Vol. VXXIII. No. 52

BELLEVILLE, NEW JERSEY, THURSDAY, JULY 22, 1943

PRICE FIVE CENTS

## WAR PLANTS PLAN INTENSIVE DRIVE FOR WORKERS

Local Industries Enter Voluntary Mobilization Scheme To Avert Critical Area

Belleville manufacturers have obtained 30 days grace as part of the Newark area, from the War Manpower Commission in which to initiate their voluntary mobilization plan in an attempt to avoid being classified as a critical area.

William Orchard, Wallace and Tiernan official, has been representing the local manufacturers at almost daily conferences with the WMC in Newark this week. As a result of the voluntary plan, industries are now discussing the formulation of an intensive recruiting campaign with emphasis on persuading new employables, principally women, into factories.

The program will be through employment managers of individual concerns in addition to the United States Employment Service which has offices on Washington avenue. The USES office reported yesterday that the response so far, although it does not begin to meet the local need, has been good. About two-thirds of those applying are women, many of whom have not worked in a number of years. Typical of some who apply is one local mother with two sons in service. Financially well off, she is now working on an assembly line in a local plant and uses her salary to purchase war bonds.

The USES office is open daily from 8:30 a.m. and Saturdays until 1 p.m. It is also open on Monday evenings.

### Would Squeeze Small Industries

During the period of grace which will extend until August 25, Belleville along with Newark will continue to be designated as a Class 2 area, which means that the labor shortage is becoming acute and may become more critical within the next six months. One reason for the attempts to avoid becoming a critical or Class 1 area is that then the larger industries will have priority on manpower, a condition which could easily wreck the small manufacturer.

In addition to the recruiting campaign, there will be no extension of existing contracts beyond a period of six months, and no new war contracts will be placed with local industries if they cannot be completed within a specified time. However, there will be no cancellation or rescheduling of existing contracts during this period. The manufacturers also agree to a "no hoarding" policy of employees and will refer workers they cannot use to aircraft industries and shipyards, for example.

An increase of the work week probably to 48 hours, in non-essential industries is also being considered, as a means of releasing non-essential workers for employment in war industries. The whole program is designed to accomplish a solution to the labor shortage and to step-up production to war-time levels in a voluntary way, instead of through compulsion by the WMC, if the area were declared critical.

## Election Notice

A PRIMARY ELECTION will be held September 21st, 1943.

COUNTY COMMITTEE PETITIONS will be received no later than August 12th, at 9:00 P.M.

Townpeople may register or transfer for this election at the office of the Town Clerk in the Town Hall, between the hours of 9:00 A.M. and 4:00 P.M. each day except Saturday when the hours are 9:00 A.M. to 12 P.M., or Tuesday evening, July 27th from 7:00 to 9:00 P.M.

Persons who have not already permanently registered but who have lived within the State of New Jersey one year, in the County five months and are twenty-one years of age, are eligible to register.

Absolutely no transfers will be made on Election Day; it is therefore necessary for all persons who have changed their address to sign the required transfer card.

Last day to file County Committee Petitions or to Register or Transfer, is August 12th 1943, 9:00 P.M.

Florence R. Morey,  
Town Clerk.

## RAID TEST FOUND COUNCIL ALERT

Good Turnout Was Greeted By Incidents Although No Equipment Rolled

Reports Monday night's black-out indicate that the Belleville's defense organization has not suffered from the vacation period, wardens turned out that at full strength when the 'blue' signal sounded at 10:07 p. m. Other branches showed the same high percentage of attendance and the and the local authorities announced that they were well pleased with the showing.

The State had requested all local Defense Councils to test the efficiency of their Corps, particularly the Control Center personnel. It was further requested that because of the gas shortage, mobile units not be used but the dispatching be merely simulated. Complying with this order, incidents had been placed in the hands of Deputy Wardens, who at times indicated, handed them to wardens on their post for phoning to the Control Center.

The first incident was phoned from 436 Cortlandt street near Little street where a high explosive bomb had "injured" six persons, trapped six in the wreckage, rendered 10 homeless and caused a medium fire.

Next, a rapid succession a high explosive had "killed" ten, injured five, set a large fire which endangered nearby buildings and had damaged the gas mains electric and telephone cables and disrupted the sewers," at 280 Washington avenue.

## TIME TO PREPARE TINS FOR SALVAGE

Monthly Town-Wide Collection Will Be Taken Next Thursday

Processed tin cans are playing as important a role as ever, in airplane production, for the metal continues to be scarce. And the tin enclosing those cherished and rationed products on the pantry shelf is just as important to the war industry as the food they contain is to the meal plan.

Because the volume of cans used is less under rationing, it is doubly important that all cans are saved, washed, de-labeled, the tops and bottoms removed and flattened for collection. The June collection dropped to half its previous total, with only 10 tons salvaged. Robert Sutherland, chairman of the defense council's salvage committee, is announcing that the July collection will be made next Thursday, has expressed the hope that this month there will be a better showing.

Sutherland said this week that the committee is pleased with the new system now employed in which James Waters of the Public Works department, heads up the fleet of town-owned trucks for the collection. Under the new arrangement, the tins are hauled to the detinning plant in Sewaren on the same day, and because they have not been allowed to stand in the open to become rusted, the committee also receives a better price for the haul.

## Ideal Play Facilities At Friendly House

FORTUNATE SILVER LAKE YOUNGSTERS enjoy ideal play facilities at the Friendly House, conceived and built over a period of years by the First Italian Baptist church pastor, the Rev. Benedetto Pascale. An example of what can be done in a rounded recreation program, the kids splashing in the pool above, have just finished an afternoon of supervised play in the well-equipped grounds in back of the community center. Baby seen in the lower left corner is just one of the toddlers who enjoy the swings, sand pile and other facilities. Shown upper right, is the pastor with part of his brood. The Friendly House which takes pride in living up to its name, is a four story building, housing in addition to the pool, a large gymnasium, bowling alleys, carpenter shop, clubrooms, library, stage, kitchen and other conveniences.

## JR. ACHIEVEMENT IS ORGANIZED

Committee Is Named For Initiating Youngsters Into Business Procedures

An organization dinner meeting of the Belleville committee for Junior Achievement of New Jersey was held at Forest Hill Field club Thursday night, when Edgar S. Peiers, president of Resistoflex corporation was named chairman. Russell D. Hay, publisher of The Times, was named secretary and other committee members are Rev. O. W. Chapin of Montgomery Presbyterian Church, Rev. Benedetto Pascale of Italian Baptist Church, Dr. Earl Seibert, vocational guidance director of Belleville's school system, Seigfried Bart of Bart Laboratories and Gilbert Wright of the Hanlon and Goodman company.

The membership is completed by John F. Coogan Jr., realtor; Clarence Lommerin of Viking Tool and Machine corporation; Robert Edgar, personnel director of Walter Kidde and company; Arthur Dent of National Grain Yeast corporation and Ernest W. Whynall of The Times.

Richard Boyd of Newark, state director of Junior Achievement addressed the men on the general plans for "teen age business." Junior Achievement now claims 200 companies operating in 50 cities in the East and Middle West. Boys and girls from 14 to 21 run their own companies with adult sponsorship and guidance. Many are now manufacturing small wooden parts such as shipping blocks for airplane parts, splints for the Red Cross and other war time projects. A practical commercial example is the Midget Manufacturing company of Chicago which turned out 150,000 trousers hangers for the army in 60 days.

### Mechanics of "Big Business"

These youngsters simply put handcraft of various types to work and set up the actual mechanics of big business to produce their goods. Labor and management problems, which parallel adult situations, are theirs to work out. Stock in the companies is sold, usually at from 25 to 40 cents a share and with a limit of five shares to an individual, and annual business meetings are conducted so that business administration is also a part of the well-rounded picture. Manufacturing is not the only field they enter as illustrated by an all-girl nursery company in Chicago which is organized to care for small children whose mothers work in war plants.

S. Bayard Colgate, chairman of Colgate-Palmolive Peet company and Charles R. Hook of American Rolling Mill have been chairman and president of Junior Achievement since 1941. Other officers and members of the board of directors represent practically every major industry in the country.

## Cooperation, Desire For Play Center Built Friendly House

Silver Lake Recreation Program Planned Over Span Of Years By Energetic Rev. Pascale

One of the plans of the Belleville Foundation is to provide for a long-range, comprehensive program of recreation for the town through the establishment of recreation centers in conjunction with the churches. An example of what can be done has been growing and broadening for the past dozen years or so at Silver Lake's Friendly House. Conceived by energetic, neighborly Rev. Benedetto Pascale, the Friendly House has become just what its name implies, through his direction and the wholehearted cooperation of his congregation and friends.

The house, a four story stucco building with adjoining playground, is situated near the church and parsonage, for close association. The Foundation's plan which is still far from established, is to have a similar arrangement for each church in town, on the theory that the church should provide active guardianship for children and youth, as well as become a social and recreational outlet for adults.

Friendly House, with its policy of friendly, reasonable supervision which embodies a basic regard for the rights and wishes of others, has been an unfathomable influence in the lives of countless youngsters who have grown up within its walls. And the story of its creation is an almost unbelievable tale of community cooperation.

Conceived back in 1929, as a result of a repetition of a familiar occurrence when the irate owner of the lot adjoining the parsonage demanded that a softball game be moved elsewhere, the lot on which the building and playground now stand, was bought at that time for \$4,000 raised through contributions of the congregation and friends of the First Italian Baptist church.

### How It Was Done

After the land was cleared and fenced in through the voluntary services of young men in the parish, intent on getting a diamond as soon as possible, there began for the Rev. Pascale, a regime in which he is still engaged today, of tracking down the best materials for the least possible cost.

The congregation may have been poor but they had good voices, and the junior and senior choirs often appeared at the Calvary Baptist church in New York. That was the clue, when the church was to be wrecked, for the Reverend to gather a crew of over 20 young huskies, borrow a truck, and grab what they could use, with permission, before the wreckers arrived at the New York church on a certain morning.

The pastor reminisced this week, on the gloating time they had in gathering up doors, stained glass windows, hand-carved, mahogany angels and even a trunkful of later determined worthless securities. The ventilators of the windows are just being put to use now, in new stained glass for the church; the doors have long since found their place in the community house and the angels flank the inner railing in the sanctuary of the church which has been twice enlarged, through the voluntary workmanship of the parishioners.

Other materials were found in the same way, as the pastor developed the habit of sniffing a wrecking job and wangling his free haul before the professional wreckers arrived on the scene. The 25 lockers now adjoining the home-made swimming pool are an example of the material salvages from the old Newark and Essex bank. The 6,000 feet of flooring in the gymnasium which is 42 by 90 feet were achieved in the same way, and laid in two days of voluntary labor supplied by 50 or 60 willing workers. The arched roof was put on in the same fashion, and the gym lights, as well as other equipment, were salvaged from a midget golf course that had seen its heyday.

### The Swimming Pool

The swimming pool which could be the envy of any country club with its colorful tiled interior as well as surrounding walls, was made with one pouring of concrete over the 16 by 60 foot expanse. The parishioners working from 6

(Continued on Page Four)

## BUDDY BAUBLES CATCHES ON

Other Towns And Cities Begin Jewelry Collections For Natives

Notable addition to the collection of Baubles For Buddies To Barter at The Times office this week was two well filled bags of jewelry from the children enrolled at the playground of School No. 2 in the Soho section. Instructor there is Miss Agnes Cuklik of High street who supervised the collection. Children at the Mill street playground solicited bracelets, clips, necklaces and other bright trinkets from their families and neighbors.

Other "Baubles" headquarters established through the efforts of Mrs. A. A. Buckley of Tonia avenue and by means of publicity from this newspaper are one in Bethlehem, Pa., one in the Bronx, one in Montclair where the American Women's Voluntary Services, Junior Branch will accept articles of costume jewelry and one in Nutley headed by Mrs. Louis Evans. Display headquarters there will also be at the newspaper office, The Nutley Sun.

