Dukes Will Tackle Improved Boonton Club On Sunday

The Iron Dukes will attempt to open the North Jersey Pro League season Sunday afternoon at the municipal stadium with the Boonton Panthers as the opposition. Their scheduled inaugural last Sunday with the Plainfield Saracens was rained out. The Boonton club is one of the three clubs from last year's circuit that has returned. Greatly strengthened over the team they fielded last season, the upstarters are calculated to give the Dukes more of a fight than they did then when the locals humbled them 31-0.

The visiting eleven has added weight both in the line and in the backfield. With the Dover Field club not playing this season, some of those players have tossed their lot with the Panthers. The Morris county club is reported to have a line that averages about 200 pounds and a backfield that will go about 190. Outstanding of the new players whom they have acquired are Emil Fedorca, Lafayette university center last year and Carl Kinscherf, a 200-pound fullback from Colgate.

Coach Joe Vollmer won't be able to match the Panthers in weight but feels that the heavy Dukke forward wall plus a speedy backfield will be more of a match for the visitors. Following Tuesday night's workout, Vollmer announced that he would

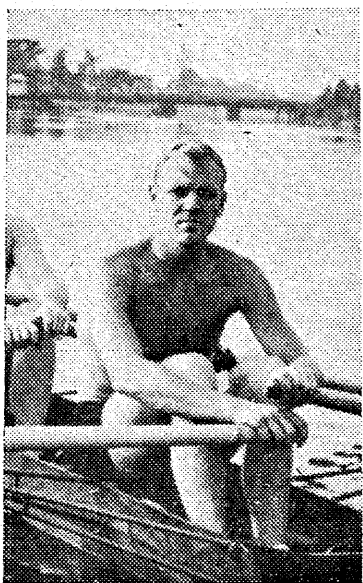

have two starting backfields. The starting quartet will consist of Frankie Cardinale, George Tietze, Walt Butchko and Johnny Walker. In the other quartet will be Nick Zuzzio, Charlie Burgi, Jimmie Orsini and Willie Feraco.

STARTS LATER

Because of the world series game being played on Sunday afternoon in New York, the Iron Dukes will start their game with the Boonton Panthers at 3:15 p. m. instead of the regular 2:30 starting time.

The delay is to accommodate those fans who may want to hear the series game over the radio and also attend the football game.

