

EXPECTED SLASH OF WPA WORKERS TO HIT TOWN

Cut of 19,000 Due March 31; May Jump Relief Costs Here \$2,500 Monthly

Orders from Washington to State WPA Administrator Robert W. Allen to discharge 19,000 WPA workers in New Jersey by March 31 will have the staggering, unprecedented effect of adding 200 overnight to the town's relief rolls at a monthly cost of \$2,500, according to minimum estimates projected by Welfare Department Director John J. Hewitt and Commissioner of Public Affairs Joseph King.

Should Administrator Allen's worst fears materialize, that private business will be unable to assimilate but few of the discharged, the Welfare Department may find itself saddled with as many as 350 relievers at a monthly cost of more than \$4,000.

The exact number of Belleville's quota of WPA workers to be dismissed is not known and probably won't be until the last day of the month, yet Director Hewitt and Commissioner King are now making plans to care for the lowest possible number which is eighty.

In most instances WPA workers are heads of families and support three others besides themselves which swells the potential number to be added to the relief rolls to 320.

Many Won't Get Jobs

Few of those let out in the opinion of Administrator Allen will find private employment as the Government hopes.

"In my opinion the cuts come too early," Allen said, "Private employers are not yet ready to hire more than a few of those who will be laid off, and a good deal of hardship may result in spite of the defense boom."

The only projects not affected by the order are those of national defense character at Pictinny Arsenal, Fort Dix, the Naval Air Station at Cape May and elsewhere and, the Washington order calling for a thirty-six percent reduction in the total state WPA personnel, a per cent higher than thirty-six will have to be dismissed from non-defense projects to account for the absence of dismissal from defense projects.

With approximately 250 employed by the WPA, in Belleville — the number fluctuates slightly from day to day — a thirty-six percent reduction represents eighty dismissed workers.

Director Hewitt has found that sixty-four percent of all WPA workers discharged for one reason or another immediately become charges of the town and is temporarily projecting that percentage to cover the present dark outlook. Thus, of the eighty men laid off, fifty-two, with their families, will need help from the Welfare Department.

Should Administrator Allen's prognostication prove true that private enterprise is not ready for so many so suddenly, few of the minimum of eighty will find any work at all.

Sixty-four thousand were employed by WPA as of February 28. On April 1 the number will have been reduced to 45,000, lowest since the Federal agency was started in 1936.

INJURIES SLIGHT IN ACCIDENTS

Twelve-Year Old Boy Struck By Hit-Runner; Students Have Close Call

A youth injured by a hit and run driver, a resident arrested in a nearby town on a drunken driving charge, escape from serious injury of six Bloomfield high school students from a local traffic accident are features of the week's traffic accidents in Belleville.

George Rothwell, twelve, of 104 Belleville avenue, suffered head injuries, a cut lip and multiple abrasions when struck by a hit and run driver Friday afternoon in front of 120 Rutgers street. United with one driven by William Wos of 170 Cambridge street, Garfield, will be arraigned before Recorder Gray in that town on Tuesday. He is presently free in \$250 bail.

The Bloomfield high school students escaped serious injury when an oil truck skidded into a Public Service bus in Franklin street at Eugene place Thursday. The truck operated by Frederick Geppard, of 86 Bridge street, skidded as he applied the brakes, according to police, and hit the bus driven by George Stone of 312 South Twelfth street, Newark.

John Papaparis, fifty-five, of 277 Stephens street, arrested on a charge of drunken driving in Kearny Sunday when his car collided with one driven by William Wos of 170 Cambridge street, Garfield, will be arraigned before Recorder Gray in that town on Tuesday. He is presently free in \$250 bail.

Program For Glee Club Concert Is Arranged

Three Types of Negro Spirituals Will Be Included In Spring Presentation at Nutley April 21; Earl Spicer, Baritone, To Be Soloist

The Belleville and Nutley Glee Clubs will give their second joint concert of the season Monday evening, April 21, at Nutley High School. This will be the first time in five years that a male glee club sang in Nutley. The clubs will be under the direction of Arthur Jacobus, regular director of the Belleville Glee Club, who is conducting the weekly rehearsals Monday evenings at the Grace Baptist Church.

Three distinct types of Negro spirituals will be included in the program. They are "Were You There?" Burleigh; "Swing Along," W. M. Cook, and "O! Man River," Kern. In keeping with the season the clubs will also sing "Now Is the Month of Maying," Morley; "The Year's at the Spring," arranged by Francis Moore, and "May Day Carol," an old English folk song from Essex County, arranged by Deems Taylor.

Jacobus announces that the soloist will be Earl Spicer, baritone, of New York City, who appeared several years ago with the Belleville Glee Club.

There has been great interest shown in the concert and anyone desiring information regarding tickets should get in touch immediately with Mark Main of 69 Wilber street, Belleville 2-3407-J, president of the Belleville Glee Club, or Ernest Pulsford, 38 Vreeland avenue, Nutley 2-2527-J, president of the Glee Club of Nutley.

ACKERMAN FILLS UNEXPIRED TERM

Legion Will Initiate Members April 7; Group Will Attend Dinner

At a special business meeting Monday of Belleville Post 105, American Legion, Arthur S. Ackerman was elected Service Officer of the Post to succeed the late Thomas W. Fleming. Arthur Christie was chosen historian to complete Ackerman's unexpired term.

Considerable Legion activity is planned for the next few weeks. Monday evening, April 7, the following new members will be initiated: J. J. Daily, O. W. Jones, A. A. MacCreedy, M. R. Gibbs, J. F. McShane, Louis Petrella and John Rauchwerk.

