

GRAND JURY WILL PROBE WILLIAMS' GAMBLING LINK

To Act on Prosecutor's Quiz Of Charges Mayor Okayed Game Operations Here

Allegations that Mayor Williams was implicated in a proposal to permit Newark gambling interests to operate in Belleville will be investigated within the next two or three weeks by the county grand jury.

This was the announcement made Tuesday by Prosecutor William A. Wachenfeld who last week received the report of assistant Prosecutor James L. McKenna on the findings of his five-month search into the case.

The mayor himself was the first to bring the allegations to light last April when he charged that Public Safety Director King had "suppressed" a report signed by Deputy Police Chief Leighton.

The Leighton report is said to contain the gist of his own findings in the case. The document was according to King, a routine report such as would be rendered in any police case.

At the April 11 Commission meeting, Williams questioned King at length and later submitted a transcript to the prosecutor's office. The transcript was made by a clerk hired by the mayor.

At the time Williams charged that, while the report itself had been hushed up, he (the mayor) was undergoing "trial by slander" in the political undercurrent in the town.

"Vicious Attempt"

He charged King with a "vicious attempt to injure that I cherish more than dollars or property—my personal reputation in this and neighboring communities."

Williams took the transcript of the questions and answers to Wachenfeld and demanded that the prosecutor investigate not only the contents of Leighton's report but the mayor's own charges of laxity in the police department.

The grand jury's investigation will be made in secrecy and no announcement of its findings is expected to be made unless it returns an indictment.

It is not known what Belleville public figures will be called to testify but during McKenna's investigation Commissioner King, Noll, Mertz and Waters were quizzed.

Red Cross Home Nursing Class To Start Tuesday Evening

A series of twelve weeks' of classes in the art of nursing the sick at home will begin Tuesday evening at 7 in the nurses' room at Union avenue school under the tutelage of the Red Cross.

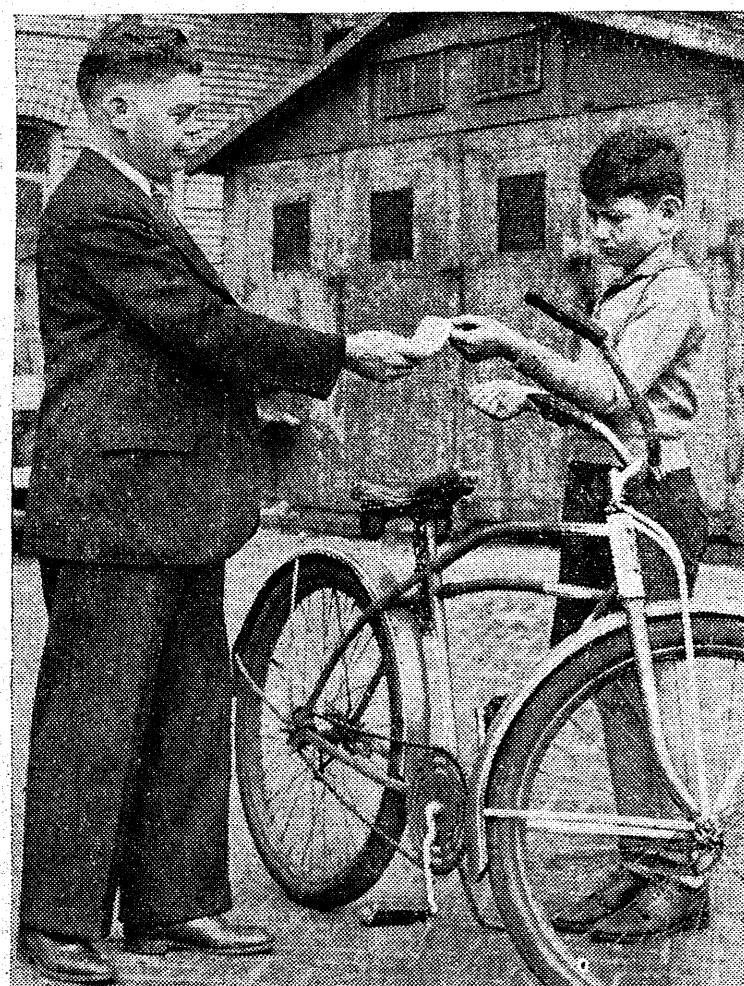

Classes will be held at the school Tuesday and Thursday evenings from 7 to 9 and Friday afternoons from 3 to 5. The complete course will take 24 hours of instruction.

Registrations are being accepted at Red Cross headquarters at 258 Washington avenue, Belleville 2-2373.

"Wounded war veterans are already returning to their homes; many more will return," a Red Cross official pointed out. "They will require the understanding home care that Red Cross home nursing courses can teach wives and mothers to provide."

Mrs. Charles Yokum is chairman of the course and the instructors will be Mrs. Grace Orth, Mrs. Helen Healy and Miss Esther Olfen.

Leads Parade for Bike Registration

RECEIVING THE FIRST bicycle registration card, number BE-1, is nine-year-old Paul James Haberkost, son of Mr. and Mrs. Gusav M. Haberkost of 41 Mertz avenue. The boy received his card Sunday from police reservist Raymond Schofield. More than 75 boys and girls have already registered their bikes with the police department in the campaign to sign up every bike-owner in Belleville. Purpose of the move is to aid in recovery should the bicycle be stolen. (Photo by Raymond S. Hall.)

Vote to Appraise Value Of School Properties

Will Check Evaluation against Insurance; Claim Of High School Architect to Be Reviewed; Two Resign, Four Appointed to Teaching Jobs

A complete survey and appraisal of all buildings and equipment owned by the Board of Education was authorized by the board Monday night on the recommendation of Joseph F. Arnold, newest member of the board and chairman of its finance committee. The purpose of the survey will be to determine the amount of adequate insurance to be carried on the property. The appraisal will be made by an independent expert, one not connected with any insurance company.

The last such survey was made here in 1938, prior to which time it was a board policy to make an appraisal every five years, according to District Clerk Ruel E. Daniels.

After the appraisal has been made, a survey will be instituted to check the school's insurance. The cost of the project was placed by Arnold at between \$300 and \$400.

A seven-year-old claim of James O. Batelle for some \$3,000 allegedly owed his now-defunct architectural firm was referred to the finance and the building and grounds committees for investigation and possible settlement.

The figure represents, according to board president Herbert C. Schmutz, the amount of difference between specifications and the completed work of the addition to the high school erected in 1937.

Schmutz said many attempts had been made to settle the claim

for about \$1,000 but that all had failed. Batelle has placed the matter in the hands of William K. Flanagan, Newark attorney.

Personnel Changes

The major portion of Monday's meeting was devoted to changes in teacher personnel and Supervising Principal Wayne R. Farmer revealed that there are 24 new teachers in the school system this year, eight of them in the high school.

