

# CONSTRUCTION PUSHES AHEAD ON AVENUE

Two Business Structures Nearing Completion; Third To Be Started Soon

"Boom town" isn't far from an accurate description of the building that is taking place on Washington avenue these days. The two-story red brick office building springing up next to the Peoples Bank is rapidly nearing completion and will be ready for occupancy in about a month, according to the estimate given by Patrick Greco, contractor.

The Lottery building also on the west side of the avenue and below Rutgers street is also in about the same stage of construction. Just about the time these will have been completed, a third one-story structure containing three fifteen-foot stores will be started. Its location will be on the land south of the Belleville Liquor store and across from Town Hall.

When the local business offices of the New Jersey Bell Telephone company will move into the Greycliff Heights Realty company's building next to the bank is uncertain. W. A. Vansbury, phone company business manager, says it is hard to hazard a guess, although moving day may be set tentatively around the middle or later part of October. Seasonal moving periods involving stepped-up installation and change of phones during September and October are reasons for the delay.

Divorcing the business offices of the company from the switchboards will be no inconvenience, Vansbury says, because of the complete system of intra and inter-office communication via telephone that will still be in effect. The new main floor offices will provide greater space for the employees, whose present quarters are disjointed, cramped. After their removal the space now occupied in the old building will be returned to a traffic rest room.

# LOCALITE KILLED IN COLLISION

Services Today For Anthony Pellechio; Fatally Injured in Auto Accident Sunday

A mass of requiem was held this morning at 9:30 in St. Lucy's Church, Newark, for Anthony Pellechio of 27 Ogden road, who died Sunday night as the result of an automobile collision on Route 6 in Parsippany.

Pellechio, who suffered a skull fracture and internal injuries, died shortly after reaching St. Joseph's Hospital, Morristown. Riding in a car driven by his brother Rocco of Newark, the accident occurred when a car travelling in the opposite direction careened across the center grass plot on the highway and struck the Pellechio car in the opposing traffic lane.

Occupants of the Pellechio car included the wife of the deceased, their children, Arthur, fourteen, and Anthony, Jr., eleven; his sister, Miss Anna Pellechio and Mrs. Rocco Pellechio. Miss Pellechio is still in All Souls' Hospital being treated for fractures of the upper and lower jaw. She also suffered the loss of several teeth. The remainder of the occupants are at home, having been treated for minor cuts and bruises.

The driver of the careening car, Basil Moselle, and his daughter Annette, of Phillipsburg, both suffered severe injuries.

Pellechio, who was thirty-seven years old, was born in Newark and lived there until a little over a year ago when he moved to Belleville. He attended Newark schools and was assistant manager of the Roseville District of the Metropolitan Life Insurance Company. He had been with the company for four years.

He is survived also by two other brothers, Otto and James, both of the Ogden road address, and by another sister, Mrs. Louis Montefusco of Newark. Interment was in Holy Sepulchre Cemetery, East Orange.

# "Murder At Midnight" Receipts Contributed To U.S.O.

A contribution of forty cents to the U.S.O. fund may not seem like much one way or the other to some folks, but a couple of local boys can tell you that it took some work.

George Harrison and Bob Wirtz, eleven and twelve-year-olds of Baldwin place, became play-actresses, actors and producers to net it. The doors to the Wirtz cellar were thrown open on Friday afternoon, and for an admission of two cents, all comers could witness the unfolding of that original three-act thriller, "Murder at Midnight." The boys wrote it for themselves, so naturally they didn't have to employ a cast. Lemonade was available to the audience during intermission for a charge of one cent per glass. Mrs. Theresa Singer, U.S.O. secretary, is the current custodian of the receipts.

# An Awful Lot of Pans, Fellas!

THERE'S SOMETHING ABOUT a heap like that that makes a fella's eyes bulge. Local young fry compute probable estimates of the number of pans in the aluminum bin outside Town Hall, as one of the Town trucks with its crew of police and fire department members, Boy and Girl Scouts, dump their load. Generous Belleville householders filled the bin to overflowing at end of the drive which exceeded fondest hopes of official prognosticators.

