

CLEAN-UP WEEK CAMPAIGN WILL OPEN MONDAY

Director King and Health
Officer Make Joint Appeal
For Cooperation

Clean-up Week will be observed locally from next Monday through Saturday, May 10, and Public Affairs Director Joseph King and Health Officer Eugene T. Berry made a joint appeal for the cooperation of the residents.

"The observance of Clean-up Week," Commissioner King said, "should serve as a reminder to every citizen that they have an obligation not only to themselves but to the town and their neighboring property owners to keep not only the inside of their houses but the surrounding property neat and clean. By designating this week, we do not mean that this is the only week during the year that the residents should make this effort. Every week should be Clean-up Week and the citizens who take pride not only in their own home and property but in the community, will cooperate."

Health Officer Berry said that he had made arrangements with the refuse collector to have trucks and trucks detailed next week so that they can handle the increased amount of refuse and junk which it is expected that residents will place out on the curbs.

Almost every home, the health officer said, has a part of the cellar or attic cluttered with things which have outgrown their usefulness or no longer have any value. Along with the refuse, they should be put out for the scavenger, the health officer continued.

Are a Fire Hazard

"Piles of junk and refuse in the cellar or attic are not only unhealthy and unsightly," Berry said, "but every person should consider that they are a potential fire hazard which in case of a fire might cause further damage or handicap those who are attempting to extinguish the blaze."

Both Director King and the health officer emphasized that cleaning up around the yard is just as important as the inside of the house.

Attractive looking, residential properties, the commissioner said, are one of the town's best selling points. Residents should make an effort to clean the yards and put lawns, gardens and flower beds in first class condition.

COUNTY TO GET MAGNOLIA TREE

Park Board To Plant It
In Extension; Will Tear
Down House

The Essex County Park Commission has agreed to take the big magnolia tree which sprouts its limbs over the property at 329 Washington avenue which was recently acquired by Mayor Williams. A number of people have been concerned about what would happen to the tree when the property gave way to a business development. The Mayor said last week that he would not permit the tree to be destroyed, but the cost of having it moved would be a stumbling block. Estimates he had received from nurserymen showed that it would cost at least \$400.

The Mayor then buttonholed the Park Commission and offered it to them as gift. Kenneth Wallace, secretary to the Commission, notified the mayor yesterday that the big tree would be accepted by the park board and that it would be transplanted to the Mill street extension of the Branch Brook Park. There it will be nestled among trees which will give it plenty of competition when its blossom time — the Japanese cherry trees.

Those who resided in the house on the property at 329 Washington avenue moved out this week. The mayor said that although he has not as yet closed any deal for the erection of stores or some other type of commercial enterprise there, the house would be torn down shortly.

There is a sign on the property which states that a theatre and stores would be erected there. Williams admitted that he had been conducting negotiations with several theatre firms.

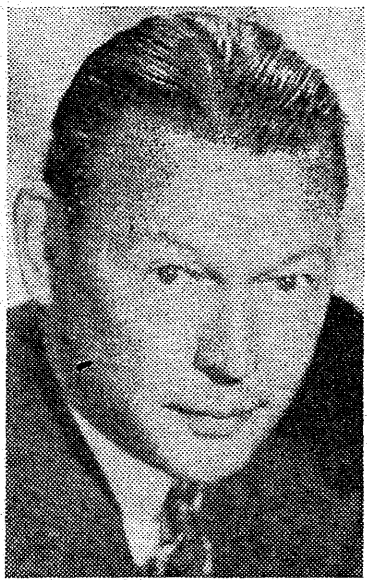

Underdogs Tomorrow Against Hillside

The Bellboys will play a long shot tomorrow afternoon when they stack their chips up against the heavy-hitting and veteran Hillside High nine at the Union County school's diamond. Led by All-Belleville star Tom Inglis, former Nutley High hurling ace.

In their lone defeat thus far this season, the Hillside nine bowed 2-1 to St. Benedict's in a pitcher's duel between Issler and the prepsters' All-State Tom Inglis. Former Nutley High hurling ace.

The locals will travel again on Tuesday afternoon when they will meet Harrison High. On Friday afternoon, May 9, they will return to the Turf Bog as hosts to the South Side High nine of Newark.

Town Jersey's 'Gretna Green' Fred Allen Tells Keenan

Radio Comedian Writes Town Attorney That Mobile
Bingo Game Operates Here Under Guise of Being
A Church; Claims Other Gambling Also Exists

Belleville is New Jersey's "Gretna Green." It is teeming with gamblers and is over-running with every known form of chance from bingo to the most extreme types of horse race betting. This is the opinion of one of radio's better known comedians, Fred Allen, who alleges that he has made a long and thorough investigation of local conditions. Laugh-maker Allen's revelations concerning what is going on under our very noses is contained in a letter written this week to Town Attorney Lawrence E. Keenan — an answer to one penned to him by the learned barrister in which he took Allen to task for certain statements made on one of his programs about a Nutley woman doing some bingo plunging in Belleville.

Appealing to Brother Allen's high sense of public duty and honesty, the town attorney sought to wheedle from him further cooperation in tracking down those (all of whom Keenan insisted came from Nutley) who Allen alleged indulged in gambling practices here.

Throws Up The Sponge

As a parrier of wit, locally Attorney Keenan has no peer — either in the spoken or written word. However, since the receipt of Comic Allen's lengthy letter, Lawrence E. has announced that he will now retire to the practice of law.