All the gay pieces will be shipped to Twelfth Night Club, incorporated in New York City and will go out from there to South Pacific islands for the adornment of the natives. The jewelry is money to our soldiers who buy the services of the natives in fortifications, digging foxholes and transporting wounded through the difficult mazes of jungle.

## Volunteers Are Needed For Defense Council Phoning

A contemplated revision of the phone calling list, used in summoning defense personnel as well as notifying factories in Town, makes it necessary to enlist the aid of additional operators, Defense Coordinator Harry Sullivan announced yesterday.

Persons volunteering should be those who would be always available between the hours of 4 p. m. and 9 a. m. and on Saturdays from 12 noon until Monday 9 a. m. Since this phoning would be done from the home, persons slightly incapacitated or confined to their homes for any other reason would be highly satisfactory. Volunteers may write to Theodore Sandford, communications chairman, at 223 Washington avenue.

## VACATION-MINDED SWAMP BOARD FOR PERMITS

Rationers Yell For Help, Limit Hours In Which Applications May Be Made

Vacationists in search of permits to use their A gasoline ration for travel to and from their vacation destination have crowded ration board headquarters at 44 Washington avenue, since Thursday.

Lines formed that day outside the building and the rush has continued until board officials requested yesterday that vacationists visit the building only at certain hours. Their applications will be received from 1:30 to 4 p. m. Monday, Wednesday, Thursday, and Friday; from 1 to 3 and from 5:30 to 9 on Tuesday and on Saturday mornings from 9 to 12. Officials feel that this is a generous allotment of time since only a few hours of the morning remain to consider food and other gasoline problems.

Although some of the early requests for vacation driving were unreasonable the plans laid before the board this week have been sensibly mapped out and are permissible. When only two people are traveling and there are other means of transportation gas officials persuade them not to use their cars. People, on the other hand, who have children, dogs and considerable equipment are usually headed for shore or mountain bungalows or camps and must use their cars or further complicate the public transportation system.

Most of the travellers are applying for two week permits. The application, which they must carry with them at all times, gives the route to their destination and the time at which they are expected to leave Belleville and return.

Another restriction which ration applicants are requested to observe is the time of applying for sugar for canning. Tuesday and Thursday afternoons have been set aside for that purpose. The board closes at 3 on Tuesday and 4 on Thursday.

## W & T FIRST TO GET WHITE STAR

It Will Be Placed On Army-Navy "E" Banner For Continued Production Record

Wallace and Tiernan Company incorporated and Wallace and Tiernan Products incorporation have just been notified by Under Secretary of War Robert P. Patterson that for the second time they have won the Army-Navy Production Award for meritorious service on the production front.

First in town to receive a White Star, the symbol of this award, it will be placed on the Army-Navy "E" banner and represents further recognition of the high standards of production set by both Wallace and Tiernan Products and Wallace and Tiernan Products.

To eliminate lost time, no ceremonies will be held for the presentation but employees of both companies will receive a copy of the letter from the Under Secretary. At the time of the first award of December 19, 1942, received a certificate and Army-Navy "E" pin. Many of them will want to keep this letter with their certificates. Employees hired in the last six months will be entitled to an Army-Navy "E" pin now.

With this second award Wallace and Tiernan employees have pledged to excel in the next six months, so that they can earn another star and "Help W&T Help Victory."

A son was born on July 9 to Mr. and Mrs. Donald E. Moore in Women's Hospital, New York. Mrs. Moore is the former Miss Alice Compton, daughter of Rev. and Mrs. Edgar M. Compton of Academy street. Mrs. Moore and her infant son will spend a month with the Comptons before joining Mr. Moore in Texas where he is doing government work. They lived in El Dorado, Ark. where he was then stationed until shortly before the baby's birth. He is their first child and will be christened Donald.

## POPULAR ELECTION INCONSISTENT, KEENAN SAYS

No Provision In Walsh Act; Court Ruling Will Be Sought To Fill Board Vacancy

Because election by the people has been called inconsistent with the Walsh act which gives the power of appointment to the commissioners, Town Clerk Mrs. Florence Morey has rejected the petitions of the Belleville Citizens' committee that the name of Raymond E. Mertz be placed on the ballot in the November general elections.

She notified Edward R. McGlynn, Newark attorney and counsel for the Citizens' committee of this decision on Tuesday, on the advice of Town Attorney Lawrence E. Keenan. McGlynn when asked for comment, replied that he would apply as soon as possible for a writ of mandamus in the Supreme court, probably through one of the justices sitting in summer sessions.

The court decision may break the 10-month long deadlock among the commissioners which occurred over a choice for the vacancy caused by the death of Commissioner Clark. In any event, the decision will set a precedent in New Jersey where the commission form of government conducted under the Walsh act, is given no definite course of procedure after a vacancy has extended beyond 30 days. Commissioners King and Noll have repeatedly suggested Mertz to fill the vacancy while Mayor Williams and Commissioner Waters have proposed Michael J. Flynn.

### Move To End Deadlock

The 125 petitions presented to Mrs. Morey last week by McGlynn on behalf of the Belleville Citizens' committee, formed to place the name of Mertz on the ballot in the general elections, was a move to end the deadlock. Should the court rule that the fifth place may be filled by a vote of the people in the November election, it will be open to any other candidates who wish to run. Elmer S. Hyde of 43 Rossmore place, surprised at an announcement in the Newark News that he would seek election, has announced however, that he would be a candidate. Samuel Figurelli, of 187 Smallwood avenue, last night emphatically denied the same newspaper's statement that he would seek the office.

In submitting the petitions to have the name of Mertz placed on the ballot in the November elections, McGlynn based his request on a ruling of the Court of Errors and Appeals, obtained by the City of Garfield, a councilmanic form of government. The court decided that the vacancy there should be filled at the next general election. Whether a decision applicable to a councilmanic form of government can be applied to the commission form is not clear.

(Continued on Page Four)

## LOCAL CYCLISTS MAKE RECORD

Schnekenburger, Bryan And Wille Outstanding In Champ Series

The Belleville Cycling Club gave a brilliant performance last Monday when three of its members led the field in the first series of races to decide the New Jersey state champions at Brookdale Park, Bloomfield. Bob Schnekenburger, Ray Bryan and Chuck Wille each were outstanding in the championships sponsored by the Bicycle League of America.

A comparatively small field was entered because of wartime conditions, but the keenness of the competition more than made up for the lack of entries.

Schnekenburger and Bryan were brilliant as each won a race in the senior competition. Bob garnered 16 points to win out in the 25-mile point race, and finished second in one-mile scratch race. Bryan easily won the one-mile race, but narrowly missed placing in the point race.

Bryan was sensational as he put on tremendous driving spirit down the home stretch to con the one-mile race, just beating out his clubmate, Schnekenburger, Furman Kugler and Carl Anderson in that order.

The 25-mile point race with a sprint for points every five miles, was handsly won by Schnekenburger. He won two of the five sprints and placed second, third and fourth in the remainder to garner 16 points. Ed Littig, also of the local club, came in only two points behind Bob by winning one sprint and placing in all the others. Kugler and Anderson tied for third with eight points apiece.

In the only junior event of the day, a one-mile scratch race, Chuck Wille of the local club came in 100 yards ahead of one of the other riders.

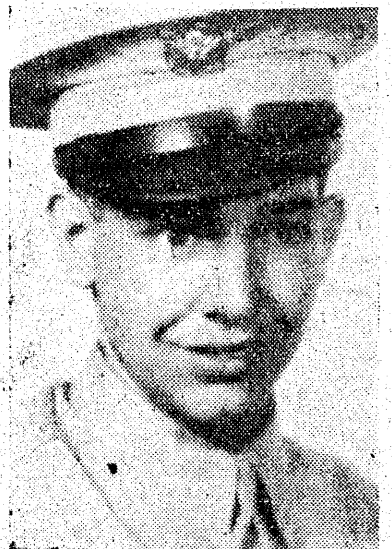

## News of Men and Women In Service

David B. Martin Jr., Seaman 2nd class, returned last week to the Naval training station at Great Lakes, Ill. after a two week furlough with his parents, Mr. and Mrs. David Martin of 164 Washington avenue. He enlisted in the Navy on his 17th birthday, April 10, when he was a junior in the local high school. He has completed his boot training and is awaiting assignment.

Cpl. and Mrs. David Aker of 242 Washington avenue arrived here Saturday from Camp MacKall, N. C. where Cpl. Aker has been stationed since early March. They will spend their 14 day furlough at their summer home in Walpack. Cpl. Aker entered the service in February. He is son of Mr. and Mrs. Evander Aker of 120 Rutgers street.

### Promoted

Cpl. Henry Candura

Promoted last week at Fort Jackson, S. C. was Pvt. Henry Candura to the rank of corporal. He has spent his first four months of army life at the South Carolina camp and is the son of Mr. and Mrs. Thomas Candura of 16 Washington street. Cpl. Candura is with the infantry. Also a corporal is Thomas Candura Jr., who is serving overseas with the Air corps. He entered the army 11 months ago.

Announcement was received here this week of the promotion at Armored Forces Replacement Training center, Fort Knox, Ky. of Pvt. Joseph Kennedy to the rank of corporal. Cpl. Kennedy is the son of Mr. and Mrs. Edward Kennedy of 63 DeWitt avenue. He was graduated from Belleville high school and employed by Walling & Tiernan Co. incorporation. Two brothers, Cpl. Vincent Kennedy and Petty Officer James Kennedy, are serving in the Army and Navy. Both men are overseas.

### Gets His Wings

Lt. Robert R. Jensen

His parents, Mr. and Mrs. Earl Jensen of 92 Continental avenue were present Thursday when Lt. Robert R. Jensen received his navigator's wings and was commissioned at Hondo, Texas, at graduation exercises there of the Army Air Forces Navigation school. His pre-flight training was received at Ellington Field, Houston.

Lt. Jensen was squadron commander of 250 students during the latter half of his training at Hondo. He enlisted in the Air corps in March, 1942 and has been in Texas since last August. He arrived in Belleville Monday and will report in a few days to an Arizona field.

Before enlisting the lieutenant was with the real estate department of the Fidelity Union Trust company in Newark. He was graduated from Belleville high school and attended Newark college of Engineering. He is a past master counselor of the Suburban chapter in Belleville of the order DeMolay.

Gus Bechtoldt, Electrician's Mate 2/c, spent a furlough with his parents early this month. He is the son of Mr. and Mrs. August Bechtoldt of 369 Joralemon street and has been in the Navy slightly over a year.

Pvt. Robert Wille is stationed in Tunisia according to word received by his parents, Mr. and Mrs. Paul Wille of 137 Carpenter street, last week. He entered the army in February from high school where he was well known as "Red" Wille, varsity football player for two and a half years. His parents received his diploma in June. Pvt. Wille is 19 and received his basic training with the Infantry at Camp Wheeler, Ga. His brother, Pvt. Albert Wille, is an crew chief at the Cadet school of the Army Air corps in Bainbridge, Ga. He has been in service a year.

William Joseph Henderson, son of Mr. and Mrs. Robert N. Henderson of 136 Rutgers street, left early this month for Newport, R. I. where he will receive his basic Navy training. He is 18 and was graduated from the local high school in June. A brother, Pfc. Robert Henderson Jr., is stationed in a Maryland camp. He has been in the army 18 months and was formerly with L. Bamberger and company.

Seaman 2nd class John M. Hartman has ended an 11-day furlough at his home, 103 Myrtle avenue, and has reported to Norfolk, Va., for further training. Hartman attended Antioch college and New York university and was Community Work secretary of the Newark Young Men's Christian Association before entering the service. Mrs. Hartman is the former Eleanor Constance Perkins.

### Cited For Bravery

Pfc. Robert Jeffers

One of three local boys who helped lick the Japs on Guadalcanal, Pfc. Robert Jeffers, son of Mr. and Mrs. Elmer Jeffers of 18 Williams street, commended for bravery during the siege, neglected to inform his family of the citation received in January, until a week or two ago.

