

WILL HAVE PAID DIRECTOR FOR WAR FUND

Arrangements Will Be Completed This Week For Drive With \$83,525 Goal

From those who attended last Thursday evening's meeting of the board of trustees of the Belleville Community Chest and Council a committee was named by Paul deHagara, presiding officer, to enter into final agreement this week with a New York concern who will take professional charge of the Belleville War Fund drive this fall.

Alvah A. Buckley was named chairman and his co-workers will be Andrew Salkeld and Lester McCorkle. Present at the meeting were Mrs. William Armstrong, Mrs. Morris P. Rochlin, Mrs. Annie Forrester, Mrs. Harry Mitchell, John S. Charlton, Nicola Duca, Max Seiler, Dr. Earl W. Seibert, Elwood Russell, Harry G. Specht, Wayne R. Farmer, McCorkle, Salkeld and Buckley.

After passage of the budget for local and war agencies and the Associated Catholic Charities, a total of \$71,517.48, deHagara presented to the board Fred Allen, a representative of the firm of Ward, Wells and Dresman, whose headquarters are located in Rockefeller Center. Allen outlined in detail the fund-raising technique employed by his concern which has conducted Community Chest and similar drives throughout the nation since 1918.

PRELIMINARY SUCCESS

Of the schools, hospitals and fraternal organizations served by the firm the most nearly adjacent project was that of the Columbus hospital in North Newark where \$250,000 was raised by this New York firm. Allen pointed out that in a Community Chest campaign conducted by his firm in Camden the goal of \$209,000, was exceeded by \$40,000. This circumstance has been repeated in other drives. They have been employed ten or more consecutive years by Community Chest organizations in several Pennsylvania cities.

The services of a director for the campaign, and perhaps an assistant because of the fact that no established office or house to house set-up prevails here, and the budget for campaign expenses was estimated at \$7,000, by Allen and the board. Six to eight weeks work are necessary to accomplish the work continuing to add to this figure \$2,500. For the administration of the drive and a contingency fund of \$2,508.52 which produces the round campaign figure of \$83,525.00.

The committee named to enter into a final contract has been instructed not to arrange for a campaign here during the final week of December or the first week in January, 1944. It is not expected, however, that the drive will be operated later than the third week in November. Exact dates must be set by the firm handling it. deHagara had also requested representation of another New York firm, Pierce, Hedrick and Sherwood. This was impossible; but an estimate from them will be considered by the committee before a final decision is reached.

It appeared that the committee was fairly unanimous in accepting the plan.

Lions Club Plans Supper And Dance For December 1

The Lions club at its Thursday luncheon at Forest Hill golf club announced plans last week for a supper-dance to be held at Frank Bailey's Terrace room, Mosque Theater building, Newark, on Wednesday, December 1. A nationally known name band, as yet unannounced, will furnish both music and entertainment, and "a Galaxy of Stars" is expected to be present.

President Henry De Phillips said "we are carrying on a campaign in the interests of better Lionism: A more active interest in the civic and general welfare of this great and prosperous town of Belleville. We want to raise a budget this year to be used exclusively for various phases of charity and civic welfare not provided for by other local organizations."

"We anticipate a definite need for funds to meet unexpected demands after the war and we Lions are going to give extra time unselfishly to further this effort. For many years, the Belleville Lions club has stood guard over the needs of the blind, supplying of milk to the ill and needy and has made important contributions to other organizations in Belleville directly concerned with the poor and needy."

George McMane has been appointed general chairman of this event and several other committees have already been selected.

Emergency Vehicle Pennants Must Be In Use By October 1

Defense Council Chairman Everett Smith said yesterday that the date on which the emergency vehicle pennants must be used on all cars driving during the red signal in an air raid alert has been extended from September 15 to October 1. Unforeseen delays in their manufacture has necessitated the time extension by the State Office of Civilian Defense so that local councils may obtain their supply.

BEGIN PROGRAM ON CHILD SAFETY

It Will Supplement Present Safety And Health Teaching In All Schools

The National Child Safety Association of Fall River, Mass., will inaugurate a safety program in the elementary and high schools next week, as a supplement to the present safety and health program, it was learned yesterday.

Dr. G. Hodges Bryant, psychiatrist and educational director, has met with Mayor Williams and Superintendent of Schools Wayne R. Farmer to talk over arrangements. A non-profit organization supported by endowment and national industries, its complete personnel is composed of men outstanding in their fields, who contribute their time in establishing the programs.

Concerned only with school age children, safety points will be driven home through classroom instruction, contest, dramatization, projects, committee work and assemblies. A marionette show with 750 puppets will also be brought to each of the schools as an actual illustration of the points learned.

Mayor Williams said yesterday that the association has "developed and guided in many cities, a program that appears to be very broad, covering the various responsibilities which have been supervised by general groups, mainly in uncoordinated manner. It has received the endorsement of many superintendents of schools, police chiefs and public officials."

Safety and health is now a textbook subject in all the Belleville schools, Farmer said yesterday. The committee on text books has examined all of the modern publications on health and chosen one that links the two since, Farmer declares, they are inseparable. The program which will start next week in the elementary schools with assemblies, will be a vitalizing factor and well worth while, he commented, as a supplement to the present teaching on the subject.

RECORD DRIVE IS EXTENDED

October 1 Is Now Time Set In Which To Reach 5,000 Lb. Goal

Because of the greatly increased demand for phonograph records, the American Legion drive throughout the nation for the collection of old discs has been extended until October 1, William Konrad, chairman of the record drive, said yesterday.

Gathered for "Records for our Fighting Men, Incorporated," the stacks which have been collecting dust in attics and cellars, are processed for their share in content and new plastic made, for shipment to posts both in this country and abroad.

Belleville's goal is 5,000 pounds of the oldies or 10,000 individual discs. Konrad estimates that the drive is still between 300 and 400 pounds short of the quota and asks that those who have not yet ferreted out the out-dated numbers do so during the next two weeks.

It is understood that if the schools are in accord with the plan, Frank Bangert will ask the cooperation of the youngsters in bringing the total up to the postage sought. Bulletins advertising the drive would be placed in the schools and receptacles for the platters.

The salvaging organization headed by Bob Hope and a number of stars of the stage and screen, chooses the records to be made, and, it is understood, has a balanced assortment of classics and swing, enough to fit any serviceman's mood. There are many outposts where radios are neither available nor usable and even where they are in use, a survey has shown that the armed forces exhibit a marked preference for the recordings.

The stacks of discs to be donated may be left at all the fire stations which are located at the corner of Division and Washington avenues, at William street on Franklin avenue. A record box has been placed in the office of the Empire Laundry at 514 Washington avenue.

Legion committee members who will pick up records from those unable to leave them at the stations are Frank Bangert at Be. 2-2051; Alonzo Hartley at Be. 2-2153 and Ernest Brown at Be. 2-1288M.

of the Fleet Post office. She and

Squiteri, Twice Wounded, Now Prisoner of Nazis

Taken In Sicily, Capture Is Confirmed By War Department

News radioed over the short wave from Berlin early in August stating that their son, Cpl. Raymond Squiteri is a German prisoner of war in Sicily was confirmed for his parents, Mr. and Mrs. S. B. Squiteri of 62 Naples avenue on Sunday by a telegram from the War Department.

Apparently recently promoted to the rank of sergeant, the 23-year-old twice wounded, the last time during the Tunisian campaign, was traced through the International Red Cross, J. A. Ulio, adjutant general in Washington, telegraphed. He said a letter of information would follow from the provost marshal.

The Squiteri's first inkling that Raymond was a prisoner of war came shortly after the short wave broadcast when they received 28 reports from "hams" scattered over as many points in the eastern and mid-western states. It was followed within a few days with a war department telegram reporting the broadcast and warning that it should "not be construed as official information."

Was Missing

However, this theory was upset just two weeks ago when Ulio again wired news coming from the commanding general in the North Africa area saying that Ray had been missing in action since July 22. Their last letter from Ray was received on July 18, written just after his part in the invasion of Sicily in which he told them that he had landed on the island July 10. A short letter, he inquired for all the family and said that "the church bells are ringing because we have come."

The Squiteri's are getting accustomed to the frequent communications they are receiving from the war department and army. The first of the batch was received early in August, a day after the unconfirmed German broadcast, which told them that Ray had been released from the hospital on May 25. Always well behind on news, word of his 15 day hospitalization came to the family in June. Ray was also wounded last December in the midst of the North African fighting when he received chest, shoulder and arm wounds.

Victor In Sicily, Too

A second member of the Squiteri family, Victor, is also on the island but has escaped being captured. The brothers apparently have not encountered each other

Rotarians Induct Three New Members At Weekly Meeting

Rotary membership swelled to 57 yesterday when three men were inducted at the luncheon meeting at Forest Hill Field club. Robert Appar, personnel director of Wallace and Tiernan Co., Inc., Burt Johnson, newly appointed high school principal and T. W. Yaeger, who now represents the New Jersey Bell Telephone company here, were the candidates.

Joshua Golightly, Rotary's district governor, addressed the group on the four objects of Rotary. Bond sales and pledges for the first week of the drive were reported to total \$203,175, by George R. Gerard, bond chairman.

Legion Plans Installation

Installation of officers at the local American Legion post will take place on Thursday, September 30 in Masonic hall. Harry Zeigler, adjutant-elect, is chairman of the program which promises to be an interesting one.

"Gooks" Marine Jargon For Bauble Decked Natives

Pfc. John Klump, Stationed In South Pacific, Tells Value Of Jewelry

Take it from a marine—the "gooks" better known here as the natives in the South Sea Islands, are enthusiastically dropping themselves in hand as beautiful reward for full days of manual labor. First direct confirmation from a localite who has done some high-powered bartering was received this week by Mrs. A. A. Buckley of Tiona avenue, chairman of the local "Baubles for Buddies to Barter" drive.

A V mail letter from Pfc. John Klump, a marine in the supply service, who is stationed on one of the isles declares that the "gooks" think more of money than any amount of money they can receive. "They sort of take pride in the colorful stuff," he writes, "and are helping the Allies more than you know."

Pleased to receive the information from one on locale, Mrs. Buckley's curiosity is whetted however, on a number of other points and she is now awaiting a reply to a torrent of questions she has dispatched to Klump in care

since Victor is doing office work. Twenty-years old, the staff sergeant was sent to North Africa in May, just three months after entering the service in February. He trained at Camp McCain in Mississippi.

Unaware that Ray is a prisoner, Victor writes of his progress with the Italian language, saying he is speaking it, reading it and now beginning to write it. This apparently is part of his job, since he says, "our task is to govern the territory that we capture, and its going to be a big job but a good one." In between duties, Vic has been swimming in the Mediterranean and has seen Bob Hope and Frances Langford in their touring show.

Two other brothers are now in service. Guerinio, 19, a private in the Army air corps, returned to Jefferson Baracks, Mo., on Tuesday, after a five day furlough. He entered the service on April 8 and has trained at Greensboro, N. C. and Camp Lee, Va. Just about finished now, he soon expects to receive his sailing papers.

Seventeen year old Edward, following this military example, has enlisted and left for the Great Lakes naval training station in Illinois with the last group to leave town on September 9.

SECOND RIVER WALL REVIVED

Town Asks National Grain Yeast's Consent To Ingress On Property

The question of the town erecting a retaining wall along the Second river partially on National Grain Yeast property, to protect conditions and also for the protection of the new Willett street bridge was revived at the pre-commission conference of the board on Tuesday night. Mayor Williams who had received a letter from County Engineer Stetkel requesting action on the project which has been hanging fire for more than a year, reintroduced the question.

