

## SOUTH SIDE PLAYS BLUE AND GOLD HERE THURSDAY

Newark Eleven Saddened By  
Player's Death, In  
Annual Clash

A saddened Newark South Side eleven will come to Belleville on Thursday for its annual Turkey day clash with the Blue and Gold. On Friday, one of the Sunnysiders' backfield stars, Walter Eisele, died from a head injury received in the game with Weequahic on Armistice day.

The South Side gridders are carrying on their season at the insistence of Eisele's parents who said that they knew that was the way their boy would have wanted it.

Not as impressive as last year's Sunnyside eleven, the Newark eleven has nevertheless shown just as stubborn defensive resistance in most of its games as has Newark East Side which squeaked out a 6-0 triumph over the Bellboys on Saturday.

The Blue and Gold will be attempting to win its first game of the series. When it started in 1937, the Newarkers won 6-0. Then followed a scoreless tie and a 6-6 deadlock. Last year the visitors had little trouble in pushing the Bellboys around for a 31-0 victory.

The locals will face something in the Newark eleven which will be hard to beat, for while mourning the loss of their teammate, the South Side gridders will be more determined and inspired than ever to "win this one for Walter."

South Side has won three games, tied one and lost two. They bowed in the opening game 6-0 to Newark West Side, lost to Bloomfield 20-0, played a 6-6 tie with Newark Central, and trimmed the Newark East Siders 7-6. Thomas Jefferson of Elizabeth 17-0 and Newark Weequahic 8-0.

### How Belleville Has Done

Against this the Bellboys have a record of having been beaten by Lyndhurst 6-0, Barringer 20-0, Bloomfield 25-0, Irvington 7-6, Hillside 14-0 and East Side 6-0, while trimming Clifford Scott 12-6 and Kearny 13-0.

Newark East Side proved just what it had been cracked up to be in pre-game dope—a tough defensive eleven. The visitors stopped the locals cold on Clearman field Saturday and managed to muster enough offensive strength around their spectacular back, Lou Siknius to push over a second period touchdown. Belleville threatened only once in the final period when they started a drive of their own. Bud Willie was the star of this advance, passing to Bill Hunkle for 20 yards and legging it off tackle for 18 more yards. But the drive ended on the East Side 23 when the Newarkers' sturdy forward wall held.

### Score On Screen Pass

Starting on his own 45, Siknius bulled his way through the Belleville line to the Bellboy 42 in two tries. A pass to Stukes put the ball on the 32. The Blue and Gold gridders were then caught flatfooted on a screen pass play. Siknius faded way back and then lobbed the ball to Stukes, who on a beautiful four-man interference, streaked down the sidelines to score. Jadelis' try for the point was wide.

Near the end of the game, the Blue and Gold was again in danger of being scored on. Siknius punted out on the locals' 15 and a holding penalty pushed the home lads back to their own goal line. Hunkle's attempt to punt was partially blocked and the ball went out on the 10-yard stripe. The Belleville forward wall held, however, and the East Siders could not get any place in three plays as the gun went off.

Belleville's line play, Valentino, Danlevay, C. Contaldi, R. O'Toole, Ferro, Walker, Hunkle, Rb, Antone, and Frick, all did well.

East Side—Luzano, E. Michael, E. Carfagna, E. Izzolino, E. Blumski, Rb, Corbin, R. Stukas, E. Tichy, Rb, Malnar, Rb, Siknius, Rb, Clunness, Rb.

### Abraham C. Forshee

Funeral services were held last night for Abraham C. Forshee of 186 Stephens street who died suddenly Saturday morning of a heart attack. Rev. Edgar M. Compton, pastor of Wesley Methodist church, officiated at services held at the Irvine Funeral home in Washington avenue. Interment will be made this morning in East Ridgeland cemetery, Delaware.

Forshee died in Brooklyn while preparing to go on a deep-sea fishing trip.

Born 71 years ago in Bell Vale, N. Y., Mr. Forshee had been a painter and decorator for nearly a half century. He had resided in town for the past 51 years.

He is survived by his wife, the former Mary E. Downey; two daughters, Mrs. Elmer O'Brien and Mrs. Samuel Miller; three sons, Elmer, Alfred and Wilfred, and two sisters, Mrs. Charles Svenson and Miss Mary Forshee and four grandchildren. All are local residents except Wilfred, who lives in Lyndhurst.

## Health Officials Investigating Refuse Collection Bidders

Commissioner King and Health Officer Berry Checking On Those Who Replied To Questionnaires; Eight Firms Seek Contract; Bid Next Week

Public Affairs Director Joseph King and Health Officer Eugene T. Berry were investigating eight firms yesterday which submitted answers to the questionnaire issued by the health department preparatory to the issuance of proposals so that they could bid on the town refuse collection contract.

Bids will be opened before the town commission next Tuesday night, November 25. Quotations are being sought for three and five-year contracts. The present contract held by Charles Cuzzo of 98 Magnolia street, this town, for three years, expires on December 31.