From Halsey, Commandant of the South Pacific force in December, it was for action at the mouth of the Tenaru river on Guadalcanal, when, under fire, he "moved out and rolled a wounded Marine into a fox hole, treated him until help arrived, and then continued the fight."

Twenty-seven years old, Jeffers enlisted immediately after Pearl Harbor and was a member of the first invasion force on the island where he remained five months. He attended St. Peter's school and was employed by Viking Tool and Machine company before entering the service.

With him during those five months was Pfc. William Salmon, now 20, son of Mr. and Mrs. Joseph Salmon of DeWitt avenue. He enlisted at the same time, went through preliminary training with Jeffers, and has been with him ever since. Another Salmon boy, James, enlisted with the first two and although he has only spent three days around Christmas time with Jeffers and his brother Bill, has been in the Pacific area for part of the time. It is not known where any of the three are now stationed.

Pvt. Thomas McDermott recently had an eight day visit with his parents, Mr. and Mrs. William McDermott and his brother, Lawrence McDermott, of DeWitt avenue at Camp Crowder, Mo., where he has been stationed for three months in radio school. The McDermotts returned to Belleville on July 13. They spent three days in the camp guest house and stayed the following week at Neosho, the nearest town. Pvt. McDermott is 22. He was with the Hanlon Goodman company before entering the army and had previously been graduated from the village high school. His sketches and cartoons won the soldier's many plaudits during and after his art training at the local high school.

Pvt. Christie F. Albanese of 53 Frederick street, has started basic training in the Signal Corps of the 1st Regiment at Fort Monmouth.

Fort Dix Nine Plays K. of C. Team At St. Peter's Tonight

Opposition tonight for the Knights of Columbus softball team which plays weekly in the rear of St. Peter's school will be the quartermaster corps' team from Fort Dix. Lt. Cleary is captain. On the team are Sgts. James Pierce and Tom McEnery of this town, Ed McAvoy of Brooklyn and "Winkie" Neils of the Bronx.

Re-elected to office at a Knight's of Columbus meeting recently were Eugene Kelly, Grand Knight; James A. Leonard, financial secretary; Oliver F. Brown, treasurer; Gilbert Howley, recording secretary; Michael T. Dacey, Chancellor; Nicholas Candura, warden; John H. Baney, advocate and Rev. John S. Neilligan, chaplain.

## OPA URGES SHOE "SWAP CENTERS" FOR CHILDREN

### Ration Boards Asked To Establish Them Through Local Organizations

Establishment of "Children's Shoe Swap Centers" will be encouraged by local rationing boards throughout northern New Jersey. This was announced today by Jerome A. Collins, acting director of the District OPA office in Newark.

In a memorandum to the community service panel in each local rationing board, Collins outlined the need for such "swap centers" in which shoes outgrown by one child will be made available for use by another. He said: "The swap center will fill a very definite wartime need. As we all know, it is vital that we conserve everything possible, and by putting perfectly good children's shoes into circulation, we not only extend the use and life of shoes, but also ease the rationing problem for many families."

He pointed out that while it is not the function of the local rationing board to establish the centers, he suggested that the board's community service panel be instrumental in securing the sponsorship of local organizations to carry the plan into effect. The local Defense Council, PTA, Legion Auxiliary and other groups were suggested as logical sponsors.

Collins emphasized that the successful operation of a swap center would depend upon maintaining and adequate assortment of sizes and types of shoes, making sure that every pair of shoes is disinfected before it is issued, and making certain of proper fit when issuing the shoes. He closed with the bulletin a leaflet describing the U. S. Public Health Service recommendations for disinfecting shoes.

### How To Establish Them

Community service panels were given a list of suggestions outlining a method of establishing and operating swap centers, and were informed that copies of instruction leaflets are available upon request at District OPA headquarters, 20 Washington place, Newark.

In suggesting the method of organizing the center, the OPA leaflet points out that the adult group sponsoring the center will find it desirable to enlist the help of a junior group such as Junior Citizens corp, Boy and Girl Scouts, 4-H Clubs and the like for assistance in collecting shoes. Discussing the solicitation of trade cooperation, the instructions state: "No one realizes more than your shoe dealer that America's shoe supply must be safeguarded. No one is more interested in protecting the feet of young America. Shoe ration stamps may limit your local shoe dealer's volume of business, but not his interest in children's foot problems. He has done an expert job of educating his customers about the importance of proper fitting and would undoubtedly be glad to assist the Swap Center in maintaining the highest possible standard of fitting."

In considering the location of the swap center, the leaflet advises that schools make logical locations, but suggests that Scout headquarters, a club house, or other convenient location where children congregate, are suitable during the summer when school is not in session.

### Pfc. Merle Quimby Receives Order Of Purple Heart

The Order of the Purple Heart was bestowed Monday afternoon on Pfc. Merle L. Quimby of the Marine corps in the Brooklyn Naval hospital where he is undergoing treatment for injuries sustained in action in Guadalcanal. He spent last weekend with his parents, Mr. and Mrs. Leslie Quimby of 9 Hill street. Pfc. Quimby was accepted by the Marines in January, 1942, after enlisting immediately following the Pearl Harbor attack. He was wounded last November.

Sustaining chest wounds in his left shoulder and chest, Pfc. Quimby was brought to Mare Island hospital, Calif. in January. He came East at Easter time. His left hand and arm are permanently injured. Presentation of the award was made by the chief of the Brooklyn hospital.

Cpl. Dominick Muscara, 19, son of Mrs. Frances Muscara of 30 Columbus avenue is receiving his training at Fort Jackson, S. C., where he is a member of the Infantry. He attended Belleville High school.

Mrs. John W. Feeney and her daughter, Helen Feeney, of 57 Smallwood avenue returned last week from a vacation in Vanatta Woods.

The Misses Teresa and Helen Spatarano of Fredericks street have concluded a week's stay at Seaside Heights.

The Misses Uzzolino and Miss Josephine Ditti, also of Belleville, left for Chicago Saturday where they will spend three weeks with relatives.

## Cuban Life Satisfactory Leonard Zaccane Finds

### Pharmacists' Mate Describes Island Attractions On First Trip Home In A Year

Home on his first leave in nearly a year, Pharmacists' Mate 3/c, Leonard Zaccane hopes the odds are with him, on seeing his brother, Al, a private first class in the Coast Guard during weekend, before he leaves on Sunday to return to his station at Guantanamo Bay in Cuba.

Son of Mr. and Mrs. John Zaccane of 56 Naples avenue, Leonard who is 22, describe his life in Cuba as quite satisfactory, with all the facilities of a super country club at his disposal. Stationed there for the past nine months, he is working in the laboratories and hopes eventually to be assigned to independent duty, probably on a destroyer. In that event, he would be the only medical man aboard and would have charge of the physical well-being of the entire crew. His duties would include only minor surgery he said, although he admitted that, at the completion of training, "a fellow probably could do an appendectomy in a pinch." Present at so many operations, the routine is a, b, c to most of them, he said.

### Leisure Well Filled

Leisure hours are well filled with swimming pools, a golf course, football and baseball leagues at their disposal, Leonard's gridiron team came in third in the league, in playoffs last fall, he added. There are nightly movies and the USO circuit with noted movie stars stars there every often, with "swell" show, he maintained. Although liberties are harder to get now that tension has tightened in that area, Leonard said that those with weekend liberties usually head for San Diego. He has heard of but hasn't yet visited the famed Baccardi gardens there, where there is outdoor dancing and free rum.

### Food Fair Reopens After Fire With Increased Floor Space

Reopening today is the Food Fair Market at 324 Washington avenue. A fire in the building June 7, damaged the store and operators of the market, Food Fair Stores, Inc. of Philadelphia, took the opportunity to redecorate the interior and streamline the various departments for greater convenience to shoppers.

Floor space has been increased by redesigning the units which make up the departments and checking booths have been moved to the front of the store. A complete stock of new merchandise fills the store. The same personnel will serve customers and clerks have been more thoroughly instructed during this period on ration point values so that they can assist buyers to take full advantage of their ration coupons. Herman Seigel is manager.

### 12 Year-Old Carman Castoldi Was Just Visiting Neighbors

Dilemma of what to do with an errand son was probably resolved in the Castoldi household at 119 Crest drive, into plain joy at discovering him last Saturday morning, when 12-year-old Carman turned up after being missing for nearly 24 hours.

An explanation that he had merely spent the night with one of his friends a few doors from home ended a three hour search at dawn with Officer John Monahan assisting. It included combing Camp Carragher and other likely spots where boys might be inclined to camp out.

Reported missing at 1:30 a.m. Saturday morning, his family had spent an anxious day since before noon on Friday. His description was finally broadcast over the teletype when he didn't appear in the evening.

### Red Cross Rummage Sale Will Be Held Next Week

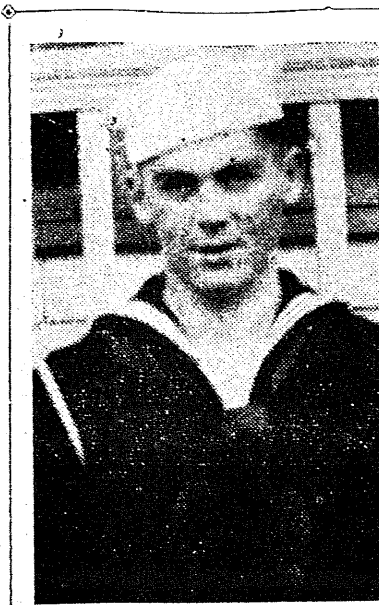

A sale of unclaimed clothing from a cleaning establishment will be held Tuesday, Wednesday and Thursday July 27, 28 and 29 at 100 Washington avenue. Proceeds will be used to purchase supplies for soldier's kit bags assembled by the Red Cross. William J. Miskind gave the clothing for this purpose to a committee of women who will manage the sale. Chairman is Mrs. John Gibson. Others are Mrs. Fred Fischer, Mrs. John Kilpatrick, Mrs. Harold Snock, Mrs. P. A. Lempert, Mrs. Daniel Lemell, Mrs. Walter Martin, Mrs. Frank Brown, Mrs. R. Samsel, Mrs. William P. Adams, Mrs. William Miskind and Mrs. Fred Sohnie.

### Red Cross Disaster Group Names Chairmen

Harold Pumyea, disaster preparedness committee chairman, has named Carl Struble vice-chairman and head of the survey division, a sub-committee under the disaster section of the local chapter. Other sub-committee heads were also named and are R. C. Stiver, shelter; John Hewitt, food; Mrs. Harvey Thompson, clothing; Capt. Madeline Corb of the Motor corps, transportation; William Chapman, registration and information and Paul Baxter in charge of nursing and first aid. Purchasing and public information sections will be put into action later.

The disaster preparedness committee, although it will be prepared to function in cooperation with civilian defense units in case of war emergency, is primarily a permanent group to aid civilians in time of natural disasters such as floods or fires. Pumyea and his helpers are tentatively surveying the town for suitable disaster shelters and are also visiting the defense plants to become acquainted with their potential dangers and judges the best spots in them for establishing Red Cross centers in time of need.

and Mrs. Henry Riepe Jr. of Munn avenue, Newark, is recuperating at home after having her tonsils removed recently in St. Barnabas hospital. The Riepes formerly lived on Wilbur street.

Leonard Zaccane

football and baseball leagues at their disposal, Leonard's gridiron team came in third in the league, in playoffs last fall, he added. There are nightly movies and the USO circuit with noted movie stars stars there every often, with "swell" show, he maintained. Although liberties are harder to get now that tension has tightened in that area, Leonard said that those with weekend liberties usually head for San Diego. He has heard of but hasn't yet visited the famed Baccardi gardens there, where there is outdoor dancing and free rum.

