

## U.S.O. CAMPAIGN IS NOW HEADED OVER \$5,000

Manufacturers' Group Re-  
ports \$2,000; Tops Quota  
Of \$4,500

Although official figures are not available and the campaign treasurer has not as yet received all of the cash, the town's U.S.O. campaign has gone over the top. It was reported to the Mayor's office yesterday that the committee headed by Martin F. Tierman, president of Wallace & Tierman Co., had raised approximately \$2,000 in its drive among the town's numerous industries.

Their part in the campaign was conducted through the Manufacturers' Association and included not only the solicitation of the heads of the various companies but also the employees in many plants who had not previously contributed.

Outside of the amount which the manufacturers' group tentatively reported, Alden has received about \$2,900. Since the town's quota as set by the national headquarters for the U.S.O. was \$4,500, this means that Belleville is well over that figure with returns continuing to trickle in from various sources. It is expected that by the time the last campaign contributor is heard from, the figure will be well over the \$5,000 mark.

The drive originally opened for a one-week campaign which was supposed to end on July 3. Vacations plus the holiday weekend caused it to be extended. It was not until two weeks ago that the manufacturers' group moved into high gear and started its canvass among the various industries.

## PETREANS TO SAIL SATURDAY NIGHT

Buses To Leave At 6:30;  
Group Is Holding Weekly  
Swim Parties

When the S. S. Bear Mountain, Hudson river showboat, clings upstream Saturday night, more than 100 members of the Petrean Club and their friends will be aboard for their annual moonlight sail.

Buses will leave from in front of St. Peter's Church in William street at 6:30. The boat will pull out from Exchange place in Jersey City at 7:30. Those who do not drive to the boat in cars will be able to return from the ride by bus to the Grace Monaghan.

John L. Marie Davidson are in charge of arrangements. Those desiring tickets should get in touch with them not later than tomorrow night.

A number of club members are getting together for weekly Sunday swimming parties. They have been making it an all-day affair and plan to continue the parties throughout the summer.

The group usually starts off on its splashing party after the 10 o'clock mass at St. Peter's Church. Those interested are welcome to join in so long as they bring their own lunch.

## FIRE APPARATUS MEASURE O.K.'D

\$20,000 Authorized to Buy  
Aerial Ladder Truck and  
New Pumper

Within the next six or seven months the town will receive delivery on two new pieces of fire apparatus. An ordinance authorizing the expenditure of \$20,000 for a new sixty-five foot aerial ladder and a 500-gallon pumper truck was adopted unanimously by the Town Commission Tuesday night with Commissioner Waters absent.

Public Safety Director Clark said that he hoped to place the order for the equipment soon but that he had been told by representatives of the various fire fighting equipment companies that no assurance of delivery before at least the first of the year could be given.

The purchase of the apparatus will be a virtual cash proposition for \$11,000 will come from a reserve in the 1941 budget for improvements and the \$9,000 balance will be met by short term bond anticipation notes which will be written off in the 1941 budget.

The new pieces will replace an eighteen-year-old hook and ladder at main headquarters and a twenty-seven-year-old pumper which is now stationed in the Silver Lake section at the Franklin street headquarters.

Once Again — Draft Board Hours Are 1 To 5

Those wanting information about the draft are reminded that the office of the local board is open Monday through Friday from 1 to 5 p.m. and on Saturdays from 9 to 12 noon.

Those who receive questionnaires and are confronted with problems or do not understand some of the questions should get in touch with some member of the draft advisory board and not the draft board office where a small force is already overtaxed with its various activities.

## Takes Over Karlin Drug Store

LOOKING OVER THE STOCK in the drug store which he purchased this week is Anthony A. Florentine, proprietor of Abbots Drug Store at Washington and Overlook avenues. Negotiations were completed over the weekend by which Florentine also acquired Karlin's Drug Store at 120 Washington avenue.

A former employee of Karlin's, Florentine purchased the first Karlin store a few years ago and named it Abbots. A local resident for ten years, he is a graduate of the New Jersey College of Pharmacy. He will retain Ludwig Pesca, registered pharmacist, at the Karlin store which will be renamed Abbots.

## August 7 Is Final Day For Vote Registration

New voters or those who have moved since the last general election are reminded that Thursday, August 7, will be the final day for registering at Town Hall so that they will be eligible to vote in the September Primary election. No transfers or registrations will be accepted after that date.

Candidates for the Republican and Democratic county committees must file their petitions with Town Clerk Florence R. Morey not later than August 7 so that their names may be placed on the ballot in September.

Those who are not now permanently registered may call at the town clerk's office between 9 and 4 on Saturdays from 9 to 12. The office will be open on August 5, 6 and 7 from 7 to 9 in the evening.

## HONOR IS GIVEN LOCAL SCOUT

Joe Miller Is Elected  
Member of Order  
Of The Arrow

Joe Miller, a local Scout, was elected to the Order of the Arrow, a national Scouting fraternity, at ceremonies held at Camp Mohican near Blairstown this week. Other local Scouts and officials who were elected to membership last year included Jack Lawson, Ted Close, John S. Charlton, Frank Chambers and Joe O'Farrell.

A number of Belleville parents were among the visitors at camp on Sunday. In the group were Mr. and Mrs. George Stewart, Mr. and Mrs. Michael Devaney, Mr. and Mrs. Frederick Hauck, Mr. and Mrs. Robert France, Mr. and Mrs. Stephen J. Petro and Mr. and Mrs. Fred Jackson.

The sewing machines which were requested for use in the handicraft class have come in handy at camp and are being used by the boys daily. However, Craft Director Charlton reports that he could use any tools or Scout equipment which is not being used at present and is stored away. In addition to his handicraft duties, Charlton is program and activity supervisor and traffic director.