# Ticket Sale Ends Sunday For St. Peter Excursion

Large Committee Winding Up Preparations For An Estimated Capacity Crowd of 2,000 in Seventh Annual Boat Trip Up Long Island Sound

Final preparations are going into high gear for the "pushing off" signal Tuesday morning when the steamer Clermont chugs out of Port Newark Wharf, Newark, for the seventh annual excursion for St. Peter's parishioners and friends.

Ticket chairman Mrs. Thomas McNair emphasizes the fact that all tickets must be purchased not later than Sunday, for the day-long boat trip up Long Island Sound to Roton Point Park, Conn. She may be reached at Belleville 2-209-J. The refreshment committee headed by Mrs. William Sullivan of Belleville avenue will welcome the donation of refreshments, since all the concessions on the boat will be operated by the group.

It is expected that the steamer's capacity of 2,000 will be filled with lunch and bathing suit laden passengers looking forward to a full day of fun. In addition to various forms of amusement available at the park, an orchestra is scheduled to provide music for dancing for the young folks on shipboard.

The gangplank will be hauled in promptly at 9 Tuesday morning. To facilitate transportation, chartered buses will leave the church at ten-minute intervals from 7:45 to 8:30, for the trip to Port Newark Wharf. Those wishing to make use of the buses are requested to purchase their round-trip tickets in advance, as only enough buses will be chartered to accommodate the advance sale.

The children will be well cared for with a schedule of special games arranged by trained instructors, and as in previous years, there will be a trained nurse or two on hand for emergencies.

General chairman of the affair is Rev. Joseph M. Kelly, assisted by Rev. John S. Nelligan.

Miss Teresa K. Salmon is in charge of the women's committee. William J. Friel, chairman of the men's committee, is being assisted by John E. Burke, John Callahan, William Hood, Thomas Lukowiak, Edward Lukowiak, George Kierman, Thomas Haney, John Mazza, Frank Neary, William Neary and John J. Sullivan.

Mrs. Thomas Dillon has charge of music. John Sullivan is handling refreshment tickets, aided by Mrs. Patrick Gelschen and Mrs. Thomas McNair.

Miss Helen Kelly is chairman in charge of candy and ice cream. Those helping her are the Misses Charlotte Gilsleider, Mary Glynn, Maude Donnelly and Greta Kinnealy. The soda committee is headed by John Mazza, assisted by John Baney.

# VOTE REGISTRATION CLOSING AUGUST 7

Town Clerk's Office Open Evenings Next Week; 12,810 Voters in Town

Seventy-two registrants since the November, 1940 election have swelled the number of Belleville's voters to 12,810 according to figures obtained yesterday from the Essex County Commissioner of Registrations. Persons who have not already permanently registered are urged to do so in the Town Hall which is open daily. On Tuesday, Wednesday and Thursday evenings next week the Town Clerk's office will be open from 7 until 9 p.m. for that purpose.

All registrations, transfers and filing of petitions will be closed on August 7, forty days previous to the Primary Election on September 16 according to a ruling adopted this year in Essex County. This leaves ample time for investigation of transfers and compilation of ballots in the various municipalities. Ten members of the Republican and sixteen members of the Democratic party have filed petitions with the Belleville Town Clerk signifying their intention to run for office in the forthcoming election.

# DEFENSE COUNCIL MEETS TONIGHT

Fifteen-Man Board Will Hold Preliminary Discussion of Program

Members of the newly formed defense council will meet this evening with Mayor Williams for a preliminary discussion of the duties and activities they will embrace.

Formed a couple of weeks ago, the fifteen-man board is composed of representative citizens from all walks of life. With the defense of the town in the event of possible emergency as their purpose, they will act as a future meeting point from among themselves, heads of various committees, and determine a program of action in the order of its importance.

Among the committees which are to be considered for organization and study are the coordination and intelligence committee; transportation and communications; law and order; fire protection; water supply; streets and highways; American Red Cross; rescue committee; necessities of life; shelter; medical health and sanitation; power and light; home guard; home gardening and historical.