On April 4, the National Commander, Milt Warner, will be tendered a dinner at Essex House in Newark. It will be his first public appearance since his return from his British tour of investigation of war conditions. Those of the local post planning to attend are: Commander and Mrs. William H. Kenney, Mr. and Mrs. Richard Shannon, Mr. and Mrs. William Labaugh, Mr. and Mrs. W. D. Maser, Mr. and Mrs. Robert P. Girl One Of Best Pupils In School Shop Class

Ten-Pin Lamps Made by Adrienne Adler Draw Attention at Exhibit of Works by Students In Sheldon Henry's Classes

One of Sheldon Henry's best students in his wood turning and metal turning classes in the high school is a petite young lady, Miss Adrienne Adler of 61 Forest street, who can saw and hammer, operate a lathe and do the dozen and one other things that set the accomplished carpenter-mechanic apart from the ordinary run of thumb-hitting amateurs — can do all those things as well as the best of the boys.

Proof was to be seen Tuesday evening at the annual industrial arts exhibit on the main floor of the high school auditorium where, among tables, skis, lamps, bowls, furniture, were two lamps made by Miss Adler from ten-pins.

For a nickel or a dime she had bought two weary, scarred pins from an alley, smoothed the curves of their squat rotundity, turned them into graceful objects that reminded one of a Before and After reducing salts advertisement, lacquered them, equipped them with intestines in the form of electric light cord, a face in the form of an electric light bulb, feet in the form of a gracefully proportioned disc and a gay lamp shade bonnet.

They didn't quite steal the show, but almost. For all the other objects had been made with care and an eye to beauty and each one merged into the whole to form a display for which Sheldon Henry was the recipient of praise from the scores who attended the exhibit.

Nereid Auxiliary Chooses New Officers

Officers elected by the Nereid Boat Club Auxiliary at its last business meeting were president, Mrs. A. Edward Zellers of Newark; vice-president, Mrs. Ralph Smith of Belleville and secretary-treasurer, Mrs. Leslie Burney of Nutley. Mrs. Albert McBride is in charge of a buffet supper which will be given by the auxiliary for the benefit of the boat club on April 15.

Helen Kelsall Is Awarded Scholarship By Vassar

Miss Helen Kelsall of 70 Preslar street has been awarded the Adolph Sutor Fellowship by Vassar College to study mathematics at Radcliffe College. Upon her graduation from Vassar in 1939 she received the James Ryland and Georgia A. Kendrick Fellowship which enabled her to take her M.A. degree at Radcliffe in 1940.

MUNICIPAL BUDGET HAS A HEARING TUESDAY NIGHT

Eight Point Drop In Rate Expected If Adopted As It Now Stands

The town budget, which is just a maze of figures to the average taxpayer, comes up for a public hearing at Town Hall on Tuesday night. And unless, there's stampede of taxpayers protesting against proposed expenditures, Mayor Williams and his fellow commissioners are expected to put their official okay on the 1941 financial worksheet. The budget as introduced on March 4 provides for an eight-point drop in the tax rate, from \$4.68 to \$4.60.

There has not as yet been any outward sign that any group of taxpayers contemplate tearing into the budget at Tuesday's hearing, although the recently organized Belleville Property Owners' Association, said that it intended to go over the budget item for item and possibly ask a few questions at the hearing.

The total of general budget revenues is \$1,791,265.06, which is almost \$200,000 less than the \$1,984,768.35 needed in 1940. This does not include the water budget which is self-supporting. Of the \$1,791,265.06, the taxpayers will be asked to contribute as the town government's share, \$581,622.55; \$486,758.56 will go to the schools, the amount having been approved at the school election in February; \$209,882.65 must be contributed as the local share of county taxes and \$38,000 for state taxes. In addition, there has been included \$425,000 from anticipated revenue.

Departmental Rises

Every departmental budget shows a rise. The department of public affairs figures are up from \$83,360 to \$84,430; department of public works, \$81,930 to \$93,375; public safety department \$220,805 to \$225,845; department of parks and public property, \$26,360 to \$27,500; and department of revenue and finance, \$75,040.50 to \$78,925.50.

There is a reduction of approximately \$14,000 in the amount required for the department of public works. The \$253,684.65. Principal items in this account are \$110,000 appropriated for the payment of bonds and \$128,613.75 included for interest on bonds. While the town has appropriated only \$8,800 for deficits and statutory expenditures this year, they had \$86,876.80 in the budget last year for this account.

The biggest departmental increase is noted in the public works budget. Out of the \$12,000 jump in the branch, \$5,000 represents an increase in payments to the Passaic Valley Sewerage Commission, \$1,900 more to the Town of Nutley for sewer rental and \$5,000 for the improvement of Roosevelt and Kidde place. Most of the rises noted in other budgets are in the personal service item.

MRS. HYDE IS NEW SCOUT LEADER

Will Take Post In April At Re-organization Session; Troop Activities

Mrs. Elmer Hyde will assume the top office of Commissioner of the Belleville Girl Scouts Council at the re-organization meeting in April. Others who will take office, following the election last week, are:

Mrs. Stanley Gibson, first deputy; Miss Marion Macomber, second deputy; Mrs. George Gerard, secretary; Mrs. Leroy Long, treasurer.

The April meeting will signal the start of the council's seventeenth year. The annual Girl Scout rally will be held in the high school gymnasium on Saturday, March 29. Other scout news follows:

Troop 2, Miss Gypsy Burfield, leader, has donated \$5 raised from sale of Girl Scout cookies, to the Junior Red Cross.

Troop 3 entertained members of Troop 11 at their last meeting in Wesley Methodist Church. Mrs. Estelle Cox, leader, surprised everyone with refreshments.

