

## OLD CHRIST CHURCH BELL TOWER TO BE DEDICATED SUNDAY

To Sound After Fifteen Years  
Of Silence; Memorial Tower  
To 120 Parish Servicemen

The tongue of old Christ Episcopal church bell will be loosened again Sunday after maintaining a silence of fifteen years during which it weathered the storms of the years in the tower of the old church building on Main street near William.

It has been moved to a newly-constructed tower in the newer Christ church edifice at Washington avenue and Essex street and will be dedicated Sunday afternoon at 3:30.

The new tower was erected by the members of the congregation and their friends as a monument to the 120 parishioners now serving in the military uniform of their country.

The rector, Rev. Peter R. Deckenbach who is celebrating the twentieth anniversary of his pastorate, will conduct a brief service of dedication and the bell will be rung by his younger son, Paul Deckenbach.

The senior and junior choirs of the church will provide the music for the occasion under the direction of organist George Weston and the principal address will be given by Harry G. Specht, president of the Belleville Foundation.

The new tower, which has been constructed of steel and concrete, is on the south side of the church, is 27 feet high and about fifteen feet square at the base.

**Not Much Known**  
Information concerning the old bell is very meager and the first mention of it is in the minutes of the vestry of July 7, 1890 where it reads:

"The Committee on Church and Grounds reported that the expense of putting up the new bell would be \$413, less the amount allowed for the old bell \$126. The net amount would be paid by Mrs. Ray Smith."

No one seems to remember what has become of the original bell, but one tradition tells of it having been recast in the new bell, while the minute above suggests that it was sold.

No mention is again made of the bell until a meeting held on June 30, 1891 when a resolution was passed that \$250 be borrowed from the church fund to put a cover over the bell and that a competent architect be employed to furnish plans for the same and proceed with the work.

From this minute, one supposes that the bell hung exposed to the weather for about a year before plans were completed for covering it, but as a matter of fact, it was not until July 12, 1892 that the top was completed.

**Silenced**  
The old bell called the faithful together for the next twenty years. Then the parish house was erected on Washington avenue and the bell was silent except for the occasional tolling at the burial of a member of the congregation in the church yard behind the Church.

The last time it is believed to have been tolled was at the funeral of Roger Kingsland of Nutley, the church's senior warden and first president of Nereid Boat club after it was founded in 1875.

**District Boy Scout Camporee**  
October 14 at Camp Belbosco

The annual fall camporee of Belleville Boy Scouts will be held at Camp Belbosco (onetime Camp Carragher) October 14-15. The camporee will open at 9 Saturday morning and close at 4 p.m. the next day.

Parents and friends of the scouts will be invited to visit the camp Sunday afternoon. A committee of thirteen adults is arranging the details of the camporee. They are:

Robert Meyer, Bertram Stanley, William Ross, John L. Sullivan, Charles Mougell, Joseph J. Brunner, Harry F. Brumback, Franklin W. Peterson, Lindley Graves, Slocy Sheard, Robert Lloyd, Leroy Richardson and Robert Bartholomew.

The committee is arranging a program which will include camping, a campfire, games, inter-club contests and demonstrations of the fine arts of scouting.

**Rotary Assembly**  
The annual assembly of Belleville Rotary will be held tonight at 6 at Forest Hill Field club. Chairmen and members of committees will attend to prepare their reports for the forthcoming visit of the district governor and to lay plans for the coming year.

**What Next?**  
Wilenski Construction company of Clifton reported Friday afternoon to police that thieves had walked off with an 8x10-foot tool shed from a lot at 211 William street between September 20 and 29. No trace was found.

## William R. White, Albert Lariviere Reported Killed in Europe Action

Sailor Had Been Missing in Mediterranean for a Year;  
Soldier Was Killed in D-Day Invasion of Normandy;  
War Department Lists Five Others Wounded

Two more gold stars were added to Belleville's flag of honor this week as the thirty-seventh and thirty-eighth local men were reported killed in action.

Quartermaster 3/c William R. White and Pvt. Albert H. Lariviere had previously been listed as missing but word to their families this week revealed that they had made the supreme sacrifice.

The War department this week also listed five soldiers wounded in the service of their nation.

**Missing a Year**  
After having been reported as missing for a year, Quartermaster 3/c William Russell White, 30, was said last week by the Navy department to be "presumed to be dead."

The son of Mrs. Caroline White of 63 Holmes street and the late William A. White has not been heard from since his destroyer was blown up in the Mediterranean September 11, 1943.

He perished amidst terrific enemy barrages off the beaches of Salerno when, according to some reports, his destroyer exploded and went down in 36 seconds. It was his first trip abroad.

The sailor was born in Belleville and lived all his life here, attending Belleville high school for three years. He was formerly employed in Eastwood-Nealey corporation.

He enlisted in the Navy November 2, 1942 and was called to active duty the following May. Besides his mother, he leaves four brothers, Pfc. Kenneth in Holland, Cpl. Gordon in Camp Stewart, Ga., Seaman 1-c Clifford at Mechanicsburg, Pa., and Stanley at home; and a sister, Mrs. John Dolan, also at home.

**Died in Normandy**  
Aime Lariviere of 92 Tappan avenue was notified last week that his son, Pvt. Albert H. Lariviere, 30, was killed in action on June 6, D-day in Normandy. The youth was in the first wave to hit the beaches.

Through his wife, Mrs. Anna Lariviere of 61 Van Winkle street, Garfield, the father learned several weeks ago that his son was missing (see The Times September 21). The soldier also leaves a daughter, Alberta and a sister, Mrs. Florence Cavanaugh.

Born in Newark, Albert lived in Belleville 26 years. He attended Belleville high school and was employed with Federal Ship-

yards prior to his induction in May 1943.

He went overseas last September and had been serving with a unit of the Army corps of engineers.

**Ken Bedford Wounded**  
A New Testament given him by Bethany Lutheran church when he entered service possibly saved the life of Pfc. Kenneth H. Bedford, 25, when he was in the thick of enemy action July 11 in France.

Bedford wrote that he ordinarily put the testament in his left breast pocket but that day he had it in the right pocket. When shrapnel exploded near him, it pierced the book which broke its force. He was not hit elsewhere.