# Trouble, Trouble, Trouble Dogged U.S.O. Ball Game

Trouble dogged the footsteps of the U.S.O. softball game organizers over the weekend when first one thing, then another, happened to make them wish they had never had the thought. The Branchports of Long Branch were scheduled to play a double header against the West Ends of the Rec circuit at the Municipal Stadium on Sunday afternoon, with the idea of swelling the U.S.O. fund.

Trouble No. 1 developed when a last minute substitution had to be made for the Branchports by the Nizoleh Homemakers of the Ironbound section of Newark.

Trouble No. 2 rolled in with heat that bounced the mercury near the bursting point and only a total of four team followers appeared to pooh-poo the possibility of sun stroke.

Troubles Nos. 3 and 4 were prohibition of the use of the regular diamond and a sound brouncing of the locals with a score of 12-4.

Trouble No. 5 climaxed the day when Umpire Phillip Bruno of the West End loop was knocked out by a direct hit.

Trouble enough? Well, I guess yes!

# Wanted—Boy Scout Bugler But He Has To Be Good

Belleville's District Commissioner of Boy Scouts, W. Douglas Clark announced Monday that a position as bugler is available with the National Canoe Club at their camp on the Canadian side of the St. Lawrence River for a Boy Scout who is at least fifteen years of age and adept with his bugle. The five main bugle calls are essential for this program.

Transportation and a expenses will be paid for the assignment which covers the two middle weeks in August. Any Belleville Boy Scout who thinks he is qualified should get in touch with Mr. Clark immediately by calling Be. 2-2020.

# MORE TRAINEES HEAD FOR CAMP

James White, 21-Year-Old Volunteer, Joins Contingent

Included in Belleville's latest crop of fifteen inductees which entrained for Fort Dix yesterday morning was twenty-one year old volunteer James Thomas White of 75 Holmes street, the third volunteer in the group. George Britzke of Hornblower avenue, originally scheduled to leave this morning, was temporarily deferred by the local draft board this week. This brings the total of the town's young men inducted into military training through the local draft board to 220.

Members of the National Guard and regular army who have signed up number 164, making an aggregate of 384 inductees credited to Belleville. Under the present quota of 547, it leaves a balance of 163 to be called.

The next group of trainees is scheduled to leave on August 12, and is to be composed of eleven white and two colored men.

Those who registered on July 1 are now listed on the bulletin board at Town Hall and may obtain their proper order number by consulting it. First questionnaires were mailed to this group yesterday.

# SERVICE BUREAU ADDS WORKER

Miss Ann Shyne Will Fill Two-Year Vacancy In Case Field

Halley F. Hickok, president of the Community Service Bureau has announced that tomorrow Miss Ann Shyne will be added to the staff of the Bureau as a case worker. She will be filling a vacancy of two years' duration, necessitated by reasons of economy.

"Miss Shyne comes to us well qualified for the work she is to do," Hickok says. "Graduating from Vassar College in 1935 she was awarded a fellowship for graduate study and subsequently attended the Smith School of Social Work, receiving her certificate in 1936. Since then she has had two years additional work at Bryn Mawr college in the department of social economy and social research. Miss Shyne has had varied professional experience first as a worker in the Rochester, N. Y. Public Welfare department, then as research assistant at the Austen Riggs foundation and also in the department of social economy at Bryn Mawr.

"With our staff again of normal size we look forward to being able to give more extensive assistance to those seeking family and child welfare services," Hickok says.

# Are Continuing Discussions On Salary Revision

The Board of Education committee working on salary schedule revisions for employees hopes to have a report for the board within the next few weeks. The committee, Trustee Charles Gebhardt reported on Monday night, has held two meetings.

Gebhardt and James Lynch are representing the board in the discussion of the question. School teachers last spring petitioned the Board of Education for pay increases.

# Daughter to Jerry Lilores

A daughter, Anna Marie, was born Saturday night in the American Legion Hospital to Mr. and Mrs. Jerry Lilore of 24 King street. Lilore, a member of the local police force, and Mrs. Lilore have two older children, Gerald and Cecelia.

On Monday night, in the same hospital, a son was born to Mr. and Mrs. Dominic Guarino. Mrs. Lilore and Mrs. Guarino are sisters. The Guarinos, who live in Nutley, are the parents of three other children.

