Bank Now Authorized to Make  
Loans Jointly With RFC  
As Business Aid

The First National bank received authorization yesterday to make loans under the new Reconstruction Finance Corporation blanket participation loan program.

Under the program, the local bank may make loans to business establishments and the Reconstruction Finance Corporation may participate up to 75 per cent of the loan at the option of the bank. The plan has a very definite advantage over insured loan arrangements that have been available to banks in the past, an official said yesterday. Prior to this time, the average time required to process such loans has been six weeks after the application was approved by the bank. It is expected that funds will now be available within a few days after the local bank has passed on the application.

The program permits loans up to \$250,000 with a maximum maturity of ten years and provides for payments of not less than ten per cent annually. It is required that all loans be secured, and while the nature of the collateral is not specified, it is expected that the assignment of accounts receivable, inventory, or mortgages on plant or equipment will be acceptable security. Loans may be for any purpose which the bank considers to be sound but the proceeds may not be used to pay any prior indebtedness to the bank which makes the loan.

In making the announcement, Frank J. McFadden, executive vice-president of the bank, said, "Our participation in this new program, coupled with our membership in the Newark Clearing House credit pool, enables us to provide types of financing for Belleville industry that have been available hitherto only in large city banks."

## PETREAN SHOW NEXT WEEK

"To Be Sure" Makes Three  
Night Stand-as Sixth Annual  
Production

The Petrean club of St. Peter's church will go into its sixth annual dramatic production next Thursday evening when "To Be Sure" opens for a three night stand in St. Peter's hall.

William Brickell, Petrean vice-president, and holder of the "Oscar" award for outstanding effort on last year's production, has again designed and directed creation of the scenery. Brickell is a graduate of Newark school of Fine and Industrial arts and is an arranger of advertising displays in the Kresge department stores. Original scenery included in this year's show are an Indian reservation scene which features a man-made mountain; the Ford theatre scene where Lincoln met his death and a huge, stage-filling family album adapted from authentic albums of 1878.

Petrean members and the cast have worked unlimited hours in executing Brickell's settings; rehearsals, which got under way in February, have recently been stepped up to four nights a week. For the third season general director is Edward Dowling, well known as a radio and night club master of ceremonies, Miss Peggy Shaw of Newark has directed dancing.

## Rolls 'Em In Aisles

James A. Leonard, president of the Petreans and overall chairman of the show is also teamed with James Monaghan in a comedy act which has, according to reports, rolled the rest of the cast in the aisles.

Mrs. Justin M. Maguire heads the costume committee which has chosen a leading New York outfit to costume the cast; Mrs. Monaghan, besides directing publicity, will sing in the production and Miss Greta Kinnealy, another recipient of the Oscar and chairman of last year's production is in charge of the formidable program. It is expected to result in greater financial return than any previous yearbook.

George Lukowiak as head carpenter and Richard Lukowiak as engineer in charge of lighting effects are Mr. Brickell's assistants.

## Tonight's The Night

The testimonial dinner for Mayor Williams, revenue and finance director, will be held this evening at Newark Athletic club. The invited guests who Joseph Arnold, chairman of arrangements, says have accepted, are Arthur T. Vanderbilt, Hon. and Mrs. Fred T. Law, Mr. and Mrs. George Stringfellow, Mr. and Mrs. Julius A. Rippel, Mr. and Mrs. George Becker and former Governor Charles A. Edison.

## Victory

Before this newspaper reaches its readers it is possible that the world will be formally told of Germany's surrender. But even though no formal announcement has been made, victory is ours, and all over the earth the hearts of men are beating faster in tense expectation of the Nazis' final, abject acknowledgement of defeat. From the years of anguish and suffering and death we are emerging at last in triumph. The evil shadow of enslavement has been pushed back, and once more man is vouchsafed a chance to march forward under freedom to his destiny. It is a solemn hour in the history of mankind; and in humility and simple gratitude let us give thanks for our deliverance.

For it is a deliverance; and this triumph will have been in vain if we ever forget the nature of the thing we have escaped. Not only must we remember it, but we must impress it on the hearts of our children, so that generations yet to come will recognize the hideous face of the evil that threatened the race of man. It was not alone the German and Italian armies that we conquered; it was not alone the monster Hitler and his black crew. It was an idea—the devilish conception that man is but a creature of the state, without individual rights or dignity. For one trembling moment this foul betrayal of the human spirit nearly engulfed the world, and in this, our day of triumph, we should pledge ourselves never to forget it.

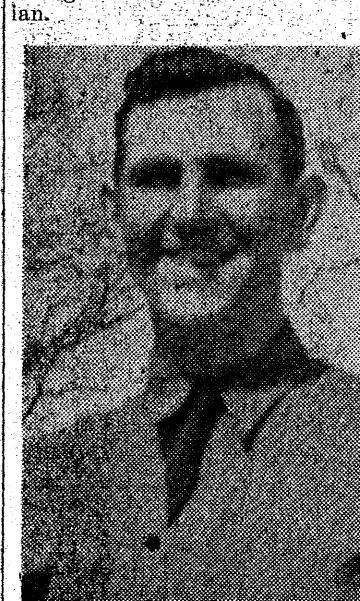

Let us not forget, either, that the remaining stronghold of that idea still stands. Across the Pacific we have yet to destroy a powerful enemy. He, too, will be crushed; but before that final victory we shall have spent more lives and treasures, there shall have been more suffering and sadness. Therefore, even though the fruits of victory in Europe be sweet, we cannot tarry. To the stern task before us we must turn without pause.

Nor must we forget in this great hour the young men who brought us this incomparable gift. It was for us that they have given the greatest things in life—their golden years of youth, their splendid young bodies, their very lives. Let us send up our shouts of joy; let us drink to the bottom the cup of happiness; but let us remember always that theirs is the victory, theirs the triumph we now savor. Never let it be said of us that in light and callous ingratitude we forgot their sacrifice. Whatever better world comes out of this travail it will be their great boon to us; and we shall be ingrates indeed if we do not build it brighter and happier than the world that was.

## Two More Killed In Action On Eve of Nazi Surrender

Sgt. George Malizia, Sgt. William Hamilton Casualties;  
Three Others Injured

On the eve of the cessation of war in Europe, two more local boys, Sgt. George Malizia jr and Sgt. William Hamilton have been reported killed in action in Germany, according to recent word from the War department. Three others injured in action are Pfc. Archie Peruzzi, Pfc. Philip Antrosiglia and Pfc. Michael Maiorlan.

