

## TRIPOLI PARK CLUB WITHDRAWS OFFER FOR PROPERTY

Asks Deposit Refund, Stands  
By Palmieri on Authorship  
Of Letter Mayor Rapped

Tripoli Park Political and Social club yesterday withdrew its offer to purchase a tract of town-owned property at Newark avenue and Cuozzo street on which it had planned to erect a \$30,000 clubhouse after the war.

News of the withdrawal was contained in a letter signed by secretary Thomas Roselli and approved by the club at its meeting Tuesday night. The letter was addressed to Mayor Williams.

The mayor had previously declared that the board of Commissioners had unanimously rejected the club's offer of \$240 (\$1.60 per front foot) for the property as too low.

Subsequently he publicly declared that he believed that the letter, which the club sent demonstrating the Commission's action, was the opinion of one man and not that of the entire club.

"Pleased as advised," the club wrote this week, "that our offer was not expected to be obtained at the taxpayers expense. Our letter to you of July 17th was sent with the approval of the entire membership of the club and not by one person."

"Frank Palmieri was appointed acting secretary in the absence of our secretary, who was incapacitated at that time. Mr. Palmieri was asked to answer your letter of June 13th addressed to Mr. Capannear.

"Therefore, he did not take matters into his own hands as insinuated, but carried out his orders as he was instructed. However, the letter before being sent was read to the entire membership for their approval which was enthusiastically accepted and mailed.

### "Could Have Advised Us"

"With reference to the rejection of our offer, and in view of the fact that you are the director of Revenue and Finance, having control of the sale of town owned properties, and your being familiar with the cost and procedure of the sales of properties in various locations, we feel that you could have advised us as to the worth of said property in question.

"Since so much time has elapsed in the negotiation of this purchase, our interest in this enterprise (which would have been a landmark in the town of Belleville) has waned.

"We would like to have our deposit which was placed with you in April of this year refunded to us as soon as possible."

Officials of the club did not indicate whether the proposed new clubhouse would be abandoned entirely or whether another privately-owned site would be found.

## Children Collect for Scrap Paper Drive

NOT AT ALL OVERAWED because of the fuss made over them are Bobby Zoeller, 5, son of Mr. and Mrs. Rudolph W. Zoeller of 41 Fairview place, and Kevin Hynes, 4½, son of Mr. and Mrs. Joseph J. Hynes of 61 Fairview place. The two little boys set an example for Belleville last week by collecting a ten-foot pile of scrap waste paper which weighed 250 pounds, as their contribution to the war effort. They simply got out their little express wagon, uninspired by any adults, and made the rounds in their neighborhood. Salvage officials were happy.

(Times photo).

## Bellboy Mentor Cries The Gil Dobie Blues

Chapman Refuses Prediction on Grid Possibilities  
Despite Better First Week Prospects; Good Counsel  
Opener on Clearman Only Three Weeks Away

Even though his basic prospects look as good or better than last year, Bill Chapman, head Bellboy football coach, is not sticking his neck out in any premature predictions of things to come this fall. "You remember 'Gloomy Gil' Dobie at Cornell, don't you?" he asked a Times reporter yesterday afternoon at Clearman Field where he is putting his Blue and Gold hopefuls through their daily paces.

"He was famous for crying the blues every year, but then nobody was disappointed if he didn't come up with a winner. I'm not asking for a crying towel, but I'm making no predictions whatsoever."

But Chapman could not conceal his satisfaction at the large turnout of 83 gridiron aspirants who reported for a try at the first team. Last year, when the Bellboys won five out of eight games, he had only forty to start.

"We have some big boys this year," he admitted. Then he quickly recovered and added: "But they're green as grass."

The fourscore high schoolers reported Friday morning for their first off-stage rehearsal for the opener with Good Counsel only three weeks away.

Six of this autumn's Saturday afternoon sessions will be played on the home grounds at Clearman Field. The two most important, Bloomfield and Nutley, are scheduled for foreign territory.

Another indication of Chapman's improved position for the football wars is the fact that last year he had only one regular returning, while this season finds him with four first-stringers and five letterman subs back.

Vic Pasquarillo is the varsity halfback from last year while the

forward wall sees Frank Bemis, Jack Byrne and Vince Vaccarella again in uniform.

Other boys with considerable experience from 1943 include Les Del Tufo, Ben Meschio and Frank Papisidero in the line with Joe Paganelli and Pete Del Vecchio in carrying spots. Papisidero will probably be shifted to the backfield, however.

Some older freshmen are among the 83 who reported last week but the bulk of the frosh will not begin practice until today or tomorrow.

Chapman is beginning his second year at the helm of Belleville's football destinies. He took over last year from Lieut. Comm. Larry Gates, who is now commanding a division of LST's somewhere in the Pacific.

## VETERINARY HELD FOR GRAND JURY

Dr. Cecil Gates Must Answer  
Assault - Battery Charges;  
Nobile Suit Dismissed

Dr. Cecil L. Gates, 37, of Boonton, owner of Gates' Cat and Dog hospital at 10 Washington avenue, must answer to the grand jury for his recent alleged assault and battery on James Lane, 52, of 714 Summer avenue, Newark.

Acting Recorder Gebhardt, who had previously reserved decision in the case, announced Friday that he had decided to hold Gates and had dismissed a counter complaint against Lane. Gates is free on his own cognizance.

The charge arose out of a dispute between the two men August 12 over the purchase of a dog in Gates' hospital.

Gates claimed that, when Lane became abusive, he attempted to eject the older man who refused to leave. He also claimed self defense, saying he struck Lane with a pipe only after Lane threatened to attack him.

Gebhardt also announced that he had dismissed the charge of non-support brought against Silvano Nobile, 70, of 700 North street by Mrs. Nobile, who had charged that she was ordered from the house.

Gebhardt explained that Mrs. Nobile had failed to prove a prima facie case against her husband and that the latter therefore was not liable for support within the jurisdiction of the local court.

Nobile had countered his wife's charge with a claim that she had "voluntarily deserted" him.

## COUNTY HOSPITAL CONVERSION PLAN DRAWS SILENCE

Proposal Would Make Soho  
Partly for Chronic Illness;  
Feasible, Says King

Reticence marked answers to queries here regarding the proposal of the Essex County Medical society to transform a large section of the county isolation hospital at Belleville and Franklin avenues to a hospital for the chronically ill.

Even Commissioner Joseph King, who has advocated the establishment of such an institution (but not necessarily conversion of isolation) for the past twelve years would go no further than to state that the isolation hospital could be adapted to such a purpose.

King was a member of the board of Freeholders at the time the local hospital was erected and is known to have suggested on numerous occasions that a chronic disease hospital should be established by the county.

Dr. Ellis S. Smith, superintendent of the hospital, said yesterday he had no comment and added that it was "a matter for the Freeholders and not for me."

The county medical society plans to begin a campaign October 12 to "arouse public opinion" after which it will make formal requests of the Freeholders for the conversion of at least a wing of the hospital.

Dr. Louis Schneider, president of the society, is quoted as saying that the isolation hospital "is not being put to its highest utility."

He contends that isolation has a bed capacity of more than 500 and that not more than 150 are needed for isolation of patients with contagious diseases.

### Would Divide Building

He proposes that the Belleville building, which was built in 1929, be divided with the west wing's 155 beds to be used for isolation and the east wing with the same capacity to be converted into a psychoneurological hospital.

Another building behind the new hospital could be transferred completely into an institution with about 160 beds for those who suffer with chronic illnesses, one half for cancer and the other for rheumatic, arthritic and cardiac cases.

Still farther in the rear, says Schneider, is another one-story building with a 100-bed capacity which could be used for chronic cases requiring less medical attention.

"There should be some institution run by the county for the chronically ill," Commissioner King said yesterday.

He pointed out that isolation was originally laid out specifically to care for contagious diseases. "Two more wings could be built and that would be the most economical procedure," he declared.

He emphasized the fact that he was speaking of the project purely from a construction angle and with no consideration of the medical aspects involved.