Al, 20, is a private first class in the Coast Guard, stationed at Portland, Me. Another brother, Paul, who is 17, is a seaman 2nd class at the Naval Air Station at New Orleans, La. He enlisted of course, as did Leonard. The boys also have a sister, Marion, who is 21 and employed by Lehn and Fink laboratories, where Leonard was employed before he entered service.

### Di Amentas, Brother And Sister, Are Again Promoted

Receiving promotion in rank almost simultaneously for the second time are Cpl. Frances C. Di Amentas and Sgt. Phillip serving overseas with the Army ordnance. They are daughter and son of M. and Mrs. Pasquale of 103 Baldwin place.

Cpl. DiAmentas, who joined the WACS in January is stationed at Fort Benjamin Harrison, Ind. She was formerly at the Des Moines WAC training center where she was a first cook.

Sgt. Demento has been in the army two years. He was stationed at Fort Dix and at Fort Meade, Md. before going overseas in April. Before entering service he was with the Union News company of Newark.

## FUEL OIL RATION COUPONS. NEW, OLD, EXPLAINED

### OPA Clarifies Use Of "Left-Overs", Gives Expiration Dates For All

To clarify use of fuel oil ration coupons now being mailed to consumers for the 1943-44 heating season, the Newark District OPA office issued Monday a set of instructions covering both ration coupons left over from last season, and new ones valid for use now.

It was emphasized that the unit value of the new Period One coupons is 10 gallons, and that the period of validity is July 1, 1943 to January 4, 1944. This permits filling tanks now with fuel oil to be used during the fall heating season.

Further information was listed as follows:

1. Coupons which can be used to purchase fuel oil now:
  - (a) Old Period Five Coupons (10 gallons per unit) left over from season's allotment. These expire September 30, 1943.
  - (b) New Period One coupons (10 gallons per unit) good until January 4, 1944.
  - (c) Old fixed-gallonage coupons left over from last season's ration, good to September 30, 1943.
  - (d) New fixed-gallonage coupons which can be used any time to September 30, 1944.
2. Use first the coupons left over from last season's ration. Fill your tank by using Period One coupons of your new series. Each consumer will receive with

his new ration coupons an official 16-page government booklet entitled "You and Your Fuel Ration," which outlines simply the why and how of fuel oil rationing, and tells what recourse is available for special cases and emergencies. It also gives helpful hints for conserving heat by insulating.

In a section devoted to a survey of last year's rationing program, the booklet states: "In spite of all the gloomy prophecies, fuel-oil rationing caused no American to freeze to death last winter. The plain fact stands that Americans withstood discomfort at home knowing that it helped our men in uniform."

"Public health officials all over the rationed area have been asked about illness due to lowered home temperatures. They were consulted when the plan was first drawn up — they've approved it again after a year's work. Many of them, far from finding any harm done, found that health was improved by the lower temperatures. Engineers also set their seal of approval on the plan last year and this year too."

### Founder Of Crowhurst Firm Dies At Home In Glen Ridge

A. James Crowhurst, who founded the Mill street firm, A. J. Crowhurst and Sons, here in 1931, died Monday at his home, 312 Forest Avenue, Glen Ridge. Mr. Crowhurst had been a leather manufacturer for many years. Sixty-eight, he had been ill three weeks. Mr. Crowhurst was born in Campbell, Ont., and came here in 1900 when he lived in Newark. He moved to Glen Ridge 10 years ago. He is survived by his wife, Mrs. Rosa M. Crowhurst; four sons, Harry L. Crowhurst of this town, Charles M. Crowhurst of Nutley, P. James Crowhurst of Montclair and W. A. Crowhurst of Newark; and a daughter Mrs. Carl Shafer of Montclair.

## Another Service Stripe For Banking--

### "Withholding Tax Depositories"

- == Sale and Promotion of War Savings Bonds
- == Loans to Government by Bond Purchases
- == Ration Banking
- == "V" Loans to War Industries
- == Payrolls for War Industries
- == Freezing Foreign Funds Against Enemy Use
- == Restricting Consumer Credit and Non-Essential Loans
- == Acting as "Withholding Tax Depositories"

In addition to the many war-time services which this bank and other financial institutions have been performing in behalf of our Government, we have now been authorized to accept from employers monthly deposits of withholding tax funds deducted from employees' salaries and wages. Such deposits are to be held in trust for the Federal Reserve Bank for eventual remittance to the Collector of Internal Revenue.

We are very glad to be able to render this additional service in the hope that it will contribute to America's main objective at this time—The Winning of the War.

Miss Ethel McCombs  
Mr. and Mrs. John McCombs of 340 Belleville avenue have announced the engagement of their daughter, Miss Ethel McCombs, to William A. Burroughs Jr., son of Mr. and Mrs. William Burroughs of 259 Greylock parkway. The couple will be married in the near future.  
The following Belleville guests are registered at the Whitehill in Ocean Grove: Mr. and Mrs. J. H. Nash, Mr. and Mrs. R. F. Hoadley, Mr. and Mrs. Edward Cantwell and daughter, Mrs. Walter Garthwait, Mrs. Ada Garthwait, Mrs. Daniel Guldner, Mrs. M. A. Matthew, the Misses Emily E. Meyer and Helen Louise Sammis and Neal Finn, N. B. Caticchio, William Henderson, Alfred Gilby, B. A. Barton and Edward Norton. Mr. and Mrs. Robert W. Reilly, proprietors of The Whitehill, are former Belleville residents.

Miss Ethel McCombs

**Engaged**  
Miss Ethel Hilton  
Announcement was made early this month by Mr. and Mrs. Leroy Hilton of 45 Fairview place of the engagement of their daughter, Miss Ethel Hilton, to Carl Calvert, Fireman 1/c, son of Mr. and Mrs. Clarence Calvert of Hicksville, Pa. Calvert is stationed at Little Creek, Va. after his graduation from the Navy's Diesel and Motor school at Richmond.  
Miss Hilton was graduated from Belleville high school and is with Walter Kidde and company. Calvert, a graduate of Central high school in Hicksville, was with the Thomson Machine company here before joining the Navy.

**MRS. FRED SINGER ENTERTAINS**  
Alan Van Den Mark Back Home After Visit At Lake Hopatcong

Mrs. Fred Singer of Liberty avenue was hostess last week to members of the Friendly club, Mrs. William S. Kitchell, Mrs. Joseph T. O'Brien, Mrs. Harry Mueller, Mrs. William C. Koehle of this town, Mrs. Morris Mott of Nutley and Mrs. Henry Riepe, Jr. of Newark.

Alan Van Den Mark of Perry street returned recently from Lake Hopatcong where he visited Herbert Hahn Jr. at the Hahn summer cottage. The Hahns live at 162 Tappan avenue. The boys, school chums, swam, hiked and fished together.

Mrs. Joseph Schoeck of Ralph street was recent hostess to her sister-in-law, Mrs. Walter Dries, Mrs. Ruth Wilderson and Marion Wilderson of Paterson. They celebrated the birthdays of the three guests.

The Misses Florence Marcuson of Tiona avenue and June T. White of Fairway avenue have started a course at the Berkeley school for secretarial training, East Orange. Both girls were graduated from Belleville high school.

Belleville guests of Mrs. Rose Stave of Newark recently at a surprise party for Mrs. Katherine Mulvey of that city were Miss Mae O'Connor, Mrs. A. B. Frazer, Mrs. Edward Lenno, Mrs. Mae Donhauser, Miss Mae Donhauser and Jack Donhauser. Other guests from Newark were present.

Mrs. Spencer R. S. Muller, formerly Miss Jeanne Morey, is now at Presque Isle, where her husband, Lt. Muller is stationed with the Air Transport command.

**Seems Impossible Now**

... but last winter gave you a hint of what to expect next winter when all available petroleum and railroad facilities will be used to push the war to a successful conclusion.

The Government has given you an opportunity to anticipate your needs. It has just issued new regulations to encourage the conversion to coal, the insulating of homes, and the installation of storm-sash and window stripping during the spring and summer.

Qualified Title I F.H.A. Lending Institutions, such as the Peoples National Bank and Trust Company can now make Title I loans, repayable over a period of three years for these purposes.

For the last two years we have been running advertisements advising you to convert your heating unit to a coal burner; to insulate and storm-sash your home, which would save a large fraction of your fuel. It is more important than ever to provide against insufficient fuel.

Get the work done now while you can.

**"Before you know it... it's time to go home!"**  
SAYS THE GIRL WHO WORKS AT WESTON'S  
Mrs. Gertrude L. Zboray, Linden, N. J.

**1.** "I WAS BORED to tears around home, but just the same, I dreaded the idea of working in a big, busy plant. So when my friends bragged about their jobs at Weston's and suggested that I get a job with them, the best I could say was 'maybe'."

**2.** "THE EMPLOYMENT PEOPLE at Weston's were simply swell. They told me about the convenient hours—how I'd get paid even while I was learning—and that I'd be given every opportunity in the world for advancement if I demonstrated ability. I decided to try it."

**3.** "IT'S EASY! And honestly, the time passes before you know it. I suppose that's because the work is so interesting—and because the plant itself is so clean and quiet. Then too, you meet so many grand people."

**4.** "I FEEL BETTER, too! In the first place, I know I'm doing something worth while help win this war. That means a lot. At the same time, I can buy more War Bonds and have more money to spend on I've always wanted!"

Yes, there's a job for you at Weston's—a big job in terms of what it will accomplish in helping to win this war—but an easy job in actual working terms. Our plant is light, clean and airy. There's an up-to-date cafeteria to serve you wholesome, nourishing meals at low cost. Hours are reasonable—one of our many shifts should certainly prove convenient. Transportation is convenient—all No. 11, 12, 62 and 24 buses stop at our door. In addition, there are established transportation groups which may meet your needs completely. If you are not now in war work, call at our employment office. You'll get a hearty welcome.

## TOWN MAY PAY

(Continued from Page One)

sort of maintenance and a supervisor of women's and girl's activities, when the program is in full swing.

Joint meetings of the Board of Recreation Commissioners, the Planning Board and the Board of Education are also recommended for the discussion of the unified recreation program as well as the acquisition and development of recreation areas and the construction of buildings and facilities.

The Kearny survey also points out that public recreation is intended for all types of individuals and all ages. It has as its objectives, equal opportunity for all, a wide range of individual choices. It will encourage family recreation and the utilization of all existing facilities, in correlating the program with other agencies in the town. There will be passive as well as active forms of recreation and initiative among participants in managing activities will be encouraged. Important point in the whole program is the inexpensive outlay by participants, in nominal charges and fees.

Although the cost of the program at first glance seems to be high, it has been pointed out by one of the members of the Foundation that this is not necessarily so, when the facilities already available are considered. It is expected that the whole program when completed over a 10 or 15 year span, would be largely self-sustaining. This can be achieved, it was stated through the small fees charged for one facet of the program bearing the financial burden of those activities which are not self-liquidating.

REED baby carriage; excellent condition. \$20. Telephone BE. 2-3575-J.

## POPULAR ELECTION

(Continued from Page 1)

The counsel for the Citizens' committee also quoted a paragraph of the Revised Statutes which states that "a vacancy opening in a public office, other than that of the United States senator, member of congress, state senator or member of the house of assembly, shall be filled at the next general election next succeeding the happening thereof, unless such vacancy shall happen within 25 days next preceding such election, in which case it shall be filled at the second succeeding general election."

Not consistent Keenan in advising Mrs. Morey to reject the petitions, states that this is a part of the general election law which he contends, is not consistent with elections conducted in municipalities under the Walsh act. He cites in his letter, another provision of the general election law which states that the point quoted by McGlynn shall apply to elections held in municipalities "only so far as the provisions are not inconsistent."

A general election to fill a vacancy in a commission form of government would be inconsistent, he says, because the sole appointing power to fill a vacancy in the event of death of a commissioner has been placed by the legislature in the remaining commissioners.