Town Attorney Lawrence Keegan after discussion by the board members, was instructed to write to National Grain Yeast officials, asking if they will allow ingress on the property. Should they consent, Hugh Welsh, deputy public works director, estimated that it would cost approximately \$15,000 for the construction of walls on both sides of the river the town of about 100 feet in length, east of the bridge and west of the 100 feet to meet the existing walls at the Bloomfield town line.

The \$15,000 figure is prefaced on an agreement with the yeast company for use of their property. If the acquisition of land is necessary, the cost would of course, be greatly increased.

An ordinance appropriating \$58,000 for similar work was voted down by the commissioners last October because of indecision on the part of Bloomfield on how it would cope with the flood control problem along its section of the stream. The yeast company through counsel protested a revised plan in January, which provided for wall construction from the Bloomfield town line approximately 110 feet east to the Willett street bridge on both sides of the stream and easterly 15 feet on each side.

The counsel said at that time that the 15 foot abutment would be crossed on Thursday, September 30 to the plant property and that it would endanger the company boiler room which is at river level. By reducing the stream from 55 to 35 feet, he claimed that the velocity of the water would be greatly increased.

Isolantite Gets Citation From National Safety Council

Isolantite Inc., has received a citation from the National Safety Council's War Production Fund. Conserve Manpower, awarded in recognition of its efforts to reduce accidents.

The citation is headed "For Service Over and Beyond the Call of Duty" and is signed by William A. Irvin, national chairman, War Production Fund, John Stillwell, president National Safety Council and Charles E. Wilson, trustee, National Safety Council and executive vice chairman, War Production Board.

The complete text of the citation is as follows: "In recognition of the responsibility to its workers and the nation, and in compliance with a proclamation by the President of the United States, calling on the National Safety Council to intensify its efforts to reduce accidents to save manpower for warpower, Isolantite, incorporated, has voluntarily subscribed its fair share of support to the most far-reaching movement ever undertaken to reduce the enormous social and economic losses through accidents in the United States."

Isolantite is a New Jersey corporation which manufactures a special type of safety glass for use in aircraft and other vehicles.

WOMEN SHOWING RESPONSE TO WAR JOB APPEAL

Manpower Committee Is Busy Tabulating Results So Far, In Campaign

The women of Belleville are beginning to respond to the appeal of the Community Manpower Mobilization committee headed by William J. Orchard, Wallace and Tiernan official, a spokesman for that organization declared, this week. The town's quota of 696 women in the tri-county "ayon brigade" proposed to invade the war plants of the area to step up vital production, is being checked for tabulated results at the Newark office this week.

The voluntary recruiting campaign was proposed by manufacturers in the Newark area to prevent it from being declared critical by the War Production board, and the gradual infiltration of women into the 50,000 jobs that need filling it is hoped, will be accomplished. "War Job headquarters" do not respond to the appeal which was prefaced by the establishment of a 48 hour week, no new contracts will be let in this area.

The Belleville Employment center operated by the Belleville Manufacturers' association at 136 Washington avenue, has now been converted to the use of the Manpower Mobilization committee and is renamed, "War Job headquarters." Horace J. Sheppard, who has been a genial interviewer and consultant since its opening, was called back this week, to the United States Employment service office in Newark.

Mrs. Teresa Frick of 174 Division avenue and well known in town as active in civic and social affairs for a number of years, is taking his place. She will be glad to discuss jobs in war plants with those patriotic women who are responding to the urgent appeal.

See Demonstrations

"Demonstrations of the riveting of an aluminum wing part and the assembly of a wing brace are being carried on by women at the U. S. Navy Victory war show. I urge every woman to visit the show and see how simple war work can be." William J. Orchard, chairman of the Community Manpower Mobilization committee, said this week.

"The riveting work involves the handling of a pneumatic riveting gun that is about the size of a portable electric food mixer, although the vibration is much greater. When the rivet is inserted in the hole drilled by a portable drill the riveting gun is brought up against the rivet head, with a block of metal held on the opposite side for the purpose of clinching it."

"The work is less tiring than many duties performed daily by the average housewife."

"The assembling work at the show is done by placing two pieces of aluminum in a holder that is known as a jig. While these two metal pieces are thusly held, cross braces are placed between them and fastened securely so that when the work is completed, the assembly makes an imperfect triangle with cross braces through the center of it. While this operation does not find its counterpart in household work, it, too, is done with no greater effort than jobs the average woman performs many times each day in her home."

While many of these classes of work may sound strange to the average woman, the duties involved are comparatively simple. Orchard stated. Special training courses are offered by manufacturers throughout this district, with wages being paid while learning. Many of the occupations, however, require little or no previous experience or training.

Recruiting centers are now set up in strategic locations for the purpose of furnishing women with complete information about jobs available, as well as how to handle applications.

Isolantite Gets Citation From National Safety Council

Isolantite Inc., has received a citation from the National Safety Council's War Production Fund. Conserve Manpower, awarded in recognition of its efforts to reduce accidents.

The citation is headed "For Service Over and Beyond the Call of Duty" and is signed by William A. Irvin, national chairman, War Production Fund, John Stillwell, president National Safety Council and Charles E. Wilson, trustee, National Safety Council and executive vice chairman, War Production Board.

Isolantite is a New Jersey corporation which manufactures a special type of safety glass for use in aircraft and other vehicles.

GREYLOCK GARDEN PRESENTS PLAN IN TWO WEEKS

Cogan As Volkening Consultant, Permitted To Apply Over Gruhin's Protest

Originally scheduled for Tuesday evening, a two weeks' postponement was granted by the board of commissioners to John F. Cogan, realtor, who has been retained as consultant by the Volkening estate for the introduction of a revised amendment to the zoning ordinance. If passed, it would allow Greylock Gardens apartments to build garden type apartments on a small portion of the 20 acre tract.

Postponement of the second application of the builders was granted by the board after the protests of Robert Gruhin of 125 Bremond street a lawyer representing the Greylock residents, who charged that Greylock Gardens is "trying by devious methods to infiltrate," and who declared that a first reading "should not be allowed."

Cogan, realtor and consultant with offices at 140 Washington avenue, had advised the commission that the revised plan of the builders would be presented with his proposal for the change of zone at Tuesday night's meeting. However, since the builders had been delayed in compiling their material for presentation, the postponement was requested. If the amendment passes first reading, another public hearing will then be held, in which Cogan will explain to the commissioners and the citizens, the details of the plan and answer objections.

Gruhin Objects

Gruhin, not waiting for the formal presentation, declared that the whole issue had been voted against once before and should not be allowed to come up again. "It is ridiculous that week after week, the people have to have an

FALSE CASUALTY REPORTS BY ENEMY

Red Cross Warns Of Subversive Methods Being Used In This Area

Reports received at local Red Cross headquarters show that Nulley is within the operating zone of enemy agents seeking to undermine American morale by sending false casualty reports to servicemen's families.

Acting on instructions from headquarters, B. Thomas Aitken, Belleville Red Cross chairman, has asked the relatives of servicemen not to be disturbed by unauthorized reports of this kind coming from sources other than the War and Navy Departments. Those who receive these reports from unauthorized sources are asked to notify local Red Cross headquarters at 393 Washington avenue, so that the information may be forwarded by the Red Cross to the nearest FBI office.

"Any casualty notification received by servicemen's families over the telephone," says Chairman Aitken, "is open to question since it is not the policy of the War or Navy departments to transmit such messages by telephone. In certain cases, these reports have come to servicemen's families indirectly, through rumors or hearsay, which are difficult to trace."

Report It To Red Cross

"Since the FBI is anxious to run down the source of this enemy activity, any Belleville resident who receives or hears of unauthorized reports of this kind is asked to give the Red Cross the most detailed and specific information obtainable. The Red Cross makes no effort itself to investigate these reports but turns them over to the FBI."

The Belleville Chapter also advises relatives or friends of men missing in action to place no faith whatever in the reliability of reports from foreign broadcasts purporting to give information about captured American prisoners of war. There have been many instances in which enemy statements have been proved to be gross distortions of the facts or complete fabrications. For this reason, the operators of short wave receiving sets who get this alleged information are asked by the Red Cross to make no attempt to relate the contents of these broadcasts to relatives or friends of the prisoner concerned.

The War Department monitors all enemy broadcasts from enemy territory and tells the nearest of kin about such reports, advising them at the same time of the degree of reliability to be placed therein. The War Department makes every effort to release immediately all available information about persons missing in action. No credit should be placed in any other reports of missing U. S. military personnel.

Relatives and friends receiving unofficial information on American troops alleged to be prisoners of the enemy should communicate with the War or Navy department for confirmation before attempting to write letters to such troops or prisoners.

MIELE POINTS TO LACK OF VOTERS

Concerned Over Scant Registration For Primaries On Next Tuesday

With the primaries slated for next Tuesday, Anthony P. Miele, commissioner of registration, has expressed alarm over the fact that large numbers of persons in Essex county who are qualified to register, have failed to do so.

Registrations and transfers were closed on August 23 for voting in Tuesday's primaries when the governor, freeholders, assemblymen and state and county committees will be elected. Polling places will be open in all districts of the town's four wards from 7 a.m. to 8 p.m.

However, Town Clerk Mrs. Florence Morey is continuing to take registrations and transfers for eligibility to vote in the general election on November 2. Those who wish to register or transfer may do so any week day at her office in town hall between 9:30 a.m. and 4:30 p.m. Her office will also be open continuously next Wednesday and Thursday from 9:30 a.m. to 9:30 p.m.

Large numbers of persons in the county who are qualified to register have failed to do so, Miele said this week, and pointed out that thousands of persons are passing up their opportunity to register which would make them eligible to vote in the general election. He has observed that thousands of new residents due to the great influx of war workers, are not being reflected in the registry lists.

"I appreciate that many of our citizens are busily engaged in the various branches of the war effort," he declared, "but they should not forget that free elections are one of the essential characteristics of our democratic form of government. The continuation of our free principles, particularly during the present period of emergency, is of the utmost importance."

"The country is now in the second year of total war which is being fought to protect and insure the many principles we are now privileged to enjoy," he said. "The failure of the public to exercise its right of citizenship in making a free expression of its choice through the ballot," the commissioner warned, "could result in the election of public officials whose only desire would be to wreck at home what our boys are fighting to protect overseas."

SUMMER DIMOUT YEAR 'ROUND

Public Observance Necessary For Continuance Of Relaxed Rules, However

Defense Coordinator Ronald Brunner has announced that in accordance with a directive from State OGD Director Leonard Dreyfuss, relaxed summer dimout regulations will continue in effect the year round. The dimouts will go into effect one hour after sundown, he said, in warning that public observance of the relaxed rules will be necessary if they are to remain in effect.

A summary of the dimout rules includes the proviso that windows may be opened from the bottom, with shades or blinds pulled down to cover the closed part of the window.

The source of light must not be visible from outside of the windows and doors. The source of light is defined as the actual electric bulbs or fluorescent tubes or glass globes which enclose them. Fixtures including wall brackets, ceiling lights, chandeliers, must be shielded toward the outside by light-proof material.

Lights on porches are permitted provided the source of light is not visible outside the porch. Regulations for stores remain the same, and the existing rules strictly controlling the amount of light must be observed. This must be observed, Brunner warns, since there are many stores with concentrations of light that create a glow when doors are open, violating regulations.

