

School Traffic Squad An Aid to Veterans

Proposal One Of Few Presented By Mayor To Receive Approval Of Four-Man Majority

Checks and counter-checks were in effect at Tuesday night's commission meeting when Mayor Williams, revenue and finance director, now a one-man minority, was forced to lay over four of the six resolutions he had drawn up. One ordinance on the creation of a school traffic squad by the appointment of partially disabled veterans, received unanimous support. Only resolution affecting board policy unanimously adopted was the creation of an advisory planning board.

Proposals laid over by four to one opposition were competitive examinations for police and firemen, centralization of police and detective bureau records, creation of the position of town purchasing agent and creation of an advisory safety council. The Mayor also had prepared a resolution putting the question of civil service up for referendum but was beaten to the draw by Public Works Director Waters who presented a petition containing 500 signatures for a civil service referendum in the November election.

Although they will not be considered members of the police department they may be eligible for pension under any other than the police and firemen's retirement pension fund and will be eligible for compensation insurance benefits in the same manner as all other municipal employees. Not entitled to tenure, they may, however, be considered for appointment to "any other municipal job consistent with regulations now established or to be hereafter established."

BOARD OPPOSES PURCHASING AGENT

Mayor Lays Over Proposal To Create Position, After Majority Disapproval

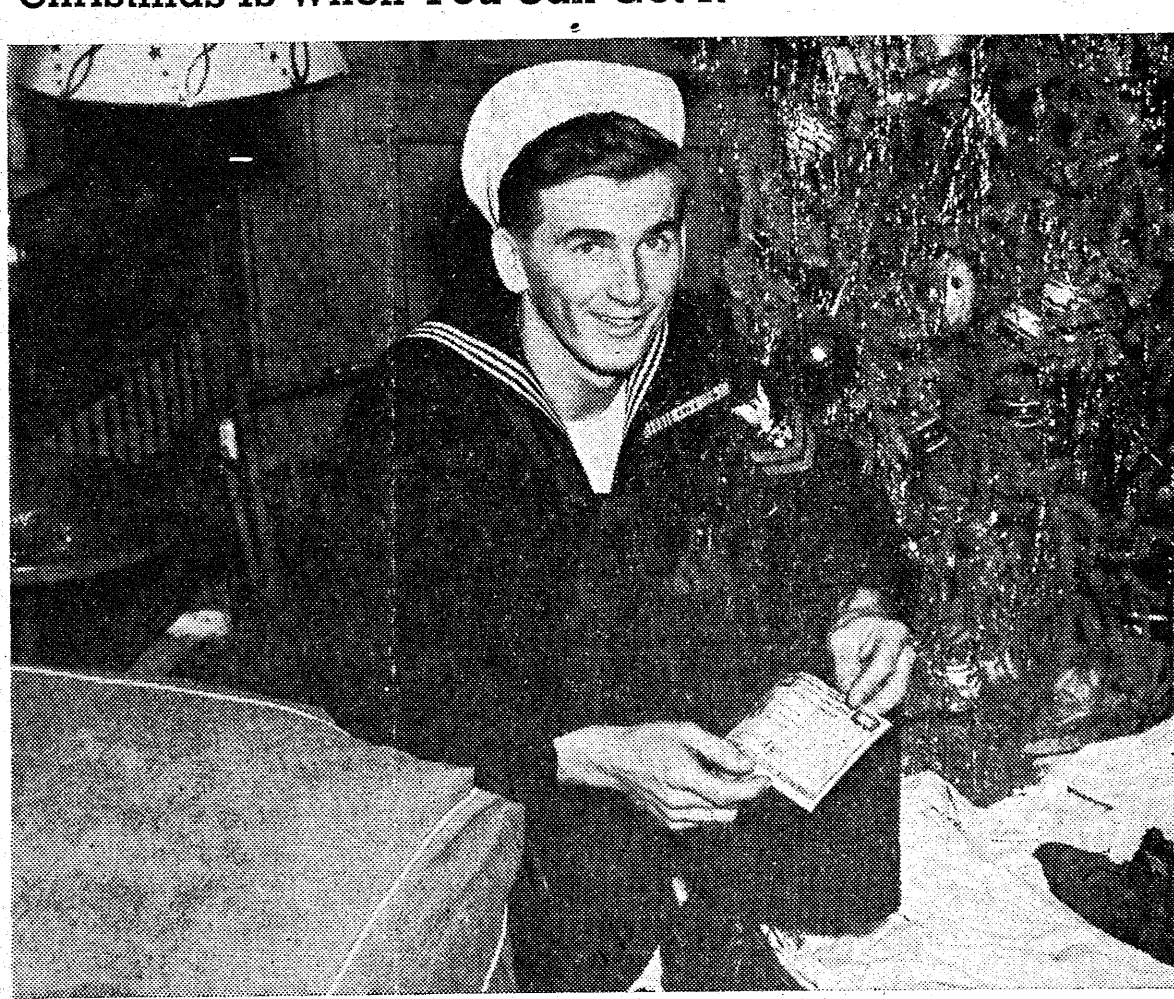

The creation of the position of purchasing agent for all town requirements, proposed by Mayor Williams in a resolution on Tuesday night was laid over for one week at his suggestion when it was met with concerted opposition by the other four commissioners. The resolution which stated that "all purchases made by the town of Belleville for all its requirements shall be centralized in one office," should effect some economies the Mayor said, and provide a more definite control of budget balances. He recommended that Russell Sargent, town treasurer, be named purchasing agent with no increase in salary.

Public Works Director Waters was the most vehement dissenter. Saying that this is the fourth time he has voted against the creation of such a position, during his nineteen years in office. Waters claimed that the position "could be built into the finest machine in town." "I want to be responsible for my own budget," he declared. "I'd trust five men before I'd trust one. I'm definitely opposed to it, no matter who the man might be."

He pointed out that routing small purchases through a purchasing agent is an inconvenience and time waster. Since there is competitive bidding on all items over \$1,000, this should be enough check on individual commissioners, he said.

The Mayor said that centralized purchasing is a principle of modern municipal accounting systems which makes for good budget control. Waters observed it may be good practice in business but that "politics is a different story."

Christmas Is When You Can Get It

IT'S CHRISTMAS any time of the year to a fellow who hasn't experienced the family kind in a couple of seasons. And so MM2/c John Lukowiak Jr. of 59 Baldwin place, home on leave after twenty-two months in the South Pacific, can be seen, as shown above, with the tree that has survived several months of waiting, as he inspects a war bond, one of his presents from his parents.

Sailor Finds Christmas Tree, Gifts, Awaiting His Return

John Lukowiak Jr. Enjoys Belated Yuletide After 22 Months in Pacific

A belated Christmas but a perfect one, nevertheless, greeted John Lukowiak Jr., a motor machinist mate second class when he arrived at his home at 59 Baldwin place for a thirty day leave last week, after spending 22 months aboard an LST in the South Pacific.

The twenty-one year old sailor had been looking forward to spending December 25 with his parents for so long, that when chances of arriving in time for the Yule celebration faded, his mother, Mrs. Lukowiak, determined to leave the tree, trimmings, presents and all, intact until John could get home to enjoy them.

John who is impressed with his luck as a sailor, considered his gala home coming one of the best pieces of good fortune of all, and the tree, seemingly aware of its responsibility, is still standing, in fairly good repair.

Wearing service ribbons with five stars to denote his participation in five major engagements, John told the other day, of the luck that has dogged his ship and crew through the invasions

of Green Island, Hollandia, Saipan, Guam and Leyte. The LST, No. 117, is referred to as 11-7 which is credited to some extent to its narrow escapes in enemy encounters.

One such experience was enroute from Saipan to Guam, carried on page two.

Local organizations cooperating in the drive are the American Legion, Tri-City Post of the American Legion, Veterans of Foreign Wars, Women's club, Craftsmen's club, Petrean club, Tripoli Park Social and Political club, the Elks, the schools, the Defense council, Masons, Progress club and Lions and Rotarians.

At least a third of the 6,000 deaths a year from cancer in New Jersey can be prevented, Elmer H. Bobst, chairman of the State Cancer campaign committee, asserted in a talk to the Belleville Rotary club, held at St. Paul's Episcopal church, Newark, yesterday afternoon.

"Cancer, said Bobst, "is an expensive disease. We are engaged in a crusade to prevent suffering and save lives—human lives. Every dollar will help."

A silent, insidious killer, it makes itself first apparent in slight, painless lumps and sores too often not identified as warning signals. So science is hopefully searching for simple chemical or skin tests as an aid to diagnosis. Such a discovery alone would save many thousands of lives every year.

CORBIN GARDENS OWNER TO GO BEFORE BOARD

Commissioners Ask Him To Appear Tuesday Night On Complaints

Louis Kaye of Brooklyn, owner of the Corbin Garden apartments on Carpenter terrace will be asked to appear before the board of commissioners at their next regular meeting on Tuesday night at 7 o'clock, in an attempt to settle some of the complaints registered by the tenants, chief of which is the method of garbage disposal.

Sixty-five garbage cans for 96 families are now enclosed in lean-tos on either side of the sidewalk area in the north and south crescents. It was determined by the board on Tuesday night that the crescents, thirty feet wide, are dedicated to the town with the exception of a ten foot strip in the center which is the property of the apartment owner.

At the last commission meeting, an ordinance requiring sunken garbage cans for eight to ten family units, a possible motor vehicle ordinance permitting all night parking on Carpenter street and court action on insufficient heat and hot water complaints were discussed by the board as a means of clearing up some of the grievances.

Although none of this action has been taken, Commissioners Noll, Mertz, King and Health Officer Berry attended a meeting of the tenants' association held last Thursday night when they recommended that a full list of complaints be drawn up and submitted to the board.

Travelogue on County Rule At Masonic Temple

The public is invited to attend a pictorial travelogue on county government Monday evening at 8:30 in Masonic Temple, 126 Jorammon street. Harmony Lodge of Oddfellows No. 25 will sponsor the speaker who will be Walter S. Gray, director of Essex county board of chosen freeholders.

The presentation is of a non-political nature, according to the Oddfellows, and is designed to show the taxpayer exactly how his dollar is spent in county administration.

Director Gray will explain many phases of county government with which the ordinary citizen is often unacquainted. The lodge feels that his talk and the accompanying slides will be of exceptional interest.

Kidde and Legion Set Goals For 7th War Loan Drive

P-T Boat And Bomber Are Aims; \$399,544 Put Into Bonds in First Week

With a total of \$399,544 already credited to the Seventh War Loan drive in its first week, Walter Kidde and Company and the American Legion post have announced their goals as the purchase of a P-T boat and bomber, respectively. The E bond quota is \$1,400,000 and the over-all goal, \$4,000,000.

Philip Dettelbach, drive chairman said yesterday that the total sales during the first week represented returns from industry, bonds solicited by school children and air raid wardens in their house canvass and over-the-counter sales through issuing agents. E bonds sold represent \$325,819; Series F, \$4,825; Series G, \$12,800 and Treasury Savings Notes, Series C, \$56,100.

A P-T Motor Torpedo boat will anchor in the Passaic river in front of the Walter Kidde plants tomorrow afternoon between 3:30 and 4:45. The boat which costs \$500,000 represents the goal of the Walter Kidde workers for the Seventh War Loan drive now underway. If the goal is reached, the boat will be named in honor of the town of Belleville and sent out to join the fleet against Japan.

On previous drives Kidde workers have sponsored planes. This is the first time a naval vessel has been set as an objective. The famous P-T boats are manufactured by the Electric Boat company, Elco Naval division in Bayonne. Each boat carries a three-cylinder built-in Kidde fire extinguishing installation besides portable extinguishers.

Prior to the boat's visit, Harold Ross, Q/M of 72 Perry street, will speak to the workers in their cafeteria. Ross is on leave and will narrate a narrow escape which he had on a P-T boat when it caught fire from enemy action. Q/M Ross promised his crew that his return to Belleville, he would visit the Kidde plant and thank the workers on behalf of the crew for making the equipment which saved their lives.

Saturday evening the American Legion post 105 will conduct a Bond rally at the Capitol theatre where sales during the Seventh War Loan period will be credited to them. The Legion color guard will be present, the appearance of several Belleville servicemen recently released from enemy prison camps, Pfc. Edmond Kelly of Fairway avenue and Sgt. Henry Candura of Washington street, are expected. George La Bar of 120 Rutgers street, Minute Man in World War I bond drives, will be master of ceremonies.

William Maser is in charge of the committee for American Legion Seventh War Loan sales. All bonds purchased at the theatre will be assigned to the post which has as its goal the purchase of a bomber. Mr. Maser has pointed out that the theatre maintains an official bond booth and that bonds can be issued directly to the purchaser without delay. Members of the Legion auxiliary will man the booth every evening during the drive.

William Konrad, Harry Ziegler, Peter Johnson and Elwood F. Ferguson are members of the bond committee. The theatre manager has extended an invitation to all servicemen in town on Saturday evening to attend the performances without charge. Only the government tax will be assessed.

Police Get Chance at Extra Pay

Public Safety Director King, because of the shortage of chances, will offer patrolmen, sergeants and lieutenants of the police force extra work at the maximum rate of pay in their classification, at least for the summer vacation period, he said at the commission meeting on Tuesday night.

School Board Version of Evaluators' Report

Claims Times Account Of Oral Report On High School Misrepresented Facts

The following statement has been presented by the board of education to The Times-News for publication in answer to this newspaper's account last week, of the oral report on the High School given by the evaluating committee of the Middle States Association of Colleges and Secondary Schools.

A representative of The Times-News was present when Dr. John P. Milligan, chairman of the evaluating committee, and co-author of the letter printed below, made the oral report of its survey of the High School to the board and high school faculty. The Times-News stands on its account as published in last week's issue and states that the inference drawn in the news story was definitely implied in Dr. Milligan's oral report.—Ed. Note.

At a committee meeting of the Board of Education held on Tuesday evening, May 15, 1945 notice was taken of an article appearing in the Belleville Times on May 10, 1945 in reference to the recent evaluation of the High School by the Middle Atlantic States Association of Colleges and Secondary Schools.