By the special permission of both parties, The News is able to print in detail the correspondence which passed between the town attorney and the radio comedian who repeatedly pits Nutley and Belleville against each other in his Wednesday night skits.

Here is Keenan's letter to Allen:

Dear Sir:

Maybe I'm wrong but my memory recalls a very famous comedian trudging across a New York stage many years ago, the Winter Garden, I believe, carrying a shovel and solemnly asserting that he was trying to "dig up" a member of the weaker sex. Since that time I have been greatly amused by the many humorous things dug up by the comic F.A. However, on your last program you dug up something which caused me much pain, grief and consternation. I refer to the "Pot East Widow from Nutley" allegedly indulging in the nefarious activity of bingo plunging some place in our fair municipality.

Business Was Bad

As the duly appointed prosecutor of things of this type, I personally investigated in an effort to ascertain the location of the local bingo debaucheries. My painstaking efforts to date are crowned with failure, the only clue was tracked down to no

Tells of Nutley Gang

The famous brass ring gang was apprehended when we found a group of Nutley touts playing hoops with brass rings behind the carousel at the old Hillside Amusement Park. During the same week we also detected another batch of seamy and knavish individuals from Nutley trying to play tiddlywinks for money at a local church supper. Needless to say we confiscated the brass rings and tiddlywinks and they are now proudly exhibited in the trophy room of our local police station — a deterrent to ambitious would-be gamblers.

GREATER SUPPORT FOR RECREATION URGED BY NOLL

Commissioner Makes Plea At
Dinner Given For Winners
In Basketball Leagues

The recreation department is just as important to Belleville as the police, fire and health departments, Commissioner Noll told the diners who attended the dinner given for the first and second place teams in the recreation basketball leagues Monday night at the Robin Hood Inn, Clifton. Making a plea for greater support for the recreation program and urging the young men to back his pleas for more money at budget time, Noll declared that the play program must be expanded to make the young people more fit.

Commissioner Noll declared that both he and Recreation Director Edward Lister are hopeful that Belleville will be able to receive a share of the seven million dollars that is to be spent by the federal government in a nationwide recreational expansion program. The town is seeking \$100,000, Noll said, and if he is successful in securing it, the director stated that he would use it for the opening of five community centers.

Lister explained following the dinner that the government has started on a program to improve recreation facilities at army cantonments and in communities which are doing defense work. He said that he believed that Belleville, because of the vast amount of work being performed by local industries for national defense, could secure some of the funds.

He said that he believed that Belleville, because of the vast amount of work being performed by local industries for national defense, could secure some of the funds.

Must Demand Money

"I want the support of you young men, at budget time," Noll told the diners. "Storm the Town Hall and demand it. Belleville could easily stand a \$13,000 recreation budget. We must really go to town."

Claiming that there is a need for a full-time recreation department, Noll said that the town is fortunate to have the type of manufacturers who willingly and repeatedly back the recreation department with contributions. He also handed out a word of praise to the work of Lister as head of the present program. The dinner was tendered to the

"Urascal U," the Petrean Club's original musical comedy which will be presented on May 16, 17 and 18 promises to be a big time show with the directors and cast bending their efforts to surpass the success they enjoyed last spring in presenting the "Gay Nineties Revue." Production Manager William Brady and Willis MacDonald have worked far into the night designing the stage settings for the various scenes. Work has already been completed on the scenery for the dormitory and alumni dance scenes.

Misses Marion Flanagan, Marion Malcolm, Shirley and Rita Bitz, Helen McCann, Alice Senior and Grace Monaghan will be seen in the dormitory number. James Leonard is directing the staging of the alumni dance scene with John McDonough in charge of the chorus group of seventy-five. The lighting effects planned for this number are said to be the outstanding ones of the show in elaborateness, the dance scene is expected to surpass the Rector cafe scene of last year's presentation which was commended by those who saw the show.

Classics And Modern Music Features For Festival

Several Hundred High School Students Will Take
Part in Program Tonight; Musical Comedy Is
Included; Band, Orchestra, Glee Clubs Listed

A blending of some of the classic favorites with the works of modern composers will feature the program for the twelfth annual high school musical festival which will be presented this evening in the high school. With the upbeat of her baton at 8 o'clock, Mrs. Alice W. Wagner, music director, who has had general supervision of the preparation of the affair, will open the program with the high school orchestra playing the well-known "Three Musketeers" by Rudolph Friml. Several hundred students, members of the school's various musical organizations, will participate. The program is divided into three parts, featuring the orchestra, band and glee clubs.

For several weeks a big cast, drawing its numbers from the membership of the glee clubs and other talented students, has been rehearsing an original musical comedy "On Parade" which will be the highlight of the program. Featuring a number of the better known modern airs, the show is the students' conception of army life which in true Hollywood fashion must have its romances and girls.

Following the opening of the program with the playing of "The Three Musketeers," the orchestra will be heard in "Finlandia" by Jean Sibelius, "The Easter Alleluia" by Hayser and "Artist's Life" by Johann Strauss.

After a short intermission, the

AGREEMENTS NEAR ON FIELD USE

Mayor Takes Over Stadium;
To Confer With Schmutz
And Daniels

Mayor Williams said last night that he hoped to confer with School Board President Herbert C. Schmutz and Ruel E. Daniels, the board's business manager, over the weekend to make an effort to arrive at some permanent arrangement for the use of the Turf Bog Stadium by the school teams. He said he would also ask Commissioner Noll and Edward Lister, recreation director, to outline to him the program they are contemplating in which they would use the new field.