Retains Crown

Carl Hargert

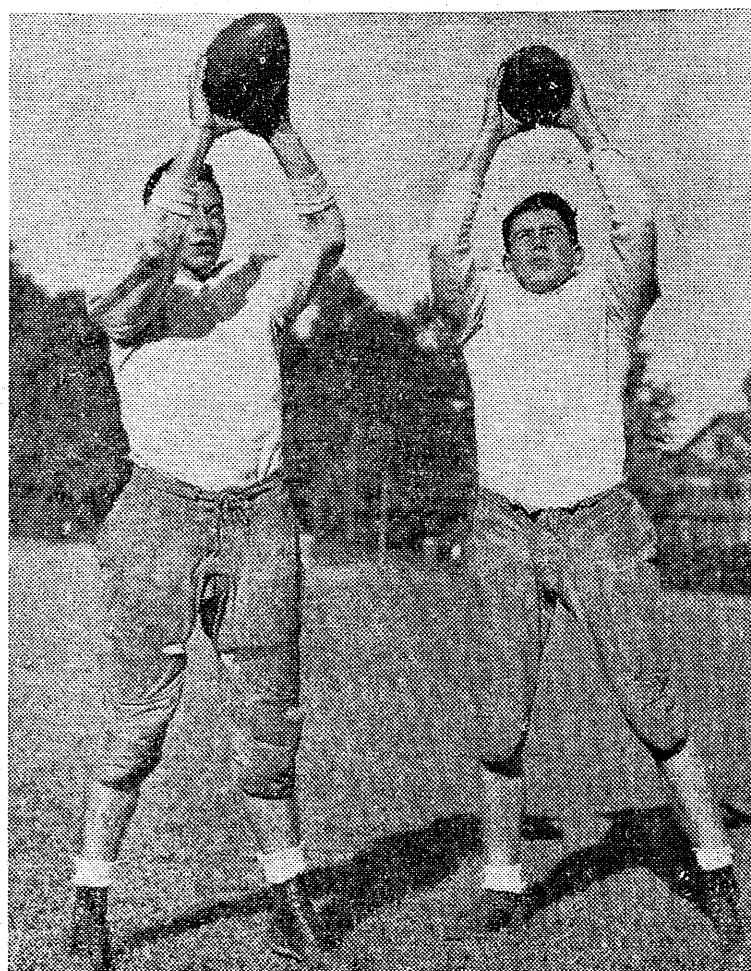

Blonde Carl Hargert, singles champion of the Nereid Boat club, retained his laurels on Sunday afternoon when he trimmed Al Walker on the Passaic. Hargert won the crown this year despite the day's rough water which tossed some of the others who had been reckoned as favorites out of the running.

In the quad race, the four-man team composed of Jack Weber, Ward Whitehorn, Howard Wilson and Walker trimmed Les Burnley, Bob Schreiber, Hugh Kittle and Hargert.

These Are The Vitamins That Build Health and Energy

Vitamin A is the anti-infective and growth-promoting vitamin. Its lack results in susceptibility to colds and other ailments... its insufficiency in children results in scrawny and stunted growth. Principal source, halibut liver oil.

Vitamin B is "the spark plug of the human system"... it tones the nervous and digestive systems, promoting growth, appetite and energy. It also helps to remove lactic acid from the blood stream, thus eliminating the feeling of fatigue. Principal sources, yeast and wheat-germ.

Vitamin C protects and feeds the capillaries under the skin; it helps to heal wounds, and prevents scurvy. Modern diet is usually lacking in this vitamin because it is easily destroyed by cooking. Principal sources, tomatoes and oranges when freshly picked.

Vitamin D is the "sunshine" vitamin. Tests show that it remedies the disorders caused by the deficiency of ultra violet in this climate's sunshine. Without it, normal formation of blood and bone ceases, resulting in rickets, sagging muscles and decay of the teeth. Principal source, cod liver oil.

Vitamin E is the "anti-sterility" vitamin. It has additional important uses in that it promotes mental vigor and tones the muscles. Principal source, wheat-germ.

Vitamin G is the riboflavin factor of the B vitamin that improves stomach tone, remedies skin eruptions and loss of red blood corpuscles. Principal sources yeast and liver.

Vitamin Capsules With Liver and Iron contain all the vitamins (A, B, C, D, E and G) plus liver extract and iron. Two tiny tasteless capsules each day will make a new person. Box of 80, 1.89.

Zebras Aim To Break Bengal Grid Jinx

Gridders Work Hard To Score First Win Over Foley's Club

Inspired by their tie game with Barringer and a vow to break a 13-year jinx of never having won a game or scored a point on a Bloomfield eleven, the high school's Blue and Gold gridders invade Bengal town on Saturday afternoon with hopes running high.

In the rivalry between the two schools which started back in 1929, the Bengals have run roughshod over the Zebras pretty much as they pleased. They capped their successes down through the years by rolling over the locals 25-0 last year.

Favoring the locals is the fact that they have a stronger eleven, but they are still lacking in a potent passing attack. Holding a heavy, veteran Barringer club to a 6-6 tie, and almost turning the tables on them in the bargain, was no small feat.

There was no letup in practice for the Bellboys this week. Monday afternoon they were back at Clearman field being drilled by Coach Larry Gates and his assistants, "Titty" Wische and Bill Chapman. There is little that is different about this year's Bloomfield. Still working from the T-formation with occasional variations, the Bengals count on power—and they have a big chunk of it in "Moose" Muehlheuser, a towering blonde, six-footer who was a big gun in last year's backfield.