## Public Service No. 28 Line Starts New Service

Beginning Monday, Public Service Coordinated Transport extended its Summer avenue bus route No. 28 from Franklin avenue and Joramelon street, by way of Franklin avenue and the Franklin avenue extension to the City Subway, south of the Jergens plant. Service on this extension of the Summer avenue bus route will be operated only during the morning and evening rush hours. There will be no service on this portion of the route on Sundays.

Buses will leave from East Passaic avenue and Kingsland road, Nutley at 7:07, 7:32, 7:59 and 8:26 a.m. and at 5 and 5:30 p.m. They will leave from the Franklin Avenue Station at 7:31 and 7:58 a.m. and at 4:32, 4:57, 5:30 and 6:01 p.m.

At the Franklin Avenue Station of the City Subway buses on route No. 28 will connect with the company's route No. 7 which operates to the center of Newark.

## SEE RAF FLIERS IN TRAINING

Chisholm Family Inspects  
Camp In Nova Scotia Where  
Men Are Instructed

First-hand glimpse of how aviators and crews in Canada are trained for service with the British R.A.F. were gained by Mr. and Mrs. Donald J. Chisholm and their sons Wayne and King.

They returned on Sunday from a two-week visit with Mr. Chisholm's mother, Mrs. Angus Chisholm of DeBer, a suburb of Toronto, Nova Scotia.

Camp DeBer, Canada's final training spot for aviators is situated on the edge of the town and part of the elder Mrs. Chisholm's property is included in the camp reservation. Two of her sons who have retail markets furnish supplies to the camp. The Chisholms and their children were able to obtain permission to inspect the camp and chat with a number of the men, many of whom were among the 23,000 who left camp on Thursday for service in England. They were replaced by new recruits of men who will receive instructions from English aviators and other air fighting technicians who have been on bombing patrol in the war zone and are sent to Camp DeBer to act as trainers.

On the return trip, the local family was joined at Boston by Mrs. Louis Chisholm, a sister-in-law. She will visit here for two weeks. Her husband is on the staff of Technicolor, Inc. in Hollywood where they make their home.

## Girl Sea Mariners Make Trip To Midland Beach

A group of fourteen girl Sea Mariners took an all-day cruise on Sunday down the Passaic, plied out Newark Bay over to Midland Beach, S. I. They left at 9 a.m. and returned at 4:15.

The girls were in charge of Marcus Wagner, first mate of Sea Scout Ship 303; Alvin E. Brant, former skipper of the Sea Scout boat; Fireman Carl Hundertpfund and the girls' skipper, Mrs. Hundertpfund.

The girls making the trip included Frances Lukowiak, yeoman; Catherine LeMoine, cabin boy; Dolores Lukowiak, Vinnie Jannarone, Shirley Fritch, Helene Brown, Ann Louise Kehoe, Patty Buntington, Alice Green, Peggy Holzhauser, Irene Rawcliffe, all crew members; and Virginia Primrose, crew leader; Flora Hess, first mate; Shirley Millstein, mate, the last three mentioned girls are Nutley residents.

## ROTARY TO HEAR NAVAL OFFICER

Lieut. J. C. Boyd Will Talk  
On "Flying With The Navy"  
On Wednesday

Lieut. J. Clement Boyd of the United States Naval Aviation Forces will speak next Wednesday noon before the Rotary Club at Forest Hill Field Club. His subject will be "Flying with the Navy."

Lieut. Boyd, who is in charge of public relations for Naval Aviation Flight Training in the Third Naval District and a member of the Cadet Selection Board, will also bring with him a motion picture "Eyes of the Navy," which he will show. This picture has been exhibited all over the country since enlistment in the armed forces was stepped up and has proven highly popular.

During the first World War, Lieut. Boyd served as a communications officer and observer overseas with the U. S. Naval Aviation Forces and has recently been recalled to active duty. He is a graduate of Princeton University and for the past twenty years was an advertising and publicity executive in New York, Newark and Montclair. He has served as publicity director for Montclair and Bloomfield Community Chest campaigns and as secretary of his Princeton class, the Montclair Chamber of Commerce and the Montclair Kiwanis Club.

During his talk before the Rotary Club Lieut. Boyd will explain how naval aviation cadets are selected and will outline the benefits to be derived by the cadet from the training he receives in studying to become a commissioned flying officer with the Fleet. Candidates for this branch of the service must be between twenty and twenty-one, unmarried and have at least two years of college credits.

## Local Students Get Diplomas In Defense Study Course

Belleville members of the first Engineering Defense Training Course which has just been completed at the Newark College of Engineering are Kenneth Beckwith of 298 Union avenue; Russell M. Best, 92 Liberty avenue; and Harry I. Russell, 54 Beech street, who were trained in production supervision.

Dominic J. Russo of 280 Ralph street, John R. Connelly of 173 Smallwood avenue and David G. Carnevale of 52 Winthrop street completed the course in engineering drawing and Thomas C. Entringer of 50 Columbus avenue in materials inspection and testing. The course began in January.

Certificates were awarded these students for satisfactory completion of the course.

## Nereid Crew Places Second In Event At Nationals

Rough Water on Mississippi Handicaps The Style  
Of Quad Oarsmen Who Bow to Penn A. C.;  
Finish Less Than One Length Behind

The Nereid Boat Club oarsmen returned from their long trek to Minneapolis on Monday morning with the national second place honors in the senior quad event. Competing in only one race of the two-day program of the national rowing championships on the Mississippi River, the orange and blue oarsmen trailed across the finish line less than a length behind the strong Penn A. C. four-man shell from Philadelphia.

The feat of Al Walker, Homer Zink, Warren Everson and Darrell Zink gained for Nereid its first national honor in its sixty-five year history. Although other local oarsmen had competed in previous national events, it was the first time that a Nereid boat had placed.