The Mayor, who had been a silent sideline sitter in the controversy over which commissioner or what body would have control of the field, stepped to the fore and took control of the situation last weekend. Although the high school baseball team was scheduled to open its season there on Tuesday, it was far from ready on Friday morning. Williams moved into action speedily, calling Commissioners King and Waters. King has charge of the relief department and of the shade tree department, while Waters supervises the engineering department which includes the street and sewer crews. Both promised their cooperation and within a few hours the Bog became a beehive of activity with trucks zooming in and out of the field for steam coal ashes and clay used on the diamond. Meanwhile, more than thirty men were busy smoothing out the rough spots and spreading the ashes and clay.

More than eighty loads of clay were hauled from town-owned property in trucks. Williams said he had a word of appreciation for Charles Cuzzo, refuse collector, who voluntarily contributed a crew of his laborers to loan the clay onto the trucks.

The Mayor learned on Saturday morning that High School Coach Larry Gates had scheduled a practice game for the field on Saturday afternoon at 3:30 with the Wallace & Tiernan nine. At 3:25, he proudly strolled, the last bit of clay was rolled, the game went on as scheduled. There are still some soggy spots and dips and curves in the outfield, but the Mayor said they would be flattened out as soon as Town Engineer Matthew Sheehan can get hold of a five-ton roller to be used on it.

"Tuesday's game played by the high school proved that everybody did a good job in working on the diamond," the Mayor said. "The ball zipped over that smooth clay so fast that some of the boys could not handle it. I want to thank Commissioners King and Waters for their cooperation and the men in their departments for the quick and good work which they did."

The patrons will include: Mr. and Mrs. William P. Adams, Mr. and Mrs. Frank J. Ackerman, Eleanor Bacon-Peck, The Belleville Glee Club, The Belleville Thummers, Mr. and Mrs. Howard K. Rice, Rev. and Mrs. Edgar M. Compton, Mr. and Mrs. Ira H. Cornell, Mr.

Civil Defense Group Will Be Organized On Tuesday Night

Corps of 200 Men to Act as Auxiliary
To Police, Fire Departments; Mayor
Plans A "Test" Emergency

The Belleville Civil Defense Committee will be permanently organized at a meeting to be held in the Town Hall Tuesday night, Mayor Williams announced last night. Representatives of the George A. Younginger Post Veterans of Foreign Wars and the American Legion have conferred several times during the past six months on the plan, but it was not until this week that a definite program was outlined. The Legion and the V.F.W. have already compiled the names of nearly 200 men, the Mayor said, who will be available for service in the event of an emergency. He invited other men who have had previous military experience and who are over twenty-one years of age and are American citizens to enroll.

The men will be banded together into a group which will serve as an auxiliary to the police and fire departments, Williams stated. The names and addresses of all of those who have registered are now on file. Also listed is their previous military experience and both their home and business telephone numbers.

The Mayor said that within the next two weeks a preliminary test would be held to learn how quickly the men can get to the central point, probably the police headquarters. He said that leaders would be designated and the men divided into groups serving under team captains. The leaders would be called, he explained, and they in turn would notify the captains who would pass the word on to the men. He said that the test would be held during the evening.

Although no definite date has been set, the mayor is also hopeful that arrangements can be made for another test to be held on the night which Newark is planning to hold its "test" blackout during this month.

The men will be assigned to that phase of the Civil Defense group's work which will have charge of law and order. They will be in charge of Police Chief George Spatz and Fire Chief Alex Reid, the Mayor stated.

Under no consideration would the men be assigned to strike duty, the Mayor said. If any labor situation should arise, he said the men would be detailed to routine police duty, such as regulating traffic, while the members of the regular force would handle the labor trouble.

The work of the civilian committee will be wide in scope, the Mayor stated. When organized, the members will be divided into the transportation and traffic, shelter provisions, health, power and light protection and personnel committees.

Plans are being made, he said, for the members of the emergency corps to be trained in first aid work as well as receiving instructions in standardized traffic signalling under the direction of Chief Spatz.

The town engineering and water departments will play an important role, Williams said, for they in cooperation with members of the council will have to work out plans for safeguarding the utilities in event of an emergency.

Commissioners King and Clark attended the meeting Tuesday night with the veterans.

Will Be Seen in Tonight's Music Festival

From the high school auditorium in the past few weeks, there has been heard a variety of musical selections, both sung and played, which will be put together tonight in what will be the twelfth annual school musical festival. Presentation of an original musical comedy "On Parade" will be one of the features. In these pictures, some of the students taking part are shown at one of their rehearsals this week. The group above is just what it looks like—a "Jam Session" featuring three of the Bandettes and the girls' chorus.

At the right, looking up at the camera from their bench in front of the piano, are three people who are most important to the success of the show. They are in the usual order: Marion Butler, Mrs. Alice Wagner, school music supervisor; and Ann Kelsall. Ann is the piano accompanist with Marion as her assistant. In the picture below from left to right they are William Akers, Ruth Lockhart, who is the festival's student director; and Katherine Haffner with Herbert Hauffer leaning over the bass fiddle in the rear. While Miss Lockhart will watch from in front of the footlights the other four will be among the principals of the show.

