

Outdoor Ceremony at W&T Sober Observance of Victory Half Won

ONLY PUBLIC DEMONSTRATION in town in observance of V-E day on Tuesday was the outdoor ceremony at Wallace and Tiernan company for plant employees shown above. Joy and enthusiasm over the cessation of the war in Europe was overshadowed by the prospect of the fight that is still ahead, and did not compare with the jubilation of 1918 when even the youngsters got out to parade as shown in the inset. William Orchard, general manager at W&T is shown speaking to the

employees gathered for Tuesday's ceremony. Elwood P. Russell was master of ceremonies and Michael Tiernan also addressed the workers. Youngsters who celebrated Armistice Day 27 years ago include in the inset, Margaret and Lawrence Brooks, Clark Abney, Charles and Ruth Roehn, and Mary Colyer. The picture is printed through the courtesy of M. C. Abney of 44 Malone avenue.

START CANVASS IN 7TH WAR LOAN

Defense Council Members Begin House Calls on Monday For \$1,400,000 "E" Quota

Belleville's Seventh War Loan drive has a quota of \$1,400,000 in E bonds and an over-all quota of \$4,000,000 gets under way officially on Monday, with the start of the house-to-house canvass by members of the Defense Council. Philip Dettelbach, general drive chairman has announced that the quota is an increase of 75 percent over that established in the Sixth War Loan drive. "The celebration of victory half won can be made by additional purchases on the part of all individuals and industries to meet this increased quota and speed total victory," he said yesterday.

Ronald G. Brunner, assistant to Dettelbach, is in charge of the house canvass. He said this week that the zone and sector wardens received all descriptive and drive material at a meeting held last Wednesday.

The drive which will extend to June 30 will be aided by the school children who will have their own drives in the individual schools. First report of the canvass will be made either tomorrow or next Tuesday Brunner said, at the Defense Council office in town hall. All issuing agents which will also make periodic reports are the First National bank, Peoples bank, the Post Office, North Belleville and the W&T Savings and Loan associations and the Capitol theatre. These with the exception of the banks, are authorized to issue E bonds only.

Industrial Quotas Set

W. Douglas Clark, chairman of the industrial division, said that all industrial quotas have been set by the Treasury representatives during April through conference with labor and management. They range from 25 to 50 percent higher than those in the last drive.

The Rotary club has organized its drive under the chairmanship of Julius Faas. The Lions club also expects to conduct its own drive this time. Brunner also stated that an organizations committee is to be appointed to sponsor the drive in each town organization. He and Dettelbach attended a dinner on May 1, given for all county drive chairmen at the Essex club in Newark, by Charles Roe and Elmer Bobst county co-chairmen as a forerunner to the inauguration of the drive.

Junior Woman's Club Bridge

The Junior Woman's club will hold a Smorgasbord and bridge party Saturday evening at the Woman's clubhouse on Rossmore place. Smorgasbord will be served between 6 and 8 o'clock.

Quiet Observance of V-E Day

Churches Hold Special Services, Out-of-Town Students Attempt High School "Strike"

The peaceful tolling of church bells at Christ Episcopal, Wesley Methodist and St. Peter's churches on Tuesday morning, could be heard among the clangor of air raid and fire sirens that followed the official proclamation by President Truman of the end of the war in Europe with the unconditional surrender of Germany.

The news was received quietly here, for the most part, with many attending church services and with street demonstrations confined principally to the metropolitan areas — Newark and New York. Only public enthusiasm was shown in the afternoon when Nutley and Kearny high school students who had "walked out", converged on the High school here in an attempt to lure local students away from classes. Acting Principal Burt Johnson said yesterday that he "couldn't have asked for a finer spirit" among the students however. None of them left classes he said, although it was eventually necessary to lock all the doors of the building to prevent the visiting strikers from gaining entrance. Special assembly programs were given in all schools and students were dismissed at 2 o'clock.

Belleville taverns also had a brisk trade beginning in mid-morning, when thirsty Newark celebrants made for the suburbs since Newark taverns were closed because of election day. Many stores closed their doors and the Post Office suspended afternoon mail delivery although office employees worked in shifts to enable all to have part of the day off.

Town Hall Closes

Town hall closed after the President's message and the commission meeting scheduled for that night were postponed until tonight. A check of local industries shows that most closed for at least a part of the day, and some shut down on Monday afternoon.

In addition to planning appropriate services for Sunday, in accordance with the President's proclamation of observance of V-E day, evening services were held on Tuesday in Christ Episcopal, Wesley Methodist, Belleville Reformed and Bethany Lutheran churches. Fewer than 100 people visited the church on both Monday and Tuesday evening, in the absence of the pastor, Dr. O. Bell Close who was away. Over 100 people visited Wesley

Fewsmith V-E Service Sunday

Rev. O. Bell Close has announced an afternoon service which will be held in Fewsmith Memorial Presbyterian church Sunday from 4 to 5 in accord with President Truman's proclamation for a day of prayer. Dr. Close will conduct the program.

PLAN TO CURTAIL ALL OCD EXPENSE

OCD Chairman Expresses Appreciation to Volunteers, Asks Them to Continue

Curtailment of all Defense Council expenses and continuation on a volunteer basis only with emphasis on community services will be discussed at a meeting of the Defense Council called for Monday night by Defense Council Chairman Everett B. Smith.

Mr. Smith yesterday expressed his appreciation of the work done by that large group of volunteers whose duties ended officially on V-E day. "I know that the town appreciates their whole-hearted cooperation and thorough responsibility in standing in readiness to serve, in the event of air raids and other disaster during the past three years," he said. "In addition, they have served in local emergencies such as the hurricane and at fires, and they have been of assistance to various regular municipal services."

Although President Truman has announced that the national office of Civilian Defense is to be abolished, he has requested that it be maintained at the state level. Smith said he will ask that the volunteers remain on call and continue their work in community services, such as salvage and war bond drives. He will also ask that the protective services such as the fire and police reserves and air raid wardens be on call in the event of local disaster.

Don't Need Coordinator

Curtailment of expenses will probably mean the discontinuance of the services of Defense Co-ordinator Ronald G. Brunner. Originally employed at an annual salary of \$3,000, the council, anticipating the remoteness of enemy attack, put him on a part-time basis at an annual salary of \$1,500 more than a year ago.

In the capacity of defense co-ordinator, Brunner has done excellent work in assisting with war loan drives by taking charge of the house-to-house canvass with air raid warden personnel, Smith stated, and observed that his work has also been commended by Philip Dettelbach, war loan drive chairman. Brunner also actively assisted in the recent clothing drive under the chairmanship of the Rev. Peter R. Deekenbach.

GILMER ADAMS IS KILLED IN ACTION

Navy Enlistee Wounded in Pacific, Pfc. Anthony Ceriglione Missing, Now Safe

A War department telegram delivered April 28 to Mr. and Mrs. Willie C. Adams of 18 May street announced the death of their son, Seaman 1/c Gilmer E. Adams, in the Pacific where he served with Navy amphibious forces. His death was from wounds received in action. Another Belleville serviceman, Pfc. Anthony Ceriglione, first reported missing, is now known to be safe.

Seaman Adams, known to all his Belleville acquaintances as Bucky, was 21. He enlisted in the Navy three years ago and spent two and a half years with the Navy's armed forces in the Atlantic. He was transferred to the Pacific six months ago.

Born in Mt. Airy, N. C. he came here when a child and attended Passaic avenue school and Belleville High school. He was employed by the Wright Aeronautical corporation in Paterson before enlisting.

Mr. and Mrs. Adams are at present in Springfield where Mr. Adams has his business. Another son, Carl Adams, lives with his family at 2 May street.

Reported missing and then safe, all in the space of two weeks, Pfc. Anthony Ceriglione, son of Mr. and Mrs. Carmen Ceriglione of 12 Brook street is now back in action with the 13th infantry in Germany. His family received a War department telegram on April 21, reporting him missing in action in Germany on April 1.

However, a few days later they received a letter from him written on April 17, telling them to pay no attention to any government communication, that he is

Christened by W & T Representatives

HOSPITAL AMBULANCE PLANE and five ambulances shown at Douglas Aircraft company grounds in Oklahoma City, Okla. which have been christened for the Wallace and Tiernan company by four members of the labor-management committee. They have been purchased as a result of the company's contributions to the Sixth War Loan drive. While there, the visiting committee helped launch the Seventh War Loan drive at Douglas. (Story on Page 3)

High School Receives 'Average' Rating By Middle-States Visiting Committee

Group Praises Students and Faculty For Response to Stimulus During Last Two Years

The response of Belleville High school students and the faculty to a more aggressive educational policy during the last two years was one of the bases for the general rating of "average" given by the evaluating committee for the Middle States Association of Colleges and Secondary schools in their oral report last Thursday afternoon.