He is the son of Mrs. Louise Julian of 33 Perry street and Leslie Bedford of Irvington and the husband of Mrs. Charlotte Carlson Bedford of 221 Malone avenue.

After attending Belleville high school, he was employed with the Cosgrove Wire Weaving company before answering the first induction call in November 1940. He has been overseas six months and is now back on duty in Holland.

He was a member of the Belleville Senators which won the Belleville-Nutley baseball championship in 1938. His brother, Storekeeper 3/c Allan Bedford, is on his way home after serving two years in the South Pacific with the Seabees.

**Second Brother Hurt**  
Pvt. Lester E. Feltey, 32, was wounded in Normandy eight months after his brother, Marine Cpl. Raymond L. Feltey, 23, was injured on Tarawa.

Sons of Mr. and Mrs. Percy

Feltey of 126 Cortlandt street, they are the husbands respectively of the former Wanda Winowich of Harrison and Mildred McKeown of Darby, Pa.

Lester suffered a serious leg wound July 26 in the bitter fighting which followed the invasion of Normandy. He is still in a cast in a hospital in England.

A basketball star at the high school from which he graduated in 1930, he worked for Crucible Steel corporation, Harrison, before his induction in February 1943. He has been overseas eight months.

Raymond, BHS '38, enlisted in March 1942. He has recovered from his shoulder wounds suffered November 20 on Tarawa, and is now stationed at Saipan. Another brother, William T. Feltey, was discharged from the National Guard three years ago after eight years' service.

**Saved By K-Rations**  
Pvt. Howard L. Schreyer, 33, has sent home to his wife the bullet-riddled K-rations tin box which probably saved his life when he was wounded July 7 in France.

When a shell exploded nearby, he was hit in the arm and leg by shrapnel but one piece, which was headed for his left chest, was stopped by the little tin box.

His wife, Mrs. Cornelia Cochran Schreyer, has preserved the box together with his purple heart. He is the son of Mr. and Mrs. Julius A. Schreyer of 21 Bremond street.

Schreyer graduated from Belleville high school in 1929 and was employed with the Commercial

## Propose Complete Plan To Assist Veterans

Foundation Unveils Veterans Assistance Program,  
Asks Commission to Hire Guidance Director,  
Erect Memorial Community Center

A complete organizational plan for Belleville's assistance to returning World War II veterans was presented last night by the Belleville Foundation to the town Commission for study and action. In a meeting in town hall attended by the five commissioners and by many of the members of the Foundation's committee, "The Belleville Plan," as it will be officially known, was explained in detail and by Plan details all the steps which can be set up by the town for aiding to reestablish the veteran in the civilian life of the community. Its principal provisions call for the town to employ a fulltime Veterans' Guidance Director and the

establishment of a central headquarters to which the veteran can go for all the advice and assistance he needs.

The Plan was explained last night by Harry G. Specht, president of the Foundation, who said that "hundreds of Belleville residents had worked for more than a year investigating and working out this plan."

He declared that, as soon as the recommended plan is set up and in operation, the Foundation will withdraw completely from it and leave its management to the town.

He traced the course of the returning veteran through the draft board to the Veterans Assistance Bureau which draft chairman John P. Dailey has agreed to head, under appointment by state selective service headquarters.

**Vet with Problems**  
The veteran who has problems to be solved (it will be entirely voluntary) will be sent to the said guidance director who, after listening to the problem, will direct him to the proper agency.

**Prepare Handbook**  
To guide him in his return to Belleville will be an attractive handbook prepared by the Foundation.

**DIAMONDS, WATCHES, JEWELRY**, at prices always in line with the quality of the merchandise offered. Victor Hart, Jeweler, 457 Washington avenue, Belleville, N. J.

**We Service All General Motors Cars**

There will in addition be two advisory committees which will not come in contact with the veteran but which will guide the overall policies of The Plan.

One of the committees will be composed entirely of veterans who will offer advice directly to Dailey and the guidance director.

The other committee will be composed of one representative of each of several organizations in the town. The representatives will be appointed directly by their organizations and will have authority to speak for them.

Appointment by any single group was frowned upon, Specht said, "to prevent making the veteran a political football."

Organizations which will appoint members are the American Legion, Veterans of Foreign Wars, Red Cross, Community Service Bureau, Manufacturers Association, Air Raid Wardens, Town Commission, Board of Education, AFL and CIO.

**Plant Officials Slated to Address Industrial Recreation Meeting**

Officials of two Belleville industrial plants are scheduled to address the second Industrial Recreation conference Tuesday and Wednesday at the Montclair Athletic club.

On the program are Harry G. Specht, vice president and general manager of Eastwood-Nealey corporation and president of the Belleville Foundation, and Kent R. Costikyan, personnel manager of Walter Kidde & Company.

The conference is under the joint auspices of the North Jersey Industrial Recreation Association and the National Recreation Association. John W. Faust of NRA, who assisted in the recent recreational survey of Belleville, is scheduled to preside at one of the six sessions.

## GIRL SCOUTS URGE WOMEN'S SUPPORT FOR EXPANSION

Council Seeks Fifty Leaders  
In Drive for 1,000 Scouts;  
Wants Other Assistants

More than fifty adult leaders are needed this year to carry on the greatly expanded Girl Scout program in Belleville, according to Mrs. John D. Boyd of 14 Essex street, organization chairman for the Belleville Girl Scout Council.

"Girl Scout national membership has been boosted from 671,000 at the time of Pearl Harbor to more than a million today," Mrs. Boyd declared.

"Interest in Belleville has brought our local membership to 330 with waiting lists for practically every one of our twelve troops. Many more women are needed to help the girls continue their scout training."

The local scouts have embarked on an ambitious campaign which hopes to bring Belleville enrollment to 1,000 by spring. This will mean the formation of about 35 new troops, including Brownies.

Besides the fifty leaders who are sought to give active support to the program, many more will be needed as troop committee members and as program specialists. In the latter category will be those who will be able to give advice in the planning of programs.

Explaining that Miss Elizabeth Bardagj, the new secretary of the council, will give the necessary training in leadership, Mrs. Boyd said that any woman over 21 with "liking for youngsters, a strong belief in democracy and two or three hours a week to give to activities outside her home," is eligible to serve as a troop leader.