Sgt. William Hamilton

Sgt. Malizia whose wife, the former Miss Anna Fratella of Belleville received a letter from him last week, just three days before the War department telegram came, last wrote that the war would probably be over when she received his letter. He was happy to see the end in sight, he said and described his satisfaction in aiding the liberation of American prisoners.

Killed on April 7, he had been in England and France before going to Germany. He is the son of Mr. Malizia of 107 Conover avenue, Nutley. His mother, Mrs. Mary Laterza Malizia, died at the home of her son, Frank, at 66 Garden street, on Saturday, after a long illness.

Malizia entered service on May 5, 1944 and was previously employed by the North Jersey Paint company of Wallington. He leaves in addition to his wife and father, a son, George 3rd, 12 years old; three sisters, Mrs. Teresa Delli Paolo and Miss Jeanette Malizia of town, Mrs. May Miller of New York City and three brothers, Pvt. ## C. H. EASTWOOD, W & T OFFICIAL, SUCCUMBS

General Advertising Manager  
Dies of Heart Attack  
In California

The entire water works and flour milling industry lost an esteemed friend when Charles Eastwood 48, general advertising manager of Wallace and Tiernan and associated company died Friday in the Huntington hospital, Pasadena, Calif. after a relapse from a heart attack that he suffered six weeks ago.

In ill health for the past few years, Mr. Eastwood had been transferred temporarily to California last fall. His health noticeably improved until he suffered another serious heart attack six weeks ago. Funeral services were held in Pasadena on Sunday. His wife, Mrs. Eleanor Fox Eastwood was with him. He is also survived by his mother, father and sister all of Victoria, British Columbia.

Mr. Eastwood who had made his home in Montclair for the past five years, was born and educated in England and went to Canada with his family as a young man. He enlisted and served overseas in a medical unit of the Canadian Army in World War I, serving with distinction and receiving many honors, about which he never spoke.

After the War, he joined the staff of Nordyke and Marmou—at that time one of the leading builders of flour milling machinery—and joined the Wallace and Tiernan organization on March 1, 1924, confining his early work to flour activities.

## Here In 1929

He became manager of the W & T district office at Jacksonville, Fla. and in 1929 was transferred to the head office in Belleville, working for a while on export sales before being assigned to responsibility for advertising and sales promotion, finally becoming general advertising manager.

In addition, he was directly responsible for the main office management of the Decco Process (citrus fruit decay control) and, for a period of several months in 1943 and 1944, the main office management of the flour milling service division. He had a large, nationwide acquaintance in all W & T fields of interest.

He was a member of the American Water Works association and the American Public Health association for many years.

## Request For Old Pictures Of Belleville Events

A request for old pictures of Bellevillites, portraying interesting events or occasions of 25 years ago or more, is made by The Times-News. These and a company of stories of general interest as part of Belleville's past will be run as a series of features, during the summer.

Care will be taken to preserve the pictures and return them to their owners as promptly as possible after they are used.

## 74-Year-Old Has Enviably Record in ODB War Job

Wilbur C. Weyant Never Tardy  
Or Absent in Over Year  
At Newark Office

"Get on the job—and stay on it" is no mere slogan to Wilbur C. Weyant, septuagenarian war worker at the Office of Dependents' Benefits in Newark. It is a life-long habit.

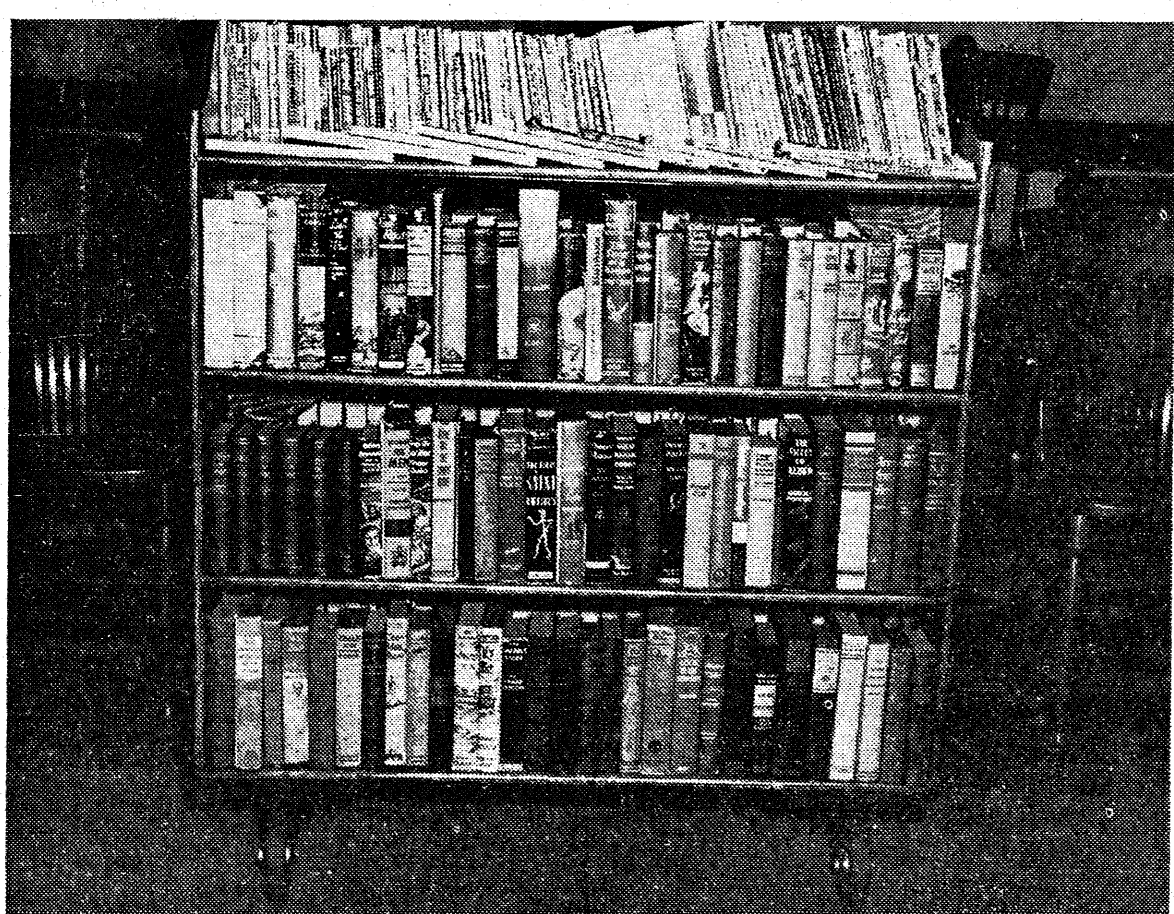

Mr. Weyant of 103 Belleville avenue spent his 74th birthday as he does every other day but Sunday and Christmas—on his war job, where, in over a year, he has never been tardy nor absent. This record was announced this week by Brig. Gen. H. N. Gilbert, USA, director of that huge activity which administers family allowances and Class E allotments-of-pay on behalf of 14½ million wives, mothers, children and other dependents of Army men and women.

