## Machinery Is Ready To Register People For Sugar Rationing

More than 30,000 Belleville residents will sign up in next week's four-day consumer registration for sugar rationing. Every person in town is eligible to file an application for a rationing book.

Those who will register should report to the public elementary school which is nearest to their home. All public schools, except the high school, will be open for registration purposes on Monday, Tuesday, Wednesday and Thursday from 8:30 a.m. to 9 p.m. Originally it was announced that schools would be open from 2 p.m. to 9 p.m., but Superintendent of Schools Wayne R. Parmer announced yesterday that the time had been extended because of the number who are expected to apply.

More than 200 elementary school teachers will serve as registrars assisted by a number of volunteer workers. In each school, the principal will be in charge of registration. Both the offices of the rationing board and Superintendent Parmer will be open day and evening during the four-day period to help clarify any difficulties which may arise.

**Get Orders Tomorrow**  
The teachers who will do the registering and the 125 volunteers who will serve with them have been asked to report to the school tomorrow.

**High School Stays Open**  
While the high school was shut down yesterday afternoon and Tuesday for the trade sugar registration, the students there will have to go to school four days next week while their younger brothers and sisters in the elementary schools will have a four-day holiday.

In which they are scheduled to work during the four days tomorrow afternoon at 2 p.m. to receive their instruction books and other orders.

In an effort to ease the work of the registrars and the rationing board, Superintendent Parmer has appealed to the public for cooperation. All those whose last names start with A, B, C or D are asked to register if possible on Monday.

Those with names starting with E, F, G, H, I and J should register Tuesday. On May 6, those starting with K, L, M, N, O, P, Q and R. The final day, Thursday, S, T, U, V, W, X, Y, Z.

Parmer stressed, however, that if anyone finds it impossible to conform to the request, they should come on the day which is most convenient for them. The officials are making every effort to avoid a last-minute rush to register.

Although every member of a family is eligible for a ration book, only one member need appear at the school to register. Such applicants must be 18 years or over, or married persons, if under 18. A parent, guardian or responsible adult must apply for persons under 18 who are not self-supporting. They may also apply for invalids who are not members of family units and not confined to institutions.

A person who is not a member of a family unit, if he is temporarily away from his home during registration, may apply for his own war ration book separately.

If a person 18 years of age or over has left home to attend school or college, he should apply for and get his own book in the town where he is residing during the school year. His father or mother must not apply for him as a member of a family unit.

On the other hand, if a person under 18 years of age has left home to attend school or college and is not a member of a family unit, his father, mother or legal guardian must file an application for him.

A person is entitled to a war ration book in spite of the fact that he may eat all his meals at a restaurant, boarding house or similar place and had no present intention of buying sugar. The war ration book may be used for any other product which may be rationed and at that time he may need the book for that product.

Other's Day Greetings — for kinds of Mothers. We suggest send a card to the mother of service man. Guildhall Gift Shop, 392 Washington Avenue. —Adv.

## DIMOUT ORDER RATHER HAZY TO COUNCIL

No Definite Instructions Yet; Order All Exterior Lights Out

Local defense council officials were in about as much of a dimout last night as the army command intended that the metropolitan area should be. Except for one hurried telephone call, they have received no official instructions on what should be done and specifically what type of lights should be extinguished.

Attempting to do the best possible job they could, the council instructed police, air raid wardens and others to see that all outside lights, including neon signs, billboards and other lights be extinguished. In addition, they requested that all lights which cast an upward reflection outside of a building be extinguished. This would apply to store buildings and even to some office buildings.

Defense Council Chairman Everett B. Smith and Arthur Clark, council secretary, attended a hurriedly called conference at the office of William McEnroe, defense coordinator for this area, in Newark on Tuesday night. Going on only preliminary information, McEnroe attempted to explain to council representatives from various Essex municipalities what they should attempt to do.

A meeting of the air raid warden patrol has been called for tonight at the recreation house and the local council is hopeful that some detailed information will be received before the meeting.

Although it took some time, Washington avenue blacked out well on Tuesday night. At several points, air raid wardens found merchants and business people who would not cooperate and were required to call in the police to enforce the regulation.

Last night most of the avenue darkened early, but there were some violations including several large billboards which were not extinguished even though an air raid switch arrangement is at hand.

The council, in asking for the cooperation of residents, urged that shades be pulled down on windows in which the rooms are lighted wherever possible.

## W. & T. Workers Give \$6,500 To Navy Relief Society

Represents One Hour's Overtime Pay of 1,500 Employees Plus Contribution By Company; Money Presented At Saturday Ceremony

Wallace & Tiernan workers were participants this week in a novel plan for industrial employees to aid in the Navy relief fund drive being conducted throughout the state. Workers and management cooperated in presenting a check for \$6,500 to the fund committee.

The money was presented at a ceremony held on Saturday noon at the plant by Martin F. Tiernan, company president. It was accepted by Capt. Reynolds Hayden, medical officer of the third naval district. The \$6,500 check represented an hour's overtime pay of 1,500 workers plus a contribution by the company.

It was pointed out that the company contribution included a cash donation and in addition a cash equivalent to the value of goods produced during the overtime periods.

"The amount of money finally made available for the navy relief," Tiernan said, "is greatly increased over the actual value in dollars of the payroll involved because of the inclusion in the sum of overheads in manufacturing and management, and in the value of the material contributed by the company."

**Employees Speak**  
Speakers representing the employees were John Walker, a representative of the Independent Employees' Union of Northern New Jersey, Inc., of which Wallace and Tiernan employees are members, and Miss Bertha Lindsay, speaking for the office employees. Both stressed the willingness of the workers to give their cooperation in aiding the fund and also in doing their part in the war production effort.

A scroll of appreciation was presented by Captain Hayden to C. F. Wallace, company vice-president, and Miss Lindsay and Walker. It was in the handwriting of Secretary of Navy Frank Knox. Other speakers included Secretary of State Brophy, chairman of the navy relief campaign; Robert M. Green, chairman of the North Jersey citizens' committee, of the Navy Relief society; and C. Luckey Bowman, chairman of the commerce and industry committee for the drive.

Local manufacturers are now cooperating in the formation of a Work for the Navy week to be held some time in May. Wallace & Tiernan was the second concern in the state in which employees had donated a part of their regular wages to the relief fund.

Green told the 2,000 spectators at the presentation ceremony that his committee would carry the novel plan of cooperative giving to employees and employers throughout the campaign area. "We have found that American men and women who are working today are more than willing to put in some extra time to show the boys in the navy that they are wholeheartedly behind them," Green said. "Management is eager to cooperate, so we can

## Coogan Withdraws From Race To Take County Tax Board Post; Looks Like Seven-Man Battle

John F. Coogan Jr., who was this week confirmed as a member of the Essex County Board of Taxation, announced last night that he was withdrawing from the race for the board of commissioners.

While it had been debated during the past two weeks, since Governor Charles Edison first stated that he had nominated Coogan for the \$4,500 a year county vacancy, if the Washington avenue real estate broker would withdraw from the local campaign field, it was not until last night that Coogan gave any formal indication of his decision.

In a campaign which has been marked by its quietness, it was the first big news. Coogan was regarded as one of the stronger candidates and his decision to withdraw may change the complexion of the race in one way or another. Whether the Coogan votes will go is a debatable point. They may be scattered through the field of 12 candidates or they may benefit the five present commissioners.

The real estate man's withdrawal from the field leaves Ray Mertz and Elmer S. Hyde rated as the strongest of the outside candidates with the best chance of squeezing out one or more members of the present board. As a first-time runner Mertz has been putting up a stiff battle for votes, while Hyde, who ran seventh in the 1938 race, is putting on a determined drive for a place among the first five.

**Among First To Enter**  
Coogan was among the first candidates to enter the race. He tossed his hat into the ring early in February and announced that he was an independent candidate. He had resigned as deputy director of revenue and finance and tax assessor after having served 11 years in town hall. He was a close associate and regarded as one of the chief political allies of Mayor Williams. Some observers took Coogan's entrance into the race as an indication that he would wage a campaign against the mayor, but the former town official did not once raise his voice against the mayor or any of the commissioners. In fact, his campaign activities had been most quiet outside of the personal contact work which has been the chief activity of most of those running this time.

Coogan's statement to the public, which is published completely as an advertisement on page 77, made it clear that he will not publicly endorse or support any candidate or group of candidates.

**Doesn't Support Anyone**  
"As I withdraw myself from your consideration," he said, "I do so impartially by not advocating support or defeat of any candidate or candidates, and with the full confidence that the voters of Belleville are very capable of selecting the men whom they feel will best serve them."

The new tax commissioner emphasized that he believed that he could not do justice to both the new tax board post and that of commissioner if he were a successful candidate.

"I am taking this opportunity to advise all of my decision," he said, "so that those who intended voting for me may consider other candidates with the full knowledge that I will be unable to serve as a town commissioner even though they would desire to vote for me. I firmly believe that I could not do equal justice to both positions."

It is believed that Coogan's decision was somewhat prompted by the policy which Governor Edison has adopted in appointing men to state and county posts. The governor is known to be opposed to selecting those who already hold one public office.

Coogan said that he had formally notified Town Clerk Florence R. Morey that he was withdrawing from the race. Mrs. Morey said last night that it would be too late to withdraw Coogan's name from the ballot which will appear on the voting machine. He drew the tenth position on the machine.

**Final Drive Is On**  
With election less than two weeks away, candidates began to make more frequent public appearances with meetings for one or several candidates being scheduled in various parts of town.

In the Silver Lake and Soho sections the present five commissioners and Hyde and Mertz were making a spirited bid for support. With Waters, Mertz, Noll and Clark leading the way in the number of signs erected, there were wordsy battles among campaign workers with signs being ripped down here and there.

There is no bracketing of candidates to date, and although some groups may be working for the election of the five commissioners, it is still most definitely a case of every man for himself with Commissioner Noll, minority member and director of parks and public property, sounding the most discordant note of harmony when there's talk of bracketing the five present board members together.

## FIRST RABID DOG CASE REPORTED

Four Are Being Given Pasteur Treatment; Berry Warns All Owners

The first case of a rabid dog this year was reported by the health department this week. One man who was bitten by the animal and three other persons who came in contact with it are being given the Pasteur treatment.

Theodore Thorsell, 45, of 391 Belleville avenue, was bitten by his own dog last Thursday. The dog died on Saturday and was found to have been rabid.

Others treated were Mrs. Adeline Thorsell and Mrs. Kate Weaver of the Belleville avenue address and Gerald Cotter of 17 Grove terrace, Irvington.

The last rabid dog case was reported last fall. Health Officer Eugene T. Berry took this week's incident as an opportunity to again warn dog owners that they should keep their animals tied up at all times or on a leash when they are on the street.

**Charge Candidate With 'Unethical And False Expressions'; Defend Williams; Say Their Pay Referendum Attitude Was Hasty**

A committee representing members of the police and fire departments today in a full-page advertisement accuse Candidate George E. Stewart Jr., sharpest critic of Mayor Williams in the election campaign, of "unethical and false expressions."

The statement is in reply to an advertisement which Stewart ran in last week's issue of The Times directed to the attention of the policemen and firemen charging that they were "Hitlerized."

Stewart's chief point was the petition for a referendum for a \$500 salary increase which the police circulated last fall. In an hour-long address before the town commission, Mayor Williams urged that the voters defeat the referendum.

Later, after conferences between the police and firemen's representatives and the commissioners, the employees announced that they were withdrawing their referendum petition. Subsequently, the board agreed to grant the men \$100 raises this year.

The police and fire statement did not confine itself to merely replying to Stewart's statements against the police department. The uniformed men's committee also replied to the candidate for his comments on Williams' accepting a \$500 annual salary as custodian of the school funds and his refusing to sell property at 176 Washington avenue to a bidder for \$2,640.

**Say It's Repugnant**  
The committee stated that the police and firemen resented "being used as instruments of attack on the mayor, his wife and particularly on her mother, the widow of a distinguished minister and author. Such campaign work," the statement continued, "based on falsehoods, is repugnant to decent thinking people."

In concluding the defense of the mayor and his operation, the town, from their viewpoint, the committee stated, "we concur with many citizens who state his integrity, personality and reputation stand out even more clearly in the light of the unethical actions of certain men." The statement also extended its respect to the other candidates, not presently holding office, who "to date have conducted their campaigns with due respect for our community and for their own respect."

The advertisement is signed by Lieut. Kenneth Smith and Pa-

## Helping Families Of Those Who Fight

THEIR OVERTIME WORK HELPS the Navy Relief society. Martin F. Tiernan, president of Wallace & Tiernan, is shown presenting a check for \$6,500 to Capt. Reynolds Hayden, medical officer of the Third naval district, as John Walker, Eleanor Eagen and Margaret Dammers, representing the W. & T. employees, look on.

The gift was raised by plant workers giving overtime and the management contributing the value of the products manufactured for the benefit of the families of fighting men in the navy, marines and coast guard.

## Merchants Join In 'Victor And Vanquished' Luncheon

Cooperate With Orange-Maplewood Chamber Of Commerce Luncheon Of Candidates—Win Or Lose On Day Following Election

The Belleville Merchants association and the Chamber of Commerce and Civics of the Oranges and Maplewood will stage a "Victor and Vanquished" luncheon in which local commission candidates have been invited to participate as a demonstration of post-election unity in the community.

The luncheon is scheduled for Wednesday, May 13, the day following the commission election. It will be held at the Montclair Golf club, West Orange. In addition to the 13 Belleville candidates, the aspirants in Orange, West Orange and Irvington are scheduled to take part.

Wilfred Yudin, president of the Belleville Merchants association, subscribed wholeheartedly to the purpose of the luncheon. He said: "The idea is an excellent one, and will afford our commission candidates leaders in politics in our community, to show that regardless of the outcome they are ready to do everything within their power to promote the welfare and assure the security of our community in these trying times."

Yudin and the heads of the other three civic or business organizations sponsoring the luncheon indicated that they would seek to bring out good turnout for their organizations. The event also will be open to the general public.

The invitations to the candidates went out yesterday over the signature of Carroll Dunham Smith, vice-president in charge of civics of the Oranges Chamber. In outlining the purpose of the event, Smith said: "Your candidacy for the commission in your home community is a demonstration of democracy—a democracy that must be saved and perpetuated."

During this period of world peril, we, the champions of democracy, must show that we can put aside our local differences after each election and pull together until our outside enemies are routed. Victor or vanquished, we must combine our energies, put into play the spirit of sportsmanship and effect the united front that will make us invincible.

"Win, lose or draw, we should like to have you participate in this demonstration of democracy," continued Smith. "We want you to show to the public and the press that you are willing, on May 13, to forget the controversial aspects of the pre-election period and work for the welfare of your community."

**William McCoy, 86**  
Funeral services were held Sunday night at 7 p.m. in the Wm. Irvine Funeral home at 276 Washington avenue for William McCoy, 86. A retired silversmith for Tiffany & Company, by whom he was employed for more than 60 years, Mr. McCoy died at his home, 61 Prospect place, after a year's illness.

