

HARTLEY WANTS AIR CLEARED ON RATIONING

Asks For Non-Partisan Parley; Says Conflicting Stories Should Be Studied

Charging that too many conflicting reports have been issued by persons in positions of authority, Congressman Fred A. Hartley, demanded in Washington yesterday that House leaders call a conference of congressmen representing the 17 states in which there is gasoline rationing to clarify the situation.

Joseph W. Martin Jr., Republican congressional chief, was the first to respond favorably to supporting the move.

The congressman from this district charged that there had been "delinquency on the government's part to find solutions for shortages."

"If the gasoline rationing program is being used as an indirect method of saving rubber, certainly the Eastern states should not be called upon to make this sacrifice alone. However, in recent weeks rather startling statements have been made by responsible persons asserting that adequate synthetic rubber supply could be assured in a comparatively short time with the cooperation of the administration."

"I refer," the congressman continued, "particularly to the Hourdy process of procuring butadiene from petroleum, and the Dow chemical thiolol synthetic process. The rubber problem is too vital to the American people to dismiss the proposal of any responsible person without investigation."

The representative from this section asked that a conference be held and that some of those who have made statements concerning the amounts of gasoline and rubber available be called before the congressmen who represent the area that is being most seriously affected by gasoline and fuel rationing.

Most Needed in War

"The states which are represented in the rationing program," Hartley said, "contain some of the most needed and most productive war plants. We cannot afford to have these plants lose one hour in their effort to produce. If their workers are unable to obtain gasoline or get tires, then the war program will be hampered."

"A thorough study should be made to learn if the East is being made to suffer unnecessarily while the rest of the nation rolls merrily on its way with plenty of gasoline."

Keeping cars on the road is not the sole problem, Hartley added. Thousands of home owners who have oil burners are in a quandary about the possibility of securing sufficient fuel oil to heat their homes next winter.

MORE VOLUNTEERS IMMEDIATE NEED

Defense Council Appeals To Housewives, Merchants And Town Workers

A new appeal for volunteers was issued this week by the defense council. A special effort is being made to secure both men and women who would be available for daytime duty as air raid wardens and police and fire reserves.

It was suggested at Monday night's defense meeting that in addition to housewives, merchants and town hall employees who are not now in some unit be asked to serve.

All unit chieftains admitted that it would be impossible to give the town proper protection based on the number who turned out for last week's daylight air raid. The result bore out the investigation which had been made by Defense Coordinator Harry J. Sullivan of air raid personnel.

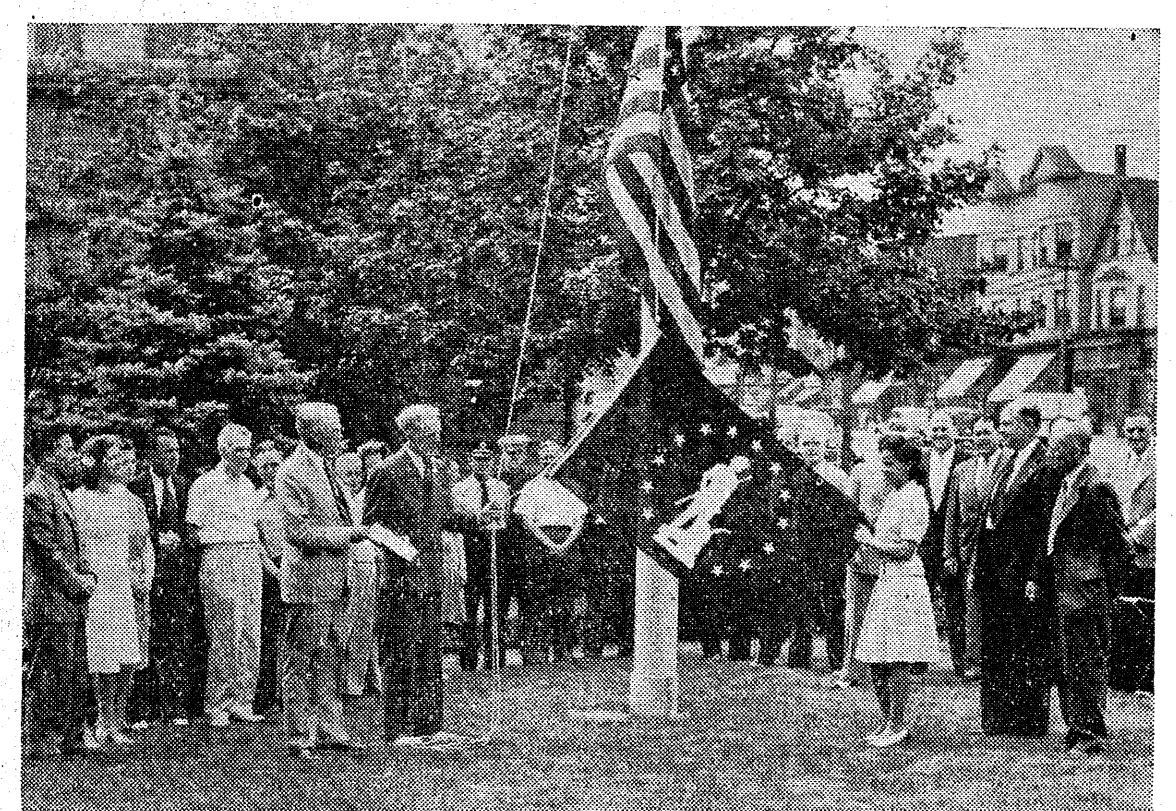

Mayor Urges That Ragweed Be Removed From Lots

Mayor Williams urged at Tuesday night's meeting of the town board that immediate steps be taken to rid vacant lots of the ragweed menace. He said that in a few weeks the weed's blossoms would be in full bloom and that many residents would suffer.

Commissioner King, who has charge of the health department said that he would attempt to obtain men from the relief ranks and other places to do the work as quickly as possible.

Minute Man Flies Over The Town Hall

MINUTE MAN OVER TOWN HALL. Flag-raising ceremonies were held at the town hall flagpole Tuesday morning marking the raising of Minute Man flag, mark of better than 90 percent enrollment of municipal employees in the payroll allotment plan for the purchase of war stamps and bonds. In addition, a certificate from the treasury department was presented to Mayor Williams by Martin F. Tiernan, chairman of the county war bond committee and president of Wallace & Tiernan company. A similar presentation was made to a representative of the school employees.

Score Public Indifference In Day Air Raid Test

Did Not Observe Regulations; Personnel Shortage And Failure Of National Guard Siren To Blow Also Cited; Want More Volunteers

Last Thursday morning's surprise daylight air raid test resulted in as many flaws being uncovered as were found in municipalities throughout the state. In a review of the test by defense officials at Monday night's meeting of the council at town hall, the following were viewed by them as the chief troubles which should be remedied immediately:

Failure of the public to cooperate by following the regulations which have been established, such as going indoors when the air raid signal is sounded.

Lack of air raid wardens, police reserves and other people for daytime service in emergency units.

Hitch in communications between police headquarters and the National Grain Yeast plant which resulted in the air raid siren not being sounded there and the fire whistle instead of the raid signal being blown at the Edison factory in Silver Lake section.

Need More Ambulances

More vehicles must be obtained which can be used as ambulances during the daytime, Norman D. Lauterette, chairman of the ambulance section reported. Out of 59 pieces of equipment which have been registered for service, only 14 reported. There were only 37 volunteers on post out of a force of 126.

Police Chief George Spatz said that only 30 police reserves were on duty out of a force of nearly 150. It was suggested that merchants who have stores might be pressed into service to work during daytime emergencies. Investigation will also be made to learn if employees working in local plants can be released, or those employed there who may serve in defense units elsewhere.

Between 85 and 95 first aid workers out of a force of 300 reported for duty, Dr. George Kaden, first aid co-chairman, said. Best record was made by the demolition force, which Hugh Welsh said had 24 of its 25 men out with trucks and other equipment.

Theodore Sandford, communications head, said that all zone posts of his section were covered with a skeleton force.

In his report, Coordinator Harry Sullivan charged that the public and not the defense organization itself, was mostly at fault. He said that there were many instances in which people refused to go into their homes or to the nearest shelter when the air raid siren was blown. Automobiles should not only pull to the curb, he said, but motorists, including passengers in buses should retire to the nearest shelter. He urged that mothers instruct their children not to continue to play in a raid but go into the house as soon as the siren sounds.

Trouble was also found with the number of cars which were

halted in the middle of the street, making it impossible for fire, police or other emergency equipment to pass.