### Carol Carswell Soloist Nov. 25 With Bloomfield Symphony

Carol Carswell, daughter of Dr. and Mrs. Charles Carswell of Dr. Witt avenue, will be guest soloist with the Bloomfield civic chorus and the Bloomfield symphony at a concert which will be given jointly by those groups on Tuesday evening, November 25, at the Bloomfield high school. Miss Carswell, who was graduated from Belleville high school in 1939, is a student at the Juilliard School of Music.

## LIQUOR, SALARY MEASURES UP

Board To Vote On \$100  
Pay Jump; Earlier  
Sunday Opening

The town commission will hold a hearing on two ordinances Tuesday night, November 25, when it will consider for adoption measures to grant members of the police and fire departments \$100 raises and amend the liquor regulation ordinance so that taverns and package stores may open at noon Sundays instead of 1 p.m.

If it passes, the ordinance providing raises for the police and firemen will go into effect on January 1. The move by the commissioners to draft the ordinance is the result of conferences between the board and representatives of the police and fire departments. These sessions followed the decision of the employees to withdraw their referendum petition which would have placed the question of \$300 raises on the ballot on Election day.

The liquor dealers' chief reason for wanting the Sabbath opening hour moved up is that Newark establishments open at 12 noon and that local businesses lose customers.

## GOODWILL TRIP LECTURE TOPIC

Mrs. G. H. Casebolt Will Tell  
Woman's Club About  
South America

A program will be presented next Monday afternoon at 2 p.m. at the Woman's club by the international relations department. Mrs. J. Claude Powers, chairman, will preside and introduce Mrs. George H. Casebolt of East Orange, guest speaker.

Mrs. Casebolt, former eighth district vice-president, was one of the group of federated club women who conducted a goodwill tour of South America last summer. She will exhibit articles collected during the trip which illustrate the customs and habits of the natives. Mrs. Casebolt will also tell what disposition was made of the gifts sent to South America by the clubwomen. She has lectured extensively on the subject since her return.

Mrs. Powers will be assisted by Mrs. Matthew J. Atkinson, Mrs. Frank P. Brohal, Mrs. Bernard J. Deehan, Mrs. Frederick Gronoff, Mrs. DeWitt Gruman, Mrs. Elmer S. Hyde, Mrs. Horace B. Knox, Mrs. Arthur E. Laver, Mrs. Lloyd C. Nunn, Mrs. Daniel T. O'Connor, Mrs. J. R. Kilpatrick, Mrs. Morris Rochlin, Mrs. Joseph T. Ryan, Mrs. Henry Squier and Mrs. John M. Stoddard.

### Advanced Engineering Students Enrolled at Newark College

Newark College of Engineering is sponsoring graduate courses with credits that can be applied toward meeting the requirements for the degree of master of science at Stevens Institute of Technology.

As the courses were advanced and included all latest developments and inventions that in most cases will not be found in available textbooks, the college has admitted graduates with exceptional records only.

Among students from Belleville are: Carmen Bonato (B. S. Technology, '41) of 233 Brighton avenue, who is enrolled in chemical engineering thermodynamics; Herbert Dobbs (B. S. Newark College of Engineering, '41) of 217 Greylock parkway, physical metallurgy laboratory and properties of engineering materials; Quinton Klepe (B. S. Newark College of Engineering, '37) of 221 Greylock parkway, advanced reinforced concrete; John Orsulak (B. S. Seton Hall college, '38) of 34 Lincoln terrace, advanced physical chemistry; and William Pajten of 32 DeWitt avenue, motion study.

## Will Direct

Arthur S. Ackerman

Arthur S. Ackerman will direct the combined choral groups of the Community Christmas music festival to be held at the high school December 22. Mr. Ackerman has announced the festival soloist who will be Matthew J. Ryan of Belleville. A meeting of the festival committee will be held at the Woman's club Wednesday evening at 8. Rehearsals are scheduled to be held at Christ Episcopal church on December 2 and 9 and at the high school on December 19. All are called for 8 p.m.

## FAIRWAY AVENUE MAN KILLED

William S. Potter Fourth Auto  
Victim; Struck Crossing  
Belleville Avenue

Death claimed the fourth automobile victim in a little more than a month this weekend when a 60-year-old Fairway avenue resident was instantly killed while crossing Belleville avenue early Sunday morning. Funeral services will be held this afternoon for William S. Potter of 37 Fairway avenue who was struck at 1 a.m. Sunday morning by a car driven by Robert Ferguson, 26, of 74 Clinton street, Bloomfield.

Two other pedestrians were killed in accidents in October. A woman was fatally injured in Washington avenue and Essex street while a man was killed in Jerusalem street.

The Bloomfield driver was held for Grand Jury action by Recorder Smith yesterday morning on an auto manslaughter charge. Potter was walking with his brother, Henry, across Belleville avenue when he was struck by the car. The police ambulance was summoned by Commissioner Noll near whose home the accident occurred. The body was removed to Hulsenebeck's morgue, Newark.

Potter, who was a granite salesman, had resided in Belleville for the past 13 years. He was born in Newark. Services will be held at 3 p.m. this afternoon at the Colonial funeral home in Harrison street, East Orange.

