

# MAYOR AND NOLL IN TANGLE OVER PROPERTY SALE

Commissioner Says Vreeland Land Should Have Been Advertised More Prominently

Sale of a weather-beaten 45-year-old house was the battle-ground this week for a skirmish between Mayor Williams and Commissioner Noll. It was more or less of a remote control war since Noll was in New England on business and Williams could make his comments only after a letter written by the parks and public property director was read at Tuesday night's town commission conference.

Noll went on record to the board opposing the sale of the house, known as the Vreeland homestead, at 56 Continental avenue to Charles Cuzzo, who holds the town's refuse collection contract, for \$1,850. The property, which the town acquired some time ago through non-payment of taxes, has a frontage of 125 feet on the northern side of the street. The house, according to town officials, is badly in need of repairs, although a family now resides there.

Noll in his letter to the board stated that he had believed that the notice of the proposed sale of the property would be advertised in a display advertisement, instead of the small-type legal ad, and that publicity would be given to the sale. He had so suggested at a recent conference of the commissioners and the other board members had agreed that it would be a good plan.

The commissioner noted in his letter that there had been spirited bidding in a recent property sale when it was given considerable publicity.

## Bring Better Price, He Says

"I feel the property in question with a house and two lots can bring more money to the town than \$1,850."

He added that it was quite possible that the house may never be taken down as was originally stipulated in the purchase agreement. Noll concluded with the recommendation that the property be re-advertised for bids through the use of a display advertisement.

Town Attorney Keenan was asked by Mayor Williams if a display ad had been used in offering the Continental avenue property for sale and the lawyer, who agrees the advertisements for town sales, replied that it had not.

"My recommendation to the board," the mayor said following the reading of Noll's letter, "is to sell it. It is a question in my mind whether we should recommend tearing down these old houses. If there's any thought in the board's mind of getting a better price, I'd say advertise it six times, but frankly I don't think it will bring a better price."

## Says Letter Has No Merit

"This letter," the mayor said referring to the Noll comment, "is based purely on a personal issue. It positively has no merit. It is a personal issue between the potential buyer and the commissioner. He didn't have one iota of respect for the price and I wish the commissioner were here so I could tell him so."

The board then, on the mayor's recommendation, approved the sale of the property to Cuzzo for \$1,850. Town Attorney Keenan said that one of the conditions of sale was that Cuzzo must tear down the house before he gets a deed to the property. He gave 20 percent of the purchase price as a down payment.

The commission voted to return to John and Nella M. Vaccari \$1,700 in cash which they had offered for the Vreeland homestead house and property.

## Girl Mariners Will Hold Halloween Party Tomorrow

The Girl Mariners will hold a Halloween party tomorrow evening at the firehouse at Washington and Division avenues. The Sea Scouts and the committee of both organizations will be their guests. It will be a costume affair.

The Mariners are engaged at present in an attempt to raise funds for the drydocking and repainting of the Sea Scout boat toward the upkeep of which they contribute. For this purpose they are collecting magazines and will be glad to receive call at BE. 2-4093-W, the home of their skipper, Mrs. Carl Hunterfund. A postcard addressed to the Mariners at the firehouse will also bring them to the door of people who have magazines to contribute.

## Addresses Art Club

William Kladek, representative of National Art week observance, addressed the Belleville Art club Tuesday evening at the Recreation house. His topic was American art. National art week commences on November 17.

# \$9,000 Land Sale Is Lost Because of Title Delay

Gibbs Development Co. Gets Back Deposit on Harvard and Jefferson Street Properties; Not Town's Fault, Williams Tells Builder

Inability to secure a clear title to the property quickly enough to satisfy the buyer lost a \$9,000 land sale for the town this week. Joseph Gibbs, head of the Gibbs Development company, which has done extensive building in Bergen and Passaic counties and some years ago locally, asked the board Tuesday night to return the deposit which he had made for a town-owned tract.

In addition to appearing personally before the board, Gibbs wrote a letter in which he stated his case. He said that the delay in securing a title to the land had prevented him from contracting or buying materials and that in the interim the prices of all materials had steadily risen. He told Mayor Williams that he had since purchased other property.

The mayor told the builder that it was a situation over which the town had no control since the clearance of the title was being handled by two title companies. He asked Gibbs if it would be possible for him to reconsider and hold off for two weeks but the builder declined.

## Sought Harvard Street Land

Gibbs, during the summer, agreed to pay \$9,000 for vacant lots at 1 to 37 and 2 to 36 Harvard street and 30 to 34 Jefferson street. The \$1,850 refund represented 15 percent of the purchase price which Gibbs had put down as a deposit.

The board put two pieces of property up for sale on Tuesday night following the receipt of offers. A bid of \$200 had been made for 71 Watkessing avenue. Another buyer is offering \$2,070 for 37-45 Parkway avenue and 32-38 Maier street.

## Level Off Playground For Valley Youngsters

A crew of public works department men started leveling off the vacant lot at Bellavista avenue and Cortlandt street yesterday after Mayor Williams and Town Engineer Matthew J. Sheehan had inspected it. It will be used by neighborhood youngsters for a play area.

The town's action followed an appeal from valley residents at Tuesday night's town commission conference. It was pointed out that the vacant land was a natural place for the children to play and that there is no other property close by where they can play. The increase in traffic in the streets because of more factories in that section has created a traffic hazard, it was emphasized. The board agreed that Mayor Williams and Sheehan should inspect it and make a decision. The town has no funds to put equipment there at this time, it was explained to the petitioners.

# JUNIOR HIGH PLAN DELAY URGED

Mayor Asks School Board To Defer Action for The Present

The board of education received from Mayor Williams yesterday a letter urging it to hold off any plans for the construction of a new junior high school building until the town is in a financial position to stand the expense.

Last week, Superintendent of Schools Wayne R. Parmer in his annual report to the school trustees again recommended the erection of a junior high building. However, the school head pointed out that the suggestion be given serious consideration "as soon as the board of education feels that the community is in a position to assume the financial responsibility involved."

The mayor said that he did not believe with building costs rising that it is the time for any municipal expansion that is not absolutely necessary. He urged the board of education to delay its program with the possibility that it could be considered as a post-war project along with others which the town has under consideration.

It was the second time that Parmer had recommended the junior high school to the board. Officials from the state department of education and Dr. O. P. Jakes, school survey expert, had also advised the board that a junior high building should be erected.

## Man Is Fatally Injured When Struck By Car

Funeral services were held Monday afternoon for William B. Morgan, 83, of 492 Joramelon street, who was fatally injured Saturday morning when he was struck by an automobile near his home.

The accident occurred when the driver of the car, William Oliffe of 184 Garden avenue told police, while he was driving west in Joramelon street. Morgan stepped from a shoulder of the road into the path of his car, the driver said.

A retired silversmith, Morgan was born in Carthage, N. Y. He had been employed as a finisher by Tiffany & company and had resided here for 42 years. He is survived by two sons, William and Harold of Newark.

William Kladek, representative of National Art week observance, addressed the Belleville Art club Tuesday evening at the Recreation house. His topic was American art. National art week commences on November 17.

# ARMISTICE DAY PARADE WILL BE BIGGEST

More Than 20 Units Are Entered; Memorial Service Sunday Night

The biggest post-war Armistice day celebration that Belleville has ever held will take place on Tuesday night, November 11, according to the Mayor's Armistice day committee which is now completing the arrangements.

More than 20 musical units, including drum and bugle corps and bands, have already signed up for the parade. Albert Williams who will be the grand marshal this week announced his aides. They will be Joseph Costello, Hollister Greenwald, Richard Dougherty and John Gannon of George Younger Post V.F.W. and Otto T. Brunich, Henry Denison, Arthur MacCready and William Gibbs of the American Legion.

The parade, which is scheduled to start at 8 p.m., will follow the same route that it did last year starting from Greylock parkway and proceeding south on Washington avenue to Belleville avenue, then west to Bridge street and south to William street and east on William to Cortlandt street where it will disband.

More than 2,000 marched in last year's parade which was viewed by a crowd of more than 20,000 along the route.

Brief memorial services will be held during the day at the Victory monument in front of the town hall when wreaths will be placed there by the various organizations.

In the afternoon at 2:30, the Armistice day committee will sponsor the annual football game to be played between the jayvee teams of Kearny and Belleville high schools.

On Sunday night, November 9, the annual Armistice memorial service will be held at the Grace Baptist church. The veterans will meet at Washington and Overlook avenues and will march to the church. Details of the program will be announced next week.

The committee will meet next Tuesday night at the town hall to make final plans for the parade and other events.

## Board Refuses To Issue New Bagatelle License

The town commission hesitated Tuesday night at issuing a new bagatelle machine license but did grant a renewal. The board's action was motivated by the recent action which has been going on throughout the county against the machines and the case which is now pending before the state supreme court. Several months ago the commission announced that it would not grant any new licenses.

The new applicant was Charles Parrillo of 104 Harrison street. A renewal license was granted to Santa Christian of 751 Washington avenue.

# Drop In Infant Mortality Health Report Feature

The drop in the infant mortality rate was the most noteworthy fact in the activities of the health department during 1940, according to the annual report of Health Officer Eugene T. Berry, which was submitted to Public Affairs Director King this week.

