TAKE A STAND
IN PAY FIGHT****Association Writes School Board That They Favor Plan Based On Merit**

The Belleville Manufacturers' Association took a stand yesterday against any plan which would provide that teachers' salaries be increased regularly each year on a pre-arranged schedule. Their sentiments were expressed in a letter written by Martin F. Tierman, president of the Association, who is also president of Wallace & Tierman Co. He released to The News a copy of the letter which he wrote to Herbert C. Schmutz, president of the Board of Education. The best results can be obtained, Tierman wrote, by having pay schedules based on individual merit. Tierman's letter to Schmutz is as follows:

"From an article in the 'Belleville News' of January 16th, entitled: 'Teachers Carry Fight for Pay Increases to the Taxpayers,' I gain the impression that there is a demand on the part of the teachers that salaries be increased regularly each year on a definite, prearranged schedule.

"I am not in a position to comment on nor discuss the other phases of the article, but I do feel that salary increases for any employees, either in public or private enterprises, based solely on length of service, are unsound. All sound efforts to improve educational opportunities of children are to be commended. Buildings, equipment and all other material facilities are really a minor factor in true education. The teaching force, after all, plays the most important role in our educational system.

Encourage Progressive Ability

"We want in our schools the best teachers we can afford. We want to keep these teachers on a proper and fair compensation basis. We also want to reward and encourage those who show progressive ability. Therefore in fixing salary schedules, increases in salary should be based primarily on individual merit and, secondarily, on length of service. Naturally, the two things should be taken into consideration, but I feel the best results can be obtained by having those in authority regularly review pay schedules and adjust these schedules based upon individual merit.

"There may be cases where tenure of office would make it necessary to keep on the payroll a teacher who is not doing a good job or who may not be properly fitted either by temperament or otherwise, to make a good teacher. Such individuals might properly have their shortcomings brought to their attention by having their salaries remain fixed, while others who show marked ability could properly be rewarded by deserved increases.

"I feel that a method of compensation as above suggested would work just as well in the schools as in private industry and would urge your Board to give every consideration to maintaining a system of this kind rather than adopting one where increases are made based solely upon length of service."

**SCHOOL BUDGET
WILL INCREASE****\$39,000 Balance Helps Keep Down Rise; Will Vote On It February 11**

Local taxpayers will be charged \$3,757.25 more for the conduct of their schools during the coming year than they were in the 1940-41 term, according to the budget introduced by the Board of Education Monday night. The board set February 11 as the date for the school election when the citizens may cast their votes for or against the budget.

The total budget calls for expenditures of nearly \$672,000, of which \$487,000 is to be raised by local taxation. The local figure indicates a two-point rise in the rate over last year, though the total is nearly three points higher. The difference is explained, according to James M. Lynch, chairman of the finance committee, by the fact that some funds will be drawn from the \$39,283.81 balance left from last year.

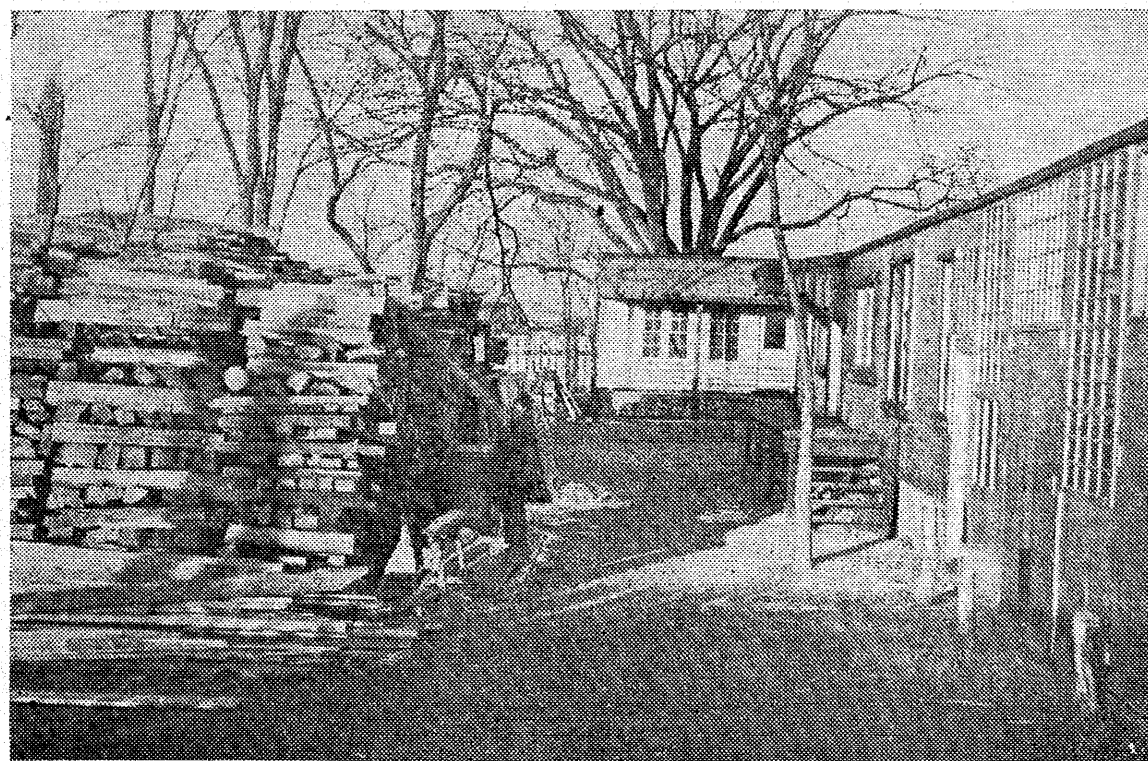

The comparative figures for the two years are as follows:

	1939-41	1940-41
Total Expenditures	\$662,847.76	\$671,577.01
Difference		Plus \$8,729.25
Local Taxation	\$487,000.00	\$490,757.25
Difference		Plus \$3,757.25
Current Expense	\$233,717.55	\$244,536.29
Difference		Plus \$10,818.74
Maintenance	\$23,000.00	\$23,000.00
Difference		Minus \$0.00
Manual Training	\$8,650.00	\$8,650.00

Woodyard May Be Cause of Fight

The municipal woodyard is a project developed during the past year by the Welfare Department. Currently it threatens to become the center of a controversy if an attempt is made to sell it to National Grain Yeast Corporation, whose property it adjoins. Commissioner King is almost certain to oppose any transfer. The company has offered the town \$1,500 for the property, but King says the yard is worth four times that amount every year. Wood cut by relievers in the yard is used as fuel for relief clients.