FESTIVAL

(Continued from Page 1.) high school band directed by Robert Parker will open its part of the program with a martial air, "Manhattan Beach," a march written by the late John Philip Sousa. It will be followed by "Payanne" by Morton Gould, "The Calif of Bagdad" by Boieldieu and "Marche Turque" by Moussorgsky.

To put the audience in an army-like atmosphere for the comedy portion of the program in which "On Parade" will be unraveled, Robert Kimble will open the program with "They Make Me All Over in the Army." Katherine Haffner and William Akers supported by the chorus will sing Noel Coward's "I'll See You Again." The selected girls' choir will render "The False Prophet" by John Scott followed by Mary Ahern's warbling of Jerome Kern's "Make Believe," with the support of the chorus.

To Have Toe Dance

Sigmund Romberg's "Desert Song" will be sung by Margaret King assisted by the chorus. Betty Negley, Harold Kreismer and George Stadler will be featured in a novelty number, "Boogie Woogie Bugle Boy," June

Reynolds will break up the singing parts of the show with a toe dance after which Katherine Haffner will return for her second appearance in singing the waltz from "Romeo and Juliet." A dance solo with the chorus providing the background will feature Garmilla Tanner in Vincent Youman's "Halleluyah." Robert Kimble, doing a dance and a vocal solo to "There'll Be Some Changes Made" will give a jitterbug touch to the program after which the grand finale will ring down the curtain as the chorus sings "I Pledge Allegiance to My Flag" with a trumpet obligato by Harold Kreismer.

The ushers for the concert will be Eleanor Beattye, Jean Grover, Clara Doherty, Alice Cunningham, Connie Hamilton, Ruth Meehan, Anne Scanlan, June Bel-den, Frances Haworth and Betty Jane Fisher.

Florida No Longer Has Anything on Belleville; Mrs. A. Stanley Miller and Children Return; Summerfields Also Are Home

Defend Democracy With Your Dollars

"... and that government of the people, by the people, for the people shall not perish from the earth." (Abraham Lincoln)

"I only regret that I have but one life to lose for my country," were the last words of Nathan Hale, at the birth of this democracy.

We are not asked to give our lives — yet. Our young men are called upon to give one year of their time and we our patriotism and loyalty and the expression of our patriotism in financing preparations for defense, so that we, who can produce the best machinery the fastest, can apply our talents for the preservation of our way of life.

On May 1st, 1941, the Secretary of the Treasury is offering three types of Bonds and an issue of Postal Savings Stamps, designed to meet the investment requirements of every citizen.

You may loan your Government any amount from 10c to \$50,000. You are being asked to volunteer your dollars to support the young men of this country who are being drafted for military service.

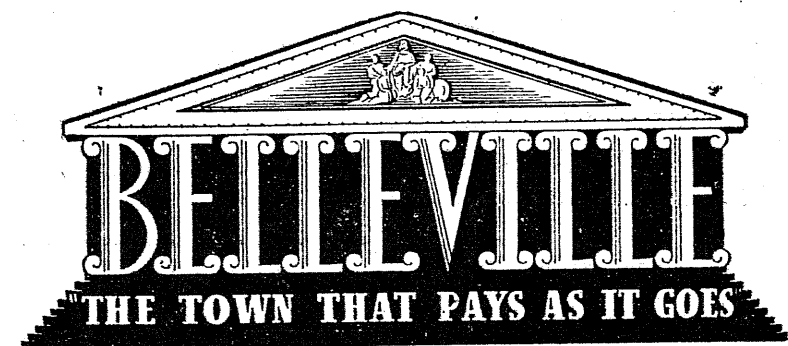

We will be glad to give you any information and advance money should you wish to buy now and repay us in monthly installments.

ALLEN LETTER

(Continued from Page 1)

gone into the law library in the Town Hall and dusted off the cobwebs from the unused book on prosecution of gambling, have ordered a new suit from my mail order house and purchased a wing collar, and will do my share to present at the trial of the wrong-doing rascal an erudite and sartorially perfect appearance.

We have on the books in Belleville, a street called Frederick street, help us and I will suggest that the Town Fathers change it to Frederick Allen street. Who knows that they might even change the name of our hundred year old Cortland street to Portland street?

On behalf of the organized forces of law and order of the nation, state, county, and Belleville, and in the name of Jersey Justice (Belleville Lodge No. 285), I entreat you—Come Clean! Join in the hunt for these hellions.

Allen In Reply

Allen's letter writing is distinctive. Following the style of Don Marquis, he uses no capital letters and no paragraphs. Here it is and read it twice to make sure that you understand it clearly:

dear mr. keenan... some weeks ago you wrote to me re a matter that had practically turned belleville upside down. rumor had it that the town was as vile as a village for several days. I trust that your metropolitan is right side up again and fully recovered from the tilting you allege it received as a result of my "bingo" expose.

as "town attorney" you claim you cased the local taxaco station. with the crowds milling around all taxaco stations and the boom business our taxaco dealers are doing I doubt that you were able to get near enough to the belleville taxaco lubricating hacienda to ascertain what was going on. I can assure you that no taxaco dealer has had to install bingo to augment his receipts.

