

AWAIT CONCLUSION OF INVESTIGATION OF BRIBERY CLAIM

Borriello's Charge That Police Official Accepted \$300 Probed by Prosecutor

Mayor Williams' campaign to "clean up" the police department brought no new developments this week but the next move in the tinder-box situation is awaited with interest in many quarters of the town. Unfinished business still awaiting conclusions include:

1) A hearing before the grand jury of charges against Detective Nicholas J. Mariano of alleged perjury in connection with Mariano's testimony in the hearing of the gambling house case.

2) Investigation of charges of Ralph Borriello that he had paid Deputy Police Chief Leighton \$300 and that in return Leighton permitted the prisoner to escape from confinement here.

Leighton last night declared that he "would welcome" a complete investigation of Borriello's allegations. He hopes, he said, "that they investigate the thing to the hilt."

Assistant Prosecutor McKenna said yesterday that there were no new developments in the search into the "bribery" charge. "We know where Borriello claims to have gotten the money but we're not prepared to say," McKenna declared.

The charge is an outgrowth of the escape of Ralph and James Borriello from a detention room at police headquarters where they were being held for questioning in connection with an automobile larceny ring.

Still at Large
Ralph was picked up at his Newark home about ten days later but James, who lives at 43 Florence avenue is still at large.

A false lead on James was turned in Saturday by Prosecutor's Detective Barrow who telephoned Belleville police a description of a car which James was supposed to be driving and in which he was believed to have been seen.

A check by Detectives McGinnis and Kelly, however, ascertained that the owner of the car, a man who bears some resemblance to the escapee, was not connected in any way with the case.

When Ralph was taken to headquarters after his second arrest, he is said to have made a statement alleging that he had given Leighton \$300 for which the detective is supposed to have given him a screwdriver.

Borriello further declared that Leighton obligingly left him and his brother alone long enough for them to unroll a corner of a heavy green and slip through. Leighton charged the charge as a "damnable lie."

Borriello signed a statement including the charge when he was grilled by prosecutor's detectives.

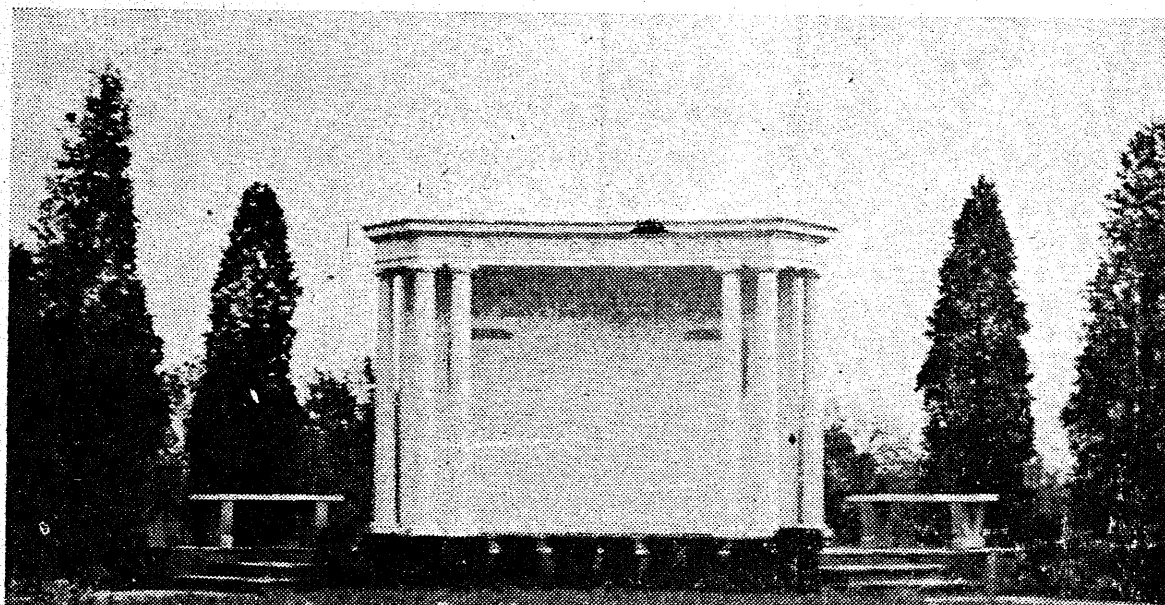

Pejorative Charge
The charge against Mariano, who is suspended without pay pending grand jury action, is that he gave false statements when he testified in the Williams gambling case.

He is said to have testified that he was present when two Newark gamblers made their now-famous statement to Leighton that the mayor had agreed to acquiesce to the opening of a gambling house here.

It is charged that Mariano subsequently admitted to Williams and to former Police Chief Flynn that he was not present at the time.

Mariano has denied that he made any such declaration to Williams and Flynn but is now at liberty in \$2,500 bail.

JUNIOR RED CROSS DRIVE UNDER WAY

Hundred Percent Enrollment Seen in Public Schools, Says Mrs. William H. Williams

"Enrollment for Service," the American Junior Red Cross annual campaign for members, is underway in all Belleville schools.

Many boys and girls have joined the ranks of the Junior Red Cross and it is expected that total enrollment will reach 100 percent, according to chairman Mrs. William H. Williams.

Since the opening of school this fall, junior members in Belleville schools have been hard at work on past and current activities making Christmas boxes, menu covers, favors and gifts for hospitals at Lyons and at Northport, L. I.

The Junior Red Cross of Belleville is a part of a national organization of more than 18,000,000 school boys and girls.

During the past year, members throughout the country made more than 12,000,000 comfort and recreational articles for men in the armed forces, salvaged thousands of tons of waste materials, sent candy and clothing to war-impooverished children abroad, and gave general assistance to Uncle Sam on the home front.

November 15 is the deadline for annual enrollment when Junior Red Cross recruits will join the ranks of the old-timers.

Judge Everett B. Smith will preside at the ceremonies which are expected to attract more than 2,000 spectators. The honor roll has been erected on the east side of Union avenue between Little street and Overlook avenue, just north of Fewsmith Memorial Presbyterian church, at one of the highest points in Belleville and from which there is a splendid view of the Passaic Valley and of New York's skyscrapers.

VETERANS GROUPS URGE QUIET V-DAY

Legion-VFW Committee Says End of War in Europe Should Mean Truce

A plea for a quiet and prayerful VE-Day, marking Victory in Europe, was made yesterday by the Veterans Affairs Committee chairmanship by Harry Ziegler of 144 Adelaide street and composed of representatives of the town's American Legion and Veterans of Foreign Wars posts.

"The committee has for some time been giving careful thought to the approaching VE-Day," the statement declared.

"Many of our boys in the European war will soon be fighting again in the Pacific. Will they be apt to celebrate this fact? Just because one enemy is through, will your boy in the Pacific feel like celebrating now?"

"Let us think of VE-Day more in a spirit of thanksgiving and prayer that part of this great task is done and let us rededicate ourselves to the tremendous task still remaining in the Pacific area."

"The committee regards the prospective defeat of our enemy on the European continent as only a part of the difficult task of creating a new world order. Please consider whether or not inordinate celebration of VE-Day will be fitting before you give full vent to the exultation which you may feel."

Armistice Day Observance Quiet Because of War Seriousness

Belleville's observance of Armistice Day this year will probably be the quietest in history. For the first time in many years, no parade has been planned and the town will merely lay a memorial wreath and attend church services.