Two resignations were accepted: Samuel Y. Blair Jr. from the commercial post at the high school and Mrs. Janet Deutsen Pettigrow from the elementary schools.

Miss A. Cynthia Caldwell of Walpole, Mass., will take Blair's place at a salary of \$2,100. Miss Gertrude W. Rounds of New Hartford, N. Y., was employed at \$2,400 as high school librarian.

Appointed to positions in the elementary schools were Miss Irene L. Piragowski of Bayonne and Mrs. Virginia T. Kurdy of Hoboken. They will teach in schools three and four and will receive \$1,300 and \$1,200 respectively.

Mrs. Harvey E. Mitchell of 3 Belmont street was granted a contract as permanent substitute at \$1,600 a year to fill in for Miss Stacy A. Yaskell of 18 Reservoir place who is on a sick leave of absence.

Belleville will again provide instruction for tubercular children who are patients in the Isolation hospital. Nine students will receive instruction from Mrs. Douglas M. Sharp of 228 Cortlandt who was hired at a salary of \$1,200.

The home school districts of the pupils will pay \$1 a day to Belleville and this town will also receive some recompense from the state. Should there be any loss to Belleville, the county will make up the difference.

Building Use Permits
Permission was granted Passaic avenue school PTA to use the building at night September 26, February 26 and May 14.

The Red Cross was granted the use of the nurses' room at Union avenue school for twelve weeks for its home nursing course. Classes will be held Tuesday and Thursday evenings and Friday afternoons.

The resignation of James J. Salmon of 37 Prospect street as a school janitor was submitted and

ANIMOSITY ABSENT IN SCHNEIDER PLAN FOR SOHO HOSPITAL

Medical Society Head Says: Management Has Been Good; Deplores Empty Beds

There is no animosity and no criticism of the management of the county Isolation hospital in the proposal of Dr. Louis Schneider that part of the local plant be converted for use as a hospital for chronic illnesses.

So said Schneider in a statement to a Belleville Times reporter yesterday. He said that his proposal is based solely on the fact that there is not at present sufficient call on the facilities of the hospital to keep it reserved solely for contagious diseases.

Schneider, who is president of the Essex County Medical Society, has been carrying on a program of publicity calling attention to "the facts in the case."

"We respect and certainly appreciate the way the Isolation hospital has been run in the past and we feel that we owe a vote of thanks to Dr. Areson for what he has done."

"Our suggestion is to have Dr. Smith named medical director of the entire new institution. It is one of the best-run hospitals in the county."

He was referring to Dr. Ellis S. Smith, superintendent of the hospital, and Dr. William Areson, chairman of the institution's advisory board.

Registration Drops

Schneider claims and Smith admits that only a small fraction of Soho's 500-odd bed capacity has been in use in recent years. Smith told a Times reporter Tuesday that the registration at that moment was 72.

The drop from the peaks of former years he attributed to improved medical methods and changed ideas on what constitutes a hospital case. Complete isolation is not always necessary, he indicated.

He pointed out, however, the necessity of maintaining the facilities to care adequately for peak loads during the time of an epidemic. The highest patient population was reached in March 1936 when the hospital had 481.

Explaining "improved medical methods" he pointed to the almost complete absence of diphtheria the shorter hospital stays for scarlet fever and venereal disease because of treatment methods developed in the past ten years.

Would Convert

Schneider proposes that one wing of the main building (155 beds) and several smaller buildings (about 200 bed capacity) be converted to use of chronic and neurological cases.

"I think the time has come when something should be done with all those empty beds," Schneider declared. "There is no reason to keep them empty."

Asked what would happen in case of a contagious epidemic if there a shortage of beds at the hospital, Schneider replied that the chronic illness wing could be vacated in a day and the patients could be moved temporarily to various hospitals.

"The 155 beds in the west wing would absolutely be enough for contagious diseases in a county of a million population. Brooklyn has twice the population has only 252 beds."

The medical society will further the discussion tonight at a meeting at Schneider's home; Areson will be present. A meeting to arouse public opinion is planned for October 12.

SEVEN DAYS LEFT FOR REGISTRATION

County, Town Offices to Open Four Evenings Next Week; Miele Flays Apathy

Anthony P. Miele, commissioner of registration for Essex county, today called attention to the fact that next Thursday is the last day for filing of registrations and transfers for the coming election.

His office in Newark (county Hall of Records) will be open from 9 a.m. to 10 p.m. daily from Monday through Thursday next week and the town clerk's office will be open from 9 to 5 and from 7 to 10 p.m.

"I am of the opinion that large numbers of persons who are qualified to register are failing to do so and such failure will keep them from being eligible to vote in the presidential election," Miele said.

"While this apathy may largely be due to the fact that many of our citizens are busily engaged in the war effort, I think that too great a number forget that elections are the tests of free government and that the continuation of our cherished principles demands active participation in elections."

Miele added that his office had uncovered several cases where persons who did not live in New Jersey one year and Essex county five months were induced to register in disregard of the election laws.

He warned that all persons in any way connected with or assisting in the making of illegal registrations or the casting of ballots of illegal voters would be charged with violating the election laws.

ROBERT A. STECKER REPORTED KILLED IN FRENCH ACTION

Beech Street Soldier Leaves Daughter He Never Saw; Albert Lariviere Missing

The thirty-fifth gold star was added to Belleville's service flag with the announcement that Pvt. Robert A. Stecker Jr. of 76 Beech street was killed in action in France August 15.

His wife, the former Ruth McGarvey, does not know the exact sector of his death but believes it may have been southern France which was invaded that day. He was still in Italy twelve days before.

The 24-year-old Army engineer moved to Belleville two years ago from Newark. He had attended Newark Vocational school and was formerly employed with Crucible Steel corporation of Harrison.

He was inducted in April 1942 and went overseas four months later. He was a veteran of two years of Allied operations in North Africa, Sicily and Italy before going to France.

His wife and their 16-month-old daughter, Carolyn, whom he never saw, are residing with her mother, Mrs. Maud McGarvey of the Beech street address.

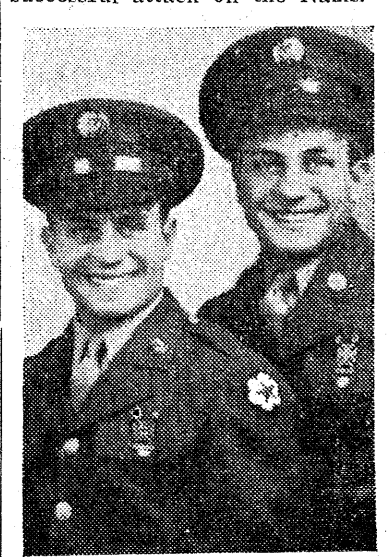

He also leaves his parents, Mr. and Mrs. Robert A. Stecker of 406 Summer avenue, Newark; three brothers, Fred of Newark, Pvt. William in New Guinea and Seaman 2/c John Stecker in Hawaii; and a sister, Gertrude at home.