The students were described as having "fine pupil morale," by Dr. James P. Milligan, chairman of the committee. Their conduct in the corridors and in social dancing was found to be equal to that of any other school visited,

SPECHT HEADS CANCER DRIVE

Town's Goal \$7,500 In National Drive To Combat The Disease

With the campaign of the American Cancer Society for a national goal of \$5,000,000 now under way in Belleville, Community Chairman Harry G. Specht, vice-president of Eastwood-Nealey corporation announced the town's quota as \$7,500.

Pointing out that more than \$200,000 of the \$408,000 quota assigned to New Jersey in the national campaign to conquer cancer, will be spent for clinical equipment and the care of cancer patients within the state, George E. Stringfellow, vice president of Thomas A. Edison, Inc., West Orange, and chairman of the Essex County committee, today explained that all local projects will be subject to the approval of the American Cancer society and all county medical societies.

Continuing, Mr. Stringfellow said, "This is a grim war in which too many Americans are dying who do not need to die. It is as terrifying as the war we have been waging in Europe and in the Pacific. It is a war of a dread disease against men, women and even children, an enemy which strikes down people of every race, color or station in life, an enemy which is without bias in its satanic work of pain and death."

Elmer H. Bobst, New Jersey State chairman, put forth the contention that "We have been fighting

Liberated G. I.'s Get Home To Celebrate V-E Day

Expected V-E Day Sooner, After Seeing Desolated And Barren Germany

Home in time to celebrate V-E day with their families this week, are three former German prisoners of war taken at the Battle of the Belgium Buige last December. They are Pfc. Edmond Kelly, S/Sgt. Henry Candura and Pfc. Arthur Schultz. Of the six local members of the famed 106th division, Pfc. Walter Davis and Pfc. James Wilkinson are still to return. Sgt. Howard Pfister arrived home last week.

Pfc. Kelly said yesterday that they had expected V-E day for a long time, from the breakdown of conditions in Germany that they could observe. All the towns they passed through had been completely demolished, he said, and mass evacuation of civilians was a familiar sight. The civilians, trudging through a barren countryside, often shot their companions on the road, to obtain the little food they were carrying, he related.

Evaluators Score School Board On Lack of Administrators And Delegation of Authority

A revealing analysis made last week by a committee of sixteen New Jersey educators for the Middle States Association of Colleges and Secondary schools gave Belleville High school an "average" rating based primarily on the improvements in administration during the past two years, since Burt Johnson has been acting principal.

The Middle States association includes those schools which can meet the minimum standards as set by the American Association of Colleges and Secondary schools and includes the majority of the secondary schools in this area.

21 ARE TAPPED BY HONOR SOCIETY

Seniors and Juniors Become Members of National Organization at Special Assembly

In a special High school assembly last Thursday morning, 21 members of the Junior and senior classes were tapped by the National Honor Society. The Belleville chapter of the society was established last year with 19 charter members. Six seniors were tapped on January 21 prior to Thursday's ceremony which was the third the school has held. The National Honor Society which bases membership requirements on scholarship, leadership, character and service, was founded in 1922 with twelve chapters. There are now over 3,000 chapters throughout the country.

In an impressive ceremony which was preceded by selections by the High school orchestra under the director of Samuel Peck, members explained each of the four qualifications and lit symbolic candles on a darkened stage. Harry Brumbach, Boy Scout district commissioner, spoke on the four qualifications which are identical with Boy Scout ideals, explaining that knowledge without wisdom and understanding is of little value.

Carole Crowther was the announcer and Olindo D'Amadio sang a selection before the tapping took place. The society is under the guidance of Mrs. Myrtle Emick. Juniors tapped are Elsie Aierstok, Irene Cuberly, Mary Bailey, Irma Lanelli, Fred Kimms, Giracio Maffia, Mildred Marino and Betty Schmutz.

Seniors are Dorothy Cunningham, Arthur Clough, Alyce Essay, William Gerard, Alberta Gallagher, Alvin Outcalt, Kathleen Owens, Melicent Olphin, Anita Sibilia, Viola Skribner, Janice Whetstone, Sybil Windham and Marilyn Zusi.

WESLEY MUSICAL SUNDAY, MAY 20

Sponsored by Foundation, Program Will Feature Donald Moore, Baritone

Under the auspices of the Belleville Foundation, a musical will be held in the Wesley Methodist church, Washington avenue and Academy street, on Sunday, May 20 at 4:30 o'clock in the afternoon. The program will feature Donald K. Moore, baritone of New York, recently returned from California where he has been heard in a number of concerts; and Mary Elizabeth Jenkins, organist and pianist of Newark.

Among the numbers to be rendered by Mr. Moore will be "Thanks Be to Thee" by Handel, "Passing By" by Purcell, "At Tempt From Love's Sickness" by Thomas and "Who is Sylvia" by Schubert. Assisting in the program, Mary Elizabeth Jenkins will play a group of organ and piano numbers.

Mr. Moore is well known in the Metropolitan area and is heard frequently in song recitals. He is a graduate of Rutgers university and is an outstanding church soloist. Since his recent arrival from California he has been heard as soloist in many concert and church engagements.

Miss Jenkins is a graduate of Juilliard School of Music in New York City and has her Master's degree from Union Theological Seminary School of Sacred Music. She was formerly organist and pianist in the Wesley church. She is now organist and director of the Forest Hill Presbyterian church of Newark. She is a pupil of Mr. Clarence Dickinson, world famous organist, director and composer.

Chooses "Miss Walter Kilde"

Miss Julia Chester of Nutley was named "Miss Walter Kilde," by Henry Conover of the famous model agency at a dance held by the employees' association of the firm last Friday evening at the Newark Athletic club.

Low Per-Pupil Cost

Expenditure of \$157.10 per High school pupil was termed the lowest in comparison with sixteen neighboring towns "not noticeably wealthier." The figure is also lower than the state median. "In the light of the assessed wealth per pupil, the school board could spend more money and correct the needs in the system," Dr. Milligan stated.

Although Johnson's qualifications were described as the highest type possible, "one administrative officer can't administer a school of this size and administer the vital program of curriculum study," Dr. Milligan declared. "The board must face this fact," he said, "the sooner it is done, the better."

High School Gets Rating

Evaluators Score School Board

Continued from page one

and a part-time dean for both boys and girls as necessary increases in the administrative staff. These recommendations were made by Johnson to the school board a year ago. The teacher load was also declared too high.

Clarification of the functions of administrative officers in the high school was deemed necessary. Dr. Milligan stated that there is a need for "deeper understanding on the part of the school board on proper administrative controls and procedure." He suggested that the board refer to outside advice on the proper responsibility and authority that should be delegated to these officers.

Dr. Milligan stated that the authority of the superintendent of schools is not clearly defined. The committee found that he has no supervision of the janitorial or business affairs in the schools nor of the clerical staffs outside the high school. It should be his authority to delegate responsibility in these fields, they stated, exercising over-all authority in the entire school system.

Over-All Authority

According to Dr. Guy Hillboe, principal at Rutherford High school and vice-chairman of the visiting committee, ten percent of the best schools in the metropolitan area give the superintendent sole authority for all activities in the school system, subject to the policies of the board of education. However, the school board under state law, can define individual responsibilities.

In Belleville, Daniels, as business manager, assumes general

supervision, in addition to the school plant and buildings, of the janitorial staff not only in the high school but in all elementary schools. He has control of the ordering and distribution of all school supplies. The committee recommends that the custodial staff in the high school should be subordinate to the principal and supervising principal and that the school supplies be distributed in the high school by the principal.

Although the committee found that relations between the faculty and business manager are improving, the general evaluation of the school plant was rated below average, principally on the basis of conditions existing in the old section of the high school. It is under Daniels' jurisdiction and the recommendations include improvements as follows:

Improved lighting.

Better health facilities requiring the addition of a second nurse, at least part-time.

Improved science rooms, in equipment and storage facilities.

Additional bulletin board space.

Fire extinguishers for old building which has none at present.

Enlargement of new music room to twice its present size.

Repair of stair treads now called unsafe.

Enlargement of play area.

Decoration of walls in old building which are "poor and dirty."

Improvement of toilet facilities which are below average.

Better and more cheerful decoration of building.

More classroom and laboratory space.

Provision for study period in classroom instead of in the auditorium and cafeteria.

Improved physical equipment in library.