He was born in County Antrim, Ireland, and had been in this country about 75 years.

Rev. Peter A. Deekenbach, pastor of Christ Episcopal church, officiated at the services and interment took place on Monday in East Ridgewood cemetery.

## NOLL OPENS TWO NEW PLAY AREAS

Valley And Soho Centres Are Equipped; Director Says Promise Was Kept

Commissioner Noll, director of recreation, announced yesterday that playgrounds in the Valley and Soho sections were ready for use. Installation of equipment at both places was completed late last week.

The Valley play area is on a town-owned tract bordered by Cortlandt and Ralph streets and Bellavista avenue. The Soho playground is adjacent to School No. 2 in Mill street.

Swings, slides and bars have been installed at each of the centres. The one in the Valley was the center of a controversy on the town board less than two months ago. Despite protests of Mayor Williams, who argued that a site in the rear of School No. 9 was more suitable, the other four members of the board voted to have the playground where Noll has placed the equipment.

A number of residents petitioned the board for the playground there. Williams said then that he had a prospective buyer for the property who wished to erect an industrial building.

Noll said that last year a promise had been made to both residents in Soho and the Valley that playgrounds would be put in operation for their children this spring.

"We have kept faith with them," he said. "In the time that I have been in office, my principal concern has been the welfare and safety of the children. Despite obstacles and the lack of sufficient funds to meet the demands of the residents and the needs, we have been able to stretch our dollars so that today our recreation program and the play facilities it offers far exceed that of 1938."

**Dr. Flynn Purchases Home In Van Houten Place**

Dr. Edward A. Flynn, who has conducted and maintained his office at 176 Washington avenue, has purchased a home at 94 Van Houten place. He will continue his office at the Washington avenue address, but will use the Van Houten place home as his private residence.

The physician purchased the property through Miss Jane Donnelly, Washington avenue realtor.

## Joint Glee Club Concert In Nutley On May 6

Earl Spicer Again Soloist; Frank Scherer's Arrangements a Feature; Singers To Give Group of College Songs on Program

The joint spring concert of the combined Belleville and Nutley glee clubs will be presented at the Vincent Methodist church in Nutley on Friday evening, May 6. The soloist will be Earl Spicer, who was featured at the concert presented in Nutley last spring. He is being brought back for another appearance at popular request.

A feature of the program will be the offering of a group of collegiate songs representing Yale, Dartmouth, Amherst, New York University, Michigan and Harvard.

A group of songs arranged by Frank H. Scherer, former director of the local glee club, will also have an important part in the program. Scherer is now conductor of the Montclair and Westfield glee clubs. He is also organist and choirmaster of St. Luke's church in Montclair. The clubs are hoping to have Scherer present to conduct one of his numbers.

Arthur E. Jacobus, director of past glee club concerts, will again wield the baton with Mrs. Ruth Dautel Burnett as the accompanist.

The entire program follows: Hey Robin, Jolly Robin, Geoffrey Shaw; The Star, James H. Rogers, arranged by Fred H. Huntley; The Four Winds, A. W. Noll; Visions, Sjöberg Balogh, arranged by Alberto Bimboni.

The Long Day Closes, Sir Arthur Sullivan; In a Luxembourg Garden, Kathleen Lookhart Manning, arranged by Grace Nash; He Jolly Jenkin, Sir Arthur Sullivan, arranged by Rhys-Herbert; incidental solo by Mr. Spicer.

Dedication, Robert Schumann, arranged by Frank H. Scherer; Adelaide, L. Von Beethoven, arranged by Frank H. Scherer; solo by Edward G. Burnett; Hymn to the Night, Campbell Tipton, arranged by Frank H. Scherer.

College Songs: Yale, Mother of Men; Dartmouth, Eleanor Wheelock; Amherst, Lord Geoffrey Amherst; N. Y. U., The Palisades; Michigan, A Toast; Harvard, Harvardiana.

## MUSIC FESTIVAL AT H. S. MAY 7

All Music Organizations To Take Part In 13th Annual Affair

The 13th annual music festival, featuring all of the schools' musical organizations, will be presented at the high school on Thursday evening, May 7. The program is being directed by Mrs. Alice Wagner, music supervisor.

Groups to be heard include the boys' and girls' glee clubs, the orchestra, beginners' junior or-

Mrs. Alice Wagner  
chestra, selected girls' choir and the band.

The program will be opened by the mixed glee clubs accompanied by the orchestra singing "Unfold, Ye Portals Everlasting" by Charles Gounod and "Jesu, Joy of Man's Desiring" by Johann Sebastian Bach. The orchestra will follow with three selections, "Procession of the Sardar" by Ippolitoff-Ivanoff, "Raymond Overture" by Franz von Suppe and "Cavalier Overture" by Merle Isaac.

From the members of the various choirs, six students, possessing good voices, have been chosen as soloists. Miss Kathryn Haffner will sing "A Little Love, A Little Kiss" by Ross-Silesu, a tenor solo, "The Old Refrain" by Fritz Kreisler will be sung by Charles Howard, while Alice Green, soprano, will sing Robert Batten's "April Morn." A baritone solo, "I Love Life" by Man-na-Zucca will be offered by William Akers. Charles Watson, basso, will sing "The Big Bass Viol" by Bohannon, and Miss Griffin will also be heard in "The Story of a Starry Night" arranged from the andante movement of "The Pathétique Symphony" by Tschaiikovsky.

The accompanists will be Ann Kelsall and William Akers. The mixed glee clubs will sing "The Bugle Blows" and "Tom Cats," both by Gustav Klemm. An arrangement of "Looking for the Lost Chord" by E. J. Lorenz and "The Star Spangled Banner" by Francis Scott Key will conclude the first portion of the program.

The senior mixed choir will open the second half of the program with "Lochinvar's Ride" followed by three numbers by the high school band under the direction of Robert Parker. They will play "The Donkey Serenade" by Friml-Stotjart, "Tea for Two" by Vincent Youmans and "National Emblem March" by Bagley.

## TEACHERS' RALLY NEXT TUESDAY

All Candidates Invited To Meeting In Elks Club; Dr. Close Chairman

The first effort in this campaign toward a town-wide rally takes place next Tuesday night at the Elks' club in Washington avenue and Van Houten place when the Belleville Teachers' association sponsors a united rally to which all candidates have been invited. The public is urged to attend.

Dr. O. Bell Close, pastor of Fevsmith Memorial Presbyterian church, will be the chairman. He will introduce each of the candidates who will speak briefly on their campaign platforms. Candidates must speak personally and not any representatives for them.

The Teachers' association in a statement explaining the purpose of sponsoring the rally said that because of the time being spent in the present war effort, it is taking this means of giving the public a clear picture of the present election and its candidates. Believing that the rally will serve a good purpose it hopes to give the public the opportunity to study each of the candidates and hear and analyze their platforms.

The association has received acceptances to attend the meeting from Mayor Williams, Commissioners Waters, Clark and King and Candidates Elmer S. Hyde, Arthur E. Mayor, Raymond C. Martz, Edward G. Smith, George Stewart and James Tully.

## ELKS TO HOLD CHARITY BALL

Proceeds From May 9 Affair Go To National Lodge For War Work

A charity ball will be held by the local Elks lodge on Saturday evening, May 9, at the Washington avenue clubhouse. Many people prominent in the state in addition to well-known local residents are expected to attend.

Proceeds will be donated to the Elks national war chest which in turn will use the money to carry on the various types of work which it is doing among the men in the armed forces.

Music will be furnished by a New York orchestra. Entertainment will be presented by a Broadway floor show.

The committee on arrangements is headed by James Crowell assisted by: Walter C. Kelly, Frank Broo, Harold Cavanaugh, Henry DePhillips, William J. Friel, Frank J. Gormley, Robert Harvey, Sidney Johnson, Walter H. Low, Patrick J. Morano, Edward Penkethman, Charles Speaker.

### Student Asks What Happened To Contest Mayor Held

From a Bewildered Contestant To the Editor of The Times: Belleville News, August 7, 1941  
"Sincerely believing the youth of Belleville can help in correcting an expensive and indefensible conduct of a limited number, I ask the youth of Belleville—14 to 20 years of age—to enter a contest and outline causes impelling youths to damage public and private property. To the youth submitting the most constructive essay, the Town of Belleville will present a High Grade Gold Watch, properly inscribed. A committee of prominent citizens will be appointed to study essays. In view of the many hours, conferences, and study given by me to be of assistance to the youth of our town during many years, I now ask our youth to accept this opportunity as a challenge to be of service to our town." Respectfully yours, Wm. H. Williams.

Sincerely believing our mayor means what he says and is not just writing a lot of meaningless words on paper, we, the youth of Belleville, accepted the challenge and submitted our essays in the contest, being proud that our mayor was giving us a chance to express our opinions. Our enthusiasm was at its peak then, only to have it bound right back in our faces when eight months had passed and we still had heard not a single word in connection with them. Corrective efforts cannot be delayed, so hurry and submit your entries, the article said, and we did. We hurried—did they?

Were our efforts all in vain? Sure, the vandalism done in town cost our taxpayers money but so did all the paper and envelopes used in the contest, didn't it? Just what has happened to our essays? Did they ferment or do you have to have a priority to get the prizes now?

## MAJ. BURNS BACKS STEWART FIGHT

Williams' Critic, Now In Army, Says Mayor Can't Deny Statements

Candidate George E. Stewart Jr., who has been waging a one-man campaign against Mayor Williams, this week received support from another Williams' critic, Maj. Edward J. Burns, for several years a constant attendant at town meetings and one who frequently had verbal tussles with the mayor, this week complimented Stewart on his campaign effort.

Burns is now in the army and is stationed at Boston. He resided here on Hill street and was at one time president of the Belleville Property Owners' association. Burns' most remembered tangle with the mayor took place late last year when Williams refused to let him have the floor and threatened to have a policeman eject him from the hall.

"The issue of Matter of Free Speech," Burns said in a letter to Stewart this week, "is of greater importance at this moment for which we are involved in war to maintain as one of the rights we presently enjoy in this country of ours. I wish to commend you on your true statements of the facts which have been published and which Mayor Williams, Waters or Clark cannot deny. Your issues are clear, concise and of the greatest information to the taxpayers of Belleville."

"You have my admiration and respect for your ability and courage to expose the conditions confronting the citizens of Belleville. I am confident that the voters of Belleville will support you to the utmost in the interest of good, honest government of the people by the people and for the people."

## COOGAN

(Continued from Page 1)  
of the mayor's activities as head of the revenue and finance de-

partment, has dented the Williams armor so that he will definitely slide down the voting ladder. Williams was high man in both the 1934 and 1938 elections, getting more than 7,300 votes in the last campaign.

A bid for sectional support was made last night by candidates who attended the rally arranged by the Belleville Political and Social club at its Belleville avenue headquarters. However, the most important and largest gathering at which the campaigners will get a chance to speak, is scheduled for next Tuesday night at the Elks' club. It is being sponsored by the Belleville Teachers' association. Each candidate will be permitted to state his campaign platform and generally outline what he believes the servicemen's vote will probably not be an important factor in the outcome of the election.

Although it is conservatively estimated that there are more than 1,000 men from town serving in some branch of Uncle Sam's fighting forces, there are only 250 who will be eligible to vote, according to the adjutant general's office in Trenton.

From a list supplied by the Trenton office absentee ballots have been mailed to the men in the various military posts by the county clerk's office. The list can not be made public and candidates can not obtain a copy of it from the town clerk so that an appeal for votes may be made to the servicemen.

While it is conceded that a percentage of the 1,000 or more in the service may not be registered to vote, it is thought that the principal reason why more names are not included is because of the distance which many of them are from Belleville and the

probability that the various military branches have not as yet filed the names and present addresses of all local men with the adjutant general's office.

Candidates also concede that that even of those who do receive ballots, there will be some that will not bother to check their favorites and return the ballots to the superintendent of elections' office by midnight of May 12 for tabulation.

## OCCUPATIONAL FORMS GO OUT

20-44 Group Gets Them Starting Tomorrow; 200 Cut Each Day

The first batch of occupational

questionnaires to be sent to those who registered in the February 20-44 draft group will be mailed out tomorrow morning, according to an announcement made by the draft board yesterday.

It is planned to send the forms out at the rate of about 200 per day to the 2,100 men who registered more than two months ago. A number of them have already received their regular questionnaires on which the draft board will classify them for possible call for active service. The occupational questionnaires are to determine whether or not the men are in essential industries, previous experience and training in various positions.

Registrants will be allowed 10 days in which to fill out the form and return it to draft board headquarters at town hall. Assistance may be obtained by any registrant if he will apply to the members of the advisory board, a list of

which is printed on page 8, to the U. S. Employment Service at 309 Washington street, Newark. Registrants should not go to the draft board for assistance in filling out forms. The board staff is too busy handling other draft details.

Town Attorney Lawrence E. Keenan, who is also chairman of the advisory board, announced yesterday that there would be a meeting tonight at town hall at 8 p. m. of all advisory board members. The purpose is to instruct and inform them about the occupational questionnaires so that they will be ready to assist registrants. A representative from the state selective service headquarters will be present to explain the details of the occupational form and answer questions. Keenan said it is important that all advisory members attend the meeting.

Laboratories, Resistoflex, Newark Wire, Walter Kidde and Sonnet-born.

Lloyd and Bart will clash in the first game on Monday night.

## To The Citizens of Belleville:

On May 17, 1938, when the members of the present Board of Commissioners were inducted into office their first official business was the introduction and passage of a resolution increasing their annual salaries \$450 per year. I, as the "minority" member, voted "NO" on the resolution, and at a later date refused to accept the voted increase which action has resulted in a saving to the Town of Belleville of approximately \$10,000 since the other Commissioners followed my action.

My department for the past four years has been given supervision over Recreation, Transportation and the Free Public Library. Belleville's Library has during that time increased the number of books on its shelves as well as the number of visitors so that during the past year the Library had in circulation 71,637 books and had 99,781 visitors.

There were added during the year 686 new readers. In 1938, after 11 years of neglect, the Library Board found there was a dire need for new books, new shades, lights and a remedy for a termite condition which was causing great damage. During my administration all this has been remedied and today Belleville is proud of its Library where the residents can read and borrow books amidst a pleasant surrounding.

During the past few days there have been rumors to the effect that I am associated with another candidate for the office of Commissioner. THESE RUMORS ARE ABSOLUTELY FALSE IN EVERY RESPECT. They have been circulated in a manner which bespeaks itself.

As the eve of Election fast approaches, if well-founded reports can be believed, the citizens of Belleville can look forward to having their porches strewn with political propaganda against my candidacy in the form of very clever booklets and throw-aways. Don't be fooled by such un-American tactics.

Citizens of Belleville as real Americans stand ready to go all-out in defense of American ideals. Let's also exercise the oldest American tradition — Vote on May 12th for FIVE MEN and THINK before you VOTE.

## Voters of Belleville

I am interested in the Belleville Election, May 12th, for these reasons:

That the present constructive supervision of Belleville's affairs shall continue—

That we have in office men who are capable of seeing beyond today—

That the proved experience and abilities of Wm. H. Williams be kept available to us taxpayers for the next four years.