Former Resident Killed

T/Sgt. Wallace Reed, 27, son of Mr. and Mrs. W. Russell Reed of Nutley, was killed August 6 in France.

The Reeds lived for six years at 25 Van Houten place, moving to 110 Beech street, Nutley, fourteen months ago.

Reed graduated from Barringer high school, entered the Army more than two years ago, went to North Africa with the invasion forces and was awarded the silver star for leading his platoon in a successful attack on the Nazis.

Anthony and Caesar Casale

The Casale twins have never been separated for very long. They enlisted together, went overseas together, fought together across France and when one was wounded July 30 the other took him to the hospital.

The 23-year-old sons of Mr. and Mrs. Joseph Casale of 13 Mary street graduated from Belleville high school in 1937 and both worked for Resistoflex corporation before entering the Army signal corps in September 1943.

They went overseas six months ago and to France shortly after the invasion. When Anthony was wounded and evacuated to an English hospital, they were separated for the first time.

"I was going for blankets at night," wrote Anthony from the hospital. The blankets were in a truck "a few hedgerows from my foxhole."

A "Jerry plane" came over suddenly, dropped a flare for a swarm of Nazi bombers following. He and two buddies hid under a half-track. A bomb landed directly in front of the vehicle.

Casale was not hit but suffered concussion. The half-track, which was full of ammunition, caught fire and a few minutes after he and his buddies left, it blew up.

Anthony wandered half-dazed around the area whistling, from long habit, for Caesar who heard the call and took his twin to the medical. Anthony was evacuated by plane. Caesar went on fighting the Huns.

They have another brother in the Navy: Seaman 2/c Robin Casale is stationed at Pensacola, Fla.

Sydney W. Sydam, 27, son of Mr. and Mrs. Washington I. Sydam of 84 Wilber street, was wounded on the Chebourg peninsula.

Town Agencies Earn Praise For Post-Hurricane Work

Public Works, Shade Tree, Other Municipal Offices Clear Most Streets; Many Sections Without Lights, Telephones after Worst Storm in History

Many evidences of the tropical hurricane which struck the eastern seaboard Thursday evening were still to be seen around Belleville today despite the work of various municipal agencies which gained widespread praise here for their efforts to clean up the wreckage strewn streets. No serious injuries were attributed to the sixty-mile-an-hour gale which swept over the town to climax three days of rain. Principal damage was suffered by trees and electric wires in all sections of the town although many awnings and even a few plate glass windows were blown to smithereens. The path of the hurricane had been charted by meteorologists up the coast for several days but nevertheless few expected that inland Belleville would be hit quite as hard as it was.

TWO MEN CHARGED WITH LIQUOR THEFT FROM SIMON STORE

Newarkers Face Grand Jury In \$1,000 Spirits Larceny; Quizzed in Irvington

Arraigned in police court here last night and charged with the theft of more than \$1,000 worth of popular brand whiskies from the Simon Liquor store of 547 Washington avenue was Ralph Borriello, 20, of 529 North Fifth street, Newark.

His arraignment climaxed three weeks of investigation by Deputy Chief Elmer S. Leighton and Detective John Mariano which began its final stage Monday evening with the arraignment of Peter Muscio, 30, of 391 Fairmount street, Newark.

Both men were held for the grand jury. Muscio's bail was set by Recorder Everett B. Smith at \$1,500.

The liquor was stolen August 31 and was reported by Mrs. Harry P. Simon, wife of the store owner who is now serving with the Army in Italy.

She estimated the haul at 23 to 25 cases. Leighton said yesterday that fourteen and a half had been recovered and there was hope of retrieving the rest.

Five nights after the local robbery, a similar theft of 28 cases was frustrated in Irvington when a police sergeant encountered two men loading the back of a sedan.

The men fled but the car was traced to Borriello's brother who was not linked with the attempted larceny. The brother is said to be a resident of Belleville.

Leighton and Mariano later discovered a legitimate tavernkeeper who had purchased part of the stolen goods and had given a check in payment.

Used Own Name

The finger was put on Muscio when he endorsed the check with his own name. He was reported by the bank and was arrested in a Newark house at 1:30 Sunday morning. He is said to have told the Belleville detectives the whole story.

Meantime, Borriello was reported at Port Monmouth. Leighton and Mariano nabbed him at the shore resort Thursday afternoon. Borriello is said to have refused to talk.

Borriello, according to Leighton, served his first reformatory sentence for an automobile larceny charge when he was fourteen. He has served time three times for larceny and was released from Rahway only a year ago.

Muscio's police record is clear, Leighton said. Judge Smith took this fact into account at the arraignment.

The pair was questioned in Irvington Tuesday and it is understood that there is a state warrant for Borriello on a parole violation charge.

NAME 8 LAWYERS TO VETERANS AID

State Assistance Program Plan Being Organized; John Dailey Heads Belleville Effort

Names of eight men, most of them lawyers, who volunteered to give free legal advice to returning Belleville veterans, were announced Monday by Lieut. Col. E. N. Bloomer, state selective service director.

They are Edward J. Abramson, Harold J. Cavanaugh, Nicholas J. Colaninno, Ruel E. Daniels, Thomas C. D'Avella, Paul de Hagara, Lawrence E. Keenan and John M. Stoddard.

This was the first step in the organization of Belleville's part in the statewide veterans' assistance program. John P. Dailey of 188 Division avenue, draft board head, has been named chairman of the program here.

The Belleville committee, it is understood, will be composed of men from selective service, United Employment Service and the veterans' organizations.

One of the next steps will be to augment the reemployment committee of the draft board. Ernest H. Alden of 58 Prospect street has handled this phase alone thus far but he is expected to be aided by the service officers of the American Legion and Veterans of Foreign War posts.

B-HIVE TO REOPEN TOMORROW NIGHT

Teen-Agers' Dry Night Club Begins Operations; Closed Two Months for Repairs

The B-Hive, Belleville's youth center which left all expectations of its sponsors far in the background last year, will reopen tomorrow night in the high school gymnasium, according to an announcement yesterday by B-Hive president Anthony Flynn, high school junior.

Began experimentally last spring, the B-Hive all but overflowed the gym at the high school as more than 400 teen-agers crowded into it every night it was in session.

The "dry bar" was closed in July to permit refinishing of the floors but the closing also gave the committee an opportunity to replenish the stock of recordings and reorganize certain organizational functions.

Plans for the reopening were formulated in two meetings early this week: one of the student governing body and the other of a group of adults who will be responsible for the supervision of the coke bar.

The governing committee, which is composed of a elected representative of each home room, appointed a constitution committee which will prepare rules by next Tuesday.

In the meantime, the B-Hive will operate on an open-house plan with no membership cards needed and no admission charge.