Is Expert Kicker

Muehlheuser was the main cog in Bloomfield's 13-7 triumph over Newark East Side Saturday. He is a good passer, but is even better when it comes to kicking, regularly getting off boots that will travel 60 and 70 yards.

Shackling Muehlheuser, slowing down the Bengal power plays and end sweeps, is Belleville's big job and there has been no let up for the Zebras in preparing for it this week. The high schoolers proved Saturday that they can move on the ground and that defensively they can match clubs that may outweigh them. This week's practice on offensive tactics has been on smothering out the rough spots in the ground attack plus attempting to form a passing combination from Red Wille to the two wingmen, George Ferro and Neil Finn.

Will Transport Team In School's Trucks

The problem of transporting the high school football eleven to out of town games on Saturdays for the next three weeks was solved this week. They will be carried in the two trucks owned by the board of education and other private cars which can be secured. In addition to Saturday's struggle at Bloomfield, the Zebras will make visits to Teaneck and Lyndhurst.

Members of the band plan to be on hand to toot the boys to victory, promising to show up in time for the games if they must walk. An appeal has been sent out through the high school for cars to transport the band members and their instruments.

Coach Bill Foley's club is well stacked with veteran material. At least eight of those who got a taste of action against Belleville last year will be ready for action on Saturday.

Coach Gates is expected to start Jim Findlay, Will Hunkele and Wille in the backfield with probably the same line-up for the forward wall.

Saturday's game is scheduled to start at 2:30 p. m.

His Pass Interception Earns Bellboys Tie With Barringer Vets

Playing three scoreless quarters before a crowd of 3,500, most of them hometowners, the Bellboys greatly surprised them and upset the pre-game dope against Newark Barringer's veteran eleven.

In the opening minutes of the fourth quarter, Jim Dunleavy, the Zebras' center, intercepted Larry DeRogatis' pass and romped 25 yards without being touched for the first score of the game.

Jim Findlay's attempt to kick the placement failed as Bill Hunkele bobbled a pass from center. Late in the same period, Barringer began to roll goalward and Armando Lembo in a wild rush around right end toted the ball to the Belleville 3. Joe DeLia, Blue halfback, tied it up when he plunged through center. DeRogatis was rushed in to try for the point but it was blocked.

Will picked up a few more yards on a pass to Petro and was helped along by a five-yard penalty against Barringer. The Blue's Fred Ferrari broke up the drive by intercepting one of Wille's passes on the next play.

Belleville's five-man line defense with six men spread in the backfield, used through a good part of the game, proved to be confusing for the Barringer boys and was an excellent way of thwarting a passing attack. Line standouts for the Blue and Gold were George Ferro and De Glynn.

tained. Every community is being called upon to contribute its share for the organi- zations which look after those at the fight- ing front—the U.S.O., Navy Relief society and numerous other groups which are con- stantly giving assistance to those in the service and the civilian population of stricken lands. We have an obligation, a duty to help them as much as we are able.

The principal cause of the rise in the Community Chest needs has resulted from the request by the U.S.O. for \$12,500 to be contributed by Belleville.

In the country, at army posts and in cities heavily populated with soldiers, there are more than 1,000 U.S.O. centres. Few are the servicemen who have not benefitted from its work. Strtting under a great handicap, it has grown to be the best friend of every American fighting man. When you give to the U.S.O., you are helping to make life more enjoyable in some strange place for your son, brother, relative or even a friend.

This is a summation of the task that faces the War-Community Chest leaders and the duty which you as a Belleville resi- dent have to make their work successful.

Give in Belleville and give as much as you can. Do not make excuses when the Chest solicitor knocks at your door. Ex- cuses won't help the organizations that need the money. Let's not wait for the in- dustries or any other organized group in town to raise most of the money. These funds are to help Belleville people—at home and on some far-flung front. Belleville people must support it all that they can— twice as many as did their part last year —and giving twice as much.

This is a challenge which must be met — and won.

foods. Variety of foods may have to be curtailed, but it is vitally important that the health of every family be main- tained at a high level—and that begins at the table.