Comments

However, the committee commended the school board on its proposed salary guide for teachers and said that if it is adopted, it will have a "good holding power" on the present staff. Dr. Milligan stated that the present status of teacher salaries is "very inferior and in the lowest ten percent of the schools in the association."

The board was also commended on the way in which staff members are selected. Their personal, instructing and academic qualifications are better than average, he said. Dr. Milligan stated that the committee which questioned the cross-section of approximately 200 residents and pupils, found a high regard for the school system prevalent in the community.

Group Praises Students, Faculty

Continued from page one

excellent," he said, "and in accordance with the most forward looking philosophy. If it is implemented adequately by the staff and the board of education it will carry heights in its program."

However, in spite of this, the rating in curriculum and courses of study is slightly less than average. The educator explained that the faculty interest is only evident during the past two years since Burt Johnson has been acting principal and that although the tentative outlines which will lead to adequate courses of study are planned, the results of this improvement will not be immediately evident and will be only shown over a course of years. "There has been no curriculum and study program until now," he stated, and added that "proper procedures are now being used and the number and variety of courses offered is satisfactory."

The teaching staff has not yet been well organized for the development of new courses of study, he said, and termed the work of the last two years as only the preliminary phase.

Observing that the opportunities for courses in homemaking, art, music and allied subjects are limited by the curriculum, Dr. Milligan stated that the board of education should adopt either a single curriculum for all, under the supervision of the guidance department, or the present arrangement of several curricula with liberal elective as now provided. He presented the booklet, "Planning for Belleville Youth," compiled by Johnson and published by the school board as the first step in the organization of the curriculum.

The content of courses was judged below average, based only on the courses now in use and not those being developed. Outstanding among departments were the music, guidance and library.

Music Outstanding

The music department under Samuel Peck, a newcomer to the faculty, was described as excellent, and if continued, it was predicted that it will move into "superior" status. The need for a school band and enlarged music practice room were cited.

The guidance department organization under Dr. Thomas Brosnan, also new to the staff, was judged better than average. However, it received only an average rating in its work because it is understaffed. The need for a full time secretary to Dr. Brosnan was stressed since, it was pointed out, he cannot give his time to guidance work and adequately handle the records of the office unassisted. His contact with the elementary schools was praised and continued emphasis on faculty participation in guidance was stressed. Dr. Milligan also stated that in the cross-section of residents interviewed, appreciation was expressed for this service.

The high school library under the direction of Miss Gertrude Rounds, was rated average although the librarian's capabilities were termed superior. Dr. Milligan stated that the expenditure

for the library is not more than half of the amount it should be although organization of material is better than average. Teacher and pupil book use is below average, principally because of the inadequacy of subject matter, he declared.

Dramatics and physical education were rated better than average and social activities below average with a need for emphasis on voluntary participation. Instruction was rated as average with a need for more adequate classroom visitation and teacher supervision, not now possible because of the heavy teacher load and lack of sufficient administrators.

Improve Evaluation

Improvement is necessary in the procedure of evaluating outcomes and too much work is given to the print shop that could go to commercial printers, the chairman stated. The office practice room also has too much work, he stated.

The general rating of the school staff is average with academic preparation and personal qualifications and improvement is indicated in the future if the present program is carried through.

School administration received a general rating of average with the high school principal rated as superior; board of education relations with the high school, average; superintendent of schools relations with the high school, average and business manager's relations with the high school below average.

High school courses and their ratings are, as follows: English, average; language, better than average; ancient language, average; modern language, better than average; mathematics, better than average; science, slightly below average because of inadequate equipment; music, average because of physical limitations; arts and crafts, average; industrial arts, average with physical and instructional improvement needed in manual training shop; print shop, excellent; physical education, average with more attention needed for remedial defects; social studies and history, better than average; home nursing, below average because of inadequate facilities; home making, better than average; business education, average, with lack of sufficient room, cafeteria and kitchen average, because of poor ventilation and lack of proper seating facilities.

**BREEN - DIXON
NUPTIALS****Wedding Will Take Place On
Saturday Afternoon At
Bride-Elect's Home**

The marriage of Miss Jane Dixon, daughter of Mr. and Mrs. Raymond Dixon of 341 Union avenue, to T/Sgt. William Breen, son of Mr. and Mrs. Abram Breen of 330 Washington avenue, will take place Saturday afternoon at Miss Dixon's home. Rev. O. Bell Close will conduct the ceremony at 4:30 after which a reception will be held for the families and members of the wedding party.

Mrs. Henry Banks of Nutley will attend her sister as matron of honor; Donald Breen of Stamford, Conn. will be his brother's best man.

Sgt. Breen arrived in Belleville Friday after 25 months' overseas service with the Army Air forces

as a radioman in the Pacific. He was most recently in action in the Philippines. Another brother, 1st Lieut. Warren Breen is stationed in New Caledonia.

Miss Dixon and Sgt. Breen were graduated from Belleville High school. Sgt. Breen was a civilian employee of the Dupont corporation in Kearny.

Sustains Sprained Ankle

David Mitnowsky of Newark sustained a sprained ankle when he fell from the scaffolding in the Department of Public Works office in town hall, last week, where he was painting. He was taken to St. Mary's hospital, Passaic, by Peter Daily of Kearny, and released after examination.

**W&T Committee Returns
From Plane Christening****Hospital Ship, 5 Ambulances
Purchased Through Firm's
6th War Loan Drive**

Four members of the Wallace and Tiernan company labor-management committee — Thomas Grant, representing labor; E. P. Russell, representing management; Miss Grace Vitillo, secretary and Miss Helen Gerstenmeier, committee treasurer — have just returned from Oklahoma City, Okla., where, at the plant of the Douglas Aircraft company, they christened a hospital ambulance plane and five ambulances which were purchased by the sale of War Bonds to Wallace and Tiernan employees in the Sixth War Loan drive.

The plane was christened "Reporting Sir," to carry out the theme of the Bulletin by the same name sent at regular intervals to all W&T employees in the armed services, to give them all the home front news.

The Douglas Aircraft company requested that the committee christen the plane so that the ceremony would coincide with the opening of the Seventh War Loan drive in their plant. The christening was re-enacted twice for both the day and night shifts. In addressing over 3,000 assembled employees of the Douglas Aircraft company, E. P. Russell of the committee stressed the urgent need to give the fighting forces our continued support by purchasing and holding—more E Bonds during the Seventh War Loan campaign. As part of the program, a group of Indians from the O-Ho-Ma Lodge in Oklahoma gave several types of Indian war dances.

The company manufactures such life-saving equipment as water purification units of all types,

pharmaceuticals, special flashing and signaling devices, etc., which have been supplied in large quantities to the armed forces throughout the world. The plane christened by the committee is equipped with a W&T flasher unit.

**E. JANE HARVEY
BRIDE SATURDAY****Marriage to Harold J. Baker
Of Bermuda Will Take Place
In Montgomery Church**

Miss E. Jane Harvey, daughter of Mrs. Clarence Harvey of 699 Belleville avenue, and the late Mr. Harvey, will be married Saturday afternoon at 4 o'clock in the Montgomery Presbyterian church, to Harold James Baker, son of Mrs. C. H. Baker of Hamilton, Bermuda, and the late Mr. Baker. The Rev. Oliver W. Chapin will perform the ceremony.

Miss Harvey will have her mother as matron of honor and only attendant. Robert Harvey, the bride-elect's brother, will give her in marriage, and Arnold Mathis of West Englewood, the prospective bridegroom's brother-in-law, will be best man. Ushers will include William Plenge and Fay Farrar of town. A reception will be held at Mayfair Farms, West Orange.

Miss Harvey was graduated from Belleville High school and Berkeley school, East Orange. She is a member of Sigma Nu Beta sorority. Mr. Baker attended Bermuda schools and is a member of the Hamilton Dingley club. Announcement of the engagement was made at a tea Mrs. Harvey gave in honor of her daughter on April 1, Easter Sunday. After June 1, the couple will be at home in Paget, Bermuda.

**Marriage of Marion Koehler
Is Announced**

Mr. and Mrs. Edward C. Koehler of 612 Joralemon street have announced the marriage of their daughter, Miss Marion C. Koehler, to Signalman 3/c Joseph Martin Jacob, son of Mr. and Mrs. John Jacob of Chicago, which took place in Holy Family church, Nutley, April 10. The ceremony was performed by Rev. Francis Blake and a reception for family and friends was held at For-Hills restaurant.

The couple were attended by Miss Eleanor R. Galleri of 324 Stephens street as maid of honor and Radioman 2/c Thomas Doyle of Dayton, as best man. Eosburg's mate 2/c Curtis Spencer of Martinsville, Va. and Nicholas Sacco of Belleville were ushers.