Defense Personnel Attend Trenton Conference

Defense Coordinator Ronald Brunner, Police Chief Spatz and Fire Chief Reed will attend a joint protection conference in Trenton on Monday. With officers of the general civilian defense school at Amherst as speakers, it will cover dimout regulations, emergency control, emergency medical service and other defense subjects.

Belleville's part in the nation's third war loan got off to a good start this week, with subscriptions of \$150,000 reported on to the central office in town hall on Wednesday, Phillip Dettelbach, local drive chairman, has announced.

This amount has been reported to the Newark office campaign headquarters for headquarters for Essex county which has a goal of \$464,500. Because banks are excluded from participating in subscriptions until the end of the drive, the bulk of the buying must be done by individuals.

Defense Coordinator Ronald Brunner, heading the house-to-house canvass of the air raid precautions group of the defense council, said yesterday that the sector meetings of post wardens to distribute and explain the literature are now complete and that the full organization will be in operation today.

Sector reports will be made three times a week, on Monday, Wednesday and Friday. Brunner said, as well as those of the issuing agencies, the banks, which through special arrangements, are keeping their over-the-counter buying separate from the fulfillment of pledge cards obtained by the house-to-house canvass. Meeting, unexpected response, some wardens have already reported the sale of bonds in \$500 and \$1,000 denominations.

The schools are again inaugurating their usual procedure for the purchase of war stamps and bonds, which will be stimulated by class room discussions and through assemblies. Betty Cook is student chairman of the schools at war program in the high school and the fall activity in sales there will get off to a good start at the Friday morning assembly which will be a picked talent show chosen through student suggestions.

Those participating include Dorothy Carpenter, Betty Cook, Marie Fogarty, Virginia Fogarty, Peter Kostas, Francis Kovats, Peter Lewis, Norma Rinaldi, Donald Rochlin, Alan Rosenberg, Anna Santiglia, Ruth Van Horn, Roy Wagner and members of the high school orchestra.

The program has been arranged by a student committee (Continued on Page Six)

BRUNNER NAMED COORDINATOR

Recommended By Defense Council Committee And Approved By Commissioners

Roland Brunner was unanimously approved as coordinator of the local defense council at its meeting on Monday night, to fill the vacancy created by the resignation on September 1, of Harry J. Sullivan, who has taken the post of deputy administrator in the Newark area for the State Office of Civilian Defense.

This action was taken on the recommendation of a three man committee composed of the Rev. Joseph M. Kelly, Theodore Sandford and Phillip Dettelbach, named to determine a successor to Sullivan, his compensation and the transfer of funds for his salary from Commissioner Waters' public works department to that of Mayor Williams as revenue and finance director.

Submitted to and approved by the board of commissioners at its Tuesday night meeting, Brunner, who has been deputy chief air raid warden and vice-president of the defense council, will receive a yearly salary of \$3,000 to be paid monthly, as long as the council feels the position is necessary. It will be retroactive to September 1.

The committee conferred with the Mayor on the transfer of funds to his department and was assured that funds would be available through appropriations voted by the commissioners. Waters has carried the appropriation for coordinator in his budget since the post was created when Sullivan was appointed in May, 1942.

In accepting, Brunner said he would do everything in his power to keep the council in the same position of high regard from the state office of civilian defense that it has enjoyed in the past, and expressed the hope that he would receive a continuation of the cooperation of all the services. Defense Council Chairman Everett Smith suggested that he concentrate his efforts on the community war services division for the perfection of that branch of the council.

News of Those In Service

Miss Agnes Mary Mac Geachen of 38 Wilber street, has been sworn into the Women's Reserve, U. S. Naval Reserve, U. S. Naval Reserve, as an apprentice seaman in the enlisted quota of the WAVES. She is a daughter of Mr. and Mrs. Thomas Mac Geachen. She attended Belleville High school and has been employed by the Department of Health, Town Hall as secretary to Eugene T. Berry, Health Officer.

Naval Air Cadet Horace F. Knox, son of Mr. and Mrs. Horace B. Knox of 266 DeWitt avenue, is attending the Navy's Flight Preparatory school at Colgate university, Hamilton, N. Y. Cadet Knox reported there early in August when he was sent for training and successfully passed examinations for flight school. He enlisted last December from Newark College of Engineering which he entered upon graduation from Belleville high school in 1939. He will train for 15 weeks at Colgate.

William R. Kindt, 17, of 184 New street, has been assigned to the engine training department at the Maritime Service training station Sheepshead Bay, N. Y., after basic training there. The son of Mr. and Mrs. Russell Kindt, he attended the local high school and was employed as a stock clerk by Hahne and company in Newark previous to enlistment.

Sgt. Harold H. Roach, son of Mrs. C. A. Cardiff of 121 Tappan avenue, is stationed in New Guinea. With the Aviation Engineers, he entered the Army a year ago. Sgt. Roach was promoted to his present rank in February.

Pfc. Robert S. Dow, son of Mrs. Retta Dow of 32 Van Rensselaer street, who is stationed at the Army Air Forces Redistribution Station No. 1, Atlantic City, has qualified as a marksman with the rifle. To qualify as a marksman, a soldier must attain a score of from 147-183 out of a possible 220.

Promoted

Sgt. Edward Hollweg

Sgt. Edward Hollweg of the United States Marine Corps was recently promoted overseas from the grade of Corporal. He left this country on his birthday in October, 1942 and has been stationed in the Pacific battle area since that time. The son of Mr. and Mrs. Edward Hollweg of 18 Hornblower avenue, he enlisted more than two and a half years ago. A graduate of Belleville high school where he was an all-around athletic star, he was with the Walter Kidde company in civilian life.

Pvt. William Rea concluded a ten day furlough with his wife and infant daughter, Marjorie, at 43 Belleville avenue Tuesday and returned to Fort Bragg, N. C., where he was recently transferred from Fort George Meade, Md. He entered the Army in February and is a member of the Medical corps. In civilian life he was with the Eastwood-Nealey corporation. The Reas and Mr. and Mrs. John Robinson of Cortlandt street spent the weekend at Cook's Lake, Denville.

Pfc. Walter R. Garvey, stationed with the Army Air corps at Chanute Field, Ill., was visited there recently by his mother and sister, Mrs. Walter Garvey and Miss Joan Garvey of Prospect street, who have just returned to Belleville. Pvt. Garvey is enrolled in Aereo Mechanics school at Chanute Field. He received his basic training at Miami Beach.

William C. Hochstuhll Jr., son of Mr. and Mrs. William C. Hochstuhll, 22 Hunkeler street, is included among 134 men who have completed the 16-week training period at Colgate university's Naval flight preparatory school. The group just leaving brings to 884 the total number of cadets who completed their NFPS work at Colgate since the school opened January 7. Hochstuhll will now take the three-month course in the War training service unit at Cornell university. Opening the 134 Air corps in February, 1942. He is also stationed in Florida, at Lake City.

Also enrolled in the Marine Corps women's reserve is Miss Loraine Gilmore of 17 Division avenue, the daughter of Mr. and Mrs. John J. Gilmore. She is a graduate of St. Mary college, Kansas.

Miss Elizabeth J. Martin of 47 New street enlisted in the Marine Corps women's reserve Thursday and is awaiting call for basic training. The daughter of Mr. and Mrs. George Martin, she was graduated from Belleville high school and Montclair State Teacher's College. She is with the Westinghouse corporation in Bloomfield. Her brothers, Pfc. George D. and William Henry Martin are in the Army; the former in North Africa; the latter stationed in Camp Maxey, Texas.

Tedesco Enters Service

Charles Tedesco, assistant to Edward Lister in the recreation department, under Commissioner Noll, was unanimously voted a bonus of three months salary at the board of commissioners meeting on Tuesday night, and a leave of absence to enter military service.

Miss Bashford Marries Former Resident, Edwin Hancock

Miss Mildred Bashford, daughter of Mrs. Mary Hauser of 101 Little street, and Edwin George Hancock, son of Mr. and Mrs. Edward Hancock of Flushing, N. Y., were married on Monday, September 6 in the Hancock home. A reception for 25 guests was held at the Hotel Sanford in Flushing. The Hancocks formerly lived at 296 Union avenue and left Belleville only a year ago.

P.T.A. Tea At School No. 3

The second seasonal meeting of the executive board of School No. 3's Parent-Teacher association was held at the school Monday afternoon. Meeting with club officers was William F. Richards, school principal and also second vice-president of the organization. Mrs. William M. Armstrong is president; Mrs. A. Newton Streeter, first vice-president; Mrs. John Rudin, secretary; Miss Margaret O'Neill, treasurer; and Mrs. John Massarano, program chairman of the association. Following an annual custom, Mrs. Massarano was chosen to this office after completing a year in the presidency.

On Tuesday afternoon at 1:30 a tea will be given in the school auditorium chiefly for the purpose of welcoming mothers of new students and acquainting mothers and teachers. A business meeting will also be held and the outline of the year's program will be presented.

Ambulance Corps Appointment

L. B. McCloskey, chairman of the ambulance corps of the defense council has announced the appointment of John Tupper, 141 Fairway avenue, as a second lieutenant to be stationed at casualty station No. 4.

A second son, William Patrick, was born early yesterday morning in St. Mary's hospital, Passaic to Mr. and Mrs. Daniel P. Spillane of 387 Cortlandt street. Their two year old son is Daniel Joseph Spillane. The children's mother is the former Miss Frances W. Pryor of Princess Anne, Md.

Wilhelmina Roos Joins Spars

Miss Wilhelmina Roos, daughter of Mr. and Mrs. Henry Roos of 14 East Overlook avenue will go to the New York headquarters of the SPARS tomorrow morning to begin her basic training in that organization at the Coast Guard training station in West Palm Beach, Fla. Miss Roos enlisted in the Coast Guard auxiliary last month. She has been employed by the American Tag company here and previous to that by the Beisler-Weidmann Co., Inc.

Miss Roos is the second girl here, as far as is known, to become a SPAR. Now stationed at Palm Beach with the rank of Seaman, Second class is Miss Frances Gibson of 181 Overlook avenue.

Miss Roos' brother, Henry Roos, Jr., Aviation Machinist's Mate, is on a leave of absence from the Navy Air corps in February, 1942. He is also stationed in Florida, at Lake City.

GIRL SCOUT ACTIVITIES

First Girl Scout troop to get the new year of scouting under way was Troop 9 of Belleville Reformed Church under the leadership of Miss Edna Baun. Leaders were selected at the September 7 meeting for the five patrols into which the troop is divided. They are Janet Madsen, Patricia McHugh, Edna Deighan, Josephine Lukowiak, and assistants, Patricia Murphy, Joan McHugh, Marion Parker and Merlyn Kraft. The patrols are interestingly dubbed Holly, Rose, Donald Duck and Ruby.

This troop made plans Tuesday night for a Halloween party on October 26. Patricia McHugh, Lucille Lemoine, Lois Anderson, Janet Madsen, Edna Deighan and Josephine Lukowiak will form the committee to arrange it. The girls had games Tuesday night and voted in a new mascot, Doris Lukowiak.

Miss Baun is also the leader of Troop 19, which meets at the Reformed Church, which has chosen as its major project for the coming year the acquisition of uniforms for all of its 21 members. The year's program will also include badge work, First Aid instruction, signalling, photography, handicraft and sports as well as social events. These girls expect to spend a weekend camping at the Belleville cabin, Kin-Ly-Spec in South Mountain reservation.