Surviving besides his brother are a son, Henry P. of this town and two sisters, Mrs. George Shirley of Waltham, Mass. and Mrs. John Schroeder of Detroit.

## GOOD RESPONSE TO DIX APPEAL

Many Offer Furniture For  
Room at Fort; Need  
More Articles

A good response has been received by Miss Estelle Powers, chairman of the Woman's club committee for furnishing a company room at Fort Dix. Many residents have called and offered to cooperate, and Miss Powers has made arrangements with Commissioner Waters to have the furniture picked up next Tuesday.

Lamps and several bridge tables are still needed. It is hoped that this appeal will bring in the additional articles. Members of the committee are searching for a ping-pong table in order that the room assigned to this club will be most completely furnished. The boys will be returning to Fort Dix from maneuvers during the first week in December and all rooms are to be finished by their return.

Members of Miss Powers' committee are Mrs. Willard Strange, Mrs. Joseph T. Ryan, Mrs. T. Claude Powers and Miss Vivian Kilpatrick, also Miss Madeline Prime and Miss Catherine Cominsky of the Junior club.

### Driscoll Address Postponed Until February Session

The address by State Alcoholic Beverage Commissioner Alfred E. Driscoll scheduled to be delivered last Thursday to the Belleville Women's Republican club has been postponed until February. In the absence of Mrs. David Sundheimer, president, Mrs. John P. O'Brien Jr., legislative chairman, presided and a discussion was held on arrangements for the club's Christmas party and Christmas basket donations for needy families.

Mrs. Arthur Mayer, assisted by the social chairman, Mrs. Catherine North, will be in charge of the old-fashioned Christmas party which is scheduled for December 11. A new member, Mrs. Stella Youlaire of Stephens street, was introduced at the meeting.

## DENTAL HEALTH CLINIC PROGRAM BEING STUDIED

C S B Calls Meeting of Dentists  
And Citizens; Need for  
It Stressed

A large group of citizens and several members of the dental profession attended a meeting at the offices of the Community Service bureau Wednesday night to discuss the establishment of a dental health clinic. Represented were the Board of Education, Parent-Teacher associations, Girl Scouts American Legion, Red Cross, Visiting Nurses and Health department. Dr. George Kaden, chairman, called the group together after reports from the case study committee of the bureau showed that there are many Belleville residents whose dental needs cannot be met unless an agency is established to provide free service or to arrange to take care of those who can make partial payment.

The dental committee of the case study department has been successful in making contact between such people and dentists who are willing to do work at reduced rates or entirely without charge. This procedure, however, is inadequate according to the survey made by the bureau.

Dr. Kaden cited the high percentage of rejected selectees whose teeth were defective as an indication for the national need of dental care. Mrs. Julia Reiner, executive secretary of the Community Service bureau, pointed out the responsibility of the community in providing for the dental care of the low income group; and Mrs. Homer Zink, representing the board of education, outlined the procedure now followed by the schools which provide a dentist and dental clerk for examining and reporting on the condition of pupils' teeth yearly. This work is entirely preventative since the report on cavities and other defects is sent home on a chart to the parents and the initiative for completing the work is entirely up to them.

### Nurses Back Need Claim

Miss Mary Millar of the local board of health and Miss Emily Ross of the visiting nurses reaffirmed Mrs. Reiner's estimate of the great need for dental care for those on small incomes whom they frequently encounter. A report by Dr. T. W. Wilson, school dentist, showed that as many as 21,374 cavities appeared in the teeth of 4,147 children examined. Over the period assigned for the work only 217 reports were returned to the schools of those who had visited the dentist.

The meeting was addressed by Dr. J. M. Wisan, dental health consultant of the New Jersey State Board of Health on the subject, "Trends in Community Programs of Dental Health." He suggested that Belleville in one sense has probably benefited in delaying action since the mistakes of other communities in inaugurating dental programs may be avoided. He also pointed out the trend to place dental health in charge of the board of health instead of the board of education so that pre-school children and expectant mothers may be included in examinations and care, their safeguarding being fully as important as that of the school child.

### Suggests A Program

Based on practice throughout the state Dr. Wisan advised the formation of a community dental health committee subdivided into committees for investigation, education and service. The respective duties of the sub-committees would be to determine the exact number of cases requiring treatment, institute a means of instructing the community on dental care and raise the funds to supply actual treatment.

Dr. Kaden asked for suggestions and various members of the audience advanced opinions which indicated that either one of two policies should be followed. Either free dental services should be established for all indigents or payment should be made easier for those who can afford it. Dr. Benjamin Jacobson advised more provision be made for borderline cases where some payment is possible suggesting that the welfare department could take care of indigent cases.

Dr. Kaden and Earl Seibert, vocational guidance director of the high school, were named a committee to continue study of the situation and arrange for a second meeting. They will aim to establish a permanent group representing broad community interests who will handle the work.

### Rifle Club Holds First Shoot At Town Range

The Belleville Rifle and Pistol club held its regular meeting last Wednesday at the Recreation house.

Members were given their first opportunity to shoot at the range, which is rapidly nearing completion at the Municipal stadium, on Monday evening when a lucky target shoot was held.