Main St. Traffic

Complaints were also made that automobile traffic continued to enter the town both from Nutley and Newark throughout the raid. Most of the violations were in Main street where truck traffic continued to roll throughout the 20-minute test. Sullivan suggested

Warned To Get Children Inside During Tests

Mothers were urged by Defense Coordinator Harry Sullivan this week to be more diligent in instructing their children to go into the house during air raid tests.

"For children to continue playing is just as much of a violation as for an adult to do it," Sullivan said. "Children can be taught to observe the air raid signals and there are mothers who are doing it."

He related that one mother makes it a practice of marching her youngsters into the house and to their appointed shelter places every Saturday noon when the tests of the air raid sirens are held.

"Others might follow this example," said Sullivan.

that arrangements be made with plants along Main street to have their gates open to the traffic in a test or raid. Lauterette was authorized to talk with Public Service Transport officials about instructing drivers to discharge passengers after the bus has been pulled to the curb.

Sullivan also complained that most of the manufacturing plants have made no arrangements for the receipt of an air raid warning signal. He said that when girls of the communications division called the plants, in the majority of cases, the answer from some telephone operator was "so what."

He said that he had contacted each plant since the test and that he had suggested that they assign one person to be notified in event of a test.

Hornblower Ave. Property Is Offered For Sale

The board of commissioners voted at its meeting Tuesday night to place property at 42-54 and 56-60 Hornblower avenue up for public sale. The present offer for the land is \$4,000. The board recently rejected a lower offer from a Nutley builder who proposed to erect defense type duplex houses there.

Sale of 38-40 and 50-52 Parkview drive to Mr. and Mrs. Joseph Niedzinski for \$775 was also approved by the board.

Board Passes Resolution On Frederick's Death

The town commission on Tuesday night passed a resolution of condolence on the death of U. S. Navy Coxswain Harry Carl Fredericks of 33 Montgomery place. Fredericks, the first Belleville man killed in action, was lost at sea when the merchant ship on which he was in charge of gun crew, was torpedoed in the Caribbean.

SERVING MINORS CHARGE MADE AGAINST FOUNTAIN

ABC Complaint Grows Out Of Fatal Nutley Crash Killing Two

The state alcoholic beverage control commission moved for the suspension of liquor license held by The Fountain, Silver Lake night spot, yesterday and asked the board of commissioners to set an early date for a hearing on charges to be preferred by the ABC.

The specific allegation against The Fountain, which is located at 26 Watessing avenue and is owned by the Creston Holding company, is that intoxicating liquor was sold and served to minors on the night of May 2 and early on the morning of May 3 in violation of the state liquor law.

The ABC charge is the outgrowth of a two-month investigation by their investigators following a fatal early morning auto accident in Nutley in which a young girl from that town and a local youth serving in the army were killed and a 19-year-old local boy was seriously injured.

Local Soldier Died

Killed in the accident was Pvt. Stanley L. Reynolds, 24, of 207 Malone avenue and Miss Florence Bickell of Nutley, who was a teacher in Washington school there. Carl Zetterstrom of 34 Division avenue was seriously hurt. The car was driven by Carl Maiorano, 20, of 570 Union avenue, Jane Clendinning, 17, also of Nutley, was thrown from the car at the time of the crash and escaped serious injury. Another girl who was in the party, Miss Mary Hatch, also 17, was taken to her home before the accident.

The crash occurred in the early morning at the western end of High street, Nutley, on Sunday, May 3.

In statements which the four survivors subsequently made to authorities, they stated that they had been at The Fountain and, according to police, admitted that they had been drinking intoxicating liquor.

The investigation for the ABC was made by Charles DiPietro and Anthony Palmieri. The charge against the night club is: "sale, service and delivery of alcoholic beverages to persons under 21 and allowing, permitting and suffering the consumption of alcoholic beverages by such persons upon licensed premises."

Following the accident, the ABC agents obtained statements from Maiorano, Zetterstrom and the Misses Hatch and Clendinning in which all alleged that they had been served intoxicating beverages at The Fountain which had been ordered from a waiter by Zetterstrom who is 19. In their statements, the youngsters did not recall if the late Miss Bickell had had any liquor.

Named by the ABC as the waitress is Carmine Rosamilia of 189 Harrison street, Bloomfield. The young people were unable to identify Rosamilia as the man who had waited upon them although Gene D'Agostino, the president of the corporation operating The Fountain, declared that Rosamilia had been employed for a number of years regularly as a waiter and always served the section in which the minors claimed that they were served. Rosamilia denied to the agents that he had ever served liquor to minors.

Town Clerk Florence R. Morey who received the charges and signed statements of the witnesses from the ABC immediately contacted Mayor Williams and Town Attorney Lawrence E. Keenan to set a date for the hearing.

Two-Town Ration Office Moves In Tomorrow; Nutley Members Say There's Too Much Belleville

Ration Board Chairman Asks For Volunteers

Ruel E. Daniels, ration board chairman is asking for volunteers, men and women, who will assist supplemental gasoline ration books. About half of the car owners in town who registered last week for their basic A books are expected, from previous figures, to apply for supplemental gas.

It will be the task of the fuel panel and volunteers to compile, sort and issue additional ration to worthy applicants. It is expected that many applications will be received immediately, although the supplemental books may not be given out until July 22. Since the work will begin next week, those willing to offer their services are asked to leave their names and telephone numbers at the ration office at 476 Washington avenue.

'INCIDENT' TESTS FOR DEFENSE UNITS

Sullivan Announces That Series Will Be Held To Smooth Organization

Local defense volunteers will shortly have their first "incident" test, Defense Coordinator Harry Sullivan announced yesterday. The exact date of it has not been decided upon, but Sullivan stated that it would be on a Thursday night.

"Incident" tests have been started by the state council as a means of learning how volunteers would actually work in a real raid and to correct flaws which may crop up. Although workers know when the test is to be held, they do not know the nature of the "incident" which is the bombing of a section of town or the burning of a building in which a number of persons are injured.

Among the communities in this area which have already held "incidents" are East Orange, Nutley, Bloomfield and Glen Ridge. Sullivan said that at some later date a series of "incidents" would be held under the observation of the state representatives.

NATIONAL GRAIN BUYS WOOD LOT

Town Board Lets It Go For \$1,000; Don't Want Buildings

The sale of the town wood lot at 2-6 Willet street, buildings and all for \$1,000 to the National Grain Yeast corporation was confirmed by the board of commissioners at Tuesday night's meeting. The company was the only bidder on the property, which is adjacent to its present plant and holdings.

The company, represented by Norman D. Lauterette, traffic manager, said that it was willing to demolish the buildings and turn the wood over to the town or any relief agency if the town so desired. Efforts were made to boost the price but Lauterette said that was the company's offer.

"I think," Commissioner Noll remarked to Lauterette, "that you might keep some of that wood and use it to get up some steam at the plant."

"That's not appropriate to the business at hand," snapped back Lauterette.

Noll's remark was obviously directed at the failure of the National Grain Yeast air raid siren to blow during last Thursday's daylight air raid test. Lack of steam, however, was not the reason for the failure.

Nereids Row Over Weekend In Nationals At Philly

The Nereid Boat club will compete in the national championship races on the Schuylkill river at Philadelphia on Saturday and Sunday.

On Saturday, the senior squad of Al Walker, Homer and Darrell Zink and Howard Wilson will oppose the Fairmount, Penn and Malta clubs of Philadelphia. Last year the Nereids finished second in the nationals in this event at Minneapolis.

Darrell Zink and Walker will row in the senior doubles and Homer Zink in the singles on Sunday. The latter will use a new shell for the first time in this heavyweight half-mile dash.

OCD WILL LOAN NEEDED DEFENSE EQUIPMENT

Steel Helmets, Fire Supplies And Other Articles To Arrive Shortly

A large quantity of needed material and equipment which would be loaned to the town by the office of civilian defense is expected to arrive here within the next month or so. Mayor Williams announced this week that following conferences with Alexander P. Gray, state property officer, he had been assured that shipment to Belleville would be made shortly.

While no allocation has been made to the town pending the receipt of quantity figures, it is understood that the OCD will send stretchers, folding canvas cots, first aid pouches for workers, gas masks, gas proof capes and gas protective clothing.

In addition, Belleville is scheduled to get 370 steel helmets to be used by air raid wardens, 30 each of firemen's helmets, coats and pants, and an equal number of rubber boots if they are available, three trailer pumps, three skid mounted pumps, one front mounted pump, 1,476 pump tank extinguishers and 2,320 arm-bands.