New patrol leaders, Jean Russell and Ethel Robbins, were elected recently by the Troop affiliated with Grace Baptist Church.

Troop 13, meeting at Bethany Lutheran Church, prepared a surprise St. Patrick's Day party for older girls attending the Child Hygiene class at School No. 3.

Troop 23, Brownies, which meets Wednesday afternoons, are now busy knitting squares for afghans, under the leadership of Mrs. C. Bradford Brown, which are donated to the Junior Red Cross.

Troop 25, a new Brownie troop under the leadership of Mrs. Charles Schmidt and Miss Ethel Seale, met on Friday at School No. 3 and made St. Patrick's favors to give to their mothers and friends.

To Initiate New Members

The Junior Club of Henry Vreeland Woman's Relief Corps 32 will initiate new members tomorrow evening at Grace Baptist Church. Gloria Elliott will preside.

Where Are The Crutches That Police Loaned?

Where are the crutches born of love? Nine pairs of crutches were bought from funds in the police charity fund, many months ago. The fund is mostly money received by Fred B. Handlon, court clerk, from marriages performed by Recorder Everett B. Smith. (Folks just married are notoriously liberal.)

Anyway, to get back to the crutches: Handlon loaned them to people in need and also in need of crutches, but to whom he doesn't know.

In behalf of the Police Charity Fund he would like to know where they are. If they are still needed, that's O. K. by the police, but if use for them has happily passed they would like them returned so they can be re-loaned to others in need of them.

MEDICAL CENTRE TO BE BUILT

Dr. Edward A. Flynn, Owner, Purchased The Property From Mayor Williams

The medical building which Dr. Edward A. Flynn of 161 Washington avenue will erect on the southeast corner of Washington and Rutgers street will house a group of medical and dental specialists, the first such group ever assembled in Belleville, according to the physician.

He recently acquired the property from Mayor William H. Williams who bought it some months ago from the county which purchased it to facilitate the widening of Rutgers street from Washington avenue to Main street. The sale price has not been announced.

Dr. Flynn will erect a one-story colonial type structure with a twenty-three-foot frontage on Washington avenue and a probable depth of 150 feet on Rutgers street.

Six Lease Quarters

Six physicians and one dentist have leased quarters in the proposed building. While the name of the dentist is not now available the doctors are Dr. Frank Coughlin, eye, ear, nose and throat specialist; Dr. James Longo, general practitioner who will be associated with Dr. Flynn, both of Arlington; Dr. Joseph H. Wyatt, X-ray specialist; Dr. Nicholas Antonius, cardiologist; Dr. Lewis Brown, pathologist and allergist; and Dr. Harold A. Murray, pediatrician, all of Newark.

Dr. Flynn recently bought the property at 176 Washington avenue at a sale of town-owned property. He has not announced what he may do with that land nor the present status of rumored negotiations for his residence across the street on the west side. No. 176 and the corner property are separated by an intervening plot.

TOWN NOW HAS 101 IN DRAFT

Thirteen Left Yesterday Morning; First Colored Youths Among Them

Belleville's seventh contingent of Selective Service Board draftees, numbering thirteen, left early yesterday morning for Fort Dix. The town now has 101 men in drafted service.

After a rigorous physical examination, and Belleville's youth has passed that with an almost 100 per cent record due to the thoroughness with which they are preliminarily scrutinized by Drs. Flynn, Caputo, Meehan and Tafel, many of them are assigned to one of seven different special aptitudes are in demand.

Louis J. Luzzi and Eugene J. Culkin, who reported at Fort Dix several weeks ago, have been assigned for special training to the 34th Infantry, 8th Division, at Fort Jackson, S. C., while William J. Hanrahan and Irving T. Butler have been assigned to the Quartermaster Replacement Center at Camp Lee, Virginia.

Four volunteers, men who elect to start their year of service before their numbers ordinarily would be called, were among yesterday's group, and two colored youths, one a volunteer, the first colored in any Belleville contingent.

The volunteers are Edward Horatio Parese of 110 Roosevelt avenue, Renaldo Biondi of 74 Holmes street and Edward Andrew Beck of 57 Wilber street.

The colored youths are Mack McClellan Hill, a volunteer, of 11 Cleveland avenue, and Raymond Edward Conover of 15 Walnut avenue, Trenton. The latter registered in Belleville.

The others are Andrew W. Boylan of 26 Clinton street, Charles Tuchynski of 750 Washington avenue, Robert Lonie of 175 New street, Angelo B. Russo of 13 Florence avenue, Howard Nelson Garland of 2 Elena place, James J. Natale of 38 Greylock avenue, Dewey Raymond Tatz, Jr. of 489 Franklin avenue, Alfred Thornton Boulard of 83 DeWitt avenue.

Williams Asks Police And Firemen To Raise Pension Contributions; Fund's Annual Deficit Is Growing

Starts 16th Year

Appeals For Voluntary Action; Says Payments Are Not Proportionate To Benefits

Recommendations from Mayor William H. Williams designed to halt for all time the staggering impact of an otherwise inevitable insolvency of the Police and Fire Pension Fund are being considered today by members of the town's fire and police forces. The capital assets of the fund, amounting to a little more than \$54,000, annually earn less than the amounts required to satisfy retirement and death claims. In 1939 the deficit was approximately \$2,500, in 1940 a little more than \$4,100. The present year is expected to show a difference of \$6,100 between the amount earned from the capital assets and the amount required to pay claims, and the year, 1942, more than \$15,000.

The only way out of the situation, in the Mayor's opinion, is an additional annual contribution to the fund from those who derive benefits from it — the firemen and the policemen.