Library Circulated 78,251 Books During 1940**More Than 60,000 Visited It, 44,252 Of Them To The Adult Department; Books On Industrial Training Have Been Added To The Shelves**

The Free Public Library circulated 78,251 books during the past year and the Library was visited by 60,704 persons, according to the thirty-eighth annual report of the institution submitted by Mrs. Elizabeth A. Shattuck, librarian, to the board of trustees last week. Circulation of books was divided as follows:

	Adult Department	Juvenile Department
Fiction	46,246	18,818
Science	10,653	2,824
Biography	2,502	357
History	1,321	230
Pictures	246	29

Of the visitors to the library, 44,252 were to the adult department and 16,452 to the juvenile department. The latter department has set aside a period as the story hour every Saturday morning when the younger children may listen to a story concerning travel and description of people and conditions.

562 New Members

During the year 562 new members joined the library. There were 1,248 new books added and 266 volumes replaced. A total of 550 books were rebound and 895 sent to the libraries being established at Fort Dix.

A list of books suggested by the American Library Association covering the various phases of industrial training for national defense were obtained and placed on a specially marked book shelf. These books may be taken out of the library for a two-week period but, because of the demand, may not be renewed.

The reference department is in constant use, Mrs. Shattuck reported. These books may be used only at the library and fifty-six new books were added to it during the past year. "The library is the place to ask questions and during the year there were 1,907 answered at the desk and 426 over the telephone," the report said.

Elks Charity Ball Will Be Held Saturday

The Elks' Charity Ball for the benefit of the Crippled Kiddies' Fund will be held Saturday night in the Elks Club. The committee in charge of arrangements, headed by James Crowell, met Monday night to draft final plans.

Music for dancing will be furnished by Mar Sangster's Orchestra. During the evening a 1941 car will be awarded. The winner will be picked by Miss Mae Livingston, blind social reporter of The News.

Prezioso Elected President Of Tripoli Park Club

Generoso Prezioso of 48 Naples avenue was elected president of the Tripoli Park Political and Social Club last week at the annual meeting of the organization in its headquarters at 48 Naples avenue, Silver Lake. Prezioso has been head of the club since it was founded more than five years ago.

Other officers named last week are Frank Zarro, Jr., and Peter Musco, vice-presidents; Thomas Roselli, corresponding secretary; Salvatore Russo, financial secretary; Sabino Prezioso, treasurer; Joseph Pelosi, sergeant-at-arms; Salvatore Scavone, Carl Salzano and Jacob LoCoco, trustees.

Dr. Jacobson Offers Services To Draft Board

Dr. Benjamin A. Jacobson of 509 Washington avenue has volunteered his services to assist the conscription medical examiners. Dr. Edward Flynn revealed this week. Dr. Flynn, who is head of the local medical board, said that Dr. Jacobson, who is a dentist, will examine teeth of conscripts.

ST. MICHAEL DRIVE OPENS TOMORROW**Mrs. Frank A. Egan Heads Local Committee; Eight Teams Will Solicit**

With the campaign to raise \$250,000 for a new maternity center for St. Michael's Hospital scheduled to start tomorrow, local workers met with Mrs. Frank A. Egan of 178 DeWitt avenue last night in St. Peter's Hall to receive cards and final instructions. Mrs. Egan, who is the local zone chairman, her eight captains and forty workers will attend a dinner tonight in Newark to mark the official opening of the drive.

Suburban contributions are being sought in the campaign because St. Michael's provides almost 15,000 days of hospital care a year for suburban patients and twenty-five per cent of the cases are charity, drive officials said yesterday. The new maternity center is urgently needed because the annual number of births at the hospital has increased by nearly 500 per cent since 1934 and maternity cases have crowded upon the regular medical and surgical facilities with resultant overcrowding.

Rev. Joseph M. Kelly, pastor of St. Peter's, is director of the Belleville drive. The eight teams appointed this week by Mrs. Egan are:

John L. Sullivan of 146 Washington avenue, captain; Miss Kathryn DeManoe, Miss Rose Salmon, Miss Anne Kiernan, Miss Margaret Andrews and John Callaghan.

Thomas Lukowski of 61 Franklin avenue, captain; Mrs. Mary Roberts, Mrs. Catherine Mulvey, Miss Mary McEnery, Richard Lukowski and John Barnett.

William J. Piel of 132 Belleville avenue, captain; Mrs. Joseph Arnold, Miss May O'Brien, Miss Catherine DeManoe, William J. Brady and Daniel T. Sullivan.

Peter James of 208 Ralph street, captain; Mrs. John Burke, Miss Florence Kelly, Nicholas J. Comsky, Naaman Manning and Martin Maritane.

Miss Teresa K. Salmon of St. Rosemary place, captain; Mrs. Frank O'Neill, Mrs. Katherine Paxson, Mrs. Thomas Dillon, Elizabeth Hollowell and Miss Eleanor Brady.

Miss Greta Kinnely of 33 Church terrace, captain; Mrs. William Crumher, Miss John Byrne, Miss Ramona Grey, Miss Elizabeth McMahon and Miss Mary Rose McEnery.

John Cullen of 22 DeWitt avenue, captain; Mrs. Joseph Weiss, Mrs. William Ducey, Mrs. John Goodell, Mrs. Walter Garvey and Miss Lillian Glisider.

John Hudson of 15 Hewitt avenue, captain; Mrs. Raymond Connelly, Mrs. Thomas F. Smith, Miss Genevieve Gordella, Miss Jane Donnelly and Edward J. O'Connor.

Teachers Are Attacked For Misrepresentations**School Board President Herbert C. Schmutz Refutes Arguments Advanced in Salary Fight; Says Board Has Tried to Be Fair to Employees**

It was the Board of Education's turn to present facts and figures Monday night and President Herbert C. Schmutz refuted as "misrepresentations" practically every argument which the Teachers' Association had published in its effort to obtain revision of salary scales and increments for the employees of the school system. The showdown came during the board meeting when the 1941-42 school budget was introduced. In the budget was included an item of \$10,000 for teacher increases and \$1,000 for other school employees.