The Ol' Mississippi was not on the side of the oarsmen late Friday afternoon for the time made in the senior quad event was the slowest ever chalked up in the nationals. Rowing upstream, the crews bucked a two or three-mile an hour current plus a twenty-mile wind that was sweeping down the river throughout the mile and one-quarter race.

Two different styles of rowing were employed by the Penn A. C. and the Nereids. Doing most of their racing and practicing on the smooth waters of the Passaic, the Nereids have developed a fast, short stroke which is ideal for smooth water. Suited for the rough water which they experienced in the Mississippi was the Penn A. C.'s long power strokes. The Nereids attempted to change their style, they would undoubtedly have been lost.

Ironically enough, the Nereids trimmed the Penn A. C. four-man boat in the Peoples' regatta held on the smooth waters of the Schuylkill on July 4.

In Friday's race the A. C.'s time for the event was 8:20 while the local oarsmen crossed the finish line in three seconds later. The blue and orange shell was in the lead off and on with the men in both boats going all out the last quarter of a mile. Trailing behind them in the event were the Undine Barge Club of Philadelphia and the Minneapolis Boat Club.

An illustration of how slow the time for the event was is shown in the comparison with the time set by the Nereids in the Peoples' Regatta when they covered the mile and one-quarter course in 6:11.

The Nereids next event will be on August 3 when they will go to Pelham Bay for their annual meet with the New Rochelle rowing club. In addition to the races, there will be a picnic.

Nereid was given further national recognition at Minneapolis when C. Leveich Brett, one of the oldest active members in the club, was elected a member of the executive committee of the National Association of Amateur Oarsmen. Composed of ten members, the N.A.A.O. is recognized as the governing body of rowing. Brett was the only Nereid member to accompany the senior quad members to Minneapolis.

Photographs or snapshots are limited to those which the children themselves have taken. If they have developed and printed the negatives themselves, so much the better, but that is not necessary. It is expected that airplane, boat and train construction will feature largely in the contest and the Belleville Hobby Shop has arranged an exhibition of kits, unassembled, and completed models for the further instruction and encouragement of the young enthusiasts. Model boats are also a currently popular hobby.

Judges will be Mrs. Thomas Hood Jr., Mrs. Margaret Little, Raymond Hall, Fred Geppner and Robert Maguire.

## PRIORITY AFFECTS SCHOOL PURCHASE

O P M Schedule May Delay  
Buying Mechanical Drawing  
Equipment

The textbook and supply committee of the Board of Education headed by Herbert C. Schmutz authorized the board on Tuesday night to purchase equipment to enlarge the mechanical drawing class facilities at a cost not to exceed \$500.

There is money in the budget for the purchase of twenty-five drawing room tables, stools and sets of instruments. President Schmutz pointed out that the OPM priority schedule may have an effect on the delivery date of some of the materials since there is currently a great demand for drafting supplies.

The same applies to the purchase of lathes for the manual training classes in the elementary schools which are now being equipped. Delivery within four months is promised by concerns which are attempting to interest the board in the purchase of their products. Schmutz said that he was making an effort to gain an earlier delivery date and would know more about it next week.

## West Ends Play For USO At Stadium On Sunday

More dollars will be added to the U.S.O. fund on Sunday afternoon when Art Mayer's West Ends representing the West Belleville Recreation Softball League clashes with the champion Branchports of Long Branch in a softball doubleheader at the Municipal Stadium. The first game will get started at 2.

## Navy "Sparks"

Eugene T. O'Neill

Eighteen-year old Eugene T. O'Neill, son of Mr. and Mrs. Charles J. O'Neill of 94 Columbus avenue was graduated on Tuesday from the U. S. Naval Radio School at San Diego, Cal. He will be transferred shortly to duty with the fleet.

O'Neill enlisted in the Navy in January 16 for four years. He spent his first seven weeks in training at Newport, R. I. and was then sent to the Pacific Coast for further schooling.

## 19-YEAR-OLD GIRL DROWNING VICTIM

Sally Gengaro Drowned On  
Tuesday in Raritan Bay;  
Mass Saturday Morning

A requiem mass will be offered Saturday morning at 10 in St. Lucy's Church, Newark, for nineteen-year-old Sally Gengaro of 214 Holmes street, who drowned on Tuesday in Raritan Bay while swimming there with friends.

South Amboy and Laurence Harbor first aid squads worked more than an hour over the girl after her body was recovered from the water, twenty minutes after she went down.

In the party of six other girls were her sisters, Lena, Celia and Mrs. Joseph Battaglia, all of this town. The group was swimming near a jetty end when the girl suddenly disappeared beneath the surface of the water. Her sister Celia went to her rescue but had to be pulled from the water when she went under.

Born in Italy, the young girl had been a resident of Belleville for the past twelve years. She was employed by the I. Lewis Cigar Co. of Newark. Surviving her are her parents, Mr. and Mrs. Samuel Gengaro; three other sisters, Mary, Mildred and Antoinette; and three brothers, Frank, Patsy and Salvatore.

It was the first case of a local person drowning reported this season.

## QUESTIONNAIRES READY SHORTLY FOR NEW MEN

Nelson S. Kapp Is First  
Among 21-Year-Old  
Local Youths

With local twenty-one-year-olds which they learned the order in which their S-numbers were called in the second national draft lottery held on Thursday night, the draft board will soon set about the task of preparing to send questionnaires to these new men.

Draft Board Clerk Edward Reid said that the first batch would probably go out within the next few weeks. The first of those on the new list, who are placed in 1-A classification will probably be called for their service in the Army about September 1.

The S-196 number, the first drawn in the national lottery, did not apply to Belleville since there were only 186 men registered here. However, the second number, S-78, which was pulled out of the goldfish bowl by Secretary of the Navy Frank Knox locally, had been assigned to Nelson S. Kapp of 26 DeWitt avenue, clerk for a Manhattan textile concern. Kapp is staying for the summer at the Jersey City Y. M. C. A. while his parents are vacationing in New York state for the summer. He indicated that he would willingly do his trick in the Army, stating that he had preference for the air corps.