Mrs. James Finan and Miss Theresa Finan of Arlington were vocalists. Young Mrs. Jacob was married in a gown of Skinner candlelight satin in princess style with sweetheart neckline. She wore a pearl necklace and her fingertip veil was draped from a Juliette cap of satin. She carried a satin covered Missal decorated with orchids.

Miss Galleri's deep coral chiffon gown was accented by a head-dress of American Beauty plumes. Her bouquet was of American Beauty roses and iris.

After a week's honeymoon in New York Mrs. Jacob returned to her parents' home. Signalman Jacob is stationed in Miami Beach, Fla.

Leonard - Bott

Miss Adele Claire Bott, daughter of Dr. and Mrs. Clarence J. Bott of Rochester, N. Y., was married Saturday morning to CPO John F. Leonard, USNR, son of Mrs. Mary Leonard of 182 Delavan avenue, in the St. Thomas church there by the Rev. John F. Muckle, assisted by the Rev. Theodore Winterroth, cousin of the bride.

Mrs. James Leonard of Belleville was matron of honor and Miss Catherine Emmel of Rochester was bridesmaid. Mr. Leonard was his brother's best man and George W. Smith and William J. Mungenast, both Navy chief petty officers, ushered.

**Victory!
... And
Then?**

Here is shown the winged Victory of Samothrace, winged because Victory is never permanent.

While we are highly pleased with our achievements in arming ourselves and the world, when attacked, and overwhelming the principal aggressive power, we still have an imitative, skillful, fanatical foe to utterly defeat.

More important, must we go through this and worse in another twenty-five years? Our ancestors learned, over ages of time, to combine into tribes, and clans, and states, and nations, to avoid internecine fighting. How many world wars must we go through before we learn to associate as nations for peace?

Victory now, and then what?

EDISON SEES NEED FOR "POLITICIANS"

Citizen Participation in Local Government Important, Former Governor Says

Former Gov. Charles A. Edison, declared that there should be greater citizen participation in local government for the preservation of democracy, when he appeared as guest speaker at the testimonial dinner given for Mayor Williams last Thursday night at Newark Athletic club.

Stating that we need more politicians, he said, "there should be at least one for every block in every city—men and women who are learning at first hand the problems and the art of government. Then our cities and states might become indeed cradles of democracy."

"In the state and local governments we could have training for statesmanship that the great Republic would rest upon vigorous and local democracies and would have also available for its service not only intelligence but experience. Only thus can democracy fulfill its greatest potentialities; only thus can it be sure to solve the difficult and complicated problems of the future."

Other speakers included State Tax Commissioner Homer Zink, townmaster, Judge Everett B. Smith and Mayor Williams. Joseph Arnold was chairman of arrangements.

Schools Combine to Present Music Festival Tomorrow

Glee clubs and choruses, as well as several soloists among the students of Silver Lake, Montgomery, Union and Franklin avenue schools, will participate in a Music Festival tomorrow evening in the auditorium of the Franklin avenue school.

Grades four, five and six of Montgomery school will present an operetta, entitled The Sleeping Beauty, under the direction of Mrs. Maud Miller, a teacher. Robert Miller of Union avenue school, vocal soloist; Mary Flynn of Franklin avenue school, pianist and Josephine Stagliano, also vocalist, will appear. Mrs. Leona Reed of the Franklin avenue school will accompany throughout and Miss Margaret A. Bunce, supervisor of music in the schools, will direct.

Legion Auxiliary Plans Annual Poppy Sale

Members of the American Legion auxiliary will meet at Legion headquarters Monday evening, at 8 to discuss plans for the Poppy sale of 1945 according to announcement this week by Mrs. Peter Johnson, publicity chairman.

An auxiliary member who was sworn into the WAVES April 20 is A. S. Maud Emily Christie of Bloomfield. Miss Christie was graduated from Belleville High School in 1938 and has been employed by the Baker Platinum company of Newark.

She was the first president of the Junior Legion auxiliary here and served in that capacity for two years.

WCS Conducts Mother's Day Service at Wesley Church

Mother's day will be observed at the 11 o'clock service in Wesley Methodist church Sunday when the entire program will be in charge of the Woman's Society for Christian Service, major women's group affiliated with the church. Mrs. R. C. Whitfield, president, Mrs. William Wakefield and Mrs. Allan Crisp will conduct the service.

Other society officers who will act as ushers will be Mrs. E. M. Bratten, Mrs. C. P. Hanson, Mrs. Charles Thompson, Mrs. William Irvine and Miss Gladys McGowan. Wesleyan Service guild members who will receive the offering will be the Misses Dorothy Thompson, Doris Davis, Mary Dugal and Mrs. George Fralley Jr.

Members of the Methodist Youth Fellowship who will present a tribute, in the form of a bookmark, to all mothers entering the church will be the Misses Phyllis Conklin, Betty Ann Thompson, Evelyn Dormer and Jacqueline Bratten.

The Fellowship, young people's society which meets Sunday evenings has also arranged a special program for mothers at 6:30. Their speaker will be Mrs. Roger

Cyclists Didn't Do So Well in 50 Mile Road Race

Those road scorers, the Belleville Bicycle club, failed to do themselves proud in the Charles Garin sr. Memorial fifty mile road race last Sunday, sponsored by the Century Road club association, which took place in Long Island City.

With Ed Littig, Bob Arnot and Herb Henderson in their pedaling, the reasons for their failure to cop a prize are related as follows: Arnot, out for the "oldest rider" prize which stipulated finishing within a half hour of the finish, after wrestling with mechanical difficulties, found himself with 20 miles still to go, after the finish. Littig sustained a puncture at the forty mile mark and Henderson finished eighth.

At least four from the local club will enter the Long Island Wheelmen's association roller championship on Saturday and are also scheduled to enter the New Hope, Pa., run on Sunday.

Slow Starvation

Life at Bad Orb as described by both Kelly and Candura was principally a preoccupation with slow starvation. Pfc. Schultz was not available to give his version since he is with his wife at Hammandon and is not expected here by his family until later this week. Both boys lost approximately fifty pounds on their diet of decayed potato soup for lunch, and one slice of bread and ersatz coffee for dinner. If they were interested in breakfast, it was up to them to save some of the bread for the following morning.

The camp which had a population of about 6,000, contained about 3,000 Americans, 1,500 English and the remainder were Russians, French, Serbs and a few Poles with a smattering of Hindus and South Africans. Candura said the Russians had charge of the cooking and seemed in general to receive worse treatment than the others. He saw hoofs, hairy legs and heads of horses around the kitchen and once saw a whole frozen horse delivered to the kitchen for the Russians to clean, cut up and cook.

Candura also related that some of the French soldiers had been at Bad Orb for five years and received Red Cross packages and other items because they worked for the Germans. They sold some of this to the Americans and got as much as \$120 for a package of cigarettes. He later was taken to Zeigenheim with Pfister, where conditions were about the same, he said.

Kelly said that they were rarely given a Red Cross food package in spite of the fact that the German warehouse was filled with them. They were distributed among the German soldiers and civilians at Bad Orb instead. Two rounds of packages were distributed at a six week interval, with one to every four men. Later there were two other distributions, one between twenty men and the last, one between 60 men.

Shelled After Surrender

Kelly told the story of their surrender in the vicinity of St. Vith and how, after they had surrendered, they were shelled by German machine guns. Their 38 mile march was without benefit of food or water until they got to Germany where they received a can of cheese and hard tack to be distributed among seven men. They were fed once during the next five days and nights in their boxcar trip to Bad Orb, where they arrived on Christmas day. Their Christmas dinner consisted of some Russian "carrot" soup, he said.

For the first few weeks they were all in bad shape physically and mentally. But with the aid of two doctors and two chaplains, a sort of routine was finally established with daily mass and prayer meetings in the barracks. The "chapel" was also used as a recreation hall where they put on quiz shows, formed state clubs, and had lectures by Jack Dunn, an American news syndicate man. This activity was eventually supplemented by a few British games and packs of playing cards.

A lucky day for Kelly was February 6 when the unmarked camp was strafed by planes, presumably American from the identification of the shells. The two men lying next to him in the barracks were killed and two just beyond wounded, while he remained unhurt.

In a room approximately 10 x 12, there were four double tiered beds of six beds each for sleeping accommodations. Each barracks had two pot stoves for which they were allowed one armful of wood each, per day.

No Medical Supplies

The doctors had no medical supplies in the beginning except the sulfa and bandages they collected from their own and the men's combat kits. The Germans later contributed medicine of a sort that seemed highly ineffective. Kelly said, in spite of the seven hospitals they maintained in Bad Orb.