TEACHERS REPLY TO BOARD**Explanation of the Source of Figures Used in the Teachers' Handbill Which Was Attacked by the Board of Education Monday Night Was Made Last Night in a Statement by Officials of the Teachers' Association. The Schoolmen's Organization Expressed Itself as Gratified at the Opportunity to Be Heard. Said the Statement in Part:**

"In the statement a figure of \$20,658 was called the rise in amount spent on education between 1929 and 1939. It should have been called the rise in the amount of local district taxes (voted in February of each year) for the same period. Another figure called instruction cost per pupil should have been instructor cost for the year 1938-39.

"Concerning the average class size, there seems to be a difference of opinion. The B. T. A. report was made to the board of education in April of last year. Consequently the figures used were for the preceding complete year, or 1938-39, the latest ones in the office of the county superintendent at that time.

"There were 193 teachers and 5,850 pupils, making the average number of pupils per teacher thirty. Naturally, if the town's pupil enrollment were divided by the board of education employees, including principals, supervisors and supervising principal, the average number of pupils would be lower, and so would be correspondingly less through-out the county.

"At the present time, however, (Continued on Page 2)

RED CROSS MAY OPERATE ALONE**Preliminary Discussion of Plan to Separate From Federation**

Discussions preliminary to the eventual divorce of the Belleville Chapter of the Red Cross from the Welfare Federation were started Monday night. Red Cross officials pointed out that the sum granted from the Community Chest is far below the quota for Belleville and that the Red Cross would fare better with a separate drive of its own for funds.

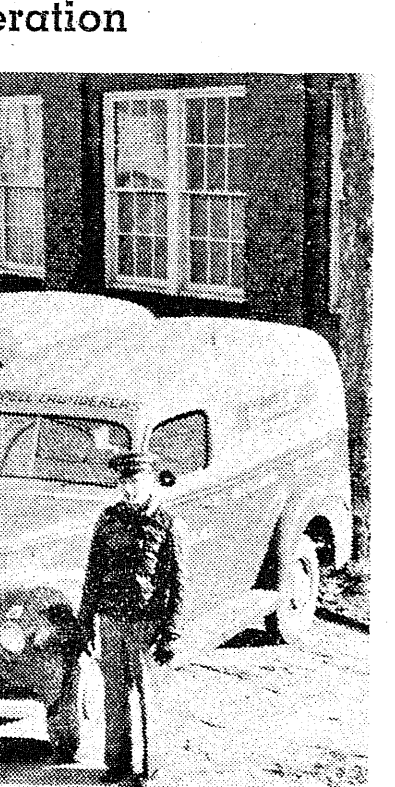

The executives of both organizations were present at Monday's discussion. It was decided to refer the matter to W. Douglas Clark, Jr., who will report to the federation's meeting on February 3 and then back to the Red Cross.

Frank L. Chambers, Red Cross chairman, said that the annual roll call would be held at a time that would not conflict with the Chest drive and that there would be no competition between the organizations. General agreement was reached that the Red Cross can never hope to secure \$3,500 annually from the Community Chest. The quota for the local chapter, set by national headquarters, is \$3,500.

Laundryers Put New Trucks Into Operation

Wardell Laundryers of 264 Cortlandt street put a fleet of ten new delivery trucks into service Monday morning. Nine of these are pictured above. The company has operated here since August, 1939. As successors to the Wardell Laundry Company of Newark, it serves a large part of Northern New Jersey. The plant has a personnel of thirty, mostly Belleville residents. The building is under the personal supervision of two of the partners, J. Russell Wardell and Kenneth W. Wardell, while a third partner, James H. Range, supervises the nine salesmen.

FAMILY ESSENTIAL IN DEMOCRACY**Dr. Plant Tells Service Bureau Importance of Maintaining It Here**

Dr. James S. Plant, director of the Essex County Juvenile Clinic, in his speech at the eleventh annual meeting of the trustees of the Community Service Bureau, held in No. 8 School Tuesday evening, stressed the importance of maintaining and strengthening family life as essential to democracy. He contrasted early concepts of aid to the unfortunate, pointing out that in the early days pity largely motivated those who wanted to help. In 1906 there was a crystallization of the older concept and to this was added the realization that pity was not enough.

Thus, it was not enough to pity the tubercular but it became important for society to protect itself against contagion. Dr. Plant cited as an example the fact that in New York State a 500 bed hospital for the care of the mentally ill is constructed every two years and even this does not keep pace with the rate of mental breakdown.

In the community those families which break down are the most sensitive indicators of the pressures imposed upon them by society. Dr. Plant pointed out that playgrounds are not organized from purely altruistic causes but because people are aware of the costs of delinquency.

In concluding Dr. Plant stressed the importance of preserving family life as an inherent part of our democracy. He pointed out that in totalitarian states government has destroyed democracy by taking to itself the functions of the family and the church.

Trustees Elected
Trustees elected for a three year term were: Norman D. Lauterette and Nicholas J. Colaninno. Those elected for a one year term: Adolph A. Stumpe, Mrs. Robert L. Lunsford and Mrs. Charles Schmutz.

Trustees elected for the three year term were: Halley F. Hickok, Dr. George Kader, Fred Uchsner, Mrs. Georgia Peterson, Mrs. Ernest Reock and Walter Warwick.

Mrs. Julia O. Reiner, Executive Secretary, in her report on the year's work said that 233 applications were received and continued service was given to 205 families.

Newark Adult School Issues Invitation To Join

Registration for the North Newark Adult School will be held Monday evening at the Elliott Street School, Summer avenue at Grafton avenue, Newark. The school, which will offer twenty-three courses, has issued a special invitation to residents of Belleville to enroll since the local Adult School has decided not to conduct a spring session.

One of the courses that should prove popular is "Our American Neighbors," sponsored by the Forest Hill Literary Society. This course will introduce neighbors, north and south, tell of their history, geography and resources, their economic and social problems, against a background of unusual customs and foods, animals and flowers.

Belleville Unit of the American Legion Auxiliary will hold a class in first aid instruction tonight at the Recreation House at 407 Joralemon street at S. Gottfried Johnson will be in charge.

The unit will sponsor a public card party at the Recreation House on Monday, at 8:15. There will be tables for non-players. Proceeds will go to the welfare fund. Mrs. James P. Masterson is chairman.

The Junior Auxiliary will meet next Wednesday to make favors to be sent to the patients at the Veterans' Hospital in Lyons. Plans are being made to raise funds for the purchase of uniforms for the Juniors.

Auxiliary members will attend the State Department American Legion Conference Sunday to be held in the War Memorial Building in Trenton. Joint session opens at 2.

