

1ST NATIONAL TAX EXPERT EXPLAINS INCOME RETURNS

Available Evenings at Bank Through Month; Deputy Collector at Peoples

As a service to taxpayers bewildered by the complexity of government tax forms and regulations, the First National Bank has engaged Edwin Jennings as tax consultant in addition to the deputy collectors assigned here by Collector of Internal Revenue John E. Manning.

Final income tax returns for 1944 must be filed on or before midnight March 15 as well as declarations of estimated income for 1945. Deputy collectors have been assigned to the First National and at Wallace and Tiernan company Monday through Wednesday of this week. One is also available at the Peoples National bank today, tomorrow and Saturday during regular banking hours. Jennings, whose services are offered free of charge to local residents through the First National which is open evening, Monday through Friday from 7:30 to 10 until the end of the month, has prepared a simplified explanation of the income tax return. It follows:

By March 15, 1945, every individual who had gross income of \$500 or more for the year 1944, is required to file a Federal Income Tax return. Although a large majority of persons had the Federal Income Tax withheld from their salary during the year, many individuals are going to be surprised to find they will be required to pay additional tax by March 15, 1945.

Additional Tax

Take as an example the case of a married person with no dependents earning \$3,125 during the year. The amount of tax withheld from his pay would total \$375.40. When this individual figures his final tax, using the short form return, he will find he has an additional tax of \$56.60 to pay by March 15, 1945!

The major portion of this additional tax is due to the fact that the exemption for a man and his wife was reduced from \$1,200 to \$1,000. No adjustment was made in the withholding rates to compensate for this result. An additional amount of tax must be paid at this time.

There are many other instances in which individuals are going to find that the amount of tax withheld from their salary during the year will not be sufficient to cover their total tax liability as determined by their final tax return for the year.

Deductible Items

In order to make the most advantageous election it is necessary to analyze deductible items carefully and, in many instances, to make several trial computations. In order to allow time for this additional work, it is advisable to start early rather than to wait until just before March 15.

Following is a brief summary of the more important changes in the Income Tax Act of 1944:

1. The Victory Tax is repealed but is, in effect, replaced by a new normal tax of 3 percent.

2. New surtax rates are provided which begin at 20 percent on the first \$2,000 of Surtax Net Income.

3. The former method of allowing personal exemptions of \$500 for single persons and \$1,000 for married persons and heads of families, and \$350 for dependents, has been replaced by a system of per capita exemptions. For normal tax purposes, a single exemption of \$500 is, in general, allowed. For surtax purposes, there is a uniform exemption of \$500 per person.

4. The credit for a dependent is based on a new definition. In general, the taxpayer may claim as his dependent anyone for whom he furnishes more than half the support (regardless of the age of the dependent), provided the person so claimed is closely related to the taxpayer and has income less than \$500.

File Child's Income

5. The earned income of a child is treated as the separate income of the child and a return is required to be filed if the child has gross income of \$500 or more for the taxable year.

6. The earned income credit allowed individuals for the purpose of normal tax computation was repealed.

In Air Crash

2nd Lieut. John J. Smith

MASS OF REQUIEM FOR LIEUT. SMITH

Pilot Was in England Just 16 Days Before Crash That Caused His Death

A mass of requiem will be offered for Army Air Force pilot 2nd Lieut. John J. Smith of 115 New street in St. Peter's church Saturday morning at 9 o'clock. Lieut. Smith had been overseas just 16 days when the B-17 bomber he was piloting collided in the air with another Flying Fortress over England on January 5, causing his death. Trained on B-24's, it was one of his first experiences with a Fortress.

His wife received his last letter on January 15, which was written the day before his death, explaining that he was trying out the Fortress and that he liked the ship. He stated that he was anxious to get his missions in, so that he could get back to her and their five year old son, John. Mrs. Smith received official word of her husband's death from the War Department on January 23.

Twenty-eight years old, the lieutenant entered service in April, 1943 and training at Keesler Field, Miss., Helena, Ark., Maxwell Field, Ala., Greenville, Miss., and Lawrenceville, Ill. He received six months additional training after that, in Texas, Nebraska and Idaho, during which time, his wife and son were with him. He last saw them on November 28, and left for overseas around December 11, arriving in England in time for Christmas.

Born in Belleville, he is the son of Matthew J. Smith of town and the late Mrs. Smith. He has one brother, Matthew, also of town. A graduate of Belleville High school, he was well known for his four piece orchestra called "The Crestmen." He was employed as a secretary at Public Service Electric and Gas company in Newark before entering service.

Bronze Star for Corporal of Century Division in France

Cpl. Richard Babbitt Among First to Receive Award in Outfit in Combat Since Fall

The 100th division of the Seventh Army in France has awarded the Bronze Star to Cpl. Richard Babbitt, son of Mr. and Mrs. Walter H. Babbitt of 330 Greylock parkway in recognition of individual action in the division's fighting on the southern end of the French front. The award was among the first in combat since the Century Division took the line last fall.

The citation states that Babbitt, of the medical detachment of the 398th infantry regiment received it for heroic achievement in action on November 20, 1944, in the vicinity of La Frenche, France. In pressing its attack against a well-defended enemy position, the company to which Cpl. Babbitt was attached as aid man encountered heavy artillery and mortar shelling and in an attempt to cross an exposed area, the entire company was pinned down by cross-fire from automatic weapons.

Under Fire All Day

Upon learning that there were several casualties in the open ground to the front, Cpl. Babbitt crawled forward until he reached one of the wounded men. He administered first aid and, unable to return to his previous position because of the continued shelling, remained under fire the entire day until darkness made escape possible.

The award followed some two months of action in which the Century division cracked the proposed German winter line in the France Vosges mountains and then smashed into the stiffest part of the German-held Maginot line at Bitche.