John F. Gannon of 130 Union avenue, chairman of the municipal Armistice Day committee, announced yesterday that, in view of the continuing struggle going on all over the world, no noisy celebration will be held.

Instead the committee will lay a wreath on the World War I monument in front of town hall Saturday morning at 11. A special religious service will be held in Christ Episcopal church Sunday morning at 11.

Junior Achievement Convention In Newark November 18

Belleville youths will play major roles in the arrangements for the annual state Junior Achievement convention which will be held November 18 in the Essex House, Newark.

William L. Heuser is convention chairman of decorations; Ciriacio Maffia and Miss Irma Iannelli are heading publicity efforts; and Alvin W. Outcalt is in charge of arrangements for the portion of the program to be run by NAJAC (National Association of Junior Achievement Companies) of which he is president.

It is expected that the majority of the members of the five Junior Achievement companies located in Belleville will attend.

The business sessions during the day will be held in the Windsor and Oxford rooms of the Essex House and a dinner-dance in the Starlight room will conclude the convention, the theme of which will be "Youth and Tomorrow."

BRUNNER INJURED IN AUTO COLLISION IN NORTH NEWARK

Defense Coordinator Suffers Possible Fractured Skull In Three-Car Crash

Defense Coordinator Ronald G. Brunner, 43, of 549 Washington avenue was seriously injured Monday night in an automobile accident at Verona avenue and Broadway, Newark, but his condition is not believed to be critical.

Brunner, who only recently underwent an appendectomy, suffered lacerations of the face and a possible fractured skull. Doctors at St. Michael's Hospital, Newark, refused comment, pending the outcome of x-rays.

According to police, Brunner either fell asleep or fell unconscious while driving north on Broadway shortly before midnight Monday. His car crashed into the rear of another car driven by Meyer Leitzes, 49, of 48 Belmont street.

Leitzes' auto in turn was rammed into the rear of another car which was stopped for a red light. Leitzes suffered minor abrasions of the legs and the occupant of the third car, Esther Kopinsky of Passaic, was treated for shock.

Edward Dierecky of Newark escaped uninjured Monday morning when his car collided with a Koppers Koke truck driven by Allen Hopkins of Rutherford. The accident occurred at Passaic avenue and Joralemon street.

Louis Phillips, 62, of Hoboken also escaped injury Monday night when he was struck by a car in front of 306 Washington avenue. Taken to St. Mary's hospital, Passaic, he was released after examination.

Police say the driver of the car was Alfred C. Lange, 38, of 146 Joralemon street. Lange and Phillips said they saw each other; the former attempted to swerve, the latter tried to beat the car, they told police.

Blame Fog
The pea-soup fog which blanketed Belleville and other parts of the metropolitan area nearly every morning during the latter part of last week was blamed for at least three accidents here. There was only one car involved in each accident.

Herbert Kennedy, 29, of 75 Kingsland road, Nutley, was uninjured at 2:45 Thursday morning when his car skidded and overturned on Washington avenue north of Rossmore place.

Theodore L. Cory, 36, of 146 Montgomery street, Bloomfield, suffered head lacerations 24 hours later when his car ran out of control into a pole at Harrison and Mill streets. Taken to Columbus hospital, he was detained with possible concussion and skull fracture.

Albert J. Kull, 53, of 50 Seymour avenue, Newark, came to police headquarters at 7 Saturday morning to report that his car had struck the abutment of the Erie railroad overpass on Franklin avenue north of Mill street.

Miss Gwendolyn Drais, 34, of 335 Peshine avenue, Newark, who was riding with him, suffered a bruised forehead and knee but refused medical treatment. Kull's car knocked down a traffic sign.

Accent on Town Industries As War Chest Climax Nears

Fully organized and finally operating in high gear, the committees of the 1944 Belleville War Chest are attempting to put the clincher on the campaign during the next fortnight in order to complete the entire solicitation in industries and throughout the town by Thanksgiving. The bulk of the work in Belleville's 65 humming industries got into full swing last week with rallies and canvassing in many plants. Neighborhood solicitation has been completely organized, particularly at a workers' rally Thursday night in town hall and the several hundred workers this week are covering the town like a blanket in an effort to meet the Thanksgiving deadline, by which time it is hoped that the goal of \$67,000 will be realized.

The first definite picture of the progress of the campaign will not be painted until Wednesday night when representatives of all the various committees will meet in town hall to render their initial reports.

"We are trying to clean up the War Chest drive by Thanksgiving," said general chairman Lester E. McCorkle yesterday, "in order not to conflict with the Sixth War Loan."

"We are impressing on the hundreds of volunteer workers that it is essential to obviate all delays in prosecuting the campaign and we hope that the general public will support our efforts."

McCorkle and industrial chairman Elwood P. Russell paid high tribute to the labor-management groups in the Belleville firms which are helping to expedite the work.

Approve Plan
"Management and labor alike have expressed complete approval of the plan to give eight hours' or one day's pay to this worthy cause," Russell declared, adding that many firms had also increased their corporate contributions.

Considerably. Other chairmen, such as businessmen Eugene T. Kelly, chain stores' Harry J. Sullivan, schools' Wayne R. Farmer and public employees' Lawrence E. Keenan, have expressed the hope that persons who fall in those categories will also follow the one day's pay plan.

BOY SCOUTS SET COURT OF HONOR NOVEMBER 28

Complete Plans For Honoring Advancement; Will Also Repeat Gleaners After Reapers

The program for the Boy Scout court of honor to be held in Union avenue school November 28 has been completed, Henry Minasian, chairman of the district advancement committee, announced yesterday.

The committee has extended an invitation to the parents of all scouts and to the general public to attend the court, which will recognize scouts and troops which have made outstanding achievements since the March court.

Participating in the program will be Frank L. Chambers, Wayne R. Farmer, Harry F. Brumbach, Elwood P. Russell, Philip Dettelbach and Ronald G. Brunner. The principal address will be given by Robert Saylor, advancement chairman for the Robert Treat Council.

Scouts scheduled to receive star, life and eagle ranks are Raymond Fogel, Kenneth Clark, Harold Ford, Edward Hansen, William Gilliland, Ramon Zuckermann and Stuart Lawn. More names will be added after the board of review November 21.

As in previous war loan campaigns, the Boy scouts will again serve as "gleaners after the reapers," swinging into action toward the end of the Sixth War Loan.

Details for the campaign in Belleville will be discussed at the next scouts' round table Tuesday.

Buy Ambulances

Again troops here will strive to sell bonds to buy ambulances for the Army. Each troop which sells \$1,950 or more will have an ambulance named after it.

The Sea Scouts of ship 303, sponsored by Walter Kiddle & company, will be guests of Grace Baptist Men's club Monday evening at 8 when Lieut. A. Dalziel Piper of the Royal Navy, commander of a British submarine, will speak and show the movie, "Message from Malta."

Piper has a record of thirteen ships sunk and two damaged. He operated from the Malta base and took part in the invasion of Sicily. Skipper Wallace Jones and mate Marcus Wagner will welcome any young men fifteen or over who wish to attend.

The ship will resume meeting at Eastwood-Nealley corporation a week from Tuesday and after Thanksgiving will meet regularly on Mondays at the Eastwood plant.

Increase Road Lighting Here

Increased candlepower for road safety lighting on two Belleville highways was approved today by a state highway commissioner Spencer Miller jr. They are Washington avenue and Main street.

The two streets, which are under state control, were dimmed when automobile travel was reduced after the declaration of war nearly three years ago.