King admitted, however, that "the necessity exists" and added "that there is enough ground and the best location in the county on the Belleville site."

"However, it is up to the county medical board and the head of the hospital to decide," he concluded.

Free Vaccination Clinic  
A free vaccination clinic for children who cannot afford doctor's fees and for children of veterans will be held in town hall Wednesday from 2 to 4. According to the Health department, vaccinations will meet school requirements.

## QUESTIONING FEAR HAGUE'S REASON FOR OPPOSITION

Will Lose His Protection  
Under New Constitution,  
Edison Tells Craftsmen

Frank Hague's real reason for opposing constitution revision is that the proposed new document would take away the protection which he now has and would grant authority to the legislature to make a sweeping investigation of the Jersey City mayor.

This was the report which former Governor Charles Edison made in his talk last night to the Craftsmen's club in the Masonic temple.

Historians agree that the drafters of the 1844 constitution made an improvement over the document of 1776, Edison said, "but now the time has come when their work needs improvement."

"And the work that we do must not be expected to stand forever; but as times and conditions change it must be adapted — and adaptable — to new needs and new circumstances. Wisdom did not die with our forefathers and it will not die with us."

"The proposed constitution must be pretty good, if we may judge from the enemies it has made. Foremost among them is the celebrated Mayor Hague of Jersey City."

"He has reasons of his own for opposing the constitution, but he does not oppose it on its merits; rather, he hews that it is the product of some fanciful forces which are figments of the mayor's imagination. In his old age he has taken to seeing things."

Hague's questioning of Edison referred to an occasion when Hague was called before the legislature and "asked a series of the most embarrassing questions about wealth and about various real estate acquisitions in Jersey City."

"He refused to answer the questions. Congress and most legislatures have the right to investigate, which is the very foundation of their power to pass laws to correct evil conditions."

"But the court of Errors & Appeals rendered a decision which said that it was all right for the legislature to investigate legal but not illegal acts of municipal officers."

"His real opposition to the new constitution arises from the fact that the old constitution protects him and the new one would not. If it is adopted he would no longer be saved from answering questions."

Edison then quoted a section of the new set of laws which confers on the legislature power to investigate "any and all phases of state and local government."

"The prospect of spending his declining years answering questions is probably a whole lot

## ANDREW BENENATO GOES BERSERK IN POLICE COURT

Beats Himself with Armchair  
After Fine for Keeping Cows;  
Shaw Tried for Assault

Andrew Benenato of 302 North Belmont avenue, in a mad outburst of temper after being fined \$100 for keeping cows, beat himself with a chair.

Benenato was fined for the second time on a charge of keeping cows on his premises without a permit from the town health department. He pleaded guilty.

After Gebhardt had levied the fine, Benenato suddenly leaped from his chair, screaming and howling something unintelligible about "jail." He had previously declared he would not pay the fine.

Amid the confusion, he picked up a heavy chair and began beating himself over the head with it. He cut himself before police were able to intervene and subdue him.

He continued to scream for some time after he had been locked in a cell, stripped of his belt, necktie and knife with which he might have seriously injured himself.

Benenato, an elderly man, was first brought to police court July 21 to face charge of possession of unlicensed cattle, selling unpurified milk and similar counts.

He pleaded guilty then and Gebhardt reserved decision for several weeks with the warning that the man could be fined \$100 for every day he insisted on keeping the cows.

"Stubborn" Actions  
Hailed before Gebhardt again on August 16, he was fined \$75 and given another warning. His actions in refusing to get rid of the cows were characterized as "stubborn."

Friday Health Officer Berry testified that Benenato still retained a bull, two cows and three calves. The defendant pleaded that he wanted to "fatten them up" before he sold them.

Benenato's cows, Berry said, are within ten feet of private dwellings. A town permit could not be issued because the local

## SGT. JAMES WHITE, PFC. ALBERT POLE KILLED IN ACTION

Widely Scattered Battlefields  
Take Local Youths; Taylor  
Missing in Bermuda Flight

Sgt. James T. White, 24, son of Mr. and Mrs. John J. White of 75 Holmes street, was killed in

Sgt. James T. White

action in Italy August 16, his parents were informed in a War department telegram last week.

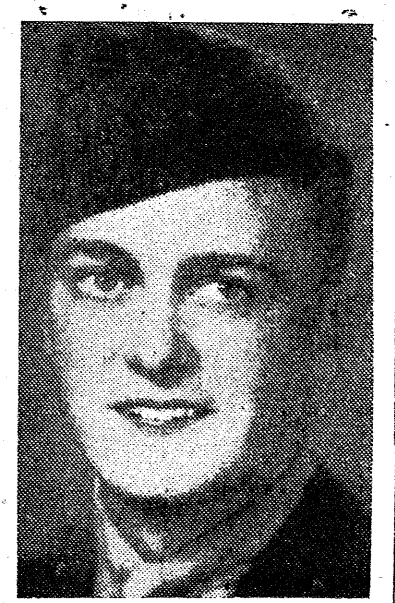

A veteran of the intense fighting through Tunisia and Sicily, he went to Italy and fought at Cassino and the Anzio beachhead. He had been overseas since January, 1943.

Sgt. White was born in Jersey City and had lived in Belleville fourteen years. At the high school, from which he graduated in 1939, he was Bellboy football center for several years. He was formerly employed with duPont in Arlington.

He enlisted in July, 1941 and served in a coast artillery unit. His father served as his proxy last December in making arrangements for his engagement to Miss Dolores Barton of North Newark.

He also leaves three sisters: WAC Cpl. Katherine White stationed in Palm Springs, Cal., Mrs. Rose Hoag of 70 Academy street, and Mrs. Irene Duff who has been living at home since her husband, Pfc. Harry Duff, went overseas.

Duff is also a veteran of the African, Sicilian and Italian campaigns. He is now in an English hospital awaiting an operation following combat duty in France.

Pfc. Albert E. Pole

Once-wounded Marine Pfc. Albert E. Pole, 22, son of Mr. and Mrs. Edward E. Pole of 380 Washington avenue, was killed in action on Guam, his parents were notified Thursday morning by the Navy department.

Born in Belleville, he had lived here all his life and attended the local high school. Prior to his enlistment in the Marines in November 1942, he worked for the Westinghouse corporation in Newark.

He was sent overseas to the Pacific theater in January 1943 and was wounded on Bougainville November 19, 1943.

Besides his parents, he leaves three sisters: Miss Florence Pole, Mrs. Milton Peterson whose husband is a Navy seaman 2 c in South Carolina and Mrs. Harold Bates whose husband is a Marine private first class in North Carolina. 2 c Robert C. Taylor, 24, son of Mr. and Mrs. Henry Taylor of 15 Bremond street, was last week reported missing during a patrol mission

## Simon's Liquor Store Is Robbed Of Large Quantity of Whiskey

Theft of 25 cases of popular brand whiskey valued at probably more than \$1,000 was reported Thursday morning by the Simon Wine & Liquor store of 547 Washington avenue.

Mrs. Harry H. Simon, who is operating the store while her husband is serving in the Army in Italy, reported the loss. She declared that an exact value of the liquor cannot be given until an inventory is taken.

Investigating police found that the front door of the store had been jimmied and a small flashlight had been used to get in.

## Red Cross Match Will Draw Topflight Golfers

Maurie O'Connor, Dom Morano, Johnny Kinder, Maureen Orcutt among Stars in Three-Way Play Over Forest Hill Field Club Course Sunday

A crowd of more than a thousand, mostly from Belleville, is expected to throng the beautiful Forest Hill golf course Sunday afternoon to witness an event unique in the nation's links picture today: a triangular golf match which will pit three topnotch teams, numbering the finest golfers in the state, against each other. What makes the match so singular is the fact that one team is made up of golf professionals from leading clubs, another is composed of the most famous names in amateur circles while the third lists the leaders of the female links contingent.

## REPORTS SECOND INFANTILE CASE

High School Senior Stricken  
By Polio; Berry Reissues  
Prevention Warning

Belleville's second case of infantile paralysis was reported this week. Miss Betty Hallas, 16-year-old high school senior and daughter of Mr. and Mrs. Frederick Hallas of 16 Mertz avenue, was rushed to the isolation hospital Thursday.