The purpose of this article is to correct any false impressions or information given the press in connection with the oral evaluation report. Although the Board has not as yet received the official report, the facts as stated below should be clarified.

It is quite evident that the article which appeared in the Belleville Times had as its effect the creation of a picture that would infer that our High School and administrative offices have received a poor rating by reason of having been classified as "average."

In order to correct this false impression, Dr. John P. Milligan, the Chairman of the Evaluating Committee, upon receiving the newspaper article, volunteered the following letter to the Board of Education to clearly deny the misrepresentations contained in the news article. (The letter is signed by Dr. Guy Hillboe, chairman.—Ed. Note)

Milligan's Letter

"In The Belleville Times of May 10, 1945, there appeared a news article, our Committee's evaluation of your school. In this article, your statements appear to must take exception because they misrepresent the purpose of the evaluation."

1. "The Times states: 'Evaluators Score School Board.' The fact is that we commended the School Board for its sincere efforts. We feel that our recommendations were made in the proper spirit and that the Board so received them."

2. "The Times states: 'From the oral report... it can be seen that the High School would have been thrown out of the association had the analysis been made prior to... 1943.' No such statement was made or implied in the oral report. The responsibility of the Committee is only to evaluate the school. The decision for approval is made by the directors of the association. It was not our business or our intention to criticize any previous administration."

"We should like to emphasize here what we said in the oral report; namely, that an average rating is a good rating, one which places your school with the middle group of all those rated by the association."

"We appreciate the fine cooperation which was given us throughout the evaluation. We trust that this letter will help correct any false impressions on the part of the public regarding either the purpose or the results of the evaluation."

"Undemocratic Attack"

The Board also notes the remark: "It can be seen that the High School would have been thrown out of the association had the analysis been made prior to 1943. He received a contract at that time as general supervisor of education to replace Hugh D. Kittle, high school principal on leave who had to join the Navy."

This truly undemocratic attack on the professional reputation and ability of Mr. Hugh Kittle, who is voluntarily serving in the United States Navy, gives full evidence of the motives underlying this new article. To make the record clear, the letter of Dr. Milligan states definitely that no such statement was made or implied. We believe that, in all fairness, this remark should be retracted.

The Board also wants to call the attention of the newspaper and the public to the fact that even though the news article went at great lengths to outline the low per pupil cost of our town, it is a matter of record that the High School yearly costs have increased \$74,386.00 since 1935. This does not include Debt Service.

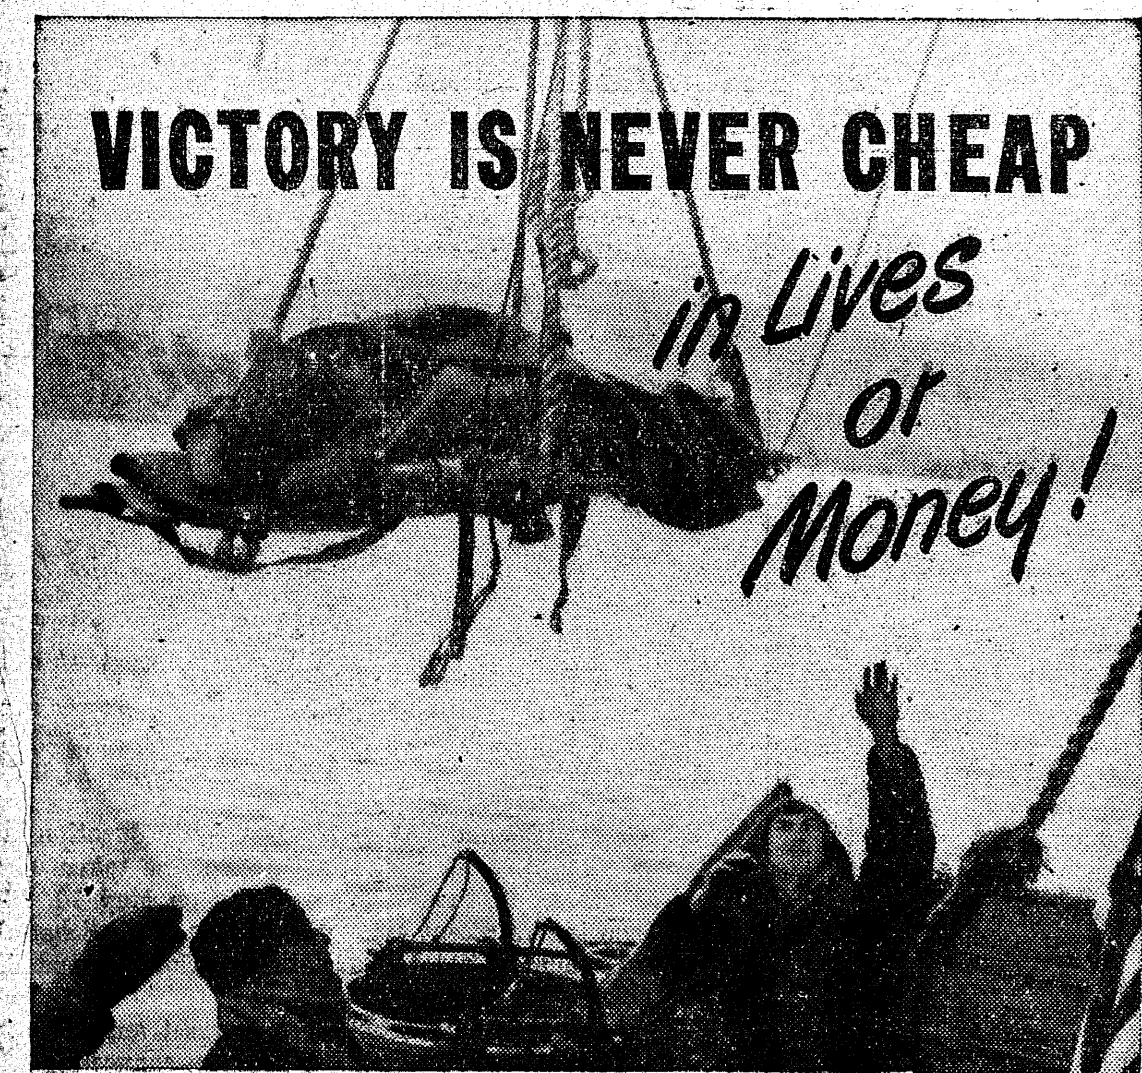

It has been and it is the policy of the Board of Education to pro-

### CSB TO EXPAND PUBLIC RELATIONS

#### Committee Lays Plans For Informative Campaign On Bureau's Functions

Reporting to the board of trustees of the Community Service Bureau Tuesday evening Nicholas J. Colaninno set forth the plans of the public relations committee of that group. Organized in February, the body will take steps to inform the public more completely about the function of the bureau. All agencies of the Community Chest and Council have been requested to follow out such an informative campaign.

Mr. Colaninno and his committee, in order to fulfill this request, have outlined a campaign which will include the establishment of a speakers bureau, recordings of case histories of the bureau's clients which can also be heard at public gatherings, dramatizations of the work, window displays and the publication of a new descriptive pamphlet. Working with him are Edward Ackerman, Mrs. William P. Adams, Dr. Edward P. Duffy Jr. and Mrs. George Peterson.

The committee has selected for special emphasis the facts that the Community Service Bureau is established to help people who have problems they cannot meet and that its facilities are open to all persons in the community regardless of economic status.

Along those lines Mrs. Julia O. Reiner's Tuesday evening report to the committee on camping pointed out that information on summer camps, with regard to a child's age and needs, is available at the bureau office, 338 Washington Avenue and that it will be shared with any resident of the community who desires it.

**Camping Plans**

As for the service bureau's own camping plans, Mrs. Reiner explained that last year the bureau sent thirty boys and girls to camps for periods ranging from two to six weeks. In some cases part of the tuition was furnished by the parents.

She showed how camp counseling is an integral part of the bureau's service in that it takes care of children who have difficult home environment by restoring their stability. "It is more than a vacation or change of scene," she said, "it is an experience for such children and a means of helping their parents. She cited homes where mothers are ill, parents separated or mothers working. The school year ended, it is often camping which solves the difficult summer problem of such homes.

Also discussed Tuesday evening was the proposed national policy of a uniform title for service bureaus in all communities as set forth by the Family Welfare Association of America. Balloting showed most of the members in favor of the change. But all twenty-four members of the bureau's board of trustees will be given an opportunity to consider the matter before voting on it in June.

The title, based on idea of contributing services which will strengthen the family as a unit and not merely dispense charity, would be "Family Service Bureau." The present service bureau is the major agency supported by the local Community Chest and Council. Rev. Marshall Whitehead is president of the board of trustees.

Are You Buying War Bonds?

### Three Soldiers

Continued from page one  
His last letter written on April 18, said that "everything is ok and there is nothing to write

1st. Lieut. Wilfred Potis about." Twenty seven years old, he entered service April 8, 1943 and trained at Camp Croft, S. C. He attended Belleville schools and graduated from Boys Vocational school in Bloomfield. He was employed by Wright Aeronautical corporation in Paterson before en-

Pfc. William E. Thetford, Jr. tering service. Pfc. Thetford leaves in addition to his parents, a brother — James, a private first class stationed in New York City and a sister Emma of the Linden Avenue address.

**Cpl. Walter Nusbaum**

A telegram from the War Department Friday announced the death of Cpl. Walter Nusbaum to his sister, Mrs. Ellison Pardun of 589 Union Avenue. Mrs. Pardun had been notified Wednesday that he was wounded in Germany April 25. The second telegram explained that Cpl. Nusbaum died the same day.

With the 11th Armored division in the action which caused his death, Cpl. Nusbaum had been overseas since last October. He entered the Army in November 1943.

He was born in New Brunswick but had spent most of his life in Newark where he attended school and worked for an electrical contractor in civilian days. His parents died when he was thirteen and he had made his home with Mrs. Pardun since that time. Cpl. Nusbaum was 24. The Pardus' moved here from Newark a year ago.

### School Board Version

Continued from page one  
vide the boys and girls of Belleville with educational opportunities that would make it possible for them to compete equally with those from other communities throughout the State and Nation on an educational basis as the records indicate.

The Board of Education has at all times in the preparation of the budget depended upon the recommendations of the Supervising Principal for all instructional items. This policy will be pursued by this present Board.

### Defend Procedure

It is also suggested that changes be made in the procedure we are using in the purchasing of supplies, the supervision of the school plant and buildings, the janitorial staff, etc. The rules and regulations in effect by our Board of Education conform fully with the rules and regulations prescribed by the State Board of Education, and definitely clarify the duties of the Supervising Principal, High School Principal and administrative personnel. The suggested changes are contrary to the rules and regulations of the State Board of Education. It has been the policy of the Board to confine the purchasing of materials to the District Clerk with the thought in mind that he is better qualified

by experience and training to perform this duty rather than a man whose sole experience has been in a teaching profession. The establishment of a centralized stock room has made it possible to reduce our permanent inventory by twenty-five per cent and to provide an equal distribution of scarce commodities during the war period.

It is a matter of record that our school buildings are kept in as sanitary and clean a condition as can be found in any school system in the State.

### On Approval List

The records indicate that during the period when Mr. William Holbert and Mr. Hugh Kittle were the principals of our High School, we were on the approved list of secondary schools of the State Department of Public Instruction and the Middle Atlantic States Association of Colleges and Secondary Schools. We are gratified in knowing that the Middle Atlantic States Association of Colleges and Secondary Schools has rated our High School—in the words of Dr. Milligan: "We should like to emphasize here what we said in the oral report; namely, that an average rating is a good rating."

As already indicated the Board has not as yet received the written report of this Evaluating Committee. It is our purpose to publish this report in its entirety when we have received it. We want the people of Belleville to know that even though we have been severely handicapped due to war time conditions, the educational program of our town has been conducted in the most efficient and constructive manner possible.

### Sailor Finds

Continued from page one  
rying large shells for a destroyer. Attacked by Jap aircraft, they swerved just in time to miss the torpedo which hit the LST next to them. Again, when they were beached at Leyte, they had just pulled off to go alongside a PA boat for supplies when the spot they left, taken by another LST, was strafed by the Japs.

On another occasion, carrying high test gas on the tank deck and bombs on the main side of the top deck, they escaped heavy shelling by the Japs at Bougainville. They weathered all night and early morning raids there, at GQ (battle stations) without receiving a scratch. But best miss of all was at Leyte inlet when, with three destroyers as convoy they were starting for Hollandia. The destroyers were called back and No. 11-7 was at GQ after word was flashed that the Jap fleet was coming in through the other side of the harbor. They managed again, to escape damage. The crew also has a mascot, Whitey, a spitz that came aboard the day the ship was commissioned in Evansville, Ind.

John who hopes he will still be on 11-7 when he reports back to duty, says that the war in the Pacific should be over within a year. Then, he hopes to go back to his old job at Public Service in Newark.

A graduate of Belleville High school, he entered the service in March 1943 and went overseas in July of the same year.

### School Traffic Squad

Continued from page one  
established."

The school traffic squad is to be under the supervision of the department director, the chief of police or any other superior officer who may be designated by the chief. The rules and regulations governing the working conditions and conduct of the squad are to be set forth by the chief and the department head. They will also outline the requirements and qualifications for appointees to the squad.

The Mayor observed that a program such as this, put into effect throughout the country, could do much toward setting disabled veterans on the road toward self-sufficiency. He had previously stated that members of the squad should have priority on polling town events to augment their wage. He also pointed out that they would have an opportunity to supplement this basic wage with other employment.

The Mayor's resolution providing for the centralization of police department and detective bureau records was laid over. He recommended that they be systematized by an FBI trained man. Public Safety Director King stated that all records were centralized when he first took the department but that the necessary filing cabinets are not only expensive but hard to find.

He has visited Newark, Bloomfield and other departments he said, to become acquainted with their systems. Officer Harry Winfield also spent a good share of his spare time for a period of six months, learning the system in effect in the sheriff's office in Newark, he said, for adoption

here. However, he will look into the advantages of employing an FBI man.

The resolution providing for the adoption of an advisory safety council similar to Newark's was also laid over until the Public Safety director can check with the Essex County Safety Council whose meetings he regularly attends, to investigate the scope of safety measures that should be adopted.