Tax Rates and quality of government are not improved by abusive personal attacks by one candidate on another.

Good local government at reasonable costs is created by ability on the job, and ability to meet changing conditions.

Wm. H. Williams has proved he has those qualities

Traditional white satin made the bride's gown which terminated in a long train and was covered by a fingertip veil with an orange blossom coronet. She carried white roses, orchids and bouvardia. Miss Doris Miller's gown of hyacinth blue taffeta was worn with a coronet of flowers and matching circular veil. She carried pink roses. Her sisters' yellow costumes were identical and their bouquets of talesman roses. The bride's mother wore a navy and white costume with a corsage of pink roses.

Mrs. Morrison was graduated from the local high school and is employed by the Uehling Instrument company of New York. Her husband was graduated from Port Richmond schools and is with the Bethlehem Steel company, Staten Island. Their future residence will be 42 Van Wagenen avenue, Jersey City.

### Marriage Of Irene White To Soldier Is Told

Miss Irene Mary White, daughter of Mr. and Mrs. John White of 75 Holmes street, and Pvt. Harry James Duff of Fort Bragg, N. C., were married Saturday, April 11, in St. Peter's church by Rev. James M. Kelly. Pvt. Duff is the son of Mr. and Mrs. George Duff of Point Pleasant.

The couple was attended by a sister and brother of the bride, Miss Kathleen White of this town and Pvt. James White of Ramsey.

Mrs. Duff was married in traditional white satin. Her princess gown had a formal train and was trimmed with tiny buttons. A wreath held her long veil and her bouquet consisted of white roses and baby's breath. Her sister wore chartreuse taffeta with matching beaded dress and carried yellow roses. The bride was graduated from the local high school. Pvt. Duff has been in the army 15 months.

### Galioto—Casta

Miss Mary Casta, daughter of Mrs. Josephine Casta of Montclair, became the bride of Giacinto Galioto, son of Mr. and Mrs. Fedele Galioto of Maoran place, on Saturday at Our Lady of Mt. Carmel church, Montclair. Miss Amelia Casta was her sister's maid of honor. Joseph Buccino of this town was best man.

After the ceremony a reception for several hundred guests was held at 108 Franklin street.

Following a week's honeymoon to Washington, the couple will reside at 116 Franklin street.

### VICTORY KITES IN CUB CONTEST

Pierson Crisp Takes First Prize In Contest At Stadium

Twenty-five kites of all makes with victory slogans and red, white and blue decorations were entered Saturday afternoon in Cub Pack 350's kite flying contest at municipal stadium. Prizes were awarded for the kites which gave the best flying performances and those which were most carefully made.

First prize, a sterling silver Cub ring, was taken by Pierson Crisp of Den No. 2 for the best flying

kite. Semaphore flags were awarded Edward Pudney of Den No. 9 for the neatest and most originally constructed kite and a model coast guard cutter went to John Massarone of Den No. 4 for the second best kite.

Judges were John Stoddart, Richard White, John Massarone and Cubmaster Harold Ross, assisted by Mrs. Stoddart and Mrs. Armando deAraujo, den mothers. In the glider contest James Charl on took first prize of semaphore flags and John Stoddart first prize of a model coast guard cutter for best made and best flying gliders.

Cub Pack 350 will meet at Fawcett church Thursday evening, May 7, when Nicholas Hagroft and Carlton Parker will be graduated to the scouts. New cubs,

Allen Miller and Robert Petona, will join the pack.

Field day and a picnic will be held by the cubs at municipal stadium June 13. A soap box race will be the feature. Games, other races and campfire singing will also be arranged for that day by all the dens and pack leaders.

### Special Meeting Tomorrow Of King Campaign Group

A special meeting of the Joseph King campaign committee and of the commissioner's challengers for election day will be held tomorrow night at the headquarters, 414 Washington avenue, at 8 p. m.

Charles M. Nutt, campaign manager, requested that all workers and challengers make a special effort to attend.

### Sanitary Sewer Is Planned For Newark Avenue

Commissioner Waters introduced on Tuesday night at the town commission meeting an ordinance to construct a sanitary sewer in Newark avenue, which runs off of Meacham street, three blocks west of Passaic avenue.

It was explained before the board that it is the last improved street in town that does not have a sanitary sewer. Frequent complaints have been received by both the health and public works departments about the unsanitary condition which exists there.

It is estimated that the project will cost \$2,800. It will be a local improvement assessable against the benefiting properties.

**HYDE WORKERS  
POLL DISTRICTS****Campaign Chiefs Seek To  
Learn Strength; Get  
Reports Tonight**

A second of his weekly workers' meetings will be held by Elmer S. Hyde, commission candidate, tonight at 8 p. m. in the Elks' club. During the past week Hyde workers in all of the town's voting districts have been polling their neighborhoods to learn the strength of their candidate in relation to the others in the field. Reports will be submitted tonight and the estimates studied by Hyde and his campaign chieftains. Bert S. Woodhall and Mrs. Louis Frick. "In this way we will be able to learn the weak spots," Woodhall said, "and we can then spend some time in an effort to convince the people there that Mr. Hyde should be one of the five next commissioners."

Woodhall said that based on reports from workers coming in this week, the Hyde drive for votes is gaining strength and he indicated that the candidate's camp is getting more confident of victory as election day draws near.

Hyde announced that he had named Al Kleiner of Wilber street as his chairman for his second ward workers' committee.

**SEEK PRIORITY  
FOR MAIN ST.****Williams And Stickel Expected  
To Apply For Rating  
On Materials**

Mayor Williams is expected to go to Trenton next week with County Engineer William Stickel to confer with state highway department officials in an effort to secure a high priority rating for the purchase of materials to be used in paving Main street.

Funds totaling \$60,000 were allocated by the state several months ago for the improvement of the street from Joralemon street to the Nutley town line. The mayor explained to his commission colleagues Tuesday night that it is now necessary to have road improvements placed on a priority basis for materials with a preference going to those roads which are direct routes to industrial areas or have plants along the wayside. Williams said that he believed that the local street would rate high, pointing to the Walter Kidde and Eastwood Neally plants along the road and to the number of trucks which use the route in transporting materials.

The town's share of the expense for the road is \$7,000.

**CLARK FAVORED  
BY 2 GROUPS****Franklin Political, Rod And  
Gun Clubs Endorse  
P. S. Head**

Public Safety Director William D. Clark, seeking his fifth consecutive term on the town commission, was this week endorsed by two organizations and spoke at several house meetings. Both the Franklin Political club and the Woodland Rod & Gun club urged his re-election. He and the other four commissioners also.

Two meetings were held during the past week at the home of his campaign manager, Dan Kelly of Belmont street. On Friday night more than 30 women supporters of the commissioner heard him, while on Monday night a group of men attended a rally there. More than 30 were at a Clark party held on Monday night at the home of Deputy Fire Chief William Dunleavy in Preston street.

At all of the meetings the commissioner reviewed what had been done in the police and fire departments during the past four years. He declared that his every effort had been bent toward constant improvement of both these branches and the addition of the latest equipment for fire fighting and police use.

**URGE STUDY  
OF SUGAR CARD****Rules For Next Weeks Registration  
Must Be Known****By All**

Applicants for sugar rationing books are urged by the office of price administration to study carefully the application card, illustrated above, and have the correct answers when they register on May 4, 5, 6 and 7. A separate application must be made for every person for whom a Ration Book is issued, but only one member of the family is to apply and fill out applications for all the rest of the family. Registration will be at the nearest elementary school.

This is the biggest registration job ever undertaken in so limited a time in the United States. Within four days the Nation's 120,000,000 men, women and children will be registered and will receive their Ration Books. To accomplish so big a job in that short space of time, the Office of Price Administration, which administers rationing, is urging every applicant for a Ration Book to come prepared with accurate information to all questions which the registrars will ask when filling out the application form.

If you answer these questions promptly OPA estimates it will only take four minutes to fill out this form. One and a quarter million school teachers will serve as registrars.

1. Applicants should come

bers of their families, giving the exact name of each.

2. An exact description of each member of the Family Unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

3. The person who registers for the Family Unit must state his or her exact relationship to each member of it.

4. It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the family unit and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

One — and only one — member of each family unit need go to the elementary school nearest to the person's residence to register and to apply for Ration Books for the whole family, OPA emphasizes. Single people not members of a Family Unit, even if they board with a family, must apply for themselves.

**One Man's Opinion****To The Voters Of Belleville:**

I have known Arthur Mayer for thirty-five years and I am using this means of letting you know my personal opinion of him.

He is a fine fellow. Honest-to-goodness true American and is always doing some kind deed for someone. He plays fair with everybody and surely knows the value of property and what it should be taxed. Make him one of your five men, you won't regret it, I am sure.

**Announcement****By****John F. Coogan, Jr.****To The People of Belleville:**

May I ask you to accept this notification as my official announcement that I am withdrawing as a candidate for the Board of Commissioners at the municipal election on May 12th.

At the same time may I ask that this announcement be accepted as my most sincere expression of my deep feeling for the generous approval afforded me by the people of Belleville as a candidate for commissioner.

On April 17th, it was announced that the Hon. Charles Edison, governor of our State of New Jersey, had bestowed upon me a great honor by his selection of me as his nominee for the office of commissioner of the Essex County Board of Taxation.

When this honor was tendered to me, as you know, I was a candidate for the office of commissioner of the Town of Belleville. Knowing that it has been a policy of Governor Edison that a person of his appointment should not hold official offices of dual capacity, I ceased my campaigning pending my confirmation by the State Senate.

There has been considerable speculation, I am aware, as to whether or not I would seek to hold two positions if elected or whether I would withdraw from the local campaign.

I am taking this opportunity to advise all of my decision so that those who intended voting for me may consider other candidates with the full knowledge that I will be unable to serve as a town commissioner even though they would desire to vote for me. I firmly believe that I could not do equal justice to both positions, and that to attempt to hold both would be contrary to my constant principle that the best job possible in the interest of good government must be done at all times.

To make this decision has not been an easy task for me. I trust that my position will be considered with understanding by all.

Eleven years of my life as a public official have been spent in the study and administration of taxation matters. As a middle-aged family man with responsibilities and economic problems quite comparable to the average family of Belleville, I have been honored and afforded an opportunity to continue in the work which I enjoy and in which I have earned for myself a respected standing as one qualified on that subject.

I trust that those who were supporting me and looking forward to my election can approve the justification of my acceptance of the county tax board post, and my withdrawal as a candidate for commissioner.

When I entered the race for commissioner, I did so as an independent candidate with the full determination to seek my election and with no concern for the defeat of any candidate or candidates, or to form a combine with any other candidates. I have respected all of the rules of good sportsmanship and do feel that each commission candidate regards me as being fair and decent as a competitive candidate.

As I withdraw myself from your consideration as a candidate, I do so impartially by not advocating support or defeat of any candidate or candidates, and with the full confidence that the voters of Belleville are very capable of selecting the men whom they feel will best serve them.

In withdrawing from this race and accepting the Essex County Tax Board post, I still feel that I am in the service of Belleville taxpayers—merely in another capacity. I think it appropriate and I am prompted in closing to say that I am thankful to Belleville and Belleville people for all they did in affording me the privilege of serving in their employ for 11 years, which training and experience is a major factor in my qualifying for the higher post with which Governor Edison has seen fit to honor me.

## RENT COMMITTEE WORK PICKS UP

Group Has Considered 15 Cases; Aided In 10 More Cases

The fair rent committee of the local defense council which has functioned since February 21, meeting twice monthly at town hall, has satisfactorily considered and disposed of 15 requests for rental adjustments by formal hearings, according to Paul de Hagara, chairman, and has been able to lend aid in ten or more cases without formalities. A falling off in applications for aid was noted until very recently when the committee received a sudden renewal of requests.

Impetus to increase rentals has come, in the opinion of the committee, from knowledge on the landlords' parts that many tenants have had increases in income. The fair rent committee will be authorized to stabilize rents under the emergency price control act of OPA. Belleville is included in the northeastern New Jersey defense rental area and landlords, under provision of the new act, will shortly be required to furnish proof that rent increases are warranted. An attempt will be made to stabilize rents as of March 1, 1942.

Rev. Benedetto Pascale, Miss Frances Williamson, Mrs. Rose Reilly, Rev. Luther VanPelt, Raymond C. Jenkins and Miss Teresa Salmon are members of the local committee who will meet Tuesday, May 5.

## PRESENT BOARD IS ENDORSED

Tripoli Park Club Head Urges Re-election Of Five Commissioners

The re-election of the five present commissioners was advocated this week by Generoso Prezioso, president of the Tripoli Park Political and Social club, well known organization in the Silver Lake area. Prezioso's statement was made at a birthday dinner party in his honor held on Saturday night at the club headquarters and attended by the five commissioners.

Mayor Williams acted as toastmaster and introduced Commissioners King, Waters, Clark and Noll, who made speeches. Prezioso asked the group of nearly 100 who attended to do all in their power to re-elect the present members, expressing the opinion that they have guided the town's affairs well during the past four years and deserve to be returned to office.

The headquarters was decorated in red, white and blue for the occasion. Entertainment was furnished by several vocalists from New York and Newark.

## POLICE

Continued from Page 1

White and C. Hungerford of the fire department.

"Mr. Stewart's interest in the welfare of our policemen and firemen is only three weeks old," the committee said. "His tears over our pension fund are not real. When the policemen and firemen were working with a 14 percent wage reduction, and at the same time contributing an additional three and one-half percent to relief costs, Mr. Stewart urged a 25 percent reduction. We also remember his most insulting remarks about the school teachers. We know his present abusive attitude toward four board members and his offensive expressions are widely resented throughout town."

**Glad It Was Removed**

"We are glad (meaning the referendum) was removed from the ballot last year," the statement said. "We were not denied any rights." Previously the committee stated that the police and fire department members realized that their procedure and action had been hasty. They said that further study revealed to them that the plan as outlined by Mayor Williams was "the fairest to the taxpayers and to us as employees."

No person, the statement said, has ever been ejected from any meeting or conference of the board of commissioners by the mayor. Stewart's statements that citizens have been ejected are false, the statement added.

The police and fire committee also charged Stewart with attempting to create misunderstandings about the pension fund and "would be disturbing if we did not know that he is telling falsehoods and injecting false viewpoints."

## MUSKETEERS WIN OPENER 8-5

Wee Hunkele Pitches 4-Hit Ball Against Zarro Cardinals

The Belleville Musketeers won their opening game of the season on Sunday at the municipal stadium when they belted the Zarro Cardinals 8 to 5.

Wee Hunkele on the hill for the Musketeers had the situation under control at all times, holding the Cardinals to four well-scattered hits. At the plate, Hunkele and Red Willie split hitting honors, each getting two hits. The latter's stickwork drove in two of his team's runs.

In the seven-inning tilt, Hunkele struck out 13 batters. Litterio of the losers fanned five, while Blasi, who relieved him, got a like number to whiff. Hunkele

allowed three walks, Litterio five and Blasi one.