After the first month, five of the worst cases were removed to a German hospital for treatment. Approximately 36 died of malnutrition in two months, three from pneumonia and others from various causes. "During the last four weeks we had at least one funeral every couple of days," he said, "the coffin being a board on which the body was placed and covered with burlap." The death rate became higher toward the end, with lowered physical resistance and the arrival of men from other camps as the Germans retreated.

During the last two weeks before liberation, nerves were tense with over anxiety and the dread that the Americans whom they could hear in battle might bypass them since Bad Orb was not a military objective. They all had prayed that they would be liberated on Easter, and when the 106th cavalry reconnaissance division rammed down the gates on Easter Monday "well, you can imagine what happened," he said, "it was still Easter, too, in the states."

Praised Americans

All of the prisoners had high praise for the efficiency with which the Americans moved them out, Kelly said. The hospital cases were moved with ambulances within ten hours and the hospital in the camp was evacuated in one and a half days. Kelly remained at Bad Orb for nine days after liberation since he was employed in "City Hall", making out shipping identities. They were flown out in C-47's to La Harve and Paris and then to rehabilitation and shipping centers nearby. Kelly remained in hospital four days before boarding a converted luxury liner which brought wounded and P.W.'s in convoy back to the states.

The local soldiers were among 1,890 who arrived at Camp Kilmer on Saturday. They got home on Monday afternoon for sixty day furloughs, after which they will report to a rehabilitation center to await processing and re-assignment.

Kelly is the son of Mr. and Mrs. Daniel Kelly of 12 Fairway avenue; Candura's parents are the L. J. Canduras of 16 Washington avenue and Schultz is the son of Mr. and Mrs. A. H. Schultz of 80 Beech street. After completing their training at Camp Atterbury, Ind., they all left for overseas with the 106th, last October.

Specht Heads

Continued from page one
ing cancer with pop guns" and added that "last year \$250,000,000 was spent in industrial research for the purpose of making life a bit easier for John Q. Public but less than one percent was contributed by the entire nation."

Radio Appeals

Supplementing the campaign's educational activities, a number of Essex County residents are this week "on the air" in support of the campaign. Yesterday, Rabbi Marius Ranson of Temple Shalom, Tefflo, Monsignor James F. Kelly, president of Seton Hall college, South Orange, and Dr. Lester H. Clee, pastor of the Second Presbyterian church, Newark, broadcast an appeal and explanation

over radio station WAAT.

Tomorrow morning, from 9:05 to 9:30, the Coffee club program of the station will be given over to the campaign with Mrs. Charles Robbins and Mrs. Horace Woodward of West Orange and Mrs. David M. Davies of Montclair taking part in a question and answer period.

In the evening from 10:45 to 11 p.m., County Chairman Stringfellow and State Chairman Bobst will speak from the same station. In addition to an explanation of the current campaign, Stringfellow and Bobst will make requests that checks to the order of Cancer be forwarded to the chairman or treasurer of the committee in each individual's home community. Where this method is not consistent, it is suggested that the check be sent to Horace K. Corbin, Treasurer, Fidelity Union

Trust Company, Newark New Jersey.

Gilmer Adams

Finale In Petrean Production, "To Be Sure"

Finale of the Petrean club annual production, "To Be Sure," shown above features, from left to right, these members of the cast of sixty: John McCann, the Misses Ramona Grey, Dorothy Rhodes, and Margaret Hunkeler; Norman Lauterette, the Misses Marjorie Cowell, Florence Rhodes and Anne Boylan; and William Brickell, vocalist and scenery designer.

Performances will be given to night, Friday and Saturday nights at 8:30, in St. Peter's hall. Reserved seats are still available in limited quantities and tickets may also be purchased at the door. Miss Florence Rhodes of 30 Lincoln terrace is in charge of ticket sales; she may be telephoned at Be. 2-1918-J.

The juvenile audience who witnessed the dress rehearsal Sunday afternoon was reported to react

enthusiastically to the serious as well as the comedy sequences. Sensing the drama of the Lincoln scene, the tragedy of the Booth theatre, the children were completely hushed during its portrayal. Nicholas Candura is starred.

One of the vocal soloists is William Brickell who has also been responsible for the design and execution of much original scenery. James Monaghan, John McCann and James Leonard, club president, have been featured in the most hilarious comedy skits.

Others who will be starred are Mrs. Grace Kaiser Maguire, Mrs. Monaghan, the Misses Dolores Fredericks and Jacqueline Vincent; Gilbert Howley, John L. Sullivan, Richard Lukowiak, Peggy Shaw and the Hart Sisters. Proceeds will go toward the

erection of a new convent building for the parish.

ANNUAL CONCERT AT BHS MAY 18

High School Music Organizations Will Participate Under Samuel Peck

Belleville High School's annual concert given by the BHS musical organizations will be held in the high school auditorium Friday evening, May 18, at 8:15.

The concert is under the direction of Samuel Peck, newly appointed director of music in the Belleville public schools.

Jean Carlton will be the guest soprano soloist. Miss Carlton comes from Des Moines, Iowa. She had the inspiration to be a singer at the age of four, when she had been taken to a Galli Curci recital at the Des Moines coliseum. At 16, she got a singing scholarship at a large summer music camp. She arrived in Manhattan at the age of 18.

Her first vocal teacher was Ella Loedt. After two years with Ella Loedt, Jean Carlton was ready for a scholarship at Manhattan's Juilliard School of Music. Her principal vocal teacher was Francis Rogers. The Naumberg Musical foundation holds auditions each year to pick three promising singers. She was one of the three chosen for a Town Hall recital.

Norman Linden, tenor, is the other guest soloist. Both will also appear in duets.

The program consists of numbers by the high school orchestra, Girls' Glee club, Boys' Glee club and the Senior choir. Student soloists are Olindo D'Amadio, tenor; Eleanor D'Angelo, soprano; Pearl Marbach, soprano; Donald Hayas, baritone; Sue Dorris, violin; Phyllis Sooy, violin; Allan Bonhoff, James Devaney, trumpets; and Samuel Amosato, accordion.

Tickets for the concert may be obtained from the high school office.

Olympic Pace-Makers Return
To Stage Door Canteen

Indoor sports have not yet ceased. Such was the decision of the servicemen at the Newark Stage Door Canteen last Saturday, on viewing the Olympic Bicycle Roller club exhibition.

For on stage was Ed Littig's custom-built set of home trainers. On the home trainers were the riders who took their duties of riding one mile match races in their stride.

But in addition Littig and Charlie Logan volunteered to undergo the sweat and stress of a pursuit race, hoping they would cause more excitement than the mile matches. And they did. The tandem, however, provided the acme of rooting when Wes Heidrich, alone, challenged the "pursuit" boys. Other present and riding were Don Seifert, a newcomer, Henderson, Dave Burrington, Al Bulgren, Henry Krumweide and Pete Puterbaugh.

This was the eighth exhibition that the Olympic Club provided at Newark's Stage Door Canteen. The seventh visit was a full twenty-four hours previous. When the canteen committee found themselves lacking three scheduled entertainers, Littig in an hour congregated his rollers, himself, Charles Logan, Seifert, Burrington and Heidrich. With considerable scurrying and haste the five boys managed an entertaining portion of the evening's program.

Every War Bond You Buy
Brings Victory That Much CloserBellboys Take First Defeat
In Lyndhurst TiltLocals Go Down With 11-7
Score, Use Four
Moundsmen

The Bellboys suffered their first defeat of the season on Monday when they succumbed to the Lyndhurst nine on the Lyndhurst field by a score of 11 to 7.

Coach Frank Spotts used his four best pitchers in an attempt to check the onslaught. Newcomers Lou Vitelli and John Marshall gave up two hits and no runs while veterans Pat Racioppi and Herman Lubertazzi gave up six hits and eleven runs. Marshall set the last four men down in order.

After Belleville was set down in the top of the first inning, the Lyndhurst nine took advantage with a run in the bottom half on two singles and an error.

Greco Leads With Triple

In the top of the second, Tony Greco belted a long hit deep into right center for a triple. With one out, Frank Pasquariello got a base hit to score Greco. Then with the bases loaded and two out, Pasquariello unloaded with a single to knock in two more runs. Another blow by Passannanti scored two more runs to put the Bellboys in the lead 5-1.

In the home half of the inning, starter Racioppi went a little wild. With one out, he walked the next three batters, one of them scoring on an error. Joe Palo of Lyndhurst hit the third pitch on the school roof some 325 feet into right field, for a home run, tying

the score at 5-5. In the third frame Vitelli went to the mound. The Bellboys got single tallies in the third and fourth to put them in the lead, but the home team rally in the fifth frame finished them off.