Smith Threatens Heavy Penalties To Non-Conformist Bus Drivers

Bus drivers who fail to pull in to within five feet of the curb when stopping to take on or discharge passengers will face stiff fines in Belleville, Recorder Smith warned five drivers last week.

The five, who are drivers for Public Service and Garden State Lines, received suspended fines and costs with a warning that "a second offense will mean heavy penalties."

A recent check-up on buses who violate this regulation was instituted under the direction of Lieut. Kenneth Smith, head of the traffic squad. He has notified all bus companies of Belleville's intentions in the matter.

Craftsmen Plan Show, Dance

The eleventh annual show and dance of the Craftsmen's Club will be held November 4 in the Elks Club, president James R. Lampman announced Monday night after the first meeting of the committee which is headed by Eric Peterson.

Howard Oliver of Kearny has been retained to book a show of stage headliners.

Stand Guard

Throughout the hurricane, fourteen-year-old Eddie Fitzsimmons, son of Mr. and Mrs. George Fitzsimmons of 590 Washington avenue stood guard at Washington and Greylock parkway to warn motorists from the tree and the live wires in it.

Eddie was visiting down the street when he saw the tree crash and a little later heard the call on the radio for air raid wardens to report to their stations.

He ran home through the storm, put on his "junior air raid warden" outfit, including white helmet and flashlight, and voluntarily took up sentry duty at the intersection, detouring traffic over Greylock.

Official police tabulation of reports telephoned to headquarters Friday morning showed 27 trees had fallen and 42 trees felled on the streets of the town. There is no estimate of the number on private property.

Throughout the storm and for hours afterward, thirty police reserves and a dozen auxiliary firemen were alerted to aid the members of the regular departments.

Services Called Out

The regular and reserve police and firemen were called out or reported voluntarily for duty and most were stationed at danger points. After the storm many town hall officials and clerks were pressed into service as watchers.

Tax Assessor Charles W. Watson, for instance, stood guard for many hours over a live wire on Cortlandt street.

During the wildest portion of the hurricane two great swamp maple trees in front of the home of state Taxation Finance Commissioner Homer C. Zink of 26 Rossmore place crashed simultaneously blocking Rossmore place and High street.

A poplar on the property of Mrs. Anna Karer of 32 Overlook avenue was blown over, nearly crushing the two-car garage behind the house.

A block away at 53 Overlook avenue, a maple of considerable size was hurled into the front of the house but caused little damage.

Park Escapes
Silver Lake was the most lightly hit portion of the town. Belleville Park, because it is located in the Second River valley, escaped almost entirely unscathed.

The Passaic River rose almost a foot level and the Second River became its usual mirror-like aging torrent. Neither lowered its banks, however.

The double plate glass window of the Acme Market at 321 Washington avenue was shattered and some damage was sustained at Miles shoe store at 171 Washington avenue by water driven through the window onto its shoe display.

Many Trees Down

The next morning the task of repairing the damage began. The department of Public Works and the Shade Tree commission led the effort to clear the streets of alien trees, of which there were between forty and fifty.

Town agencies have cleared the streets of the forty-odd trees which were felled but will not remove any trees which crashed on private property. This was because of the liabilities involved.

Deputy DPW director Hugh Welsh said that the trees, which were cut up on the spot, were taken to the western end of Liberty avenue where they are available to all comers.

Untold damage to foodstuffs was caused by the electricity failure which thawed refrigerators in scores of homes for several days.

Monday morning the town Commission met in emergency session and appropriated \$4,000 to pay for tree removal and sidewalk and curb repair.

Chapman's Blues Pale Compared to Tomasko

Good Counsel Coach Prepares to Meet Bellboys, Has Squad of Seventeen, Six Veterans, Season Opener on Clearman Field Saturday Afternoon

Bill Chapman has been crying the blues over the prospects of his Bellboy footballers in the tough campaign which opens Saturday. But his blues are of the robin's-egg variety compared to the deep purple which surrounds Johnny Tomasko. Johnny is the mentor of the Good Counsel eleven which will face the Blue and Gold across the scrimmage line Saturday afternoon at 2:30 on Clearman Field. The season's opener will find Tomasko with eleven starters and just six substitutes to throw in to give his regulars a rest. "I may be able to find two or three freshmen to pad out the roster by Saturday," Tomasko said yesterday, "but the

seventeen will have to bear the brunt of the battle."

As far as first strings are concerned, Tomasko might seem to have the edge over Chapman. The

last year's first stringers in the forward wall.

They are Vince Vaccarella, Frank Bemis and Jack Byrne. Vic Pasquariello, last year's basketball and baseball captain, will call the signals for the Bellboys.

In the cast at the opening whistle will be four other lettermen and first subs from 1943: Les Del Tufo, Ben Meschio, Joe Paganelli and Pete Del Vecchio.

C. K. Corbett, FBI Special Agent, To Address Wesley Men's Club

Charles K. Corbett, special agent for the Federal Bureau of Investigation, will address Wesley Men's Club Monday evening at 8:15 in the opening meeting of the fall season.

Corbett, whose wide range of experience in affairs criminological will prove of interest to his audience, was obtained as speaker through S. K. McKee who is in charge of the Newark FBI office.

Continuation of the summer baseball darts contest will feature the games section of the program which will be followed by refreshments.

Future programs tentatively list a demonstration by the Belleville Bicycle Club in October and a chow mein supper in November.

O'Connor and Monahan Gang Up On PGA Pro-Amateur Tourney

Two Belleville brothers-in-law stood the state golfing fraternity on its collective ear Friday and spun out a flashy 62 to win the PGA pro-amateur championship at the East Orange golf club.

Maurie O'Connor of 18 Fairview place, professional at Branch Brook, and his brother-in-law, Tim Monahan of 16 Arthur street, shot a mighty respectable 32 on the way out and finished up with a blazing 30 to clinch the honors. Maurie shot brilliant golf all the way but he was helped immeasurably by his partner, who used his handicap to good advantage.

WILLIAMS URGES PARENT-TEACHER ORGANIZATIONS

Elementary School Cafeterias, Vocational School, Recreation Also Suggested by Mayor

A four-point program for betterment of the Belleville school system and a strong recommendation that every school district have a PTA highlighted an address by Mayor Williams to the Parent-Teacher Association of Jorammon street school Tuesday afternoon.

First on the mayor's list was an exploration of the possibility of establishing a cafeteria system throughout the elementary schools. Only the high school now has a cafeteria.

"Because of Belleville's peculiar position in the center of this great production area," the mayor

also urged the Board of Education to give "serious consideration" to the establishment of a vocational school.

He spoke not only of the turning of local attention to this subject but urged all school boards in this area to consider the proposition to give youth basic training in production fields.

He asserted that "the matter might be better handled by the county" but declared that the present Essex County system "is very inadequate."