Unless lost, destroyed or consumed, all materials must be returned to the government immediately upon receipt of notice demanding its recall. The equipment may be used only in a bombing, sabotage incident or other war acts and during the training of the various units.

AATM's defense council meeting, Williams, who is the acting chairman in the absence of Judge Everett B. Smith, recommended that Rev. Joseph M. Kelly, pastor of St. Peter's church and chairman of the church committee, be placed in charge of the equipment as local property officer.

Mayor Williams pointed out that he had cautioned several months ago against the expenditure of large sums of money, predicting that the federal government would shortly provide it for the municipalities.

100% FOR BONDS IS KIDDE GOAL

Novel Touch Added To War Stamp And Bond Drive At Local Plant

Employees in Belleville's largest war producing plant, the Walter Kidde company, are driving toward 100 percent enrollment in the voluntary payroll deduction plan for the purchase of war bonds and stamps.

The campaign, a feature in every one of the company's departments, was started last month and 10 of them have already gone over the top to be awarded the pennants with the Kidde seal signifying their 100 percent mark. Each Kidde worker subscribing during the campaign receives a button.

Throughout the plant colorful war bond posters are seen, constantly reminding workers that they have a second obligation to the war effort in addition to turning out war materials.

One poster, captioned "Put Out the Axis Fire," was made up especially by the company's advertising department. It shows a map of the world with Europe and the Far East aflame. Two Kidde workers are engaged in extinguishing it with "lux" extinguishers manufactured by the concern. These posters will be run throughout the contest, and as the 100 percent goal is reached, the fire will be gradually put out until it is extinguished.

When the drive opened last week, the employees were entertained by Stan Kenton's orchestra during the lunch hour. In a program in the company cafeteria, talks on the importance of buying war bonds were given by the minute men from the staff of the U. S. treasury department, Fred W. Mort, Jr., and David R. Hochberg.

War Risk and Bombardment insurance may still be applied for \$1 per \$1,000 for residence and Household Furnishings—for 1 year. Policies issued by this office will be accepted by your mortgage holder.

The newly consolidated Belleville-Nutley war price and rationing board will open its new office at 476 Washington avenue, opposite Malone Avenue, tomorrow and the five board panels will start holding regular meetings next week, beginning on Monday night.

This was decided at the first meeting of members held last night in the board of education offices at School No. 8 with Ruel E. Daniels, the newly named chairman, presiding.

The official announcement from the office of Anthony P. Miele, Essex county rationing administrator, that the board would be known as "Belleville war price and rationing board No. 2 of Essex county" touched off the only sign of disagreement.

Claiming that they were not expressing personal feelings, but were speaking the thoughts of the people of Nutley, several of the members from the neighboring town requested that Chairman Daniels put three questions to Ad-

Panel Memberships

The members of the five war price and rationing board panels which will control rationed commodities for Nutley and Belleville are as follows with all Nutley members in parentheses:

FOOD—Mrs. Dorothy Eldridge, Nutley; Robert Gordon, Raymond Metz, Mrs. Elsie Van Horn, Nutley, (alternate).

FUEL—Herbert C. Schmutz, C. V. Scanlan, Nutley; George McClaren, Tires—W. P. Hurley, Nutley; Charles Sherwood, Nutley; E. T. Gramke.

AUTOMOBILES—William Schomfisch, Nutley; H. W. Earl, David Smith, Nutley.

MISCELLANEOUS—Joseph Arnold, George Baumann, Nutley; James M. Lynch.

The panel members will choose their own chairmen at their first meetings which will be held next week.

ministrator Miele. They commented that matters were "all Belleville" to date.

Objecting to the elimination of the name "Nutley" from the board's official title, Mrs. R. W. Eldridge remarked, "The people of Nutley would resent it being called just the Belleville board."

"The people in Nutley are going to ask us why," added Charles G. Sherwood, who is the son of Nutley's mayor.

Ask Miele Three "Whys" Requesting that an effort be made to learn "why Nutley was really left out," William Schomfisch, who was chairman of the Nutley board, said that there were three questions which should be asked Miele—why Nutley had no part in the naming of the chairman, why the board was located in Belleville, and why the naming of committees was done without consulting the Nutley board?

Schomfisch added that Miele had made a verbal agreement at the time he had met with the Nutley board to explain the consolidation, that membership on the board from the two towns would be equal, exclusive of the chairman. Nutley, he said, has seven members while Belleville has eight. It was pointed out that Mrs. Elsie Van Horn of 88 North Spring Garden avenue had been named an alternate member to serve on the food panel. The Nutley members requested that Miele be requested to clarify the word "alternate."

"Mr. Miele made a gentleman's agreement," Sherwood said, "and apparently the agreement was broken by him or his office."

Daniels at first hesitated at taking charge of dealing with Miele, claiming that it was not his problem, but that of the Nutley members.

Herbert C. Schmutz of the local board interrupted at this point to explain that he felt the Nutley members "were trying to create a feeling of hatred in the minds of the Nutley people."

"Let Miele explain it," was the staff to the new nursery school, Miss M. Filomena Pomponio will be the teacher in charge of the (Continued on Page 2)

Supply Dealer Urges People To Take Ickes' Advice

Local building owners can make
an important contribution to the
war effort and can reduce their
own costs for heating if they will
follow the recommendations of
Fuel Coordinator Harold L. Ickes,
according to Henry Pinston of the
New Jersey Coal and Supply com-
pany at 119 East Centre street,
Nutley.
"It's not only good economy,"
read Ickes' statement, "but im-
perative from the national point
of view to husband our fuel oil
resources and our coal carefully.
Users of all fuel, and particularly
oil, should follow these rules for
conservation."

tive levels and down at night;

RATION BOARD

(Continued from Page 1)

comment of James Lynch, another
Belleville representative.
Not "Sour Grapes"
"I think the matter should come
through the board," Schonfisch
stated. "If we take it up sepa-
rately, it will look like sour
grapes."

Daniels then agreed to contact
Miele and request a written ex-
planation which in turn would be
published in the Nutley paper.
Schonfisch admitted that he
had written a letter to be sent to
James Kerney Jr., state OPA di-
rector, asking the same questions
but that some of his friends had
advised him not to forward it.
"The location of the board is
most inconvenient to Nutley peo-
ple," he added. It is in a con-
gested area where there are poor
parking facilities and is hard to
reach by transportation facilities.
He claimed that there had been
many protests from Nutley resi-
dents over all three of the points
he had stressed.

In opening the meeting, Daniels
said that he did not think that
he was welcoming the members of
the Nutley board or the Belleville
board but of Ration Board No. 2.
"No Boundary Lines"
"There are no boundary lines
between the two towns in this
matter. Both boards have earned
a reputation for administering
fairly and earnestly and I believe
that we can continue that way,"
Daniels said that he believed
that the matter of press relation-
ships could best be handled by
having all releases of board and
panel matters come through him.
It was agreeable to all board
members.

Each one of the five panels,
food, tires, automobiles, fuel and
miscellaneous matter will deal
with its commodity exclusively,
except in cases where one panel
may appeal to members of an-
other for assistance.

The clerical staff headed by
Lloyd W. Kenny, executive sec-
retary, will handle all routine of-
fice business, prepare cases for
the consideration of the individual
panels and issue the certificates
on cases which have been con-
sidered by each panel.

The board's office hours will
be from 9 to 6 p. m. Monday
through Friday and from 9 to 12
on Saturdays. The meetings of
the panels were staggered so that
the office would be open in the
evenings after 7:30 p. m. every
night of the week except Friday
and Saturday. If it is necessary,
arrangements will be made later
to have the office open on Friday
night.

All panel meetings will start at
7:30 p. m. with the food panel
scheduled to meet on Monday
nights; tires and automobiles on
Tuesday, fuel, Wednesday, and
miscellaneous, Thursday.

No regular meetings of the en-
tire board were scheduled pend-
ing observation of how the panel
plan works. If it is necessary,
the chairman may call special ses-
sions.

In addition to Kenny, who will
receive \$1,800, the other members
are Miss Theresa San Giacomo of
Nutley, Mrs. Alice B. Huntington
of Maplewood, wife of Assembly-
man R. Graham Huntington, and
Miss Carmella L. Lugano of this
town, all of whom will receive
\$1,260.

Increased Operating Costs

Two emergency appropriations,
each for \$5,000, were approved
by the town commission at its
meeting Tuesday night. The ad-
ditional amounts were voted to
the police department and defense
council budgets.

