HOUSE-TO-HOUSE DRIVE FOR CHEST TO BE DIFFERENT

Eleven Organizations Asked
By Kittle To Take Over
The Work

The Belleville Welfare Federation is losing no time in organizing its Community Chest campaign under the leadership of Hugh D. Kittle, high school principal, who was last week named drive chairman.

Kittle announced yesterday an innovation in the house-to-house canvassing program which it is hoped will result in even better solicitation than has been possible in the past. Eleven town-wide organizations have been asked to take over the task of doing the work. Letters were sent out to them this week by the chairman and he is expected to call a meeting for organization and assignment purposes within the next week or so. Nova Babb of the high school has accepted the chairmanship of this division.

Organizations which have been invited to participate in the house-to-house canvassing include the Woman's Club, Everyman's Bible Class, Petrean Club, Belleville Teachers' Association, Fawcett Woman's Guild, Lions Club, Police Department, Fire Department, Tripoli Park Club, Boy Scouts and Girl Scouts.

In addition to Kittle, the division leaders for the drive are as follows:

Nova Babb, house-to-house subscriptions; L. Howard Fox and Paul Jones, publicity; Mrs. William P. Adams, churches; Frank Bangert, Jr., lodges; W. Douglas Clark, Jr. and Clarence Lommerlin, Industrial, special gifts and out-of-town solicitation; Lester P. McKelvie, Paul deGara, Dr. George Kaden, commercial Post Office and Education Hospital; Wayne R. Parmer, Herbert C. Schmutz, James M. Lynch, school teachers, school employees and school pupils; Charles Thompson, parent-teacher organizations; George H. Weston, Edward Abramson, clubs and veterans' organizations; Mayor Williams, Charles W. Watson, Arthur S. Ackerman, town employees; John J. Bess, Jewish families.

The Federation expects to receive \$16,000 which will be divided among the five participating organizations. The Visiting Nurses' Association, the Boy and Girl Scouts, the Silver Lake Community House and the Community Service Bureau.

In last year's campaign, \$17,000 was sought and \$15,040 was raised. However, there was one more participating organization in 1940, the Red Cross, which received \$1,000 of the amount raised. It was incorrectly stated in The News last week that the amount was \$4,000.

The trustees last week voted that if the \$16,000 total should be raised it would be divided up as follows: Visiting Nurses Association, \$900; Boy Scouts, \$2,000; Girl Scouts, \$1,250; Silver Lake Community House, \$600; Community Service Bureau, \$600; emergency reserve, \$1,000; and administrative expenses for the Federation, \$750.

QUARTERLY STUDY OF C.S.B. WORK

Mrs. Reimer Tells Trustees
Of Need For Foster
Day Parents

Mrs. Julia Reimer, executive secretary of the Community Service Bureau, made a three months' report to the board of trustees of the organization Tuesday evening at the initial fall meeting. Halley Hickey, president, conducted the meeting in the presence of other members of the board; Mrs. William P. Adams, Nicholas Colaninno, Alonzo Hartley, Dr. George Kaden, Mrs. Robert Lunsford, Mrs. Georgia Peterson, Dr. Morris Rochlin, Mrs. Ernest Reock, Earl Seibert and Walter Warrick.

Of the forty-six applications for service made to the bureau since June, thirty-two were accepted, according to Mrs. Reimer's report. 416 interviews were conducted by the staff and an average of fifty-eight cases was covered in each of the three months. Sixty-four cases are being handled as of September 1. Out of a total expenditure of \$480 over the summer months \$118.50 was used for camp work. Twenty-seven children were given the benefit of periods in the camps best suited to their individual needs.

Mrs. Reimer let it be known that a definite program of foster day care for the children of working parents will have to be evolved if serious health and social problems are to be avoided for these children. She has recommended as a preventative measure that steps be taken to locate suitable foster day parents for such children. The Community Service Bureau will undertake the proper physical examination and classification of the children and their substitute mothers if volunteers for the latter position can be located.

Plan Has Worked Elsewhere

Numerous requests from the parents of children whose mothers have returned to industry as a result of the demand for labor and the lack of a full-time day nursery in Belleville has brought this situation about. Agencies of the sort outlined by Mrs. Reimer are operating successfully in other municipalities. As a preliminary step letters have been mailed by the bureau to the doctors, nurses and clergymen of the town asking their cooperation in furnishing the names of women who would be willing to care for children in their homes daily during the working hours of the parents. The Bureau will be grateful if people desirous of undertaking this work will contact them for further particulars.

SCHOOL ELEVEN WILL NOT PLAY AT STADIUM

Schmutz Says Diamond Is Too
Far Out On Field; Mayor
Says It's Up To Them

The location of a baseball diamond is the difference between the high school football team playing at the new Municipal Stadium and Clearman Field. This was the opinion expressed Tuesday night by School Board President Herbert C. Schmutz, who stated that it had been decided that the Blue and Gold eleven would continue to play its home games at its old stamping ground, Clearman Field. The president said that the board's main objection to transferring the games to the Stadium was the baseball diamond which was cut into the Stadium field's sod last spring when the high school baseball team played its game there while Clearman Field was being plowed under and resodded.

The president also explained that it is quite late in the season for the board to revise its plans for ticket selling and other details. Wooden bleachers to be used on the west side of the Stadium would have to be transported there, he explained, and watchmen would have to be hired to look after them at night.