Beginning its operations in early November, the 100th first entered combat in the vicinity of the Meurthe River where it battled to take the key supply and

Canadian Vice-Consul Speaks on Dumbarton Oaks

Sponsored by Woman's Club Which Urges Women to Work For World Peace

Convinced that women can and should play an important role in the agitation for a permanent peace following World War II, the Belleville Woman's club through its International Relations department is laying the groundwork for a more comprehensive understanding of the proposals adopted at Dumbarton Oaks by sponsoring a talk by the Canadian Vice-Consul, the Hon. C. H. West, on Monday afternoon at 3 o'clock at the clubhouse on Rossmore place. The public is invited.

Mr. West will explain the major proposals for a general international organization outlined at the Oaks conference and will also tell of the part Canada and Great Britain hope to play in the formulation of such an organization. He will be followed by the Hon. H. Alexander Smith, United States Senator from New Jersey. Mr. Smith who has long been active in a movement for world peace, will talk on the role of the United States in the proposals.

Women Should Participate

Mrs. John F. O'Brien jr., chairman, urges all women to attend this open meeting since "it is the mothers," she said, "who give all in these bitter wars and it is they who should take an active part in planning world peace."

Mrs. W. Douglas Clark jr. will give a monologue entitled "True Loyalty" and Mrs. Charles Smith will give a brief review of the birthdays of Abraham Lincoln and George Washington.

Committee hostesses will be Mrs. William M. Armstrong, Mrs. Matthew J. Atkinson, Mrs. Elmer Bagnall, Mrs. Frank P. Brohal, Mrs. Elmer S. Hyde, Mrs. Frederick Idenden, Mrs. Byron S.

Collect \$1,800 in March of Dimes, Drive Continued a Week

The annual March of Dimes collection for the benefit of the President's Infantile Paralysis fund which has been extended to February 15 has brought in \$1,800 so far, Fred Hanlon, chairman reported this week.

However, of the 4,224 dime cards circulated to residents by mail, only 400 have been returned. Mr. Hanlon requests that those who have not turned them in, do so before next Thursday. One hundred coin boxes which have been distributed in local stores are still to be picked up too, he said, in expressing the hope that the town will be much nearer the \$3,000 goal he had hoped to attain, by the drive's end.

The collection at the Capitol theatre was gratifying, the manager reports. It was headed by Mrs. Louis Sussman and taken up by the women's groups of Congregation AAA.

Since escape is not easy, with three sets of barbed wire, one of them charged, surrounding all camps, the prisoners on whole make the best of conditions, their next in detail the various duties and responsibilities of the team captains and the committee members in the house-to-house canvass.

The chief speaker of the evening was Capt. W. E. Wells, representing the War Manpower Commission. Capt. Wells has been returned, recently from overseas, where he participated in the African and Italian campaigns as head of an artillery unit. He related, very dramatically, the tie-up of the Red Cross with the men at the fighting fronts and illustrated the important part played by this organization in the rendering of material aid to the men bearing the brunt of the fighting.

Lions Club Supper Dance At Meadowbrook Tuesday

About 400 persons are expected to attend the Lions club supper dance at Frank Dailey's Meadowbrook, according to George Mead, committee chairman.

The affair will be held Tuesday evening, and will be informal. Supper will be served at 11 p.m. Music will be by Tommy Dorsey. Assisting Mr. Mead on the committee are Art Mayer, Al Beams, Bill Goodis, Harry Ziegler, Luther Van Pelt and Douglas Wadsworth. Tickets may be secured from any of the above or from any member of the Lions club. Proceeds will be for the club civic and charity fund.

Born in Belleville, Cpl. Babbitt was graduated from Belleville High school in 1943 and entered service in April, 1944 and was last home on furlough last September 5. He has one brother, Walter, a first lieutenant who has been in the South Pacific area for the past 18 months.

STUDY INCREASES FOR POLICE, FIRE, TOWN EMPLOYEES

Commission Weighs Alternatives, Says all Should Benefit If Police Raise is Given

While the commissioners are pondering the request of the police and firemen for a \$200 raise in relation to a possible general adjustment of wages and bonuses for all town employees, the budget committee will study an analysis of the costs of alternate proposals prepared by Mayor and Finance Director Williams with the request that they submit suggestions for guidance.

This action was determined after a discussion by the commissioners of the police and firemen's request with the budget committee at its meeting on the tentative 1945 town budget on Monday night. There is no provision in the proposed budget for wage increases although cost-of-living bonuses ranging from \$240 to \$300 are included again this year for town employees other than police and firemen. The public safety department received a \$200 raise last year, bringing their maximum to \$2,800. Any raise now could up the 1944 tax rate of \$4.67 from three to seven points and would represent from \$12,000 to \$30,000. It would also have to be included in the budget before final adoption on February 27.

Inadequate Force

Contingent on the problem is the request of Police Chief Spatz for an additional 12 men to provide adequate police protection. The Chief states that there are times when only one man is on night duty at headquarters, and school duty keeps members of the force from properly policing other sections of town. There are 37 on the force at present with one vacancy caused this week by Officer Thomas Fitzgerald reentering the army.

While one committee member suggested leaving it to the commissioners to handle as their responsibility, and another was for giving the police and firemen "a break," others, with Public Works Director Waters believed that granting the raise to one group would mean a cut for the other.

RED CROSS DRIVE WORKERS MEET

House Canvass Group Holds Dinner Meeting Tuesday At Forest Hill

Thirty-five team captains and committee members who will be active in the Red Cross War Fund drive in March met at a dinner at Forest Hills Field club Tuesday night, presided over by B. Thomas Aitken, president of the local chapter.

The proclamation of President Roosevelt also honorary president of the American Red Cross, setting the month of March as the date of the drive was read to the meeting by Mr. Aitken.

V. Douglas Clark, chairman of the coming drive, also spoke outlining in detail the various duties and responsibilities of the team captains and the committee members in the house-to-house canvass.

The chief speaker of the evening was Capt. W. E. Wells, representing the War Manpower Commission. Capt. Wells has been returned, recently from overseas, where he participated in the African and Italian campaigns as head of an artillery unit. He related, very dramatically, the tie-up of the Red Cross with the men at the fighting fronts and illustrated the important part played by this organization in the rendering of material aid to the men bearing the brunt of the fighting.