Applications for membership are still being accepted. Blanks may be secured from Harry Critchley, secretary, 2 Bremond street.

## Biggest Christmas Club Total To Be Distributed Next Week By The Two Local Banks

Blind But Doing Her Bit

BLIND BUT DOING HER BIT for the American Red Cross is Mrs. Mary Maybaum, 74-year-old Forest street woman, who is one of the most active knitters for the chapter's production committee. Like other women who have volunteered to help she knits sweaters, shawls, woolen dresses and other articles which the local committee turns over to national headquarters for distribution.

## 74-Year Old Blind Woman Knits For Red Cross

Mrs. Mary Maybaum Helps The Production Committee Through Knitting Articles; Has Been Doing Work For About a Year; Committee Needs Help

The production committee of the Red Cross chapter could not accomplish the work which is heaped upon it were it not for the whole-hearted cooperation of women volunteers throughout town. For some it's a sacrifice for they must work their knitting or sewing chores into their daily household routine, while for others it is pastime which helps to tick off the long hours of the day.

## COMPLAINT MADE AGAINST STRIKER

Several Weeks' Peace In  
Isolantite Dispute Is  
Broken

The peace which has prevailed over the Isolantite company strike for several weeks was broken yesterday morning when a non-striking worker filed a complaint against one of the strikers in police court. Hearing has been set for next Monday morning at 9 a.m. before Recorder Everett B. Smith.

James Ballantine of 237 South 10th street, Newark, signed an assault and battery complaint against John McKenna of 1 Davidson street, this town, charging him with assault and battery. Ballantine charged that McKenna struck him over the left eye at a tavern near the plant on Friday. McKenna claimed that Ballantine started the trouble.

The striker was paroled in the custody of Samuel Rothbard, CIO counsel.

Employees affiliated with the United Electrical, Radio and Machine Workers of America, CIO, called the Isolantite strike eight weeks ago demanding the CIO be recognized as bargaining agent. The company holds a contract with the A.F. of L.

### School No. 10 Pupils Find Lost Diamond Ring

A diamond ring which was lost Wednesday night between Continental and Belleville avenues by Leo Scanlon of 100 DeWitt avenue, was restored to him the following noon due to the efforts of Fred S. Evans, principal of School No. 10 and his pupils.

Evans, who was requested by the owner of the ring to make an announcement of its loss to the children attending the school, took up his stand instead Thursday noon at the corner of Carpenter street and Belleville avenue and told the passing children to look out for the ring. Rocco Morano of 57 Berkley avenue and Allen Caccianelli of 45 Berkley avenue promptly found it close to the curb.

The boys, about 10 years of age, were most anxious that neither one should receive more credit than the other for sighting the ring and concurred in passing the praise along to Evans, whose foresight caused its prompt recovery.

The town's two banks are ready to slice the juicy Christmas club melon in the town's history with San Claus postmen parcelling checks totalling \$206,500, 3,422 members next Tuesday far surpassing the 3,000 days of 1928 and 1929, the Christmas club totals of the two banking institutions show a gain of nearly 25 percent over the amount handed out last year and a sure sign that the nation-wide deflation boom is swelling some bank rolls.

The 1941 figure tops last year's at \$41,500 while it is well past the previous high mark of \$185,350 set in the '29 boom year. Although club membership swelled somewhat, from 3,070 to 3,422, the big gain was the amount put into the club by individual members.

The checks will be put into mail Monday and local folders should receive them from the postman on Tuesday morning.

The average check will be \$60.34, a gain of almost \$7 over the average amount for 1940. This is far above the estimated national average for this year of \$48.50.

### First National Leads

The First National bank will send out checks to 1,977 subscribers totalling \$133,000, who Peoples National bank official said that their 1,445 members would receive checks amounting to \$73,500. It represents a gain for the First National of approximately 25% and the Peoples National of about 20%.

Nationally, according to Christmas Club headquarters in New York, four hundred million dollars will be distributed to more than eight million club members by approximately 5,000 banks and savings institutions. The total nation-wide distribution, according to Herbert F. Raw founder and president of the Christmas club, will be about 10% ahead of 1940. In New Jersey, banks will distribute \$22,000,000.

All of the money paid out on Christmas club members does not go into yuletide spending. National figures show that on about 33% of it will go toward Christmas buying while 25% will be put into permanent savings accounts. While there is an accurate check on the how the local amount is spent, banking officials note that a number of people do place their Christmas club money back into savings accounts.

A check back over the years shows how Christmas clubs have gone since 1928. It will be noted that the low mark was hit in 1935.

Your Turkey Properly Prepared

All turkeys in our stores are dressed carefully.

- 1—Tendons are properly pulled
- 2—Oil sack cut out
- 3—Entrails carefully removed
- 4—Giblets wrapped separately

Regardless of how low we are able to make our price on Turkeys, we have made the closest selection of the desirable sizes out of all the premium flocks raised in the best grain sections of the U. S. A. Most of these are of the new Broad-Breasted Type, offering many more servings than other turkeys of the same weight. They are young, plump, soft meat, and exceedingly tender.

