

Frank Neary Dies At 55, Former Commissioner

Was Deputy Revenue Chief; Battled John J. Daly For Democratic Lead

Frank A. Neary of 15 Hewitt place, a prominent political figure in Belleville for more than a score of years, died Monday morning after an illness of a month. He was 55.

Born in New York City, he moved to Belleville about fifty years ago and lived here the rest of his life with the exception of a brief period in Newark a few years ago.

Before World War I he became the town's tax assessor, a position which was interrupted when he went overseas with the 20th Army Engineers.

After his return to Belleville he became active in political circles and served as director of public works from 1922 to 1926. In 1930 he became Democratic town chairman following a long verbal battle with the late John J. Daly.

In 1934 he went to work for the Internal Revenue department and at the time of his death was the chief collector of the Jersey City Office.

For many years he was secretary of the local Elks and also belonged to the Knights of Columbus and St. Peter's church Holy Name society here and Good fellowship post of the American Legion, Newark.

Leaves Many

He leaves his wife, Mrs. Louise Eishfield Neary; a son, S/Sgt. Eugene W. Neary who recently returned from active duty in Guadalcanal and who is now stationed at San Diego; and a daughter, Miss Patricia A. Neary, at home.

He also leaves two stepsons, James A. Manning, seaman 2/c at Toledo, O., and Pvt. Joseph F. Manning at Camp Grant, Rockford, Ill., and a stepdaughter, the former Miss Doris Manning whose husband, Cpl. Andrew F. Monaghan, is in England.

Surviving also are a brother, William Neary of 35 Hornblower avenue, and three sisters, Mrs. Chester Bessner of Westhampton, Conn., Mrs. Charles Robinson of 69 Preston street and Mrs. Walter Fried of the Hornblower avenue address.

A solemn high mass of requiem will be offered this morning at 9 in St. Peter's church and interment will be in the church cemetery.

A delegation of 300 internal revenue employees will attend the funeral this morning. They will include Collector Manning and six area chiefs will act as pallbearers. The board of commissioners is also expected to attend.

Ex-Panzer Basketball Luminary To Teach Physical Education

Herman D. Knuppel, Panzer college's great and towering basketball center of a decade ago, will come to Belleville high school as a physical education instructor next year.

The school board Monday night voted unanimously to hire him at an annual salary of \$2,200, slightly more than he has been receiving at the Glenfield junior high school in Montclair.

Knuppel has been rejected for military service because of his massive six foot 7 1/2 inch frame. He graduated from Panzer in 1934, attended George Washington university and is now studying for his master's degree at Montclair state teachers college.

Also approved Monday were the resignations of Mrs. Sylvester P. Dennison of Union avenue and Mrs. Sadie C. Dante of Newark and a leave of absence (until September 1945) for Mrs. Harold Morgan of Newark. All are elementary teachers.

ELECTION NOTICE

A PRIMARY ELECTION will be held May 16th, 1944.

COUNTY COMMITTEE PETITIONS, REGISTRATIONS AND TRANSFERS will be received no later than April 6th, at 9:00 P.M.

Townpeople may register or transfer at the office of the Town Clerk in the Town Hall, Washington Avenue and Belleville Avenue between the hours of 9:00 A.M. and 4:00 P.M. each day except Saturday when the hours are 9:00 A.M. to 12 Noon, or Tuesday evening March 28th from 7:00 to 9:00 P.M.

Persons who have not already permanently registered but who have lived within the State of New Jersey one year, in the County of Essex five months and are twenty-one years of age, are eligible to register.

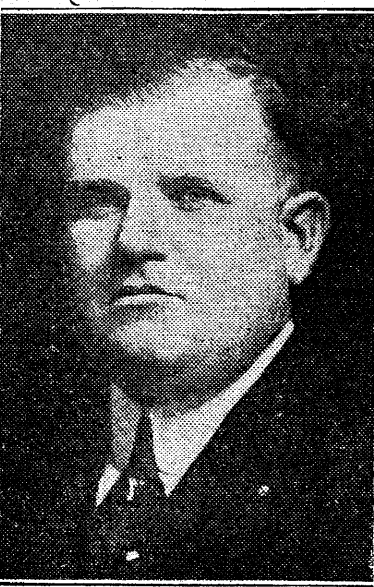

Absolutely no transfer will be made on Election Day, it is therefore necessary that all persons who have changed their address, sign the required transfer card.

Last day to file County Committee Petitions or to register or transfer, is April 6th, at 9:00 P.M.

TO CANVASS TOWN IN SOLDIER VOTE

Civilian Defense Personnel To Begin Census April 1; Registration Follows

The entire personnel of the civilian defense organization in Belleville will begin a canvass of the entire town April 1 to obtain information that will permit the forwarding of absentee ballots to the men and women in the armed services.

The census will be made by means of a house-to-house canvass by the air raid wardens, police and fire reserves, ambulance corps, first aiders and other branches of the defense council.

In announcing the canvass yesterday, defense coordinator Brunner said that a registration period would follow to care for those whose homes were missed. It is expected that the registration will be held in the schools.

Governor Edge has assigned the task of making the canvass to the civilian defense organization and has stressed the importance of the undertaking.

He has also urged public cooperation to the end that every man or woman in the armed services will be given the opportunity to cast a ballot, if legally entitled to do so.

Two Sets Of Cards

The civilian defense canvassers will carry two sets of cards as they make their rounds. One card is printed in black and on this will be obtained the information necessary for sending the ballots.

The other card is printed in red and will be left with the householder who has a member in the service. If there is any change in the serviceman's address after the canvass has been made the householder will then send the red-printed card, with the changed address to the adjutant general's office in Trenton.

The canvassers are instructed to ask only for the information on the card and they are warned against entering into any political discussions or discussing the legal rights of voters.

They are also instructed that they are to obtain the information on the cards whether the person in the service is of legal voting age or not. And they are advised that they shall not be concerned with the legal rights or responsibilities of the voters.

Local Magician

Count Artell, magician, of 30 Mt. Prospect avenue was among the performers in Tuesday evening's Carnival of Stars at the Mosque theatre, Newark, a benefit performance for the Red Cross. He was assisted by Anne Lorey (Mrs. Artell).

RED CROSS DRIVE REACHES \$18,000 WITH WEEK TO GO

Roller Skating Party Heads Events; Woman's Club, Theater To Help

Contributions to the 1944 Red Cross War Fund totalling \$18,000 were reported last night by Elmer S. Hyde, chairman of the campaign which is seeking \$41,500 by the end of the month.

The industrial section has reported more than \$10,000 of that amount and the house-to-house division has reached a point nearly half that figure. Special gifts have amounted to \$1,300.

Meanwhile tonight's roller skating party at the Riviera Park rink, 701 Washington avenue, is occupying the center of the stage. The skating public of Belleville has been invited to attend the affair, which will feature a number of fancy skaters.

The Red Cross will also benefit from a lecture April 18 under the sponsorship of the Woman's club. Addressing the audience will be Mrs. Frank Koch, noted author and lecturer and refugee from Germany.

Red Cross week at the Capitol theater began last night and will continue to the end of the month. That movement, under the local direction of manager David Beeher, is part of the effort of the motion picture industry to raise \$10,000,000 for the cause.

Gilbert Wright, chairman of the industrial division, reported seven firms which had received the Red Cross banner of 100 percent management-employee participation in the campaign.

They are Hanlon & Goodman, Bart Laboratories, Lloyd Engineering, Clark & Hammer, First National Bank, National Grain Yeast and Heyer Products.

He also revealed that Belleville share in the \$66,000 which the Federal shipbuilding company of Kearny has set aside for distribution to 22 North Jersey Red Cross chapters.

Hyde Statement

Calling attention to the last week of the campaign, Hyde last night issued a statement calling on all residents of Belleville who have not yet contributed to the Red Cross to "ask yourself . . . if it is not possible to deprive yourself of something so as to give."

He pointed out "the wonderful work the Red Cross is doing for our boys here and overseas" and declared that frequently the lives of prisoners of war have been saved through Red Cross aid.

"A contribution to this fund is not a levy, it is all voluntary," he said, "and we trust that those who have not been contacted or have not contributed, will send a contribution . . ."

"Every cent raised is used for the alleviation of suffering. No commissions, salaries or other compensation is paid to our volunteers raising the fund."

"To carry on properly the wonderful work being done by the Red Cross, it will require \$200,000,000 for 1944. To this amount the United States government makes no financial contribution whatsoever."

"Let Belleville show its patriotism by making its contribution unanimous. Let each one do his part. We know that many people have given until it hurts. 'Ask yourself the question if it is not possible to deprive yourself of something so as to give to the Red Cross — that is the real test — and then contribute.'"

Broken Pipe Epidemic

An epidemic of corroded and broken pipes has caused considerable trouble in Silver Lake, Passaic and Franklin avenue schools, school board business manager Daniels reported Monday. He blamed faulty construction rather than inferior grades of pipe, now ten years old.

Mayor To Speak

Mayor Williams will speak on "How Local Government Functions" at the youth and government conference at Princeton university Saturday. The meeting will also hear Dr. Charles R. Erdman Jr., mayor of Princeton.

Turnaway At PBA

More than 500 persons attended the annual dance of the Patrolmen's Benevolent association at the Veterans' Hall Saturday night. It is understood that many prospective dancers had to be turned away.