Too Far Out On Field
All of these things might have been overcome, he said, if it were not for the baseball diamond with its clay surface, which Schmutz said covers quite an area of one section of the football field. When he pointed out that the Polo Grounds and the Yankee Stadium have diamonds and are used for football, Schmutz said he did not think that diamonds there went as far out on the field.

He said there were no other objections to the field. Larry Gates, high school grid mentor, had inspected the Stadium turf and had reported it in good condition for playing football, Schmutz said.

In another year, he said, the conditions which were objectionable to the board may be cleared up.

Mayor Williams, who has charge of the Stadium, conferred on Friday night with the board members. Appraised yesterday of their decision, Williams stated that he had talked with the trustees about the availability and the facilities of the Stadium.

"However," he stated, "the question of where the high school football team is to play is a matter solely in the hands of the Board of Education."

Ralph Starts Novel Way To Help The Soldiers

Ralph Goldacker of Ralph and Betty's in Washington avenue has thought up a novel idea to help some of the local boys in the service. Stacked up on a shelf behind the bar there are about twenty miniature banks with the name of one soldier pasted on the front of each one. Dimes may be inserted into these banks up to a total of \$10.

When a boy comes home on a furlough, he will be given the receipts and the bank will then be put back on the shelf for more donations. Any person may contribute to one or all of the banks.

"Some of these boys haven't much money when they come home," Ralph remarked the other day, "and in this way they'll have something to spend as they wish."

Non-Binding Pay Referendum Withdrawal Up To Board; 3,991 Sign Petitions Submitted By Police and Firemen

A conference will be held this morning between Mayor Williams and Town Clerk Florence R. Morey to determine the procedure that will be followed in checking the 3,991 signatures on the petitions which were filed by police and firemen yesterday requesting a referendum for \$300 pay increases.

Williams said that every effort would be made to speed up the checking of signatures so that Mrs. Morey could certify and present them to the Town Commission for their consideration and action. The town clerk must check to learn if all of those who signed are registered voters.

Inquiries were made by the town yesterday at the office of the superintendent of Elections Anthony P. Miele to learn the procedure that is to be followed and if it is required that all of the 3,991 signatures be checked. It is understood that it will be necessary for only fifteen percent of the registration at the last general election, or 1,761 signatures, to be certified in order to make the referendum petition legal.

The petitions were submitted shortly after 9 a.m. yesterday by Edward J. Abramson, who has been retained as attorney by the police and firemen. The attorney stated that he told Mrs. Morey that he had been instructed by the employees to inform her that they would be willing to pay for any checkers which she thought it would be necessary to hire so that she could certify the signatures on the petitions in time for Tuesday's election. He said that it would be left to Mrs. Morey to decide who the checkers should be.

What Petition Says

An ordinance passed by the town board or the submission of the question to the voters is called for in the petition, stating that "all minimum and maximum existing wage scales of the members of the police department and fire department of the Town of Belleville be increased \$300," to be effective January 1. Abramson said that the inclusion in the petition of the proviso that the board could vote the increase by ordinance is following the wording of the Walsh Act under which the referendum petition has been filed. However, he said, the police and firemen want the question to be submitted to the voters at the November election.

The town clerk, Abramson claimed, has ten days in which to act on the certification of the signatures. If she fails to do so at that time, the attorney declared that he could apply to the Supreme Court for an order requiring her to certify or reject the petition. Upon the certification of the signatures, he said, she must immediately inform the town board of the fact.

Abramson claimed that not all of the signatures which had been secured were presented to Mrs. Morey. He estimated that between Thursday and Tuesday nights the police and firemen obtained between 7,500 and 8,000 signatures.

"The securing of these signatures," he said, "was obtained by the men and members of their families. They did not hire any people to secure signatures nor did they depend on voluntary outside help."

'Huck Finn' Comes Back

Alan Jay Schmutz

Alan Schmutz Has Proven He Is 'On His Own'

Two-Year-Old Son of School Board President Struts
Through Baby Parade Like a Veteran Trouper;
Cops Prize In 'Huckleberry Finn' Costume

Two-year-old Alan Jay Schmutz is already "on his own" in this world. The blond-haired young son of School Board President and Mrs. Herbert C. Schmutz of Overlook avenue doesn't need any womenfolk toting him around when there are things to be done. Alan, as he's called by the family, proved it recently when he won first prize for the most original costume in the fourth annual baby parade held at Breton Woods.

Competing among forty small youngsters, Alan walked away with the honors wearing a "Huckleberry Finn" costume.

Just to prove that he's a young, rugged individualist, blue-eyed Alan squawked plenty at the suggestion that his mother should hold him in her arms. No, siree. He was going to do that job all alone or not at all.

And so, while other fondling mothers edged shy youngsters along for the crowd and the judges to eye, Alan strutted along with the confidence of a veteran. While some doting mamas coaxed their young ones to "say hello to the nice judges," Alan didn't so much as bat an eyelash when he passed before their winners.

The young prize winner's twelve-year-old sister, Betty Ann, gets the credit for putting her little brother in the contest. The Schmutz family has a summer home at Breton Woods which they recently purchased. In addition to Alan and Betty Ann, there are two other boys in the family, Clifford, twenty-three, and Jack, twenty-one.

ONLY 2,709 WENT TO THE POLLS

Only Interest Is Shown In
Three Committee
Fights

The election board members had little to do on Tuesday except twiddle their thumbs. Even in three districts where there were county committee fights, the workers found it a hard job to get out the voters.