# PROBABLY \$1,000 OVER QUOTA IN U.S.O. DRIVE

Figures Still to be Talled And Audited Before Official Result

U.S.O. Chairman Richard Shanahan could not report much progress on the wind-up of the drive at Monday night's meeting, pending receipt of the contribution of the Manufacturers' Association, final figures from Otto Breunlich's house-to-house canvass division and the decision of an official audit. However, with some unofficial mathematics, The News estimates that final receipts will show an excess of \$1,000 over the town's quota of \$4,500.

The News, again unofficially, adds up over \$3,000 from the house-to-house divisions. Included in that sum are seventy-one dollars from the block dances; \$2.01 from the Junior Red Cross Learn-to-Swim group and forty cents from a couple of Baldwin place boys who staged a benefit, all previously unreported.

Division captains in the house-to-house canvass which was originally headed by John Charlton until he left for Camp Mohican where he is director, are:

Division 1: Joseph Deleporte; 2: A. S. Achermann; 3: J. Hewitt; 4: A. Thomas; 5: W. L. Brady; 6: W. L. Brady; 7: W. L. Brady; 8: W. L. Brady; 9: W. L. Brady; 10: W. L. Brady; 11: W. L. Brady; 12: W. ## SUGGESTS READING AUTHORS' LIVES

Mrs. Shattuck Says Autobiographies Often Give Hint To Plots For Stories

Did you ever wonder after reading a book where an author got the idea for the plot or some climax in the story? It may have been some experience or even the story of the author's own life. Mrs. Elizabeth A. Shattuck, public librarian, has singled out a number of autobiographies from the shelves of the library which are the life stories of some of the country's best known authors and which she says make just as interesting reading as the fictional characters about which the authors usually write. Included in those suggested are:

Adventures of a Novelist, Gertrude Atherton; Testament of Youth, Vera Brittain; Goodly Fellowship, Mary Chase; Homecoming, Dell; If This Be I, Margaret Deland; Peculiar Treasure, Edna Ferber; Lone Cowboy, Will James; Autobiography, John Cowper Powys; My Story, Mary Roberts Rinehart; To the Best of My Memory, Albert Payson Terhune; Experiment in Biography, H. G. Wells.

The Aluminum Shortage

A "bang-up" job was accomplished in Belleville this week, in the aluminum drive. A quick appraisal of neighboring stacks shows that the town's response to "all out for aluminum day" was in keeping with its usual showing of public-spirited cooperation. Belleville's battered pots and pans out-stack those in both Nutley and Montclair. Vital factor in making the drive successful was the cooperation of the police, firemen and Girl and Boy Scouts who made the house-to-house canvass.

Not so long ago aluminum was just another everyday word in our vocabulary. Now, with the Defense program invading the Belleville kitchens in a search for an increased supply of the metal, it assumes a new significance. Along with the town's hearty cooperation in the collection of battered pots and pans comes a natural curiosity concerning the facts of supply and demand.

What is the government doing to increase aluminum supply? Will more drives banish aluminum from home use, and what will be the substitute? And other queries along the same line naturally arise.

The Government is going into high gear to take care of a long-range demand, according to the Office of Production Management which has announced that plans for seven Federally owned aluminum plants have been completed. When these plants are in operation, it is estimated that they will yield an additional 600,000,000 pounds

annually. This, with the Canadian import added, will more than double the total available supply yearly.

When this is accomplished there will be ample margin for a step-up in airplane production, because the total direct and indirect military requirements for the last six months of this year are said to be 400,000,000 pounds.

That the present shortage is acute and the problem a serious one is shown by the fact that the current rate of supply of virgin aluminum cannot be expected to reach that figure during the same period. It is hoped that secondary metal or that gathered in the recent nation-wide drive, when remelted, will stretch out to fill the remaining requirement.

Secondary aluminum is always useful in certain indirect military uses, for which virgin aluminum is now being largely used. But, although some specifications in requirements of military equipment have recently been changed to allow for its use, it cannot be employed widely for direct military purposes.