Purely Campaign Attitude

you stoutly maintain that since the apprehension of the notorious nutley gang, the sharpers who roamed your county with a floating cutthroat euchre game, all forms of gambling have been extinct in belleville. this is purely a campaign attitude you assume for the press and political purposes, mr. keenan. the world knows that belleville is jersey's gretna green where lady luck is courted with impunity.

the bingo game I referred to on my program is being held daily in your midst. if you will take the trouble to go to the nutley town line any afternoon you will see a trailer drive over into belleville. the trailer has stained glass windows, the casual passer-by observing the stained glass windows and the pulpit that juts out back of the trailer thinks that this perambulating edifice is a touring church, or perhaps a lost rectory. when the trailer stops citizens of belleville flock around. a man of ministerial mien comes out of the trailer and passes hymn cards around. he then returns to his dangle pulpit and calls out hymn numbers. the hymns are short and sung with gusto by the crowd. another hymn number is called, another short hymn is chanted and so on far into the dusk.

Facts About Bingo

frequently, after a hymn number has been called a soloist will chant "veni, vidi, vici" this is latin for "bingo," mr. keenan. those hymn cards are really bingo cards. the hymn numbers are part of the game. the short hymns are sung to alienate suspicion and to give the players a chance to check their cards. the man of ministerial mien is "left-bower larry," an infamous felon who was run

out of nutley in 1927 when he was caught in a chess game with a loaded bishop. these are the facts, mr. keenan. you can now sound the tocsin of jersey justice and let the law "voicks away!"

i am biding my time. when i am ready i shall call your attention to other gambling dodges now being practised in your community. have you seen the new demountable elks' teeth? do you know that there are men in belleville who demount their elks teeth and roll them on the ground, the teeth have cavities on all four sides and these black spots turn up enabling these law-breakers to play craps, or a reasonable fac-simile.

do you know that a belleville taxi has a removable wheel? do you know that parties are driven to secluded spots, the wheel is removed from the taxi and a roulette game started.

Really Giant Pinball Machine

do you know that one bowling alley in belleville lights up when the bowler makes a strike? this bowling alley is nothing but a giant pinball machine for near-sighted sportsmen.

do you know that vingt et un is being openly played in back of the french consuls office in your town? that hunt the slipper is going on with money hidden in the lining of the slippers? that a bookmaker accepts bets on which horse will stop nearest the door at the local merry-go-round? that crambo is secretly going on in some of belleville's best cellars? i shall take these matters up with you another day, mr. keenan. meantime, i trust you are using taxaco gas in your town scooter and tuning in our program for the latest news on belleville affairs.

Petrean Men Given Chance To Strut Women's Clothes

Like many other women, the feminine section of the Petrean Club has grown tired of hearing the menfolk criticize and give opinions on what the well dressed women should wear. It came to a showdown Tuesday night when at the monthly social a number of the hairy chested (so-called) he-men (so-called) members were inveigled into showing what the well slapped together male would look like in the well dressed woman's clothes.

Modelling everything from bathing suits to evening gowns in the latest spring and summer styles, the male models had the club members in the aisles. A number of men from other parish organizations were invited to look in on the fun. The "strutative" models were James Monaghan, Joe Dillon, Ed Byron, John Monaghan, Joe Higgins, Myles Monaghan, Mike Dacey, Bernie Ware, John Sullivan, Andrew Monaghan, Bill Liebau and Chet Davis.

B.H.S. Inaugural Game At Turf Bog Devoid Of Any Ceremony

Irvington Vocational Nine Bows 9-8 In Initial H.S. Appearance at Half Million Dollar Stadium

Without proper ceremony to mark the event, without even a celebrity to throw out the first ball, the high school nine on Tuesday inauspiciously opened the 1941 baseball season at the town's half-million dollar Turf Bog Stadium. Only a good-sized handful of spectators, most of them high school rooters, were on hand to witness the unceremonious christening of the new athletic plant as Coach Larry Gates' green Bellboy nine pounded out a 9-8 win over the Irvington Vocational School team.

Taking its place with the other "firsts," it marked Gates' start as the high school's baseball mentor. While revealing the rough spots still to be smoothed out at times, the Blue and Gold boys showed that they had the goods in the clutch and pulled the game out of the fire.

The Bellboys made the most of five Irvington errors, many of which came at crucial points in the game. The visitors drew first blood. After two were down in the first inning, Brand lashed a single to center advancing De Corte who had previously walked. De Vito doubled down the third base line and when "Red" Smith misjudged the ball all three runners crossed the plate. In the first half of the third, Irvington increased their lead to five runs on a base on balls, a single and a two-base hit. Belleville came back to pick up two runs in its last half of that inning. Calicchio drew a walk. Piccoline was safe on an infield bobbie. Hunkle's grounder advanced both runners and they scored when Smith's liner through the box rolled through the shortstop into left center field. Bechtoldt's lift to left field ended the spurge.

Gates, lifted Higgins from the mound and replaced him with Jack Gibbs. Through three innings Higgins was pounded for five hits and yielded three walks. Gibbs was fairly effective, scattering six hits and allowing three runs until Johnnie Walker pinch hit for him in the seventh inning.

Four-Run Rally

Belleville went out in front again in the sixth. A big four-run rally shelled Irvington's

CARDS WIN TWO, 7-3 AND 11-10

Win Easily From Hawks, But Have Tough Time With Orels

The Cardinal A. C. has stepped off to a fast start in the baseball campaign, slamming out a 7-3 win over the Hawks on Saturday and showing the final drive on Sunday to break a tenth-inning tie with the Orels to win 11-10.

Captain Lou Petrella's hurling kept the Hawks well in check while Finn led the timely hitting of the Cards at the plate to send home runs as they pleased.