Each year since 1939 Mayor Williams has inserted the deficit figure into the town's annual budget with the concurrence of the other commissioners rather than take the required sum from capital and thereby reduce the nest-egg.

Must Have Sound Basis

But, as he pointed out at a meeting of the Pension Board Commission on Tuesday, something is bound to crack — either the patience of the taxpayers or the fund's capital assets — unless the fund is placed on a sound actuarial basis.

Should the fund crack, however, the taxpayers' patience would only be further exasperated because state laws declare that municipal budgets must, mandatorily, include pension requirements when all capital assets have been depleted.

Due to depletion of its pension fund, Newark recently was obliged not only to insert a large reciprocal figure in the budget but to sell off bonds and stocks held at the present greatly depreciated Big Board quotations.

Belleville's fund has been accumulated over the years by a four percent contribution from the salaries of all firemen and policemen and an equal sum from the taxpayers and from donations from citizens appreciative of the services rendered by members of the departments. The four percent contribution has usually amounted to about \$6,000.

Mayor Williams believes, and has so recommended, that the four percent contribution be boosted.

Police and firemen benefit out of proportion to the amounts they contribute on the basis of insurance actuarial figures. The Mayor pointed out to Fire Chief Reid and Police Sergeant Christopher Dotterweich who represented the departments at the Pension Board Commission meeting.

After twenty years' service a member of either department may retire at the age of fifty-five on half pay. In the event of his death, his wife is entitled to \$1,000 a year for life or until she marries. Further, in case of disability, a police or fireman is immediately placed on half pay, regardless of the number of years he has served.

Pays 4% of Salary

For this the fireman or policeman presently pays four per cent of his salary, if a rookie patrolman at \$1,800 a year \$72, if a full-pay patrolman at \$2,500 a year, \$100.

To receive a pension of \$1000 a year after the age of fifty-five from an insurance company, an insured would have to pay annual premiums of about \$400 and for thirty years. In other words he would have to start paying when he was twenty-five. In the event of death, under the terms of most insurance policies, the dependent would receive only that amount with interest up to the sums paid in.

In his preamble to the 1941 budget Mayor Williams stated the problem which faces the police and fireman and the public as well as being based on "the lack of actuarial soundness."

He wrote further: "I estimate the 1941 deficit will be approximately \$6,000. This means the taxpayers' quota will be \$10,000 as against \$6,000 quota from the employees."

"The state laws are mandatory that the Municipal Budget include 'Pension requirements when all capital assets are depleted; therefore, the soundness of our policy of including deficit is apparent until State Legislation or voluntary action on the part of the Police and Fire employees recognizes the public and personal need of having a pension fund placed on an equitable basis."

Motor Vehicle Agent Says He's Busier This Year

More jobs, more money, more cars are keeping Motor Vehicle Agent William Abramson and his staff of seven in his office at 500 Washington avenue busier than last year issuing new license plates but not as rushed in spasmotic spurts.

With money easier, Abramson said, people are coming into his office early to avoid the last minute rush. In past years hundreds waited until the last moment due to money stringency. Last year Abramson issued more than 8,000 licenses and indications are that the number will be higher this year.

Two \$5,000 Tracts On Block At Land Sale Tomorrow

Four tracts of town-owned land will be auctioned by Lawrence E. Keenan, town attorney, tomorrow afternoon at 4 in Town Hall. The aggregate minimum price is set at \$10,650.

The first tract, 52 and 54 Garden avenue, will start at \$500; the second, 72 Roosevelt avenue, at \$150; the third, 307 to 319 Main street and 94 to 108 Ralph street, at \$5,000, and the fourth, 8 to 12 Willett street, at \$5,000.

GOP WOMEN HAVE BUSY SCHEDULE

They Don't Need An Election To Keep Them Active; Bridge Party April 3

The Belleville Women's Republican Club does not need an election to keep it active. Although any sort of a chance to get out the voters for the G.O.P. is months away, the Republican women are busy planning several activities.

Mrs. Catherine North is busy planning a dessert-bridge for the club's benefit to be held at her home in Division avenue Thursday, April 3. The nominating committee, of which Mrs. Henry D. Riepe has been appointed chairman, is busy going over the club's roster selecting a slate of officers to be recommended for the annual election to be held at the May 8 meeting.

At Trenton on Monday for the state rally of the Woman's Republican Clubs were Mrs. David Sundheimer, the president, and two members, Mrs. Catherine Ferguson and Mrs. North. The session was held in the Hotel Stacy-Trent.

Three bills were discussed at Thursday's meeting by Mrs. John O'Brien, legislative chairman. She reported on Assemblyman Foster's proposed wage and hours measure, on the Injunction bill which was signed recently by Governor Edison, and the Alcoholic Beverage bill. Speaking in support of the Foster measure, Mrs. O'Brien pointed out that surveys showed that 130,000 people in this state are working for \$13 or less per week and that one case was reported in which a man had worked 100 hours in a week for \$5.

Betrothed

The engagement of Miss Frances LaPlace of 49 Berkeley avenue and Samuel Winkler, son of Mr. and Mrs. Max Winkler of Elizabeth, will be formally announced Sunday evening at a birthday party for Miss LaPlace to be given by her father, Louis John LaPlace at his home in Ridgefield Park. Miss LaPlace was graduated from Belleville High School in 1934. She was a member of the Piano Club, the Glee Club and the a cappella choir of the high school and took part in its musical presentations. She is employed by the Personal Finance Company of Orange.

Mr. Winkler was graduated from Thomas Jefferson High School in Elizabeth in 1933, was a member of the varsity football and basketball teams for two years and attended Drake Business College. He is the manager of a sporting goods shop in Orange. The couple plan a summer wedding.