It is apparent that until the step-up in aluminum production is attained, defense needs will have priority. The problem of keeping the supply of fabricated aluminum parts flowing to the places they are needed at the time they are needed is an urgent one. And until that situation is relieved, no new aluminum will be available for civilian use.

Child Fatalities A Warning

Summer time is vacation time to all youngsters, and it brings with it a carefree abandonment of the routine warnings and admonitions that go with school days and a clock-like schedule. The Mayor's warning on child fatalities is timely. The fact that child deaths due to automobile accidents have increased eighty-seven per cent in the state during the first half of this year is an alarming one, and one which should give not only parents but all adult drivers pause.

Playing on sidewalks and in streets, though not the best practice, is prevalent. Youngsters intent on their own pursuits cannot be relied upon to think first of their own safety. When they dart out to retrieve a ball, the last thing the majority of them think of is that they are endangering their lives. Their minds are on the business of the moment.

Figures released by State Motor Vehicle Commissioner Arthur Magee indicate that deaths in the state have risen ten per cent

An Answer, Please

The President could pave the way, it seems to this newspaper, to a quick end of the hubbub in Congress over prolonging the term of men now in the Army, if he answered one, compact little question.

That question is this. Exactly what is the danger that the President, Mr. Knox and Mr. Stimson mention so frequently and never define? Who is going to attack us, when, where and how? The simple fact is that most of the country discounts these warnings. They are too general. Factual statements would not be laughed off.

If this question is answered, as it should have been long ago, and the facts bear out the general claims, the present row in Congress would be silenced almost automatically. If there is real, specific danger, few Congressmen will oppose extending the period of service, for certainly nobody inside of Congress or outside, thinks that the sub-

Standardization For Defense

When we finish with World War II the probabilities are that the usual shopping expedition will have become a dull affair. Not only for milady looking for something "different" in housewares, but for any potential purchaser used to the intriguing job of comparing the advantages of variously designed objects intended for the same fundamental purpose. Variety and draftsmen's dreams will have vanished before the national purpose of simplification in industry.

It starts with a premise upon which we surely all agree by this time — that this war is a battle of production. In order to give Hitler and his cause an effective trouncing, it is becoming increasingly apparent that the combined effective war production of this country and Britain has to exceed the effective war production of Germany, her allies and countries under German control.

It's a large order and one which no nation other than ours could begin to attempt. However, the consensus of opinion is that we can do it. We can do it if we reconcile ourselves to forfeiting some of the frills in the process. We have neither the raw materials, machinery nor the workers to continue private business as usual and still produce the defense products necessary for our purpose.

It resolves itself into an irrevocable cut in consumer production. The idea isn't a new one. It began with World War I. For example, fifteen years ago there were more than 4,600 kinds of shotgun shells on the market. Changes in the industry reduced the variety to less than 350. Types of spades and shovels available slid from 5,000 to 1,000 when the simplification process began. By reducing varieties in any industry, stock turn-over is naturally speeded up, and resources which are in demand are not lying idle on store shelves and in warehouses. It is granted that we have enough of most of the resources we need if the production of consumer goods is not more ambitious than the demand.

Soon an industry committee will convene in Washington to discuss the whole program of simplification with members of the Bureau of Standards and defense officials. Doubtless, the length of the war will determine the lengths to which we will go in the simplification of products. And conversely, the faster we get on with our standardization of products, the quicker will we see an end to the European menace. Some standardization is inevitable. We may possibly see the day when individuality in all manner of things becomes taboo.

ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

by Meador Wright

Mayor Frank Hague's offer to relinquish the leadership of the Democratic party to Edison was obviously insincere. What he meant was that Edison could have the leadership of all factions outside of Hudson. These factions have not been too friendly to Hague for several years, but the Hudson machine is so powerful that it is an axiom that whoever controls it will control the remainder of the state. After all, it is Hague who has built the better mouse trap.

Zink and Driscoll

The selections of Senators Zink and Driscoll were generally lauded, even though they proved that the primary object of the New Jersey Senate is feathering its own nest. Had they been men of less honor or ability they would have been chosen none the less, just as Senator Foran finally got the job that he has been seeking with brazen candor for more than two years.