**Personal Canvass**  
Miss Bardagj will begin next week a personal canvass of many of the town's organizations in an effort to interest women in the work of training "tomorrow's citizens."

Tuesday she is scheduled to address the Franklin avenue school PTA and on the nineteenth she will speak to the Junior Woman's Club. This week she has been meeting with several clergymen to enlist their support.

"Women who have worked in Girl Scouting through the war years have found great satisfaction in doing their share on the youth front," Mrs. Boyd said.

"Those who enter scouting now, with all of the plans and possibilities for post-war activities are being explored, will find the chances for important national service even greater. The end of the war won't see the end of the problems which have put young people into the headlines too often."

**Use Energy, Skill**  
Mrs. Boyd pointed out that as the emergency war services relax, many women who have received valuable training and experience, will have time to turn around and look for opportunities for putting their energy and skill to good use.

"Who needs them more than the girls who will be tomorrow's citizens?" she asked.

"But girls can't wait to grow up until their mothers, sisters, aunts and friends have more time for them. They need the fun, guidance and opportunities for service in Scouting now—today," she continued.

"Scouting has helped many a girl weather the difficulties of wartime; it can be an even greater force in helping girls through the changes that will come with post-war readjustments."

"Women who enlist in Girl Scouting now will receive the thrill and satisfaction of taking an active part in the solving of many of our country's post-war problems."

She invited all women who are interested in learning more about opportunities for service in Girl Scouting to call at the Girl Scout office at 400 Washington avenue from 9:30 to 5 p.m. daily.

**Bernice Dinkoff President Of Teen Ager's B Hive**

Miss Bernice Dinkoff, daughter of Mrs. Rose Dinkoff of 590 Washington avenue, is the new president of the B-Hive, Belleville's bulging teen-age dry bar and night club.

A senior in the high school and a member of the cheerleading team, Miss Dinkoff was elected last week to succeed Anthony Flynn, son of Mr. and Mrs. John F. Flynn of 436 Belleville avenue. Flynn became program manager.

Other new officers of the B-Hive are vice president Flora Boniface, secretary Marion Lanning and business manager William North.

The B-Hive is governed directly by the 38 class representatives in the high school indirectly by an adult advisory committee of twelve headed by principal Burt Powers Johnson.

It operates every Friday night from 8 to 11 in the new gymnasium of the high school where it provides continuous dancing, Coke, candy and ice cream are sold at the "bar."

## COURTS OF HONOR WILL BE STARTED BY BOY SCOUTS

Minasian Announces Meetings  
To Plan Review Boards  
And Courts Here

Henry Minasian, chairman of the advancement committee of the Belleville District, Robert Treat Boy Scout Council, has announced two important meetings.

The first will take place October 24, when all troop committeemen, scoutmasters and others directly concerned with the advancement program of scouting will meet to discuss the necessary steps for the operation of troop boards of review.

It is expected that as a result of this meeting Belleville will be the first district in the Robert Treat Council to have all its troops operating boards of review, thus making available more advancement opportunities.

The advancement committee has also announced that a public court of honor, the second in 1944, will be held November 28. All scouts who have nearly reached some advancement goal are being urged to double their efforts in the next two months, that they may receive recognition at the coming public court of honor.

**Plan Expansion**  
The organization and extension committee of the Belleville district (Burt Johnson chairman, Edgar S. Peierls and Harvey B. Thompson) met recently to map a program for making scouting and cubbing available to more boys. There are now ten troops and two Cub packs active and registered in Belleville.

A study made by the Committee, indicates that there is an immediate need for eight more troops and an equal number of new Cub packs. The committee finds that boys want scouting and cubbing.

Scout troops and Cub packs are sponsored by institutions such as churches, synagogues, men's clubs, civic bodies, industrial plants, schools, veterans' organizations, fraternal bodies—in short, any responsible group of citizens interested in the welfare of youth may apply for a Charter to carry on Scouting or Cubbing for boys.

"More boys can enjoy the benefits of Scouting or Cubbing in Belleville if more institutions will accept the responsibility for giving boys a chance to be Scouts or Cubs," said Johnson yesterday.

The organization and extension committee is ready to assist any institution interested in providing a program for youth that over the years has proved itself as most effective in building character and training for citizenship."

## Belleville War Chest Begins Drive Monday For Unknown Amount

Kathryn Conklin Named Chairman  
Of House-to-House Solicitation;  
Plan Two-Week Campaign Here

The Belleville Community Chest and National War Fund, abbreviated this year to a simple Belleville War Chest, will embark Monday on a two-week campaign to raise an as yet undetermined amount for the benefit of six local and seventeen national charities. While the goal is still unknown, president Paul de Hagara said yesterday that "we will try to make it a realistic amount, one that is not unattainable." The general campaign is scheduled to consume two weeks with the house-to-house solicitation, under the

chairmanship of Miss Kathryn Conklin of 14 Montgomery place, slated to be undertaken during the second week.

The only committee chairman thus far announced for the drive are Miss Conklin and Lester McCorkle of 293 Joramelon street, who will head the businessmen's section. It is not known whether the general chairman will be announced before the start of the campaign.

Last year's Chest drive aimed at \$33,525 and fell short by nearly \$30,000. For this reason, de Hagara said he and the budget committee are striving to set a figure which "will be within reason."

The possibility of industrial conversion and contract cancellations will affect the collectibility of many of this year's pledges, he believes, since many of them "may not materialize a year from now."

The Belleville Chest included in the Community Chest portion of the drive are the Boy and Girl Scouts, Community Service Bureau, Associated Catholic Charities, Visiting Nurses and Silver Lake Community House.

**National Agencies**  
There are seventeen national agencies incorporated in the National War Fund, three of which (USO, United Seamen's Relief and War Prisoners' Aid) are American, the others to the relief of war-torn nations abroad.

Miss Conklin is a lifelong resident of Belleville, graduating from the high school in 1924 and from Newark State Teachers College. She has taught literature and music in the elementary schools here for sixteen years.

She is a former president of the Belleville Teacher Association and served on that organization's salary committee. She was active in the now-defunct Theater Guild and taught first aid in the early days of the war.