Dewey Wins Belleville With 53 Percent Vote

Town Stays in Republican Column. Okays Public Employees' Pension; 90 Percent of Civilians to Polls

Belleville maintained its reputation as a Republican stronghold in Tuesday's presidential election and with the soldier vote not included, President Roosevelt lost 159 tallies to his GOP opponent this time compared to his 1940 showing here. Mr. Dewey finished in front of the President here by a 6,215 to 4,803 margin, showing himself the favorite of 53 percent of the voters in the town. The entire Republican slate was given th nod when the ballots from all sections of the town and in the meantime referendums on constitution revision and municipal employees' pensions were passed by comfortable margins.

Mr. Dewey carried three districts which went to Mr. Roosevelt in 1940 while the latter gained a majority in the first district of the first ward which he lost four years ago. The GOP standard bearer switched the picture in the first ward third district and the

fourth ward first district. Ninety percent (11,739 out of 12,935) of the registered civilian voters went to the polls. Belleville will be credited with an estimated 800 to 1,000 military ballots besides.

Of the number who went to the polls, 511 failed to register a preference for the presidency, 33 percent failed to express an opinion on constitution revision and 42 percent did not vote on the municipal employees' pension question.

The latter two facts are laid to the unfamiliarity of the average voter with the questions before them but political dabblers are wondering how 511 Bellevillites could fail to know who to support for the presidency.

Vote for Wilkie
The total vote of all five presidential candidates was 11,227 out of the 11,739 votes cast. One citizen in second district of the third ward wrote in the name of Wendell L. Wilkie, the late Republican leader.

Socialist-Labor candidate polled 172 votes here, Socialist Norman Thomas received 31 while Belleville expressed its opposition to prohibition by casting six votes for that party's candidate, Claude Watson.

Representative Fred A. Harley jr. was elected to his ninth term in the House by a comfortable margin. In Belleville he led Democrat Luke A. Kiernan jr. by 1,641 votes, a 3-2 margin.

Harley's big plurality in Glen Ridge and Bloomfield, his comfortable margin in Belleville, Nutley and Kearny more than offset Kiernan's advantage in North Newark.

The municipal employees' pension referendum will grant to all town workers other than police, firemen and school employees (who already have pension systems) a guarantee of retirement pay.

The pension question was passed by the voters by a 1,640 majority. The margin here, however, was far closer than in any of the other Essex County municipalities which pondered the decision this year.

The closing hours of the election were complicated by reports that several persons, who claimed to have been properly registered, were not permitted to vote because their names were not on the registration books at the polling places.

At least a half a dozen irate citizens stormed election headquarters at town hall and much time was consumed burning up the telephone wires to election Superintendent Miele's office in the hall of records.

Special orders were written for several a few minutes before the polls were scheduled to close but it is not known whether or not they were able to cast their ballots.

Typical was a woman from Linden avenue who has lived in Belleville thirty years and nine years in the same house. She claimed she last registered in 1943 and voted in the spring primary. Her name was not on the books, however.

A man from Fairway avenue, Belleville resident for 53 years, received a sample ballot several weeks ago but found that his name also was not on the books. His wife, however, was permitted to vote.

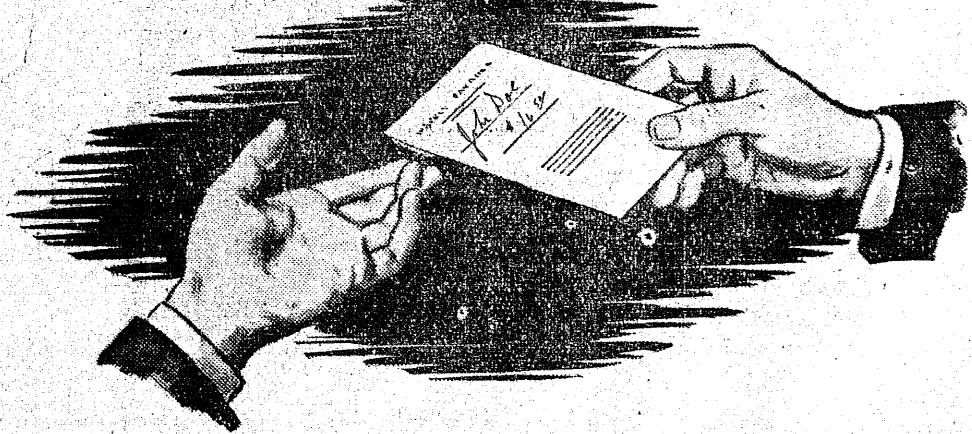

A spokesman in Miele's office yesterday excused the blunders on the grounds that "there were only a hundred mistakes" in 400,000 registrations and that's not too bad."

He declared also that the picture of democracy class under the direction of Miss Shirley Israelow, Mr. Roosevelt topped Thomas E. Dewey by a 6,215 to 4,803 margin. Constitution. Cont. 528-965

FDR Wins High School Students

Have You Forgotten How a Thin Pay Envelope Looks?

Some folks are getting so used to seeing money come in fast that they are spending every cent they make. They have forgotten all about horse sense in spending and horse sense in saving.

And, they're treading on mighty thin ice. For there's danger in spending it all.

Spend for the things you really need, of course. But plan your spending. Be realistic. Take a pencil and figure out your total income, your necessary spending. Then plan to lay aside a good part of your remaining income for the things you can't buy now but which will be available to you when the right time for spending comes after the war.

And as you plan your spending, also plan your saving. Set goals now—high goals. Think of things you really want—and save to get them. Save by buying more War Bonds—put your over-and-above dollars in a savings account reserve. Then you will help keep prices down... will help keep the buying power of your dollar up... will have a sound backlog for the readjustment period after the war... will have money to buy worth-while things when spending is in style again.

But right now, the style swing is toward saving. For your own sake... your family's sake... your Country's sake—save. And save hard!

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

Strain of Three Games Shows on Bellboys

Drop 25-0 Decision to Hillside's Undefeated Team After Having Been Worn out by Bloomfield, Irvington; Meet Kearny Saturday

Showing the strain of three straight grueling battles, Belleville High's gridders were completely overwhelmed by a heavier and more experienced Hillside High team Saturday at Clearman Field, 25-0. It marked the third straight season that the locals have bowed to the Comets by the identical score. The Bellboys' record now stands at the .500 mark for six games, while for Hillside it marked the sixth win in seven starts for the season, the other game being a scoreless deadlock with Orange. It has taken a trio of undefeated grid powers to down the Bellboys, the teams being Bloomfield, Irvington and Hillside.

The Comets' blitzkrieg went to work immediately upon the opening whistle. The hard-hitting Hillside backfield drove through the Blue and Gold line for five consecutive first downs and the game's initial touchdown.

The drive was featured by successful line smashes by Grover Porch, Berny Gehring and Al Brenner. Not once did the visitors resort to the air for any of the necessary yardage.

Porch bulled his way over from the two-yard line for the first score. Dlugosz's placement failed to net the extra point.

The second quarter saw the Bellboys stage a mild threat, when, with some neat running by Vic Pasquariello, they chalked up their only brace of first downs during the fray; but their hopes fizzled when Hillside guard Bob Caston recovered a local fumble on his own 30.

Again in the same period an alert Comet back pounced on another costly Bellboy fumble on the losers' 15. On the following play eagle-eyed Joe Fortunato, the game's running and passing stalwart, pitched a payoff pass from the 20 to his end Carlo DiBuno.