Zink's election to the comptroller'ship has thrown the problem of selecting his successor squarely into the lap of Arthur T. Vanderbilt and his Essex advisors. There is no secret of the fact that Zink wanted to run for a second term, nor that a majority of Essex leaders did not favor him as a candidate. Those in high Republican circles say that only when a blunt statement was given him that he was not in favor as the Clean Government candidate for senator did Zink make up his mind to accept the comptroller'ship.

Clee and Vanderbilt

Selection of a candidate for the Senate no less than the make-up of the remainder of the ticket promises to bring nearer a showdown the long-smoldering rivalry between Vanderbilt and Dr. Lester H. Clee. The so-called Regular Republican group under the tentative leadership of William C. Cope of Glen Ridge is making a strong bid for Clee support.

Reports are out that a complete ticket will be entered in the primary in opposition to Clean Government, but my belief is that this threat is put out only for trading purposes. Cope has no desire to lead a movement that has hardly any chance of winning, and Clee is going to think many times before he lends his name and prestige to an opposition movement. But Clee holds a good hand, and is likely to play it shrewdly in the conferences that are sure to be held before the deadline for filing petitions on August 7.

Speers for Governor

Of the candidates for senator mentioned for Clean Government endorsement, Mayor William B. Speers of Montclair seems to evoke the most favor. Many consider Speers good timber for the gubernatorial contest two years hence and are pushing his candidacy with that idea in mind. My own belief, however, is that Speers will turn down all importunities to seek Zink's seat.

Other candidates mentioned are Anthony P. Miele who is considered to have been unusually able as commissioner of registration, and Assemblyman Cavichia. George H. Becker is considered sure to get Clean Government endorsement for sheriff and will make a strong candidate.

The candidacy of Edgar Williamson for senator doesn't seem to be making much headway. There are indications that he would like to get back on the Clean Government reservation and

Capitol Plans To Aid U S O Theatre Drive

The Capitol Theatre here will participate in a national theatre drive for the U.S.O., which will be held in all theatres throughout the country during the week of September 1.

Announcing that he had persuaded Joseph Bernhard, general manager of Warner Brothers Theatres, to head the campaign, Thomas E. Dewey, National U.S.O. campaign manager said — "I have asked the motion picture theatre men of the nation to volunteer their services and their theatres for the U.S.O."

"Since the original budget was planned, the government has practically doubled the number of men who will be in service within a year, and the U.S.O. will need additional funds. Therefore, we are asking the American people to contribute further and have asked the theatres of the nation to wind up the campaign during the first week of September."

Mrs. Albert Borman of Mertz avenue is home after a stay in Ocean Grove.

Mr. and Mrs. George Franklin of Greylock parkway have been hosts for the past two weeks to their nieces, the Misses Patricia Cole and Shirley Seuffert of Rochester, N. Y.

Oliver-Fritts Nuptials On Saturday Evening

The marriage of Miss Helen Dorothy Fritts, daughter of Mr. and Mrs. George Fritts of 234 Ralph street, to Charles H. Oliver son of Mr. and Mrs. Charles Oliver of 533 Washington avenue, will take place Saturday at 8 at the Wesley Methodist Church,

The Rev. Edgar M. Compton will officiate.

Matron of honor will be Mrs. Aline Yskamp of Paterson, and the bridesmaids will be Mrs. Catherine Soden of Nutley and Miss Bettie Cronshey from town. Mrs. Yskamp and Miss Cronshey are both cousins of the bride elect. George Oliver of Newark, brother of prospective bridegroom will be best man. The ushers will be John Matthews of Nutley and George Fritts from town, brother of the bride-elect.

The prospective bride will wear a gown of white slipper satin trimmed with seed pearls and made princess style. She will wear an imported headress of seed pearls with a long illusion veil. Her matron of honor will wear pink mousseline de soie, and her bridesmaids will wear yellow gowns of the same material. They will wear flowers in their hair, and carry arm bouquets of gladioli to match their gowns. The bride elect will carry a white bible with a white orchid, and streamers of baby's breath.