**Figures Released**  
Released this week was a report of the Belleville activities of the Associated Catholic Charities for the year ending June 30. The Charities are one of the participating local agencies in the Community Chest.

The report shows that the Catholic Charities cared for 38 needy Belleville families and that they consisted of 82 adults and fifty children. The organization also provided institutional care totaling 4,293 days for nineteen persons.

The Catholic Children's Aid Association provided care for an additional thirty families with 59 adults and 71 children and procured institutional care for 52 children for a total of 16,592 days of care.

**MRS. ABBIE MAGEE ADDRESSES WOMEN**  
Will Stress Feminine Voice In Presidential Election; Open to the Public

The importance of women in the presidential campaign will be stressed by Mrs. Abbie Magee, Republican Essex county committee vice-chairman, when she addresses members of the Belleville Women's Republican club at 51 Rensselaer place next Thursday afternoon.

A short business meeting at 2 will precede her talk. The club's executive board will convene at 1:30. Considering Mrs. Magee's remarks to have high informative value to the women of the community, the meeting has been opened to the public.

Plans for the GOP rally, which will be held at the Elk's club, October 24 under joint auspices of the club and the Essex County Republican committee of Belleville, include an address by H. Alexander Smith, Republican senate candidate.

Other speakers and professional entertainment will be furnished.

A dozen club members, including Mrs. Arthur E. Mayer, president, will attend the candidate tea which will be conducted by the Essex County Women's Republican club in Griffith auditorium on October 25 at 2.

## Bellboys Face Bengals, Hope to Repeat Upset

Trip Barringer 6-0 for Second Win;  
Bloomfield Stars, Out Last Year,  
Return for Game at Foley Field

Belleville's football machine, with a late fourth quarter touchdown, defeated a heavier Barringer eleven, 6-0, at Clearman Field Saturday, marking the second straight win of the young season for the Blue and Gold. With two minutes remaining in the game, the Bellboys made use of a costly fumble by the losers and converted it into the game's only score. Saturday will find the local aggregation invading Foley Field where they will be in quest of their second win as many years against Bloomfield's highly regarded Bengals. Bloomfield also emerged victorious Saturday in its season's lif-

lifter.

Bellboy mentor Bill Chapman is undecided only on the left end position where Tony Grecco and Don Smith Jr. have been battling or nearly even terms for the berth.

Grecco started the first two games but Chapman said yesterday he may give the beginning nod to Smith this Saturday with Grecco ready to come in at any moment.

Bloomfield, while still short of the championship, term which was the despair of Jersey coaches for many years, nevertheless showed considerable power in its 12-0 conquest of Newark East Side last Saturday.

Frank Trippucka, the Bengals' tight end, who did not play against Belleville last year, will be in there roaring on all eight Saturday when Bloomfield attempts to avenge the only defeat in history meted out by a Bellboy eleven.

Bengal coach Bill Foley, the sage old fox of Jersey football, is depending mainly on seven veterans from last year, when his team won.

The veterans are: Trippucka,

READING & WRITING  
BY Edwin Seaver AND Robin McKown

"BLACK MAIL" by Henry Hoke is being talked about as the most important and sensational book of its kind since "Under Cover." It tells the true story of an American businessman who turned himself into a one-man crusade in an effort to get at the facts behind the use of the U. S. mails by Nazi propagandists and their sympathizers.

As executive manager of the Direct Mail Advertising Association, Henry Hoke was in a better position than most to find out what individuals and what organizations were flooding the U. S. mails with propaganda designed to soften up the American people and make us useless in the war.

His investigations led to an exposure of the misuse of the congressional franking privilege and put some well-known politicians in a very uncomfortable position. They led also to the indictment and conviction of Nazi agents and their little helpmates in this country.

Richard Tregaskis, author of "Guadalcanal Diary," has followed that highly successful book-of-the-month with an account of his experiences in Italy and Africa, "Invasion Diary." One story he tells is of the private of the 36th Division famous for his foul language. When the 36th hit the beach, they were subjected to shattering artillery bombardment and the profane fellow, lying in a foxhole, began to pray in a loud voice, "Oh, God, please save me," and he continued in this vein. Another private, in a near-by foxhole, recognized the voice, and shouted, "Hey, Joe, why don't you knock off crying for help and f--- 'em, 'cud you know?"

Hold up Belleville Publicity Jr. Achievement Example

J. A. National Headquarters Cites Local Campaign As Criterion of Effective Community Publicity, Reprints 28 Stories from The Times

Junior Achievement of Belleville was held up to the nation this week as an example of what can be accomplished in the way of effective community publicity to make known the value of the great movement for boys and girls of pre-business ages. The example was contained in a booklet prepared and published by the public relations department of the national headquarters of Junior Achievement in New York.

Unknown to the local directors of J.A. William Freeman, national publicity chairman, gathered all the articles about J.A. to appear in The Times during the first year of its existence here.

This week he published them in an offset printed pamphlet of sixteen pages, each story appearing in facsimile of the original, including pictures.

In recognition for the "excellence of Belleville publicity," a local youth, Ciriaco Maffia of 571 Union avenue, has been named chairman of the junior committee which will render the public relations report at the November state Junior Achievement convention.

The articles which Freeman reprinted were all written by Joseph C. Duval, editor of The Times and public relations director of J.A. here. Mrs. Russell D. Ray, former editor, Miss Margaret L. Brown of The Times staff or by a publicity chairman of a junior company.

The pamphlet pictures 28 news stories carried in The Times during the past year, all of them stressing the importance of J.A. in the economic development of the youth of Belleville. Through them can be traced

the history of the movement here during the first year of its existence, from its feeble beginnings to the condition today where immediate expansion is demanded to care for the needs of Belleville youngsters.

well subdued for the greater part of the first half, by the fast-charging Barringer forward wall. The locals did, however, manage to keep the ball in their possession most of the second period, with Joe Distasio, Vic Pasquariello and Joe Pagnelli hitting the line for a trio of first downs.

**Nelson Moves**  
The third quarter saw big Jim Nelson hitting the Belleville defense with constant success. Nelson rolled up three consecutive first downs which carried the ball to the Blue and Gold 22, but at this point the visitors' attack was halted again by the stubborn defense put up by the Bellboys.