Into Front Lines

He spoke of his own experience where two Red Cross workers journeyed right up into the front lines, under enemy fire, to provide doughnuts and refreshments to the American boys there. His experience demonstrated too, the important part played by the Red Cross in the aiding of the civilian population at the fighting fronts and illustrated the important part played by this organization in the rendering of material aid to the men bearing the brunt of the fighting.

The civilian population was without food, clothing, or shelter. The Red Cross, following the civilian population of these towns rendering every possible aid to these peoples. And the need was very urgent to avoid unnecessary death and disease.

Mayor Advocates Civil Service For Municipal Employees

Mayor Williams advocated consideration of civil service for municipal employees at the budget committee meeting on Monday night.

He stated that civil service would offer benefits to the taxpayer in that trained municipal employees would be free from removal from their jobs without fair reason. The jobs would be filled after competitive examinations providing a basis for selection "more consistent with private business methods than the basis prevailing today," he stated.

Consideration of Raises For Town Employees Prompted By Cops' Request

Although the tentative town budget for 1945 produced last night at a special meeting of the board of commissioners indicates a three point drop in tax rate, to \$4.64 possible action on a general wage increase for municipal employees and addition of the police force could mean a seven point increase. Consideration of increments has been prompted by the request of the police and firemen for a \$200 raise. Commissioners will discuss various phases of the budget and if increments are granted, the amount

Purple Heart

Cpl. William S.

Holder of the Purple Heart, Cpl. T/S Sylvester, has been back on active duty in the infantry unit in France since his return from the front.

Listed this week in the official War Department casualty lists, Cpl. Sylvester received a Purple Heart for wounds about the head, while in combat.

Twenty-two years old, he was receiving training as an Army Air Force navigator when the army aviation training program was curtailed and was subsequently transferred to the infantry. He went overseas last October.

A graduate of Belleville High school, Cpl. Sylvester attended Rutgers university in Newark for two years before entering service. He has one brother, Ralph, a seaman first class in the Coast Guard who is stationed at Rockland, Me.

TWO WOUNDED IN EUROPE

Pfc. Sylvester Recuperating in Belgium; Sgt. Clark's Injuries Unknown

Two more Bellevillites were reported wounded this week from the European theatre. They are Pfc. Domenick Sylvester of 94 Heckel street and Sgt. Edward J. Clark, son of Mr. and Mrs. James P. Clark of 95 Union avenue.

Word that her husband a private first class attached to an infantry division of the First Army in Belgium, is "improving normally" of wounds received on January 7 from the War Department, this week.

Now hospitalized, the serviceman has written his wife in a letter dated January 22 that his wounds are slight and that he is getting along "all right."

Twenty-nine years old, he entered the service in December, 1943 and took his training at Fort Bragg, N. C. and Camp Breckinridge, Ky., before going overseas three months ago. He saw action in England and France before going to Belgium.

Born here, Pfc. Sylvester was graduated from Belleville High school where he was a member of the football and baseball teams. He was employed by the A. W. Wheaton Brass works in Newark before entering service. His father is Anthony Sylvester of the same address and he has a baby boy, Anthony, eight months old.

Wounded for the second time on January 15, Sgt. Clark is stationed in Alsace. His family is still awaiting news of the extent of his injuries and last heard from him in a letter written just three days before he became a casualty.

Twenty-seven years old, news of the war department notice that he was wounded. He was a tank division officer.

HITCHING POSTS . . . \$7

Under the date of February 1, 1908, the books of the bank show a charge of \$7 for "hitching posts to be placed in front of the bank."

We have kept abreast of changing times, and the hitching posts have disappeared along with hand-posted ledgers and other business methods of earlier days.

But not all of the old practices have been discarded. We believe that friendliness will never go out of date, and you will find at the FIRST NATIONAL the same neighborly atmosphere that was characteristic of the bank in "horse and buggy days."

Transportation Situation

A Word to All Users of Public Service
Street Cars and Buses

THE COMBINATION of record breaking traffic, wartime shortages of men and materials, severe cold and heavy snow has made operation of street cars and buses much more difficult than in the usual winter weather.

Snow piled at the curb has reduced street space by one half in many places so that the running time on many lines has been doubled. Icy ruts are tearing at springs, chassis and engines—crippling buses and seriously slowing service.

With the manpower shortage added to these difficulties, you can well understand why service in many cases seems so slow and uncomfortable.

We bring these facts to your attention with a sincere word of thanks for the good spirit in which you have taken the shortcomings of our service. We know it is no fun to wait on a cold corner for a bus and to be late for work or dinner. Yet we have had fewer complaints than in years when there was no war emergency and weather conditions were less severe.

For this understanding, the men who operate our buses are sincerely grateful. Every one of them is working overtime and it is going to take our very best efforts to keep all buses rolling through this winter.

Our transit system is the life blood of New Jersey's war industries. Three quarters of a million war workers depend upon us for their transportation.

We are fully aware of and sincerely regret the inconveniences you are enduring. We pledge our best efforts to overcome the current difficulties just as rapidly as conditions will permit.

Again we say "thanks for your patience!"

Study Increases of All Town Employees

will necessarily mean consideration of other town employees. A series of other questions were asked, leading to the suggestion that an analysis of various alternatives be made for further study.

The Alternatives

The Mayor listed four alternatives. Against the addition of 12 men to the police force at this time, he suggested that consideration be given to adding five or six men at a minimum wage of \$2,000 annually. This could be done for \$12,000 and should be weighed against the proposal of \$200 raises for the 38 police and 26 firemen which would amount to \$12,800. A third alternative is granting both requests at a cost of \$24,800. Salary adjustments for the other 71 municipal employees, with individual raises within the past year taken into consideration, would amount to about \$5,000. If all four alternatives were acted upon it would mean a total of \$30,000 or a ten point rise in the tax rate.