East Orange Girl Wed Monday To Former Resident

The marriage of Miss Ann Marie Scott, niece of Mrs. Anna Bousset of East Orange, to Gilbert Howell Van Nostrand, son of Mrs. Joseph Van Nostrand of Amherst street, East Orange, took place Monday evening at 7 in Wesley Methodist Church with the pastor, Rev. E. M. Compton officiating. Walter Van Nostrand was his brother's best man, and Miss Eileen Rogers of East Orange was the maid of honor.

The bride wore a gown of white lace and a hat of white maline. She carried calla lilies. The maid of honor wore the same type of gown in pastel blue and carried an old-fashioned bouquet. Following the ceremony a reception was held at the Kraft Homestead in East Orange.

After a wedding trip in the New England States, the couple will reside on Halsted street, East Orange. Mr. Van Nostrand attended the Belleville schools. The Van Nostrands were residents of this town for seventeen years prior to moving to East Orange.

Junior Woman's Welfare Group Meets Tuesday Night

The Junior Welfare Department of the Public Woman's Club will hear an address by Dr. S. M. Goldberg at its meeting on Tuesday evening in the clubhouse, 51 Rossmore place. Miss Natalie Stegman of Jersey City, junior state chairman of Public Welfare, will be the guest of honor, and Miss Catherine Comesky will preside. Miss Grace Wyre is chairman of the hospitality committee.

The Juniors recently donated twenty-five sweaters and scores of magazines to the U. S. Veterans' Facility at Lyons and five dollars to the Summit chapter's hospital cigarette fund.

JERSEY APPLIANCE HAS ANNIVERSARY

Company Is Marking Fifth Year In Business At Showroom On Washington Avenue

The rise of the Jersey Appliance Co. has been steady since it was organized five years ago and opened a showroom in Washington avenue. Today, the company has a clientele of more than 900 customers and a review of the five-year history of the concern shows it has more than doubled its business each year. The showroom is now located at 529 Washington avenue.

With a personnel of eight, the company has a well-trained sales staff and handles its own installation and service. The showroom is well stocked and contains several models of every product which they handle.

Among the products which they sell are the Electric Motor Stokor, Chrysler Air Temps oil burner, Bendix washers and the Frigidaire.

Betty Shurtz Is Elected Junior Woman's President

Miss Betty Shurtz of 87 Highfield lane, Nutley, was elected president of the Belleville Junior Woman's Club last week in the clubhouse at 51 Rossmore place. Miss Shurtz was a resident of Belleville until recently, as was also Miss Madeline Prime of Verona who was elected vice-president.

Miss Patricia Hannon of Overlook avenue was elected treasurer, Miss Agnes Stewart of Adelaide street, corresponding secretary, and Miss Elinor Appar, recording secretary.

Legion Auxiliary To Hold Card Party Monday

The Auxiliary of Belleville Post 105, American Legion, will hold a card party at Recreation House, 407 Joramelon street, Monday evening under the supervision of Mrs. James P. Masterson, chairman of activities.

The Auxiliary's first aid class meets for the ninth time this evening at Recreation House. Sponsored by the National Red Cross,

it is being instructed by Gottfried Johnson.

Mrs. Joseph Gorman of Tappan avenue had as guests yesterday at cards Mrs. Robert Morrill, Mrs. Joseph Tedesco, Mrs. James Lackey and Mrs. Charles Zehnauer of this town, and Mrs. Harold Bailey of Nutley.

It Costs Money—any way you heat it!

THERE is no free hot water! It costs money to heat water no matter what method you use. For example, a pot stove burns a lot of coal—more coal than you think—and that costs money. Moreover, the water isn't always hot and you don't get what you pay for.

Get the MOST for your money—have Automatic Hot Water Service by GAS. A modern, automatic, gas water heater in your home will provide turn-the-faucet, day-and-night hot water for baths, shaves, laundry, dishes and sundry household uses. It does all this for only a few cents per day!

Call Public Service or your plumber for a reliable estimate based on your hot water usage.

Building a New Home?
There must be a dependable hot water supply. Start right—install a MODERN Automatic Gas Water Heater.

Church of Christ, Scientist

605 Broad Street, Newark "Matter" is the lesson-sermon subject for Sunday in all Christian Science Churches and Societies.

The golden text is: "All flesh is grass, and all the goodness thereof is as the flower of the field: the grass withereth, the flower fadeth: because the spirit of the Lord bloweth upon it."

Among the lesson-sermon citations is the following from the Bible: "And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever."

The lesson-sermon also includes the following passage from the Christian Science textbook: "Divine Science, rising above physical theories, excludes matter, resolves things into thoughts, and replaces the objects of material sense with spiritual ideas."

The metropolitan Lutheran ministers' association, "Concordia," will hold its annual Lenten Communion service at Bethany Lutheran Church on Monday. The service, which will be held at 11:30, will be followed by a luncheon for the members.

Rev. Arthur Herbert, M.A., of East Orange will preach the sermon. Rev. John Sjaugen of the Bronx will be the liturgist, and Rev. Willard H. Borchers will be the celebrant.

Pastor Borchers of the host church has been the secretary-treasurer of the organization for the past two years.

Mrs. Johnson Is Re-Elected Woman's Guild President

Officers of the Woman's Guild of Montgomery Presbyterian Church were re-elected last Tuesday for the ensuing year. Those resuming office are president, Mrs. Peter Johnson; first vice-president, Mrs. Alexander Ross, both of Belleville; third vice-president, Mrs. John Hokanson; general secretary, Mrs. George Newman; treasurer, Mrs. Clarence Harvey, also of this town; and assistant treasurer, Mrs. Benjamin Scott of Bloomfield.