Other apparent inconsistencies between the commission government act and the general act are the definition of vacancies, Keenan states, in addition to the fact that the commission act provides that the term of office of all commissioners shall commence in May whereas the general elections take place in November.

Because the law is not clear and the "proceedings requested by Mr. McGlynn are novel," Keenan stated that in his opinion, the law should be established by the courts.

# Contests And Tournaments Open At Playgrounds

## Full Schedule At Recreation House Includes Costume Parade This Week

Increased activities at all of the summer playgrounds are evident as registrations close this week and preparations are made for various contests to be held for the balance of the summer program, Commissioner Noll said this week.

The playground located at the Recreation House grounds under the supervision of the Miss Rosemary Vuono and Miss Jane Borman have the following schedule set up for the coming week:

Junior Horseshoes Contest for boys from 7 to 12 years of age will be held Monday, at 2:30 p.m. while Jacks contents for boys and girls of the ages 7 to 10 and 10 to 15 as scheduled for Tuesday morning at 10:30.

Wednesday, at 10:30 a.m., a baseball game will be played between the Junior and senior boys, with senior horseshoes contests for boys between 12 and 16 years of age at 2:30.

Ping pong contests for both boys and girls between the ages of 8 to 12 and 12 and 16 will be held Thursday, at the same hour and a doll contest open to all. Friday is slated for 2:30, is reserved for a costume parade, open at all at 2 p.m. Prizes for the most original costume, the funniest costume and the prettiest will be given and there will also be prizes for the best decorated bicycle and wagon.

Saturday, there will be checker

# Canning Demonstration At Fewsmith On Thursday

A complete canning demonstration will be held next Thursday afternoon, at 1:30 in Fewsmith Church recreation rooms under the supervision of the nutrition committee of the defense council of which Mrs. Thomas Jackrell is chairman.

Women from all parts of town are urged to be present for questions on canning as this may be the final public demonstration here. Mrs. Rose Murphy, assistant Essex County home extension agent, will demonstrate all methods of canning including pressure cooker, hot water bath and open kettle procedures.

Mrs. Jackrell, Mrs. Victor Hart Jr. and Mrs. John Charlton will conduct private canning demonstrations for groups desiring them at any time. They and other women who trained last spring in these methods will also supervise canning bees when sufficient women have made a demand for them. Arrangements are also under way to advise women of the vegetables most in season and where they may be bought economically.

# Doll Contest At Bridge Street

Margaret Dillon of 94 Washington avenue won the prize for the largest doll in the doll contest held Tuesday afternoon at the Bridge street playground where Miss Marie Lombardy and Miss Jeanne Frazer are instructors.

The judges, Mrs. Walter Loesner and Mrs. Walter Bartlett had difficulty in selecting the prize winners from the large and varied display. Dorothy Carragher of 54 Smith street took the prize for the smallest doll; Patricia Howley, 69 Dow street, the prettiest; Alice Carragher, 73 Bridge street, oldest and Patricia Murphy, 27 Prospect place, the most patriotic.

Patricia Bell of Montgomery place won the jack's contest Tuesday at School No. 2 playground supervised by Miss Agnes Culklin. A boys' checker match was played there yesterday. The playground, at which 108 children are enrolled, is open daily from 10 till 5 and on Saturdays from 10 till noon. Beanbags, horseshoe pitching and dominoes are other fields of contest open to the children who will send their champions to compete at other playgrounds in an end-of-the-season roundup.

# Nationals Trim Orioles At Kidde Field; 12-8

In their third meeting of the year the Hillside Nationals beat the Valley Orioles for the second time 12-8, Sunday at Kidde Field. For the first time this year the Nationals started the game minus the services of their second baseman, Tom Ferguson who is now in the Navy.

The Hillsideers virtually "sewed" the game up in the second inning when they scored five times. The big blow of this inning was Gorman's two run single. The Nats added to their lead with two more tallies in their half of the third. When Gray and Vincent banged out telling blows.

The Orioles staged an offensive when they scored a brace of runs in the third, fourth, and fifth innings and singles in the sixth and seventh. However the Nationals broke up the game with a trio of runs in the seventh and Geiser held the losers scoreless for the rest of the game. The latter played his last game with the Nats for he will be inducted into the Army this week.

It was the third straight win for the Hillsideers. In their meeting with the Iron Dukes Saturday, at Municipal stadium the Nats were victorious 13-6.

# Picking Corn An Art

Harvesting corn in proper condition is not easy. If the ears are pulled when the kernels are too small they will lack substance and flavor. If left on too long, the kernels may be tough and lack sweetness. Corn should be pulled when the kernels are in the milk stage. First evidence is when the silks turn brown and dry at the outer ends.

The writer, to determine the proper stage of ripeness, since it will vary with varieties, pulls back a small section of the husks to expose the upper inch or two of the ear. The kernels should appear well filled out. Press the flat of the thumbnail into the kernels and in the direction of the kernels spurt out with a milky appearance, the ear is probably ready to pull for cooking. If this does not occur, draw the husk back over the opened portion and leave the ear on the stalk.

As soon as an ear is determined to be ready for the pot, feel the outside to get the conformation of the kernels underneath. By the condition of the silks and by the "feel" of the ear, ripeness can be ascertained.

Corn is always best if cooked within an hour or two after pulling, as the sugar changes to starch in a few hours. If it must be kept longer, place in the refrigerator with the husks left on.

# Harvesting Your Crops

Many persons are experiencing for the first time this year the pleasures of harvesting and eating the fruits of their own labor. Many a bean will be picked too small or left until every mature. Snap beans are left on, usually, until the location of the seeds in the pod just becomes evident. They are then in their most succulent state. However, if the seeds should become well formed and the pods a little tough, shell out these seeds and cook them with the tender pods. Many persons are fond of green shelled beans.

The touch sense is a good guide in harvesting, but the novice must experiment. In harvesting lima beans, for instance, one must judge the maturity by the sense of touch until the eye becomes practiced. By feeling gently of the pods, the maturity of the beans can be determined if your touch tells you that you think they are large enough, open a pod, and you will be surprised, because usually the seeds will be too small for best use. It is by testing in this way that the gardener will arrive at

# Watch For Onion Thrips

The usual run of insects are still with us, namely, the cabbage worm, potato beetle, cucumber beetle, Mexican bean beetle and squash bug. Appropriate measures to keep these under control should be continued. Onion thrips may cause gray streaks on the leaves, especially on onions from seeds and transplanted seedlings. As soon as the work of these thrips is detected, spray at weekly intervals with nicotine sulfate. The formula is one and one half teaspoonfuls of nicotine sulfate and 6 teaspoonfuls of granular soap to one gallon of water. The spray material should cover the entire leaf. Weekly spraying will be necessary to keep these under control.

In some sections of the state the European corn borer may be injurious. This pest is different from the corn ear worm which feeds only in the ear. The corn borer will attack any part of the plant and usually the first conspicuous sign is when the tassels break off and fall over. The control of this insect is difficult. New Jersey Agricultural Experiment Station Circular 377 describes the method. This can be obtained without cost by writing to the Station. Corn that is planted to be harvested between July 25 and September 1 is less seriously injured by the corn borer than that which matures earlier.

# Every War Bond You Buy Brings Victory That Much Closer

WIDENED, STRAIGHTENED and resurfaced, the mile-long stretch of Main street between Joram street and the Nutley town line, shown before and after improvements above, has been completed, and Section 2, between Joram and Rutgers streets, is now under construction. The \$110,207.27 project of which the state's share is \$79,000, was started last November 30. Under the supervision of Commissioner Waters and C. J. Faust engineer in the Public Works department, the old street, 20 feet across, has been doubled in width and a stone shoulder provided for drainage where needed along the river bank. The material secured through priorities, is FABC2 surface on a concrete base. A traffic count has shown that an average of 1143 cars go over the street daily, 26 percent of which are trucks. In spite of the heavy pounding, the new surface is expected to have a life of at least 20 years.

## Lots of Activities Keep Girl Scouts Busy At Their Cabin

17 Campers Explored The Reservation Last Week;  
4 Camping Weeks Left

The 17 Girl Scouts who camped in South Mountain reservation last week returned to Belleville Monday morning after a full program which included the practical application of handcraft to the newly improved interior of the Belleville cabin there. Girls followed in the wake of carpenters and painters, who had completed their work there barely two weeks ago, and stained furniture, painted shelves and the medicine chest and applied green leather coverings to shelf surfaces.

Last Monday, under the supervision of their director, Miss Virginia Charlton and her assistants, the Misses Jean and Betty Goodie, the new campers explored the reservation. The following day they took an afternoon hike to Hemlock Falls and on Wednesday a picnic hike to Tulip Springs. The girls snapped photos at the deer patch on that occasion. Thursday night they conducted a volley ball match with girls of the Millburn cabin.

A treasure hunt for ragweed is being conducted on the reservation and campers there will be paid four cents a pound for all that is collected. Ragweed has not reached the pollination stage where irritation to the gatherer is acute. The two types of the weed have been thoroughly illustrated by reservation authorities so that campers may easily recognize it and do a thorough job of exterminating it.

### Register Now

Four more weeks of camping in the reservation under supervision are open to Belleville girls who may register daily at Scout headquarters, 400 Washington avenue from 9:30 to 12. Scouts and non-scouters will be welcomed. The fee is \$8 for Belleville girls and outsiders may also register at \$9. Girls who left Monday morning in the bus which transports them and their luggage directly to the cabin, were:

Jane Owen Charlton, Jean K. Sutherland, Britta Walden, Carol Bagger, Effie Lou Boyd, Alice Edwards, Pamela Ann Niles, Grace Tobia, Joan Thompson, Estelle Denner, Grace Muench, Felicia Molyneux and Catherine and Patricia Ellis of town. Patty Fox of Nutley and Gail Umscheid

of South Orange were also registered. They are all Brownies. Remaining at camp were Jean Griffin and Joan VanDusen, now junior councilors. Girls who were encamped last week have all signified their intention of signing up for the final week of camping which will open August 9.

The program for a typical day at the Belleville cabin, which starts at 7:15 with reveille, includes flag raising at 7:45 and breakfast at 8. The whimsical name "Kapers" is applied to the general straightening up period from 8:30 to 10 when girls, alternating the duties, thoroughly clean the cabin and make beds. At the close of that period inspection is held and a cabin meeting, when plans for the day are formulated.

Crafts, many of which are displayed at the local headquarters, are practiced until noon. At 12:30 the girls lunch and a complete rest period follows until 2:30. The first half hour is spent in silence, lying on their cots. For the remainder of the period, and until 3, they quietly continue crafts and write letters. Games or a hike and practice for the evening campfire stunt occupy the scouts until 5 when they have a free period until 6 o'clock dinner. Competitive sports precede the campfire ritual at 8 which lasts until 9:15. Taps are at 9:30.

July 28 has been chosen for a day's program which will be given patriotic significance by the title, United Nations Day. Campers at each Girl Scout cabin in the reservation will contribute some feature of entertainment such as folk dancing or singing. There will be a communal picnic.

A Bible was presented to the Belleville cabin by the Craftsmen's club of which Harry Winfield is president and James Lampman, vice-president. This, and several other books which have been donated by friends, will start a collection to fill the newly painted bookshelves in the cabin.

Mrs. Sidney Summerfield and Miss Virginia Summerfield returned last Wednesday night from Lawton, Va., where they visited the family of William White of the Coast Guard, Miss Summerfield's fiancé. His parents are Mr. and Mrs. Michael White. The Summerfields also visited McLean and Fairfax, Va., and were away three weeks.

## Troth Is Told

Aux. Dorothy Duffy

The engagement of Aux. Dorothy Duffy, member of the Women's Army corps, and daughter of Mr. and Mrs. William J. Duffy of 103 Overlook avenue, to Roger Monaco, son of Mrs. Lucy Monaco of Corona, L. I., has been announced.