## Will Hold Services Tonight For Mrs. Herbert V. Mihlon

Funeral services will be held tonight at 8 p. m. for Mrs. Bernice Enders Mihlon, who died Tuesday night in St. Vincent's hospital, Montclair, after a short illness. She was the wife of Her-

bert C. Mihlon of 186 Tappan avenue.

Mrs. Mihlon was born 44 years ago in Germany and came to this country when she was four years old. Before coming to Belleville 18 years ago, she resided in Newark. She was a member of Fewsmith Memorial Presbyterian church.

In addition to her husband, she is survived by a daughter, Dorothy; a son, Herbert Jr.; a brother, Paul; and her mother, Mrs. Emily Enders; all of this town.

Services will be held at the Irvine Funeral home, 276 Washington avenue.

## Madeline Codomo Married Newarker On Sunday

Miss Madeline Codomo, daughter of Mr. and Mrs. John Codomo of 71 Harrison street was married to Joseph Sagarese son of Mr. and Mrs. William Sagarese of Summer avenue, Newark on Sunday at St. Anthony's church at 4 p. m. Rev. Thomas A. Gillick performed the ceremony. The bride was given in marriage by her father. After the church ceremony, there was a reception for several hundred guests at the White Eagles hall, Bloomfield.

Miss Josephine Rossi, cousin of the bride, was the soloist and organist.

The bride had as maid of hon-

or Miss Minnie Sagarese, sister of the prospective groom. Thomas Caseiri of Newark was best man. The bridesmaids were Miss Louise Caseiri and Miss Mary Codomo, sister of the bride. Ushers were Michael Stalato and Herman Cuozzo of Newark, Albert Sagarese, brother of the groom and Leonard Codomo, brother of the bride.

They are honeymooning for a week and then the groom, who is a first class private will return to Fort Bragg, N. C. where he is stationed.

# Citizens Of Belleville:

Mayor-Finance Director Wm. H. Williams has been honored by Citizens of Belleville and others for the past 16 years by appointments and elections to the following:

Member Board of Zoning Appeals, 1926-1930

Election as Finance Director, 1930-1934

Re-election as Finance Director, 1934-1938

Appointment as Executive Secretary of Princeton University Survey Committee

Election for 2 terms as President of N. J. Municipal Finance Officers Association

Notwithstanding the repeated public expressions of confidence in the integrity and results of work of Mayor-Finance Director Williams; he and his work, the members of his family, and the widely acknowledged sound position of the Town of Belleville have been attacked.

The personal character of Mayor Williams is that personality which he is and he solely controls. His reputation is what other people think of him.

Attacks on his public and personal work are made in carefully stated words, in the form of questions, in inaccurate expressions, all showing fear of legal liability by making definite statements.

Mayor Williams has never, nor does he now intend to use the time or dollars required to answer falsehoods and personal attacks. In 1934, the public of Belleville was treated to weeks of dire things about to happen all ending in a last hour demand that Mayor Williams withdraw from the Commission race. And the next day, Mayor Williams was elected high man.

Every thinking citizen of Belleville knows Mayor Williams' plans and work have been credited with placing Belleville on a sound financial foundation.

Citizens know that Belleville has 21 new industries here today as the result of an industrial program created and personally supervised by Mayor Williams. He early recognized that homes and a few industries could not support the Town of Belleville. The work of seeking high grade industries produced new industries employing over 6,000 people.

Citizens know that Belleville's School System is at the best mark ever attained.

Citizens know that Belleville's debt has been reduced over \$2,000,000.00 in 10 years, part of those years being the worst depression years in the history of Belleville and the Country.

Citizens know that every bond issue of this Town must have the approval of State Commissioner Darby before such bonds are issued and that it is illegal and impossible to issue bonds to create a surplus.

Citizens know that Wm. H. Williams is the first full time Mayor and Finance Director Belleville has had.

Citizens know by his personal conduct and business ability, he capably represents Belleville wherever he goes on public business or as a public speaker.

Citizens know Mayor Williams had a high grade business training in the field of management, industrial labor and production, accounting, finance and sales work, and that his years of experience in industrial and business organization work have contributed to the progress of Belleville.

Citizens know that Belleville Town-School-and Water Bonds are selling at a high premium and are regarded as fine investment bonds.

Citizens know the years of experience of Mayor Williams as their Finance Director during the depression years will have even greater value.

Citizens know it was the ability and energy of Mayor Williams that developed the program of building Franklin Avenue from Belleville to the Newark City Line without any cost to Belleville.

Citizens know that the initiative and work of Mayor Williams obtained approval of a \$60,000.00 State contribution for a new Main Street

Citizens know that Mayor Williams has been invited to address numerous groups of citizens and public officials on the subject of Municipal Management and Municipal Finance, attesting to the respect accorded to Mayor Williams throughout New Jersey.

Citizens of Belleville know their Mayor and Finance Director. They know his character, his ability to get jobs done regardless of obstacles, and they know the results of his efforts have produced a respectful regard for the Town.

Citizens know his thoughts on educational problems. He has co-operated with School authorities to improve educational opportunities for the youth of Belleville.

Belleville citizens know their tax rates were reduced 10 points in 1940 — points in 1941 — 18 points in 1942 — they know their budgets are made consistent with business and legal requirements. They know next year's problems were studied when this year's budget was made up. They know Belleville is a successful business corporation.

Belleville citizens know that Mayor Williams has never made one false statement about Belleville's finances or financial condition — and he never had a single one of the 12 budgets re-elected by State Officials, proving he understands legal and financial requirements that merit approval of State officials.

Mayor Williams believes in the thinking ability and voting judgment of Belleville people. In 1934, people using personal characters and the good will of the Town as stepping stones for election uses were rejected by the voters. Mayor Williams believes the voters will again in 1942 reject candidates whose program is an effort to destroy good names, good work and the good will of the Town.

Mayor Williams believes Belleville voters know it is a good thing to remember and a better thing to do — to work the construction men — not with the wrecking crew

Mayor Williams, always devoting himself to constructive programs, has contributed his ability, full measure of hours, an energetic personality, a clean mind, faith in himself and his work, and holds a firm belief that the guidance of God comes to men in public office who maintain a constant high standard of personal and public respect for their duties to their fellow citizens.

## Save Those Vitamins and Minerals

Preserve Valuable Food Elements by Proper Cooking of Vegetables and Meats.

YOU can't see a vitamin. You can't taste one, either. You can't tell when you lose vitamins in foods, but you can follow simple rules to preserve them.

Vitamins can be destroyed both in storage and cooking. Store vegetables in a cool place where they will retain moisture and freshness. All vegetables (except potatoes,

Conserved fuel. When you are broiling meat, broil vegetables, too.

onions and turnips) will keep succulent in the vegetable-tray of the automatic refrigerator. Trays have a fitted top which keeps vegetables garden-fresh.

Cook vegetables quickly in a small amount of water to avoid loss of vitamin value. Cook them in a covered pot. When boiling starts, lower flame to "simmer" for rest of cooking-time. The water contains valuable vitamins, so use it for sauces or in soups.

Here is a guide to waterless cooking.

## WPB Order To Be Felt Here By Telephone Users

Further restrictions placed by the war production board April 23 on telephone construction for service not essential to the war effort will be felt progressively in New Jersey as available equipment is utilized, and in some areas the pinch will be felt sooner than in others, the New Jersey Bell Telephone company said today. It will take some time to analyze fully the effect of the new orders in each area, the company stated.

The new order, supplements previous restrictions issued early in March by the war production board and limits purposes for which new plant can be built as well as limiting installations of residence extensions, use of dial equipment to replace manual central offices and private branch exchanges, replacement of telephone instruments. It also stipulates use of party-line service wherever practicable. During the last year, also, the company said, in order to use as little copper and critical materials as possible, additions to the telephone system in New Jersey have been engineered for a much shorter period than normally would have been the case, and every effort has been made to stretch use of existing facilities to the limit. As a result, margins of spare equipment in most places are not large.

All these measures are saving very large quantities of vital materials needed for war purposes and we are sure will have the full cooperation of telephone users," the company said. "We shall continue to furnish all the service needed for essential war purposes and public health and safety; and within the limitations of government regulations and existing facilities will provide the best service we can for civilian use."

More good news from the production front — output of metals and minerals in the United States set a new high record in 1941, according to the U. S. Bureau of Mines. Production of domestic aluminum, magnesium, zinc, iron ore, gasoline, petroleum, and coke set new records.

In addition to this, news that the automobile industry is two months ahead of schedule in converting its plants to war production is being welcomed here as indicating the victory trend that

A street lamp that can light a longer stretch of roadway has resulted from defense priorities on metals. The great demand for aluminum forced industrial engineers to find a substitute metal for street light reflectors. They developed a silver-coated glass reflector inside a steel hood that was as good as the aluminum one in all respects — and in some ways better.

Realizing that loose war talk may upset employees in the plant, one war factory devised a rumor

board and placed it in the shop. Now, when a worker repeats a rumor, his fellow workers tell him to write it on the Rumor Board and sign his name. In most

cases that ends the rumor.

Charles J. Unfried

Funeral services were held yesterday afternoon for Charles

J. Unfried, president of Unfried-Barkhorn company, wholesale dealers in notions and underwear, who died at his home on Monday. A resident of Belleville for

20 years, he resided at 16 Clearman place. Rev. Dr. Herbert C. Lytle of St. Paul's Methodist church officiated at the services and inter-

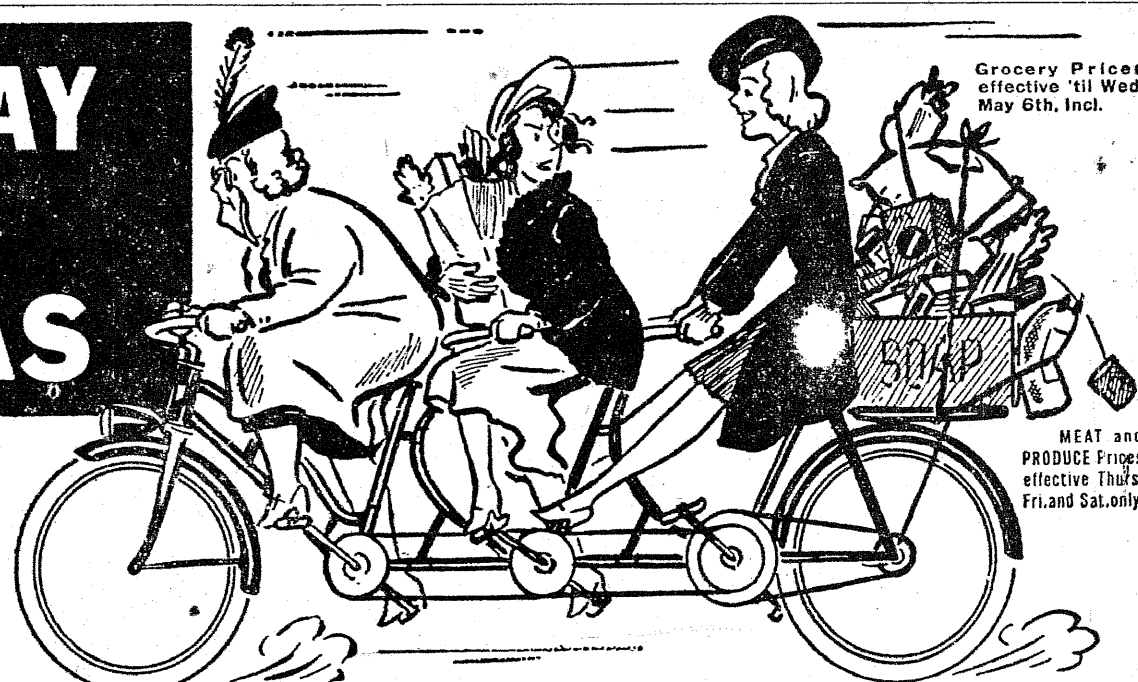

ment was in West Ridgeland cemetery.

## Woman's Club Starts Sale Of Stadium Concert Tickets

Annual Outdoor Series Opens June 2: To Present Opera, "Barber Of Seville"; Lily Pons Among Those Artists Scheduled To Appear

The Belleville Woman's club is one of the 16 cooperating organizations assisting the Essex County Symphony society in the sale of subscriptions for the stadium concerts. Mrs. Edgar M. Compton is chairman of the Woman's club committee, and is being assisted by Mrs. Morris Rochlin and Mrs. E. W. Eichorn, as captains.

Committee members serving under these captains are Mrs. George Kaden, Miss Vivian Kilpatrick, Mrs. Willard Y. Strange, Mrs. William Allen Jr., Mrs. Samuel Goldberg, Mrs. Wayne R. Farmer, Mrs. Howard M. Byles, Mrs. Lloyd C. Nunn, Mrs. H. Kesner, Miss Ellinor Apgar, Miss Grace Martling, Miss Agnes V. Gailey, Louis Doell and Charles Watson.

The 1942 city stadium concert series will open on Tuesday, June 2, with a full-length production of Rossini's opera "The Barber of Seville" featuring Metropolitan stars, scenery and chorus. Desire Deferre of the Metropolitan will stage the performance, which will be the first opera produced at the City Stadium.

Sir Thomas Beecham, British director, will conduct and the cast will include Robert Weede, Josephine Antoine, Salvatore Baccaloni, Nicola Moscona, Edwina Eustis and Carmine Gagliardi.

Vitya Vronsky and Victor Babin, Russian duo-pianists, will play at the second concert, Tuesday, June 9, with Dimitri Mitropoulos conducting. June 16 is the third concert when Patricia Travers, 14-year old violinist will appear. Arthur Rodzinski, conductor of the Cleveland orchestra, will be director.

The soloist at the last concert, June 23, will be Lily Pons, and she will appear with her conductor-husband, Andre Kostelanetz.

### Same Underwriters

The same underwriters who have made the concerts possible in former years will serve again as sponsors. They are Mrs. Felix Fuld, Mrs. Wallace M. Scudder, Louis Bamberger, Kresge Department store and Griffith Piano company.

Parking facilities for about 300 cars are available within the outer walls of the stadium, and ample room is available all around the stadium and in side streets which are infrequently used. Special efforts will be made to give adequate protection to cars parked in the vicinity of the stadium.

In the event of inclement weather, the concert will be postponed to the following clear night. If the weather is threatening between 5:30 and 8, subscribers are requested to call Market 3-5830 and the necessary information will be secured.

All men in uniform will be admitted to the concerts without charge. Any service man in uniform may present himself on the night of the concert, and he will be a welcome guest of the society.

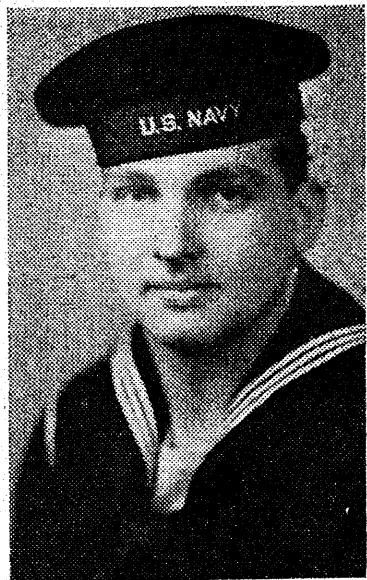

In a letter to the society regarding conditions at the stadium, Herbert S. Waters, general chairman of the Newark Defense council has advised that the concerts were discussed with Director Keenan, and every precaution can and will be taken to provide a maximum of shelter and protection in the event of an emergency.

