour class period providing more time for practice and discussion.

The second change is the addition of several new courses to the school curriculum. Included in the new courses are golf, with

Maurice O'Connor, professional at Branch Brook Park, as instructor, and home financial management, to be taught by Miss Gertrude Clayton, of the Home Service Department of Montclair Savings Bank. Other new courses are: "What to Read and Why," Physical Education for Men, Li-noleum Block Printing and Design, Orchestra, Mathematics, Elementary Bookkeeping, conversational French, and Biology. Advanced courses in Public Speaking and Interior Decorating will be offered for those who took the elementary courses last year or who have had previous training elsewhere.

The Adult School is sponsored jointly by the Board of Education and a citizens' committee. The Belleville Adult School Committee comprises School Commissioner Charles A. Gebhardt, Jr., chairman; Wayne R. Parmer, Hugh D. Kittle, Mrs. John De-nike, Mrs. Elwood Russell, Miss Kathryn Conklin, Harry P. Brumbach, Caspio Caprio, A. M. Hart and Andrew Sakeld.

Dogs On Rampage

Reports of biting dogs continued to pour into police headquarters from various parts of the town.

Among those reported by police to have been bitten during the past week were Anna Carmie, 137 Brighton avenue, Lorraine Fretz, 40 Washington avenue, Samuel Seton, 16 Alva street and Birch-and Whelan, 39 Schuyler street. It was also reported that when the new owners of 27 King place went to take possession of their home they were unable to enter the house because the dog left by the previous owners still proved to be an excellent watchdog. The animal was finally removed by the Humane Society.

Mayor Would Eliminate Grade Crossing In Park

An Apple a Day

A novel idea was displayed by the Peoples' National Bank & Trust Company Saturday morning. In the lobby were placed two large baskets of delicious apples with a sign over each — "Merry Christmas — Take One." This novelty went over in a big way as it made its first appearance in Belleville. It was quite evident from the compliments received that the customers enjoyed the idea, and the news spread quickly making it necessary to replenish the baskets long before the noon closing hour.

PENSION FUNDS NEED ATTENTION, SAYS MAYOR

Local Fund Is In Serious Condition, Is Report

The serious condition of the local police and fire pension fund, and pension funds in general, was outlined by Mayor William H. Williams to the Board of Commissioners Tuesday evening, when he pointed out that at the rate money is being paid out of the local fund, the town would be faced with a serious shortage and probably complete exhaustion of that fund if some concrete action is not taken in the very near future.

Mayor Williams stated that during the past four years the demands on the local pension fund exceeded the income by \$9,650 and suggested the local board take steps to include all annual deficits of the pension fund in the general municipal budget in the future. This action, he claimed, would prevent the eventual exhaustion of the fund. The pension fund reserve now amounts to approximately \$56,000 and at the rate money is being paid out, would soon be exhausted, he said.

The income for the fire and police pension account is now derived from contributions of four per cent of wages from firemen and police, an equal sum from the taxpayers through the annual budget and occasional contributions from citizens. The payments consist of annual pensions to police and firemen or, in case of their demise, to their widows and all children under sixteen years of age.

"Retirements and prospective retirements warrant the attention of citizens and members of the fire and police divisions."

"The adoption of his recommendation of placing annual

Resolution Is Passed To Petition Utilities Commission

A resolution to petition the State Board of Utility Commissioners to have the grade crossing at Mill street and New North Sixth street eliminated and to have constructed an overhead railroad bridge for the Erie tracks, was passed by the Board of Commissioners Tuesday night. Mayor William H. Williams submitted the resolution to the board in an effort to further improve the rapidly expanding industrial district in that section of town.

With the coming of the new plant of Andrew Jergens Co., another being constructed by the Eastern Tool Co., and the continuing of Franklin avenue from Belleville avenue to Mill street, additional traffic can be expected in that section, pointed out the Mayor, in submitting the resolution.