Growing costs, which were not
foreseen at the time of budget
introduction, were listed by Pub-
lic Safety Director Clark as the
reason for the increase in the
police department's appropriation.
He cited the increased expendi-
ture for gasoline because of the
greater use of the police depart-
ment cars since the installation of
police radio, the need of new gen-
erators and batteries for depart-
ment cars equipped with radio
and expenditures for the defense
organization.

Mayor Williams introduced the
emergency measure for the de-
fense council. It is expected that
the money will be used for fill-
ing needs which were expressed
at a meeting of the defense
council two weeks ago. Funds are
sought for the purchase of a
chassis for a truck on which an
emergency pump would be in-
stalled so that it could be used
in conjunction with fire depart-
ment equipment. Funds also are
sought for purchasing a fire-
department filing cabinet and to
pay a man to classify the finger-
prints.

BOY PEDALS WAY ON 500-MILE TRIP

Stan Whetstone Returns From
Jaunt Through New
England States

Stan Whetstone, 16-year-old
son of Mr. and Mrs. Stanley
Whetstone, of 32 Oak street, is
home after a two-week bicycle
vacation trip through the New
England states. This is a new
trip in itself but when taken by
bike as Stan did, it becomes
doubly enjoyable.

Stan began his 500-mile trip
from the home of his aunt, Mrs.
Rex Beal, in Springfield, Mass.
He traveled through Boston,
Maine, and New Hampshire. Stan
is a member of the A.Y.I.A.
(American Youth Hostel associa-
tion) which provides board, room,
and activities for bicycle enthu-
siasts along the way. Stan had
fixed destinations to reach by
nightfall. He met many other
youngsters bicycling along less
frequented roads or walking. He
reported the scenery ten times
better than along state highways.

Men Organize Neighborhood Teams For Weekly Fun

Rival ball teams have been or-
ganized by male residents of Pe-
rery street for weekly games and
get-togethers which these men
hope to substitute for the week-
end trips which gasoline ration-
ing makes impossible. Chief spon-
sor is Allan Crisp of 23 Perry
street who will entertain the
groups at a hot dog roast to-
morrow evening on his lawn. The
teams will first play at the rec-
reation house.

Emery S. Goody is manager of
the North Ends, topographical
designation for one team, and
William F. Holder of the Dead
End Kids. Holder is acting in the
absence of Robert G. Sutherin,
actual manager of the latter ag-
gregation.

Fire Reserves Not Cops Won Those Events

The Times was taken to task
from numerous sources this week
for an error in reporting the re-
sults of the Fourth of July at-
tractions at the municipal stadium
staged by the various civilian de-
fense units.

It was stated last week that
the police reserves had defeated
their fire reserve brothers at soft-
ball and also in a tug-of-war. The
situation was quite the reverse
with the firemen taking both
events.

The story also failed to include
the name of Mrs. Mae O'Connor
of 128 Smallwood avenue as one
of the first aid workers who
helped to treat the fire reserve,
Ray Boxer, who suffered first de-
gree burns during part of the
unit's demonstration. The Times
shares the responsibility for this
error with the civilian defense of-
fice which reported the results.

CHILD NURSERY

nursery. She will have an assist-
ant teacher, trained nurse, cook,
and janitor under her.

WPA To Pay Staff

The WPA will supply the funds
for the staff, and the town will
pay for the equipment. The school
will not be able to accommodate
more than 25 children at the start.
Qualified volunteers will be ac-
cepted for the nursery.
The full plan for the nursery,
indicated by Mrs. Reiner, would
be an incorporating nursery
school care, hot lunches for the
children, after school supervision
and foster day care. The town
will partially pay for food costs.
The organized program for the
nursery will include play periods,
rest periods, and servings of fruit
juices and milk at different hours
during the day.

Mrs. Reiner, who was in charge
of the survey for Community
Service bureau to determine the
children under the age of two
should not be away from their
mothers if possible, so the bureau
helps the mother to stay at home
if she has children under two.

In the survey made in Septem-
ber, there were 600 working
mothers; 160 children were under
five years; 500 were between five
and ten years; 525 were ten or
over. Today, there are 47 local
concerns employing women. One-
half of those are doing defense
work and one-half are in the
nursery school age group.
There are 2,266 women now em-
ployed with 1,600 of them in de-
fense. The plans say they need
still more workers and hope that
they will have 800 more by the
end of the year.

NEGRO TROOP IS INVESTED

B. S. A. Council Officials At
Monday Night's Affair
At Zion Church

An investiture service was held
Monday evening for the newly
organized Boy Scout Troop 313
at Little Zion U. A. M. E. church,
154 Stephens street Rev. Harry
C. VanPelt made the invocation
and presentation of the charter
by Howard McMaster of this
town, a member of the Robert
Treat council of Boy Scouts, fol-
lowed. Scoutmaster Haynes of
Newark Troop 72 gave their mem-
bership cards to the troop com-
mittee for membership.

Others participating in the cer-
emony were Joseph O'Farrell of
the Robert Treat council and Robert
Lloyd, a Newark neighborhood
commissioner, who addressed the
audience on the advantages of
scouting. Eagle scout Churchman
of Troop 67, Newark, presented
membership cards and pins to
the boys of the new troop. They
are William Barnett, Harold
Epps, Curtis Gilmore, Raymond
Teoman, Robert Smith and
Charles and William Smallwood.

Charles Smallwood, Sr. and Ed-
son Salters constitute the mem-
bership committee. Harold Epps,
scoutmaster, received his badge
of office. The troop will meet
weekly on Monday evenings from
7:30 to 9.
Milo Salters, who would have
served as assistant scoutmaster,
has been in the army for several
months. In his absence his papers
were accepted by his mother.

Vincent C. McCoy, 28, Dies After Three-Week Illness

Vincent Charles McCoy, 28, of
103 Washington avenue, died
Thursday at East Orange General
hospital after an illness of three
weeks. Born in Belleville, he was
graduated from St. Peter's school
and worked for a short time at
Osborne company of Clifton, be-
fore becoming associated with his
brothers in operating McCoy's
tavern at 453 Washington ave-
nue.

He leaves a wife, Laura J. Mc-
Coy, and an infant daughter,
Mary Patricia; his mother, Mrs.
Mary Ward McCoy and brothers,
Thomas, Andrew and William of
160 Mill street; another brother,
Richard, of 127 Malone avenue;
and two sisters, Mrs. Fred Snyder
of 144 Liberty avenue, and
Mrs. John Judson of 712 Jora-
lemon street.
The services were held from
the George F. Kiernan Funeral
home, 101 Union avenue, and a
requiem mass was offered at St.
Peter's church on Saturday.
Burial was in St. Peter's ceme-
tery.

INFLATION MOVE IS OPPOSED

Defense Council Is Against
Price Spinning; Writes
Representatives

The defense council went on
record this week as opposed to
the efforts being made in con-
gress to curb the program of the
OPA as planned by Administrator
Leon Henderson.

Acting on the recommendation
of Dr. E. A. Nyiri, chairman of
the consumers' interest section,
the council expressed itself as op-
posed to the spiraling of prices
and any measures which would
tend to help inflation. They also
went on record against the recom-
mendation now before congress
that Secretary of Agriculture
Wickard be given veto power over
Henderson's office on food and
clothing ceiling prices which
would affect the nation's farm
regions.

Copies of the resolution will be
sent to senators and representa-

tives from this state.
"It is obvious," Dr. Nyiri said,
"that the great mass of consumers
expect and should be protected
against inflation." Once the ceil-
ing on prices is broken, he con-
tinued, inflation is bound to re-
sult.

Billy Gabrielson, son of Mr.
and Mrs. Christian Gabrielson of
8 Fairview place, is home from
the Presbyterian hospital, recup-
erating from a minor operation.