### At Clothes Preview

## MISS HARRIS TO GIVE CONCERT

Pianist Will Be Heard In Recital Before Musicians' Club

Charlotte Harris, pianist, of Holmes street, will be presented in recital by the Musicians' club of Belleville Saturday evening at 8:30 at the Eleanor Bacon-Beck studios.

Miss Harris graduated from Indiana State Teachers' college with a B.S. degree in public school music, and at present is connected with the music department of the Hackensack public schools. For the last five years, Miss Harris has been studying with Ernesto Berumen, and will repeat her program at the La-Forge Berumen studios later in the month. An active worker in the Nutley Symphony society, Miss Harris finds time to play cello in that organization's orchestra.

The program: Jean, Joe of Man's, Desiring, Bach-Hess; Pastorelle Varise, Mozart; Le Carillon de Cythere, Couperin-Bauer; Pour le Piano, Debussy; Etude, C. minor, Scriabin; In a Chinese City, Nieman; Piece de forme Habanera, Ravel; Allegro Appassionata, Saint-Saens.

The Musicians' club is a recently formed group for the fostering of culture in Belleville. Adell Sutherland is president; Helen McNair, vice-president, and program chairman; Dorothy Irwin, secretary; and Hazel Ellsworth, treasurer. Membership, limited to performers, is by invitation and includes musicians from several nearby communities as well as New York.

## FEWSMITH SHOWS GOOD POSITION

Financial Report Best In Church History; No Unpaid Bills

The most favorable financial report in its history was made at the annual congregational meeting of Fewsmith Memorial Presbyterian church last week.

It was the first time in 17 years, according to Dr. Winfield H. Stone, treasurer, that the church reported no unpaid bills and is free to enter a new fiscal year without the burden of overdue current expenses. During the year mortgages and notes were reduced twice over the amount stipulated in last year's proposed budget.

Those in charge of the debt retirement fund reported a collection of 89 percent of the pledges which were made to the fund during 1941.

John Gibson, Walter Babbitt and W. A. Armstrong were re-elected trustees while Harvey Mitchell was named a new trustee, all for three-year terms.

James Gibson was renamed a committeeman of the singing fund and Dr. Stone was re-appointed treasurer. B. S. Rowland and William Engelmann were re-elected to the auditing committee. Wayne R. Parmen, A. W. Bray and Dr. Stone were renamed to the Session and Jay Suderly, Alfred Alder, Jr., Fred Christian and Arthur Wickham to the board of deacons.

## Mertz Rules Out Parade As Gas, Tire Waste

The war and rationing has taken in its toll one of the old favorites used by candidates to whip up the public spirit on the eve of an election—the street parade.

At least one candidate for the town board, Ray Mertz, let it be known this week that street parades are out as far as he is concerned. His campaign committee at a meeting Monday night ruled the idea out.

Mertz stated, "In view of the times and the tremendous war effort, every means must be taken to cooperate with the federal government and with those who are sacrificing their lives for us. I am glad my campaign committee has decided to abolish any plans for a parade in order that tires and gasoline may be spared."

Ward leaders present at the meeting brought in impressive reports from their workers, indicating a gathering momentum behind Mertz all over town. Max Schwartz, 1st Ward Leader, said "We're beginning to see some real results, and it is encouraging to see how quickly the people recognize Ray Mertz's ability." Eugene F. Donnelly, 2nd Ward Leader, commented, "Much enthusiasm is evident. We are confident the voters realize Mertz is the right man for the job."

## Ray Mertz Has Qualities For Office, Says Manager

### R. G. Sutherin Terms Him One Of Fortunate People Qualified For Success In Public Career; Points To His Many Local Accomplishments

Robert G. Sutherin, campaign manager for Ray Mertz, seeking election of the town commission this week termed him as "one of those fortunate individuals with all of the qualities necessary for a successful public career. His life has been full of constructive activities and he has contributed much to the advancement and development of Belleville," the campaign manager continued.

"Ray Mertz has managed and operated his own real estate business for years in Belleville," Sutherin pointed out. "He has opened up many developments, including the Greylock tract, extending west of Union avenue, north of Joralemon street, which was virtually virgin land upon Mr. Mertz's entrance Essex street, DeWitt avenue, north of Overlook avenue and other sections. These new homes have favorably affected the town's total ratings."

"When the federal housing administration came to Belleville, Mr. Mertz was one of its first chairmen and participated in all of the organization work. He was former director of the North Belleville Building and Loan association, and at present is a director of the Central Building and Loan association. Ray Mertz has developed an enviable reputation for sound financial and investment knowledge.

## "Let's see

... that number is 2435

... or is it 2534? .. I'll try 2354"

Telephone engineers call this "wrong number in mind" ... and it causes 35,000 wrong connections every day in New Jersey.

A wrong number seems like a little thing ... until you multiply it by 35,000, and add in the repeat calls needed to do the work of the original calls.

Guarding against "wrong numbers in mind" would mean a real saving—for the callers, for those they call in error, in switchboard operating time, and in use of telephone equipment now so vital to the nation's war effort.

Whenever in doubt about a number please consult your Telephone Directory before you call.

## CALIFORNIA POT ROAST—SAVORY BUDGET ENTREE!

POT ROAST of beef—tender and savory, surrounded by succulent vegetables and a smooth, rich gravy—can be as elegant as the cook desires! Less expensive cuts of beef usually used in the pot roast boast a full, rich flavor and they can be delicately tender, too—when they are prepared with a generous marinating and basting of fine California Claret, Burgundy or other red table wine.

The magic of wine in meat cooking is a revelation! In addition to adding subtle flavor finish to the meat and its gravy, wine helps to make the meat more tender, thus shortening the cooking period. In the case of pot roast, the

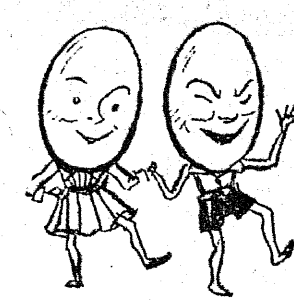

### roast is marinated overnight in red wine. Next day, the pot roast is cooked in the wine and juices.

Such use of wine in cookery adds a delicate flavor—a flavor that is never insistent, blending without dominating. The alcohol content of the wine evaporates during the cooking process, so that only the fine flavor essence is left to enhance the dish.

Cooks familiar with the magic of wine cookery keep several bottles of California wines on their pantry shelves to add glamor to everyday and company cookery. These fine wines are economical enough to put them well within modest budgets for use as fla-

### vorant agents as well as for table service.

CALIFORNIA POT ROAST  
3 to 4 pounds lean beef 2 tablespoons salt  
3½ cups California Claret Wine 2 tablespoons flour  
Onions, carrots, potatoes  
Half cover the roast with Claret wine and allow to stand in a cold place for from 12 to 18 hours. Turn the roast occasionally during the day. Remove meat from liquid, drain thoroughly then brown all over in two tablespoons hot fat in heavy kettle. Rub surface of roast with salt. Add the wine in which the meat was soaked, cover kettle and let simmer three or four hours, adding a little water if it cooks dry. Add carrots, onions and small potatoes one-half hour before end of cooking period. When tender, lift meat and vegetables out and strain remaining liquid. Thicken juices with flour which has been blended with remaining fat. Serve meat sliced on hot platter surrounded by vegetables. Four gravy over roast. 2-12 servings.

## An Egg a Day Is the Health Way

An Indispensable Food That Carries In Its Golden Heart Every Food Value The Body Needs

THE nutrition experts tell us that each adult should eat one egg each day or at least four a week. "But my husband won't eat eggs. He doesn't like them," you say. That is an easy problem, for an egg used in cooking contains as much food value as the scrambled egg served at breakfast.

There are many interesting ways to cook with eggs. The bright yellow of eggs make them an attractive garnish, too. Use eggs in custards, souffles, appetizers, canapés, omelets, pancakes, sauces, beverages, salads and breads. Prepare them creamed, poached, stuffed, baked or fried.

Here are tempting egg recipes.

### Scrambled Eggs

Break eggs into bowl and add 1 tablespoonful of water for each egg. Beat with a fork until well mixed. Cook slowly over boiling water until the eggs are of a jelly-like consistency. Add salt and butter. Serve on toast.

VARIATIONS:

1. For each two eggs add one tablespoon of cooked rice and a few drops of onion juice.
2. For each two eggs add two tablespoons of tomato pulp.

### Baked Eggs

Make ½ cup of white sauce. Beat white of one egg to a stiff froth and add sauce, beating constantly. Put a layer of sauce in ramekin or cup. Drop in one or two egg yolks, cover with sauce. Place in pan of water and bake at 350 degrees for 10 minutes.

### Plain Omelet

Break eggs into a bowl and add one tablespoon of lukewarm water for each. Beat until well mixed, but not frothy. Melt a small piece

of butter in pan; add beaten eggs and cook over a low heat. Lift egg mixture as it cooks, allowing uncooked portion to run underneath. Cook until lightly browned. Dust carefully with a few grains of salt. Fold and serve.

### VARIATIONS:

1. Add ½ tsp. minced parsley for each egg before cooking.
2. Add ¼ cup stewed tomatoes for 3 eggs. Omit water.
3. Add 1 teaspoon boiled rice for each egg before cooking.
4. Add 1 teaspoon bread crumbs which have been soaked in broth or milk for five minutes for each egg.

### Souffle with Cheese

3 eggs ¼ cup soft bread crumbs  
½ cup milk ½ cup grated cheese  
1 t. salt

Beat milk and bread crumbs until smooth. Add beaten egg yolks, cheese, salt and mix well. Fold in the beaten egg white, pour into a baking dish, place in a pan of warm water and bake at 325 degrees for 20 to 25 minutes.

### Fluffy Egg Nest

(Individual)  
1 egg ½ tsp. butter 1 tsp. salt  
½ tsp. lemon juice

Beat egg white with a few grains

of salt, until stiff. Arrange on toast.

Make depression in the center of the egg white and slip the egg yolk into it. Sprinkle with salt and pepper. Bake at 350 degrees until set.

### Tully Supporters Meet At Headquarters Tomorrow

A general meeting of the supporters of James J. Tully, commission candidate, will be held at his headquarters, 400 Washington avenue, tomorrow night.

A James J. Tully association was formed at a meeting there on Monday night. Thomas J. McArdle of 47 Parkside drive, co-chairman of the candidate's campaign, said the main purpose was to form a group of citizens who were interested in broadening a field of activities that would benefit the town.

### Give Shower For Teacher

A personal shower was given Tuesday evening by Miss Amy G. Stratton of Union avenue and Mrs. Harry Stratton of Van Houten place at the former's home for Miss Bertha Huff, home economics instructor at the high school. Miss Lucille Jones, Miss Louise Carroll, Mrs. Ellsworth Stratton, Miss Rebecca Davis, Miss Gladys Jacob, Mrs. Marion Kessler and Mrs. Betty Massarano were present.

Miss Huff, who is the daughter of Mrs. Emma Huff of Hacketts-town, will be married in Trinity Methodist church in that city on June 27 to Lt. Elmer Ebersol of Champagne, Ill.

## SHADE TREE HEAD PRAISES KING

Points To Improvement Under Him; Relief Saving Also Cited

Mrs. Willard Y. Strange, chairman of the shade tree commission, today praised the cooperation that her group has received from Town Commissioner Joseph King, under whose department of public affairs the shade tree department operates.

The commission, appointed by King, includes in addition to Mrs. Strange, two other members, John Gunderman and C. M. Donnelly, secretary.

Supporters of King, who is seeking re-election to the town commission May 12, pointed out this week that work of the shade tree department has improved immeasurably since these shade tree commissioners were appointed by him. The commission's two employees, Town Forester William Fabian and his assistant, Harry Fretz, now spray and cultivate every one of the 7,400 shade trees in town at least once a year. This was never done before.

Fabian, who was appointed soon after King was first elected to the town board in 1934, maintains the spraying equipment which is mounted on a truck. He and Fretz also operate a nursery at Tappan avenue and Floyd street where 468 young trees have been raised. Trees now cost Belleville home owners \$5 each as compared to \$12 in the past. In the past eight years nearly 1,000 trees have been planted along town streets.

The shade tree commission has adopted a policy of not doing any work on private property.

This relieves the town of any responsibility for its employees except while working on town property. The commission also no longer permits trees to be planted along the street in front of vacant lots because experience has shown that trees often have to be moved or cut down to accommodate building plans of property owners.

**Kept Within Budget**  
King said he is proud of the work which has been done by the commission and its employees, particularly of the fact that the commission has always operated within its annual budget of \$5,000 and has never had to call for an emergency appropriation. King pointed out that on the present basis it costs but approximately 65 cents a year to maintain each shade tree in town.

The work of the shade tree department has been tied in with the wood yard operated by the public welfare department. Tree wood collected by the shade tree department is sent up at the wood yard and given to relief clients. Wood also comes from houses which are demolished and other sources.

King pointed out in talks this week to voters that the wood yard has helped to condition many men for private employment. Instituted in 1939 by Poor Overseer John J. Hewitt, the wood yard has saved the town over \$5,000 in fuel bills for relief clients as well as providing work for many men.

Many neighboring municipalities are operating similar yards patterned after the one in Belleville.

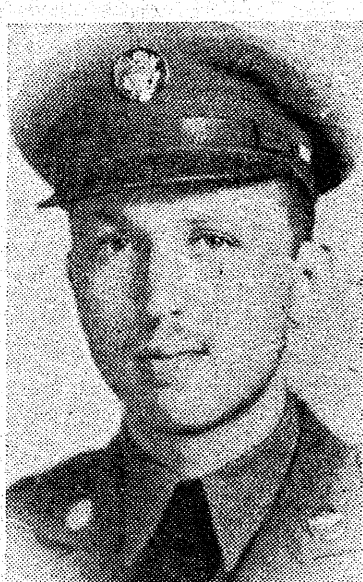

King also stated that the relief department has saved the taxpayers \$1200 a year by moving its offices from Mill street to the municipal stadium. Relief costs are down, King said, not only because of the gain in private employment but also because of the care the relief department and the local assistance board has taken in administering relief.

The assistance board, appointed by Mayor Williams, includes Rev. Joseph Kelly, pastor of St. Peter's church; Rev. Peter Deckenbach, rector of Christ Episcopal church; Miss Jane Donnelly, Town Treasurer; Sargent and Commissioner King. The board, which named John Hewitt, public welfare director, has the final say on local relief matters.

## Graduate From Technical School

Pvt. Oscar Nathans

Pvt. Frank Marsiano

Two local youths were this week graduated from the air corps technical school at Keesler field, Biloxi, Miss. after a 19-week training course which prepared them to serve as airplane mechanics.