An ordinance, amending the ordinance covering the sale of alcoholic beverages, was passed on second and third readings. The change was made to permit the issuance of a club retail license for the sale of beer and liquor to members only. The applicant was the Belleville Political and Social Club, 282 Belleville avenue. A resolution was also passed by the board granting the license for this location if and when the amending ordinance passed final reading.

ARMY PROMOTES LOCAL YOUTH AS BUGLER

Frank Matthews Gets Rating Of Corporal

Frank Matthews, Belleville, whose sister Mrs. Josephine Bishop, resides at 670 Mill street, has been promoted to the grade of Corporal, in the Fourth United States Infantry, at Fort George Wright, Washington.

Frank, who is in charge of the "Drum and Bugle Corps" of the Regiment, has won himself a place, and is considered to be one of the best, among Uncle Sam's buglers. His Drum and Bugle Corps is considered to be a fine one.

Elks Import Broadway Revue For New Year's Eve Party

Priestman Makes Urgent Appeal For Immediate Action On Reservations

The New Year will be ushered in with great fun and jollity at the Elks' Club Sunday night when the brothers and their friends gather to greet 1940 with what promises to be one of the biggest parties Belleville has ever seen. The public will be admitted.

The committee, which is under the chairmanship of William Priestman, has arranged a floor show with an all-star Broadway revue.

The show will start at 9 o'clock and has been timed to conclude just five minutes before the New Year comes down Washington avenue. Supper under the personal direction of Thomas Semos, Elks' chef, will be served shortly after midnight.

With Howard Oliver as master of ceremonies, the show has aroused so much interest that the committee today urgently requested that reservations not already made be taken care of immediately.

Stars On Program

On the program are such acts as Don and Betty Lane in their spectacular Dance of the Drums; the Stuart Sisters, whirlwind rollerskaters; Emily Fisk, toe and tap dancer and personality songbird; Helen Lloyd, character comedian; Miss Barbara, the wizard of the xylophone; and The Great MI-AC-O, prince of magic.

With Priestman on the committee are Grand Exalted Ruler Emil Kastner, Thomas McNair, Wallin H. Masten, Harold Kavanagh, William Whitten, John Deency, Andrew Kennett Theodore Sadlock, Arthur Mayer and Elmer Hyde.

Newark & Passaic

CHURCH OF CHRIST, SCIENTIST
276 Main Avenue, Passaic, N. J.
605 Broad Street, Newark.

"Christ Jesus" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people."

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Jesus' spiritual origin and understanding enabled him to demonstrate the facts of being,—to prove irrefutably how spiritual Truth destroys error, heals sickness, and overcomes death. The history of

Jesus shows him to have been more spiritual than all other earthly personalities."

American Legion Auxiliary

Every disabled World War veteran who spends Christmas in a hospital will receive a gift from the American Legion Auxiliary, Mrs. Elsie Kant, rehabilitation chairman of Belleville Unit has announced. The local Unit is co-operating in the vast gift program through the New Jersey Department of the Auxiliary, which will send Christmas remembrances to all veterans hospitalized in the state.

Members of Belleville Unit will go to Lyons Hospital on December 20 to assist with decorations, trimming trees and a Christmas Party to brighten the Christmas season for the veterans confined there.

Mrs. Kant will work with the Post Service officer in bringing cheer, clothing and food to the homes of needy veterans locally. Mrs. Kant will be very thankful for any contributions toward this work. The baskets, clothing, and so forth will be made up and distributed on December 23.

Any one having Christmas decorations which can be used at Lyons, please contact Mrs. Kant before December 20.

Members will serve as sales-ladies in the O. T. Shop on Tuesday, where articles made by the disabled will be for sale.

NEW CLUB ORGANIZED:

A group of girls, ranging in ages from fourteen to nineteen, formed the N. M. A. club last week and elected the following officers: Mary Hoffman, president; Katherine Ippolito, vice-president; Millie Guardabascio, secretary; Nettie Ippolito, treasurer. Other members are Antoinette Luca,

Mary Ippolito, Rose Baleo, Anna Curcio, Katherine Serritella and Phyllis Domenick.