With Dunleavy and Finn leading the onslaught with four hits each, the Cards piled up an early lead Sunday against the Orels, but between the fifth and eighth innings the Orels went to work on pitchers Petrella and Dunleavy for a total of ten runs which knotted the game at 10-all. For a half inning the Orels were out in front but Hanly banged out a timely single that tied the score again. In the tenth inning it was the same Hanly who, with a man on second, blasted a double that broke up the ball game.

George Wheeler on the hill for the losers pitched good ball, having sixteen strike-outs to his credit.

MINORS RALLY TO WIN FIRST

Score All of Their Runs In Eighth Inning; Zuzzio Starts Scoring

The Pittsburgh Minors were hard pressed Sunday afternoon to win their inaugural game 4-3 from the Jolly B. B. C. at Emerson. Starting their twelfth season, the Minors found that they had drawn a tough customer for an opener in the Hudson County nine. Trailing 3-0 at the start of the eighth inning, the Minors capitalized on a break to send all of their runs across the plate in that inning.

Jerry Zuzzio, batting for Pitcher Hank Borkowski, opened the big inning by getting a free trip to first when he was struck by a pitch. He advanced to third on Ed Fiske's single and came home on Bill Lynch's bingle by virtue of a fielder's choice. Another fielder's choice sent Fiske home, but with two away singles by Charlie Hoske and Leo O'Reilly sent Lister and Lynch home and clinched the ball game.

Borkowski pitched three-hit ball until he was lifted for a pinch hitter in the eighth. Harold Allston held the Jolly boys hitless in his two-inning relief workout. On Sunday the Minors will go to River Edge where they will take on the River Edge A. C.

TRACKMEN HALT SUNNYSIDERS IN FIRST MEET

Good Performances In Middle Distances Help Bellboys To Win 53-45

A well-conditioned Bellboy track team, spurred on by brilliant efforts in the middle distances, triumphed over South Side in their first meet in the annual meet of the current track season at Weequahic Park. The final count was 53-45.

Clean sweeps of the points in the 220 yard dash and half mile events enabled the boys to overcome a thirteen-point deficit which South Side held at one time. Three Bellboys, Johnnie Walker, Dan Del Tufo and Harold Ross placed in two events. Walker's efforts, especially, were brilliant. It marked the first time he ever ran in a competitive high school meet. Coach Wilho Winaka foresees a bright track future for the boy if he continues to train. His first in the 220 and his second in the 100 yard dashes contributed eight valuable points to the fifty-three point total.

Del Tufo and Ross are veterans in whom Winaka places much of the hope for a successful season. These two boys are squad co-captains. Del Tufo turned in an ironman stunt. After getting third in the half-mile, Danny came back to finish strong and turn in a 4:56.6 mile. Ross displayed fine form in his quarter-mile victory. Previously he ran and finished third in the 220 yard dash. It marked his first attempt at that distance.

George Baldwin, a letterman, led the foot across the line in the half mile run. Bob Stewart, a junior, came in a surprising second in that event.

Dead Heat In Hurdles

South Side's victories in the track events were scored in the 100-yard dash and the 120-yard high hurdles. A fine end kick enabled Jerry Giandonato to draw even in the 220-yard low hurdles. The victory was halved as a result of the dead heat.

The lone Bellboy win in the field events was turned in by John Higgins, who turned in a lap of nine feet six inches in the pole vault. The bettered by one inch, Higgins' previous effort in the vault. The lack of strength in the field events may affect the chances of victory in future meets. John Jocher was counted upon heavily in the shotput. His absence from competition throws the burden on Ken Smith. Smith's showing in the South Side meet was impressive and with practice, he should develop into a fine shot putter.

Coach Winaka, a former shot putter himself, is working hard teaching Smith the tricks. Roger Mellon, veteran hurdler, met with a mishap in the high hurdle race and was forced to withdraw from competition. Some of the promising performances by lower classmen were turned in by Mason and Plunkett. Mason, a sophomore, runs the mile. He exhibits fine form and possesses loads of stamina. Plunkett is a quarter-miler with a junior came in in a surprising fast pace for the distance.

The next meet will be with Bloomfield at Foley Field.

The results:
100 yard dash: (1) Foster, South Side, Time: 16.6.
(2) Walker, Belleville, (3) Jacobs, South Side, Time: 16.8.
220 yard dash: (1) Walker, Belleville, (2) tie between Baldwin and Ross, Belleville, Time: 16.5 seconds.
440 yards: (1) Ross, Belleville, (2) Plunkett, Belleville, (3) Robbis, South Side, Time: 55.3.
880 yards: (1) Baldwin, Belleville, (2) Steward, Belleville, (3) Del Tufo, Belleville, Time: 2:10.5.
1 Mile Run: (1) Del Tufo, Belleville, (2) Mason, Belleville, (3) Volk, South Side, Time: 4:56.6.
120 High Hurdles: (1) Hutchinson, South Side, (2) Bryant, South Side, (3) Giandonato, Belleville, Time: 18.
220 Low Hurdles: (1) Tie between Giandonato and Belleville, (2) Ross, South Side, Time: 28.3.
Shot Put: (1) Stempler, South Side, (2) Smith, Belleville, (3) Pennig, Belleville, Distance: 42 feet 9 inches.
Pole Vault: (1) Stempler, South Side, (2) Robbis, South Side, (3) Giandonato, Belleville, Distance: 19 feet 8 inches.
High Jump: (1) Hutchinson, South Side, (2) Bryant, South Side, (3) Higgins, Belleville, Height: 5 feet 7 inches.