They are Pvt. Oscar Nathans, son of Mr. and Mrs. Philip Nathans of 12 Division avenue, and Pvt. Frank Marsiano, son of Mr. and Mrs. Rocco Marsiano of 9 Aene street.

Pvt. Nathans is a Belleville high graduate who attended Columbia and Newark universi-

ties. He was employed in the advertising department at Bamberger's before his entrance into the army seven months ago.

They are in a class of hundreds which will be sent to serve with air force units in many places. The course included training in aircraft maintenance fundamentals, airplane structures, hydraulic systems, propellers, instruments, engines, electrical and fuel systems, engine operation and inspection of single and multi-motored planes.

### Soldier Tells Mertz To Have Faith And He'll Win

Although he's many miles away, Candidate Ray Mertz has one young supporter in the army—Pvt. Tom Natale of Company C of the 29th Infantry at Fort Benning, Ga., who is pulling for him. Tom wrote Mertz as follows this week:

"I am very glad to be serving in a unit of our armed forces today and doubly glad to see that you are entering into the race this year for commissioner in our town. There is only one word we all should have on the tip of our tongue—that is victory! So please have faith in the people of our municipality and they surely will elect the right man.

"This army life is a lot more complicated than standing behind a counter but sometimes I get lonesome for that old feeling of serving my old customers. In 14 months you certainly can lose contact of your friends.

"Closing now for the time being and wishing you the best of luck and God's speed to victory.

### Large Crowd In Attendance At Sunday Piano Recital

A large and appreciative audience enjoyed a recital given for the benefit of the Music Educators' association of New Jersey Sunday afternoon at the Amy G. Stratton Music studios on Union avenue.

Miss Gilda Sant Ambrozio was the featured pianist. She played compositions by Bach, Arne and Gluck. The orchestral part in Rachmaninoff's concerto was played by Miss Ruth Suskind. The selections included a Chopin Nocturne and Opus 10, No. 6. The Fountain by Ravel and Malaguna by Leckuona were the artist's closing numbers. Miss Stratton is finance chairman of the Music Educators' society.

An educational film was shown Monday evening at the Stratton studios to members of the Polyphonic club. The young people provided special refreshments in tribute to Miss Stratton's birthday.

# Did The Mayor, Prior To Or Simultaneously With, His Statement of Candidacy, Newly Borrow \$250,000 "Flash-Cash" To Window-Dress An Imaginary \$350,000 Surplus For Campaign Propaganda Only?

## THE MAYOR'S FINANCIAL CONFESSION IS:

\$21,000,000 Taxes During His 12-Year Rule  
1,486,559 Additional Receivables When He Went In

\$22,486,559 To Be Accounted For  
960,161 Only Explained In Detail

\$21,526,398 In the Big Jack-Pot "Gone With the Wind"

On April 2nd the Mayor told us he had a cash SURPLUS of \$350,000. On April 16th the *unsigned* editorial told us \$250,000 bonds were bought two weeks before by a Jersey bank. April 23rd the Mayor, in a *signed* statement tells us about building up the surplus "in an election year for campaign propaganda." Did he create \$250,000 of the ELECTION CAMPAIGN SURPLUS by borrowing on more bonds? In business life, where credit or money is obtained by means of a "window-dressing" statement, (viz, "a specious statement of facts, as a financial condition OR A POLITICAL SITUATION, which gives a misleading favorable appearance) you'd land in a penitentiary for fraud. (See People vs. Hegeman, 195 N. Y., page 1). Is the equivalent procedure in politics to be classed as truthful when the artificial statement induces votes to elect you to office?

The Mayor sums up his twelve years in office in a *signed* statement on the 23rd. It conceals much, and reveals little. Boiled down to essentials eliminating the "sky," it is this, and nothing more. In 1930 when he took over, he found "receivables" already levied and unpaid, which he since collected, and he expended the moneys as follows:

Received: Taxes	\$800,753	
Assessments	685,803	Total to spend \$1,486,559
SPENT: Debt to Board of Education	\$256,367.00	
To clear off deficit	200,829.00	
To better Cash position	502,965.00	
Maximum accounted for	\$360,161.00	960,161
Balance thrown into the big jack-pot		\$526,398

## UNSIGNED EDITORIALS

Is any newspaper a credit to our town which states it has facts to prove a candidate a liar but will not publish them UNLESS IT BLACKMAILS \$1,000 before it will reveal them to voters? Isn't it bound by decency and clean sportsmanship, civic duty and public morals, to print such facts? Is ANY TRUTH vital to public decency to be made the subject of ILLEGAL WAGERS, BETS, or games of chance? Is the integrity of a citizen like a football to be kicked about by under cover agents of an undisclosed candidate afraid to sign his name?

And if his code of honor (?) permits him to blackmail a political candidate who is attacking him, DO WE VOTERS OF BELLEVILLE go along with a despicable knifing by the same unsigned source, of the leading citizen of Belleville now in the ARMED FORCES OF THE UNITED STATES—Major Edward Burns? Stabbing in the back, with a vicious lie, a man who is absent, risking his life IN THE SECOND WAR FOR THE SECOND TIME, in defense of free speech and freedom of the press? CONFIDENTIALLY IT'S PEDICULOUS!

What about a candidate who accepts such support? Who hasn't the moral stamina to sign his articles? Brass knuckles, loaded dice, marked cards and

## MY PLEDGES

One must demolish old structures before he can build new ones. DESTRUCTIVE CRITICISM is necessary but we MUST first demolish, then CONSTRUCT. In my very feeble effort I have up to now pointed out what

## ROTATION IN OFFICE

Bitter old EXPERIENCE has taught democratic people to SAFEGUARD THEIR LIBERTIES by what is known as "rotation in office"—that is, you can recall and elect a man five times, but not twice in succession. A new and critical regime must come in between his terms. This is wholesome. It reduces to a minimum any incentive to wrongs getting too solidly embedded. It stops them before they start, because the current holder knows he will be succeeded by one who will examine closely into what he has done. Why don't we make it part of our law here in town government?

## THE AUDIT

The BOOK OF GENESIS opens with "LET THERE BE LIGHT," and a very great American said "ELECTRIC LIGHTS ARE THE BEST POLICE-MEN." We now pay \$5,500 in taxes for the expense of an audit of town finance. The function of an audit is to report to the TAXPAYERS what the books and records disclose, and to criticize the OFFICERS' MANAGEMENT. Now, what good does that do, when the auditor submits his audit to the officers and they are permitted to censor, delete, alter what they don't like, then "summarize" or "condense" and publish only such parts as they see fit, and BURY THE REAL TRUTH DOWN IN A VAULT? The audit should NEVER be submitted to the officials, but directly to the taxpayers and be PUBLISHED IN FULL IN THE NEWSPAPER, so that each taxpayer could have the break-down on the items under the captions, and the word-story of how the money is spent. Theoretically, to be sure, it is a public document and is on file in Town Hall. That is not enough. An audit needs detailed story, we want the word-picture, as well as the non-revealing figures. We can each take home the newspaper, study it, ask clarification of anything obscure,

## PUT ASSESSMENT VALUATIONS ON SOUND BASE

Let us remove from campaigns forever the idiotic nonsense about upping and downing tax "rates." Let us just as soon as possible get accurate assessed values, based as the law require, on MARKET VALUES. Let the assessments be published in the newspaper. THERE CANNOT BE TOO MUCH LIGHT to taxpayers. Once those values are deflated, cleaned up, and impartially levied over all tax-parcels with favors to none, nor malice to any, we will carefully estimate the cost of the coming year WITH THE AUDIT OF THE PRIOR YEAR BESIDE US, item by item, and then this paper pattern must be pinned onto the cloth and then cut out our garment.

If the tax rate is 3, well and good. You must multiply HONEST ASSESSED VALUES by a figure high enough to produce the necessary TAXES—and the multiplier is the RATE. It matters not that it is 3 or 10, so long as it is honest and that it cannot flit up and down like a capricious

## "FREEDOM FROM FEAR" "RIGHT OF FREE SPEECH"

Whether we are millionaires or beggars, let us fear no master. Throw out anyone who mistakes that he is a public servant elected only to do his allotted job. We are never free while we are in debt. Every housewife knows that. Let no man purchase our birthright to govern ourselves by clean ballots, by use of petty cash, by promises of jobs, or salaries he knows cannot be paid.

And equally emphatic, let no town employee tremble or fear for his job, IF HE HAS A JOB, no matter how he votes. He is entitled to his job and respect for work well done, and what particular man may be currently in office should cause him neither fear nor assurance. He should cast his ballot according to his conscience and his sense of clean government, and feel safe in so doing.

Into the big jack-pot, says his 1938 and 1942 *signed* statements, also in twelve years, went \$21,000,000 taxpayers' money which he handled. WHAT HAVE WE GOT TO SHOW FOR THIS \$21,526,398? Does any sane taxpayer in Belleville believe that this shows up an intelligent handling of our very simple Town finances? He is *strangely silent* about the Town debt! Again I ask, did he newly borrow \$250,000 to add to the \$100,000 defense bonds to CREATE A CAMPAIGN PROPAGANDA SURPLUS? If so, the big jack-pot should be \$250,000 bigger, and his credited expenditures \$250,000 less. We know the debt is higher, because the 1942 Budget states it will cost \$26,000 more to service it than in 1941.

Every other item on the razzle-dazzle is a re-statement or duplication of some part of the above three items, except the two sinking fund items, which mean nothing whatever, unless we know the changes in the debt.

He winds up his confession of incompetence, with five very "IFFY" items, which read like a Chinese laundry ticket. He spends AND RE-SPENDS four times the imaginary \$350,000. He then SPENDS AND RE-SPENDS \$195,953 ALREADY SPENT, vapors a lot about upping and downing a "rate" IN AN ELECTION YEAR FOR CAMPAIGN PROPAGANDA, but doesn't tell whether he has just borrowed the \$250,000 for red-herring purposes. \$350,000 REAL SPENDABLE MONEY might lift or drop a tax rate, but if you pay off a debt with it the tax-rate just wags its little tail as before. But if YOU JUST BORROWED THAT \$250,000 and had to pay it back the next day after you "flushed" it, you better not get that \$250,000 caught in the financial wringer! It's APRIL FOOL MONEY, and nothing else.

unsigned statements are the tools and weapons of the underworld. Candidate Stewart earns his living in the canned food business, which succeeds only when merchandise IS HONESTLY AND ACCURATELY LABELED. He is still in business and doing well, well enough, in fact, to pay his Belleville taxes.

The other candidate WAS in the "bleachery" business, turning stuff white which was not white before. HE FAILED there. He failed when he tried to BLACKEN THE CHARACTER of our soldier-taxpayer, MAJOR BURNS. He failed again when he surreptitiously tried to blacken the character of Candidate Stewart. He even failed when he tried to bleach Belleville's debt for election purposes. The simulated respectability of "Dr. Jekyll" over SIGNED statements, and the reversion to his natural guttersniping nature on his "Mr. Hyde" side of UNSIGNED EDITORIALS, FOOLS NO ONE IN BELLEVILLE.

WIPE OFF THE PAINT. THE FARCE IS OVER! COME OUT FROM BEHIND THE PETTICOATS of the timid and pathetic little "editor." BLACKMAILING IS UGLY. PRINT YOUR FACTS IN TIME FOR THE VOTING PUBLIC TO USE THEM, OR CLOSE UP!!

we MUST DESTROY. Today I turn to a happier side—the CONSTRUCTIVE side of what I hope for Belleville. Here it is:

A small select group of patriarchal fathers who honorably served and stand on the sidelines ready to give counsel and advice to new men, is a very fine thing in any town. We do not need to look far to see the stranglehold of an autocratic dictatorship BECAUSE THE TYRANT GREW STRONGER THAN HIS SLAVES. Liberty is something you don't just fight to GET—you fight constantly to KEEP it. Don't endure mismanagement too long, and outlaw the possibility of it lasting longer than four years any time.

reduce it to Woolworth-sized words, and KNOW EXACTLY where the money goes.

Another thing—it should be UP TO DATE. We are now (May 1942) called upon to blindly approve and ratify, when we have never even seen the skeleton "summary" of anything more recent than the end of 1940. That is NOT right. We waste hundreds of thousands of dollars on items comparatively useless—such as \$6,000 for an election year, \$4,500 per year for "advertising" Belleville, and a sum so fantastic for buying in foreclosed properties and tax liens, that it stands out like a sore thumb challenging delving into. The audit should be completed and published BEFORE or simultaneously with the new budget. We can then see just where last year's money WENT, before we put this year's on the toboggan. It will not be complicated—I can think of nothing more stimulating than 25 or 50 of us taxpayers around a table at one of our local clubs going over the audit item by item. A nice SOCIAL evening. And stimulating, too!!

butterfly. A rate should never vary much from year to year. Let's have no political chicanery about upping and downing a rate, instead of watching the other two factors, the amount of TAXES needed, and the real values upon which the tax must be levied.

And let's get that DEBT PAID OFF, or at least paid down to the legal limit of 7% of true values. Until we do that, we are sowing a whirlwind which others must reap—in fact, we now must reap what they have sown. It must be cut in half just as soon as possible, and QUIT KIDDING THE PUBLIC ABOUT THIS UNHAPPY STATE OF OUR DEBT, ON THE EVE OF ELECTION. It is something to be ashamed of, but we are all to blame. We are locking the barn after the horse is stolen, BUT WE CAN GET ANOTHER MARE, AND LOCK IT UP TIGHT so it won't be stolen again. Don't cry over lost mares. Get a new one, and learn to laugh.

And every townsman should enter his Town Hall to attend to his business and Town Meetings, in full confidence that he has the right to have his questions answered fully and courteously by public servants. No person should ever BE THROWN OUT, nor should he ever be threatened or bullied or denied his right of free speech. If there is any place on earth he has a DOUBLE right to speak out, it is in his own Town Hall.

And let townsmen, employees, teachers, police, firemen, taxpayers, voters, all remember that we are neighbors, that we stand together, and when the rights of any ONE of us is trampled on, we all lose something of our own—"I today, You tomorrow"—that the decency of each insures the security of all. And when the umpire marks up the score, "it matters not whether we won or lost—but how we played the game."

# THE POLICEMEN AND FIREMEN REPLY!

This Committee representing all the members of the Police and Fire Departments of Belleville respectively states to our citizens and official superiors that we strongly disapprove of the unethical and false expressions of Candidate Stewart.

Our members determined many weeks ago not to become involved in any election questions, but we would be lax in our duty if we permitted ourselves to be used as political instruments by Mr. Stewart and those associated with him.

We publicly object to efforts of this candidate and his advisors to draw our members into a campaign of personal abuse of the Mayor and three Commissioners. Our members are paying for this newspaper space to submit these expressions publicly. We realize the responsibility of replying to a page of untruths and unethical statements as Mr. Stewart has addressed to us, but we refuse to be used as a medium for the personal abuse he extends to officials and the Town.