Tell Benefits

One of the first troops to report the beneficial effects of the summer's camping at the Belleville cabin, which was undertaken Troop 11 which meets at Montgomery Presbyterian Church in motion, and reports on their open-

der the direction of Mrs. Harry M. Snyder. The girls met yesterday at 3:30 and those who had learned how to make interesting new objects at camp have started to pass along the methods so that the troop may turn out articles for their booth at the Montgomery Church fair which will be held next month.

Mrs. William Bennett and Mrs. Robert Sutherland are leaders of Troop 2, one of the largest in town, which will open the season today at the Recreation House. Troop 13 has chosen Girl Scout headquarters at 400 Washington avenue for its weekly meetings, which are held on Monday afternoon. Mrs. Arthur Price is leader and at the first meeting the girls planned a supper hike which will take place Monday evening in Nutley Park.

Next Wednesday will find the initial meeting of Troop 3 under way at Wesley Methodist Church. Mrs. C. L. Cox of VanHouten place is leader. Troops No. 5, 6, 8 and 12 have put their troops in motion, and reports on their open-

ing meetings have not been to the Girl Scout Council. Elmer Hyde is chief executive that body which will hold its first meeting in October.

There are three Brownie troops here. No. 26 is lead by Mrs. William Pirk of Bloomfield, who has not yet decided the date of her troop's opening meeting. The group meets in Montgomery Presbyterian Church. Mrs. John Stou of Brownie Troop 24 could not be contacted at her home this week for a report. Mrs. Raymond O'Brien, who conducts Brownie Troop 25 in School No. 3 has announced that the girls will meet on Wednesday afternoons this year instead of Friday afternoons. Girls will be notified individually.

SPECIAL BOND DRIVE BROADCAST

From the stage of the
Mosque Theatre, Newark
Monday, Sept. 27th, at 10:30 p.m. over WEA

You can see and hear this famous cast of one of the nation's most popular radio shows go to town in the greatest cause in the world today.

HERE'S HOW: Just buy a war bond of \$50 or more at any bank in Essex County and get a stub exchangeable at the Griffith Foundation, 605 Broad St., Newark for a ticket of admission.

If you can't attend the rally you can still be there in spirit. Buy that extra bond and listen to the broadcast over WEA, New York's great station.

WEAF...THIS IS THE NATIONAL BROADCASTING COMPANY

TESTIMONIAL FOR
MRS. ALEXANDER

Observance Held At Opening
Meeting Of Women
Republicans

Citing Mrs. Julia K. Alexander,
former president of the Belleville
Women's Republican club who
died here in July, as a disciple of
clean, honest and efficient govern-
ment. Mrs. John F. O'Brien Jr.,
founder and honorary president of
the club, lead the testimonial pro-
gram for Mrs. Alexander, Thurs-
day, when the organization held
its initial fall meeting in the Wo-
man's clubhouse. "Her departure,"
Mrs. O'Brien said in referring to
the deceased official, "leaves us
with the earnest desire to fulfill
her wishes with faith, hope and
love as our guidance toward a
happier future."

At the conclusion of Mrs. O'-
Brien's address a silent moment of
prayer was observed by members.
Mrs. Edward Rochau gave an
appropriate vocal solo and Mrs.
W. H. K. Davey read a poem en-
titled, "The Christian's Good-
night." The presidential chair re-
mained vacant throughout the
meeting—as a gesture of esteem
for Mrs. Alexander.

Miss Esther P. Adams, a charter
member of the club and first vice-
president, has found herself unable
to assume the office of president due
to pressure of other affairs. The
membership unanimously elected
Mrs. Arthur E. Mayer to fill the
office for the remaining two years
of the term. Other elections which
took place Thursday, were the re-
turn of Mrs. Katherine Ferguson
to the chairmanship of publicity and
the choice of Mrs. Catherine
White to the office of recording
secretary, vacated by the new
president.

Mrs. Mayer, who has held other
club offices, will be inducted as
president on October 14. She is
an active member, also, of the
Belleville Ladies Elks auxiliary.

Accepted into membership of
the Republican club Thursday, was
Mrs. Evelyn Ball of Newark. Mrs.
Herman Satz, club hostess, ar-
ranged the tea which concluded
the program.

LILLIAN GIMBEL'S
MARRIAGE TOLD

Wed. To Pfc. Walter Mitchell
In Church Ceremony
In Nutley

Married in Vincent Methodist
Church, Nutley on August 21
were Miss Lillian Gladys Gimbel,
daughter of Mr. and Mrs. Walter
Gimbel of 50 Cortlandt street,
and Pfc. Walter Eugene Mitchell,
son of Mr. and Mrs. Stewart Syd-
ney Mitchell of Nutley. Rev.
Frederick Lorenz performed the
ceremony. Miss Alice Stager of
Nutley was vocal soloist and was
accompanied by Mrs. Hugh Eagle-
son, organist. A reception was
held at the Alpine Village, New-
ark.

Miss Gimbel was given in mar-
riage by her uncle, Thomas Mc-
Neil of Arlington. Mrs. Jennie
Le Ferriere and Mrs. Evelyn Drew
of Nutley, sisters of the bride-
groom, attended Miss Gimbel as
matron of honor and bridesmaid.
A second bridesmaid was Miss
Mildred Clemens, also of Nutley.
Flowers girls were Gladys Grady
and Esther Jean Drew. John T.
Grady of Nutley acted as Pvt.
Mitchell's best man and James
Payne of that place and Charles
Gimbel of Belleville, brother of the
bride, were ushers.

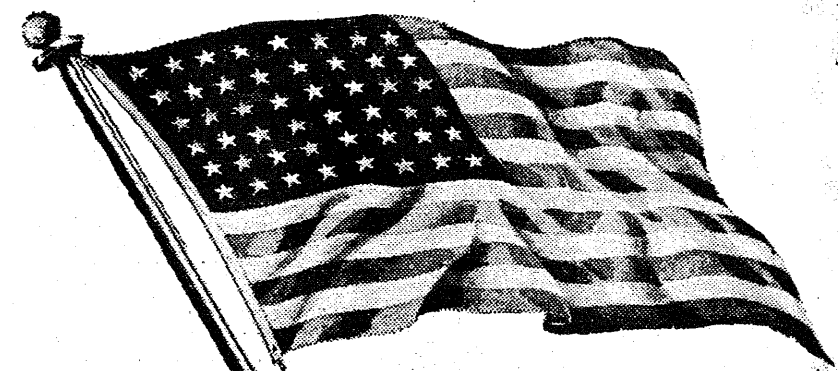

The bride's gown of mousseline
de soie and her finger tip illusion
veil were trimmed with Chantilly
lace. She carried white roses and
gardenias. Mousseling floor length
gowns and matching bonnets were
also worn by the attendants; the
matron of honor in baby blue, the
bridesmaids in pink. Mrs. Le
Ferriere carried delphinium and
yellow roses with her blue cos-
tume and the other attendants,
pink roses and delphinium. The
flower girls wore miniature re-
placements of the bridesmaid in pink
mousseline de soie and carried
baskets of rose petals.

Mrs. Mitchell's gray crepe cos-
tume was highlighted by an or-
chid hat and accessories. Her
corsage was also of orchids. Mrs.
Mitchell was gown in rose crepe
with matching flowered hat and
an orchid corsage.

After a brief honeymoon Pvt.
Mitchell returned to Camp Steu-
art, Ga., where he is stationed.
Young Mrs. Mitchell is with the
Eastern Railway corporation
where her husband was also em-
ployed before he entered service
seven months ago. She attended
Belleville high school. Pvt. Mit-
chell came to Nutley two years
ago from Scranton, Pa. His
mother and father have lived at
31 Shepard place in that town for
the past year.

3RD WAR LOAN
To Every Patriotic
Citizen!

On September 9th the United States Treasury opened
its Third War Loan Drive to raise 15 billions of dollars
through the sale of bonds for the successful prosecution
of the war.

This is a gigantic undertaking, but the amount of dol-
lars involved is no measure of what it means to the future
of the world, our nation and individual selves. Only if
every individual citizen assumes his full responsibility
can the success of the loan be assured. To those of you
who are already buying War Bonds regularly this is a
call to make even larger purchases—because in so do-
ing you will speed the day of Victory.

Different type Bonds are offered to fit the need and
purpose of every investor. Information concerning the
respective issue will be cheerfully given and we will
gladly execute your order at the Bank.

Make this Bank headquarters for your War Bond
purchases.

Cub Scouts Attend Council Program at Ruppert Stadium

Twenty-six boys of Belleville's Cub pack 350 attended a Robert Treat Council program in Ruppert Stadium, Newark Saturday when Cub Pack 49 of that city was awarded the blue and gold championship pennant of the Cub softball league.

War stamp prizes were awarded at the September 7 Pack meeting in Fewsmith Church to William Findley for a handmade cloth flag of Australia and John Armstrong for a collection of United Nations flags.

Cubs accepted into the Pack were Eugene O'Brien and Frank DeGrenza. A farewell ceremony was held for Allen Miller who will attend Bordentown Military Academy.

A question bee, for which Cubs are now preparing, will be held at the October 7 meeting. Cub laws, motto and ideals will be the subjects. The boys are also in practice for a circus which will be held at Fewsmith Church on Friday evening October 15.

Miss Rita Ferguson, daughter of Mr. and Mrs. Samuel Ferguson of Bloomfield, entered Syracuse University last week. She was graduated from Belleville high school last June and formerly resided here at 131 Beech street.

Miss Ferguson is enrolled in the liberal arts school at the university; her intended major is physical education.

STAFF ASSISTANT COURSE PLANNED

Red Cross Announces Training Course in Organization And Policies

The local Red Cross chapter will begin an instruction course for staff assistants early next month, when people who have had office training will be particularly sought for enrollment. The course was announced by Mrs. H. H. Deetjen, staff assistants chairman at a meeting of the executive committee of the chapter held in the Woman's club on Monday night.

The ten hour course will be given by field representatives and officers of nearby chapters and will consist of instruction in Red Cross organization and policies. A certificate will be awarded.

Miss Doris Soleau is Mrs. Deetjen's assistant and both women took the instruction in Glen Ridge last year. Volunteers may register or ask for particulars at 258 Washington avenue, Red Cross headquarters, or by telephoning Be. 2-2972.

Staff assistants ordinarily contribute their clerical abilities to their local chapters by registering the public on the occasion of blood banks or other donations. In cases of emergency they may be asked to do such work for other chapters, for local defense council agencies or ration boards. If disaster occurs and many people are to be identified such workers will be asked to serve wherever the need is greatest.

Need Blood Bank Names

Fifty more registrants are sought for the blood bank which will be held here on October 8. Since 150 to 180 can be accommodated it is necessary to have a slightly larger registration in order to allow for possible failures to appear or rejections. It is hoped that more donors will leave their names as quickly as possible with Miss Esther P. Adams, executive secretary, at

Be 2-2111 or Be 2-2973.

Mrs. William H. Williams, chairman of Junior Red Cross here, told the board Monday evening that a meeting of the faculty council of that group will be held Monday afternoon, at 3:45 in the Woman's clubhouse when plans for Red Cross work in the schools this year will be described by Mrs. Doris Auerbach of Plainfield, general field representative for this area. George MacDonald, area representative of Junior Red Cross, will also speak.