State Growers Get Bigger Share of Chain Stores' Business

Cash returns to New Jersey growers and shippers rose 47 per cent to \$3,074,444 last year on fresh fruits and vegetables sold through the Atlantic Commission company, produce-buying affiliate of the Great Atlantic & Pacific Tea company, it was reported today. This figure compared with purchases of \$2,095,519 in 1940. The report on New Jersey operations was part of an analysis of the food chain's national produce operations made by John A. Hartford, A & P president, showing that continual shortening of the route from farm to family dinner tables enabled the company in 1941 to return to its farm suppliers 7.8 cents more of each dollar spent by consumers for fresh fruits and vegetables than in 1937 and 1.1 cents more than in 1940. This represents increased returns to growers of 16.7 per cent over 1937 and 2.06 per cent over 1940, he pointed out. He stated that the increase in cash returns to New Jersey growers and shippers last year accompanied a rise in the company's tonnage purchases of New Jersey-grown fresh fruits and vegetables from 5,984 carlot equivalents in 1940 to 6,034 in 1941. Last year's purchases included the equivalent

of 1,582 cars of potatoes, 380 of tomatoes, 931 of peaches, 341 of apples, 759 of sweet potatoes, 317 of asparagus, 491 of strawberries, 200 of corn and 280 of peppers. The remaining purchases were of spinach, cabbage, lettuce, rhubarb, radishes, beets, beans and miscellaneous produce. The bulk of these purchases was made directly from growers and shippers in producing areas, with the balance made up by spot purchases at terminal markets, the food chain's president said. He explained that the greater part of these purchases was moved to consumers through A & P stores in many states with some tonnage sold through other trade channels. An important development in the past few years has been the company's increased use of the method of delivering produce from growing areas to warehouses and rail unload yards, and from there direct to retail stores, and the practice of moving fruits and vegetables direct from growing areas by truck to retail stores wherever possible, Hartford explained. Today most fruits and vegetables sold through A & P move to consumers in one to three marketing "steps" — compared to as many as eight or nine under old-line methods, he said. "We believe the results achieved are particularly significant today as an indication of how teamwork between growers and distributors can achieve the marketing economies and increased consumption of health-giving foods so vitally needed in war time," Hartford said.

Realtor Board Has Become Gas-Saving Minded

The board of realtors of Bloomfield, Glen Ridge, Nutley and Belleville will hold its annual outing this year in what it considers to be its own back yard so that there will be no unnecessary consumption of rubber and gasoline.

Little more than a mile will have to be travelled by any member to attend the outing which is to take place next Thursday at the Forest Hill Field club in Bloomfield and groupings have been arranged so that a minimum of cars will be used to transport those who attend.

Henry J. Weber of Bloomfield is chairman of the committee arranging the affair and is being assisted by Whitney H. Reddy, also of Bloomfield and Andrew E. Blossom of Nutley.

Entertainment features will include golf, swimming and games with a dinner at 6:30 p.m. to be followed by dancing. The families of realtors and members of their office staffs also will attend.

Briden-Preston Nuptials Told

Mr. and Mrs. H. C. Preston of 203 Washington avenue announce the marriage of their daughter, Miss Elizabeth Belle Preston, to David Edwin Briden of 143 Cedar Hill avenue.

The marriage took place July 7 at 8 p.m. in the rectory of Christ Episcopal church. The Rev. Peter R. Deckenbach officiated.

The bridegroom is a petty officer, first class, in the naval reserve.

Expansion Forces Park Lane To Reduce Office Size

Expansion of working quarters due to the increased pressure of business has forced the owners and proprietors of the Park Lane Cleaning and Dyeing establishment at 547 Washington avenue to give up part of their office and reception center.

Partitions in the building have been moved forward and the rear workroom substantially increased in size. Mrs. and Mrs. Sylvester Lorens are the owners.

Harry Simon's Wife To Run Liquor Store In Absence

Harry Simon, proprietor of Simon's Wine and Liquor store at 547 Washington avenue, will leave tomorrow for army service. He was inducted 10 days ago. In his absence Mrs. Simon will conduct the business assisted by Lawton Cox. Due to emergency conditions there will be no deliveries on Sunday or Monday of each week.

Permission for Mrs. Simon to act with power of attorney for her husband and operate the business was granted this week by the state department of alcoholic beverage control.

McCann Made Corporal

Pvt. James J. McCann of Hawaii has recently received the rank of corporal according to a message received by his parents, Mr. and Mrs. Michael J. McCann of Belleville avenue. Joan McCann, his young sister, has received a gift of a native Hawaiian costume from her brother.

Miss Lillian Davis of Howard place returned this week from a 10-day vacation at Spring lake.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening, July 14, 1942, having been read in its final form at least one week prior thereto and is therefore now a law and hereby published according to law.

NOTICE

PUBLIC NOTICE is hereby given that the following ordinance was passed on second and third reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening, July 14, 1942, having been read in its final form at least one week prior thereto and is therefore now a law and hereby published according to law.

FLORENCE R. MOREY,
Town Clerk.

AN ORDINANCE PROVIDING FOR

RETAINING WALLS IN THE REAR OF THE BELLEVILLE TOWN HALL, AND THE NORTH SIDE ADJACENT TO BELLVILLE AVENUE, ALONG THE EAST SIDE IN THE REAR OF PROPERTIES FRONTING ON VALEY STREET AND ON THE NORTH SIDE ALONG THE NORTHERLY LINE OF TOWN PROPERTY, AND PAVING A PORTION OF AREA WITH 6" CONCRETE BASE, APPROPRIATING THE SUM OF ONE THOUSAND (\$1000.) DOLLARS, TO BE PAID BY THE BOARD UPON THE ISSUANCE OF BOND ANTICIPATION NOTES FOR SAID PURPOSE.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

That concrete retaining

walls be constructed in the rear of the Belleville Town Hall as above described, and that a portion of above described area be paved with 6" concrete base.

Section 2. It is hereby determined and stated that it is necessary that the Town of Belleville, in the County of Essex, shall

in the immediately preceding paragraph, and that the estimated amount of money estimated to be raised from all sources for said purpose by the Town of Belleville is \$1000.00, and that the estimated maximum amount of notes necessary to be issued for said purpose is \$950.00.

Section 3. To finance said purpose there is appropriated the sum of \$50.00 which sum has been made available for said purpose in the budgets of said town, and consists of a portion of "Reserves for Capital Outlay and Down Payment."

Section 4. To finance said purpose there shall be issued pursuant to the Local Bond Act of the State of New Jersey in anticipation of the issuance of bonds, Bonds, Anticipation Notes of

said town, which shall not exceed in aggregate principal amount the sum of \$950.00. Said notes shall bear interest at a rate which shall not exceed six per centum per annum (6%) and may be renewed from time to time pursuant to and within the limitations prescribed by

notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 5. Not more than Fifty Dollars of the sum to be raised by the issuance of said notes may be used to finance interest on obligations issued to finance said purpose, whether temporary or permanent, or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of such obligations, as provided in Section 4.01:55

Section 6. It is hereby determined and declared that the period of usefulness of the purpose for the financing of which said notes are to be issued is a period of thirty years computed from the date of said bonds.

Section 7. No part of the cost of making said improvement has been or is to be specially assessed against property

Section 8. It is hereby determined and declared that the Supplemental Debt Statement required by said Act has been duly made and filed in the office of the Town Clerk of said town, and that such a statement so filed shows that the gross debt of said town as defined in Sec-

creased by this ordinance by \$950.00, and that the issuance of said notes is permitted by an exception to the debt limitations prescribed by said Revised Statutes contained in Subdivision (d) of Section 40-1-16 of said Revised Statutes.

Section 9. This ordinance shall take effect twenty days after the first publication thereof after final passage.

Passed first reading: June 30, 1942.
Passed second reading: July 14, 1942.
Passed third reading: July 14, 1942.

ADOPTED: July 14, 1942.

After reading of the 135-word telegram from Stewart at the meeting, Mayor Williams said the library had been notified that the copy was available.

"This is a departmental matter," Williams remarked. "I'm not going to have the library board drawn into politics." Stewart was Williams' severest critic during the recent campaign.

In the telegram, Stewart said in part:

"Two weeks ago a letter was sent to your board by the trustees of the library board requesting that you advise the board of the state tire rationing quota special permit which was granted to the city by OPA headquarters here."

Beatty, a resident of Belleville for the past eight years, resigned his position as branch manager of the Newark branch of the Packard Motor company of New York to serve with the office of Price administration. He is connected with the main office at 20 Washington place, Newark.

His duties will consist of assisting in the administration and supervision of tire rationing in war price and rationing board throughout the state.

FAREWELL PARTY FOR NAVY MAN

Ensign Huemer Leaves For
Training At Harvard;
Aunt, Uncle Hosts

Mr. and Mrs. Joseph D. Huemer of 179 Cedar Hill avenue gave a farewell party Saturday night for their nephew, Ensign Joseph Wilson Huemer, who received his commission after enlisting in the navy. He left Sunday for Harvard university, where he will receive further training.

Ensign Huemer is the son of Ludwig Huemer of 749 Highland avenue, Newark. He was graduated from Barringer high school and Montclair State Teachers college, and was on the faculty of the Pleasantville, N. J., high school for the past two years. He married the former Kathleen Watt of Newark last August.