Burke of Lyndhurst led off by getting on by an error by Pasquariello. Moult then singled over second base. At this point, Spotts replaced Vitelli with Lubertazzi who had just recovered from the gripe and wasn't too rugged. He gave up four hits and walked a pair of the seven batters who faced him. Before the inning was completed, ten men had come to the plate and John Marshall was on the hill for the Bellboys, their fourth twirler of the afternoon.

Belleville started a rally in the seventh by having the first two men get on base, but the next three went down in order, to end the game.

Leading Pitcher Lubertazzi.								

BELLBOY BITS: Coach Spotts said that Racioppi is definitely through with pitching. The Nutley, Irvington Vocational, and Harrison games were postponed for some other date. Tony Greco is still the leading batter with a percentage of .437. Frank Takash is starting to practice again after his scarlet fever illness. Pasquariello is still hanging around waiting for his Navy papers. Joe Palo got a single, double, and home run in four times at bat.

Grammar School League

In the grammar school baseball league, School No. 7 shut out No. 3 by a two run margin last week while No. 3 walked away from No. 1 in a 8-1 score.

Parent-Teacher Associations

Joralemon Street School

Installation of officers will open the final meeting of the PTA Tuesday afternoon at 1:45 when Mrs. John Rudin will become president; Mrs. Alfred VanDusen, first vice-president; William F. Richards, school principal, second vice-president; Mrs. Marvin Wallace, secretary; and Mrs. John G. Soule, a teacher, treasurer. Mrs. Rudin has been acting president for the past month in the absence of retiring president, Mrs. Dwight N. Streeter. Mrs. Streeter, under whose presidency some of the association's most constructive programs have been arranged, has been confined to her home after an operation. Program

chairman has been Mrs. Raymond O'Brien.

A past-president pin will be presented to Mrs. William Armstrong, president during 1943-44. The program will then be turned over to Mrs. Maurice McEligot, safety chairman.

Mrs. McEligot has secured a demonstration of the use of the fire alarm box which will be explained by Deputy fire chief James F. Dunleavy. She will then stage a quiz program with members of the audience on safety points in the home ranging from back yard accidents, through misuses of gas and other kitchen equipment to cigarette and electrical fires often started in living and bedrooms.

The chairman has also secured for distribution Newark safety council booklets and traffic safety bulletins with emphasis on the brake program now being put into effect by state and municipal police.

Mrs. Merritt Johnson and Mrs. James Lampman will be hostesses; Mrs. John Reed and Mrs. Robert Auten will care for pre-school children and Mrs. Everett Smith's committee will serve refreshments.

Montgomery School P.T.A.

Montgomery school No. 2 P.T.A. will hold installation of officers at its monthly meeting Tuesday evening at 8:15. Mrs. Ralph Dixon will be installed as president; Mrs. Frank Cufone, vice-president; Mrs. Alfred Southern, second vice-president; Mrs. Dorothy Atkinson, secretary and Miss Rose Simons, treasurer.

Ralph Street School

Women who took office at the annual elections Tuesday afternoon in the Ralph Street school auditorium were Mrs. Naomi Miller, of 227 Stephens street, president; Mrs. Mary Bissell, of 452 Stephens street, vice-president; Mrs. Teresa Pecora, of 94 Greylock avenue, treasurer; Mrs. Elizabeth Russ of 41 Little street, secretary.

Mrs. Russ will return to the school assembly this afternoon to present PTA awards to students who participated in a hobby show in the school library Tuesday. The hobby show is held yearly in connection with a PTA meeting for the edification of parents.

First prize has been awarded to Richard Heanette of the sixth grade for a pictorial biography of Franklin D. Roosevelt. Jack Bertrand, eighth grade student and talented sketched received second prize for crayon portraits; Glorian Melchione of the seventh grade, third prize for an exhibit of foreign trophies sent her by her four brothers in Army service; John Graves, fourth prize for a collection of an estimated 1,000 match books.

Honorable mention went to Robert Bennett for wooden models of Army equipment; to Irene Miller for hand painted wall plaques and to Douglas Hingher for a collection of Army equipment including swords, helmets and shells.

The association presented the school, in the person of Thomas Gryezka, principal, with 50 which will be used for book cases in the fourth grade room of which Miss Violet McClathery is teacher. A circulating library serves the upper three grades of the school; remaining classrooms have their own simple libraries.

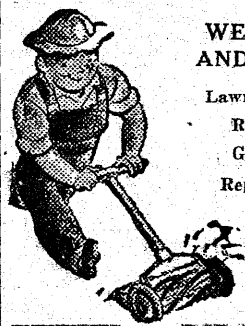

A resolution was passed to award Mrs. Lida Baker, school clerk, who sent out PTA meeting notices to all members during the past year.

LEGAL NOTICE

Take notice that application has been made to the Excise Board of Belleville, N. J. to transfer to Peter J. Grace Baptist Men's Club Plans "All-Baseball" Program

The Grace Baptist Men's club will hold its regular monthly meeting next Monday night at 8:30 p.m. in the Church social hall.

The program committee has arranged for an "All-baseball" program. John R. Topping, an officer of the church and a club member will give a recitation of "Casey at the Bat," to be followed by the American League sound motion picture entitled, "The Ninth Inning."

This picture, dedicated to the memory of Lou Gehrig, was written and directed by Lew Fonseca and is narrated by Bob Elson. Included in its cast is a host of great figures of baseball, past and present, including Connie Mack, Joe McCarthy, Ty Cobb, Babe Ruth, Lou Gehrig, Tris Speaker, Ted Williams, Joe Di Maggio, and many others.

Boy Scouts of Troop 386 have been invited to attend this meeting but all men and scouts of the community are welcome. Refreshments will be served at the conclusion of the program and various games will be available.

Girl Scouts Collect Over Four Tons in Clothes Drive

Figures unintentionally misplaced in last week's report of clothing salvage in The Times-News were those of the Girl Scouts who finished inter-troop competition with a total of more than four tons of used clothing.

The girls collected 8,313 pounds of which 2,431 pounds were the result of the labors of Troop 2 at the Recreation house. These girls started collecting from neighboring households during their Easter school holiday.

Troop 7 followed with 2,163 pounds; while Brownie troop 26 had highest place among little scouts with 616 pounds.

Mrs. Maria Orio

A solemn high mass of requiem was offered in St. Anthony's church on Monday for Mrs. Maria Orio, wife of Sabato Orio of 285 North Belmont avenue, who died Thursday at her home after a long illness. Burial was in Holy Sepulcher cemetery.

Born in Italy, Mrs. Orio came to this country in 1913 and has lived in town for the last 25 years.

Fifty-four years old, she leaves in addition to her husband, four daughters, Mrs. Amelia Carr, Mrs. Jean Stefanelli and the Misses Donato and Antoinette Orio, all of town; three sons, James and Vito of town and Pvt. Sabato Orio jr., in the South Pacific and one grandchild.

The Board of Education

The current evaluation of the High School has set forth an unprejudiced appraisal of the board of education and the administrative and teaching staffs worthy of thorough public examination.

For some reason the board of education has taken pride in boasting of the fact that their per pupil cost is one of the lowest—that they operate economically. They are guilty, we feel, in some degree, of being more interested in the "efficient" financial operation of the schools than in obtaining and maintaining the best educational opportunities possible within the limits of a reasonable school budget.

The efforts of the superintendent of schools and the acting principal to introduce improvements in the system have often in the past, first been met with the question, "What will it cost?" rather than, "Of how much value will it be to the students?" Belleville's per pupil cost for High School students is \$157.10 based on \$6,600 taxable ratables per student. The median in the state is \$7,700 taxable ratables per student. The response of students and faculty to the practical and stimulating leadership of Mr. Johnson during the past two years has resulted in the High School's retention on the accredited list of the Middle States Association. From the report, just what would have happened had the evaluation been made a few years earlier, is plain to see.

Yet although they brought Mr. Johnson to the board now seems in a quandary on what to do with him. Based on his record and the manner in which he was given a new contract by the narrow margin of a vote, speculation is prevalent on whether it will consider it worth his while to continue in the absence of a statement from the board on what they propose to do with him next year when he becomes eligible for tenure.

One of three boards in the state appointed by the Mayor instead of by popular vote, there has been, shall we say, an awakening within it during the past year or so, as shown by the addition of at least four outstanding faculty members in key positions. These are the acting principal and the heads of the music, guidance and library departments. The proposed salary guide to see what happens to the recommendation that more administrators be added to the school staff.