Both are stationed at Hendrick's Field, Sebring, Fla., where Monaco is a mechanic in the ground crew there. Plans are being made by the couple for a September wedding. Aux. Duffy is a graduate of Belleville High School and was employed at RCA in Harrison before entering the service in March. Her fiancé attended Corona schools.

## PFC. TORTORELLO WED SATURDAY

West Point Instructor Marries Nutley Girl In Double Ring Ceremony

Miss Camille Sasso, daughter of Mr. and Mrs. Frank Sasso of 22 Passaic avenue, Nutley, and Pfc. Patrick Tortorello, son of Mr. and Mrs. Patrick Tortorello of 24 Mt. Prospect avenue, were married on July 10, in Holy Family Church, Nutley. The double ring ceremony was performed at 5 by Rev. Francis Blake. A reception was held at the Belleville Elk's club. Pfc. Tortorello is on a 14 day furlough from West Point where he is a cadet instructor in gunnery and track operation. Miss Sasso's father escorted her to the altar and she was attended by Miss Nancy Torre of this town as maid of honor and the Misses Marjorie and Catherine Sasso of Nutley, Miss Viola Sasso of Belleville, Miss Geraldine Galante of Newark, Miss Constance Orlando of West Orange and Miss Carolyn Dalado of Brooklyn, bridesmaids. Domenico Tortorello of this town was his brother's best man. Ushers, all stationed at West Point, were Pfc. Godfrey Cassello, John Morbito, Donald Fazzinola and George Jacobson, Pvt. Frank Tortorello and a cousin, and Cpl. Louis Panzanaro.

Little Jean Pedota of Nutley was the flower girl and scattered petals from a garrison cap. Leonard Sasso, brother of the bride, acted as ring bearer and was dressed in the uniform of a first lieutenant. The children are five years old.

### Bride's Gown

The bride's white marquisette princess gown was trimmed with lace insertion and the long train lace edged. Her full length veil was draped from a crown of seed pearl orchids. The bridal bouquet was fashioned of white orchids and lilies of the valley. Miss Torre's floor length costume of Nile green marquisette was worn with lavender bonnet and slippers. A Grecian veil was draped from her bonnet and she carried natural orchids and lilies of the valley. Similar costumes were worn by the bridesmaids in the reverse color scheme of lavender gowns with Nile green accessories. They carried victory shaped arm bouquets of mixed flowers. The flower girl's dress of Nile green was worn with a lavender veil and orchid headpiece.

Mrs. Sasso and Mrs. Tortorello wore blue chiffon gowns with white hats and accessories. Their corsages were of white orchids. After an Atlantic City honeymoon the couple will go to West Point where young Mrs. Tortorello will remain three weeks. Pfc. Tortorello has been in the army since September. Both young people were employed by Thomas A. Edison, Inc. in West Orange. Mrs. Tortorello was graduated from Nutley high school and Pfc. Tortorello from the local high school.

## Lt. Fred Rossnagel Weds Monday In Florida

Lt. Fred Rossnagel, who was graduated from Officer's Candidate school of the Signal Corps at Fort Monmouth ten days ago, and Miss Louise Moore of Dunedin, Fla. were married in that place Monday.

Lt. Rossnagel is the son of Mr. and Mrs. Emil Rossnagel of 34 Perry street. Miss Moore and her sister, Miss Grace Moore, came here for Lt. Rossnagel's graduation and were guests of his family. Mrs. Rossnagel accompanied the party to Florida by plane for the wedding.

The bridal couple and Mrs. Rossnagel returned here Tuesday night. The lieutenant returned to Fort Monmouth Tuesday, where he will have further training. Mrs. Rossnagel will live with her parents-in-law temporarily. Lt. Rossnagel has been in the army three years and was stationed for much of that time in Iceland.

## "Treat Your Appliances Well"

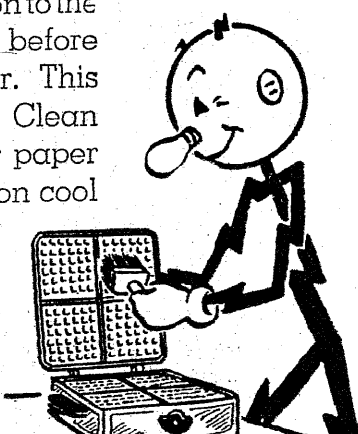

—says Reddy Kilowatt

Never immerse your coffee maker electric stove in water. Clean it with a damp cloth. Wash the glass bowls with

warm soapy water and rinse thoroughly. These bowls are heat resistant but don't subject them to sudden changes of temperature. See that the lower bowl doesn't boil dry. If the coffee boils over, let the bowl cool before wiping it off.

Empty the bag every time you use your electric cleaner. Avoid picking up hairpins and nails or tacks as they can cut the belt and puncture the bag. Keep the brush clean of oil, dirt, threads and hairs. Handle the cord gently. Don't bend or twist it as this may break the wires.

Heat your waffle iron to the right temperature before you pour the batter. This prevents sticking. Clean with a soft cloth or paper towel and let the iron cool with the lid up. Never immerse the iron in water. If the cord is detachable, store it separately.

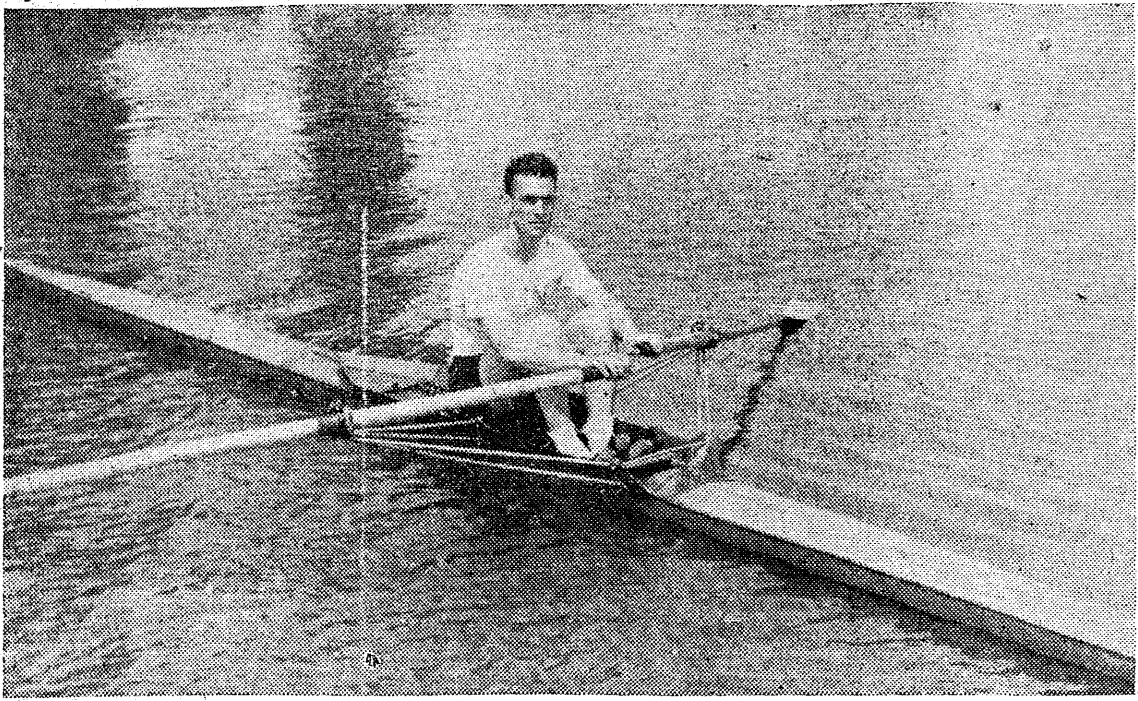

Electricity is essential to war production work. Do not waste it.

Cops National Titles For Nereid

Al Walker, representing the Nereid Boat Club, was crowned national champion in the light-weight quarter mile dash and the single shell race over the mile and a quarter course last Sunday. The local oarsman, whose home is at 133 Jordan st., won both of these events in the 71st annual National Rowing Championships on the Schuylkill river in Fairmont Park Philadelphia. Saturday when he won the heat in the all-weight class and placed second for the finals.

Walker, who is a third class yeoman stationed at New York, was the only available representative weighing only 135 pounds, he active of the local club. Although rowed his scull with a smooth powerful stroke to gain the two victories.

This was the second time this month that Walker has won at Philadelphia. On July 4 he received a cup for winning the light-weight singles of the Peoples' Regatta. On Sunday he was clocked at 1:19 in the 145 pound dash to beat out two Philadelphians, and finished at 7:56 in the single scull race to come in five lengths ahead of veteran Bill Murray of the Penn A. C. Al garnered 26 points for his victories to put the Nereid Boat Club in third place in the finals. Art Gallagher, of the Penn A. C., won the final for his club with a total of five victories in the five day classic.

In preparation for his races, Walker practices on the Passaic river at night whenever he can get time off from his navy duties. At the end of this month, July 29 to 31, Al is going to participate in international competition when he goes up to Ontario for the Royal Canadian Henley Regatta. There he will enter the light and heavy weight one quarter mile dashes.

Minors Suffer In League Through Loss Of Men To Service

Newark of the Suburban League, formerly the Pittsburgh Minor Leaguers, recently lost three straight games in the league. They were defeated 4-1 by the East Orange Soverells at East Orange, 5-0 by the Montclair Stars at Orange and 11-7 by the South Orange B. B. C. at South Orange. Only three batters are now batting over .300 according to latest averages. They are Marty Williams at .368, Lou Housel at .317 and Ray Gregory at .314.

The Minors have lost one more player to military services with the departure of Jim McDonald for the University of Pennsylvania where he will train as a naval ensign. 51 former players are now in service. Officers on the list are: Jim Lynch, Elmer Doremus, Edward Mullin, Sam Sedichio and Bill Telfer and Naval Ensigns George Wiggins, Bill Cavanaugh and Dick McManus. Non-Commissioned army men are Neal Behney, Fred Brien, Charles Cook, Bill Cowan, Arnold Clarke, Bill Fisk and Anthony and Charlie Hughes.

Townpeople have responded to the appeals of the blood donor committee headed by John Charlton, by contributing 250 pints of blood to be turned into plasma for the fighting forces, during the two visits of the mobile blood bank unit here.

Home service under Mrs. Louis A. Noll, has been greatly expanded during the last year, with more and more local servicemen assigned to far-off battlefronts. This committee has been engrossed in making well over 200 home visits and has sent and received as many telegrams referring to emergency furloughs. It has also sent many inquiries to occupied countries, regarding servicemen and civilians in danger zones.

The nutrition committee under John J. Hewitt, which organized the first nutrition class last January, has held two such courses, and graduated 66 women. They were prerequisite to the canteen course, which has also been taken by 35 women. The committee was instrumental in choosing and setting up four canteen centers now ready and equipped to handle emergency feeding.

**Canteen At Blood Banks**

The canteen units have also functioned at both visits of the blood bank, providing the required refreshments for donors. No small part of the committee's work has been an educational program emphasizing the need for good nutritional standards. Its latest project will be the canteen bees proposed to be held in the municipal stadium where housewives may put up fruits and vegetables under expert supervision.

Paul Baxter as chairman of the First Aid committee, reported that 69 first aid classes including junior, standard and advanced courses, have been given during the year, with 1,727 certificates issued. It is an increase of more than 10 times the number of certificates issued previously, and the program was conducted by 21 lay instructors and five physicians who averaged better than one hour of instruction per week for the entire year.

The Motor corps under Capt. Madeline Cort, received the gift of a station wagon in December from Dr. and Mrs. Irwin, which is being used for the numerous errands and defense council work done by the corps. Including training, 2,295 hours have been contributed by 19 members, who have accomplished a total of 464 errands.