## How It Will Work

The key number for the local board is 1400 which means that the first "S" number will be inserted in the registration list after 1400 and before 1401. I other words Kapp will become known to the draft board as S-1400.

The next twenty-one-year-old draftees will be inserted in the list after No. 1412 since the ratio for the local board has been set at one to twelve, meaning that the name of one of the new men should be inserted after every twelfth name after 1400.

Below is a complete list showing the order in which the numbers of local men who register came up in the Washington lottery on Thursday night.

Miss Ruth Barbara Miller

Mr. and Mrs. John Miller of 43 Bridge street have announced the engagement of their daughter, Miss Ruth Barbara Miller, to Michael T. Rosamilia, son of Mr. and Mrs. Thomas Rosamilia of 6 St. Mary's place. Miss Miller attended Belleville High School and is employed by the Westinghouse Corporation at Bloomfield. Mr. Rosamilia, who also attended the local high school and Newark Vocational School, is an employee of the Edison Company in West Orange. No definite wedding plans will be made by the couple until Mr. Rosamilia has completed military service for which he now awaits a call.

Mr. and Mrs. Schou and daughter Jessie and will spend two weeks with them.

Mr. and Mrs. Furman L. Robinson of Mertz avenue are at their cottage in Ocean Grove for the summer. Their daughter Jean is spending her two weeks vacation there now and will visit weekends for the remainder of the season.

Mrs. William Kant of Cortlandt street and members of her sewing club spent last weekend in Lake Hopatcong.

Mrs. W. S. Baldwin of DeWitt avenue will leave Saturday to spend the remainder of the season in Ocean Grove.

## Cousins' Home Here Will Be Wedding Scene

The wedding of Miss Ione Isabelle Youngs, daughter of Mr. and Mrs. Halsey D. Youngs of Forest, O. and Alfred Herbert Davies, son of Mr. and Mrs. D. A. Davies of Atlantic City will take place Saturday evening in the residence of Mr. and Mrs. Morris W. Bennett of 33 Crescent terrace, cousins of the bride-elect.

An altar, arranged with tall ivory candles and banked with flowers and ferns, has been set up in the Bennett living room before which the ceremony will be performed at seven o'clock by Rev. John H. McMillan, pastor of the Westminster Presbyterian Church in Atlantic City.

Miss Youngs will be given in marriage by her uncle, Walter T. Youngs, and attended by Mrs. Bennett as matron of honor, Miss Sara Elizabeth Youngs, a sister of Forest, O., as maid of honor and Marilyn Carla Boisse, three-year-old daughter of Mr. and Mrs. Carl Boisse of Crescent terrace, as flower girl. Herbert Leutherman, an uncle of Doylestown, Pa., will be Mr. Davies' best man.

The bride-elect will wear a wreath of gardenias with her princess style white organza gown. She will carry a white bible covered with baby's breath. Mrs. Bennett's costume of romantic blue marquisette will be accented by her bouquet of pink sweet peas and lilies of the valley while the bridesmaid will wear pink organza and carry a colonial bouquet of pink and blue flowers. The tiny flower girl's yellow organza frock will be matched by her bouquet of black-eyed susans.

The couple were graduated from Maryville College, Tenn. Miss Youngs studied home economics and Mr. Davies majored in philosophy. The latter will enter Princeton Theological Seminary in the fall to continue studies for the ministry. The couple will live in Princeton.

## Will Teach

Eleanor Mae Summerfield

Eleanor Mae Summerfield, daughter of Mr. and Mrs. Sidney Summerfield of Little street, who recently received a bachelor of science degree in commercial education from Mary Washington College at Fredericksburg, Va., has accepted a position to teach at the Fairfax, Va. high school next fall.

Mr. and Mrs. Summerfield returned this week from their vacation in Fredericksburg where they were the guests of Mr. and Mrs. Albert Walker who are members of the college faculty.

Miss Summerfield was graduated from the local high school in 1936.

Princeton Theological Seminary in the fall to continue studies for the ministry. The couple will live in Princeton.