In any event, the Mayor advocates shortening the time in which a policeman can reach his maximum pay of \$2,800 from seven to three or four years, with a one year probationary period before the raises start. He believes this would make membership on the force more desirable. He also has stated that new men put on the force now will be for the duration only unless they are veterans, who will receive first consideration and permanent appointments.

Three Point Drop in Tax Rate Forecast

Continued from page one

from 1944 of \$17,789.09 and \$5,049 is anticipated from the state to make a total available for 1945 of \$22,838.

The employees' retirement fund has a new item in the 1945 budget of \$406 which will be increased to \$14,579 beginning in 1947. Establishment of this fund was approved by the voters at the last general election.

Points brought up by the finance director for consideration include the fact that the \$219,000 cash surplus is not too much to retain when it is considered that an indefinite business era is before us. Economies in the budget must be found in about 35 percent of the total costs since the remainder, such as state and county taxes, sewer and water costs are charges over which the commissioners have no control.

Tax collections at last year's level of 94.32 percent must be considered above average for Belleville, he stated, and the present policy of estimating them at 88 1/2 percent protects the financial position of the town against a decrease in collections of five to six points.

The young executive told us his story and secured his loan. His business had outgrown his line of credit, but he had a marketable inventory in the warehouse. He had Government contracts; he was conducting an essential business; he had evidence to show that he could produce — so his sub-contract was gladly financed at the Peoples National Bank and Trust Company.

Son of Localite is Reported Missing in Luxembourg

Sgt. Charles Gillen Thought to Be Victim of Surprise Attack on Staff

A member of the Third Army's famous 28th infantry division which was the first to enter Paris, Sgt. Charles H. Gillen of Newark, son of Mrs. Margaret Gillen of 571 Washington avenue, has been listed as missing in Luxembourg by the War Department since December 22.

His mother has since ascertained from the families of other boys also stationed in the Headquarters department of the Adjutant General's office in Luxembourg, that at least nine were reported missing on the same day. She has also discovered, on reliable authority, that one of the headquarters guards was wounded, leading the families of the boys involved, to believe that the staff was taken as prisoners in a surprise attack.

In his last letter written on December 15, just a week before he was reported missing, the twenty-seven year old sergeant told of his enjoyment of his first three day furlough. "Had a very pleasant time on my pass," he wrote. "The place where the Division has set up its rest and recreation center was obviously a swank resort in peace time. I put up in one of the several requisitioned hotels. It was an old place but it has been modernized a bit — the bathrooms had neon lighting!"

Had Two Baths
"The building was steam-heated and had two bathrooms, really luxurious by European standards. I had two baths in a tub — one washing didn't suffice to remove all the encrusted grime on my carcass. Saw four movies and a USO show while there (Luxembourg) and did a little touring of the surrounding mountain country which is very lovely. The hills are covered with pine forest dusted with snow and the little mountain streams are bursting their banks gleefully with the deluge of water that's been raining down here for the past few months. You know, all Luxembourg lies in the Ardennes mountains and such fine scenery is commonplace."

"But best of all, I got all the sleep I wanted for three days. I bought a book of photos of the place which I'll send you when the censorship allows. The other memorable feature of my stay was that I ate from real crockery once again. These were the first Army meals I hadn't eaten from a tin cup and a 'meat can' since leaving the states."

Sgt. Gillen who made his home with his uncle and aunt, Mr. and Mrs. William Gillen of 151 North 12th street, Newark, entered service in April, 1941. He took his training at Camp Croft, N. C., where he directed camp shows; Hershey, Pa., Camp Livingston and Camp Gordon Johnson, both in Virginia. He went overseas in October, 1943, first to

Sgt. Charles H. Gillen

England and Wales. He was in the Normandy invasion before going on to Germany and Luxembourg. He was last home on a fourteen day furlough just before going abroad.

A graduate of West Side High school, Newark, he was employed by the Monahan Construction company in Newark before entering service.

Meet in Pacific

Brindisi and Auriemma

Boyhood pals who finally were successful in meeting somewhere in the Philippines after all attempts failed while they were both stationed in New Guinea, are Cpl. Anthony Brindisi of 75 Cedar Hill avenue, left above, and T/Sgt. John Auriemma of 61 Mt. Prospect avenue.

Stationed 15 miles apart, they negotiated the meeting during the holidays and had been seeing each other occasionally until Auriemma was recently moved. The Technical Sergeant also flew 500 miles recently to meet his brother Nicholas, a motor machinist mate 1/c stated aboard ship in the South Pacific. They are the sons of Mr. and Mrs. Nicholas Auriemma of the Mt. Prospect street address.

Both brothers attended Belleville High school and were employed by the Universal Washing Machine company in Nutley. John entered service in September, 1941 and went overseas in May, 1942. Nicholas entered in August, 1941

and went overseas a year later. Cpl. Brindisi in the combat engineers, is 24 years old, married and the father of a 21 month baby girl, Judy, whom he has not seen since she was four months old. He entered service January 5, 1943 and has been abroad a little over a year.

John Lanzer President of Soho Civic Association

John Lanzer of Brighton avenue was elected president of the Soho Civic association with headquarters at 46 Harrison street at a meeting held on Tuesday night. Other officers elected are Mrs. Catherine Pennabere, vice-president; Miss Olga D'Amadio, secretary; Mrs. Emilia D'Amadio, treasurer and Alfonso Deleagro, sergeant-at-arms.

The association which was formed to maintain the Soho honor roll on Harrison street is forming committees to refurbish it for the Spring. It also has expressed appreciation to the Girl Scouts of Montgomery Presbyterian church who raise and lower the flag at the honor roll every day.

Await District Court Decision In Grasso-Crowhurst Case

Final arguments were completed Tuesday morning in District court, Newark in the suit brought by Joseph Grasso of Newark, an army veteran, holding a medical discharge, against A. J. Crowhurst and sons of Mill street for reemployment under the provisions of the Selective Service act. Judge Fake who heard the case is expected to hand down a decision in the near future.