There have been approximately 876 workers on surgical dressings according to Mrs. Frank H. Brown, chairman, who have made 103,080 dressings in 7,650 work hours. Production under Agnes Thompson, has completed 3,361 garments which includes 1,626 sewed garments for civilians, 229 donated items of clothing and Christmas boxes, knitted wear for hospitals and the army and navy. The production committee also has expressed appreciation and thanks to a large number of groups which have assisted in the work.

In addition, 38 women have been graduated in home nursing under Miss Ella Hossensjaeger and there are 10 graduates now serving as nurses aides, Mrs. Kel Bamford reported.

The Junior Red Cross which has an enrollment of 109 percent in all the schools, has, according to Mrs. William H. Williams, chairman, completed a long list of projects which include afghans, lap robes, sweaters, menu covers, gift boxes, Christmas boxes. They have also collected papers and magazines for the defense council's salvage committee, helped in the Victory book campaign, and donated \$25 to the National Children's fund.

Mrs. C. S. Coeyman and Miss Frances Coeyman of Rossmore place left Saturday for San Francisco, Calif. where they will make an indefinite stay.

## Just Let Him Get Started!

The first jolts of the pay-as-you-go tax plan have left some of us breathless as the incomprehensible billions of government spending are translated into neat, rhythmic rocks at pay checks. The newly coined catch line, "tax day every pay day" has become a fact that could lend itself well not only to a song writer's purposes but, given a martial air, would do nicely as a national anthem.

Aside from getting the public on a cash paying basis, conceded not only necessary but vital to financing the biggest enterprise in history, government has, consciously or not, made a lot of people more acutely aware of its functioning. And that's bad—for the bureaucracy that are doing their best to dig in as permanent fixtures on the national scene.

It's bad because the little fellow with a new awareness of something he hasn't paid too much attention to, since it is so far removed from his habitual orbit, is going to start investigating. Formerly, he wrestled, if at all, for a weekend over what he'd spent and hadn't spent, added it up, paid his

share of taxes and forgot about the process till the next March rolled around. Now the repetitious, weekly assault on his earnings is going to start something.

He's going to discover and examine the fact that there is one federal employee to every 45 in the country. He'll consider the suggestion of the Byrd committee that at least 300,000 of them be relieved for direct employment in war production. And the committee's report that 3,034,000 federally employed civilians add up to an annual payroll that it estimated to be 50 percent greater than that of all the employees in the country. Getting down to New Jersey, he'll wonder at the 65,000 federal employees who outnumber those in state government positions, nearly five to one.

Pretty soon he'll get fightin' mad. He'll join an organization in which his voice can be heard. He'll begin telling his Washington representatives what he thinks of the situation. And the quicker he gets at it the better. It's more than time that the inhabitants of the Capitol's ivory towers looked out and heard the shouts of the multitudes.

## Woman Power Can Avert Critical Area

Attempts of manufacturers in this area to avert being designated as critical by the War Manpower Commission should have the wholehearted cooperation of the public.

One result of such action by the WMC would be the priorities on manpower which would be enjoyed by the large industries engaged in war production. It would work in reverse for the small manufacturer who could easily be squeezed out of business. This would be so because of the great turnover of employees in large companies, which would necessitate in most instances, recruiting of all the available manpower, leaving little or none for the small industries faced to a degree, with the same problem.

Because the available men are limited at best, it is up to the women to face the problem squarely, and ask themselves what they can do about it. There is still a great reservoir of womanpower in Belleville which could be a large factor in its solution. Many

housewives with grown families and the young marrieds without children could pitch in and do a worthwhile job either on a machine or at "sit-down" tasks. There are those with older children also, who could, through proper arrangements, take their part in stepping up vital war production.

Many will say that they haven't worked in years, that the hours would be tedious, and that they just aren't fitted for factory work. None of these reasons have held, for those who have gone out and tried it. The United States Employment Service is equipped to place applicants in positions for which they are most suited. Some of the local industries are glad to train applicants for certain jobs. And the enthusiasm for the work displayed by those who are replacing men at these production tasks is evidence of the satisfaction that comes with a knowledge that every individual's effort is helping shorten the road to victory.

## New Products Will Take Time

The public, unable now, in our second year at war, to purchase many of the essentials for comfortable living, is being enjoined by advertising-minded concerns, with promises of Utopian conditions immediately after victory.

There will be pre-fabricated houses rolling off the assembly lines, radiated heat in walls, air-conditioning of course, indirect lighting and a plane in every garage. It's a nice, rosy future to look forward to, and we'll probably get it eventually.

But in spite of expectations to the contrary, all this is going to take time. First experiments in production will show up

public preference and acceptance, as well as the "bugs" that will have to be ironed out. The public, cagy in investing its money, will prefer to watch someone else for a while, test the efficiency and adaptability of those products which are capital investments.

General Motors has recently announced that its last models will be put into production while it experiments on improvements brought to light during the war. This procedure will be followed by many other manufacturers, for the additional reason that new machinery will be unavailable immediately after victory.

## All In the Same Spot

## Thumbing Files Of The Past

### One Year Ago

The board of education agreed to provide Minute Man flags for the various school buildings in recognition for the previous six months' defense stamp purchases of the school children which established a record for a dollar a month for every pupil. \$26,804 in stamps were bought from January to June 1942.

Youngsters at the only three playgrounds maintained by the Recreation department were cooling off every afternoon under hy-drant showers. Grounds were opened at Bridge and Stephens streets and at the Recreation House.

Seventy-five attended a 25th wedding anniversary celebration in St. Peter's hall given for Mr. and Mrs. Thomas Dillon of Howland place by St. Peter's Social society.

Girl scouts were on duty daily from 1 to 6 P. M. in the F. W. Woolworth store to sell defense bonds and stamps. Record sale up to that date was \$75, taken in by one girl. They also sold defense stamp corsages.

Members of the Junior Christian Endeavor society of Belleville Reformed church were guests for a picnic at the Mountain View summer home of Mrs. William Gnatz.

### Five Years Ago

Jack Harold Schmutz, son of School board president and Mrs. Herbert C. Schmutz of Overlook avenue, was sworn in as a cadet at the United States Naval academy, Annapolis, Md. He rated eleventh highest in the country in physical examination and written and oral tests.

The high school cafeteria closed its books showing a profit for the season of \$1,308.31, according to a report turned in to the board of education by James M. Lynch, board member. That body also allotted \$1500 for the purchase of sewing machines for the high school's new sewing department.

Mr. and Mrs. Paul Brandman of Washington avenue concluded a vacation trip in New England.

The Neroid Boat club had an overwhelming victory on the Passaic river in the first regatta here this year when they defeated the Union Boat club of New York in nine out of ten events. The McMaster and Zink brothers shared honors in winning many of the events. Stands and river banks were jammed and few spectators quit till the finish although heavy rains fell part of the time.

The grading of town owned lots to make them more salable was decided on as a joint project by the town commission and W. P. A. authorities. It was proposed to use excess earth to fill in the Turf Bog.

### Ten Years Ago

A proclamation was issued by Mayor Samuel S. Kenworthy urg-

ing citizens to watch for and report signs of dutch elm disease in Belleville's shade trees. First signs of the disease, which had already invaded other Essex county suburbs, were reported by the Shade Tree commission here.

The marriage of Miss Margaret Mason of Campbell avenue and Harold G. Ford, also of this town, was announced. Mrs. Ford was associated with the Belleville Recreation commission and Mr. Ford employed by Eastwood Neale corporation.

Mr. and Mrs. Gordon Kyle of Joramoleen street returned from a motor trip to Boston.

Three grade school and two high school teachers were appointed by the board of education. They were Miss Viola Peterson, School No. 1, Miss Edith DeRose, School No. 2 and Miss Mildred Joiner, School No. 8, Belleville residents. Charles W. Lewis of Trenton and Ralph Brown of New Hampshire were appointed to teach commercial subjects and social sciences in the high school.

The Passaic river was declared entirely unsafe for bathing by health officer Eugene T. Barry after tests made at the request of this town, Lyndhurst, North Arlington and Rutherford.

## Ration Dates

### Coffee

Stamp number 21 in War Ration Book One is good for the purchase of one pound of coffee through July 21. Stamp number 22 is good from July 22 through August 11.

### Sugar

fuel oil rations have been mailed directly to each consumer by local rationing boards. Fill in the form immediately and mail it back to the board. When you get your fuel ration coupons by mail, you can begin using the first period stamps immediately to buy fuel oil and fill your tanks this summer.

### Gasoline

Number five stamps in "A" books now good for three gallons of gasoline through July 21. All B and C stamps are good for two and a half gallons.

Driving for non-essential purposes is forbidden.

### Tires

All "A" book holders must have tires inspected every six months; "B" book holders every four months; "C" book holders every three months.

## Price Ceilings

### Meat

All pork cuts are now under a dollars-and-cents ceiling price. Every store handling these meats is required to display the official price list. Some of the items listed are as follows:

Skinned, smoked whole ham, bone in: 41 cents a pound—store sliced: 61 cents a pound; Shoulder pork chops: 36 cents a pound; Loin pork chops: 39 cents a pound; Center chops: 44 cents a pound; Virginia hams: whole, 60 cents a pound—store sliced, 68 cents a pound.

### Poultry

The following are the highest prices retailers may charge for the best grades of poultry:

Dressed poultry (same prices for kosher killed):  
Broilers, fryers, roasters (all weights), and light capons (under 5½ lbs.), 44c.

Fowl, (all weights), 39 cents.

(Prices of dressed poultry are based on delivery from the wholesaler to the retailer within 25 miles. If the distance exceeds this, an additional quarter cent per pound may be added to the price.)

Drawn poultry, (defined as poultry with head, legs, and entrails giblets cleaned and repacked):  
Broilers and fryers, under 2½ pounds, 59 cents.

Roasters, 2½ pounds and over, 57 cents.

Fowl, all weights, 51 cents.

Quick-frozen Eviscerated Poultry with the addition of singeing and quick freezing):

Broilers and fryers, under 2½ pounds, 72 cents.

Roasters, 2½ pounds and over, 68 cents.

Fowl, 62 cents.

Live poultry:

Broilers, fryers, roasters (all weights), and light capons (under 6 pounds), 39 cents.

Fowl, (all weights), 34 cents.

The following are the highest prices retailers may charge for the best grade dressed poultry:

Fowl, under 3½ lbs.—36 cents a lb.; Fowl, over 3½ lbs.—39 cents a lb.; Broilers, under 2½ lbs.—41 cents a lb.; Fryers, 2½-

3½ lbs., 42 cents a lb.; Roasters, 3½-5 lbs.—46 cents a lb.; Roasters, over 5 lbs.—48 cents a lb. The price of live poultry at retail is approximately five cents a pound less than the prices above.

### Butter

Print butter, 93-score: (four one-quarter pound prints) 57 cents a pound (Quarter-pound print: 14 cents). 1 delivered by route man, 58 cents a pound.

### Eggs

Grade A, extra large: 55 cents a dozen; Grade A, large: 53 cents a dozen; Grade B, 51 cents a dozen.

## LETTERS

From Mrs. Rose Gillen  
71 Ligham street  
To the Editor of The Times:

I wish to express my sincere thanks for the courtesy of the two young men on the Town ambulance who recently took my brother-in-law to Veteran's Hospital in the Bronx.

From Mrs. Richard Liebecke  
69 Glass Avenue

To the Editor of The Times:

I have a heartfelt interest in my home victory garden and am perhaps more enthused because of previously living in the city. At present, however, my garden is infested with Japanese beetles. These Jap insects are as sneaky and annoying as I feel the two legged ones must be; but from me they are getting all they look for and more. I have collected four quarts of these enemies and am still going strong. I have set up traps and each evening my husband empties the quart containers. Previous to installing the traps we removed as many as 25 beetles from one leaf of corn. We would appreciate hearing from anyone who is experienced in getting rid of these pests and could furnish information to a Victory gardener warring against the beetles.