Stop Threat

The third period started with the visitors kicking off to Belleville. On the third down in their series of plays, Pasquariello's punt was blocked by huge Pete Ferrigno on the Bellboy 27 which at the time looked like the foundation for Hillside's third tally, but twice in a row, Belleville's Smith, Bemis and Vaccarella broke through to smear Fortunato for losses and thereby halt the Comet threat.

The Comets came back for their third tally, climaxed by another long series of first downs with Joe Lewis plunging over from the one. Dlugosz's placement conversion soared the visitors mounting score to 19-0 as the quarter came to a close.

Three plays after the final period got under way, swivel-hipped Fortunato plucked a Bellboy punt out of the air, on the mid-field stripe and, with the aid of some timely downfield blocking, dashed down the field for the fourth and final Hillside tally.

On the following kickoff Pete Del Vecchio made a pretty sideline return to the Comet 45, but here the Blue and Gold offensive again failed to make any headway.

Saturday will find the Bellboys nipped against a considerably weaker Kearny outfit. The game will be played at Clearman Field at 2:30. Kearny thus far has failed to win any of its games.

UNITED THRU BOOK THEME AT LIBRARY

Special Displays Will Mark
Children's Book Week; Show
Shell, China Collections

"United Through Books" is the theme this year for Children's Book Week, November 12-18, which will be celebrated in the children's room of the Free Public Library and in the seventh and eighth grade departments, with special displays of new children's books and posters.

Special features in the adult reference room are two collections, one of shells and one of miniature china slippers and shoes.

The shells, loaned by Miss Mary McCall of 125 Adelaide street, are specimens of many beautiful types, and the exhibit includes a group of very tiny shells which are particularly interesting.

Miss Jean McCall of the same address, has loaned the slipper

collection, which is composed of many lovely examples of china miniatures, of various sizes, shapes and colors. Especially lovely are a china boot and a beautiful replica of a pair of baby slippers.

The Library will be closed November 11, Armistice Day, and November 23, Thanksgiving Day.

And By Appointment

NOVEMBER 12-18, 1944

THIS year—the 200th anniversary of the publication of the first book for children—Book Week, November 12-18, is expanding overseas. Arrangements have been made for simultaneous celebrations in England, Brazil, Russia, Mexico, India, and many other countries. Book Week Headquarters have united on their sponsoring committee many national organizations, among them: American Library Association, National Education Association, National Congress of Parents and Teachers, Child Study Association of America, National Recreation Association, Pan-American Union, Women's Council for Post-War Europe, Boy and Girl Scouts, and Fire Girls and 4-H Clubs.

During Book Week, libraries, schools and bookstores all over the United States have special exhibits of books. Each year a central theme is selected, such as "Build The Future With Books," "New Books — New Friends," and currently "United Through Books." News of books and special Book Week programs are given on the radio; stories are carried in newspapers and magazines. In some

cities the mayor makes a proclamation about Book Week, and in some states the governor also makes a proclamation. Various women's organizations have meetings at which guest speakers talk about children's books. Some of these groups raise funds to buy new books for the library, or to start a new library.

This year Children's Book Week Committees, under the leadership of National Headquarters at 62 West 45th Street, New York 19, N. Y., are being formed in communities all over the country. It will be the aim of these local committees to literally "unite" the whole community through books.

National Headquarters is opening Book Week with a gala luncheon on November 11, in the Grand Ball Room of the Hotel Astor in New York. Participating organizations will make presentations of books to the children of Europe, the Child Study Association will make its annual award for the best book for children dealing with current problems, and there will be one or two nationally famous speakers.

To Mr. and Mrs. William Eppling (Anne Adamowitz) of 72 Gless avenue, a daughter, Diane; October 24 in Passaic General hospital.

To Lieut. and Mrs. Alonzo B. Meredith jr (Audrey Heilman) of 104 Overlook avenue, a son, Robert Fulton; October 14 in St. Barnabas' hospital.

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is co-existent and co-eternal with that Mind — Immortal man is not and never was material, but always spiritual and eternal." "Man in the likeness of God as revealed in Science cannot help being immortal."

To Merit Your Confidence Is Our Whole Concern

WAR CROPS FROM MIDDLE AMERICA

QUININE OBTAINED FROM THE BARK OF cinchona (in-kona) trees, quinine is urgently needed today. Above is four-year-old cinchona in bloom — mature enough for first light harvesting.

PRODUCING HIGH YIELDS: Middle American farmers bud-graft high-yielding cinchona strains near the base of young trees to increase quinine content of the bark. Cinchonans start producing in four to five years and reach maximum yields in ten years.

QUININE IS MAN'S BEST PROVED DEFENSE AGAINST MALARIA

NATIVE TO THE AMERICAN TROPICS, and exported mainly from Middle and South America as late as 1880, quinine became, in the years following, a vital monopoly of the Dutch East Indies. Since Japan's Far East invasions, our imports of Latin-American quinine have mounted. In cooperation with the United States, Middle America is re-establishing quinine as a durable crop. Guatemala, with 1,600,000 cinchona trees, has one of the world's most effective cinchona research farms. Costa Rica in 1943 granted 10,000 acres for U. S. Department of Agriculture plantings of cinchona trees, the whole project to be turned back to Costa Rica in twenty-five years. Thus, the Americas can and will become independent of Far Eastern sources of this precious therapeutic.

DR. FRANZ POLGAR IN REPEAT SHOW AT HIGH SCHOOL

Famed Hypnotist, Telepathist Returns in Performance For Assembly Fund

Dr. Franz Polgar, the most perplexing personality on the platform will present "Miracles of the Mind" in the Belleville High School auditorium November 21. The show will be open to the public.

Polgar's program includes telepathy, memory feats and hypnotism with subjects from the audience. Proceeds are for the benefit of the free assembly programs which are presented during the school day.

Polgar was one of the high school's paid entertainers last year and was on the staff of the school's dramatic club.

To show what can be done with a good memory he drew 16 squares on a blackboard and had the members of the audience call out the name of some object to be placed in each square.

The telepathic demonstration had the doctor using one of the students as a transmitting station to send mental directions to him telling him where to find Betty Strain, who had been selected by a group of four students as the object of the search.

Hypnotism

Polgar then went on to the subject of hypnotism. Calling volunteers to the stage, he provided chairs for them and proceeded to lull them into a deep sleep. The hypnotist then showed how a hypnotized person could be made to do things he would not do normally.

Polgar showed convincingly that it was possible to make a subject do something after he awakes when he told one hypnotized student to talk without his usual stammering.

He then returned to China as a missionary. After Canton was taken over by the Japanese, he conducted a refugee camp and later was interned along with other missionaries.

Eventually he was released and came back to the United States on the second trip of the Gripsholm, arriving in New York, December 1, 1943.

CAN COMMUNICATE WITH PRISONERS WHO ARE FREED

Red Cross Announces Service To Liberated Americans; Will Take Messages This Month

Messages for delivery to liberated U. S. prisoners of war and civilian internees in the Philippines will be accepted by all Red Cross chapters during the month of November. Basil O'Connor, chairman of the national Red Cross, announced today through the medium of the local chapter of which Mrs. Muriel Taggart is secretary of Home Service.

Arrangements have been made by the American Red Cross through the Cooperation of the War Department, State Department, Post Office Department and the Office of Censorship.

One message, the length restricted only by the space on the Red Cross message form, will be accepted by the Belleville chapter from any person in this country for a prisoner of war or civilian internee known to be held in the Philippines.

All messages will be sent immediately to Washington for transmittal by Army Postal Service. While the Red Cross does not guarantee delivery, every effort will be made to reach the addressees as soon as they are liberated.