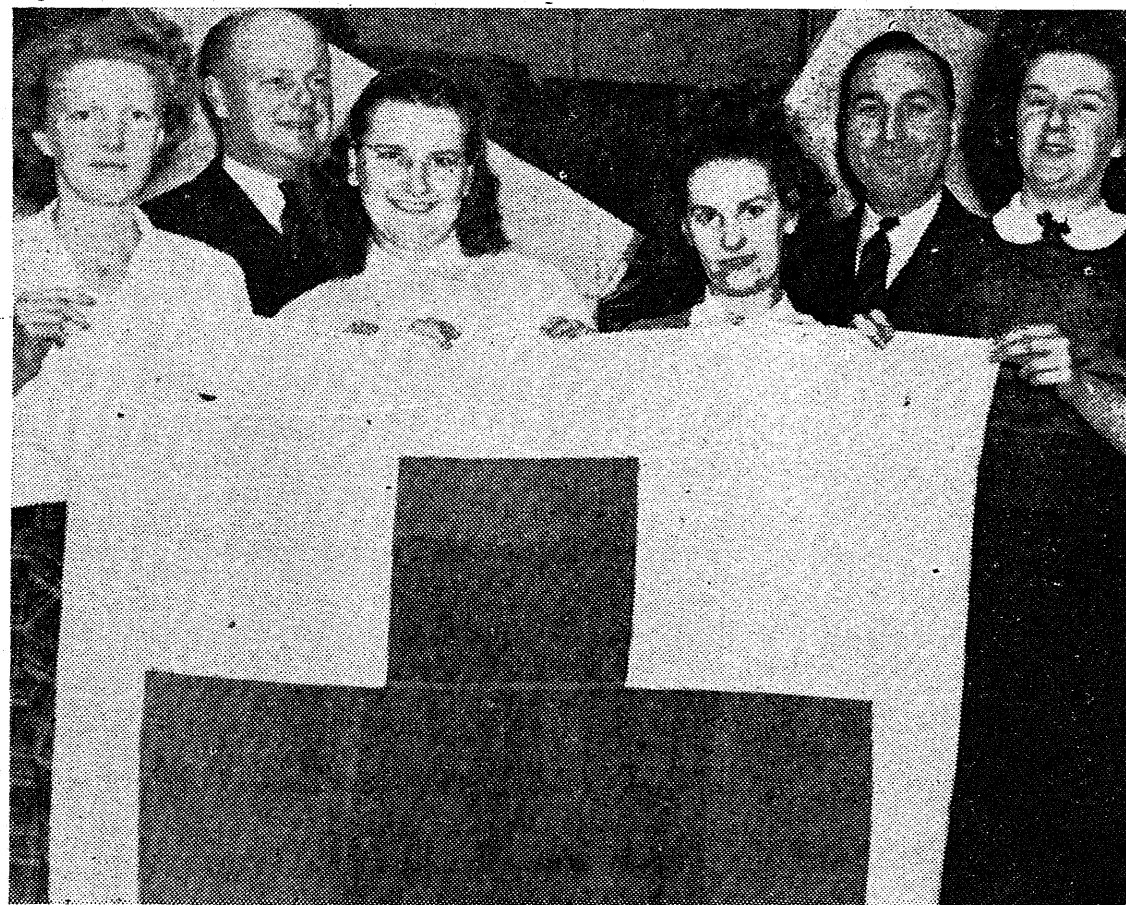

Boy Scouts Honored

Four Boy Scouts were awarded star scout certificates last night at a court of honor at Union avenue school. They are James Charlton of troop 350, William Gilliland, Samuel Amoscatte and William Cartwright, all of troop 338.

Clark And Hammer Receives Red Cross Flag

PROUDLY DISPLAYING the Red Cross achievement flag which they and their fellow-workers won are employees of Clark & Hammer company of 85 Academy street. The banner was awarded last week to the company when it reached its goal of 100 percent employee participation in the 1944 Red Cross War Fund, which is seeking \$41,500 by the end of the month. Left to right are Miss Eileen Schenck, W. Douglas Clark, Miss Frances Borowski, Miss Ann Bean, B. Thomas Aitken and Miss Helen Shanahan. (Times photo.)

Planning Board Essential, Speakers Tell Rotarians

Must Provide For Postwar Expansion, Public Good, Say Montclairians

The need of a municipal planning commission to plot the future course and expansion of a community was stressed yesterday at the Rotary meeting by two speakers who are the leaders of such a board in Montclair.

George Strong, president of the Montclair board, and Lloyd Berrall, town planner, discussed the problem at the luncheon, which was attended by Commissioners King, Mertz and Waters, Commissioner Noll has a previous engagement and Mayor Williams was in Trenton.

Strong spoke on the legal and inaugural efforts of the commission and paraphrased the late Senator Morrow: "It costs more in the long run not to plan that it does to plan."

He mentioned as a typical problem solved in Montclair "the conversion of old homes which have lost their economic usefulness into multiple family dwellings."

His board's solution has 99 percent approval he declared. Political bias has no place on a planning board, he stated. The purpose of such an organization is "to give the citizens the kind of town in which they want to live."

Outside experts are not much needed, Strong averred, because "the people who live here know more about their town than any outside expert" who should be called only when needed.

Costs Little

Town planning costs Montclair about \$7,500 a year, the principal costs being the salaries of the town planner and secretary and the occasional hiring of experts.

Berrall pointed out that the prime purpose of a planning board is the preparation and development of a master plan for a community, "not for a matter of weeks or months, but for years ahead."

Aspects to be considered include recreation, safety, light and air, distribution of population, wise expenditure of public funds" and transportation.

Some of the surveys which the Montclair board has taken in its 14 years of existence have been a 1) population study (its distribution, employment, racial composition and trends);

2) Traffic and transportation, which includes the development of roads to relieve traffic on Bloomfield avenue, the town's main artery; a study of traffic flow and its peak times; parking in the business district ("Prosperity of merchants depends on the ability of the people to get in and out of the district easily and to park while there.");

3) Parks and recreational facilities ("They must be situated where they will be available for the use of the people");

4) A 10-year plan for capital expenditures, a program disrupted by the war but the remainder of which forms the perfect post-war planning program.

Both speakers stressed the need of a county planning board to coordinate the work of the municipal bodies, a thought also expressed by Commissioner King who admitted that "we must get our own in operation before we can operate with the county."

"It is agreed that Belleville has lacked town planning in the past," declared Harry G. Specht of Eastwood-Nealley corporation. "We have many dead-end streets and many undeveloped areas which must be cared for."

GUILTY IN CHASE, PAYS \$118 FINE

Newark Youth Also Faces Stolen Auto Charge; Nabbed After Escape

After pleading guilty to charges of reckless and licenseless driving and paying the resultant \$118 in fines and costs, Thomas Washington, 18, of Newark had nothing else to worry him except a stolen car charge facing him in his home city.

Washington was fined last week before Recorder Smith after he had heard the story of Patrolman Ugliarolo who was the pursuer in the wild chase through Silver Lake February 9.

After Washington's car had piled upon a street sign in Bloomfield, the Newark youth escaped but was arrested later in Newark City hospital where he went to be treated for injuries.

Newark police have charged Washington with stealing the car from Central avenue the day of the chase. When the auto was finally stopped there was another youth and two girls in it.

Louis Wells and Jerry Thomas of Newark paid \$23 each after being found guilty of speeding at 63 miles an hour on Main street. Once again it was Ugliarolo who made the arrest.

Wells told Judge Smith his speedometer is permanently stuck — at 60 miles an hour — he did not know how fast he was going. Wells and Thomas were driving different cars.

He Just Couldn't Stay Out

Feeney Drove Ambulance Overseas; Childhood Injury Forces Discharge

Discharged from the American Field Service after driving an ambulance in Africa and Italy for eight months, Charles F. Feeney, son of Mr. and Mrs. John A. Feeney of 24 Prospect street, arrived home last week.

Classified 4-F because of an injured ankle, hurt when he was a youngster, Feeney refused to be kept out of service. "I had to join something," he said.

He volunteered in September for the field service and within a couple of weeks was on his way overseas. His convoy was the first one in the Mediterranean after "mare nostrum" was opened up following the fall of Italy.

In the middle of the trip to Africa his ship was hit when it was attacked by Nazi planes. The Germans used the "new glider bombs" and they were "pretty accurate."

After working in Africa for sometime he was transferred to Taranto, Italy, and his ship suffered a torpedo hit in the crossing. It made port but not until after it had sunk the sub.

With Fifth Army He was attached to the Fifth Army and advanced with it as far as its famous crossing of the Volturno river. There his old injury hit him again and he was hospitalized back to Cairo.

He said that there are at least two other Belleville youths serving in the AFPS: Ted Close, son of Rev. Dr. and Mrs. O. Bell

Close of Fewsmith Presbyterian church, and D. D. Kyle, son of Mr. and Mrs. Gordon R. Kyle of 183 Joraleman street.

Feeney was manager of the Bellboy cagers in 1939, his senior year at the high school. He attended Cumberland university and then served his apprenticeship with an Elizabeth undertaker. He now hopes to complete his schooling and obtain his license.

To Hear Ration Violators

Twenty Bellevillites charged with exceeding the speed limit in various parts of the state face loss of their ration books when they appear before the gasoline panel of the ration board during the next two Tuesday evenings.

Postal Rates Up

Postal rates for local mail will be raised from two to three cents effective Sunday. Postmaster Price warned yesterday. The rate for out-of-town first-class mail will remain at three cents.

No Clearman Field

The town recreation department probably will not be permitted to use Clearman field for its summer program the school board indicated Monday night. The athletic council will be called next week to decide on the application.

Bail Tippy Driver

John L. Dooley, 37, of Bloomfield was released in \$250 bail Saturday after his arrest by Patrolman Ugliarolo on a drunken driving charge. Pronounced unfit to drive by town physicians Meehan and Caputo, he will stand trial March 30.