Miss Hallas' condition is reported as fair although a respirator has had to be used.

According to Health Officer Berry, the girl contracted poliomyelitis while on a two-week vacation in New York state. She returned to Belleville August 20 and evidenced the first symptoms a week later.

A three-year-old girl from Union avenue was reported as the first local case of polio last week and she is still under treatment although the disease is reported not as serious in her case.

A 26-year-old woman from Tappan avenue is still under observation in the isolation hospital. Polio is suspected but still cannot be diagnosed as such.

Berry reiterated his warning that children and adults alike should stay away from unsterilized (and probably polluted) waters and that crowds and traveling should be avoided as far as possible.

## North Belleville Honor Roll Asks Relatives for Soldier Data

An appeal to relative of servicemen of North Belleville to inform the honor roll committee of that section of the names to be placed on the board now being erected was issued yesterday by chairman Joseph Stein.

Mrs. Robert N. Hayes of 205 Overlook avenue (Belleville 2-11073) was listed as the proper recipient of information for the area bounded by Greylock parkway, Washington avenue, Jorammon street and Passaic avenue plus the White Oaks section.

Stein pointed out that names of servicemen and women from both sides of Washington avenue and Jorammon streets will be included on the board.

## Cited for Major Part Played In Initial Attack on Tinian

Marine Sgt. John F. Fritts Takes over Command of Machine Gun Platoon after Leader Is Killed, Repels Fierce Japanese Counter-attack

Tinian, Marianas Islands — (Delayed) — Assuming command after the death of his machine gun platoon leader, Marine Sgt. John F. Fritts Jr., 21, of 199 Main street, played a major part in repelling a Japanese counter-attack the first night on Tinian Island.

Fritts' outfit was deployed for the night across a road just southeast of the northern airfield on Tinian. The first warning of trouble came with a Japanese patrol shortly before midnight. One of Fritts' machine guns took care of that, but in doing so gave away its position.

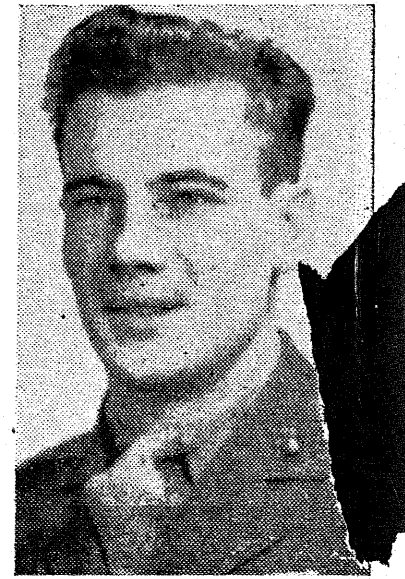

When the major Japanese attack came a couple of hours later, Fritts had shifted his gun positions, putting automatic rifles in their place temporarily to give the impression that they were still there.

The attacking Japanese, accordingly, directed their attention principally to the automatic rifles, which were withdrawn in the nick of time. The Japanese then revealed their own positions to Fritts' machine guns, which moved them down in windrows.

Dead Japanese  
When daylight came, approximately 150 dead Japanese were counted along Fritts' sector of the front. A nearby 87-millimeter gun crew estimated that it had accounted for 30 or 40 of the enemy dead. That left more than 100 of the enemy creditable to Fritts and his machine gunners.

Of Fritts' men, all but one of his main gun crew was injured. Another gun, which had been withheld from action until the most opportune moment, suffered no casualties among its crew. Fritts suffered nothing more than loss of sleep.

Fritts was born in Belleville, attended Cortland street school, moved then to Irvington where he graduated from Barringer high school and his parents, Mr. and Mrs. Frank Fritts, moved back to the Main street address two

Sgt. John F. Fritts

years ago. He enlisted in the Marines in January 1942 and shortly thereafter volunteered for a stretch of Commando duty in Europe. He participated in the famous raid on Dieppe and returned to the States in February 1943.

Last January he was transferred to the Pacific and participated in the invasions of the Marshall Islands and Saipan in the Marianas before the fighting on Tinian.

## ELECTION NOTICE

Register or transfer now for the General Election to be held November 7th, 1944

All persons who have not already permanently registered to vote, and have lived within the state of New Jersey one year, in the County of Essex five months and are twenty-one years of age, may register now in the office of the Town Clerk each day from 9:00 A.M. to 4:00 P.M.; Saturdays until 12 M. or on Tuesday evening, September 12th, until 9:00 P.M.

Absolutely no transfers will be made on election day; therefor all persons who have changed their address should sign the required transfer card.

Last day to register or transfer for the General Election will be September 28th.

Florence R. Morey, Town Clerk.

more important to the mayor than anything else about the constitution...

Bosses Opposed

"None of the bosses likes the proposed constitution and you may be sure that they will do all they can to defeat it."

"But the very reasons that lead them to try to defeat the referendum should lead all decent citizens to work and vote for its adoption."

"What is good for them is bad for the public; but what is good for democracy is bad for them."

Edison listed a number of improvements which have been written into the new document: elimination of annual assembly elections, salary raise from \$500 to \$2,000 annually for legislators and prohibition of lobbying.

"Legislators would not be able, as they are now, to elect a wide variety of administrative officers and to infringe upon the powers of the executive department."

"The senate would have to confirm, reject or return within six weeks all nominations made by a governor. They would be unable to keep important offices for months, even for years, while they bring pressure upon the governor to appoint them or their friends."

The proposed constitution would also strengthen the powers of the governor, make overriding of his veto more difficult, give him some

**Alvino - Ramundo**  
Mr. and Mrs. A. W. Ramundo of Bloomfield announce the engagement of their daughter Ellen to Paul T. Alvino of 59 Smallwood avenue.  
Miss Ramundo is a graduate of St. Vincent's academy, Newark. Her fiancé received his wings as an aerial navigator last fortnight at Coral Gables, Fla.  
He is a graduate of Belleville high school and was attending the University of Michigan when he enlisted in the Army air forces in December 1942.

**Republicans Start Canvass**  
Belleville Republicans yesterday began their own effort to get their cohorts registered in time to vote in the November elections. Reminder cards were mailed by town chairman Harry Machette to all district leaders.  
Special house-to-house canvasses will be made in the first district of ward two and all six districts of the third ward, longtime Republican strongholds.

**Casualties**  
Continued from page one  
off Hamilton, Bermuda, August 20.  
Press dispatches listed him as killed but his family said the

which five other crewmen were also lost.  
He is survived by his parents, a sister, Miss Marjorie Taylor at home, and his grandmother, Mrs. Josephine Grinnell of Stephens street.

RM 2/c Robert C. Taylor  
Navy department telegram used the word "missing."  
Taylor was born in Belleville and attended high school here. He was employed with Western Electric company of Kearny before entering the Navy in May 1942.  
Most of his Navy service was spent in Panama and he was transferred to his Bermuda base only a month before the crash in

Pfc. Ernest Caruso  
Pfc. Ernest Caruso, son of Pasquale Caruso of 672 Belleville avenue, is recovering in an English hospital from wounds received in France July 15 (see The Times, August 10).  
His last letter was written August 4 by a friend since his right arm is still paralyzed from the effects of the wound. He has been awarded the purple heart.  
His brother, Cpl. Henry Caruso, is also stationed in England and is trying, so far without success, to make contact with Ernest.

**Back In Action**  
Wounded June 19 in France, Pvt. Joseph M. Petillo, 30, has returned to duty in the European theater, according to a letter from him received recently by his parents, Mr. and Mrs. Michael Petillo of 63 Hornblower avenue.

First news of Petillo's injuries was made public Friday when his name was carried on the official casualty list issued by the War department.

Born in Newark, Petillo attended Central high school in that city. He was employed with his father in the contracting business prior to his induction in February 1941.

He has two brothers in the Army: Sgt. Michael N. Petillo is with the infantry in France and Pfc. Laurence M. Petillo is serving with the air forces in the Pacific.

