

MAY CONSOLIDATE RATION OFFICE WITH NUTLEY

Nothing Official Yet, But Reports Of Move Well-Founded

A plan for the consolidation of the Belleville and Nutley rationing boards has been formulated, it was learned last night. Although county executives in charge of rationing could not be reached, municipal officials in both towns have been consulted and opinion is divided on the advisability of it.

It is understood that the plan was first broached two weeks ago and that officials were told that consolidation of boards throughout the state is planned shortly in an effort to conserve funds and eliminate various other costs. Earlier in the week it was announced that the Kearny, East Newark and Harrison boards had been amalgamated.

When questioned last night, Mayor Williams stated that he understood that such a plan was under consideration but that he had not as yet been consulted. He said that he made several attempts yesterday to reach Anthony P. Miele, who is in charge of rationing for the county. While ration board officials would not be quoted, several of them admitted that the local board had had previous information about the possible consolidation with Nutley. In the latter town, they have been taken as yet, but it is understood that the proposed plan is common knowledge among rationing officials and others there.

Enough Work Here

Locally, there is some opposition to the idea. Those close to the board and its work believe that there is sufficient work to be done in the community itself to warrant an independent board and office. It was pointed out that Belleville is a community of 30,000 while Nutley is only 22,000. However, ration boards in both towns are having trouble handling the present work.

Under the new arrangement, it is believed that the membership of the new board would be drawn from Nutley's present seven-man board headed by William Schenck and Belleville's seven-man board which is under the chairmanship of Edward Gramke, Andrew Jergens company official.

It was also reported that an executive secretary to the board, a paid position, would be included under the new setup with a stenographer clerk also scheduled. Both the Nutley and Belleville boards have their stenographers who have already been approved by the U. S. Civil Service commission and are scheduled to receive \$1,260 annually.

Where Office Would Be?

A moot point in the possible consideration would be the location of the rationing board office. Belleville's is in the board of education business office at School No. 8 in Union avenue, south of Jorammon street, while Nutley's is at the town hall. One report which has been given wide circulation is that the office would be located on the Belleville-Nutley line in the building which housed the Belleville-Nutley Buick company and is owned by G. R. B. Symonds.

It is believed that there will be an official announcement from the county or state office on the merger of the two offices within the next week or 10 days.

Tedesco and Welsh, Deputies, Given Police Powers

Charles Tedesco of Union avenue was named deputy director of parks and public property by Commissioner Noll at Tuesday night's meeting of the board of commissioners. The action met with the unanimous approval of the rest of the board.

Tedesco was also granted police powers such as are granted to other members of the board. A resolution was also passed giving the same authority to Hugh Welsh, who last week was named by Commissioner Waters as his deputy. Noll's appointee has been employed in his department for the past four years.

Richard Thornberg Reports To Great Lakes Station

A growing number of Belleville youths are reporting for naval duty and training at the Great Lakes training station in Illinois. Latest to arrive there is Richard F. Thornberg, 24-year old son of Mr. and Mrs. Thure Thornberg of 24 Fairview place.

Thornberg, who is a shipfitter, second class, and other men who report there receive petty officers' instruction in the fundamentals of seamanship and naval procedure.

Two Will Be Ordained As Priests Saturday

Rev. Walter A. Debold of Belmoor Street and Rev. Joseph G. Fulcoli Will Offer First Masses At Nutley Churches On Sunday

A local man and a Nutley resident will be ordained to the priesthood on Saturday and will celebrate their first masses at Nutley churches which include sections of Belleville in their parishes.

The Rev. Walter A. Debold of 71 Belmoor street and the Rev. Joseph George Fulcoli of 175 Oakridge avenue, Nutley, will both be ordained into the priesthood by Archbishop Thomas J. Walsh on Saturday at St. Patrick's Cathedral, Newark.

Father Debold who is the son of Mr. and Mrs. Walter M. Debold, will offer his first solemn mass Sunday morning at 11:15 a.m. in St. Mary's church, Nutley, while Father Fulcoli will celebrate his first mass at the Holy Family church, Nutley, at 12 noon.

Father Debold was graduated from St. Mary's school, Nutley, later attended St. Benedict's Preparatory school and received his bachelor of arts degree from Seton Hall college. He completed his studies for the priesthood at Immaculate Conception seminary, Darlington.

Assisting as archpriest at his first mass on Sunday will be Rev. James J. Owens, pastor of St. Mary's church. Rev. James M. Glotzbach, assistant pastor, will be the deacon of the mass and Rev. Joseph Yuresko of Hibernia will act as sub-deacon, and the sermon will be delivered by Rev. Damasus Wizen of St. Paul's Priory at Keyport.

Reception At Home

A reception for Father Debold will be held Sunday afternoon at the home of his parents in Belmoor street.

Father Fulcoli is the son of Mrs. Erminia Fulcoli and the late Pellegrino Fulcoli. He was born in Newark, attended St. Mary's

Rev. Joseph George Fulcoli

school, and was graduated from Queen of Peace high school in North Arlington. He received his A. B. degree from Seton Hall college in 1938 and studied for the priesthood at the Immaculate Conception seminary.

Assisting as archpriest at his first mass on Sunday will be Rev. James J. Owens, pastor of St. Mary's church. Rev. James M. Glotzbach, assistant pastor, will be the deacon of the mass and Rev. Joseph Yuresko of Hibernia will act as sub-deacon, and the sermon will be delivered by Rev. Damasus Wizen of St. Paul's Priory at Keyport.

TAKE OLDER MEN IN DRAFT CALL Married Ones Among Those Scheduled To Go Next Friday

The next draft group—one of the largest to be called up for service to date from town—brings to many more Belleville families the realization that in this war effort Uncle Sam will draw from the ranks of the old as well as the young in his determination to win. The contingent will leave next Friday, June 5.

For the first time, men who registered in the 20-44 draft in February are being called into service. Some of them are well over the 35-year limit and close to the maximum age of 45 for active service. Either because they are single or, in cases where they are married, their dependents are able to support themselves, they are being called. In this call, the draft board has reached into the ranks of the benedictines, previously placed in 3-A, more than they have in any previous quota. Included in the list of those scheduled to enter the service next Friday, June 5, are the Senior brothers.

Where Office Would Be? A moot point in the possible consideration would be the location of the rationing board office. Belleville's is in the board of education business office at School No. 8 in Union avenue, south of Jorammon street, while Nutley's is at the town hall. One report which has been given wide circulation is that the office would be located on the Belleville-Nutley line in the building which housed the Belleville-Nutley Buick company and is owned by G. R. B. Symonds.

'X' Plates Don't Mean You Get All Gas You Want

Only Certain Type Commercial Vehicles Entitled To Get Gas Without Cards; Civilian Defense People Can Get Extra Gasoline, State Rules

The mere fact that an automobile has a "commercial" license does not entitle the operator to obtain gasoline without a ration card, the state OPA office ruled this week in an amendment to its original regulations governing the rationing of gasoline. The amended order was among those received this week by the local rationing board.

Other amendments provided that rationing boards may issue supplementary applications for gasoline to civilian defense officials and workers and those affiliated with the Red Cross for actual work connected directly with the war effort. Instructions were also given for the allotting of sugar to housewives for canning.

State OPA Director James Kerney Jr. in his release to the local board concerning commercial vehicles noted that there has been a rush on the motor vehicle registration bureaus in various sections for "commercial" licenses presumably for passenger vehicles.

Instructions for gasoline dealers' outlets and suppliers states, Kerney noted, that no ration card is needed for "a motor vehicle clearly identifiable by its physical appearance or because of its license plate or registration card as a truck, bus, jitney or taxi cab, except that a station wagon shall not be deemed to be so identifiable by physical appearance alone."

Legal Interpretation

The interpretation that has been given by the OPA legal staff, Kerney continued, on the section pertaining to this point indicates that the "commercial" license itself is not enough to identify the automobile as a truck, bus, jitney or taxi cab. The OPA office also ruled that a holder of an X card may retain

P. S. DISCONTINUES DAYTIME SERVICE ON NO. 92 LINE

Passenger Lack, Reason; Get Orders From ODT; Noll Says Town's Fortunate

The Public Service today discontinues its daytime operation of the No. 92 line which runs from North Newark through Washington avenue and Jorammon street to Franklin avenue and the Nutley town line at Hilton street. It will operate from 6:49 to 9 a.m. and from 4 to 7 p.m.

Much of the area served by the No. 92 bus will be taken over by the No. 37 line with changes in its route, Commissioner Noll, who has charge of local transportation, announced last night.

Two weeks ago, Public Service informed Noll that it would discontinue the No. 92 service. Company officials pointed out that they had been directed by Joseph B. Eastment, director of the office of defense transportation in Washington, to curtail or eliminate service completely on lines which failed to carry a certain number of passengers daily. Gasoline and rubber must be saved by transportation companies wherever possible, and buses must be switched to lines on which there is a demand for increased service.

Noll pleaded with Public Service to give the No. 92 line a two weeks' trial, and residents who had protested to Noll about the cutting of the service were informed that if the residents in the area did not use the bus more frequently it would have to be abandoned.

Have Run At Loss

"We can not argue with Public Service on this point," the commissioner said last night. "The line has not been producing. Their records show that for the better part of the day a bus is not carrying enough fares to pay the driver let alone for gasoline and rubber."

Failure of the line to show any appreciable pick up in passengers in the past two weeks prompted the company to announce that it would be discontinued. However, it was stated that starting today the No. 37 line, which comes into Washington avenue from Mill street and the Silver Lake section, would continue from its present northern terminus at Passaic and Division avenues southerly along Passaic avenue to Jorammon street. It will then head west on Jorammon street to Wilber street, north to Liberty street, west to Ligham street and south on that street to Jorammon street where the new terminus will be located.

Seminarians To Participate

The minor ministers of the mass, all seminarians from the Immaculate Conception seminary, at Peter Fawcett, master of ceremonies; Alphonsus Tuozzo, thrifter; William Ludlum and Joseph Sheehan, acolytes, and Francis Gavin, cross bearer.

The mass will be preceded by a procession from the church rectory to the church. It will include the church altar boys. Following the mass a dinner will be served in the parish hall, and in the evening a reception for friends and parishioners will be held there.

Ushers at the mass will be Pvt. David Fulcoli of the army and Alphonsus Fulcoli, brothers of the priest; and Michael Costello, Samuel Verniero and Carmen Policastro of Nutley, Thomas Apicella, Vincent Sorrentino and Otto DiFuria of this town.

Safety Slogan Contest Opens

Clark Member of County P.S. Directors in Charge; H. S. Students Eligible

Commissioner William D. Clark is a member of the Essex County Safety Directors' council, which is staging a slogan contest in junior and senior high schools in the county to procure a safety slogan.

The council is composed of all municipal public safety directors together with representatives of the county police forces, the Essex County Park commission and the state motor vehicle department.

Frank Kramer of East Prange is the president and Arnold Vex of the motor vehicle department is the secretary. For some months the safety directors have been studying methods of improving highway safety and carrying out an educational program.

The contest, in which all junior and senior high school students are invited to participate, officially opened on Monday and the closing date for the submission of slogans will be Friday, June 5.

An award will be made for the best slogan submitted and the winning slogan will be used in connection with the campaign to prevent loss of life, health and property caused by traffic accidents and at the same time conserve fuel and tires so vital to victory. Particular use will be made of the slogan by newspapers, theatres, in printed materials of various kinds, pavement markings and other means of public notice.

Six Words In Length

The contest rules call for printing the slogan on a plain white sheet of paper. It should not exceed six words in length. Extra credit will be given for brevity. Entries should be turned in at the principal's office during the week of June 1, but not later than 3 p.m. on June 5. Each student can submit but one slogan.

The entries will be judged for simplicity of words, completeness of thought, public educational value and brevity. Each municipality will conduct its contest separately, the winning slogan will be selected by the local school superintendent who will select the five best slogans submitted. These in turn will be submitted to a contest committee of three who will judge the winner in the county.

Women Can Obtain WAAC Forms At Newark P. O.

Local women who are interested in obtaining applications and information for officer candidates in the newly organized Women's Army Auxiliary corps may apply at the post office buildings in Newark or Passaic. The announcement was made yesterday by Lieut. Col. Joseph S. Snyder in charge of the Northern New Jersey recruiting and induction district.