This club has an entertainment committee which entertains at least once a month. Katherine Ippolito is chairman; Antoinette Luca, co-chairman, and Phyllis Domenick, assistant chairman.

The girls are planning to have a Christmas party at one of the member's homes.

Miss Catherine Serritella, 108 Franklin street, was hostess at the meeting last Friday evening. Refreshments were served and dancing followed. Weekly meetings are held at the different members' homes. Each member has a locket with their pictures and pledges. Most of the members have attended or are attending Belleville High School.

ATTEND DANCE

Anthony Burde, 570 Locust avenue, was one of those attending the first annual dance sponsored by Essex Junior College at

the Essex House last Sunday night. This was the first in a series of affairs planned by the student endowment committee at the Newark college to raise funds for the school.

Burde was one of the members of the day session class actively assisting the committee.

The Monday Afternoon Sewing Club held its Christmas party Monday at the Recreation House. Following a chow mein luncheon, games were played and gifts exchanged. There were Christmas decorations.

Electric Rate Reductions as previously announced Will Save Customers \$1,100,700. Annually

RATE RS — Residential Service

After the initial minimum charge of \$1.00 which includes the use of 11 Kilowatt Hours of service,

5¢ per Kilowatt Hour for the next 29 Kilowatt Hours

4¢ " " " " " 10 " "

3¢ " " " " " 150 " "

2 1/2¢ " " " in excess of 200 " "

RATE CLP — Commercial Lighting and Power Service

Demand Charge: Same as at present.

Energy Charge: Charge for energy over 350 Kilowatt Hours and up to 1,000 Kilowatt Hours is reduced from 4¢ to 3¢ per Kilowatt Hour. No changes in the other blocks of the energy charge.

The reduced rates will become effective with bills rendered in the regular course of business on and after January 1, 1940, covering consumption from December 1939 meter readings.

Reduction is also made in rate for Street Lighting Service to become effective with bills rendered for that service for the month of January, 1940.

In keeping with the Company's policy of lowering rates whenever possible, this is the tenth reduction made since January, 1929, bringing the total successive reductions to \$12,900,000.

Every reduction in electric rates provides a further opportunity for customers to increase their use of electricity and thus enjoy to a greater extent the comforts of labor-saving appliances and better lighting facilities.

Personal Loans To Re-establish Credit

It is an old Chinese custom to pay up all debts at the beginning of the New Year. Commercial borrowers always aim to clear up with the banks at stated intervals. Borrowing is advantageous but credit must be maintained.

Perhaps you may wish to borrow one lump sum to wipe out your obligations to the doctor, to the department store or to the store around the corner. If you enjoy a regular income, you can probably re-finance your obligations to advantage.

CP GAS RANGE

THESE ranges have correctly insulated ovens with automatic heat control. They reach a high temperature quickly or hold a temperature as low as 250°. Fast pre-heating broilers have larger broiling area than those of old style ranges. Top burners do fast cooking or they can be turned down to give a simmering heat. They give a click signal when they reach this position. All burners light automatically.

CP means certified performance. These ranges help you to save money and to save time. Prices begin at \$99.50 cash. Terms are as little as a dime a day.

THURSDAY, DECEMBER 28, 1939

AS THE OLD YEAR FADES

As we conclude the final editorial page of 1939, calmly viewing the constructive work performed by our Mayor and co-operative aid given to him by the gentlemen of the Board of Commissioners, we can justifiably take pride in our local government and in the respect accorded our town and officials throughout the State.

Belleville definitely has a high grade of government which is acknowledged by thinking citizens and which has been proven by the actions of the many industrial firms in selecting Belleville for their new plants.

Managing a business the size of Belleville demands ability, character, experience, study and constant effort. To create and improve, requires still more ability and effort. Let us, who are only slightly familiar with the problems of governmental guidance, endeavor to know more of our local, county and state government, let us try to understand the problems confronting officials striving for economical administration while receiving demands for continued or new services from citizens. Let us in our public expressions prove worthy of being citizens of one of New Jersey's fine communities, and with constructive thinking, expression, and action join our efforts with those of our town and school officials to have Belleville most favorably respected.