Shortly after the start of the final quarter, Pasquariello whipped a pass to Pete Del Vecchio, which the latter snared on his own 45 and raced the remaining distance to the goal, for what seemed to be the first score of the contest.

However, Del Vecchio's long jaunt went for naught when it was judged that he stepped out of bounds on the midfield stripe. The fighting Bellboy eleven came roaring back after that, as Dawson Bloom intercepted an enemy pass in Barringer territory. From here Pagnelli bucked the line for a first down on the 42 and two plays later Cerami lifted another pass to Del Vecchio, good for another first down on the Blue's 28 yard stripe.

Belleville's momentum was stalled here due to a fifteen-yard clipping penalty, but alert Tony Greco then recovered a fumble by Nelson to regain possession of the pigskin on the Barringer 36. From here, running plays by Pasquariello and Pagnelli carried them to within 12 of paydirt. On the fourth down Pasquariello's field goal attempt fell short of the uprights, but the Bellboys were awarded a first down on the 7 yard stripe because of a 5 yard offside penalty against the Blue.

Determined to cash in on the opportunity, Pagnelli hit the line to the 3 and two plays later Vic hurdled over for the precious six points. The try for the extra point was blocked.

With one minute of play remaining the Blue tried three passing plays, in vain, the third being intercepted by Pasquariello just before the final gun.

GUIDANCE PUSHED  
IN HOME ROOMS

Brosnan Enlists 38 Teachers  
To Aid High School Plans,  
Hold Weekly Meetings

The 38 homeroom sponsors, drawn from the teaching staff of the high school, are cooperating with the administration, the guidance coordinator, Dr. Thomas J. Brosnan, and the counselors in conducting a program of group guidance with the pupils assigned to their leadership.

Problems pertinent to the pupil in relation to himself, his family, his school, his community, his country and the world he has to live in are investigated.

The investigations may take the form of a debate, a discussion, a play, or any group enterprise depending upon the issue. Group guidance meetings will be held weekly and conducted according to Parliamentary procedure.

At the first meeting the "Criteria for the Qualities of Leadership" were discussed. Areas in which these qualities were valuable were listed.

After the first meeting, homeroom officers were elected in the three upper classes. Parliamentary law was studied and put into practice at the second meeting.

Principal Burt P. Johnson has indicated that the pupil activity

will be supplemented by film and other visual aids. Paul Brennan, director of visual aids, has offered to cooperate with this phase of the Guidance program.

These group guidance meetings provide an opportunity for pupil leadership and create a situation for organized discussion of personal pupil adjustment.

Griffith Foundation Inaugurates  
Course in Folk Music

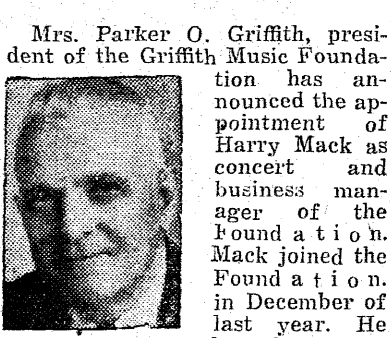

The Griffith Music Foundation and the New Jersey State Teachers College at Newark will co-sponsor a course in folk songs of our own and the Allied and liberated peoples of Europe to be given in the fall semester by Augustus Delafield Zanzig, folk song specialist, formerly of Harvard University and the National Recreation Association, and now Educational Director of the Foundation, it was announced by its president, Mrs. Parker O. Griffith.

Zanzig

The main activity in the course will be the learning and singing of the songs themselves, but for all who wish it, practice in methods of presenting and conducting the songs for school, club, and community groups.

The sessions will be held at the college building at 185 Broadway, Newark, every Tuesday afternoon at 4:30. Registration can be made in the office of the part-time and extension division.

Harry Mack Appointed Manager  
Of Griffith Music Foundation

Harry Mack

Mrs. Parker O. Griffith, president of the Griffith Music Foundation has announced the appointment of Harry Mack as concert and business manager of the foundation. Mack joined the foundation in December of last year. He has been engaged as business manager, professional musician, naval officer, radio announcer, scripter, studio manager, program director, booker of artists, publicity and public relations man, and commercial manager of several radio stations.

Taking up music and languages as an avocation, he soon found that he was more interested in the arts than in business, but the wish to travel resulted in a military assignment which lasted for some thirteen years during which he was seven years at sea.

Returning to civil life he got his first job in radio with station WMCA in New York. This was followed by a short fling with the Universal Picture company in booking. Radio Station WJNJ in Newark and WOR, New York, followed.

Men's Club of Grace Baptist  
Opens Monday with Movie

The Men's club of Grace Baptist church will commence its meeting for the current season with a meeting Monday night at 8:30, under the leadership of its newly-elected president, Herbert E. Robinson of Bremont Street.

The program committee has arranged for the showing of the sound motion picture, "On the Air," which deals with the history and development of radio transmission. A short comedy will also be shown.

The movies will be followed by a business session. Much important business is slated for discussion including a projected minstrel show for the near future.

Following the business session, bowling and games will be available as usual and refreshments will be served. All men of the community have been invited to attend this meeting.

Private Carrier Advisory Group  
Formed to Assist ODT

Appointments of a private carrier advisory committee in the Newark district of the office of Defense Transportation was announced today by Samuel Roberts, assistant district manager of ODT's highway transport department.

Designed to aid both ODT and the operators in mutual efforts to achieve further conservation and to promote more efficient utilization of equipment, tires, fuel and manpower, the committee will advise and cooperate with the district manager on any problems affecting private carriers.

The first meeting of the group is scheduled to take place at the ODT Newark office early in October, at which time the committee will elect a chairman and secretary.

Labor Secretary Must Be Strengthened

During this pre-election uproar which, as it has every four years since the birth of the nation, has gradually engulfed much of the thinking of Americans many harsh and unwarranted accusations are made in the hope that, somewhere in the land, a chance phrase might swing a vote or two into the fold of one of the candidates. Few Republicans will admit that any portion of the three Roosevelt administrations was worthy of praise while few Democrats will admit that they were anything but perfect. Those who still retain their mental equilibrium will realize that there were many good and many bad things chargeable to the administration.