Out of a registration of 12,070, only 2,709 voters went to the polls. In the lone Democratic committee fight in the fifth district of the Third Ward, Ralph A. Vara, the incumbent, beat off the challenge of Frank Aiello. Vara received eighty-four votes to forty-seven for Aiello, while the woman committee candidate, who was unopposed, Florence M. Monaghan, got seventy-three.

There were two G.O.P. committee clashes. In the fourth district of the Third Ward Harry Kintzing received sixty votes to forty-three for Robert Louer. Jessie P. Rue, the woman candidate, polled seventy-five.

The lone fight in Silver Lake's first district of the Fourth Ward found Salvatore Russo and Mrs. Lena Roselli victorious over Thomas Trabucco and Mrs. Mary Ugliarolo. Russo received 152 votes and Trabucco eighty-eight, while Mrs. Roselli polled 144 to Mrs. Ugliarolo's eighty-two.

Any person who is interested is invited to attend tomorrow's meeting and join the club.

Realtors' Board Met Tuesday

The Board of Realtors of Belleville, Nutley, Bloomfield and Glen Ridge met Tuesday evening at Schumb's Restaurant in Bloomfield for the first time this season.

The Town Commission may have an important decision to make Tuesday night should Town Clerk Florence R. Morey complete the certification of signatures obtained by the police and firemen on petitions which were submitted to her yesterday for checking.

Edward J. Abramson, attorney for the employees, said last night that he would appear before the board at its meeting and request that the resolution providing for the non-binding referendum, passed at the last session, be withdrawn.

Under that measure, which was approved unanimously by four members with Commissioner Waters absent, the board could obtain the sentiment of the voters at the November election but would not be legally bound to be guided by the public vote. If the petition referendum which the police and firemen have appealed for should pass, the Commission would be mandatorily required to grant the \$300 raise.

The non-binding referendum resolution passed two weeks ago by the board has already been sent to County Clerk Gates to be placed on the November ballot. It could be withdrawn, however. Asked yesterday what would be done about the measure in view of the action of the police and firemen, Mayor Williams, who was the sponsor of it at the last meeting, said that would have to be decided by the board Tuesday night.

Thinks It's Forecast

Attorney Abramson said last night that he believed the large number of signatures which the police and firemen obtained on the petitions was a forecast of what will happen in the November election should the question appear on the ballot at that time. "The reception that the men received about town was very good," the lawyer said. "It is obvious that they could not have experienced much opposition or trouble in obtaining signatures or they would not have been able to obtain between 7,500 and 8,000 signatures."

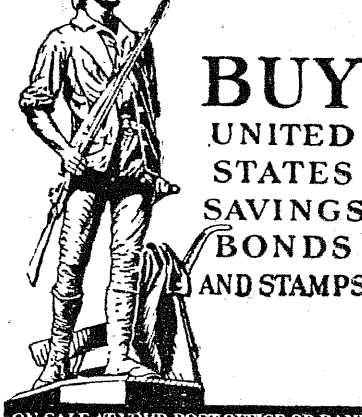

"We want to be friendly and cooperative in this question," he said. "The men do not want to put the commissioners on the spot. They have requested that the matter be put before the people who are paying the bills to decide and that is why they have obtained the signatures on these petitions."

If the board should delay in acting on the petitions so that the referendum would be too late to be placed on the ballot in time for the November election, the town would be required to hold a special election. The referendum must be filed with County Clerk Gates by October 4, Abramson said.

Mrs. Sanford In Favor Of Constitution Revision

Speaking in favor of a Constitutional Convention, which is advocated by Governor Edison, Assemblywoman Olive C. Sanford told the Belleville Women's Republican Club at its meeting Thursday that the present constitution is antiquated. She stated that it dates back to 1844 when New Jersey was an agricultural state, and that it has become unsuited to meet modern economic conditions and demands.

Assemblyman Dominic Cavicchia told the women that he approves present Railroad tax legislation, stating the new measure "will put railroad taxes on a practical basis of what the railroads can afford to pay." He compared present day competition of the railroads with motor cars and trucks to the days when travel was almost exclusively accomplished by railroad. In view of the reduced income of railroads, it is only natural that their taxes should be cut.

George H. Becker, who was the Clean Government candidate for the sheriff in Tuesday's Primary, spoke in behalf of his own candidacy and that of Roy V. Wright, who is the Republican faction's choice for state senator. Mrs. John F. O'Brien, chairman of the legislative committee, introduced the speakers. The next meeting will be held on Thursday, October 9.

HAPPY
Here's a picture of sunshine. But, many children are far from smiling examples of contentment. Poor vision handicaps them; makes them feel inferior. They draw into themselves; become poor mixers; are shy; lacking in self-confidence. Be sure that poor vision is not handicapping your youngsters in schooling and character development. Be sure their sight is right. Have it examined—now.

Cubs Are Busy Preparing For Soap Box Derby

Corner Grocers Being Pestered for Wooden Boxes As Youngsters Get Ready for Big Event Saturday, Sept. 27; Mayor to Start Race

Baby carriages, scooters, tricycles and express wagons are being stripped of their wheels. The corner grocers are being pestered for wooden boxes of almost any kind and egg or orange crates.

After school hours youngsters are found busily working with hammers and nails, some of the tools copped from dad's car kit and other odds and ends trying to put together a speedy, lightweight racing car. It's all leading up to the soap box derby which Cub Pack No. 350 will hold at the Municipal Stadium on Saturday, September 27.