### 2nd Lieut. Gerard Sharrock Receives Air Medal

2nd Lieut. Gerard A. Sharrock, son of Mr. and Mrs. Arthur A. Sharrock of 16 Overlook Avenue, has been decorated with the Air Medal. It was announced recently by the commanding general at the Eighth Air Force Bomber Station, England.

The citation accompanying the award read: "For meritorious

achievement while participating, as a pilot of a B-17 Flying Fortress, in sustained bomber combat operations over Germany. The courage, coolness, and skill displayed by Lieut. Sharrock upon these occasions reflect great credit upon himself and the Armed Forces of the United States."

Lieut. Sharrock is a graduate of the Brooklyn Technical High school, where he took an active part in the sports program as a member of the swimming team. Prior to his entry into the Army Air Forces in 1942, he was employed by the Auto-Lite Spark Plug company, Long Island City, N. Y.

**DR. BROSNAN  
P.T.A. SPEAKER**

Talks on Child Behavior Before Passaic Avenue School Group; Officers Elected

Dr. Thomas J. Brosnan, coordinator of guidance and consultant psychologist for the Belleville school system spoke on "The

Child in Our Time" on Monday evening at a meeting of the Passaic Avenue school P.T.A.

Presented by Mrs. Melvin Marsh, program chairman, he discussed child behavior in the light of physical, mental, emotional and social development. A unified system of education throughout the United States, he said, would be a great step forward in progressive education and a goal worth striving for.

He emphasized the desirable effect it would have on students

moving from one state to another where equal opportunities in school activities do not exist. Dr. Brosnan also talked on the necessity of a child moving progressively from one level of development to another without being retarded or forced.

Mrs. A. G. Link president of the Essex County Council of Parent-Teacher association, officiated at the installation of officers. They are Mrs. Edward A. Rochau re-elected president; Mrs. Harry Denner, vice-president; Mrs. Catherine Hardwick, second vice-president; Mrs. J. Bennett, recording secretary; Mrs. Anthony Russonella, corresponding secretary and Mrs. Chester White, treasurer.

Mrs. Adele S. Troab, homemaker for Children's Aid, appealed for foster homes which are desperately needed for the placement of children referred to her agency. Wesley R. Schneegas, cub master asked for den mothers to assist on the cub pack committee.

The executive board meeting last Friday, canceled presentation of the playlet, "Trolley Travels", slated for tomorrow evening. In its stead, a musicale will be presented at the school on the evening of May 31. Plans were also discussed for a luncheon to be held in September for members of the faculty and officers of the P.T.A.

**Catholic Women's College Club Holds Annual Meeting**

The annual meeting of the Catholic Women's College club will be held tonight at the Helen MacHugh studio, 37 Washington street, Newark, when Miss Mary Elizabeth Jackson will preside at the business session.

Miss Margaret O'Hara is chairman of the nominating committee and with Miss Irene O'Toole and Miss Margaret Sullivan, will conduct the election. The president and recording secretary are to be elected for a term of two years.

Mrs. John A. Comer has arranged for several members to exhibit and speak on their hobbies. Miss Dorothy Grey will display her collection of foreign jolls; Miss Marion McLaughlin, book marks; Mrs. James J. Mackin, coins; Miss Anne Fagan, camera studies; Miss Helen Dehanty, miniature china coins; Miss Gertrude Reilly, her own paintings; Mrs. Thomas A. Kinney, antique silver spoons.

Purchase Property For Office Dr. Barney Schaffer of 252 Washington avenue has purchased the property on the northwest corner of Essex street and Washington avenue where he will erect offices and residence at the conclusion of the war.

**Engagement Told**

Miss Leona Jabs

Mr. and Mrs. Adam Jabs of 216 William street announce the engagement of their daughter, Miss Leona Jabs, to Nicholas Candura, son of Mr. and Mrs. Thomas Candura of 16 Washington avenue.

Miss Jabs is a graduate of Nutley High school and is employed as supervisor at the Office of Dependency Benefits in Newark. Mr. Candura attended Belleville High school and is a member of the production control department of Charles E. Chapin company, East Rutherford. No date has been set for the wedding.

**Miss E. Jane Harvey Bride Of Bermuda Man Saturday**

The wedding of Miss E. Jane Harvey, daughter of Mrs. Clarence Harvey of 669 Belleville avenue, and the late Mr. Harvey, and Harold James Baker, son of Mrs. C. H. Baker of Hamilton, Bermuda, and the late Mr. Baker, took place at Montgomery Presbyterian church, Saturday afternoon, with the Rev. Oliver W. Chapin officiating.

A white marquisette dress fashioned with a tight bodice, long sleeves forming points over the hands, and a full skirt terminating in a train, was worn by the bride. Her fingertip length tulle veil was held in place by a Juliet cap of seed pearls. Her bouquet was of white roses and sweet peas.

Mrs. Harvey, her daughter's matron of honor, was gowned in an aqua crepe dress and wore a flowered hat which matched her bouquet of violets and camellias. After June 1 Mr. and Mrs. Baker will be at home in Paget, Bermuda.

**Miss Dolores Lukowiak Engaged**

Mr. and Mrs. Francis Lukowiak of Ralph street announce the engagement of their daughter, Miss Dolores Lukowiak, to George H. Needham, electrician's mate second class in the United States Coast Guard, son of Mrs. John Seward of Irvington and the late George H. Needham.

Miss Lukowiak is a graduate of Belleville High school in 1943 and is now employed by the Wilbur B. Driver company of Newark. EM 2/c Needham, now on leave, has been in the service for three years and was previously employed by Krueger company, Newark.

**Tri-City Legion Auxiliary Elects Slate of Officers**

On May 14, the newly-organized Auxiliary unit of the Tri-City Post No. 299, The American Legion, held election of officers. Officers-elect are: Mrs. Jean Carbat, president; Mrs. Rose Scelfo, first vice-president; Mrs. Lena Nicastro, second vice-president; Miss Esther Prosperi, secretary; Mrs. Julia DePhillips, treasurer; Miss Providence Marchione, chaplain; Mrs. Angelina Cocuzza, historian; and Miss Maisie Carbat, Sergeant-at-Arms.

On Mother's Day, the Tri-City Post No. 299, The American Legion, had a mass of requiem for the boys in its community who have died in service at St. Anthony's.

The Post presented the immediate family of each serviceman with a Gold Star Citation through the Rev. Titian Menegus, who celebrated the mass.

**Model Circus, Attractive Books For Children at Library**

The children's room of the Free Public Library this week is festively decorated for Spring, with appropriate book displays and bright pictures.

Especially attractive to the youngsters is the model circus, with paper dolls in color depicting all the people and animals in the circus. Here are the trained seals, tumbling bears, bareback riders, acrobats, and clowns, all performing in cardboard.

Books about birds are featured in one display, with many books written for children on the study of the life and habits of birds of all countries.

Young victory gardeners will find helpful material in another exhibit, which groups books on gardening for youngsters. Among these are: Children and Gardens, Jekyll; The Junior Gardener, Greene; The Gardener's First Year, Bates.

**SURROGATE'S NOTICE**

# CONCERT ARTISTS AT BHS FESTIVAL

Annual Event Will also Include Student Soloists And Instrumentalists

The sixteenth annual Music Festival of Belleville high school will be held tomorrow night, at 8:30 in the high school auditorium. Miss Jean Carlton and Lloyd Linder, concert artists, will highlight the program with several vocal selections.

The remainder of the program, under the direction of Samuel

Peck, music instructor, will feature several specialties by the members of the orchestra, boys' and girls' glee clubs and special choirs.

Among the student soloists performing will be Pearl Marbach, soprano, Olindo D'Amadio, tenor and Donald Havas, baritone. Accompanists will be the Misses Doris Kessel, Phyllis Conklin and Sybil Windham. Instrumentalists include Samuel Amosato, accordionist Sue Dorris and Phyllis Conklin violinists; Alan Bonhoff and James Devaney, trumpet duo.

Mr. Peck has arranged to have the president of each musical group conduct one selection in which the group is featured. Miss Helen Koehn will direct the orchestra in its rendition of Belleville High Alma Mater; Miss Loreta Ziemann, the girls glee club when it sings "America, My Own" by Cain; Olindo D'Amadio, the boys glee club in "Down the Open Road" by Haney.

Among the girls glee club selections will be "Flower in the Crannied Wall" with musical score by Mr. Peck. He took charge of musical activities in the high school this spring after the resignation of Mrs. Alice Walters Wagner.

The final meeting of this season of the Belleville Music Study club was held last Saturday afternoon at the studio of their counselor, Adell Sutherland of 87 Preston street.

# WOUNDED G. I. ON ROAD TOUR

Sgt. Resciniti, Veteran of Italian Battles, In Cast Of "Here's Your Infantry"

Awarded the Purple Heart for wounds received while observing the fire of his mortars near

S/Sgt. Almerico M. Resciniti

Naples, Italy, S/Sgt. Almerico M. Resciniti of town, appears in the tough and realistic "Here's Your Infantry" now touring the nation for the 7th War Loan. It was presented Monday night at Newark Schools Stadium.

A member of one of the 25 teams trained at the Infantry school, Fort Benning, Ga., the Belleville doughboy takes part in a realistic attack on a Japanese fortified position. This exhibit of infantry tactics and weapons is done by men who have used them in actual combat.

An assistant squad leader of a rifle squad, Sgt. Resciniti fought with the famous 36th Infantry division in Italy. Beside the Purple Heart, he wears the Combat Infantryman Badge for exemplary conduct in action, the Good Conduct Medal, and the European Theater ribbon.

Like many other veterans, Sgt. Resciniti has fought and bought his war. Out of his pay each month he takes \$18.75 for War Bonds. During the Italian campaign he took part in the all-important landing at Salerno, a rugged operation even in an infantryman's language. He is the son of Mr. and Mrs. Joseph Resciniti of 36 Clinton street.

## Parent-Teacher Associations

**Greylock School**  
Election of officers and their installation by Mrs. Elwood Russell will open the final meeting of Greylock PTA Monday evening at 8:15.

The association will be addressed by M. Everett Walker, Herald Tribune war correspondent on his experiences abroad. Steelers quartette, of which Charles Watson of 65 Overlook avenue is a member, will sing.

The Mother's club, under the chairmanship of Mrs. O. D. Smith, will serve refreshments. An executive committee meeting was held this afternoon at 3:15.

**Joralemon Street School**

Mrs. John Rudin, newly elected president, and Mrs. Dwight Streeter, retiring chief executive, were among the local heads of PTA associations which met Monday afternoon in Greylock school for the annual comparative attendance reports of associations in Bloomfield, Nutley and this town.

Next Monday at 10 in the Marshall school of South Orange the spring meeting of the Essex county PTAs will center around a symposium on program planning. Scrapbooks of all Essex PTAs, indicating the past year's activities, will be on display.

Principal speakers will be Miss Marie Ragonetti with spot news reports on the San Francisco conference which she is now attending and Dr. J. D. Mesick, county chairman of character and spiritual education for PTA.

Mrs. Rudin, Mrs. Streeter, Mrs. Matthew Sheehan, Mrs. Marvin Wallace and Mrs. William Boyd will be present from Joralemon PTA.

## Detective Bureau Solves Mugging

Solution of the mugging received by Joseph Keim of 119 Wilbur street, Bloomfield, on Vatsessing avenue last November 11 has been made, by the detective bureau of the police department.

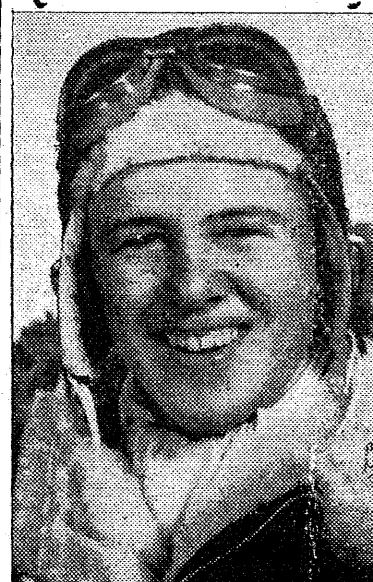

The attack has been confessed by Joseph DeVito of 46 Hecker street now serving a term in the county jail for larceny and receiving stolen goods. He has implicated another man serving a five year term in Elmira, N. Y. 30th will be brought here to answer charges, police, say after termination of their sentences.

## Wesley Musicales Sunday

Donald K. Moore, baritone of New York and Mary Elizabeth Jenkins, organist and pianist of Newark will be the featured artists at the musicale to be given the auspices of the Belleville Foundation on Sunday afternoon at 4:30 in Wesley Methodist church.

Mr. Moore has just returned from California where he was heard in a number of concerts. Miss Jenkins, a graduate of the Juilliard School of Music, was formerly organist and director in the Wesley church. She is now at Forest Hill Presbyterian church in Newark.

# Missing In Action

2nd Lieut. Edward H. Stumpe

Mr. and Mrs. A. A. Stumpe of 20 Forest street received word on May 11 that their son, 2nd Lieut. Edward H. Stumpe has been missing over Austria since April 25. The War department telegram was followed by a letter on Tuesday which stated that as soon as a detailed report from the squadron leader is received they will be notified.

Lieut. Stumpe is the husband of the former Miss Claire Priester, daughter of Mr. and Mrs. Joseph Priester of 26 Baldwin place with whom she is making her home. A co-pilot on a B-24 liberator, he has been in Europe since February and is believed to have been on his second mission when reported missing. He is based in Italy with the 15th Air Force.

His last letter was written the day before his last mission when he said he was anxious to get them over with and to get back home.

Twenty-one years old, he is a graduate of Belleville High school and entered the service January 29, 1943. He received his wings at Ellington Field, Texas. He was employed at Walter Kidde company in civilian life.

## Mayor Asks Interpretation Of Exceptions in "B" Zone

An interpretation by Town Attorney Keenan was requested by Mayor Williams Tuesday night of the action of the board of adjustment in an exception to Nicholas Armando of 222 Brighton avenue, allowing the storage of three large bodied steel trucks on his property at 220-235 Brighton avenue which is in Residence B zone.