One of the saddest weaknesses of the administration has been the labor department. Mr. Dewey has already touched briefly on the subject but has not yet devoted an entire speech to this most vulnerable of the departments of the cabinet. Mrs. Frances Perkins in truth has been a complete non-entity throughout the twelve Roosevelt years. Of recent years her name has scarcely been mentioned in the public press as her duties and powers have been entirely superseded by one presidential board after another.

Mrs. Perkins has been probably the weakest person ever to hold the labor post, which nominally is the final authority on the vast labor problems of the nation. That Mr. Roosevelt, who has stuffed the labor gullet with everything sweet and who designedly coddled the ranks of labor for every vote there was in them, should have chosen to nullify whatever authority the office had while at the same time embarking on a campaign to raise labor power to its highest point in history, seems at first glance contradictory. It would seem that, in view of his pro-labor program which was not nec-

essarily wrong of itself, he would want the strongest sort of person in the labor post. Instead he named Mrs. Perkins who shortly proved completely unprepared to cope with the tremendous strides of her chief. Despite the fact that she failed to bring the full weight of her office to bear during the first FDR regime, she was reappointed in 1936, and again in 1940. Whether this was pure stubbornness on his part or whether there is a deeper-lying reason behind his refusal to clean house in the department we do not know. We do know, however, that he has had to rig up such organizations as NLRB and WLB to perform many of the duties which should normally have been taken care of by Mrs. Perkins.

Whether Mr. Roosevelt or Mr. Dewey forms the next cabinet, he should realize that the labor department will be among the most important of the next term which will be devoted largely to postwar reconstruction. For that reason the labor department must have a strong head, one who will restore to it its rightful authority. Such a man is Eric A. Johnston, the energetic plain-speaking fair-dealing president of the U. S. Chamber of Commerce.

Mr. Johnston is generally spoken of as the 1948 Republican presidential nominee, but in the meantime his tremendous ability should be even more employed to the good of his country in a position where he will not be afraid to exercise stern control and impartiality in the forthcoming battles between labor and management. Mr. Johnston has repeatedly proved his social consciousness and his ability to lay down the law to both sides of the labor question. He is eminently fitted for the labor secretaryship under either a Republican or Democratic president.

Fire Prevention Rules Apply to Everyone

Next week will be Fire Prevention week not only in Belleville but throughout the United States. Despite the wide publicity which is being given it and despite the urgent pleadings of civic and business leaders, it is a question just how much attention the public will pay to it. For unfortunately human nature is such that we learn only by experience, usually by sad experience. Words of warning seem naturally to go unheeded, even when spoken by those who have tasted bitter regrets.

The danger of fire is always with us, no matter how great our precautions. Some of the best-kept homes and the cleanest buildings are seared by the undiscerning finger of fire. But the great majority of fires occur in homes which are littered with articles and debris of various kinds. In such dwellings fires are much surer of themselves once they get started — and the invitation to them is always there.

It is too late to start kicking oneself through one's tears and murmur meaningless phrases of self-pity like "Why didn't I clean out that basement?" or "I thought that wiring was OK." All the words in the world will not repair the damage which can be done by even a small fire. Knowing this, the fire authorities have proclaimed nine rules and demands that every person in the town examine his own conscience on each:

- 1) Check all wiring, electrical units

Not FDR's Responsibility Alone

Many persons blame President Roosevelt for the growth of bureaucracy in this country. That's a mistake. He may be the channel but he is not the source. Bureaucracy is a people's confession of weakness. It comes from shirking individual obligations, from trying to find material security at some other fellow's expense, from lack of courage and character to accept the consequences of one's own mistakes.

When the depression hit, everybody — the big fellow and the little one — found Mr. Hoover a convenient goat. Instead of facing the fact that greed and gullibility over-balanced our prosperity, and then cleaning our own house, we changed the national administration as the answer to our problems. We tried to buy our way out of the depression instead of work our way out, and we did it at our grandchildren's expense. We did not solve our problems.

American men are demonstrating the highest human courage on the war front; at home — well, you know the story of strikes, limitation of production, cost-plus contracts, chain War Bond buying — or, rather, cashing. Is our record at home that of a proud nation backing up her fighting men? Have we, individually, done anywhere nearly as well as we should? Have we lived up to our flag? And what does the post-war hold, but more controls, more bureaucracy, more leaf-raking, more public works?

Will changing the administration help? Not unless it signals a resurgence of American individualism in our hearts. Not unless

it signifies that we are willing to stand upon our own feet — to fulfill our obligations as Americans as well as to enjoy what we take for granted are our privileges as Americans.

Mr. Dewey has proved himself an unusually able administrator. As President, he could be counted upon to simplify the bureaucratic structure, to choose competent administrators, and to get rid of the incompetents rather than to keep them on the public payroll for personal friendship.

But no matter how able he is, his administration can only be successful if the people are willing to quit running to Washington with their hands out for the other fellow's money; if they are willing to work, to produce and save so that this great national debt and its huge interest charges may be liquidated; if they insist on equal justice under the law for all men — rich or poor, employee or employer, union boss or union member, white or black.

The alternative is top-heavy bureaucracy and the eventual bankruptcy of the nation. Don't deceive yourself. The divine law of justice permits liberty only to those who deserve it. Slavery brings suffering until it is cast off. This nation CAN sink into bureaucratic slavery. If it does, it will be because American citizens failed to uphold their obligations, because American citizens lacked courage, self-confidence and the will to work. Don't idolize or condemn Roosevelt; examine yourself. — The Enid (Okla.) Events (Independent Republican).

LETTERS

The opinions expressed in this column are those of the authors of the individual letters and do not necessarily reflect the opinions of the publishers or editors of The Times.

Soldier Against Coddling

From Pvt. Thomas McFadzean Jr. Somewhere in France (96 Tappan Avenue, Belleville) To the Editor of The Times: For the past two years we have read your paper, in garrison, on maneuvers and now around a radio when we find time. During that time we enjoyed every page of it and would like it to go on that way.

As you know the morale of a soldier in the field is a big percentage in breaking the Nazi regime. I will try to get to the point of this short note.

Today myself and a few more Belleville boys read an article concerning Italian prisoners of war. At this point you probably know what I am driving at.