## PEEK-A-BOO ... A Corner For Little Folks

Many happy returns of the day, Rosalind, and we hope all the others in the years to come will be the same. Rosalind Paul of Union avenue was five years old this past week. Edwina Jane Hyde, the daughter of Mr. and Mrs. Edward Hyde, who used to live at 132 Overlook avenue, is missed by her friends in the neighborhood. Edwina is now living in Cedartown, Ga. and she likes living in the south, but 'tis said she's a wee bit lonesome for Belleville. The Misses Gail Carol and Barbara Ann Fobert have returned from a six-week vacation at Belmar, with their mother, Mrs. Harold Fobert of 406 DeWitt avenue. Edward Deiterle, son of Mr. and Mrs. Edward Deiterle of 130 Overlook avenue, visited in Manasquan for the past month. He is now at home. Charles Vetterstrom and his sister Susanne of 43 Prospect street were also visiting at Belmar for six weeks with their mother, Mrs. John Vetterstrom. Patty and Bobby King, grandchildren of Mr. and Mrs. J. F. King of 111 Overlook avenue are vacationing in Canada at present. Have a nice time and hurry home 'cause your grandmother is lonesome for you. Davy Williams is visiting at the home of his grandparents in Somerville. Donald Morano is coming right along in this business of growing up. He stands up, balances himself in his play pen and crawls all over the place. "He flies through the air with the greatest of ease, that daring little fellow" on the front porch swing at 35 Pleasant avenue is Richard Kanub, son of Mr. and Mrs. Emil Kanub. John Citarella of 19 Pleasant avenue was very ill. He had rheumatic fever but is now recuperating at his home. He wishes to thank all his kind schoolmates who remembered him with letters, fruit and flowers. John is the son of Mr. and Mrs. O. H. Citarella. We thought perhaps you might like to know that Mr. and Mrs. Fred Petrozzino, formerly of Belleville, have a bouncing baby son, all of nine weeks old, named Freddie, Jr. Kenneth and Joyce Gould are busy counting the days in happy anticipation of a visit to their grandparents, Mr. and Mrs. Gould of Rockaway Valley where they expect to spend a few weeks. They live at 168 Washington avenue and are the children of Mr. and Mrs. Kenneth Gould. James "Jimmy" Masterson, Jr., son of Mr. and Mrs. J. Masterson of 102 Washington avenue, had quite a time of it recently. His mother wanted a picture taken on his first birthday at the photographer's. Jimmy refused to sit still, wouldn't smile—in fact, did all the things little chubby boys do at times like this. Anyhow, to make a long story short, mother got the pictures, they turned out beautifully. Frankie Stefanelli III, son of Mr. and Mrs. F. A. Stefanelli of 282 Ralph street, recently celebrated his sixth birthday. Among the guests were Joan Godleski, Phillip Paul, Billy Giber, Margie Leone and Joel Somers and Jackie Fullman of Irvington. Audrey and Ronnie, Frankie's brother and sister, were also there. Billy Taylor of 56 Little street will sing at the Blair Academy in Blairstown, Sunday. Billy is the son of Mr. and Mrs. William Taylor. Anthony "Booper" Schable of 39 Little street is away on his vacation at Camp Bonny Brae. Walter Jourdon of Little street has an awful bad cold this week. He's cutting a brand-new tooth. Walter is the son of Mr. and Mrs. Edward Jourdon. He will be a year old shortly. Charlotte Falkenstein of Lenola, N. Y. is the guest of Arlene McDonald of 29 Washington avenue. Arlene is the daughter of Mr. and Mrs. W. McDonald. Judith Ann Itrell is one year old. Happy birthday, Judy! Mr. and Mrs. W. Itrell of 188 Mill street are the parents. Paul McDonald weighs nineteen pounds and he's only five months old. He will surely be a football star. Judith Lynn Anderson will soon be away for the rest of the summer. Beatrice Glaser had a novelst among novel ideas! "Beebe" had a flourishing one-day little business enterprise all her own. She gathered together all of her father's comic books, painted a little sign "Light Summer Reading, One Cent Each" and at the end of the day Mr. Paul Glaser of 865 Stephens street didn't have one single magazine to re-read. The Fourth of July was extra special to Mr. and Mrs. Richard Oams of 225 Joralemon street. The new arrival is named Elizabeth Ann Oams. George William Cutler also arrived on the Fourth. George is the son of Mr. and Mrs. George Cutler of 74 William street. And the last Fourth newcomer is James Louis Annear of 205 Valley street. Jimmy is the son of Mr. and Mrs. Clarence Annear. To Mr. and Mrs. Joseph Anthony Freda, a daughter, Marie Louise, who will reside at 46 Honiss street. Jane Theresa Sena, welcome and how are you today! Jane is the daughter of Mr. and Mrs. Ralph Sena of 68 Frederick street. Some day soon a jaunty new carriage will be seen strolling along the avenues and streets with Yvonne Peterson in it, daughter of Mr. and Mrs. Richard Peterson of 320 Greylock parkway and her birthday is July first. Michael Aloysius Hanley is the son of Mr. and Mrs. Michael Francis Hanley of 124 William street. George William Peterson, son of Mr. and Mrs. Harold Edward Peterson, is now living at 352 Cortlandt street. Nunziante Enrico Cernero is the son of Mr. and Mrs. Angelo Cernero of 74 William street. A son to Mr. and Mrs. Daniel Spillane, Jr. of Cortlandt street. This week's baby parade will close with the announcement of Muriel Dorothy Rosenberg, daughter of Mr. and Mrs. Arnold Rosenberg of 544 Washington avenue.

# It breathes through an extra "Nose" for action

### PAYS YOUR GAS TAX FOR YOU

At present Federal tax rates, the savings on gasoline effected by Compound Carburetion are usually more than enough to pay Federal taxes on the gas you buy.

TAKE a good look at this stunning straight-eight pictured here—in one important way it's like no other in the world.

It has two "noses" to breathe through.

One of them is the forward carburetor of Buick's Compound Carburetion—a thrifty, smaller-size gas-and-air mixer that handles all your normal driving with the greatest of ease and the maximum of thrift.

The other is a second carburetor with a very special mission.

It waits, unused, until you want action.

Maybe to take a hill. Maybe to pass a truck. Maybe to spurt through a sudden opening in traffic.

Whatever the need—you just press down the gas treadle.

The extra "nose" opens. Your engine breathes deeper. And *s-t-i-p!*—you're away in an extra

burst of reserve power no other car in the world can provide.

Sounds good? Naturally—but that's only part of it.

Facts are, your engine is more efficient with Compound Carburetion's extra "nose" for action. Owner-experience shows that you actually go as much as 10% to 15% farther per gallon than you did in previous Buicks.

So better go try it. Try out Buick's bigger size, greater room, extra comfort at the same time.

Then ask delivered prices.

Instead of being higher you'll find them actually lower than you'll pay anywhere else for anything like equal value.

†Available on Buick SPECIAL models at small extra cost, standard on all other Series.

### EXCERPTS OF COMMENTS

#### Condition of Finances and Debt Data

The Current, or general operating group of accounts, at December 31, 1940, showed an excess of cash over cash requirements in amount \$181,770.25, at provision in full for school funds in amount \$200,000.00, payable in installments to June 30, 1941. See Exhibit "A-7." The sum of \$381,000.00 was appropriated for this source as revenue in the budget for 1941. A cash surplus resulted from 1940 operations in the sum of \$187,888.06, despite non-receipt of Franchise and Gross Receipts Tax revenue anticipations in the sum of \$110,925.94.