EVERYBODY PAYS BUT BELLEVILLE

Board Balks at Paying Election Officials \$50 For Day's Work

Although the three other municipalities which held commission elections on May 12 voted to pay the bills, it was believed last night that local commissioners would stick by their guns in their determination not to pay \$50 fees for one-day services to the four members of the Essex county board of elections and the board clerk.

The fuse that touched off the board's action was the presentation to the commissioners by Town Clerk Florence R. Morey the bills of \$50 each submitted by the election board members, Mrs. Abbie W. Magee, Edward A. Reilly, James P. Rogers, Earle M. Holbrook and Elmer T. Hermanns, board clerk, for "super-vising and conducting" the election. Mrs. Morey reported that she had already paid a board bill of \$45 submitted for automobile expense.

It was understood that in Irvington, the election board members assessed the town \$100 each, Orange, \$75; and West Orange, \$50; for their services on the same day that the Belleville election was held. The other municipal governing bodies met on Tuesday night and passed the bills from the county officials without protest.

After Mrs. Morey had submitted the bills to the board, Mayor Williams commented that "I never worked for anybody who let me set my salary after I had done the work."

Cut Down a Bit

He recommended that Mrs. Morey write to the election board members informing them that the town was willing to pay "fair compensation for fair services rendered," and ask them if they could not see if a more modest bill could not be rendered.

At this point, each of the commissioners did a little pencil figuring and came to the conclusion that, based on what each member of the election office charged other towns the four and Hermanns each received \$275 for a day's work plus drawing from each of the four towns \$45 for car expenses.

"Don't they get paid a salary?" Commissioner Waters asked. "Everybody thought they did. Board members received \$2,600 annually. Hermanns is paid \$6,648.92 annually by the county. That means," Mayor Williams added, "that each one gets about \$275 for the day plus his regular salary."

Commissioner King opined that "a job on the election board would be something to go after."

Commissioner Noll added his voice to the chorus of board opposition with the suggestion that the bills be returned to the county with the suggestion that the election heads be requested to try to make a little sacrifice in these times and try to remember the boys who are out in Australia doing their part.

The charges by the board of election are in addition to those levied against the town by Superintendent of Elections Miele. Mrs. Morey said the bill for his department would be about \$500, pointing out that much of the expense would be for those who checked the registration lists in the house-to-house canvass.

Ambulance Went 940 Miles In March, Report Shows

Public Safety Director Clark submitted a report at Tuesday's commission meeting showing that the town ambulance travelled 940 miles in March. Of the 71 calls answered, 12 were for accidents. Thirteen trips were also made for the Nutley police department because its ambulance was under repair following an accident.

Fire Chief Reid reported that the total fire loss for the same month was \$1,300. A fire at the Federal Leather plant did \$1,000 damage while one at the home of James Hannan at 52 Union avenue amounted to \$300.

The department answered 48 alarms during the month, 34 being by telephone and 14 by box alarms. There were five false alarms.

DIAMONDS, WATCHES, JEWELRY, at prices always in line with the quality of the merchandise offered. Victor Hart, Jeweler, 457 Washington avenue, Belleville, N. J.

Town Awaits Surprise Blackout Next Week; Defense Units Get Orders; Cooperation Is Urged

LARGE TURNOUT IS EXPECTED ON MEMORIAL DAY

Parade Starts 9 A. M.; Vets. Of Past War To March With Boys Of Present

The largest crowd ever is expected to witness Belleville's Memorial day parade on Saturday morning. While following annual custom established by past exercises, added color will be given to the affair since it will be the town's first tribute to its war dead during World War II, and because a number of those ready to sacrifice their lives in this conflict are expected to be in the line of march or on the sidelines. As in the past, the parade arrangements are in charge of a committee of members of the Veterans of Foreign Wars and the American Legion headed by Henry L. Denison. They directed the first part of their tribute to the war dead on Sunday night when memorial services were held at St. Peter's church with large delegations from both veterans' organizations and others of the public attending.

Saturday's parade, which will be headed by the V. F. W. and the Legion, with other civic and fraternal groups including the Boy and Girl Scouts participating, will start from the Victory monument in front of the town hall in Washington avenue at 9 a.m.

Tribute At St. Peter's

The line of march will proceed north in Washington avenue to Van Houten place west to Hornblower avenue, south to William street and St. Peter's church cemetery where graves will be decorated. Rev. Joseph M. Kelly, St. Peter's pastor and a veteran of World War I, will speak.

The parade will re-form in Down street, continue to Van Rensselaer street to Washington avenue to Mill street to Cortlandt street to Bayard street and then on to Main street to the Christ Episcopal church cemetery where Rev. Peter Deekenbach, church pastor, will talk briefly. After marching along Stephens street, a short ceremony will be held at the headquarters of the George Younginger post of the

P. S. DEPARTMENT WANTS 16 TIRES

Gets Only 4 From Ration Board; Must Apply To State Pool

The public safety department snowed the ration board under with applications for new tires for their automobiles on Tuesday night. Requests were made for 16 new passenger car tires, and certificates were issued for four.

It was explained that this was all that was left of the board's quota for May of nine passenger tires. An application is being sent to the state pool for the 12 extra tires, it was said at ration headquarters yesterday. The examination of the present tires on department vehicles was made by Ernest Steffanelli, an authorized tire inspector. The department stated that its cars are rolling on the average of 150 miles a day. Ten passenger car tires have been issued to the public safety department in the past four months, according to ration board records.

'Parlor-Type' Scouting Out; They'll Walk To Camporee

Use of Cars Barred For Robert Treat Weekend Camping June 6-7; To Be Held In South Mountain Reservation; Blackout Rules

The Boy Scouts of the Robert Treat council will eliminate the "parlor-type" of scouting for their blackout camporee to be staged on Mayapple hill in the South Mountain reservation on June 6 and 7, and get back to the old days when scouts hiked if they wanted to go some place.

In line with the effort to save on gasoline and tires, there will be no transportation by car of scouts from the council which includes Belleville, to the reservation. They may travel by train or bus to the nearest point to the campsite. From the end of the line to the camporee site, the boys must hike and everyone must carry his own pack.

Each unit will be allowed one automobile to carry heavy equipment with only the driver permitted to ride. The program will start at 9 a.m. on Saturday morning and wind up at 5 p.m. on Sunday afternoon.

Each patrol will be permitted to have one fire for cooking provided that it is well screened after dark. A Saturday night feature will be a campfire meeting without a fire in blackout style. No gasoline lanterns will be permitted and it is recommended that all flashlights have blue lenses.

The events for the two days will be divided into two classes—scouting skills and camporee activities. There will be demonstrations in camp craft, packing, hiking, pitching camp, kitchen craft and fellerwork. There will be contests in lighting fires by friction and flint, string burning, an undressing contest, signalling and swimming. Also planned are treasure hunts, relay races, walking events, knot-tying and first aid demonstrations and axe or hatchet swinging for accuracy.

Planning Fourth Program Coordinator's Job

One of the first tasks of the town's new civilian defense coordinator, Harry Sullivan, will be planning a program for Fourth of July. Working in conjunction with the plan set forth by Governor Edison, the town will present on that day a demonstration of its entire defense force and a demonstration of the work and activity of some of the divisions.

While plans are in a formative stage, a parade is tentatively planned with a program for the afternoon and evening to take place at the municipal stadium. Sullivan will work with a committee of members representing the Veterans of Foreign Wars and the American Legion.

Edison has proposed that civilian defense organizations throughout the state publicly demonstrate their activities and preparedness on the Fourth.

DEFENSE COUNCIL GETS COORDINATOR

Harry G. Sullivan, Waters' Campaign Chairman Named; \$3,000 Salary Reported

The town added a paid defense council coordinator this week when Harry G. Sullivan of 2 De Witt avenue was named to the post on the recommendation of a committee of the council at its meeting held Monday night. Technically, Sullivan will be a member of Commissioner Waters' department of public works but the director explained Tuesday night at the commission conference that he was lending the new appointee to the defense council.

Waters told his fellow commissioners that Sullivan would take charge of all defense activities and that funds in his department would help to pay for his salary. He said that at the end of the year he may be required to ask that other board members contribute money from their departmental budgets to make up for his possible deficits because of Sullivan's salary. After the conference, Waters said he did not know exactly what Sullivan would receive. It was reliably reported that the salary would be between \$3,000 and \$3,500.

Sullivan was chairman of Waters' campaign committee during the recent commission election drive. Although James L. Waters, the director's brother, was his official campaign manager, much of the active political work was done by Sullivan.

Go To Posts On Alarm

When the air raid signal is sounded, all members of the various defense council units will immediately report to their posts. Whenever possible, they should walk to their posts. In cases where it is necessary for them to use cars, vehicles must be operated with parking lights only and must proceed at a speed not to exceed 15 miles per hour. Drivers shall not pass any vehicle proceeding in the same direction and they must not drive within a distance of 50 feet from the vehicle immediately ahead and proceeding in the same direction, except in cases where the pavement is of sufficient width to accommodate more than a single lane of travel in the same direction.

However, state orders specify that no civilian defense worker shall drive his car after the alarm has been sounded unless it is the only possible way to reach his post.

Drivers of vehicles upon or within elevated structures, tunnels, bridges or viaducts when the air raid alarm is sounded should be directed to proceed from such structures at the nearest exit point and park their cars in nearby side roadways in such a manner as to leave an unobstructed roadway width of at least 15 feet for the passage of emergency vehicles.

Don't Leave Lights On

Because the night of the test is not known, residents and storekeepers are urged to get in the habit of turning off all lights if they should leave their premises at night. All plants engaged in defense work must turn out exterior lights as much as possible but must not slow up their work during the test.

During the test air raid wardens shall patrol their regular posts and see that all house lights are visible from without are extinguished. Wardens will not break windows to extinguish lights, but report the violations to headquarters. Residents are urged to be sure that all radio dial lights are shielded.

NOLL TO HANDLE SWIM CAMPAIGN

Participation Hinges On Securing Transportation; Meeting Tomorrow

This town's participation in the learn-to-swim campaign conducted under the auspices of the Montclair Y. M. C. A. will be in charge of Commissioner Noll's recreation department. Mayor Williams, who handled it last year, made this announcement yesterday that he was prepared to assume the job. He said that he had already been in touch with "Y" officials.

However, the town may not take part. Providing transportation to and from the pool at which the youngsters will receive their instructions is the big problem facing not only Belleville but the other communities which annually participate in the campaign.

A meeting of all municipal officials and their representatives is scheduled for tomorrow night at the Montclair "Y" to determine if a solution to the transportation problem can be devised.

Belleville led the various towns in the number of entries last year. More than 700 youngsters were enrolled in the swim school.

NO. 92 LINE

Continued from Page 1
from Public Service to serve that area," Noll said. "We were fortunate in obtaining from the public utilities commission the permits that we did for the two recently established local lines, the Nos. 100 and 37 lines, for all future permits have been 'frozen' as I understand it on the orders of the office of defense transportation. Proof must be presented that the lines are vital to national defense and that they will link directly with trolley services thus eliminating miles on which buses might have to be used.

Have To Walk Some

"The people must understand that we can not have a bus pass in front of their doorstep. A year ago they did not want a bus near their house, today everybody wants one. They will have to walk some, but I believe that we are ready to give them better-in-town and connecting services with lines going to Newark and New York."

Franklin avenue residents may also be concerned with another Public Service line, permission for which was granted some months ago, but which the company has not started as yet.

Sanction has been granted for it to operate from the Glendale loop in Nutley along Franklin avenue to the Heller parkway subway station. Nutley is more interested in the line than Belleville for it would serve a greater number of residents.

The Public Service informed Commissioner DeMuro of Nutley last week that it could not start the line because of Eastmont's ruling. The Nutley official wrote to Eastmont pointing out that the new line would link directly with a trolley service and that by using that bus, the route covered by bus would be two and one-half miles against seven and one-half miles by bus on the Broad line which operates through Belleville on Washington avenue.

PARADE

Continued from Page 1
V. F. W. The marchers will then head down Main street to the Belleville Reformed church cemetery where the pastor, Rev. Dr. John Struyk, will speak. The morning's ceremonies will be concluded at the Rutgers street bridge when the members of the Ladies of the G. A. R. will place a flower float on the Passaic river in tribute to the naval dead.