The Mayor questioned whether the exception is in accordance with the zoning laws and stated that two other cases of trucks garaged in Residence B zones have come to his attention.

## Public Hearing on Zone Change

A public hearing will be held Tuesday night, June 12 on an amendment to the zoning ordinance changing the property at 20 Park street from Residence B to industrial zone which was passed on first reading by the board of commissioners on Tuesday night.

Action was referred to the board by the board of adjustment without prejudice. The application was in behalf of Samuel Browne, owner of the property and Edwin Wolfert, tenant, who wishes to operate a machine shop there and erect additional buildings necessary for its operation.

## PEOPLE You Know

Miss Joan Tupper of 141 Fairway avenue was surprised with a miscellaneous shower Saturday evening at the home of Mrs. B. J. Nelson of Newark. Miss Tupper will be married June 23 in St. Peter's church to Edward Holler of Stephens street. She is the daughter of Mr. and Mrs. John L. Tupper.

Of the fifteen guests Saturday evening Mrs. Tupper and Miss Tillie Wilkinson were of Belleville.

Mrs. Bernard Kelly is at the home of her parents, Mr. and Mrs. John Kilpatrick of 146 Linden avenue, after eleven months in the south with her husband, Lieut. Kelly. The couple spent seven months at Fort McClellan, Ala., where Lieut. Kelly was attached to a coast artillery unit.

Now with the infantry, Lieut. Kelly has left for an assignment in the Pacific. He entered the Army three years ago and was commissioned at Camp Davis, N. C. in August, 1943. He was with the Newark Post office in civilian life and is the son of Mrs. B. T. Kelly of that city.

Lieut. and Mrs. Kelly were married in St. Mary's church, Nutley last June.

## Cpl. John J. Brown Receives Bronze Star Medal

Word has been received that Cpl. John J. Brown, son of Mr. and Mrs. Frank Brown of 262 Hornblower avenue, has been awarded the Bronze Star medal for heroic achievement.

Although he has sent home the ribbon awarded on the battle field, the twenty-three year old corporal has not described the incident other than to say that two others were involved in the event which brought them the award.

Cpl. Brown is attached to the medical corps of an armored infantry battalion with the Third Army. He entered service in December, 1943, and went overseas last September. He has been in England, France, Belgium, Germany and Austria and is now in Czechoslovakia. A graduate of Belleville High school was employed by Westinghouse in Bloomfield.

# CREATE ADVISORY PLAN BOARD

Williams' Resolution Forms Five Man Board With Power Of Recommendation, Only

An advisory planning board of five members one to be appointed by each of the commissioners, was created by a resolution introduced by Mayor Williams on Tuesday night, which received unanimous support.

It will be "purely advisory" and the resolution states rules and regulations concerning the board will be adopted "from time to time in the future by this board of commissioners." It is to be similar to that now existing in Manlewood.

The planners will be subject to the board of commissioners and will not have the official status provided by the Municipal Planning Enabling Act, ch. 235, Public Laws of 1930. It will be remembered that Public Works Director Waters attempted to form an official planning board early last year, a move which was killed by the rest of the board before he introduced the ordinance. Chief among the objections at that time was the Mayor who said that planning boards function as restrictive bodies and tend to slow down the development of a town. He listed seven reasons why an official board with definite powers should not be formed.

They included placing of zoning duties within the province of the planning board. The fact that a master plan could be adopted by a majority of the town commission while changes in the plan would require a four-fifths vote.

The commission can refer other matters than planning to the board, which has very broad authority.

"Other laws, ordinances and regulations shall not be in force insofar as they apply to plots, maps or plans in town when the

## The Spirella Garment

is in dividualy designed and manufactured for the woman who is to wear it.

Its action complements the normal action of the abdominal muscles with upward and backward traction. There is no unnatural constriction in the region of the diaphragm.

Spirella garments use the flexible and resilient Spirella stay. This acts as perfectly over curved surfaces as over flat surfaces. No need for bulky straps and gadgets to adjust.

Phone for a free preview, and feel this healthful support, before placing your order with your Spirella Corsetiere.

Public utilities are exempt by state law from jurisdiction of the planning board ("class legislation").

## Kidde Personnel Give 175 Pints At Blood Bank

One hundred and seventy-five pints of blood were donated to the American Red Cross blood bank by employees of Walter Kidde company last Monday in their plant. Mrs. Agnes Pfeifer, nurse-health counselor at the Kidde establishment, was in charge of plant donors. The Red Cross unit was assisted by Dr. George Rigeron, Kidde

physician, and Mrs. Helen Vreeland, R.N., also of the company's staff. Belleville chapter nurses aides, canteen workers, motor corps and staff assistants were on duty in their usual capacities. Members of several Kidde first aid detachments assisted them.

6 p.m. and from 7:30 to 9 p.m.

Masses are held at 5:30, 7 and

## Masonic Lodge Observes Its 75th Anniversary

### Presents Noted Artists In Music Program at High School on Saturday

Belleville Lodge of Masons No. 108 will celebrate its 75th anniversary on Saturday evening with a musical program of well-known artists in the high school auditorium, to be followed by a reception and dance at the Masonic temple.

Gertrude Ribla, leading dramatic soprano with the Cincinnati and Philadelphia LaScala Opera companies and Ivan Basilevsky, concert pianist for the late Puccini and Chaliapin are among the featured artists. Miss Ribla has been a frequent featured soloist on Arturo Toscanini's programs and recently appeared as guest artist on the Chrysler Motor Show with Morton Gould conducting. She has also toured this country and Canada in concert and opera.

Other artists are Pauline Alpert, whirlwind pianist featured on the WOR Mutual radio network; Doris Stapleton, American pianist-composer; Alfredo Chigi, one time youngest leading baritone of the Chicago Opera company who will also appear in duet with Miss Ribla, and the Harmonizers, vocalists noted as radio, stage and recording artists.

Invitations have been extended to all civic and town organizations and officials. Burton N. Colehammer jr of Rossmore place is worshipful master.

The lodge has grown from its charter membership of nine in 1869 to 490 today, numbering among its present members five years or more. Instituted under dispensation December 17, 1869, its warrant was granted January 20, 1870, five years after the close of the Civil war.

### Charter Members

Charter members were Daniel M. Skinner, first master, S. V. C. Van Rensselaer, Hugh Holmes, Theodore M. Ward, John F. Wischusen, John H. Osborne, William V. Dean, John C. Lloyd and Lucien D. Baldwin.

First meeting place was Passaic hall on Main street near the foot of Belleville avenue. In those

days the center of town was near the Passaic river and there were few homes west of the Erie railroad. The meeting place was changed in 1872 to a specially built room in a building at the corner of Cleveland and Cortland streets, part of a group that became known as Masonic Row to old residents. It has recently been lost as a landmark by the growth of Wallace and Tiernan.

Belleville hall later became the gathering place for lodge members in 1897 and after the turn of the century, in 1907, they moved to a room over the First National bank where it remained until the present temple was erected on Jorammon street in 1914.

## DEFENSE COUNCIL STREAMLINED

### Some Services to Continue Un- til V-J Day; Brunner May Be Retained

Although the Defense Council is to continue until V-J Day, its services were streamlined at the meeting called by Defense Council Chairman Everett B. Smith on Monday night, and suspension of the services of the coordinator and vice-chairman, Ronald G. Brunner, was discussed.

Brunner whose salary was cut to \$1,500 a year ago for part-time work, will continue at least until the end of the Seventh War Loan drive which closes on June 7. Philip Dettelbach, drive chairman for whom Brunner has organized the house-to-house canvass in this and other war loans, advocated in a letter to Smith that he be retained in some capacity until after V-J Day. He stated that volunteers should not be relied upon to coordinate drives. Smith agreed that Brunner's work has been outstanding, and it was decided by a vote of the council members that a committee composed of Dettelbach, Rev. Joseph Kelly and Theodore Sandford bring in a recommendation on the length of Brunner's services, at the conclusion of the present war loan drive.

### Some to Continue

Smith requested that emphasis now be placed on the Community War Services division which is under Brunner's chairmanship since the resignation of John J. Hewitt. The community war services will be concerned principally with salvage and war loan drives. He also asked that the police and fire reserves, the air raid wardens and the ambulance corps among the protective services, continue to remain on call in the event of local disaster.

Deposition of equipment includes the ambulance which will be retained and transferred to the town garage while the Defense Council truck, the property of the police department will be returned to them for use but will be on call in the event of an emergency. Three pressure cookers will also be available through Mrs. Thomas Jackrell.

The two air raid sirens purchased by the council will go to the fire department while the other five will remain the property of the plants where they are installed. All phones in the control center and extension lines will be discontinued with the exception of those at School No. 3. The fifteen first aid stations and four of the casualty stations will be discontinued with the exception of that in School No. 3 which will be maintained.

Disposition of the emergency medical equipment purchased by the council and which includes plasma under refrigeration at the isolation hospital, will be recommended by a committee of Dr. James J. Irwin, Dr. George Kaden, Health Officer Eugene Berry and Brunner.

**Await Government Orders**  
The War Emergency Radio Service which consists of seven mobile emergency radio stations and two additional stations constructed by licensed operators was purchased by Theodore Sandford and will be returned to him. Equipment loaned by the government includes five trailer pumps, three skid pumps and one front mount

ple service (English).

pump and accompanying apparatus and ARP helmets which will await disposition by federal authorities.

Mayor Williams as Defense Council commander requested that the secretary, Arthur Clark arrange for the presentation of a certificate of appreciation for his services to Chairman Smith, to be made at the council's final meeting.

The council will also withdraw this year from the July 4 celebration, council members decided. Smith asked the council to report to members of their respective services, the council's appreciation for their cooperation which resulted in the town receiving a certificate of merit from the state O.C.D.

Council members are Police Chief Spatz, Fire Chief Reid, Edward Vogel, ambulance corps; Dr.

James R

**T-5 Michael Paterno** Member of Army Machinist Group in Iran

Out of scrap steel, iron and brass a group of U. S. Army soldier-machinists including T/5 Michael Paterno of 15 King Street, have kept a fleet of steam and Diesel-electric locomotives running over one of the world's toughest railroads in hauling vital war supplies to Soviet Russia.

Most of them have been stationed at Ahwaz, Iran in the heart of Iran's Khuzistan desert for more than two years. Their job in the Persian Gulf command, as part of the Third Military Railway service, is about finished, but it has been one of constant work and improvisation.

So skillfully has this group of about 30 men performed its task that, in the little more than two years of its operation the 3rd MRS has hauled over the Iranian State railway the bulk of more than 5,000,000 tons of war material — from tanks, guns and ammunition to boots, beans and skim milk — to USSR receiving stations.

The Ahwaz machine shop, or "back shop" as it is known, is second only to that at Teheran, northern terminal of the 562-mile rail line from the Persian Gulf port of Khorramshahr.

Today, it is a shop of whirling machinery with American, German, British, and Swedish-built lathes side by side; punch presses, boring machines; shapers, planers, and various types of drills. A force of 268 Iranians, many of them taught by the American soldiers, operate most of the machines.

**Commissioners To Control**  
**Erection of Bill Boards**

Permits for the erection of billboards are to be referred to the board of commissioners, pending preparation by Town Attorney Keenan of controlling legislation.

Mayor Williams requested this action at the commission meeting on Tuesday night since he has two applications to retain bill boards or place them on town-owned property. The board expressed disapproval of the two billboards now standing on the Avenue.

G. C. Hiss Replaces Peierls As Jr. Achievement Head

New Chairman Is Official At Walter Kidde, One Of First Sponsors

G. Crosby Hiss, secretary and assistant treasurer of Walter Kidde company, accepted the chairmanship of the central committee of Junior Achievement of Belleville this week. Mr. Hiss was elected to the post recently and will succeed Edgar S. Peierls of Resistoflex corporation, pioneer and first central committee head of Junior Achievement here.

The Kidde company has sponsored and provided support and adult advisors for one of the junior firms here since 1923. Mr. Hiss has served the committee in securing additional sponsorship for young companies. This work will be carried on by Robert W. Peierls, who is president of the company. Mr. Peierls, it is understood, will serve as vice-chairman of the central committee and will later assume a post with the state organization of Junior Achievement.

Mr. Hiss is a member of Belleville Rotary club and has assisted in administering Community Chest drives here and in Bloomfield. He is treasurer of the Belleville Foundation. A resident of Montclair, he has been active in the study group for the school board budget in that city.

Credited with much of the success of the Kidde company, Mr. Hiss entered the firm in 1920 after serving in the Navy during the

George Crosby Hiss

first World War and securing the degree of mechanical engineering from Stevens Institute.

In Experimental Work

He first worked experimentally on oil tank hatch protection and other inventions leading up to Kidde patents. In 1929 he became the company's purchasing agent and a member of the board of directors. In 1937 he was made economist and statistician in which he continued until his present post was conferred upon him in 1943.

Mr. Hiss takes office at a time when expansion is anticipated in Junior Achievement of Belleville. The organization still comprises the original five companies chartered in November 1943; but new and larger headquarters on Belleville avenue have been occupied within the past two months.

It is planned to have several companies meeting simultaneously which will mean that more than one firm can occupy the building each evening. Although present companies are devoted mostly to woodworking a projects advisor is constantly evolving new objects for manufacture. Belleville continues prominent

in Junior Achievement circles throughout the nation in the person of Alvin Outcalt of 65 Baldwin place, high school senior, and member of one of the companies. Outcalt is national president of the society of young people who make little companies throughout the nation; he is also one of the most prominent juvenile speakers and has appeared on the radio and on personal tours publicizing the movement.

Asks More Sponsors

The current issue of Achievement, a national magazine, carries a message of thanks from him to sponsors and advisors of all companies and a plea for more organizations to back little firms. He says, "We teen-age Americans need the help and advice that every business firm in America can give us in helping us to understand and enjoy the American system of business to our own futures and the future of this country."

Saturday afternoon at 12:15 the program of the Junior Radio Guild of Paterson, one of several juvenile broadcasting firms throughout the country, will include in its script a history of Belleville Junior Contractors. The program will be broadcast over station WPAT at 930 on the dial.

William Hartley, another high school student here, is president of the company which now manufactures button earrings. They turned out as their first contract 1,000 tote boxes for a total industry.