Giving the event an official flavor, Mayor Williams will be on hand to flag the cars over the starting line in the first heat with the cars scheduled to rumble off down the hill at 10 a.m. There will be three soap box races in each heat with the final event scheduled to be held early in the afternoon. Prizes will be given for first and second places.

Cub Martin Barone was surprised last week when a party was given for him by his Cub playmates at the home of Mrs. Martin Bucco of Preston street. The Cubs, all members of Den 4, demonstrated to their parents various Cub signs, promise motto and laws. They played games and enjoyed refreshments served by Mrs. Bucco.

Attending were Anthony Janarone, Emil Minette, Marty Bucco and Scout Dudley Hach, the Den chief. Adults present, in addition to the hostess and her husband, were Mrs. Anna DeLalio and Mrs. Allen Robinson.

Mrs. Sydney Sheard of Floyd street has been made mother of Den No. 3 with Martin Barone as Den chief. Cubs in the group are Jerry Jewell, Lawrence Jackson, Eric Sheard and David Gill.

The Cubs play football at the Municipal Stadium every Saturday morning under the direction of Joseph Cardoza.

THESE ARE THE VITAMINS THAT BUILD HEALTH and ENERGY

VITAMIN A is the anti-infective and growth-promoting vitamin. Its lack results in susceptibility to colds and other ailments. Its insufficiency in children results in scrawny and stunted growth. Principal source, halibut-liver oil.

VITAMIN B is "the spark plug of the human system" . . . it tones the nervous and digestive systems, promoting growth, appetite and energy. It also helps to remove lactic acid from the blood-stream, thus eliminating the feeling of fatigue. Principal sources, yeast and wheat-germ.

VITAMIN C protects and feeds the capillaries under the skin; it helps to heal wounds and prevents scurvy. Modern diet is usually lacking in this vitamin because it is easily destroyed by cooking. Principal sources tomatoes and oranges when freshly picked.

VITAMIN D is the "sunshine" vitamin. Tests show that it remedies the disorders caused by the deficiency of ultra-violet rays in this climate's sunshine. Without it, normal formation of blood and bone ceases, resulting in rickets, sagging muscles and decay of the teeth. Principal source, cod-liver oil.

VITAMIN E is the "anti-sterility" vitamin. It has additional important uses in that it promotes mental vigor and tones the muscles. Principal source, wheat germ.

VITAMIN G is the riboflavin factor of the B vitamin that improves stomach tone, soothes skin eruptions and loss of red blood corpuscles. Principal sources, yeast and liver.

Vitamin Capsules with Liver and Iron contain all the vitamins you need (A B C D E and G), plus liver extract and iron. Two of these tiny tasteless capsules will make a new person of you. Box of 80 capsules 1.79.

Halibut Liver Oil Capsules . . . each capsule contains as much Vitamin A as 4½ teaspoons of cod liver oil, protects you against coughs and colds. Box of 50 — 49¢. Box of 100 — 89¢.

Cod Liver Oil Concentrate Tablets, the modern, easy way to take cod liver oil; children like the candy-flavored tablets. Each tablet contains as much Vitamin A and D as a teaspoonful of cod liver oil. Bottle of 100, 79¢.

Halibut Liver Oil and Viosterol Capsules . . . Each capsule equals 4½ teaspoons of cod liver oil in Vitamin A, plus 3 teaspoons in Vitamin D. Box of 25 for 69¢, box of 100 for 1.19.

A-B-D-G Vitamin Capsules, the original "all-vitamin" capsule, each one as good as 4½ teaspoons of cod liver oil in Vitamin A, 3 teaspoons in Vitamin D, 2 cakes of yeast in Vitamin B, and a half-cake in Vitamin G. Take two a day for a healthy winter. Box of 25, 49¢. Box of 100, 1.49.

High-Potency A-B-D-G Capsules, biologically standardized so that each capsule contains the recommended daily adult requirement of the five important vitamins. Just one a day for health and vigor. Box of 25 for 98¢. Box of 100, 2.94.

JUNIOR RED CROSS PLANS PROGRAM

Faculty Group Meets Tuesday;
Letter Received From Headquarters For Group's Work

The Junior Red Cross, numbering among its members all of the pupils in the public school system, will soon resume its work. Mrs. William H. Williams, who is the chairman of the junior group's committee, has called a meeting of the faculty council to be held at 4 p.m. next Tuesday afternoon at the Woman's Club in Rossmore place.

Plans will be discussed and outlined for the work to be carried on in the various schools during the year.

In a letter recently received by Mrs. Williams, the Junior Red Cross membership was praised for the splendid work accomplished last year. The letter was addressed to Mrs. Williams by Miss Concannon, assistant to the national director of the American Junior Red Cross, after they had received the annual report which was sent to headquarters at their request.

"May I congratulate you on the excellent report of the Junior Red Cross activity recorded during the past year. Your organization of the chapter is absolutely in accord in every particular with the recommendations of national headquarters, and has our high commendation. The report is most interesting and we are happy that you have found so many opportunities in your community for service on the part of your junior membership."

Hurray! The Season's Here

While the folks down in Washington may be steamed up over the prospect of a "shooting" war and the commentators and war analysts may be working themselves up into a heat trying to decide how deep the snow must be in Russia before the Nazis are stopped, we know that a lot of people around here are getting ready for the football season just ahead.