Stick-to-it-iveness is second nature to Mr. Weyant, who has held just three jobs in his long life. From 1894 until 1931 he was an accountant for the Erie railroad. From 1931 until 1943 he was secretary for the Home Building and Loan association in Belleville. When that firm merged with others, he went to the ODB to continue his perfect record. Never in his life has he been late—either a school or to work, he admits with pardonable pride.

At the ODB, Mr. Weyant helps "Get 'em Paid!"—the working slogan coined by Gen. Gilbert, to inspire his officers and civilian

## Reading For Convalescent Servicemen

MOBILE LIBRARY, one of many being constructed by the Craftsman's Hut, which will be sent to military rehabilitation hospitals. Crafts men are contributing books for the circulating libraries and ask the aid of the public in maintaining the supply as more mobile units are completed.

## Craftsmen's Hut Constructs Mobile Libraries

Public Asked To Donate Books  
For Units To Be Used In  
Military Hospitals

Present patriotic venture of the Belleville Craftsman's Hut, which was organized immediately after Pearl Harbor, is the construction of mobile libraries for military rehabilitation hospitals. The first set of rolling shelves will be installed soon at Fort Monmouth. Craftsmen expect to be able to complete one a month.

Craftsmen will give the public a chance to share their work on the mobile libraries since they intend to stock and service them as well as constructing them and contributions of books will be necessary. Anyone donating a book will be urged to enter his name and address so that the servicemen using it can acknowledge it if they desire.

Ralph Allaire, Edward Ackerman, Gustave Bechtoldt, Ronald Brunner, Henry Charrier, Maurice Groner, Harry Ingram, Carl Jensen, Eric Peterson, Harry Scott, Harry Winfield, Christopher Peterson and Norman Wilson constitute the committee.

Frank Bangert jr. is chairman of the committee which dubbed itself "Craftsmen's Hut" and entered wholeheartedly into a program of war services in 1941 in honor of members of the Suburban chapter, Order of DeMolay. Craftsman sponsor this group of young men in civilian life.

Initial project was the mailing of packages to 197 servicemen; the contents included stationery, a Bible, cigarettes and candy. The men then made Masonic service centers in large cities near Army

employees to speed the monthly checks which spell security on the home front and high morale on the battlefields. To date, the great War department agency has lived up to its own famous slogan with over 9 billion dollars in benefit payments. Each month nearly 8 million checks, totaling over \$450,000,000, go out from the Newark skyscraper where Mr. Weyant works, to homes with service flags in their windows.

One of "Oldsters"

Mr. Weyant is but one of the 70 "oldsters" at the ODB, 40 of whom, like him, are between 70 and 80 years old. Along with their 9,000 co-workers, they work six days a week, on two shifts and on all holidays except Christmas, with cheerful regularity, according to Gen. Gilbert. Some of them do overtime work to boot.

There is nothing of the "last leaf" about this dapper little man, nor any self-clamency about his attendance record. At 74, Mr. Weyant laughs at the idea that there is anything unusual about his working or his punctuality. "As you know, I have always worked and have been happy staying so many years with those other two jobs. But I have never been so happy as here. I can honestly say that I have never been employed in a place that has more cooperation and sociability."

## ADD STAR TO "E" AT WESTINGHOUSE

Lamp Division Receives Symbol of Continued Achievement  
In War Production

The Army-Navy "E" burgee with white star, symbol of continued outstanding performance in war production, has been awarded to the four plants of the Westinghouse Lamp Division, Ralph C. Stuart, Division manager, announced today.

Mr. Stuart, on behalf of the 10,000 employees and management in the plants at Bloomfield, Belleville, and Trenton, and Fairmont, W. Va., advised Robert C. Patterson, Under Secretary of War, that the renewal of the Army-Navy Production Award would constitute a "challenge to continued effort until the war is past and victory is won."

Mr. Patterson wrote, in a letter to employees advising them of the award renewal: "You have continued to maintain the high standard which you set for yourselves and which won you distinction more than six months ago. You may well be proud of your achievement."

"The white star, which the renewal adds to your Army-Navy Production Award flag, is the symbol of appreciation from our Armed Forces for your continued and untiring effort and patriotism." The Lamp Division manufactures electronic tubes, electric lamps, and lamp and tube parts. No formal presentation ceremonies are planned. Retention of the Army-Navy "E" award is dependent upon continued outstanding war production.

## S-Sgt. Pfister First of Bulge Prisoners to Return

Greeted Three Month Old Son,  
Tells of Scanty Rations  
In Nazi Camps

Although three of the six local soldiers taken prisoners by the Germans at the Battle of the Bulge last December have been heard from since they were liberated, S-Sgt. Howard Pfister is the first to arrive home with a first hand account of their experiences in Nazi camps.

The soldier who formerly lived at Carpenter terrace, arrived at the home of his mother, Mrs. Howard Pfister of Newark on Monday night, for a sixty day leave. His wife, the former Miss Marie Malmberg of Nutley, presented him with the new heir, a three month old boy named Barbara Ann, one year old.

Pfister who has already gained back 40 pounds of the 46 pounds he lost in his three and a half months as a prisoner, told of the scanty rations at both Bad Orb and Zeigenham in spite of the large warehouses filled with food maintained by the Germans nearby.

## CLOTHES DRIVE NETS 26 TONS

House Canvass 'Increases Total; Volunteers Needed  
For Processing

The house-to-house canvass in the clothes drive which took place on Sunday, has brought a total estimated collection of 26 tons according to drive officials.