FRANCIS MCENERY KILLED IN RAID

Vaccaro Reported Missing In North Atlantic Convoy; Spinning Torpedoed

Missing since a raid over Germany January 4, S/Sgt. Francis C. McEnery formerly of 34 Fairway avenue was reported by the International Red Cross Friday as killed in action.

Twenty-three-year-old Sgt. McEnery was a heavy bomber flight engineer and gunner and had been stationed in England since November. He was lost on his fourth mission over the continent.

Born in Belleville, he graduated from St. Peter's parochial school here and attended Immaculate Conception high school, Montclair. He worked for the Erie railroad prior to his induction 16 months before.

Miami Beach's air corps replacement training center was his first post and was followed by a flexible gunnery course at Las Vegas, Nev., and a tour of duty at Scott Field, Ill.

He leaves his mother, Mrs. Henry McEnery who now lives in Bloomfield; three brothers, Sgt. Thomas McEnery at Fort Dix, Pvt. Henry McEnery Jr. at Camp Upton and Joseph McEnery at home.

He is also survived by four sisters: Mrs. Michael Curley of Livingston and the Misses Catherine, Margaret and Mary at home.

Vaccaro Missing Gus Frank Vaccaro, Navy coxswain, has been missing in the North Atlantic area since some time in February, according to a telegram received last week by his parents, Mr. and Mrs. Natale Vaccaro of 172 Holmes street.

The 21-year-old bluejacket sailed in mid-February on a destroyer escort on convoy duty. It was his fourth trip abroad, the others having been to Puerto Rico, England and the Mediterranean.

Young Vaccaro left Belleville high school in his senior year to enlist in the Navy 15 months ago. He made sporadic visits home between Thanksgiving and February 20 of this year while he was waiting for his new sailing orders.

Spinning Injured Walter L. Spinning, seaman 1/c, son of Mrs. Irene Spinning of 24 Agnes street was hospitalized for a period recently after his ship was torpedoed in the North Atlantic March 10.

His sister Mrs. James Poole of 576 Union avenue, said yesterday his family received a cable from him Tuesday night stating that he had "gotten his feet wet" and had just been released from the hospital.

A former student at the high school, he was employed with the Crucible steel corporation in Harrison prior to his entry into the Navy 14 months ago. He was a member of a gun crew on a destroyer escort.

FEW VIOLATIONS OF OPA CEILINGS

Canvassers Survey Stores, Find 6c Butter Overcharge And Posting Infractions

Failure to post ceiling prices in a prominent place and small overcharges on the price of butter were the only violations of OPA regulations uncovered last week by a survey of the town's food retailers by canvassers of the price panel of the ration board.

Seven volunteer workers and two paid employees of the board visited 96 retail stores in all sections of the town between Monday and Friday last week. They were directed by Charles H. Leissler Jr. of Nutley, chairman of the panel.

The comparison of OPA ceiling prices with those advertised by the storekeepers was part of the national check-up to attempt to curb the black market.

OPA regulations require that ceiling prices be displayed in a prominent spot in the store. Storekeepers without such listings were told to obtain them at the ration board headquarters, 444 Washington avenue.

Butter Overcharge The highest overcharge on butter was six cents a pound. It is not known whether or not any charges will be preferred against the guilty storekeepers on the basis of the finding of the survey.

Stores where violations were uncovered by the canvassers will be rechecked some time in April, Leissler said, adding that shopkeepers in all parts of the town were cooperative and assisted the workers readily.

Assisting in the survey were Frank Tortorello, Mrs. Charles Thompson Jr., Mrs. C. P. Hanson, Mrs. Philip Drentlau, Mrs. R. L. Robinson, Mrs. Mary Coronato, Mrs. Rose Wittish, Mrs. Thomas McNair and Mrs. George Kimber.

Elementary Schools To Be Included; Denied Use Of Clearman Field

The Patrolmen's Benevolent association will sponsor a junior baseball league during the summer months, providing equipment, coaching and supervision for an estimated 250 youngsters' elementary school age.

This was revealed Monday night when Police Captain Spatz and Patrolman D. appeared at the meeting of the board of education requesting that body's cooperation in project and asking for the use of Clearman field.

They received an affirmative response to the first request, a very definite "no" to the second. The board will assist whenever it can but intends to keep Clearman field for the exclusive use of the high school football team.

The cooperation asked of the board was permission to form a team in each grammar school. Peter's will be included) to under the name of the school.

Also requested was a list of each principal of the names of boys interested in that sport. Boys will be eligible until the of the summer after they complete the eighth grade.

Spatz made it clear that to be a hardball league. "The tried softball," he declared, "they're tired of it." The team will be coached and the supervised by policemen.

Foster Interest The purpose of the league is to foster baseball interest in the town, to provide recreation and entertainment for who would ordinarily go away the summer and to provide a closer bond between the town and Belleville youth.

Little difficulty in the discussion was encountered until the request was made for the use of Clearman field. "We're going to use the municipal stadium for high school games," board president Schmutz replied, "why do you?"

He said he spoke as a member of the athletic council and not the board of education which declared that "the council has aside Clearman field for school football."

Many objections have been raised in the past regarding condition of the turf at Clearman, from which "tons of stone" have been removed, he said. "We have the turf, he declared.

"We played baseball there nights a week from 1929 to 1936," Dunn retorted, "and turf was in better shape then it is now." He said Clearman preferable to the stadium because it is more centrally located.

Remove Diamond "Your excuse for not using stadium is very, very lame," Schmutz replied. Board president Daniels pointed out that baseball diamonds have been moved from the field.

Dunn said that the police program will improve baseball in high school: "When a kid gets high school he can't pick the person he wants to play because hasn't been trained before getting to high school."

"We're training our boys," snapped Schmutz. "We've coaches down there who are perfectly capable of training boys."

"It's not easy for us to sit and not permit any activity on that field," he said, "but there are plenty of playing fields in town."

Suicide Attempt Frustrated When Neighbor Smells Gas Mrs. Eleanor Schmidt, who resides in the second-floor apartment at 21 Barclay avenue, was saved from what police termed an attempted suicide early Monday morning when her downstairs neighbor smelled gas.

Mrs. Elsie Sicoli called the police, who broke down the door to the Schmidt apartment and found the 18-year-old girl lying in her bed with the jets of gas range all turned on.

She had left a note for her husband, William Schmidt, who has been living in Newark. He did not disclose the contents of the intended farewell letter.

Patrolman Hilton and Fireman Cafone applied artificial respiration and the town inhalator and she was then ordered to Mary's hospital, Passaic, by Dr. Anthony R. Caputo.

It was said at the hospital last night that she is expected to recover. No explanation of the suicide attempt has been made although it is understood she and her husband have had marital difficulties.

War Casualties On Italian Battlefields

CASUALTIES OF WAR are these three Bellevillites whose families were notified last week by the War department: Bocchino, son of Mr. and Mrs. Anthony Bocchino of 15 Frederick, is missing; Ruvo, whose home is at 35 Belmont avenue, has been wounded; Dobbins, also missing, is the son of Mrs. Edna Dobbins of 98 Belmont street. All casualties were suffered on the Italian front in late January and early February. Bocchino's brother, Pvt. Anthony Bocchino Jr., is a German prisoner of war.

Meets Buddy

Ensign James J. Kennedy Jr.

When two Navy ensigns boarded a train at the Newark Market street station one night last week they found they were to be berthed in the same compartment. But they also found other coincidences: Although they were students at the same time at the Merchant Marine academy at King's Point, L. I., they never met at the school. They were on their way to the same type of service at San Francisco. And that as boys they had lived across the street from each other in Belleville.

The two young officers are Ensign James J. Kennedy Jr. of 53 DeWitt avenue and Ensign William Donahue, now living in Bloomfield.

Kennedy is a graduate of St. Peter's parochial school and Good Counsel high school Newark. At the marine academy he was donorator (vice president) of the Tin Fish club, an organization of the cadets who had served on merchant ships that had been torpedoed.

He was a cadet on sea duty when his ship was torpedoed in the South Atlantic last year. He commanded a lifeboat until the survivors were picked up an hour later.

He has two brothers in the Army: Sgt. William H. Kennedy with the air corps in Augusta, Ga., and Cpl. John F. Kennedy with the coast artillery in Hawaii.

Promoted

Sgt. Seymour J. Glynn

Now stationed at Cherry Point, N.C., Sgt. Seymour Joseph Glynn was promoted March 8 from the grade of corporal in the Marine corps. He is the son of Mr. and Mrs. Abe Glynn of 12 Overlook avenue.

Sgt. Glynn, now 19, was a sophomore student at the University of New Hampshire when he entered the Marines in June 1943. He was graduated from Belleville high school the previous June. Sgt. Glynn was taking the accelerated course at the University of New Hampshire where he studied meteorology. He received his first military training at Parais Island and Camp Lejeune, N. C.

He is the brother of 1st Lt. Robert Glynn who recently arrived in North Africa. An interne in Beth Israel hospital when he entered the army last July, Lt. Glynn received his degree of doctor of medicine at the University of St. Louis. He also was graduated from Belleville high school.

Lt. Glynn was married in December 1942 to the former Miss Ethel Nash of Newark. Young Mrs. Glynn, who lives with her parents, is employed by the State board of children's guardians in Trenton.

Bluejacket Theodore J. Rodriguez

Bluejacket Theodore J. Rodriguez, son of 310 Washington avenue, has returned to the Naval training station at Sampson, N. Y., after a brief leave following completion of boot training.