The Junior Radio guild is sponsored and advised by WPAT.

VFW POPPY SALE BEGINS MAY 23

Auxiliary Will Assist in 24th Annual Drive To Aid Servicemen's Families

The 1945 distribution of VFW Buddy poppies marks the 24th annual sale of these patriotic symbols by the Veterans of Foreign Wars. Commander Reigh, at Thursday's meeting of Pvt. George A. Younginger Post 275, announced the appointment of Past Commander Norbert Bertl, as chairman of poppy sales in Belleville on May 23 through May 30.

The poppy was introduced to the American public in 1920 as a symbol of the sacrifices made by America's dead in the World War. Its origin is traced to the famous poppies of Flanders' Fields, the little blood-red blossoms that dotted the fields of France and survived the bombardment of opposing guns, when all else was withered and destroyed by intense shell fire.

During the coming year the proceeds of the Buddy Poppy sale will again be devoted in part to welfare activities among the dependents of soldiers, sailors and marines now fighting in defense of this country.

Members of Pvt. George A. Younginger Auxiliary 275 will assist in the sale of VFW Buddy poppies.

ROBERT WERTZ ON WAY HOME

Missing Since March, He Writes that He is Hospitalized, Leaving For States

1st Lieut. Robert Wertz of 229 Overlook avenue, B-17 bomber pilot, in a letter to his brother, Naval Lieut. Marcus Wertz jr. of Newport, R. I., indicated this week that he has been in a German hospital camp since his plane was reported missing in action February 16. A telegram of confirmation was also received by his parents from the War department on Tuesday.

His letter, dated May 4, said that the hospital had been visited by a Congressional committee now on tour of Germany and that he expected to leave the place to return home within a few days.

His parents, Mr. and Mrs. Marcus Wertz, have not heard from him but believe from the tone of his letter to his brother that he has written them and assumes that they have received his letters.

Mr. and Mrs. Wertz were notified in March that his plane and crew were missing. A month later they were told by the War department that special forces were searching for the crew in enemy territory since the plane, when last seen, appeared to be under control and it was believed that the men might have made a safe landing. They were engaged in bombing German rail centers when they were lost.

Lieut. Wertz enlisted in January, 1942 and was an instructor at an Alexandria, La. air field for eighteen months before going overseas in November, 1944.

Lieut. Marcus Wertz, commander of PT boat squadron in the early Pacific campaigns, entered the Navy in 1941. Since his return to the United States he has been an executive officer of the Motor Torpedo Boat repair training unit at Melville, R. I.

His wife is the former Miss Cecile Campbell, daughter of Mr. and Mrs. James Campbell of Greylack parkway. A second daughter was born to the couple in Newport hospital April 23. The infant was named Roberta Carol in honor of Mrs. Wertz sr.

Award Street Patching Contract

The Franklin Contracting company of Newark has been awarded the contract for asphalt patching of town streets by the board of commissioners at a low bid of \$10,731. Other bidders were American Pavement, \$14,180 and the Conn and Stone company.

PROCLAMATION

WHEREAS 17,000,000 of our present population in the United States are destined to die of cancer unless something is done to save them, and

WHEREAS we realize that such a tragic situation can be remedied in a large degree if we join in an all-out attack on this dread disease, proving that we are anxious and willing to help guard the lives of those we love, and

WHEREAS we realize that thanks to modern medicine the American home is now safe from diphtheria, smallpox and typhoid fever; and we are close to victory over pneumonia and tuberculosis and,

WHEREAS we can assist in expanding the education campaign of the American Cancer Society to save from one-third to one-half of those who now die of cancer by contributing to the activities of the cancer research project, so that scientific knowledge may be increased.

Now, Therefore, I Wm. H. Williams, Chief Executive of the municipality of Belleville, N. J., call upon all my fellow residents of the community to contribute to this urgent and humanitarian undertaking.

Send your contributions to Mr. Francis McFadden, Vice President of the First National Bank, or Mr. Albert P. Luscombe, Vice President of Peoples National Bank and Trust Company.

Signed

Wm. H. Williams Mayor

**Local Bike Club Grabs Off Long Island Championship**

The Belleville Bicycle club came back with honors from the Long Island Wheelmen's association roller championship on Saturday. Hoping to make up for Paul Luder winning the Eastern States Roller Championship held in Newark, Ed Littig did the job. He took Luder on in the semi-final and grabbed off the fast time prize. Herb Henderson beat out another Long Island man and the championship was then in Belleville's hands.

The finals between Littig and Henderson was taken by veteran Littig. The prize list included a trophy for third and second, medals for third and fourth, a medal for fifth to be decided in a unique three man pursuit race and the fast time prize.

**Bellboys Bow to Nutley, Take South Side**

**Diamond Aggregation has Two Losses and Five Wins Tallied, So Far**

The Bellboys chalked up a loss and a win during the past week to make their score so far this season, two losses and five victories. They bowed to Nutley 5-0 but staged a comeback when they took on South Side of Newark and trounced them, 7-0.

Jim Shindell pitched for the Nutley aggregation while Herman Lubertazza started and ended on the mound for Belleville. He fanned five and walked two while Shindell whiffed one and gave one free ticket, in the game that had been postponed from May 5.

After being set down in order in the first, Belleville took to the field. Lubertazza made the first man pop up but then yielded two passes. However, he got out of it by striking out the next two at bat. In the second, both teams went down in order and Belleville repeated in their half of the third frame.

However, in the bottom half, Nutley got all the scoring they needed to win the game. Shindell got on by an error and San Giacomo while trying to sacrifice, got a base hit. They advanced a base on an error by Lubertazza. Acker squeezed in Shindell but San Giacomo was caught at the plate while Sasso was trying the same performance.

**Three Run Rally**

In the fourth inning, Nutley got three insurance runs also by the squeeze play. Sheehan started the inning with a single and DiPetta followed with a hit on error. Lambiasi squeezed in Sheehan and Kappler's infield hit scored DiPetta. Kappler moving to second. He then stole third and scored.

**Runs batted in:** Kappler 1. Two base hits: Sasso. Double plays: Belleville 1. Pasquariello to Nutley. Strike outs: Shindell 1. Lube: Lubertazza 2. Shindell 1. Winning pitcher: Shindell. Losing pitcher: Lubertazza. Umpires: Strauch, Stout.

The Bellboys went back to winning ways Friday when they took on South Side for a 7-0 victory at Clearman Field. Belleville pitcher, Lou Vitelli, won his second game, both shutouts, as against no defeats. While winning Vitelli walked four, one intentional and struck out five. Bob Cruik of South Side gave up three passes and no strike-outs in four innings, and Dick Montis gave up one walk and no strike-outs in two frames. Vitelli scattered four hits so that he was never in grave danger.

The locals went off to a fast start by getting two runs in the first inning. Vic Pasquariello walked and was sacrificed to second by Pat Passannanti. Harry Roessler's single to right scored Pasquariello and on the throw in Roessler moved down to second. Costello's bingle through the box scored him.

**Four Run Fourth**

In the fourth frame Belleville got four more runs to make it a total of six. Costello led off with a free ticket and was sacrificed down by Papasidero. Raccioppi's single brought Costello in but later Raccioppi was caught stealing. Takash walked and Vitelli got a base hit. Pasquariello's hit on error scored Takash and Passannanti's long double tallied Vitelli and Pasquariello.

The last run came in the fifth when Costello walked but was out trying to steal. Then Frank Papasidero hit a long ball between right and center for a three bagger. He scored a moment later on Takash's single. In both the sixth and seventh innings the Newarkers started rallies but were set down without a score.

**Runs batted in:** Roessler 1. Costello 1. Takash 1. Raccioppi 1. Two base hits: Passannanti 1. Maikmus 1. Three base hits: Papasidero 1. Strike outs: Vitelli 5. Walks: Vitelli 4. Cruik 3. Montis 1. Winning pitcher: Vitelli. Losing pitcher: Cruik. Umpire: Mac Intyre.

**BELLBOY BITS:** Pat Passannanti including the South Side game, is leading the team in batting with a percentage of .350... Papasidero is leading in triples with three, all of them going deep to right center field... The first Bellboy pitcher to get a hit was Vitelli when he put one over second base in the South Side game... Frank Takash is back in the starting lineup after his illness... The team has a batting percentage of .275 which is very good... Against South Side the Bellboys played errorless ball.

**Women's Trio Bowling League Ends Season With Awards**

Awards for high game, score and averages in the Women's trio bowling league will be made at a buffet supper to be held tomorrow night at the North Newark Recreation.

In the finals, the Fascinators and Pin-Ups battled for first place with the Fascinators winning with 65 wins and 28 losses. Pin-Ups tied the Three Terrors for second place with 67 wins and 29 losses.

The Fascinators are Laura Bergman, Dorothy Fabian and Irene Perry. Pin-Ups are June O'Neill, Rose O'Neill and Edith Nilliston, while Eleanor Rhodes, Dorothy Masloski and Renee Rizzolo are the Three Terrors.

Marjorie Narchel will receive an award for her 224 game, highest of the season. Those who will get recognition for their 200 score are Mimi Brink, Alice Reich, Irene Perry, Renee Rizzolo, Margaret Bergman, Elizabeth Gulick, Laura Bergman and Lettie Myers.

High average awards will go to Mimi Brink, June O'Neill, Alice Reich, Irene Perry, Renee Rizzolo, Edith Nilliston, Ann Lane, Chip-pie Ferrara, Margaret Bergmann and Dorothy Fabian.

**St. Peter's CYO Boy Keglers Finally Trounce Girls' Team**

The boys bowling team of St. Peter's CYO had their revenge when they defeated the girls bowling team decisively last Sunday. The boys had suffered defeat last month when the girls won with the score of 2023 to 1947 pins for the three games of the match. They gave the girls the same handicap and they won on Sunday by the score of 2351 to 1768 pins.

Daniel Meccia led the scoring for the boys when he rolled up 211 in one game followed by 206 and 183. For the girls Agnes Griffin had high score of 130. The boys outdid themselves for the final score with their best all season.

# Girl Scout Camping Program Gets Large Enrollment

Many Already Registered For Two Week Periods At Scout Cabin

A survey of Girl Scout camping plans, under the chairmanship of Mrs. Victor Hart Jr., shows the Belleville Girl Scout council that 57 girls have been registered for two week camping periods at Belleville's cabin in the South Mountain reservation. The camp will be opened July 2 and the last contingent will spend the weeks from August 13 to 27 there.

Miss Elizabeth Bardagjy, scout executive of the local council, will direct the camp with assistance of two qualified adult camp leaders and eight camp aides. The latter will be girls over fifteen years of age and two girls will assist in each camping period. Although former Girl Scouts are preferred girls who are not scouts can qualify; Miss Bardagjy has pointed out that three more recruits are needed.

Twenty-three camp vacancies exist in August and scouts have been urged to register as quickly as possible with Miss Bardagjy Saturdays from 10 to 12 in headquarters at 409 Washington avenue. One two-week camping period will be devoted to Brownies.

Belleville cabin, refurbished during the past two summers, will accommodate twenty girls in one period. Scouts during each period will be divided into patrols. As groups they will share meal preparation, camp housekeeping, and daily activities.

**Complete Program**  
A complete program of arts and crafts, nature study, practical arts and a schedule of games and dances will be covered in the scouts' daily routine. Opportunities for creative work will be made while the girls are mapping trails, establishing a museum of natural specimens, keeping the camp log and decorating the cabin.

Miss Bardagjy stressed the fact this week that only the simplest materials would be used so that creative ability would be developed as much as possible in the girls. Modeling will be done in natural clay. Sites for sketching will be chosen on the reservation and natural plant dyes will be made to tint materials for use in the cabin. Food will also frequently be prepared over campfires and with as little possible equipment to train resourcefulness.

The director was reassuring about the safety of scouts in camp when she pointed out that a doctor would be within call at all times, an adult trained in first aid will accompany the girls on all their hikes and that the camp is qualified in every way under out regulations.

Arrangements have been made for all scouts to attend their respective churches on Sundays spent in camp.

Leaders association members met Wednesday evening in headquarters to map their participation in the national scouting "plan of work" with which all branches of the local council will be preoccupied until the close of scout meetings here for the summer in June.

The plan of work for scouts throughout the nation next year will be based on suggestions from council members, leaders and girls alike throughout the country. Original ideas, especially from scouts, will be submitted to planning authorities.

This evening at 8, Mrs. Elwood Russell will preside at a meeting of the organization committee, the body which has recently assembled and trained to act as guide and instructor to leaders, troop committee members and assistants in the formation of new troops.

Troop 1 and 4 of St. Peter's church will entertain their mothers tomorrow evening with a mock radio program entitled "It Pays To Be Ignorant."

## Grade School Honor Roll

### School No. 1

Grade 8 — Ruth Galloway, William Luke, Marian Hartree, Joseph Bergamini, Arthur Sears, Eugene Heller.  
Grade 7 — Mary DeJesse, Joan Kelson, Louis Parker, Evelyn Adelhelm, Marlene Mueller, Nancy Hoff, Betty Jewell, Joan McHugh, Rita McCann.  
Grade 6 — Fred Zeiss, Joan Adelmann, Ronald Grollmann.  
Grade 5 — George Mueller, Carol Sharp, Robert Adelhelm, Lemuel B. B. B.  
Grade 4 — Barbara Minto, Jennie Lewis, Edward Hearn, Edwin Kuechler, John McDonough, Harold Stetson, Joseph Monahan, Ann Altman, Eleanor Sheridan, Catherine Scalero.  
Grade 3 — Gloria Gutch, Gerald Truhman.  
Grade 2 — Claudette Davies.  
Grade 1 — Robert Estelle, Alice Jackson, Robert Lento, Karen Day.

### School No. 2

### Every War Bond You Buy Brings Victory That Much Closer

# AN APPEAL TO THE CITIZENS of BELLEVILLE

For purposes of Research THE AMERICAN CANCER SOCIETY needs to raise a sum of \$5,000,000 throughout the United States.

Cancer is one of the diseases that modern medicine has not mastered. The number of people affected by it is growing at a rate that is of grave concern to all of us. Only by a frontal attack can it be conquered.