Dr. Donald S. Brown Is Named School Physician

Dr. Donald S. Brown of 211 Washington avenue was unanimously elected physician for the school system Monday night by the Board of Education. His term will run from February 1 to June 30. He succeeds Dr. Daniel E. Kavanagh who held the post for nine and a half years before moving to Newark last year. Dr. Brown has been physician for the high school teams for several years.

Dr. Tracie W. Wilson of 435 Washington avenue was retained as school dentist until the end of the year or "until his work is completed." Bath appointments were recommended by Mrs. Homer C. Zink, chairman of the Health Committee of the school board.

HIGH SCHOOL GETS HIGHER RATING FROM STATE**Kittle Reports On Inspection Made By Department's Men Recently**

Belleville High School has received one of the highest scholastic and administrative ratings in New Jersey, according to report submitted by Principal Hugh D. Kittle to the Board of Education this week. The inspection was made recently by Howard Dare White and Charles W. Hamilton of the State Department of Education.

Inspections are made under thirty-one different classifications and a school is rated in grades 1, 2, 3, 4 or 5 under each. Schools receive grade one, or higher, rating in every department if they would score thirty-one points. Two points are given for grade two and so on. Belleville's score was:

No.	Grade	Points
13	1	1
12	2	1
11	3	1
10	4	1
9	5	1
8	1	1
7	2	1
6	3	1
5	4	1
4	5	1
3	1	1
2	2	1
1	3	1
0	4	1
0	5	1

The local school improved its rating in thirteen classification after the previous inspection and showed a drop in none. This indicates a continued improvement in the high school. The improvements were noted in the following classifications:

Community — The original rating of this important item was "unfavorable attitude of the community to the school" and was rated No. 3 by the state commissioners. The present rating is No. 1 which is labeled "excellent attitude."

Curricula — or the variety of subjects that the student has to choose from. The rating changed from No. 4 (curricula in need of revision to provide balance of greater enrichment) to No. 1 (reliable and well-balanced curricula).

Turnover — or the percentage of teachers resigning or discharged during the preceding three years. This improved from No. 2 (less than twenty-five per cent teacher turnover) to No. 1 (less than ten per cent).

Guidance — The first inspection was "immediately after the guidance department was started and not fully organized. Then it was rated No. 3 (some attempt at guidance); now it is No. 2 (organized and operating fairly well).

Legal courses — From No. 4 (omitting one or more legally required courses) to No. 3 (fulfilling legal requirements with a slight exception quite justifiable).

Said Kittle: "This item could now be rated No. 1 because we are now giving every student 160 minutes of physical education, ten minutes more than required by the state regulation; also first aid, home nursing and hygiene."

Equipment — from "equipment lacking so as to handicap instruction" to "adequate instructional equipment," from No. 4 to No. 2.

Office — The high school office is given a perfect rating of No. 1 instead of the former No. 2. Periods — making all special and shop classes double period raised its rating from 2 to 1.

Discipline — "Special note was made on the two state commissioners on the excellent discipline evidenced as they visited the school. They gave this section a perfect rating of No. 1 as opposed to a previous one of No. 3. They decided that the school was largely self-disciplined by the students, which is the highest type to be expected."

Study — Rated No. 3 (up 1) because of poor lighting conditions in the auditorium. "This has now been corrected and we expect a perfect rating on the next inspection."

Library — From No. 3 to No. 2 (good library facilities).

Building — From No. 3 to No. 2 (modern building, general cleanliness and sanitary conditions brought over-crowding).

Special Rooms — A top score of No. 1 instead of the former No. 4 for sufficient and well equipped special rooms.

Other sections given top rating included the spirit of citizenship on the part of the pupils, excellent community contacts and cooperative activities with organizations and newspapers; reasonable pupil load on the average; an excellently constructed and smoothly running schedule and the adequate and well-kept records of the pupils.

Of the total possible score Kittle pointed out, ninety-eight per cent of the items are within or above what would be considered a satisfactory score. "Only one item of the thirty-one is rated below average and that is the teacher load. The particular criticism was insufficient number of teachers for the number of students attending the high school with special reference to physical education."

Adult School Dropped
The disappointing registration of seventy-two for the proposed Adult School has caused abandonment of the project. Another attempt to start the school last fall also failed when only 160 registered. Charles A. Gebhardt headed the committee in charge of the school.

LET OFF EASY IN ICE STORM

Trees Suffered Only Small
Damage; Wires Down
Kept P. S. Busy

Thursday's sleet and ice storm took a heavy toll of overhead wires here but, as usual, Belleville's trees withstood the storm with surprisingly small damage. The town was a fairland of shimmering ice Friday morning but in the meantime Public Service had more than a dozen emergency calls from the town. Three accidents were blamed on the icy streets.

Trees were downed at Tappan and Linden avenues and at William and Stephen streets. Several large branches in various parts of the town bent and were snapped off under the weight of the ice but, generally speaking, Belleville fared much better than most of its neighbors. North Newark streets were littered with thousands of branches and trees

and other towns witnessed similar scenes.

Most of the damage to wires was in the Valley. Several of the calls were for live wires burning on the poles but most for wires down. The hill section reported three wires down, Silver Lake two, while six were reported east of the Avenue.

Accidents Reported

Michael Slivinsky, fifty-three, of Wallington, suffered leg injuries when he fell from the rear of a bus while helping to spread ashes on Union avenue near Lloyd place. He was treated at the office of Dr. Bartolomeo Rossi, taken to the Second River Garage of Public Service and from there to his home.

The automobile of Anna Goch, thirty-three, of 278 North Twelfth street, Newark, was badly damaged and had to be towed to a garage after it skidded into the rear of a trailer-truck which had stopped for a red light in Belleville avenue at Washington avenue. The car skidded down the steep hill. The truck, owned by Charles Damato of Dover, was driven by Kenneth Butler, twenty-three, of that town.

Edward Mullin of 253 Little street escaped uninjured when his car skidded over the embankment and onto the tracks of the Erie Railroad at Valley and William streets. The railroad was notified and the car removed twenty minutes later.

Austin-Nowakowski

Mrs. Joseph F. Frank of 232 Mill street announces the marriage of her sister, Miss Elizabeth Charlotte Nowakowski to John Austin, son of Mr. and Mrs. Frederick Austin, Sr. of 121 Passaic avenue. The bride is the daughter of the late Mr. and Mrs. Stanislaus Nowakowski.