Guests included Mrs. Richard Watt, Mr. Ludwig Huemer, the Misses Gertrude Anne and Frances Evelyn Huemer, Mrs. Ottilie Baumgartl of Newark, Mrs. George Schlegel of West Orange, Mr. and Mrs. Frank Jirak of Nutley, Mr. and Mrs. Ernest

Koehne, Miss Helen Koehne, Mr. and Mrs. Hans Endle, Mrs. Joseph Jirak, Mr. and Mrs. Henry Jirak and daughter Joan, Mr. and Mrs. George Baumgartl and daughter Gerorgette, Miss Doris Eleanor Huemer and Bobby Huemer of Belleville.

Miss Elizabeth Gill, daughter of Mr. and Mrs. Lloyd Gill of Montgomery place, spent the weekend at Asbury Park with Miss Agatha Leavitt of Montclair and Miss Regina Langvin of Newark.

Mr. and Mrs. Andrew Conklin Sr. of Montgomery place recently celebrated their 35th wedding anniversary at a surprise party given to them by their four children, Kathryn, Helen, Elizabeth and Andrew Jr. Guests were relatives and friends from Belleville, Newark, Bloomfield and Orange.

The Friendly club met Tuesday afternoon at the home of Mrs. Harry Mueller of Franklin avenue. Guests were Mrs. Maurice E. Mott of Nutley and Mrs. William S. Kitchell, Mrs. William C. Koehler, Mrs. Walter A. Kayser, Mrs. James Mazereli, Mrs. Joseph T. O'Brien, Mrs. Fred Singer and Mrs. Henry D. Riepe Jr.

Raymond Roe, son of Mr. and Mrs. Frederick Roe of Wilber street, was honored yesterday at a party celebrating his second

birthday. Guests were his grandparents, Mr. and Mrs. Edward Shiel of Bloomfield and Mrs. Raymond Roe of Newark, Thomas, Edward and Margaret Shiel of Bloomfield, Mr. and Mrs. Clark Holcom of West Orange, Mr. and Mrs. Harry O. Holzhauser of Ligham street and Mr. and Mrs. William Fulton of Wilber street.

Mrs. Harold Schultess and sons, Warren and Stuart, of Montgomery place are spending the week at their bungalow on Upper Greenwood lake. Harold Schultess and Leroy Brown, also of Montgomery place, will spend the weekend there.

Mr. and Mrs. Edward Rochau of Fairview place were hosts for the members of the Montgomery Presbyterian church choir Tuesday evening. Members present were from West Orange, Bloomfield and Belleville. Mr. and Mrs. Harry Snyder, Mrs. Elma Perry, Misses Mary and Gladys Perry, Doris and Betty Kleinknecht and Helen Loyd and Isabella Rochau attended from town.

Mr. and Mrs. Walter A. Kayser of Franklin avenue will entertain tonight for Miss Helen McCarthy, and Peggy Boyce were guests Wednesday evening at the home of Miss Eleanor Galari of Lyndhurst.

The Misses Jean Goeke, Emma Goldacker, Marjorie Breen, Muriel McCarthy, and Peggy Boyce were guests Wednesday evening at the home of Miss Eleanor Galari of Lyndhurst.

The Misses Viola and Evelyn Signorini of North Ninth street have had as a guest for the last two weeks Miss Lorraine Sardi of Springfield, Mass. She will return home Saturday. The Misses Signorini will go back with her and stay in Springfield for two weeks.

Mrs. Theodore H. Van Horn of Little street and her sons, William and Lawrence, returned early this week from Cape May.

Weds Saturday

Miss Providence Leta

Miss Providence Leta, daughter of Mr. and Mrs. Michelangelo Leta, of 41 Stewart avenue, Irvington, will be married to Frank Greco, son of Mr. and Mrs. Sebastiano Greco, of 277 North Belmont avenue, on Saturday at St. Leo's church, Irvington, at 4:30. The bride will be given in marriage by her father. Sam Pandolfi, of Nutley, cousin of the bridegroom, will be best man. Miss Sarah Villardi of Kearny will be maid of honor.

The bridesmaids will include the Misses Virginia Pandolfi, cousin of the bridegroom, Josephine Pignato of Irvington and Rose Ackerman of Irvington and Rose Palmieri of Newark.

Charles Pandolfi of Nutley, cousin of the bridegroom, Fred, Domerick and Joseph Leta, brothers of the bride, will act as ushers.

Miss Leta's bridal gown of off-white satin will be trimmed with cording in a scroll design from the waistline to the scalloped hem. She will carry a bouquet of gardenias.

Miss Vera Treppinger of Dunellen will be flower girl. She will wear a pea green mousseline de soie, similar to the maid of honor. They will carry bouquets of yellow African daisies. Two bridesmaids will wear yellow and two orchid mousseline de soie gowns and carry African daisies.

The bride is a graduate of Irvington high school. The bridegroom attended the Belleville schools and is now connected with the Lionel corporation of Irvington.

After the church ceremony, a

reception for several hundred guests will be held in St. Anthony's parish hall.

After a honeymoon of two weeks in the Pocono mountains, the couple will reside at the Stewart avenue address.

Teddy Cherry, son of Mr. and Mrs. Theodore Cherry of Hornblower avenue, left this week for Camp Columbus, Culver lake where he will spend a month. The Cherry's daughter, Mary, returned Sunday from a 10-day visit with Sheila Fried at Beachwood.

Gilbert Henris, Edward Adler, Doris McDonnell, Doris Johnson, Irene Rawcliffe, and Mary Douglas, members of the Epworth league of the Wesley Methodist church, were guests of Mr. and Mrs. Joseph Nirms of Cape Breton, last week.

Know Your

Do you know what foods contain vitamin A? What you should eat to get vitamins B and C? That vitamin D is to be found in specially vitamin-enriched milk? Do you know what happens to you, if you don't have the vitamins and proteins and the calcium you need?

Sometimes the data you read on food values sounds complicated, but there are charts that make it all very simple and easy to follow. Our Home Economics Department can help you. A Home Service consultant will be glad to furnish nutritional facts, help you to plan menus that include the foods your family needs. Just call the Public Service office nearest you. We make no charge for service of this kind.

PUBLIC SERVICE

V. F. W. Auxiliary To Hold Card Party on July 22

The Pvt. George A. Younginger V. F. W. auxiliary will hold a card party at the post headquarters in Belleville avenue on July 22. Mrs. John Kant, chairman, will be assisted by Miss Jane McArt, and Miss Irene Wirtz.

You Can't Travel, But You Can Read About Country

Rationing may be keeping you from travelling where you want this summer but you can become familiar with some of the nation's

wonders by reading some of the travel books which are on the shelves of the public library. Included in the list are Along New England Shores, Verrill; A Wonderland of the East, Kitchen; Lure of the Great Smokies, Mason; Southerner Discovers the South, Daniels; Highways and Byways of the South, Johnson; Mostly Mississippi, Speakman; We Explore the Great Lakes, Waldron; Footloose in the West, Finger; Trails Through the Golden West, Frothingham.

New Members Are Wanted For Coast Guard Auxiliary

An appeal has gone out for new members by the U. S. Coast Guard auxiliary which meets semi-weekly at the Newark Motor and Yacht Club, Riverside avenue, Newark. Men with boating experience will

naturally be preferred although training classes will be organized for those who are not experienced according to Commander R. J. O'Brien of 49 Belmore street. Boats are also needed.

The auxiliary would also like to recruit immediately radio amateurs of 8 years or over whether or not they have their own equipment. Men who can qualify are requested to contact Commander O'Brien at his home or by calling Be 2-3818. Meetings are held on Monday and Friday evenings at the Newark Club.

Elected To Y. M. C. A. Cabinet

James I. Hyde, son of Mr. and Mrs. Elmer S. Hyde of 43 Rossmore place has been elected vice-president of the Y.M.C.A. cabinet of The Peddie school at Hightstown for next year. Hyde has been a student at Peddie since 1939. He is a member of the Gold Key society, the house committee and a letter man in baseball, basketball and lightweight football.

Jane Eleanor Conway Bride Of Little Falls Man

Miss Jane Eleanor Conway, daughter of Joseph D. Conway of 332 Stephens street, was married Saturday afternoon to Edwin Arthur Lenk Jr. of 15 Center street, Little Falls. The marriage took place at the home of Miss Conway's aunt, Miss Eleanor Graves, and the Rev. Edgar Compton of the Wesley M.E. church officiated. The bride was given in marriage by her father and attended by Mrs. Joseph Schmidt of Broomfield. Miss Conway wore a street length gown of pink, and carried white gladioli, while the matron of honor wore a blue street length costume and carried pink roses. Best man was Mr. William Post of Belleville, uncle of the bridegroom.