The infant mortality rate, deaths under one year per thousand living births, for 1940 was 14.9 compared to the local rate of 26.5 for 1939.

"This," Berry commented, "is the lowest infant mortality rate in the history of the town and is the only one of the lowest in the state. If we weren't tabulating statistics, one would be inclined to consider an infant mortality rate of 14.9 as incredible. Our present rate of 14.9 is something to be proud of, especially when compared with our rate of 30 or 30 which we had 20 years ago."

"These low rates," he added, "have no doubt been accomplished through better sanitation, prenatal, improved obstetrics, supervision of infants by our child hygiene nurses, hospitals, clinics and last but not least, a pure water and milk supply."

## Death Rate Down

During 1940, 216 died, a decrease of 24 from the previous year. The death rate was 7.61 per 1,000 based on an estimated population of 28,350. It was slightly lower than 1939 when the rate was 8.08.

Berry reported that 126 of the deaths were due to disease of the circulatory system with 25 deaths from cancer second. There was slight decrease in deaths from heart disease and the circulatory system. Lobar pneumonia, Berry said, showed a most favorable decrease. Three deaths were recorded compared with 10 for 1939. Bronchial pneumonia showed an unfavorable increase as 13 deaths were recorded in comparison with seven for the preceding year. Cancer deaths decreased from 28 to 25, and tuberculosis dropped from nine to six.

## New Organization Meets

The organization meeting of the Young Men's Political and Athletic association of Belleville was held last Wednesday evening at 11 Davidson street where the group has established clubrooms. William Baumgartner was elected president, Roy Wagner, vice-president; George Stalter, secretary and treasurer.

The members, young men of high school age, plan a program of discussions on current affairs and the coordination of their athletic activities.

## Is Chairman

Philip Dettelbach

Philip Dettelbach, superintendent of the town, has been named a member of the county committee and chairman of the local defense savings committee. Mayor Williams is the local honorary chairman. The announcement was made this week by John E. Manning, who is state administrator of the defense savings staff.

Chester I. Barnard president of the New Jersey Bell Telephone company, is the county honorary chairman with M. F. Tiernan, president of Wallace & Tiernan, and W. Stuart Landes, president of Celluloid corporation, serving as co-chairmen.

The local committee is scheduled to meet this afternoon with Dettelbach at the town hall at 4 p.m. It will be addressed by Paul M. Canada, deputy state administrator.

# POST-WAR WORKS PLAN STUDIED

Will Consider Program For Future; Look for Job Slack After War

Mayor Williams, Commissioner Waters and Town Engineer Matthew Sheehan will confer shortly on the post-war public works program. This is in line with a state-wide effort which is being made to have municipalities peer into the future so that when the war-time boom in industry ends there will be work for many who may be thrown out of jobs.

It was explained to the commissioners by Mayor Williams that there would be nothing binding on the town to go through with any program of future projects which it might outline as practicable for Belleville. No money would be appropriated or earmarked, he said.

"It is simply an effort on the part of the state," Williams said, "to guard against a post-defense lack of jobs."

# BIDS ARE SOUGHT FOR COLLECTION OF REFUSE

Town Asks Price for Three And Five Years; Issues Questionnaire

A proposal seeking bids for refuse collection is being advertised by the town today. Quotations from scavengers are being sought for three and five-year contracts. The present five-year agreement with Charles Cuzzo, a local man, will expire on December 31. New bids will be opened before the town board at its meeting on Tuesday, November 25.

The proposal provides that the scavenger bid on the collection of garbage on a twice-a-week basis to start on January 1 of next year. Before any applicant may submit a proposal he must fill out a detailed questionnaire which has been drawn up by the town. Questionnaires will be available to prospective bidders on November 3 and may be obtained at the health department. No questionnaires will be given out after 4 p.m. on November 10 and all must be filed with the health bureau before 4 p.m. on November 13.

Each proposal, which must be accompanied by a certified check for \$1,000, must give all prices in writing. The bidder must present a surety bond issued by a company which is doing business within the state.

## Must Give Recommendations

The purpose of the questionnaire, it was explained, is to prevent bidding by scavengers who are felt to be incapable of filling the provisions of the contract. All bidders are requested to present a letter from the health officer and the department administrator in the town in which they are now operating attesting to the quality of work which they are now performing. They are also required to answer if the work is being performed according to specifications and satisfactory to the authorities. They are asked to give details concerning the number of years that they have been in the refuse collection business, the number of trucks and other equipment which they own, where they intend to dump and if they have ever been convicted of any crime.

# NO SUCCESSOR TO COOGAN YET

Mayor Says He Is Still Undecided; Retiring Assessor Has No Plans

No successor has been named to John F. Coogan who resigned two weeks ago as tax assessor. Mayor Williams, who has charge of the department of revenue and finance, said that he had not reached any decision as yet on the appointment and that he was studying the qualifications and experience of various members of the present staff. Coogan's resignation takes effect on Saturday, Charles Watson, who has served as assistant to Coogan in his office for the past five years, has been assuming a greater charge of the office during the past two weeks, although Coogan has reported daily for work.

The mayor said that he did not know when he would make the appointment.

Coogan, who quit his \$3,500 a year job after having served in the office since 1930, said last night he did not have any plans and that he did not know what he would do at the moment.

# Chest Is Only \$3,000 Short Of The Goal; Ends Wednesday

More than 80 percent of the Community Chest quota has been raised, it was reported late last night by Community Chest officials. Of the \$16,000 which is sought to operate five local organizations during the coming year, \$12,895.79 has been reported.

Chest leaders expressed themselves last night as confident that the campaign would go over the top. The drive, which was originally scheduled to close Sunday, has been extended to next Wednesday night when it is hoped that the quota will have been reached or passed.

The drive is ahead of the corresponding period for last year, a comparison of collections showed. During the first 15 days of the 1940 drive, \$8,026.64 was raised compared with \$12,895.79 for this year. Campaign Manager Hugh J. Kittle is particularly pleased with the effort that has been made by the house-to-house workers. In the first two weeks of last year's campaign they raised \$581.40 compared with \$2,627.37 which has been reported to date this year.

Executive secretary John Charlton pointed out last night that six of the districts are still to be raised from. Those persons who have not been at home when the house-to-house campaigners called or others who have not been asked to contribute but would like to do so are requested to send their contributions direct to the Community Chest headquarters at 338 Washington avenue. Checks should be made payable to the Community Chest and all donations will be promptly acknowledged. The breakdown of the total in cash and pledges received up until midnight last night is as follows:

Industrial	\$6,569.25
Special Gifts	992.00
Out-of-Town	365.00
Churches and Organizations	41.00
Clubs and Veterans	88.00
Professional	319.00
Commercial	16.00
Post Office	1,050.50
School Teachers	80.00
School Pupils	263.67
P.T.A.	2.50
House-to-House	2,627.37
Total	\$12,895.79

Several groups have already exceeded the amounts which they raised last year. The professional group headed by Dr. George Kaden has topped its last year's figure while the school children have contributed five times as much as they did in 1940. District 15 in the house-to-house division led by the Community Service bureau with A. A. Hartley as captain is ahead as is District 4 of the Belleville Teachers' association led by Fred Evans and District 17 of the association led by Miss Kathryn Conklin and Earl Seibert. District 15, in charge of the Everyman's Bible class directed by Max Seiler, are also leading the total made by the same sections in 1940.

The isolation hospital has raised \$55 but it has not been turned in yet.

## Miss Mazie E. Kennedy

A requiem mass will be held at 10 a.m. this morning in St. Peter's church for Miss Mazie E. Kennedy, a teacher in School No. 9, who passed away Monday at Newark Presbyterian hospital. She had resided at 64 DeWitt avenue.

## Miss Kennedy was a graduate of Newark State Teachers' college. She was a member of Santa Maria council, Catholic Daughters of America and of the Belleville Teachers' association.

Surviving here are her parents, Mr. and Mrs. Edward C. Kennedy, two sisters, Alice and Rita, and four brothers, Vincent, James, John and Joseph, all of this town. Interment will be in St. Peter's cemetery.

## No. 2 P.T.A. Meets

The School No. 2 Parent-Teacher association held its first meeting of the season Tuesday afternoon at the school with the newly elected president, Mrs. David McIlvrid, presiding. Other officers are Miss Rose Simons, vice-president; Miss Maud Miller, secretary; and Mrs. John Reed, treasurer.

Announcement was made of the appointment of the following committees: program, Fred Evans, Mrs. Harry Fredericks, Mrs. Harry Howard and Miss Dorothy Ferrara; refreshments, Mrs. Herbert Hopper, Mrs. Charles Wagner and Mrs. Joseph Alessi; membership, Mrs. Anthony Valesco, Mrs. Joseph Carnie and Mrs. William Nankervis; publicity, Miss Rose Simons; hospitality, Mrs. Fredericks and Miss Simons.

## BETTER VISION GREATER PLEASURE

Good vision doesn't mean merely a better score in a bridge game, though that's part of it. It means a more enjoyable game—cards seen quickly and easily, both in the hand and on the table. It means coming home at night fresh and unexhausted—without the headache and tiredness that dog the home-going footsteps of those whose eyes have had to strain hard to see.