The soloist will be Miss Sadie Lynas of 10 Belmoor street, who will sing "Because," and "At Dawning," accompanied by Miss Mary Elizabeth Compton at the organ.

A reception will be held at the Elks Hall immediately after the ceremony. For going away the bride will wear a beige suit and luggage tan accessories. The couple will take a wedding trip through the New England States. Mr. Oliver is connected with the General Electric Co. of Bloomfield.

Hauck-Schellin Troth

The engagement of Miss Shirley Schellin, daughter of Mr. and Mrs. Charles Schellin of Bell street, and John Hauck, son of Mr. and Mrs. Ben Hauck of East Orange, has been announced. Miss Schellin was graduated from the local high school and Mr. Hauck from East Orange High School. The latter, now stationed with the U. S. Army in Fort Jackson, S. C., was formerly an employee of the Wright Aeronautical Corporation.

A daughter was born Monday in East Orange General Hospital to Mr. and Mrs. Robert C. Grubin of 125 Bremond street. Mrs. Grubin is the former Miss Pauline Rosenblum of this town and a teacher at School No. 3. Mr. Grubin, who is a lawyer, has his offices in Jersey City.

CHILD SAFETY

July 30, 1941.

New Jersey State Motor Vehicle Commissioner Arthur W. Magee advises me child pedestrian fatalities in New Jersey show an increase of 87% during the first 6 months of 1941 over the same period of 1940.

Pursuant to the request of the State Commissioner to ask all users of motor vehicles to exercise utmost care during vacation months, I urge every individual and agency, both private and public, to lend every possible effort during the balance of the vacation months to the practice and popularization of safe driving and safe walking rules. The adult especially, through his knowledge of the present unusual traffic conditions, can play a large part in the movement to protect our younger folk by setting a good walking and driving example at all times.

Drivers should remember that children are impulsive and will dash into the street without warning. The best practice therefore is for drivers to slow down and to prepare for quick stopping when small children are in the street ahead or gathered on the sidewalk. Only by drivers assuming this added responsibility can the child pedestrian death toll be reduced.

**DEPENDABLE SERVICE**

**We Give Sincere Advice**

There are many homes where bereavement has never occurred previously and, naturally, through inexperience, unwise and often unnecessary expenditures are made, only to cause discomfort and regret at a later date. To those families we offer our sincere advice, should they desire it.

**In The Churches**

**Reformed**

Dr. John A. Struyk, Pastor.  
Main and Rutgers streets.

Sunday, 10:50, morning service; subject, "The Church, Our Responsibility." All are invited to worship at the old church.

Sunday, August 10, at 10:50, Dr. Struyk will preach his last sermon for the season; topic, "The Church in the Greatest Nation on Earth."

The old church will be redecorated after August 10. The contract has been given. Subscriptions are now being received for this work which will be completed by September 7. Paul D. Robinson is the treasurer.

Last Sunday memorial flowers at the altar were in memory of John Anderson who died nine years ago, and Mrs. Christ Cuttingham who passed away seven years ago. The flowers were presented by relatives and given to the sick after the service.

**Church of Christ, Scientist**

605 Broad Street, Newark.

"Love" is the lesson-sermon subject for Sunday in all Christian Science Churches and Societies.

The golden text is: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

Among the lesson-sermon citations is the following from the Bible: "For thou, Lord, wilt bless the righteous; with favour wilt thou compass him as with a shield."

The lesson-sermon also includes the following passage from the Christian Science textbook: "If divine Love is becoming nearer, dearer, and more real to us, matter is then submitting to Spirit."

Regular Kabbalas Shabbos services will be held tomorrow night. Sabbath morning services will start at 9:30. This Sabbath is Shabbos Chozon.

Next Sunday is known as Tisha B'Av. It is observed on this day instead of Saturday because there is no fasting on the Sabbath. This day marks the destruction of the Holy Temple of Jerusalem, and according to tradition, both the first and second Temples were destroyed on the same date.

It also marks the end of the "Three Weeks" and special period of nine days during which the Jews refrain from eating meat. On this day the Holy Ark is draped in black and the Books of Lamentation are related. The Kinos, a collection of about forty Hebrew dirges are also recited. The purpose is to renew in the hearts of Jews everywhere the hope for the restoration of Zion.