School Recreation

His last two points involved recreation. The first was "the fall use of the playgrounds and public buildings and auditoriums of the town."

He also urged a fuller athletic fact that school buildings are not in use for municipal recreation. "These great investments can give full return only when they are fully used," the mayor stated.

He also urged a fuller athletic program in the schools: "I believe our children come to school

for more than just to learn. They also want to find out how to play and how to deal with other people."

Belleville is in a financial position today, Williams declared, "where, with good sensible guidance for the next six or eight years, a great many improvements, previously thought impossible, might be done."

The mayor concluded with a strong appeal for active PTAs in Belleville and declared that "every section of the community should have a strongly organized PTA."

Junior Red Cross Begins Yule Packages for Hospitals, Services

Junior Red Cross members in all schools are already busy on their yuletide quotas, chairman Mrs. William H. Williams announced yesterday.

The juniors are making soft toys, filling Christmas boxes to be sent to children abroad, collecting games and making favors for local and veterans' hospitals. The high school unit is making Christmas menu covers for the Navy.

Members of the JRC council are Rev. Joseph M. Kelly, Wayne R. Farmer, Mrs. Vera Eskholm, Mrs. Marion Hershey, Mrs. Phyllis Capparo, Mrs. Cleita Hutchinson, Mrs. Dwight Streeter, Mrs. Albert W. Peppel, Mrs. Angelina Stagliano, Mrs. Joseph Salmon. Also on the council are the Misses Margaret Patten, Stacy Yaskell, Evelyn Pozzo, Lillian Eigher, Maude Miller, Agnes Culkin, Louise Bergman, Regina J. Brennan.

DR. BROSNAN OPENS GUIDANCE DEPT.

Director, Seven Counsellors Begin Operations; Remodelled Classroom Now Laboratory

What was formerly classroom 105, next to Principal Johnson's office in the high school, has been remodeled into a Guidance Laboratory for the youth of Belleville.

The laboratory consists of a reception office, the office of the coordinator, three offices for consultation, and an office for student activities, which will eventually be the quarters of the Student Council, the B-Hive and other student organizations.

The staff of the Guidance Laboratory consists of seven counsellors: Miss Eloise E. Best, Miss Regina Brennan, Miss Greta M. Condon, Mrs. Myrtle Emick, James Keen, Miss Elsie Sandford, Mrs. Anne Snedeker, and the coordinator, Dr. Thomas J. Brosnan.

These counsellors are fulltime teachers who recognize the need for student guidance and are, to quote Superintendent Farmer, putting "service above self" and contributing time and effort to assist the youth of Belleville in their many complex problems.

Members of the armed forces are welcome to visit the Guidance Laboratory. They will receive assistance in learning where their friends in the armed forces are and in making appointments for visiting classes and friends.

Goodwill Speaker

Miss Frances Tencate

Miss Frances Tencate, long a resident of Nellore, India, will be the speaker at a special missionary meeting sponsored by the Goodwill Guild at Grace Baptist church tonight at 8.

In the early years of this century Miss Tencate opened the girl's high school at Nellore which was a pioneer institution of its kind. Beginning with three timid pupils, she built the school to a position where it now has a high official standing and a long list of distinguished graduates.

Later she taught in the elementary and the normal training and practicing school. Previous to her work in India, Miss Tencate had been for eight years a public school teacher in America. She is a native of Phoenixville, Pa.

In view of the present far-eastern situation this speaker is thought to be of particular interest at the present time. The general public will be welcome to hear her.

Born in Altoona, he lived in York for many years before moving to Belleville a year and a half ago. He was a designing engineer with the Resistoflex corporation here.

She is survived by her son, Hal W. Earl of the Bell street address, and a grandson, Navy Lieut. Wellesley Earl who is now in France.

Mrs. Josephine Ndasky Orsulak

A solemn requiem mass was offered yesterday morning in St. Peter's Catholic church for Mrs. Josephine Ndasky Orsulak of 34 Lincoln terrace. Interment under the direction of the Kiernan funeral home was in the church cemetery.

Kidde

Magic bottle rescues flyer!
Gas-under-pressure is stored in small Kidde cylinders on rubber rafts that keep our forced-down flyers afloat. Pilot turns a valve and gas expands 450 times, pouring life-saving buoyancy into raft in three seconds. This is carbon dioxide—the gas that puts "fizz" in soda pop!

Gas brakes for crippled planes! When hydraulic system is shot up, pilot switches to Kidde carbon dioxide to power the brakes, landing gear.

Motor-bike built for two—firemen! Naval airports kill fire fast, with Kidde carbon dioxide extinguishers rushed by motorcycle "crash trucks" to scene of fire.

Snow-bath for a hot engine! If fire breaks out in big engines of PT boats, a blizzard of snow-gas from Kidde carbon dioxide extinguishing system blasts it out.

Gases-under-pressure, harnessed by Walter Kidde & Company, are serving our fighting men in many ingenious ways. After the war they'll serve you. Look for them!

Own Planning Essential Here, Told Lions Club

Controlled use of the land in Belleville by means of a "comprehensive, non-political" town planning board is essential to the progress of the town, Joseph C. Duval, editor of The Times, told the Lions Club last week.

Individual developers who have built up certain sections practically without restraint and without consideration of the relation with the rest of the town, he said, are an indelible mark on Belleville, he declared.

He pointed to the numerous similarly named streets, to the numerous one-block streets, to the disjointed streets, to several examples of improper zoning, to the inability to conquer the housing shortage without a definite plan for apartment development.

The couple have made their home here four years. Former Newark residents, Mrs. Laux was Miss Helen E. Decker of that city before her marriage. Laux is an engineer on the Pennsylvania railroad.

Their only son, now A/S Clinton C. Laux, is studying for his Naval commission at Cornell university after ten months in the South Pacific as Fire Controlman 2/c.

He entered the Navy two years ago. Returned to this country in July he attended midshipman's school in Asbury Park for six weeks. He is particularly enthusiastic now over having made the Cornell football team.

Rev. Peter R. Deekenbach will perform the ceremony at 5:30 after which a reception will be held at the Elks club. Mrs. Doris Sheard of Floyd street will be the wedding vocalist.

Senior attendants will be Miss Joan McNeill, sister of the bride-elect, and Dr. John Dante P. Monaco of Newark, brother of the bridegroom-to-be.

There will be in addition bridesmaids, the Misses Vera Ebsary of Bath, N. Y., Miss McNeill's cousin, and Mary Monaco, Mr. Monaco's sister. Four-year old Frances Monaco will be flower girl. Ushers are William McNeill and Mario Guarducci of Montclair.

Miss McNeill has chosen a bridal gown of white satin made with full skirt. Beaded medallions decorate the sweetheart neckline, bodice and the skirt. Her fingertip veil will be fastened with a band of orange blossoms. The bridal bouquet will be of white roses.