If American people can make fools of themselves in such cases like this, why don't they take our place? We ourselves have friends, who at this time are being held prisoner by our enemy.

Do these people who are giving so generously to you boys get treated the same way? Well, editor, I'm not much of a writer when it comes to things like this, but that is how we feel. Let's hope it never happens again.

(Pvt. McFadzean was referring to the recent entertainment in a Belleville church of more than 100 Italian prisoners from Camp Kilmer. The writer has two brothers also fighting in France: Sgt. Andrew McFadzean and Cpl. William Campbell.—Editor.)

From Mrs. Maurice McEligot 272 Hornblower Avenue Safety Chairman Passaic Avenue PTA To the Editor of The Times: Through the columns of The Belleville Times I wish to publicly commend the Belleville Police Department.

This Department's registering of bicycles, a worthwhile project, was made doubly so by the printing, on the back of each registration card, a list of safety rules for bicycle riders.

I feel that all children who have the use of a bicycle at any time (which would include all children as they who do not own a bike usually manage to borrow one) would do well to learn and practice faithfully that bicycle riders' promise suggested by our Police Department:

- I will promise to obey the following:
  - 1—To obey all Traffic Regulations such as Red and Green Lights.
  - 2—To ride in a Straight Line.
  - 3—To have a White Light on front and danger signal on rear for Night Riding.
  - 4—To have a satisfactory signaling device to warn of approach.
  - 5—To give Pedestrians the right of way.
  - 6—To look out for cars at crossings and pulling out of parking places, and in the opening of auto doors on the traffic side.
  - 7—Not to hitch on vehicles.
  - 8—Not to carry another person on my Bicycle.
  - 9—To keep my Bicycle in good condition.
  - 10—Always Ride Carefully.

John F. O'Brien — member of the New Jersey Real Estate Commission — resident of South Orange, advises —

"Home owners should vote 'yes' for the new Constitution because it permits a reform of our present tax system. For years there has been a demand for constitutional tax revision designed to meet present day needs. The new Constitution provides for more equitable classification of property for tax purposes.

"Home owners will benefit from the new tax provision."

## Soldier's Prayer from Front

The text of a prayer sent home by Pvt. Lester E. Feltey of 126 Cortlandt street was released this week by Pastor Paul F. Arndt of Redeemer Lutheran church. After he was wounded in France (see page 1) Feltey wrote Pastor Arndt:

"Just a few lines to let you know that I have been sent back from France by plane to a hospital (in England) for I met with a little misfortune over there."

"One thing I can say is that the Lord was on my side all the time and he helped me when I needed it most. It sure was a wonderful feeling to look up in the sky and pray and then have all the confidence in the world."

"Here is a prayer I picked up on the front. You may have seen it. If not, send it to some of the boys for I think it is grand:

"Our Father in Heaven, I come to you in humility, asking forgiveness for all my sins and faults. Be pleased to grant, I pray Thee, what I am about to ask of Thee.

"Please, God above, cause this terrible conflict to end soon; hasten the day when we can once again live in peace, happiness and harmony with our brothers the world over.

"Bless my wife and keep her safe from all harm and evil; bless mother and make her well again; bless dad and keep and protect him; and bless all the earth's inhabitants.

"Father in Heaven, I know I am not worthy of Thee, but please help me to be a man. Grant me the wisdom and the courage and the strength I need not only for the time I am a soldier but for all the days to come.

"Bless this church I am in today; bless the minister and the persons connected with it. I know no one here but I feel at home because it is the house of God. I ask this in the name of Jesus Christ, Who gave His life that I might have Life Eternal. Amen."

# Revised Constitution

## FOR THE STATE OF NEW JERSEY

To Be Voted Upon as a Whole by the Voters of New Jersey at the General Election, Nov. 7, 1944

### ARTICLE V

#### JUDICIAL SECTION IV

#### SECTION IV

#### Appellate Divisions

#### 1. There shall be established in the Superior Court two or more appellate divisions as prescribed by rules of the Supreme Court. Each such appellate division shall consist of three Justices of the Superior Court who shall be assigned for that purpose by the Chief Justice of the Supreme Court and shall sit therein, solely, for three years. There may be established in the Superior Court, by rules of the Supreme Court, temporary appellate divisions as need appears. Each appellate division shall hear appeals from sections of the Superior Court designated by the rules of the Supreme Court. Appeals from the inferior courts shall be heard by an appellate division or in one of the sections of the Superior Court, as may be provided by law.

#### 2. An appeal to an appellate division may be taken from any final order, judgment or decree of the Superior Court as a matter of right and from any preliminary or interlocutory order of the Superior Court when so provided by law. Appeals in cases involving restraints or the appointment of receivers shall, in whatever court pending, be preferred as to argument and disposition.

#### 3. Appeals to the Supreme Court from any court may be taken only:

#### (1) In capital cases and cases involving a question arising under the Constitution of the United States or of this State, which appeals shall be taken directly to the Supreme Court and shall be preferred as to argument and disposition;

#### (2) In the event of a dissent in an appellate division;

#### (3) On certification by an appellate division;

#### (4) On certification by the Supreme Court to any court.

#### In all other cases judgments and orders of an appellate division shall be final.

#### 4. The Supreme Court and the appellate divisions of the Superior Court, in addition to their other powers, may set aside judgments at law, wholly or in part, where the finding of fact is against the weight of evidence or the verdict excessive or inadequate, and may affirm, reverse or modify orders, judgments or decrees in all cases and make final determination thereof, and exercise such original jurisdiction as may be incident to the final determination thereof, unless the ends of justice or the right of trial by jury shall require that a new trial or hearing be run.

#### Appeals: Final Determination

#### SECTION V

#### Judges: Appointment

#### 1. The Governor shall nominate and appoint, by and with the advice and consent of the Senate, the Chief Justice and Associate Justices of the Supreme Court, the Justices of the Superior Court and the judges of every court of inferior jurisdiction, except that judges of inferior courts of civil and criminal jurisdiction may be elected in, or appointed by the governing body of, any county or municipality of the State when so provided by law.

#### Justices: Qualifications

#### 2. The Chief Justice and each Associate Justice of the Supreme Court and each Justice of the Superior Court shall, prior to his appointment, have been an attorney-at-law of this State in good standing for at least ten years.