Army pilot and 2nd Lt. J. Darrell Zink, son of the State Comptroller and Mrs. Homer C. Zink of 26 Rossmore place, will report this weekend to Lochbourne Field, Columbus, O., where he will undergo special training to become a Flying Fortress pilot.

Bluejacket Walter Antonik, aviation ordnanceman 3/c, has been spending a ten-day leave with his parents, Mr. and Mrs. John Antonik of 133 Ralph street. Weaner of the American theater campaign bar and the submarine patrol ribbon, he has been a member of a combat air crew and reported this week to his new station at Chincoteague, Va.

After graduating from the high school in 1942, he was employed with the Wolfert sheetmetal company. He has two brothers in service: Army Lt. John C. Antonik stationed at Rapid City, S. D., following air service in Europe, and Navy Lt. Bronislaw P. Antonik, somewhere in the Pacific.

Sunday will mark an end to a ten-day leave for 2nd Lt. Wilbur Breen, son of Mr. and Mrs. Martin Breen of 83 Tappan avenue, and he will return to an undisclosed base.

He is an Army heavy bomber pilot and has been stationed at Sioux City, Ia. A 1938 graduate of the high school, he worked with the Prudential insurance company before entering the Army 15 months ago.

Sgt. Robert Finan, son of Mrs. Margaret Finan of 66 Wallace street has reported back to Drew Field, Tampa, Fla., for additional training as an aerial gunner and flight engineer.

He recently won his gunner's wings and is now a waist gunner on a B-17 Flying Fortress. A 1941 graduate of the high school, he was employed with the Prudential insurance company prior to his entry into service a year ago.

Charles H. Gattfield

Charles H. Gattfield of Newark, father of Mrs. Anthony Gross of 283 Stephens street, died Monday at 67 after an illness of three years. He has been employed by the Newark board of education for more than a quarter of a century.

A requiem mass will be offered tomorrow morning at 9:30 in Sacred Heart Catholic church, Newark, and interment will be in Holy Sepulchre cemetery.

William G. Zimmermann

William G. Zimmermann of Union township, brother of Joseph J. Zimmermann of 274 Ralph street, died last week at Alexian Brothers hospital, Elizabeth, at the age of 60.

Born in Newark, he moved 21 years ago to Union. He was a member of the Masons and of the Tall Cedars of Lebanon. Interment Saturday afternoon was in Woodland cemetery, Newark.

Hours: Mon., Wed., & Fri.: 9 A.M. to 8 P.M. And By Appointment

Those boxes you see our boys carrying at the front lines—food, medicine, and ammunition—are made of paper board and corrugated paper. They have to take all the shocks and strains of shipment to the earth's far corners. The raw material for that heavy paper is dangerously scarce. Our troops need waste paper of all sorts. But they desperately need corrugated paper, paper board, and brown paper bags and wrappings.

Never throw any waste paper away. Never burn waste paper, and especially save heavy paper. It's all as important as powder in this war. So save it!

Miss Johanna L. Cousins Dies, Had Lived Here 50 Years

Miss Johanna L. Cousins of 116 Hornblower avenue, a resident of Belleville since 1893, died Sunday afternoon in St. Barnabas' hospital, Newark, after a brief illness. She was born in New York city, the daughter of the late Samuel and Catherine O'Connor Cousins.

She was a charter member of Court Maria 61, Catholic Daughters of America, and also belonged to the Doane Branch 160, Ladies' Catholic Benevolent association, and to the Rosary society and Social society of St. Peter's Catholic church.

A solemn mass of requiem was offered in St. Peter's church yesterday morning and interment was in the church cemetery.

Mrs. Annie Romondt Budd

Funeral services were conducted Monday afternoon for Mrs. Annie Romondt Budd of 112 Tappan avenue and interment was made in Reformed Church cemetery, Pompton Plains.

Mrs. Budd was born in Pompton Plains 68 years ago. A resident of Belleville for 26 years she formerly lived at 169 DeWitt avenue. She was the widow of Benjamin K. Budd.

Her home for the past two years was with her son-in-law and daughter, Mr. and Mrs. John P. Beams of the Tappan avenue address.

Mrs. Budd died Thursday in St. Barnabas' hospital, Newark after a long illness. She is survived by another daughter, Mrs. Frank C. Gooch of Riverside, Conn.; two sons, James R. Budd of 168 DeWitt avenue and submarine Commander Romondt Budd of New London, Conn. There are three grandchildren.

Services were conducted in the Irving funeral home by Rev. Wesley M. Compton.

Flanagan-Gorman Nuptials At St. Peter's Church

Miss Bernadette Ann Gorman, daughter of Gordon P. Gorman of Bloomfield and the late Mrs. Gorman, and Cpl. Technician Richard J. Flanagan, son of Mrs. Richard Flanagan of 26 DeWitt avenue and the late Richard Flanagan, were married Saturday morning in St. Peter's church.

Rev. Joseph M. Kelly performed the ceremony and a reception was held in the Essex House, Newark. Miss Jean Flanagan, sister of the bridegroom, and Ensign Edward Matt, USN, also of Belleville, attended the couple. Miss Gorman was escorted by her father.

The bride was graduated from Bloomfield high school in 1939 and has been employed as a receptionist by Walter Kidde Company, Inc. here. She made her home during the past year with an aunt, Mrs. Henry Waters of 80 Malone avenue.

Cpl. Flanagan, a Belleville high school graduate, was also with the Kidde plant before his entrance into the Army signal corps 15 months ago. The couple left here Monday evening for San Luis Obispo, Cal., where Cpl. Flanagan is stationed. He spent a seven day furlough here.

Weds Lieutenant

Mrs. Seymour Taffet

Mr. and Mrs. Julius Rothblatt of 70 East 96th street, New York City, announce the marriage of their daughter, Hilda Flexner Rothblatt, to 1st Lt. Seymour Taffet, Army medical corps son of Mr. and Mrs. Frank Taffet of 379 Union avenue, on Sunday.

The ceremony was performed by Rabbi Schwartz at the home of the bridegroom's parents. The bride is a recent graduate of the University of Michigan. The bridegroom, who is now stationed at Lawson general hospital, Atlanta, Ga., graduated from the University of Michigan medical school. Lt. and Mrs. Taffet will reside in Atlanta.

Tabulation Incomplete
Results of last week's registration for child care have not yet been tabulated, chairman Wayne R. Parmer said yesterday. They will be reported to the committee at an early meeting, he said.

Virginia Ackerman In Florida To Wed Robert Breen

The wedding of Miss Virginia Ackerman, daughter of Mr. and Mrs. Edward R. Ackerman of 191 Linden avenue, to Flight Officer Robert H. Breen, son of Mr. and Mrs. Paul W. Breen of 382 Stephens street, will take place early next week in Florida.

Breen, who graduated last week from the Army flying school at Jackson Field, Miss., arrived home Monday night to meet his fiancée and they left last night for Marianna, Fla., where he will enter gunnery school.

A 1941 alumna of Belleville high school, Miss Ackerman has been employed with the Congoleum Nairn company in Kearny. She has a brother in uniform, Edward R. Ackerman Jr., soundman 2/c, somewhere in the Pacific.

Her fiancé graduated from the high school a year earlier and also attended Newark college of engineering. He was employed with the John B. Graulich millwright, of Stephens street prior to enlisting in the Army 14 months ago.

Elks Auxiliary Sponsors Party For Crippled Children

Crippled kiddies will benefit by returns from the card party which will be given this evening by members of the Ladies Elks auxiliary in the Elks hall at 8:30.

Players and non-players will be welcomed and refreshments will be served. Mrs. Victor Anderson has acted as general chairman of arrangements for the affair.

Last week the auxiliary elected new officers. Miss Rose Gilmartin succeeded Mrs. Henry Charrier as president; Mrs. John Adams is the new vice-president; Mrs. Norman Lauterette, secretary, and Mrs. Minard Womelsdorf, treasurer.

Chaplain is Mrs. Fred W. Forster. Meetings coincide on the second and fourth Monday evenings of each month with those of the Elks lodge.

WHAT OF THEIR FUTURE?

A typical American boy and girl are pictured here—they may be yours or mine. What's ahead for them? Will they have the same opportunity for developing their ideas, ambitions, and dreams that we have had?

Let us not forget to protect for them those American institutions of Freedom of Speech, Freedom of Press, Freedom of Religion and Freedom of Enterprise that they may perpetuate the peace for which the Allied Nations are now struggling.

That they should have this blessing is paramount. That they should become men and women imbued with the American idea of life is essential to the existence of this nation as we know and love it.

Seniors Rehearse For Big Event

THE ABOVE CARTOON by Jack Goodford illustrates a scene from "Junior Miss," the comedy to be presented by the Senior Class March 30 and 31 in the school auditorium. Haskell Cummings (right) is played by Goodford while Judy, seated near him, will be Betty Strange. "Fluffy" Adams, who stands at the far left, is to be portrayed by Dorothy Webber, while Barlow Adams, who seems to be enjoying a vigorous sneeze, will be acted by Albert Knight.

SENIOR PLAYERS REHEARSE FOR MARCH 30-31

Will Give "Junior Miss" As Annual Presentation In BHS Auditorium

With time growing short, work on the 1944 senior play, "Junior Miss," is in full swing. As time grows shorter, rehearsals become longer. Last week's rehearsal continued to six o'clock and this week they have been lengthened a half hour.