**Rowe Wounded**  
Pfc. Henry D. Rowe, 33, of 344 Joralemon street was seriously wounded in France August 22, his wife was informed Tuesday night by the War department.

Letters from the combat engineer written two days previously told his wife that he "hadn't even seen a Nazi" up to that time although he had been in France more than a month.

Rowe was born and attended school in Arlington and moved to Belleville three years ago. A former employee of Prudential

Insurance company, he entered the Army August 11, 1943.  
His wife, the former Helen I. Martin of Newark, and their year-old son reside at the Joralemon street address.  
His father, Henry P. Rowe, lives at 133 South Eleventh street, Newark, and his brother, Cpl.

Bernard Rowe, is somewhere in the South Pacific.  
Second Lieut. Harry C. Drake, 24, former Belleville resident and a graduate of the high school here, was slightly wounded July 12 in France but is back on duty.  
This was the information conveyed this week in letters to his wife, Mrs. Shirley Mortimer

Drake of Bloomfield, and his parents, Mr. and Mrs. Charles Drake of Union.  
He suffered shrapnel wounds in the head and thigh when he "heard a shell coming, jumped into a foxhole, but it wasn't deep enough." He enlisted in September 1940 and has been overseas ten months.

### Andrew Benenato

ordinance calls for a minimum of fifty feet.

Gebhardt handed Edward Shaw of 24 Bayard street a sixty-day suspended sentence and put him on probation for two years after Shaw pleaded guilty to an assault on his wife.

Gebhardt called Shaw's assault on his wife "so close to murder it's not funny." Testimony revealed that Shaw had attempted to drive his car, with himself and his wife in it, into the Passaic River.

The charge was the outgrowth

of a family argument at 3 a.m. August 26 while the two, parents of four children, were driving home from Newark.

**Drove over Park**

At the foot of Belleville avenue, according to police, Shaw drove his car over the curb, through the fifty-foot-wide strip of the parkway and partially into the river. Shaw said he "was just trying to scare" Mrs. Shaw.

John Marrone of 20 King street was fined \$5 for permitting his dog to run at large without muzzle or leash. The dog is said to have bitten two children.

Gebhardt told Marrone that it was not sufficient to keep the

dog in a yard but that it should also be chained, or else the fence gate should have "a chain and padlock."

"The dog has had two bites and he's not entitled to two bites," Gebhardt declared. He warned that Marrone's next appearance in court would bring a maximum fine.

### Herbert F. Heddy

Herbert F. Heddy of 22 Wilbur street, who died in American Legion hospital, Newark Sunday after a two day illness, was buried yesterday afternoon in Glendale cemetery.

Rev. Edgar M. Compton of Wesley Methodist church conducted funeral services in the Irvine funeral home.

Mr. Heddy was born in Warwick and had lived here 24 years. He was with General Motors corporation in Bloomfield.

Besides his wife, Mrs. Margaret Gleason Heddy and children, Herbert Heddy Jr and Joan Heddy at home, Mr. Heddy's mother, Mrs. Lillian Moran lives here at 37 Davidson street. He is also survived by two sisters, Mrs. May Conklin and Miss Rose Heddy of Watertown, N. Y.

### Thomas Wilks

Thomas Wilks, 48, died Saturday at his home, 105 Belleville avenue, after an illness of four months. He was retired as a letter carrier from the Bloomfield Post Office in 1940.

Born in Bloomfield, he was with the postal department there 21 years. The Wilks moved here three years ago.

Survivors at home are Mrs. Wilks and her daughters, Mrs. John W. Barrett and Mrs. James L. Begley. Mr. Wilks also leaves his mother, Mrs. Catherine Wilks of Bloomfield; two sisters, Miss

Gertrude Wilks and Mrs. John Moore of that place and a sister, Mrs. Phillip Lennon of Hanover. His brothers are William Wilks of Verona and Isaac Wilks of Hanover. A solemn high mass of requiem was held yesterday morning in St. Peter's church; interment was in the family plot in a Bloomfield cemetery.

### Gustav E. Klauing

Funeral services were held Tuesday in Irvington for Gustav E. Klauing of 356 Union avenue who died Saturday in Presbyterian hospital, Newark, after several weeks' illness. Cremation was in Rosehill crematory.

Mr. Klauing was born 48 years ago in Newark and had resided here nine years. An accountant with the Duke company of New York, he was a member of Eureka lodge 39, F&AM.

He is survived by his widow; a daughter, Miss Barbara Klauing at home; three brothers, Adolph of Newark, Robert of Nutley and Sgt. Theodore Klauing at Paterston Field, Ohio; and a sister, Mrs. Minnie Wissen of Newark.

### William J. Ewart

Rev. Samuel D. Chambers of Kilbourn Memorial church, Newark, conducted services Saturday at the Irvine funeral home for William J. Ewart who died suddenly last week at his home at 116 Washington avenue.

Mr. Ewart was born 44 years ago in Northern Ireland, came to this country sixteen years ago and had resided in Belleville for eleven years. He was employed by the Ford Motor company in Edgewater and was a member of the Ulster club of Kearny.

He is survived by his wife, Mrs. May Livingston Ewart; a brother, Henry of Belfast; and two sisters, the Misses May and Sarah Ewart of Gilford, Ireland.

**Lions Resume Meetings**

The Belleville Lions club will resume meetings today at Forest Hill Field club after the usual summer vacation. President John Carrough will preside as committee chairman report and formulate plans for the coming year.

### Ralph & Betty Tavern Sale Fails, Transfer Application Withdrawn

Negotiations for the sale of Ralph and Betty's tavern at 170 Washington avenue have fallen through and the application for license transfer has been withdrawn, according to Mr. and Mrs. Ralph Goldacker.

The purchasers reported in last week's Times were Mr. and Mrs. George Hill of Little Ferry. No reason for the failure of the negotiations has been announced.

The tavern has had several owners during the past decade. For many years it was operated by Belleville post 103, American Legion, who subsequently sold out to Peter Stevenson. The Goldackers took over five years ago.

### Knights Postpone Meeting

Belleville council, Knights of Columbus, will meet Monday at 9 in St. Peter's hall. The meeting was postponed from this week because of Labor Day.

James Baney, Casey softball booking manager, announced yesterday that he had arranged a game with Kearny council September 17 in Harrison.

### Women Republicans Map Plans For November Elections

A meeting of the board of trustees at 1:30 will precede the opening session of the Belleville Women's Republican club next Thursday afternoon at the Woman's club, 5 Rossmore place.

The general meeting will center around discussion of forthcoming

state and presidential elections and plans for the local club's promotion of party candidates. Mrs. Arthur E. Mayer will preside.

Mrs. Mayer took office last spring as did Mrs. David Sundheimer, re-elected program chairman, and Mrs. Harry Fredericks, legislative chairman.

Mary Adams, to Marine Cpl.  
Frank Hodum Jr., son of Mr. and  
Mrs. Hodum of Balmoral Avenue,  
Union.

The ceremony was performed  
Saturday by Rev. Joseph M.  
Kelly in the rectory of St. Peter's  
Catholic church and was followed  
by a reception at the Hotel Sheraton,  
Newark.

The couple was attended by  
Miss Genevieve Knox of Newark  
and by Mr. Hodum Sr. The prin-  
cipals are both graduates of  
Union high school. Mrs. Hodum  
is employed with General Electric  
company while her husband, who

recently returned from service in  
the Pacific area, will report to  
Cherry Point, N. C.

### Vander Zwan - Capanear

daughter of Mr. and Mrs.  
Michael Capanear of 34 Franklin  
street, was married Sunday to  
Cornelius P. Vander Zwan, son  
of Mr. and Mrs. Arie Vander  
Zwan of Leiden, Netherlands.

Rev. Titian P. Menegus pre-  
sided at the double-ring ceremony  
in St. Anthony's Catholic church  
and a reception followed in the  
Woman's club of Bloomfield.