Fire reserves and Boy Scout leaders volunteered to man the 17 trucks donated for the canvass, the Rev. Peter R. Deckenbach, drive chairman, said yesterday. Although 11,000 pounds have already been sorted, packed and shipped, the tremendous job of processing the remaining twenty tons is still ahead. Many volunteers are still needed, James Lampman, processing chairman has said. Members of the Fewsmith Women's guild have been working at the stadium this week.

In addition to the seven town trucks used in the canvass on Sunday, Hoffman Trucking and Canteen corporation each contributed two. Others donating one truck were Essex Lumber, Wallace and Tiernan, Wharton Construction, Wardell Landries, William Smith, Resciniti and John Harter.

Girl Scouts report a total collection of 8,049 pounds. Troop 7 leads in 2,163 pounds and Troop 1 is second with 1,303 pounds. Among the Brownies, Troop 26 takes honor with 616 pounds turned in.

## Well, Mourners Have to Eat!

That crepe on the door of Recorder Clerk Fred Handlon's office in police headquarters wasn't what you think. No, it wasn't. It was for Petie, the cat, the cops' mascot. He was killed by a hit-and-run driver right in front of headquarters when he sauntered out for a walk the other day.

The cops are on the lookout for the guy who left the scene of the accident and they sure hope they get him. The day of his untimely demise, Petie was going to have a nice dinner of fresh ground hamburger chuck full of red points, courtesy of Handlon. Was it wasted? What do you think?

## S-Sgt. Pfister First of Bulge Prisoners to Return

In spite of the hardships, the majority of the captives remained in good condition, he said yesterday. After their capture as members of the 106th division of the Fifth Army, they were transported to Bad Orb in boxcars and until their arrival there, which took ten days, received one can of hard tack and a can of cheese as a daily ration to be divided among seven men.

In this group were Pfc. Edmond Kelly, Pfc. Arthur Schultz, Pfc. Charles Davis and Pfc. James Wilkerson. S-Sgt. Henry Candura later transferred along with Pfister to Zeigenham. Pfister said yesterday that Candura is the only local man he knew. He said he is in good condition and would arrive home soon. At Zeigenham their menu consisted of ersatz coffee for breakfast, potato, cabbage or turnip soup for dinner and a loaf of bread to be divided among seven men, for supper.

Liberated on Good Friday, March 30, Pfister said that they remained there for ten days before being flown to Camp Lucky Strike near LeHarve, France, for the homeward trip.

## SALARY GUIDE FOR TEACHERS IS APPROVED

No Opposition At Public Hearing; Teachers In Favor,  
Three To One

Approval of the proposed salary guide for teachers in the Belleville school system was registered on Monday night at a public hearing held by the board of education. The hearing followed a three to one vote of approval by the teachers taken last week at the suggestion of Joseph Arnold, board president. The guide now awaits adoption by the board.

It is based on educational qualifications rather than on position, experience or merit rating and provides identical increments for both grammar and high school teachers in five classifications.

Only objection reported by Miss Lena Dunlap, president of the Teachers' association was that raised by those with years of experience who do not possess the educational degrees to advance them from their present salary when the guide is put into effect.

She stated, however, that in a meeting attended by representatives from all schools, at which Acting High School Principal Burt Johnson and Superintendent of Schools Wayne R. Farmer answered questions, the majority were in general favor of the plan. Only suggestion was that some salary adjustments be made if and when additional state or federal money is available. Of the 176 teachers voting on the guide, 143 voted in its favor with 43 against it.

## Unusual Cases

Frank J. McFadden, member of the salary guide committee, pointed out that in unusual cases factors other than educational degrees may be considered by the board as a basis for additional increments.

Arnold stated that the guide will encourage teachers to take advanced courses and by so doing, should improve the general teaching staff. "It offers a reward for study through additional increments," he said. It can penalize the ambitious teacher through its provision of withholding increases on the recommendation of the superintendent of schools and with the approval of the school board.

The guide was compiled by a citizens' committee headed by Philip Dettelbach with Dr. Willard Elsbree, professor of education at Columbia university as consultant. Those serving on the committee in addition to McFadden were Ralph Allaire, Rev. Peter R. Deckenbach, James R. Lampman, Burt Johnson, and three teachers, Miss Kathryn Conklin, Miss Rose Simons and Edwin Tschubul.

## Bellboys Remain Undefeated In First Four Games

Lubertazza And Vitelli Continue to Hurl Locals Into Victory March

In victorious stride, the Bellboys under the direction of Coach Spotts, have garnered four straight triumphs to remain undefeated on the first leg of their fifteen game diamond schedule.

Herman Lubertazza and Lou Vitelli, pitchers, have held the scores this week to 5-4 against Irvington Vocational, 8-0 against Bloomfield Tech and 3-1 against North Arlington.

The locals visited Irvington for their second victory, last week, when Lubertazza got the credit for the victory, relieving Lou Vitelli in the fifth. Pasquariello made third in the first inning and scored when catcher Polakowski tried a play at second. In the second half of the first, Gulka led off with a walk, stole second and went to third on Greco's error. He scored a minute later on Lukoucio's infield hit. A strikeout and a double play started by Vitelli ended the rally.

The fourth inning marked the second rally for both clubs. Passananti fled out for Belleville followed by Harry Roessler's line single after which he stole second. A balk by the pitcher brought him to third and Greco's infield out scored him. In the bottom half of the fourth, Vocational made three runs on two walks, an infield hit and an error.

In the sixth, the Bellboys put four single hits together for two tying runs. In the seventh, Captain Frank Passananti started off with a hard hit triple over the center fielder's head. He scored on Nature's bunt to win the game.

**Belleville - Bloomfield Tech**  
In the 3-0 victory over Bloomfield Tech, which followed a previous win of 4-0 over the Techman, freshman Vitelli made his second start in as many games and pitched excellent ball all the way, giving up only four hits. Gene Maragani again started for Tech but was relieved by John Glover in the fifth.

Belleville's monopoly on the first frame showed once again with Pasquariello leading off with a single. After two were away it was followed by a double by Greco. Pasquariello holding at third, Costello's hit over second brought in Pasquariello for the tally.

Four runs in the third inning were made after Passananti struck out Roessler, got a base knock and went to third on Greco's second double, this one bouncing off the fence. On Mangini's error one run came in and another scored on Papadero's infield hit. When Herb Scherer of Bloomfield threw wild to first two more runs crossed the plate. Nature and Vitelli got out to end the inning.