Following elections the meeting was addressed by Miss Margaret Mains of Newark, president of the Newark Presbyterian Board, on the subject of Foreign and National Presbyterian Missions.

Calvert Club Meets Sunday

The regular general meeting of the Calvert Club of Nutley will be held Sunday afternoon at 3:30 at St. Mary's Hall, Nutley.

The Music Group will meet at the home of Miss Irene Dougherty of Nutley, Sunday evening at 8:30 o'clock, and on Tuesday the Dramatic Group will meet at the church hall.

AIR'S FREE -

so why not use it?

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air — which is nearly always too little for full-out, high-power performance.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use — and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed — and that's something you can't do in any single-carburetor car.

So Compound Carburetion leads to big savings in fuel costs.

You get as much as 800 miles for the gas-

cost of 700 in earlier Buicks of the same size.

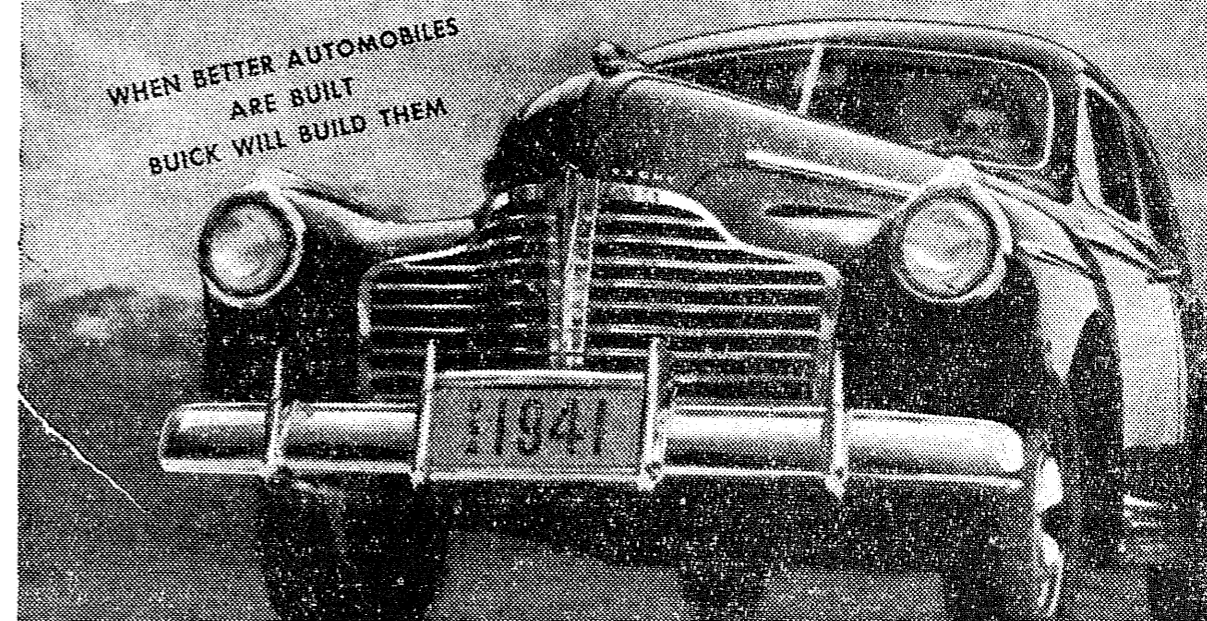

It also provides a wallop big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

BUICK PRICES BEGIN AT

\$915

for the Business Coupe

delivered at Flint, Mich. State tax, optional equipment and accessories — extra. Prices subject to change without notice.

And you can have Compound Carburetion, you know, on any 1941 Buick — it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

Tomorrow Will Be The First Day of Spring

Tomorrow despite many facts to the contrary, will be the first day of Spring. You are still shovelling coal to feed the furnace, you haven't shed the winter overcoat and you're keeping the car radiator filled with alcohol, but the fact still remains that spring will arrive tomorrow. This is determined not by the temperature or how you may feel, but by the fact that the sun has started on the return trip north on the orbit over which it annually travels.

A new season brings new thoughts, changes in work and play. For most today means that the time of the year which is best enjoyed is not far off.

The opening of spring has a different meaning for many others. War leaders have impatiently waited for the departure of snow, storms and ice and the arrival of warmer and more dependable weather for increased activity on many fronts. Adolf Hitler has boasted that with the dawn of the new spring the world would witness a campaign by Nazi U-boats such as had never been dreamed of. In Britain, the people sit and wait, wondering if the much

talked-about and prepared for attempted invasion of their land by the Nazis is about to come. With spring and clearer days and nights they know that the roar of German bombers will be more frequent, that damage and casualties will increase.

And more than that, they wonder if with increased warring activity on the sea lanes whether this country will be able to fulfill its pledge to give all aid short of war to them. In Europe's subjected countries, where millions have passed through a winter during which starvation and suffering have been commonplace, they fervently hope that with the coming of warmer months they will be able to till the soil and reap the crops upon which their lives are so vitally dependent.

And here, in a nation which since the heralding of the last spring has become an arsenal for the democracies, the new season means longer hours of daylight in which to manufacture implements of war. It means the expansion of the mobilization and the training of more than a million men. Yes, tomorrow is the first day of spring — and how contrastingly its entrance is welcomed.