H. S. Golfers Beaten 7-5 By Verona High Team

The Belleville High golfers suffered their first setback on Monday when they lost to the Verona High nubblic artists 7-5. Nick Calicchio and Orlando Paterno scored the locals' five points. Low scores for the Bellboys were made by Paterno and "Farmer" DeFuria, both of them carding 84's.

BIKERS TO RIDE IN LONG GRIND

Belleville B. C. Pedallers Will Ride In South Jersey 65-Mile Race

Six of the Belleville Bicycle Club's youthful pedal pushers will shove off with more than 100 other cyclists early Sunday morning in the sixty-five mile grind from Camden to Atlantic City which will be sponsored by the Italo-American Centre of Philadelphia. The Quaker City cycling organization annually sponsors the event.

The colors of the Belleville club will be worn by Ed Littig and Ray Frate of this town, Paul Muller and Joe DeBaco of Newark, Bud Wille of Bloomfield and Bob Schneckburger of Nutley. Muller rode in the long grind last year and chalked up the second fastest time in Class A.

Because of the number competing in the long distance event, the club's weekly Sunday morning meet at Weequahic Park in Newark will not be held. In last Sunday's races Wille rode home first in the one-mile event, trailed by Schneckburger, Muller and Littig. DeBaco defeated Adolph Petrela in a half-mile brassard race and Schneckburger pedaled to victory over Frate in a special two-mile paced match race. Ed Littig topped first place with twelve points in the half-mile point race with a sprint event. Muller, DeBaco and Wille second with ten points, Wille next with eight and Frate fourth with seven.

TRIANGLES OPEN AGAINST OWLS

Fredericks or Long Will Start On Mound Sunday; Lose Two Vets

The Belleville Triangles, one of the mainstays of the local sandlot circuit, will open their season Sunday afternoon at Edison Field when they will face the Belleville Night Owls. Like most other teams, the Triangles have been hit by the draft and missing from the starting lineup will be two of the aces of last year's nine, Tony DeBrowski and Johnny Costa.

Either Al Fredericks or Lou

Long will take the hill against the Owls with the veteran George Zoppa behind the plate. Mike Byrne will cover first base with Tony Piccoline at second base, Tony Fantacone at shortstop and Vincent Riccio at third base. In the outer garden patrol Emmet Ryder will start in left field with Phil Hiekel in center and Joe Kline in right field.

The Triangles have their eyes peeled for more games. Any teams interested in tangling with the tri-cornered lads should write or call Lou Long, the booking agent, at 73 Wallace street. His telephone number is Belleville 2-4108.

Valley Cards Win Two

The Valley Cardinals won the first two games of the season last week when they vanquished the Valley Kings 10 to 1 and followed with a 3 to 2 victory over the Belleville Braves.

The Cardinal's lineup includes Francis Bean, Douglas Goode, Anthony Petroski, John Russi, Walt Brown, Ciriacio Moffa, Alfred Gimble, Robert Tesner, Frank Koats and Frank Petroski. George Moyes is the team's manager.

Doing Something About Clean-up Week

It just would not seem like spring if somewhere along the way it was not reported that the town would hold a Clean-Up Week. The need for publicly urging people to get on the job and clean up their lawns, attics and cellars should really be one of the things that should never have to be said. People should have enough personal pride in their property to do the job without prodding.

But, whether it's an annual attack of spring fever or just a case of never getting around to it, we all seem to be more aware of the condition after the Health Department has officially set aside certain days for a campaign and there has been a public proclamation issued. This all helps to make it official.

When it comes to cleaning up, community and personal pride go hand in hand. If you are one of those who leaves heaps of rubbish around the yard, people not only think that you are lazy but your neighboring residents who do take pains to have

their property looking neat and attractive, suffer. And, in a general sense, it reflects on the entire community.

In the past at Clean-Up time we have remarked that strangers judged a municipality by what they saw. In every way, we are making an effort to attract more residents and businesses. Many people are most impressed by the first glimpse and if they see well kept properties they are bound to have a better impression of the community than they are if they see many unkempt residential sections.

Clean-Up Week not only places an emphasis on neatness but on health, sanitation and fire protection. It affects not only the residential owner but those who conduct stores and other businesses.

Community cleanliness is a valuable asset so let's all of us pitch in and do our part to make Clean-Up Week, which will be held next week starting on Monday, really mean what it is supposed to represent.

Glad That It's Now Settled

Initiative and cooperation were needed to get something done about the Turf Bog Stadium. For some reason no one seemed to be particularly anxious to take over the supervision of the athletic plant. Whether Mayor Williams grew tired of reading an endless number of stories in the papers about the "do nothing" attitude concerning the stadium or just decided to take the "bull by the horns," we do not know. However, we are relieved that some one has finally decided to stop beating around the mulberry bush and has done something.

Without the cooperation of the men in the departments of Commissioners King and Waters it is improbable that the Mayor could have accomplished what he set out to do as easily as he did. Putting a first class baseball diamond where there was not one in three days' time is no small feat.

We Are Concerned About Defense

From Great Britain's experiences in building a defense against invasion this country has gained much valuable experience concerning fortifications and the men needed in emergencies. The problems which have confronted cities in the metropolitan areas there have provided the federal, state and municipal officials with excellent material for shaping a program here. In New Jersey, particularly in this section of the state, we are vitally concerned about these preparations. The program has already progressed beyond the conception of the average citizen.