Miss Carmella A. Colucci of 29  
Franklin street and Yo Vander  
Peil of The Netherlands attended  
the couple who will reside in  
Philadelphia.

The bride graduated from  
Belleville high and Newark Voca-  
tional schools. Her husband is  
a member of The Netherlands  
Royal Navy.

Bell Company Honors Veterans

Leonard E. Stanton

Frank C. Larkin

The New Jersey Bell Telephone company honored Leonard E. Stanton of 469 DeWitt avenue, wire chief of New Jersey's largest long distance telephone exchange in Newark, at a luncheon yesterday at the Newark Athletic club, marking his arrival at the thirtieth milestone in his telephone career.

At the luncheon a gold service emblem was presented to him by P. T. Kraus, division plant superintendent for the company.

Stanton entered the service in Newark as a splicer's helper, was in military service in the last war with other telephone men in the 404th Telegraph Battalion and saw service overseas running lines of communication for the A.E.F. He re-entered the telephone service on his return, as wireman and insideman in Newark telephone exchanges.

From 1921-26 he was located in Paterson as switchman, chief

switchman and wire chief, returning to Newark in 1926 as chief switchman and serving there since as maintenance engineer, engineering assistant, supervisor of maintenance methods, staff assistant and in his present position as toll wire chief since 1938.

He is a member of the Telephone Pioneers of America.

Frank C. Larkin of 22 Merz avenue, Saturday joined the "quarter-century club" of telephone men who have arrived at the 25 year mark in the service, and has been awarded the New Jersey Bell Telephone company's gold service emblem in recognition of the anniversary.

Larkin is a member of the Telephone Pioneers of America and a repairman for the company in Newark, where he has been located throughout his career in installation and repair work.

W. S. BEAUMONT JR  
WED IN ELIZABETH

Army Corporal Is Married  
To Margaret C. Nobles;  
Returns to Oregon

The marriage of Miss Margaret C. Nobles, daughter of Mr. and Mrs. George R. Nobles of Elizabeth, and Cpl. William S. Beaumont Jr., son of Mr. and Mrs. Beaumont of 557 Washington avenue, took place in Elizabeth Saturday.

The ceremony was performed by Rev. John B. Crowell in Madison Avenue Presbyterian church after which a reception was held at the Nobles residence.

The Misses Isabel and Grace Nobles attended their sister as did Miss Marie Donofre of Union, Mrs. John Wright and Mrs. John Steib of Elizabeth.

S/Sgt. John Beaumont was his brother's best man. Ushers were the bride's brother, Edwin Nobles; her cousins, Chief Petty Officer Charles MacDonald, USNR and Donald MacDonald, USMS of Elizabeth and Stanley Gilby of this town.

Mrs. Beaumont Jr chose white chiffon for her bridal gown which was made with shirred bodice and full skirt. Her fingertip veil of French net was trimmed with lace draped from a coronet of the same lace. Orchids combined with white roses formed her bridal bouquet.

The attendants wore princess chiffon gowns with matching veiled net Juliet caps. Miss Isabel Nobles, maid of honor, was gowned in yellow and carried purple asters.

Two of the remaining attendants were costumed in aquamarine and two in orchid. They carried arm bouquets of yellow roses.

The bride was graduated from Batin high school, Elizabeth, and has a secretarial position with the Elastic Stop Nut corporation of Newark. She will be at home with her parents after the couple's honeymoon.

Cpl. Beaumont, who recently returned from two and a half years of Marine action in the South Pacific, was graduated from Central high school and employed by the Fidelity Union Trust company of Newark before entering service.

Holder of a Presidential citation and the purple heart decoration, he will report to Klamath Falls, Oregon at the conclusion of his leave.

Frances Ann Bordonaro Weds  
Horace Clayton of Massachusetts

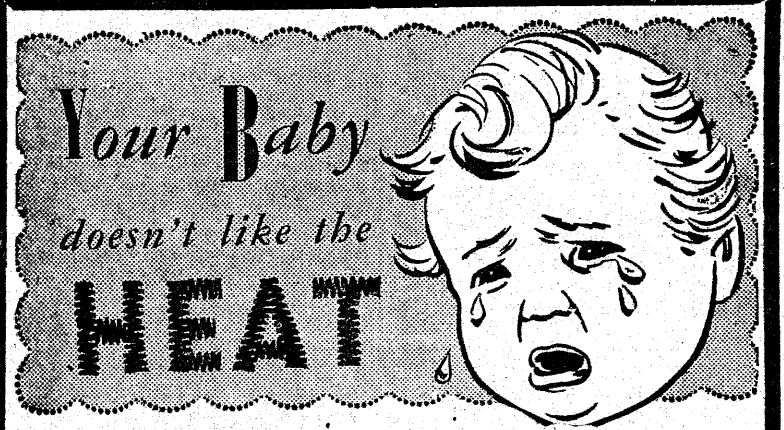

Mr. and Mrs. Vincent Bordonaro of 132 Garden avenue have announced the marriage of their daughter, Frances Ann, to Aviation Metalsmith 1/c Horace J. Clayton, son of Mrs. Amy Clayton of Methuen, Mass.

Rev. Francis A. Ignaciuos performed the nuptials in St. Peter's Catholic church August 12 and a reception followed in the auditorium of St. Anthony's Catholic church.

The couple was attended by Miss Mary Fiorentino of Irvington, Miss Rose Spera of Newark, Miss Rose Distasio of 145 Garden avenue; Michael Bordonaro, brother of the bride, Frank Lovallo and Anthony Spera of Newark.

Mr. and Mrs. Clayton spent a brief honeymoon in the Catskills and she has returned to live with her parents while he has reported back to his base on the Patuxent River, Md.

Mrs. Clayton attended the Newark School of Fine and Industrial Arts and Drake's Business college. Her husband went to Lawrence (Mass.) high school and has been in the Navy four years. He served in Panama and Bermuda.

Give him the protection of a

Today's Youth May Miss Golden Opportunity

The youth of today is a restless generation. That is easily understandable and that restlessness is caused by several factors, some rising from within the individual youth, some from the manner of the times in which we live. It is now considered quite modern among our youth to live fast as though there were no tomorrow. It is modern to be smart, to be independent regardless of age, to be heedless of advice and counsel. Those are characteristics of the youth of our day, even before the war came along to aggravate the situation.

In the years which have come and gone since the war began, today's youth has seen his older brother go off to defend his nation on the far-flung battlefronts of the world, has seen his brother become a hero in the uniform of the nation. Filled with a sort of idol worship, the younger brother still in school has become impatient to get in the fight himself, to try to emulate the deeds of the others. He has been (if he is old enough) partially satisfied by burying himself in a job in a war industry.

To him school now seems dull and uninspiring, for he has not been made to realize that to each of us is allotted a certain place in the war effort and his contribution is that of a student. Making the most of schooling now is a major part of his life

of the future for he now has the opportunity to make concrete provision for an adequate place in the postwar world.

He should not just tolerate school, he should make of it a living vibrant thing; it should be his chance of a lifetime to provision himself for his journey in the American way of life. If he merely tolerates having to go to school as a means of putting in time until he is old enough to don a uniform, he is wasting a valuable opportunity. He harms himself because he is losing something which cannot be made up later. And he creates a future problem of himself for he will not be fitted to take his place in the American scheme of things after the war. He should realize that his older brother will have enough problems of his own when he comes home and does not want to be faced with another one.

Boys and girls of school age owe it to themselves, their soldier-brothers and to the nation at large to return to school eagerly and to get the most they possibly can out of it. They should learn how things are done and why. Unless they are convinced of the worth of the life they are now living (and the convincing job must be done first by their parents and secondly by their teachers), they will have made of themselves a generation which has wilfully maltreated itself.

Free Enterprise Is Not Unrestricted Enterprise

There are so many people telling us so many different reasons for fighting this war that sometimes we begin to wonder if anybody really knows the reason or if there is any thing on which all parties agree. There is one phrase which is bandied about a great deal and which is supposed to represent the basic reason why Yanks are fighting: the American way of life. The only trouble with that is that everybody has his own idea of what is meant by the American way of life.