Something To Be Lived Down

The State Motor Vehicle Department released its annual report this week containing a tabulation of all the motor vehicle accidents, fatalities and injuries in New Jersey municipalities during 1940. It also compared the disaster record for 1940 with that of 1939 and 1938. It is regrettably reported that despite the increase in the effort to educate both motorists and pedestrians, appeals and warnings and greater vigilance on the part of the police, there was an increase in accidents in 1940 over the two previous years. There were 42,538 accidents in New Jersey last year in which 911 were killed and 22,718 injured.

The survey of Commissioner Magee's department carries a vital, but sad message for every man, woman and child in Belleville — one that should not be forgotten. 1940 has been emblazoned in the records as one of Belleville's most tragic in accidents, injuries and fatalities. Essex County, and Belleville in particular, contributed to the increase of the toll in lives and injuries of motor vehicles took in 1940. Below has been compiled the comparative percentage increases for last year over 1939. They are impressionable figures, vividly illustrating why 1940 here was a tragic year.

	Per cent Accidents	Per cent Fatalities	Per cent Injuries
State	14.6	10.6	9.03
County	8.4	4.09	4.3
Belleville	23.3	42.8	42.3

These are tell-tale statistics. They show that despite pleas by the police, their increased efforts to penalize the reckless motorists and their repeated warnings to drivers and pedestrians alike, that Belleville has out-accidented by far the average for the county and state. That accidents during 1940 were more serious than those in 1939 is clearly shown by the fact that al-

Looking Over The Editor's Mail

If the average reader looked over the mail which daily lands on an editor's desk (or, better in the wastebasket), he'd say that there must be a lot of money to waste in the world. We could talk about this every week but comment on it now because the postman came in burdened down with so much pure, unadulterated "junk." Often, this material reflects changes in the state, national and international situation.

For instance, this week some Japanese friendship commission loaded us up with stories, booklets and pictures which professed the love of the little yellow men for the United States. They even had a picture of two little Jap girls playing house with two little Americans. Of course, the poor, sappy editor is expected to swallow this stuff hook, line and sinker and pass it on to the readers.

A most steady and persistent correspondent is the German Library of Public Information, which freed of its high-sounding

Getting Those New License Plates

According to our calendar, there are only ten days left before cars with 1940 license plates will be ruled off the road. In other words, if you have not already done so, it is time that you hie yourself down to the local motor vehicle agency and purchase your new tags and driver's license. By putting it off to the last minute, two people suffer — you and the licensing agent. You will have to wait in line that last day and the agent won't get any fun out of being swamped under an avalanche. He'd sooner give you quick service by having you come in now and you will find that the license plates will be something that you

won't have to worry about when Monday, March 31, arrives.

The motor vehicle license office is open each day from 9 to 6. Before you go for your plates and driver's license be sure that you have the application cards properly filled out so that you will not be rejected and further delayed. Do not ask the agent to give you plates that correspond to your initials, birthday, 'phone number, street address or whatever your peculiar whim may be. It's too late for that and he does not have the time or the right to go hunting through a pile of plates for that certain number.

ESSEX COUNTY POLITICS

The views expressed in this column are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

The old Essex custom of getting a county ticket lined up to oppose Clean Government in the fall primary is still fashionable. Due to news of the war, Edison and the Newark Commission race, few reports of activity this year have reached the public. But the conferences are going on and strong opposition may develop. There are some who are unkind enough to suggest that it was fear of this opposition ticket rather than the work he is to do for the Supreme Court that prompted Arthur T. Vanderbilt's recent statement that he was taking a sabbatical leave from political leadership this year.

Others point out that opposition tickets always look strong in the spring but lose the bloom of robustness long before September. They recall the disastrous movement led by William C. Cope in 1935 and then add the years 1936, 1937, 1938, 1939 and 1940 to clinch their argument. In none of these years except 1938 was the opposition worthy of mention, and in 1938 it was the candidacies of Joseph Giuliano and Dallas Townsend that caused Clean Government leaders some apprehension. Both of these men had previously been Clean Government supporters and their switch to the other side carried many erstwhile Clean Government voters with them. Even so, Clean Government won by some 40,000 votes to 30,000.

Clee Uncertain Factor

But there are new factors present this year. William H. Seely is dead. Dr. Lester H. Clee is an uncertain factor. Charles Edison has stolen much of the substance of the Clean Government argument, even though that organization still has the name. War news and war psychology casts a disturbing hand on the status quo everywhere. A new deal in Newark's terribly mismanaged government is barely possible. Homer C. Zink's senatorial candidacy is a perplexing problem for Republican leaders. The four Anti-Clean Government candidates who were nominated and elected last year because voters mis-read the voting machines are a potential hazard to continued Vanderbilt domination of the Board of Freeholders.

All of these factors add up to uncertainty. Clean Government leaders are not sure, either, of the quality of their forces or of those of the opposition. They believe that their record of econ-

Welfare Bureau Nurse Will Lead Home Visit Forum

Mrs. Mary E. Ridgway, a nurse attached to the Welfare Department, will lead a discussion on "The changing aspect developed in the first home visit," at a meeting Monday afternoon in the Bloomfield Welfare Department office of the Essex County Unit of the New Jersey Association of Welfare Directors and Overseers. John J. Hewitt, Belleville welfare director, is president of the county group.

Mrs. Ridgway has a background of eight years' relief activity, under the Emergency Relief Administration and the Welfare Department, supplemented by earlier training as a registered nurse, together with several years as a visiting nurse in public health work.

The Woman's Desk

by PEGGY PATTERSON

If someone told you that you could be an important contributor to the solution of one of the nation's most vital problems without undertaking any activity which would lead you out of your own home; without spending any more money than you are already putting into the present expenditure which maintains your home, and without adding a particle of physical exertion to your present schedule, you would probably shrug your shoulders and say, "Impossible!" And then, your curiosity piqued in spite of yourself, you would undoubtedly query, "What can I do?" And should the answer be unromantic, non-spectacular or a little complicated you would return again, I am afraid, to your original attitude and dismiss the whole thing with a shrug of the shoulders.