Chalking up two more runs in the fifth, the Bellboys scored on two singles, a base on balls and a fielder's choice. This made the score 7-0. After one was down in the sixth, Greco hit the second pitch high and far for a home run, the first of the year for him and the Bellboys. This gave

him two doubles and a homer in four trips to the plate. Papadero then showed more brutal power when he parked a long ball well beyond the center fielder for a tripl but his teammates failed to bring him home.

**Belleville - North Arlington**  
The locals made it four in a row on Saturday when they downed North Arlington 3-1 behind the two hit pitching of Lubertazza. Belleville only garnered three hits though both pitchers went the distance.

The foe turned the trick of getting a run in the first when after Lubertazza put out the first two men, he gave a free ticket to Sanazalone of North Arlington. Clean-up man Tetford hit the third pitch past the left fielder for a three bagger, scoring Sanazalone. That lead held up until the third frame.

In the third, the whole Belleville team batted around. Lubertazza got on by an error by Manello and then Pasquariello was put on by an error by McColl. Hits by Roessler and Costello and a walk to Racquet helped to get the three earned runs. Nature struck out with the bases loaded to end the rally. Belleville started a rally in the fifth but it fell short of any runs.

of Masonic clubs' seal and signed by the local group, many letters of gratitude from servicemen have cheered the Craftsmen and inspired them to further efforts.

They were instrumental in organizing the "Monmouth Military Square Club" at Fort Monmouth and have been at the host to many Monmouth men at their clubrooms in Jerusalem street Masonic temple. Money and gifts were supplied for Christmas parties at the Monmouth center last year with James R. Lampman, Craftsmen president, acting as Santa Claus.

One of their Christmas parties there was especially staged for 50 wounded men; two hundred more were entertained by the local men at Long Branch Masonic center and hundreds of gifts and packages of cigarettes were distributed in the Fort Monmouth hospital. Craftsmen have been aided by DeMolay's "Mother's Circle" under the direction of Mrs. William Kant. The women have made five hospital afghans of which one was finished in three weeks and identified with the words "Belleville Craftsmen's Hut" crocheted in one of the squares.

From North Africa, his group went to Sicily, Sardinia, Italy and Corsica. The group took part in the landings in Africa, Sicily, Salerno and Southern France. One of the toughest jobs was protecting the 15th AAF's heavy bombers in bombing out the enemy's oil production and war industries in the Balkans.

The group has earned three

Distinguished Unit Citations for successful fighter missions over Foggia and Aversa, in Italy, and the Ploesti oil refineries in Rumania.

More recently, the group was honored by being chosen to escort the principals of the Big Three Conference to and from the rendezvous in Yalta. The extensive and involved operation covered more than 16,000 miles of route over three continents and was accomplished without the loss of a pilot.

## GARDEN YOUR VICTORY GARDEN

**Planting Tomatoes, Peppers And Egg Plants**

By Dr. Charles H. Connors,  
College of Agriculture, Rutgers University.

With the warm unseasonable weather of the early spring, the temptation has been to get some things into the ground before the normal season. There will not be much gained by too early planting of tomatoes, eggplants and peppers and the sowing of lima beans before the weather has become settled and the soil well warmed. About May 10 to 15 will be a suitable time to plant these crops.

The tomato is one of the most satisfactory crops for the home garden. Purchase well-grown, stocky plants that have been "hardened off" to accustom them to the cooler conditions of outdoors.

The most satisfactory way to grow them in a small garden is on stakes. In this method the stakes should be 5 or 6 feet long and set 1 foot in the ground. The rows are made 2½ to 3 feet apart and the plants are set 2 feet apart in the row. If they are not staked, the plants should be set 4 feet x 4 feet.

### Lima Beans

Lima beans are a warm crop and should not be planted until almost time to set out tomatoes. Make the furrows deep enough so that the seeds are covered about an inch. Some people place the seeds about 4 inches apart, later thinning the plants to 8 to 10 inches apart. Others make the furrows a little wider and plant two seeds side by side every 8 to 10 inches, later thinning the excess plants.

Poles for pole limas should be set 2 feet apart in the row and a half dozen seeds planted around each pole, thinning to four plants to a pole after the second pair of leaves develops.

It is advisable to keep the soil over lima beans loose so that the seedlings can grow out of the ground. Hence, just cover the seeds and firm this soil, then fill the furrows with loose soil that is not packed.

Flea beetles may now be making little holes in the leaves of beans and other plants, and they may do serious damage to tomatoes. Use calcium arsenate and lime as a dust. Also dust cabbage, broccoli and kohlrabi with the same dust or with rotenone dust to control cabbage worms. Cut worms should be prevented from attacking newly set plants by placing a paper band, extending an inch or so into the soil, and 2 or 3 inches above, around each plant as it is set; or use poisoned bran bait.

**Plant with a Transplanting Solution**

Setting plants with a transplanting solution has proven very successful. It is possible to purchase special salts prepared for this purpose; but a satisfactory transplanting solution may be made by dissolving a teaspoonful of 5-10-5 fertilizer in 12 quarts of water. Let it stand overnight and then stir as it is being used, as all will not go into solution.

Open up a hole six or eight inches deep and large enough so that the roots may be placed in it without crowding. Place the plant and draw in enough soil to about half fill the hole. Gently pour on the soil a teaspoonful of the transplanting solution. As soon as this has settled, fill the hole with loose soil. Do not pack it.

Three or four peppers set 2 feet apart.

Littig, Herb Henderson and Bob Arnot copped the honors in that order on the nine mile homeward race. Wally Reed followed. He received a three minute handicap, Arnot one and a half minutes with Littig and Henderson on scratch.

Littig and Arnot represented Belleville on April 15 in a 25 mile road race on Staten Island. Arnot came home with the "oldest rider to finish" medal, while Littig was out of the running at the ten mile mark with a puncture.

The Princeton run scheduled for May 6 is postponed in favor of attendance at the fifty mile road race on Long Island. Belleville will produce five entries for this contest.

### St. Mary's Wins Play Contest; Locals Give Performance

St. Peter's CYO dramatic group was eliminated from the one act play competition on Wednesday, April 25. The judges gave the decision to the group from St. Mary's of Nutley. Their play was "Sweet Sixteen". There was no decision on second or third place.