Members of the town commission have been invited to march in the ceremony. Because of gasoline rationing, it is expected that there will be a larger crowd of both marchers and spectators than there has been in previous years.

Those members of the various branches of the service in the present war who will be home for

A Bundles for Britain Feeding Van Brings Cheer to English Countryside

By Daphne du Maurier
(Author of Jamaica Inn, Rebecca, Frenchman's Creek, etc.)

You might wonder what she was, if you were strolling along a Hertfordshire lane, and met her head on as she came around a corner. Big, grey, with a thin red line, a little top-heavy, her gait somewhat rolling to suit her size, and then those significant words written upon her side "Bundles for Britain, U. S. A."

Hot Dinners are served to Young and Old from Bundles' Mobile Canteen

"We come to this particular village twice a week, so the parents of these children have two mid-day meals saved them, and can keep their rations for their husbands in the evening. Where do we get the food? Well, we fill up at one of the British restaurants; everything is piping hot as we put it in the containers, and it keeps hot too, as you can see. (All right, Muriel, I won't give you too big a helping). Then when we have served all our dinners, we go back to the restaurant and take the money, clean out the containers—and so home and the van is put to bed."

"She's out every day of the week except Monday. No, we've had no trouble with her up to date. She's a Ford, you know. But I often wonder what the people of America would say if they could see her. They gave her to us, you see, and it's because of their generosity that we can do the work. (All right, children, see you again on Thursday.)"

The shutter is put up, the door is closed, the driver climbs into her seat with her helper beside her, and off trundles the van along the road, a little shaky, a little top-heavy but sturdy, reliable, and efficient—a present to the people of Great Britain from the people of America, sent by Bundles for Britain.

the weekend or on furlough are invited to march in the parade. Members of World War I who are not affiliated with any of the local veterans' organizations will also be welcomed.

SULLIVAN

Continued from Page 1
low." He said that the new coordinator was "sacrificing a job of security" which he has held for a number of years to take

the local post. Waters continued that Sullivan had accepted the position with the understanding that if the war should end in a year or two and the defense council should be abolished, he will be given a post in Waters' engineering department. The commissioner said that he has already lost several employees and that there are vacancies in the ranks of his employees.

Recorder Everett B. Smith, who is present defense council chairman, was quoted by Waters as saying that he would not take the job given to Sullivan and that he has "been run to death" by defense council work up until the present.

The recommendation for Sullivan's appointment was unanimously approved by those present at Monday's defense council meeting. The committee which moved for his selection was composed of Mayor Williams, Recorder Smith, Rev. Joseph M. Kelly, Theodore Sanford and Philip Dettelbach, all defense council members.

At the meeting it was explained that one of Sullivan's principal duties would be to iron out the numerous wrinkles and conflicts that have cropped up in the organization of more than 1,500 volunteer workers, and to handle the many details which have burdened non-salaried council chieftains who have been able to devote only a part of their time to the civilian defense task. The coordinator made his first

public appearance in the newly created post on Tuesday night when he spoke at a meeting of defense volunteers held in the high school. He was introduced by Judge Smith.

Sullivan, who resides at 2 De Witt avenue, is well known and active in town circles. He has been a leader in numerous groups at St. Peter's church. Married and the father of five children, he has been employed as an office manager at the Jersey City stockyards.

His office will be located on the first floor of the town hall near the main entrance. It has been occupied by Commissioner Clark and was formerly used by the draft board. Clark agreed Tuesday night to relinquish the space. Much of the detail work for the defense council has been handled by Arthur Clark, Mayor Williams' secretary, Mary Anderson of the department of revenue and finance staff and volunteer girl workers from the high school.

Other appointments were also confirmed at Monday's meeting of the defense council. Mayor Williams was named commander to take charge of all activities in an emergency such as an air raid. Police Chief Spatz was named first alternate commander and Fire Chief Robert Reid second alternate; and Arthur Clark, comptroller.

DRAFT

Continued from Page 1
Boat club, and Leo Hood, married and a teacher in School No. 10 are also included.

All of these men will be sent to the induction station at the Newark armory for their army physical examination. If passed there, they will be sent to Fort Dix the same day to start active duty and classified for training and service with one of the branches of the army.

Those listed to depart next week as given out in the official list released by the draft board are:

No. 10512, Earl Akersten, 83 Mt. 'X' CARDS

Continued from Page 1
duty or in training who can show that they must use their cars, that additional gasoline is needed may be considered by the ration board for more gasoline provided that they present an affidavit from an official of the organization describing the service to be performed and showing that a supplemental ration of gasoline is essential to not only public welfare but the war effort.

Civilian Defense Order

The complete order on the question from the OPA headquarters states as follows:

"Any person rendering voluntary service or receiving training by the Red Cross, a volunteer firemen's organization or any organization solely engaged under the supervision or direction of the army, navy, marine corps, coast guard or office of civilian defense, in civilian activities or activities directly related to the prosecution of the war, who requires the use of a motor vehicle or inboard motorboat in order to perform such services or receive such training, or to go to and from the site where such services are performed or training received, may apply on Form R-512 to any board in the rationed area for a supplemental ration.

The application must be accompanied by an affidavit from a duly authorized official of the organization describing the service to be performed and showing that a supplemental ration is essential to permit the applicant to perform the service or receive the training. The board may grant the application if it finds that the service or training are essential to the public welfare or to the war effort and that a supplemental ration is essential to the activity.

"The board may not grant the application unless it finds that no other means of transportation reasonably adequate for the purpose are available. If it grants the application, the board shall determine and issue coupons equal to the quantity of gasoline essential to the purpose from the date of its decision to June 30, 1942. No person to whom such supplemental ration card has been issued shall accept a transfer of gasoline in excess of the amount essential to the accomplishment of the purpose stated in the application."

AREN'T CHECKING 'X' CARDS HERE

354 Were Issued To
Local Residents; Can
Be Withdrawn

No effort to check "X" gasoline cards issued to 354 Belleville residents has been made as yet by the ration board, Ruel E. Daniels, its secretary, stated when queried last night.

The board has been given authority by the state OPA to check all cards issued, to call in the holders and even order the return of them if they feel that the issuance of a certificate to purchase all the gas wanted is justified.

The OPA also notified the board this week that records of all A, B and "X" holders are public records and may be examined with the authorization of the board or its appointed representatives.

Some boards are checking "X" cards and ordering the cancellation of a number of those issued by registrars.

Miss Lillian M. Macaulay Dies After Short Illness

Miss Lillian M. Macaulay, 35, of 350 Greylock parkway, who died Friday in Presbyterian Hospital, Newark, was buried Monday morning in Restland Memorial park, East Hanover. Services were conducted Sunday afternoon at the Irvine Funeral home by Rev. Edgar M. Compton.

Miss Macaulay was born in Newark and had lived in Belleville 18 years. She was graduated from Central high school and Coleman business college and had been secretary for the past seven years to the manager of the Spool Cotton company of Newark. She previously served in that capacity for the president of the Liberty Trust company and was formerly connected with Post & Flagg. She was a member of Aremie Chapter O. E. S. of Belleville and the Girls A. A. of Clark Thread company.

Miss Macaulay, who suffered a four weeks' illness, is survived by her parents, Mr. and Mrs. Harry A. Macaulay; a sister, Mrs. Herbert C. Hoover of Nutley, and her grandmother, Mrs. Margaret Kerntop of Belleville.

To Get Diploma

James J. Cozzarelli, son of Mr. and Mrs. Frank Cozzarelli of 8 Van Rensselaer street, will be among the more than 100 Muhlenberg college seniors who will receive baccalaureate degrees at the 75th commencement of the Allentown, Pa. college on Monday morning.

The commencement will climax a week in which the college and the nation will join in commemorating the bicentennial of the arrival in America of Henry Melchior Muhlenberg and the part he and his distinguished sons played in the early history of the United States. Among the speakers during the week will be Mrs. Franklin D. Roosevelt and Speaker of the House Sam Rayburn.

Cozzarelli, who has prepared for a career in medicine, will receive a bachelor of science degree. He intends to enter Hahnemann Medical college, Philadelphia, next fall.

During his four years at Muhlenberg he was a member of the pre-medical society and was one of the editors of the Ciarla, yearbook of the junior class.

Charles F. Pesveye

Charles F. Pesveye of 357 De Witt avenue died Saturday in St. Barnabas hospital, Newark after a long illness. He had lived in Belleville 33 years. Mr. Pesveye, a jeweler, was born in Czechoslovakia 58 years ago. He is survived by his wife Mrs. Anna Pesveye and a daughter Mrs. Robert Metcalf of this town, another daughter, Mrs. Walter Sawyer of Nutley and five grandchildren.

Services were held Tuesday afternoon at the Irvine Funeral home and were conducted by Rev. O. Bell Close. Interment was made in Glendale cemetery.

Expect Many Local Folks At Symphony Concert

"Barber Of Seville" Opera First Presentation Of Essex Group Tuesday Night; Mrs. Compton Heads Woman's Club Committee Cooperating

A number of local residents are expected to attend the first concert of the Essex County Symphony society which will open its seventh season of outdoor programs on Tuesday night at the Newark City stadium.

The Woman's club is one of the 16 groups cooperating with the Griffith Music foundation headed by Mrs. Parker O. Griffith which is sponsoring the series. Mrs. Edgar M. Compton is chairman of the Belleville committee assisted by Mrs. Morris Rochlin and Mrs. William Eichorn, who are serving as captains.

Members of the local committee who will attend the recognition luncheon to be held at the Essex house in Newark today are Mrs. John DeNike, club president; Mrs. George Kaden, Mrs. Willard Y. Strange, Mrs. William Allen, Miss Ellinor Apgar and Mrs. Compton and Mrs. Rochlin.

Miss Myra Hess, who is endeavoring to aid civilian morale through concerts in England, will be honored. She will receive her citation from the luncheon group by short wave, and the British Broadcasting corporation will short wave her reply and selections at the piano in London.

Won't Have Blackout The state defense council has announced definitely that the surprise test blackout will not be held on Tuesday evening when the complete production of the opera, "Barber of Seville" will be presented. Sir Thomas Beecham, well-known British music director, will be the conductor.

Leading roles will be taken by members of the Metropolitan Opera company among them being Josephine Antoinette, who made her operatic debut at the Metropolitan in 1936 and has been prime favorite with that company.

Salvatore Baccaloni will be Dr. Bartolo. He is 40 and at the height of his career. This season, in addition to his Metropolitan performances, he has sung again with the San Francisco and Chicago Opera companies.

Robert Weede, young American baritone of the Metropolitan, will sing the role of Figaro. Robert Weede's fame came the hard way. A typical American, he was brought up on a farm near Baltimore. After years of struggle earning money in picture houses and in vaudeville to continue his studies, he won the National Federation of Music Clubs Contest, and later that year went to Rochester to study at the Eastman School of Music.

Large Group Initiated At Legion Ceremony

Belleville Post 105 of the American Legion initiated into membership a large group at ceremonies held at the Masonic temple on Saturday night.

Among the new members are William H. Brown, Andrew H. Cooper, George M. Cooper, Joseph J. Flannery, George N. Glasener, James Griffin, William C. Hochstetler, William F. King, Mark E. McGrath, George R. Meyer, Henry R. Scott, John R. Smith, Matthew J. Smith, Eugene V. Thomason, John F. Walker and William Zie-man.

William Maser was in charge of the arrangements and was assisted by Otto Breunich, William Kenep, Fred Fredericks, Joseph Huemer, Arthur A. MacCreedy, Alonzo Hartley, William R. Gibbs, William I. Labaugh, Richard D. Shannon and Commander Edward P. Cantwell.

A large group of members attended the memorial service in St. Peter's church on Sunday. The post will also participate in the exercises and parade on Memorial day.

On Monday at 8 p.m., the annual election of officers for the coming year will be held at the Recreation house.

The inhalator committee headed by Sheldon Henry is making a study of the several types of machines, and has arranged to have demonstrations of the various equipment at the next two meetings. It is planned to use the proceeds from the recent concert and dance to purchase this equipment and present it to the town.