Proud Victory Gardeners May Display Their Produce

Already published, and of possible interest to local victory gardeners, are specifications for the annual October Dahlia show in the green houses of the Essex County Park commission in Branch park, Newark. A victory garden section will be featured this year by the Recreation department of the commission which sponsors the show. The display will be opened to the public on October 2 and 3, a Saturday and Sunday.

Since beginner's luck will probably prevail with many gardeners here who have never farmed before it is possible that some unusual lima beans, snap beans, beets, bussels sprouts or cabbage will appear in Belleville plots. These vegetables as well as carrots, eggplant, peppers, sweet corn and potatoes may be exhibited. The usual ribbon awards will be made for first, second and third prizes in each class.

Judgment will be based on the vegetable's marketability, uniformity, freedom from disease and insect damage and freedom from mechanical injury. Belleville victory gardeners who wish to enter the exhibit should take care, therefore, as the end of the growing season approaches in September that unusual specimens in their gardens are not bruised but encouraged to ripen free from mishandling and insect damage.

A special tomato exhibit will be provided for children. Red, yellow and large pink tomatoes as well as plum and cherry tomatoes will be acceptable.

An entry blank containing all details may be had by writing to the Recreation Department, 115 Clifton Avenue, Newark, N. J. It must be returned to that office by September 25 if entries are going to be made.

Perfect Dessert for a Late Meal

If you are in the habit of making extra pastry when you bake a pie try using some of it for tart shells with this cool, fluffy filling. The filling uses up precious left over coffee and is economical in other ways.

**Coffee Chiffon Tarts**  
1/2 tablespoon unflavored gelatin  
2 tablespoons cold water  
1/2 cup hot leftover coffee  
1 egg yolk

1/2 cup sugar  
1/2 teaspoon salt  
1/4 cup milk  
1 egg white, well beaten

Soften gelatin in cold water, add hot coffee and stir until dissolved. Beat egg yolk slightly and stir in sugar, salt and milk. Add hot coffee mixture and mix well. Chill in refrigerator until mixture begins to set. Fold in beaten egg white. Place in six tart shells and chill in refrigerator.

STATE-WIDE DRIVE FOR BOTTLES

Consumers Are Asked To Return All "Deposit" Containers To End Shortage

A state-wide campaign to collect deposit bottles — milk, carbonated beverage and beer has begun. It is part of a nation-wide movement to save all materials essential to the war.

There'll be an ample supply of beverages in New Jersey this summer, but empties on which a deposit has been made, must be returned.

The campaign has the backing of merchants, bottlers, brewers and dairymen and its purpose is to turn up milk, carbonated beverage and beer bottles so as to replenish New Jersey's stock.

Take 'em Back

In launching the campaign, the sponsors made it plain there are enough bottles in New Jersey to take care of its residents' summertime needs if the bottles can be rounded up. The way to put the bottles back to work, sponsors of the campaign say, is for the residents to gather them up and take them back to point of purchase. Only bottles which can be sterilized and re-used commercially, such as milk, carbonated beverage and beer are needed. In each case the merchant receiving them will repay the deposit charge on each bottle.

It was pointed out that because the glass industry is now engaged to a large extent in making glass containers for the Army and Navy at home and abroad, the co-operation of the general public in conserving the present stock of bottles is a direct contribution. The slogan for the campaign is, "Return your deposit bottles."

Passaic River Park Rec Center Holds Second Summer Dance

Third of the summer Wednesday night dances at the Passaic River Park recreation center of the Essex County Park commission will be held next Wednesday evening. Other dances are scheduled for August 4, 11 and 25. The center is located opposite the Walter Kidde plant on Main street and may be reached from other sections of the town by going to the foot of Little street. An amplifying system is in operation there and music is provided by the use of popular recordings. The dances are open to everyone. Tennis courts in the Passaic River park have been in operation since May 1. The 1000th player used the courts recently. Since the courts are bituminous

surfaced and dry quickly after rain they are popular with many players who normally use the Branch Brook park extension courts. Three thousand people have used the latter courts in the past six weeks.

Girls' softball teams of the Kidde plant use the ball field and games of the industrial league under the supervision of Edward Lister, Belleville's recreation director, are played there.

Two horseshoe pitchers, regulation in every respect, are in operation at the Passaic parkway.

Cub Pack 49 Winners So Far, In Summer Softball League

Cub Pack 350 will meet as softball contestants Saturday evening at the Turf Bog Newark Pack 49. Pack 49 is the winner of the first half of the cub summer league. Last Thursday, the Belleville pack team was defeated at Branch Brook Park by Pack 72 with a score of 14 to 10. Several Belleville regulars were missing on camping trips or shore vacations. Among these are William Durkee, Charles Gray, David VanDusen, Herbert Wilson and William Aierstock.

Big day for Pack 350 will be August 21, when a picnic and food fight will be conducted at Camp Carriage. Cubs will put on exhibition vegetables grown in their individual victory gardens and one conducted on a tract opposite the Recreation House. The contest will also include items of handicraft worked out on the summer theme of the cubs, the United Nations.

Council Units Have Picnic; Casualty Station 2 Meets Tonight

Members of the Police reserves, Fire reserves and First Aiders joined the Ambulance corps of the local defense council at an afternoon and evening picnic Sunday at Kalk's in Nutley where 97 attended. A man's softball team played a team made up of some of the women present; others pitched horseshoes, played shuffleboard and cards and there was dancing. Edward Gauss of the ambulance corps was chairman of the affair and Mrs. Spencely-Hood, Miss Ruth Chappel and Michael Giannetti served as a committee under him.

Tuesday night the ambulance corps unit at Casualty Station No. 3, located at School Uo. 3, met in the Division avenue firehouse for map reading instruction by officials of the corps. Mrs. George Kelsall is captain of first aid at Casualty Station No. 3. Continuing under defense council regulations that each first aid unit meet with its ambulance corps complement once a month the two groups of Casualty Station No. 2 will meet tonight. The station is located at School No. 3 on Joramelon street. Zone supervisor of First Aiders there is Miss Doris Soleau.

Of the 120 registered members of the ambulance corps about 85 are active in the five complementments which work at the town's casualty stations. Lawrence McCuskey is chief of the corps and Gottfried Johnson heads the first aid units. Johnson is co-chairman of the health and first aid committee of the defense council.

Belleville Youth At College

Charles E. Schlecker, son of Mr. and Mrs. C. E. Schlecker, 33 Baldwin place, has been named on the honor list at Bucknell university, Lewisburg, Pa. Citation on the Dean's List was restricted to those students who made an average of 85 per cent or better for the past semester. Schlecker, a graduate of Seton Hall Prep school, has just completed his freshman year at Bucknell, where he is a member of Phi Eta Sigma, national honor fraternity for freshman men, and of Lambda Chi Alpha, social fraternity. He is enrolled in the electrical engineering course.

Alfred B. Chetin of 31 Perry street has been elected treasurer of Phi Mu Delta fraternity at the University of New Hampshire which he is attending under the accelerated program. He is the son of Mr. and Mrs. George Chetin.

Funeral Services Are Held For Mrs. Margaret Glenney

Funeral services were conducted Monday afternoon for Mrs. Margaret Glenney of 197 Forest street who died at her home last Thursday. Mrs. Glenney, 67, was ill only two days. She was born in Lancaster, Pa. and had lived here 18 years. She was a member of Fewsmith Church.

Services were held at the funeral home of the People's Burial company, 84 Broad street, Newark. Dr. O. Bell Close officiated and burial was held in East Ridgewawn cemetery, Delawanna. Mrs. Glenney is survived by two sons, Warren E. Glenney of Newark and Walter A. Glenney of the Forest street address; a daughter, Mrs. Marion Gosney of East Lansdowne, Pa. and eleven grandchildren.

Mrs. Lina C. Taylor Dies After Several Months Illness

Mrs. Lina Curtis Taylor, wife of William H. Taylor, died Friday afternoon at her home, 76 Cortlandt street, after an illness of several months. She was 59. Mrs. Taylor was born in Rosendale, N. Y. and had lived here 35 years. She is survived by her husband; a son, William Taylor Jr.; and five sisters, Mrs. Hattie Fritts and Mrs. Margo Cronshaw of this town, Mrs. E. A. Gutman and Mrs. Paul Huber of Newark and Mrs. John Hargraves of Florida.

Funeral services were held Monday afternoon at the Kiernan Funeral Home when Dr. John A. Struyk of the Dutch Reformed Church officiated. Interment was made in East Ridgewawn cemetery.

Vacation Reading Including Best Books Of 1942 At Library

What are you reading this summer — on your vacation? Here is a list of the "10 best books of 1942" which make for delightful reading:

"Flight to Arras" by Saint Exupery; "Falling through space" by Hilary; "Cross Creek" by Rawlings; "Victory through air power" by De Severson; "Last time I saw Paris" by Paul; "Only the stars are neutral" by Reynolds; "One man's meat" by White; "A time for greatness" by Agar; "They were expendable" by White and "Get thee behind me; My life as a Preacher's son" by Spence.

In the Adult Department there are many books on the various branches of the study of astronomy. These books are profusely illustrated and include charts and maps of the sky at different seasons of the year.

Among these books are the following: Consider the heavens, Moulton; Pinpoint planetarium, Spitz; When the stars come out, Baker; New handbook of the heavens, Bernhard; Beginners guide to the stars, McKeady; Evenings with the stars, Proctor and Stars in myth and fact, Scott.

SHERIFF'S SALE—In Chancery of New Jersey. Between Anna Dillon, complainant, and Fred Reide (Riddle), et al., defendants. F. S., for sale of mortgaged premises.

By virtue of the above stated writ of fieri facias, to me directed, I shall expose for sale by public vendue, at the Court House, in Newark, on Tuesday, the seventeenth day of August, next, at two o'clock P. M., all the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Town of Belleville, Essex County, New Jersey:

Beginning in the Westerly line of Dow Street and in the Northerly line of William Stanin, and thence running Westerly, along his line, one hundred feet; thence Northerly and parallel with Dow Street, thirty feet; thence Easterly and parallel with the first described line one hundred feet to Dow Street; and thence along the line of the same Thirty, thirty feet to the place of beginning. Being known as No. 94 Washington Avenue, Belleville, N. J.

The approximate amount of the decree to be satisfied by said sale is the sum of One Thousand Six Hundred Fifty-three Dollars and Sixty-five Cents (\$1,653.65), together with the costs of this sale.

Newark, N. J., July 12, 1943.

GEO. H. BECKER, Sheriff.  
Reed, Reynolds & Smith, Sol'rs. \$15.12 8-12

NOTICE

PUBLIC NOTICE is hereby given that I, William H. Williams, Mayor and Director of the Department of Revenue and Finance of the Town of Belleville, N. J. will sell at public sale to the highest bidder for cash the following properties in the Town of Belleville, County of Essex and State of New Jersey:

FIRST TRACT: 86 Ligham Street, Block 471 Lot 11

# Letter to a P.O.W.

WILL YOU WRITE a letter to a Prisoner of War . . . tonight?

Maybe he is one of Jimmie Doolittle's boys. Perhaps he was left behind when Bataan fell. Anyway, he's an American, and he hasn't had a letter in a long, long time.

And when you sit down to write, tell *him* why you didn't buy your share of War Bonds last pay day—if you didn't.

"Dear Joe," you might say, "the old topcoat was getting kind of threadbare, so I . . ." No, cross it out. Joe might not understand about the topcoat, especially if he's shivering in a damp Japanese cell.

Let's try again. "Dear Joe, I've been working pretty hard and haven't had a vacation in over a year, so . . ."

Hell, better cross that out, too. They don't ever get vacations where Joe's staying.

Well, what are you waiting for? Go ahead, write the letter to Joe. Try to write it anyhow.

But mister, if somehow you find you can't finish that letter, will you, at least, do this for Joe? Will you up the amount of money you're putting into your Payroll Savings Plan—so that you'll be buying your share of War Bonds from here on in? And will you—for Joe's sake—*start doing it right away?*

FIGURE IT OUT FOR YOURSELF

## YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!