Net And Taffeta

The net and taffeta gowns of her attendants will be matched by their headresses of net blossoms and veiling. Miss Joan McNeill's costume will be coral and she will carry gladioli of a matching shade; the other attendants in blue will have bouquets of yellow gladioli.

The flower girl's costume will be a miniature replica in coral of that of the maid of honor; she will carry a basket of blossoms.

Miss McNeill, a registered nurse, was graduated from Elmira, N. Y., high school and from the school for nurses of the Buffalo City hospital. She moved here with her family three years ago and is employed by Dr. Monaco.

Lieut. Francis R. Gerard of Lyndhurst, who was born here and lived at 66 Greylock avenue until he was graduated from Ralph street school, was recently reported by Air Forces headquarters in England to have destroyed a German Messerschmitt over Leipzig with one short burst of fire from his P51 Mustang.

The twenty-year old pilot was made a first lieutenant in England in May and in July was awarded the air medal and his first oak leaf cluster. He has made fifty combat missions.

Will you be lucky enough to have a glass roof over your head?

You hear a lot and read a lot about how the postwar world is going to be a kind of wonderland...

A wonderland of tear-drop automobiles, helicopters, clothing made from coal, and houses from glass.

It's all quite possible.

But let's not forget that these things won't come free of charge. Let's not forget that America as a

country... Americans as individuals... will need money, and plenty of it, to make these dreams of a peacetime world come true.

Today you have that money.

Are you letting it slip through your fingers? Or are you using it to help your Country win the war... and help yourself enjoy the fruits of Peace?

Every War Bond you buy and hold does both these things. Every \$3 you invest now to back the

Attack will bring you back \$4 ten years from now when you may want and need those dollars much more than you do today.

So, keep on buying Bonds with every dollar you can scrape up. Hang on to them against all temptation.

There's no better way to back up your fighting men.

There's no better way to be sure of having the good things, the good life, in the world of tomorrow.

WAR BONDS to Have and to Hold

The Belleville Times

Adjustment Important To Those at Home

Few professions give more opportunities to observe the wide variety of human emotions than do the duties of the newspaper reporter. He often sees his fellow men in the dizzy heights of exaltation and in the very depths of despair. He may interview a football hero right after a game and follow it up by covering the news of a tragic automobile accident. Attendance at the opening of a new youth center may follow hard on the heels of an interview with a new widow. For each occasion, because of his desire to obtain factual and true information, he must change his personality completely.

Probably the toughest ordeal through which a reporter must go today is that of interviewing the family of a new war casualty. He is able, however, to sense within a few seconds the degree to which those at home have adjusted themselves for a long period before the fateful telegram arrived. There are many parents who have honestly admitted to themselves the possibility that their hero in khaki or blue might be injured or even killed in the service of his country.

If the blow falls then, the parents are much more able to bear it. After the first tragic stroke, they are able to regain their composure sufficiently to realize that, while a major part of their life may be missing, the world has not completely stopped. There is still a future to be faced.

On the other hand, the reporter often is

called upon, in the pursuance of his obligation to keep his public completely informed, to interview the family which has persistently chosen to believe that Johnny is away on a picnic and will assuredly return to them the same little boy he was when he left. They have blinded themselves, deliberately or unconsciously, to the fact that Johnny was going into danger and might be hurt.

When the tragedy strikes, it does so suddenly and without warning, without even the warning which that family might have given itself. The individual members of the family go to pieces, are completely prostrated, are useless to themselves or to anyone else. Their predominant reaction is one of overwhelming self-pity. Occasionally non-adjusted parents have even attempted suicide on receipt of the news. Should a reporter come to the house, his expression of sympathy is brushed aside and often he is abused as though he personally were responsible for what had occurred.

Self-adjustment is probably the greatest social asset a human being can have. Adaptability to the circumstances of the moment can be a far more valuable social grace to one's self than to the other members of mankind with whom it is necessary to come into contact. In these times of stress and danger the ability to adjust one's mental outlook can make otherwise unsurmountable tragedies easier to bear.

Bad Timing May Wreck Good Effort

Timing is an important factor in any project, but particularly in those which aim at raising certain amounts of money from the public for the benefit of the public. Few money-raising campaigns in Belleville ever had worse timing than the last effort of the Community Chest-National War Fund.

Completely unprepared to begin the drive at the time of the scheduled November opening, it was postponed until January 6. It was not until the night of January 5 that a general chairman was selected and announced. Realizing the impossibility of attempting to begin the campaign with a half-organized committee, the fund drive was immediately postponed until February 10, two days after the end of the Fourth War Loan, three weeks before the Red Cross roll call and right in the midst of the income tax season. Only by dint of a tremendous effort by the chairman and his committee was the Community Chest able to raise two-thirds of its goal.

Present indications point to a partial repetition of last year's mistakes and last year's lack of advantageous timing. The local drive is scheduled to begin two weeks from Monday so that it can tie in with the publicity campaign of the National War Fund. Yet with only two weeks to go, the general chairman has not yet been selected (he

should have had at least two or three months to map his strategy), the budgets have not been ascertained and few of the campaign necessities have been provided for.

The general chairman should be paid the courtesy at least of having a say in the selection of the committee heads and the district captains. The organizational set-up should have been completed a month ago so that the captains might choose and instruct their canvassers before the last minute. The publicity splurge should already be nearing the crescendo. The budgets should have been submitted and approved two months ago. There was widespread dissatisfaction with last year's goal of more than \$20,000 as far too high. Yet when the opposition to it developed, it was too late to reduce the figure. Will history repeat itself?

Several factors have undoubtedly contributed to the present indicated unpreparedness for the 1944 drive. First there was the normal let-down following last February's effort when everybody connected with it sighed with thankfulness that it was over. Before the pick-up could come, it was vacation time and the heat of summer, when practically all planning for it ground to a halt. Only a month intervened from Labor Day to the start of the campaign. It is to be hoped that these factors will not militate too heavily against the success of the 1944 Community War Fund campaign.

State Licensing of Bicycles Needed

The announcement made last week that the Belleville Police department would begin immediate voluntary registration of all bicycles in the town was a great step in the right direction. Under the plan, bicycle owners may, if they wish, take their bikes to police headquarters where an identification number will be stamped in the metal on certain data taken for filing in head-books. The purpose of the move is primarily police in the difficult task of identifying bicycles after they have been stolen. It would be wise of every bike owner to take advantage of this free

are no more subject to traffic regulations than if they were on foot, that the traffic laws apply only to automobiles.

Further, the increase in the number of bikes on the road has made for a considerable increase in the number of thefts. More than fifty bicycles have been stolen in Belleville alone so far this year. It is very difficult to trace a bicycle and there is practically no way to identify it even should it be recovered. For these reasons very few stolen bikes are ever returned to their rightful owners.