In Leyte Action

Seaman 1/c Donald G. Natale

Coast Guardsman Donald G. Natale seaman 1/c of 69 Heckel street, served aboard a Coast Guard-manned frigate which helped capture the islands of Dinagat and Homonhon guarding the entrance to Leyte gulf two days before Gen. MacArthur's main forces stormed ashore on Leyte island.

Natale's ship landed Army Rangers on the two islands to establish a beachhead and cleared the heavily mined waters so that the main forces could sweep in unchecked.

Miele and Town File Arguments, Await Supreme Court Decision

John Miele, owner of the building burned down last November which housed the Quality Products company, is awaiting a decision by Supreme Court Justice Charles Parker in his application to obtain a writ of mandamus commanding the town building inspector to issue a permit to rebuild.

Originally scheduled to appear in Justice Parker's chambers last Saturday morning for the continuation of arguments in the case, his attorney, Thomas F. Doyle, Lawrence B. Keenan, town attorney representing the building inspector, and Mortimer Eisner attorney for the Silver Lake residents protesting the issuance of the permit, filed the remainder of the arguments in the case by mail.

Justice Parker will deliberate on whether to grant Miele a preemption writ commanding the build-

ing inspector to issue the permit or to give a rule to show cause why the permit should not be issued.

Smith in traffic court last Wednesday night. Olivero was fined \$125 for

driving after revocation of his license and an additional \$150, for reckless driving. He was arrested January 21. According to the arresting officer, Olivero was speeding and failed to stop until Officer Enmann threatened to shoot.

MARGARET CORINO WEDDING SUNDAY

Marriage to Lyndhurst Man
Took Place in Holy
Family Church

The marriage of Miss Margaret Corino, daughter of Mr. and Mrs. Carmen Corino of 1 St. Mary's place to Anthony Luglio, son of Mr. and Mrs. James Luglio of Lyndhurst, took place last Sunday in an afternoon ceremony at 4 o'clock in Holy Family church, Nutley. The pastor, the Rev. Anthony DiLuca, officiated.

Miss Sally Giardina of Lyndhurst was the only attendant and Philip Lembo of Nutley was best man.

The bride was gowned in traditional white satin with a train, wore a long bridal veil and carried a cascade bouquet of white roses and orchids. The maid of honor wore a gown of burnt pink chiffon with powder blue accessories and carried a cascade bouquet of gladioli and red roses.

A reception for 600 guests was held following the ceremony in the Holy Family church hall.

Mr. Luglio was discharged from the Army's Letterman hospital in San Francisco, Cal., in December, after being in service for two years. After a wedding trip to Florida the couple will reside at 1 St. Mary's place.

The bride was guest of honor at a shower given in Holy Family church hall two weeks ago by her maid of honor and sister.

Hopes to Meet Brothers

STATIONED AT A MID-PACIFIC Coast Guard base, Seaman 1/c Anthony P. DiLauri shown above, hopes that he will meet his brothers, Sgt. Nicholas DiLauri, Army infantryman, and Motor Macinists Mate 2/c Barney DiLauri of the Navy. The men are sons of Mrs. Amelia DiLauri of 128 Belmont avenue. Another brother, Cpl. Joseph DiLauri, is with an Army Quartermaster corps in France. Seaman DiLauri entered the Coast Guard three years ago and served a tour of convoy duty in the North Atlantic before receiving his current assignment. His present base is one of many held by American fighting forces on the road to Tokyo. The young Coast Guardsman was last on leave here in August. Twenty, he was graduated from Belleville High school in 1941 and was employed as a receiving clerk by Isolantite, Inc., before entering service.

SEES ACTION WITH KRAUTKILLERS

Pvt. Carmine Malara of Field
Artillery Has Part in Vital
Italian Battles

Pvt. Carmine Malara of 87 Hecket street with the Fifth Army in Italy is a member of the 337th Field Artillery battalion whose 105-millimeter howitzers recently enabled capture of Mt. Grande, retention of Mt. Battaglia and a view of Italy's Po valley. Clearing the way for capture of Mt. Della Tona, adjacent to Mt. Grande, the 337th gained a position within shelling distance of Castel San Pietro.

The outfit, in the line 223 out of a possible 273 days is teamed with the 349th "Krautkiller" regiment, the 88th "Blue Devil" division. The 337th landed in North Africa December 1, 1943 and joined the Fifth Army the following February, going into action at Minturno on the Garigliano River last March 2. Its howitzers helped reduce the Gustav Line, clear the way for the advance through Formia, Itri and Fondi and, firing from Mt. Fate, broke holes in the Hitler Line.

Released Infantry

Most spectacular feat of the 337th was relief of 45 infantrymen hemmed in on three sides by 150 Germans supported by fires of artillery, mortars and eight self-propelled guns. Firing precision bursts, the howitzer crews worked out the entire German battalion staff, killing the commanding officer, reduced three companies to half strength, silenced a two-battery and forced enemy mortar crews to withdraw.

The 337th entered the Gothic Line fight at Mount Altuzzo, reduced Firenzola and Castel del Rio and displaced to Pazzola, from where they softened up the enemy with 4,000 round fired in two days. Its howitzers took the heart out of waves of counterattacking infantrymen on Mt. Pratolungo and Mt. LaPine, with another 2,989 rounds of ammunition.

Lincoln

Eighty years ago next March 4 Mr. Lincoln delivered his Second Inaugural Address. Charles Francis Adams Jr., brother of the Henry of the "Education", wrote his father: "What think you of the inaugural? That the fitting lawyer is one of the wonders of the day. Once at Gettysburg and now again on a greater occasion he has shown a capacity of rising to the demands of the hour which I should not expect from orators or men of the schools. This inaugural strikes me in its grand simplicity and directness as being for all time the historical keynote of this War; in it a people seemed to speak in the sublimely simple utterance of ruder times. What will Europe think of this utterance of the rude ruler, of whom they have nourished of lofty a contempt? Not a prince or minister in all Europe could have risen to such an equality with the occasion."

Boy Scout Week

This is Boy Scout Week, during which the Boy Scouts of America are celebrating their thirty-fifth anniversary. Quite appropriately, they have chosen as their slogan "Scouts of the World — Brothers Together."