Collections of current taxes equaled \$4,557.76 of the amount levied, compared with \$6,697.76 in 1939. Delinquent taxes collected in 1940, equaled \$71,536.76, the total outstanding at the beginning of the year, compared with \$2,787.72 in 1939. Redemptions of tax title liens, which are not anticipated as revenue in the budget, yielded \$27,248.93 in 1940, compared with \$24,722.00 in 1939. Comparative ratios of the balances on January 1 of each year were 6.98% and 6.547%.

Foreclosure of properties under tax liens continued, the total lien value of properties held by the Town having increased during the year in the sum \$95,439.16, by acquisition of 55 parcels. 52 parcels, having a total lien value of \$17,001.25, were sold during 1940 for the sum of \$24,121.15.

The total indebtedness of the Town, outstanding at December 31, 1940, was \$3,964,537.00. The Net Debt was \$3,194,384.46, or 11.14% of the average assessed valuation of real estate for three years. The statutory limit is 7%. Water Debt was fully deductible by reason of a surplus from operations. Gross Debt, including the sum of \$764,932.24, was 16.52% of the total assessed valuation for 1940.

#### RECOMMENDATIONS

(A) Repeated from previous audit:  
That care be exercised to avoid error in charges for water consumed.  
That the minutes of every meeting be signed by each board member present at the meeting.  
That the surety bond covering Recreation Supervisor Lister be rewritten to cover cash receipts as well as Petty Cash Fund.  
That the practice of issuing duplicate receipts for cash and other items received by or for the Recorder be adopted.  
That all delinquent taxes be included in each tax sale.  
That lists of delinquents per R. S. 54:4-2 and 93 be filed by the Collector as required.  
That interest penalties be collected on every delinquent payment.  
That the item in the "Current Account" termed "Building and Other Permits to be refunded", in amount \$5.00 be cleared by appropriate action.  
That petty cash funds be turned in on December 31 of each year and reestablished in the new year.

#### (B) 1940 Recommendations:

That missing tax sale certificates be replaced or the covered properties resold.  
That evidence of ownership, not presented for examination on two parcels of foreclosed property, be located.  
That minor errors in vouching payments and listing of vouchers in the minutes be avoided.  
That the stated intention to transfer foreclosed property records to the machine listing system be accomplished before the close of the year 1941.  
That extreme care be exercised to avoid errors in machine postings, particularly on entries of journal type.  
That further review of prior year personal property taxes be made and action evident in 1940 continued until final elimination of these delinquencies is effected in the current account.  
That consideration be given to elimination of interest accruals in foreclosed property accounts and consolidation of costs and lien balances in one current account.  
That all officials receiving revenues effect final settlement for the year before the close of business on December 31.  
That overpayments of taxes, assessments or water charges be cleared by appropriate means.  
That the amount due by the Current Account to the Relief Account be settled in cash.  
That the item of unapplied cash in the Current Account be investigated and extreme care exercised to avoid such items in future.  
That an appropriation be made in the 1942 Budget equal to the then uncollected balance of the Union Avenue Sidewalk Assessment to permit settlement of this item.

That an appropriation be included in the 1942 Budget in amount \$381.50 to balance the Baby Bond Account fully in cash.  
That the amount due by the Current Account to the Relief Account be settled in cash.  
That efforts be made to identify and secure return or defeasement of Tax Revenue Bond Certificates in the amount of \$6.00.  
That the cash in hand for Tax Revenue Bond Certificates be deposited and a list of outstanding certificates placed with the bank for payment upon presentation.  
That care be exercised in the accounting for materials and supplies in the Water Department to the end that the book and physical inventories may correspond at all times.

#### CERTIFICATION

I HEREBY CERTIFY that the foregoing Balance Sheet was condensed from those contained in the official Report of Audit for the year 1940, omitting Sinking and Pension Funds and Bond and Interest Accounts, and that the Excerpt of Comments was drawn therefrom and that the Recommendations are stated full as appearing in said report. In my opinion, the foregoing constitutes a "Synopsis or Summary" of the audit within the meaning of R. S. 54:4-2.

#### STATEMENT

The foregoing summary of the Report of Audit for the year 1940, together with the recommendations contained in said report, is published in accordance with the provisions of R. S. 54:4-2 and 3. The complete report is on file in the office of the Town Clerk, where it may be viewed by any interested taxpayer.

## Comments by Mayor-Finance Director Williams

The above audited balance sheets show a very healthy condition, which, together with the continued gains indicated by the excerpt of comments and the progressive reduction in debt should be of profound interest to every property owner and resident of our Town. In connection with the recommendations made by the Auditor, it may be stated that many are of a routine nature and further that of the thirty-seven recommendations contained in the report of audit for 1939, only nine are repeated herein.

All of these recommendations are receiving careful attention, many are in process of adoption and it is highly improbable that a which might be termed criticism will be open for repetition in 1941.

The Town of Belleville in 1970?

What will the Belleville of the future be like?

While you may not have given any thought to this question, it is of concern to those who are operating the town, guiding its policies and determining what course should be pursued with an eye to future development and expansion. An interesting analysis was released this week by the Regional Plan Association based on surveys made in nine northern New Jersey counties and in parts of the New York region taking in Manhattan and neighboring boroughs and municipalities.

The growth of population in Essex County has virtually stood still during the past ten years. While there has been some growth in the suburban areas, metropolitan Newark has gained. In fact, the report states, Newark has lost some ground in the number of its residents.

Most amazing of the gains is that of Bergen County, according to the figures of the Regional Plan group. Since 1930, Bergen County's population has increased twelve per cent. No doubt the opening of the George Washington Bridge helped to stimulate this growth, and more lately the Lincoln Tunnel has been a factor. Based on the ten-year growth and estimated future development, the experts believe that by 1970 Bergen County will have registered a twenty-five per cent gain in population.