## Catherine Macdonald Bride Of Walter F. Van Nostrand

The marriage of Miss Catherine Ruth Macdonald, daughter of Mrs. William Macdonald of Perry street to Walter Frederick Van Nostrand, son of Mrs. Joseph Van Nostrand of East Orange, formerly of this town, took place Saturday afternoon at 3 p.m. at Westminster Memorial Presbyterian church. The pastor, Dr. O. Bell Close, performed the ceremony. The wedding march was played by Arthur S. Ackerman and Matthew Ryan sang, "I Love You Truly," and "Because."

The bride was given in marriage by her uncle, Harold F. Ross Sr. of this town. She had as her attendants, Miss Thelma Jensen of Hillsdale, matron of honor; her cousins, the Misses Alice Wilkins and Hope Ross of this town, bridesmaids; and Miss Betty Starrett, also of this town, junior bridesmaid.

Gilbert Van Nostrand of East Orange was his brother's best man. Ushering were Lawrence Buckley, William Radler and the bride's cousin, Harold P. Ross Jr., all of this town, and Francis Spatcher of Glen Ridge.

The bride was dressed in a

gown of white chiffon velvet made with a square scalloped neckline, a long tight bodice, basque skirt and a long train. She wore a headpiece of orchids and lilies of the valley with a long tulle veil. Her arm bouquet was of white chrysanthemums and baby's breath. The bride's attendants were all dressed in gowns similar to hers. The maid of honor wore star ruby chiffon velvet and an orchid headpiece with a shoulder length veil. She carried an arm bouquet of rust chrysanthemums. The bridesmaids were gowned in pine leaf green chiffon velvet and wore head dresses similar to that of the maid of honor. They carried arm bouquets of yellow chrysanthemums. The junior bridesmaid was dressed in Bahama rose chiffon velvet, and wore a head dress similar to that of the maid of honor. Her flowers were rust pompons and roses.

Mrs. Macdonald wore duobonnet velvet with matching accessories and an orchid corsage, and the bridegroom's mother tropical blue

## Congregation Children Will

Give Thanksgiving Play

A special religious program in commemoration of Thanksgiving will be presented at the late Sabbath eve service of Congregation Ahavas Achim Friday night according to an announcement by Edward J. Abromson, president of the synagogue and by Rabbi Rubin R. Dobin. The service will be held at the synagogue building, 317 Washington Avenue, at 8 p.m.

Entitled "Why Should We Celebrate Thanksgiving," a playlet depicting the many reasons why American boys and girls would be thankful on this day, will be presented by the religious school children.

Among those children participating in the program are Ned Becker, Lionel Ehrenworth, Pearl Haber, Murray Glaser, Beatrice Glaser, Elaine Weinglass, Ramon Zucker and Stewart Law.

We Have Another Fatal Accident

Another death was marked up on the police department motor vehicle records this week. It made the fourth in little more than a month. Not as bad, but veering close to the tragic period that Belleville passed through in the winter of 1940 when there were five pedestrian fatalities on Washington avenue in a short space of time.

Three of the victims have been pedestrians and the other died of injuries received in an automobile accident. All of the pedestrians have been struck at night.

Motor vehicle statistics will generally show that most pedestrians are injured or killed at night, which should be a warning for both those who are walking and riding. Those who drive on unfamiliar roads should drive at a reasonable speed for they do not know where crosswalks are or where there are bends or intersections in the road.

Pedestrians are not freed of their responsibility either. They have one, which they too frequently forget,—to be just as careful as the motorist. Without being unfair to those who walk, we again say that many of them depend too much on the automobile driver and the mechanical performance of his car to protect them.

All accidents are not one-sided. Both the motorist and the pedestrian have a job to do, and all the educational campaigns, safety editorials and pleadings will do no good unless both realize that one fact.

Pedestrians—be careful at all times when crossing the street at intersections and be doubly watchful at night.

Motorists—use common sense in driving through this town and other crowded sections. Don't depend too much on those brakes. They won't stop a speeding car in a few feet.

Good News From the Banks

There is good news to report from both local banks this week in their announcements of the amounts which will be distributed to Christmas club members. Combining the totals of the First National and Peoples banks, it shows that there has been an increase of almost 25 percent over last year and that the amount to be distributed next week will be the greatest in Christmas club history.

True, more people probably have more money than they did a year ago, but there seems to be a significant note to this news. People are more saving minded. The depression years may have taught us a lesson after all so that rather than wait for another depression we will be ready to stand the next low period without too much financial suffering.

All of the \$206,500 which will be delivered to club members will not be spent for Christmas gifts. However, we hope that much of that which is spent will be scattered among local merchants. When the Yule season arrives, it seems a natural tendency to head for the big town, when, in actuality, you can shop just as well for many articles right in your own community. Christmas is more than a month away so there's plenty of time for shopping. Before you go elsewhere to do your buying why not first look in Belleville?