The Boy Scouts give daily evidence that here, at least, is one youth movement that does not distort the ideals and enthusiasms of the young. Unlike those tragic youth movements of Hitler's Germany and Mussolini's Italy, in which children were regaled to the faceless horror of the mass movement, Boy Scouts have been dedicated to the ideals of citizenship and manly character.

Tomorrow the Scout movement will reach new heights of usefulness. It has been proved by the experience of the past that the Scout movement is an effective means of building understanding and good will among youth. Before the war the world Scout membership numbered more than three millions. In seventy lands Boy Scouts had the same program, the same ideals. Mussolini and Hitler quickly abolished the Scout organizations in their countries, and in the nations they invaded were especially vindictive in their persecution of Scouts. Soon Hitler and Mussolini will be no more and the heel-clicking, hate-fostering youth movements they fostered will die with them. Instead, let us hope, Boy Scouts will soon be doing their daily good deeds among the ruins of the lands that turned against them. Of course, turning a Nazi youth into a Boy Scout will take some doing; but time marches on, and some day, perhaps, there will be German children into whom can be inculcated the ideals of decency, respect and kindness which are the marks of the true Boy Scout.

"Where Were You, Mom?"

In the fourth year of the war the Marine Corps issues another call for women volunteers. The Wacs are still appealing in vain for recruits. Wounded men are neglected in their agony through lack of nurses.

What is the matter?

The matter is that resplendent goddess, American Woman, which American sentimentalism has erected through years of drool and drivel, is beginning at last to show her feet of clay. The American Woman, it seems, just hasn't got what it takes.

It is not a pretty picture. More than any other female on earth she has been pampered, she has been petted, she has been built into a legend. Around her has mushroomed a vast industry of adulation. A million shops cater to her whims. Magazine advertisements by the bale titillate her cloyed appetites. The syrup of an endless lava of fiction is fed to her by the gallon, and she laps it up. She sits there, fat and cow-like amid her gew-gaws and bon-bons, and takes it all.

Reminded of the war, she simpers that her men folk won't let her do anything. This from the New Woman who only a few years ago clamored for the vote, shrieked her equality from a thousand strident platforms. She talks about the Home, when a stratospheric divorce rate denies a home. She mentions duties, when denied stores and bulging buses reveal her days of spending. She turns away from casualties as unpleasant, and whines about the rigors of rationing. She is infantilism, bawling for more attention.

In the last war the cartoon jibe was, "And what did you do in the war, Dad?" Hot stuff then; and on slackers and cripples alike white feathers were pinned by women patriotic as all get-out.

When the children of some future day turn to questions they'd better not ask, "Where were you, Mom?" Mom just wasn't there.

Our Publicity Friends

The Times, like every other publication, is the recipient of large batches of publicity material, and, whether we use it or not, we are grateful to the senders. Even in those smoothly written professional releases which at times deluge our desk we occasionally find something useful; the amateur publicity sent us by local individuals and organizations is, of course, invaluable.

It is the amateur publicity writers who fascinate us. Obviously they are interested in having their notices and stories appear in the Times; otherwise they wouldn't send them. Yet rarely have we encountered one of these "pieces" which gave any indication that its writer had the slightest knowledge of, or interest in, the manner in which newspaper stories are written.

The saving of paper, of course, is a laudable aim, especially in these days of shortages. This best can be achieved, however, by brevity, rather than the use of single-space typewriting. That saves nothing, least of all a copyreader's temper.

Proper names are another item that receives cavalier treatment. Every human being has a certain amount of egoism; his name, as the symbol of that egoism, is guarded jealously. And nothing is quite so shattering to his amour propre as to have his name misspelled.

But — bless 'em — they'll continue as they have in the past, for all our hints. They'll send us notices of meetings with the date omitted; stories that take a long historical approach to the news matter nestling at the end; spelling that never could pass a grade-school spelling match; penmanship that even a proofreader can't decipher, and the eternal confusion between quoted and unquoted matter.

But they're welcome — welcome as the sunshine, which they so closely resemble. The amateur publicity representative, shy or blustering, modest or avaricious of space, is an institution. He keeps us in touch with the town; his passion for the public reputation of his group is inspiring; his enthusiasm is contagious, and his lack of observation is as monumental as it is consistent.

STATE BROADCAST TO AID VETERANS

Radio Quiz Program On Their Problems Will Be Given Each Tuesday.

"Breakfast with Veterans" is the title of a new radio program sponsored by the New Jersey Department of Economic Development, in cooperation with leading veterans organizations throughout the State, which will be broadcast over Station WAAT, Newark, every Tuesday, from 9:05 a.m. to 9:30 a.m. commencing February 13. This is to be a New Jersey program for New Jersey veterans and promises to be of constructive value to former service men and women and full of human interest as well.

"Breakfast with Veterans," which will be a weekly feature of Station WAAT's "Coffee Club" program, is designated to provide answers to problems with which thousands of New Jersey's service men and women will be faced upon their return to civilian life. The questions will be submitted by the veterans themselves, and there will be a panel of experts on each broadcast, men and women equipped to give authoritative answers. According to Commissioner Charles R. Erdman Jr., the experience of the Veterans Division of the Department of Economic Development indicates that these questions are likely to cover not only specific problems like pensions, special allowances, loans and education, but practically every phase of human activity.

Commissioner Erdman lays emphasis on the fact that these questions and answers are to be broadcast for veterans, men and women who have actually been discharged, not for anyone still in service. He states, further, that the program will be entirely informal, and that all the material will be supplied by questions asked by veterans and their families and by answers of the experts on the panel. Veterans themselves will be members of the panel from time to time, and women also will be invited to participate.

The following New Jersey organizations, which are also deeply concerned with giving help and advice to veterans, are cooperating with the Veterans Division of the State Department of Economic Development in the "Breakfast with Veterans" program: American Legion, Catholic War Veterans, Department of Public Instruction, Disabled American Veterans, Jewish War Veterans, Marine Corps League, Polish War Veterans, Selective Service Headquarters, Spanish War Veterans, Veterans Administration, Veterans of Foreign Wars, and the United States Employment Service of the War Manpower Commission.