To our citizens, to our Mayor and Commissioners, to those serving on various town boards, to our business and industrial leaders, we wish you happiness, progress, and increasing pride in our Home Town.

A PROGRESSIVE PETITION

A petition in resolution form was submitted to the Board of Commissioners by Mayor William H. Williams this week for approval and transmission to the State Board of Public Utility Commissioners to have the grade crossing at Mill street and new North Sixth street eliminated, and to have constructed an overhead bridge for the Erie Railroad.

With the construction assured of the erection of a modern industrial plant to employ over 1,000 persons in the immediate vicinity, and with the completion of Franklin avenue from Belleville avenue, to Mill street, heavy traffic can be anticipated in this neighborhood.

The favorable reception by the State Board will give Belleville a splendid improvement, and particularly pleasing is the fact that the work may be done at no direct cost to the taxpayers of Belleville, and that the Board of Freeholders will save fifty per cent of the cost—\$35,000—as approval will permit the balance to be paid from State railroad crossing elimination funds.

Mayor Williams, the Board of Freeholders, the County Park Commission and officials of the Erie are to be congratulated for their vision and studious planning. Free of any publicity, studies and estimates have been made, and we feel our citizens are hopeful the ardent efforts of the above group will be okayed by the Public Utility Commission.

RING IN THE NEW!

As we celebrate the coming of the new year and tack the 1940 calendar up on the wall, it makes a lot of difference in looking back and in looking ahead whether we consider things from the point of view of the whole world, or just of the United States.

The world, and especially Europe, will probably find little reason to remember 1939 with affection. But this country — though worried and shaken by the hard reality of a war abroad — finds certain aspects of the domestic picture that ought to cheer it up.

One of the chief of these is the appearance of a business recovery that this time

seems to be the "real thing." Not a war boom, but an industrial upsurge that is meeting the long-delayed needs of Americans the country over, it shows promise of continuing the march towards higher standards of living that has in the past been typical of this nation as of no other.

Continuation of this drive towards prosperity on a sound basis, of course, will depend upon keeping certain fundamentals in mind. Some of these have fallen into neglect during the years of depression, and New Years is a logical time for all Americans to get them clearly in mind again. In this light, it would be well for all of us who have this country's welfare at heart to make a resolution to support and encourage the following fundamentals wherever and whenever the opportunity presents itself:

1. Preservation of liberty for individuals as long as it does not conflict with the public interest.
2. Maintenance of government in the place allotted to it by the Constitution — as the people's servant, not as their master.
3. Government through the orderly processes provided in the law, rather than by decrees and bureaus.
4. Avoiding extravagance in government whenever it is found to exist, so that the taxes collected from the people may be used entirely for the people's welfare.
5. Raising of the American standard of living to even higher levels by adherence to the time-tested principles of individual private enterprise and incentive.
6. Keeping secure our three freedoms — representative political democracy, religious and other liberties, and private enterprise — realizing all must stand or fall together.

TAXES AND UNEMPLOYMENT

"Taxes, and nothing but taxes, are making men walk the street today."

This statement, made by Samuel Crowther, noted writer and economist, at the ninth annual meeting of the New Jersey Taxpayers' Association, held recently in Newark, cannot be ignored by those who are concerned with unemployment and its consequences.

It is not merely the opinion of an individual, but it is based upon an exhaustive survey of the economic status of the people, the business and the government of New Hampshire, just completed by the Commission for the Promotion of the Wealth and Income of the People of New Hampshire, under Mr. Crowther's leadership.

"All of us must continue to grow poorer," he added, "if government through its tax levies destroys both our ability to save and our ability to keep our whole productive plant in efficient order."

One need not be an economist to understand the reason for this. The cost of government can be met in only one way — and that is through taxes. If the cost of government is excessive, it saps the purchasing strength of the taxpayers, and weakens their ability to save. Both purchasing power and savings are essential to our economic life, and, if high taxes strangle them, increased unemployment is the inevitable result.