WILL HAVE PAID

(Continued from Page 1)

ing the necessity for paid jurisdiction for the drive and were not unduly alarmed at the cost of such an item. Specht, honorary chairman of the War Fund, voiced his approval. It has been pointed out that Bloomfield, with a population only 10,000 greater than that of Belleville, raised \$90,000 last year as against Belleville's \$26,000, and that constant paid supervision is obviously responsible. The need for specialized training on the part of those who approach the public for such a sum as Belleville must raise this year impressed the committee. It was also assumed that Belleville's industries could not take the responsibility for making collections weekly or monthly on Community Chest pledges of their employees, as has sometimes been done, when their personnel is strained now with inter-office rallies was held at Essex House, Newark by representatives of labor, industrial management and Community Chest authorities and representatives of the New Jersey State War Fund. A dinner meeting followed. Representing Belleville besides deHagara were Sal-keld, McCorkle, Harry Sullivan, former Defense Council coordinator; Kent R. Costikyan of the Walter Kidde company; Elwood P. Russell of Wallace & Tiernan Co., Inc.; Martin Cosgrove of the Cosgrove Wire Cloth company and Donald Waugh, personnel manager of Isolantite, Inc.

GREYLOCK GARDEN

(Continued from Page 1)

attorney appearing for them," Grubbin stated, and pointed out that the "builders could go to court if they were unfairly defeated." "This procedure is improper and reflects on the integrity of the board," the lawyer said. Stating that he didn't think it quite right for the board to deny a public hearing in a matter so important, Coogan said he had no "devious" plan. "I ask to be permitted to place the plan before the commissioners and the taxpayers and to give the full facts." Commissioner King observed that the matter had been settled once and that it wasn't the fault of the commissioners that the Greylock builders case was not ready. "Let's settle it tonight," he said. "There is no difference except the inside street. It is a repetition of the other application. I'm not saying what I'm going to do, but I'd like to hear the opinion of the other commissioners in the matter." Commissioner Noll said he was for settling it and knew what he wanted to do. However, Mayor Williams declared that "as long as I am a public official, I will never take the position that any citizen cannot come before the board." And the fact that there was nothing on which to vote was submitted by Commissioner Waters, who suggested that the proposal be allowed to come up for first reading, a suggestion which was concurred in by the board.

Want Dead Ends

Grubbin represented the residents in the area in vigorous protests when Greylock Gardens incorporated previously attempted to have the Volkening tract located at Washington avenue and Greylock parkway changed from Residence B to C or apartment type zone. Bulk of the objections at that time, in addition to the argument that apartments would lessen property values in the neighborhood, were to the extension of the dead-end streets running off Greylock parkway. Although the specification had been altered to overcome these protests, the revised specifications were not

read at the commission meeting at which the amendment was voted down, three to one.

The priorities then held by Greylock Gardens have since been moved to Nutley where garden apartments will be erected on Park avenue. Now in the possession of new priorities, the builders are asking for a change of zone for seven and a half acres only, of the Volkening tract. It includes that area from Washington avenue west to 100 feet beyond Beech street which is a mid-point, 100 feet east of Linden avenue. It includes an area 350 feet north of their southerly line on Greylock parkway. The dead end streets, Floyd and Beech will not be affected. Rather a new, 50 foot macadam street will run from Washington avenue west to the

mid-point between Beech and Linden and 150 feet north of the present dead ends which will not be disturbed.

composed of Betty Cooke, chairman and assistants Lillian McKenna, Dorothy Carpenter, Robert Shaw, Donald Rochlin, Jean Castaldi, Kora Zadigan and Dorothy Webber.

This performance will inaugurate purchases toward a \$1,000 goal to be met by the 41 home rooms in the high school before September 22. The first meeting to initiate the goal was held Wednesday afternoon in Room 210 when the bond selling plan

was approved by the newly elected war stamp home room representatives.

Parmer Will Interview Those Applying For Truant Officer Job

Application may be made directly to the Superintendent of Schools, Wayne R. Parmer, for the position of attendance officer in the Belleville school system which is now open. Taking into cognizance the shortage of men for such work, those in authority feel that there may be many women in town who are qualified for such a position if they are free to accept it.

Although no state certification is required for the job, the quali-

fications obviously include good health, common sense and good judgment in discriminating between the reasonable and the unauthorized excuses for a child's absence from the classroom. The applicant must also be able to drive an automobile. One who has done social work or who is accustomed to meeting people is desirable.

The elementary schools, the high schools and the parochial school here are all served by the truant officer. The officer must be at work daily during school hours, approximately from 8:45 until 4. No Saturday, Sunday or holiday work is required. Mr. Parmer will interview applicants at his office in School No. 8 at 183 Union avenue.

Hurry!
Hurry!
Hurry!

THE END of September is in sight.
And the end of September brings us close to the end of the 3rd War Loan drive.
If you haven't bought \$100 worth of extra War Bonds—extra, mind you—dig up that money and buy your share today!
Men who are fighting for you . . . bleeding for you . . . ready to die for you . . . are waiting for the news that you people at home are backing them up 100%.
They know what invasion costs in blood

and lives. They know, too, what it costs in equipment, munitions, supplies, that must reach the front in a never-ending stream. And they're counting on you for the money that goes to keep that stream flowing.

No matter what you have to sacrifice . . . no matter how much it pinches . . . you cannot let them down!

They're calling on you to hurry, hurry, hurry! Get that \$100 extra into War Bonds before the drive is over.

HERE'S IDEA OF THINGS SERVICE MEN REALLY WANT

"Yank" Correspondents Make Survey In Various Theatres Of Battle

Heading the list of what the overseas serviceman wants in his Christmas package are "newsy" cheerful letters from home and recent photographs or snapshots of family and friends, according to information received by a canvass of overseas "Yank" correspondents and officers recently returned from various theaters of war.

Men interviewed by "Yank" correspondents say a short letter from friends is worth a hundred Christmas cards. Many men would like a new picture of wife, sweetheart or parents not larger than pocket-size and encased in a waterproof folder—most of the pictures they took with them now being the worse for wear.

What Servicemen Want

Other items which appear on a great many lists submitted by various theaters of operations, are: fountain pen and pencil sets with extra lead; subscriptions to pocket-size magazines; small-size books; flashlights; compact writing portfolios, rigid enough to be used as writing boards; billfolds; identification bracelets; dog tag chains; small steel mirrors; fine tempered, rust-proof razor blades; fingernail scissors; pipes; handkerchiefs; OD socks and extra underwear; and good linen playing cards and poker chips.

Soldiers in different combat areas don't want the same articles, but certain basic principles governing the selection of gifts will avoid keen disappointment for the boys. The Post Exchange carries basic necessities, and where there is no Post Exchange the men are issued soap, razor blades, toilet equipment, tobacco, and candy. Temporary shortages are often quickly met.

Do not send food or assorted commercial packages of goods—except well-packaged fruitcake. Do not send elaborate shaving kits or cigarettes. Even where cigarettes are most heavily rationed, men are allowed a pack a day. Civilians often forget that the shortages they experience may not be true of servicemen.

In addition to the articles wanted by Army men, the Navy also asks for foot powder, saddle soap, sun lotion, small, folding picture frames, checkboards, and backgammon games. Members of the Women's Auxiliary Corps serving overseas put swimming and laundry needs above all else, and warn well-wishers that they have no use for civilian clothing or accessories.

Postal Regulations

According to Army Postal Service, overseas Christmas gift packages cannot weigh more than five pounds, nor measure more than 15

Jackets In Vogue

THIS IS A rather dressy wool-on frock in the two-piece model which is a fall favorite. Brilliant red or green bows ornament its stylish blackness.

inches in length and not more than 36 inches in length and girth combined.

The postal service says to send durable articles which will stand up six months or more in shipping and they recommend that one of the five pounds allowable be used solely for wrappings. The postal service cautions that "the hold of a ship may reach 130 degrees and a ton of weight may rest on your Christmas parcel."

Addresses should be printed if possible with a substance that will not mar, smudge, or otherwise run. Whatever is sent, the personal tastes of the recipient and his particular theater of operation should be considered. Send love rather than poor quality—gift articles must be durable. They should be compact and easy to carry. To prevent disappointing the serviceman, relatives and friends should be careful to avoid duplication of gifts.

Newarkers Of Suburban League Finish Season In Fifth Place

Newark of the Suburban Baseball league, the team formerly known as the Pittsburgh Minor Leaguers, completed their Suburban league play with an unimpressive record of five wins and 14 losses. The record, however, was good enough to make them rate fifth in the eight team league.

Battling averages, announced by Sam Pierson, president of the Suburban league, were Marty Williams with the lead average in the Newark club, 368; Ray Gregory with 333 for eleven games and Lou Housel in third place with 327. Housel lead Newark in hits and runs batted in and John Strand scored the most runs. Henry Lubben walked the most being passed 11 times and Ed Fiske struck out the greatest number of times, 18.

John Bingle was credited with all of Newark's five wins, while he sustained five of the losses. Harold Allston and John Young each lost three games without a win; while Bill Landmark lost two, without a win.

For Business

BUTTONS and a clip keep this soft woolen suit business-like but not too plain. It follows the smooth, modified lines of the fall suits and is an indispensable item in any woman's wardrobe.

Craftsmen's Club Plans Its Annual Dance For Nov. 6

The 10th annual floor show and dance presented by the Craftsmen's club of Belleville will be held at the Elk's club on November 6. James Lampman, vice-president of the organization is chairman of activities. Howard Oliver of North Arlington, theatrical agent, will produce the show.

Funds derived from the annual affair are used for the club's charities and this year, particularly, will augment the organization's endeavors to cheer their members and friends in service. Frank Bangert is in charge of the Craftsmen's "hut" where members bring donations of magazines, cartons of cigarettes and other items. Cases of magazines have been shipped to Masonic Service Centers throughout the country, of which there are 45. An initial shipment to 150 servicemen contained a Bible, cigarettes and 100 sheets of writing paper and envelopes in each package. A nurse and a Marine corps auxiliary are also on the mailing list.

Christmas packages are on the way and the clubs next project will be to gather cards and games for soldiers' hospitals in New Jersey. The club met in Masonic Temple last night. President is Harry Winfield.

Tomato Canning Demonstration For Public At Woman's Club

The public is invited to join Belleville Woman's club members next Thursday afternoon when the American Home department of that organization conducts a tomato canning demonstration in the clubhouse. Mrs. Thomas Jack-

rell and Mrs. Victor Hart, Jr., who have served as canning advisors all season under the Defense Council's nutrition committee, will demonstrate the methods and answer general canning queries. Mrs. W. D. Cornish is chairman of the club's home department. She has announced two more such programs, also open to the public, one on September 29, when pears

and peaches will be canned and one on October 6, when various relishes will be prepared. All sessions will commence at one o'clock.

Next month an exhibition of home canned products of every description will be held at the clubhouse, to which the public may also contribute. Further questions about the demonstrations

may be asked of Mrs. Jackrell by telephoning Be. 2-4260-M.

Ideal Barber Shop Has New Own

Raymond Restiano is the new proprietor of the Ideal Barber Shop at 75 Smith street, succeeding Frank Lotruglio, whose health prevented him from con-

tinuing operation of the shop. Restiano has concluded three years with Oscar in his Washington avenue shop and previously was owner of a business in Arlington for 18 years. He has had 32 years experience as a barber.

"Belleville Today" Boon To Servicemen

We have read the appreciative and in some cases, nostalgic excerpts from a new of the hundreds of letters received from local men in service by the Belleville Foundation in response to its publication, "Belleville Today."