If we did not have the ability to forget some of the world problems by wondering whether our favorite high school or college team would win or lose, many of us would probably be ready for Overbrook. But, fortunately, the season has rolled around when we can spend half of the week trying to figure out what is going to happen on Saturday and Sunday afternoons. And for us, at least, there'll be a lot more enjoyment in that than there will be in wading through columns of "inside" dope to try to find out whether Marshall Timoshenko's boys are any nearer to Smolensk than they were a

A Sensible Move

One of the most sensible moves the Selective Service officials have made since the start of the draft was the establishment of pre-induction physical examinations.

The new system saves the local boards some headaches and eliminates embarrassment for the prospective draftees. Now the men are sent to Newark to undergo examination by Army physicians at least three weeks before they are scheduled to be inducted into the service.

How different from the former method. The men were notified that they would be inducted on a certain date. They quit their jobs. Sometimes a good employer handed

Politics Is Funny Stuff

It's a funny thing about politics. It can lie around playing "dead dog" for months on end and then suddenly spring out into the blue and flourish in all its grandeur. Maybe it's been the summer weather, but the subject of politics here has been pretty dead for some time now.

But invariably we've found it to be the rule that if some important local movement or question arose, Old Man Politics would hitch his wagon right on and ride along on the crest of public curiosity and interest.

Up until the past week or so, there's been little if anything heard about the town election, which according to the books, is due to come off next May. Then, the policemen and firemen asked for a public vote on the question of salary increases. And what happened?

Old Dame Rumor got as busy as a bee. Well boys, this gets the election off to an early start . . . they'll toss all those fel-

They Could Look Into This Angle

We can't get excited over the Senate committee's investigation of the movie industry to learn if the Hollywood moguls are making pictures which are nothing more than propaganda to influence public minds. After all, if the people have not learned long ago to forget about ninety per cent of what they see and hear in the movies, that's their own fault.

But, since the Senate thinks it ought to have something to investigate, and, incidentally, that seems always to be the case though we have a hard time trying to remember when anything came out of these investigations, why don't they look into why Hollywood keeps grinding out a lot of second rate pictures? They're based on old and hackneyed plots which movie-goers have seen over and over again. From time to time, this is one of our favorite gripes, and it generally comes after we have seen three

Can't Forget Problems At Home

The announcement that the Welfare Federation would shortly open its annual Community Chest campaign to raise \$16,000 for its five benefiting agencies brings us back to problems of local concern. In the anxiety which we are displaying and the sacrifices and efforts being made to help those elsewhere who are in need and distress, we cannot afford to forget that there are still responsibilities at home.

Regardless of recently gained prosperity in some families, there are still many who are in need of assistance and guidance. Through the Community Service Bureau and the Visiting Nurses' Association, these people are helped. The Boy and Girl Scouts and the Silver Lake Community House serve another purpose. They are charged with the responsibility of guiding young people and interesting them in hobbies and occupations which prove useful to them in later life. What could be more important than this?

Without being so stern as to state that charity begins at home, we think that the

month ago. And if football isn't enough, we have the World Series just around the corner.

In town, we are going to see the first use of the new Municipal Stadium for football games on Sunday when the recently formed local professional team will make its debut. Regretably, the Board of Education has decided not to use the stadium this season and the high school team will continue to play its home games at Clearman Field.

It is good to see the Stadium being used. It was built not only for the enjoyment of those who will play but for local residents who get a lot of fun out of watching. With proper support from the community, there is no reason why a professional football team in a town of Belleville's size should not be successful.

And so, this weekend, between the high school team's opening game and that of the professionals the following day, many of us will be returning to an old love.

them a bonus. There were the final rounds of parties and good times with friends and relatives, and finally, on the morning of induction there were the sometimes tearful goodbyes from families. Then, the men were bundled off to the induction point for the last physical check before going into the service. And what happened? By nightfall some of them were back in town, having failed the Army's physical tests.

The men became the butt of jokes of their friends, had to go crawling back to their former employer hoping that the old job would still be there and had other unpleasant moments. The new system is a much better way all around.

lows out in May . . . there must be somebody behind this . . . did you hear about so-and-so running . . . yep, he's got the dough and is going to run a four-man ticket. . . . Won't be anything but a walkaway next May . . . I'm telling you that . . . and so far on down Washington avenue.

If you for the moment can stand off and look at the situation you really can't help but laugh. All the police and fire employees did was say that they would like to get some more money. They've put it up to the Board of Commissioners, and momentarily between them it looks like they'll figure out some way to present it to the public at the November election.

We don't remember anybody mentioning politics when the employees' request was first presented, but it does show that it doesn't take long for the boys to get the wheels rolling when they have a good-sized bone to chew on.

or four of those awfals which don't rate any stars at all.

Hollywood is smart, we must admit. They make ten bad pictures and then slide in one which is a good one to make us momentarily forget the others on which we have wasted our money. There are protests heard about price rises and what is being charged for this and that article. The price increase of gasoline has caused a lot of noise, but does anybody ever hear anything about the fancy prices which the Hollywood producers get for some of those things which are called pictures — and which are invariably tagged as the sensation or the never-to-be-forgotten epic of the year?