BELLEVILLE IS ASKED TO RAISE \$7,500

AS WE DO NOT HAVE SUFFICIENT TIME TO ORGANIZE A HOUSE-TO-HOUSE CANVASS, WE ARE MAKING A DIRECT APPEAL TO YOU.

PLEASE SEND YOUR CONTRIBUTIONS TO:

THE AMERICAN CANCER SOCIETY  
% MR. WILLIAM GOODSIR  
FIRST NATIONAL BANK  
BELLEVILLE, NEW JERSEY

PLEASE ACT NOW AND HELP TO CONTROL THIS DREAD DISEASE.

They raised the Flag again on Corregidor...

Let's raise the money in the MIGHTY SEVENTH

OUR FLAG flies once again over Corregidor. The cost was great in blood and pain, but our fighting men did not turn back. And on Iwo Jima, four thousand men—more and more—died to take the long step forward to Victory. Twenty thousand others suffered wounds. Yes, we're on the way to Tokyo!

The Seventh War Loan is the biggest in America's history because seven billion dollars must be raised from individuals alone. That means you must buy more and bigger War Bonds.

Ruth Drentlau, Red Cross worker in Tehran, Tells of Life There

Miss Ruth Drentlau, who has recently arrived in Tehran as a Red Cross staff assistant, has written to the chairman of the local Red Cross chapter, describing something of the life there.

She wrote, "The camp in which I'm living, Amirabad, is in a perfectly beautiful setting, high up among snow-capped mountains. I'll be working in an Army recreation center in downtown Tehran where fellows from all over the Persian Gulf command come for a week's leave.

"They need some relief from the extreme heat of southern Iran (we're told the average temperature is 140 degrees Fahrenheit, in the summer). I got my first look at the rec center yesterday and it has just about everything to make a weary serviceman happy — well cared for gardens, both flowers and vegetables, shade trees, pools, a theatre, roller skating rink, snack bar, barber shop, PX — even a Red Cross girl or two."

Miss Drentlau asked to be remembered to several Red Cross officials and said that any brief notes will be gratefully received. She is the daughter of Mr. and Mrs. John A. Drentlau of 370 DeWitt avenue, and was assistant treasurer of the DeWitt Savings and Loan association before entering Red Cross service.

St. Peter's Holy Name Society Communion Breakfast Sunday

A special meeting will be held this evening by St. Peter's Holy Name Society in preparation for the annual Communion Breakfast to be held Sunday morning after the 8 o'clock mass in the old school building.

Speakers will be the Rev. Joseph M. Kelly, Mayor Williams and Bernard A. Reilly and William A. Henry, both of Newark. Harry Sullivan will be toastmaster.

Colin Little of the Catholic Youth Organization of the parish has been invited to sit at the speakers table. Tables are also reserved for members of the police and fire departments who will attend in a body. Servicemen of the parish are also invited.

All tickets must be secured in advance since none will be sold at the door. James J. Baney is chairman of arrangements. Assisting are Lawrence A. Fitzpatrick, president; Patrick J. McNally, vice-president; Michael O'Toole, secretary; Rev. John S. Nelligan, chaplain; Leo A. Jackson, J. J. Leininger, Matthew W. Grum, Maurice E. Conway, Joseph E. Salmon, John C. Logue, I. C. Jackson, George Urcinoli, Martin A. Malague, J. E. Harter, John Callaghan and James McGuire.

**GARDEN YOUR VICTORY GARDEN**

IN 1945

**VICTORY**

Thinning Plants

By Dr. Charles H. Connors,  
College of Agriculture, Rutgers University.

Making two blades of grass grow where one grew before is a sign of good agricultural methods. But beets and carrots and beans are not grass. There is a limit to the number of vegetable plants that can be grown on an area of soil, if they are to produce satisfactory crops.

Most gardeners sow many more seeds than are actually needed. They do this because some of the seeds will not germinate and produce plants, accidents or disease may kill a few before they are matured, or just because of plain haste or laziness. I once saw a man sowing beet seed who carefully placed one seed pod every three-fourths of an inch. His thinning problem was not so great as that of the gardener who sows them along the row.

If there are too many plants in a row, they are as bad as weeds. Let the carrot seedlings go unthinned and often two or three roots are found twisted together. If beets are left unthinned, the roots will be small, they will press together and be flattened, and finally they will harden up and become tough.

Thin Early

The plants should be thinned before they get large, best when two or three leaves are formed. Consult the Manual for New Jersey Home Vegetable Gardeners or a Victory Garden Manual for the recommended distance between plants in a row. As soon as germination is completed, and two or three leaves are formed, pull out the excess seedlings. Most will be thrown away. The fellow who planted his beets three-fourths of an inch apart made two thinnings, using the discarded plants for greens and after the second thinning the plants were 3 inches apart.

Tests have shown that thinning to the proper distance will produce better crop yields. Snapbeans thinned to 3 inches yielded more beans over a longer period than where the plants were allowed to stand an inch apart.

Tomatoes unstaked should be planted 4 feet by 4 feet. Set them closer than this and if they make a good growth you will have a tangle that is hard to cultivate and pick, and no more tomatoes. So with other plants.

Succession Crops

Keep the garden busy. About as soon as beans are up and have a pair of leaves, it is time to sow another row. The same thing is true of carrots and beets.

Keep a sharp eye for aphids and as soon as a few are seen, spray or dust with nicotine. Flea

beetles may be riddling the leaves of beets and may work on tomatoes as soon as they are set out. Keep after them with a dust of lime and calcium arsenate. Use rotenone dust on cabbage and broccoli to kill the cabbage worms as soon as they hatch. Early control means less damage and fewer insects later.

Legion Gives Tea Sunday For Gold Star Mothers

Gold star mothers of Belleville, numbering over 70, have been invited to attend a tea Sunday afternoon in American Legion headquarters, 617 Washington avenue, where they will be welcomed by Legion auxiliary members. The reception will be held from 3 to 4:30.

Calling upon older women to strengthen themselves in such a meeting, the auxiliary will enlist their aid in the services of consolation it hopes to extend to young widows of servicemen.

Mrs. Peter Johnson, auxiliary president, will receive and guests of honor will be Mrs. Mary Fredericks and Mrs. Alonzo Hartley, only Legion auxiliary members who are gold star mothers.

Mrs. Joseph Huemer, treasurer of the County auxiliary, Mrs. Johnson and Mrs. Lester McCorkle attended a luncheon in the Essex house Tuesday to honor American Legion auxiliary national president, Mrs. Charles B. Gilbert of Norwich, Conn.

Mrs. Allan Crisp is Named to Girl Scout Council

Most recent appointment to the Belleville Girl Scout council was made by Commissioner Mrs. George R. Gerard last week of Mrs. Allan Crisp of 23 Perry street who will head the membership committee. This group will be responsible for lining up potential council members to fill vacancies or new duties created in the council. A training session will be held for them in the near future.

Mrs. Crisp has announced that Mrs. Irving H. Garson, Mrs. George Bennett, Mrs. Felix Cantanue, Mrs. John Carrough and Mrs. Alfred Van Dusen will serve. Mrs. Crisp heads the art department of the Belleville Woman's club where she is also co-chairman of the dramatic department. She is vice-president of the Women's society for Christian service of Wesley Methodist church. The former Miss Nancy Campbell, whose parents Mr. and Mrs. James Campbell live on Greylock parkway, she is the mother of a five year old son, Robert. Mr. Crisp is with Thomas A. Edison Industries.