We are impressed with the realization of the responsibility that is ours as a town and as individual relatives, friends and acquaintances of these defenders of democracy, who, through no wish of their own, are scattered half way round the world.

Busy with their part in all phases of this highly technical war, they are not so busy however, that they do not frequently think of "home." They are not so preoccupied with their new mode of life in the midst of strange languages and customs that they do not hope for some sign that they are remembered in their old haunts and by their old friends.

The Foundation in compiling "Belleville Today," the third issue of which will soon be off the press, is performing a service that will not be forgotten by those on its mailing list. Wisely refraining from dwelling on the war on the theory that its recipients are experiencing more than enough of it at first hand, the volunteer staff has adopted the policy of sending along just plain home town information.

The publication is forging a link between those localities now in the armed forces and their home community. It is the forerunner of that stronger bond that will be apparent to the men and women returning home after the war is over. For this is only one of the first achievements of a rounded Foundation program aimed at providing a better town for those who have gone out to preserve it and all the other towns of America.

The Call For Women In Industry

Oil on your hands—black little seams on your fingertips—these are part of the new and popular badge of patriotism that women in war plants are wearing, proud of their important role in war production.

Women in this country are not asked to take their place beside the men with guns on the battle fronts. They are however, through enlistment in the uniformed ranks of the WACs, WAVEs and SPARs, releasing men for the more important tasks up front, where they are needed.

There are thousands of women who because of home ties and other factors, find that their place cannot be in a uniformed brigade. Many of these are doing service in the Red Cross, their local defense council

and contributing in other ways.

These home frontiers are now confronted with a greater job that cannot be ignored. In spite of their present duties, they are now needed and needed urgently, in war plants to speed production of vital materials of war. So important is this job that Belleville has received a quota of 696 women as its allotment to help the production lag in this area.

The Community Manpower Mobilization committee reports that Belleville women are beginning to respond to this call. Based on their past performances when needed, we are sure that many more will enlist in this war-time pursuit to guarantee a speedy victory.

The Question Of Revision

The referendum on the question of authorizing the revision of the state constitution will be submitted to the voters in the November general election. If authority is given for the revision, the incoming state legislature will sit next year as a constitutional convention for the purpose of bringing the laws under which the state government operates, up to date. The revised form will then be submitted to the voters for adoption or rejection at the next general election in 1944.

If the voters of the state declare by ballot that they want the revision, it will not in any way affect the present basis of representation in the senate and assembly, since this is guaranteed in the wording of the question which will be voted upon. Nor will

present individual rights and liberties be jeopardized since the Bill of Rights must be included in the revised form.

Rather, the revisors would rewrite state laws now 99 years old, so that they would adequately cover an enlarged government which has grown with the state and years, in an attempt to meet present needs. It would unshackle the governor who cannot now succeed himself and it would lengthen his term of office.

The argument that the revision should wait until the servicemen return is a hollow one. One of the duties of the people at home is to prepare for their return and one of the ways to do it is to have a state government wholly adequate to meet the post-war conditions.

"Back The Attack!"

Ration Dates

Distributed by the Newark District OPA Office

Processed Food and Canned Goods

Blue stamps R, S, and T in Ration Book Two now valid through

September 20. Blue stamps U, V, W now valid through October 20.

Meat, Butter, Cheese, Fats, and Canned Milk

Red stamps X, Y and Z in Ration Book Two now valid through October 2. Brown stamps in Ration Book Three become valid as follows: A stamps from September 12 through October 2; B stamps from September 19 through October

2; C stamps from September 26 through October 30.

Sugar

Stamp 14 in Book One is good for five pounds of sugar through October 31. Stamps 15 and 16 are good for five pounds of sugar each, for use in home canning through October 31.

Shoes

Stamp 18 in Book One is good for one pair of shoes through October 31. Families may pool the coupons of all members living in the same household. A loose No. 18 stamp is not valid except when used for mail order of shoes.

Fuel Oil

Period One coupons (10 gallons per unit) for household use for the 1943-44 heating season now valid through January 3, 1944. Period Five coupons (10 gallons per unit) left over from the 1942-43 heating season, and fixed gallonage coupons left over may be used through September 30, 1943.

Gasoline

Number 6 stamps in "A" books now good for three gallons of gasoline through November 21. "B" and "C" coupons good for 2½ gallons.

Old style "B" and "C" coupons (marked "Permits Delivery of One Unit of Gasoline") are now invalid. Exchange any of current date at rationing boards for new style coupons (marked "Mileage Ration").

Rationing regulations require holders of gasoline ration books to mark the vehicle license number and state registration on the face of all gasoline ration stamps in their possession.

Tires

All "A" book holders must have tires inspected every six months; "B" book holders every four

months; "C" book holders every three months.

Stoves

Persons wanting to purchase rationed stoves must apply at local rationing board.

General, Technical Classes Open At County Vocational Schools

Related general and technical classes for employed apprentices in various skilled trades will be open on Monday, September 20, and Technical High schools.

In order to be eligible for entrance to these classes, students must be over 16 years of age and must have entered into an agreement, either written or verbal, with a responsible employer to learn a trade or occupation. The usual learning period for skilled trades is four or five years.

All classes will open on Monday, September 20, and will meet as follows:

Irvington School, Myrtle avenue and University place—Machine

Apprentice, Tool and Die making Apprentice and Sheet Metal Apprentice, all Monday and Wednesday, 7 to 10 p.m.

Look into Your Heart before you give me your Answer!

My name isn't important. I'm just one of the millions of fellows over here fighting for America. I'd like to speak for these fellows—to you folks back home.

You see, I think I know what's in their minds, because we often talk things over among ourselves. Mostly we talk about home—about the places we came from and the things we plan to do when we get back. Right now, especially, we're thinking a lot about home, for we're in the bloodiest battles of history—and we know that some of us will not come back. Some of us will never see again the ones we love.

But—we've got a job to do and we're going to do it. What I want to say to you folks back home is this: we'd like to think that you are with us in this bitter struggle of invasion. It would help a lot to know that you are really behind us, backing us up 100 per cent. It's going to take a heap of ammunition—and ships and planes, tanks and guns to beat the Axis. That's what the 3rd War Loan is for; it's for INVASION. We've got to depend on you. Don't fail us, will you?

Yes, it's to you this boy is looking in this critical hour. Today America calls upon you to do your part in the 3rd war loan. And your part is at least one EXTRA \$100 War Bond during the drive. AT LEAST \$100. That's in addition to your regular War Bond subscriptions. Some of you must invest thousands in order to reach our national quota. Invest out of your income—invest out of your idle or accumulated funds.

Sacrifice today—you will be richer for it tomorrow. Back the invasion with extra bonds.

Your Answer is Either "Yes" or "No" in this Roll Call of the Nation—

- YES I will honestly do my best to invest in at least one extra \$100 War Bond during the 3rd War Loan Drive. I will lend my Government this money gladly to back up our fighting men.
- NO I am not lending any of my money to my country, I'm spending it. Sure, I know the boys who are fighting for me need support, but let somebody else make the sacrifices.

Your answer will be given in the number of EXTRA War Bonds you invest in during September.

Safest Investments in the World

• United States War Savings Bonds Series "E", gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semi-annually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; 7½% Certificates of Indebtedness; 2½% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

NEW JERSEY BELL TELEPHONE COMPANY

"BELLEVILLE TODAY"

Does It's Part In This World-Wide Fight For Freedom

Last June we mailed 2,600 copies of "BELLEVILLE TODAY" to the Men and Women of Belleville now serving in the armed forces. Today we take the opportunity of printing some of the more than 150 letters received from these Belleville Men and Women.

In China, India, Alaska, Brazil, Tunisia, Canada, Oran, Guadalcanal, Trinidad, New Guinea and from points all over the United States, Belleville Boys and Girls are

doing their part in winning the war. These letters tell us of their experiences. . . . They tell of their love for their homes—their loved ones and for Belleville

They call upon us to do our part in keeping them supplied with materials; Guns, Tanks, Planes, Ships and Food. Above all, they want news from home. "Belleville Today" has been well received. We shall send another issue to these Men and Women this month. We are proud of their letters and of the men who sent them. All of these men in their letters, express their gratitude for receiving "Belleville Today."

U. S. A.
APO 982 Seattle, Wash. July 5 1943

Gentlemen:

. . . I am looking forward to the next issue and imagine all the other fellows over here feel the same. I sincerely hope that more people and towns will follow Belleville's idea as a lot of the fellows here from other towns and states enjoyed reading the paper though most of them had never heard of our town.
(signed) Pvt. G. Stootman

NORTH AFRICA

APO 758 Postmaster New York City
. . . Briefly, I have been serving overseas over one year. I figured in the North African invasion and the Tunisian campaign and am ready for more. Miss the good old town and hope to see it in 1944. . . . I thank you.
(signed) Sgt. R. Fratella

BRAZIL

APO 604 c/o Postmaster, Miami Fla.
. . . You do not know what it means to see the streets, homes, buildings, etc. again, being away from home so long. I am somewhere in Brazil, South America. Life here is not so bad. We really play an important role in the war effort and I am indeed very proud to be here. We have plenty of fresh fruit and pineapples. May God bless you all and help you for the job you are now doing.
(signed) Pfc. Angelo Peretti

Somewhere in North Africa
June 24, 1943

. . . As the home papers don't get thru often and when they do, they're months late, your publication is just the ticket for a soldier who thinks a lot of his home town and the people in it. I've seen some products of Belleville manufacturers doing their war duty which gives a fellow some added pride in his town. I close with thanks to the folks whose thoughtfulness has added a bit of pleasure to a soldier's routine.
(signed) S/Sgt. Oscar Nathans

NORTH AFRICA

120 USNCB Fleet P. O. New York City
June 25 1943

. . . It's good to read about the home town events and of the boys in the Armed forces as well. I've been overseas since February with the Naval Construction Battalion. Wherever there's work to be done, we do it promptly. Bill Miller also from the home town, is here with me and we find Africa a mighty interesting place; many sights to see. The Arabs are a sight to see. All I wish for is that this war will end soon and give this place back to the Arabs.
(signed) A. A. D'Andrea S 2/c

NORTH AFRICA

c/o Postmaster, New York City
June 30, 1943

. . . I am somewhere in North Africa. The weather here is very hot and dry; plenty of high mountains. The people here are Arabs; they speak French and Spanish. I went to a few of the cities here and they are nice and the homes are wonderful. We fellows sure miss a lot of the stuff that we used to get. Thank you for the paper.
(signed) Pvt. Rocco D. Santasiero

NORTH AFRICA

Fleet P. O. New York City
June 18, 1943

. . . I received your copy of BELLEVILLE TODAY last night and was very surprised to get it. I'm not much of a letter writer, but I would like to thank you very kindly for sending it to me. I am in North Africa. I take my baths in the clear, cool Mediterranean Sea. That's the only thing I like about this place. Keep the war news out of your paper and I don't think you will have any corrections to make. The thing I like most is the pictures of groups in which I can identify some of the people I know. Like in this issue, you had one of a basketball game. I could identify quite a few and I'm sure I saw Walter Heimrich.
. . . Oran is a very beautiful city, but there isn't much doing there. I don't think I will ever get used to using French money.
(signed) Paul Nobile S 2/c

A. P. O. 650 c/o Postmaster, New York City
June 18, 1943

. . . I have received "BELLEVILLE TODAY" and find it very interesting to know how the home town is coming along. It makes me feel like I am back with you all. I am stationed in North Africa and find it just as beautiful as some of the boys mentioned in the articles in this booklet.
. . . Thank you very much for your interest in the boys in the Armed Forces.
(signed) Pvt. Gennaro F. Rossi

INDIA

June 24, 1943

. . . In the picture on the first page of the people getting their gas ration books, one of them happens to be my brother—Harry Engel. I am somewhere in India with the U. S. Army Air Corps which is doing a good job over here. I am the only Belleville boy in my outfit and am always looking for others from town.
(signed) Pvt. Norman C. Engel

NEW GUINEA

A. P. O. #929 San Francisco Cal.
July 15, 1943

. . . It helps a great deal to be able to read about things going on in the old home town. I especially appreciated the photographs of places about town that once were so familiar to me. I know there are fellows from Belleville in services thruout the world who must feel these mutual sentiments. I am in New Guinea at the present time and it sure is good to hear about the fellows I know and the things they are doing both at home and in various parts of the world.
(signed) Richard Baldwin, CPL.