Belleville women are offered the chance to learn more about foods—their values, how to use those which are available to the greatest advantage and preparing them for use during the coming winter. Organized under the auspices of the defense council months ago was a nutrition committee. Little has been heard of it and few have availed themselves of the opportunity to benefit from it.

Some of its far-sighted members, women who have been housewives for years, but who realize that there is still much for them to learn to meet the demands of feed- ing a nation at war, took training courses not only to help themselves but so that they could give valuable information to other Belleville women.

They are now volunteering to head classes of Belleville women to learn how all can work together in the battle against food shortages. To themselves, their families and the nation, every local housewife has an obligation, to learn how they can get the most out of every ounce of food they buy.

it seems it is about time that the news- papers stopped talking about the youth of the nation going off to war. They're really digging into some of the oldsters now.

We can't imagine any of the high school youngsters being angry at the Board of education because school will start at 9 a.m. instead of 8:30. Another half hour in bed on the cold mornings will be swell.

Nine out of ten who advertise apartments or houses for rent say that they do not want couples with children or those who have the stork hovering overhead. What are these people supposed to do? Because of housing shortages some landlords may think that they can be choosy, but it is not so humane when you talk with married couples who have jobs but no place to live.

The high school football team has become so accustomed to being kicked around by some elevens from bigger schools that it was not until last Saturday's game was over that they realized that they actually could have beaten Barringer with a stroke of luck. We hope it holds good Saturday against Bloomfield.

SUCCOS SERVICES ANNOUNCED

Will Be Held Tomorrow Night, Sunday And Monday Mornings

Services for the final days of Succos, the Jewish Feast of Tabernacles, will be held by the Congregation Ahavas Achim at its synagogue on Washington avenue tomorrow night and on Sunday and Monday mornings at 9:30 a.m. Evening service will start at 6:15. Rabbi Rubia R. Dobin will officiate.

The day is known as "Shemini Atzeret," the "day of solemn assembly" coming after the seven days of the holiday. According to custom, the time honored prayer for rain, "geshem," is recited at this service. Also included in the first day's service is the Yizkor memorial prayer which will be said Saturday morning at 11:30. Rabbi Dobin will preach on "Life Eternal." It is the custom to read the Biblical book of Ecclesiastes at the conclusion of the morning service.

Sunday is given the name Simchas Torah, or the "Rejoicing of the Law." The ritual of this day is a matter of growth and development from the ninth to the sixteenth centuries. It serves to perpetuate the continuity of the reading of the law, the Torah. When the last lines of Deuteronomy are read, they are immediately followed by the reading of the first paragraphs of Genesis.

All these ceremonies will be observed at the services of the congregation. A traditional "Simchas Torah" party will be held in the social hall for the children on Saturday evening at 6:30. All parents and children are cordially invited to attend.

Public Service Intensifies Search For Scrap Materials

Although all departments of Public Service - gas, electric, transportation and others - have for years systematically rounded up scrap material for reclamation or disposal, the company has now intensified the collection of scrap material in cooperation with the war effort.

Typical of the search for scrap that is being made on all Public Service property is the gas department's round-up of more than 1,200 tons of it this past week.

Upwards of 500 or more street gas lamp posts will be taken out of the company's storage yards and put on the scrap pile.

The latest in blackout and air raid equipment is a blanket made of cattle hair, reinforced with a wire mesh center. Hung over a door or window, it blacks out the light and provides protection against flying glass. According to the manufacturer the blanket will char but won't burn.

FOUNTAIN APPEAL BEFORE DRISCOLL

ABC Head Hears Plea Wednesday For Cut In Sentence

State Beverage Commissioner Driscoll will hear next Wednesday the application of The Fountain, local night club, for a reduction of a 35-day liquor license suspension sentence imposed by the town commission last week.

The appeal filed by Max N. Schwartz, attorney for The Fountain, contended that the town had abused its discretion in imposing such a heavy penalty. Schwartz pointed out that it was the first offense against the tavern in its nine years of operation.