There is only one way that taxes can be reduced — and that is through reduced governmental spending. It is useless to attempt to "broaden the tax base" by the creation of "experimental" taxes, purported to ease the burden of taxation. Such attempts invariably bring an increase in the total tax "take," that is shared by all groups of taxpayers. This fact is clearly demonstrated by an impartial study of the history of other states which have experimented with new taxes.

New Jersey's experience is an admirable example of the effects of reasonable taxes upon employment. Year after year the organized taxpayers of New Jersey have resisted the imposition of new taxes. New Jersey has remained a "stand-out" state while other states have yielded to the pressure for new tax levies.

As a result hundreds of new industries — providing employment for many thousands of New Jersey's residents — have been established here during the past few years. We cannot afford to allow any tax "experimentation" to disturb this increasingly favorable picture.

BE CAREFUL!

The hours are now few between us and the end of the year, and the night of celebration is at hand.

It is to be hoped that New Year's Eve does not bring sadness and perhaps tragedy to some of those who go out only for a good time. It is well for motorists and others to enjoy the occasion within bounds, and to be careful as usual.

Otto Schaffie and Robert Rietot, who perform as duo-pianists for the pleasure of playing together, did three Bach arrangements which were enthusiastically received.

Next the Swedish Folk Dance Group of the Oranges presented several of the native Swedish dances, in costume. Later, members of the Music Educators joined the Swedish dancers in some of the easier steps, with much prompting from the experienced ones, much to the amusement and enjoyment of all. Among the dancers were the Misses Helen and Margaret McNair of Preston street, who are members of the Swedish Folk Dance Society.

Following refreshments a grand march led past the president and social chairman who gave each one a candy cane. An attractive refreshment table, and gaily-decorated Christmas tree added to the festiveness of the evening.

A happy and harmonious New Year to all!

Members and guests of the Music Educators Association of New Jersey made merry at their Christmas party held in Sayre Hall, Y. W. C. A., Newark, Wednesday evening. The singing of Christmas carols, which opened the meeting, was particularly lovely because of the many fine singers present.

An unusual treat was offered in the person of Robert Arms, flautist, who played a Mozart "Concerto" accompanied by Walter Hewitt, Osbourne McConathy, who compiled the "Silver" and "Bronze" song books used by the public schools, gave a short talk, "Impromptu," in keeping with the spirit of the occasion.

Llewellyn Roberts, Welsh baritone, sang a group of early English songs. His wife, Grace Roberts, well-known hereabouts as accompanist for several choral groups, was at the piano.

SNOOP'S SCOOPS

We took a ride along Washington avenue Friday night and were amazed at the traffic at the lower end of town, particularly in the block between Rutgers street and Belleville avenue in the neighborhood of the new A & P market. If one store in a block can produce that amount of traffic, we wonder what will happen when two or three more companies see the advantage of this traffic and build in the same block.

The situation was almost as bad around Howard place, where the cars were parked two and three deep in front of Sears, Roebuck and the 5 cent and 10 cent. It really reminded one of Broad and Market streets and was a very encouraging sight.

We took a ride to the "bog" on Saturday. The progress on the stand seems to have slowed down, but the whole project is beginning to look like a finished job. From the eyes of a layman, it would look as if the running track was too small, both in length and in width. There was a marvelous opportunity here to build one of the best and fastest tracks in the East, due to the sub-surface, but apparently the necessity of cutting down on expenses also cut down on the track; but all in all it looks as if Belleville will soon have a modern athletic plant. The next thing is, who's going to operate it?

The M. D. Says

Many Cases of Defective Hearing Can Be Prevented.

Most cases of defective hearing are due to infection of the inner ear. The avoidance of infection is therefore the means of prevention.

The ears should be carefully watched by the attending physician during the duration of any childhood illnesses because these are occasionally complicated by ear infections.