Safe seeing is the result of good eyesight and good light. Be sure you have both: eyesight with any defect corrected; and good light on every eye task. Better vision means happier living.

A business meeting of the Roof-tree branch, International Sun-shine society, is scheduled for Wednesday evening at the Woman's club. Plans will be made, not only for the public card party which is a regular monthly event, but for the preparation of Thanksgiving baskets for needy families.

A bachelor dinner was given for Anthony Giuliano on Thursday evening. There were 65 guests present. John J. Seritella, Ralph Bruzichesi, John Angelo and Ely Savarese were on the arrangement committee.

Giuliano will be married to Miss Emily Rispo on Sunday at St. Michael's church, Newark, at 5 p.m. A dinner reception for 200 guests will be held at the Robin Hood Inn, Clifton.

Mrs. Felix Rinaldi of Magnolia street had as guests on Thursday evening Mrs. Joseph Rossi, Mrs. Joseph Tiseo, Mrs. Angelo Rinaldi, the Misses Rena Torrieri, Mary Goglia and Ann Ponzio.

A son, Robert Thomas, was born Thursday in Presbyterian hospital, Newark to Mr. and Mrs. Linwood Raymond of 43 Little street.

Miss Lee Groner of Holmes street entertained the Equestrians Friday evening. The Misses Violet Ings, Alice Griffin, Kathleen

## BERRY ASSAILS G. O. P. TICKET

Foran and Clean Government Group Attacked By Democratic Candidate

Continuing his attack upon the high cost of New Jersey's "Foranized" milk and upon the Republican patronage deals which he said were the cause of this and other "legislative atrocities," J. Raymond Berry, Democratic nominee for senator from Essex, in campaign talks throughout the county this week asked for the election of a Democratic legislature to support Governor Edison in "a program that promises a better, brighter day for the state."

Charging that the "so-called Clean Government" delegation of Essex county, as well as the remainder of the Republican legislative majority is responsible for the creation of the Foran milk administration over Governor Edison's veto, Berry said the voters have this choice.

"Either you are going to ride along with a complacent, smug, smirking, sanctimonious crowd of political pitch men, or you are going to support an able, upright, honest, conscientious governor. "That is the real issue in this campaign. That is the real fight—the oldest fight in the world—the fight that all free men must make if Democracy is to survive—the fight for decency in government."

Berry is chairman of the Democratic state convention, secretary of the Essex County Bar association, an active member of the New Jersey State and American Bar associations, and captain Judge Advocate General department, New Jersey State Guard. He is a practicing attorney and partner in the law firm of Lum, Tamblin & Fairlie of Newark.

Berry is married and has three children, two sons and a daughter. Born in Newark, August 30, 1901, he was graduated from Summer avenue and Barringer high school, and Newark Junior college. He received his A.B. at Princeton university in 1922 and his L.L.B. degree at Columbia university in 1925. He was admitted to the New Jersey state bar as an attorney in 1925, and as counselor-at-law in 1928. He is a member of the I. O. O. F., Princeton, and Psi Upsilon fraternity, Columbia.

He ran on Princeton's cross country team in 1920 and 1921 and was a member of the Princeton track team in 1921 and 1922. Still retaining his interest in athletics, he is a charter member of the Herman Erb Hillenbach association football team of East Orange, playing first base for the last four or five years. He was a member of Essex Troop, New Jersey National Guard, for six years, and participated in the troop's horse shows. He is a member of the Bon Ton Repertory company, dramatic organization of Essex County lawyers, and is active in the production, directing and acting of the company's presentations.

## Spenceley-Matchett

Mr. and Mrs. J. T. Matchett of Rockville Center, L. I. have announced the engagement of their daughter, Miss Ginny Rae Matchett, and Frederick Spenceley, son of Mrs. Frederick Spenceley of 120 Rutgers street and the late Major Spenceley.

Miss Matchett was graduated from St. Lawrence university at Canton, N. Y., and is a member of Phi Beta Kappa. Mr. Spenceley was graduated from Belleville high school, also received his bachelor of arts degree from St. Lawrence university and his master's degree from Massachusetts Institute of Technology in Boston. He is connected with the Bell Aircraft corporation in Niagara Falls.

Fitzsimmons, Anne Preston and Eileen McCann were present.

Miss Grace Riordan of Linden avenue is convalescing at home following an appendectomy in Presbyterian hospital.

## G. O. P. PROGRAM OUTLINED

Candidate Roy Wright Lists Seven-Point Plan Of Party

A seven-point record of Clean Government Republican achievement was outlined this week by Roy V. Wright of East Orange. Wright is the Republican candidate for state senator from Essex, and he pledged himself and his 12 running mates on the Republican assembly ticket to a continuance of these policies. The points outlined follow:

1. No new taxes. Repeal of the sales tax alone which Essex Republican legislation forced in 1935 has resulted thus far in a saving of \$150,000,000 to New Jersey consumers. In addition to forcing repeal of the sales tax, they have constantly opposed enactment of other major new taxes including a state income tax.

2. The system of state-local relief financing which many other states throughout the nation are now copying was adopted under Essex Republican leadership. All relief financing under the plan has been accomplished without imposing new taxes. Drop in relief costs has partially been due to this sound legislation.

3. Spoils system has been fought vigorously. Essex Republicans supplied the votes needed to pass the Republican "Anti-gravy bill" in the assembly this year. Against the bill was arrayed solid Democratic opposition.

4. Tax system improved. The Republican delegation representing Essex County this year took a leading part in the passage of legislation to improve the method of taxing utilities and railroads. Democratic opposition to this was almost unanimous. Essex gains this year will total \$450,000.

5. Municipal finances improved. The present "pay-as-you-go" financing for municipalities and counties was put over by Essex Republican legislation and their allies. This legislation has resulted in a reduction of nearly \$300,000,000 in local debt and has vastly improved credit ratings for New Jersey municipalities generally with lower real estate tax rates for many.

6. Honest elections. Essex Republicans have led in election reform for years and much fraudulent voting has been eliminated through these measures.

7. Labor and social legislation. Essex Republican legislators gave their solid support this year to the anti-injunction bill, the labor mediation bill and other measures advocated by organized labor. Wright who has lived in East Orange for years is a past president of the American Society of Mechanical Engineers. He was a freeholder from 1934 to 1937.

Like his colleagues on the assembly, Wright is a strong advocate of a convention to revise New Jersey's 1844 constitution.

## Marguerite M. Haffner Is Bride Of Woodrow Nourse

The marriage of Miss Marguerite M. Haffner, daughter of Mr. and Mrs. Henry S. Haffner of 444 Washington avenue, and Woodrow W. Nourse, son of Mrs. Esther E. Nourse of 139 Overlook avenue, was performed Saturday afternoon in Bethany Lutheran church by Rev. Willard H. Borchers. A reception was held in the parish hall, which was decorated with garden flowers.

Miss Haffner was given in marriage by her father and attended by her sister, Miss Kathryn Haffner. William Glenck of this town was Mr. Nourse's best man and Harry Small, also of Belleville, and Frank Schmidt of East Orange were ushers. The bride's princess gown of white satin was worn with a fingertip veil. She carried a shower bouquet of roses. Her sister was gowned in aqua satin with matching tiara. Mrs. Haffner wore black crepe and Mrs. Nourse, blue. Their corsages were talisman roses.

The couple will reside on Belleville avenue after a three week's southern trip. Miss Haffner was graduated from Belleville high school in 1936 and Mr. Nourse in 1936. Mr. Nourse is employed by the Prudential Insurance company.

## Clarkson-Freggens

The engagement of Miss Emilie Freggens of Maplewood and Ronald MacFarlane Clarkson, son of Mr. and Mrs. John Clarkson of Malone avenue, was announced Sunday by Miss Freggens' parents, Mr. and Mrs. Alfred J. Freggens at a family dinner.

Miss Freggens was graduated from Columbia high school and Mr. Clarkson from Essex Junior college and Rutgers university. He is a member of Kappa Alpha Phi. Mr. Clarkson is with the Prudential Insurance company.

## Musical Reviews

By Adell Sutherland  
Last Tuesday evening marked the opening of the fifth season of the Nutley Symphony society in the high school there. An auspicious evening it was. A well-filled house attested to the popularity which this institution has gained for itself.

The sincerely enthusiastic acclaim accorded the orchestra by those who are familiar with good orchestral playing was most gratifying to the conductor, Nicos Cambourakis, and to those especially interested in a high standard of musical performance. The tone of the orchestra has notably improved, attacks and releases were clean-cut, and the style and spirit of the playing showed a well-integrated group.

The soloist was a happy choice. Meroslaw Salyk, violinist of New York, who made light of the technical difficulties of the Lalo "Symphony Espagnole", and soared along with eloquent tone and appealing expressiveness to make his contribution to the evening one long to be remembered. Ease

of manner and personal charm may be counted among his assets. If the orchestra holds to the excellent plane of its first performance this season, we should have an organization (won't boasting about—not only as a civic enterprise but as a progressive cultural force.