The wedding was performed by Rev. Joseph M. Kelly in the rectory of St. Peter's Church on Saturday. The couple will reside at 54 Malone avenue.

communities, even though our taxable wealth per pupil is the lowest in the county.

Schmutz then read several figures along this line which showed Belleville with a per pupil taxable wealth of \$5,589. The averages showed the next highest to be Livingston with \$5,816 and with the other communities ranging up as high as \$17,149 for Essex Fells. The figures are obtained by dividing the total value of the ratables of a township by the number of children in its school system.

"You compare our class load with that of another community, stating that our load is thirty and theirs is only twenty-one. I want to read to you just what our class load actually is." He then quoted from the recent survey of Dr. O. P. Dales which stated that the average for the entire school system is twenty-six.

Schmutz said the "other community" (the teachers had cited Glen Ridge) also has classes as high as twenty-nine and that the figure of twenty-one is the smallest class in that town's school system.

The next point to be attacked was that which stated that "due to salary cuts and lack of regular \$2 a week raises some teachers have lost as much as \$4,363 in the last nine years. Roughly, about \$500,000 has been 'lost' to town savings by the teachers."

"You know as well as I do," retorted Schmutz, "that the teachers in Belleville never had regular increments of \$2. Therefore, how can they contribute something they never had?"

Reviews Salary Raises

Schmutz then reviewed the history of salary raises in the school system in the past four years: 1937 — \$3,450 to sixty-two teachers and four clerks; 1938 — \$4,800 to eighty-nine teachers and three clerks; 1939 — \$7,500 to 142 teachers and five clerks; 1940 — \$8,200 to 161 teachers and three clerks.

He pointed out that the provisional budgets for the past two years had each carried items of \$10,000 for raises, both had been cut to \$5,000 before the final budget was adopted but that economies were effected to make up the larger sums.

He also stressed the fact that these raises are recurring items and that the \$23,950 in raises granted in those years will have cost the taxpayers \$49,000 by the end of this year.

"In making up the 1941-42 budget again \$10,000 was recommended for increases. After careful preparation of this budget, the finance committee feels that the \$10,000 should stay in the budget."

Ability To Pay

"I think that this in itself clearly shows that the Board of Education has been doing all in its power to grant our teachers the increases which they justly deserve. We would all be happier if we could have given more, but we must, of course, spend within our ability to pay and thank God that ability is gradually improving."

"I know that when Mr. Parmer informed you at one of your meetings that he was going to recommend that \$10,000 be placed in the 1941-42 budget for increases that your organization pledged itself to do all possible to prevail upon the board to place this amount in the budget."

"Well, there it is. Let's all hope that next year we can do more."

"Schmutz then spent several minutes on the request of the teachers for a different schedule in granting raises. The association has been fighting for automatic increases based on length of preparation and service rather than on the so-called merit basis under which raises are determined by the judgment of a superior."

"I think that I can say without fear of contradiction that the Board of Education has given as much time and effort to the study of an equitable salary schedule as have the members of the salary committee of the Teachers' Association. When we adopt a schedule we want to be sure that we have the right one." He promised to confer with the sal-

P.T.A. Notes

School No. 9
The association of the Ralph Street School will hold a card party tomorrow night at the school. It will be the first social affair sponsored by the organization since it became a Parent-Teacher Association in December. Leon O'Driscoll, chairman of the ways and means committee, is in charge of the party, which will start at 8:15.

Last month the thirty members of the Home and School Association disbanded their old group and reorganized as a P.T.A. Mrs. Allen Lundy was elected president; Mrs. Wen Gelin, vice-president; Mrs. Maude Pitman, secretary; and Mrs. Frances Lukowiak, treasurer. Officials of the association declared themselves as anxious to increase their activities in order to meet the needs of the milk for underprivileged children of the school.

The association went on record at its last meeting as recommending that the Board of Education consider favorably the request of the Teachers' Association.

Principal Y.M.C.A. Speaker
Thomas Gryczka, principal of School No. 9, was the guest speaker at the Leadership Institute at the Passaic Young Men's Christian Association Saturday afternoon. He reported on his experience in boys' group work which has centered around the school and the YMCA.

the latest figure available at the county superintendent's office is 5,302 pupils; teachers, principals, supervising principal and supervisors, 206. When these figures are divided one gets an answer of twenty-six. This figure does not seem to be class size but consistently using those figures it is found that twenty-six is the highest in the county. The town mentioned in the handbill, Glen Ridge would have a figure of nineteen.

"That the average Belleville salary is lowest in the county was recognized. People receiving this low salary in 1938-39 had a median experience of between ten and eleven years of teaching. This means that about 100 teachers have served this length of time or more."

"Scheduled increments were never given in Belleville. The general practice before the depression was to raise on individual merit. Many teachers received \$2 a week increases (\$100 annual increment) and some even received more."

"During the past four years raises have been given to teachers. It was stated at the board meeting that teachers and clerks were granted raises in the past four years which have cost the taxpayers a total of \$49,000 up to the end of this year. The greatest amount that has been given in any one of the last four years amounted to \$8,200, or \$50 raises for 161 teachers and three clerks."

"Cost of education per pupil based on average enrollment for 1939-40 was \$98.05 in Belleville. In the same column of figures from the Essex County records it is found that the cost per pupil in other communities ranges from Nutley's \$114.46 to Glen Ridge's \$191.32."

Announce Daughter's Troth

Mr. and Mrs. Edward J. Maguire of Holmes street entertained Saturday evening in honor of the birthday of their daughter Miss Evelyn Maguire and at the same time announced Miss Maguire's engagement to Thomas E. Scott, Jr., son of Mr. and Mrs. Thomas E. Scott, Sr. of Davis avenue, Kearny. Given Three-Months' Sentence For Stealing Merchandise

Charged with stealing merchandise from the American Store at Washington avenue and Joralemon street, Charles G. Menzel, thirty-five, of 556 Valley road, West Orange, was sentenced to three months in the penitentiary. Sentence was pronounced by Recorder Smith Monday morning after Menzel had pleaded guilty.

At the same time his accomplice, Joseph H. Spohn, thirty, of 331 South 19th street, Newark, received a thirty-day suspended sentence and was placed on probation for two years. Spohn pleaded guilty to aiding and abetting the larceny. Both complaints were signed by George H. Payne of Bloomfield, manager of the store.

Menzel and Spohn did trucking for the store and had a key to the front door. Menzel obtained another key which fit the inside door. After stealing the goods, he paid Spohn off. Menzel had a previous police record.