The audience reaction had no influence on the judges. "Thank You, Doctor" the local entry did have tremendous audience appeal. The play was fast moving and all of the action was well accented by the cast. Based on competition rules the judges ignored audience reaction and declared St. Mary's as the winner.

Pfc. James Coppola Awarded Two Bronze Service Stars

Pfc. James J. Coppola of 62 Smith street has been awarded two Bronze Service Stars for battle participation in the Northern France and German war campaigns.

The soldier's organization has been fighting in France since July 2, 1944. The 106th Cavalry Group (Mechanized) participated in the Normandy Campaign and later on the front of Lieut. Gen. Alexander M. Patch's Seventh Army in eastern France.

The 106th Cavalry Group has been spearheading many drives as a forward reconnaissance force and during the Foret de Parroy fighting on the Seventh Army front fought as infantrymen until the German defenses were smashed in that sector. Recently, the Group held a major German division attack long enough to allow troops to be shifted to meet the threat.

Pfc. Coppola entered the service June 1, 1943 and has served overseas since July 14, 1944. He is the son of Mrs. Angelina Coppola of the Smith street address.

Sgt. Robert Gibler Gets Bronze Star Award

Authorization to wear the Bronze Star has been received for him by S/Sgt. Robert Gibler's family at 274 Ralph street. Sgt. Gibler is stationed at a Topeka, Kan. air base; he spent a thirty day furlough here last July after nearly five years with the Air forces in the Pacific.

Headquarters of the 49th Fighter group in the Pacific has forwarded authorization concerning the decoration; but Sgt. Gibler has at no time indicated to his family, action which may have occasioned the reward. According to the authorization it was for action in the Papuan campaign.

The Giblers have also received word that their younger son, Pvt. Richard Gibler, has returned to action after wounds received in Germany on February 19. He is with Gen. Patton's 3rd Army.

Pvt. Gibler, who will be 19 this month, entered the Army last August after being graduated from Belleville High school the previous June. He spent Christmas here with his mother and father and went immediately overseas where he moved rapidly from England to France and then into Germany. The men are sons of Mr. and Mrs. Robert Gibler.

GEORGE MARTIN IN HIGHWAY CREW

With Fifth Army Group Maintaining Vital Roads In Italy

Cpl. George D. Martin, radio operator and son of Mrs. Eleanor Martin of 47 New street, is a member of the 1338th Engineer Combat Group, which is maintaining 67 miles of vital highway feeding the Fifth Army front in Italy. Other current operations of the group include working a huge rock quarry, dispatching men to the front to mark off limits of minefields, and maintenance of three 400-kilowatt generators.

Throughout the winter, the 1338th maintained 30 miles of road in snowbound, mountain country, operating one main snow removal station and five sub-stations, all equipped with snow plows and emergency rations.

The outfit has built four landing strips for cub observation planes, made an extensive survey of all generators in the Fifth Army and currently operates a beacon on an important highway. One of its battalions, which mines the rock quarry, recently built a drill field for personnel of Fifth Army headquarters.

Men in Service

James F. Briden, son of Mrs. Ellen Briden formerly of Greylock parkway, received his commission as second lieutenant, on April 13, upon graduation from Officers' Candidate school at New Orleans, La. The husband of the former Miss Ellen Miller of Main street, his wife and fourteen month old daughter, Mary Ellen, flew down to meet him in New Orleans. They returned here for a five day furlough which was concluded this week. Lieut. Briden has reported back to New Orleans.

Hugh James O'Toole, 21, boat-swin's mate, second class, USNR, of 608 Washington avenue, has reported to the Atlantic Fleet's Minecraft Training center at Little Creek, Va.

O'Toole wears the American and European-African-Middle Eastern Theater ribbons. He returned to this country recently after 19 months in the European area. During this time he took part in the invasion of Sicily, Salerno, Anzio, and Southern France.

His parents are Mr. and Mrs. Hugh J. O'Toole of Belleville. O'Toole entered the Navy shortly after his graduation from Belleville High school in 1942. While there he lettered in baseball, football, and track.

On leave after 22 months hospital service in England and France is Pharmacists Mate 2/c Irving Levine of 64 Cortlandt street. He is the son of Mrs. Ida Levine and arrived home on Sunday. He entered the Navy two and a half years ago.

Mrs. Levine was also thrilled with a letter this week from her sons, Radioman 3/c Jack Levine and Radioman 2/c Charles Levine in a Pacific port. One is on transport duty, the other in submarine service. They had not met in eighteen months.

The men are all graduates of Belleville High school; Irving with Dupont, Jack with Rowe Manufacturing company and Charles had just completed his apprenticeship as a diamond cutter in New York before entering the Navy.

## ON 30 MISSIONS OVER GERMANY

T-Sgt. William Austin, B-17 Crew Member, Holds Air Medal With Five Clusters

T/Sgt. William H. Austin, 20, of town, relaxes in front of the B-17 Flying Fortress in which he

T/Sgt. William H. Austin

flies as radio operator and waist gunner, after returning to an Eighth Air Forces Bomber Station in England from a bombing attack on a target in Nazi Germany.

A veteran of more than thirty

heavy bombardment missions, Sgt. Austin has taken part in assaults on a variety of objectives, ranging from enemy airfields and aircraft plants to oil refineries, railroad yards and front line positions.

### In Berlin Raids

The attacks have been carried out despite intense flak, enemy fighter opposition and hazardous weather conditions, common in the European theater of aerial warfare. The New Jersey flier has participated in assaults aimed at targets in such heavily-defended centers of Nazi industry as Berlin, Frankfurt, Bremen, Munich, Leipzig and Kiel.

Sgt. Austin holds the Air Medal with five Oak Leaf Clusters for "meritorious achievement... coolness, courage and skill" in aerial warfare. He is a member of the 34th Bombardment Group, a unit of the Third Air Division, the division which received a Presidential citation for its now historic England-Africa shuttle bombing of Messerschmitt aircraft plants at Regensburg, Germany.

Son of Mr. and Mrs. William H. Austin of 426 Cortlandt street, Sgt. Austin was employed by the Prudential Insurance company in Newark before entering the Army Air Forces in March, 1943. He is a 1941 graduate of Belleville High school.