The bride was formerly on the staff of the Belleville Public Library, Mr. Lenk is with the Erie Depot in Jersey City.

Vosburgh-Wicks Troth

The engagement was announced last week of Miss Betty Wicks of Hartford, Conn., to Raymond Vosburgh, Jr., U. S. N. R., son of Mr. and Mrs. Raymond Vosburgh of 85 Fairway avenue. Miss Wicks is the daughter of Mr. and Mrs. Charles Wicks.

Mr. Vosburgh, who was graduated from Belleville high school and Pace institute of New York, was employed in that city for several years before joining the navy last April. He has been stationed at the Great Lakes Naval Training station until the recent furlough during which his engagement to Miss Wicks was announced at her home. He has now reported to the University of Chicago where he will study radio.

SAFeway Homemakers' Guide

NUMBER 7 ★ How to save time and trouble in shopping ★ A list of money-saving foods to check ★ A timely story with a moral

This is a lesson in shopping that's worth reading

Because the war has made "time" more precious than ever before, it has become practically a patriotic duty to streamline our daily schedules as much as possible. This means our food buying habits must change. For one of the best ways to save time is to cut shopping trips down by planning menus and market lists a week in advance. These suggestions from the Safeway Homemakers' Bureau should help you in your planning.

Perishability is the best guide for dividing up your purchases. Staples like flour, salt, potatoes, canned and packaged goods can be bought weeks in advance. It's wise to replace them as soon as they're used, so you won't be caught short and, too, so you won't have to carry huge armloads at the end of the week.

Extra-heavy purchases can be saved for times when you'll have your car or can share a neighbor's, lightening your bundles on other days. And another thing, enough citrus fruits, bacon, coffee, butter, and eggs can be bought all in one trip to last a week or more. With these out of the way early in the week, you'll need to think only about buying perishable foods.

Foods that will keep 3 to 4 days without spoiling include most meats; vegetables like carrots, turnips, beets, parsnips, squash, egg plant, corn, tomatoes; most under-ripe fruits and the like. Buying these foods in advance saves extra shopping trips.

The most perishable foods, those which will keep only a day or two, are fresh green and leafy vegetables; ripe fresh fruits; fresh fish, chicken, and ground meats; fresh dairy products; bread, cake, pastry.

To get your money's worth in vitamins and minerals, use fresh leafy and green vegetables the same day you buy them. As soon as you get them home, wash them quickly in a small amount of water, drain, and keep them in a covered container in the refrigerator until just ready to use. Don't pare or cut the vegetables until just time to cook or serve. Exposure to warm air, soaking in water, and cutting vegetables all tend to cause loss of vitamins and minerals.

All about cooking weights and measures
Read the July 17th Family Circle article "Kitchen Arithmetic" for complete charts on weights and measures and equivalents used in cooking. Out Thursday, free at Safeway.

Belleville Needs Your Help Immediately

A serious state of affairs has been reached in civilian defense. It is one which was faced, but which was not so obviously apparent until the daylight air raid test was held last Thursday.

Belleville's defense volunteer organization is operating at less than 50 percent of its full strength for the greater part of the daylight hours. This is not singular, for surveys made by civilian defense directors throughout the state show that a comparable situation exists.

However, it is serious and it is one that must be reckoned with immediately if we are to be assured that Belleville will be prepared to meet the worst. Too many still apathetic citizens have the faulty conception that civilian defense is a play toy conceived to use up the energy and enthusiasm of zealous, war-conscious people. If they will only look at pictures and read the stories of the horrors to which civilian populations in many war-torn countries have been subjected they will realize that this is far from the truth.

The people must protect themselves and they must all cooperate to help protect each other. We are quite proud of our organization of more than 1,200 defense volunteers, but it represents less than five percent of the town's total population.

Let's Not Be Provincial

Community provincialism has no place in this war effort. It is unfortunate that the consolidation of the Nutley and Belleville rationing boards has been given that tint through statements which have been made in Nutley over the appointment of a Belleville resident as the chairman of the joint body.

It is to be hoped that personal feelings or preferences which may have received a jolt when the appointment was announced by the state OFA director will be forgotten in light of the important task which every one of these board members has ahead.

While Belleville may have been honored by the selection of Ruel E. Daniels as the board chairman, Nutley enjoyed the juiciest plum of all, the appointment of one of its residents to the post of paid executive secretary. The location of the ration office in Belleville should not arouse any dissatisfaction for regardless of where it had been placed, it would have been inconvenient for some residents of the two communities.

Don't Play Politics With Prices

One of the greatest economic dangers faced in this country is inflation. As a nation, we have more money to spend this year than we probably have ever had before. In most any commodity that can be named, there is a shortage. This means that those of us who have the most money to spend will be most likely to get what we want.

If we are willing to pay any amount which is asked, it means that some will do without, there will be greater profiteering and money will be increasingly squandered. All merchants and all landlords are not dishonest or bent on soaking the public to make as much profit for themselves as is possible, but it must be admitted that there are many who are attempting to take advantage of present day economic conditions.

The efforts of the office of price administration to institute maximum price and cost of living regulations are preventive efforts to assure us that we will not be subjected to the horrors of inflation or the ills of profiteering. Unless, in a general sense, the demands of the OFA are adhered to, there is trouble ahead.

Despite the all-out appeals being made to the nation to make personal sacrifices,

Are there no more patriotic residents? Are there no more who cannot give some of their time to safeguarding their own lives and those of their families, relatives and neighbors? We hate to think that such is the case. Isn't it just that many people are still not aware of what it is all about? They have failed to realize how serious it all is and that they must do something.

As much as we dislike thinking about it, what would happen here if there was a daylight raid? Small children playing in the streets, untrained mothers screaming frantically about the neighborhood attempting to find them and an undermanned defense organization attempting to calm the excited, extinguish fires, aid the injured, rush people to shelters and handle the hundred and one other things that could occur in an air raid.

We need more air raid wardens, police and fire reserves, first aid workers and people to serve as ambulance drivers and in the communications section. We need housewives and men whose work keeps them in town during the day to fill in for those who are out of town most every day in the week. They are needed now so that they can be trained—not when the bombs start to drop—then it will be too late.

Won't you play your patriotic part by aiding your country in its home defense?

There have been no disgruntled words spoken by members of the Belleville board over the selection of a Nutley man as the board secretary. The members have indicated that they intend to apply the same effort and the same determination to perform a good job for the residents of the two towns and for the government they represent as they have done in the past.

Mr. Daniels is in town and is available for service any time of the day. He is an attorney and well qualified as an administrator. In the months that he has served as the secretary of the rationing board, he has through his knowledge relieved much of the work that would have otherwise been placed on the shoulders of business men who are devoting precious hours to this work.

More than a full year before Pearl Harbor, the governor of this state set up a plan for the organization of community defense councils. Audley H. Stephan was placed in charge of the organization work and under his able leadership, New Jersey became one of the first states in the country to start toward the goal which we are still aiming to reach today.

Despite daily reports of bombings and the tremendous loss of life among civilians—and the dark war clouds which were hanging over our heads—a state of apathy gripped the public and many municipal officials as well. It was not until the spring of 1941 that Mayor Williams called together civic leaders for the formation of Belleville's civilian defense council which was subsequently headed by Everett B. Smith, police judge.

Even this act failed to awaken the enthusiasm of the general public—or, it must be confessed, that of the council members themselves. However, they were largely handicapped by the inability of the public to fully grasp the seriousness of the situation.

As the bombing of Pearl Harbor on December 7, 1941, electrified the nation into action so it did in Belleville. From defense council heads down everybody wanted to be of some assistance—to do their bit. Hundreds of offers to serve as volunteers poured into the town hall from willing citizens. Within a few days' time, the defense council augmented by a staff of town hall workers found itself deeply mired in work.

Passage of this legislation would affect every family. It would lead to rises not alone in many foods but in clothing materials as well. The farm bloc is strong. For years it has played a shrewd game for all it could get on Capitol Hill. By its strength and by its ability to bargain, it has whipped congress into line for what it has wanted.

But, this is no time for playing cheap, personally profitable politics. The nation's very existence is at stake. A little less worry about political gains and a little more interest in the nation's welfare is what the people want from congress.

If War Should Come To You--?

This war is different from any other which has been fought in history. Early in the conflict nations learned that there was no line of demarcation which separated the fighting front from the rest of the population.