Under the direction of Governor Edison, the State Defense Council is mapping out a program to be followed by municipalities both big and small.

Belleville plays a vital part in this for it is not only in the heart of the metropolitan area but within its borders are many industries producing materials which are vital to the national defense program. Now is the time that we must start preparing for any emergency which might possibly occur at some time in the future. We cannot afford to wait until it is at our doorstep.

Upon the cooperation and interest of such organizations as the American Legion and

the Veterans of Foreign Wars rests much of the responsibility for the organization of a program which will take care of Belleville's needs in the event of an emergency. They are multiple. For men in almost every walk of life there is some task to perform. Serving as auxiliary groups to the police and fire departments, they must be trained in various phases of civic protection.

There is a job to be done. All of the responsibility for the preservation of this country will not rest on the Army or the Navy in event of an emergency. There will be much to be done by those who are left at home.

Local plans for the formation of a civil defense committee are still in the first stages. Both the Legion and the Veterans of Foreign Wars have volunteered nearly 200 men. Still more are needed. In our midst are a number of American citizens over twenty-one who would be of service. If they are spirited Americans they will volunteer their services. Of those eligible for the draft, some could not go because of family ties or other reasons. However, they might find that they could be of valuable service as members of the civilian defense group.

are or if any damage has been done. It should not be cause for worry. However, if the reaction to the test is positive, the student should be X-rayed to learn definitely whether or not harm has been done to the lungs by the germ.

This is a precautionary health service which is rendered by the Board of Education. It not only is valuable to the parents but to the school system as well. The schools are constantly confronted with the problem of keeping their students healthy and well in what are frequently termed among the most dangerous years of their lives.

Parents Urged To Consider Children's Total Health

Today Is National Child Health Day and Parents Are Cautioned Against Dangers of Syphilis: Warning by National Official

Today is National Child Health Day and Health Officer Eugene T. Berry has taken it as the opportunity to ask parents to consider the total health of their children not after a baby is born but before birth. Control of venereal diseases, the health officer stated, enters early into the problem of total health for children. This town, through its public health nurse and the cooperation of local physicians, has worked with the United States Public Health Service, the health officer said, in constantly keeping this fact before local parents.

"An expectant mother with syphilis," the health officer said, "needs to be helped and her baby saved. The treatment which cures syphilis in men and women will keep the disease away from an unborn baby. Every mother should have a blood test just as soon as she knows a baby is coming."

"Over the years," Berry said, "we have become more skillful in the recognition and treatment of syphilis. Even those children who are so unfortunate as to be born with the disease have a good chance today to grow in health and strength. It is well to remember that many babies born with syphilis appear well and healthy. The disease can work very slowly, attacking the brain, the nerves, the eyes and other parts of the body. But once it has gained a foothold, it is there to stay until it is recognized and fought by treatment. It may work quietly for years, striking down young men and women who have been harboring this disease through childhood."

Should Have Blood Tests

"Long range plans for the health of our children," Berry concluded, "should include blood tests for all babies and young children. We should know whether our children have to fight syphilis. If they are infected, they should have the best possible treatment."

The health officer also referred to the statement received by his department this week from Assistant Surgeon General R. A. Vonderlehr of the United States Public Health Service. In part it said:

"If enemy bombers raided American cities, killed 25,000 children and wounded 60,000 more, this nation would declare immediate and effective war. Yet, a silent enemy every year kills more than 25,000 babies before birth or within the first year after birth, and infects 60,000 babies born alive. That enemy is syphilis and America is not waging total war against it. Today—Child Health Day—is a time for every community in America actively to encourage persons planning marriage or women expecting babies to be tested for syphilis."

Union With Britain Book Now At Public Library

Eight new non-fiction books have been added to the shelves at the Free Public Library, Mrs. Elizabeth A. Shattuck, librarian, reports. Heading the list is the much discussed "Union Now with Britain" by Streit. Another with an international flavor is "Versailles Twenty Years After" by Bredissall.

Other books include: "The Pope speaks, Let me go, Buckmaster; Poets' handbook, Wood; Best one-act plays for 1940; Mayorga; Hudson Valley Squire, Miller; Approach to battle, Mason."

They went on together, by Robert Nathan. A touching story of a single family forced to evacuate their home because of war. Some must watch, by Ethel Lina White, an exciting story of a lonely manor house, an eccentric family, and a lovely, frightened servant girl.

Mrs. Robert Louer, Mrs. Ernest Harris, Mrs. John Coburn and Mrs. Samuel MacInnes were guests yesterday at the home of Mrs. Herbert Beams of Newark.

Cooperate In Hospital Day Of Bundles For Britain

The local Bundles for Britain group, headed by Mrs. James Miller of 15 Essex street and Miss Mary Biller of 12 Essex street, will join in the national organization's effort on Friday, May 6, in the interest of the hospitals in England. The day will be known as "Bundles for Britain's Hospital Day" during which an effort will be made to raise as much money as possible to aid hospitals which have been badly damaged by bombs during the last year.

"Hospital Day" is an annual event in England. Despite the war it is planned to observe it throughout the country and those who are able to contribute will be asked to give. Those affiliated with the American Bundles for Britain group have patterned their effort after the English custom, hoping to raise funds which can be sent to England to help the hospitals which have been badly handicapped during the past year.

Both Mrs. Miller and Miss Biller will accept contributions from local residents interested in aiding the fund. The money will be turned over to the national committee in New York which is headed by Mrs. Wales Latham.