JOANNA COPPLA WEDS SUNDAY

Passaic Avenue Girl Will
Be Bride of Nutley
Resident

Miss Joanna Coppla, daughter of Mr. and Mrs. Anthony C. Coppla of Passaic avenue, Belleville, will become the bride of Francis Buel, son of Joseph Buel and the late Mrs. Buel of Passaic avenue, Nutley, at a rainbow wedding Sunday afternoon at the Holy Family church. A reception will follow at the home of the bride-elect's parents.

Given in marriage by her father Miss Coppla will be attended by Miss Peggy Glenn as maid of honor, and bridesmaids, the Misses Ruth Postlewaite, Jeanette Abraham Terry Pandolfi of town and Marie Coppla, sister of the bride-elect, of Belleville. Joseph Cullari of Nutley will serve as best man.

The bride will be gowned in white silk chiffon with a trail length veil and will carry a bouquet of gardenias and sweet peas. The maid of honor will wear a shell pink gown and the bridesmaids will be gowned in rainbow colors. Miss Postlewaite in blue, Miss Abraham in yellow, Miss Pandolfi in blue and Miss Coppla in green. Their veils will be shoulder length and they will carry old fashioned bouquets. Mrs. Coppla has chosen a black marquisette street length dress with white accessories. Her corsage will be of white gardenias.

For traveling to Atlantic City where the couple plan to spend a week, the bride will wear a soldier blue suit with red and white accessories. After their honeymoon the newlyweds will live at 102 Passaic avenue. Both are graduates of Nutley high school and Mr. Buel is connected with the Hoffmann-LaRoche, Inc.

Junior Women Attend 15th Annual Convention

Members of the Junior Woman's club attending the 15th annual convention of junior clubs in Atlantic City last weekend were the Misses Betty Messer, Patricia Hannan, Ellinor Apgar and Madeline Prime. Miss Messer is club president. They were accompanied by their counselor Mrs. Willard Y. Strange and Miss Vivian Kilpatrick both of the Belleville Woman's club. Miss Kilpatrick is a charter member and past-president of the Junior club.

The convention numbered 400 representatives of Junior Woman's clubs of New Jersey and was addressed at Saturday luncheon by Dr. Pennington Hale of New York on "America's Role in War and Peace." Mrs. Charles Maddock, president of the state federation of Women's clubs was also a guest of the convention.

Reports on the convention were made Tuesday evening at the Forest Hill Field club when the local club's annual mother-daughter banquet was held there. They were delivered by Mrs. Strange and the Misses Prime, Hannan and Apgar. Mr. John Denike and Mrs. Henry Squier, president and first vice-president of the local Woman's club and Mrs. Charles S. Smith of Nutley, who founded the junior club in 1932, were honor guests at the banquet.

Following the dinner a shower was given by members for Miss Amy Hardman, daughter of Mr. and Mrs. Herbert V. Hardman of Union avenue, who will be married next month.

To Hold Final Meeting

The final meeting of the Roof-tree branch of the International Sunshine society will be held Wednesday evening at the Woman's club. The meeting will be called to order at 8:15 by Mrs. Anna Fleming, president. Plans will be made for the concluding card party of the year which will be held later this month and will bring the society's activities to a close until September.

Sgt. Charles Oliver left Belleville Tuesday to return to Camp Chaffee, Ark. after spending a 15-day furlough with Mrs. Oliver at their home, 234 Ralph street. Sgt. Oliver has served in the Army since October, 1941. He was graduated from the local high school and was employed formerly by the General Electric company in Bloomfield.

Who Took Your Tires and Gas?

So they took your tires and some of your gas! Who took them?

The Government in Washington? Yes, to some extent. If you have seen one of our mechanized camps you know where some of the rubber and gas is going: to the huge tanks, to the jeeps, and to their children, the peeps. But when Japan captured the East Indies they took 90% of our rubber supply; and when the German subs sink our ships off the Jersey coast and at the mouths of our rivers, they take our gasoline and the principal source of its transportation to the East coast.

The Germans are taking part of our gas, and the Japs a part, and almost all our rubber. Excuse, please!

They have taken some and intend to take more. They have begun to take our soil. They are taking our sons and our ships. They have stated that they will take the world: Hitler in "Mein Kampf" when he says it is the destiny of the German people to rule the world; and the Japs in the school books with which they are supplying the Chinese occupied territory. According to these texts, first came the land of the Rising Sun from which all lands arose and to which all are to be subject. And so, to our gas, tires, sugar, our money, and even our automobiles, the Government is welcome, so long as they are used in our defense.

No new cars are being bought, and worries greater than gas and sugar rationing are rampant in the occupied counties of Europe, Asia, Africa and, yes, in the occupied colonies of this The United States.

It is high time we stopped being "annoyed" and begin to be aroused.

One-tenth, even one-half of our income, if possible, should go into War Bonds so that these international bandits may be stopped in their tracks.

SAVING "SCRAP"

is everyone's job today

COLLECTING all "re-usable scrap" has long been part of the day's work for telephone installers, splicers, repair and maintenance men.

But with them, as with millions of other Americans in homes and industry, the "scrap" we save today has a new and far greater importance, for it goes into the Nation's metal pile for use in war production.

Last year telephone workers in New Jersey saved more than 1,900 tons of "scrap"—bits of cable containing copper and lead; broken equipment, iron, steel, aluminum, solder, rubber-covered wire—a sizable salvage pile built up from the day-to-day job in one field of activity.

TRACKMEN TRIP JEFFS 56-43

Belboys Cop The Mile,
Half and Quarter
Mile Events

The high school trackmen beat Thomas Jefferson high 56-43 Tuesday afternoon at Brookdale park. It was an impressive victory with John Walker "Mugs" Maginness, Jack Mason, George Baldwin and John Higgins taking firsts in their own events. Walker, Maginness and Higgins rolled up 38 points between them. Walker was high for the day with 16.

The running events were shared with Thomas Jefferson when Belleville took the mile, half-mile and quarter-mile. Jack Mason ran true to form making the mile in 4:41. George Baldwin set another record for Belleville when he ran the half-mile in 2:03. Walker's time in the quarter-mile was 53.4 seconds.

In the low and high hurdles "Mugs" Maginness was too fast for the opposition, taking first in each event. He made the low hurdles in a flat 27 seconds and the high in 16.7. Higgins took the high jump with 5 ft. 9 ins. and second in the pole vault. The broad jump featured Belleville plus, our cindermen taking all three events. Walker took first

with 19 ft. 1 1/4 in., John Plunkett second and Ken Smith third. Jim Bowman and Rob Griffin caused the most trouble for Belleville when they made 19 points together toward their cause. Griffin took the 100-yard and the 220, running the 100 in 11 seconds.

The trackmen are intent on making a name for themselves this year and to date they have broken five previous records held by Belleville men in former years. In the defeat of Thomas Jefferson George Baldwin broke the old half-mile record. Jack Mason previously took mile honors and John Walker quarter-mile in 52.8; while George Maginness cut down the time on the high hurdles to 16.6 and Higgins raised the old mark of 10 ft. 2 ins. in the pole vault to 10 ft. 3 ins.

SOAPBOX RACERS GETTING SET

Gasless Speedsters Preparing
For Derby at Stadium
June 13

Entrants in the Fawcett Cub pack's annual soapbox derby to be held at the municipal stadium on Saturday morning, June 13, are putting the finishing touches on their speedwagons and holding trial runs on the paved down-grade track where the race will be held.

While clockers hold watches to see how fast the streamlined orange crates and gasless speed buggies rumble down the hill, the drivers are daily testing out their entries to get the best possible speed.

More than 20 entries have been received for the event and more are expected. Following lunch, which will be served at the stadium, the Cubs will compete in a field day program.

Frank Boryszewski Catcher On Fort Sheridan Team

Rated as one of the best ball players at Fort Sheridan, Ill., is Pvt. Frank Boryszewski of 20 Minkler place. According to reports from the army post, he has the edge on all others trying out for the first string catcher's job. The team is scheduled to play its first game Saturday when the soldiers will meet the Berwyn Braves.

Boryszewski played with Johnstown in the Middle Atlantic league, batting .300, and was also backstop man with the Bay Parkways of New York.

KIDDE, FEDERAL OUT IN FRONT

Industrial Loop Leaders
Have Each Won
Three Games

The Walter Kidde and Federal Leather softball aggregations took commanding leads in the two divisions of the industrial softball twilight circuit operated by the recreation department this week.

By soundly trouncing the Bart Lab team, the Kidde boys gained their third straight win in the National loop. In the American league, the Federals smothered another Kidde team, 16-2, for their third straight win.

SCHOOLBOY CREW PLACES FOURTH

Nereids To Compete Saturday
In Regatta On
Harlem River

A delay of three hours was experienced by the schoolboy crew of Nereid Boat club and other entries Saturday when they went to Philadelphia for the annual schoolboy regatta. Due to flood conditions on the Schuylkill the race was transferred to Cooper river basin at Camden where the boys rowed against a headwind and Nereid's crew took fourth place in a five crew race.

The metropolitan regatta on the Harlem river Memorial day will see the schoolboy crew again

representing Nereid when they will race a Philadelphia foursome in the unlimited age junior races. Harry Kittle Jr., Jim Findley, Harry Leiss and Ward White-horne will row with Art Hyde, coxswain.

Homer Zink and Al Walker are entered for the senior double shell event in the same regatta and will race the Penn A. C. and Fairmount Rowing association's crews. Nereid is also scheduling entries, in spite of the constant inroads made on her crews by military enlistment's, in the People's regatta on July 4 and the national championship races on July 18 and 19. Both events will be staged at Philadelphia.

Andrew McMaster, long a member of Nereid, who concluded a two year term as president of the club in January, will be inducted into the army on June 5.

Navy Wants Those Men With Small Boat Training

Yachtsmen, fishermen, men with small-boat experience are needed in Class M-2, U. S. naval reserve. Their duties will be primarily to man local defense vessels — subchasers, patrol boats, mine layers, mine sweepers, net tenders, salvage vessels, etc.

There is an opportunity for men between the ages of 17 and 50 to serve their country in that capacity for which they are best suited by reason for their small-boat experience.

They will be enlisted in one of 48 possible ratings available to men of this class — seamen, coxswains, boatswain's mates, quartermasters, signalmen, or, if better qualified for the engineer force, as firemen, watermakers, machinists' mates, boilermakers, carpenter's mates, electrician's mates, radiomen, ship-fitters, or cooks or bakers — up to and including chief petty officer, commensurate with your training and experience.

Men enlisted in Class M-2 will normally be retained in local defense forces within the district from which they enlist, but nevertheless are deemed qualified for duty either ashore or afloat wherever their services may be required.

They should apply now at their nearest navy recruiting station. Men in the New York area should apply at the navy recruiting station, 67 Broad street, New York, for full information regarding Class M-2.

It is particularly requested that officials of organizations engaged in the nautical instruction of young groups, yacht club officials, etc., communicate with Lieutenant Commander L. J. Carro, U. S. N. R., at the above station.

Hospital, College Cooperate In Getting New Nurses

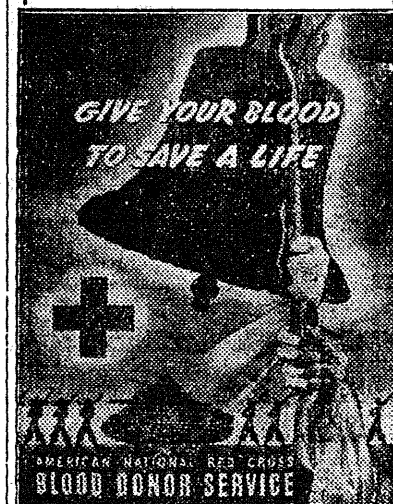

In reply to urgent government pleas for more registered nurses, the school of nursing of the Hospital of Saint Barnabas and the college of arts and sciences of the University of Newark announce a joint accelerated program designed to increase the number of registered nurses.

Three 16-week semesters will permit the training of nurses the year round and the graduation of three classes instead of one. Hereafter, according to Miss Eva Caddy, R.N., director of nursing at Saint Barnabas, most of the basic academic courses prescribed by the state board of nurse examiners will be given at the university. The rest of the work will be conducted at the hospital. The courses offered by the university will be human anatomy and physiology, microbiology, chemistry, psychology and sociology. College credit will be granted for all of these courses.