An undertaking like the senior play is complicated and requires the work and time of many students and members of the faculty. Six units are working on the play; scenery, art, make-up, props, publicity and the cast. The scenery work, directed by Sheldon Henry, has been completed. Webster Diehl is leading the art workers, and Mrs. Josephine Hutchinsford is already considering make-up problems. Miss Blanche MacDonald is heading a group of students collecting props. John Gordon is head of the advertising and Miss Eleanor Rush is coaching the cast.

The play "Junior Miss" is a comedy depicting the antics of a 13 year old girl and how thoroughly she can upset her family and everyone connected with them. Betty Strange will play the part of the young girl who nearly causes her father, Joe Rue, to become one of the unemployed and in general comes close to ruining everyone's life.

On March 30 and 31 in the high school auditorium Betty Strange will become a thirteen-year-old but John Rue will be the father of two girls, the oldest being Lois (Betty Rae Brown), who is 16. Donald Rochlin will take on even more age and weight. Kay Schneider takes the part of his daughter.

Dorothy Webber is a juvenile of 13, too, as she portrays Fluffy Adams, an accomplice of Junior Miss. Buddy Speyer is a long lost returns home of Harry Graves who returns home. The addition of Frank Larkin to the cast as a boyfriend of Lois has decreased the vacancies to one.

Other members of the cast are Robert Pepple and Paul Deckenbach, friends of Lois; Jack Goodford, friend of Junior Miss, Al Knight as Barlow Adams, Sidney Helring as Joe the elevator boy and Gerry McKenna as Judy's mother.

Student Bowlers Defeat Faculty; To Meet Nutley Saturday

Five bowlers of the faculty, in spite of their greatest efforts, were sent ignominiously to defeat Thursday by the BHS boys' bowling team. Led by Robert Parker, who rolled a 346 two-game total, the faculty team recovered from the first game loss of 125 pins to a first game loss of 125 pins.

The boys' team was paced by Bill Ewald with a 189 high single for the match and a 339 series total. Only two games were rolled as several of the bowlers had early engagements elsewhere. The winning team garnered 1435 pins to the teachers' 1304.

The Bellboys will roll against the Nutley high keggers Saturday at 2 o'clock.

Friday found the bowling club come within 6 pins of winning the league bowling as usual. Team 4 took two games from team 3, retaining its hold on first place, while the losers dropped into last place.

Team 6 split two games with third place team 5 and remained in second place. Team 1 and 2 split a pair of games and remained in a tie for fourth position.

Music Students In Rehearsals For Spring Concert In May

Yes, it's coming! If anyone chances to hear queer noises coming from the music room, it will probably be the pupils from the music department, under the direction of Mrs. Alice Wagner, enthusiastically preparing for the annual Spring concert, which will be held on May 4. Students each year look forward to this occasion, for it gives them the opportunity to display their talents.

Mrs. Wagner has always begun preparation at least two months previous to concert time and has constantly indulged in tedious work with her students for that eventful evening. This year is no exception for there is a great deal of talent.

The high school orchestra, glee clubs, girls' choir, boys' choir, senior choir, soloists and accompanists are all working together to present the best music concert yet given at Belleville high school.

Bellevillians are eagerly awaiting the annual Spring concert, just as eagerly as Mrs. Wagner and her entire music organization.

Eight games have already been scheduled for the season, the first being played in the Belleville Municipal Stadium April 22 with St. Mary's of Rutherford.

Belleville's diamond acres are scheduled to meet the teams of several other schools including Jersey City's Snyder high. Home games are expected to begin at 4 o'clock.

We Have With Us Today—

Herman "Jitty" Wische
The coach of the Belleville high school basketball team and gym instructor for the past seven years, Wische, who is among the more prominent coaches of the state, in three years as head coach of basketball has compiled a magnificent record of 42 wins against 10 losses or a better than 80 per cent record.

Besides having a great record for his own teams "Jitty's" record of himself is one of great admiration. While graduating from Panzer and Upsala College he played football, basketball and track — excelling in all three of them.

After graduating from college he then began to play "pro" ball. He was one of the big guns on the Newark Bears football team and also played at basketball in that field.

Before coaching and instructing at Belleville, Wische was head coach of football at Panzer College and coach of track and basketball at Arts High. He was also assistant coach in basketball at South Side.

But that's enough for his past. This year Coach Wische has accumulated a 12-4 record. More this year than any other year does Wische deserve credit because his team was composed of four "green" players and one veteran. For the showing that that squad made much credit really belongs to the coach.

Next year Wische may have a coach's "dream team," if the war doesn't interfere with it. With four veterans returning and loads of promising substitutes, his boys might be able to bring back to Belleville High a state tournament win. Because they did so well this year, it's good advice to watch the Wischemen next year.

One more interesting thing in Wische's three year regime as basketball head coach is the fact that for each year one of his players had made the Essex County Team. The first year it was Bernie McManus, then Neal Finn, and now this year Vic Pasquariello was named as one of the players on the team.

When asked about the biggest win of his team this year, Wische replied, "The Paralysis Game in which Belleville eked out a 24-21 decision over Weequahic."

The Red Cross ... Always At Hand

American servicemen all over the world are benefiting by the American Red Cross. The Red Cross may be found in every corner of the earth. Your husband, father, son or sweetheart might be just one of the many millions that this fine organization has helped or will before this horrible war is over.

The Red Cross is an undying cause. You may indirectly be helping your loved ones in Europe and other fighting countries. Very often the Red Cross is the only link soldiers, sailors and marines have with their loved ones at home.

This organization takes care of our American boys in enemy prison camps. These boys receive packages filled with food, cigarettes, cards and other items that bring pleasure to all.

When you are approached for money for the Red Cross, dig in your pockets, and dig deep! That dollar might mean the difference between life or death for someone you love.

STUDENTS OFFER FRENCH PROGRAM

French Club Presents Two Operettas, Fine Dances In Novel Event

In a colorful assembly program presented to the school on Friday, the French club, under the faculty direction of Edward A. Stiff, offered a well-planned program of French dances and operettas.

Members of the club worked hard and long for this program and students of BHS enjoyed it immensely. Even those without knowledge of French understood all going on.

Betty Rae Brown acted as narrator and explained the dances and skits. The French costumes represented the clothes of different parts of France and are exact copies.

The first operetta was "Les Trois Tambours" (The Three Soldiers) and they were Melvin Gauss, Edward Guidak and Alfred Jennings. The princess was acted by Carole Crowther and the king was Ray La Moglia.

The second operetta was "Marion" played by Ada Goldstein. It was the humorous story of a dancer, Al Citterella portrayed "Marion" and Carmen Prezioso was the miller.

The five dances were dances from all over France. The first was "Marchoise" and the dancers were Jean Gaudioso, Bernice Van Sickle, Doris Dickenson, Elizabeth Forgiore, Mary McCall, Joan Carmie, Alyce Essayan and Mary Jane Failing.

The audience enjoyed the flirtatious dance called "Covorie" and it was superbly done by Lucia Pitrelli and Carmen Prezioso.

"Jean Petit" was next on the program. It was more like a game. Participants were Joan Carmie, Alyce Essayan, Jean Gaudioso, Mary Jane Failing, Claire Martine, Elizabeth Forgiore, Lucia Pitrelli, Ada Goldstein, Violet Rizzolo, William Ewald, Dick Crosby, and Ciriacio Maffia.

The next dance was "L'Entralissade" danced by Joan Carmie, Jean Gaudioso, Alyce Essayan, Mary McCall, Violet Rizzolo, Joan Carmie, Jean Gaudioso, Mary Jane Failing, and Alyce Essayan.

The program ended with the "Farandale". This was difficult, but was well done by Bernice Van Sickle, Doris Dickenson, Mary McCall, Violet Rizzolo, Joan Carmie, Jean Gaudioso, Mary Jane Failing, and Alyce Essayan.

The chorus consisted of French students who sang during the two operettas. They were Nancy Gardner, Mae Millward, Lois Burdington, Suzanne Serler, Catherine Pompano, Janice Whetstone, Gloria Jannorone, Anita Sabilla, Vilma Del Priore, Viola Skribner, Mary Marthier, Marguerite O'Brien, Josephine Albertine, Madeline Maser, Elinor Vincetti, Ann Cereno and Angela Rinaldi.

Bertha Hermann accompanied the dances and songs on the piano, and was helped by Edward Gurdak on the accordion.

P. S. He wouldn't tell this reporter where the name "Jitty" came from. He insisted that it was too long a story.

BHS CAGE SCORES ARE COMPILED

Net Totals Show Varsity, Jay-Vee And Freshman Leaders For Season

Now that the basketball team has ever so gracefully bowed out and the baseball squad has taken its place, it's about time you got a record of all three Belleville high basketball teams, Varsity, Jayvees and Freshman. So, hot off the presses, Hi-lights gives you the record of those great teams.

First we'll start with the Freshman. This flashy five was led to a victorious season by Mike Toriello and Jim DiRuggerio who had 64 and 44 points respectively.

Finally the varsity. Everybody knows about the "big six" — Vic Pasquariello, John DeMunter, Jim Byrnes, Bob "Legs" Kennedy, Ben Meschio and Mike Bell. So this time we'll give the sub-varsity a little credit.

They're the fellows who work harder than any other team and aren't recognized. Some of them may be awarded, however, with places on next year's starting five.

Army-Navy Tests Completed

Over 100 senior boys racked their brains to find the answers to the test which was given in the cafeteria last Wednesday morning to find candidates for the Army and Navy college programs.

This test was given simultaneously to senior boys in high schools all over the country. Starting at 9 o'clock the boys worked steadily through to 11 when their time ran out.

Supervised by Principal Burt Johnson and faculty members L. Howard Fox and Harold Dufford, the students wore their pencils down to stubs answering questions concerning vocabulary, science and mathematics. The test is expected to be scheduled again sometime in November.