Telephone Industry Meeting All Defense Requirements

S. D. Page, 'Phone Company Representative, Tells Lions Industry Increase Means The Addition of More Than 1,250,000 Telephones In Country

Despite a record breaking demand for telephone service and equipment to help speed defense, the industry is still meeting all requirements, S. D. Page, special representative of the New Jersey Bell Telephone company, told the Belleville Lions club last Thursday at the Forest Hill Country club.

"When our industrial machinery went into high during World War Number One," he said, "it caused an average yearly addition to the Bell system of about 400,000 telephones. This year, if we meet all demands for service, the additions to the nationwide network will exceed 1,250,000 telephones and might even go to 1,500,000. The telephone instrument is only a small part of what it takes to provide telephone service. Ability of the telephone industry to continue meeting the demand depends primarily on whether raw materials needed in making more telephone equipment can be obtained in the quantities required, he said.

Mounting voice traffic in New Jersey, and the addition to the system in the first nine months of this year of more telephones than were added in all of 1940, indicated that "New Jersey really has gone to work on the defense job," according to the speaker. The gain in telephones in the first three-quarters of the year was over 40,000, and the increase in traffic was 350,000 more calls a day than a year ago. Use of the telephone in New Jersey now totals 3,600,000 calls daily.

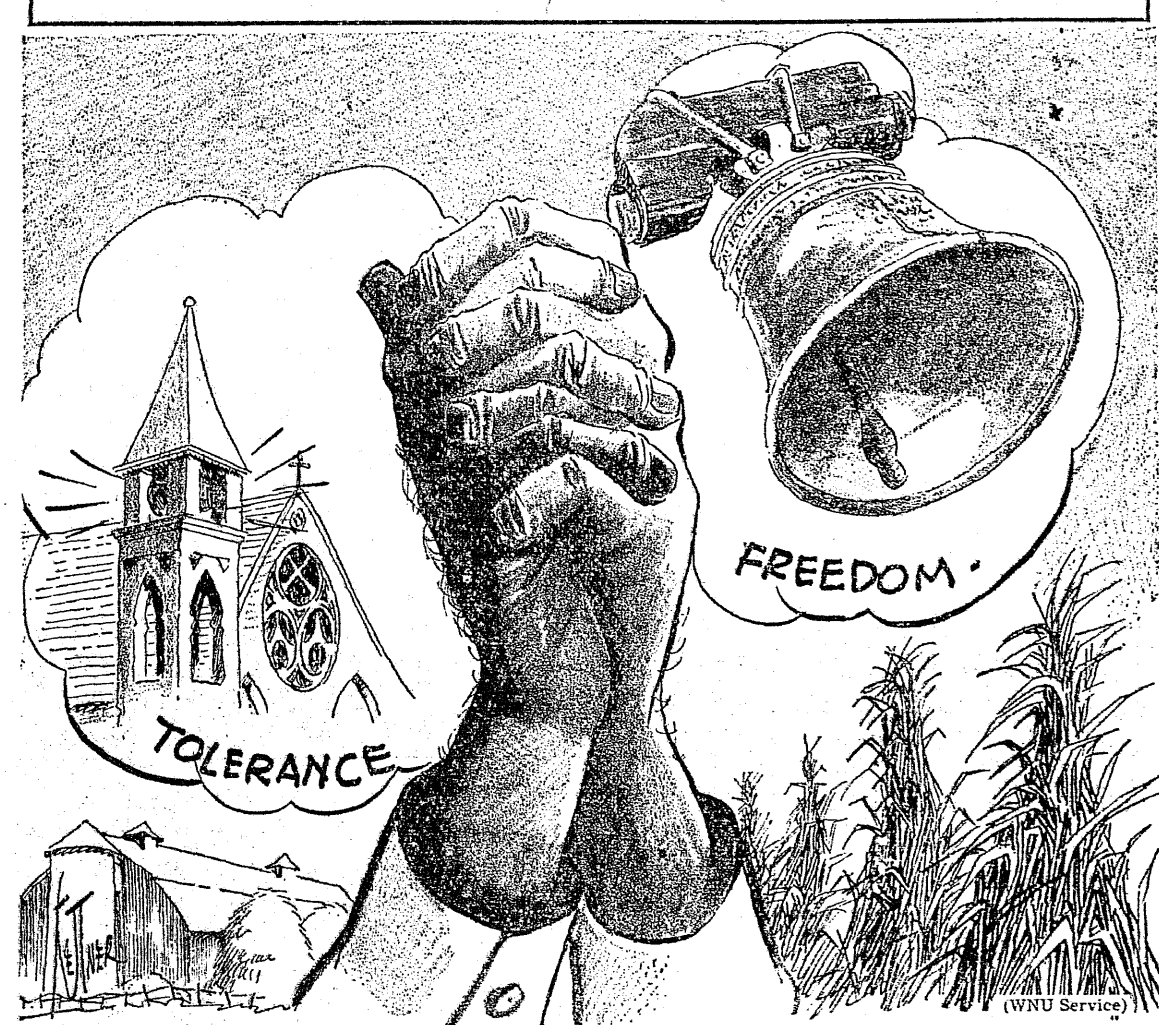

"To engineer, build and install the equipment needed to handle the extra calls resulting from a record-breaking increase in telephone calls takes time and a huge amount of work," he declared. From a cost standpoint the expenditure for new construction in the telephone system in New Jersey will be more than \$13,000,000 this year.