Air Corps Technical School, Keesler Field, Miss.
June 30, 1943

. . . It makes me feel happy to know that the citizens of Belleville haven't forgotten me and this, I assure you, is the opinion of all Belleville's servicemen and women. It's really good to read about the good old town.
(signed) PFC. Saverdi Noto

June 3, 1943

A. P. O. 27

c/o Postmaster, San Francisco, Cal.

My sincere thanks for your most welcome paper "BELLEVILLE TODAY. It's a grand pleasure to read about news from our home town and we in service appreciate your thoughtfulness so much. The news from the home front is just as important to us as the news of the front lines of combat is to you.

I'm not much of a preacher, or one to give advice, but here is a little advice that was passed on to us in service, and I would like to pass it on to you on our home front. To win the war, we've got to be a team, highly polished with perfect coordination, and mutual cooperation. We must make sacrifices regardless how great they may be. You are all depending on the armed forces to end this war as quickly and most victoriously as possible. And in God's name, we are depending on you people for equipment and supplies, and they must reach their destination as soon as possible. This is just an old story to all of you, but it must not get too old, that it will be forgotten.

We read about the miners striking for an increase in wages and need I remind you how it affected the men that are now fighting on all fronts. Dear people of Belleville, we are anxious to end this war soon, to come home because we too are lonely for our families and loved ones. But we're sacrificing our future, our emotional feelings and if necessary, our lives, to make this world of ours safe and sound for all of you.

Well sir—I'm one fellow that always takes advice—not gives it—so please remember that this is advice that I took and I'm just passing it on to you. If we're to win this war, we have to be one team, working together, and with one course in mind. This is your war, and the outcome depends on you!

(signed) Cpl. Stan Goglia

June 24, 1943

. . . I am spending my summer vacation in North Africa this year, along with a few other soldiers and it was a pleasant diversion to see those few snapshots of various spots in Belleville. The weather is swell in this part of the country, as is the swimming, though "Jersey was never like this." Would appreciate the addresses of Bill Brady or "Ice" Hamon. Keep up the morale and keep down the taxes till we fix Hitler's wagon.
(signed) Mel Ten Broeck

North Africa

July 21, 1943

. . . Being stationed in North Africa, news from home is really a God-send. The few French people that I have met are pretty friendly. The heat and insects are terrific. In other words, I wouldn't trade one block of Belleville for all of Africa. I hope that in the future I receive more of your swell paper and am really looking forward to it.
(signed) Pvt. F. Georgiana

A. P. O. #520

c/o Postmaster, New York

July 2, 1943

. . . I appreciate how much you and your staff are concerned about the men in uniform. I have visited Oran, Constantine, Algiers, Mateur and others. The building structures differ from ours and show the artistic skill of the people over here. The most popular event here is the visit of the pretty Red Cross girls, who pass out to us real American doughnuts and coffee. The hot days are offset by the cool nights. I congratulate all who have a hand in publishing and mailing to us Servicemen "BELLEVILLE TODAY," which we cannot express in words just how much it boosts our morale.
(signed) Cpl. Rocco F. Milano

A. P. O. c/o Postmaster, New York, N. Y.
July 18, 1943

. . . It was a pleasant surprise to open my mail one morning and find a copy of "BELLEVILLE TODAY." The paper is ideal for keeping service men informed about home and keeping Belleville in their hearts. I saw items about many of my old friends, who immediately were brought vividly to mind. Here in the Middle East we appreciate such publications. Burrowed in our tents in the desert, exposed to a powerful sun, when the heat of the day has subsided, we like to sit and read of home, where water comes from chromium-plated plumbing and where sand is found only at the beaches or in spinach. Many thanks for a swell publication which is an excellent morale factor for the men. Regards to the boys on Joralemon Street near No. 7 School and the golf links.
(signed) Lieut. Joseph P. Piscopo

CHINA

U. S. Army Air Force, China
June 23, 1943

. . . Have received your "BELLEVILLE TODAY" and want to thank you for your kindness in sending it to me. We are greatly respected by the Chinese people. The heat is terrific. Have a nice healthy tan, but the mosquitoes are a pest. I have a Chinese houseboy who cleans my room, makes my bed and takes care of my laundry. But there is a catch—he doesn't shine my shoes. Oh yes, whoever said that the Chinese girls weren't pretty here. They are cute.

TUNISIA

A. P. O. 751, c/o Postmaster, New York, N. Y.
July 21, 1943

. . . I've been from one end of North Africa to the other and outside of our "Stars and Stripes," "BELLEVILLE TODAY" is the best piece of news I've seen so far; hope I keep getting it. I intend to make Belleville my home with my wife, who is living there at present when this war business is over. Regards to you all, Father Kelly and all my friends.
(signed) Edward Garbarini

June 20, 1943

. . . Just received your copy of "BELLEVILLE TODAY" and you can't imagine the thrill it gave me just to see some of the familiar places I used to know. I've been in Africa since the invasion and I also took part in the battle of "El Guettar" and Bizerte. Ours was the first American Infantry troop to enter Bizerte. The Germans had left it all in ruins. It was a pretty tough campaign, but when we have all the people back home cooperating like the people in Belleville do, I don't think anything can stop us. We saw many miserable days but all in all the average American soldier's morale is very high out here, because they are fighting for a just cause, a cause which in the near future will liberate the entire world of tyranny.

YOUR VICTORY GARDEN

Did You Fail in Maintenance?

By Dr. Charles H. Connors,
N. J. College of Agriculture

Psychological or remote control has been the treatment accorded to some Victory Gardens this year. This has resulted in a fine growth of weeds which have choked out or retarded the growth and reduced the yields of the crop plants.

It becomes evident that there is a little more to home gardening than just planting seeds and harvesting the crops. The plants and their environment need constant attention in order to secure the best yield. Killing weeds when they are small or even before they appear above ground is a much better practice than allowing them to grow up. They are then difficult to pull and valuable crops may be pulled out with them. They deplete the soil of nutrients and moisture to the detriment of the vegetables.

There are times, as in periods of excessive rains, when it may be impossible to work the soil to kill weeds. Under such circumstances, it often pays to dig the whole thing under and start over.

Insect Control

Failure to control insects has been the ruin of many crops. If a regular routine of dusting or spraying is not followed, frequent observations, daily if possible, should be made. Of course, there are some crops, cabbage, for instance, that can be protected from insect attack by an almost continuous coating of a suitable insecticide. There are other insects that are sporadic. Mexican bean beetle is a good example. Some gardens may be free of it. In others there are several generations. If all the adults can be killed, the worst damage will not occur. If any adults are missed, the larvae are soon present, and in a few days of neglect the crop will be ruined.

The control of insects requires constant vigilance. Control will be most effective if started when only a few insects are present.

The proper material must be selected to control the insects. A dusting of hydrated lime may drive away flea beetles or cucumber beetles; but it is just like pouring water on a duck's back, as far as the control of aphids or Mexican bean beetles is concerned.

Arsenicals or other stomach poisons may kill cabbage worms or Mexican bean beetles but will not harm plant lice or other sucking insects because they do not obtain their food from the surface of the leaf.

Over-buying or over-planting of seed has contributed to waste. Perhaps the person whom the writer overheard did not want to be considered a piker when he ordered a pound of lettuce seed. The quantity he actually needed was a fraction of an ounce. Then there was many another gardener who sowed all the seeds from a packet in one row when a fourth or a half of the seeds would be sufficient. He secured a very thick stand of seedlings but did not thin them so had nothing to harvest. Seeds will keep, at least the majority of them. So do not sow excessively thick and save the seeds that are left. These can be tested to determine whether they are worth planting or not.

Too Much?

Almost every Victory Gardener erred in planting too much of one thing. One man likes cucumbers, so he planted half his garden to this crop. It got so he couldn't give them away. The snapbean is a crop that almost every home gardener over-plants. An inexperienced gardener planted five rows of beans at one time leaving no space for later planting. Now, about a half row was all that his family could use on the table. Of course, some were canned. How much better it would have been if he had planted a half row at weekly intervals and then timed the two rows for canning to come in a convenient time. The Victory Garden Manual for New Jersey gives the length of time required from seed sowing to maturity and the approximate yields that may be expected with good culture.

So let us profit by our mistakes.

Dr. N. T. Lambert
Surgeon Chiropract
Now Located At
517 Franklin Avenue
Opposite Franklin Theatre
Telephone Nutter 2-3412
HOURS: DAILY 9 a. m. — 9 p. m.
Wednesday, 9 a. m. — 5 p. m.

Next year's Victory Garden will be well planned in advance. The soil will be dug when in the proper condition and manure, lime and fertilizer added in adequate quantities. The seeds will be sown at the proper season and at the correct depth for germination. Seedlings will be thinned to stand at the proper spacing and plants will be set out at such planting distances as will permit best development. Weeds will be kept under control by a method that will also keep the surface of the soil loose. Insects will be controlled. Crops will be harvested in the best condition for use. Surpluses will be canned or otherwise conserved or given to some one who can use them. This will truly be a Victory Garden.

Red Cross Wants Pocket Size Books, Not Magazines

Pocket sized magazines, appealed for by the production department of the Red Cross, can no longer be used in filling soldier's kit bags according to a recent decision of the War Department. The local Chapter will accept pocket sized books in their place. A copy of the Reader's Digest or a similar small magazine was formerly used to make the flat top of the completed kit.

Jars Filled with Apples

Since fall apples are usually stored, canning them may seem like an unnecessary use of jar space. However, stored apples must be in perfect condition to keep well. Windfall and less perfect apples are the ones to salvage to make into canned applesauce, pie apples, baked apples, or apple compote.

Remember, too, that these apples can be utilized to make apple and mint jelly as well as apple butter. If you like to make either green tomato mincemeat or true mincemeat, windfall apples are a good source of the chopped apples often used in those recipes. Tart apples retain their flavor better than the more mellow ones. A 50-pound bushel of apples will fill about 20 quart jars.

Applesauce

Applesauce is perhaps the most readily prepared, because the skins and cores of the fruit need

not be removed. The fruit must be washed thoroughly, however, to remove any spray materials. Cut out cores which are wormy and remove all blemishes with a generous scoop of the paring knife. Quarter the fruit and place it over a slow fire to soften.

Run the pulp through a sieve or food mill. Now it can be lightly seasoned with spices (nutmeg, cinnamon, cloves) and sweetened according to your family's taste. Although you are allowed as much as one-half cup of sugar for each quart, most homemakers find that less sugar is more satisfactory.