Cleanliness helps to prevent ear infection. Washing the ears every day is unpopular with many children but once the habit is acquired it is no longer distasteful.

The ear should also be guarded against injury. Wax should not be removed with a hairpin or other sharp instrument. A clean, soft cloth is equally effective and less likely to be injurious. In athletic contests proper equipment should be provided to protect the ears insofar as that is possible.

The use of audiometer tests in schools is recommended as a means of learning which children have impaired hearing. It is possible to help many of these children through proper medical attention.

It is estimated that five per cent of school children have some degree of hearing impairment. Observation of the above suggestions would help to prevent future cases.

PIQUANT POLITICS

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

Perhaps the most remarkable thing about Essex politics for 1939 was that nothing happened.

The year has passed without a single basic change in the picture of this time last year. The beginning of 1939 found Clean Government firmly in the saddle. Control of the County Committee had been lost, but this was a recognized everywhere as

only a temporary setback. The primary victory of last fall and the consequent election of a Clean Government man as county chairman went through on schedule.

Even the situation in Newark has not been altered. A year ago the trials of those indicted in connection with the meadowlands scandals were ready to begin. A hung jury resulted from the first trial, and the second one is still in progress. Speculation regarding the outcome is as nebulous now as it was then. A whole year has contributed nothing toward clearing up this huge question mark. A new move to bring about a city manager referendum met the same fate as its predecessor — it wound up in the courts.

Today it looks as though some answer must come out of Newark during the coming year, but this column and many others made the same observations last year. The resignation of Michael Duffy from the City Commission left that body hopelessly deadlocked over a successor, but the basic policies of the government are the same. It is reasonable to predict again that Newark will have a new deal during the coming year, but the timetable of such a change is obscure.

Effect of Seely's Death
The death of William H. Seely had a more profound effect on

the county political picture than the resignation of Duffy on that of Newark. Except for Dr. Lester H. Clew, Seely's death left Arthur T. Vanderbilt the undisputed Republican leader of Essex. But Vanderbilt's influence had been so great before that there was no immediate change in the picture. Clew's exact status within the party is still not determined. Obviously, he does not wish to occupy a role inferior to Vanderbilt or anyone else. But if he is unsuccessful in his ambition to be named to oppose Harold G. Hoffman as a candidate for Governor, he very likely will be found to have a seat a few rows back from the front at this time next year.

Backbone of Clew's influence is the confidence of thousands of independent-minded voters in his sincerity. But it is an axiom in politics that strength that comes from the mass of voters can be maintained only by a periodical appeal to those voters. Clew is at disadvantage in the conventional game of politics because he lacks popularity with the rank and file of political workers. These workers will ignore him unless they are held in line by the fear that he will appeal over their heads to the voters.

Dewey Still In

Even in the national picture there has been no fundamental change. A year ago Thomas E. Dewey was considered the potential candidate with the strongest appeal to the Republican voters of Essex. He has now become an actual candidate, but the size of his following here has changed very little. This column carried the story a year ago that Vanderbilt was practically committed to Dewey's candidacy.

Events have borne out that prediction to the letter. In stating this I do not mean to pat myself on the back for political astuteness, but merely to emphasize the fact mentioned at the beginning of this article that the basic political picture in Essex today is almost identical with that of a year ago. It has been an extremely dynamic year in the history of the world, but a very static one as regards Essex.

Ruth Friedman Announces Marriage To Frank Ptacek

Teacher At School Three Weds
Local Engineer In New York

The marriage of Miss Ruth Friedman, 211 DeWitt avenue, teacher in Public School Number Three, to Mr. Frank Ptacek, of the same address, was announced yesterday. Mr. Ptacek is a mechanical engineer at the Eastwood Neally Company.

The marriage took place Friday afternoon at the Madison Avenue Presbyterian Church, New York City. The Rev. Philip Jones officiated.

A reception for the immediate families of the bride and groom was held immediately after the ceremony at Stauffer's, New York. The couple are honeymooning at Lake Placid.

Mr. and Mrs. Ptacek will be at home at 298 Union avenue after New Year's.