Suburban Essex, the Regional Plan survey specialists believe, will show a population gain of twenty-five per cent during the next thirty years. Whittling this down to Belleville's population, we think that these figures should serve as a guide post for the Board of Commissioners in planning business development and future residential and apartment house development. It should also be the key in determining the advisability of opening future park or playground areas.

For the Board of Education it should hold great importance. Belleville for the most part is a town of schools that were developed a number of years ago. Would a sizable expansion in the next thirty years

mean an expansion of present school facilities or would it require the erection of new school buildings? If so, where would they be located? Should the town, in permitting the construction of large scale single-family dwellings, make provisions for the possible erection of more schools?

The charts and the population figures and graphs contained in the Regional Plan report should serve as a base for the future studies of plan groups and other government bodies. We lived through an era of hit or miss development. We are paying for it today and should not make the same mistake twice.

True, Belleville and other communities in this section have virtually stood still in the past decade, but with the opening of new highways, the arrival of new industries, there is bound to be a growth.

In speaking of communities presented with problems similar to that of this town, the report said in part:

"The best chance of reclaiming some of these older communities lies in the establishment of adequate parks and playgrounds, the organization of large residential areas into neighborhood units and careful budgeting of capital improvements over a period of years.

"Despite their marking time since 1930, Essex, Middlesex and Passaic Counties are expected to increase their growth during the next thirty years, but population growth in both the region and the nation as a whole is slowing down and some time after 1970 it is expected that the number of people will reach a stable maximum."

Typical of the problems facing this town is that which now confronts it. New industries have come here, yet there is a shortage of homes for their employees. This can be easily shown by real estate offices or the replies received by those who offer houses, apartments or rooms for rent. We have provided for industry and concentrated on selling it on establishing here, but no provisions have been made for taking care of its help.

A Need For The Defense Council

Whether the need for a defense council will ever be put into actual practice or not is something that no one knows. We can all hope that the day will not come that it will be required to fill the duties to the fullest extent. However, like other defense preparations which are being made, it is vital that one should be named.

One of the most important tasks which confronts this group is the coordination of the various activities of patriotic and welfare organizations which have already started some activity which fits into the nationwide program. Should an emergency come, it would be futile for half a dozen groups to attempt to accomplish the same purpose. There is something for everybody to do, but the barriers of self-interest and individual organizational pride must be hurdled if this community or any other is to map out a successful emergency plan or program.

Some municipalities are far ahead of Belleville in local preparedness. However, we do have a number of groups here which have taken the initiative to start something. By drawing sub-committee memberships from these organizations and by calling them in for consultation we think that the defense council can so well organize itself and the people of this community that Belleville will be well prepared to meet any task that it is called upon to face.

Do not underestimate this defense group or its importance. It has been granted power by state law. It would be the controlling force in the event of any emergency. Its program has been planned by the state council which is following the advice of the national group. This is not war scare propaganda. It is common sense preparedness so that if the day does come, Belleville will be ready.

Manufacturers Do Their Part

The Manufacturers' Association has repeatedly demonstrated its willingness to do its share in town activities. No better example of this could be given than the announcement this week that with the contribution from the manufacturers the U.S.O. drive has gone over the top.

In too many places manufacturing concerns and their leaders believe that the community owes something to them. It seems that the reverse holds true here. Regardless of what it may be, the U.S.O., the Community Chest, something for the Recreation program or some other charity, it has been our experience that the manufacturers have always been willing to do more than their part.

This is not intended as a tribute to the Manufacturers' Association necessarily, but to bring to people's minds the fact that all industrialists are not the hard-hearted fellows they have sometimes been pictured as being by some speakers, politicians or writers.

This town stands to benefit from its industries but it is just as important to have the men who head these businesses interested in seeing Belleville progress and do their part. The contribution made through the efforts of the manufacturers' group to the U.S.O. is not indicative of the employers' spirit but that of the employees, many of whom reside here in town.

A Warning to All Municipalities

A sharp warning to all municipalities that WPA may soon be a thing of the past came recently when thousands were lopped off the Federal work project payroll in this state. Belleville, like most other municipalities, felt the effect and will again, should further reductions in the number employed be made.

It serves once again to drive home to all communities the fact that relief is still with us and despite apparent prosperity occasioned by the industrial boom, there will

continue to be a certain number who must be classed as unemployables and will depend on the municipality for at least a part if not all of their subsistence.

While a product of the depression, because it developed a class which never recovered from the setback of 1929, it now seems that it is here to stay. Industry with its increased mechanized efficiency and the inclination of business not to employ those over certain ages, has all helped to create the condition.

ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

Whither the Democratic party in New Jersey? This question is not asked with the idea that it can be answered properly. The implications of the break between Governor Edison and Mayor Hague are so tremendous that weeks must elapse before they are understood fully. Edison is out to build a new Democratic party; Hague, naturally, seeks to retain control of the old party and to insure its dominance.

The first thing to realize in essaying its importance is that the break means civil war within the party. Civil war within one organization usually inures to the benefit of its rival, in this case the Republicans. Sometimes, however, a new political movement displays such vigor that it soon becomes stronger than either the old faction or its

party rival. But these cases in American politics are extremely rare. Nor do I see how the faction of the Democratic party now behind Edison can grow to such height in the near future.

As far as the legislature is concerned, Edison is now very much a man without a party. Despite all his prestige, the Governor succeeded in getting only three assemblymen and two senators to vote with him. Five followers out of a total of eight-one are not very impressive. As far as a legislative program is concerned, Edison has placed himself at the mercy of his Republican opponents. Henceforth the laws he desires passed must be put over, as were the Railroad bills, by Republican votes.