Viewing It From All Angles

Commissioner Waters' suggested plan for the elaboration of the Turf Bog project's present facilities is what might be termed a recreation director's dream. Once completed, it would give Belleville a super colossal playground mecca that would be unmatched in this section. It sounds like something that we should like to see Belleville have but we are a bit hesitant about being too enthusiastic.

According to information from Town Hall, the Turf Bog outlay up until the present moment has cost the town approximately \$50,000, which is a small sum in comparison to the several hundred thousands that the Federal government has expended on the job through WPA projects. Now, Commissioner Waters says that for \$10,000 more Belleville can have a swimming pool, more playground space, handball courts, tennis courts and whatnot. The Federal government has already earmarked money for the work and if the town does not take it, it will be spent some place else.

The Turf Bog Stadium and its added features are still in the infant stage. Except

for the ice skating rink opened several weeks ago, the townfolks have not had much if any use of the area. It is still something new and we have little idea of many of the problems that may confront the town in the future.

What is it going to cost to maintain, properly supervise and operate such a tremendous recreation plant? Based on the experiences alone of other towns, the stadium itself will entail considerable annual expense for maintenance. Tennis courts, playgrounds and other similar areas require constant attention. A swimming pool presents innumerable problems.

No one would help the town pay for the cost of upkeep except the local taxpayers. We are not attempting to pour cold water on the plan for we are in favor of recreational projects, but the initial cost is not the only point to be considered. The administration, supervision and maintenance will cost many more times the amount than the town is being asked to contribute to obtain the project. It should be given serious consideration and study before the plan is finally approved.

Traffic Lights At The Right Places

Almost every motorist has his pet corner at which he believes there should be a traffic light. If all of them were added up, there would be traffic lights at every street intersection. We happen to be one of those who think that some places have too many lights and that they are more of a hazard than an aid to safety. Improperly regulated traffic lights exasperate even the most patient motorist and cause him to violate other traffic regulations and forget safe driving in an effort to beat poorly regulated and needless signals.

Lights have been installed at many places in the past without a detailed study of traffic flow at all hours. By the same token there are numerous intersections which need lights that have been overlooked. Accidents alone are not the sole determining factor in deciding whether or not a light should be installed. Traffic flow at an intersection should be given full consideration. Last week a resident wrote a letter to the editor stating that a traffic signal is needed at Franklin avenue and Joralemon street. He placed much of the responsibility for one not being there on the Town

Commission. It is the county and not the town which is the final judge in this matter for the intersection is a county-owned highway. The resident, we feel, from personal observation and experience, does have a just complaint. Traffic flow at this intersection has steadily increased and will continue to do so with the opening of the North Sixth street road providing a shorter and faster route to Newark. In both the morning and late afternoon and evening a large number of cars use Joralemon street to go to Nutley, Bloomfield, Montclair and other communities north and west of Belleville.

We do not know how recently a check has been made of the number of automobiles that cross this intersection in a twenty-four hour period. However, we believe that it is higher than some of the corners at which there are now traffic lights. Although believing that there is such a thing as too many lights, intersections such as Franklin avenue and Joralemon streets should be given serious study in the near future. Belleville is each month becoming a passing through point for more vehicles travelling in all directions.

Violated Some Of The Rules

The movements of Wendell Willkie during the past two weeks have quite upset some of the so-called bigwigs of the Republican party. His announcement of support of President Roosevelt's aid to Britain bill was "shocking," but nothing compared to their alarm when they learned that the Republican Presidential candidate had had a Sunday afternoon chat with his conqueror at the polls. Willkie apparently violated several of the outstanding rules in the political book.

Of course, since the November election, Mr. Willkie has been quite the reverse of most unsuccessful political candidates. He did not go away and bury himself in a hole after defeat. Whether with an ulterior motive in view or not, he has kept quite in the forefront of the news. His support of the President's measure, his visits to the Secretary of State and the White House and the journey on which he has now started to England, have gained for him the admiration of many people. He has placed a desire to see national unity and cooperation ahead of party lines. His actions lead one to

think that while defeated, Willkie believes that he still has the right and does represent a majority of the more than twenty millions who voted for him in November.

Willkie was not a product of the political school. He was not a rock-ribbed Republican and he violated many of the traditional rules of politics during his campaign. He represented a new type of Republican. It is therefore quite natural to assume that he should act and do just what he is doing. He still is a leader and apparently intends to continue to be one. His stand in favor of all-out aid to Britain is one that we think is popular with the average man in the street.

The day has passed when people are willing to see this nation crawl into a shell and forget the rest of the world. The will of the majority is against it and the isolationists will not find their policy a popular one. While his stand may make him unwelcome in certain Republican quarters, Willkie will find that his course of action is a popular one with many of the average folks.

Time For Us To Act

The announcement by Highway Commissioner Sterner last week that he had placed the S-3 Route on the list as a "must" project for 1941 is most encouraging to this town and others in this section of Essex County and neighboring Passaic County which have been fighting for the quick route to New York for several years. All the battling is not being done at this end. In Commissioner Sterner, the municipalities apparently have a champion for their cause.

In his statement, Sterner said that he would immediately recommend to the State Legislature that a million dollars be earmarked in the construction program for future work on S-3. It is most important that this money be appropriated if we expect to use this road within the next year or so. Upon the Legislature now rests the

responsibility for the success or failure of this much-needed highway route — at least for the near future. If they fail to appropriate funds during the present session, the battle will have to be started all over again.

In recent years, the public in this vicinity has asked for or received little from the Legislature, but it has paid in plenty. Now the legislators who represent this area can do something for its betterment. It is the time for the town officials, the industrialists, merchants and residents of Belleville and the neighboring communities to "put the heat on" and ask the Legislature not to waste time in acting.

Repetition of the benefits of this road would be a waste of space. They are numerous and will certainly help Belleville.

ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

by Meador Wright

All comment is in accord that Governor Edison's inaugural address was a shrewd political document that may have far-reaching effect. A surprising amount of material was packed into a very short space. Most important, perhaps, was the frank discussion of the necessity for a constitutional convention and the basic reforms that should come from it. The oblique reference to the desirability of a one-branch legislature is significant. It shows that Edison realizes the impossibility of permanent reform with the composition of the Senate remaining what it is. Thus the issue of the larger counties versus the smaller ones is squarely discussed.