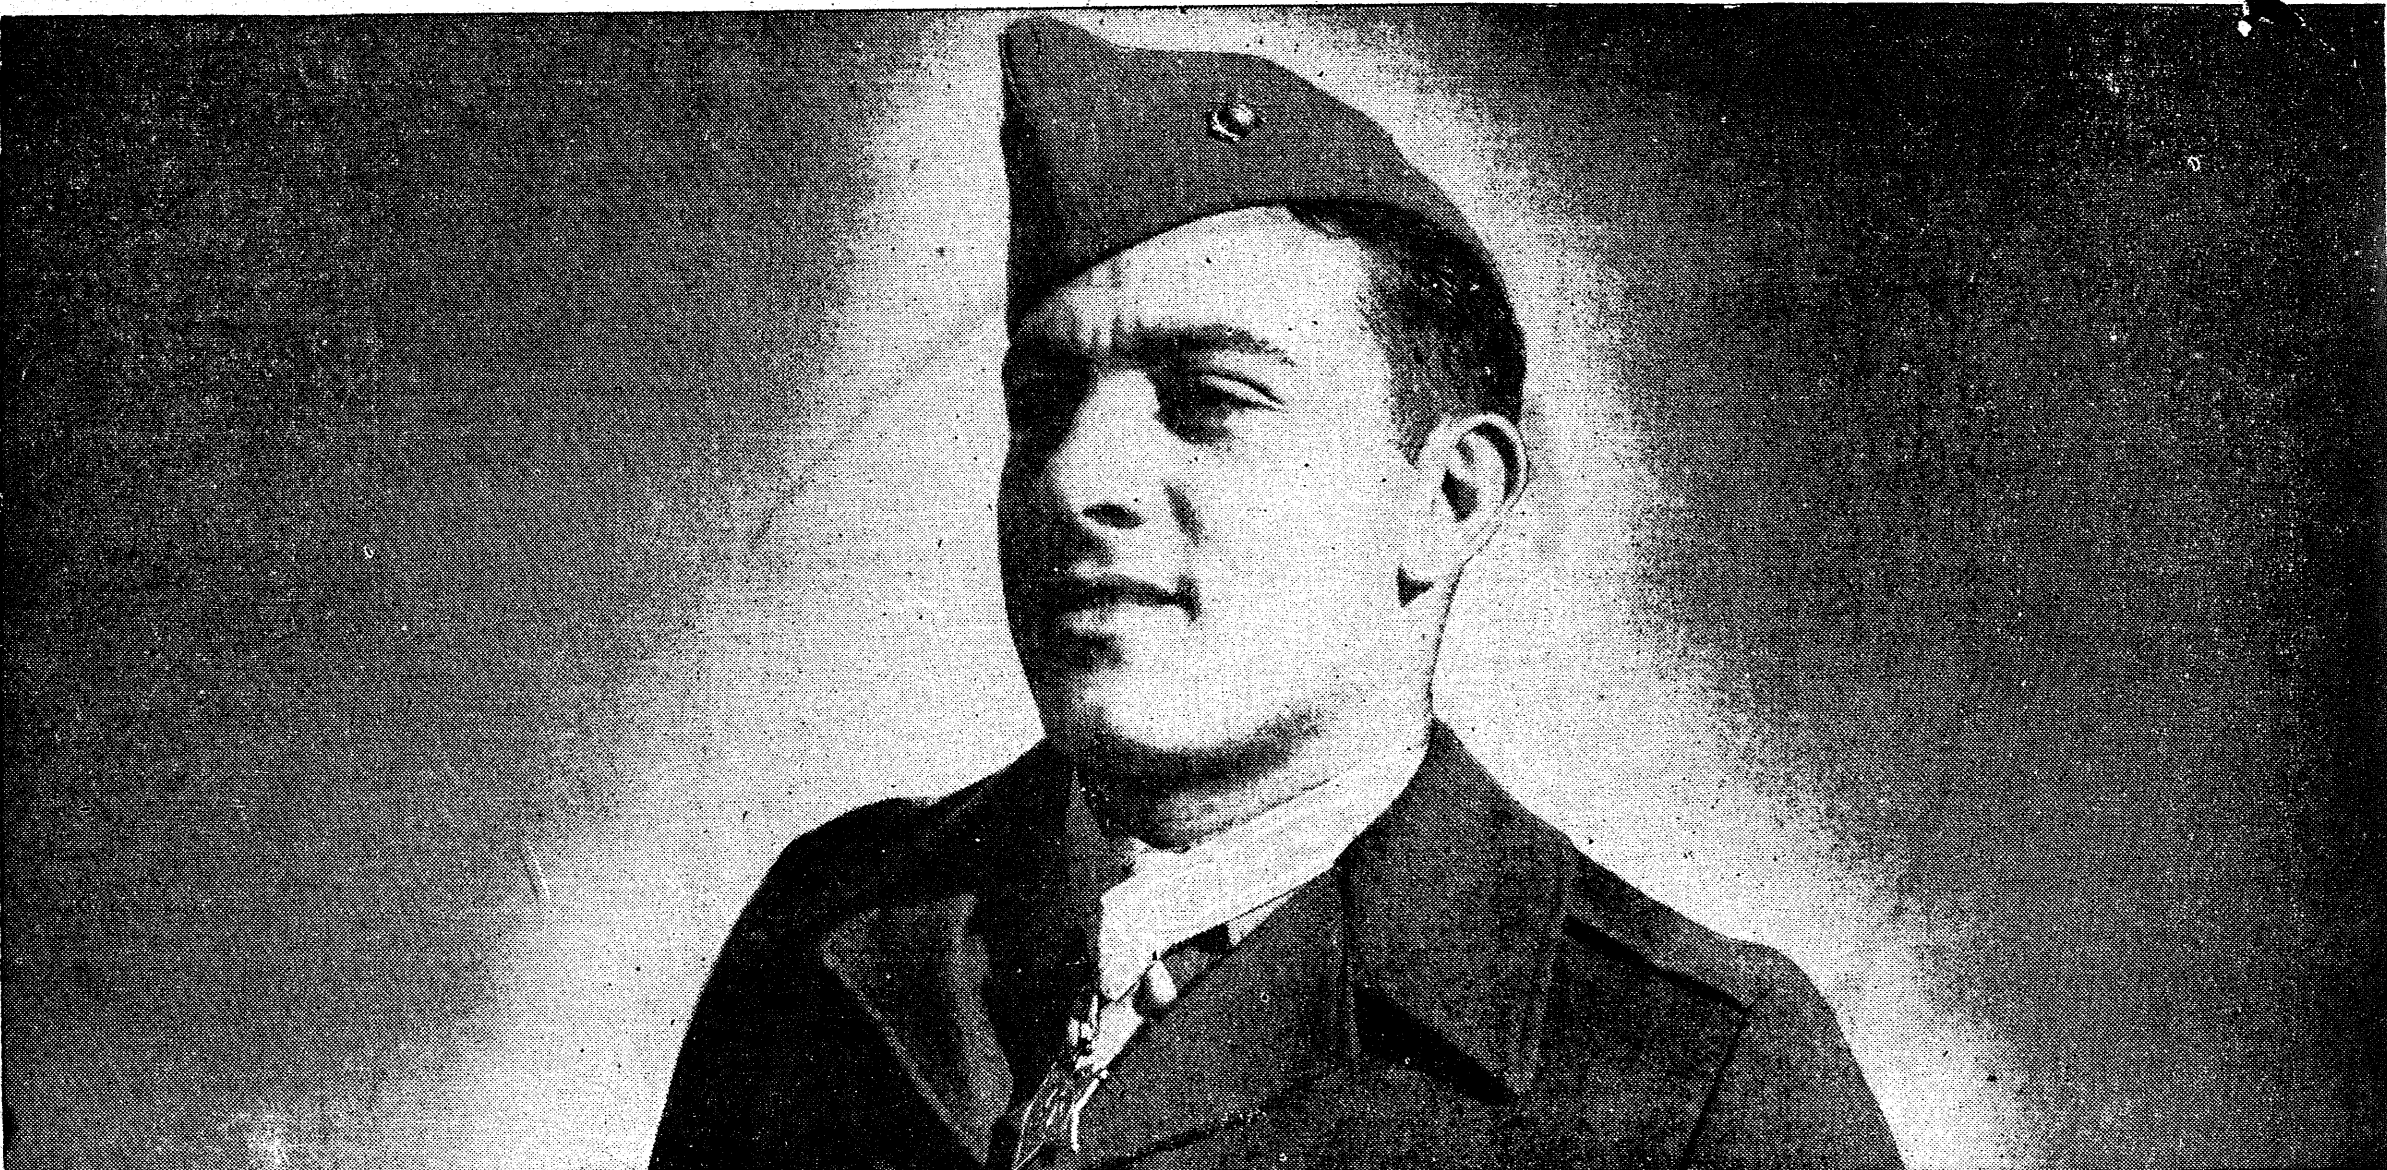

Contemporary President Mrs. Ernest C. Reock of 267 Washington avenue was elected president of The Contemporary of Newark at the annual business meeting and installation of officers held last week.

# He can't ask you now!

- ... He's an American hero. After fighting bloody battles in the Pacific, he was home on leave two years ago.
- ... You may remember seeing his picture. His name is John Basilone, Marine Gunnery Sergeant. He traveled all over America, urging every American to buy more bonds.
- ... He said: "You don't know—you can't know—how much it means to the boys out there when they hear the folks back home have just put another War Bond Drive over the top."
- ... They gave him the Congressional Medal of Honor and offered him a commission. He didn't want it. "I'm a plain soldier," he said. "I want to stay one."
- ... Well, he stayed a plain Marine—like Joe and Bill and the fellows down the street. He can't ask you to buy bigger bonds during the Seventh. He was killed a few weeks ago on Iwo, just after he had led his assault team to the edge of an airfield we needed desperately.

... We can't let him and all our other fighting heroes down. Remember, last year we had two War Loan Drives by this time.

The Seventh is our personal call to arms—two drives in one. That's why our quota is large.

... We must meet it—we will meet it—for the hero of Iwo—for Victory—for pride in America.

## Time To Act

The move by the board of commissioners to request Louis Kaye, owner of the Corbin Garden apartments to appear before the board at its next meeting to discuss remedying various complaints by the tenants, chief of which is the method of garbage disposal, may result in corrections of some of the grievances—but we suspect the commissioners of nosily slamming the door after the horse has bolted.

For there would not be a garbage disposal problem if the eight-apartment units were constructed with normal regard for fire hazards and living conditions which take a rear entrance for granted. The Corbin Garden apartments have but one entrance and exit—the front door, which on the second floor leads into a narrow stairwell.

If the building code allows this type of construction the time for a thorough study of the entire code is long overdue. The usual back entrance would not only allow a reduction in fire hazard for the tenants but would also provide a place for the garbage to be placed where it could be collected at regular intervals by the superintendent.

However, since this possibility is ruled out, a prompt correction of conditions as they stand is the only alternative. Although many of the grievances cannot be legislated against by the town since they are only under jurisdiction of the property owner, there are enough fundamental problems such as parking facilities, garbage disposal, trash removal and lack of sufficient heat that can and should be dealt with by the board of commissioners.

This example of how not to construct a garden apartment is certainly harmful to the town and measures should be taken against a repetition by potential developers. Other towns have ordinances governing garden apartments. They exist in Nutley, Englewood and Montclair, to mention a few. Why not Belleville?

Apartments of this type seem to operate successfully in these communities. Unless the commissioners have a way of excluding garden apartments in the coming resurgence of building, it is our opinion that it would behoove them to guard themselves and the town through legislation from a recurrence of the Carpenter terrace problems.

## Orchids

We should all be thankful that recent events culminating in V-E day have made the streamlining of the Defense council organization possible and we should be equally thankful that the well trained services were never required to function in a real enemy attack. But we dislike the beginning of its disbandment for quite another reason.

Never in the history of the town has there been such opportunity for a consolidation of volunteer workers who gave their services merely because they wanted to, and who worked in close cooperation for the common good. The Defense council has done several things for Belleville. It has made people more aware of and proud of the town they live in. It has fostered a neighborliness usually typical only of smaller communities. And its influence will continue to be felt for a long time after its complete dissolution because it has educated people in active participation in town affairs.

We are sure that those whose services are no longer needed will realize the deep appreciation the town feels for their readiness to serve. And we are equally confident that those whose services are to continue on call until V-J day is declared, will respond with their accustomed alacrity should a local disaster arise.

## The AP Blunders

The Associated Press is a great institution, but in late years it seems to have com-

mitted several egregious errors that tend to shake the public confidence which it has so assiduously cultivated. The explanation for these errors, we think, lies in the change of editorial policy which the AP underwent a few years ago.

Stung by frequent charges that it was old-fashioned and dull, the great news-gathering organization decided to enliven its treatment of news. Stories were made "snappier", a feature service was inaugurated, the AP went in for photographs, even a Broadway column. At times, in an effort to be modern, the old institution became almost Hearstian in its treatment of news.

Most of the results of this change were commendable because there was no denying that Associated Press stories had been dead-dull. However, not all of the changes were on the credit side. With increasing frequency stories appeared under the AP slug that properly belonged only in the Gee-Whiz school of news writing. At the same time the suspicion grew among newspapermen that in the drive toward speed and snappiness some of the more fundamental merits of the AP were being neglected.

A series of very bad AP blunders would seem to bear out this suspicion. The first of these came when the AP flashed the wrong verdict in the trial of Hauptmann for the kidnaping and murder of the Lindbergh baby. True, this came about through an unhappy chain of circumstances that could have occurred in any organization. Nevertheless, it was a serious blow to Associated Press prestige. The next outstanding flop was the AP's flash of a false peace story from San Francisco fully a week before the final surrender. The culminating blunder of all, of course, was the premature flash of the German surrender from Paris the day before the Allied governments announced the fact.

For this last the AP has not a leg to stand on. Not only did its reporter violate one of the cardinal rules of newspaper work, the sanctity of a confidence, but the attitude of the Associated Press management in New York was most irresponsible, to say the least. One of the AP's New York executives is quoted as having cynically remarked about its war correspondent's suspension that "it was like being kicked out of Wahoo, Neb., after the show is over."

Whether justified or not, the belief has grown up that an Associated Press dispatch is above suspicion. This belief is an asset the Associated Press should not treat lightly. Certainly it should not be discarded in favor of a questionable liveliness which some of its men seem to confuse with irresponsibility.

## Danger Ahead

Americans might just as well face right now the threat to future world peace that lies in the relations between this country and Russia.

That there is such a threat is daily becoming more obvious. Admittedly, the mere thought of another conflict is fantastic, but, however reluctant we may be to face facts, no good can be served by ignoring the possibility of future trouble between ourselves and the Soviets.

One of the facts we must face is that there are powerful forces in this country that are openly suspicious of Russia and sharply critical of Russian activities. That the motives of these groups may be the highest cannot be denied, but neither can it be denied that the ultimate result of their attacks on Russia can only be an irritation which is fraught with grave consequences. Nor is all the suspicion confined to Americans. The Russian government itself seems to be unnecessarily suspicious of us.

In such a situation the threat is obvious. It will not be enough to set up a world peace organization if the two most powerful props of that structure are in danger of falling apart. For this country and Russia are the two most powerful nations on earth, and history shows that agreements are meaningless when giants fall out.

It seems obvious, therefore, that Americans must be vigilant against the forces of discord. We must make it our business to keep constantly and thoroughly informed about all our relations with Russia. We must make a heroic effort to prevent unwarranted fears from warping our judgment. We must not permit shibboleths or symbols to confuse our thinking. We have but one interest, and that is very simple. It is the preservation of peace. To ignore that objective, to be persuaded to stray from our true path, is to risk final and complete tragedy.

## Boy Scouts Receive Awards At Court of Honor

Forty-Four Scouts And Cubs Get Eisenhower Medal On Tuesday Night

Forty-four Boy Scouts and Cubs, who have collected 1,000 pounds of waste paper or more in the total collection of 48,887 pounds they have turned over to the salvage committee of the Defense council from March 1 to April 30, will receive the Gen. Eisenhower medal for their work at the Court of Honor to be held for Belleville Scouts Tuesday evening at 7:45 o'clock in School No. 8.

The program is under Henry Minasian, a member of the Advancement committee and Star, Life and Eagle ranks will also be announced. The Scouts are a member agency of the Community Chest and Council.

The work of the Scouts in salvaging waste paper has been commended by Charles Nutt, Defense Council Salvage chairman who has pointed out that Belleville's collection averages more than four pounds per person in comparison with 1.6 pounds per person which is the state average.

The eight troops and their 44 members who will receive the Gen. Eisenhower medal for outstanding achievement in waste paper collection are as follows:

Troop 301, Wesley Methodist church, James Bunting, Scoutmaster, reports 10,350 pounds collected with the following Scouts: Gregory Lakowski, Edward Bratton, Harry Reynolds, Harry Breckenridge, Richard Godfrey, Charles Gordon, Alan King, William May, Richard Maisie, Edward Taylor.

Troop 306, Montgomery Presbyterian church, Robert Meyer, Scoutmaster, 10,077 pounds. The following Scouts will receive the medal: Joseph Flannery, Ray Fogel, William Nankervis, Robert Meyer Jr., Don Ryer, Fred Eisfeld, Robert Snyder, Bert Haslam and Walter Haslam.

Troop 333, Wallace & Tiernan Co., Gerald Audati, Scoutmaster, 7,000 pounds. William Richardson, George Richardson, Ray Place, Robert DeWitt, Robert Grolimond, Clyde Salisbury.

Cub Pack 350, Fewsmith Presbyterian church, Harold Ross, Cubmaster, 1,200 pounds collected by Cubs: Alfred Fox and Jack Hammell will receive the medal.

Troop 375, St. Peter's church, John L. Sullivan, Scoutmaster, 3,150 pounds. Robert Rinaldi, William Travers and Raymond Martin will receive the medal.

Troop 386, Grace Baptist church, Harry Tice, Acting Scoutmaster, 4,950 pounds. Medal winners: William Russell, Jack Russell, Robert Knight, Herbert Robinson and Charles Lambert.

Troop 388, Christ Episcopal

## St. Peter's CYO Enters County Oratorical Contest Tonight

This evening Maureen Bell and Mary Tasselli representing the St. Peter's CYO in the oratorical contest sponsored by the Essex County CYO, will give their talks before a group of five judges. The pupils can attend this affair at Blessed Sacrament auditorium, Clinton avenue, Newark.

The general topic is "The Peace Plan of Pius XII." Each entry has chosen a particular development of the subject for exposition.

Arranged some time ago, the date could not be more propitious. The Pope has put forth definite notions of world peace and a discussion of these points made by picked individuals from various parishes should be of interest to all anxious to hear the papal views as presented by Catholic youth.

church, Robert Bartholomew, Scoutmaster, 2,822 pounds. Richard Graves and Walter Teger, medal winners.

Pack 307, P.T.A. School 7, R. Wesley Schneegas, Cubmaster, total collected 7,000 pounds. Cubs: Ned Chesley, John Bizub, John Bartell, John Carpel, Peter Benz, Stephen Macanza and Robert Schwiwer will receive medals.

## Upholds Kittle's Record In Response To Evaluators Report

From A. C. Turner

28 Lloyd place

To The Editor of The Times:

There appeared in the May 10, 1945 issue of your paper, articles dealing with the analysis made by a committee of sixteen New Jersey educators giving Belleville High school an average rating. It was stated that this was "based primarily on the improvement in administration during the past two years since Burt Johnson has been Acting Principal." It is my understanding that the evaluation committee forms their conclusions from data compiled by the Acting Principal (Burt Johnson) and the High school staff.

Lieut. H. D. Kittle, High school principal on leave, is now serving his country in the United States Navy. As you probably know Navy regulations prohibit him from publicly answering the direct charges made in your article. This regulation gives a civilian a distinct advantage over a service man and in the interest of fair play I feel the citizens of this town should be given some additional facts.

According to the article in your paper the chairman of the committee "praised the increase in pupil activity, which has grown in the past two years from three to eighteen clubs." According to the records, in the period between 1936 and 1942 there was an average of 14 plus clubs not including music and athletic clubs. Mr. Johnson apparently supplied the committee with the number of clubs for the year 1943 only (when incidentally Lieut. Kittle was not High school principal).

Can't Believe It  
Still reading from the article in The Times "The faculty interest is only evident during the past two years since Burt Johnson has been acting principal." It is hard for me to understand how the committee arrived at this conclusion (if they did) as Mr. Johnson has no knowledge of the faculty's interest before he came to Belleville, and certainly the faculty wouldn't indict themselves by making such a statement.

There is another item in the chairman's report that interests me "There has been no curriculum or study program until now." I was interested enough to look up the number of additions to the curriculum effected by Lieutenant Kittle:

General Mathematics, Cooking, Sewing, General Shop (as a major subject), Senior Science, Salesmanship, Consumer Education, Economic Geography, Dramatics (as a major subject) Art (as a major subject), Record Keeping, Public Speaking, Office Practice.