This cooperative plan, Miss Caddy stated, would relieve the staff of the school of nursing to meet the extra educational responsibilities imposed by the war. "The demand for large numbers of registered nurses in a hurry presents a challenge to schools of nursing to maintain standards," Miss Caddy said. "By placing our students in regular university classes we are following the trend to raise the standards of the profession, while meeting the national need for more nurses."

The first group will start June 29, the opening date of the summer semester of the University of Newark. High school graduates who are interested should apply to the school of nursing, Hospital of Saint Barnabas, 685 High street, Newark.

Ring the Bell!

GIVE YOUR BLOOD TO SAVE A LIFE is the appeal of the American Red Cross on this poster recruiting 200,000 volunteers for the Blood Donor Service securing blood plasma for the Army and Navy.

Industrial research men are studying the tough ends of asparagus stalks, in the hope of processing them into a good fiber insulating board.

In addition to washing, soap can be used for an almost endless number of useful purposes, one of which is to locate leaks in gas-pipe joints. The suspected joint is plastered with suds and if gas bubbles through there's your leak.

The aluminum in 125 big juke boxes is enough for one fighter airplane.

One of the Southern silk throwing plants, idle since the freezing of silk stocks, is being converted to shell manufacturing.

Aerial photographs are being used to reveal defects in the fire drill precautions in shipyards, aircraft factories, and other war plants on the West Coast. Some of these pictures have divulged workers stopping to peek in windows to see whether there really was a fire.

One steel company gives cigars and cigarettes to departments establishing production records. Workers decided to pool their winnings and send them to buddies in the services. Last month's production record means 10,000 packages of cigarettes for fighting ex-steel workers.

Miss Marie DelGuercio of Franklin street entertained over the weekend at her summer home in Ideal beach the Misses Muriel McCann and Sally Prossal, both of Newark. On Sunday, Mr. and Mrs. DelGuercio had as dinner guests several of the soldiers who are stationed at Fort Monmouth.

OPEN ALL DAY SATURDAY—MEMORIAL DAY

America honors her...

WAR HEROES

The pilot releasing the bomb lever . . . the soldier guarding his post . . . the sailor high in the look-out . . . the civilian buying bonds . . . Americans all, who on this Memorial Day, 1942, honor our heroes by keeping aflame the torch of Freedom their bravery helped to keep shining bright. To the glorious dead of former wars, the gallant heroes of today pledge their faith and their all so that Liberty's torch may light the world!

IT TAKES COOPERATION

YOU can help your electric dealer to help you keep your ELECTRIC APPLIANCES working properly—by cooperating when you need new parts to replace worn or broken parts.

The fact is that manufacturers are in great need of vital materials—metal, rubber, etc.—in order to continue making new parts. Consequently, before manufacturers can deliver new parts to a dealer for his customers' appliances, an equal number of old parts is required in return.

Your cooperation is important. We must have your worn out or broken part before we can provide you with a replacement part.

Old brush rolls or holders from your electric vacuum cleaner—old wringer rolls from your electric washer—the old rubber belt from your electric refrigerator or your cleaner—other worn or broken parts from your small electric appliances . . . these should all be returned to your local dealer when new replacement parts are needed. Manufacturers need your cooperation.

PUBLIC SERVICE

LATE CANDIDATES HIT BY ZINK

Comptroller Surprised Some Haven't Regretted Their 'Misleading Statements'

State Comptroller Homer C. Zink, who resides in Rossmore place, said in a statement given to The Times last night that he had been looking for some expression of regret on the part of certain of the late candidates, because of their action in conducting a campaign that was largely a series of misleading statements about Belleville and the director of revenue and finance.

The state official pointed to what he claimed was the harm that could have been done to Belleville by the statements of some candidates, but which he continued fortunately did not happen.

Zink, a week before the election, endorsed the candidacies of Mayor Williams and Commissioner King, Waters and Clark and urged their reelection. In the closing days of the recent campaign, the comptroller wrote Mayor Williams a letter lamenting the attacks which had been made on the town official and congratulating him for having placed aside funds for the lean years to come.

Williams quoted from the letter in a radio address which he made to the voters on election eve.

Zink's complete statement to The Times follows:

"Each week, since the election of May 12th, I have read this newspaper with curious interest. 'I've been looking for some expression of regret, on the part of certain of the late candidates, because of their action in conducting a campaign that was largely a series of misleading statements about Belleville and the director of revenue and finance.'

"These statements must have annoyed the mayor no end, although they could not hurt him financially. They could, however, have damaged the town's credit seriously, whether they were intended to do so or not. A fortunate circumstance prevented the possibility of this damage. Municipal bonds, such as Belleville's are largely held by sinking funds. The trustees of these funds are careful, jealous guardians of public moneys. There is a difficult position and they dare not take any risks. They may justifiably throw overboard the bonds of any municipality that gets unfavorable publicity, as Belleville did.

"The effect of such action might have been extremely bad. Fortunately, the trustees of Belleville in our town's bonds knew the truth about Belleville finances, despite wild statements that were made; thus, they were able to hold its bonds with complete confidence. I speak as one of those very trustees, a member of the Sinking Fund commission of the State of New Jersey.

"Unwarranted attacks on a town's financial condition, like attacks on a banking institution, cannot go unchallenged. Some day, in a municipal campaign, attacks of this kind will cost the candidates who make them more than their mere defeat."

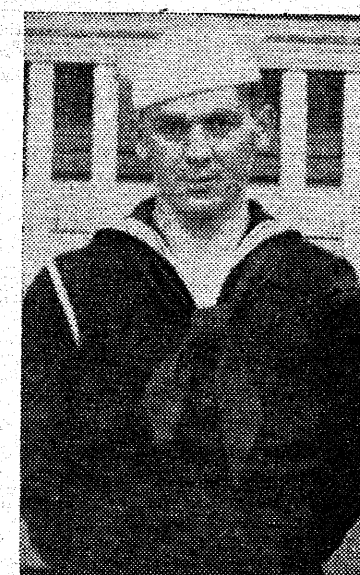

Thomson Machine Given O. K. On Special Cops

The board of commissioners on Tuesday night approved the granting of police powers to four employees of the Thomson Machine company in Cortlandt street. Their authority is limited to company property.

Those named were Leonard J. Spaulding, Emil R. Prohl, Arthur Slater and Joseph DeKler.

Mr. and Mrs. Sam Raimondi of Naples avenue entertained for their daughter Gilda's sixth birthday, on Sunday. Children present were Rosemarie Barbieri, George Prezioso, Anthony Nigro, Lucy Anna and Margaret Squitieri, Sue and Daniel De Palma and Frank Barba, all of this town, and Ida Louise Nigro of Orange.

Moves Up Rank

Leonard Zaccane

Leonard Zaccane, son of Mr. and Mrs. John B. Zaccane, of 56 Naples avenue, enlisted in the navy in January shortly after his twenty-first birthday. After a period at the naval training station in Newport, R. I. he was transferred to the naval hospital in Brooklyn. He was graduated from there Friday as hospital apprentice, 2nd class, and has been stationed at Quantico, Va.

Zaccane was born in Belleville and was graduated from the local high school in 1938. He was employed for two years in the laboratory of the Lehn and Fink corporation of Bloomfield and is continuing his studies in chemistry.

TOWN WANTS MORE CASH FOR LAND

Board Willing To Offer It For Sale But Not At Prices Made

Although three town-owned properties were put up at public sale this week at the request of prospective bidders Mayor Williams, who has charge of town-owned property, indicated Tuesday night that he would not recommend selling two of the parcels at the present prices offered.

George T. Bowes of Nutley made offers on two properties. He submitted a figure of \$5,400 for 453 feet in Joralemon street and 453 feet between Passaic avenue and Jefferson street. The neighboring town realtor also offered \$3,200 for 42-54 and 58-60 Hornblower avenue.

Of the Joralemon street property, the mayor said that he believed that the town could afford to hold on to the property and that \$25 per front foot would be received compared with Bowes' offer of approximately \$12. Williams said that the land might be good business property with the future development of that section. The mayor said that he had told Bowes that the town would put the property up for sale although he felt that the price offered was too low.

Miss Harris Presents Ambulance At O. E. S. State Convention

Miss Lilian M. Harris and her mother, Mrs. Ernest Harris of 424 Union avenue have returned after more than a week's stay in Atlantic City where they attended the grand session of the Order of the Eastern Star. Miss Harris has just completed her term of office as most worthy grand matron of the state.

While in Atlantic City, Miss Harris presented to the coast guard a fully equipped ambulance for which the funds had been raised by voluntary contribution of the membership of the Order, through her efforts. Arrangements have also been made for an ambulance to be presented to the army.

Miss Harris, while attending the grand session was tendered a surprise shower by the grand officers of 1941-42 at luncheon last Wednesday.

Miss Harris will be married to James N. Meikle of Arlington, the latter part of June.

Eleanor Bacon-Peck Pupils In Recital At Newark

A formal recital at Griffith auditorium, Broad street, Newark, will be given by pupils of the Eleanor Bacon-Peck studios, Friday evening, June 5, at 8:15 p.m. Opening the program will be a small group of juvenile and junior students. The remainder of the program will present high school pianists and master class performers. Maxine Miller, cellist of Towaco and Hazel Ellsworth, pianist and teacher of Belleville, will be heard in the Rubenstein "Sonata" for cello and piano. All who take part in the program are pupils of Mrs. Peck or her assistant, Adell Sutherland.

Questions Aplenty To Get Sugar For Home Canning

Housewives Should Apply To Ration Board Office On Thursdays; Allotment To Be Based On Amount Of Canning Done Last Year

Fruit canning time has arrived and a number of thrifty housewives have already been inquiring at the ration board in School No. 8 to learn if they will be entitled to receive additional sugar for this purpose. The answer is—yes—and those women wanting sugar should call at the ration board on Thursdays—and that day only—to fill out the forms necessary to obtain an extra amount.

An amendment to the original sugar regulations issued by the state OPA headquarters yesterday, permits any person who registered for War Ration Book One to obtain a pound of sugar for each four quarts of finished canned fruit and one pound a year for preparing preserves, jams, jellies or fruit butters.

"In no event," local boards are directed by the OPA, "shall the individual or family unit be permitted to can the quantity of fruit which the board deems to be reasonable giving due consideration to the period within which the fruit will be consumed, the past practice of the individual or family unit with respect to home canning, the prevailing home canning practice in the locality among individuals and families in circumstances similar to those of the applicant, the number of quarts of fruit previously canned at home remaining in the possession of the individual or family unit applying, the availability in the locality of fruit suitable for home canning, and such other circumstances as the board deems pertinent to the particular request."

Only For Canning The state order emphasizes that the sugar allowed under the new ruling shall be used only in the quantities and for the purpose for which it was allowed. Those who receive extra sugar for canning and do not use up all of it during the specified period are advised to notify the local rationing board to that effect within 30 days after the expiration of the period for which the sugar was granted. The board is then instructed to remove ration stamps from the family's ration books for the amount of sugar left over.

The bulletin listed the following instructions for the guidance of housewives wishing to apply for extra allotments of sugar for canning. If you have fresh fruit to can, go to your local rationing board and ask for a "Special Purpose Application for Sugar Purchase Certificate."

The application must be made by an adult member of the family for all members of the family. Every person who registered for sugar rationing is entitled to one pound of sugar to can each four quarts of fresh fruit to be consumed by him or his family. Each such person is also entitled to one pound of sugar a year for preserving jams, jellies or fruit butters.

The local rationing board how-

lowing information to the local rationing board:

(a) The names of the consumers on whose behalf the application is made, and the serial numbers of their war ration books.

(b) The number of quarts of fruit canned in the preceding calendar year.

(c) The number of quarts of fruit still in the possession of the family.

(d) The number of quarts of fruit to be canned during the period for which the application is being made.

(e) The number of pounds of sugar now in the possession of the family.

The local rationing board has the right to fix the periods for which applications shall be made. The state OPA Office on the advice of New Jersey economics

experts, has advised local boards to use the following procedure in allotting sugar for canning:

(a) There are two canning periods in New Jersey. The first ends on or about July 15, and the second starts about that time.

(b) Inasmuch as the first canning period requires less sugar than the second, it is suggested that you follow this procedure in allotting sugar for home canning:

(1) Determine the amount of sugar the applicant is entitled to on the basis of the information supplied on the application form—how many quarts were canned last year, how many are to be canned this year, etc.