Mrs. Florence R. Smith, 10 Oak Street, Belleville, N. J.

Two tickets for the Capitol Theatre go this week to Mrs. James Serritella, 108 Franklin street, Silver Lake, for her recipe as follows:

Cranberry Salad

- 2 oranges
- 2 cups cranberries
- 1 cup sugar
- 1 cup boiling water
- 1/4 tablespoons gelatin
- 4 tablespoons cold water
- 1 cup finely chopped celery
- 1 cup chopped almonds
- Cream cheese.

Put oranges through the food chopper, add cranberries, sugar and boiling water and cook 20 minutes. Add gelatin soaked in cold water, stir until dissolved and strain. When cool, fold in celery and almonds. Pour into a ring mold or individual molds and place in refrigerator until set. Serve on curly endive or lettuce and fill center with balls of cream cheese.

Mrs. H. Nielsen, 293 Stephens street, gets two tickets for:

Holiday Fruit Paste

Dear Aunt Flo:

These are especially nice for children and good for them.

- 1/2 pound dates
- 1/2 pound figs
- 1/2 pound raisins
- 1/2 pound sliced citron
- 1 tablespoon currant jelly
- 1/2 cup powdered sugar

Stone dates, pull figs apart, mix with raisins and citron; run all together through a meat chopper, add jelly. Press firmly into a shallow pan to about 3/4 of an inch thick. Cut into squares. Roll in granulated or powdered sugar.

Two tickets to the Capitol Theatre are in store for Mrs. Harold Shaw, 89 Continental avenue, for her recipe for a delicious

Hawaiian Fruit Pie

The filling includes:

- 1/2 cup sifted flour
 - 1 cup sugar
 - 1/4 teaspoon salt
 - 2 cups scalded milk
 - 3 egg yolks slightly beaten
 - 2 tablespoons lemon juice
 - 1 1/2 cups grated pineapple
 - 1 cup Baker's coconut
- The meringue is made with: 6 tablespoons sugar, 3 egg whites stiffly beaten.

Combine flour, sugar, salt; add milk gradually. Place in double boiler and cook until thick, stirring constantly. Pour a small amount of mixture over egg yolks and cook three to four minutes longer. Add butter, lemon juice, pineapple, coconut; cool and pour into nine-inch pie shell already baked and top with meringue. Then bake in moderate oven (350°) twelve to fifteen minutes.

Two tickets with the compliments of the season are also on their way to Mrs. Bertha M. Patrick, 580 Washington avenue, for her

Quick Bavarian Cream

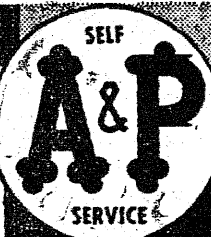

- 1/2 lemon, grated rind and juice
 - 1/2 cup orange juice or wine
 - 1/2 cup sugar
 - 2 eggs
 - 1 teaspoon granulated gelatin
 - 1 tablespoon cold water.
- Mix lemon, orange, juice or wine, sugar and egg yolks. Stir vigorously over fire until mixture thickens. Add gelatin soaked in the cold water. Then pour over egg whites beaten stiff. Set in pan of ice water and beat until thick enough to hold its shape. Turn into mold lined with lady fingers and chill.

1938 AUDIT TOWN OF BELLEVILLE, N. J.

RECOMMENDATIONS

Recommendations by State Auditor — Comments in heavy type are made as report by Finance Director William H. Williams.

That the Town Lien against No. 2 South Wilber Street in the amount of \$4.00 for delinquent taxes be collected or included in the next tax sale in order to obtain a certificate covering this charge.

(Lien established as recommended by insertion in tax sale, December 18, 1939.)

That the fees for certificates of occupancy be charged at the same time the building permit is issued.

(Building Department advised to maintain procedure as outlined.)

That applications for building permits be received for each building permit issued and that the application show the estimated cost of construction.

(Building Department advised to maintain procedure as outlined.)