No messages can be accepted for men listed as missing in action. The Red Cross urges families not only to submit the special messages, but also to continue writing at regular intervals by prisoner of war mail.

Faster Mail to Germany

Newly captured prisoners of war in Germany will receive their first mail from home two or three months earlier than previously because of new plans for forwarding.

The office will accept mail for a prisoner of war immediately after official information that he has been captured by Germany is received.

Previously, relatives in this country were compelled to wait until they received his permanent camp address — often two or three months after a man was first reported prisoner — before they could start the first letter on its long trip to the prison camp.

The International Red Cross committee has agreed to handle mail for newly captured men and forward it as soon as it is informed of each man's camp address.

It must be addressed as follows: full name, rank, "U. S. Prisoner of War in Germany, in care of the International committee of the Red Cross directory service, Geneva, Switzerland."

Ralph Street School Observes Children's Book Week

Fulfilling the slogan "United We Read" for children's book week, displays of reading matter in Ralph street school next week will be grouped according to the countries of which they treat. Adults will have an opportunity to witness classroom and corridor exhibits on Tuesday when the school Parent-Teacher association will hold open house there at 2:30.

At that time Miss Elizabeth Briven of the Belleville library will talk to parents on child and adult reading.

One of the aims of next week's book exhibits, according to Principal Thomas Kryczka, will be to acquaint pupils with all books in the school building; not only those in their individual classrooms.

Books from the public library here, from Newark library and Jersey City library will be shown throughout the school in an effort to stimulate pupil interest in reading outside the classroom.

Four Attend Montclair Academy

Webster Diehl Painting is Hung In Montclair Museum Exhibit

Belleville is again represented this year in the current exhibition at the Montclair Art Museum by P. Webster Diehl of 298 Union avenue, head of the high school art department.

Entered in the fourteenth annual New Jersey State Exhibition of American Artists is Diehl's oil painting depicting farm life in winter. His paintings have been accepted in Montclair's yearly exhibit many times.

Guidance Laboratory Survey Shows Half of High School Class Goes to Business

Results of the post-graduation work survey of the Class of 1944 were released yesterday by the high school guidance laboratory under the direction of Dr. Thomas J. Brosnan.

Of the 258 graduates, the laboratory was able to contact 143. Of these, 35 have gone in for further studies, 76 into business and 32 into the armed forces. The breakdown follows:

College of arts 25, technical school 1, nursing 2, private school 2, teachers schools 5, office positions 57, trade and industry 15, store positions 3, Army 14, Navy 18, miscellaneous 1.

Brosnan listed three purposes of the survey: 1) it aids the school in checking the value of its service; 2) it reminds each graduate that the school is still interested in him; 3) it serves as a guide to future school planning.

Government postal cards were mailed to each graduate and 55 percent have answered thus far. Brosnan appealed for immediate cooperation from the remainder.

Colleges attended by the '44 grads include Fairleigh Dickinson, Franklin & Marshall, Howard, Lehigh, Maine, Montclair state teachers, New Jersey College for Women, Newark College of Engineering, Newark state teachers, Paterson teachers, Seton Hall, Upsala, Virginia and Wisconsin.

Graduates have found employment with Allen Engineering, All-State Insurance, American Insurance, American Tag, Eastwood-Nealley, FBI, Hahn's, Hardman, Hoyer, Internal Revenue, Kidde, Kresge, McKesson & Robbins, Mutual Benefit, New Jersey Bell Telephone, New York stock exchange, ODB, Petit Paint, Prudential Insurance, Resistoflex, Sears Roebuck, Thomson Machine, Viking Tool, Wallace & Tiernan, Western Electric and Westinghouse.

line with their ideal of service to others," said Miss Bardagj yesterday, "an ideal which has become so meaningful to them in wartime."

A joint meeting of the council and the Leaders' club last night in headquarters was addressed by Mrs. James W. Reynolds, field advisor of Region II Girl Scout staff.

She spoke on the functions of these groups and their place in relation to the community's scouting program.

Gas Station Robbery Two new tires and \$117.66 in cash were reported stolen from the Atlantic service station at 105 Union avenue some time over Sunday, according to owner William Natell and manager Michael Ippolito who discovered the break.

Mr. and Mrs. James A. Murray

When James A. Murray of Belleville married Nellie Murray (no relation) of Lambertville he was told he was robbing the school. She was only seventeen. Sunday they celebrated the golden jubilee of their marriage with a special mass said in their honor at St. Peter's Catholic church and were feted Sunday night at a family dinner.

Mr. Murray, then 22, had lived all his life in Belleville, having been born on Cortlandt street near William street. His father and mother had lived here since they were children.

They were married in St. John's Catholic church, Lambertville, November 5, 1894, and immediately came back to Belleville. They have lived most of the time at 153 Belleville avenue.

Mr. Murray has been a wire-weaver with the Eastwood-Nealley corporation for more than a half a century. He is past president of the Knights of Columbus and of the Exempt Firemen here. They have four children, all

living within a few steps of their parents: Mrs. Leonard J. (Mary) Donhauser at home, Mrs. Joseph A. (Hannah) Weiss of 15 Hornblower avenue, Mrs. John J. (Geneva) Goebel of 19 Hornblower avenue and James A. Murray jr. of 159 Belleville avenue.

They have seven grandchildren, of whom two are serving their country in the Navy, both in the Pacific area. They are Ensign John J. Goebel jr. and Radioman 2/c Joseph A. Weiss jr.

GIRL SCOUTS FORM SERVICE BUREAU

Will Aid Community Projects With New Organization Instituted Saturday

Girl Scouts from all troops in Belleville who are interested in service to the community beyond that of a troop met Saturday in scout headquarters, 400 Washington avenue, to inaugurate a Service Bureau.

Service projects which will come under the activities of this bureau were typified by the assistance which several scouts gave at the blood bank last fortnight, helping in the canteen and as ushers.

Other activities will include distributing materials for Red Cross production work, giving instruction and demonstrations, ushering at community affairs, helping with special theater collections such as the War Chest, attempting to set up a small children's play center, aid to hospitals.

Any community organizations desiring the services of the Girl Scouts would contact headquarters where a Service Bureau representative will handle the request and notify the girls. Scouts will receive recognition at the annual court of awards.

Mrs. Elmer S. Hyde, Belleville scout commissioner, and Miss Elizabeth Bardagj, acting executive secretary, were present at Saturday's meeting which was the final event of the commemorative Girl Scout Week.

"This activity is one widely promoted by the Girl Scouts in

News of the promotion of Elmer G. Gibbs of 178 Cedar Hill avenue from second to first lieutenant in the Army signal corps was received by his parents last week fifteen minutes after he had left for Seattle.

Gibbs had spent several weeks in the east on leave and attending school at William & Mary college. He was married recently to the former Miss Margo Hyde of 43 Rossmore place.

S. Robert Glynn has been promoted from first lieutenant to captain in the Army medical corps in France, according to a letter received last week by his parents, Mr. and Mrs. Abraham Glynn of 12 Overlook avenue.

Glynn, who is battalion surgeon of an infantry unit, is the husband of the former Miss Ethel Nash, daughter of Dr. and Mrs. Herman Nash of Newark.

He graduated from the high school in 1932, took pre-med at the university of New Hampshire and gained his degree at the St. Louis (Mo.) Medical school.

He was an interne at Newark's Beth Israel hospital at the time of his entry into the Army in

July 1943. He went overseas last February and has served in North Africa, Anzio and southern France.