"Nearly every telephone exchange in New Jersey has been or is being enlarged; approximately a quarter-million miles of wire and cable will be added to the statewide line network before the year is over; defense industries in the State were provided with more than 650, new private branch exchange switchboards in the first half of the year alone.

"So far we have met every demand from every source and we are doing our best to keep ahead of the job. If situations arise where service requests cannot be met on the spot, or where there is an occasional delay on a long distance call because of circuit shortage of busy circuits to key defense points, all we can say is that national defense must come first. We must keep the lines of communication open, regardless of cost and of the fact that much of the new equipment may not be needed after the emergency is over."

Great technical progress in recent years has contributed materially to meeting some of the most serious current telephone problems, he said, among them swift provision of additional long distance facilities "at a speed which would have been utterly impossible a few years ago." About one-third of the Bell Telephone Laboratories personnel of over 4,000 is engaged on problems associated with national defense at present, among other things developing substitutes for critical materials such as aluminum, nickel, zinc, magnesium and their alloys which are used in large quantities ordinarily in telephone equipment. Many substitutes are already in production, he reported, releasing large quantities of the metals for defense purposes.

Let Us Give Thanks

Odds and Ends From Other Pens

**To Amend or Revise?**

New Jersey's constitution is in need of remodeling, it is generally agreed by those who have made a study of it. Whether to modernize it by the more cautious method of amendment or to strike out boldly with a complete revision is the principal point at issue now, and it is with this point that tonight's mass meeting at Montclair high school will be largely concerned.

One of the speakers at that meeting will be Governor Charles Edison, who is known as the chief proponent of wholesale revision. County Counsel Arthur T. Vankerbilt and Dr. Dayton D. McKean will also speak on the proposed changes, giving Montclair voters who have made no thorough study of the governmental issues involved an excellent chance to learn about them from both Democratic and Republican leaders.

For those who want to know why there is such a dither over the state constitution, it can be pointed out that it was written in 1844, the state's second document of its kind, following the one of 1776; and that it is characterized by neither the supreme flexibility nor the extraordinary inspiration which went into the framing of the constitution of the United States. Unlike the nation's fundamental law, the state constitution has not kept pace with the changes in the functioning of government which have taken place since it was written, so that today it often hampers rather than helps the administration of the state department.

The meeting, planned as an educational one, was arranged by the College Women's club of Montclair, with the co-operation of several other civic and educational bodies. It is hoped that it will be attended by all who can possibly crowd into the auditorium.

**Caution on Vocational**

In view of the indecisive result of the county-wide referendum Tuesday on the county vocational school project, the Board of Freeholders will do well to hold the undertaking in abeyance until a plan more acceptable to the taxpayers can be worked out.

Most people, we believe, would like to provide high school students with the option of vocational training, but they are equally determined that the need for such training shall not be made an excuse for establishing another institution in the county costing something like \$2,000,000 to build and additional annual taxes to maintain.

It is clear that the people believe that such a vocational school cannot be grafted upon our rather complex system of local academic high schools without some re-adjustment in the existing system.

As there would be no net increase in attendance if a vocational school were established, there is a conviction among many who have been in a position to study the problem that certain of our duplicate local high schools might better be devoted to vocational training entirely, while others in the same region might continue to provide academic education.

Such a plan would accomplish the desired result without any new capital investment except for equipment. It would also bring some semblance of economic order out of the present expensive chaos caused by the present policy of duplicating high school facilities in every small community.

—New Jersey Times

**Revenge**

In most of the municipalities where salary increases for police were rejected on Election day the result has been accepted in a spirit of good sportsmanship. This includes Hackensack, whose policemen have made every effort to do their duty without thought of rancor or recrimination.

Unfortunately this has not been true in all municipalities. In Paterson, for instance, a delivery truck driver for a newspaper which opposed salary increases there was stopped by police and carted off in the patrol wagon to a cell in the city jail because he committed the bloodcurdling offense of not having his license in his possession. It is not suggested that this infraction should have been overlooked, but there was no cause to throw the driver into jail because of it.

There have been reports in some parts of the county that this rancid practice is being adopted here. In one town the police are going to extremes to enforce minor infractions of the law that in the past were dealt with by courteous warnings.

We do not know what the police hope to gain by such tactics, but it is obvious that they are inviting the permanent disrespect of their communities. The sportsmanship evidenced in Hackensack and in a majority of the other towns where the policemen's petitions were rejected is by far better. In the long run they gain the most.

—Bergen Evening Record

**Violators of Flashing Signals**

Motor Vehicle Commissioner Arthur W. Magee has issued a timely warning to motorists that flashing red signals at street intersections in the state indicate danger and require vehicles being brought to a full stop before proceeding.

"There are two kinds of flashing signals permitted under state law," he says. "One is flashing amber, that indicates the presence of danger and requires drivers to proceed with caution. The other is flashing red which requires drivers to come to a complete stop before entering or crossing the intersection."