Reheat the sauce by bringing it to the boiling point. Pack it to within a half-inch of the top of sterile jars, carefully remove air bubbles, seal according to the type closure, and process in a boiling water bath for five minutes. Complete sealing the jars.

For Pies and Compote

For both of these purposes, the apples must be peeled and cored.

In order to prevent their turning brown while they are being prepared, drop the pared apples into a solution made of two tablespoons of salt, two tablespoons of vinegar and one gallon of water.

Frequently apples to be used for pies are sliced or quartered then steamed for five minutes to wilt them before they are packed into jars. The fruit in the jars may be covered with hot thin syrup (five cups water and two cups sugar) or with boiling water. The jars are processed in a hot water bath for 15 minutes. If you pack the wilted apples without the addition of liquid, the processing takes 20 minutes.

Whole apples which have been cored to make apple compote are simmered until done in a slightly heavier syrup, to help them retain their shape when they are packed into sterile jars.

Cover the apples with the boiling syrup to within one-half inch of the top of the jars. Seal for processing according to the type closure. Process the jars in a boiling water bath for five minutes.

Hot baked apples, prepared just as they would be prepared for the table, may be canned and processed for the same period of time as apple compote.

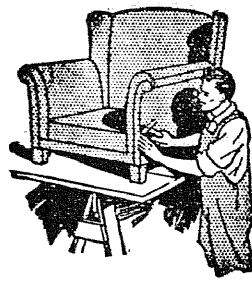

Tea Tuesday Afternoon For P.T.A. At School No. 3

Inaugurating a new season, the members of the executive committee of the Parent-Teacher association of School No. 3 will meet this afternoon in the Greylock school at 3:15. The first fall program will be carried out Monday afternoon when a reception and tea for mothers of kindergarten students, mothers of newly registered students and teachers will be held in the school auditorium at 2:30.

Mrs. Robert Hayes and Mrs. Lloyd Reeves will preside at the tea table.

Mrs. Charles Speed, president of the organization, will conduct a short business meeting. The speaker, Miss Emily Lydon, representing the Tuberculosis League of Essex County, has as her topic, "How Wartime Problems Effect the School Child's Health." Entertainment will consist of readings by Mrs. Lorena Clark and songs by Mrs. Sonya Modlen, president of the Adelphi Players.

CAROLYN BAY IS RECENT BRIDE

Marriage To Victor Thompson Took Place In Ridgewood

Announcement has been made of the wedding of Miss Frances Carolyn Bay of town, daughter of Mr. and Mrs. Fred P. Bay of Marietta, Ohio, to Victor W. Thompson of East Orange, son of Mr. and Mrs. George B. Thompson of West Hartford, Conn., on Saturday, August 21, at 3:30 p. m. The Rev. Dr. Fred Holloway, pastor of the Rutherford Presbyterian church officiated. The ceremony was at the home of Mr. and Mrs. George W. Hawkins of Ridgewood. About 30 guests were present.

The bride, given in marriage by Mr. Hawkins, wore a gown of white lace and net. Her veil of net was caught to a pompadour hat of white feathers and she carried a bouquet of sanderin orchids, white gladioli and bouvardia.

Mrs. Martin L. Britton of Toledo, Ohio, sister of the bride, was matron of honor and was gowned in Alice Blue lace and mouseline de soie; she wore a matching feather tiara and carried a bouquet of countless roses. Richard R. Thompson was best man for his brother.

The mother of the bridegroom was dressed in navy blue, a matching hat, and a corsage of orchids. Mrs. Hawkins wore a jade crepe gown and a corsage of talisman roses. When leaving for a wedding trip, Mrs. Thompson was wearing a cinnamon and white ensemble, with matching accessories and a corsage of sanderin orchids. After September 10 the Thompsons will be at home, 93 Elliott place, East Orange.

Vaccination Clinic At Town Hall On September 24

The Health department has announced a vaccination clinic which will be held in the Town Hall on Friday afternoon, September 24, at 3 o'clock. Children whose parents cannot afford the services of a doctor and who have been accepted for school or are of pre-school age may be brought to the clinic where the vaccination will be made without charge.

Ambulance Corps Will Sport Training, Service Stripes

Members of the ambulance corps will soon be the envy of the other units of the defense council when they begin sporting training and service stripes on their white uniforms. L. B. McCloskey, chairman of the unit received the approval of the council on Monday night for the purchase.

One hundred private first class chevrons, white, on a blue background, will be ordered for the unit. The 200 red service stripes will be awarded to those who have attended 25 of the bi-monthly meetings and additional service stripes will be given for each additional 25 meetings attended. McCloskey said.

It was also agreed to seek the use of six keystone lanterns now at the municipal stadium, to light the corridors and stairways at the casualty stations, which have no source of illumination for the personnel working during blackouts.

Other safety measures to be adopted are painting the street curbing white for identification in front of the casualty stations and, if the board of education permits, painting the outer edge of the steps in the corridors white to avoid accidents.

L. B. McCloskey, chairman of the ambulance corps of the defense council has announced the appointment of John Tupper, 141 Fairway avenue, as a second lieutenant to be stationed at casualty station No. 4.

School No. 2 P.T.A. Organizes On Tuesday Afternoon

An organization meeting of the Parent-Teacher association of School No. 2, also known as the Montgomery school will be held in the school building at 3:30 on Tuesday afternoon.

A discussion of the projects for the coming year will be held by the general membership. Officers are Mrs. Louis Wagner, president; Mrs. Howard Barnett, first vice-president; Henry Minasian, school principal, second vice-president; Mrs. Helen Starr, secretary; and Mrs. Frank Cufone, treasurer.

Heading committees for the coming year are Mrs. Charles Whittemore, who will be in charge of refreshments; Mrs. Harry Fredericks, hospitality; Mrs. David McIlvrid, goals; Miss Maude Miller, finance; Mr. Minasian, programs; Mrs. Joseph Carmie, membership and Miss Rose Simons, publicity.

MURRAY-LEEK NUPTIALS HELD

Ceremony Took Place Last Evening In Wesley M. E. Church

Wesley Methodist Church was the scene last evening of the marriage of Miss Betty E. Leek, daughter of Mr. and Mrs. Benjamin F. Leek of 94 Division avenue and Walter S. Murray, U. S. N., son of Mrs. Walter Murray of Verona and the late Mr. Murray. Rev. Edgar M. Compton performed the ceremony. Vocal soloist was Miss Marian Williams of Springfield, Mass., a cousin of the bride. A reception for the families was held at the Leek residence.

Miss Leek's white net gown was made with a moire over-jacket and her fingertip veil draped from a tiara of orange blossoms. She carried a white bible on which was fastened a corsage of white roses. Mrs. William J. Moore Jr. of Nutley, her only attendant, was gowned in a blue net and taffeta costume. She wore a blue shoulder length veil and carried a bouquet of pink roses. C. Marsden Jacobus of Verona, brother-in-law of the bridegroom acted as best man and ushers were William Moore Jr. of Nutley and Jay McCormick of Caldwell. Mrs. Leek, wearing a blue-grey ensemble, and Mrs. Murray in blue wore corsages of pink gladioli cups.

The bride, a graduate of local school and the Berkeley Secretarial school in East Orange, is with the Aetna Life Insurance company in Newark and also attends the Newark School of Fine and Industrial Arts. Mr. Murray, who is a radioman with the rank of Third Class Petty Officer, was graduated from Caldwell schools. He was with the Westinghouse corporation in Bloomfield before

enlisting in the Navy a year ago. After a short wedding trip, the bride will remain with her parents while Mr. Murray returns to his Florida base.

William Michaelson of Holmes street, left today for a vacation at Asbury Park.

Block Dance For USO Will Be Staged By Kids Saturday Night

Belleville persons who are anxious to swell the quota of Christmas packages going to American servicemen all over the world will have an opportunity Saturday evening when gifts appropriate for such packages may be presented as admission to the block dance for the U. S. O. in neighboring Nutley. The dance will be held in that town's Park Oval, opposite the high school and other entertainment besides an orchestra will be furnished. A jitting contest has been included in the committee's plans.

Inspiration for the affair came from a 12 year old Nutley girl, Marjorie Simmons, and her companions. Nutley's Mayor Charles

Sherwood will address the crowd and USO and Red Cross representatives will be present. Those who contemplate going may do well to remember that items for soldier's and sailor's Christmas packages should be unbreakable and non-perishable. Anything from toothpaste to cigarettes will be acceptable.

Jacqueline Snedeker '44, daughter of Mrs. Anne A. Snedeker of Washington avenue. The dean list, new this year at N. J. C., requires of seniors a higher scholastic average than the undergraduate honors it replaces, and cancels a former "Group 1" rating.

"I'M THE HEAD OF THE HOUSE NOW!"

"My father's fighting . . . Are you working?"

WOMEN OF NORTH JERSEY:

Fighting fathers and sons need your help now MORE than ever! Up to YOU to help end local war job crisis and shorten war. Read why and how . . .

QUESTION: Am I really needed?

ANSWER: Yes. This town is NOW 30 days behind war production schedules needed to beat Germans and Japs. Not enough men left for war work. Apply today.

QUESTION: What is a "War Job"?

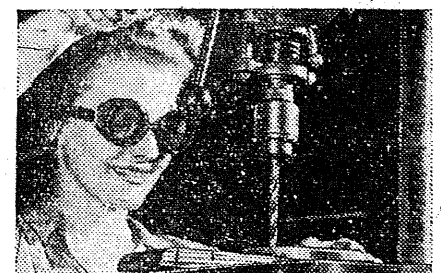

ANSWER: First—a job in a war plant. Second—a job in an essential service: such as department stores, hotels, restaurants, communications, transportation, etc.

QUESTION: If I took a war job, wouldn't my husband be drafted sooner?

ANSWER: NO! NO! NO! It won't affect your husband's position in the draft in any way.

QUESTION: Could I work part-time?

ANSWER: There are many part-time jobs. Inquire today. See address at right.

QUESTION: I've never worked in a factory. Will I be able to do the work?

ANSWER: Don't worry about that. There is just the job for you. A simple job, like pulling cord through holes, or drawing a line along a ruler. Or, more difficult jobs, for which you will get special training, if you like. Your job is waiting for you. So apply today.

QUESTION: How much will I earn?

ANSWER: Every job pays well. Some more than others. Each has a scale of wages. You begin at learner's pay. Increases are rapid. Even if you don't need the money, use it for War Bonds.

QUESTION: Who will run my home if I take a war job?

ANSWER: Millions of other women have reorganized their homes to be able to do their part in war work. Surely you're not less able than they? And even part-time will help!

QUESTION: Would my work be important?

ANSWER: There is NO job in wartime that is not important.

QUESTION: Where is the nearest War Job Headquarters?

BELLEVILLE:

136 Washington Ave.

(near Belleville Ave.)

Or call at your local United States Employment Office

HELP BUY A BOMBER!

During the Third War Loan Campaign

YOU can help buy a big bomber by purchasing United States War Bonds through Public Service employees, during our "BUY A BOMBER" WAR BOND CAMPAIGN—September 9 to October 6. The money invested in these bonds will pay for a giant four engined bomber!

* "NAME THE BOMBER" PRIZE CONTEST *

All of you who help to buy a bomber, through the purchase of War Bonds from Public Service, are eligible to enter our "NAME THE BOMBER" Prize Contest. Prizes of War Bonds—in the denominations of \$100.-\$50.-\$25.—will be awarded to winners for the best names suggested as selected by judges. Buy a War Bond at any Public Service office, or from a Public Service employee—and get your entry blank for contest.