Telephone Company Applies For Employee State-Wide Raise

The New Jersey Bell Telephone company this week offered to increase the pay of its 8,000 operators throughout the state by four dollars a week, and to shorten by two years the period required to reach the maximum rates of pay. The company made its offer to the War Labor Board which has before it a wage dispute between the company and the Traffic Telephone Workers' Federation of New Jersey, and also advised the Federation of it. With the four dollars per week increase, the basic rates for a five-day week would range from minimums of \$22 to \$24 to maximums of \$32 to \$37 in various parts of the state. Approximately half of the operators are located in the area where the highest basic rates apply. On the basis of the present six-day work week, actual pay including overtime and other premium payments would range from approximately \$30 to \$35 per week.

Tire Thieves Held by Police

Surprised in the act of allegedly removing wheels and tires from an automobile which, police claim, was stolen earlier in the evening in Newark, Thomas R. Wheaton, 21, 154 Brill street and Walter Pozanowski, 22, 13 Brinsmaid place, Newark, were arrested by Chanceman Dean of the local police department, last week. Patrolling Washington avenue on foot Chanceman Dean said that he saw the men stripping the car in the driveway of the local Sears, Roebuck and company store at 165 Washington avenue. After questioning by Deputy Chief Leighton the pair were held for arraignment before Recorder Everett B. Smith.

THOSE SOUVENIRS MAY BE LOADED

OCD Director Warns Harmless Looking Nazi and Jap Gadgets Dangerous

Many apparently harmless objects that have been sent from overseas by servicemen to members of their families and friends have been found to be extremely dangerous according to N. Mitchell Bannerman, deputy director of Civilian Defense in charge of civil protection.

Bannerman said the souvenirs are in many forms including hand grenades, unexploded ammunition, small arms and guns of many types, and bombs of various types from the size of lead pencils to those weighing many pounds.

In a letter to all local defense council chairmen, Bannerman urged them to impress upon the public that such souvenirs, when received from fighting fronts, should be submitted to the ballistics department of local police departments for careful inspection to make certain they are harmless. He said that in communities where the advice of ballistics experts is not available, the souvenirs should be taken to the nearest State Police Station.

Bannerman pointed out that injuries and deaths already have been caused by such souvenirs exploding. He said it has been discovered that some of these apparently harmless objects have been equipped by the enemy with booby traps. He cited a recent incident of an ordinary fountain pen which had been received as a souvenir, exploding and causing serious injury.

The Communications Needed on Saipan

— are typical of the vast amounts our Armed Forces are using all over the world.

To meet such needs, Western Electric, manufacturer for the Bell Telephone System, is producing in a single year nearly twenty-four times its entire output for World War I. And it must keep on at much the same pace until the defeat of both Germany and Japan have become history.

After victory, a similar job is required to meet all civilian needs for telephone service. The plans are made, the engineering is done, for a job that will take many months of skilful work by many thousands of people.

Those who have service, and those who are waiting for it, can rest assured that the work will be done with the same speed and effort being devoted to the war job—in telephone factories, in research laboratories, and in the telephone organization at home.

Bellevillites ☆ ☆ In Uniform

Word has been received that Giovanni S. Marchetti son of Joseph Palistris of 9 North Eighth street, has been promoted from the rank of private to private first class.

Pvt. Joseph Burke of 15 Smith street, husband of the former Miss Catherine McLaughlin, has written home that he is hospitalized in England where he is being treated for frozen feet.

He was incapacitated while in action in Germany and was removed for treatment to a hospital in France before being shipped to England where he is awaiting return to the states. Pvt. Burke entered service in November of 1943. While in England, he wrote, he has seen Chaplain Durkins of town.

Contents of a large crate received by Mr. and Mrs. Ralph Walsh of 161 New street last week are believed to be captured German equipment sent to them by Lieut. Donald Brown formerly of William street. The Goldackers are still awaiting explanation of the trophy which is a camouflaged chute with an all-over green and brown pattern probably used as "protective coloration."

William H. Austin, 20, son of Mr. and Mrs. W. H. Austin of 426 Cortlandt street, has been promoted from corporal to sergeant at an Eighth Air Force bomber station in England.

Sgt. Austin is radio operator and gunner on a B-17 Flying Fortress which is participating in Eighth Air Force bombing attacks on German industrial targets and military strongpoints in the path of Allied armies on the Western front.

The sergeant is a member of the 34th Bomber Group, a unit of the Third Bombardment division, the division cited by the President for its now historic England-Africa shuttle bombing of Messerschmitt plants at Regensburg, Germany.

Before entering the AAF in March, 1943, he was an office clerk, employed by the Prudential Insurance company, Newark. He is a 1941 graduate of Belleville High school.

From headquarters of the

Twelfth Air Force in Italy comes word that the B-25 Mitchell bombardment group to which S/Sgt. Howard Dittmeier, 20, of town, is assigned as an armorer gunner, has been cited again by the War Department as a Distinguished Unit, this time for the sinking of the Italian cruiser Taranto in La Spezia harbor September 23. Sgt. Dittmeier is the son of Mr. and Mrs. Arthur Dittmeier of 11 Elmwood avenue.

Carried out without loss of aircraft and with no casualties despite a formidable concentration of anti-aircraft guns, the brilliant attack frustrated German attempts to move the Taranto into position to block the entrance of this vital harbor. The group was previously cited as a Distinguished Unit for outstanding close support missions flown in Tunisia and Sicily in favor of the British and American Fifth and Seventh armies.