Mr. Stewart's interest in the welfare of Policemen and Firemen is only three weeks old. His tears over our Pension Fund are not real. When Policemen and Firemen were working with a 14% wage reduction, and at the same time contributing an additional 3½% to Relief Costs, Mr. Stewart urged a 25% reduction. We also remember his most insulting remarks about the School Teachers. We know his present abusive attitude toward four Board members and his offensive expressions are widely resented throughout the Town.

On our wage referendum, we sought petitions to place the question on the ballot. Our members soon realized our procedure had been hasty, and further study of three procedures to change wages indicated the plan as outlined by Mayor Williams was the fairest to the taxpayers and to us as employees. Accordingly, we petitioned the Mayor and Board of Commissioners to remove the question from the ballot. We are glad it was removed from the ballot last year. We were not denied any rights.

Our increases are appreciated by our members. The ill-timed efforts of Mr. Stewart to make our increase seem only fair pay for our overtime do not impress us. We will work any or all hours when our fellow policemen or firemen are ill, injured, or not available for duty, this is our pledge to our citizens and our officials.

Efforts of Mr. Stewart to create misunderstandings about our Pension Fund would be disturbing if we did not know that he is telling falsehoods and injecting false viewpoints.

No deficit exists in our Pension Fund. We have our own members on this Pension Fund Commission. We have the utmost respect in the integrity and ability of Mayor Williams, Town Treasurer Sargeant, Russell K. Rose, Fire Chief Alex Reid and Officer Singer, the present members of the Fund Commission. To Mayor Williams, our members are indebted for the present sound position of the Capital Assets of our Fund. Two years before a recent State Law was passed to stabilize the Capital Assets of Pension Funds, Mayor William had introduced that method for our local Fund. Today every New Jersey municipality is following the procedure used here in Belleville for the past three years.

We know every dollar of our Pension Fund is invested most safely. Not one dollar has ever been lost on any investment of our Pension Fund.

Mr. Stewart's efforts to disturb our minds by referring to Belleville being "destitute in 1933 after three years of his high finance" do not impress our members. The Newark Sunday Call, July 14th, 1935, quoting the Honorable Z. G. Crane, Treasurer of Essex County, wrote "the manner in which Belleville retrieved itself financially, constitutes municipal history in New Jersey. I admit I never dreamed so great a piece of work could be done in so short a time. Mayor Williams had the cloth, he knew the pattern, he fitted one to the other, and the SOUND condition of Belleville is the result." Our Police and Fire members prefer to believe County Treasurer Crane's statement while discounting Mr. Stewart's falsehoods.

No person has ever been ejected from any meeting or any conference of the Board of Commissioners by Mayor Williams. Police are present at all conferences and at all meetings. We know Mr. Stewart's statements that citizens have been ejected are untrue. We do know it to be true that Mayor Williams and Board Members have maintained dignified attitudes even when most unkindly receiving bitter and unwarranted personal attacks.

Mr. Stewart's statements that our members have been talked to in a manner as outlined by Mr. Stewart is false. Mayor Williams is respected by all our members. We know he insists on proper attention to business, but he has the reputation of being very fair to every reasonable suggestion. The Mayor and Commissioner Clark have many times in recent years met with Police and Fire Committees to discuss departmental problems. On all occasions both have treated us as gentlemen of equal standing and we accord them full respect for their courtesies to us as well as to their official positions.

Use of paid space to inject another personal issue on the sale of Town-owned land forces us to state all the facts, not part of the facts, as outlined by Mr. Stewart.

Arthur C. Mayer, another candidate, bid \$2,640.00 for property known as 176 Washington Ave. less his 5% Commission, \$132.00, a net of \$2,508.00 to the Town. Mayor Williams recommended the Board of Commissioners reject the \$2,508.00 net bid, and immediately became the target for abusive criticism from the real estate agent, the actual bidder, and one public official. The Mayor's recommendation to reject the \$2,508.00 net offer was supported by the three officials under Stewart's attack. Mayor Williams re-advertised the 60-year old building, Dr. E. A. Flynn, a highly respected professional man of Belleville, bid \$3,500.00 at the second sale. When the \$3,500.00 bid was presented to the Board of Commissioners, Mayor Williams told Dr. Flynn the price should be higher. Dr. Flynn increased his offer to \$4,000.00 cash without any real estate fee to be paid by the Town. Mayor Williams received for the Town 56% more money than was offered by Mr. Mayer and his Client Harry Burns.

These facts are public records (Resolution of Board of Commissioners February 14, 1941.) Yet our Policemen and Firemen are called upon by Mr. Stewart and his advisors to be interested in false statements about Mayor Williams and the lady members of his family.

Our Police and Fire members resent being used as instruments of attack on the Mayor his wife, and particularly on her mother, the widow of a distinguished minister and author. Such campaign work, based on falsehoods, is repugnant to decent thinking people, and we join with many citizens in expressing our contempt for men who dare do such things. We deem it our duty to state the true and full data in simple justice to the Mayor, his family, and to Dr. Flynn.

On the salary question, again the records prove Mr. Stewart and his group do not rely on the official records of the Town. Acting as Mayor-Finance Director — Custodian of School Funds—Chairman of our Pension Fund — Member of Sinking Fund Commission — Industrial representative of the Town—Head of the Civilian Defense Council and covering many other duties, Mayor Williams receives a total of \$2,750.00. Not alone as employees of the Town, but many of us as taxpayers know his worth to Belleville is not measured by the salary he receives. On this question we enter an expression because our Policemen and Firemen are again used by Mr. Stewart and his advisors as instruments to create thoughts of distrust in our minds. We know the facts and are not disturbed by falsehoods and campaign excitement of a couple of misguided persons.

Eight years ago Mr. Williams was abused by two young attorneys using similar tactics. The voters elected Mayor Williams high man. We concur with many citizens who state his integrity, personality and reputation stand out even more clearly in the light of the unethical actions of certain men.

Our Committee has endeavored to cover each question Mr. Stewart printed. We trust our position is clear to our citizens, to our Mayor, to the three Commissioners under vicious attack by one candidate of the eight new candidates. As employees, and as citizens, we extend our respect to the other seven candidates who to date have conducted their campaigns with due respect for our community and for their own respect.

Respectfully,

BRINDISI-COSTA  
CEREMONY

Local Couple Were Wed  
Sunday At 4:30 In  
St. Peter's Church

Miss Marcella Margaret Costa, daughter of Mr. and Mrs. Angelo Costa of 107 Roosevelt avenue, and Antonio Thomas Brindisi, son of Mr. and Mrs. Augustine Brindisi of 75 Cedar Hill avenue were married Sunday at 4:30 in St. Peter's church by Rev. James Kelly. A reception was held at the home of the bride-elect.

Mr. Costa escorted his daughter and her matron of honor was Mrs. Frieda Schiabe of this town. Other attendants were the Misses Geraldine Costa and Theresa Brindisi of Belleville and Frances Atkinson, flower girl, of Irvington. Kelley Bini was Mr. Brindisi's best man. Thomas Hendrickson of Bloomfield and Harold Schroder, of this town ushered and Thomas Nossio, also of this town, was ring bearer.

Miss Costa's ivory satin gown in princess style with long train was matched by her beaded ivory coronet. She wore a long veil and carried lilies. Mrs. Schiabe wore an aquamarine and yellow costume and the bridesmaids yellow chiffon gowns with aquamarine accessories. They carried colonial bouquets as did the little flower girl whose dress was yellow.

The couple will reside at 75 Cedar Hill avenue after a honeymoon in Virginia and Washington, D. C. They attended Belleville high school. Mr. Brindisi is employed by Heller Bros. company of Newark.

At Music Convention

Eleanor Bacon-Peck returned Sunday from a four-day stay at

the Hotel Ambassador, Atlantic City, where she attended the annual convention of the New Jersey Federation of music clubs. Mrs. Peck, who has been corresponding secretary of the organization for the past four years, was elected second vice-president of the Federation.

Rod And Gun Names  
W. Douglas Clark Head

The Belleville Rod & Gun club at its annual meeting recently elected W. Douglas Clark its president. Other officers chosen were Knud Bay, vice-president; Dr. George Worthington, secretary; and Herman Schweiker, treasurer.

WIN WITH SMITH

In officially announcing his candidacy for commissioner in the forthcoming election there is represented in EDWARD G. SMITH a formidable contender. From his home, 232 Ralph Street, the 17-year residence of this candidate and his family of three children, comes the clarion challenge that this town is in urgent need of another "business man of proven merit and integrity" and that he will prove the gains possible by sound business administration, if the thinking voters of this fast-growing town will vest their faith in him on election day. He is not inclined to seek notoriety by ballyhoo or flamboyant promises awaredly impossible to fulfill.

His unblemished past is a noteworthy one and one that should and will give Belleville voters pause upon serious contemplation. His personality is likened unto that of a quietly serious general and in this contest the generalship that has governed his well-ordered life will contrast pleasingly with the mundane ordinary. Reflection upon his qualifications can but inspire the voting public that his assets can and will be their assets as well.

MR. SMITH, a taxpayer of Belleville for over 17 years and one who keeps his car close to the ground in matters business, constitutes attributes, that cannot but aid him in anticipating the taxpayers' needs and the cures for municipal ills. A commendable asset is that his sole interest is to do his best at all times and if he can make your town a better one in which to live, the accompanying glory of such fruit of effort, he would consider appropriate remuneration. In a spirit of altruism readily recognizable by all who know him.

MR. SMITH has no political affiliations and is running independently. Therein, again, voters are assured of sincere representation.

His continuous banking affiliation for the past twenty-one years has been the First National Bank of Belleville. A valuable recommendation in itself.

For those of us who need mental refreshing of MR. SMITH'S excellent qualifications for the post in mention we need but to observe the following:

Born on May 10th, 1894 at St. Mary's, Pa.  
Attended country schools. Then walked to and from High School six miles daily and graduated with

honors. Graduated from Ridgeway Teachers Normal School. Graduated in pedagogy at Penn State College. Subsequently taught school for four years and carried mail at the St. Marys Post Office during vacations.

Then came the World War. MR. SMITH offered his services and enlisted in the U. S Regular Army. His promotion was rapid. Became Sergeant First Class in a few months and entered Officers' Training Camp and would have been Commissioned Lieutenant within a few weeks had hostilities not ceased on that memorable November 11th. Tactical and diplomatic, but aggressive and forceful when occasion demanded, Sergeant Smith always had the courage of his convictions which gained for him the respect and confidence of every officer and enlisted man in the camp. He is a member of Belleville Post 105, American Legion.

Twenty-one years of successfully conducting his own business since then, can but inspire the thinking voter into a realization that such is the timber of which town leaders should be cut. SMITH, however, reminds one of flawless granite, for unflinching staunchness, by comparison.

MR. SMITH appeals to you, the taxpayers and voters of Belleville, to read and study carefully the qualifications of each of the thirteen candidates. You may choose five. Vote for those whom you honestly believe are capable and businesslike enough to guide the destinies of our thriving community during the ensuing four years in this war-torn world.

If elected, he will perform whatever duties assigned him, whether it's with the majority or the minority, diligently, conscientiously and honestly. He will not be a cry-baby nor a yes-man. Everything legitimate and above board will have his sanction but in anything showing an iota of intolerance or hindrance to public welfare, he will kick up the track and fight for the common good and betterment of Belleville.

MR. SMITH makes only two promises, viz.: No one now employed by the town (in his department, if elected) shall lose his or her job as long it is performed efficiently and honestly. (2) To form his duties as Commissioner honestly, since and conscientiously.

## To Re-imprint War

During the next two weeks every family in Belleville will feel the imprint of the war. Next week every one of the 30,000 or more residents will be registered so that they will be eligible to go to the corner grocery store and receive their allotment of sugar. The following week many of them who are car owners will again register so that they will be eligible to receive their monthly allowance of gasoline.

A word should be said for the voluntary service which is being rendered by more than 200 local school teachers. To their lot has fallen the task of handling the bulk of the work in all of the registrations which have been held thus far and those which are to follow. Without their assistance it would have been an almost impossible task.

## If It's Dimout—Do It

There has been no clear definition at this writing of what the army means by a dimout on the eastern seaboard. However, it is safe to say that the officials mean business and that if the public fails to cooperate permanent blackouts will result.

Business men who have invested considerable money in exterior lighting may grumble that the few lights they have cast a glow in the sky would not contribute to the sinking of any vessel running near the shoreline. But, add up all of those little lights and there is a tremendous glow. What is good for one is good for all, and if by dimming or extinguishing all exterior lights,

## He Will Gain Admiration

One of the common practices of those in public life is to get all that they can while they are able to get it. Today, John F. Coogan Jr. announced that he was withdrawing from the race for town commissioner. His decision will surprise many since it seemed a general consensus that he was one of the stronger candidates seeking election to the board.

Mr. Coogan has been appointed to the Essex County Board of Taxation this week by Governor Edison and his selection was confirmed on Monday by the state senate. It is our personal belief that Governor Edison has set an excellent example as a public executive in many respects, and that his choice of men for appointment to state and county offices has been outstanding in that he has chosen many with excellent qualifications and has stepped out of the realm of partisan politics in making these choices.

It is well known that one of his principles has been that no man of his appointment should hold dual positions. In other words, he has barred his appointees from holding

## Learning Something Of Nutrition

Those in the medical profession and the public health field are greatly concerned about the health of this nation. They shrink at reviewing the number of rejections which have been made because of poor physical condition since the inception of the selective service draft.

A nation at war must steel itself for the worst. Many of life's necessities must be curtailed, and we must look for those things which best guarantee that we will enjoy good health.

We are soft people. The vast majority of us do not go in for proper diet — don't even think about it. But those who are concerned tell us that proper foods and proper diet are all-important in our health. Nutrition is the story of proper foods—how to buy them, how to cook and eat them.

For most of us it is a new word, and it is

## Leading Youths To The Farms

There is considerable talk that the government will call upon high school youths to work on farms in many parts of the country because of the labor shortage. For a nation and an army is one of the important parts of a war. An army cannot get along on an empty stomach.

In the five short months that this nation has been engaged in the war, we have learned that the farm labor problem is acute. Defense industries offering no return for work and the various branches of the service have lured thousands of workers away from the farms.

It is difficult for those of us in the city to fully realize the problem that is facing the farmer—but if we should visit a vegetable store and find that the shelves are empty of string beans, cabbage, carrots, or find that the price of these vegetables is out of the reach of our pocket-

for the draft and rationing boards to perform. It is tiring, uninteresting, repetitious work with the lone satisfaction in the knowledge that they are playing a patriotic part in the effort which all of us should make to help our country.

There may be some criticism that the teachers should be teaching school, but the government must accomplish the tasks before it to place the country on a complete war basis. The teachers of the nation are one of the few units which could be quickly put into service without delay.

In the months to come, educating children in the three R's and related subjects may become even less important. This is an all-out effort and the civilian life to which we have been accustomed will be disrupted and altered in many ways.

lives will be saved and much-needed war materials will get safely to their destination, we should willingly cooperate.