Baseball Practice Under Way; Season Opens April 22

Frank Spotts, baseball mentor at the high school, said yesterday that baseball practice, which is well under way, has produced a number of good prospects for the pitching and catching spots.

Competing for the pitching spot are Jack Byrnes, Jack Meier, Jim Kaysner, John DeMunter, Gilbert Cullen, Patsy Racioppi, Richard Dacy, Tommy Garinella, Al Parcella, Don Ross, Russell Stout and Ernest Adams. Those boys who have their eye on the receiving end of the battery are Roger Ellsworth, Joe Costello, Tony Graco, Tony Marchione, Steve Cordasco and Richard Gross.

VICTORY GARDENS ON FIFTY SITES

Over 500 Parcels Are Left;
Plan Home Canning
Demonstrations

About fifty of the 562 town-owned parcels of land offered last week as victory garden sites have already been spoken for, Mayor Williams revealed yesterday.

Last year nearly 300 of the town's plots were used by Bellevillites to grow food to help the war effort. The mayor declared that he expected an even greater number of applications this year.

It is estimated that there were nearly 600 victory gardens of all sizes and descriptions in the town in 1943. All parcels of town-owned property are offered to the public on a rent-free basis for growing vegetables.

The available sites were listed completely in the March 16 issue of "The Times" and this list is now posted in the lobby of town hall. Elsewhere in this paper is an application blank which should be mailed to the mayor at town hall.

Yesterday also Mrs. Thomas Jackrell of 12 Campbell avenue announced that the Essex county home economics extension service is prepared to assist homemakers in their canning problems again.

Mrs. Margaret C. Shepard, home demonstration agent for the service, has prepared a series of topics and Mrs. Jackrell is "anxious to know what help the local homemakers will need so that demonstration meetings may be scheduled for Belleville as early as possible."

"This year more than ever," Mrs. Jackrell declared, "the conservation of food is a necessity and soon many local homemakers will again be making plans for canning foods from their victory gardens."

Homemakers interested in these demonstrations, which will include all methods of canning, storing and equipment problems, may contact Mrs. Jackrell at Belleville 2-4260-M.

Military Bridge
The public will be welcomed at a military bridge which will be held in the recreation rooms of the Reformed church Friday evening, March 31, at 8. The affair is under the auspices of the Ladies Aid society and the general chairman is Mrs. Henry L. Sturges of 131 Cedar Hill avenue.

Parent-Teacher Associations
Passaic Avenue School
An exhibit of children's books through the courtesy of a Newark department store will be featured at the Tuesday afternoon meeting of the Parent-Teacher association of the Passaic avenue school.

The school's girls' glee club under the direction of Miss Ruth Robertson will furnish a musical program. Community singing and refreshments served by the mothers of kindergarten students will complete the program.

OUR BELOVED DEAD

WHAT ARE THEY DOING NOW?

How long after they die does it take them to reach Heaven? The veil of the "Beyond" will be lifted in this lecture. Do the dead know what is happening in this world? How do they spend their time? Do they watch over their loved ones and help them? Are they confined to one place or may they go where they choose? Was Lazarus brought back from heaven when he was raised from the dead? Do the dead retain their senses of sight, hearing, smell, taste and touch? Do they experience joy, sorrow or pain?

EDWARD DUNHAM
WED IN NEW YORK

Ensign In Maritime Service
Marries Barbara Braxton
At Grace Church

The wedding of Miss Barbara Alice Braxton, daughter of Mr. and Mrs. James Howard Braxton of Paris, France and Danbury, Conn., and Ensign Edward Melvin Dunham Jr., U. S. Maritime service, son of Mr. and Mrs. Dunham of 120 Mt. Prospect avenue, took place Saturday afternoon in Grace church, New York, where the ceremony was performed by Dr. Louis Pitt. Church decorations were forsythia and white gladioli. Reception was held in the Hotel Brevoort.

The bride was given in marriage by her brother, Capt. Randolph Braxton, and was attended by the Misses Shirley Fennebresque, Marie Watlington and Jean Kelso of New York City.

William Herb of 337 DeWitt avenue acted as Ensign Dunham's best man while Ensign Victor dePompeo, USN and Ensign George R. Hemstley of the Maritime service were ushers.

Miss Braxton was gowned in blue tinted ivory satin. Her period style was trimmed with square neckline and beaded coronet held her fingertip veil. She carried white carnations and stephanotis.

The attendants' gowns were also made in period style, the maid of honor's in aquatone paper taffeta with which she wore a white beaded skull cap and carried spring flowers tied with white streamers. The bridesmaids' dusty pink gowns were matched by pink beaded caps and their bouquets were tied with pink streamers.

Mrs. Braxton's gray-beige costume was worn with navy accessories and a mauve orchid corsage. Mrs. Dunham was gowned in purple crepe and her corsage was of lavender orchids.

The bride attended Ecole Lafayette, Paris; Tolmer's Park, Hertfordshire, England; Juilliard school of music and Cavanaugh Art school, New York City and also studied art in Rome, Italy.

Ensign Dunham was graduated from Belleville high school and the University of Idaho, and from the Merchant Marine academy at Kings Point, L. I. last June.

The couple will honeymoon in the Canadian Laurentians and will live at 203 East 43rd street, New York City after April 3.

Miss Nancy Lynch

Miss Nancy Ann Lynch, daughter of School Commissioner and Mrs. James M. Lynch of 175 Tappan avenue, was sworn into the Women's Reserve of the Navy as an apprentice seaman on Saturday.

Miss Lynch was graduated from Belleville high school in 1941 and matriculated in the accelerated curriculum at Montclair state teachers college. She will be graduated from the college, in absentia, in August and will receive her bachelor of arts degree and her teaching certificate for the state of New Jersey.

For the past two weeks, Miss Lynch has been student-teaching in Nutley High school, under the guidance of Miss Marian S. Walker, supervisor of English, and Carleton E. Saunders.

Miss Lynch majored in English, and was one of the five speech minors in her class. She was chairman of the annual dormitory formal, and headed various dance committees throughout her college career. Her other activities included membership in Creative writing club, dance club, and Zeta Phi, honorary speech society.

She was treasurer of the Newman club, secretary of the War Activities committee, a varsity cheer leader, and a member of the feature staff of Montclair, the college newspaper. She also had some of her poetry published in The Quarterly, campus literary publication.

Miss Lynch will receive her boot-training at Hunter college, New York, which is the U. S. Naval Training Station for all enlisted WAVES. She is awaiting her orders for active duty, and expects to leave on or before May 4.

Pvt. Margaret Bedford Weds
At California Air Base

Mr. and Mrs. William H. Pruden of 105 Belleville avenue have announced the marriage on March 5 of their daughter, Pvt. Margaret F. Bedford, WAC, to Cpl. Willard Jinks of Ontario. The couple were married at Victorville, Cal., where they are stationed.

Pvt. Bedford entered the WAC two and a half years ago previous to which she was employed by the Aircraft corporation of Bloomfield. She attended Belleville grammar schools and a Newark high school. She is expected to spend a furlough here in May.

Paratrooper

Cpl. Frederick Kerr

Cpl. Frederick Kerr, 21, son of Mr. and Mrs. George Kerr of 260 Hornblower avenue, recently won the right to wear the wings and boots of the Army volunteer paratrooper at Fort Benning, Ga.

After graduating from the high school in 1942, he attended Newark college of engineering briefly before entering the Army 15 months ago. His fifth and qualifying jump at Benning was a tactical leap identical to actual combat work in Sicily.

Pilot In Italy

Gilbert E. Chinnock

Flight Officer Gilbert E. Chinnock, bomber pilot who is now in active duty over Italy, is the son of Mr. and Mrs. Chester Chinnock of 173 Cedar Hill avenue. His squadron went to Italy in December.

Chinnock received his wings at Moody field, Valdosta, Ga. last August and underwent subsequent intervals of desert flying at Mt. Home, Idaho and Muroc, Calif.

Chinnock entered the Army infantry one and a half years ago and later transferred by competitive examination to the air forces. His civilian occupation was with the Western Electric company in Kearny before which he attended Belleville high school. His engagement to Miss Jean Long of Corona, L. I. was announced last year.

ENSIGN L. E. RAU
WEDS CONN. GIRL

New Street Man Marries
Miss Doris Mae Krohn
In Union Church

The Saturday afternoon wedding in Connecticut Farms church, Union, of Miss Doris Mae Krohn, daughter of Mr. and Mrs. Gustave P. Krohn of that place, and Ensign Louis Everett Rau, USN, son of Mr. and Mrs. Louis V. Rau of 135 New street, was followed by a reception in the Hotel Suburban, East Orange.

Rev. Dr. W. B. Sharrett, pastor of Second Presbyterian church, performed the ceremony. Two sisters attended Miss Krohn as maid of honor and bridesmaid. They were the Misses Carol Jean and Iris Odele Krohn.

Other bridesmaids were the Misses Betty Kurtz and Dorothea Lingsch, also of Union.

Ensign Rau's best man was a cousin, Ensign Donald H. Peterson, USN, of Van Houten place. Ushers were Ensign Robert Banta of Belleville and Ensign Edward Heider and Ensign B. A. Baker of Newark.

Seed pearls trimmed the bride's princess style satin gown and formed the tiara from which her silk illusion veil was draped. The bridal bouquet was of bouvardia and roses.

Gowns with shirred satin bodices and full net skirts were chosen for the attendants in blue for the maid of honor and pink for the bridesmaids. With her blue costume Miss Carol Krohn carried briardiff roses. The bridesmaids bouquets were of talisman roses.