NEW JERSEY DRIVES  
FASTER and FASTER for DEFENSE

NOW over a million  
long distance calls are made  
each month in New Jersey.

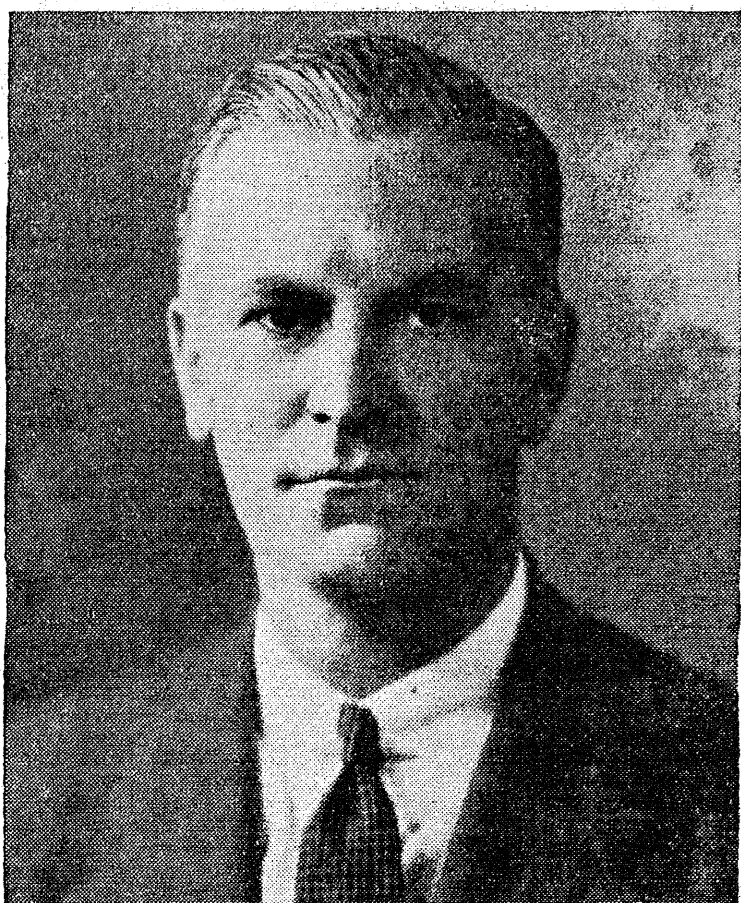

THE increased flood of long distance messages due largely to defense efforts tends to concentrate in periods when traffic normally is heaviest and also upon circuits to points where defense work is exceedingly active.

The resulting extra strain on telephone facilities causes some slowing down of service, even with all the added lines and equipment brought into use in the past twenty months. If any of your calls are delayed at these times, we hope you will understand why.

One way to be reasonably sure of getting out-of-town connections promptly is to plan your day's telephoning to avoid the most crowded periods. You will also help make telephone facilities serve all defense needs more effectively.

## Bits By And About Boys In The Service

### Stories Wanted From Boys In The Service

Frequently, the complaint comes into The News that we don't have enough stories about the boys in the service—where they are, what they are doing and anything else that's interesting about the life they're leading in the army, navy or marine corps.

Well, it's pretty hard for us to find anything out about them unless they write themselves or their relatives or friends tell us about it. You see, the government hasn't gotten around to setting up a public relations system as yet that will keep every home town paper informed about every last man in the service. That would be quite a job.

But the folks at home want to know what the boys are doing and our columns are open for their relatives or friends to tell us about it. We're starting a column this week and it will run just as long as we have the items to fill it.

Anything in the way of news will be welcome. Just be sure that it is written plain enough so that we can understand it, and don't forget to mention your company and regiment and the place at which you are stationed.

How about hearing from some of you fellows? All letters should be addressed to the Service Editor of The News, 328 Washington avenue, Belleville.

### Two Local Trainees Sent To Camp Lee, Va.

Among the 628 trainees who were shipped last week from Fort Dix to Camp Lee, Va. were Alphonse Zecca and Joseph Pascherchia of this town. Both have been assigned to the medical replacement training center.

### Home On Furlough

Home on a 15-day furlough from Fort McClelland, Ala. is First Class Pvt. Elmer King. He is visiting his brother-in-law and sister, Mr. and Mrs. George Horvath of DeWitt avenue. He arrived here on Tuesday.

### Graduates

Howard A. Matthews

Howard A. "Matty" Matthews, son of Mr. and Mrs. Austin Matthews of 125 Tappan avenue was among the 160 students graduated last week from the U. S. naval air school of Jacksonville, Fla. He was graduated in the aviation machinist mate class.

Young Matthews spent four months at a trade school there, and according to word received by his parents is now being transferred to Quonset Point air station in Rhode Island.

"Matty" enlisted in January and started his naval training at Newport, R. I. on February 4. On May 27, he was appointed to junior company commander apprentice brigade and on June 27 was selected for the trade school training at Jacksonville.

Before entering the service, he was employed by Weeks' Brothers service station and Wallace & Tiernan.

## LOUIS LUZZI IS MADE CORPORAL

Writes About 34th Infantry's Part In Carolina Maneuvers

Louis J. Luzzi of 184 Passaic avenue, who is in Company M of the 34th infantry of the 8th division at Fort Jackson, S. C. is pretty proud this week. He was made a corporal and thus became the second man in Company M from Belleville to be made a corporal. Several months ago Eugene J. Cukin of 72 High street got his corporal's stripes.

The 34th infantry is in the midst of maneuvers at the present time in the Carolinas and the men are getting a real taste of what war is like.

"The 102nd Essex troops," Corporal Luzzi writes, "on maneuvers in the Carolinas furnished much opposition as the 34th infantry, a unit of the 8th division, battled for the upper hand. The 102nd, recognized as one of the toughest outfits, used tanks, parachute jumpers, dive bombers and mechanized cavalry as the 34th tried to defend their own positions."

"The heavy weapons of Company M of the 34th (of which Luzzi is a member) found this phase of the maneuvers very interesting and had a great deal to do with checking the advance of the 102nd and was only subdued after the 102nd was strongly reinforced."

"The 34th infantry will be leaving, for good, their base camp at Winnsboro and in the next two weeks will experience the particulars of actual battle conditions. At the close of the second week our unit will arrive at Kershaw for a brief rest period."

"Exceptional care is being taken by our company commander, Lieut. Mangolillo, to keep the number of casualties at a minimum."

"The weapon carriers of Company M are in the hands of capable drivers, and these men are proving their skill during the blackout rides by coming through with flying colors to date."

"One of these blackout rides, often referred to as 'the ride of death' against 102 Essex troops, sure put the drivers in the top ranks by coming through without any serious casualties."

### Service Briefs

Private Ralph T. Witte of Company C at Fort Belvoir, Va. was home for the weekend visiting his parents, Mr. and Mrs. Witte at 234 Division avenue.

Carmine Olivo, son of Mr. and Mrs. Domenick Olivo of Magnolia street, returned to Camp Livingston at Alexandria, La. after having been home on a 10-day furlough. He was given a surprise party on Saturday night at the home of his sister, Mrs. Anthony Dams of Union. Guests attended from Newark, Irvington and Belleville.

Anthony G. Turtuvillo and Ralph H. Hickok were among the 500 trainees who were transferred last week from Fort Dix to the quartermaster replacement training center at Camp Lee, Va.

### Primavera Made Corporal

First Class Pvt. Arthur Primavera of 43 Heckel street is among the 20 soldiers promoted in the 22nd field artillery battalion the fourth announcement from Camp, N. Y., this week. Pvt. Primavera has been made a corporal in Battery D.

### To Hear Committee Plans At Legion Meeting Monday

The American Legion post will hold a business meeting at the Recreation house in Joram street on Monday night with Commander Edward P. Cantwell in charge. He will report on the activities which have been planned for the coming year, and committees which have been named will also outline their programs.

Plans for Legion participation in the Armistice day program are also expected to be heard. The post members will attend the memorial service which will be held on Sunday evening, November 9, at Grace Baptist church. The veterans will assemble at Washington and Overlook avenues at 7:45 p. m. and march to the church which is situated on Overlook avenue.

The membership committee will report that 35% of the membership has paid its dues for the coming year. The ways and means committee is planning a card party which will be held on Monday night, November 17 at the Recreation house.

### Local Residents Subscribe To Griffith Piano Series

Several Belleville residents have subscribed for the Griffith Music Foundation's master piano series of which Sergei Rachmaninoff's recital last Monday evening was the first event. Other pianists to be presented in the series are: Arthur Loesser and Beryl Rubinstein, Vladimir Horowitz, Egon Petri and Poldi Milder as announced by Mrs. Parker O. Griffith, foundation president.

The Belleville subscribers are Miss Margaret D. Akers, Miss Eleanor Barrett, A. W. Leadbeater, Miss Amy Stratton, Mrs. Florence Tourain and Arthur G. White.

### Mother, Daughter Treated For Rabies After Dog Bite

A 17-year old high school girl, Gertrude Jenkin, and her mother, Mrs. John Jenkin, both of 439 Franklin avenue, are being given the Pasteur treatments for dog rabies after they were both bitten this week by a mongrel chow which was owned by the girl. Health Officer Eugene T. Berry said that the head of the dog was examined by the Newark Health department and that the animal did have rabies.