The turnover in board membership is negligible. Three of the members are serving their second, and one his third five year term. While they are undoubtedly people of public spirit and integrity to be willing to give much of their time to school problems, in addition to standing the chance of public criticism, the injection of new thinking and new viewpoints on a five member board holds distinct advantages.

When the membership remains static over such a long period it is a natural tendency probably, for a board to develop a feeling that they are answerable only to themselves—and the Mayor. But it isn't healthy. It doesn't work for the good of the kids they are supposed to serve. There should be no sense of proprietorship on the part of the board or the administrators they hire. They are servants of the public—and that, they shouldn't forget.

General "Ike".

In the thunderous drama that marked the final days of Germany's debacle it was probably natural that comparatively scant attention was paid to the soldier who led the Allies in this greatest military victory in history. General Eisenhower has never troubled to dramatize either himself or his job, and for this reason the American people have been inclined to overlook him in following the more spectacular activities of some of his glamorous field commanders.

Nevertheless, as the Supreme Commander he was the architect of Allied victory, and in him this country has given the world one of its greatest military leaders.

Commander of a gigantic fighting force made up of armies from many countries, Eisenhower not only had to be a strategist, but also was required to exercise the highest diplomatic skill. To win and hold the confidence of such strong-minded individuals as Churchill, Montgomery, Marshall, Roosevelt, and at the same time deal understandingly with the French, called for character, and this General Ike demonstrated he had in abundance.

He also had modesty, which probably was not the least of the reasons for his success in holding the Allies together. It is quite characteristic that the surrenders of German armies in the field have been made to every commander of the Allied armies except Eisenhower. He has kept in the background while his army commanders have taken the swords of their opponents and throughout the campaign he has been quick to congratulate his generals for every one of their triumphs. As a consequence of this policy the belief seems to have grown up that he himself has been only some sort of amiable figurehead put in the position to hold great field captains together in a working team.

Such a belief, of course, is absurd. Commanders command, or they are soon removed. With authority goes responsibility, and had the Allied arms suffered defeat the world would have been quick and unhesitating in blaming Eisenhower. Indeed, when the Nazis made their last dying thrust last winter there was agitation in some quarters to relieve Eisenhower of some of his burdens. President Roosevelt quickly squelched this talk, however, and Eisenhower's armies not only liquidated the Ardennes bulge but kept right on in stride to their final victory.

Here in this modest, business-like man America has one of her greatest military heroes, and the mothers and fathers of the young American boys who are in his armies can be thankful that the man who led them was the simple, humane gentleman the troops call General "Ike".

Calmness Needed

It has been published before, but it does no harm to emphasize once more that the very nature of newspaper work makes it inevitable that differences of opinion are given greater attention than dull, quiet agreement. Thus we should not be too disturbed by the stories coming out of San Francisco.

The Russians are news, hot news, and no correspondent worth his expense account is going to ignore them. For more than a quarter of a century the Russians have been the great enigma of the modern world. In this war they have held the undivided attention of the Allied peoples as they fought off the Nazi hordes. What they will do in victory is of course of burning interest. Accordingly, every move they make at San Francisco commands columns of space.

Since nearly every nation at San Francisco has some demand to make it is to be expected that Russia, too, will want something. But this does not necessarily mean that if she fails to win every point, Russia will go home in a huff. The more responsible observers agree that Russia is just as anxious for prolonged peace as we are. Her staggering losses in lives and devastated territory would seem to support such a thesis.

Some of the commentators, however, have shown a reckless irresponsibility in their handling of the San Francisco meeting. They have allowed their ideological differences with Russia to carry them to lengths which can only be harmful. Russia is our ally in conquering Germany. Whatever we may think of Russia's political philosophy and action, it seems only too obvious that commentators should hesitate before making any statements that might upset the unity of effort which has brought us this far. Surely if we can get along with the Russians in war, a little intelligence, patience and good will enable us to get along with them in building the peace.

There is abundant evidence that for the most part we are getting along with them. Good solid results are being achieved at San Francisco, and if we all keep our eyes on the forest and don't lose ourselves among the trees there is already ample reason to believe that we shall soon see a post-war structure take shape before our eyes.

AITKEN PRAISES RED CROSS WORK

Congratulates Volunteers On Services, Urges Continuation Until All Hostilities Cease

All the volunteers in the Belleville Red Cross chapter were congratulated today on their services during the forty months of the war with Germany by B. Thomas Aitken, chapter chairman, who urged them not to slacken their efforts until the war with Japan is won.

"The chapter can point to a distinguished record of service since Pearl Harbor and before," he declared, "but our responsibilities do not end with the cessation of active hostilities in Europe. Everything possible must be done to maintain Red Cross services to troops remaining in Europe, the wounded in hospitals, prisoners of war, and civilian internees, and to intensify our operations with the military in the Pacific and China-Burma-India theaters."

The anticipated transfer of American troops from Europe to the opposite side of the globe and the expansion of the Army and Navy in the final push against Japan must be accompanied by a corresponding increase in Red Cross services in the Pacific and C-B-I commands, Aitken said.

Jap War Goes On

"The war against Japan continues to exact a high casualty toll," he reminded. "Both the Army and Navy are expanding their hospital programs requiring both the recruitment of additional nurses, and a large increase in Red Cross civilian personnel for recreation, medical-social welfare, clerical, and case work operations in military hospitals in the United States and overseas. At the same time, the need for continued and expanded club, rest-home, canteen, clubmobile, and field services must be met by the Red Cross in Asia and the Pacific."

Recalling the post-Armistice period of World War I, Aitken pointed out that many years elapsed before war-connected activities of the Red Cross were liquidated. The same condition, he said, is anticipated now in Europe and later in the Pacific and C-B-I commands.

"Europe has been only one front in this global war," Aitken said. "Nothing has happened in Europe which reduces our total burden for the next twelve months. There seems no likelihood of immediate mass withdrawal of American troops from the European continent."

St. Peter's CYO Boy Bowlers Take Match With Girls

The boys' bowling team of St. Peter's CYO has made arrangements for a return match with the girls' team. The girls were the victors in the first game and now the boys are seeking to prove themselves.

A handicap of 100 pins per game was given the girls at the first meeting. With this start the girls won the series of three games. In the return engagement the boys will give the same handicap to the girls' team. They will meet the girls with the hope of winning on Sunday, at 7 p.m. in St. Peter's alleys. The public is invited to attend. Members of the adult council of the CYO and parents are particularly invited.

Comments Editorial on Victory

From Arthur A. MacCreedy
Commander, Post 105
American Legion
To the Editor of The Times-News:

May I commend you on your very timely and inspiring editorial entitled "Victory" in this week's paper.

In stressing the tasks yet ahead in the Pacific and reminding us of the sacrifices of our young men that have made our many gains possible, you have made a distinct contribution to American journalism.

You have crystallized the thoughts of many who know of war and strife.

Woman's Club Meetings

Members of the literature group of the Woman's club will meet this afternoon at the home of Mrs. Allen Crisp, 23 Perry street. Mrs. Francis McFadden is chairman of the group. Mrs. Everett B. Smith will review "Immortal Wife" by Irving Stone.

The board of trustees will meet on Monday morning at 10 o'clock followed by a meeting of the board of directors at 10:30, which will be the first meeting of the newly elected and appointed board. The regular business meeting will be held in the afternoon at 2 o'clock.

The ways and means committee under Mrs. William Chapman, chairman, will also meet on Monday at 1 o'clock to make plans for the coming year.

Mrs. J. Claude Powers, club president, requests members who have changed their addresses or telephone numbers to notify Mrs. Charles Smith at 202 Alexander avenue, Nutley.

Cost Accountants Meet Tonight

The semi-monthly meeting of the board of directors of the Newark chapter of the National Association of Cost Accountants will be held this evening in the Robert Treat hotel at 6 p.m.

NEW OFFICERS AT WESTINGHOUSE

Ralph C. Stuart in Charge of Local Division, One of Three Named Vice-President

Election by the board of directors of three vice-presidents to head the lamp manufacturing and lighting divisions, the treasury department, and the law and patent department of the Westinghouse Electric and Manufacturing company was announced this week by A. W. Robertson, chairman.

They are Ralph C. Stuart, in charge of the Lamp Division and Lighting divisions; L. H. Lund, who has been treasurer since 1941; and William E. Miller, who has been general attorney in charge of the law and patent department since 1944.

Mr. Stuart will administer the four plants of the Lamp Division at Bloomfield, Belleville and Trenton, and Fairmont, W. Va., and the Lighting Division's Cleveland, Ohio, plant from the Lamp Division headquarters at Bloomfield. Mr. Lund and Mr. Miller will have their offices in Pittsburgh, Pa.