His brother, Marine Sgt. S. Joseph Glynn, is a radar specialist stationed at Santa Barbara, Cal.

Lieut. Robert F. Bangert

Robert F. Bangert received a "battlefield promotion" from second to first lieutenant, according to a letter from Maj. Gen. D. A. Stroh received last week by his parents, Mr. and Mrs. Frank Bangert Jr. of 143 Cedar Hill avenue.

The promotion took place October 14 in Germany and was based on "clearly demonstrated fitness by outstanding performance in actual battle." It was recommended by his regimental commander.

Bangert graduated from Belleville High in 1939 and from Syracuse University in 1943. He had entered the Army in his senior year and was commissioned at Fort Benning in September 1943. He has been overseas since May.

His wife is the former Miss Frances Haworth of 56 High street.

Anthony Laterza of 46 Floyd street, has reported to the naval air station, Glenview, Ill., a unit of the naval air primary training command. She has been assigned to duty in the assembly and repair department.

Wave Laterza enlisted in New York, April 25, and received her boot training at Hunter College. She is a graduate of the Belleville High school, and prior to her enlistment was employed as a beautician at the Lee Royce Beauty Shoppe.

Miss Laterza has two brothers who are also serving with the Navy: Ensign Robert M. Laterza and Hospital Apprentice 2/c Anthony Laterza.

Photographed by the Washington Daily News at the Navy Day parade in that city was Chief Petty Officer Howard A. Matthews, son of Mr. and Mrs. Austin Matthews of 125 Tappan avenue, who is an instructor at the Anacostia Naval Air station.

Entering the Navy in January 1941, Matthews served nineteen months in the Pacific as aviation machinist's mate and saw action in Guadalcanal, Midway and Wake. He returned to Washington in August. Matthews was with Wallace & Tiernan company in civilian life.

His brother, Seaman 1/c Russell Matthews, entered the Navy two years ago. At sea after two months in Newport, R. I., he has participated in Mediterranean invasions and in Normandy. He was also formerly locally employed with Petit Paint company.

T/Sgt. George E. Kistner, 21, radio operator on an Eighth AAF B-17, has been awarded the air medal in England for his part in bombing German industries and in support of the Allied invasion of France.

The son of Mr. and Mrs. Augustus Kistner of 450 Cortlandt street, he was a wire weaver at the Eastwood-Nealey corporation before entering the Army in December 1942.

Henry G. Walker Jr. of 112 Ralph street has been promoted from corporal to staff sergeant in Europe.

A Ninth Air Force Bomber Base, Europe. — "Ruthless," a B-26 Marauder piloted by Capt. Frank K. Schleicher of Belleville, is the first airplane of the Marauder group commanded by Col. Gerald E. Williams to complete 100 combat missions over Europe without a mechanical failure or an engine change.

Schleicher, who named the ship for his wife, Mrs. Ruth Schleicher of 305 Union avenue, flew his ship across the Atlantic late

last winter when the group became operational in the European theater of operations.

Evangelista Decorated

15th AAF in Italy. — At a recent ceremony in Italy, the legion of merit, the Army's fourth highest award, was presented to T/Sgt. Louis Evangelista, AAF B-17 engineering electrician, of 141 Little street, by his wing commander, Brig. Gen. Charles W. Lawrence of Orlando, Fla.

The medal was awarded to the 27 year-old sergeant for his "exceptionally meritorious conduct in the performance of outstanding services" in the North African and Sicilian campaigns.

In the early days of the North African campaign, when his squadron had to operate despite shortages of equipment and personnel, Evangelista worked night and day, so that a maximum number of B-17's were able to fly almost daily.

Evangelista's skill and devotion to duty were major factors in the success of his squadron's operations against the enemy.

Not only did the sergeant work tirelessly at his own duties, but also found the time to invent and improvise many devices that saved equipment and valuable man-hours.

As one of his squadron's mechanics said, "I don't know where Lou gets all his energy. He's always doing something, tinkering with some new contraption."

Evangelista was born at Woorthington, W. Va., where his family lived for twelve years before moving to Belleville.

Just prior to his enlistment

January 6, 1942, he was technical electrical advisor at General corporation, Linden.

With this experience to his credit, Evangelista completed his basic training. Then, instead of being sent to some AAF trades school, was assigned to Geiger Field, Wash., to join a B-17 cadre, the nucleus of his present organization.

In August, 1942, Evangelista, already a staff sergeant, flew to England where his group operated for four months before going to North Africa. In December, his organization moved to their present base in Italy.

His brother, Cpl. Frederick Evangelista, is in the military police somewhere in France. His father, Salvatore Evangelista, resides at the Belleville address.

Pvt. Albert Botticelli, son of Mr. and Mrs. Alfred M. Botticelli, of 30 Mt. Pleasant avenue, re-joined the Army air forces training school at Chanute Field, Ill.

Clara H. Geiger is now preparing at the Third WAC Training Center, Fort Oglethorpe, Ga., for an army assignment. A private duty nurse for 21 years, the WAC trainee has spent most of that period in Liberty Corner, N. J.

Pvt. Geiger received her nurse's training at the Essex County Homeopathic Hospital, now replaced by East Orange General Hospital. She is a registered nurse and a member of the American Nurses' Association.

The Wac is the sister of Charles W. Geiger of 577 Washington avenue. She is known to many by her adopted name, Van Dusen. Two nephews, also in the service, are T/Sgt. Elmer Schaeffer, a surgical technician in the Army medical corps, and Pfc. John H. Geiger, serving with combat engineers in England.

Signalman 2/c Wesley Lehman last Friday for Norfolk after spending a thirty-day leave with his mother, Mrs. Clement Lehman of 90 Tappan avenue. He has seen action at Guam and Saipan aboard a gunboat.

Lehman, who attended Belleville High school, was a member of the fire department before his induction in October 1942.

Second Lieut. Vincent R. Cortese of Newark, formerly of 18 Cedar Hill avenue, was recently awarded an oak leaf cluster to his air medal. He is a Liberator bombardier-navigator.

Cortese has flown fifteen missions over the continent, participating in attacks on Boulogne, St. Malo, Saarbrücken, Oschersleben, St. Lo, Wismar, Hamburg, Brunswick, La Houssaye, Coulanges, Nancy, Essey, Lyons, and military installations in support of the Allied ground forces now fighting in France.

SF 2/c Michael A. Schiavo of 24 Emmet street last week was commended at the captain's mast by Comm. C. B. Laning, commanding the USS Hutchins somewhere

in the Pacific. Schiavo's parents praised him for:

"... exceptionally performance of duty and devotion to the ship during extended period in the war, during which he participated with credit in over twenty actions with the enemy."

Pvt. John E. Idenden Engaged To Tamaqua Co-Worker

Miss Nancy B. Connely of Tamaqua, Pa., and Pvt. John E. Idenden of Belleville were co-workers for several years at the Atlas Powder company in Tamaqua. He is now in the Army but their engagement was announced Friday.

Miss Connely is the daughter of Arthur W. Connely and the late Mrs. Connely. Pvt. Idenden is the son of Mr. and Mrs. Frederick Idenden of 37 Van Rensselaer street.

He graduated from Belleville High school and attended Newark College of Engineering. He left Atlas in July to enter the Army. He is now in ASTP at Ohio State University.

WARNING To All Consumers Of COAL and COKE

The Department of Public Affairs of the Town of Belleville is endeavoring to avoid all unnecessary suffering to consumers of solid fuels this Winter.