So a certain segment of Americans have come forward with another catchword: free enterprise. And according to them that is what we are fighting for. Of course, the fight for free enterprise is going on on the home front as well as abroad and then it becomes largely political. For many men are convinced that "that man" in the White House is opposed to free enterprise in the true American sense.

Free enterprise means different things to different people. To one laborer, for instance, it means freedom to go about his little job and get the wherewithal to live without interference from those who would dominate his life. To others on the labor's side of the fence it means freedom to organize their co-workers (or somebody else's co-workers) into tyrannical unions which take unto themselves the power and authority to run the business exactly as they wish — without restraint.

To some employers it means freedom from governmental restraint and unjust taxation so that the real benefits of production can be passed on to those who actually made the goods, those who work for them. To other employers it means freedom to get the most work from the fewest people and to cram their pockets with all that is left

over, regardless of the individual welfare of their employees.

There always have been and there always will be good and bad workers and good and bad employers. Many of the causes of today's orgy of unionism can be laid directly at the feet of employers who, down through the generations, blinded themselves to the fact that freedom is not license, that freedom entails responsibility. What many individuals on management's side really want is not free enterprise but unrestricted enterprise.

Few there are who will deny that free enterprise has for 150 years been the cornerstone of the "American way of life." Men, ordinary men, have been able to get started in a business and watch it grow through the years until it exceeds their fondest dreams. The way a man handles himself at that stage of his career is the true indication of whether or not he is a real American or just another economic fuhrer, drunk with his own power. True, he has begged, borrowed or stolen the capital with which to get started and has thus risked his all in a glorious venture. But he cannot consider himself a great philanthropist just because he permits people to work for him.

It is easy to see which employers today have treated their employees as human beings and not as mere numbers on the time clock. Their plants are not easy prey to the prattlings and the lies of racketeering labor barons who have done more to destroy the true American way of life than possibly any other single factor in the present-day world. Labor and management must realize before it is too late that the freedom of enterprise they so earnestly seek brings with it certain responsibilities toward their fellowmen which are just as real as the external enemies they fight in foreign lands.

Atlantic City Crops up with a Winner

America has never been reticent when it comes to money. The almighty dollar is a very real god and many are the crimes (bloody and otherwise) which are committed for its sake. But government — municipal, state and federal — today could teach even the railroad czars of old a few pointers on how to get after and get more and more shekels out of the pockets of their vassals. The surest way to make yourself popular with your cohorts in government (if you happen to be in public life) is to think up some new and novel way of separating the taxpayers from their dollars.

Atlantic City now comes up with the most original in a long time. The self-styled World's Playground is considering making itself a toll city: its fathers are gleefully rubbing their palms over a scheme to charge a 25-cent toll of every car entering that city. We are surprised at the very modest price

which Atlantic City wants to charge for the privilege of visiting it.

The possibilities are tremendous. We suggest that Belleville immediately set up toll booths on all streets entering the town and pay off the municipal debt in a year. Why, by 1946 we could have a new town hall and before 1950 we could replace every school building. Who can tell — maybe some day we could pave Washington avenue and not have to depend on the county for it. And by scripping a little longer and by enticing a few more cars through the town we might even pave another street in Silver Lake.

On the other hand maybe we could choose to stay in America and not pay the toll taxes when we cross the frontier into Atlantic City. Somehow the ocean always seemed just as refreshing elsewhere anyway. At least, we didn't have to pay to go into it. Nor did we buy the privilege of being fleeced by a crowd of seashore resort sharpies.

Headed for the Stratosphere

Cartoon in the Des Moines Register and Tribune

LETTERS

The opinions expressed in this column are those of the authors of the individual letters and do not necessarily reflect the opinions of the publishers or editors of The Times.

Have Done Tremendous Job

From Frank E. Tripp  
Chairman, Allied Newspaper Council  
To the Editor of The Times:  
The newspaper figures for the Fifth War Loan when compared with those of previous loans speak so well for themselves and Secretary of the Treasury Morgenthau has spoken so generously of them that little comment is needed from any other source.

However, as chairman of the Allied Newspaper Council, I feel newspapers themselves should be reminded of the tremendous job they have done.  
This goes not only for a seemingly impossible accomplishment in numbers of advertisements, total lineage and its value, but it goes also for a stupendous job in the news and editorial columns.  
In both departments, a new high was achieved in the face of obstacles which never before beset the American press.

The combination of circumstances against which the news men worked, newspaper shortage, the invasion of France and a national convention was a combination we never before experienced.  
In the advertising department millions of lines of commercial advertising had to be omitted in order that the more important job be accomplished for our country. Newspapers have every right to be more proud of their Fifth War Loan accomplishment than of any achievement since the beginning of the war.

We shall face another difficult task in the Sixth Loan with a new set of problems but newspapers again will prove equal to their task of carrying the message to the people.

Appreciates Newspaper Work

From Henry Morgenthau Jr.  
Secretary of the Treasury  
To the Allied Newspaper Council:  
Will you please convey to the newspaper publishers of America my sincere appreciation for the outstanding contribution they have made to the success of the Fifth War Loan drive.

In spite of difficult paper shortages, newspapers gave greater advertising and editorial support to the Fifth drive than any previous one.

The newspaper advertising performance has been truly outstanding, and I hope you will ask all publishers to express our thanks to the patriotic sponsors who have so unselfishly supported this vital war financing effort.

Newspapers have every right to be proud of the part they are playing in this financing program and the Nation can be thankful for a free press, which is serving our country so well and unselfishly.

We acknowledge with gratitude the splendid assistance of the Allied Newspaper Council and your fellow publishers.

MEAN MORE THAN A  
GOOD INVESTMENT

Revised Constitution Will Separate Government

This is the fourth of a series of educational and informational articles on the proposed revised State Constitution prepared and released by the New Jersey Committee for Constitutional Revision.

New Jersey's state government, which for years has been operating under the antiquated and inefficient 1844 Constitution, will fully achieve the American system of three-divisional power and responsibility when the proposed revised Constitution is approved by the voters in the General Election next November 7, it was pointed out today by the New Jersey Committee for Constitutional Revision.

The American system is based on a separation of the three powers of government. The 1844 Constitution set up the traditional three branches — legislative, executive and judicial — but on more than one point it allowed encroachments of one upon the other.

Most important of all clauses in the revised Constitution, as regards this separation of governmental power, is the new clause which forbids the Legislature to elect any administrative officer, except the state auditor, treasurer and comptroller who are considered the fiscal agents of the Legislature responsible.

Article III, Section VI, Paragraph I provides this restriction on the Legislature, and the Committee for Constitutional Revision points out that by forbidding the legislative appointment of administrative officers, the new charter places the appointive power and responsibility where it belongs, and always should have been, with the governor of the State.

Section VI makes other important changes in the old Constitution. It imposes new limitation on spending legislation, by prohibiting the passage of private special or local laws which create or change the emoluments, tenure or pension rights of public officers or employees. Under the 1844 charter, tenure or pension rights were not included, nor were "employees."

**Check On Spending**  
While the changes in this clause tighten-up the restrictions on "spending legislation," it does not put as tight a rein as proponents of "mandatory law" prohibitions have sought.

However, the new Jersey Taxpayers association, which for years has been in the forefront of the battle to eliminate mandatory legislation, has taken the position that further controls can be secured through amendment, which under the new charter can be accomplished in much shorter time and under much better restrictions, than under the 1844 Constitution.

The Taxpayers association in a recent statement said "Our organization does not intend to permit the mandatory legislation issue, as important as this is to all taxpayers, to divert in the slightest degree our wholehearted effort to work for the adoption of the Constitutional draft in its present form."

"The document . . . is too valuable a contribution to the welfare of the State to be jeopardized by

proposals for further revision at this time."

Another clause in Article III makes the state militia organization subject to legislation, and eliminates the widely and outmoded constitutional details on election and appointment of militia officers.

This article also provides that zoning may be extended to regulation of the nature and extent of land uses, and that the power to condemn property for public use be extended "to preserve and protect the public highway, parkway, place, improvement, or use."