Tuesday night was the first on which the dimout was attempted and amidst the confusion of what the army wanted on such short notice, there were many who did not know what to do. During the next few days the situation should be completely clarified. If the order is to turn lights out or dim them, do it and don't ask questions. If others fail to do likewise, it is your duty to report it immediately to the defense council. It is their job to see that Belleville cooperates to the fullest.

two public posts at the same time. In his statement today, Mr. Coogan reiterates this opinion—he does not believe that he could do justice to the county tax board position and that of commissioner if he were elected.

This attitude speaks well for both the governor and for Mr. Coogan. Too frequently in public life we have seen men who believed that they could perform as many jobs well as they could get under their control. It has generally resulted in poor work being done all the way around.

It is far better for Mr. Coogan to have made his decision as he has today than to possibly have been elected a commissioner and then resigned, breaking faith with his friends and the voters who placed their confidence in him. His action, we believe, will gain for him more admiration than if he had attempted to hold both the county and local positions.

He is accepting a position for which he should be well qualified because of his business background and experience and the years which he served Belleville as its tax assessor.

only since the war that there has been much public emphasis on it. Naturally, the womenfolk should be most concerned, for they are the ones who do the family food buying and the meal preparing.

Either the price or the lack of it has already scratched a number of articles off the family table. Thus, to continue good health, or better still to improve it, we must have the proper foods and through a study of nutrition as continually emphasized by leading health and food experts, we must learn standard food values, and the correct way to prepare them for consumption.

The main thing is to get the most nourishment and health building good out of the food which is bought. It is not a passing fancy — a flurry of fashion. It is something which is bound to become increasingly vital to every family as the nation's food belt is tightened.

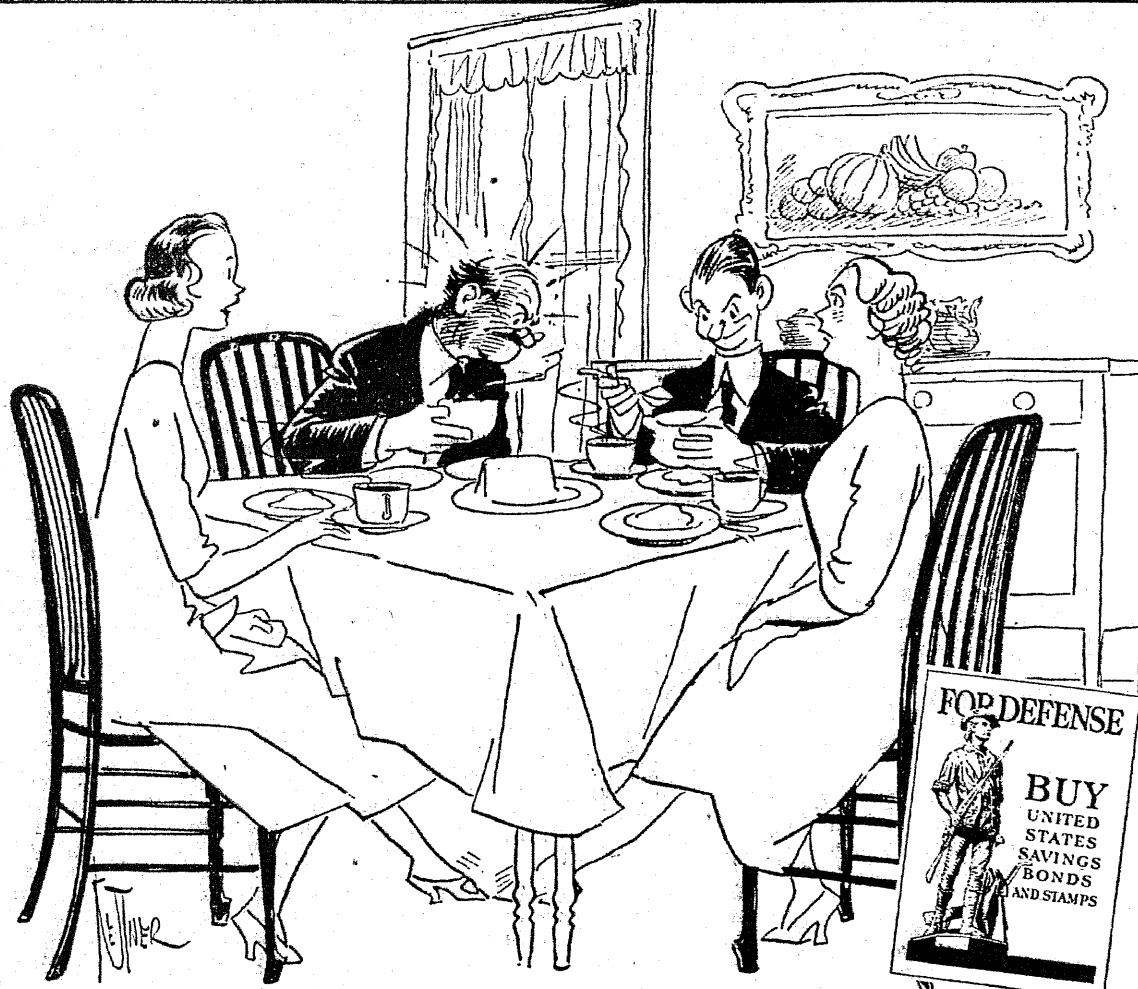

books, we would become most annoyed.

The farmer is in the same position as the businessman who discovers that he has a plant but because of defense needs no materials with which to operate it. The farmer has the land but what good is it or its crops to him if he has no one to till the soil or to gather in its harvest?

We are not alone concerned about the plight of the farmer, for if he were required to fold up his business he would not be any worse off than many others who will suffer because of the war. But, war or no war, we must still eat.

All of the studies and learning won't be worth anything if we do not have a nation in which they can be practiced. Therefore, as the vast part of the nation is already being told, the schools must be alert to the role which they must play in the endeavor for victory.

## Odds and Ends From Other Pens

### Higher And Higher

The miracle men are still at work on America's factory front, and industry is on the job. Our country needs planes and tanks and ships — needs a lot and needs them quickly. So our industries roll up their sleeves and go to work. They cut production corners, work hard, long hours, and deliver the goods. It takes time for them to do it, of course, but it takes less time than most people dreamed it would a year or two ago.

Pearl Harbor blew the lid off American war production. Since that Sunday production has soared to new highs, and more is yet to come. In the last four months one company has doubled its output of one type of heavy bomber badly needed by the united nations. The automobile industry alone has delivered \$580,000,000 worth of guns, tanks, planes, and other combat instruments to the army and navy since the first of the year. Two companies making airplane engines report that they are far ahead of schedule on their contracts. Soon the biggest bomber plant in the world will be finished a month ahead of schedule and will start turning out vast numbers of huge planes to carry the war home to the axis. A shipbuilding company has completed plans to use a secret method of assembly line production which should make it possible to send a merchant ship down the ways in about 1/30th of the time now required.

Examples like that, spectacular as they are, by no means tell the whole story. There are plenty of others in the news reports, and there are plenty more that never break into print because of censorship. Whether we see them or not doesn't change the fact that production is going up fast. Perhaps we haven't caught up with the axis yet, but we're certainly well on our way.

### The Day of The Substitute

For want of a nail a nation was lost! You remember—the want of a nail caused loss of a horseshoe, then the horse, the general, the battle and finally the nation. All U. S. industry is united today to see that no "nail" is wanting to win this battle.

Many of our sources of supply have been cut off—many vitally needed "nails" of production are difficult to get, and without some of these materials it might seem as if certain "horseshoes" would be impossible. But industry and science are developing substitutes for these "missing materials" as they disappear from the market. This is the day of the substitute, and in many cases the substitute may be coming to stay.

Metals—the backbone of America—metals for planes, for tanks, for ships, for ammunition. The mad scamper for materials to replace metals is giving plastics the greatest opportunity they have ever had to prove their industrial worth. There are plastics which are tougher than steel yet weigh but half as much.

Wool for our army—at the very time when the country needs it most to outfit a victory army with uniforms, blankets, and many other necessities a shortage of raw wool seems imminent, but industry is coming to the front with all sorts of substitutes.

Parachute troops in the United States need no longer depend on Japan for silk, and the army may soon be marching on composition soles, which wear better than leather.

These are only a few of the many products American industry is lining up for the future. Substitutes so that we can be independent of many articles that we used to import. Substitutes because there is one thing for which we know no substitute—our democracy and American way of life!

Irvington Herald

### Move the Products

Finished war products standing on the "loading" docks cannot fail to dampen the ardor of workmen. All of the elaborate posters urging speed cannot offset the depressing influence of manufactured goods, needed by our army, standing sometimes for days on the loading docks.

There are authentic cases where important material needed by the army has been rushed to completion by overtime and Sunday work only to lay-over awaiting an empty freight car. Truck-trailers were ready and available to haul this needed material but they could not be used because shipping specifications called for rail

delivery. In some cases after the haul was made by railroad freight cars it took four days to deliver what would have been an overnight run by truck-trailer.

On every hand we are furnished evidence of the crying need for more production. Authorities state that we are only doing a fraction of what we can do. Certainly there is no incentive for workmen to strive harder when the products they make are not hurried to their destination with at least the same speed that they were completed in the plant.

Because of land grants to the railroads over a generation ago, the government received preferential reduced rates on freight. Surely the saving of a few dollars on the shipment of a vital machine, airplanes or other pieces of equipment cannot be seriously considered as an excuse to balance the delay. Often on final analysis the transferring of the load from truck to railcar and back to truck again at the other end of the line, far more than offsets the nominal rate and makes the haul more expensive by rail in the long run. But — even of greater importance is the fact that workers who see the fruits of their labor lying on a shipping platform, just won't hustle!

### Shadow of Socialized Medicine

While war news grips the headlines and the attention of the people, a movement is underway that would regiment the practice of medicine in this country. It is now urged that the social security taxes be increased one per cent. The additional revenue raised would be used, in part, to guarantee every insured worker and his dependents hospitalization benefits to the extent of three dollars per day during illness.

The effect of this on hospitals would be obvious. First, few if any hospitals could care for patients at three dollars a day and long remain in operation — the rate is completely inadequate. The inevitable result would be forced deterioration in service to meet the arbitrarily fixed price. Second, the voluntary hospital system, which has grown rapidly and produced excellent results, would be discouraged. Lastly, in the long run, the plan would open the way for additional government encroachment into all branches of medicine — and once that happened, socialized medicine would become a fact.

The existing American hospital system is based on the tenet that the care of the sick is one of the highest moral functions of mankind. The typical hospital is not a profit-making institution. All its revenue is spent for maintaining and improving its services. Finely-equipped hospitals, financed both by local government and by private endowment, exist to serve the person without means. Nowhere else in the world is such abundant medical service available to all as in this country.

This is not the time to debate a measure which would tend to make medical care a definite province of centralized government.

### What War?

When President Roosevelt stated that he did not like the name "World War II," and suggested that an appropriate name be found for the present world-wide struggle, he really started something. The response was voluminous and varied. From all over the United States and from several foreign countries names short and long, simple and involved, logical and far-fetched, were proposed.

A year or so ago there was the "European War" and also the "War in China," but when the United States was sucked into the conflagration the war fires blazed around the globe, and the earlier names were out. While it is more of a world war than the one which came to an end in 1918, it is clearly not the second of a kind, so "World War II" does not fit.

The fact of history is that most wars have been named after the event, and usually by the winners — e. g., the Punic wars, the Seven Years war, the Boer war, the War with Mexico. A war's characteristics are not all developed until it is over. The present one has greatly changed already, and is still changing. None of the dozens of names suggested seems the proper one for history to use. We shall perhaps have to call it "the War" until it finally names itself.

## ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville Times.

by Meador Wright

No matter how serious the times, local politics always has an air of the comic. This year the legislature at Trenton is playing its usual game of nest-feathering. Jersey City is on the verge of bankruptcy because Mayor Frank Hague refuses to accept railroad taxes on the new basis adopted by the last legislature.

Newark — the state's third problem child — is in the midst of a recall election intended to restore those three redoubtable musketeers, El-lenstein, Franklin and Parnell to power. Orange and Belleville have hot elections, West Orange and Irvington quiet ones. Contests are brewing in the 10th and 11th congressional districts.

Clean Government leaders are reported toying with the idea of substituting Assemblywoman Olive Sanford of Nutley for Freeholder Elizabeth A. Harris of Glen Ridge. Dr. Lester H. Clee is watching his prospective senatorial primary opponents and getting ready to toss his hat in the ring with something of the denouement of a two thousand and pound bomb. Business men are awaiting anxiously the price fixing schedule from Washington.

hoping that New Jersey's Napoleon of milk (Arthur Fornan) will be regulated at least as far as Elba, and maybe to St. Helena. Spencer Miller Jr., of South Orange, waits like the lamb in Aesop's fable while the South Jersey highway wolf thinks up excuses that would justify his liquidation. Arthur T. Vanderbilt keeps one eye on New Jersey and the other on New York — wondering where the feud between Wendell L. Wilkie and Thomas E. Dewey is going to lead. And over all this hovers the shadow of Hitler's Wehrmacht, poised to strike the most powerful blow ever felt on this planet.

### Peeved At Bowers

The senatorial pot simmers while Albert W. Hawkes of Montclair makes up his mind whether to run or not to run. Hawkes is said to have informed Clee within the past week that he definitely would enter the race. But some strategists predict, nevertheless, that he will decide at the last minute against tossing in his hat. Hawkes is said to feel not too kindly toward his next door neighbor, Joseph A. Bower, who announced his candidacy several weeks ago. Both Hawkes and his backers feel that Bower is little more (or less) than a bull in a china shop, that his candidacy serves no purpose but to interfere with Hawkes' plans and promote discord at the general election.

No one gives Bower more than one chance out of a hundred to win, yet under certain conditions Hawkes might give Clee quite a run for his money. But with both in the field Clee stands to carry off the prize. Even so, Clee was disturbed by Hawkes' word that he intended to run. Some of the men whom Clee has been counting on most for financial support are expected to declare for Hawkes, among them George W. Merck and S. Bayard Colgate. Also, Clee is not sure that Frank Hague won't run in a multitude of one-day Republican in Hudson in a desperate effort to keep him out of public office. Hague has no love for Hawkes, but he might do anything if he thought it would keep Clee out of the senate.

The Newark city manager referendum on May 26 represents politics as usual as well as politics at its worst. The complications that could arise from this needless bit of political skulduggery are many. Probably nothing will happen, however, as present indications are the adverse vote will be two to one. But the racial complexion of Newark is such that anything could happen if the vote should be light. It is known that

### Church of Christ, Scientist

605 Broad Street, Newark.

"Everlasting Punishment" is the Lesson-Sermon subject for Sunday, in all Christian Science Churches and Societies.

The Golden Text is: "The Lord is known by the judgment which he executeth: the wicked is snared in the work of his own hands."

Among the Lesson-Sermon citations is the following from the Bible: "Then when I had conceived, it bringeth forth sin; and sin, when it is finished, bringeth forth death."

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Every supposed pleasure in sin will furnish more than its

equivalent of pain, until belief in material life and sin is destroyed. To reach heaven, the harmony of being, we must understand the divine Principle of being."