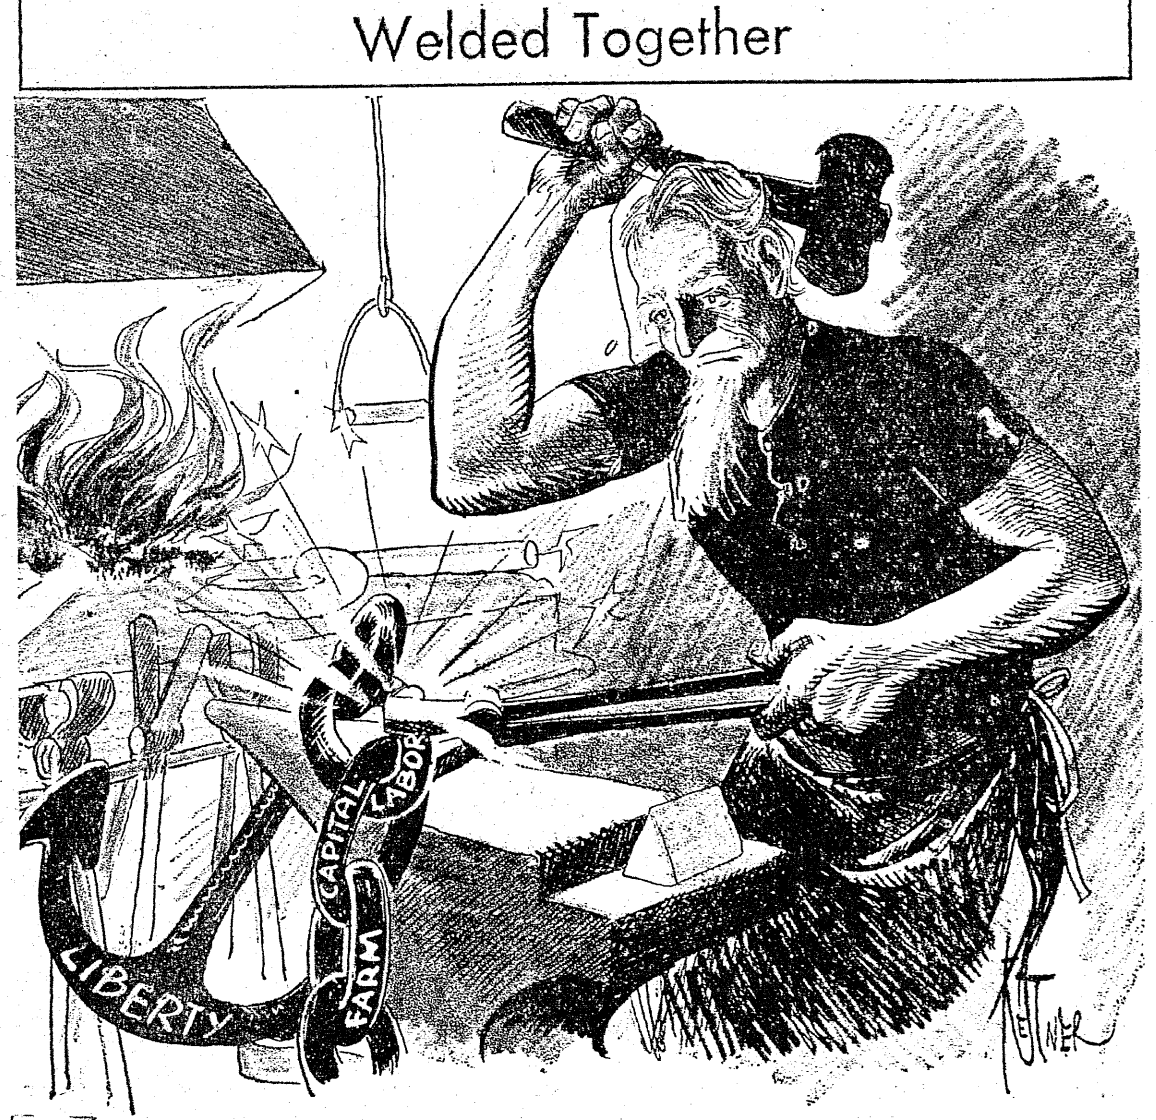

If Congress, since they are always bent on investigating somebody, would look into this side of the industry, maybe they would have something and we would get something better in the way of entertainment.

real problem is that we must still look after our own and also help those elsewhere who may be in need. That is one of the sacrifices many of us must pay when we are in a world which is in the state that this one is in at the present.

We hope that this will be a banner year for the Community Chest.

Spectators at a Board of Education meeting are very unusual. This is not because the board does not welcome them to their meetings in School No. 8 or because there is not room for an audience. But, nobody ever seems to attend.

The only time people get interested in the board is when something is going on which vitally affects their children and about which they think the board ought to do something. That was the case on Tuesday night. Not only did the board members seem to welcome the criticism, but they actually seemed pleased to have somebody attend the meeting besides a couple of newspaper men.

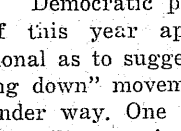

ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

by Meador Wright

Tuesday's primaries in Essex proved little. The total vote of both parties was around 60,000. This was about half that in Hudson, whose population is only two-thirds of that of Essex. The Clean Government vote here of around 40,000 showed that the Republican organization is functioning about as would have been expected. The Hague vote in Hudson likewise revealed that that organization retains its usual strength.

Between the Democratic organization vote of around 100,000 in Hudson and only 13,000 in Essex is support for the rumor that has been going around for some time. This rumor is that word has gone out, or will go out, for organization Democrats, which means Hague Democrats, to "lay down" at the general election in November as a rebuke to Charles Edison.

Democratic primary totals in Essex are usually low, but those of this year appear so exceptional as to suggest that the "laying down" movement was already under way. One of the most efficient Democratic ward leaders in Essex told me recently that he expected the Republicans to carry the county by a 40,000 majority in November. As Hague sees it, such a Republican majority would be a stinging political rebuke to Edison who picked the Democratic ticket in his home county.