Working in close co-operation with the Solid Fuels Administration for War, your Director of the Department of Public Affairs strongly urges you to observe the following precautions AT ONCE:

1. If you have not already done so, you should immediately file a Consumer Declaration and your order with the dealer that supplied the premises in which you now reside during the period April 1, 1942, to March 31, 1944.
2. If your dealer has gone out of business — or — if you moved to a house that was not occupied during the past two years — any of the local coal dealers will accept your Declaration and hold it until the S. F. A. W. Area Committee for your District can survey the community demand (this should be done immediately) and you will be assigned to a dealer who can take care of you with whatever fuel is available.
3. Remember, you may have to take all of your order in alternate fuels, such as bee-hive coke or bituminous coal. Don't refuse to accept whatever size or kind of fuel your dealer offers you. It is the best he can do. Also play fair with your dealer by placing orders at least 10 days before your supply runs out.
4. Don't duplicate or inflate your order. It is punishable by fine and other restrictive penalties contained in existing regulations.

CONSERVATION

1. Postpone central heating as late as health and reasonable comfort will permit. Remember consumers of anthracite coal can only obtain 87½% of their normal requirements.
2. Cleaning of furnaces to insure maximum efficiency.
3. Turning off heat in unused rooms.
4. Add storm windows or weather stripping.

PROTECT YOUR HEALTH

- Wear warmer clothing around house, then 65 degrees temperature indoors will be sufficient.
- Heat in used bedrooms should be turned off when retiring.
- Keep temperature in homes near but not below 65 degrees between hours of 7 A.M. and 9 P.M.

Memory of Bygone Belleville Resurrected by Booklet

Program of Celebration Tells of Wonderful Fishing in Passaic River, Steamboat Transportation To Newark, Industrial Beginnings

Memories of Belleville when it was still a friendly little community on the banks of the Passaic and when its role as an integral force in the industrial life of the hurly-burly metropolitan area still lay ahead of it, were evoked this week when Albert Newshwander of 28 Hewitt avenue found among his numerous items of old Belleville a copy of the program of the 1912 Belleville Annual Celebration. Through the pictures, the articles and the advertisements in the little book is gained a picture of the sort of town in which the generation of 32 years ago lived.

The celebration, the reasons for which have been lost in the mists of time, was held in old Hillside Park, which was then the leading amusement park of the county but which is now the huge tract of vacant land on north Washington avenue in back of Riviera Park roller skating rink.

Hillside, which operated for the first quarter of this century, was

acres, including Wild Animals from Jungle, Mountain and Forest."

Other Attractions

There were "100 other attractions" and the new swimming pool was claimed to be one of the largest in New Jersey.

Under the heading of "Belleville As It Is To-Day," a picture is drawn of the town where "you could hear a noise in your cellar and not call the police, because it was probably a neighbor getting some wood which he would later replace," as one old resident put it. Says the article in the program:

"Belleville is a beautiful municipality, situated in the northeastern part of New Jersey. It crowns the western slope of the famous Passaic valley, lying immediately north of Newark.

"The distance by rail from Belleville to New York is nine miles. The present population is about 14,000 and it is growing at the rate of ten percent a year.

It is lighted by electricity and it has gas and telephone connections in every part. It has a well organized fire department and a modern signal system. There is a

uniformed police force on duty night and day.

"The town has forty miles of streets, thirty of which are macadamized. The health of Belleville is excellent, it being situated on sloping ground with splendid drainage facilities.

Transportation

"Three branches of the Erie Railroad pass through the town. The time from New York City is forty minutes. Two lines of trolley cars also pass through the town, while two other lines are easily accessible.

"The Belleville post office includes a carrier system reaching outlying parts of the town twice daily and the business section three times.

"The public schools have a well earned reputation among all who know of their work. The system embraces four modern brick buildings equipped with all modern devices for the care and education of the young.

"The High School department with its several courses of study fits for college, normal or business schools. There is also a large parochial school situated on

spacious grounds and enjoying a large patronage. The parochial school also has a commercial department.

"The public library is well conducted and is one of the best patronized in the State, having a circulation of about 5,000 volumes a month."

The article describes the new First National Bank which opened for business October 6, 1906, and three "well managed and prosperous" building and loan associations "earning more than eight percent a year." In addition:

"Belleville possesses a live Board of Trade active in advancing its interests. Lodges of nearly all of the well known fraternities are located here. There are many athletic clubs and social organizations.

Residential Town

"As a residential town, Belleville ranks with any town in the State. Beautiful homes adorn most of the streets. This is true particularly of Washington avenue which is two miles long and 100 feet wide.

"At the fall election of 1910 the voters of Belleville voted to change the form of government from a township to a town. Mr. G. Lyman Denison, who was chairman of the Township Committee, had the honor of being elected first Mayor of the town." He took office January 1, 1912.

"Through the efforts in great measure of Mr. John H. Waters, who was then Freeholder, an appropriation was passed by the Legislature in 1911 whereby Belleville would be enabled to enjoy the benefits of the county park system.

"On or about September 1, 1912, the town will also have a new bridge across the Passaic river for which much credit can be given to Mr. Waters."

In the amusement world, the

program lists the Alpha theater on Washington avenue near William street and the Hillside Park Hippodrome. The latter, started in 1898, drew more than 500,000 people every summer.

The booklet then gives a brief history of the town's two oldest manufacturing firms, Hendricks (later Belleville Copper) Rolling Mills and the Eastwood Wire Manufacturing and Eastwood Chemical companies.

Rolling Mill

"Hendricks was started in 1792 at the lower pond of Second River. About 1847 they located at their present site" (at Mill street and Franklin avenue on the site now occupied by Jergens company.)

The rolling mill was destroyed by fire in 1867 and again in 1903 and finally torn down in 1939 to make way for the Jergens structure.

John H. Eastwood founded his chemical company in 1847 and his wire manufacturing in 1876.

An anonymous article entitled "Reminiscences of Belleville, N. J." gives many interesting sidelights on the history of the town:

"Seventy years ago the town of Belleville, united with all the Woodside (now North Newark) from the cemetery (Mt. Pleasant on Broadway) up, and all of the township of Franklin (now Nutley) was included."

In 1839 the township was divided, leaving Woodside, Belleville and Franklin in one town. The former broke off in 1869 and five years later Franklin declared its independence.

"One or two places along the river was docked out for vessels to deliver freight. At that time there was an open and beautiful shore commanding a very pleasant view of the river.

There was only one school in

the town, a little building in front of the Reformed church, at that time. A public school was started in 1852 and finished in 1890. St. Peter's \$30,000 parochial school was built in 1880.

Fish Stories

"The Passaic River abounded with bass, perch, roach herring sunfish, catfish and all kinds of fresh water fish. You could take a rod and line and in one hour return with your basket full, or as many as you wanted.

"As you washed the bait from your hands the fish would come to the surface to get it, and as far as your eye could see the whole water would be alive with them from four inches to two feet in length; bass weighing from one to fifteen pounds.

"Smelts were caught by the wagon load, furnished the Newark and a part of the New York market. And then the shad interest was a large one, some twenty or more hauling places. There have been over 700 caught with one sweep of the seine.

"Then there was also what was called Albany beef (sturgeon); they could be seen jumping some four feet out of water, measuring three to seven feet in length.

"The smaller fish were not only caught in summer, but in the winter holes were cut in the ice, for then the river would freeze from eighteen to 24 inches. You could drive sometimes from Passaic to Staten Island on the ice."

Steam Travel

The first steam vessel to ply the river was the Olive Branch in 1838. Abraham Zabriskie of Saddle River shortly afterward built a light draught boat for freight and passengers between Passaic, Belleville, Newark and New York.