That is exactly what we wish you would not do with the suggestion which has been made via radio by at least one of the nation's leading nutrition specialists whose inspiration for it came from astounding statistics recently compiled by the Department of Agriculture specialists.

Now don't shy away from the words "statistics" and "nutrition." You can, without straining your imagination terribly, see in your mind's eye the great pageants of wheat fields, orange groves, vineyards, rich black potato fields and blooming orchards which comprise the native enterprises of various foreign countries. Is it therefore difficult to envision how all of these magnificent and colorful accomplishments of nature held in close leash by man are dotted throughout our own country and are pouring into its life stream, exactly as tributaries feed a river, the attributes composing this basic industry which supports all our other endeavors?

That is exactly what we wish you would not do with the suggestion which has been made via radio by at least one of the nation's leading nutrition specialists whose inspiration for it came from astounding statistics recently compiled by the Department of Agriculture specialists.

This vital blood stream, agriculture and the consumption of its products as well as the dairy industry, meat production and fisheries, is the most powerful, intriguing panorama you could possibly contemplate. Dozens of well-founded radio programs and magazine articles are available to you daily to make this contemplation easy for you and to carry you further into the field of analysis and relation of facts. Little do you know what you resolve as an individual to familiarize yourself with such facts can do toward enriching this particular phase of our everyday living and the mighty projects it supports. Each one of us must contribute, however, so that the magical force of numbers can, as usual, accomplish that which the most intense aspirations of the few can never do.

For this great bloodstream of our needs to be properly balanced and most of all, properly utilized. Since the former is excellently provided for in this our scientific hey-day the latter assumes more importance. And that is where you, the consumer, come in. Are you one of the slothful, uninformed army who wastes valuable time lamenting the moot points of "over-production" and "waste"? If you are, stop and consider another possibility, "under-consumption." Here is something you can get your teeth into. The above mentioned statistics will show you what we mean. For optimum health (and can you deny that this is your most urgent desire for your family?) the normal American family should consume double its usual quota of green and yellow vegetables, twenty percent more dairy products, thirty-five percent more eggs and nearly seventy percent more tomatoes and citrus fruits.

Actually by a readjustment of your budget these can be included without raising your cost of living. It is a readily recognized fact that many of the more gen-

erous food budgets are so spent that they produce mal-nourished families in prosperous homes. The slight deletion of some of the richer foods from your menus would not be sufficient to seriously restrict their manufacture; but the added stamina of your families would be an invaluable dividend for your mental strategy. By creating a market demand for the quantity of really protective foods which we as a nation should be consuming we would be stepping up the production of such foods with the ultimate result that the market would be stabilized. Thus can the consumer sway at will the balance of agricultural power and thereby adjust with ease, even if slowly, the situation over which statisticians labor in vain.

To be this kind of consumer you must first know your weapon, which consists of the merger of sound principles of nutrition with the courage to demand a supply of the foods which will supply it, and then use it firmly and persistently by buying in larger quantities the highly valuable foods which are not at present produced in sufficient quantities to properly nourish our citizens. This is the most urgent challenge of the week to women whose fingers are unconsciously on the pulse of the nation in a way in which they least suspect. If you tolerate the challenge, even without at first accepting it, and formulate the initial steps by which you may meet it in your home, you will be supporting a highly valuable defense campaign.

Can Be Included

Actually by a readjustment of your budget these can be included without raising your cost of living. It is a readily recognized fact that many of the more gen-

Laurence Torley Talks About Dogs

The Seeing Eye

Every year visitors from every state visit Morristown to see the home of the "Seeing Eye" dogs. Only those dogs trained in Morristown are "Seeing Eye" dogs. How many of us from New Jersey have been to visit this wonderful institution? Here is a service that ranks foremost in humanitarian efforts. We have all become familiar with the Seeing Eye dog leading his blind master or mistress through the traffic in our large cities and displaying uncanny powers of discretion in the most complex situations.

Now, these dogs are not "trick dogs" by any means. They are taught how to care for their master or mistress by the kindness method. Kindness is the keynote of the education of dogs at the Seeing Eye. The student is taught to care for his dog and to reward, with an affectionate caress, each job well done. The Seeing Eye is located near Morristown and has no connection with any other organization. This is a worthy cause if ever there was one, and as such we commend it to your attention.

We give our annual advice on how to remain on speaking terms with your next door neighbor who is crazy and spends all his time putting around in his garden. (He thinks that you are crazy for walking that mutt around the block every evening.) Keep your dog under control at all times. Don't allow him to root up the neighbor's lawn or bulbs. A little common sense on the part of both parties would go a long way in keeping peace and harmony.

Hemingway Book Leads In Demand At Library

The most popular in the Adult Department of the Free Public Library this week are the following books:

For whom the bell tolls, Hemingway; Oliver Twist, Robert; Kitty Foyle, Morley; How green was my valley, Llewellyn; Fieldings Folly, Keyes; The Family, Pedorova; One foot in Heaven, Spence.

Two recent additions to the Rental Collection are: Mark's own, by Sarah Atherton. An epic of the rise and fall of an industry, the story of a great coal mine in Pennsylvania and the people who controlled and worked it.

Royal William, by Doris Leslie, an historical novel about William IV of England, said to be England's first democratic King. It is the tale of his life in the Royal Navy, his association with a famous actress, and his marriage and reign as king of an empire in the shadow of revolution.