Moreover, this leader did not see how Edison could help the situation. Should the Governor come out strong for the Democratic ticket he might win some additional support, but not enough to come anywhere near producing a victory. Such a personal appeal would make the inevitable defeat appear even more serious than if he should give it only nominal support.

G.O.P. Win By Default?

This dilemma of Edison is probably what has prompted another rumor that has been given publicity by Morris Mogelevor of the Newark Ledger, namely, that Edison and Arthur T. Vanderbilt have a tacit understanding that the Republican ticket in Essex will be allowed to win as a reward for Republican legislative support. There is absolutely no basis in fact for this rumor. Edison is honor bound to support

the Democratic ticket in Essex. Selling out the ticket which he helped select would ruin him for years in Essex. Furthermore, Edison knows that he has gotten Vanderbilt support only because the latter considers it politically wise to give it. There is no personal factor involved. Since both Edison and Vanderbilt both advocate government reform it is inevitable that they will find themselves traveling largely in the same direction. But this is far from what is known as a "deal" in politics.

The fight between Edison and Hague means that the Democratic party is torn wide open. As the ranking Republican leader, Vanderbilt is out to make all the capital he can of this strife. At present it is in his interest to go along with Edison. But if the latter should get control of the Democratic party, Vanderbilt would fight him as hard as he has fought Hague. This is party government.

The way things are shaping up it looks to me as though 1942 will be an excellent year for Vanderbilt and the organization he dominates. A sweeping Republican victory this fall will add to his prestige. By supporting Edison he will share in the popularity which the Governor's reform plans are producing with a large

segment of the population. His control of the Essex legislative bloc should be more complete than ever after the election. With Edison's help he should be able to put over reforms that would go far to justify his claim of long standing that he is basically a civic reform leader rather than a machine boss.

A United States senator is to be elected next year and a governor the year after. With fair luck and some cooperation from other counties, it is possible for Vanderbilt to give the Republican party a United leadership that it has not had since the days of Walter E. Edge and Dwight W. Morrow. There are plenty of pitfalls in the way, but even Vanderbilt's bitterest enemies must concede that his strategic position is probably better than it has ever been before.

PM Feature Writer Will Speak at Synagogue Forum

Leo Jay Margolin, foreign correspondent of the newspaper PM, will speak at a special lecture forum to be held in the social hall of Congregation Ahavah Achim in Washington avenue on Thursday night, October 2 at 8:30. The forum is sponsored by the Suburban Essex Lodge of B'nai B'rith, the oldest Jewish fraternal order in the world. Suburban Essex Lodge draws its membership from Belleville, Nutley, Montclair and Bloomfield.

The speaker has been connected with many newspapers of metropolitan New York as a feature writer and investigator. During the past year and a half, Margolin has written articles on "The War Front in America," and has exposed in detail the activities of foreign agents in America. These and his articles on the Fascist Front within the borders of the U. S. have been inserted in the Congressional Record. His topic for the October 2 address will be "Enemies Within and Without."

The chairman will be S. Herman Cohen of Bloomfield. Alexander Goldberg will be moderator at the question period after the lecture. The event was arranged by a committee headed by Cohen, and composed of Samuel J. Kogan and Edward J. Ackerman of Belleville, Leonard Kahn of Newark and David Rappaport of Bloomfield.

There will be no admission charge. Rabbi Rubin R. Dobin of the Congregation and Abromson, president of the Congregation and a member of Suburban Essex Lodge are cooperating in the arrangements.

PASS SYMPATHY RESOLUTIONS

Board Adopts Measures Extolling Former Mayor DeGraw and Edward W. Jackson

Resolutions expressing its sympathy to the families of former Mayor John DeGraw and Edward W. Jackson, president of the Essex County Park Commission, were passed by the Town Commission last week.

In the resolution speaking of Mr. DeGraw's passing on August 19, the board stated:

"Whereas, the Board of Commissioners of the Town of Belleville, records, with a deep feeling of sorrow, the demise of its former presiding officer, John DeGraw, who died on August 19, 1941, and remembered in the Town of Belleville because of his intense civic and political activities for more than a quarter of a century.

"He took up residence in the Town of Belleville in 1907 and from that time until his death was keenly interested in this town, which during his administration grew in stature and which, in many respects, can be credited to his faithful service as a town official and representative citizen.

"He was town attorney from 1909 until 1913. In 1922 he was elected to the Town Commission and served in the capacities of Director of Public Safety, Mayor and Director of Public Parks and Property respectively, until he retired in 1926.

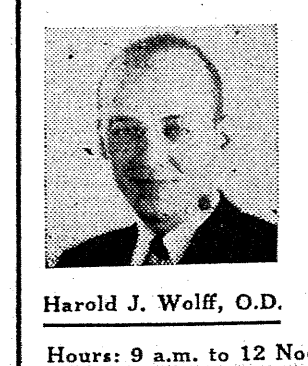

"Former Mayor DeGraw was a member of a great number of fraternal societies. He was a true

and dear friend to all associated with him in these organizations. He was active in the financial life of the town, having served as legal counsel to the Silver Lake Building & Loan Association, the North Belleville Building & Loan Association and the Home Building & Loan Association.

"Therefore, be it resolved, that this Board of Commissioners do honor to his memory by recording this expression of its esteem and regard and direct that this resolution be spread upon the minutes of this meeting as a memorial to John DeGraw.