The dog snapped at the girl and bit her slightly on one leg. Both the mother and the girl had attempted to treat the dog, he said, consequently both must take 14 treatments for the disease. The dog was disposed of by the Bloomfield veterinary hospital, the health officer said.

### Home On Furlough

Private Thomas S. Natale stationed at Fort Benning, Ga. has been home on furlough visiting his parents, Mr. and Mrs. Patrick Natale of 15 Van Rensselaer street. He was graduated from the high school in 1934.

On Sunday the Natale had another soldier, Private Nicholas Feurey of Fort Bragg, N. C. as their guest at dinner.

## SYNAGOGUE OPENS MEMBER DRIVE

Herman B. Wische Is Heading Committee; Seek Unaffiliated Families

In keeping with President Roosevelt's proclamation for "Loyalty Days" all over the country which urged all sections of the population to take more active interest in the religious organizations, Congregation Ahavas Achin will start a drive to enroll every unaffiliated member. According to an announcement by Herman B. Wische, drive chairman, the campaign will get under way during the coming week and a special effort will be made to visit every unaffiliated family.

The chairman will have as his captains, Dr. B. A. Jacobson and Samuel J. Kogan. A special membership brochure assembled by Rabbi Rubin R. Dobin of the congregation will be used in acquainting the people with the activities of the Synagogue center. Edward J. Abramson, president of the congregation, is advising the membership committee in this drive.

It is planned to have a special event in the end of the campaign in the form of a welcome to all its new members.

### Petrean Club Will Have An Organization Pin

The Petrean club members voted Tuesday night to adopt a pin which will be emblematic of the spiritual and cultural side of the club life. The suggestion was made by John L. Sullivan and a committee was named to investigate designs and patterns.

Two more members have joined the service. James McEvoy of New York is with the air corps in the Mitchell field while Douglas Barton of Bloomfield is now stationed with the air corps at St. Louis, Mo. This brings to 13 the number of Petreans who are now in the service. Two are in the navy, one in the marines and the rest in the army, either as volunteers or draftees.

Executive board meetings will be held weekly on Tuesday nights at 7:30 to transact club business.

### Shower Hostess

Mrs. John J. Kath of Myrtle avenue was hostess Sunday at a miscellaneous shower and supper for Miss Florence Wolfe of Hackettstown who will be married next week to Edward Sherenak of Dover. More than twenty persons were Mrs. Kath's guests. Decorations were customary shower trimmings in blue and pink.

Berry, Health Officer, in the offices of said Director and Health Officer in the Town Hall, Belleville, N. J. No questionnaires will be supplied bidders subsequent to 4 P. M. November 10, 1941. No forms of proposals shall be furnished prospective bidders unless they have first furnished information in proper form on questionnaire hereinabove referred to, and filed said questionnaire with the Director of Public Affairs or the Health Officer of the Town of Belleville before 4 P. M. November 13, 1941.  
Each proposal shall state all prices in writing, as well as in figures. Each proposal must be accompanied by a letter addressed to the Director of Public Affairs setting forth the exact location where said ashes, offal, garbage, rubbish, debris and other refuse matter will be dumped. All work and materials are to be fully in accordance with specifications of the Town of Belleville. Each proposal must be accompanied by a certified check drawn on some National Bank or Trust Company, and made payable to the "Town of Belleville", in the sum of \$1,000.00. Said check shall be given to insure the due execution and delivery of the contract and bond by the successful bidder. Proposals must be accompanied by a statement in writing of a surety company which shall act as a guaranty of the bidder's ability to do business in New Jersey which shall at the time of putting such proposal qualify as to its responsibility in an amount equal to the bid the contractor, and undertake that if the contract be awarded to the person or persons making the proposal, it will, up to its being so awarded, become surety for the faithful performance of said work and for the execution of said contract within ten days after formal award said contract and providing that if a person to whom such contract be awarded omit or refuse to execute the same, it will be the duty of the Town of Belleville to pay to the Town of Belleville any difference between the sums to which such person would have been entitled on completion of the contract and that which the Town of Belleville may lawfully be required to pay for the execution of the contract. Proposals for the execution of the contract shall be opened at the hour of 8 P. M. Tuesday, November 25, 1941 at the Town Hall, Belleville, N. J. No bids will be received after 8 P. M. The Town of Belleville reserves the right to reject all bids if dissatisfied with the result of said proposals.  
FLORENCE R. MOREY, Town Clerk

## Soho Employees' Association Dance Tomorrow Night

The third annual dance of the Employees Association of Essex County Isolation hospital will be held in the hospital cafeteria tomorrow evening. It will be a masquerade dance with prizes for the best dressed couple and the most comical and original costumes. William Wanhous is chairman of arrangements.

In addition to County Supervisor Ernest A. Reed and director Dr. Ellis L. Smith, Freeholders Lindeman, Van Duyn and Rawson and George H. Becker will attend.

## High School Seniors Hold Second Dance Saturday

The high school senior class will hold its second dance of the season Saturday night in the school gymnasium at 8:30. It has been titled "Goblin Prince" in Halloween spirit. Music will be furnished by the Surf Club orchestra of Carteret. John Higgins, class president, is chairman and Jeanne Dailey and Robert Kimble are in charge of refreshments. Dancing will continue until 11:30.

## Junior Music Group Holds Annual Masquerade

Many original costumes were worn Saturday at the annual Halloween masquerade of the Junior Music club, held in the studio of Mrs. John F. Doyle of Wilber street. Jack Doyle received a reward card upon completion of his second year of piano lessons with his mother.

A chapter on the "Origin and Growth of Music" was read covering primitive, Jewish and Greek music.

Members played piano solos and games were played and pictures taken. The studio was decorated in Halloween colors and a large cake with the inscription "Junior Music Club" served as a centerpiece. Those present were Suzanne & Alice Seiler, Phyllis Wall, Helen Gabrielson, Christine Wilkinson, Cordula Paine, Alan Rosenberg, Walter Shope and Jack Doyle.

Mr. and Mrs. Alfred Moniot of Trenton were weekend guests of their parents, Mr. and Mrs. E. J. Moniot of Bell street.

Local Women Are Installed As 8 and 40 Officers

The honor society of the American Legion auxiliary, with its illustrative name, 8 and 40, which is reminiscent of A.E.F. transportation facilities in the France of world war 1 when eight horses and forty men were allotted to each box car on troop trains, has one of its oldest branches in Essex county, Essex Salon No. 8. New officers were installed Monday at a meeting in the Palmer House in East Orange, by Mrs. William Rustler of Arlington.

They are Mrs. Grover C. Ashby, president; Mrs. Walter Taylor, first vice-president; Mrs. William I. Labauch, second vice-president; Mrs. Frank Flynn, historian; Mrs. Fred Richards, chaplain; Mrs. Charles Giffonello, sergeant-at-arms; Mrs. Hubert Card, mistress of ceremonies; Mrs. Mahoney was appointed secretary and Mrs. Hilda Richards, treasurer. Mrs. Leonora Kolinsky is publicity chairman.

Child welfare work is the principal item on the program of the 8 and 40. It is planned to include rehabilitation in their program for the coming year.

## Why Not a Through Street?

The appeal of residents of the Valley section of town for a playground for the children brought to mind a condition about which we have meant to speak our bit for some time. One of the main arguments raised by the petitioners was the fact that the streets in the vicinity, Little, Cortlandt, Bellavista, and others nearby, are constantly used by trucks and other vehicles traveling to Main street. The increase in traffic has been particularly noticeable during the past six months, they pointed out.

More than 21 years ago, according to the files of this newspaper, there was quite a battle before the town commission to have Greylock parkway extended over the railroad tracks. The Erie railroad blocked the move by laying steel girders, and they are still there. Greylock parkway is a street divided and made dead end by the railroad right of way.

In the past year, the Walter Kidde com-

pany has erected a large plant on property which fronts on Main street. Another addition to the original building is under construction. How much more convenient it would be for the company's trucks to use Greylock parkway than the circuitous route which they must now follow. Other plants have been opened in that general vicinity and with the progress which Belleville is making in having industries locate in town, it would not be surprising if more would soon be seen rising along the riverfront.

It seems peculiar that Greylock parkway should not have been extended long ago to the river. According to the records in this office, the town commission in August, 1920, did pass on final reading an ordinance providing for the widening and extension of Greylock parkway over the railroad tracks.

Maybe it would be a good idea for the town commission to take up some 21-year old unfinished business?

## Step In The Right Direction

The first forward step in the solution of Washington avenue's parking problems was taken this week by Public Safety Director Clark. It is not here yet and no one should expect that when it does come it will be the cure-all for the conditions which have existed for some time, particularly since business has started to boom along the Avenue because of the location of new and larger retail stores.

Parking meters have been accepted in many cities as one of the simplest and easiest methods of dealing with the parking problem, so it is quite natural that Belleville should turn to it as a possible means of solving the local situation. We have said before that meters would not prove to be the answer to the merchants' or the police department's prayers. They will only partially help, for we still contend that it is in municipal parking areas that the eventual solution will be found.