#### Justices: Term of Office

#### 3. The Justices of the Supreme Court shall be appointed to hold office during good behavior without limited terms except as to age as provided in this Constitution. The Justices of the Superior Court shall hold office during good behavior for terms of seven years and if reappointed shall thereafter hold office during good behavior without limited terms except as to age as provided in this Constitution.

#### Justices: Impeachment

#### 4. The Justices of the Supreme Court and the Justices of the Superior Court shall be liable to impeachment for misconduct in office during their continuance in office and for two years thereafter. The General Assembly shall have the sole power of impeaching a Justice of the Supreme Court or a Justice of the Superior Court by a vote of a majority of all the members. All such impeachments shall be tried by the Senate, and members, when sitting for that purpose, shall be on oath or affirmation "truly and impartially to try and determine the charge in question according to evidence;" and no person shall be convicted without the concurrence of a majority of all the members of the Senate. Any Justice of the Supreme Court or any Justice of the Superior Court impeached shall be suspended from exercising his office until his acquittal. Judgment in case of impeachment shall not extend further than to removal from office, and to disqualification to hold and enjoy any public office of honor, profit or trust in this State; but the person convicted shall nevertheless be liable to indictment, trial and punishment according to law.

#### Justices: Age Limit

#### 5. No Justice of the Supreme Court or of the Superior Court shall continue in office after he has attained the age of seventy years; but, subject to law, he may be assigned by the Chief Justice to temporary service in the Supreme Court or in the Superior Court, as need appears.

#### ARTICLE XI—SCHEDULE—SECTION IV

#### \*The "Schedule" provides for orderly transition from the old to the new Constitution. In the official text it appears as a single Article (XI) at the end of the Revised Constitution. For ready reference, however, the Schedule is being printed in appropriate parts with the Articles to which it relates.

#### 4. When the Judicial Article of this Constitution takes effect:

#### (a) All causes pending in the Court of Errors and Appeals shall be transferred to the new Supreme Court for determination;

#### (b) All causes pending on appeal in the present Supreme Court and in the Prerogative Court and all causes involving the Prerogative Writ shall be transferred to an appellate division of the Superior Court, to be designated by the Chief Justice;

#### (c) All causes pending in the present Supreme Court sitting at circuit shall be transferred to the law section of the Superior Court of the appropriate county; and all causes pending in the Court of Chancery and all other causes pending in the Prerogative Court shall be transferred to the equity and probate section of the Superior Court of the appropriate county; but all pleadings, papers and documents filed and to be filed and all orders, judgments and decrees made and entered and to be made and entered in any such cause shall be filed, and entered in, the office of the State Clerk of the Superior Court and shall have the same effect as though filed and entered in the office of the Clerk of the Court in which such cause was instituted; and

#### (d) All causes pending in any other county or State Courts, which are superseded by the taking effect of the Judicial Article of this Constitution, shall be transferred to the Superior Court.

#### (e) Causes shall be deemed to be pending for the purposes of this paragraph notwithstanding that a judgment or decree has been entered therein until the time limited for review has expired.

#### 5. The files of all causes pending in the Court of Errors and Appeals shall be delivered by the Secretary of State to the Clerk of the new Supreme Court and the files of all causes pending in the present Supreme Court, in the Court of Chancery and the Prerogative Court shall be delivered by the Clerk of the Supreme Court, the Clerk in Chancery and the Register of the Prerogative Court, respectively, to the State Clerk of the Superior Court, and all other files, books, papers, records and documents and all property of the Court of Errors and Appeals, of the present Supreme Court, of the Prerogative Court and of the Court of Chancery or in the custody of said Courts shall be disposed of as shall be provided by law.

#### 6. The Court of Errors and Appeals, the present Supreme Court, the Court of Chancery and the Prerogative Court shall be abolished when the Judicial Article of this Constitution takes effect and all their jurisdiction, functions, powers and duties shall be transferred to and divided between the new Supreme Court and the Superior Court according as jurisdiction is vested in each of them under this Constitution.

#### 7. The Circuit Courts, Courts of Common Pleas, Courts of Over and Terminer, Courts of Quarter Sessions, Courts of Special Sessions and the Orphans' Courts shall be abolished when the Judicial Article of this Constitution takes effect, and all their jurisdiction, functions, powers and duties shall be transferred to the Superior Court. # PREVENTION WEEK

October 8th to 14th

## Fire Takes Its Toll in Loss of Life and Property! Do All You Can To Prevent Fire!

### The Scream Of Sirens--

The scream of a siren — another fire — with its attendant loss of property and possibly human life. And the saddest part of it all is that it could have been prevented.

Your Fire Chief can recount hideous tales of fires and their toll of property and human life. He has many ideas on Fire Prevention that he'll be pleased to give you — if you'll give him the opportunity. Remember — it is his job to "Stop Fires Before They Start." Why not give him the chance to help you prevent fire in your home or store?

### Fire - Nation's Worst Enemy-

Millions of dollars go up in smoke every year — perhaps some of them will be yours unless you take every precaution to prevent fire in your own home or business. Do your part now — today. Check over every possible place in your home that is used for a "catch-all." Have competent workmen check heating plants, electric wiring, etc. It may pay you enormous dividends in property saved — as well as human life.

### Check Your Own Home Or Business For Fire Hazards Today!

The surest way of preventing fire is to have a periodical systematic check-up. This can be easily and quickly done by obtaining the aid of your entire family. Children should definitely help in this check-up . . . it will make them fully realize the dangers, and causes of fires and the precautions necessary to prevent them.

1. CHECK all electrical wiring, units and appliances for shorts, faulty connections and overload.
2. REMOVE all rubbish and waste from basement, attic, garage and around buildings.
3. USE non-inflammable cleaning fluids only! Keep any and all cleaning fluids away from excess heat.
4. KEEP matches away from children. Always be sure a match is completely out before throwing away.

5. HAVE all gas pipes and connections inspected periodically.
6. DON'T bring gasoline into a house.
7. TAKE caution with burning cigarettes.
8. KEEP your furnace, furnace room and coal bin clean and orderly. Keep them clear of any rubbish.
9. ALWAYS have a ground wire on your radio.