"It is further directed that a certified copy of this resolution be sent to his widow, as both an official and personal token of regret in this loss to the municipality, and as an indication of sincere sympathy in this hour of bereavement."

"Whereas, this Board of Commissioners feels that the passage of this native son of Belleville is a distinct loss to Belleville and other Essex County communities. Mr. Jackson was born in Belleville seventy-nine years ago and while he has not resided in Belleville for the past thirty years as he has exhibited lively interest in the progress of affairs of the Town of Belleville in his many official capacities. As President of the Essex County Park Commission he displayed a sincere affection for the Town of his birth whenever matters affecting it became a matter of action on his part. In 1888 he served in one of his early official capacities as Treasurer of the municipality of Belleville. His life of unselfish service was a matter of great pride to this town and the sad dening news of his demise has been regretfully received by his many friends in Belleville."

County Christian Endeavor Holds Picnic On Sunday

Members of local Christian Endeavor groups are expected to attend the campfire reunion of Christian Endeavor Societies of Essex County Saturday afternoon at Fernwood Camp in Roseland. The program will start at 3:30 with games and other entertainment followed by a box lunch supper at 5:30. At 7, they will gather around the campfire to sing under the direction of William Kettenberg of Newark. Rev. Oscar Raymond Lowry, pastor of the Ridgeview Community Church of West Orange, will speak.

The program for other events to be held during the fall and winter will be announced.

Mrs. William C. Koehler of Charles street was a guest for a week at the home of Mr. and Mrs. Everett Topping of Orange, N. Y.

ZEBRAS ON TRIAL

(Continued from Page 3)
or six to start at center with little to choose between them since all are weak on passing the ball.

There is just as much indecision about who will do the punting, Gates stating that either Hunkle, Walker, Cataldi, Flynn or Caruso may be called upon for the job.

It had been expected that the boys would get some much needed competition and the coaches a line on what they really had in a practice game scheduled with Newark Academy on Monday. However, the Newarkers pulled out on the date at the last minute and Gates and his assistants, Jitty Wische, Wihlo Winkla and Bill Chapman had to content themselves with watching the team's work in long scrimmages Monday and Tuesday with the scrubs. The rest of the week will be spent in signal drills and smoothing out the Belboys' running attack.

Thirty youngsters reported to Freshman Coach Chapman and more may come out if there are enough uniforms to go around. The coaches are having trouble trying to round up a junior varsity team. Only four of the boys who played on the frosh eleven last year have returned. The others have either left school or are not interested in playing.

Little is known about the strength of the Lyndhurst eleven. They started practice at the same time as the Belboys. However, it is reported that the Bergen eleven has a veteran eleven on which they can count.

DUKES ARE SET

(Continued from Page 3)
roduction of each of the players to the crowd.

The Dukes' coach, Joe Vollmer, former Columbia University backfield star, is working his charges hard this week, in long practices held on Tuesday and another planned for tonight. At both sessions, offensive drill was stressed with Vollmer endeavoring to get a smooth as silk movement at the operation of the single wing system by the Dukes.

Probable Backfield Starters

Although the starting lineup may be subject to changes before game time, Vollmer is expected to start high-stepping, line-charging Frank Cardinale, an all-State man and Group 4 high jumper at Nutley High two years ago, in the fullback spot. In the wing posts will be chunky Charlie Crocco, a former St. Benedict's player, with George Tietz or Jimmie Orsini in the other wing post. Bud Hollweg, a former Belleville High star, will probably get first call at the tailback post.

The team was dealt a blow early in the week when it was learned that Vince Sorrentino, a three-year veteran, would not be able to start. He is suffering from an attack of blood poisoning in his right foot and his place will be taken by "Horse" Furlong, a 200-pounder.

Good news for the eleven came this week when lanky Bob Shade, a 205-pounder, reported. Dusky Bob played end for three years at Lincoln University in Baltimore and before that was rated as one of the best in the state when he was a wingman at Nutley High.

Scheduled to start at the other end with Shade is Ed Slavin. Ray Tenpenny and Joe Collins will be in the tackle positions with Harold Weischedel and Joe Cullari at the guard posts. This may be changed before game time for Coach Vollmer reports that all of his boys are hustling to make a good showing. Either Gene Dunham or Chet Kucinski may get the starting call for one of the backfield posts instead of one of the quartet already named.

Choborda Big Attraction

Biggest single attraction coming to town with the Campers is Rudy Choborda, one of the famous football playing quartet of Irvington brothers. For three years a star player with the Newark Bears, Rudy has this year cast his lot with the home town club. In the visitors' backfield with him will be another brother, George, who is rated as a fast and shifty back.

On the bench directing these boys and other Irvington gridders will be another brother, Joe Choborda, several years ago a star at Cplgate, and now the Campers' coach. Steve, the youngest of the quartet, gave up playing football a year or so ago.

Also scheduled to start in the visitors' backfield is Harry Kantor, a flashy back, while Nickie Rospond, former Newark Central player, will fill out the rear flank.

Two Belleville boys will be seen in action on the Campers' line. George Zoppa, captain and center at BHS, will start at pivot post while Frank Stellatella, former Blue and Gold player and a star at Lafayette, will be at one guard post. Ed Lombardi of South Side at the other. Marty Stavisky of Bloomfield High and Whitey Schmidt from Long Island University will be in the tackle slots with Herbie Schwarze of Irvington slated to start at the end positions.