That the Board of Health cash book show license, permit or plate numbers in an appropriate column opposite each receipt.

(Board of Health advised to maintain procedure as outlined.)

That the Town Attorney be bonded.

(Road executed to cover Town Attorney as recommended.)

That the Secretary of the Recreation Commission sign all minutes.

That the Recreation Commission act as all applications for use of the Recreation House and tennis courts, and that their decisions on all applications be recorded in the minutes and that, where no fee is to be charged, a definite statement to that effect be included in the minutes.

(Recreation Commission abolished during 1939; procedure on cash receipts, applications for use of property and records in use as recommended.)

That the outstanding taxes of 1931 to 1938 inclusive be examined by the officials with a view to cancelling uncollectible personal taxes by resolution of the Board.

(All above items are subject of constant study by Director of Revenue and Finance and proper action is being taken.)

That the accounts, Personal Property Sold at Auction and its Reserve be cleared from the books as outlined in a previous suggestion regarding these accounts.

(Item covers equipment in Water Works Plant—foreclosed by Town—said equipment sold to Town of Belleville at public auction and the proceeds of the sale will be charged to foreclosed property and credited to foreclosed property reserve.)

That the Reserve for Street Opening Deposits in the Current Account and the Reserve for Unallocated Cash in all accounts be examined and all balances not considered refundable or allocable be transferred to budget operations or surplus revenue by Board resolution.

(Resolutions are prepared for meeting of December 26th, 1939—to follow this recommendation.)

That the completed local improvements for paving, sidewalk and curbs be confirmed and assessed.

(In process of action.)

That a separate rent receipt book be used by the Collector of collections of rents on Town-owned properties, and that the book have numbered, duplicate forms.

(Separate rent collection book, in numbered duplicate form, in operation.)

That in the tenants ledger a charge be made for each rented property each month, if cash is not received, to offset each charge because of the premises being rented.

That the Collector execute a duplicate tax title lien certificate for the certificate originally issued by him to the Town of Belleville, N. J., which now can be located in the files of the Collector at 12-18 Hoover Avenue.

(Duplicate certificate on file—Covered vacant lot—Estimated value—\$25.00.)

That the unfinanced Fixed Capital (Ordinance No. 785) be financed under an existing authorization to incur debt or be included in the 1940 water budget.

(In temporary debt account at present, will be funded with all other outstanding debt.)

The following are standard recommendations. (Close supervision is exercised to have these recommendations constantly and strictly followed.)

That tax sales include all taxes and other municipal liens subject to sale.

That the resolutions of the Board authorizing appropriations specify whether the appropriation fee is to be collected or waived in each case.

That all vouchers be checked carefully and every precaution taken to avoid payment through incorrect extensions or through duplicate payments of invoices.

That all minute records of Board meetings be signed by all the commissioners present at the meeting.

That complete and descriptive duplicate cash bill receipts be given and the bill account operated as outlined in a previous comment.

That continued care be exercised to have the Receivers and Clerks' dockets reflect the correct and complete disposition of each case.

That the Clerk continue to follow up fines turned over to the County courts on appeal in order to recover moneys due the Town where the County Court has affirmed the fine and that the moneys be collected by the Probation Department of the County for the Town.

That Petty Cash Funds be closed out and re-opened in accordance with a previous recommendation.

That any balances remaining on completed jobs be recorded by ordinance from Improvement Authorizations account in Cash and Water Capital.

That every effort be made to eliminate errors, both undercharges and overcharges, in the billings of water rents.

That all charges upon the records against the Board of Education or Town of Belleville be investigated with the view of clearing them from the records.

That interest be collected on all delinquent tax payments in strict accordance with the statutes.

That payments from outside buyers at a tax sale be realized at the time of the sale.

That formal bids be received and contracts awarded for purchases in excess of \$100.00.

That tax overpayments be considered for refund or if not deemed refundable transferred to budget operations account by Board resolution.

That the 1937 and prior appropriation reserves be investigated and any balances deemed unnecessary transferred to budget operations account.