With Company 25 Years

Twenty-five years with Westinghouse in the United States and Canada, Mr. Stuart joined the company at the Bloomfield Works as an assistant foreman in 1918. Soon after he joined the Army but returned in 1919 and the following year was transferred to the Canadian Westinghouse company at Hamilton, Ontario, where he became manager of the lamp plant in 1930. There he organized two foundries, a radio tube plant, and a lighting fixture plant, operations which— together with the lamp-making plant— now comprise the West Plant of the Canadian Westinghouse company. He was transferred to the Bloomfield headquarters plant of the Lamp Division in 1941 as manager of manufacturing. He resides in Montclair.

STRAIGHT TALK ABOUT THE 7th WAR LOAN

THE 7th WAR LOAN starts May 14. Americans as individuals are taking on their biggest quota to date—7 billion dollars, 4 billions in E. Bonds alone.

You may be wondering, "Why this biggest of all individual quotas *now*? Haven't we already reached the peak?"
A fair question—requiring a straight answer.

The Money Is Needed For War

The Battle of Japan has just begun. It must be backed up, paid for, fought for by a free people, intent on sweeping the Pacific clear of fascist hate—forever.

With the war in the West our first and major concern, we have not yet been able to go all-out in the East. *But neither has the Jap.*

The war to crush Japan will be bigger, tougher, and longer than most Americans expect. The Allied Military Command has estimated that it will take *years*, not months.

The destruction of Japan's armies has not yet reached the annual rate of normal replacements—between 200,000 and 250,000 men a year. And the Jap, as our men in the Pacific know, fights to the death.

As far as Japan is concerned, the outer Empire—and the men who defend it—are expendables. The Jap will fight the Battle of Japan from *inside the inner Empire*, of which Iwo Jima was an outpost. And Iwo Jima, according to Admiral Nimitz, was a pattern of the resistance our forces may expect to meet in future offensives.

New Tasks, New Needs

The single greatest obstacle to our crushing of Japan is distance. While in the Battle of Europe supply ships from our bases in England had only an overnight run to make, ships in the Pacific have long-reach round trips taking up to 5 months to make.

To crush Japan will take time, heroic and back-breaking effort, overpowering equipment.

Millions of fighting men—freshly outfitted and equipped

—will have to be moved from Europe halfway around the globe and supplied day-in, day-out by hundreds of new ships now building.

More of everything will be needed. More B-29's. More tanks, half-tracks, jeeps, and trucks. More rockets, mortars, airborne radar.

A whole new air force is in creation—huge new bombers dwarfing the Superfortress—fast new jet-propelled combat planes, the P-80 or "Shooting Star," coming off the lines by thousands.

These are just some of the 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

And Lest We Forget

The sick, wounded, and disabled will require medical attention and care.

Many millions of dollars will be required for mustering-out pay and benefits voted by Congress to help our veterans get started again in civilian life.

That's the least we can do in return for what they've done for us.

Winning the Peace

There are other weighty reasons for supporting the 7th War Loan—reasons that take us from the present to the future.

By investing in the 7th War Loan, the patriotic American is safeguarding his own future, his country's future.

By putting every dollar over rock-bottom expenses into the purchase of War Bonds, he is delivering a body blow to wartime inflation—thus putting a lid on the cost of living and maintaining intact the purchasing power of the dollar. At the same time, too, he is insuring the country and himself against the catastrophe of a possible postwar deflation—with its depression, unemployment, misery, and heartache.

So save for your country—save for yourself! In helping your country, you are also helping yourself! Come peace,

we'll all need money for education, replacements, retirement, new homes, a new start—and we'll need a lot of it. And there isn't a better or safer highroad to your goal than United States Savings Bonds.

Making 2=3

This year there will be *only two* War Loan Drives, not three. But in those two drives the Government will have to raise almost as much money from individuals as in the three drives last year. That means *bigger extra bonds* in the 7th. Because only by buying *more* can we make 2 take the place of 3.

The 26 million Americans who buy bonds on payroll savings are already off to a flying start! These patriotic men and women began *their* buying in April. And they will keep on buying *extra* bonds through May and June!

It's now up to the rest of us. It's *our* turn to swing in line. To raise the vast sum needed, *every* American will have to dig deeper into current income—dig deeper into cash reserves. Only by buying *bigger extra bonds* can we stretch 2 into 3!

Let all Americans do their part—for their own sake, for their country's.

If you have an income, whether from work, land, or capital, you have a quota in the 7th War Loan. Find out what that quota is—and make it!

FIND YOUR QUOTA...AND MAKE IT!		
IF YOUR AVERAGE INCOME PER MONTH IS:	YOUR PERSONAL WAR BOND QUOTA IS: (CASH VALUE)	MATURITY VALUE OF 7TH WAR LOAN BONDS BOUGHT
\$250	\$187.50	\$250

Eastwood-Nealley Bowlers Trophy

EASTWOOD-NEALLEY bowlers, winners of the Belleville manufacturers' "B" league, receive the trophy donated by the association and presented by Harry G. Specht, Eastwood-Nealley president, to Russell Godley, team manager. This is the year an award has been made and it was presented Friday morning at the North Newark Bowling academy. Walter Kidde company, one game behind the winners, took second place. Members of the Eastwood-Nealley team are Henry Korzystko, captain, John Hickey, John Egan, Samuel Gidquinto, Andrew Palmer and Godley, manager.

Bellevillites In Uniform

T/Sgt. David Bryer, husband of Mrs. Ruth Bryer of 171 Smallwood Avenue, is currently stationed at the Redistribution Station at Camp Butler, N. C., where he will spend two weeks before reporting to his new assignment in the United States. Sgt. Bryer was returned recently to the United States after having served 34 months in the southwest Pacific theatre of operations, where he served as a section leader in an anti-tank division. He holds the Good Conduct medal, American Defense ribbon, Asiatic ribbon with two stars and Combat Infantry badge.

1st/Sgt. LeRoy Johnson has recently been awarded the Distinguished Unit Badge as a member of the 38th Cavalry Reconnaissance Squadron (Mechanized) in Germany which received the unit citation for repelling the German counter-offensive at Monschau last December.

1st/Sgt. Johnson, formerly of town, is a member of the famous

squadron which has fought the Germans from the hedgerows of Normandy to the very heart of Germany. Among his brighter memories is the glorious 25th of August when his squadron was the first American unit into the city of Paris.

In addition to the award of the Distinguished Unit Badge, Sgt. Johnson has been awarded the Bronze Star and three bronze battle stars on his service ribbon for his participation in the campaigns of Normandy, Northern France, and Germany with the 38th Cavalry. He is the son of Mrs. C. W. Johnson of 17 Crestwood Avenue, Nutley.

Now stationed at Tinker Field, Okla., is Pfc. Lawrence A. Willette assigned to an AAF Base Unit at the model establishment of the Air Technical Service command for the maintenance and repair of aircraft and the training of air depot groups.

Pvt. Willette is the son of Mr. and Mrs. Lawrence W. Willette of 137 Stephens street. He is a graduate of Belleville High school and attended the Newark College of Engineering, and Stevens Tech., Hoboken. Prior to military induction in December, 1943, he was employed by the General Electric company, where he was an exhaust technician. Before transfer to this field, he was stationed at Daniel Field, Ga.

Pfc. Frank A. Malara of 87 Heckel street is in the U. S. Seventh army drive across the Rhine river and deep into Southern Germany which began as a sight-seeing tour for the cannoneers of the 977th Field Artillery Battalion — a viewing of miles of landscape free of the German Wehrmacht.

These veteran artillerymen sped through Germany for 13 days, moving behind infantry and armored spearheads of Gen. Jacob L. Devers' 6th Army Group. They met first organized resistance 65 miles east of the Rhine and there put their 155-mm guns into action.

They fired at close range on German troop and armor concentrations pinned in by American thrusts from the North, South and west, and pounded enemy communications centers by hitting towns as far as 14 miles away. Barrages of high explosive shells knocked out infantry while high explosive and phosphorous shells destroyed and burned the villages. During one counterbattery mission, the Long Toms silenced two German self-propelled guns.

Pfc. Loretta A. May of the Marine Corps Women's reserve was last week promoted to the grade of corporal in Arlington, Va. Miss May, whose home here is at 113 Ralph street, is stationed in the Navy Building in Arlington.

She entered service slightly less than a year ago before which she was a secretary at the Waterbury Farrel Machinery company in Newark. Her father is Frank A. May of Newark.