We think that Commissioner Clark is using good logic in not going hog wild over the meters. He is not proposing to blanket the length of Washington avenue with the nickel takers. He told the town commission Tuesday night that he proposes to install the machines in one block, between Belleville avenue and Rutgers street. It is the most congested and the block in which the businesses that probably draw the most customers are located.

The meters themselves will not do the policing. They take only the money so it will require constant watching by the police department to be sure that those who are using the meters observe the 12-minute or hour parking privileges, depending on whether they insert a penny or a nickel in the machine. If there is not full-time policing, the purpose of the meters will be defeated and the town will be right back where it started.

## Where Is That American Flag?

One personal observation made on Monday, which was Navy day, was the lack of display of the American flags in front of residences and business places as had been requested by our local mayor and other federal and state officials, headed by President Roosevelt and Governor Edison.

Navy day is not the only patriotic time when this has been noted for it holds true on almost every holiday. Displaying the American flag is a sign of loyalty and patriotism. We have been most lax in it. Hitler, Nazism and the swastika-embellished flag are synonymous. The swastika is boldly emblazoned on every German front, home, piece of literature and sign as the mark of German might.

Are we as zealous in making the Stars and Stripes the sign of our greatness, unity and loyalty? We must confess that we do not believe we are. It is not that we are not loyal, but we are the most indifferent people in the world. Our flag stands for our principles and we should display and wave it whenever and wherever possible.

How many know the pledge of allegiance to the Flag? How many know the words to the national anthem, "The Star Spangled Banner"? You think these are ridiculous questions? Have you ever stood in a group when the pledge of allegiance was being given or "The Star Spangled Banner" was being sung?

Every mouth moves, but words don't come out of some. Others may know a word here or there, but have forgotten or never have taken the trouble to learn the rest. We think everybody should know both the pledge of allegiance and the national anthem. If they have forgotten them they should sit down for a while and re-learn the words.

More of them probably know the words to the latest leader among the popular songs, but don't know their country's song or the pledge of loyalty to its flag. Just in case you don't have a copy of either about, here they are:

### THE STAR-SPANGLED BANNER

Oh, say, can you see by the dawn's early light,  
What so proudly we hail'd at the twilight's  
last gleaming?  
Whose broad stripes and bright stars, thro' the  
perilous fight,

### PLEDGE OF ALLEGIANCE

"I pledge allegiance to the Flag of the  
United States of America, and to the Republic  
for which it stands, one nation, indivisible,  
with liberty and justice for all."

## Odds and Ends From Other Pens

### An Exclusive Privilege

Much is said and written in these times concerning the rights and privileges of those fortunate individuals who live in a democracy, yet it is appalling to realize how lightly the people of this country take their responsibility. This lack of appreciation of responsibility is particularly evident at times of elections of less importance than the presidential election. When a presidential election is over many lapse into a four-year coma of inactivity, scarcely realizing that the privilege to vote may and ought to be exercised every year.

Perhaps the average citizen is not wholly to blame for this period of inactivity. He may be aware that an election is impending and yet have little or no opportunity to acquaint himself with the personalities and platforms of the candidates. Perhaps he will decide that it is better not to vote at all than to vote unintelligently.

The League of Women Voters is acutely aware of this situation of neglect and lack of opportunity. Adhering to its strictly non-partisan policy, the league will attempt to aid the voters of Montclair by presenting to them candidates of all parties running for office in the coming general election. In sponsoring the non-partisan pre-election rally next Wednesday evening the league will offer citizens an opportunity to see and hear the men and women who will represent them in the coming years.

Even more important, it will furnish an opportunity to hear all sides of the issue at stake. Democracy can only survive if its leadership is capable. It is up to the voters to select those they believe to be capable. This cannot be done by an unintelligent use of the ballot.

The right to vote intelligently is the exclusive privilege and duty of those who live in a democracy.

### Accident Reports

It would be well for all drivers, no matter what their past safety record, to ponder the advice recently issued by Motor Vehicle Commissioner Arthur W. Magee. It concerns the reporting of accidents to police.

Motorists, he says, are not required to report accidents in which the damage to one or more vehicles does not exceed \$25. But, no matter how slight is the damage to automobiles, accidents must be reported if there has been an injury to a person involved, no matter how slight that injury may be.

New Jersey's legislature has seen fit to increase the mandatory penalty for leaving the scene of an accident involving personal injury to not less than \$100 nor more than \$500. In case of property damage, the mandatory penalty for leaving the scene remains not less than \$25 nor more than \$100.

Reduced from \$100 to \$25 is the amount of judgment for which, if not satisfied, motorists must furnish evidence of financial responsibility by bond for \$10,000 or insurance for \$5,000 and \$10,000 public liability and \$1,000 property damage.

### Telephone Volume Business Up, Earnings Down

Although the New Jersey Bell Telephone company this year is handling the greatest volume of business in its history because of defense activities, its net earnings for the first nine months were \$550,459 less than for the same period last year, G. W. McRae, vice-president and general manager, reports.

Greater use of the telephone in the first three-quarters of 1941 increased telephone revenues nine and a half percent over the corresponding period of 1940, but about 65 percent of the increase in gross revenue went for increased taxes and 30 percent for increased payroll.

The company reports nine months total telephone revenues of \$43,096,074, an increase of \$3,762,154 over the same nine months of 1940; a total telephone expenses including taxes of \$36,964,910, a gain of \$4,312,613.

The purpose of this last provision is to drive judgment-proof motorists from the highways.

Because there is the tendency to become excited when persons are involved in automobile mishaps, it would be well for such drivers always to report such cases immediately to police. By so doing, there is removed the danger of breaking the law unintentionally—an innocent infraction which may prove costly later.

### The Soldier and His Library

It takes a mighty lot of reading matter to appease the hungry literary appetites of 11,000 men and when these men are soldiers away from their normal pursuits, and reading becomes their favored indoor sport, then the filling of this demand becomes a real problem.

Ridgewood this past week had opportunity to get a first-hand picture of the library problems at Fort Monmouth. The speaker was Janet Zimmerman, who has been borrowed from her post as Glen Rock librarian, to take charge of the two libraries at that army garrison, and her message was a direct appeal for books and magazines, and still more books and magazines. No matter how fast the shelves are replenished—and hers has been the task of spending thousands of dollars to add to the supply—at the end of each day, she said, they are as bare as Mother Hubbard's proverbial cupboard.

What the man in the service prefers in his reading is interesting. Technical books and non-fiction take precedence over light present-day romance . . . and poetry has always been the soldier's "favorite dish." Many a worn slim volume of verse is found in the old kit bag.

Efforts have been made by local organizations to collect current magazines and suitable reading matter for the Jersey camps. Miss Zimmerman's words reflected the need which exists and the appreciation felt for all such efforts which should be continued with greater regularity.

### Autumn Responsibilities

The forests are a riot of color still and it's glorious to drive through the North Jersey hills of a weekend. But as you enjoy Nature's loveliest handiwork, remember to be careful.

Remember that it is extremely easy to extinguish all camp fires thoroughly; be sure that you or your friends do not carelessly throw a lighted cigarette into dry leaves. And take care that your matches are extinguished, for they may smolder for hours before breaking forth into flame. If the cause is eliminated, it will not be necessary to see large areas of our forests left a blackened mass of burned tree trunks.

And be careful about driving, too. One leaf on a hard surface can cause an automobile to skid as quickly as a patch of ice. It's very easy to forget about the danger of fallen leaves, but they can be the most treacherous of automobile hazards.

Enjoy all of autumn's loveliness . . . but don't overlook its responsibilities.

## ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

by Meador Wright

The unknown factor in this election and the one the Republican leaders really fear is Charles Edison. Without the prestige of Edison, political strategists on both sides concede that the Democrats would not have a chance in Essex. Republicans hope they haven't a chance anyway, but they can't be entirely sure until the voting machines have been actually checked after the polls close Tuesday.

Edison has been speaking to large crowds during his campaign throughout the state, as the Newark Evening News pointed out editorially last Monday, and somewhat to the surprise of certain Republicans who have come to expect that the News will always be with them at election time. There is no evidence so far that either the powerful News—probably as strong as all other papers in Essex combined—or the Sunday Call will depart from a policy of neutrality. This means that in the eyes of the press the Democratic party has become respect-

able here for the first time in nearly a decade, national elections excluded. The News endorsed William L. Dill when he ran for Governor in 1934. At the same time it spoke approvingly of the three Democratic freeholders who were seeking reelection that year. In every contest since then except in last year's gubernatorial race the election of Republicans has been urged.

### The Republican County Record

But the press generally is by no means hostile to the Republican cause. The party has an excellent county and a fair legislative record and the public is generally aware of this fact. While Governor Edison has endorsed the ticket here along with that of every other county except Hudson, many of Hague's most trusted lieutenants, notably the Democratic county chairman, still have positions of high authority in Essex. Certainly, there is no basic reason why voters in Essex should reverse the stand they have taken here for more than two decades. But what Republican strategists fear is that the state as a whole will give an endorsement to Edison so sweeping that county lines everywhere will be obliterated—that good Republicans as well as bad ones will be hurried in this general approval of the governor's efforts and achievements at Trenton.