Seat reservations for the High Holy Days can now be made.

## MINORS TROUNCED BY S. O. CLUB

Absence of Regulars Contributes To B.B.C.'s Ease In Scoring 9-5 Victory

The Pittsburgh Minor Leaguers dropped a 9-5 decision to the South Orange B.B.C. Sunday at Cameron Field, South Orange, when the Villagers scored six runs in the fatal second inning to cap the ball game.

The absence of Ed Fiske, Minors' first sacker and Elmer Doremus, Minor back-stop contributed to the slaughter. Ed Gutman, regular second sacker, moved up to first, and the sub at second went haywire in the second. With one run in and two outs, he muffed a forced play at second when he failed to tag the sack. The same inning saw a grounder breeze by him for two more runs. Final results showed South Orange chalking up one earned run to the Minors' five.

The Minor offensive was lead by Ed Coppola and Ray Gregory. Coppola drove in two runs with his two hits and Gregory's pinch single recorded another, to keep the Minors rallying in the sixth.

Locker, Whinnery, Devine and Woodencheck led the offensive for the Villagers.

## Belleville Motors Adds Service Specialist

F. W. White of Belleville Motors, local Oldsmobile dealer, announces the appointment of Murray Watts as service specialist.

Watts comes to Belleville with a background of twenty-five years experience in servicing Oldsmobiles.

For a number of years he was service manager of Cutting and Larsen, original Olds dealers of New York City. At one time he was plant manager for the W. C. Durant Company of Elizabeth.

White feels that in bringing Watts into his organization he will be able to give a better type of service to Oldsmobile owners.

The service department of Belleville Motors is installing a factory equipped analyzing department which is nearing completion.

The department will be of service to owners of all makes of cars should they follow the recommendations made by the government for the conservation of gasoline and oil. The equipment consists of the latest devices for checking performance and detecting gasoline wastage.

the prospect of moving, not on the grounds of facilities alone. They have long awaited the opportunity of moving closer to the center of things, for the convenience of their customers. The new location is not only nearer the shopping area, but is within shouting distance of the bank and postoffice, as well.

Negotiations with its home office are under way at the General Public Loan corporation, for permission to take over the second and floor of the Greylock Heights building. W. J. Marsh, manager, is awaiting approval of his proposal to take advantage of the greater facilities offered, as soon as the building is completed.

Edward Lotery of London, England, is the owner of the new Lotery building housing Woolworth's and which shortly will be the home of the Myles Shoe and Mac Moon dress shop chains.

Lotery has successfully combined the foregoing enterprises in other projects in Linden and Union.

Mrs. Joseph Valentine's Mother Dies

Funeral services were held yesterday afternoon at Runyon's Funeral Home in Dunellen for Mrs. Ella B. Nevius, mother of Mrs. Joseph Valentine of 24 Myrtle avenue. Mrs. Nevius died suddenly Sunday morning at her home. She was seventy-eight. Born in Peapack, she had lived most of her life in Bound Brook where she was a member of the First Presbyterian Church. For the past three years she had made her home with the Valentines, who formerly lived in Newark, at the Myrtle avenue address.

Mrs. Nevius was the widow of Charles Nevius. She was buried in the Bound Brook Cemetery. Survivors, in addition to her daughter, are a son George Oakes of Nutley; a sister, Mrs. Samuel Rice of Plainfield; three grandchildren, Herbert Valentine of this town and Mrs. Helmut Eisel and Gordon Oakes of Nutley.

GO IN THE WASHER

SMALL RAG, chenille or other washable rugs may be placed in the electric washer. That's the time you'll be glad you aren't doing the rubbing and the scrubbing. The dirt, which countless footsteps have ground in, is loosened and washed out easily. You may have to use several waters but the rugs will come out fresh and clean with their threads intact. Getting rugs dry is usually a problem but most of the water is removed when they go through the wringer and the drying time is shortened. For up-to-date electric laundry equipment visit Public Service showrooms or see your local electrical dealer.