Young Mrs. Rau was graduated from Union high school. Her father is a member of the board of education in that municipality. Recently with the Prudential insurance company she is a voice student of Mrs. Blanche Saylor of Newark.

Ensign Rau was graduated from Belleville high school in 1939 and from Newark college of engineering a year ago after which he was commissioned in the Navy. He is a member of the American institute of electrical engineering.

The couple stopped at New York's Waldorf Astoria hotel until Tuesday when they left for New Orleans, La. where Ensign Rau is stationed.

Unjustified Attacks On Draft Board

No public official and no public body has ever been free of critics nor is it expected in a democracy that they ever will be. It is of the essence of free peoples that they should speak their minds freely without fear of recriminations. Government of the people will be better for the people as long as the people have the right and privilege to tell their wishes to those of their neighbors who have been chosen to direct the affairs of the community or nation.

There are two fundamental classes of officials today: those who are elected and appointed to a salaried office and those who serve their fellow-men without hope of pay or reward and theirs is the harder lot. Today in these years of war and violence, these days when every individual person is theoretically or actually in the front lines of fighting, many of our public agencies are serving without compensation, are giving their time and their energy to the service of the community in furthering the war effort.

Among others we have the draft board, the ration board, the defense council, the whole defense system, the charitable organizations such as the Red Cross and the Community Chest, and many others. Of all of these there is not one which is not trying to do its best to further the cause of freedom and there is not one which does not expect constructive criticism when their efforts or failures are evident. But there is also not one which is not the target for the poisonous pen of the anonymous letter-writer, the usually warped mind which makes few con-

structive suggestions and many accusations against the integrity of the group which is attempting to do a job.

The recipient of probably the greatest number of anonymous notes is the draft board, which receives missives of remarkably similar character: "Why should this guy be drafted when the guy, who should be in the Army, gets deferred?" None of these letters go immediately into the wastebasket where they belong, but they are investigated as far as possible, which often is not too far inasmuch as the letters carry little information of real value. They are usually based on false information or on mere opinion. Investigation ordinarily shows that the writer has been misinformed; but the writer himself has closed the door to a straight-forward answer since he has refused to reveal himself.

A great and difficult public service is being contributed by the members of the local board: John P. Dailey, John F. Gannon and Herbert V. Hardman. It is one of the very few boards which is still operating with the same personnel that began in October 1940. Few of those who so willingly offer unjust and unwarranted criticisms of the board would care to change places with them even for a few weeks. Theirs is a thankless job and one which involves long hours of work of which the public knows nothing. The board does not ask or expect loud hosannas in return, but it has a right to expect that those who have criticisms come before it in honesty of purpose and not skulk behind an anonymous pen.

New Moviegoers' Customs Rankle

A totally new set of cinema customs has grown up in the past few years and many theatergoers are longing for the good old days when it was possible once in a while to go to the movies and enjoy a picture unmolested by surrounding lack of consideration. It is impossible now to go to any theater without being annoyed by individuals who insist on expressing in loud voices their opinions of the movie, or breaking into raucous laughter or catcalls at most unlikely times, or eating candy out of noisy paper bags. Women's hats with feathers or spreading veils are another source of annoyance.

There is no need of a different system

of etiquette in the theater, the common rules of courtesy and consideration of others apply there as well as any place else. Most people who go to the theater are prompted by a desire to relax for a few hours and to forget the rush and bustle of everyday life. Those who go for other purposes should realize that they are trespassing on the rights of their neighbors and should be routed out accordingly. It is too much to expect the theater managers to do the policing. Common decency should be sufficient to tell these individuals that, if they are not interested in the picture, their neighbor still is and he also has paid his admission fee.

Overseas Mail May Be Rationed, Use V-Mail

There is a real danger that overseas mail may be rationed. We are sending 34,000,000 letters a week to our men on the fighting fronts and simply have not enough cargo space to continue the practice much longer. Very often there has to be a choice between sending bags of mail or plasma and it is unfair for us to force this choice on the postal service. Letters from home are extremely important to the morale of our men and women on the world's battlefields. But plasma and the other necessities of life are of even greater importance.

The solution to this problem is an easy one and is provided in the V-mail service. Forty-nine letters sent the V-mail way occupy the same space as a single letter sent

in the ordinary channels. If you have not been availing yourself of this convenience it is time to start. If you do not know how to use it, ask about it at the post office where you can also get V-mail paper. There is no mystery about it and V-mail is much more certain: they are always sure to reach their destination while ordinary letters take much longer and face many more hazards. So far more than 200,000,000 V-mail letters have been delivered and not one has been lost.

We all know that letters from home are the greatest comfort that our fighting men have. We cannot risk cheating them out of any part of the happiness they get through their mail. To insure this result it is patriotic to use V-mail.

Life In The Raw Is Seen In Town's Old Papers

Seventy-Year-Old "Record" Angry About Politicians, Big Horse Robbery

Life in Belleville was still somewhat of a raw proposition seventy years ago. At least, that is the impression one gains from reading the crumbling copy of The Belleville Record (and Franklin Advertiser) of May 15, 1875.

The tattered remnants of one of Belleville's earliest newspapers is in the possession of Albert Newschwander of 28 Hewitt place. He has lived here 45 years, all of that time up to five years ago employed with the now-defunct Belleville Copper Rolling Mills.

The colloquial and sometimes corny Record was published in Newark by J. A. Beecher, also editor and publisher of the Newark Daily Press. His representative here was James Mooney of Main street. It was listed officially in the masthead as:

"A weekly paper, devoted to the local interests of Belleville and vicinity, to general news, and to the instruction and entertainment of the family circle."

That particular issue of May 15, 1875, was one in which Mr. Beecher was hopping mad. It seems one Dr. Skinner, a Democrat, had joined hands with the Republicans at a meeting of the freeholders, so, under a small head "Editorial Topics," Mr. Beecher proceeded to blow off some steam.

"Never before in the political history of this county or State, has there been witnessed such a high-handed revolutionary and outrageous proceeding as took place in the organization"

in the contest of Thursday night." Many old Belleville names are found in the roster of societies and their meeting dates: Martin McGahan and Jeremiah Desmond of the Hibernians, Thomas Brown and John G. Stevens of Harmony Lodge, IOOF, H. V. W. Vreeland and Williams T. Jacobson of Belleville Lodge, F&AM, Hugh Purdy and Richard Seaine of Father Matthew Belleville Temperance Association, Nicholas Jeroloman, H. B. Marchbank and William Stanier of the Officers' B&L.

Horse Car

The "Belleville Horse Car R.R." operated on a half-hour schedule during the day and the Erie Railroad ran seven trains a day from here to Newark and six from here to Paterson.

"Notes About Town" registers such important goings-on as "Dr. James H. Reed made a visit to Belleville this week. Wm. King will have his new soda fountain in operation soon."

"The fishermen are getting quite a fine lot of shad this week at Belleville. Last Sunday afternoon the Passaic river was quite lively with small boats. Mr. E. Brady has been making a number of improvements about his place of residence."

"Mrs. Cornell and Mrs. Ben Blewitt of William street, are having their houses painted in fine style. The street cleaning contractor has been busy on Washington avenue this week."

"Young Osborne, who shot

Real estate for rent or sale was plentiful. One realtor listed two plots in the "city" for sale: "A fine dock property on the Passaic river" with 200-foot frontage and a depth of 150 feet; and "a splendid tract of seven acres with a frontage of 720 feet on Washington avenue, and 270 feet on Mill street, and 400 feet on Dow street."

The advertising columns of the newspaper point out very effectively that Main street was the business center. Most attractive was the ad of one T. Smith, merchant tailor, who offered shirts for 75 cents, vests \$1.50 and "pantalons" for \$2 a pair.

Backing the Attack!

WITH WAR BONDS

There are some wounds
no drugs can heal!

WHEN a man is hit in battle, he gets the best of care. No effort, no expense is spared to save our wounded boys.

But there are some wounds no drugs can heal . . . the wounds that come from loneliness, from being far from home . . . the wounds that come from worry . . . the wound of missing you until his heart breaks and he feels he can't go on.

There are no drugs for wounds like these—no drugs except a mother's touch.

And that is where the Red Cross—your Red Cross comes in.

For the Red Cross is still the Greatest Mother in the World. All over this earth

—wherever our fighting men go—the Red Cross is with them. Its Clubmobiles stand at desert crossroads. Its rest homes will be found on every front from London to Calcutta. Wherever humanly possible, its packages reach the prisoners of war in far-off camps . . . get through the barbed wire straight from your hearts . . . with fine American food, cigarettes and tobacco.

* * *
When you say "Thank God

The RED CROSS is at his side
and the Red Cross is YOU!

Everyone knows of the wonderful work the Red Cross is doing for our boys here and overseas. The American prisoners in the hands of the enemy all speak of the great help received from the Red Cross; frequently their lives have been saved by the aid received from the Red Cross.