### Factors Favoring the G.O.P.

While conceding that such a sweep is possible, I do not believe—even if it comes—that it will or can be powerful enough to reverse the Republican trend that has guided Essex for the last twenty years. This conclusion is based upon the following factors: (1) The Republican showing last year. Even with Edison the candidate for governor and Roosevelt carrying the state, the average Republican assembly majority in Essex was 42,153, and that of the Freeholder candidates even larger. (2) Attitude of Italian-American and Negro voters. Both of these groups prior to the New Deal were strongly Republican, yet both drifted toward the Democratic side when WPA patronage was being poured out from Washington. There was noticeable Italian hostility to President Roosevelt last year because of his war attitude and this resulted in a strong shift back into the Republican party. Now with no work relief needed these Italian-American voters are likely to remain in the Republican camp. The same is true, although to a lesser extent, with the Negroes. (3) Public realization of the excellent Republican record in county government. (4) Hostility of Hague lieutenants to Edison and his program and policies. (5) Personal popularity of certain Republican candidates, especially Philip Lindeman, freeholder nominee, and George H. Becker, candidate for sheriff.

With the five factors enumerated above operating in favor of the Republicans, it would take a

Whatever the fans (and we, too) thought of the Iron Dukes after that smelly setto with the Brown Bombers was completely rubbed out by Sunday's zip-bang clash with the Newark Woodsides. The score doesn't indicate how good a ball game it really was. The Woodsides weren't as bad as that 21-0 score indicates and almost at any moment it appeared as though Billy Gordetsky or Bob Forfar would break away for a touchdown.

Keeps Interest

Gordetsky, make no mistake about it, is no slouch as a ball player. He was regarded as the best in the league last year, and for our money he was the fastest man on the field Sunday.

The difference between the Dukes and the Woodsides was that the locals were a better coached and drilled team, knew their plays better and played as a team, not individuals.

While the Dukes play the Trenton Eagles on Sunday, it's really the game a week away with the Camptown Pros that they and the fans are looking toward. The game promises to jam the municipal stadium to the edges for it will decide the league championship based on the way the teams are traveling at the moment.

The Campers have won 27 straight ball games and they won't take kindly to the thought that the Dukes might unseat them as the league kings. Benny Rose and his boys not only jealously guard their prestige, but they more or less look down their noses at the other teams in the circuit.

Whether its disputed or not, Rudy Choborda is the fellow who makes the Campers click. When he's in the lineup, the team goes places and when he's out they are just another ball club. The Dukes have been up against some pretty good backs this season and they may show Choborda that they've improved a lot since the Campowners last stonked up against them at the start of the season.

Deserve Credit

A lot of credit must be given to Larry Gates and his assistants, Wilho Winika, "Jitty" Wische and Bill Chapman, for the job they've done in bringing the Bellboys up the ladder. Beaten without being allowed even the sniff of a touchdown in their first three games, The Blue and Gold gridders first became a 6-0 lead to beat Clifford Scott, and then on Saturday they completely surprised everybody by holding a vaunted Irvington eleven to a 7-6 score.

Call it luck if you wish, but we think it was a moral victory. True, Irvington has not been setting the grid world ablaze, but they held Garfield 7-6 and Asbury Park 12-7, neither of which is an easy job for any ball club.

For several years Hillside has been anything but nice to Belleville teams, but the Union county school has run out of exceptional grid talent and is back in the rut this year. True they rolled over Union and Cranford in their last two starts, but neither team is anything to write home to mother about. Before that the Hillsiders were dumped by both Kearny and Orange, both of which have turned out to be busts after pre-season build-ups.

The Essex county football picture is pretty much of a mess with none of the major teams unbeaten. Montclair, which handed a far over-rated East Orange team a terrific beating, lost an opening day engagement to Paterson, East Side, Bloomfield was beaten Saturday Dickinson and Nutley has bowed to Montclair.

Coming later in the Belleville schedule is a game with the rugged Newark East Side team which wrought a mess of damage at Nutley on Saturday. While the Maroon walked off with a 13-0 victory, it lost heavily. Gone for several weeks and probably for the season from Nutley's backfield is ace Willie Feraco with a badly wrenched knee and from the line, Ralph DeLibro with a broken arm. East Side didn't come out of the game unscathed either, for Quarterback Al Pacaro was taken to the hospital with a broken leg. What a slam-bang affair that must have been.

WORKS TO BUILD TENNIS GAME

Although tennis did some time ago in Belleville, Sid Sumnerfield, veteran net star, of 365 Little street, who dominated the tennis picture here for some years is keeping up his interest.

He plans to organize indoor tennis groups early next month at the Montclair Y.M.C.A. so that when the 1942 tennis season rolls around, the club members will take to the courts with the fundamentals of stroking, timing, footwork, anticipation and strategy well worked out on the gym floor.

Since retiring from competitive tennis, Sumnerfield has made a study of the possibility of indoor play, feeling sure that with the development of additional apparatus for teaching rhythmic coordination and eye training a great deal can be accomplished indoors.

A former student of the well-known tennis expert, Mercer Beasley, Sumnerfield last summer visited the tennis college conducted by Mrs. Hazel Whitman, famous woman coach.

Sumnerfield, who has been active in Y.M.C.A. work for the past three years, has been made a member of the membership committee of the Montclair Y.M.C.A. Sumnerfield is also tennis director and a member of the Co-Ed Educational Council of New York.

Matty Grum Has Reason To Stop Playing

Matty Grum, who has been one of the stars for the Iron Dukes at end this season, hung up his football shoes for good on Tuesday afternoon and he had plenty of reason to. His wife, the former Florence LaPiere, gave birth to a seven pound, 11 ounce baby girl at Newark Presbyterian hospital shortly after noon Tuesday. It's the couple's first child. The baby has been named Nancy Ann. Although the Grums resided here until recently, they now live at 478 Summer avenue, Newark.

Dukes Play Trenton; H. S. At Hillside

Blue and Gold Hopes of Victory Are High

HILLSIDERS NOT REAL STRONG

Have Beaten Only Cranford, Union; Should Be Passing Game

An inspired Bellboy eleven treks to Hillside Saturday afternoon with high hopes of beating a Hillside eleven that has been taking the bumps this season. Spurred on by the good showing made Saturday in holding Irvington to a 7-6 score, the Blue and Gold gridders have drilled hard this week for the Union county engagement.

With only three veterans back from last year's Group 3 championship eleven which romped through its schedule undefeated and pulled the season's upset by beating the state championship Nutley team, the Hillsiders have been on the short end in two of the four games played to date. They bowed 21-14 to a Kearny team, which has turned out to be one of the season's busts, and then lost 6-0 to Orange, another over-rated team. An 18-0 win over Union and a 15-0 win over Cranford followed. Neither of these teams has shown anything with Union winning only one game 19-7 over Roselle, and Cranford losing all of its games and scoring only one touchdown in five tilts played.

Last year's Maroon and Gray Hillsiders completely outclassed the Belleville club to win 14-0. While the Union county school has a big team, it cannot be classed in the same rank with the 1940 club led by Al Issler. His brother, Jack, is the only returning veteran in the backfield with Winnicki and DeProspero on the line.

Most of the ground gaining and touchdown scoring which Hillsides has done this season has been on pass with Jack Issler doing most of the heaving.

May Be Aerial War

Saturday's encounter may prove to be an aerial get-together for the Bellboys best offensive showing has been on passes. Bill Hunkle has found his range and against Irvington Saturday did the best pegging that he has done all season. Hillsides does not have a kicker who can match Bill's punting and with Russ Findlay and Bud Willie to help him in the starting backfield, the hopes of Belleville fans should be high for the Bellboys to gain revenge on the Hillsiders on Saturday.

The Blue and Gold came out of Saturday's tough engagement with Irvington in good condition and should be at full strength for the Hillsides visit on Saturday.

The game is scheduled to start at 2:30 at Woodfield stadium.

FROSH LOSE 6-0

Newark Central Gridders Score On Pass In Last Period

The high school freshman eleven suffered a setback in a league game Saturday morning at Clearman field when the Central high gridders of Newark upset the locals 6-0.

The Blue and Gold frosh were on the march in the second period when they went on a 51-yard jaunt to the Central 10-yard stripe. Two successive offside penalties set them back to the Central 20 where the attack bogged down.

After a third quarter in which play was about even, a poor kick and two more offside penalties in the final period, the Bellboys fell back in their own territory. Four minutes before the end of the game a fourth down pass by Central into the end zone brought the only score. The try for the point was wide.

GLIDER CONTEST

Cubs Will Fly Models On Saturday Morning

TALKING OVER THE POSSIBILITY of upsetting a heavier Hillside eleven on Saturday are Coach Larry Gates of the high school eleven and team captain, Bill Hunkle. Holding a highly favored Irvington eleven to 7-6 last week pepped up the Bellboys and they've worked hard this week in hopes of turning back the Union county school. Hunkle's passing and kicking were outstanding in the Irvington struggle.

Basketball Loops Set For Whirl

Recreation Direction Ed Lister is putting finishing touches on the plans for the long basketball season ahead with the final schedule problems of the senior, industrial, church and intermediate leagues being ironed out this week. All of the teams will play in the high school gym with the schedule of the church leagues the only one in doubt as to which night they will have a court.