So long as fifteen per cent of the population can exert a permanent veto over the wishes of the other eighty-five per cent, just so long will the state be the happy hunting ground of those who thrive on sinecures and special privilege. The situation in New Jersey is further aggravated by the fact that these fifteen per cent live in areas almost exclusively rural, whereas industrial and residential sections make up the bulk of the remainder. The rural tail wags the huge industrial dog. This must be stopped if other reforms are not to be nullified. No compromise seems possible, and Edison will be badly advised if he accepts the shadow of partial reform while the substance of permanent remedy eludes him.

The Hendrickson constitutional reform bill would probably accomplish just this. Hence Edison's praise for it can be regarded merely as a graceful invitation for Republican support on the real bill that the governor hopes to have the people pass upon this coming November. One point in the message did not elude Republican scrutiny. That was the passage where he declared that the use of voting machines should be universally optional with the counties. This would mean that voting machines could never be introduced in Hudson County until Mayor Frank Hague would give the word. This was Edison's tribute to Caesar. Such a tribute is excusable only if there is a suitable *quid pro quo* from Hague in the form of Democratic support for basic reforms whose collective good will outweigh the evil of corrupt voting in Hudson.

The best interpretation that can be given to the recommendation is that a wrong was done in the hopes that good would come from it. Ethically, such a position is extremely shaky; politically, it may be fully permissible. The budget just approved by the Essex County Board of Freeholders is almost sensational in its rigid hewing to the economy line. So drastic are its provisions that the strange suspicion exists that its motif was largely political. This is a queer situation in view of the almost universal tendency of politicians to vote big budgets instead of small ones. But the economy formula has been found to work so successfully at election time that Arthur T. Vanderbilt and his advisers apparently have decided to use it again this year.

The writer feels that extreme economy is justified as far as the normal budget is concerned. Once such a budget goes up it seldom comes down. But such is not the case with capital improvements, especially roads. Highway improvements in suburban Essex are needed as never before and no government is in a position

A return to the town form of government was urged by W. H. K. Davey at the meeting of the Belleville Republican League: "Belleville has had commission rule for six years and as a result we have the largest tax rate of any town in the state save one."

Elected officers of the league were Dr. George G. Yarrow, president; Henry J. Mason, Mrs. H. B. Fisher, Charles Van Riper, Daniel H. Hyde, George W. Bingham, Harvey B. Thompson, William A. White, George Marwede, A. A. Alexander, Henry Morgan and William H. Holmes.

Calvin H. Nealley of Newark gained the controlling interest in Eastwood Wire Manufacturing Company under the provisions of

the will of the late John H. Eastwood.

The town budget provided for expenditures of \$260,834.40, of which \$180,341.40 was to be raised by local taxation.

Wesley Methodist Church was making elaborate preparations for a month-long celebration in observance of its 125th anniversary.

More than 1,000 persons, attending the ceremonies of dedication of the new \$121,000 high school building, were told by Oliver J. Morelock, county superintendent of schools, that the Academy Street School was in such bad condition that it should be rebuilt at once. It was the worst school structure in the state, he declared, and was a serious fire hazard.

The charge, brought by Michael Maiorano through his attorney, W. H. K. Davey, that the \$7,000 assessment on certain personal property in the Thomas A. Edison Company was too low, was dismissed by the Essex County Tax Board.

The need of a street leading directly from the Silver Lake section into Belleville proper was emphasized by members of the Town Plan and Art Commission at a conference with Town Engineer Shepard.

Thomas A. Edison sent one of his newest phonographs to the members of Auto Chemical Engine Company No. 1 in appreciation of their services at the recent fire in the Edison plant. He also sent four boxes of cigars. Since there were only three paid firemen (Capt. James Salmon, Joseph McCarthy and Alexander Reid), each took a box and sent the fourth to the police department.

New Books At Library

The following new fiction books have been added at the Free Public Library.

For us, the living, by Bruce Lancaster. The story of a hard working frontier boy who was the friend and contemporary of Lincoln in Indiana and Illinois.

Fielding's Folly, by Mrs. Francis Keyes. When a puritanical Vermont heiress fell in love with a dashing but poor Virginian, her troubles began.

The Road returns, by Paul Corey. This story relates the Widow Mantz's continuing struggle for her farm and her children's education. The years from 1917 to 1923 brought new problems and the war interrupted plans and then came prosperity and a sudden slump.

The library has a special section for books on music and songs America sings. Through these songs the history of the American people can be traced. Among them are: Songs America sings, Van Loon; Century of progress in American song, Oberdofer; Rolling along in song, Johnson; Everybody's songbook, Daire; Famous songs and their stories, Celler; Heart songs, Herbert; Story of our national ballads, Browne.

Senior Play Information

On Wednesday there was a large senior play rally for the seniors in assembly. At the assembly Mr. Duffort presented and explained the financial condition of the senior class.

Harold Valentino, representing the cast for the play, issued a challenge to the senior home rooms. The challenge in effect was: We (the cast) challenge any home room to outsell us in combined ticket sales for the play. Prizes were announced in order to give the seniors incentive to sell more tickets. The prizes are as follows: Three dollars for the person who sells the most tickets, two dollars for the person who sells the next highest amount of tickets, and one dollar for the person selling the third highest total. Five dollars will be given to any person who sells more than fifty tickets.

Tickets were distributed after the assembly.—I. B.

Senior Play News

The publicity committee for the senior play have arranged 23 appointments for speeches publicizing the senior play at the meetings of the various civic and social clubs in town. Many posters for the play were also distributed throughout town. The committee work is under the supervision of Mr. Howard Fox. The committee members are: Blanche Wells, Betty Gray, Roger Mellon, Howard Wilson, Irving Berkowitz, and Stuart Knapp.—J. B.

Seniors Discuss Tests

The Senior Class, under the supervision of Earl W. Seibert, head of the Vocational Guidance Department, is discussing the results of the mental aptitude and personality tests recently given. These results will aid the students in determining for themselves what type of work they will be best suited for, or if they are of college standard.

The students have found Mr. Seibert's department very efficient in helping them obtain information about school, colleges, vocational schools and scholarships.—A. R.