Some of this difficulty might be overcome by state licensing of bicycles and their drivers. A license on the wheel itself would aid recovery as much as a plate does on an auto. Licensing their drivers would put the driver under the motor vehicle regulations of the state and make him liable to the same penalties for violations. Greatest dangers on city streets today are bikers who zig-zag as they ride and those who tear through red lights. Both would be drastically curbed by state licensing.

He Would Take It All

LETTERS

From Mrs. Julia O. Reiner
Executive Secretary
Community Service Bureau
338 Washington Avenue

To the Editor of The Times:
I am writing in reference to your story on August 17th concerning the widow and eleven children unable to locate living quarters after a fire had destroyed their home.

Your article stated that appeals to social agencies brought no results and that one virtually turned a deaf ear to the dilemma of the family. Shortly after we heard the fire engines that day last April, we received a telephone call from the family's worker at the State Board of Children's Guardians, telling us what had happened and asking for suggestions and possible help.

We recognized the plight of the family, but all we could do was to restate from our long time knowledge that there is an extreme shortage of housing in Belleville for all families, regardless of size or income.

There is nothing we could do for this family that the State agency already responsible for their support would not do if and when new quarters are located.

We are always glad to cooperate but do not believe in duplication of effort. As an agency we are not capable of accomplishing the impossible and certainly we can not reach into the limbo to create housing, much as we wish we could.

Aware Of Shortage

For years we have been aware of the shortage of low cost housing and have a great deal of first hand knowledge of the hardships this lack has caused to families known to us.

In June 1941 our Case Committee sponsored a public meeting on "Housing in our Time" in the hope of stimulating interest in a public housing project for the town.

It was learned at this time that proposals for Federal Housing Aid had been tabled by the Town Commission.

A need long felt before the war, has been aggravated by war time pressure. Any family required to find new quarters today for any reason whatsoever faces an almost insoluble problem, to which they must devote a great deal of time, energy and shoe leather.

May I say that because we know what the real situation is in regard to housing, we have an active interest in widening public interest in this community need.

In closing let me say that the local housing problem will still be with us when the war is ended, and I hope that there may be sufficient informed public opinion to lead in taking constructive steps toward a solution.

The Times' statement still stands: appeals to social agencies brought no results. Proof: for five months the Mundy family has had to continue to exist in the fire-gutted shack at 48 Belleville avenue because no one has been able to find a landlord with a heart big enough to rent to this family. —Editor.

might have caused serious injury or death to some unsuspecting school child.

This efficient service, to me, is but further evidence of the extent of what may be accomplished in times of stress from organized voluntary help when needed.

Appreciates CD Efforts

From Everett B. Smith
Chairman, Defense Council
Town of Belleville

To the Editor of The Times:

I would like to express to the personnel of Belleville's Civilian Defense Organization, including the Police Reserves, Fire Reserves, Air Raid Wardens and others, the commendation of the Council for the splendid assistance given to the Belleville Police and Fire Departments the night of the recent hurricane.

Those who volunteered sacrificed their personal comfort and security for a night of real dan-

ger, thereby displaying a high regard for community cooperation and aid when it was most needed in a local catastrophe.

I know of my own knowledge that assistance given the local police, for example, was appreciated by them and their Chief and represented a genuine contribution to the welfare of the people of Belleville since the effort to cope with the serious situation which arose was impossible with the regular members of the department.

Those who volunteered, and they were many, can rest assured that their services were appreciated.

Army Has Unhappy Gunner

From Pfc. William J. Moffitt
505 Bomb Sqdn., 483 Bomb Gp.
AAB, Harvard, Nebraska

To the Editor of The Times:

For the past few weeks you have caused the Army to have a very

unhappy gunner on its hands. Reason: you have forgotten me. The last Belleville Times that I read was the August 24 issue; since then blank.

Our paper has always been a great source of interest to me, especially while so far from home and in the service. I like to read about the other fellows in service and what is going on in school. I trust that "High-Lights" will again be a part of the paper this year.

I noticed in the August 24 edition that Belleville is going to purchase two B-29s with its war bonds. I want to congratulate the committee on its wise choice. They couldn't possibly have chosen a better fighting machine to christen. I know — I fly in them.

Defends PTA Activities

From Mrs. Katherine P. Speed
President, Greylock PTA
To the Editor of The Times:

I have read with interest your editorial in last Thursday's edition regarding the PTA and the necessity for this organization justifying itself. As an active member of one of the largest PTAs in Belleville I question this.

We have a large membership and good attendance — particularly in these times when it is difficult for working mothers and mothers with small children to get out — and we are still trying to get more parents interested.

We have study groups, health, safety, food, clothing, child psy-

chology, etc. from which we feel even the most conscientious mother can benefit. We have had speakers and, on one occasion, a refugee lecturer who, we feel, made us realize and appreciate again our American way of living.

It made us understand some conditions people live under in other countries and made us more determined to protect and improve our own way of living.

We know our taxes help pay the teachers' salaries but — we feel that the teachers are better trained and the Board of Education more experienced, or it should be, in the methods of teaching.

We can meet the teachers and discuss our children's reactions to conditions and work in school but I do not believe we can tell a trained teacher how she should do her job any more than we would let the teachers tell us how to handle our homes. We can do more by trying to understand her methods and working with her.

The officers of our particular PTA work hard and give a great deal of their time to this organization. We feel, and our records show, that the PTA has done a good deal towards creating a better understanding between parents and teachers.

An understanding of what the teachers are trying to do and conditions in the home but we know we can still do more.

As our biggest problem is persuading parents to come to these meetings we thank the editor for this opportunity of bringing the PTA to the attention of his readers — also parents.

Governors on Constitution Revision

Past and present Governors of New Jersey, men who have experienced the handicaps and shortcomings of state administration imposed by our 100-year-old constitution, have often urged and advocated revision of our state constitution.