Proposed Development of Turf Bog

National Recreation Assn. Report  
Convert Clearman For  
Neighborhood Playlot

Report Proposes Abandonment of Athletic Field  
In Favor of Playground; Also Recommends  
Purchase of Plot for District Ten Field

It is proposed that the present athletic field at School No. eight be discontinued and the space utilized for the development of a neighborhood playground. The athletic facilities proposed at the stadium, Edison Field, as well as the existing facilities provided by the Essex County Park Commission along the Passaic River Parkway will be sufficient to meet the needs of youth and adults. The prime need in this section for Belleville is an adequate playground. The proposed expansion of School No. eight, which would include an auditorium seating 1,500 people, will make it a central community recreation center of the town. The area can easily be adapted for playground purposes and the general scheme of development should follow closely the suggestions set forth in the section on Functional Design.

This present indoor center at the Recreation House should continue to function as a supplementary facility in the carrying out of a broad indoor program of recreation.

It can serve only in a limited way because of its size and equipment. There is sufficient space about the building for limited outdoor activities.

It is proposed that a tract of land of from five to seven acres, now owned by the city of Newark and vacant at the present time in the vicinity of Garden avenue, Maier street and Perry street, be acquired and developed as a neighborhood playground.

Belleville Park at the present time provides some playground facilities for children living in the

REAL ESTATE

- Mrs. T. K. Sheehan
- Harvey B. Thompson

vided with showers, toilets, and dressing room facilities.

In front of the stadium a track has been constructed, the length of which is not determined. Within the track football and baseball are played.

Due to the nature of the soil, which is spongy and difficult to drain, the area is commonly referred to as the "bog."

On the west portion of the field along Division avenue an area has been graded for eight tennis courts. These courts have not been constructed as yet and under the present plan they would be oriented nearly east and west which is highly undesirable.

The lack of any large area of vacant property available for playfield purposes elsewhere in the town and the splendid opportunities offered in this area for the development of a wide variety of facilities justifies its use as a major playfield.

It is proposed that a small additional tract of land be acquired in order to round out the field at the extension of Elm street. The proposed use of this property is also based upon the elimination of Austin, Hauck, and Elm streets.

It is assumed that the main entrance to the property will be on Division avenue. This would, of course, necessitate the completion of the paving of Division avenue from the end of the present pavement to Passaic avenue.

The plan provides for four tennis courts located in the area now graded for tennis courts but oriented in a more northerly and southerly direction.

On entering the field from Division avenue, a large parking lot is provided on the west side of the present road through the property and a secondary parking lot on the east side of the road at the extreme northwest portion of the field. Facilities are provided for many types of activities.

An open space is set aside for archery and when not used for this purpose is available for other types of activities including group picnicking.

The bocce courts and a battery of six horseshoe courts are provided, as well as a court for basketball and a double handball court.

A multiple-use hard surfaced area offers opportunities for volleyball, paddle tennis, badminton, shuffleboard, roller skating, social dancing and other types of activities.

Major Field

As this area is to be the major athletic field of the town it is recommended that the present track be rebuilt as a regulation quarter mile track with a 220-yard straightaway.

By utilizing town owned property plus the proposed acquisition at the end of Elm street and the elimination of Elm, Hauck, and Austin streets, there is sufficient space to make this possible.

The stadium would still serve spectators wishing to see track events and field games such as football, soccer, field hockey, etc., played within the track.

There is sufficient room for two softball diamonds within the track. In order to provide a regulation baseball diamond, a special diamond is suggested with adequate bleachers along the first and third baselines.

Two additional softball diamonds are also provided, one in an area set aside for women and girls. In the girls area, facilities are provided for soccer and field hockey.

Additional facilities have been

**Dr. Vincent Barra**  
SURGEON CHIROPDIST

WEDNESDAYS TO 1 P.M.  
EVENINGS BY APPOINTMENT

introduced in order that a diversified program can be carried out. There is a lawn area for croquet, a miniature golf course, and four concrete bowling alleys.

It is assumed that many of these facilities will be provided with lights so that they can be used after dark. The entire area is enclosed by chain link fence.

There is an entrance gate at Norton street, one at Greylock parkway, two from Passaic avenue and the main entrance from Division avenue. Suggestions have been made relative to the planting of trees and shrubs in order to make the area more attractive.

This entire development would be outstanding in that it provides many types of facilities to meet the requirements of both youth and adults.

The very nature of the development makes it the principal playfield in Belleville. Most of the land is now owned by the town.

It is located within easy reach of the majority of people living in Belleville, and is already partially developed. It should further be pointed out that the present boggy condition of the area is merely an engineering problem that can be overcome by suitable drainage and surfacing.

It will be necessary to do considerable grading before the entire area can be made available as shown on the plan.

Passaic Avenue

School No. Seven contains approximately 1 1/2 acres of available playground space.

It is proposed that an additional two acres of adjacent property be acquired so that the total acreage will approximately be 3 1/2 acres.

This property should then be developed with facilities to provide a diversified program of recreation along the lines suggested in the chapter on Functional Design with one exception.

The tennis courts could be eliminated if the proposals for the stadium are carried out. The proximity of the stadium to this area offers an excellent tie-up with the playground.

Outdoor Amphitheater

The order to provide facilities for music, drama, pageantry, public speaking out of doors, it is suggested that the Essex County Park Commission provide an outdoor natural amphitheater in Belleville Park.

At the present time there is an excellent lawn area within the

park with sufficient grade serving no definite function. The construction of an outdoor theater would be a very simple and inexpensive operation.

This theater would provide a

turf stage with wings of plant materials and that the natural slope of the lawn be used as it is so that people could sit directly on the grass.

The site is ample to provide

space for six or seven thousand people and it is the only available site for such a development within the town and in keeping with the general landscape development. Continued on page 4 this Section

VOTE on the Revised Constitution for New Jersey • Election Day, Nov. 7

YES	Shall the Revised Constitution for the State agreed upon by the One Hundred Sixty-eighth Legislature, pursuant to the authority given by the people at the general election held in the year one thousand nine hundred and forty-three, be approved and ratified, as a whole?
NO	

The above question will appear in red ink on all voting machines. If your election district uses paper ballots, the question will appear on your ballot in black ink.

For your convenience and information, the complete text of the Revised Constitution is being published in installments in New Jersey newspapers.

Copies of the Revised Constitution in booklet form will be gladly supplied, free of charge, by your public library or municipal clerk upon request, or may be obtained from the Secretary of State, Trenton, New Jersey, by mailing coupon on this page.

No. 5 in a series of 12 installments

ARTICLE IV—Section I, Paragraphs 1 through 11 (with part of Schedule\*)

Revised Constitution FOR THE STATE OF NEW JERSEY

To Be Voted Upon as a Whole by the Voters of New Jersey at the General Election, Nov. 7, 1944

ARTICLE IV EXECUTIVE SECTION I

Governor 1. The executive power shall be vested in a Governor.

Governor: Qualifications, Election 2. The Governor shall be not less than thirty years of age, and shall have been for twenty years, at least, a citizen of the United States, and a resident of this State seven years next before his election, unless he shall have been absent during that time on the public business of the United States or of this State.

Governor: Disqualifications 3. No member of Congress or person holding any Federal or State office, or position, of profit shall exercise the office of Governor; and if the Governor shall become a member of Congress or shall accept any Federal or State office, or position, of profit, his office of Governor shall thereupon be vacant. No Governor shall be elected or appointed by the Legislature to any office during the term for which he shall have been elected Governor.

Governor: Election 4. The Governor shall be elected by the legally qualified voters of this State. The person having the highest number of votes shall be the Governor; but if two or more shall be equal and highest in votes, one of them shall be elected Governor by the vote of a majority of the members of both houses in joint meeting at the regular legislative session next following the election for Governor by the people. Contested elections for the office of Governor shall be determined in such manner as may be provided by law.