### Legion Auxiliary Delegates

Delegates from the American Legion Auxiliary Unit 105 who attended the county meeting at Newark headquarters yesterday are Mrs. William Labaugh, Mrs. George Wagner, Mrs. Edward Ackerman, Miss Laura Congleton and Mrs. Peter Johnson.

## In Okinawa Action

ONE OF THE FIRST Marine Aviation men to land on Okinawa, T/Sgt. Alvin A. Mueller of town is shown at the right above, with T/Sgt. Lester H. Bundy of Elizabeth. Mueller was with the assault division of the Fourth Air Wing that established operations on the site of the former Jap bomber strip at Yontan Air-port.

## Marine Has Part in Building Strategic Island Base

T-Sgt. Alvin Mueller in Fourth Air Wing, Veteran of South Pacific Battles

Among the first marine aviation men to participate in the initial phases of the battle on Okinawa is T/Sgt. Alvin A. Mueller of town, right, shown with T/Sgt. Lester H. Bundy, of Elizabeth. Mueller was with the assault echelon of the air unit that landed on the western coast of Okinawa, close on the heels of the Infantry. They moved 1,200 miles inland where they established operations on the site of the former Jap bomber strip at Yontan Airport.

The airfield operated by the Marines is strategically situated 330 miles northeast of Formosa and 360 miles southwest of the Jap city of Kagoshima. Shanghai is 400 miles to the northwest. When not using their carbines and rifles, the Marines are engaged in the operation of the air base and the servicing and repair of the planes.

The thirty year old sergeant is the son of Mr. and Mrs. Christopher Miller of 249 Main street. Married, his wife is the former Miss Evelyn Gainer of Avon-By-The-Sea where she is now making her home.

Mueller who has been with the fourth Air Wing in the South Pacific since December, 1943, has participated in all the major battles there, including Midway, Guam and Attu. He enlisted in August, 1942 and was previously employed by Du Pont corporation of Arlington.

A graduate of Belleville High school, he has two brothers in the

service. Christopher Jr., a private, 26 years old, is with the 355th engineers in the European theater and has not been heard from in a year. George, a fire controlman second class, 24 years old, enlisted in 1940 and holds the presidential citation, being one of the survivors of the U.S.S. Atlanta sinking.

### Continue WAC Recruitment For General Assignments

Although the Army has completed its medical technician recruiting program an entire month ahead of schedule, recruitment and training of WAC personnel will continue, the War Department has announced, it was revealed by Capt. Hollister of the Newark station today.

Demand for more WAC personnel is expected to be heaviest in administrative and hospital positions, but additional numbers may be required by all branches of the Army.

To facilitate recruiting under these changing conditions, WAC applicants after May 1 will be accepted only for general assignment. They will receive classification tests at the training center and will then be assigned to an Army post requiring that particular skill.

In announcing these recruiting changes, the War Department has revealed that the hospital recruiting program was one of the most successful ever conducted for a specific type of Army personnel. The entire initial quota, plus an additional fifteen per cent authorized in March for expanding Medical Department needs, was met a full month ahead of schedule.

Completion of the program in two of three months' allotted time is an outstanding achievement, officials believe, as qualifications for enlistment in the Army Medical Department are higher than for enlistment in other Army branches.

## The Home Perilous

Everybody reads the casualty lists with a heavy heart, and longs for the day when we shall make war impossible. This is as it should be, of course. But we also should have a greater feeling of responsibility for the toll of 100,000 deaths caused in this country annually through avoidable accidents. This is more than were killed in battle.

Strange to relate, home, instead of being a haven of safety, is the place of our greatest peril. Falls in the home kill more people than any other type of accident, and were responsible last year for fifty per cent of our accidental fatalities. Of New Jersey's 2,727 accidental deaths last year, 682 were due to motor vehicle accidents, more than 1,000 caused by accidents in the home.

The home, it seems, has three danger spots — the bathtub, the stairs and the porch. Porches are actually as dangerous as bathtubs, as a large number of deaths result from plunges from second and third story porches.

Almost one-quarter of all home deaths occur on stairs. Most of these could be avoided by the presence of a hand rail. Bathtub accidents, of course, can be reduced also by the presence of strong rails which can be easily grasped by a person taking a shower.

The very prosaic nature of our perils seems to be the chief reason why we do nothing to minimize them. We have made great strides in reducing motor vehicle accidents because we became aroused to the dangers of speeding, improper signals, etc. We should likewise arouse ourselves to the menace at our fireside. When we become fully aware of the dangers that lie in simple things all around us in our homes then we may be able to reduce the dreadful toll which our carelessness now takes from us.

## She's No Lady Nicotine

None of the shortages, it seems, has caused such consternation as that aroused by the inability to buy cigarettes. Coffee, sugar, meat, all the war shortages have come and gone with their accompaniment of mild grumbling. But with the cigarette it's different. The grumbling has grown to a howl of anguish.

That's probably because the cigarette smoker is a nervous fellow anyway. For him the cigarette is something to do with his hands. Most of the time he uses a cigarette without consciousness of smoking, certainly without pleasure in smoking itself. It's the lighting, the puffing, the knocking off of the ash, which relaxes his nerves, gives him surcease. Take the cigarette away from him, and he's at a loose end.

But there's no sense in blaming the dealers. They can't help it. The whole thing is a pain in the neck to them, not to mention a loss in revenue.

And matches. Scarcity of matches has hardly made the irritation any the less. Paper matches seem to have disappeared entirely. Now it's the old wooden torches.

Soon no doubt there'll be a revival of the good old practice of striking a match on one's pants leg. It's years since we've seen anybody do that.

What the women match-users will do we don't know. Well, they smoke too much, anyway.

## Books Are Casualties

One of the casualties of the war has been books. Few if any good novels have been written since the beginning of the conflict. This, of course, is understandable, as one can hardly expect major creative work amid the cataclysmic events we have been living through for the last six years. Writers are too sensitive to the world about them to be capable of concentration when the world is falling apart.

Frank Swinnerton, whose "Nocturne" still ranks high through the years, has written another book, and a good one, too. Katherine Anne Porter, who many believe is writing the finest prose in the English language, has given us another collection of her exquisite short stories, and, since the war began, there possibly have been one or two other books of distinguished fiction. But for the most part our writers have been silenced by the same emotional strain that has affected us all.

There has been no poetry at all. The nature of the war, and its size, probably accounts for this. It seems rather curious, though, when one recalls that the last war gave us Rupert Brooke and Siegfried Sassoon, who found in the dumb slaughter of the Western Front inspiration for poems of great beauty.