The coming primaries and general election may result in a substantial increase in the size of the Democratic legislative bloc favorable to Edison and probably will. At the same time, however, civil war within the Democratic party will tend to strengthen the present Republican majority in both houses of the legislature. This new majority may tend to back the Governor more generally than has the present one. But neither will back him except on its own terms.

**Edison Doomed**

Until the Railroad bills came up for consideration, it was the Republicans in Trenton rather than the Democrats who tried to sabotage the Governor's plans. There is nothing in its past record that indicates the Republican party in New Jersey will rise above its usual partisanship. Thus, with all his prestige and popularity, Edison seems doomed — short of a political miracle — to be an isolated figure, ineffective in that he will have no party to help him.

Will a political miracle come to pass? The only one that seems possible is a successful constitutional convention that would insure among other things the right of the Governor to succeed himself. Had Edison the privilege of appealing to the electorate in 1943 to endorse his program by re-electing him, a legislative following could be acquired overnight. In essence, however, a New Jersey governor is a lame duck before he even assumes office.

Next to the pocket borough formed by the majority of eleven counties with only fifteen per cent of the population, this inability of a governor to succeed himself is the most vicious thing in the present constitution. It practically guarantees that the state will be governed by a tyranny like that of Hague or a racketeering anarchy like the present Republican party.

I see no alternative but for Edison to perform his own political miracle. That is boldly to call a constitutional convention by proclamation and hope that the delegates chosen will take steps to end both the Hudson County tyranny and the South Jersey road and job racket.

LOCAL TRAINEES SHIPPED SOUTH

**Nine More Local Men Among Those Shipped From Fort Dix**

Private Carmine M. Ucci of Naples avenue recently inducted trainee, was among the ninety men who left Fort Dix Friday morning for Aberdeen, Md. where he was assigned to the Ordnance Replacement Center for training.

Six local youths were among the 412 trainees who last week were assigned and sent to Camp Lee, Va. where they have been temporarily placed in the Medical Corps Replacement Center for training. They are Joseph W. Frunzi, Harry D. Matthews, John E. Stefaniak, Jr., Stanley W. Wojciechowski, Raymond L. Zackman and John D. Uzzolina.

Now at Fort Bragg, N. C. where they have been assigned to the field artillery replacement center are George B. Jocher and Elmer G. Gibbs. They were among the 275 men who left Fort Dix last Thursday for the southern camp.

Bill Parmer Given Praise By Dartmouth Alumni

Dartmouth Junior Bill Parmer, son of Superintendent of Schools and Mrs. Wayne Parmer, is credited by the men of Dartmouth for having given the Hanoverites a 3-2 win over the Cornell University nine which knocked the big Red team out of first place in the Eastern Intercollegiate League.

This month's Dartmouth alumni magazine styles Parmer's role in the contest as a "Frank Merriwell role." The ball game was going into the last of the ninth with the score tied at two-all when Parmer pulled the stunt that made him the toast of Hanover for the night.

Two Dartmouth men were on base, one on third and the other on second. Parmer was called upon as a pinch hitter and promptly poked a sharp double into center field which sent home the man from third and broke up the ball game.

Police Are Still Searching For Fred Hallbauer

Police are continuing their month-long search for eighteen-year-old Fred Hallbauer of 67 Beech street who disappeared from his home on June 24.

Alarms describing the youth have been sent to eight Eastern states. Any person having information about the whereabouts of the youth should communicate with Police Chief Spatz.

605 Broad Street, Newark.  
"Truth" is the lesson-sermon subject for Sunday in all Christian Science Churches and Societies.  
The golden text is: "O praise the Lord, all ye nations... For his merciful kindness is great toward us: and the truth of the Lord endureth for ever."  
Among the lesson-sermon citations is the following from the Bible: "He is the Rock, his work is perfect: for all his ways and judgment: a God of truth and without iniquity, just and right is he."  
The lesson-sermon also includes the following passage from the Christian Science textbook: "It is essential to understand, instead of believe, what relates most nearly to the happiness of being. The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings."

## NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening, July 22, 1941, having been read in its final form at least one week prior thereto and is therefore now a law and hereby published according to law.

**FLORENCE R. MOREY, Town Clerk.**

**AN ORDINANCE PROVIDING FOR THE TOWN OF BELLEVILLE TO CONTRIBUTE TO THE COST OF CONSTRUCTION OF VEHICULAR TRAFFIC SIGNALS AT THE INTERSECTION OF FRANKLIN AVENUE AND MILL STREET, APPROXIMATELY THE SUM OF \$75.00 THEREFOR.**

The Board of Commissioners of the Town of Belleville in the County of Essex, do ordain:

Section 1. That the Town of Belleville shall contribute to the cost of construction of vehicle-actuated traffic signals at the intersection of Franklin Avenue and Mill Street, which are to be constructed by the County of Essex.

Section 2. It is hereby determined and stated that it is necessary that the Town of Belleville contribute to the cost of the immediately preceding paragraph, and that the estimated amount of money estimated to be raised from all sources for said purpose by the Town of Belleville is \$75.00.

Section 3. To finance said purpose there is appropriated the sum of \$75.00 which sum has been and is available for said purpose in the budgets of said town, and consists of a portion of the Reserve for Down Payment on Capital Improvements.

Section 4. Not more than Twenty-five Dollars of the sum to be appropriated shall be used to finance engineering or inspection costs and legal expenses.

Section 5. No part of the cost of making said improvement has been or is to be specially assessed against any property specially benefited thereby.

Section 6. It is hereby determined and declared that the supplemental Debt Statement required by said Act has been duly made and filed in the office of the Town Clerk of said town, and that such statement, so filed shows that the gross debt of said town as defined in Section 40-176 of the Revised Statutes is not increased by this ordinance.

Passed first reading: July 22nd, 1941.  
Passed second reading: July 22nd, 1941.  
ADOPTED: July 22nd, 1941.