Governor: Term of Office 5. A Governor elected for a full term shall hold his office for four years beginning at noon on the second Tuesday of January next following the election for Governor by the people and ending at noon on the second Tuesday of January four years thereafter. The Governor, when elected for any full term, shall be incapable of holding the office again until the second Tuesday of January in the fourth year after the expiration of the term.

Governor: Succession to Office (6, 7) 6. In case of the death of the Governor-elect before he is qualified into office, in case of the death, resignation or removal from office of the Governor or in case of a vacancy in the office for any other cause, the powers, duties and emoluments of the office shall devolve upon the President of the Senate, and in case of his death, resignation or removal, then upon the Speaker of the General Assembly for the time being, until a Governor be elected and qualified.

Governor: Filling Vacancy 7. In case of the impeachment of the Governor, his absence from the State or inability to discharge the duties of his office, the powers, duties and emoluments of the office shall devolve upon the President of the Senate, and in case of his death, resignation or removal, then upon the Speaker of the General Assembly for the time being, until the Governor impeached or absent shall be acquitted or shall return or the inability shall cease, or until a Governor be elected and qualified.

Governor: 8. In case of a vacancy in the office of Governor, a Governor shall be elected to fill the unexpired term at the next general election succeeding the vacancy unless the vacancy shall occur within sixty days immediately preceding a general election in which case he shall be elected at the second succeeding general election; but no election to fill an unexpired term shall be held in any year in which a Governor is to be elected for a full term. A Governor elected for an unexpired term may assume his office as soon as his election has been determined.

Governor: Compensation 9. The Governor shall, at stated times, receive for his services a salary, which shall be neither increased nor diminished during the period for which he shall have been elected.

Governor: General Powers and Duties 10. He shall be the commander-in-chief of the militia and all the military and naval forces of the State; he shall communicate by message to the Legislature at the opening of each regular session, and at such other times as he may deem necessary, the condition of the State,

and recommend such measures as he may deem expedient; he shall take care that the laws be faithfully executed, and grant commissions to all officers elected or appointed pursuant to the provisions of this Constitution. All officers whose election or appointment shall not otherwise be provided for by this Constitution or by law shall be nominated by the Governor and appointed by him with the advice and consent of the Senate. No vacancy in any office which is to be filled by the Governor with the advice and consent of the Senate or by the Senate and General Assembly in joint meeting may be filled by the Governor by a temporary or ad interim appointment at any time, except as may be provided by law.

Nominations and Confirmation 11. The Senate shall either confirm or reject each nomination to office within a period of six weeks after the same has been submitted to it by the Governor unless within that period the nomination is withdrawn by the Governor or returned to the Governor by the Senate; and any nomination not rejected, withdrawn or returned within the period shall be deemed confirmed at the expiration of that period. The withdrawal or return of a nomination before its confirmation shall render it of no effect. No appointment or nomination shall be made by the Governor during the last week of his term.

ARTICLE XI—SCHEDULE—SECTION III

\*The "Schedule" provides for orderly transition from the old to the new Constitution. In the official text it appears as a single Article (XI) at the end of the Revised Constitution. For ready reference, however, the Schedule is being printed in appropriate parts with the Articles to which it relates.

1. The Governor in office at the time this constitution takes effect shall hold his office until noon on the second Tuesday in January, one thousand nine hundred and forty-seven. A Governor shall be elected for a full term at the general election held in the year one thousand nine hundred and forty-six and each fourth year thereafter.

2. If, on the second Tuesday in January, one thousand nine hundred and forty-five, no Governor shall be in office, the powers, duties and emoluments of the office shall devolve upon the President of the Senate, and, in case of his death, resignation or removal, upon the Speaker of the General Assembly for the time being, until a Governor be elected as required in this Constitution for the unexpired term and qualified.

The run-in side headings are not in the official text of the Revised Constitution. They appear above for your convenience.

Convert Clearman For Playground

Continued from page 1 Second Section  
ment of Essex County Parks it is felt that a great deal of benefit would result from such a development.

When not actively in use, the theater definitely becomes a landscape feature of the park and thus it would contribute not only to the needs of an outdoor cultural program but add greatly to the aesthetic value of the park itself.

Third River

The west portion of District No. Seven is now only partially developed. It is one of the few sections of Belleville in which there can be room for a playground.

In order to provide a playground to meet the future needs of this section it is proposed that a tract of land of approximately five acres, in the vicinity of Celia terrace and Joramelon street, be acquired and later developed for a neighborhood playground.

Municipal Camp

The present Camp Caragher, located on the Third River, is now used exclusively by the Boy Scouts, yet owned by the town.

It is recommended that additional land be acquired on the opposite side of the Third River, extending to Rutan lane and bounded on the north by the Nutley line and on the south by Joramelon street.

The amount of property involved would be between ten and fifteen acres. This property should be developed as a municipal camp site and operated for all groups in the town interested in camping. It is proposed that the area be used as a day camp where children from different sections of the town can be taken to spend a day in the area.

The present building would serve as headquarters and the area should be developed with nature trails and provided with grills for cooking food.

It should be available for both Boy and Girl Scouts but not exclusively used by either. Additional overnight camp buildings might be constructed.

Montgomery Section

The present playground on Mill street is not only inadequate in size and development but highly dangerous as it is necessary for children to cross Mill street which is a real traffic hazard.

This play area should be eliminated and a larger and safer one developed to meet the needs of this neighborhood.

It is, therefore, proposed that a tract of land of approximately 2½ acres in the vicinity of Brighton and Acme streets be acquired and developed for a children's playground.

Friendly House

The present recreation building, now privately owned, on Florence street, known as Friendly House, should be acquired by the town and its use continued as a community center.

It will be necessary to remodel this building in order to obtain a more effective and efficient use of the entire plant.

For example, the existing stage is too small to function and, therefore, should be eliminated and an adequate functional stage provided in its place.

The locker, shower, and dressing room facilities should be replaced with modern equipment and more space provided.

It is not possible in this report to go into detailed recommendations for the remodeling of this building as it involves a separate study in itself.

It is felt, however, that the facility is vitally needed in this section of Belleville and that with some changes the present facilities can continue to serve the community more effectively.

The small playground in the rear of the building on Naples avenue should be increased in size in order that a broader program can be conducted.

It is therefore recommended that the dwelling and property adjacent to the playground on the north with a frontage of approximately 75 feet be acquired and utilized in the expansion of the play facilities in this area.

The need for more adequate

play facilities in this section of Belleville is dramatically pointed out in an analysis of social problems. The carrying out of this proposal would contribute greatly to the quality of living in this section of Belleville.

Edison Field

In order to provide adequate playfield facilities in the Silver Lake section of Belleville it is proposed that an area, known as Edison Field, plus adjacent farm property totaling approximately ten acres, be acquired and developed for a playfield.

The property recommended for acquisition is vacant at the present time and a portion of it now used for baseball and softball. The entrance to the field is on Franklin street.

Near the entrance provision is made for two tennis courts, a double handball court, a court for outdoor basketball, two bocce courts, four horseshoe pitching courts, and a multiple-use area. This multiple-use area is provided with courts for various games. It should be hard surfaced and the lines of the game courts painted directly on it.

Provision is made for volley ball, paddle tennis, badminton, and shuffleboard. It is designed for other uses such as roller skating, dancing, etc.

The field contains a major baseball diamond with bleachers on both the first and third baselines. A field house provides lockers, shower, and dressing room facilities, as well as public toilet facilities to serve the area.

As this is the only available area in this section where children can play softball and various field games, two softball diamonds with 45 foot baselines are proposed.

A regulation softball diamond is also provided. Soccer, football, and other field games can be played in the area when not used for softball. A development of this type would provide facilities for a diversified program.

It would provide a recreation area in a part of the town that at the present time has nothing in the way of facilities to meet the needs of youth and adults.

Community House

Included in this plan is the Silver Lake Community House and playlot operated and maintained under private auspices.

The playground is far from adequate in size and development yet it is the only available property in this section of the town where a playground is feasible.

It should be pointed out, however, that adjacent properties are of such substandard character that they might be acquired so that the playground could be somewhat enlarged to better meet the needs of this community.