With war books we have been more fortunate. This has been the best reported war in history, and the correspondents who have had free access even to the foxholes have given us some unforgettable pictures of modern war. When one remembers Guy Empey's "Over the Top" and "The First Hundred Thousand" and all the other bilge with which we were inundated during the last war we should be grateful.

The theatre has not yet found a war play of stature. Even such a fine dramatist as Maxwell Anderson, who tried his hand at two, failed badly. Mr. Sherwood has been busy on war work, Mr. Behrman found the adventures of a Polish refugee singularly comic, and the other writers who have touched on the war have been moved to stereotype comedies of the home front.

It probably will be years before a great novel or play based on this war is written. In the meantime, paper shortage or not, there are the murder mysteries. They seem to be getting better and better, although "Trent's Last Case" is still tops with this reader.

## Disgraceful

The miserable end of Mussolini is what that contemptible bully deserved and the world is to be congratulated that he was finished off without the mockery of a long drawn-out trial. But in the orgy of bestiality that followed his death the Italian people have hardly added to their stature in decent men's eyes. Granted that the ruin and misery which his folly brought to Italy has aroused the bitterest passions, nevertheless the foul defilement visited upon his dead body is a disgrace.

This is not to say that an Italian mob is any different from mobs elsewhere in the world, least of all from the lynch mobs of our own country. But the Italian people have been so tragically betrayed by Mussolini and the Fascists that it is particularly unfortunate that the violence of a mob is allowed to endanger the world's sympathy for those Italians who are the real victims of the dictator's crimes.

## Red Cross Gives Data On Service Men Abroad

### Home Service Secretary Answers Miscellaneous Questions From Relatives

This is the third and last in a series of articles giving miscellaneous questions most commonly asked of Mrs. Muriel Taggart, Home Service secretary of the local Red Cross chapter. The answers are based upon information given to all Red Cross chapters throughout the United States by National headquarters. It is of value to clip and save for future reference.

Q. I received a message from a relative of mine in Italy on an official Red Cross form. How do I reply?

A. The reply should be printed in ink or typed on the reverse side of the form, should be limited to 25 words and mention only family matters. We shall then send the message to National headquarters for transmittal.

Q. My son is in the Merchant Marine and I haven't heard from him in some time. Is there any way I can locate him?

A. Try writing to the Office of Seamen's Records and Welfare, U. S. Coast Guard, Washington 25, D. C. Give the name of the port from which he shipped and any other information about his current assignment which you may know.

Q. Are Red Cross services available to merchant seamen?

A. Because members of the United States Merchant Marine are often exposed to the extreme hazards of war, the American Red Cross has recognized the need for making its services available to merchant seamen and their families as it does to other special civilian groups. Home Service offers assistance with communications, information, consultation and guidance, and financial assistance to merchant seamen and their dependents. Field director service, including necessary financial help, has been made available to trainees in certain U. S. Maritime Service Training schools, and to merchant seamen in certain overseas situations. Hospitalized seamen are granted American Red Cross hospital social service including necessary financial assistance and recreation.

Q. May I send funds to my relatives in Italy?

A. The Treasury department has issued new regulation under which living expense remittances may be made to any individual in Sicily, Sardinia, and many liberated Italian provinces. It is now possible to send up to \$500 in any one calendar month for the neces-

sary living expenses of the payee and his household. Remittances must be made through domestic banks which are familiar with the various Italian provinces where money may be sent.

Q. Can packages be sent to Italian civilians?

A. Ordinary (unregistered and uninsured) gift packages may be sent by parcel post to civilians in Vatican City States and the cities of Rome and Naples, Italy; and Palermo, Sicily. The value of each package is limited to a maximum of \$25; the weight to a maximum of four pounds, and the size to a maximum of 36 inches in length and girth combined. Packages and customs declarations must be conspicuously marked "Gift Package," and the sender must also clearly state the contents and value on the customs declaration. Packages are to contain only such essential items as clothing, shoes, sewing kits, powdered milk, soap, etc. No writing, printed matter, or perishable foods may be sent in these packages. Also prohibited are: tobacco in any form and cigarette lighters, matches (including safety matches), and lighter fluids. For the present, only one package per calendar month may be sent.

Q. My father was in Manila during the Japanese occupation and I understand that he may be in American liberated territory in the Philippines. When may we expect him to be repatriated?

A. The repatriation of United States civilian will proceed as rapidly as accommodations on ships from the Philippine Islands are available. The lists of those enroute will be made known to the War department, the Department of State, and the American Red Cross prior to the arrival of the ship; however, these lists may not be received much in advance of the arrival date. For security reasons, the place and date of arrival cannot be released in advance. Some repatriates have arrived in the United States by air on Army or Navy transports and it is believed that others may arrive by air in the future. In such cases, there can be no advance notice of arrival.

## Brownie "Fly-ups" Demand More Intermediate Troops

### Three New Troops Keep Council Busy Finding Leaders For Scout Work

In a fly-up ceremony Monday afternoon three new Brownie troops, 24, 25 and 26, were organized by the Belleville Scout Council. These Brownies, who meet after school, are being supervised by Scoutmaster J. H. Edwards.

Scoutmaster Edwards, who is in charge of the Intermediate Girl Scout in the Union Avenue school under the leadership of Mrs. John Staudt, will hold one general fly-up ceremony on May 28 for all Brownies who will reach the age of ten before resumption of Brownie activities next September.

Brownie activities have enormously increased here during the past year with the result that the Girl Scout council is working overtime to secure leadership for additional intermediate Scout troops to accommodate all those who will "fly-up" in the near future. This promotion takes place automatically at the age of ten. Brownies may enter scouting at the age of seven.

Only two troops existed for many years; there are now five with enrollments of as many as 46 little girls in one aggregation. Thirty-seven Brownies of Troop 25 at Jorammon street school were shepherded by their leaders and members of the troop committee Saturday when they visited the Bronx Zoo in New York City. The youngsters, in uniform, particularly attracted the attention of servicemen on their journey and were chiefly pre-occupied at the zoo by giant pandas, birds and seals. They rode ponies, camels and llamas.

Mrs. Charles Travers, Mrs. Charles Gray, Mrs. Mervin Wallace, Mrs. Peter Weidell, and Mrs. John Boyd accompanied them.