The Belleville Steam Boat company was incorporated in

1857 after a group of citizens and industrialists met December 6, 1856 to consider purchase of the Governor Kemal from Capt. William Tupper.

"At that time there was no communication with New York or yet to Newark except by stage or on foot." Present at the meeting were "J. Eastwood, S. H. Terry, Doctor A. Ward, G. DeWitt, H. K. Cadmus and the writer."

The little ship, rechristened the Belleville, operated successfully for two seasons, carrying 60,000 passengers, and was sold to a Capt. Martin in 1859. He ran it one more year "but like many others became financially embarrassed."

Serving with Denison on the town council in 1912 were, Emil C. Mertz, George T. Byron, H. McCormick, Frank A. Cadiz, Herman T. Hanschka and Frank J. Carragher.

J. K. Provett and Michael J. Flynn headed the fire and police departments respectively, Edward E. Mathes was town clerk, George W. Staniar was tax collector and Richard P. Scaine jr tax assessor.

What Is A Realtor?
Here's Why It Pays To Deal With Realtors!

***NOT ALL
REAL ESTATE DEALERS
ARE REALTORS**

Here Is What A Realtor Is:

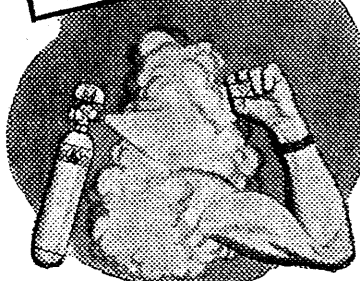

THE TERM "REALTOR" does not mean the same as "real estate dealer." For the term, "REALTOR" is so distinctive—it appears in Webster's New International Dictionary, with the following definition:

"REALTOR"—A real estate broker who is an active member of a local real estate board—which holds membership in the National Association of Real Estate Boards. That organization was incorporated in 1908, for the advancement of the interests of real estate brokers, and for the protection of the public from unprincipled agents or brokers.

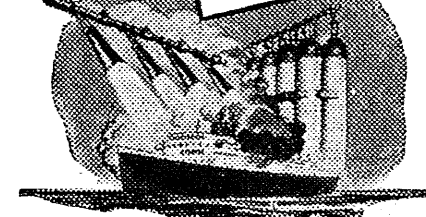

In Bloomfield, Glen Ridge, Belleville and Nutley area—only members of this Board are Realtors.

War Bonds Are Votes of Allegiance to America

Coming around the bend is the Sixth War Loan. It is not even probable that there are any of our readers who are still unfamiliar with the benefits to themselves and to their nation derived from the purchase of war bonds.

We can repeat that it is the safest investment in the world, that the full weight of the U. S. Treasury stands behind it, that every three dollars will get four, that you are buying the guns and machinery that our boys need to do the job right, that you are laying a solid foundation for your own personal little postwar world, or simply that your nation needs the money.

But all these arguments have been propounded time and time again until even the small schoolboy knows them by rote. Strangely some of our adults have not yet learned them. There are thousands of Americans who have yet to buy first bonds. There are many thousands more who have cashed in practically all they have bought,

considering the buying of a new hat or going on a trip more important than helping to save American lives.

Money loaned to the government on a sixty-day basis is of no value in the purchase of supplies for the armed forces. If a man or woman has enough confidence in the country to buy a bond, he should have enough confidence to let the nation use that \$18.75 for the full ten years. This is the time for more than passing patriotism; it is a time which tries man's faith in the democratic principles for which his sons are dying. If he is not big enough to try to match some of his sons' sacrifices, he is not worthy of the name American.

The purchase of war bonds is your vote of allegiance to America's way of life, America's standards of living. Our sons are voting in good blood; our vote must be measured in dollars and cents. Can we afford to be more stingy than those who are dying in Germany and in the Philippines? Buy all you can in the Sixth War Loan.

Losers Must Remember They Are Americans First

The people have said their say. For better or for worse they have chosen Mr. Roosevelt as their chief executive for the next four years. Members of his party are naturally jubilant at the turn of affairs while the losers are pondering just what will be their role during the next administration.

When Wendell Willkie was defeated in 1940 he proposed that the Republican party make of itself a "loyal opposition," admittedly on the other side of the fence, standing as a watchdog over the best interests of the nation. Mr. Willkie's concept was of a large bloc of men who would put purely political opposition to Mr. Roosevelt aside for the time being, who would support the President in any program which would aid the progress of the United States but who also would be just as ready to fight the "ins" in anything which they did not feel was for the welfare of the country.

Mr. Willkie's idea of the Republican position during the third term was of a party which would allow the interests of the nation to supersede politics, a party which would not pick up its marbles and go home just because it had not won. If the two-

party system of American politics would only work that way it would be the greatest contribution to freedom of thought in the world today.

Unfortunately all men are not motivated by the lofty ideals which stirred Wendell Willkie. If in politics they lose an election they spend their time plotting ways of wrecking the administration's programs and policies and trying to set up plans for winning the next election. This spirit has many times worked to the detriment of the nation. If we could conquer it, we would have made the greatest forward stride toward national maturity.

The four years ahead of us are among the most critical since the declaration of independence from overseas tyranny. The United States should emerge from postwar reconstruction the greatest and most powerful influence in the world. An opposition and minority party which attempts to block that goal simply because it will be led by the winners will be guilty of jeopardizing the future of America and subordinating them to their own selfish interests. The next four years will call for cooperation among all Americans, not spite fences erected by Republicans and Democrats.

THIS IS AMERICA!

Wants Noll Dismissal Explained

From Mrs. Harry C. Fredericks
33 Montgomery Place
To the Editor of The Times:

In the past few weeks much publicity has been given one of our outstanding citizens, who has given so willing of her time to further the cause of the Red Cross in Belleville.

I had hoped that some explanation would come from the president of the Red Cross. Realizing now that the man who is head of our local chapter does not even reside in Belleville, I feel that we who do are entitled to know why Mrs. Noll as resident of our Town, well known and highly respected by the many friends she has made in her labors for the Red Cross, was asked to resign and no reason given.

Her kindness and understanding has endeared her to those of the service man's family. Being a contributor for many years to the Red Cross feel that in all fairness an explanation is due to the people of Belleville.

SHE WAS NOT SPEAKING AS CLUB PRESIDENT

Last week's Letters column carried a missive from Mrs. John F. O'Brien Jr. of Newark requesting women to think before voting on constitution revision and indicating her personal opposition to it. Mrs. O'Brien was identified as the founder of the Belleville Women's Republican club.

At the request of the president and other members of the club, The Times states that, to our knowledge, Mrs. O'Brien was speaking merely her own personal opinions and was not speaking for the club.

The girls' glee club has a membership of 49 under the leadership of president Loretta Ziemann, vice president Irma Lanelli, secretary Pearl Marbach, librarian Edna Walker.

Orchestra

The orchestra got off to a fast start this year with 51 members. Rehearsals are the first period in the morning.

The officers are president Helen Koehne, vice president Alan Bonhoff, secretary Doris Kessel. This year the orchestra is going all out for variety, from the oldest masters to the newest symphonic swing.

This year the Freshman students have two glee clubs of their own, having a membership of eighty voices.

Special instrumental and voice lessons are being given. Sixty-four pupils are taking advantage of the opportunity.

Other small groups which meet after school hours are senior mixed quartette, boys' quartette, girls' special choir and the Negro Choir.