This is a war of total destruction in which those in their homes are just as much in danger as are those on the battle line, and in which the cooperation and effort of those on the home front is as much needed as is that of the fighting man.

Just as the cities and towns of England and other countries have been subjected to brutal bombing attacks, sabotage and other destructive efforts to hamper the war effort, our federal government believes that, despite our distance from the scene of actual fighting, we must be prepared to meet any attack.

To this end, the federal government, aided by state and municipal authorities long before Pearl Harbor set in operation the machinery for the proper organization of home defense. Millions of dollars have been appropriated to assure the safety of the general public in event of a state of emergency, and millions have responded to the call to make this organization possible.

Thus it devolves upon the citizens of Belleville to do everything possible to protect themselves against any possible catastrophe. To do nothing, in the belief that "it can't happen here" would be criminal folly, as over and over again this war has demonstrated that it is against the unpredictable that we must constantly protect ourselves.

One Of First States To Organize

More than a full year before Pearl Harbor, the governor of this state set up a plan for the organization of community defense councils. Audley H. Stephan was placed in charge of the organization work and under his able leadership, New Jersey became one of the first states in the country to start toward the goal which we are still aiming to reach today.

Despite daily reports of bombings and the tremendous loss of life among civilians—and the dark war clouds which were hanging over our heads—a state of apathy gripped the public and many municipal officials as well. It was not until the spring of 1941 that Mayor Williams called together civic leaders for the formation of Belleville's civilian defense council which was subsequently headed by Everett B. Smith, police judge.

Even this act failed to awaken the enthusiasm of the general public—or, it must be confessed, that of the council members themselves. However, they were largely handicapped by the inability of the public to fully grasp the seriousness of the situation.

As the bombing of Pearl Harbor on December 7, 1941, electrified the nation into action so it did in Belleville. From defense council heads down everybody wanted to be of some assistance—to do their bit. Hundreds of offers to serve as volunteers poured into the town hall from willing citizens. Within a few days' time, the defense council augmented by a staff of town hall workers found itself deeply mired in work.

Ideal Area For Bombing, Sabotage

Belleville is not only in a general area which would be quickly sought out by the enemy, whether it be for bombings or sabotage, but the majority of its industrial plants are engaged in the 24-hour production of vital war materials. Plants immediately set up their own police forces and the police department stepped up its watchfulness over all sections and utilities.

Canning Demonstration Held At Woman's Club Friday

Helpful hints for canning were given at the canning demonstration held at the Woman's club on Friday. Della E. Jackwell and Roberta Hart were in charge of the demonstration.

Each woman present brought two jars, tops, and rubbers. The four different methods of canning—cold and hot pack, pressure and open kettle, were demonstrated.

Circulars from the department of agriculture with directions for canning and preserving were distributed. Experiments with various kinds of syrup, particularly those using only a small amount of sugar, were made.

Those present were Mrs. Frank Gerino, Mrs. Earl Batz, Mrs. R. J. Just, Mrs. John Denike, Mrs.

Tenants Will Not Receive Refund On Rent

Paul deHagara, chairman of the local fair rents committee, emphasized yesterday that tenants who have had their rent increased since March 1 will not receive refunds from the landlords. New OPA regulations went into effect on July 1 which require that all rents shall be "frozen" at the March 1 level.

It is a violation of the law for a landlord to charge more than was levied on March 1, and it is likewise a violation for a tenant to agree to pay more than that.

At Monday night's defense council meeting, deHagara told the council that the most important task yet to be performed by the rent committee would be assisting the OPA in the registration of all landlords between now and September 1. Landlords will be required to fill out detailed forms stating the rent which they are receiving and the terms on which the property has been rented.

Not Permanent Blackout

Friends and patrons of Reed's drug store at 133 Washington avenue may feel that the store is observing independent blackout regulations several evenings next week when the windows are darkened. This will only be done, however, to rearrangement and redecoration of the display contents of the windows. The store will be open for business as usual every evening next week.

ESSEX COUNTY POLITICS

by Meador Wright

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville Times.

Activity of Congressional candidates and potential candidates in the 10th and 11th districts grows rapidly. Albert L. Vreeland of the 11th District has definitely made up his mind—pending of course some Presidential order or other unforeseen happening—not to seek reelection this year. Vreeland will go on the retired list any day now in accordance with the recent executive order so placing all army officers who are members of Congress. But when his term is up at the end of this year he will then re-enter active service for the duration. He is a captain in the Army Intelligence service. There have been reports that he would soon be promoted to the rank of major.

Vreeland's decision plus the reported interest of George E. Stringfellow in the post has put not known for certain that Vreeland would not run, Clean Government leaders were content to

opposed him—if he possibly can. In the 10th District, Clean Government is said to be leaning more and more toward Mayor Williams of Belleville as a candidate to oppose Fred A. Hartley. The decision now seems to be for Clean Government to enter a candidate actively against Hartley. So much criticism has been leveled against Congressmen with isolation records that Vanderbilt does not want to be identified with Hartley even negatively. It is not yet certain, however, that Williams will be the man.

The Clean Government plan to endorse State Aviation Commissioner Wilson for senator has hit considerable snags in Essex. The suburban section of the county is strong for Albert W. Hawkes and is growing stronger. Vanderbilt has been bombarded with pleas that Hawkes be endorsed. The upshot of this rising Hawkes sentiment has been to cause a postponement of any decision on senatorial candidates until the first of August. My own guess at this writing is that Wilson will never get on the Clean Government ticket. Whether Hawkes gets the coveted position or whether there is no endorsement remains to be seen. The Hawkes candidacy has caught on much better here than most observers expected.

Would Be Individual Candidate

If Stringfellow runs it will be as an individual candidate. There is no present intention of putting a slate in the field. With no impending opposition in the county, and no great interest in the senatorial situation, it is only logical for Vanderbilt to seek a candidate who could match Stringfellow's individual efforts in the 11th District. Miele fills these specifications perfectly. He served two terms on the East Orange city council and is popular in that city. Likewise, he will make a good showing in the Newark section of the 11th District where thousands of voters of Italian extraction live. His brother, Joseph Miele, lives in West Orange where his friends would be added to those of his younger brother. The elder Miele is also wealthy enough to supply any financial requirements that a hot campaign might demand.

It is only by backing a candidate with these qualifications that Vanderbilt feels sure he can thwart the ubiquitous Stringfellow's plans. The latter, likewise, is financially able to put on a good campaign. He has wide contacts in almost every section of the district. Business friends from every part of New Jersey would take time to give his campaign a boost. Vanderbilt knows all this. He knows also that it is almost impossible to get the Clean Government organization to work efficiently unless there is a county wide fight. This organization just will not function when nothing more is at stake than a seat in Congress. So if it is not Miele, Vanderbilt will endeavor to find someone else with similar qualifications. He is determined to balk Stringfellow—who has long

Do it up!

Sure, it Makes You Mad!

DO YOU REALIZE that thousands of our good American soldiers are behind barbed wire—with Jap sentries marching up and down outside?

Do you know that American women and children, too, are in Jap concentration camps?

How long do you *want* them there—and what are you willing to do to get them out?

You can't do it by flag-waving, by slogans, and by cheers.

It takes planes—tanks—guns—bombs—shells—ships. And these don't grow on trees.

You—and you—and you—must *buy* these things. Not the Jap way, nor the Nazi way, nor the

Fascist way. The *American* way—freely and gladly. In War Bonds!

The *easy* way—just by saving a dime from every dollar every payday. **TEN PERCENT** of your pay. The management of your company will save it for you, and every time it adds up to \$18.75, they'll buy a WAR BOND for you.

You'll get *interest* on that money. It will increase every year, until for every \$18.75 you invest, you'll get \$25 in ten years.

And *your money* will buy the stuff to beat the Japs—to attack them—to bomb them, to make them wish to their heathen idols they'd never picked a scrap with Uncle Sam!

And the sooner you do your part, by backing up our boys, the sooner they will blast the Japs right out of their sandals.

Down will come that barbed wire, and out will come your fellow Americans. Home again—to a free, decent, clean country—the country we all love.

And you'll be sitting pretty, too. You'll have the clear conscience of having done *your* part, and you'll have built up financial protection for you and your family.

So let's get going. Do *your* part. Ten percent—a dime from every dollar every payday.

Invest *your* share in VICTORY!

5 Reasons Why

① By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.

② You prove that you are a patriotic American.

③ You aid the morale of our fighting men, by showing them that the entire Nation is behind them.

④ You prove to our enemies that we are a United People.

⑤ You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.