The basketballers will take to the court the week of November 10 for practice sessions with the industrial boys on Monday night, seniors on Tuesday and the intermediates on Thursday. The same schedule will follow for games to be played weekly throughout the season, starting November 17 when the leagues officially open. It is expected that the church league will play in the new gym on Monday nights.

There are still openings in two leagues and teams which may be interested in joining either are requested to get in touch with Lister as soon as possible. Because of the draft, the Royals, who were in the senior loop last season, have voted to pull out. It was first thought that the high school alumni association would form a quintet but Lister said yesterday that since he had not received any formal word from them he is opening the field to all senior fives. With 11 teams in the intermediate loop there is room for one more to make it a 12-team affair or else the recreation director will be forced to drop one club.

New Industrial Team

In the industrial circuit, in which the Wallace & Tiernan club will be the defending titleholder, the other entries are Federal Leather, Viking Tool, Rowe Manufacturing, Eastwood Neally and Eastern Tool, which is a new one to the fold.

The Rosery five, will defend the crown it won on the senior loop last season along with the Eagles, the Elks' taking the place of the Senators. Haffners and Baldwin, Brush are the other teams already signed up.

In the intermediate fold are the Starlings, Imperials, Crusaders, Hornets, Cardinal Chiefs, Panthers, Pirates, Colonials, Pals and a five from the Fewsmith church. The congregation A. A. and Bethany have dropped out of the church league, leaving Grace Baptist, the defending kings, Wesley Methodist, St. Peter's, Italian Baptist, Fewsmith, Grace Baptist and Reformed.

There will be a meeting with Lister next Monday night at the Recreation house of the teams entered in the intermediate league and on Tuesday night of the clubs in the senior and industrial circuits.

P. S. Output Up 16%

Output of electricity by Public Service Electric and Gas company for the week ended October 23 was 79,890,124 kilowatt hours compared with 68,720,734 kilowatt hours in the corresponding week a year ago, an increase of 11,169,390 or 16.25%.

Too Much Charlie Crocco

That's What Newark Woodsides Learned Sunday When Roly-Poly Star Led Dukes In 21-0 Romp

In the most spectacular, bruising game that has been seen at the municipal stadium in this grid season, the Belleville Iron Dukes rode over the Newark Woodsides 21-0 and into a tie for the North Jersey Professional Football league championship on Sunday afternoon.

While the Woodsides came to town loaded down with pigskin talent hoping to upset the Dukes, their efforts went for naught as the Ironmen pushed back every onslaught of the visitors.

Billy Gordetsky, voted the most valuable player in the North Jersey league last season when he played with the Campowners, and Bob Forfar, former Kearny high passing back, came to town set for blasting the locals with aerials, but they spent the afternoon taking passing lessons from chunky Charlie Crocco who was the day's star.

The game was not without its exciting moments. Dusky and Bob Shade was thumbed out in the third period by Referee Jerry Bonavita after Bob and Forfar exchanged a few blows. Early in the first quarter when the Woodsides were disputing Referee Bonavita's ruling that the Dukes had made an extra point on a pass into the end zone, the Ironmen's co-manager, Ed Smith, got in one or two punches with one of the Woodsides supporters before a policeman jumped in and broke it up.

Woodsides Open Fast

The first moments of the game gave the Dukes something to worry about. Taking the kick-off on their own 35, the Woodsides pounded straight downfield. Gordetsky passed to Walt Lessing for a first down on the 48, and then Forfar and Gordetsky squirmed through left tackle and both ends for eleven yards and another first down.

Forfar scampered for 6 yards more and then backed through center for a first down on the Duke 30. The drive was halted when Walt Butchko leaped into the air and intercepted Kearny Bob's pass and returned it to the 32. From that point on the Woodsides never seriously threatened.

Early in the second period Forfar kicked to the Duke 34. George Tietze scampered around left end for nine yards and then with Frank Cardinale, Crocco and Butchko carrying the ball on plunges through left tackle and center the Dukes went to the Woodsides' 45. Crocco rifled a pass to Shade on the 36 for a first down and then passed straight down the middle to Butchko, standing on the five yard line, who romped over for the first score. Cardinale passed to Willie Furlong, sub for Shade, into the end zone for the extra point. It was this play which caused the flurry between the Woodsides and the referee.

Crocco Heaves Another

Another pass from Crocco to Butchko down the center alley late in the second period started the Dukes on another goaldward march from the Woodsides' 37. Faking a kick, Cardinale handed the ball to Tietze who legged it around left end to the Woodsides 20. On a spread formation, Crocco lateralled to Cardinale who went down the right sidelines to the four-yard line before he was stopped. After two line bucks failed to push the ball over, Crocco passed to Willie Furlong in the end zone for the second score and brother Art Furlong booted one between the uprights

Meet Eagle Gridders With Eye On Game With Campers Nov. 9

The high scoring Belleville Iron Dukes will entertain some South Jersey visitors on Sunday afternoon when they will tangle with the Trenton Eagles, for the past two years Monmouth and Mercer county champions, at the municipal stadium at 2:30. While not taking the Eagles lightly, the Dukes will have one good eye on the game a week away with the Camptown Pros, who recently switched from Irvington to Carteret for their home games.

BELLBOYS HOLD IRVINGTON 7-6

Campowners Surprised By Outweighed But Stubborn Local Eleven

A pass for an extra point was the difference between a defeat and a tie for a scrappy Blue and Gold eleven which upset the pregame dope by holding a powerful Irvington eleven to a 7-8 score at Morrell field, Irvington, on Saturday. With an autumn twang in the air that helped, both teams played four quarters of bang-up football which saw the local gridders come fighting back early in the fourth period to push over a touchdown and then hold off three goal line pushes by the Campowners.

The Blue and White lost no time in going to work on the Bellboys after an opening offensive by the Bellboys had stalled on the Irvington 20. Ted Blake and Norm Hornish alternated to smash their way to the midfield stripe. Then switching to an aerial attack, Gordon Scheeler passed 10 yards to Tom Smith who legged it to the 28 before he was downed. Irvington moved down to the Belleville 13 on a pass from Stan Kozub to Charlie Rueten and Hornish picked up seven more on line plunges. Belleville hopes rose momentarily as a lateral to Kozub lost two yards for the Campers, but on the next play Hornish roared through left tackle for the first score.

The Point That Counted

Scheeler faked a placement and passed to Smith in the end zone for the point but the officials ruled both teams offside and called the play back. Undeterred by it, Scheeler repeated the performance and again heaved to Smith for the point.

Late in the third period, the Bellboys got the opportunity which they turned into a touchdown. Tackle Rich Matus pounced on a Camper fumble on the Irvington 45 and the Bellboy machine began to move goaldward. Bill Hunkle was the spearhead of the offensive drive whipping passes to Ferro and Willie which took the ball down to the Irvington 17. Russ Findlay then zoomed off tackle to the nine, and then with the Belleville stands screaming for a score, Hunkle fired a bullet-like pass to Bud Willie who speared it and stepped over the goal line. Hunkle tried to even up the score with a pass, but it fell far from the waiting arms of any receiver.

A fumble, two official rulings and time, all helped Belleville in possibly being scored on again in the final period. Driving from their own 46-yard marker, the Blue and White went to the Belleville 14 where Bill Sedleck was hit and fumbled with the Bellboys recovering.

Two Scores Called Back

A poor kick by Hunkle went to the 30 and Hornish came galloping back 23 yards to the seven-yard stripe, but the officials called it back, ruling that the Irvingtonites were guilty of clipping on the play. Kozub then fadded and fired a pass to Joe Hudak for an apparent score, but it was ruled that Irvington was offside.

In the last futile drive, Hornish and Smith piloted the Irvington attack from their own 31 to the Belleville 24. As the final gun barked Hornish took a lateral from Blake and went to the six where he was tackled. Many people left the stands with the impression that Irvington had won 13-6.

Although outweighed, the Belleville line charged well and battled on even terms with one of the heaviest forward walls that an Irvington club has put out in some years. Russ Flynn and Jim Caruso were the line satellites, while all of the Bellboy backs looked much improved with Bill Hunkle putting on his best game of the season. For the Campowners Hornish, Blake and Smith were standouts.

Looking For Replacements

While the line has done a good job, Coach Vollmer would like to get one or two more heavy tackles or guards to fill in for Ray Tenpenny, Jack Morgans, Joe Cullari and Joe Collins. Even with George Tietze, Frank Cardinale, Chet Kucinski, Walt Butchko and Crocco in the backfield, the Dukes also have their eyes open for another fleet-footed backfield man.

Kucinski did not play much on Sunday for he was badly jarred and suffered a slight concussion in the game with the Bombers. The Dukes have "feelers" out among several teams for trades or outright purchase of players. Under league ruling, there can be no player exchanges after November 3.

Played At Peddie Saturday

Playing on the Peddie school varsity Saturday when the team defeated St. John's 14 to 10 was Lawrence Van Horn, son of Mr. and Mrs. Theodore Van Horn of Little street. Larry is a junior and alternated at the center post.