This totals 15 new courses initiated or revamped in Lieutenant Kittle's seven years as Principal of Belleville High school.

There also appears in your article the statement that Belleville High school would have been thrown out of the association had

the analysis been made prior to the appointment of Mr. Johnson. I see it over the signature of Dr. Mulligan, the chairman of the investigating committee. Whatever happened to the report made by the New Jersey State Department of Education before Mr. Johnson came to Belleville? If my memory serves me correctly Belleville High school was approved at that time on the basis of this satisfactory report.

## New Fiction And Non-Fiction At Free Public Library

Many new books of note have recently been added in the adult department of the Free Public Library.

Among the fiction are: Wild Orchard, Dick; Breakfast at the Hemitage, Crahb; Voyage of the Golden Hind, Gilligan; Now That April's There, Neumann; Magic Lantern, Smith; The Upstart, Marshall; Wicked Sister, Miller; Turn Home, Mayo.

New non-fiction are: Dale Carnegie's Biographical Roundup, Report On the Russians, White; Double Ten, Glick; Helldiver Squadron, Olds; Primer of American Antiques, Dreppard.

## Bethany Lutheran Amity Society Spring Festival

# HOW SOON can everybody who wants it expect to have telephone service?

Restrictions on making some types of telephone equipment, including telephone instruments have been lifted, and this, together with the good news from Europe, has aroused hope among many that the telephones for which they have waited patiently can soon be installed.

We sincerely wish that this were so, but our present best estimate is that it will take at least a year and a half before we are able to connect service for all of those who are now waiting in New Jersey.

## These are the reasons:

- 1—Telephone equipment, including telephone instruments which can be made most quickly, can be manufactured only to the extent that manpower and materials can be spared from the war effort. Because the armed forces' requirements for communications equipment are increasing for use in the Pacific war, the amount of new telephones and other equipment we receive this year will still be limited.
- 2—Even if telephone instruments were available now for all 1,800,000 people in this country awaiting Bell telephone service, most of them could not be given service. Many exchanges are working at capacity—can serve no more subscribers until they can be enlarged—and in some sections lines are not available to the central offices. Less than 20,000 of more than 80,000 now waiting for service in New Jersey could be served if we had all the telephone instruments we needed.

You who are waiting may be sure that we will do everything in our power to see that you get telephone service as soon as it is humanly possible. Orders have been placed, or plans made, to enlarge nearly every telephone exchange in the State just as soon as progress of the war will permit, but it will take many months first to make, then to install, this complex equipment.

You may also be assured that you will be given service in your rightful turn, in the order in which you have been waiting.

Thank you again for the patience and understanding you have shown of this unavoidable situation created by the war.

*Something you'll be PROUD to Write Him*

In that next letter, tell him that you're helping to handle New Jersey's war-time telephone calls. It's work you can be proud of—and it's work you'll like—for many reasons:

From the day you start your training as a telephone operator you have a position of responsibility—and an opportunity to build a career. You work in pleasant surroundings—with pleasant associates anxious to help you succeed. Your pay is good from the beginning—with regular increases. And you acquire a skill that can be profitable to you all through life.

By starting your telephone career now, you'll be playing a big part in the war effort—and at the same time, you'll be assuring yourself of a sound future when peace returns. Call Chief Operator—today.

## Why the Biggest Job in town carries no pay!

**W**HAT is the biggest job in your town—in *anybody's* town, between May 14th and June 30th?

It's that of the man or woman who will ask you to buy *extra* War Bonds in the 7th War Loan.

It carries no pay because the people who are doing this work are good Americans. In addition to buying extra Bonds themselves, they're willing to give their time to a job that's as important as anything outside the battle lines.

It's important — and it's big. Making our quotas in the 7th War Loan is a man-sized job for *everybody*.

Uncle Sam needs 7 billion dollars from individual Americans in the 7th! That's a bigger

quota than ever before. It's bigger because this is really 2 loans in 1—last year, by this time, we had bought Bonds in 2 loans instead of one.

And it's bigger because the need is bigger. We're building up a whole new air force, with new jet-propelled planes and even huger bombers. We're building more tanks, mortars, and everything for the increasingly bitter struggle with Japan. And we're paying the mounting cost of victory—taking care of wounded men who are arriving in this country by thousands every month.

So—be ready when one of these War Bond workers comes to you. Open your door, your heart, your purse—for the 7th War Loan.

Help America to make its quota—by making yours!

### FIND YOUR QUOTA . . . AND MAKE IT!

If your average wage per month is:	Your personal War Bond quota is: (cash value)	Maturity value of 7th WAR LOAN bonds bought
\$250	\$187.50	\$250
225-250	150.00	200
210-225	131.25	175
200-210	112.50	150
180-200	93.75	125
140-180	75.00	100
100-140	37.50	50
Under \$100	18.75	25

## Bellevillites ☆ In Uniform

Quartermaster 1/c Harold F. Ross jr. is at the home of his parents, Mr. and Mrs. Ross, of 72 Perry street, after seven months in the South Pacific where his PT boat squadron participated in the battles of the Marianas, Saipan, Green Island and Moroto. He will be on leave until May 31 when he will report to Melville, R. I.

Mr. and Mrs. Ross held open house Sunday afternoon from three to five for Harold's Belleville friends. Tomorrow the Navy man and his twin sister Miss Hope Ross, will celebrate their birthdays together for the first time in three years.

S 2/c Carmine Victor Pici, 18, of town, recently arrived at the Naval Training station, Norfolk, Va., to undergo training for duties aboard a new destroyer of the Atlantic fleet. He has completed a period of training at the Naval Training center, Bainbridge, Md.

He is the son of Mr. and Mrs. Michael Pici of 34 Columbus avenue. Pici has two brothers in the Army; Giovanni, 20, a private first class, and Leonard, 24, a corporal. Before enlisting in the Navy, Carmine attended Belleville High school.

From an 8th Air Force bomber station in England came word last week of the promotion of Joseph Darrell Zink, 22, of 26 Rossmore place from first lieutenant to captain. Capt. Zink, led pilot for large formations of B-17 Flying Fortress, had been taking part in the bomber combat operations over Germany.

The son of State Comptroller and Mrs. Hober C. Zink, he was graduated from Belleville High school and, prior to entering in February 1943, was a student at Princeton university. Capt. Zink is a member of the 384th Bomb group, a veteran unit on the European front with more than 300 missions to its credit.

Joseph Kirms, aviation machinist's mate (carburetors) 3rd class, has been promoted to second class. A graduate of Belleville High school in 1941, he later attended Bloomfield Vocational school and studied aviation. He entered the service in May, 1943, specializing in carburetors at Chicago, Ill. He now stationed at the New Orleans, La., naval base.

Gilbert Brown, stationed in Hawaii, last week wrote his parents of his promotion to Aviation mechanic 2/c. He is the son of Mr. and Mrs. Frank H. Brown of Little street.

Service twenty months, he was a year ago Ordnance

anceman Brown was graduated from Belleville High school in 1942 and attended Bloomfield Vocational school. He was employed by Rowe Manufacturing company.

More than 1,200 worn and cut tires are being repaired and returned to front line vehicles of the Sixth Army Group each week by members of the 156th Ordnance Tire Repair company in France of which Cpl. Charles DeLuca of 36 Meacham street is a member.

A veteran service organization, that was organized at the Normandy Ordnance Depot, San Antonio, Texas, in February, 1943, and which serviced motorized units during a part of the North African campaign, the company receives an average of more than 3,000 badly worn tires each week from the combat units. Tires which cannot be repaired or retreaded are returned to the United States for salvage of the rubber.

The unit moved to Southern France from Oran last October as a supporting unit for the American Seventh Army. Since the formation of the Sixth Army Group, which includes the First French Army as well as the American Seventh, the company has been repairing tires used by both. The company was awarded the Meritorious Service Unit plaque for its service in North Africa.

George Joseph McNally, 23, son of Mr. Patrick McNally of 11 Howard place, has been commissioned an Ensign in the Naval Reserve and designated a Naval Aviator recently at Naval Air Training Bases, Pensacola, Fla.

Having completed his intermediate training at the "Annapolis of the Air," he will be ordered to duty either at an instructor's school or at an operational base for further training. Prior to entering the Naval service, Ensign McNally attended State Teachers college at Montclair for three years where he was a member of the varsity basketball and baseball teams.

S 2/c Caesar Charles Del Guercio, 25, of Long Branch, has been transferred to the Atlantic Fleet's Minecraft Training Center, Little Creek, Va. His wife is the former Ann Rencella of Long Branch. His mother, Mrs. Catherine Del Guercio, lives at 217 Forest street. Del Guercio had served in the Navy prior to his enlistment last September.

1st Lieut. Robert R. Jensen, son of Mr. and Mrs. Earl R. Jensen of 92 Continental avenue, has

reported to this AAF Training Command Navigator school at San Marcos Army Air Field, Texas for duty as a navigator instructor. Lieut. Jensen served in the Southwest Pacific theater of operations as a navigator, being awarded the Air Medal with two clusters.

Cpl. Martin J. Donlon, 26, son of Mr. and Mrs. Joseph S. Donlon of 185 Floyd street, has been promoted to sergeant in an Ordnance unit of an infantry division at a Pacific base.

A graduate of St. Benedict's prep of Newark, in 1937, Sgt. Donlon was a clerk for the New York Times for three years before entering service.

Capt. William Bryan of 503 Union avenue is stationed at the San Antonio Aviation Cadet center, where officers of the Central Flying Training command are attending the Officers Command and Training School to prepare for key administrative and command assignments.

During the four-week course at this AAF Training Command unit, the officers study administration, combat operations, physical training techniques and general military training.

Naval Aviation Cadet John Petro, son of Mr. and Mrs. S. J. Petro of 245 Adelaide street, has been transferred to the Naval Air Training center at Pensacola, Fla., upon successful completion of Naval Air Primary Flight training at the Naval Air station, Bunker Hill, Ind.

Cadet Petro attended the Newark College of Engineering and began his naval aviation career at the Navy's Pre-Flight school at Chapel Hill, N. C.

Pvt. Frank A. Liskowicz, son of Mr. and Mrs. N. J. Liskowicz of 75 Entwistle avenue, has won the right to wear the "Boots and Wings" of the United States Army Paratroopers at Fort Benning, Ga. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night involving a combat problem on landing.

Jumping at the Parachute school has been steadily developed to a recognized war science. American Paratroopers have been recognized throughout the world for their meritorious actions against the enemy. In addition to producing jumpers, parachute specialist training is given to qualified men in communications, demolition, riggers and parachute maintenance, vital skills for airborne troops.

Naval Aviation Cadet Harry G. Pfennig, son of Mr. and Mrs. H. J. Pfennig of 174 Delavan avenue, has been transferred to the Naval Air Training center at Pensacola, Fla., upon successful completion of Naval Air Primary Flight training at the Naval Air Station, Bunker Hill, Ind.

After passing the Intermediate Flight Training syllabus at Pensacola, Cadet Pfennig will be awarded his wings as a naval aviator and commissioned as an ensign in the Naval Reserve or as a second lieutenant in the Marine Corps Reserve.

Cadet Pfennig is a graduate of Belleville High and began his Naval Aviation career at the Navy's Pre-Flight School at Chapel Hill, N. C.

T/Sgt. Louis R. Kubilis, a member of the 49th Armored Infantry battalion has been awarded the combat infantryman's badge for his participation in the fighting in Germany, it was learned from the War department, ETO, this week. He is the brother of Mrs. Anna Petillo of 67 Hornblower avenue.

Domenick Sylvestro of 94 Heckel street, a member of the field artillery, has returned after seventeen months in the European theater, on the U. S. Hospital ship, Cheateau Thierry. He is being treated temporarily at Stark General hospital, Charleston, S. C., before being transferred to another Army hospital for definitive treatment.

Pvt. Richard A. King, son of Mr. and Mrs. Douglas R. Kiddle of 40 Perry street, has been chosen for a five month course in remote control turret operation at Lowry Field, Denver, Colo. Inducted last September, he was attached to a tank company at Fort Knox, Ky., until March 20, going to Sheppard Field, Texas, before arriving at his present station. He hopes for a furlough in September.

Pvt. Clement A. Tome, 24, of town, has arrived at Army Air

Forces Redistribution Station No. 2 in Miami Beach, Fla., for assignment processing after completing a tour of duty outside the continental United States.

Medical examinations and classification interviews at this post, pioneer of several redistribution stations operated by the AAF Personnel Distribution Command for AAF returnee officers and enlisted men, will determine his new assignment. He will remain at the redistribution station about two weeks, much of which will be devoted to rest and recreation.

Pvt. Tome was overseas 25 months in the European theater of operations, where he was a truck driver with an aviation engineers unit. He is the nephew of Jean Bunucci of 192 Heckel street. His wife, Vella, lives at 26 Sanford avenue.

Promotion to Motor Machinist 1/c came May 1 to Raymond E. Ferry, formerly of 3 Cedar Hill

avenue, in Okinawa. Crewman of an LST, he has served in the engagements of Luzon, the Philippines and Iwo Jima.

Mr. Ferry enlisted in the Navy two years ago before which he was with Federal Shipyards. His wife is the former Miss Dorothy Thorne. She lives with her parents in Nutley. The late Mr. and Mrs. William Ferry of 444 Cortlandt street were his parents.

Sgt. Raymond Renz of 28 Bridge street arrived in Belleville Friday from San Diego, Cal., where he has spent three months in a rest camp after European service with Army amphibious engineers.

His wife is the former Miss May Rackett of the Bridge street address. His mother, Mrs. Ida Renz, lives at 30 Bridge street. Sgt. Renz, who will return to San Diego at the end of ten days, was with Viking Tool and Machine company in civilian life.

Fewsmith Women's Guild Plans Annual Dessert Bridge

The Women's Guild, Mrs. E. May 24 at 1:30.

B. Failing's group of Fewsmith Memorial Presbyterian church, will hold its annual spring dessert bridge Thursday afternoon, May 24 at 1:30.