The commissioner backed up his statement with an order to his inspector force to strictly enforce this phase of traffic regulations and he calls upon local police to do likewise. The safe and sane motorist, who time and again has seen reckless drivers ignore the red flashing signal, and shoot across intersections, certainly must endorse this action.

We don't have such signals in this city, but most of our motorists run into them every week, so let's help this safety campaign and remember that red . . . silent or flashing . . . means STOP.

—East Orange Record

**Labor Dictators' Ambition**

One of the dreams of extreme radicals has always been the so-called "dictatorship of the proletariat"—in other words, a labor dictatorship. Recent events would indicate that considerable strides in that direction are being made in this country.

Everyone who can read knows that certain labor leaders are out to completely subjugate industry to their demands—to make the employer do their bidding, no matter how outrageous their terms, on an "or else" basis. Now the labor czars are turning their attention to government itself.

One union organizer recently claimed that a majority of the clerical and maintenance employees of the state road commission in forty of the forty-five West Virginia counties had been organized.

Several New Jersey municipalities, including Englewood and Garfield, which last week rejected proposals to place their employees under Civil Service, are now confronted with an attempt by the C. I. O. to unionize them. The antipathy, if not actual fear, with which a lot of folk look upon the C. I. O. and its high-handed methods of carrying out its program, would probably cause many residents of those municipalities who may have voted against the Civil Service proposition to wish they had supported it. Ridgewood has given its municipal employees the protection afforded by the Civil Service statute, and has never had cause to regret it.

Back in 1937, President Roosevelt said, "All government employees should realize that the process of collective bargaining, as usually understood, cannot be transplanted into public service." Neither can such employees legally strike against their boss, the Government, be it federal, state or municipal. Therefore, since the most effective weapon a union can employ to enforce its demands would be lacking, it is doubtful if the C. I. O. can hope for much success in its attempt to unionize the municipal workers.

However, the labor dictators are going to leave no stone unturned to achieve their goal, which is the absolute domination of this country—its government, its industry and its people. It is to be hoped that before this movement becomes overwhelming and before it is able to completely hold up our defense program, it will be effectively halted by our national government, and its leaders made to see the errors of their ways and their ambitions.

Editorial Writer To Speak At Progress Club Meeting

Continuing their series of lectures on modern trends, the Men's Progress club of Congregation Ahavas Achim will present Robert R. Lane at its next meeting, Monday at 9 p.m. The meeting will be held in the social hall of the Congregation. Lane is a Newark newspaper editorial writer and he will use as his subject, "The World Situation At The Present Moment." The speaker is an authority on international affairs, as well as an expert on national activities. Mr. Lane attended Amherst college and before entering the newspaper field, was a high school teacher in Pennsylvania and Massachusetts. He has been active as a newspaper man for 37 years and on eight papers.

The speaker will be introduced by Rabbi Rubin R. Dobin and a discussion period will follow the lecture. Everyone is invited to attend.

### FURLONG'S BOOT WINS FOR DUKES

Cardinals Scores With Four Minutes To Play; Triumphs 7-6 Over Vikings

The Belleville Iron Dukes had their closest call of the season on Sunday afternoon at the Municipal stadium when they had to go all out in the last period to turn back the stubborn Clifton Vikings 7-6. While the spectators got their money's worth in a thrilling ball game, the locals were decidedly off their usual form.

After the Passaic county eleven had put the Dukes back on their heels with a second period touchdown, the home lads found that every advance they started toward the Viking goal line was nipped. With less than four minutes to play before the final whistle, the Ironmen started a drive from their own 45 which ended in Frankie Cardinale galloping eight yards for the touchdown. Art Furlong's trusty toe assured the Dukes of a 7-6 win when he booted the placement.

The Duke offensive, looking far from that which battled the Campers to a 7-7 tie last week, went no place in the first half. George Tietze could not get away on any of his usual ground-gaining reverses, Charlie Crocco couldn't get the ball to his receivers on passes and the blocking by the line was not up to par against the weighty Clifton line.

#### Score on Short Pass

Big Bill Pavlick started the Vikings rolling from the Duke 48 with a 10-yard smash through left tackle. A pass from Pavlick to Jim Stuart put the ball on the locals' 22 and Eddie DeMattia and Pavlick alternated through tackle and around end to work the ball down to the Duke 5. Pavlick then looped a pass to Quagliano in the end zone. Pavlick's try for the point was low.

Late in the third period, a Duke drive was ended at midfield when a bad pass from center got by Frank Cardinale. A few moments later another Ironmen rally was halted by the Vikings when one of Crocco's passes was intercepted on the visitors' 45.

A bad kick by Pavlick which went out on the Duke 45 started the home gridders on their way for a score. Tietze went 15 yards around left end on a faked reverse. Cardinale and Crocco moved the ball down to the Viking 27 for another first down. Cardinale picked up five more yards around right end and then went through tackle for nine more yards. Crocco then hammered his way into the center of the line for five yards. On a delayed off tackle play, Cardinale rammed his way over the goal line.

With a tricky crosswind whipping across the field, Art Furlong booted the extra point with Cardinale holding the ball.