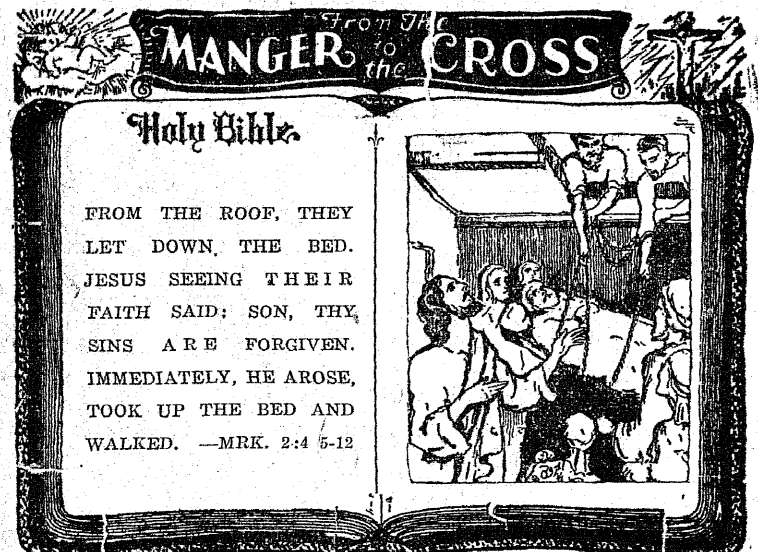

A contribution to this fund is not a levy, it is all voluntary, and we trust that those who have not been contacted or have not contributed, will send a contribution. Draw your check to the order of the Red Cross or send your money to the Treasurer, Mr. Albert Luscombe, c/o the Peoples National Bank & Trust Company, Belleville. Every cent raised is used for the alleviation of suffering. No commissions, salaries or other compensation is paid to our volunteers raising the fund. You may have a son, a brother or a father overseas.

He may be a prisoner, he may be wounded and your contribution will be tremendously helpful.

To carry on properly the wonderful work being done by the Red Cross, it will require Two Hundred Million Dollars for 1944. To this amount the United States Government makes no financial contribution whatsoever.

Let Belleville show its patriotism by making its contribution unanimous? Let each one do his part. We know that many people have given until it hurts. Ask yourself the question if it is not possible to deprive yourself of something so as to give to the Red Cross, that is the real test, and then contribute. We all can, I am sure.

YOUR VICTORY GARDEN

Preparing The Soil

By Dr. Charles H. Connors
College of Agriculture Rutgers University

In spite of much publicity concerning a proposed revolution in the handling of soil, namely, to throw away the mouldboard plow, Dr. E. B. Bear, head of the Department of Soils and Crops at the New Jersey Agricultural Experiment Station, in a forthcoming article in "New Jersey Agriculture" takes the opposing position, as far as New Jersey soils are concerned. Dr. Bear states that there are certain types of crop management in which it may not be necessary to turn the soil with a plow, relying solely upon the disc harrow for the preparation of the seedbed.

However, where an intensive type of agriculture is practiced (as in the Victory Garden), the soil must be turned over annually. This is necessary in order to secure a better mixture of lime, fertilizer and other soil improving materials with the soil, especially in the region where the roots develop.

This turning of the soil loosens it up, permitting and encouraging better and deeper root penetration. It provides for drainage of excess water but establishes a better water reservoir. It makes for better aeration, that is, movement of fresh air into the soil and the escape of undesirable gases.

We recommend, then, that you plow or dig the soil for your Victory Garden. Digging is the toughest job in gardening. If you have ever done it, you will know that to do too much at one time will result in a lame back and sore arms and legs.

When Is The Soil Ready
Unfortunately we cannot garden entirely by the calendar. In some parts of New Jersey the soil may be fit to work in February; in other parts it may be May before the soil should be dug. The soil must be in fit condition to work, when digging is done.

Sandy soils dry out early. Heavier soils dry out slowly, and

if they are dug when they are wet, they cannot be broken up and will form lumps which will dry out and be like bricks. The frost must be entirely out of the ground. One way to test soil fitness is to turn over a spadeful and hit it with the back of the digging implement.

If it falls apart readily, it is fit to dig. Another test is to take a handful and squeeze it in your fist. If it appears wet, it is not fit to dig. If it is like a lump of the hand in which it was squeezed, it crumbles readily, it is ready to dig.

The soil, for best results, should be turned over to a depth of 8 to 10 inches, and this can be accomplished only by thrusting the digging tool vertically into the soil to its full depth.

If an attempt is made to dig too large an area in one session, as you tire the tool will not be thrust to its full depth or it will be slanted and shallow digging will result. Greater depth permits good drainage and better root penetration. The better the roots, the better the crop.

How To Improve The Soil
You may have planted a cover crop late last summer or fall. If so, the growth made will not be very great by the time the soil is ready to dig, but it must be turned under completely.

Spread over the surface the manure or other organic matter and the required amount of fertilizer and lime. If the garden cannot be dug in one day, spread the lime and fertilizer over only the portion that you anticipate digging.

How To Dig
There are various digging techniques but the method most generally followed is to dig a trench across one end of the garden, throwing the soil up on the undug ground, called the headland. The soil thus piled will later be put into the final trench at the other end of the garden. If the land is in sod, it might be better from this point on to slice off the sod to the width of the trench or furrow you are

going to make, say 6 to 8 inches, which is a big enough bite to take.

Place this skinned turf in the bottom of the furrow and chop it up. Then face the headland and thrust the tool in. Don't take too big a bite.

Lift the tool full of soil, and as you lift, give it a quick turn so that the soil that is on top will be at the bottom of the trench. Then hit the turned soil with the digging tool to break up lumps and mix in the soil improving materials.

If a cover crop is on the soil, be sure that the tops are put at the bottom of the trench. Other coarse materials should also be buried. Even cornstalks, if completely buried from 8 to 10 inches, will rot down and the corn borers infesting them will not be able to survive.

Continue trench by trench until the entire garden is dug, finishing by filling the final trench with the soil removed from the first which you placed on the headland.

Then rake to level off. If dug before it is time to plant, it is not necessary at once to rake to a fine

seedbed. The soil should be raked once a week or as soon after a rain as it can be worked without puddling it.

This will kill many weeds and will reduce the soil to the fine tilth necessary for the seedbed by the time it is wise to sow seeds.

A circular "Preparing Garden Soils" is available free on request to the College of Agriculture, Rutgers University, New Brunswick, N. J.

Edythe Lee
—\$188 for an idea—

Edythe Lee, sales expeditor at the RCA Harrison plant, finds that submitting her ideas for production improvement pays big dividends. Edythe, who worked as an RCA tube mount assembler before being transferred to the office, recently received a certificate—and \$188 in war bonds—for her suggestion that led to the elimination of an extra operation. This prize will make a nice contribution to Edythe's savings for post-war use.

More women and girls are needed (full or part-time) at the RCA Harrison plant to make vital radio tubes. You can apply at the RCA employment office, Suite 505, Fifth Street, weekdays, between 8 a.m. and 5 p.m. "The more women at work, the sooner we'll win."

Stratospheric Maps Displayed At Free Public Library

Now on display at the Library are stratospheric views of the seven major strategic fronts of World War II, published by the library bureau division of Remington Rand company.

The maps are based on views of the world as a sphere, and in all of them you are looking toward the enemy.

They are the work of the noted illustrator and cartographer, Kenneth W. Thompson, and the global areas were selected by the authoritative military analyst, George Fielding Eliot who, in writing the accompanying notes, has given the point of view of the approach of Allied forces toward the vital centers of the enemy, while avoiding purely tactical details which will change with the passage of time.

New books in the rental collection are: Sea Eagle—Aldridge; Edward's Fancy—Dickens; O Distant Star—Donner; The Harvest Is Late—Downing.

Newark State College Plans To Plug Teacher Shortage

Teachers are needed to meet the marked shortage of industrial arts teachers in school shops of the public schools of New Jersey, caused by the induction of students and industrial arts teachers into military service.

Therefore the State Teachers College at Newark will offer an other emergency industrial arts course from March 27 to June 8 to train teachers who will be certified to teach in the Industrial Arts shops of New Jersey. This includes all shop work and mechanical drawing.

A program of six semester hours of work will be offered in this program, including courses in teaching procedures in industrial arts, psychology of adolescence and general shop work. Classes will be held Monday, Tuesday and Thursday evenings, at the college.

8 WEEKS LEFT TO GROW YOUR TOMATO SEEDLINGS

START YOUR SEEDS NOW IN THE

COLDWELL

CHEMICAL CROPS UNIT

PRICE \$7.50 COMPLETE

May 25th is your deadline for setting out tomato seedlings for this year's Victory Garden. Plants set out any later may just begin to beat when an autumn frost strikes. If you start now, you still have time to grow your own seedlings in the Coldwell Unit. Nurture them chemically for the next 8 weeks and you'll have healthy, hardy seedlings when transplanting time arrives.

The Coldwell System is an adaptation of a method that commercial growers have used for years. It is thoroughly practical and most productive. Once you start growing seedlings this way you'll find it fascinating and profitable. The Unit is scientifically designed and comes to you complete.

WHAT DO YOU GET WHEN YOU BUY THE COLDWELL UNIT?

1. A strong, sturdy wooden seed bed—22 inches by 12 inches—with reservoir and catch basin.

2. Clean, sterile, graded sand, properly mixed with mica.

3. Four packages of chemicals to which water is added to make up the nutrient solution.

4. A chemical "thermometer" that determines the strength of the solution, with instructions for its use.

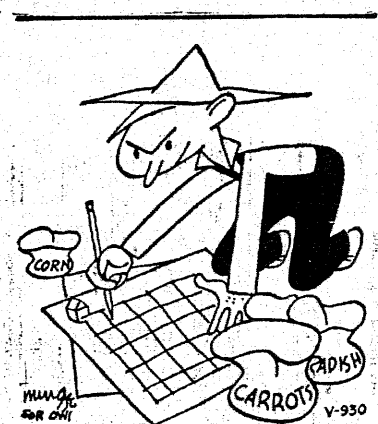

5. A complete and descriptive booklet prepared by one of our best known authorities on growing plants without soil.