(2) It is suggested that you give the applicant one-third of this quantity for the

present canning season, and ask her to return for the balance after July 15.

To Entertain Department

Members of the legislative department of the Belleville Woman's club will be the guests of their chairman, Mrs. John P. O'Brien Jr. on Thursday afternoon, June 11, at her home, 205 Grafton avenue, Newark. Mrs. O'Brien will entertain for them at a garden bridge party.

Joins Naval Reserve

Robert Taylor, son of Mr. and Mrs. Samuel Taylor of 209 Joralemon street, joined the naval reserve yesterday. He was graduated from Belleville high school in 1939.

Party For Mishkind

Mr. and Mrs. William Mishkind of Berkeley avenue gave a farewell party last night in New York for their son Sheldon E. Mishkind, who will be inducted into the Army on June 5. Among their guests were Miss Penny Butler, Mr. and Mrs. B. A. Williams of Irvington and Mr. and Mrs. Samuel Parsner and Miss Reno Persner of California. The Parsners are house guests of Mr. and Mrs. Mishkind this week. Young Mishkind attended Belleville high school and was connected with Riviera Park Roller Skating Rink, owned by his father. He is 21.

A STRONG NATION NEEDS GOOD FOOD

The high goal set by our President for the production of arms is being reached quickly and efficiently, making our all-out war program a bulwark of strength. But Uncle Sam also needs men and women with strong, healthy bodies—you can help win the war by keeping healthy. Eat plenty — and eat the right things. None of us can afford to be undernourished with the big national task ahead of us. Let us select and buy food that contains all the essential vitamins, proteins, fats and minerals. SAFEWAY pledges to do its share by keeping food costs at a minimum every day.

HOW TO BUILD A HEALTHIER FAMILY — Learn about Vitamins, Minerals and Proteins!

SAFEWAY has cooperated with the Government's effort to build a healthier nation by preparing a brand new kind of "correspondence course" on Nutrition. It's in ten, easy-to-understand lessons and literally packed with new, up-to-the-minute information on food values and food preparation. Prepared by graduate nutritionists, this course has been checked and double-checked by outstanding food authorities.

Do share in the Government health program — Enroll in the "Kitchen Course in Nutrition" today. You will be rewarded by the knowledge that you are helping your family and yourself to build a firm foundation for good health.

To enroll, simply send 25c and your name and address to JULIA LEE WRIGHT, BOX 660, C. C. OAKLAND, CALIFORNIA.

GUARANTEED MEATS an excellent source of necessary Proteins and Minerals

Give your family the right nutrition every day — put meat on your table! You can depend upon your SAFEWAY Meat Market for quality meats every time — and at lowest prices. Every item guaranteed. (Meat prices effective Thurs. and Fri. only)

Bridge hostess Tuesday for Mrs. William Hunt, Mrs. Ernest Hodgson, Mrs. William Robinson, Mrs. Albert Borman, Mrs. Harold Kenwell, Mrs. Carl Struble of town, Mrs. Lathrop Van Orden of Nutley and Mrs. Griffith Casler of Bloomfield was Mrs. Frank Giraud of Greylock parkway.

Mrs. Fred Frey of Tappan avenue entertained yesterday at bridge for Mrs. George Baurhenn, Mrs. Charles Thompson, Mrs. C. P. Hansen, Mrs. Arthur Ackerman, Mrs. James M. Lynch, and Mrs. Luther Van Pelt of town and Mrs. David Hawkins of Nutley.

Mrs. George Turner and Mrs. Kenneth Wands were guests last evening of Mrs. John Daly of Newark.

Mrs. Robert Morrall and Mrs. Vincent Naylor will be guests today of Mrs. Horace Smith of Newark.

Miss Marie Erickson of Carpenter street entertained last evening at two tables of bridge for friends from Bloomfield, Brookdale, Cedar Grove and Belleville.

Mrs. Margaret Norris, Mrs. Ernest Potter, Mrs. J. C. Weber, Mrs. Harry Higgs were guests Tuesday at luncheon bridge of Mrs. Arthur Waller of Bloomfield.

Mrs. J. F. Wisschusen of Union avenue entertained Tuesday at luncheon for the Tat-Cro-Knitso club, Mrs. F. E. Dodd, Mrs. Chester De Puy and Mrs. Dudley Drake of town and Mrs. Louis Rusling of Irvington.

Mrs. Samuel Kenworthy of Lavergne street was hostess yesterday at luncheon for the So-Do-I club, Mrs. George Lee, Mrs. Augustus Bennett, Mrs. John Gunderman and Mrs. Ferdinand Springfield.

A group of four held a dinner and theatre party Friday in New York. In the party were Mrs. Daniel Guldner, Mrs. George Guldner and Mrs. Mark Stauffer of town and Mrs. Russel Trawin of Nutley.

PERSONAL SHOWER BY SORORITY

Mrs. Carl Thieme Honored By Friends; S. R. Browns Give Son Party

Mrs. Carl Thieme of Tappan avenue, the former Miss Ruth Miner, was feted last week with a personal shower by members of her sorority. Wednesday evening Mr. and Mrs. Thieme were guests of honor at a dinner dance given them by the Walter Kidde company at the Condor, East Orange. Mrs. Thieme is employed by that concern. She will be bridesmaid at the wedding of Miss Doris Prophet and Robert Mower who will be married Saturday in Fewsmith church.

Fifty relatives and friends were the guests of Mr. and Mrs. S. R. Brown of 567 Washington avenue Sunday evening when they entertained in honor of their son, Robert S. Brown who joined the navy last week and left Monday for Newport, R. I. Training station. He was graduated from Belleville high school in June, 1941.

Mr. and Mrs. Everett Soocy of Howard place had as guests last week Mrs. Homer Soocy and daughter, Linda Lou, of Ocean City. Mrs. Everett Soocy and her son, E. Joseph Soocy, have returned to Ocean City with Mrs. Homer Soocy for an indefinite stay.

Miss Mary Lou Brabbon of Union avenue has taken a position with the Selective Service Board No. 12, East Orange after completing a course at the Berkeley school in that city. She is the daughter of Mrs. Harry Brabbon.

Members of the U. S. club, a social group, who attended a theatre and dinner party in New York Friday evening were Mrs. William Lighthbody, Mrs. Harry White, Mrs. John Weir, Mrs. Roy Bessenner and Mrs. Kenneth Crawford of this town and Mrs. Carl Malmberg of North Arlington.

James MacArthur Arrives Safely In Iceland

Mr. and Mrs. James MacArthur of 214 Overlook avenue have received word from their son, Pvt. Ross MacArthur, of his safe arrival in Iceland with United States troops. MacArthur entered the army last October. He attended Belleville schools and was formerly with the Otis Elevator company of Harrison.

Three New Novels Added To Library 7-Day Shelf

Three of the recent novels in the seven-day group are: "A New Way of Life," by Hitchens, a story of high adventure and bold romance on the Sahara desert. "Timothy Larkin," by Hitchens, one man's adventurous life on the middle border during the time of the civil war. "Far Blue Horizons," by Howard, the story of a young secretary whose position takes her to strange lands. "House in the Dust," by Leslie, an absorbing story of Victorian England. An old lady relives her life as she surveys the ruin of her old home, bombed in the raids of World War II.

Phyllis Calicchio Treasurer Of Catholic College Club

Miss Phyllis Calicchio, daughter of Mr. and Mrs. Angelo Calicchio, 500 Joralemon street, Belleville, was recently elected treasurer of the Catholic Women's College club. Miss Calicchio, a graduate of the Newark State Teachers' College, is a teacher in the Belleville school system. She is the fiancée of Dante E. Cupparo, 28 Lenbeck avenue, Jersey City.

Miss Rossi Gives Recital

Miss Josephine Rossi, lyric soprano, of 416 Belleville avenue, gave her post graduate recital on Tuesday at the Juillard School of Music in New York. A teacher of voice and piano, Miss Rossi is a lyric soprano. Her program Tuesday included selections by Mozart, Brahms, Debussy, Faure, Massenet, Respighi, Serrano, Dungan and Castelnuovo-Tedesco. She was also heard in the Michaela aria from Bizet's Carmen.

Mrs. B. G. Cavalier of Essex street entertained Monday evening at bridge for Mrs. William Naylor, Mrs. Porter Sheldon, Mrs. William Irvine, Mrs. F. Kenneth Mase, Mrs. Henry C. Naylor, Mrs. Porter Sheldon, Mrs. Harvey Thompson and Miss Frances Wilbor of town and Mrs. Charles Steel and Mrs. Earl Woodworth of Teaneck and Mrs. Frank Gibson, Mrs. William Entekin and Mrs. Harry Morton of Montclair.

Nice Work If You Can Get It

If you can get it, \$275 is nice pay for a day's work—but unfortunately there are few of us who stumble on to these jobs. The town commissioners, who by their long years in politics, should know all of the ropes of the game, found Tuesday night that there were another five who could teach them a few tricks.

However, working in their avowed interest of the local taxpayers, they waived learning the new tricks and chose to ignore the whole thing until there's some further explanation. Four members of the Essex County Board of Elections receive \$2,500 annually and a fifth, who is also the clerk of the board, draws down in the neighborhood of \$6,000.

At the recent town commission election, these officials exercised their duties in seeing that the municipal elections in Orange, West Orange, Irvington and Belleville were conducted properly. This, it would seem, was a part of the job.

Ah, but no. Belleville received—and it is understood that the other three municipalities did, too—bills this week from each of the county election board members asking

for remuneration for the day and car expense.

From Irvington they ask \$100 each, West Orange, \$50; Orange, \$75; and Belleville, \$50; plus \$45 car expense from each municipality for the five of them. This means that each board member would receive \$275 for the day's work plus slightly more than \$11 for automobile expense.

Please do not misunderstand. For this \$275 each, these officials did not count every vote individually. They merely supervised—and then only in more or less of an observer's capacity. We do not know how long this has been going on, but it is the first time that it has come to our attention.

We think, as do the commissioners, that the bill is a bit steep for the work which was done. It is true that the election officials have only one chance in four years to collect from towns where the commission form of government is in operation, but it is the old game of attempting to collect from the taxpayers twice. They are all paid annual salaries, and in addition they are asking fees for the day which must to any person's eye seem excessive. We agree with the commissioners that there should be some explanation.

Unnecessary Expenditure Of Money

The movement to change Newark's form of government to the city-manager-council type suffered a crushing defeat at the polls on Tuesday. It was as deserved as was undeserved the effort by certain groups to oust the present commissioners from their eye seem excessive. We agree with the commission.

We still adhere to the adage that it is not the form of government that matters so much as the men who run it. In a time when wastefulness must be prevented, Newark was forced to spend thousands of dollars to conduct an election that was unnecessary and unwarranted.

It was the second time within two years that the city-manager plan had been placed before the voters of Newark. Its defeat on Tuesday was far greater than that which was suffered in 1940. Then, there was justification for it. Newark was in the clutches of a controlling group which had given the city one of its worst and most costly administrations.

This week's election was prompted by no such condition. It was a revengeful move by forces which had suffered defeat in last year's election when the present commissioners were elected. The present five men have been in office one year. They have lowered the tax rate, eliminated numerous unnecessary jobs and to our opinion and that of many others have made a sincere effort to bring Newark out of the depths of disgrace and political misfortune to which it sank.

Gas Eating Customs

Elking out more miles per gallon is a major preoccupation with most of us these days. We're beginning to remember that it takes less gas to start up slowly and not try to jump the other fellow at a light. We've been forcefully reminded that there are more miles in a gallon if we keep the speedometer under 40, and leaving the motor running for any time at all is just one of the things that isn't done, these days.

Necessity for having cars inspected periodically has been questioned recently, because of the gas the trip consumes. It seems that in the general movement to conserve and preserve our possessions in a time in which we know neither if nor when they will be replaced, that automobiles surely come in for their share of careful checking. We believe official inspection is a service which should be outmoded for the duration.

Criticism That Is Not Deserved

The criticism and abuse which has been heaped upon the members of the rationing board and their assistants during recent weeks—notably the last one—is most unfair and certainly not deserved.