The following Governors, Republicans and Democrats alike, have recorded their valued opinions favoring constitution revision:

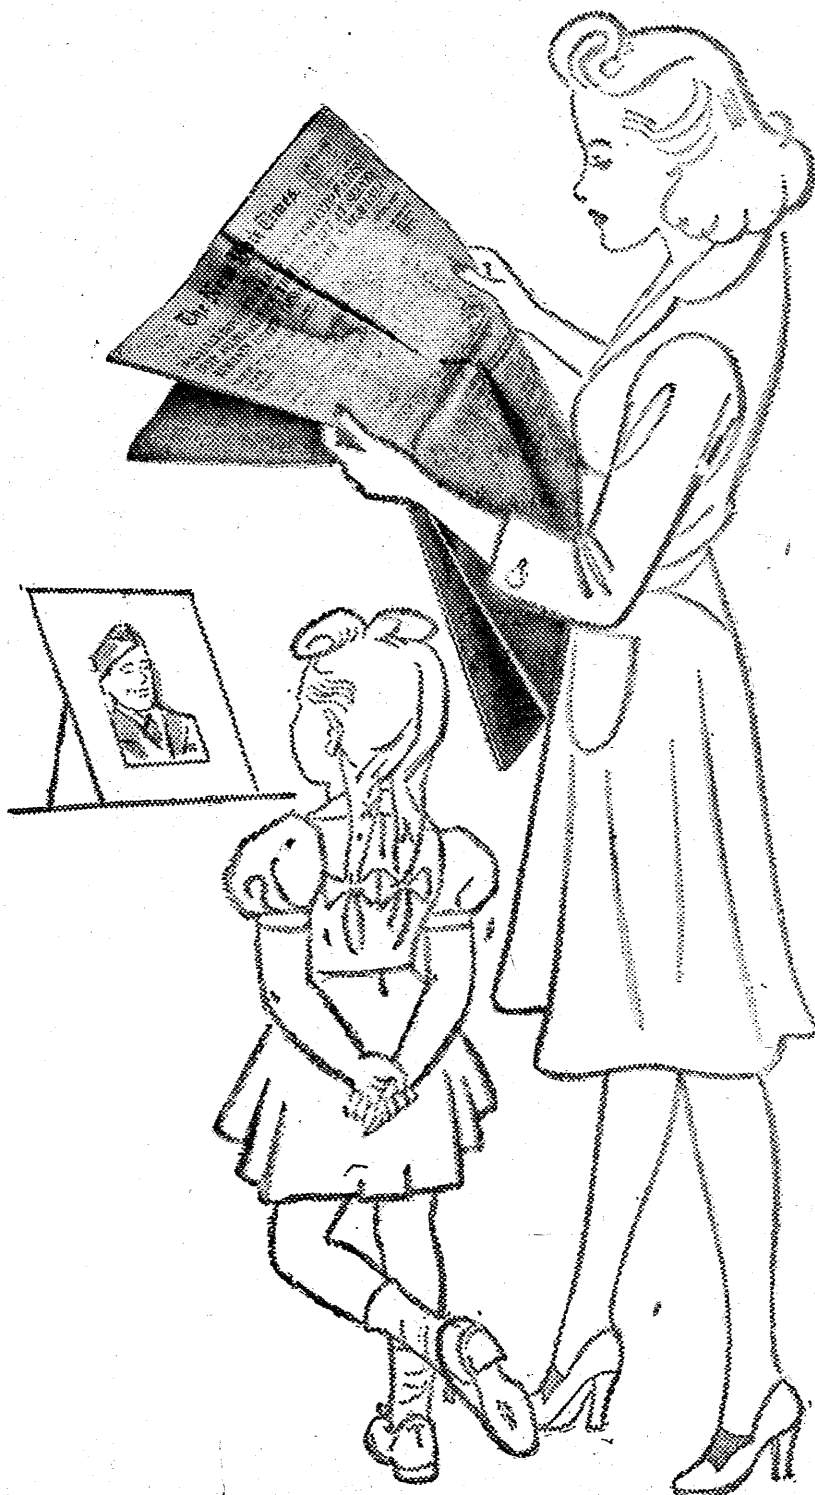

1944 Governor Walter E. Edge	Republican
1942 Governor Charles Edison	Democrat
1928 Governor A. Harry Moore	Democrat
1927 Governor E. C. Stokes	Republican
1913 Governor Woodrow Wilson	Democrat

LOSES CONTROL OF BIG COAL TRUCK

Heavy Loaded Vehicle Plunges Down Belleville Avenue Hill, Hits Political Clubhouse

A large, heavily-laden coal truck careened out of control down a hill on Belleville avenue Wednesday afternoon and came to a halt only after it had grazed the front of the Belleville Political and Social Club at 282 Belleville avenue.

The driver, James Dodge, 31, of 331 College avenue, The Bronx, told police he put the truck into low gear at the top of the hill near Columbus avenue.

The tie-rod broke, he said, and the truck rolled down the hill, knocked down a street sign, scraped the building and stopped finally just before hitting a telephone pole.

Dodge was not injured. The truck is owned by Thomas H. Barone of 1032 Intervale avenue, The Bronx.

A woman was injured in an accident which occurred at Belleville and Franklin avenues about six hours later.

According to police, John P. Stanisci, 27, of 31 Lexington avenue, Montclair, nearly ran into the traffic circle at the intersection while trying to make a left turn into Franklin.

While he was backing, his car was struck by Timothy Duffy, 44, of 303 West Nineteenth street, New York, who was driving west on Belleville. Mrs. Duffy suffered a bruised right knee.

ED BERLINSKI WINS PRISONER SPORTS

Former Bloomfield Athlete Stars in Games at German War Prisoner Oflog 64

New Jersey men among the American prisoners of war interned in Germany have been active this summer in sports tournaments, Col. Franklin D'Olier, chairman of the New Jersey division of the National War Fund revealed today.

First Lieut. Edward T. Berlinski, a tank corps officer who was captured in North Africa in 1943, and 2nd Lieut. F. W. Maxwell of Jersey City were recently awarded War Prisoners Aid sports badges as outstanding athletes at Oflog 64 in Germany. They were cited in a report D'Olier received from the Geneva office of War Prisoners Aid.

Berlinski is the son of Mr. and Mrs. Alexander Berlinski of 341 Hoover avenue, Bloomfield. His wife lives at 95 Carpenter street, Belleville. He was a quarterback of the Bloomfield high school state championship team in 1934.

American airmen imprisoned at Stalag Luft Three, near Sagan, Germany, have also held sports tournaments recently. Details were disclosed in a report of Col. Delmar T. Spivey, camp spokesman.

Spivey, stated that more than 100 men of his command participated in a recent track meet and that an autumn meet has been planned.

"Competitive golf matches are also scheduled for the near future," he added. "We have formed approximately 40 softball teams, 25 basketball teams, an innumerable volleyball, football and soccer teams. In addition much interest is shown in badminton, boxing, and fencing."

Pointing out that the athletic gear, trophies and awards are supplied by War Prisoners Aid, a member of the National War Fund, D'Olier added, "Our statewide campaign next month for the 22 war fund agencies will maintain this fine service to our men who are captives overseas."

Boy Scouts to Discuss Camporee Plans at Meeting Tuesday

Plans for a fall camporee for the Belleville Boy Scout district will be formulated Tuesday evening at 8 at a scoutmasters' and leaders' round-table discussion at the Recreation house.

The fall schedule of activities will also come in for some planning as a preliminary to a district committee meeting to be held early in October.

The plan of the Robert Treat Council is to advocate that each of its seven districts hold its own camporee at a time and place to be selected.

Henry Minasian, chairman of the Belleville district advancement committee in Newark two days ago to consider plans to set up troop review boards and courts of honor here.