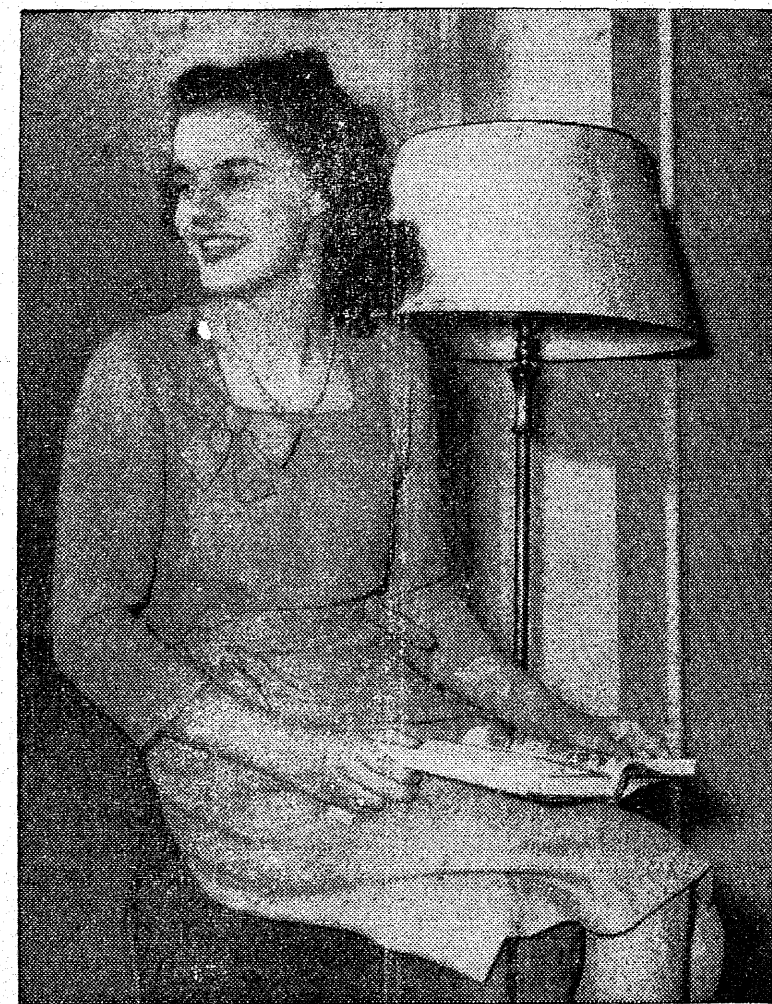

Marine Sgt. James J. Walsh, son of Mr. and Mrs. James J. Walsh of 169 Malone avenue, has been promoted from corporal to his present rank at Cherry Point, N. C. Sgt. Walsh is serving in quartermaster department of the Ninth Marine Aircraft Wing, which is in combat training at the Marine Corps Air Station there. He enlisted on September 6, 1944 at Newark.

Cpl. Almerico M. Resciniti, son of Mrs. Maddalena Resciniti of 36 Clinton street, has been promoted to the grade of sergeant, it was announced today by the post public relations office, Camp Croft, S. C. Before entering the service, he was employed by Otis Elevator company, and is now serving with an infantry training battalion of the Infantry Replacement Training center there.

From his Air Service Command Unit based in North Africa comes word that Cpl. Malcolm D. Lamb of town has been presented with four gold overseas service bars in recognition of two years overseas duty.

Cpl. Lamb embarked for foreign duty on December 12, 1942 but was forced to return when the boat on which he was a passenger lost a rudder and had to be

sowed back to port. On January 14, 1943 he embarked again and since that time has been serving with his Air Service Command Squadron as an administrative clerk and mail orderly.

In his organization he has organized numerous athletic activities the most noteworthy being a squadron softball league in which he figured prominently on the offense as well as the defense. He will be remembered as a pitcher on the New Jersey All-State baseball team in 1931 and later as a member of the Martinsville team of the Bi-State league. He once managed Belleville's entry in the Essex County league.

Prior to his induction Cpl. Lamb was employed by the Mutual Bene-

fit Life Insurance company, Newark.

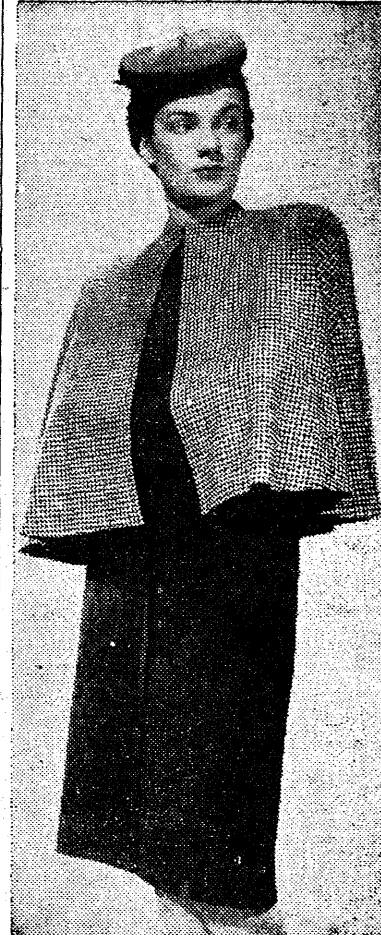

Sgt. Francis J. Gilroy, formerly of 170 Washington avenue, whose wife, the former Emma Goldacker, now lives in Bloomfield, has been cited by the 361st Infantry Regiment of the 91st "Powder River" division and awarded the Combat Infantryman Badge for actual participation in combat against the enemy with the Fifth Army in Italy.

Standards for the badge are high. The decoration is awarded to the infantry soldier who has proved his fighting ability in combat. The handsome badge of a silver rifle set against a back-

ground of infantry blue, enclosed in a silver wreath.

Miss Margaret Laverne Ryan, 20, of 302 Park avenue, Newark, was sworn into the Women's Reserve, U. S. Naval Reserve, as an apprentice seaman in the enlisted quota of the WAVES on January 19. She is the daughter of Edward F. Ryan Jr., of Muskegon Heights, Mich., formerly of town. Sue attended St. Peter's Grammar school here, St. Vincent academy, Newark, and Seton Hall college, South Orange. She is presently employed at Maas and Waldstein company, Newark as an assistant chemist.