These men—all of them engaged in business—are patriotically giving of their time because their government has asked them to perform a duty which is vital to every American family. They are receiving no remuneration and little thanks or appreciation. They are asking for no soft words or compliments, but they do expect and are entitled to be treated decently.

Outraged citizens who have harangued, cursed and threatened the board and its employees should be ignored, but they have been given better treatment than that. The

board has tried to explain situations to them and help them as much as it is possible within their power. It should be remembered that the rationing board is doing what it has been told; that which government law and regulations charges it to perform. It is not their will, nor rules of the members' making, and they should not be abused for it.

We have had the opportunity to weekly observe the local board and its actions since it was organized. It has been fair and honest, attempting to please and meet the needs of both parties—the government and the people. If those who are so willing to criticize would approach the board with the same sincerity and patriotism which its members display, the rationers' task would be a less difficult one.

Odds and Ends From Other Pens

BUY YOUR WINTER'S FUEL NOW

We've all been advised not to hoard—and that's necessary advice indeed. But there is one basic commodity which the government wants us to "hoard" now—coal.

High officials are urging individuals to purchase next winter's coal stocks before summer ends—and preferably immediately. This, of course, isn't "hoarding" at all. It is, instead, a definite contribution to the war effort.

The reason for it is simple. If everyone waits until cold weather arrives before ordering coal, the drain on the mines and on the agencies which must transport the fuel, will be tremendous. Worst of all, that drain will come at a time—early and middle fall—when crop movements are at their peak. And in addition, war freight of all kinds will be substantially heavier in the fall than now.

The point is to get every possible ton of coal into the hands of the ultimate consumer at the earliest possible time. So, buy your winter's coal today. Then you'll be doing your part to clear the transportation lines for war traffic. And you'll also make certain that you won't be out of fuel when you need it.

—Hillside Times.

AFTER THE WAR, WHAT?

Everybody is going all-out to win the war and nothing will interfere with that effort—the man on the street, the factory worker, the housewife, the farmer, and the business man are showing grim determination to bring this war to a successful termination. But we shouldn't be human if we didn't sometimes speculate on what will follow.

We face a huge task in winning this war and just as huge a task in winning the peace. To win the peace, we must prepare now—even while we are concentrating on winning the war. No one wants to go back to days of depression, of idle plants, idle men and idle money.

American industry, built and maintained by foresight, isn't ignoring this problem. It is tackling it right now, along with the dozens of other problems created by war production itself. It's laying plans for a speedy change-over to increased civilian manufacturing when this emergency is ended.

Industrialists assure us that wonderful new products are in store for the post-war markets. A glass company is preparing to offer prefabricated homes costing about \$3,000 that can be assembled quickly to make cheap housing available; the airplane industry promises new luxury liners, thousands of new air fields for smaller planes, and employment to millions.

Such inventions and changes, forced by the war far sooner than they would have developed naturally, are the mainstay of the widely accepted opinion that a post-war depression of monumental proportions can be averted.

As Walter B. Weisenburger, executive vice-president of the National Association of Manufacturers has said, "the development during the war production period of superior manufacturing methods applicable to peacetime production embodies the promise that we may attain in the post-war period a scale of living higher than ever before."

—Industrial Press Service.

A BOON TO UNCLE SAM

America's march toward economic self-sufficiency is being accelerated by a number of relatively new commodities made from our most abundant natural resources. These materials, some of them coming from by-products once considered useless, are now replacing steel, aluminum, rubber, and other vital war elements in the manufacture of many things.

Among the most versatile of these commodities contributing to war and civilian production are masonite preswoods, grainless hardboards processed from Southern pines and hardwoods. When William H. Mason first exploded some wood chips in an industrial "gun" in 1925, he little realized that the substance he created would eventually

save millions of pounds of vital metals, at a time when the nation needs them most.

During pre-war years, preswoods were widely used in the building industry, the automotive field, and by the manufacturers of office equipment, table tops, toys, and advertising displays. As defense preparations began, they found new uses in army signal corps trailer exteriors, tank linings, shell holders for arsenals, and a new semi-plastic was developed for airplanes. Now that war priorities have taken metals away from many civil-works industries, preswoods are saving 90 pounds of steel in a new refrigerator exterior and 130 pounds of steel in a new filing cabinet.

The stern demands of war production always tax the creative genius of a nation's industries. When it becomes impossible to import certain raw materials, replacements must be found among other substances available. Products that enter new fields as alternates today will remain as staples in the peaceful tomorrow that is to come. In the case of preswood, at least, this prediction should be true. An useful commodity that is made from wood, America's most abundant natural resources, simply cannot fail.

—National Industries News Service.

MERCHANTS FACE BANKRUPTCY

Hundred of thousands of retailers in all lines of trade face certain bankruptcy if a general "price freeze" is imposed. That warning was recently telephoned to Price Administrator Leon Henderson by the National Association of Retail Grocers, an organization which speaks for more than 250,000 independent food stores.

The story behind that warning should be understood by every citizen. Long before this country became an active belligerent in the war, government officials requested retail merchandising to do everything in its power to hold prices down. Retail merchandising immediately responded. As part of their vital contribution to the anti-inflation drive, retailers generally priced their goods on the basis of original cost, not replacement cost. That is the reason why retail price increases have been substantially less than wholesale price increases. At the present time, there is actually a 12-point lag between wholesale and retail prices.

A theoretical example can be used to explain this clearly. Suppose a retailer has a stock of articles for which he paid four cents each. Due to wholesale price increases, they will cost him five and a half cents each when that stock is sold and must be replaced. But, in conformity with the government's request, he bases his mark-up on original cost and sells the articles for five cents. Therefore, if prices are "frozen solid" as of some arbitrary date, the merchant will be legally bound to sell his new stock at a price which is less than the price he must pay for it. A child can see that the inevitable result of this would be ruin.

It has been suggested that retailers "cut out frills" in order to reduce their overhead expense. But the plain fact is that up-to-date merchants are already operating with maximum economy and efficiency. It would, of course, be possible for them to eliminate advertising. But advertising is an integral part of the American business system. It is not a luxury. In the long run, advertising definitely reduces prices, by stimulating consumer interest and demand, and so making possible mass production and sale of goods.

There is the issue in a nutshell. It is an issue which affects the very existence of tens of thousands of businesses, most of them small, in this country. Retailers have voluntarily sacrificed profits in order to help consumers—and Leon Henderson himself has warmly praised them for that. If the "freeze everything" order goes through, many of those merchants will, in effect, be condemned to economic death by the very government with which they have been cooperating so well. The terrible economic repercussions would be felt in every village no less than in every city. The life of retail business literally is at stake.

—Irvington Herald.

ESSEX COUNTY POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

by Meador Wright

Surprisingly little of a decisive nature politically took place during May, although two events of paramount importance developed. First was the nomination by President Roosevelt of Thomas F. Meaney and the subsequent fight to prevent confirmation. Second was the recommendation for constitutional reform by the Constitutional Revision Commission. Over both hovered the giant shadow of Frank Hague.

The Jersey City boss, in fact, loomed larger in the public eye than at any time since 1937 when his famous "I am the Law" statement was made with appropriate actions to back up his words. The nomination of Meaney was of supreme importance to Hague's prestige. Through the hostility of Governor Edison his source of State patronage had disappeared—for the time being. A new railroad tax measure and threatened probes of Jersey City's finances made his Hudson county "take" of doubtful stability. There was nowhere else to turn except

Washington for sustenance, and there Hague turned.

He was in a position to trade with Washington because he had something that Washington needed badly. He had a potential 150,000 majority to offer a Democratic Senatorial candidate in November. Senator Smathers needed those votes to be reelected and President Roosevelt needed—or thought he needed—Senator Smathers. Hence the trade.

At the second senate hearing Tuesday objections to Meaney's confirmation came from such potent and trusted figures as Charles Edison and Mrs. Dwight W. Morrow. The outcome was in doubt, but the Jersey City dictator would at least know that he had been in a fight.

The constitutional revision report ran smack into trouble almost as soon as it had been released. The New Jersey Bar Association meeting at Atlantic City voted three to one against its recommendation that voters be permitted to pass on suggested reforms this November. These reforms would center authority in the governor and a cabinet of nine and provide a complete reorganization of the judiciary. It was the latter that infuriated the state's lawyers. But the resolution of disapproval lost most of its impact when it became known that Hudson county provided a majority of those present at the Atlantic City convention. All saw that Hague strategists had planned the move weeks in advance.

The Republican primary contest to nominate a United States Senatorial candidate is just where it was at this time last month. Neither Albert W. Hawkes nor Dr. Lester H. Clee has made a move, although just two months remain before the deadline for nominating petitions. Both men are expected to file soon but there are rumors of peace even now. Joseph A. Bower of Montclair fights doggedly on, but apparently not too successfully.

Municipal elections went about as the majority expected, although there was a mild upset in Orange. There William H. Davis won an impressive victory to be top man and mayor. Walter B. Savage staged an equally impressive comeback to be second. Commissioners Ralph E. Giordano and Ovid C. Bianchi were reelected as predicted they would be, but their reduced ma-

orities from four years ago suggested that an Italian-American name is hardly a political asset in these days of World War II.

Adelphi Players Entertained By Lawrence Buckleys

After presenting "Street of Dreams," a three-act comedy, the Adelphi Players were entertained by Mr. and Mrs. Lawrence Buckley last week at a midnight supper for the players, directors and stage managers. Also present were the families of Mr. and Mrs. Buckley and a few of their out-of-town friends, who attended the performance.

The regular meeting of the group was held Thursday evening at the home of Mrs. Lorena Clark when plans were made for a summer session of dramatic instruction in the technique of the art. A committee was appointed to prepare a program of constructive lectures and group discussions.

Chairman of this committee is the club president, Harry Hageman. Others on the committee are Mrs. Clark, general director; Marshall Whitehead, technical advisor; Allene Schenck, Ruth Hogan and Lillian Warke.

Miss Jean McNair of DeWitt avenue entertained last evening for the Misses Virginia Mermet, Gertrude Barnett, Catherine Westlake, Claire Maguire and Pat Fields.

Legion Convention Stripped Of Parade, Other Fanfare

The annual American Legion county convention will be stripped of much of its color and fanfare this year. Conforming with the policy announced by the national and state departments, it was announced this week that the county session would be confined to a one-day business session. The parade, drum and bugle corps competitions and other program features were ruled out.

Prominent among those arranging the program is William LaBaugh of this town, county vice-commander. He is being assisted in handling the general arrangements by William J. Welch of Caldwell and Nicholas Heyman of East Orange. LaBaugh is being boosted by the local Legionnaires for the county commander's post.

Receives Medical Degree

Robert Glynn, son of Mr. and Mrs. Abraham Glynn of Overlook avenue, has recently received the degree of doctor of medicine from St. Louis university. He is a graduate of Belleville high school.

Government of Brazil
The Brazilian form of government is similar to that of the United States. There are two houses of congress. The President serves four years and cannot be re-elected. The United States of Brazil consists of 20 states.

MISS SCHWIEKER WED SATURDAY

Bride of Donald E. Seeley At Ceremony In Newark Church

The wedding of Miss Jeanne Audrey Schwieker, daughter of Herman A. Schwieker of Tappan avenue and the late Mrs. Schwieker, and Donald Eugene Seeley, son of Mrs. Victor H. Seeley of Newark and the late Mr. Seeley, took place Saturday afternoon in Third Presbyterian church, Newark. Rev. E. Clay Frye married the couple. A reception at Marlboro inn, Montclair followed the ceremony.

Mrs. Cornelius DeJonge was her sister's matron of honor and Lester E. Hoyt of Pittsburgh, cousin of the bridegroom, was best man. Ushers were Cornelius DeJonge of Belleville and George P. Hodson of Newark. The bride's ensemble of dusty rose crepe was worn with dubonnet accessories and a corsage of orchids. Mrs. DeJonge was gowned in powder blue crepe with navy accessories and a mixed corsage.

Mr. and Mrs. Seeley are traveling in the west and will reside at 17 Summit street, East Orange at the conclusion of their honeymoon. Mrs. Seeley was graduated from Belleville high school and the Berkeley school in East Orange. Her husband, who is a graduate of Girard college, Philadelphia, was formerly employed by the Howard Savings institution of Newark and is now a member of the Coast Guard stationed in New York.