The commissioners last week, acting on charges preferred by the ABC, found The Fountain proprietor guilty of having sold and served liquor to minors. It ordered that the place be shut down for 35 days, starting at 3 a.m. last Sunday. However, Driscoll's ruling stayed the start of the closing.

The ABC charges were the outgrowth of an auto accident in Nutley early on Sunday morning, May 3, in which Miss Florence Bickell of Nutley, 22, and Pvt. Stanley, 24, of this town were killed. Charles Zetterstrom, 19, also of this town, was seriously injured. An investigation which followed the accident revealed that members of the party, including two 17-year old Nutley high school girls, claimed they had been at The Fountain.

The two girls and Zetterstrom testified as witnesses for the ABC at last week's hearing. All claimed that each of the party had been served three drinks containing liquor during their four-hour stay at The Fountain.

LaGuardia Heads Speakers For Newark Town Hall Series

Mayor LaGuardia, H. V. Kaltenborn, Franklin P. Adams, Jan Struther and Deems Taylor are but a few of the headlines who will come to the Mosque theatre, Newark, this winter under the auspices of the Town Hall of Essex County. Mrs. Parker O. Griffith, founder and president, has announced.

The importance of the Town Hall lecture series this year is seen in its opportunity of contributing, efficiently and effectively, to the maintenance of civilian morale. "Town Hall can best achieve this goal," according to Mrs. Griffith, "by interpreting world events to the community."

H. V. Kaltenborn will be the first speaker in the series. NBC's noted news analyst will pose the question: "Are We Winning the War?" on Monday evening, October 26.

The second program, scheduled for November 16, will be a symposium on: "Whither America — Politically, Economically, Socially?" Speakers will be New York's Mayor LaGuardia, the noted author and economist, Stuart Chase, and Dr. Harry Overstreet, professor at Columbia University.

In lighter vein, Franklin P. Adams, author for years of the "Conning Tower," has chosen as

CRAFTSMEN SELL \$35,000 BONDS

Pledges Still Coming In From War Rally Held At Stadium

Final tabulations show that the Craftsmen's club sold nearly \$35,000 in war bonds and stamps at the rally which was held at the municipal stadium on Saturday afternoon, September 19.

A softball game between the Craftsmen and the American Legion was the main attraction with the former winning out 4-3, according to the count of their scorer.

While the uncertain weather kept the attendance down, the Craftsmen had previously obtained sufficient pledges to boost the total sales. Harry W. Winfield, president, who was in charge of the committee which arranged the affair said that pledges are still being received from people who wanted to help the rally but were unable to attend.

Those who were admitted to the stadium were required to buy at least a 25-cent war stamp. More than 5,000 tickets, each good for a 25-cent stamp, were sold by the Craftsmen. Winfield expressed the organization's thanks to the National Grain Yeast corporation for its decoration of the stadium.

Services For James W. Dorch, Well-Known In Baseball

Funeral services were conducted on Saturday afternoon for

James H. Dorch, 78, who died on Thursday at St. Mary's hospital, Passaic, after a short illness.

Mr. Dorch, who was retired as cashier of the Worthington Pump company 25 years ago, made his home with his son, Edwin W. Dorch, of 25 Bayard street.

Long interested in baseball, he managed a number of semi-pro teams in this vicinity, including clubs at the Worthington Pump plant and the Nutley Athletic club. He was responsible for discovering a number of men who later became well-known professional ballplayers.

He was born in Denmark and came to this country 60 years ago. Forty years ago he moved to Nutley. Part of the time since then he had lived here. Surviving him besides his son are his wife, Mrs. Edith Dorch, another son, Fred, of Reno, Nev. and a brother and sister in Denmark.

Services were conducted at the Irvine Funeral home by Rev. Peter R. Deckenbach, pastor of Christ Episcopal church. Interment was in Ridgeland cemetery, Delawanna.