Women Attend State G.O.P. Session In Newark

Speaking on "Campaign Problems" at a meeting of the Women's State Republican Club in Newark Monday afternoon, Guy Gabrielson, Republican campaign chairman, said that the political philosophy of the Republican party in New Jersey was thorough, effective and efficient, but in campaigning, which usually starts ninety days before election, the party does not give itself sufficient time to unify its many organizations. The meeting was attended by Mrs. Emily Sundheimer, president of the Belleville Women's Republican Club; Mrs. Julia Alexander, program chairman, and Mrs. Katherine Ferguson, civics chairman.

up of the \$33,000 state aid and \$4,500 from the state for manual training. The last item is the maximum paid by the state and is available only to municipalities spending \$10,000 or more in that department.

Starting New Courses
The total amount to be spent on manual training in the schools next year will be \$20,150, much of which will care for setting up training courses in the elementary schools, a move recommended last summer by the State Department of Education. New equipment for the grades will cost \$5,000 but will not be taken from balances and will not be a recurring item. The necessary staff of teachers will be paid \$3,600. The \$10,650 manual training figure listed above is that which will go on the ballot. It is arrived at after the \$5,000 from balances and \$4,500 from the state are subtracted.

In the current expense account are included teachers' and janitors' salaries, transportation for school children, textbooks and supplies, fuel and similar expenses. It also provides \$11,000 for salary increases for teachers and other employees. Maintenance includes primarily repairs and upkeep of buildings and the materials used in this work.

State aid to the local schools dropped another \$6,000 this year, Lynch said. He pointed out that income from this source has decreased \$30,000 in the past five years. He also emphasized the continued drop in debt service. The public school debt today is \$1,200,000, compared to \$1,800,000 ten years ago, a decrease of thirty-three per cent.

Only current expense, maintenance and manual training items to be raised by local taxes will be included on the ballot February 9. Polls will be open from 7 to 9 in the evening and any registered voter is eligible to vote. Harry C. Naylor was appointed by the board to be chairman of the balloting; Mrs. Mary J. Blake, secretary; Rev. Willard H. Borchers and Henry J. Waters, tellers.

Offer Jobs To Veterans
The veterans' contingent of the Civilian Conservation Corps has vacancies for 140 veterans residing in New Jersey who are unemployed and in need of employment, according to an announcement made this week by M. E. Head, manager of the Veterans' Administration Facility at Lyons.

Belleville veterans desiring enrollment in the CCC should get in touch with Head without delay. The applications now on hand are being considered and the vets concerned will probably be enrolled next Tuesday.

Applicants must be citizens of the United States with a record of service in the armed forces of the United States. In addition, they must be physically qualified to perform ordinary manual labor.

Special Sisterhood Service At Temple Tomorrow

For the first time in history, the Sisterhood of Congregation A.A.A. will be honored with a Sabbath to be set aside as Sisterhood Sabbath. In commemoration of this event, a special Sisterhood service will take place at the regular late Sabbath eve service of the congregation. The event will take place tomorrow in the synagogue and will start at 8:15.

Rabbi Rubin R. Dobin of the congregation will officiate at the service, but the major part will be given by various members of the Sisterhood under the direction of Mrs. Helen Sussman. The president, Mrs. Clara Weinglass will greet the congregation on behalf of her organization, and will present a resume of the work and progress of the Sisterhood of Belleville, the only Jewish women's organization in the community.

After the service a reception will take place in the social hall of the congregation.

Committee Is Named For Vet Card Party

Commander Joseph Costello of Younginger Post of the Veterans of Foreign Wars announced yesterday that he had appointed Herbert Scott chairman of a committee to arrange a card party to be held March 7 in Veterans' Hall. Also on the committee are Albert P. Williams, Ernest H. Alden, Howard Greenwald, John Reidy, George Perks, Norbert E. Bertl and William Hood.

Bertl and Richard M. Doherty are in charge of arrangements for the monthly beefsteak dinner to be held in Veterans' Hall Saturday evening.

Howard Knapp is chairman of the membership committee which is currently recruiting new and reinstating former members. Alden, Scott and John Rehg have been named members of the Essex County Flag Day committee.

Legionnaires Will Attend State Session Sunday

Four present and former officers will represent Belleville Post No. 105, American Legion Sunday at the twelfth annual conference of post and county officers of the state in the Memorial Building at Trenton. Officers of every county and each of the 292 posts in the state will attend.

The local men include Richard D. Shannon, past county commander and a member of the state committee; William H. Kennepp, commander of the local post; Thomas W. Fleming, service officer, and William I. Labaugh, chief de gare of the local 40-and-8 voiture. Shannon, Fleming and Labaugh are all past commanders of Belleville Post.

Heading the list of prominent speakers who will address the gathering is Col. John Thomas Taylor of Washington, national legislative director of the American Legion.

Nereid Monte Carlo Party Tomorrow Night

Nereid Boat Club will hold a Monte Carlo party tomorrow evening at the clubhouse, 30 Main street. Elmer G. Gibbs of 178 Cedar Hill avenue is chairman of the committee on arrangements and is assisted by John P. Dailey, Dr. Brainerd F. Swain, Ralph H. Smith and Joseph C. Duval.

Starts New Radio Repair And Refrigerator Service

A new radio and refrigerator repair service has been established by Colville Smith of 24 Columbus avenue. BELLBOYS LOSE AT BLOOMFIELD

Hillside and Paterson Central Will Be Next Opponents For Locals

Bloomfield High stepped out smartly at the outset of its contest with the Bellboys Tuesday night on the Bengal court and maintained a constant advantage to haul the Blue and Gold into camp 29-20 for the second straight year.

The Bellboys were baffled by the tight Bengal defense and eventually had to depend almost entirely on long set shots. Not one of the locals was able to score more than four points.

Bloomfield jumped out to an eight-point lead and kept this distance nearly all the way

Cardinals Meet Wednesday To Plan Diamond Season

The first local baseball note of the year came this week from the Cardinals who announced that they will hold their re-organization meeting Wednesday night at 8 at the home of their business manager, Frank Van Dyke of 16 Oak street. It will be the first meeting of the club since September and plans for the 1941 diamond campaign will be discussed. All former members and any other interested persons are invited to attend.

McNally and Handley Lead Rosery In Victory

George "Casey" McNally and Bill "Red" Handley went berserk in Newark Sunday evening and as a result the Belleville Rosery quintet pasted a 42-37 shellacking on the St. Mary's Big Five at the latter's High street court. McNally wound up with twenty-two points and Handley with sixteen. Vic Zazzali, former Essex Junior College star, was high for the losers with eighteen.

The Rosery (also known as the Pals and St. Peter's) will meet the El Rancho Five of Bayonne tonight in St. Peter's Hall. Dancing will follow the game.