Doris Barmore Is Bride Of George Sheridan

Miss Doris Barmore, daughter of Mrs. Ellen Barmore of 115 Cortlandt street and the late Frederick Barmore, and George Sheridan, son of Mr. and Mrs. John Sheridan of Stephen street, were married Saturday afternoon in St. Peter's church. The bride was given in marriage by her brother, Frederick Barmore, and attended by a cousin, Mrs. Harold Estelle, of this town. William Gottes of Belleville acted as Mr. Sheridan's best man.

Miss Marie Sheridan, sister of the bridegroom, and Miss Jean Haring were bridesmaids and Eleanor Sheridan, another sister of the bridegroom and Eleanor Estelle, niece of the bride, were flower girls. A reception was held at Veterans' hall.

Vaupel-McKnight

Mr. and Mrs. George McKnight of New street have announced the engagement of their daughter Miss Marian McKnight, to Leonard Vaupel, son of Mrs. Leah Vaupel of East Orange. Miss McKnight was graduated from Belleville high school in 1941. The couple have not announced wedding plans.

Mrs. Allen Crisp of Perry street was hostess Tuesday at bridge to Mrs. Alfred Van Dusen, Mrs. Everett B. Smith, Mrs. George Lee, Mrs. Jack Robertson, Mrs. Joseph D'Angelo, Mrs. George Plumer of town and Mrs. John Dolan and Mrs. Reynold Thompson of Nutley.

Practice Surprise BLACKOUT

Area: ALL Of New Jersey.

Time:

A night during week of May 31 - June 6 (Not Tuesday or Wednesday).

Object:

Test of efficiency Protective Forces with no previous time of warning set.

TRAFFIC REGULATIONS:

During the Practice Blackout all traffic, with the following exceptions listed below, will pull to the side of the road, come to a halt and extinguish lights. Passengers should remain in their cars.

EXCEPTIONS:

A. The following traffic will be permitted to proceed with headlights on, not off:

1. The United States Mail and Postal Inspectors.
2. Doctors, Nurses and Ambulances on calls.
3. Fire Equipment and Police Cars answering calls.
4. Public Utility Repair Crews.
5. New Jersey State Guard in uniform.
6. Clergymen traveling to give spiritual aid.
7. United States Army, Navy and Marine Corps Units.

B. Vehicles used by members of the Civilian Defense Protective services en route to their posts. These vehicles must proceed as specifically listed below:

1. Vehicle must be operated with parking lights ONLY and will proceed at a speed NOT TO EXCEED 15 MILES AN HOUR.
2. During blackouts no operator of a vehicle shall drive to the left of the center line of the roadway, one-way streets excepted, except in cases where the right-hand side of said roadway is impassable and then only in such a manner as not to endanger other traffic.
3. During blackouts no driver of a vehicle shall pass any other vehicle proceeding in the same direction and shall not drive within a distance of fifty feet from the vehicle immediately ahead proceeding in the same direction, except in cases where the pavement is of sufficient width to accommodate more than a single lane of travel in the same direction and where the operator of such following vehicle is in another lane than that which he is overtaking.

No civilian defense protective unit worker shall drive his car after the siren sounds unless it is the only possible way to reach his post. As many of your volunteers as possible should WALK and not use a motor vehicle. This is an ideal opportunity to train them in this—the proper procedure.

Drivers of vehicles upon or within elevated structures, tunnels, bridges and viaducts, etc., when the air raid alarm is sounded, should be directed to proceed from such structures at the nearest exit point and to park their cars on nearby side roadways in such manner to leave an unobstructed roadway width of at least fifteen feet for the passage of emergency vehicles.

It may be necessary in congested areas for drivers to operate after the siren sounds for such distances as may be required to find a suitable parking space. They shall proceed slowly and cautiously, and with lights on until this is accomplished.

HOUSE LIGHTS, STORES, GAS STATIONS, ETC.:

Air raid wardens shall start patrolling their sectors (posts) as soon as possible after the audible warning has sounded. They shall see that all house lights that are visible from without are extinguished. Wardens will not break windows to extinguish lights during this test. Lights in radio receiving sets in the home must be shielded. Any lights left on shall be reported.

Citizens must be instructed to turn off all lights before leaving home if they expect to be away during hours of darkness. This order applies NOW!

PLANT BLACKOUTS:

Any defense plant engaged in nighttime operation shall put into effect as much of a blackout as is possible without endangering their equipment, but under no circumstances interrupt operations. In no

plant should a main switch be pulled unless precautions against sabotage have been taken. External lights that will not affect production or protection must be turned off.

LIGHTS NOT TO BE EXTINGUISHED:

- A. RAILROAD LIGHTS
 1. Gate lights
 2. Signal lights on railroad rights of way
 3. Railroad train lighting necessary for operation
- B. ARMY AND NAVY AIRDROMES AND AUXILIARY AIRDROMES
- C. AIRPLANE MARKER LIGHTS
 1. Airway beacon lights
 2. Airway lights on radio towers
 3. Airway obstruction lights
- D. NAVIGATION LIGHTS BOTH ON AND OFF BRIDGES
- E. DECK AND NAVIGATION LIGHTS ON FERRY BOATS
- F. DOCKS AND WHARVES WILL NOT BLACKOUT WHEN SPECIFICALLY EXEMPTED BY THE ARMY, NAVY OR WAR PRODUCTION BOARD
- G. EXCAVATION AND OTHER ROAD OBSTRUCTION LIGHTS

WITH ONLY THE ABOVE EXCEPTIONS, ALL OTHER LIGHTING WILL BE EXTINGUISHED.

BLACKOUT ROOM

It is suggested our citizens prepare a room in such manner that no light may be seen from outside so that during this blackout test, the length of which is unknown, the least inconvenience may be experienced.

ARMBANDS

All volunteers in protective units must keep their armbands on their persons or handy at all times. No

one must move without insignia during blackouts. Wardens, police and fire reserves, emergency medical units, etc. should put their armbands on before starting to their posts.

CAUTION

All municipalities in New Jersey have participated in a regional test blackout. We are now ready for a SURPRISE BLACKOUT of the ENTIRE STATE. This naturally involves risk of injury and death.

Accidents CAN and MUST Be Avoided!

Let's make this not only the greatest but the SAFEST Practice Blackout.

THE POCKETBOOK of KNOWLEDGE by TOPPS

ACCORDING TO PRESENT ESTIMATES, 1,700,000 MEN AND WOMEN WILL BE NEEDED TO BUILD 125,000 AIRPLANES CALLED FOR IN 1945

AS MUCH AS 75,000 GALLONS OF GASOLINE IS USED BY A MOTORIZED DIVISION OF GROUND FORCES EVERY 24 HOURS!

IN 17th CENTURY EUROPE, WHEN COFFEE WAS A NOVELTY, IT WAS CONSIDERED TO BE A LUXURY. TODAY, IT IS A NECESSITY. IN THE UNITED STATES, IT IS USED BY SEVERAL THOUSAND MILES.

INDUSTRIAL RESEARCH CHEMISTS HAVE DEVELOPED A LIQUID THAT GETS MORE USE FROM AUTOMOBILE TIRES. APPLIED TO THE TIRES, IT SAVES 500 MILES. IT IS SAID TO EXTEND THEIR LIFE BY SEVERAL THOUSAND MILES.

ANTI-AIRCRAFT GUN PRODUCTION IS NOW AT THE RATE OF 56,000 A YEAR—AN INCREASE OF 20,000 GUNS SET FOR 1942.

Annual Music Recital Held By Junior Music Group

Members of the Junior Music club gave a piano recital for parents and friends, Friday evening, at the studio of Mrs. John F. Doyle of Wilber street.

The program opened with a greeting by William Best, and "God Bless America" sung by the group, accompanied by Suzanne Seiler.

The toy symphony rendered two numbers and members played several piano duets, two trios, a quartet, classical numbers, and popular melodies. A musical recitation was given by Phyllis White, and a vocal solo by Alice Seiler.

William Best gave a biography of Johannes Brahms, followed by Brahms' "Cradle Song," played by Walter Shope. Robert Thorne and Jack Doyle added humor with musical jokes. Robert Seiler played a violin solo, "Humoresque" by Dvorak, accompanied by his sister, Suzanne. Alan Rosenberg, a Boy Scout of Troop 389, was awarded a merit badge for music.

Others participating in the program were Dolores Bjorkner, Christine Wilkinson and Phyllis Wall. The next and last meeting of the season will be held June 22 when the club will make its annual trip to New York.

Harry C. Wortman, Jr. Graduates Tomorrow From Duke

Mr. and Mrs. H. C. Wortman of DeWitt avenue left yesterday for Durham, N. C. where they will attend the graduation tomorrow of their son, Harry C. Wortman Jr. from the medical school of Duke university. They will be accompanied by their daughter, Mrs. Oram Kerst of Worcester, Mass.

Dr. Wortman was graduated from Belleville high school and did his pre-medical studying at the University of Tennessee. He will take up his duties as interne at the Hospital of St. Barnabas for Women and Children, Newark, in July.

Popular Program Slated For Rosary Society Social

The Rosary Society of St. Mary's church, Nutley, will hold its usual quarterly social and entertainment at the school hall at 8:15 p.m. on Tuesday. Mrs. John F. Ryan is chairman, assisted by Miss Harriet Bender, society president, Mrs. Stephen Downey, and Mrs. Joseph Balbach.

The program will feature Miss Dorothea Trautvetter, and the popular Bob Buchanan will act as master of ceremonies. To add to the enjoyment, there will be James McKnight, master of magic, and Bobby Kimball, eccentric comedian and dancer. John Ryan will be on hand to tell some of his radio stories. Refreshments will be served.

Services Held On Friday For Dell Reiley, Builder

Funeral services were held Friday afternoon at the Irvine Funeral home for Dell Reiley of 433 Washington avenue who died Tuesday, May 19 at his summer home at Indian Lake, Denerville. Burial took place Saturday morning in Ridgeland cemetery.

Mr. Reiley, who was born in Ledgewood, had been a building contractor in Belleville for 30 years. His death followed an illness of five years. Surviving are his wife, Mrs. Sadie Dow Reiley; a daughter, Mrs. Frederick Ewald and two grandsons, Robert Frederick and William Dell Ewald of Salt Lake City, Utah; a sister, Miss May Reiley and two brothers, Nelden and Ray Reiley of Indian Lake.

In Two — Piano Recital

Miss Clare Cash of 91 Adelaide street was among the students of the ensemble classes of Rudolph Gruen at the Juillard School of Music in New York who participated in a two-piano recital there last week.

Doris Cohen, 11-year old daughter of Mr. and Mrs. Morris Cohen of Malone avenue, appeared in a piano recital Friday evening at School No. 3, Clifton where she played solo and was also the only student to play a duet with her instructor, Harold Bender of Paterson.

Mr. and Mrs. David Nussman of Floyd street are the parents of a son, Michael Allan, born Monday, May 18, in Beth Israel Hospital, Newark. Mrs. Nussman is the former Miss Rae Gross.

CHURCHES

Reformed

Children's day will be observed June 14. Sunday school will continue through this month and convene until the Sunday after Labor day.

Church of Christ, Scientist

605 Broad Street, Newark.
"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the Lesson-Sermon subject for Sunday in all Christian Science churches and societies.
The Golden Text is: "The idols have spoken vanity, and the diviners have seen a lie, and have told false dreams; they comfort in vain."
Among the Lesson-Sermon citations is the following from the Bible: "And have no fellowship with the unfruitful works of darkness, but rather reprove them."
The Lesson-Sermon also includes the following passage from the Christian Science textbook: "So secret are the present methods of animal magnetism that they ensnare the age into indolence, and produce the very apathy on the subject which the criminal desires."

St. Peter's R.C.

Transportation Big Problem Of Learn-To-Swim Group

Belleville representatives of the Learn-to-Swim Week committee are expected to attend a committee meeting tomorrow night at the Montclair Y. M. C. A. which is sponsoring the campaign in conjunction with several other cooperating agencies.
Two major problems will be placed before the committee by Raymond D. Shepard of Montclair, general chairman. They are selection of instruction centers and provision of transportation to and from these centers for children.
All children between the ages of 10 and 16 who are unable to swim are eligible to compete, free of charge. Last year several hundred Belleville children availed themselves of the opportunity and most of these learned to swim at least fairly well.
